Chapter 121

Su Xiaowan frowned and said, "Feng Yan, this is a royal brand. Did you spend a lot of money on purchasing this brand?"

All piano learners know the price of piano.

This one is worth a lot.

Anyway, she can't afford it.

The man's eyes quietly looked at his small face, saw her mouth, "I've never seen you treat money like this. Yesterday's piano was also very good. Did you let people lose it? If you have so much money, give it to me -- "

"Fengyi --!"

Feng Yi came in and said, "young granny, this is what the young master has prepared for you!"

A check.

There is no quota on it, so she can fill in the figures at will.

Su Xiaowan is stunned, looking at him, his eyes suddenly freeze.

I've never seen a man who doesn't pay so much.

Feng Yan's wealth was amazing, especially when she just gave Su Qiqi half of her property, which made her angry.

"Feng Yan --!"

She was a little annoyed. At the thought that he had promised Su Zheng, she turned around and said, "I don't want to!"

She held the kitten, who was squinting and barking. Her white hands covered the little guy's snow like hair. "I don't want to be angry with him? Right, I'm not talking to him anymore! "

She held her and teased her intimately.

Fengyi and Aunt Li watched Fengyan, and they quietly withdrew from the door.

But soon, Su Xiaowan's whole energy was paid attention to by the cat in front of her. All of a sudden,

she forgot that she was still angry just now. Looking at her appearance, Feng Yan just felt warm.

"Does it have a name?"

"Xi Xi --!"

There was a thump in her heart.

Xi Xi?

Looking at Feng Yan's unfathomable eyes, he was a little uncertain. Did he really know anything?

Otherwise, there are so many names, why only Xi Xi?

The man's eyes fixed on her, the corners of his mouth gently, "sunset of the night, good to hear?"

He was relieved.

At this moment, the afterglow of the setting sun falls into her place. The sun sets very late in Jiangcheng. At this time, the setting sun gradually becomes a halo.

Brilliant red.

Feng Yan should be this situation, and she is the dawn of the sun.

Although it is a pronunciation, but the meaning is very different.

The bedroom was quiet. The girl held the kitten on her chest.

"After that, it will be called sunset --!"

"Meow..."

He looked at the girl's side face, she was laughing.

Su Xiaowan doesn't know how to keep a cat. The cat used to be very big, not so small. Now the cat is so small. It feels like she's in her arms. It's like she'll kill her if she's not careful.

After all, I haven't been in touch with pets for many years.

"Feng Yan, you hold --!"

She thrust the cat into Feng Yan's arms.

The cat was clinging to his arms tightly. The timid cat seemed not to be afraid for a moment. Its claws were pulling his clothes, but they couldn't pull them apart. Their appearance was quite a match.

"She seems to like you."

It's unexpected that Feng Yan can even shake the animal world.

She saw it just now. This cat is a girl.

Feng Yan raised her eyes and she was laughing.

It seems that the whole person is soft and beautiful. It's the dazzling beauty. There's a feeling of wanting to treasure her.

It suddenly occurred to him what she said yesterday.

—Getting married is one thing, and living is another. If they are destined to be together, even if they don't get married, they will be together in the future.

What Feng Yan wanted was that she was willing to stay with him.

"What are you doing?"

Chapter 122

Su Xiaowan raised her eyes and looked at Feng Yan, staring at her tightly.

"You are quite like it --"

"... you're like her. Your family is like her."

Finish saying, Feng Yan's eyes stare at her, "so, you also approve my viewpoint?"

"... I won't tell you."

I don't know why. I feel warm in my heart. Does Feng Yan regard her as his family?

.....

After su Xiaowan fed the cat, she went back to rest. Just like raising a child, she had to worry about it. Lying in bed, she thought of her present.

She turned out the present she had prepared.

It's on the cupboard.

If she hadn't sent her a check today, she would have forgotten to pay her back.

Hiding in bed, she took out the recorder. Previously, she told him that as long as there was something, she could say to the recorder that Chenchen was not good at words. She was afraid that no one would play with him, so she gave him the recorder. She took the recorder and pressed the switch.

—Sister, sister, sister... Happy birthday!

Only those words left her tears.

I don't know when he recorded it. It seems that he has a premonition that there is no chance for them to celebrate their birthday together.

Tears wet the pillow towel.

Su Xiaowan that night, holding a recording pen, went to sleep.

Su Xiaowan got up early and went to the hospital. During this period of time, grandma's face was much better and she could get out of bed. She knocked on the side and asked about her younger brother, and grandma's eyes became red.

She didn't dare to ask any more.

Therefore, I can only change the topic, and I don't know how to mention Feng Yan.

"That child is a good child. A while ago, he came to ask me what you like. If you are good enough to be with him, grandma will be relieved."

"What did he... Come to ask you?"

Su Xiaowan is timid. Her grandmother doesn't know that Feng Yan doesn't know her identity. She doesn't care about her grandmother. She doesn't know if she is Su Xiaowan

"What else can I say? Ask what you like. I remember that when you were young, you raised a cat named Xixi. At that time, Xixi accompanied you and it would make you happy. I remember when it first came home, you would take it out to play as soon as you finished school. You had a good relationship with it. I still remember..."

Mentioning the past, Su Xiaowan is somewhat nostalgic.

"You told him about it, too?"

No wonder, he suddenly sent a cat, also called sunset? Not coincidentally, he... Asked grandma.

Grandma tearful eyes, touching her hand, "grandma lives here, thanks to him, you can't let others down."

"Grandma, why do you always help him talk? He is good to me, and I will be good to him. Don't you always teach me to repay my kindness?"

"Good boy."

villa.

Aunt Li happily looked at Feng Yan who got up in the morning, "young master, it seems that you are going to receive a gift tonight."

The man pursed his lips and didn't speak.

"Just now I went to clean my little grandmother's room and saw a red gift box. The package is very detailed. My little grandmother must give it to you. Young people are romantic. You gave her a gift yesterday, and she wants to make you happy today. The most important quality of a girl is on her. She is not a money seeker. I can see that, It's really for you. "

Chapter 123

Aunt Li really likes Su Xiaowan. Since she is in this family, the young master's face is full of smiles, and they have done a lot of work.

Little grandma is a savior.

cafe

Su Qiqi is stuck there. She has just participated in an interview and doesn't know how Nanyi found herself.

At the moment, Xia Yi is wearing a mask. A few days ago, she quarreled with Yu Ji. On the way, Yu Ji took a sharp weapon and scratched her face.

"77, I'm just like this because of you. Now you turn off your phone and don't return your text messages. What do you mean?"

Su Qiqi just wanted to avoid the God of plague.

That day, she was locked up for the sake of Su Xiaowan.

That kind of feeling, maybe Nanyi will never know.

"Nanyi, I've already told you not to offend her. Now that you are in such a mess, do you think I can save you?" How can su Qiqi not know that the Nanyi affair is so noisy.

Besides, this place is full of people. Su Qiqi doesn't want to have too much contact with her.

"What's her background and why are you so afraid of her? Do I have to let me forget this? How can I swallow that breath? "

"What else do you want? Nanyi, I thought you were a visionary person before. I didn't expect that you even seduced your married husband. You are so self indulgent that you don't deserve to be my friend. "

Nanyi was su Qiqi's words, immediately stimulate not, she clenched her fist, she is not like them, at any time have a lot of money to spend, have a rich father, all her everything is to fight for, now she destroyed everything, absolutely can't be like a mole ant, absolutely can't.

"Su Qiqi, I won't come to you in the future. Don't come to me either!"

She left in a huff.

Su Qiqi frowned, but soon a smile appeared at the corner of her mouth.

This southern art is a very good chess piece.

.....

It's more than 4 p.m.

Because of Aunt Li's words, Feng Yan put off his work and returned to the villa early. As soon as he came back, the maids were at a loss.

"And she?"

"Grandma is still at work."

"Dinner later."

Aunt Li said with a smile, "are you waiting for your present? I haven't seen the young master look forward to it! I just went to the mat in the afternoon, but it's heavy! It's estimated that the little grandmother has spent a lot of money. It's not easy for her to earn money. She still wants to buy you gifts. She really has a heart. "

When Su Xiaowan came home, she felt everyone was looking at her with expectation. She grabbed Aunt Li and said, "what's the matter?"

"The young master is waiting for your present!"

"Gifts?" Su Xiaowan's tongue is a little knotty. Originally, she wanted to wait for a while to raise money before giving it together.

"I almost forgot. I'll take it to Feng Yan now."

No wonder when she came in, she felt that Feng Yan was full of expectation.

It's about the money.

Su Xiaowan ran upstairs, took the gift, and then held it in front of Feng Yan, "Feng Yan, I don't know what you like, I hope you don't dislike it."

"Cough cough cough..." the man suddenly coughed.

"Do you have a cold? I'll get you some cold medicine -- "

Su Xiaowan ran to take the cold medicine and handed the blue pill to Feng Yan. Seeing that he didn't take it, he put the pill into his mouth directly. "If you take the medicine, the cold will be better! You always take so little care of your body that sooner or later your body will collapse

Feng Yan stares at her with a serious expression.

As if for a moment, he felt that she also loved him.

She handed me the water.

The man raised his head, put the pill into his mouth, and the Adam's apple rolled.

Su Xiaowan watched him eat, and then he put the gift back in his hand. "Now you can open it --!"

Chapter 124

Looking at the things in front of him, this is the first time that someone has given him something.

"I haven't received a gift since I was a child. You are the first one to give me a gift."

first?

Su Xiaowan was stunned.

He didn't receive a gift. He's a man in his twenties. He didn't receive a gift?

Isn't that to say that Feng Laozi takes good care of the child?

Su Xiaowan's heart is slightly distressed.

"Take it apart! If you don't like it, you can't say that it's my heart. Although it's not as good as yours, I hope you're happy. "

Full of expectation, he opened the box in front of him and peeled it off layer by layer. Inside, there was a small box, while inside the big box, there was a suit and an envelope.

It's quite romantic.

It seems that no one is still in this mood to please him.

"What is this?"

Su Xiaowan curved lips, "you open to see."

Looking at her expectant eyes, Feng Yan's hand reached into the box, took out the envelope and took it out.

—It's a check.

It's eight million yuan for selling songs. Originally, Su Xiaowan wanted to wait for a while to do odd jobs to earn more money, but if Feng Yan was in a hurry, he had to pay it back first.

Besides, the more she owes, the more she has to pay back.

"Feng Yan, didn't my father take money from you a while ago? The money in this check is certainly not enough. I don't have much money in my hand now. I'm waiting for some... "When she said that, she felt that Feng Yan's face was more and more black.

"Say it again!"

"Feng Yan, this is the money I paid you for my father. Don't worry about yesterday. He's joking with you, and you don't know that he's open to money."

"Feng Yan, this is money..."

And that check, or in front of her face torn, was Hualili toward his face lost.

Su Xiaowan, "..."

Feng Yan is a proud person. She thought that she could make things easier in this way, but she didn't expect that... Things seemed to be screwed up by her.

Seeing his cannibal eyes, Su Xiaowan did not dare to speak any more.

The man's face changed, more angry, gnashing his teeth, "so want to break with me completely?"

"I... Feng Yan, I just don't want to owe you."

"How much do you owe?" He bit his teeth.

Su Xiaowan pulled his clothes and looked at his face with gnashing teeth. He didn't know what to do, "... You didn't support me. Why did you give me money?"

Feng Yan has anger in his heart, which can't be dispersed for a long time. He doesn't want to see this damned woman again, because he wants to strangle her now.

Maybe it's strangled, that's all!

"Feng Yan..." Su Xiaowan didn't think it would be like this.

She bit her lip and frowned. She watched Feng Yan leave the living room and closed her eyes.

Screw it up! It's a real mess.

Feng Yan, is he going to be angry?

This man has always been cloudy and sunny, only by virtue of the emotion he revealed, we know that this time, his anger is not light.

Aunt Li looked at the check on the ground and came over, "young granny, young master is a proud person, because of some experience, he has been since childhood..."

Aunt Li felt that she had said too much. She sighed and continued to speak.

"Young granny, young master's feelings are very simple, much simpler than you and I imagined. He wants to give you the best for many things, but sometimes he lacks experience and opportunities to get along with others. He is at a loss. He doesn't know how to express himself. He wants to be close to you, but..."

"For the young master, it's natural that he should give you money. Now you give him the check face to face, which undoubtedly makes him feel shameless. He is waiting for your gift with great expectation today... But as for the man, please coax him."

Chapter 125

Coaxing?

Su Xiaowan frowned. She can't fool people.

Feng Yan didn't have dinner. He was full of gas.

Su Xiaowan didn't dare to carry it up. She was afraid that the chopsticks would be thrown out by her. She stood at the door with sunset in her arms and lingered for a while, but still didn't dare to go in.

Looking at the boxes and clothes on the ground, the housekeeper picked them up. When he went up, he saw a man reading in his study. The young master... He didn't fall in love with a girl, but he made them very anxious.

He pulled down his face and knocked on the door. "Young master, I'm in."

"Young master, it's not intentional. She doesn't want to complicate your relationship. After all, no one wants to think that she is measured by money, right? If it had been you, it would have been... "

"If you come to be a lobbyist, you can get out." Feng Yan coldly opened his mouth and left the book on the table. His heart became more and more agitated.

This damned woman, the more he thought about it, the more angry he felt that he was fooled by this woman.

"I put the present on the table for you." The housekeeper took a look at Feng Yan and left immediately.

Su Xiaowan has been looking for opportunities, but the next day, Feng Yan went abroad, to come back a week later, he is really angry.

I'm afraid going abroad is just an excuse. It's true that I don't want to see her.

But Su Xiaowan felt that he had done nothing wrong. He owed money to others because he wanted to pay it back!

All day long, Su Xiaowan in addition to work, after returning home, is facing the empty place, holding the sunset sitting there.

The setting sun, the afterglow of the sunset will dye the whole place into another color, he suddenly thought of Feng Yan for his name.

She took a bottle of yogurt and sat on the balcony, bored.

"It's obvious that Feng Yan is unreasonable. Why do they seem to be angry with me! But I didn't do anything wrong. Sunset, do you think I'm right? "

"I don't know what Feng Yan is doing now."

Aunt Li came in knocking at the door.

Looking at the woman sitting there in a daze, "little grandma, have dinner --!"

"I'm not hungry."

"I don't know if the young master is eating now. He's a man out of the house..."

"It's not the first time he's been on a business trip!"

"But it was the first time he got angry and went on a business trip."

"Otherwise, I'll call the young master and ask..." Aunt Li took out her mobile phone and dialed a number. At the moment, her pupils were slightly open. Soon, the voice of a woman at that end came.

"hi—— !"

Su Xiaowan's small face turned white in an instant, pointing to the mobile phone, "... Who is this?"

There are no women around Feng Yan. Even the secretary is a man.

"This... The young master will never let other women touch his things... Could it be that... The young master asked for... To accompany..."

"He doesn't like men. It's no use asking women to come!"

Aunt Li frowned. This little girl, when did the young master like men.

It's no use asking for a woman.

"Young granny, our young master is a normal man. Don't you see that Miss Shen likes him very much? It's not important whether she likes men or not. Some women, in order to pursue the young master, make it out by any means. The young master is a simple man. It's hard to avoid giving opportunities to those scheming women. If..."

Su Xiaowan, "..."

So, is she going to be green?

Every time he kisses he

Chapter 126

"Auntie Li, you call Fengyi. I'll go to find Fengyan right away."

This damned bad man.

Even behind her back outside looking for Xiao San!

She doesn't want such a dirty man!

Now we can't face Feng Yan!

Aunt Li looked at her and happily went to prepare the ticket. When she got it back, suddenly Su Xiaowan had packed up.

"I won't go. That dirty bastard is doing something shameful behind my back. Why should I go to him? I won't go to him!"

Aunt Li, "..."

How can you change your mind again?

Su Xiaowan left with her luggage.

Aunt Li stopped her.

Su Xiaowan said angrily, "Aunt Li, it's useless for you to stop me. That rascal is looking for a woman outside. Why should I be angry here? I want to go home. If you stop me, i... i... I will divorce him right away!"

She threatened.

Fortunately, they are not married either.

She can get out of marriage.

Su Xiaowan left angrily. Aunt Li withered as soon as she heard about the divorce. How dare she stop it.

I went to find Xiyan and lived there. When I was in college, Xiyan bought a small house there. As soon as she had no class, she would write music there, so there was also a room for her.

independent.

"Did Feng Yan bully you? I knew that man was not only ugly, but also bad tempered. " Xia Xiyan doesn't like that person's friends.

What kind of people will find what kind of friends.

Su Xiaowan carries the suitcase, mentions Feng Yan, a fire is about to come out, this damned Feng Yan, she curses him not to lift, for life.

"You don't welcome me in this way?"

"Why? I can't wait for you to come. "

"I knew you were the best."

In the past few days, grandma's health has improved a lot. She clamors to go back to the countryside. She can't get used to living in the city. Moreover, grandma doesn't know the words, so she can only move in the ward. She will get sick if she comes and goes like this. Su Xiaowan can't resist her, so she can only send her back in person and take care of her neighbors. If this happens again, she can call herself in time.

Before leaving, grandma took her hand, "you should be nice to Feng Yan, and don't be childish, you know?"

It was like knowing something.

But why didn't Feng Yan treat himself better!

It's clear that he's playing a child's temper again, and he's looking for Xiao San behind her back! She was so young that she was cuckolded! Now, the more you think about it, the more angry you are.

She got on the car back, but did not expect that she would meet Nanyi in the car.

Nanyi is wearing a beige casual dress. At first glance, she hasn't recognized her, because today she doesn't make up and looks haggard.

"Nanyi"

"Su Xiaowan, I've followed you all the way --!" The man didn't know how to get her ticket, so he chose to sit next to her.

I don't know why, Su Xiaowan's heart rises a little bit of fear.

With her all the way, that is, from Jiangcheng to grandma's house, this woman followed!

Although Xiyan came here by car, she had something to do with her family and went back early. She stayed at her grandmother's house for three days before she bought a return ticket.

result.

"What do you want?"

"Now you should ask, how is your grandmother --!"

Suddenly, her head was buzzing. Su Xiaowan grabbed her clothes and said, "what did you do to my grandmother?"

The corner of Nanyi's mouth hooked up, "that dead old woman, too, should have died long ago."

Chapter 127

"What did you do to my grandmother --!"

Grandma is the one she put on the top of her heart. Now she has just recovered from a serious illness, and she can't stand the loss. But this woman... She came forward excitedly, grabbed her clothes, and wanted to find out her whereabouts.

Pushed directly by Nanyi, she bumps into the seat and knocks her abdomen. She covers her abdomen. In this carriage, there are few people. They all get on the train from the same place. They sit here and there. The roar of the train is also very loud. They can't hear their quarrel at all.

"Su Xiaowan, I've been hurt so badly by you, but you live a good life with peace of mind. Why do you, me, find some little gangsters and give them a sum of money? That old woman may be dead now."

"Nanyi --!" She grabbed her clothes like crazy, "Nanyi, what's going to happen to my grandmother, I won't let you go --"

She will try her best, even if she gives everything, she will try her best.

"Well, I'll wait for you to let me go. Su Xiaowan, you can't afford to lose. Unlike me, I have nothing and I'm not afraid of anything!"

Su Xiaowan looks at the forward train. She takes out her mobile phone from her pocket, but there is no signal at all. She wants to run to the door of the carriage in a hurry, but she is stopped by Nanyi.

"Su Xiaowan, you have the ability to jump a car --!"

Voice did not fall, suddenly Nanyi's mobile phone rang, she answered the phone, but was told, "Miss Nan, this is Yulin town police station."

Police Station.

The next second, several policemen had already stood in front of her. They didn't know when they

came. They showed their ID photos, which were true.

All of a sudden, Nanyi was stunned.

"Miss Nan, please come with us."

Nanyi turned back, "Su Xiaowan, you called the police, you bitch --!"

"Miss Nan, you are suspected of intentionally hurting people. Please go to the police station to make a record."

The train, at the next stop, is about to stop.

Nanyi was taken directly by the police.

"....."

Su Xiaowan was on the phone all the time with her mobile phone, but she couldn't get through. The policeman came up to her and said, "are you not surprised, miss?"

"What's going on?" Su Xiaowan was surprised to come back.

Why, all of a sudden, the police came. She didn't call the police.

"Didn't you call the police?"

"I... I didn't."

"... that's strange. It must be someone who cares about you."

Who cares about her?

But that's not important.

"Uncle police, can you lend me your mobile phone?"

"Of course."

She was playing grandma's phone with her mobile phone. Soon, grandma's voice came from that end, which made her nose sour. "Grandma, you..."

"What's the matter? Have you forgotten anything?" Grandma's voice did not change, it should be OK.

"Didn't..." looking at grandma, I don't know about Nanyi.

That's strange. How can a good policeman come?

But Grandma's fine.

The rest doesn't matter.

Her heart, at last, was released.

She was holding the temporary ID card in her hand. Obviously, with the temporary ID card, she was always at peace.

.....

Life is fairly happy, her life seems to be more stable than before.

However, this letter didn't make a phone call. Every time I look at my mobile phone and want to make a phone call, I don't know what to say.

I don't know why I'm angry! Even that Luli has disappeared. I don't know how long I haven't seen this man.

In a hurry, she went to the police station to report the loss of her ID card.

Three days later, Su Xiaowan got the ID card and raised her lips. However, she was still upset. It was a big deal. When Lu Li told Feng Yan, she refused to recognize it.

Anyway, she has thick skin.

It's not so bad this time.

Besides, she took that ID card a long time ago, and it was very ugly. It's totally different from now. It's totally different. Every time you take an exam, if you go to the exam room with your ID card, even the invigilator will feel that you are not the ID card.

During this time, Su Xiaowan had a class in the school for a week.

After class, she went to the library.

The work of design is not easy. It involves a lot of details. In addition, my level is not high or low. In fact, I may not be able to pass the probation period. Moreover, I need to write a good paper within this week. Otherwise, I may not be able to compete.

The one on duty in the library is a sophomore in their design department. During military training, Su

Xiaowan met several times and was familiar with them.

Looking at Su Xiaowan go in, eyes deep.

Soon, Su Xiaowan selected the book.

She took out her library card and put it on the table for her to help.

"Xuejie, you're almost graduating from your senior year, and you've borrowed so many books... But you've worked so hard. I heard that you've been accepted by FY group? If you've been accepted, you don't have to work so hard. "

"Not yet, just an internship!"

Su Xiaowan bowed her head and was wondering whether to call Feng Yan or not. But when she got through, she was puzzled for a long time about what to say.

"But sister, do you think this is how to hook up with men?" That end suddenly came such a cold sentence.

Seducer a man.

Su Xiaowan raises her head and catches her eyes.

It's a nude album with some English words, love and peace on it

It's an early sculpture. It's very naked inside. The cover alone is enough light. You can imagine... What's inside, but it's not su Xiaowan's.

She's got design books.

"It's not mine."

"Xuejie, we are all adults. What can we be shy about?"

"I said it wasn't mine."

The library has been quiet, so loud noise, all of a sudden, many people will look at it.

"Did you hear that? It's this sister who seduced Fu Yi! I think both of them must have been in bed! It's pure and lovely. I didn't expect to be so open behind my back. "

"I've lost my face."

"... ah, it's really..."

"But out of society, it must be different from in school. I think she is very good at using her own advantages. You say that she is good-looking and has the ability to seduce people. Men don't like this. When they get out of bed, they are pure and go to bed..."

"I think she's a fox, you know? Senior, I've heard that I've bought a new house for her, but this woman is still out there

"....."

The girl looked at her and saw that she didn't even have a blush on her face. Then she continued, "sister, what's the secret of making a man crazy about you? It's not like reading these books!"

Chapter 128

Su Xiaowan looks at the woman and remembers that when she went to check the dormitory on behalf of the student union, the woman collected a lot of photos of Fu Yi!

It seems that he regards himself as an imaginary enemy. He and she don't know each other at all, just for the sake of a man. As for what he says about her, it's so unbearable.

"Xiaowan."

Su Xiaowan just wanted to speak, suddenly a voice came, turned around and watched the culprit come slowly.

Fu Yi.

"Senior, why are you here?"

"The headmaster asked me to come and give a speech."

Yuanxiao looks at Fu Yi who appears in front of her. Today, she heard that Fu Yi is speaking here, so she specially changed the time with others. The library is on the first floor, and the third floor is the lecture hall. When Fu Yi comes down, she can see it.

Fu Yi, who has made outstanding achievements since childhood, is the male god in her heart.

She originally wanted to make su Xiaowan make a fool of herself. After all, how could she bear the uproar about her and Fu Yi in the school.

If she can't get it, why can su Xiaowan get it?

"Senior, don't be fascinated by her. She is not a good person. She likes to seduce men most. Don't be

cheated by her. Look, she reads this kind of book in private."

As soon as the man's face sank, he looked at the book on the table, "it's not a good person just because I read this book. When can I judge a person to make a decision with a book? I've also read this book. There are some examples of early figure sculptures in it, which is very instructive. If I have read this book, am I not a good person? This book seems to have been borrowed by many people, so they are not good people? "

Yuanxiao's face suddenly turned red, and she was speechless. This was the first time she met a senior, and she also talked to him, but... She was destroyed by this gorgeous woman.

"Do you want this book?" Fu Yi turns around and gently looks at her and asks.

Su Xiaowan ignored her, took the student ID card, brushed it, and then held it together with those things, "of course, you said, I can't bear the charge for nothing."

Just for a man. As for that?

Like others, not to pursue, but to design her?

That's funny.

Behind her, the man called her, "Xiao Wan."

"Senior."

"Since we met, let's have a meal together. You must not have had a meal either --!"

"I have... An appointment." Su Xiaowan doesn't want to get in touch with Fu Yi very much. It's said that he has no contact with Fu Yi. If he gets closer, is there any more exaggerated rumors.

"Xiao Wan, that day at the Public Security Bureau was..."

It's been a long time since this matter happened. If Fu Yi doesn't say it, she's about to forget, "it doesn't matter. The responsibility for this matter is not yours, and we don't matter. You don't have to feel sorry for me."

"Then you"

"Of course it's my husband, senior. You forget that I'm married."

When she said her husband, the corner of her mouth with a happy smile, that man is really good to her.

The man's brow wrinkled in the dim light, unable to distinguish emotions.

"How long have you been married to him?" Because of the problem of light, Fu Yi saw the deep and shallow traces of the woman's neck.

It's deep and it's dazzling.

He is a man. Even if he has no girlfriend, he should know what it is out of man's nature.

My heart was slightly stunned.

"Less than three months."

"Does he love you?"

"Well." Su Xiaowan nodded, "he loves me very much, and I love him very much. Senior, you are so outstanding. I believe you will find a better person in the future."

Will it?

Maybe never again.

"Then I'll go back first."

"I'll give it to you."

"No, goodbye, senior --"

Su Xiaowan, holding the book, was pointed out all the way and left school. I don't know what happened to the book.

be rather baffling.

She would like to see what kind of book it is.

"Hello, little sister-in-law --!"

As soon as Su Xiaowan was ready to open the door, he heard a voice, which was Lu Shimian.

"Did you quarrel with Feng Yan?"

"....."

"They all sent Feng Yanqi abroad."

Soon, the accusation came down, as if she was a "heartbreaker".

"....."

"Master Lu, gossip about other people's homes, are you very busy?"

Lu Shimian suddenly had a man, Fu Yi. A while ago, it seemed that Feng Yan was looking for his information... Now it seems that

"You're not going to have a private meeting with someone else here, are you?"

"What are you talking about?"

Lu Shimian pointed to the man at that end, "that's your senior."

"Yes."

"So you were in a private meeting with the senior just now?" He seems to have found a big secret, "if Fengyan knows, he must be angry, he was green."

Green?

These two words make su Xiaowan's anger burn. These days, she can't see a little green. As long as she has a little green, she feels uncomfortable.

Xia Xiyan did not dare to mention green in front of her. In other words, words that are homophonic with green.

At the thought of that damned man, unexpectedly carrying her to look for Xiao San outside, she was very angry. Now she was worried that there was no place to vent.

So Lu Shimian appeared.

"..." Su Xiaowan stares at the man. His real brain is like Feng Yan's. thinking of Feng Yan, she explains, "Master Lu, can't you come out of it? It's a private meeting. There are so many boys in the school. If I make an appointment one by one, then I'm going to be very busy."

"Are you going to make an appointment one by one?"

"....."

Su Xiaowan wants to argue with him, but suddenly, Su Xiaowan's mobile phone rings. It's Xia Xiyan's. she immediately picks it up, "I know, baby, I'll go back right away!"

"Baby, who? You are hiding a man behind your back Lu Shimian kept on talking, as if he didn't give up at all.

Su Xiaowan just ignored her. It's normal for the girls to say "dear" and "baby". He didn't know what surprised him. "Master Lu, I'm going home. Take your time."

So I ran to the milk tea shop across the road and bought two cups of milk tea.

After watching Su Xiaowan get into the car, Lu Shimian calls Feng Yan.

"I said... If you don't come back now, your little wife won't belong to you! I just heard her call someone and say "dear". Do you know what it means? It means to ask someone for a memeda. You are not easy to marry a wife. Don't be green, and you are happy to raise children for others. Besides, I can see the nude sculpture in her hand. It should be the naked substitute of a man... "

Chapter 129

With that, without waiting for Feng Yan to say anything, he immediately hung up the phone. After all this, Lu Shimian was in a good mood. He could imagine how dark Feng Yan's face would be at the moment.

It's been a long time since I had fun.

Sure enough, on this side, Feng Yan was hung up and his face turned dark.

dear.

Naked!

Feng Yan's face suddenly pressed down and immediately dialed Su Xiaowan. As a result, the girl didn't answer.

"Fengyi, go back!"

.....

In the evening, Feng Yan arrived at the villa and found that the villa was empty. Aunt Li had a profound meaning. "My little grandmother was angry with you and ran away from home."

be away from home.

Feng Yan's anger suddenly increased.

Originally, he thought that if he went out to cool her for a while, she would know her importance. Now it seems that she is at ease.

"Young master, this young woman is very good-looking. If you don't hold fast, if you are liked by those men outside, and say something sweet, the young woman will belong to someone else. Now girls like men who are kind to them."

"She'll follow whoever she likes."

"You can't say that. A few days ago, she was very sad at home. She always wanted to apologize to you. She kept saying your name. She must have you in her heart."

"Don't call me if you want to apologize!" This damned woman is not going to apologize to him at all.

Otherwise, after such a long time, how could his phone be quiet.

Even if you call today, it's off.

Aunt Li looked at the anger on Feng Yan's face and continued to say, "well, a while ago, my little grandmother's mobile phone broke down. You tore up all her money. She didn't have money to buy a mobile phone. She borrowed my mobile phone every time she called. It seems that she can't eat in the company recently."

This young master is like a big boy sometimes. After all, he has never contacted with a girl. She has to push her to make the relationship between the couple closer.

Of course, Aunt Li did not dare to say that she had helped.

I wish

Feng Yan snorted, "she's my woman. Why don't you give her a cell phone?"

"Aren't you angry? How dare we make our own decisions. "

"Where is she now?"

"It seems that the young granny went to her friend's side."

"Stand by!"

"Young master, are you going to pick her up? She must be very happy to know that. "

.....

"Young master, that Nanyi was sentenced."

"To say hello, say FY group to pursue her criminal responsibility."

If he hadn't left a heart, Su Xiaowan could be well up there now!

"Young granny was wronged to read... Yellow book today."

Feng Yan's eyes are deep, reading yellow books?

And the nudity of men!

Su Xiaowan is more and more daring.

There is a yellow book, but I don't want to apologize to myself!

How dare she not come to see herself!

"But the school has already punished that student, that is... Many people in the school are passing on the young granny, which is not very good for the girl's reputation."

"... in fact, it's not a yellow book. It's a sketch book in the school. Its content is very pure." He gave an explanation to the dogleg of Fengyi.

These two people are now in such a mess that they can't continue to add fuel to the fire.

"Check all the books in the library, and remove all the books about men from the shelves."

"... yes." Fengyi can think of those who learn sketch, medical students suffering voice.

"Who dares to pass on Su Xiaowan's story again? Let president Ni do it by himself!"

"... yes."

Black Maybach stopped there, looking at the light on, Fengyi was kicked out by Fengyan, "take her home."

The city was granted "..."

Young master, you are here by yourself, but you won't go up? Do you want to bring down the young granny by yourself? I don't know how to say sweet words. At this time, I should go upstairs by myself.

How can a woman not like an overbearing man, but

He took a cold look at Feng Yan and went upstairs.

At that time.

Su Xiaowan is lying on the table, eating, "Xiyan, your food is so delicious, I can eat a big bowl."

"What? Did you have enough to eat when you sealed your home? "

"Don't tell me. I don't dare to eat at Feng's house. If I eat too much, what will Feng Yan do if I eat him poor? I only eat a little at Feng's every time. " With that, Su Xiaowan put a big piece of braised pork in his mouth.

It's delicious.

"I don't trust you to go back to Fengjia."

"Xiyan, can't give up the child, can't set the wolf, don't worry, when we find the younger brother, and then with grandma, we several people find a paradise, always stay together, now a little bitter, is for the future sweet, wait until the time to find a handsome young man for Xiyan, we five people always stay together."

She had already conceived the blueprint of a better life in her heart, but she didn't know why she said it. She felt strange, as if she didn't want to... But

But why is there that bastard looking for Xiao San in his head!

No, I must be thinking about it. I don't know if it's going well these days. Although I went to see it secretly, I still have a good life.

It's better to follow him than to follow her.

After all, there is no need to rush, there are special people to wait on.

"But then, will you be willing?" Xia Xiyan looks at her. Although Su Xiaowan looks optimistic during this period of time, she can see at a glance whether she is really happy or sad.

She's not happy at all.

I'm trying to smile.

I feel out of my mind when I do anything.

If you don't like it, why do you mind so much?

And moved out.

"Xiao Wan, do you like Feng Yan

Su Xiaowan was stunned. The meat on her hand fell into her bowl. She looked at Xiyan and laughed, "how can I like Fengyan?"

"Really?"

"He and I have no future. How can we like him! The person Feng wants to marry is Su Qiqi. Sooner or later, this identity will be returned to her. Moreover, when I am with him, I live with fear every day. I am afraid that Feng Yan will see something one day. "

The feeling of lying is not good. It's easy to be exposed at any time. It's necessary to use countless lies to fill the previous one. In the end, the lie becomes bigger and bigger.

It's like snowballing.

involuntarily.

Her eyes raised, know what Xia Xiyan is worried about, "Xiyan, like a person is not like this, at least, not... I understand it in my heart!"

Besides, such a man who doesn't love himself will be liked only when she is blind.

Yes, I don't like it.

"If summer..."

Chapter 130

Suddenly there was a knock on the door.

"So late? Who else is coming? Isn't it a pervert? " Su Xiaowan takes a look at Xia Xiyan. After all, they are two single women, and the security of this place is not particularly strict.

They didn't have much money before, so they had to choose a second-hand house. The second-hand house in this place was cheaper, so they bought it. Who knows, for a while, Xiyan had been receiving letters from perverts, which scared her to sleep for several nights. Later, after su Xiaowan moved in, she got better.

But it's in the middle of the night.

Xia Xiyan went to the kitchen to get a broom. When she came out, she looked at Su Xiaowan and said, "Xiaowan, don't rush to open the door. Have a look at who it is!"

"Don't worry, even if it's a pervert, I can knock him down." Su Xiaowan squints and looks at the man in

the cat's eye. The next second, he sees Fengyi.

She immediately opened the door, "Fengyi, why are you so late?"

The Fengyi was ready to knock on the door. As a result, the door opened. He was stunned and looked at the young granny. He was relieved. "Young granny, I'll take you back."

"I'm not going back." She's not going back to that cold place!

Why should she apologize.

Great youth is wasted on this man. What did she say? She even found a woman.

Fengyi thought about it and said seriously, "the young master is ill."

"What?" Su Xiaowan is at a loss.

"A while ago, something happened in the company. We were so busy every day that the young master couldn't bear to eat. As soon as he came back, he had a high fever. Now, he refused to take medicine and kept shouting your name. We really couldn't help it. That's why I came to you."

Sick mouth calling her name?

What a terrible scene it is.

It's like this letter fell in love with her.

Xia Xiyan doesn't like a man's contact. She also hates the existence of men in her own place. She once pulled Su Xiaowan, "Xiaowan, would you like to go back and have a look? It's one life. "

She turned around and said, "Fengyi, you didn't cheat me?"

He is in the mood to find a woman. That woman has ruined his body! Now she looks pathetic again, as if she had done something wrong.

"How can I cheat my grandmother?"

"Young granny, please --!"

"Ah Chou --!" She sneezed.

These days, she has been having nightmares every day when she is sleeping, which turns her day and night upside down.

She smoked a paper towel and washed her nose. "I'll go back with you. I have something to say to him."

"The young lady, please --!"

Su Xiaowan turned around and said, "Xiyan, after I leave, you lock the door and put your luggage here. Maybe I'll be back soon."

"Well, Xiaowan, remember what I said."

"I see. Good night."

Su Xiaowan went downstairs with Fengyi and looked at the car over there. She couldn't see whether there was anyone in the car. Instead, Fengyi suddenly made an indirect phone call and said to her, "young grandma, I have to go to the hospital. Take a bus first."

Su Xiaowan looked at the dusty appearance of Fengyi, and it seemed that it was really something extraordinary, "... Or I'll go with you?"

After all, she hasn't figured out how to tell Feng Yan about it.

"I'll go to the hospital to get a report. The young master is in the villa. It's convenient for you to take care of the young master when you go back to the villa."

"All right."

Su Xiaowan looks at Fengyi submerged in the night and turns to the car at the other end. The next second, she looks at the man coming out.

It's not the man who got sick in Fengyi's mouth. At the moment, he is wearing a black T-shirt and black trousers, and a pair of sports shoes on his feet.

She looked at the man, in the light of the night, in high spirits, not sick at all.

You've been fooled!

This guy is hateful enough to let Fengyi cheat her down.

She was angry to go upstairs, but was stopped by the man, "don't you want to apologize to me?"

Su Xiaowan stops, turns her head, and by the light from the distance, she looks at his appearance, tall and upright posture, which is imposing against the background of the night. At the moment, she doesn't speak.

"If you don't think about it well, I've figured out a way for you. Do you want to listen to it?" He opened

his mouth slowly, and his eyes fell on her face all the time. It seemed that he was still angry. Why didn't this woman come to coax him? He didn't have any eyesight at all.

Seeing that she did not speak, he continued.

"I can forgive you. If you kiss me, I won't care about you."

His voice was deep, and in the night, it seemed that he could make people give up all at once.

"Feng Yan, you are so cheeky!" Su Xiaowan muttered, never seen such a cheeky man, and asked him to apologize as soon as he came back?

Give him a kiss?

He's dreaming.

Want to kiss him? Many women are willing to find her to do! Go to find Xiao San and Xiao Si!

Before her voice fell, she only felt that someone was approaching. Su Xiaowan frowned and pulled her clothes with her little hand. Looking at Feng Yan, she bent down and put her face together. She was flustered and reached out to push him away. "Feng Yan, that... Wait a minute."

She licked her dry lip subconsciously.

Maybe it's such a scene, which always makes her nervous.

I don't know why.

"What are you waiting for?" Only feel that close to the man with temptation, let people have a kind of unspeakable feeling, Feng Yan likes to see her such expression.

It's like a shy rabbit.

"Feng Yan, I give you a gift. Why should I apologize? You should say thank you to me!" She breathed in one gulp, now holding a breath, so she raised her head and said to the man.

Since when, how does she feel like she's been eaten by this man?

"You can buy me back with money. I'll give you money. What's the matter? If you want to say angry people, it should be me, right? To be treated as a business of things? "

"So you're going to feed me with eight million?"

She bit her lip, raised her eyebrows and looked at him, "will the state officials be allowed to prevent fire,

and the people not be allowed to light the lights? I'll keep you for eight million. What's the matter? "

With that, Su Xiaowan lowered her head and didn't dare to lift it up. Heaven knows what she was saying. Isn't this... Suffering for herself again?

She must have made a mistake. Besides, is it money now? Now Feng Yan is looking for Xiao San outside.

"What are you guilty of?"

"I'm not guilty." Su Xiaowan said, but he, she looked at him, "you are not guilty of looking for Xiao San outside, I am guilty of what! Let me go. I'm going upstairs! "
