Chapter 171

She said that she was distressed. She went to the doctor to show her. She didn't have any questions. She asked the driver to know that she had gone to King! In fact, he should have thought of it.

Knowing that she belongs to himself, he is still damned jealous, jealous of their past and their past, which he can't insert into his self-knowledge.

Feng Yan's face is black and clear. She knows that all his cute and cute are disguised. It's just like when he mentions the name of this man, he is absent-minded. He worries about him, but he doesn't sleep when he worries about him

Now I've been swayed by this woman.

"Talk!" Men gnash their teeth.

Su Xiaowan was a little confused. She pulled Feng Yan's clothes and said, "Feng Yan, what's the matter with you?"

Did she... Talk in her sleep?

She's really looking for death!

"Who allowed you to tangle with other men!"

"Feng Yan, how can I entangle with him! I don't know him She didn't want to admit that she was su Xiaowan.

"Do you want to keep cheating me?" The man's eyes can be said to have peeled her away. For a moment, he held her in his arms and stuck her on the wall. The burning breath spread on the woman's neck, which made Su Xiaowan can't help but retreat.

"Feng Yan..." the woman's body has been pressed tightly by the man. He can't move at all. Does he know all about it?

But at the moment, she dare not say... "Feng Yan, calm down. It's midnight now. I don't want to argue with you."

"I've just spoiled you so much." The thin lips of men are tightly attached with the soft lips of women. Feng Yan is very angry. With a big hand, the collar of the pajamas opens.

The man suddenly became like this, which made Su Xiaowan cry. "Feng Yan, I went to find Mr. Xia because... He told him about Xiyan. Xiyan could make music. Before he bought Xiyan's music, he didn't

know how it was similar to Shen Qier's music. He said Xiyan copied it, so I went to find him. I really didn't know Mr. Xia..."

Her first reaction was not to ask him for help, but to find an outsider. That is to say, her position in her heart is not as good as that of an outsider.

He dotes on her so much that he can't compare with a stranger in his heart. There is a fire in his heart, which is about to burn up immediately, especially when he looks at her expression.

"Why don't you come to me?" If a man doesn't stick to her, she will be able to poke him to heaven.

The man fiercely continued to block her lips. Su Xiaowan felt that her heart was half cold, but she still wanted to talk desperately, "well... Feng Yan, I was too angry at that time, my head was short circuited, so I thought... I want to talk to him. He is a psychopath, and I will never talk to him again."

The man is pulling her clothes, Su Xiaowan is really afraid, "Feng Yan, I'm on holiday --"

"Su Qiqi, I really want to kill you --" He clenched his teeth and the sweat rolled down his forehead.

"I... Feng Yan, I'm sorry." Su Xiaowan tugged at the man's sleeve, pitifully. No matter how cruel he was, he would lose his temper.

Shit !

Feng Yan has not suffered like this.

The man suddenly released her, Su Xiaowan looked at Feng Yan's back, "Feng Yan, are you ok?"

Smelling the elegant fragrance of the woman, the man's face is more black, "stay away from me."

"Oh." Su Xiaowan didn't dare to pull the man's clothes any more. She took a few steps back and left far away.

"If I told you to stay away, stay away. When have you been so obedient?" Looking at her retreating like a raging beast, the man roared.

Su Xiaowan suddenly stopped, "Feng Yan, are you... Very uncomfortable?"

She clearly saw a certain part, as well as, Feng Yan's forehead, full of sweat.

It's said that if men hold it too long, it will break down.

"If you want to be so good every time, you won't always make you angry with me!" There was a little sigh and a little doting in the words.

Su Xiaowan raised her head. The man's words made her a little dull. "Feng Yan, I won't make you angry in the future. Don't be angry, OK?"

"Come here."

"Didn't you tell me to stay away from you?"

"And speak to me

Su Xiaowan looked at the man's Scarlet eyes. She stepped forward. The next second, her lips were blocked, "kiss me!"

"Ah?"

"No?"

Su Xiaowan pulled the man's clothes and propped his toes to kiss him. But maybe he had something to do with himself, so he was more courageous. Feng Yan's angry look was really terrible.

At the end of the kiss, Feng Yan goes to the bathroom. Su Xiaowan listens to the sound of the water.

It seems that Feng Yan is holding

She quickly went downstairs to find a meal, ate a few mouthfuls and climbed upstairs, but Feng Yan was no longer in her room.

Study.

"Tell Lu Shimian the news that Xia Xiyan is here! I can't even see a woman well. I don't know what I'm doing every day! "

Feng Yi looked at the man. He had just taken a bath, but his eyes were different from those of the previous murderer. This time, there was only a little desire and dissatisfaction on his face.

"Yes." Fengyi stood there. "But young master, this way... I heard that Miss Xia was abused by young master Lu... And then she ran away. When she met her little grandmother, Miss Xia was almost abducted and sold. It was her little grandmother who saved her. Her relationship with her little grandmother was better than her relatives. If she knew, would she be angry?"

"You go to settle Xia Xiyan's affairs, and... I don't want to see Xia Chenyan around Su Xiaowan again."

"The young master will not mind... In fact, the young granny is so beautiful. Besides, they have broken up..."

Feng Yi regretted half of what he said. You know, the young master never cared so much about any woman. How lucky he was to be liked by Feng Yan.

But the young master is a domineering man. He doesn't allow his own women to have any contact with other men. The young granny

"Young master, I'll do it right away!"

.....

Just one night, Xia Chenyan received the mediation letter of cancellation of acceptance.

He knew it was Feng Yan.

When he came that day, he had found out everything, otherwise he would not stare at her like this.

The scarlet eyes were shining. The woman at the other end came over and looked at him. He knew what his son was thinking. He said that it was a cover to come here to accompany her.

He still can't put down this woman in his heart, "Chen Yan, are you still entangled with that woman? She is Feng Yan's woman already

"Mom, she should have belonged to me."

Mrs. Xia looks at her son. In fact, her daughter doesn't like her at all. Especially when she knows that the woman is her sister, she feels that the family can't be on the stage. But before Chen Yan made up her mind to get married. She thinks that as long as it's not that woman, she can marry anyone, but

Now it's good. The Xia family has a big career. Can't you find a decent wife.

"As long as I'm in this house for a day, I won't allow that kind of woman to appear in front of my house. You'll remember."

Su Xiaowan!

This is Su Xiaowan again!

The lesson of last time seems not enough... Far from enough.

Chapter 172

The next day, Su Xiaowan took a day off and went back to school.

On the road, he was looked at with strange eyes, thinking that his things in the dormitory had been

confiscated, so he grasped the pace.

"That's her. She's pretty."

"... you can be a junior only if you are good-looking, or you think so!"

"Did you hear that last time she read yellow books, she was caught by the teacher, but she didn't admit it!"

"... true or false?"

"It's Yuanxiao who reported it and openly watched it in the library. Unexpectedly, Yuanxiao was expelled, and she was still at school with peace of mind."

What they said was unbridled and passed into her ears one by one.

the other woman

Good looking?

Read the yellow book!

It doesn't sound like a good word. Su Xiaowan is in a fog, but she still has to go back early. She can't make any more mistakes during this time.

But all of a sudden, I bumped into a man.

"You don't have eyes!"

"I'm sorry."

"You mean to bump into me, you mean to seduce my boyfriend..."

"What do you mean? Who's going to seduce your boyfriend? We're only meeting for the first time today. "

The woman looked at her with sarcasm on her lips, "what? The rich second generation didn't buy you a mobile phone. You don't know what happened on campus? "

"I may have known for a long time that the second generation of rich people like to have such an innocent face

She listened to them and took out her cell phone from her pocket, but it was snatched by someone. "If I'm not wrong, this cell phone is six digit."

"You're wrong. Give me back my cell phone!" Su Xiaowan stretched out her hand to grab it, but who knows, the man stretched out his foot, and Su Xiaowan was directly tripped on the ground.

Later, the back was severely stepped on.

"I can't see this kind of seducer."

"What are you talking about --!"

"Open your eyes and see if this person is you!"

Then, the leading woman took out her mobile phone and crossed a post in front of her eyes.

—Su Xiaowan, a girl in the design department, was taken care of.

The post is full of pictures and words.

And she's a recidivist.

When I was in high school, I started seducing men and sleeping with men.

At the bottom, there are a lot of rumors about the parties.

"It's her who robbed my boyfriend and made him break up with me. I've been with him for three or four years."

"I know her, too..."

The last picture is a picture of her standing in King and kissing Feng Yan that day. Although the man made a mosaic, the man deliberately pasted a scar on his face.

So, now we all want to deal with Xiao San desperately, and share a common hatred.

The person behind this is really thoughtful.

She was engaged to Feng Yan without any publicity. Few people knew about her engagement except for Feng Yan's good brother.

"The cars I sent you are all luxury cars. I've seen them several times! Now there is a picture and a truth. You can't deny it. In my life, I despise you as a person who betrays his body... I've done something shameful, and I won't let others tell me. I don't know if your face is gone, that man still wants you. "

"Qiqi, I've heard that the second generation of rich people have abnormal ways to play. Maybe she's

already broken."

Several women can't help laughing when they get together. Su Xiaowan clenches her fist and tramples on her woman, which makes her unable to stand up at all, but she can't admit it.

"Shut up

"Su Xiaowan, you don't shed tears when you don't see the coffin!"

"If such a person with personality problems can graduate, it's OK. I heard that she is working in a large group now. I want to write a letter to the group. The company that such a person can enter is certainly not a good company."

"It's said that she can play the piano and crush her fingers on me. I see how she can seduce people in the future!" The woman stretched out her feet in high-heeled shoes and began to crush Su Xiaowan's fingers.

Su Xiaowan can't bear it, but she can't move, "let me go."

"Let go of you, dream, keep stepping on it."

Ten minutes later, the incident came to an end. The counselor reported the incident to the headmaster, who had been taken care of for a long time. When he heard Su Xiaowan's words, he came immediately.

"Not yet!"

"Headmaster, she has a bad style!"

The headmaster helped Su Xiaowan up, looked at her injury, and quickly asked the counselor to take her to the infirmary, "gather people to fight, let your parents take you back, this school can't accommodate you."

"She moved her hand first, why did she punish us?"

"Yes

"I'll be expelled if I don't change after repeated education. There are no students like you in our school --!" The headmaster looks at these girls. Now Su Xiaowan looks like this. He doesn't know how to explain to Feng Yan.

What a sin.

Soon, the news startled the man at that end.

It seems that some people are tired of bullying her.

Fengyi soon found the person who announced these things, Shen Daier.

Feng Yan's eyes narrowed, Shen dai'er! More than once!

"Clean it up."

.....

Su Xiaowan looked at her injured hand. Fortunately, the headmaster came in time, otherwise her fingers would be useless. "Uncle, can you be a little lighter?"

"This finger can't play the piano recently." The old doctor in the infirmary took a look at Su Xiaowan. The child had played a good piano before, and he made up lessons for his granddaughter in the summer vacation. He was very kind, a little girl he liked very much.

Su Xiaowan only knows that her whole hand is numb now. After dressing, she sits in the infirmary. She doesn't know what the rumors outside are like!

School is a big society.

And rumors, like snowballs, will get bigger and bigger.

Under such circumstances, she didn't know what to do, as if she had become the target of public criticism.

"Su Qiqi --!"

The familiar voice sounded.

"You don't make yourself black and blue all day long, do you feel uncomfortable?"

Feng Yan looked at the woman in the bed, both distressed and angry.

Out of such a thing, even did not call him! A person silently licks the wound here, he is not angry.

"You remember what I told you with your feet?" Looking at the red Potion on the woman's finger, "does it hurt?"

"... not bad!"

"Pain or no pain!" Just now, Su Xiaowan forced them to step on it with their feet. Those people were full of anger and started so hard.

How can she not hurt.

"... it hurts a little."

"I know it hurts. Why don't you call me?"

"... the mobile phone was robbed by them, and I can't rob them." Su Xiaowan smiles awkwardly.

Every time she is so miserable, Feng Yan will always see that if she can resist, she naturally doesn't want to be beaten by some people.

She's not masochistic.

Staring at her hand, she didn't know when she would recover.

"Still laughing Feng Yan looked at her, dirty clothes, like a little beggar, "before the courage to hit people!"

Su xiaowanmin pursed her lips, feeling that the atmosphere was not right.

"Feng Yan, I'm not a fuss! Force will not solve the problem. "

"So let them hit you? You damned woman, you just don't clean up. "

Chapter 173

Su Xiaowan squeezed her hand and clenched it into a fist.

This vicious bad man!

Su Xiaowan decided to ignore him for a minute.

"What for?" Feng Yan suddenly reached for his hand.

"What? What a shame to go out with an ugly man like me? "

Su Xiaowan stretched out her hand around his neck and said goodbye, "Feng Yan, you look so fierce."

This naive man, concerned about her and pretended to be so cool.

No wonder I'm so old and I don't have an object.

Looking at her active hand, the man's anger suddenly disappeared.

Su Xiaowan was carried out by Feng Yan, and immediately came to the hospital. The doctor who saw her yesterday looked at her like this, "young grandma, this is..."

"Fight with someone, get hit!"

Su Xiaowan stares at Feng Yan and feels like a bad girl

The man walked out of the door and looked at the man standing there waiting, "young master, all the information on the campus network has been deleted, and the school has also issued a notice to prove that someone has deliberately discredited the school. Now the rumors in the school have been controlled, and now the target is Shen Daier."

"Bring me those women too --"

Feng Yi looked at the man and nodded.

.....

When Su Xiaowan came home, it was already in the afternoon. Now she was lying in bed, a little tired. She looked at the white face in the mirror. Fortunately, those people didn't scratch her face, otherwise she would die of pain.

After washing, I lie on the bed, brush my mobile phone, and watch all the posts of the previous high-rise buildings change. The character object is Shen Daier.

Some people even saw Shen Daier kneeling naked in front of a man's villa.

Shen dai'er can't wash white.

Overnight, the Shen family was entangled in lawsuits. They were upstarts and offended many people in the shopping mall. Many people wanted to take this opportunity to punish the old man who looked down on others.

Rumors, overnight, all changed.

You can imagine who did it.

Is it hard? Shen dai'er did all this?

Thinking about Shen dai'er's hot search before, Su Xiaowan coagulates her eyebrows, which should not be done by Feng Yan.

With her mobile phone, she checked the summons sent by Xia Chenyan before and miraculously disappeared

She looked at the words and found nothing to follow.

The only one who can fight Xia Chenyan is Feng Yan.

Su Xiaowan gets up.

Outside Feng Yan's room, in the bedroom at the other end, the door opens and Feng Yan is making a phone call.

The man looked at the door, vaguely saw a beautiful little face, "come in -!"

"Feng Yan, I don't think you ate anything at night... The milk tastes OK. Drinking it at night helps you sleep." Su Xiaowan leaned over and put the milk in her hand on Feng Yan's bedside table.

"Suddenly so concerned about me?" The man took a sip of the milk at that end. He didn't have the habit of drinking milk at night.

However, she brought it over and wanted to drink it.

"Just... I want to thank you for helping me."

"Come here --!"

Su Xiaowan's face turned red and glared at him, "Feng Yan, I don't sleep with you!"

The man hooked his lips, "don't you want to thank me?"

"That's... That's not to sleep with."

"Come and give me a kiss."

"... Feng Yan, if you continue to be a hooligan, I will ignore you --" Just ready to turn around, but suddenly his waist was encircled, the whole person was tightly surrounded by the hot body.

Disordered her breathing.

"Don't hurt yourself in the future. Do you hear me?"

Su Xiaowan's eyes darkened, "well."

The man's palm fell on Su Xiaowan's body, rippling.

In my heart, some place is strange.

"Do you still hate my face?"

Su Xiaowan, "... What do I say, will you listen to me?"

"Of course, Ben just wanted to please you..."

Please

He's a grand young master of Fengjia, trying to please her?

Su Xiaowan's heart was in a state of chaos. Suddenly, her heart seemed to contract for a while. Until she came back to the room, she was still beating violently.

He said, "Su Qiqi, come home early tomorrow night, I have something important to ask you!"

That night, Su Xiaowan lost sleep.

It's Feng Yan's words all night

And the time I told her to get married.

.....

The Su family.

"Dad, you see our school forum is all about Su Xiaowan hooking up with her lover. Young master Feng is so ugly, she must not be lonely --!"

Shen Yin stood there to add fuel to the story. "Ah Zheng, Xiao Wan didn't have a mother to teach her etiquette, righteousness and shame when she was young. I'm really ashamed to her mother for doing such a thing."

Su is looking at the photo, because Su Qiqi saved the content long ago. He can see the photo of kissing in the car clearly.

Feng's huge family has to rely on itself.

Su Xiaowan can't get through. At the moment, Su Zheng decides to go to Su Xiaowan.

"You said she works for FY group?"

"Well."

"I see. Don't talk to others about today's affairs. I'll talk to Xiaowan."

Su Qiqi looks at his father's back.

If she married Feng Yan, her father would hold her in the palm of his hand.

However, she doesn't like that ugly man. It's just Xia Chenyan... She is not reconciled. Thinking of Xia Chenyan's appearance at the wedding banquet, Su Qiqi wants to tear Su Xiaowan.

It's getting colder and colder. Autumn comes in a twinkling of an eye.

Su Zheng didn't know where to hear that he was working in f.y group. During his lunch break, he came to their company to wait for her.

"Xiaowan, downstairs, someone is looking for you! Now it seems to be waiting for you in the western restaurant. "

Su Xiaowan put down her things, went downstairs, found the western restaurant, and watched Su Zheng waving to him.

I thought Su Zheng would scold himself for Su Qiqi.

But his attitude is especially good.

"Xiao Wan, sit down and have lunch?" Su Zheng said and handed the menu to Su Xiaowan.

Su Xiaowan has been here, the most upscale western restaurant in the group. Because of the high price, few people come here for lunch.

Looking at the enthusiasm on Su Zheng's face, he was at a loss.

When did he treat himself so well?

I don't think so.

When she was a child, the fortune teller said that she would hinder Su Zheng's future, so it seemed that it was her fault that Su Zheng sent her far away. As soon as she left, Su Zheng's company immediately emerged in Jiangcheng.

When she was a child, she always lived with her grandmother.

When they were at school, they were accompanied by their father, but she didn't.

She always knew that she was not the same as them. Her father regarded her as a monster, and she was

an ominous person.

But suddenly one day, Sue is coming to pick her up.

That's when she was a freshman.

She thought she was finally loved by her father.

Chapter 174

But suddenly one day, Sue is coming to pick her up.

That's when she was a freshman.

She thought she was finally loved by her father.

But she didn't. at first, she thought Sue was busy, so she didn't have time. She was very clever. In such a family, except that her father was related to her by blood, the other two people regarded her as a thorn in the side.

But on the night of her birthday, he watched his father sitting in the restaurant, talking and laughing with Su Qiqi

She just stood at the door, blowing cold wind.

The cake that day was bitter and chocolate. She ate it for the first time, and she was so disgusted that she swore never to eat it again.

But everything can't keep up with the change.

On that day, the mother said she wanted to see her child.

Crying and crying in the mental hospital, no way, Su Zheng took them.

I didn't expect that such a tragic thing would happen

"I'm not hungry."

At the moment, Su Zheng's efforts to please, for Su Xiaowan, not much reaction.

She may have passed the age when she needs her father's love. Those things are dispensable to her.

"I know you like steak, shrimp, corn, and this, this thick curry, OK?"

Steak, shrimp... Curry.

But none of the three things she likes.

They should all be loved by the little princess in their family.

Su Xiaowan doesn't like western food very much. Her stomach is used to the food cooked by her grandmother, but only Chinese food.

But Su Zheng didn't know that.

He handed the menu to the waiter, and then looked at Xiaowan with a smile, "Xiaowan, dad knows that you blame me, and you are wronged when you follow master Feng."

She had a light look and didn't know what Sue was thinking.

"But Dad can't help it. Your sister doesn't like you all the time, and dad isn't at home. I know you've been bullied by them all these years, but Dad can't help it. Although the Shen family is a nouveau riche, they can always help dad. Dad can't vent his anger on you, so I thought I could find a support for you, so no one will bully you in the future, Now it seems that the young master is very kind to you. Qiqi, you don't have that life. The Xia family doesn't look up to our family. It's estimated that you'll give up because of other things. "

In this way, others think that Su really loves herself and is afraid that Shen Yin will deal with her in the future, so they help themselves find such a support.

"Although young master Feng is incomplete, there is no one perfect in the world. Some people are incomplete, which is normal. You should appreciate the beauty of this kind of deformity."

"....."

Feng Yan is a good man.

"However, although he is incomplete, Xiao Wan, you can't do something that you're sorry for."

Excuse me?

Su Xiaowan frowned. It seemed that Su Qiqi was chewing his tongue in front of him. It was also something that made a lot of noise that day. Even if he blocked the post, there were still some people who saw it.

But does that have anything to do with Su Qiqi?

It's hard to say.

"Xiaowan, you are good to serve young master Feng. My father's future depends on you."

Serve.

Her own father could say that.

"Here is 100000 yuan. If you are short of money, you should tell me not to mix with the casual people in the society, and don't be sorry to master Feng."

Su Xiaowan looks at the card on the table.

From birth to now, this is the only time he has given money to himself.

This kind of picture really needs to be recorded in the history books.

She did not hesitate to put the money into her bag, "thank you dad, you can rest assured, I will be good to Feng Yan."

It is rare for Su Zheng to be so forthright.

Why don't Su Xiaowan.

This money can be sent to grandma.

"Dad, what's the password for this card number?"

"123456. "

Su Zheng watched her put the money into her bag so quickly. She thought Su Xiaowan wouldn't want it. After all, she was sealing the house. 100000 yuan was just a grain of rice in their mouth, but she wanted it? Did Feng Yan feel more and more uneasy about her.

"During this period, the group operated..."

"Dad, I know what you said. I will be with master Feng. Thank you, Dad."

After that, Su Xiaowan stood up and said, "I'm going to be late for work. Dad, I don't have any money with me. Don't forget to pay for this meal."

Su is looking at her back, originally intended to let her say something about the group with Feng Yan, who knows she is in such a hurry!

Now it's a waste of 100000 yuan.

Do you want to call Mr. Feng Yi?

But he obviously felt that the policy of seizing the city was circuitous.

Sue is very upset.

Su Xiaowan checked the ATM of the group and found that there was 100000 yuan. In order to prevent Su Zheng from playing tricks, she directly transferred the money to her grandmother.

Soon, grandma called.

"Xiaowan, where did you get so much money?"

In the past, every time she made money, Su Xiaowan gave her thousands of yuan, because she was afraid that her grandmother thought she had done something illegal.

"Feng Yan is afraid that you can't eat well and live well there, so he specially gave it to you."

"Master Feng has a heart. Thanks to his help, grandma is very good. Grandma can't use the money. I'm going to the town today. I'll call you. You need money in a big city."

"... no, Feng Yan gave me my pocket money. Grandma, if you give it back to me, Xiao Wan will be angry."

The old lady knew Su Xiaowan's temper, "that grandmother keeps it for you."

"Don't save. If you have anything to buy, spend it. The more you save, the less valuable it is!"

"All right, it's up to you."

Looking at the empty balance of the card, Su Xiaowan calmly went to work.

Su Zheng, she didn't believe he would be so kind, but why did she refuse to give her the money.

Su Zheng hasn't done a bit of his father's duty for so many years. Su Xiaowan doesn't like him, but he is the only one who knows his brother's whereabouts.

So, it's very tangled.

At noon, Xiyan called herself, but she didn't receive it. She called Xiyan back, "Xiyan, I just saw..."

"Xiaowan, i... cough..." before I lost my voice, I listened to the cough at that end.

"You haven't recovered from your cold yet?" Since leaving the hospital that day, Su Xiaowan has not received a call from Xia Xiyan. Now she has a bad cough, "where are you?"

"At home."

"You wait. I'll be right here." She took her bag, asked for leave, and hurried to go.

Su Xiaowan rushed to the apartment. The door was closed. Su Xiaowan opened the door and went in. The airtight curtain was tightly pulled. The air circulation in the room was not smooth.

Xia Xiyan fell to the ground, she touched her forehead, hot.

"Sunset!"

She called several times, Xia Xiyan did not move, she immediately hit 120.

Su Xiaowan is standing in the corridor of the hospital. Three words are flashing in the operation room.

She held her hand tightly, thinking about the doctor's eyes just now, it was definitely not a simple cold.

The light in the operating room turned off. The doctor opened the door and looked at her. "Did you just send people here?"

Su Xiaowan nodded, "how is she?"

"Now you should worry about yourself and take people back for examination. If you are infected, you can only isolate them."

Su Xiaowan was still confused, so she was pushed into a sterile room. She looked at the nurse at that end and said, "what's the matter?"

"Miss, the people you're with are infected with mers."

"What?"

It is reported in the news these days that the mers virus was brought in by a foreigner, who has been under control. Now there is no such case in Jiangcheng.

But the sunset is infected?

"And how is she now?"

"The most authoritative experts in the world have been contacted in the hospital. You don't have to worry about her condition, but it's you. You have to disinfect quickly and stay with the patients. It's easy to be infected. I'll give you a general examination."

Su Xiaowan was very worried. A while ago, she felt that she was always coughing. Unexpectedly, she was infected with mers. But the doctor who went to see a doctor last time didn't say that.

"She came to see you last time. Why didn't you say that?"

"Last time? About what time? "

"It should have been more than a month ago!"

"At that time, your friend just had a common cold. It should be when he had a cold. He came across a virus outside. This thing was discovered recently. The infected groups in Jiangcheng were basically isolated..."

She didn't digest the news.

"You can't leave the hospital until the test results come out. For your own health and the health of others, please cooperate."

Su Xiaowan is still worried about Xia Xiyuan. Xia Xiyuan has no relatives. Su Xiaowan asked her. She said that her parents died early and were almost abducted. It was because there were no parents at home that she was almost

Now, Xia Xiyuan is ill. Naturally, she can't let her go in her heart. As her friends and relatives, she hopes to be with her, which can avoid Xia Xiyuan's fear.

When people are sick, they are most vulnerable. "Can I go to see her?"

"No, you don't know the specific result yet. Maybe you are not infected. If you go in and get infected, none of us will be able to take the responsibility."

The nurse directly closed the door to her, blocking her contact with the outside of the bridge, her bag was left outside, there is no way to call others.

There's no choice but to wait.

Until the night came, Su Xiaowan was hungry and sat there at a loss. Her stomach was growling. In Fengjia, she felt that she had calculated the time of her meal.

At this time, if you don't eat, you are always hungry.

villa.

"Where is she?" Feng Yan has seen the watch more than once.

Feng Yi came over and said, "young master, my little grandmother didn't go to the company all day today, and I couldn't get in touch with her on the phone. The driver who sent her out had a car accident on the road this morning. She was in the hospital, but there was no little grandmother on the car..."

Chapter 175

The cup in that hand was crushed by the man, "the necklace has positioning function, give me positioning immediately, I want to know Su Xiaowan's position immediately."

Feng Yi was stunned for a moment. Then he suddenly realized that he had never seen the ancestral necklace. He heard that it was only for Feng's family to be the mother of the family. Unexpectedly, the young grandmother went to her old house and came back

It seems that Fengjia has identified the granddaughter-in-law.

Before long, he found Su Xiaowan's location. In a hospital, Feng Yan knew that Xia Xiyan was infected with mers virus.

"Young master, young granny has been in contact with patients now, and is likely to be infected..."

"Fengyi, you know I hate talkers." He stood at the door and looked at the tightly closed door.

"But young master... You..."

"She's timid. I'll be sad if I don't go with her."

"But... If it's young grandma, you know... People outside are covetous, and they can't do anything about you. If it's such a big group..."

"To get her supplies ready."

"Young master."

"You don't even listen to me?"

Feng Yi hesitated for a while. Feng Yan was always stubborn. Once he had his own idea in his heart, he would never change it. He was really trapped.

He was a little worried and a little happy.

When Feng Yan came in, he looked at the woman stepping on the rice from a distance, her chin resting on her knees, and the afterglow of the sunset came in, enveloping her in the golden light.

She closed her eyes and frowned.

Long hair fell, blocking her side of the face, but Feng Yan still saw tears on her face.

I cried.

She has always been strong, do not like to shed tears, now also saw her tears scene, touched his heart the most soft place.

Feng Yan's eyes stopped on the woman's sleeping face, looking at her so quietly, as if she could see farther.

Hearing the sound of opening the door, Su Xiaowan immediately woke up. She didn't know why she might be in a strange place. She didn't sleep very well, so as soon as someone approached, she immediately raised her head.

A black suit, hands a lot of things, but also with a suitcase.

"Feng Yan, how did you come here?" Su Xiaowan thought of her body, she may have infected the mers, she immediately stood up from the tatami, stepped back a few steps, stood at the side of the window, "Feng Yan, you hurry out!"

"Did you cry?"

Su Xiaowan wiped his face, "I didn't cry, Feng Yan, you hurry out, this is not a joke."

"Since I'm here, I don't plan to go out. Even if I go out, we'll go out together!"

"Stop it. Mers is not a common cold. It's dangerous for you to stay here." Now that he has found it, he should know all the details.

"So you're going to be here alone?"

"I... for the sake of others, I can't leave until the results of the examination come out!" She hung her eyes, looked at the man coming, pointed to the place in front of her, the mers virus can spread through the air, once infected, it is headache and fever, highly infectious, "Feng Yan, you stop, don't come again - _"

But suddenly to a heavy, the man has raised her chin, so naturally kiss up.

She couldn't push it away.

All the way to disordered breathing.

The man put his hand around her waist. "Well, now even if I want to go out, they won't let me out."

A low voice came slowly to her ear.

Su Xiaowan is depressed.

"Not happy? I'm not happy to be with you? "

Su Xiaowan glared at him and said, "Feng Yan, this disease will kill you at any time. Can you stop making trouble?"

The man pinched her face and then kissed her. His thin lips pursed and looked at her face. It turned out that this little thing was worried about him.

"Are you worried about me?"

"I don't worry about you. I just think you are too stupid to..." I ran to such a place for her.

Feng Yan must think that his life is too long.

Why can't she help crying!

Wearing that suit, Feng Yan was calm and calm, with a faint smile on his lips, holding Su Xiaowan's hand, "still crying?"

Su Xiaowan looked up innocently, "can't you cry? We're all going to die. "

"Who told you you would die!" The man glanced at her.

"You are always so confident, I know you are very good, but people can't avoid birth, aging, illness, even if you are rich, God is fair to everyone."

"Do you know if I'm tough?" Feng Yan playfully refused the words in her mouth, with a faint smile, "anyway, no one will disturb, do you want to try?"

Su Xiaowan was still in the atmosphere of sadness, but listening to his words, she suddenly adjusted her breath, "Feng Yan, you can also talk about Kung Fu!"

"And now you've learned to challenge?"

That slow eyes, staring at her, permeated with the breath of men's exclusive pressure, nowhere to dodge, voice with a low and deep taste, very charming.

Su Xiaowan dodged the man's hand. She ran to one side, looked at the things Feng Yan brought, and found what she liked to eat. "Feng Yan, how do you know I love this?"

That's a bag of beef jerky.

"What do you dislike?"

Su Xiaowan puffed his cheek and said, "I love everything... But I prefer what Feng Yan bought for me."

That smile, Feng Yan wants to hold the world in front of her.

Between them, he thought, it's not bad.

.....

The night is thin and cool.

Xia Chenyan made a statement that he wanted to divorce her.

Originally, the wedding banquet was just in the doldrums, and the Su family also spent a lot of money to press things down. But who knows, this statement suddenly brought up the heat of things that had just gone down.

Su Qiqi is a live broadcast. At the moment, she doesn't know that the program is going on every night. Although there are not many objective fans, the news that she was abandoned is enough to attract people's attention. Suddenly, in the live broadcast, many people crowded in to see her appearance.

There are all kinds of words in the crazy live broadcast.

"I heard it was her!"

"It doesn't look very good!"

"She is not worthy of master Xia!"

"It looks like a cosmetic surgery --!"

"I think so."

“.....”

Su Qiqi was still complacent, after all, his attention suddenly rose, but the next second, those people were saying that.

The studio burst.

"Seven seven, you're on fire!"

The news that Su Qiqi was withdrawn from her marriage suddenly became the first hot search, crushing the news of Shen Qier's new song.

It's just, it's not a good thing.

Su Qiqi angrily turned off the live broadcast, "Mom, Mom --!"

Shen Yin looks at Su Qiqi, "what's the matter?"

Soon, reporters surrounded their villa, and Su Zheng came home to see so many reporters, "Mr. Su, your daughter --!"

Su Qiqi was crying in the living room. She wanted to teach Su Xiaowan a lesson, but

"Dad, I've been abandoned. I'm going to lose my face."

Su Zheng was angry and patted the table. He was very angry. "Now I'm the one who's losing face! Where did they all come from? I said that they had to look after people before they got engaged. Now there is such a big noise, you will only cry! "

Shen Yin stands there, looking at her angry husband. She wants to cut in, but it seems that she is adding fuel to her life, which will only make Su Zheng unhappy.

She is very good at looking at her face. At least, she has been with Su Zheng for many years, and clearly knows his temper. "Seven seven, don't say a few words!"

"Mom, it's not my fault. Why scold me?"

Su Qiqi is even more aggrieved and abandoned by Xia Chenyan in public. Even at this time, she can only endure her father's abuse, and her mother asks her to say less.

Is this something that can be solved by two sentences?

She mumbled. A few days ago, she knew that her father had given the bitch 100000 yuan, which was originally the money she wanted to buy jewelry, but her father gave it to Su Xiaowan.

Her father began to care about Su Xiaowan, which was the last thing she wanted to see.

She reproached Su Xiaowan's crime there. "It's su Xiaowan who seduces Chen Yan. If she hadn't appeared, Chen Yan would not have left me."

"If Xia Chenyan really likes you, will he be seduced by others?" When Su Zheng heard this, he became more angry. As a man, he knew enough about men.

Xia Chenyan didn't really want to marry her, and he didn't say Su Qiqi. A man can see a man at a glance. In Feng Yan's eyes, he slowly fell in love.

But Xia Chenyan's nature is thin and cool. There is Su Qiqi in his eyes.

"That must be some coquettish way she used!"

"She's your sister in the end, and it's all thanks to her that we have such a life now --"

"Dad, if you sell your daughter for honor, you still feel honored..."

Shen Yin pulls her, "what are you talking about?"

"Why do I talk nonsense? Feng Yan says that he wants to marry me. It's all a cover. Why is Su Xiaowan so lucky that Feng Yan can't bear to touch her? But I'm really ridiculed. I can't compare with her!"

"Well, 77, don't talk nonsense!"

"I..."

At this time, the phone in the villa rang.

Sue just took a look at her and went to answer the phone.

"Mr. Su, I'm Fengyi."

"It's Mr. Feng. What's the matter with calling so late?"

"Well, our little grandmother is suspected to be infected with mers, and now she is isolated. I heard that Miss 77 has a good relationship with our little grandmother, and invited her to come and chat with her."

Mers?

As soon as Su Zheng heard this, he was immediately worried, "Xiao Wan infected mers?"

"It's just suspected" The city was sealed and the right way was rectified.

Chapter 176

Su Zheng took a look at Su Qiqi. "Mr. Feng, you know about Qi Qi. She's been closed these days. I can't ask her to come out."

It's his own daughter. He can't watch Su Qiqi die. It's said that the virus is fatal. Once it's infected, it's sure to die.

He has just one daughter.

Shen Yin didn't know where he overheard the news, so he rushed up immediately, "Su Zheng, if you dare to let Qiqi go, I'll fight with you."

"Shut up."

Why did he marry such a stupid man.

Feng Yan can't plead guilty, but if he wants to send his daughter, how can he

"Young master, let me tell you, if you don't see Su Qiqi tonight, then Mr. Su, you may have to pay back the money you owe young master on time. Oh, and this villa, young master won't let you continue to live."

Sue is frightened.

Feng Yi continued, "Mr. Su has a good daughter, but the young master held her in his hand, but she has a stupid head."

"What do you mean, Mr. Feng?"

"Since the young master can help you for the sake of the young granny, you should know that the young granny is different from the young master. If you coax the young granny, the young master will be happy, and you will get everything you want? Why does Mr. Xia need to marry the Xia family? "

When Su Zheng heard this, he frowned, "Mr. Feng means..."

"Mr. Su, you are a smart man. If I say one or two words, I should understand."

Su Zheng hung up the phone and stood there. The words of Fengyi didn't have any influence on him. She even said that there was an uproar in her mind.

Sue is standing there, thinking about it, taking the car key to leave.

"What are you going to do?" Shen Yin looks at Su Zheng and tries to go out.

"Xiao Wan is ill. I'll go to the hospital to see her!"

Shen Yin looks at the man at the other end and suddenly gets angry, "what are you going to do? Don't you know what's wrong with her? To die? "

"Shen Yin! So Xiaowan married into Fengjia because of us. She is ill now. Shouldn't I go to see her? "

"In Feng's family, she was wronged or something! If it wasn't for Su Xiaowan, how could Chen Yan quit her marriage? She was deliberately disturbing us! I didn't think before. I think I tried my best to be nice to her. She would treat me as her mother, but you saw that day that slap was on my face and in my heart... "

"Yes, Dad, I offended master Feng for her. Now, if it wasn't for her, could I be so shameful? Now the whole Jiangcheng city will know about me. What can I do in the future? "

"It's just because you look like a ghost now that we have to rely on Xiaowan. As long as Fengyan helps us, will our family benefit less in the future? Don't you recognize the clue of the words of the city just now? That's a warning. " Sue is looking at the two women in his family. He has been calculating all his life, but he didn't expect that something like this happened.

The luckiest thing is to have such a daughter.

When Su Qiqi heard this, he could tell some truth. But when he thought of Su Xiaowan seducing his man, "no matter what, I won't forgive her!"

Shen Yin is standing there. Neither Xia Chenyan nor Feng Yan can offend her.

But Feng Yan, close to him, will not let the Su family fall to any place.

"Ah Zheng, it's mers!"

"You're stupid. The government has stepped down. Once the mers virus is found, it must be isolated. Even if the president comes, it's useless. Fengyi just wants me to know the importance of Xiaowan and won't let me in."

"Dad, I'll go with you!" Su Qiqi decided to take the initiative.

.....

Su Xiaowan stood at the window, looking at the towering Ferris wheel, colorful and beautiful.

She has never been on the ferris wheel, and girls seem to yearn for such romantic things.

"Feng Yan, have you ever heard the legend of Ferris wheel?"

The man at that end raised his head, the woman under the light, with a colorful smile on his face, turned to look at the man at that end.

"You're so boring. I'm sure I haven't heard of you."

Without waiting for her to recover, suddenly the man at the end pasted it up. Su Xiaowan's long and dense eyelashes trembled, "what are you doing?"

"I only know that two people will live a lifetime when they see the ferris wheel."

Su Xiaowan, "... This is your bullshit."

Is it difficult for a stranger to see the ferris wheel and live a lifetime?

"Well."

Su Xiaowan puffed his cheek and said, "Feng Yan, you really can't please girls. You should learn more from me!"

"Oh." The man stares at her face, cool and slow voice spreads, "learn you to hide here to cry alone?"

Su Xiaowan, "... I said I didn't cry."

The man's fingers scraped her cheek. "So, are you questioning my eyes?"

"You don't have good eyes." Otherwise, how can not even know who she is.

"In fact, Feng Yan, I'm not..." Su Xiaowan is ready to take the initiative to tell him his name, but it's noisy outside.

Someone was patting at the door. "Xiaowan, don't be afraid. Dad is out with you today."

Su Zheng's voice came in from that end.

She screwed her brows. Does Su Zheng care whether she is alive or dead? You know, she was thrown to her grandmother's side in those years, but she never came to see her. Today, she may be infected with mers. How did he come here? Don't you even fear death?

It's not like Su Zheng.

Then she turned her head and looked at Feng Yan, as if all the operations were under the curtain. "Feng Yan, you didn't call him, did you?"

"What? Don't you think it's noisy? "

It was like crying outside. Of course, she felt very noisy.

Then, looking at Feng Yan, he took out his mobile phone and made a phone call, "Feng Yi, it's too noisy!"

Then there was no sound at the door.

Now, that Su Zheng went to test.

"Doctor, I want to check if I'm infected with mers --!"

.....

"Feng Yan, you want him to come... To let her know the importance of me?" She thought for a while, it seemed that she could not find anything that could make Su Zheng risk her life.

Su Xiaowan is an emotional person. After so many years of parental love, she can't bear to let him suffer.

Su Zheng also precisely pinched this, therefore wantonly wants to search on her body.

However, it is more difficult for Su Zheng to give something than to ascend to heaven.

Su Xiaowan felt bitter.

The man's eyes on her, she has a feeling of being held in the heart.

"Feng Yan, you are very kind to me."

He is good to her, she will redouble to him.

"What are you looking at me for?"

Su Xiaowan's eyes don't go, "you are my husband, I think you are natural, can't I just look at you if you look at me?"

At this time, the man took off his clothes, revealing his sexy back. Su Xiaowan's breath was slightly tight, "Feng Yan, why do you take off your clothes in front of me?"

"Don't you want to see it?"

"... who wants to see you undress!"

"How do you sleep without taking off your clothes?"

Under the warm light, the man's body turned slowly.

Chapter 177

Su Xiaowan's eyes drooped slightly, but at that time, she saw the scar on Feng Yan's back, as well as many acupuncture like holes. Last time in the hot spring pool, she saw the scar, but at that time, some of his back were dizzy in the water.

And now

What's the matter with these little holes?

She suddenly felt that Feng Yan had suffered a lot before.

"Satisfied with what you see?"

Su Xiaowan pulled the corner of his mouth and said with a smile, "you don't have to take off your clothes when you sleep. Feng Yan."

The man's eye color is deep, thin lips slightly up, "but I don't like sleeping, there are obstacles!"

"....."

Before he had time to think more, Su Xiaowan was brought to his arms by Feng Yan.

Breathing inexplicably disordered, at the moment the man naked body, with his tight fit, suddenly a moment even heart are confused.

At the moment, even if Su Xiaowan is calm, he can't be indifferent.

"Aren't you hungry? Feng Yan, I'm so hungry. Why don't I cook you a sweet porridge? " All of a sudden, the cold words broke the disturbed heart.

The man hugged her tightly, and there was an ambiguous feeling in the air.

Su Xiaowan looked up at the deep man's black eyes, clearly saw his face, "drink or not? Don't drink? "

"Well."

Su Xiaowan finally got the clearance and ran into the kitchen.

She checked this place when she came. She had everything.

There is no shortage of food and drink.

Until more than ten minutes, Su Xiaowan had not recovered.

But soon, she suddenly realized a serious problem.

"Feng Yan, Feng Yan, today's company assessment, I didn't ask for leave... Will I be fired directly?"

"Do you still have the heart to think about this?"

"..." Su Xiaowan has been preparing for such a long time, but looking at Feng Yan's eyes, she mostly guessed that after all, it's a big group, and every bit of it is very strict, but she didn't expect to stay up late to read every day, and finally she failed. She sighed, "forget it, because the sunset is worth it, anyway, I don't like Mr. Lu, Feng Yan, Don't open any back door for me. I don't want to be criticized. "

Don't know why, Feng Yan to Su Xiaowan mouth for summer sunset face is worth, slightly a little unhappy.

"The design draft has been drawn?"

"... almost... In fact, I've thought a lot about this period of time. I'm not a designer at all. I've occupied such a quota, so that people with ability can't get in and show their talents. Isn't that a bit unkind of me?"

Su Xiaowan took a sip of porridge and was depressed. She promised the man that she would not appear in the public eye. Otherwise, she would choose what she liked.

It's not a design that doesn't match you at all.

Su Xiaowan even studied painting as a freshman.

Su Xiaowan tugged his cheek and suddenly said, "Feng Yan, shall we depend on each other in the future?"

"Courting me?"

Su Xiaowan twisted her eyebrows and turned her heart upside down. "... eat quickly, or you'll wash the bowl!"

The man took a look at the woman, finished the porridge, got up and went to the bathroom to wash.

Su Xiaowan was holding a bowl. How could she have such an idea just now? Did she want to spend a lifetime with Feng Yan?

In fact, Feng Yan's people are very good.

People choose the other half, either good for themselves, or rich.

It seems that both of them are Fengyan.

He should be a good partner, except... But Su Xiaowan doesn't care about it.

She thought that she wanted to spend her whole life with Feng Yan. At least, when he was with her, she felt at ease.

When Feng Yan came out, Su Xiaowan had fallen asleep.

He walked over, kissed the woman on the lip, and then opened the balcony door, "f.y. group's entry examination was postponed for a week."

Feng Yi Leng for a moment, "young master is want to open the back door for young granny?"

You know, young master is meticulous in his work.

"No way?"

"Yes, I'll arrange it now." What did Fengyi think of? "Young master, young master Lu has found Miss Xia, people have been taken away by him, and... Young granny is not infected, when is young master going to go out?"

"Tomorrow."

"... good."

.....

In the middle of the night, Su Xiaowan sleeps deeply. She has a long dream.

Around the whistling wind, ran into his neck, in front of her appeared a young woman, delicate features, showing a beautiful smile.

But the next second, the woman showed ferocious eyes and pinched her throat.

She can't breathe.

The picture suddenly turned.

She saw the man in the dream again.

She can't see her face clearly, but she can only feel the warmth of the palm of the person at that end, wrapping her palm.

Ear, which is the continuous piano sound.

After that, she dreamed of Chen Chen.

"Chen Chen..."

She called his name.

When she wakes up in the morning, Su Xiaowan looks at the man lying in the sofa, shining with the light of the window screen in the morning, and the man's sleeping face.

It seems that Feng Yan is really a gentleman.

She got up to wash and went into the kitchen.

Prepare porridge.

It's still sweet porridge.

Because she really can't do the others, and she's afraid that she will poison Fengyan to death.

As soon as he came out, he saw that the ward was full of people. Su Xiaowan's hand trembled, and the porridge almost turned over.

"Let's go!"

Su Xiaowan looked at the man's hand, "can we go out?"

"Well."

Su Xiaowan mouth up, but the hands of porridge, but he managed to make good, "porridge has not yet drunk!"

"In the car."

In the middle of her walk, Su Xiaowan said, "what about the sunset? How is Xiyan? "

"She has been transferred to foreign experts for treatment."

"Thank you, Feng Yan."

When Feng Yan leads Su Xiaowan out, a black luxury car just stops at that end, looking at the two people and smashing their car.

Su Xiaowan, how can you!

"Young master, Miss Shen is not devoted to master Feng. If these photos are seen by Miss Shen, I believe Miss Su will come back to you without our help..."

The man holds those photos tightly and comes back to him... Su Xiaowan won't.

He knew her temper.

She has her own insistence, even if it's what she says.

.....

At night, Su Xiaowan is lying on the bed and can't sleep. I don't know if she hasn't slept at home these days, so she knows she's in bed. She has lost sleep for several days. But these days, she can't see Feng Yan. Maybe she was in the hospital with her a few days ago and was in a hurry to deal with some things.

Think of Feng Yan, she a light slightly flash, she and Feng Yan... Although Feng Yan will take the initiative to kiss her, but never move her.

Is that true?

But she clearly felt something wrong with Feng Yan

She suddenly thought, how now all in her mind is Feng Yan... Feng Yan... She wants to find her brother, but if Feng Yan helps, is there a greater chance?

However, if Feng Yan made a deep investigation, would she be exposed by herself? He has a bad temper. Once he knows to keep it from him

At that time, what can Feng Yan do with the Su family?

Then you never have to know where your brother is.

Su Xiaowan searched the Internet for the features she didn't mention, and saw that the online diet therapy was a recipe. She cut a picture.

After all, these characteristics are really similar to Feng Yan.

Su Xiaowan got up early the next day and showed the recipe to the chef. "Just drink this this morning. Boil it for Feng Yan alone, and I'll have some salad."

Feng Yan sat in the living room, looking at the yam and bullwhip porridge in front of him, frowning, watching Su Xiaowan eating the fruit salad with relish.

"What is it?"

"This can be treated..."

Chapter 178

"... it's porridge. It's good for your health. You're so busy with your work. You have to get up early every day and be greedy for dark. You have to make up for yourself." Su Xiaowan gave him a smile. She didn't dare to say that Feng Yan didn't give up. "Drink while it's hot."

"Congee." The man at that end looked at her eating the fruit salad, which was not suitable for eating in the morning. He pushed his bowl of porridge.

Su Xiaowan frowned. "I ate a little too much yesterday. That's enough."

"Shall I say it again?" He frowned, suddenly got up, scooped a mouthful of porridge, quickly pressed her head, and then stuck her lip.

Was stunned by her sudden action, that pair of beautiful eyes flashed for a while.

"Fengyan."

"If you don't want me to feed you in this way, just drink this bowl of porridge for me!" Feng Yan glanced at his watch. "Aunt Li, watch her eat it all, or she will not be allowed to go to work!"

"Yes

"Feng Yan, you are so overbearing! It's not like I can... "

"If you don't drink any more, your salary will be deducted!"

Su Xiaowan angrily took the spoon and ate it in front of the man. She seriously suspected that Feng Yan was intentional.

But she can't go to work if she doesn't eat, and her salary will be deducted!

Feng Yan, the tyrant!

When I went out, a woman in a serious suit came out, "young grandma, I'm the bodyguard sent by the young master to protect you. My name is Cheng Weiwei."

"Bodyguard?"

"Yes, I will always protect you when you travel in the future."

Su Xiaowan left in a hurry, suddenly his stomach was a little upset, "young grandma, I'll wait for you at the door."

"Well." She rushed into the bathroom and vomited.

It happened that there was a woman with a big belly at that end. Su Xiaowan pressed her heart and vomited wildly. She couldn't stop her tears.

"How long have you been pregnant? Look at your stomach for a month at the most? "

Su Xiaowan shook his hand and pulled the tissue. "I ate something bad."

"But you are as like as two peas before I was pregnant. Are you married? Do you wear a condom when you do it with your husband? If you look like this, maybe you're really pregnant. I was vomiting all the time. I have a pregnancy test stick here. Here, I'll give it to you... "

Pregnant?

Su Xiaowan Lengshen, Fengyan not lift, how can be pregnant?

But when I think of the night when she was drunk last time, she woke up in the same bed with Feng Yan in untidy clothes

Although Feng Yan said that they didn't sleep, it was obvious that he was angry at that time, and it was her own guess that Feng Yan didn't give up.

She seems more and more bottomless

Su Xiaowan's mobile phone suddenly vibrated, "where have you been?"

She came back to herself, "I'm in the hospital."

Su Xiaowan takes the pregnancy test stick and puts it into her pocket. Then she turns around and goes to the internal medicine department. Cheng Weiwei goes to get her medicine.

After checking, I saw Feng Yan coming in the corridor.

"Feng Yan --!" She waved to him. She wanted to run to him, but she thought that she might be pregnant... Even her steps were slower.

"Snails climb faster than you."

Su Xiaowan took Feng Yan's hand and put his fingers together. "We've only been married for a short time. Do you start to dislike me now?"

When she comes out with Feng Yan, she looks at the man at that end, Xia Chenyan.

Beside him stood a woman, Su Qiqi.

I never expected to meet you in such a scene.

Xia Chenyan looked at the two people standing at that end. They seemed to be a perfect match, and immediately felt that they were particularly dazzling. Feng Yan would never do this to a woman. The way he hugged a person out of his instinctive reaction really made him jealous.

Su Qiqi looked at the man at that end, and his heart trembled.

"Chen Yan, don't go there. Su Xiaowan is infected with mers --!"

"Let go." The man looked at the woman at the other end. The woman knew that she couldn't fight him. After all, he wanted to see her, so she couldn't

Su Xiaowan looked at the man and frowned. Before she could react, her lips were blocked by him.

Suddenly, there was a pause.

That kiss, with fanaticism and hegemony, seemed to declare sovereignty.

Xia Chenyan clenched her fist. Although she knew that she married Feng Yan, they would do anything that husband and wife would do, he was still angry when he saw such a kiss in front of him.

I want to break them up.

Finally, Feng Yan took Su Xiaowan on his shoulder.

"Feng Yan, you can't carry me..."

"Try hitting me again!"

Su Xiaowan punches him with her fist. Feng Yan thinks that it's for the sake of the man that she turns black. This damned woman has this man in her heart.

Suppressing her anger, she was pulled into the car.

As soon as Cheng Weiwei took the medicine, she saw her young master's gloomy face and Bolun who was driven out by Feng Yan, "... What's the matter?"

Fengyi, "jealous, sultry men are like this!"

Cheng Weiwei, "... Will the young granny be ok?"

"If we don't leave, we will be the ones who have something to do!"

Su Xiaowan rubbed his stomach, very angry, "Feng Yan, what are you doing?"

The man suddenly got up, in her eyes, the handsome face constantly enlarged, holding her lips.

Chapter 179

She drove straight in, as if trying to annihilate her.

"Feng Yan, if you do this, I will..."

Pa -!

Su Xiaowan slapped Feng Yan in the face.

Feng Yan's body was shocked, and his heart was filled with emotion. At this moment, it was like a sudden tsunami.

She pressed the woman on the seat of the car and buckled his head. She was not allowed to resist.

He kisses Su Xiaowan like a wild animal, and his scarlet eyes reveal deep anger.

There was a sense of suffocation in his heart. Even now he was kissing her, and she was right in front of him, but he still didn't know why. He was always dissatisfied.

It's empty.

"Oh, you release... Seal..." the kiss of the kiss, let her gasp, Su Xiaowan struggling, can't avoid, that kind of feeling abnormal frightening, as if they can't control anything, she suddenly reached out and slapped him in the face.

Pa -!

The clear sound just exploded in this car.

Su Xiaowan looks at her hand.

At this time, Feng Yan's face suddenly black to ink, deep not see the bottom, she unexpectedly for that Xia Chenyan, hit him twice!

Su Xiaowan looked at him, only to feel that a cold wind came out in vain around him, and then she was

gloomy, as if she had done something unforgivable!

It seems that she has been convicted all of a sudden. She clenches her fist tightly and puts it on her stomach. It seems that only in this way can she feel at ease.

Su Xiaowan was sitting in the car. Both of them were very ugly. There were traces of the man's gnawing on her red lips. She looked at the man's gloomy face and was angry. It was him... Now she was angry, and it was all her fault.

"Feng Yan, what are you doing? You're going to break my mouth

"Get out of here --!" His roar was hysterical.

Suddenly, Su Xiaowan was stunned.

"You... Just don't make sense." Su Xiaowan's lip was bitten dazzling, at the moment by him a roar, suddenly Leng for a while, looking at his scarlet eyes, also don't bother to argue with him, this capricious temper, she can't stir up.

She opened the door and listened to the man at the other end saying, "don't come back after you dare to go down!"

The sound was loud.

Step a meal, but after all she is also a temper, "don't come back don't come back, Feng Yan, I won't go back."

Then he closed the door with a bump.

Su Xiaowan stumbled out of the car. Then, looking at the car at that end, she left at a flying speed, as if she were some kind of garbage. Su Xiaowan couldn't help rolling her eyes.

The car left quickly, leaving the shadow behind and disappearing all the time.

If it wasn't for the appearance of Xia Chenyan, he really didn't know that the woman who said she had put him down was all perfunctory.

The speed is gradually increasing, and the sports car is driving fast on the road.

Su Xiaowan looked at the bright lights of the night and frowned. Where did this letter take her and where is this place?

How come she never came!

"Little granny."

"Don't call me little grandma, I'm not a little grandma --!" Su Xiaowan angrily looks at Cheng Weiwei who comes by. Feng Yan is a disgusting smelly man. She doesn't serve him anymore. "You don't have to follow me."

But Cheng Weiwei still keeps up.

"Feng Yan has abandoned me. What are you going to do with me? Go and protect the next one. "

Cheng Weiwei looks at the angry little grandmother. Just now what happened to the two people in the car, "little grandmother, I only follow the arrangement of the young master to protect your safety. No matter what your identity is, it's my responsibility to protect you."

They're all wooden heads. They don't know what to do!

I'm so angry.

Su Xiaowan angrily returns to Xiyan's home. Fortunately, Xiyan's home is fingerprint identification, otherwise she may not even have the only place to stay. Cheng Weiwei wants to come in, but Su Xiaowan blocks her.

Xiyan doesn't like strangers coming into the house.

She took the necklace from her neck and put it into Cheng Weiwei's hand. "I don't want his things. You can help me return them to him."

With that, he closed the door.

Cheng Weiwei looks at Su Xiaowan. Her outstretched hand is still there. She can't go back for a while. She finds out her mobile phone and starts to find a place to stay on this floor.

Now, I bought the one next door.

But this... Necklace?

Su Xiaowan lies in the living room, takes out the phone and calls Xiyan. For such a long time, she doesn't know what happened to her? Feng Yan said that she was receiving treatment abroad. Although she knew he would not cheat her, she was still worried. She couldn't get through the phone a few days ago, and she couldn't sleep well recently.

"Hello, who is it?"

There's a voice from that end. It's a man's.

"I'm looking for sunset."

"Who are you?" Lu Shimian's voice is hostile. He knows that Xia Xiyan has been living with a woman. If he knows which woman it is, he must have skinned her.

"I'm my friend." Su Xiaowan listened to the voice at the other end. He felt that this man was hostile and his voice was familiar.

Next second, listen to the voice of that end, "hello --!"

It's sunset.

Xia Xiyan stares at Lu Shimian, then goes to the bathroom to answer the phone, "Xiaowan."

"Xiyan, are you ok?"

Listening to the familiar voice, Su Xiaowan was relieved. She had been worried about what happened to Xia Xiyan. Now she finally heard his voice.

"It's all right, Xiao Wan. I haven't been able to go back these days. You should take good care of yourself at master Feng's side!"

When it comes to Feng Yan, Su Xiaowan is very angry. Originally, she wanted to talk to Xiyan, but thinking about her illness, she only said that she should take good care of herself and cultivate herself.

I hung up.

Su Xiaowan leans on the sofa. She doesn't know what the reason is. She has a headache. She nests in the sofa and lies there powerlessly. The ring is shining. Su Xiaowan pulls it and throws it on the ground.

She doesn't want any rings! Why is she wearing this ring!

It's quiet.

Su Xiaowan looks at the ring on the ground. It's shining. He doesn't know whose eyes it has changed.

Take it easy. She can't be angry.

Bend down to pick up the ring again and put it on your hand.

.....

villa.

Cheng Weiwei came back to report Su Xiaowan's whereabouts, but as soon as she entered the study, the cup hit her feet and broke into pieces. Looking at the things on the ground, you can imagine how angry the man was after he came back.

"Who asked you to come back?"

Chapter 180

Cheng Weiwei always feels that all these things are too weird today, which makes people feel that some people have no time to think, as if they are involved in a whirlpool. She looks at the man's cold eyes, and the young master is so angry that she has a posture of world destruction.

She took the necklace out of her pocket. "That... Young master, young grandma asked me to give this back to you."

This necklace, according to Bolun, is a family heirloom of Feng family. Outsiders have no chance to see it. The necklace itself looks like an ordinary one. However, Cheng Weiwei heard that there is a big secret behind this necklace. It can be said that... This necklace represents all the money of Feng family

Basically, the young master gave all his worth to this woman.

What does this mean? She doesn't have to tell us what kind of existence this woman is in Feng Yan's heart.

"Get out!"

"Yes."

Cheng Weiwei put things there and carefully brought them to the door. The room was quiet again.

He reached for the necklace, as if he could feel her residual temperature. He held it tightly, thinking about her eyes in the car, and the fire was coming out again.

Xia Chenyan!

Her heart is only that Xia Chenyan, isn't it?

Su Xiaowan, how are you.

At night, moonlight flashy, through the window, all fell on the woman on the sofa, she had a nightmare, there was a gunshot in the dream, she even saw the man who shot and killed, there was no temperature in her cold eyes.

For the first time, she saw someone so cruel that she even saw a bloody man fall in front of her. Her first

thought was to run away.

Then, she dreamt of a beautiful man, very similar to Lu Li. The man raised her face slightly, bent down, and her beautiful thin lips fell on her lips.

"Why do you want to leave me? Su Xiaowan... "

The man's lip gently sucks, but suddenly, Fierce bite her lip, which makes her suddenly open her eyes.

Body tired virtual soft, let her whole person extra tired.

Close, cold, sneezing, cough all came, Su Xiaowan touched the forehead, she had a fever.

Wearing a dress, I went downstairs to buy cold medicine at the drugstore in front of the downstairs.

It was almost early in the morning, and the night was foggy. Su Xiaowan knew that the drugstore downstairs was open 24 hours a day, but when she went out, she was still in a trance with the dim light.

A black Rolls Royce, the man in the car scarlet eyes, staring at the woman into the drugstore.

Su Xiaowan bought some medicine in the drugstore. Suddenly she thought of something and touched her bag, but she didn't know when she lost the pregnancy test stick.

"Bring me another pregnancy test stick."

"Little sister, 280 yuan in total!" She looked at the cold medicine, saw the taboo above, thought, if she is really pregnant, then she must not take medicine.

"Forget it, I don't want any cold medicine."

Before long, Su Xiaowan came out of the drugstore with a bag. In the middle of her walk, she suddenly felt that someone was following him again. The community was not very safe. Although she knew something about triangle cat, she couldn't work hard with a person who was ready. She grasped her step, almost went upstairs in three steps and opened the apartment door, Then several locks were put on.

Through the cat's eyes, I didn't see the person standing in the corridor.

She's too nervous.

"Cough, cough!" Su Xiaowan covered her mouth and coughed for a while. After coughing, she felt uncomfortable in her stomach. She went to the bathroom and vomited.

Looking at the pale face in the mirror, even for a few seconds of illusion, she looked down at the flat

stomach.

—Is there a baby in her stomach?

She was just about to open the package, but the mobile phone in the living room vibrated. Who would call her in the middle of the night!

She took a look at the mobile phone and found it was Feng Yan.

Angry hung up the phone, and then climbed into bed, she had lived here in college, that soft little bed but how can't sleep.

Basically, a phone call in half an hour made her angry. She opened her cell phone and suddenly her mood exploded, "Feng Yan, what's the matter with you in the middle of the night --!"

After roaring, Su Xiaowan's eyes were red, and her chest under the clavicle was undulating. She didn't hear the sound of that end. Then she hung up in a hurry, turned off her mobile phone and threw it into the pillow.

Tuck in the quilt and go back to sleep.

In the middle of the night, I had a high fever and seemed to be a little depressed.

Her lips were very dry. She got up and drank water several times, but she forgot in the end.

In the car.

Dim light shining on the man's handsome face, the mobile phone in an instant, he was thrown out of the car, fell on the ground, looking at the weak light upstairs.

She hung up on him!

I don't know what's wrong with him at all, but he's here in the middle of the night.

"Pa --!"

Feng Yan roared and punched the steering wheel.

The sound of Didi, in this dark night.

Su Xiaowan blindfolded quilt, the home's sound insulation effect is not good, she listened to the noise downstairs, "in the end who is not sleeping in the middle of the night!"

In the distance, a newly arrived car, in which sat a man, "young master."

The man's eyes slowly looked at the car at that end.

Without looking up, he looked at the place where the light had gone out.

Xia Chenyan choked out a sneer from his throat.

The driver looked at the corner of his young master's mouth. He was curving and sneering. His head hurt a little and his whole body trembled.

Since the young master came back from abroad, he felt different from before.

But it's not strange.

Such a night, the treetops cut shadows, rustling.

Xia Chenyan and Feng Yan's cars were parked there smoothly, and no one left.

Until the clouds appeared in the sky, Xia Chenyan told the driver to drive.

"But..."

"Go back."

The driver doesn't understand. It's been waiting all night. At dawn, Su Xiaowan will definitely come out. How did the young master arrive and leave?

Isn't this for others to stop and board first?

If you're right, it's the master's car.

.....

Su Xiaowan is still working normally, but the only difference is that she needs to start to squeeze the bus.

People are really sentimental creatures. They are used to being picked up every day and need to be crowded in the crowded bus. Su Xiaowan subconsciously covers her stomach because of the stuffy carriage and the crowded crowd. She is afraid of bumping.

Fortunately, the f.y. group is not far from home.

But, unfortunately, even God has to bully, just get out of the car, it began to rain, she was wet to the end of the run.

"Xiao Wan, why are you late today --!" Brother Chen looks at Su Xiaowan who comes very early every day, but he comes very late today, even in a mess.

She touched her wet hair and coughed for a long time before she stopped. At the moment, she took a look at brother Chen. "I didn't bring an umbrella. I was caught in a little rain on the way."

"Go to the bathroom and wipe it! You are like a drowned chicken now -- "

She is not only a drowned chicken, but also a water ghost. The heavy rain just now almost killed her.

The clothes are all wet.

"Cough, cough." Su Xiaowan covered her mouth and turned to the bathroom.

What is Chen Ge Gang going to say? Suddenly, he looks at a sharp line of vision coming straight at him. Is the president coming? Why, it doesn't look good. It looks like I haven't slept all night.

"President --!" Brother Chen looks at the man who is threatening, and his heart is beating.

But the man looked at him coldly. Brother Chen left suddenly under the gaze of the man beside him.

The man's line of sight passed her and looked at the figure at the other end. She was coughing, covering her mouth. Where was the cough? I don't know why, there was a pain in her heart somewhere.

This damned woman just left him for one day, just like this.

Su Xiaowan, it must be on purpose.

.....

"Xiaowan, is it strange that we all seem to have caught a cold in this hot day when we drink this bowl of ginger soup?"

Brother Chen looked at Su Xiaowan's red face and thought, "Xiaowan, it seems that you are in the rain today. Isn't this ginger soup specially for you?"

Specially.

Those two words stunned Su Xiaowan.

Feeling the kind of heart shaking for a while, she took the mouse, "how possible, I don't like to drink ginger soup."

Su Xiaowan looked at the big bowl of ginger soup on the table. She didn't like it all the time. She thought it tasted very strong. Even if she put it in front of her, she thought it smelled very bad.

She covered her nose and reached out to push things aside. She ignored them and was eager to devote herself to her work. Unexpectedly, the last assessment was postponed to this week because of Lu Li's absence.

However, I didn't decide the specific number. I heard that Lu Li hasn't been to the group for a while.

However, Su Xiaowan felt that the more she sat, the hotter it was. The office felt like a hot Kang. After sitting for a while, her whole body became hot.

I feel like I had a high fever last night.

"Why is it so hot?" Several colleagues looking at each other's face, a bean big sweat all rolled down.

The manager came at the right time and said, "the air conditioner in the office is broken! I've already sent someone to repair it, so I turn off the air conditioner when it's hot... Open the window for ventilation, and it's cool outside. "

A few colleagues sigh, how cool is the wind energy blowing in from the sun outside, and some of them can't stop sweating after drinking ginger soup.

Su Xiaowan felt that her clothes were all dry, and for a moment, she felt a little hot and dry. It was the first time that we met such a thing. We could not help complaining, but no one dared to tell us about it. After all, no one wanted to miss such a high salary.

They ran over and opened the windows.

In summer, the wind outside the window is hot. Although there is a heavy rain in the morning, after the sun comes out, the steam evaporates and completely heats the air.

Hot and dry air, many people can't stand the heat, their faces are covered with sweat, but also dare not say a word of complaint, have lowered their heads are doing their own work, in the hot, rushed into the bathroom to wash their face..

Looking at this decadent look, the manager frowned and took a meaningful look at Su Xiaowan. Looking at the ginger tea on her desk, "Xiaowan, come to my office."

Su Xiaowan was named by the manager, stunned for a while, and then put down the things in his hand, some scared went to the office.

In this assessment, the opinions of the leaders also accounted for most of the points. Su Xiaowan has been asking for leave, thinking that the leaders must have a bad impression on her.

After all, work is not for fun.

"Xiaowan, you've been here for a while, this time..."

Sure enough, it's her fault.

Su Xiaowan dropped her eyes and listened carefully.

President's office.

"Little grandma didn't drink a mouthful. She has been coughing all morning."
