

SO THE GOD OF LEARNING HAS A CRUSH ON ME - CHAPTER 86: MALE AND FEMALE ARE NOT RELATED TO EACH OTHER

When Qi's eyes were filled with teardrops, the music was so loud that she could only see Si Eucalyptus' lips opening and closing slightly, her gaze was tinged with confusion, and she raised her hand to take off one side of the headphones.

"What did you just say?"

Si Eucalyptus lightly pulled the corner of his lips, "Are you cold?"

Time Qi nodded, Xiao Xue that bottle, or cold water...

However, fortunately it was cold water, otherwise, I'm afraid it would be disfiguring.

Thinking about it, she was scared.

The company's main goal is to provide a solution to the problem.

This time, the door of the school nurse's room was pushed open and a person walked in.

The two people looked over and both of them had a sign.

Ye Si Nian also did not expect there would be someone, usually in this nap, are empty.

Moreover, it was still Time Qi and that nerd.

But...

"Why are you in this state?" Who did it?

He saw a wet body, a jacket, and a towel over her hair.

No...she could still be bullied?

Ye Si Nian felt a bit suspenseful.

Time Qi pulled the towel and casually wiped it, "It's obvious isn't it?"

"But, what are you doing here?"

The company's main business is to provide a wide range of products and services to its customers.

The corners of Time Qi's mouth twitched, "It seems that the first few months of school, you did not sleep here less."

The company's main goal is to provide a good solution to the problem.

The company's main business is to provide a wide range of products and services to its customers.

He sat down directly next to the towel, pulling out the towel, wanting to wipe her head, showing his tenderness and thoughtfulness.

This scene reminded Qi of the time when she was a small actress with no hands, and Ye Si Nian used the towel to throw herself to the ground.

She shivered and ducked back, "Sleep...go take your nap."

Si Eucalyptus pursed his lips, turned on the hot air and blew on Shi Qi, who smiled and took it over to blow his hair.

Ye Si Nian did not care, took off his jacket, "You are wet, or wear..."

He hadn't finished speaking, the jacket in his hand was ripped away by Si Eucalyptus, "You...what are you doing!"

Si Eucalyptus directly backhandedly draped the jacket onto himself, the corners of his lips slightly hooked, "I happen to feel cold, thank you for Ye's generosity."

Time Qi: "???"

Ye Si Nian: "..."

When Qi was dumbfounded, after reacting, his face was black.

Aren't you a cleanliness freak?

Why are you wearing Ye Si Nian's clothes?

Could it be...

She looked at Si Eucalyptus incredulously, and then looked at Ye Sian, only to see the two people gazing at each other, hiding indefinable emotions.

These two people, in a place they could not see, hooked up?

The first thing you need to do is to get up there and beat this nerd up, but when Qi is there, the image that you should pretend to have, you still have to pretend.

The actual fact is that you can find a lot of people who are not able to get a good deal on this.

The first thing you need to do is to get a good idea of what you are getting into.

Then threw the jacket back on Ye Si Nian, pointing to the next room, "to nap to the next door."

The company's main business is to provide a wide range of products and services to the market.

"Then you take a good rest yourself." He carried his jacket and pushed open the cubicle next to him, lying down to sleep.

The company's main business is to provide a wide range of products and services to its customers.

When Dicky turned his head, "You do not know that men and boys do not give birth!"

"Boy family, in the outside should pay attention to the point!"

"How can you put other people's clothes on you?"

She advised her with a bitter heart, and Si Eucalyptus raised his eyebrows slightly, looking at her jacket, with a light smile on the corner of his mouth, "Well."

SO THE GOD OF LEARNING HAS A CRUSH ON ME - CHAPTER 87: NOTHING TO DO AND NOTHING TO EAT

When Dicky half squinted his eyes, feeling the god of learning sassoon "service".

The slight hot wind blew Si Eucalyptus' hand a little warmer, and his fingertips were like a comb, gently stroking the smooth long hair.

When Qi felt, comfortable.

She tilted her head and looked at Si Eucalyptus, "I found that you are really good to me."

The company's main business is to provide a wide range of products and services.

When Qi smiled, she came up to him and asked, "Hey, you don't have other plans for me, do you?"

Si Eucalyptus: "..."

He took a step back, turned his hand in a direction, and the hot air blew directly at Shi Qi's face, his tone light, "Wake up."

The first thing you need to do is to take a look at the actual situation.

"Even if not pressed, it will not grow taller."

"...I won't listen!"

Si Eucalyptus pressed that messy little hand, the corners of the mouth slightly up, "soon after class, also blowing hair?"

When Qi looked at his hand again by the god of learning to hold, eyes are straight...

The gods have recently touched their own little hand hand is not more and more smooth?

The company's main goal is to provide a good solution to the problem.

The sound of the hairdryer filled the ears of both people.

For a moment, he was a little lost in thought, feeling like he was at home at the moment...

I can't stop the sweetness from going to my head, and I have a light smile on my lips.

...

In the evening, a few people from Xu Future accompanied Shi Qi home.

"The actual fact is that you can't get a good deal on your own. Xu Mirai wondered, usually after school, they are not the first to run out of school?"

How come today, one by one, they all stay at school?

The company's main business is to provide a wide range of products and services to its customers.

In her previous life, she did not know how these two enemies came together, and now every day watching, feeling like catching up with the drama.

It's quite interesting.

Xu Future hit her a few times, full of care, "then he does not come to mess with me, how can I quarrel with him ah."

"Then why does he have to argue with you?"

"I have nothing better to do than to eat!"

Yang Xiaoling laughed, "Then you are also quite idle."

Xia Zhi Zhi: "Also quite full."

Xu Future: "..."

...

On the other hand, the school.

Zhou Yi went to the school security room, accompanied by the security uncle chatter and tea.

On the other hand, Si Eucalyptus and will be late to dive into the upstairs monitoring room.

The other one is on the school building, where there is usually not much people around.

The monitoring room was upstairs in the senior classroom, and at this time, the senior class was having its last study session.

The two of them fumbled around, and Si Eucalyptus took out a hard drive from his school bag and plugged it into the computer.

Hui Chi was inside by the door, holding the wind.

Only to see the computer screen quickly appeared a few word code page flash, Si Eucalyptus fingers quickly tapping on the keyboard, not a moment later, the screen showed decryption in progress, then showed a few folders showing the date, and a copy of the progress bar ...

Suddenly, the sound of footsteps came from the corridor, will be late to turn sideways, aiming outward, nervously paying attention to the movement outside.

If the teachers found out they were here...I'm afraid I'll be disciplined.

The company's main business is to provide a wide range of products and services to its customers.

The window is transparent, the computer is open, there are people inside, outside can be seen.

The company's main business is to provide a wide range of products and services to its customers.

"Good day, Director Zhang."

The sound of footsteps stopped.

The company's main business is to provide a wide range of products and services to its customers.

At the other end, Si Eucalyptus also put away the hard drive and turned off the computer.

Outside, there was the sound of conversation.

It looked like students were asking Director Zhang questions.

"Director, what do you think is the way to solve this question?" A male voice.

Director Zhang frowned slightly, "Go ask your teacher."

"But the language teachers have gone back, this can not be solved today, I can not sleep ah, the senior year will soon be the city examination, in case this affects the examination, the examination can not be the first ..." the boy sighed, bitterness and hatred.

The exams that mattered were always Director Zhang's weakness.

"This...I'll show you." Director Zhang took the test paper in his hand.

The boy raised his eyebrows slightly and pulled Director Zhang away, "Director, let's go to the class, many students have questions they want to ask."

"...Hey!" Director Zhang was forcibly pulled away.

SO THE GOD OF LEARNING HAS A CRUSH ON ME - CHAPTER 88: SI EUCALYPTUS TAKES OUT HIS ANGER FOR SHI QI

Seeing that Director Zhang was taken away, Si Eucalyptus carried his bag and walked to him with lighter steps, and would be late to breathe a sigh of relief.

At this time, a female voice sounded outside the door again, "Come out."

Huizhi was a sign, and so was Si Eucalyptus.

Huai Chi stiffened and opened the door and walked out, with Si Eucalyptus walking behind.

I saw the corridor outside the door, a girl in school uniform leaning against the wall, fingertips gently wrapped around her long hair, lazily glanced at the two, "You two, what are you doing here?"

The two of you are in the hallway of the school, and the two of you are in the hallway of the school.

The girl raised her eyebrows slightly, and when she saw the boy next to him, she didn't correct anything, "Looking up information? Here?"

The company's main business is to provide a wide range of products and services to the public.

If it wasn't for Lin and Xi luring Director Zhang away, these two would have had to go to the flag-raising platform next week for a review.

These two people, should I say bold or fearless?

The company's main business is to provide a wide range of products and services to its customers.

The girl raised her eyebrows slightly, "There is monitoring, you are not afraid to be found by the security room security?"

The company's main business is to provide a wide range of products and services to its customers.

The girl was speechless: "... " bothered.

The other side of Zhou Yi anxious as burning, has been attracting the attention of the security master, watching the two figures on the monitor screen left, which left from the security room.

Zhou Yi: "How is it, the monitoring got?"

Si Eucalyptus nodded, "Got it."

The monitor must not be handed over to the teacher by them, "Si Eucalyptus, what are you doing with this monitor?"

The company's main business is to provide a wide range of products and services to its customers.

But when Qi has already been bullied.

The company's main business is the development of a new product.

The last time already warned, since not listening, it is not to blame themselves.

The company's main business is to provide a wide range of products and services to its customers.

That night

The video clearly shows that a girl stretched her foot and tripped over another girl, and poured the water from the bottle in her hand on the girl...

Once this video appeared, it caused an uproar.

Especially, the main character in the video, or Xiao Xue of the third class.

Although both people were mosaic, but the class name on the school uniform is still exposed.

The other girl was blurred, and although the name on the clothes could not be seen, according to those in the know, it was the second class's Shi Qi.

The posters are full of discussion, and there has been a huge wave of "supporters" for Qi since the last math exchange.

This time, they are all denouncing Xiao Xue.

The video was also reproduced in the class group, attracting the attention of the school's teachers.

The next day, both Xiao Xue and Shi Qi were called to the office, and in the office, even Director Zhang was there.

When Qi did not know anything about the posting, she came to the office confused, but Xiao Xue did not look too good.

She had already asked an acquaintance in the academic affairs department to delete the surveillance video, so she didn't take this matter seriously at all.

Why now the video has appeared on the posting, how to delete can not be deleted.

She looked at Shi Qi with hatred, it must be her, and found someone to steal the video...

The teacher did not expect, this is only the beginning of less than a semester, there will be this kind of bullying things.

Director Zhang looked serious, "Shi Qi, Xiao Xue, you two honestly say, this video is not you?"

When Qi glanced at the video on the phone screen, this is now understood, the original yesterday's matter to the surface.

She seemed to understand what the morning God's words, "When you go to the office, pretend to be confused" meant.

Director Zhang looked complicated, these two students, are good grades good seedlings.

Especially this time seven, a while ago also for the school to win the glory ...

And now the question is, is it true what happened on the video, and, why did the surveillance video appear on the Internet?

Who did it?

Because...the video of the surveillance room, is gone.

SO THE GOD OF LEARNING HAS A CRUSH ON ME - CHAPTER 89 OFFICE QUESTIONING

Xiao Xue collected her thoughts and looked frank, "Director, teacher, I don't know... Yesterday I just didn't see Shi Qi when I turned around and accidentally bumped into her..."

"I didn't mean to..."

In that video, both of them were mosaicked and the pixels were blurred, so as long as they didn't admit it, no one could check the truth of that video.

Time Qi did not care too much about Xiao Xue's words, she was more concerned that the video...how it appeared.

It's definitely someone close to you, and once you're found out, you'll definitely get a big demerit.

There is also the last posting, the hacking of their own posts, perhaps the same person did it.

Who is it?

Could it be...

The name of a person flashed through Toki's mind, was it him?

She was not too sure again.

In any case, this matter, can not make a big deal, otherwise that person left any traces, will really be marked down.

Director Zhang looked at Shi Qi, "Shi Qi, is it true what Xiao Xue said?"

At this time, the door was slightly knocked, Xu Qingzhi walked in holding a pile of booklets.

Shi Qi smiled, "Well, I believe that Xiao Xue did not intentionally walk over and trip me yesterday."

Xu Qingzhi put down the pamphlets and looked slightly sideways at Shi Qi.

That day, he was not far from the corridor, he saw with his own eyes, Xiao Xue was deliberately tripping over her, and poured water on her.

Why didn't you say so?

Liang Xin frowned slightly, but she watched the video, how to look at it is Xiao Xue deliberately to trip, the water also seems to be deliberately poured on Shi Qi.

So she asked once again, "Shi Qi, are you sure?"

This child, bullied also to say out ah.

The first time I saw this, I believed that Xiao would not do it on purpose, and it would not happen next time."

"Xiao classmate, right?"

Because, she did it on purpose.

Xiao Xue was slightly stunned, was she so nice to talk to?

Or... is she trying to pinch the handle to threaten herself?

When Qi said so, Liang Xin wanted to help her all out of luck.

The video is a good example of the kind of thing that you can do to help you.

A few teachers gave two more instructions before letting the two leave.

The two people went out of the office one after the other and walked in the direction of the classroom.

When he turned the corner, Xiao Xue asked in a cold voice, "Why did you speak for me just now?"

"Don't think I'll be grateful just because you helped me speak..."

Time Qi sneered, backhandedly tackled Xiao Xue, kicked her in the leg with one foot, and dropped her to the ground.

"The tiger does not have the power, really think that the grandmother is a sick cat let you bully ah!"

Xiao Xue grunted a few times in pain, and glared angrily at Shi Qi, "You shade me!"

"Pretending to be a good boy in front of the teacher, and then come out and hit people! Are you not afraid that I will tell the teacher now!"

When Qi half squatted down, finger pressed at Xiao Xue chin position, slightly force upward, indifferent, "go ah, there are videos in front, you think who will believe?"

"By the way, this place, monitoring but can not shoot it."

Xiao Xue's gaze shrinks, before the time seven like a changed person general ...

It's not easy to be afraid.

When Qi lifted his hand and slapped Xiao Xue on the face, although not strong, but also enough.

The company's main business is to provide a wide range of products and services to its customers.

The time Qi suddenly smiled, fingers on the white cheeks of Xiao Xue slowly rubbed, the tone of voice slow and indifferent, "this time, is a warning, again to provoke me ... will not be a drop, slap a matter."

Seeing Xiao Xue seems to be stunned, Shi Qi fingers with some force, gaze cold, "heard?"

"Hear...hear..." Xiao Xue which has been treated like this, and fear and anxiety, tears straight off.

SO THE GOD OF LEARNING HAS A CRUSH ON ME - CHAPTER 90: IT IS BETTER TO EXTINGUISH THE MOUTH

Time Qi pursed her lips, smiled lightly, and could not see what she was smiling about.

Xiao Xue took a look at her release, immediately climbed up, stumbled and ran away.

When Qi stood up, patted his hands, as if stained with something general, and took out a wet tissue from his jacket pocket to wipe his hands.

It's probably because she's close to the vermilion, and even she didn't realize that her current habits are becoming more and more like Si Eucalyptus.

When Qi turned around to throw the wet tissue into the trash can, he ran into a pair of eyes as plain as water.

The actual fact is that you can find a lot of people who have been in the business for a long time.

When the time is dumb, "...you, when here."

Xu Qingzhi: "From the time you dropped her on the floor."

He thought, two girls are talking, it is not good to disturb, just want to change the stairs to go, and ran into a scene that stunned himself.

This delicate looking girl, just now still in the office to behave, showing their classmates love, did not expect to come out, backhandedly knocked people down.

Even, also made a threat.

When Qi's face stiffened slightly, no, how is it that no matter whether it is in the last life or this life, Xu Qingzhi can happen to bump into the not-so-good side of himself.

Xu Qingzhi was inexplicably looked at by her and had a feeling of a chill down his back.

This time, Si Eucalyptus returned from shopping at the kiosk in advance and glanced at the two standing opposite each other, as if they were saying something private.

The back of Zhou Yi and will be late have stopped in their tracks, face to face.

This...what is this?

The confession scene?

When Qi's heart growled, finally took out two candies from his pocket, handed them to Xu Qingzhi, and whispered, "Make a friend?"

Xu Qingzhi: "... "The purpose of the bribe seems to be a bit strong.

He thought about it, but still reached out and took it, "Well, I'm Xu Qingzhi from class 3."

"Class 2's Shi Qi."

Since they are friends, that friend's secret, naturally, should be kept.

When you're a friend, you should keep your friends' secrets.

Obviously, Xu Qingzhi understands.

Si Eucalyptus gaze straight at the movements of the two, frowning, clutching the mineral water in his hand, fingertips slightly sunk into the mineral water bottle.

"Class is in session."

When Qi heard Si Eucalyptus' voice, she froze and looked over, only to see Si Eucalyptus looking at himself silently.

She hurriedly withdrew her hand, her heart was faint.

The company's main business is to provide a wide range of products and services to its customers.

The first thing you need to do is to get a good idea of what you want to do.

She wants to be a good student.

Zhou Yi and will be late this see Si Eucalyptus directly on the hand, shocked jaws are going to fall off.

This moment, will be late finally some epiphany...

Xu Qingzhi looked down at the two candies in his hand, pink candy coating, small and delicate, quietly staying in the palm of his hand, a little cute.

He stuffed the two candies into his jacket pocket and nodded politely to the two before leaving to go back to his classroom.

It is difficult to describe the mood at this moment, always feel a little unreal, his elbow pushed Zhou Yi, "you say, Si Eucalyptus is not interested in Shi Qi?"

Zhou Yi: "Should...should."

At this moment, he seems to finally understand why Si Eucalyptus gave Shi Qi to eat meat again, and put the report card so far down, why last night and risked the risk of being disciplined to steal the surveillance...

This is properly, is in pursuit of time little fairy ah.

All kinds of details, now with hindsight, can be traced back to the bowl of bubble noodles when the military training.

At that time, Si Eucalyptus, where is really feel that the noodles are delicious or difficult to eat, that is clearly a double standard!

A proper double standard!
