Chapter 181

Fengyi stood there, reporting the news from downstairs.

"I deserve to die!" The man's eyes stare at the statement in front of him and opens his mouth coldly.

Fengyi stood there, really want to expose the man's hypocritical face, the man with a hard mouth, he clearly ordered.

The man's handsome face was as quiet as water, and his slender fingers pointed at the keyboard of the computer, "go and call Su Xiaowan for me --!"

"Yes."

"Turn off the air conditioner."

Fiefdom, "... Yes."

If you like people, just say it. When the air conditioner was turned off in Fengyi, I felt very sad. I went back yesterday and got so angry, but now the fire is so big.

I feel like I will become cannon fodder at any time.

After su Xiaowan has just been deeply talked by the manager, she receives a call from the president's office, asking her to go to the president's office and hand in her works.

Although the painting was finished very early, Su Xiaowan knew her own level. F.y group has always been famous for its preciseness. I'm afraid it's very difficult for Lu Li to pass.

Moreover, she can't open the back door now. I just hope Lu Li doesn't embarrass her. Su Xiaowan has never been so nervous today.

Take a deep breath and knock on the door.

"Come in!"

Still low and unchanging tone, some like the bad man, Su Xiaowan heard the voice push the door in, it was very hot inside.

Is the air conditioner in the president's office broken?

"President!"

The man didn't look up at her at all, as if she didn't exist. It was a kind of deliberate feeling.

Su Xiaowan stood there and scolded Lu Li several times in her heart. In a fit of anger, she began to cough again.

"Cough..."

She covered her mouth, coughed for a moment, and then called out, "president."

The man's eyes slightly raised, looking at the ring on her hand, deep eyes staring at her eyes, "come here --!"

Su Xiaowan is closely watched by the man's black eyes. The man's eyes seem to have a black whirlpool. She seems to see some different emotions in the man's eyes.

And that look, like Feng Yan.

In fact, Su Xiaowan didn't look at Lu Li much all the time. She didn't like this man very much. Maybe he was too dazzling, especially his blazing eyes. She always felt uncomfortable looking at the prey.

"President, I drew this."

She had nowhere to dodge and walked towards him, but within a safe distance of his desk, she handed things over.

The man looked at her paintings. Her paintings are not as good as her musical ability. They are very rough. The works drawn by anyone in the design department should be much better than her.

The handsome man raised his lips and said, "you've been here so long, have you learned this?"

As soon as Su Xiaowan's face changed, she basically heard what the manager said just now. Now Lu Li says that again. It seems that she will soon lose her job.

She was silent.

Because she doesn't have enough confidence to say how perfect her painting is. After all, Lu Li's level is far higher than hers.

In front of him, it's no fun asking for help, but at least it took several nights of hard work. No wonder most of the men in this company are bald.

"I'm sorry that I failed to live up to your expectations, but Mr. Lu, no matter what the result is, I hope you can handle it impartially. I know my own level. I really appreciate your help during this period, but it's unfair to other employees just to help me open the back door."

The man cold hum a, really want to scold a, I give my wife salary to others think fair do what! But looking at Su Xiaowan's face, he put up with it again and gritted his teeth, "you are very considerate of others!"

"The assessment is the survival of the fittest. I was psychologically prepared before I came in." A woman's mouth is neither humble nor overbearing.

The man's face immediately cooled down, "I've quarreled with Feng Yan. Now I don't want to work together! Su Xiaowan, since you don't want to do it, go to the finance department to get your internship salary. "

Su Xiaowan was stunned. Feng Yan told him all about their quarrel? But she seems to have just heard that she's going to the finance department to get her salary, and she's fired?

"... are you serious?"

"Do I look like I'm kidding you?"

She dropped her eyes, "I see. Thank you for your care."

Su Xiaowan ready to go, but just a step up, listening to the man behind the mouth, voice cold, "stop!"

"President, what else can I do for you?" Then it was another cough.

"If I tell you to go away, you can go away. If you are so obedient, you won't make Feng Yan angry!" The words were quite like a common enemy. Yu Guang glanced at her face.

Su Xiaowan, "..."

"Go down to work."

She really suspected that Lu was not schizophrenic?

Until she closed the door and came out, Su Xiaowan didn't realize it, so she passed the examination now?

But for some reason, she didn't feel any joy.

The reason why Lu Li let her pass the examination must be because of the asshole. She was very angry at the thought that the asshole let her get out of the car indiscriminately.

She never paid any attention to Feng Yan, even kneeling in front of her.

She glanced at her watch, and it turned out that it was close to work time. Su Xiaowan sat quietly, looking out of the window at the scenery. F.y group is the most prominent symbol of the city. It's famous for its unique location. She happened to be able to see the traffic in the distance.

Before long, the manager took an entry application and said, "Xiao Wan, congratulations on becoming a regular employee!"

She came back to herself, took the entry application form, and looked at the words on it, which... Seemed to be written by Feng Yan.

"It was written by President Lu?"

"Yes." The manager looked at her, Su Xiaowan drooped her eyes, "what's wrong?"

"No

"Then write your name on it."

"Oh." Su Xiaowan lowered her head and signed her name.

I don't know why, she always felt there was something wrong, just like the handwriting... This familiar scene, like signing a contract of sale.

"Xiao Wan, Congratulations!"

"Thank you."

"Why don't we go to dinner after work?"

"Keke --!"

"I'm sorry, I'm not feeling very well today. I'll invite you to dinner some other day." After that, he coughed again. His colleagues looked at Su Xiaowan's appearance, and his pale face was not good. Then he said something more difficult. He took care of her and paid attention to her body, so he went back to his home.

Just as she was packing up, an email miraculously came from her computer.

A sentence flashed on the screen: if you want to know the whereabouts of your brother, come to King for me!

These two words are enough to grab all the nerves of Su Xiaowan.

Brother

Her lips moved, holding the mouse to open the mailbox.

I saw the writer.

Chapter 182

Xia Chenyan knows who she is thinking of, so she pinches her weakness, but what he doesn't know, except Su Zheng, no one will know about her younger brother.

Xia Chenyan just wants her to find him

But she didn't want to see him at all.

People don't deal with people they don't like, especially now she doesn't think about anything.

She sat on the bus, listening to music with her mobile phone, listening to Chopin's piano music, she was a little bored.

She leaned against the window, closed her eyes, as if watching the notes passing in front of her.

Let her upset up, in the morning after the rain, she felt so stuffy in the car, the body began to feel uncomfortable.

Dizzy, she felt very hot and uncomfortable. It felt like she was floating in the sea and couldn't breathe.

Finally got out of the car.

It was the cool wind that made her feel real.

In the evening, the pedestrians are in a hurry. Su Xiaowan walks slowly along the sidewalk. She is a little disappointed. In this big city, she can't resist the loneliness. At the moment, the shadow is thin, which sets off her loneliness. The slender figure walks on the street, her eyes are at a loss, and her stomach cries out out out untimely.

She just remembered that she hadn't eaten all day.

"Gulu!"

Su Xiaowan touched her stomach. She was thinking about where to eat, but she turned her head over her bag and found that there was only ten yuan left.

She doesn't have the talent to manage financial affairs. As long as the money is put on her, it will definitely fall out. She usually keeps it for Xiyan. When she goes out with Xiyan, she doesn't need to bring money. As time goes by, she gets used to it.

Now I'm going all over my body, and it's only ten dollars.

Even in the mobile phone, there is no extra money.

In the distance, a car followed closely, watching every move of the woman. Feng Yi looked at the man in the back seat, but he couldn't see the waves in his black eyes.

"Young master, why don't I ask grandma to get on the bus? Today, she hasn't eaten all day and has been working... "

.....

She went into a small shop, where just ate wonton, not many people, in this hidden in the street shop, with other places out of place.

Ten minutes later, Su Xiaowan took a bite from the bowl of wonton.

It doesn't taste good.

She ate a few mouthfuls in a hurry and paid ten yuan to the merchant, but the merchant stopped her. "Miss, you are the 100th customer in our store. Today, we are just grateful to our guests. We have a mysterious meal for you!"

Su Xiaowan looks at the dishes, steak, spaghetti, foie gras... Which are all high-end ingredients. This small restaurant

"This is... For me?"

"Yes."

Su Xiaowan looked out of the window and felt that someone seemed to be paying close attention to her actions, but she didn't see anything.

However, she was also hungry. Looking at the food in front of her, she took a mouthful of it. It tasted a little familiar. It was like a family seal

Do you even have a meal now? Su Xiaowan frowned and ate quickly.

The sky outside is about to turn black. After eating, Su Xiaowan stands on the curb and begins to press the road.

"Keke --!" Just as she bowed her head and coughed, suddenly a black car came with dazzling lights. It was an emergency brake.

Su Xiaowan didn't have time to hide, so she was hit on the ground. Fortunately, she just wiped a little skin. Su Xiaowan looked at her wrist and listened to the familiar voice.

"Su Xiaowan, you don't have eyes!"

Su Xiaowan looks at the woman, Su Qiqi.

"Su Qiqi, this is a non motorized Lane --!" Su Xiaowan looks at the Sao Bao sports car in front of her. It seems that this one was bought by Feng Yan. Thinking of Feng Yan, she gets angry one by one. Su Xiaowan can't help kicking the car.

Su Qiqi looked at the woman at that end. The car was her baby. As a result, the woman kicked her baby. She ran down angrily and grabbed Su Xiaowan's arm. "Su Xiaowan, you are crazy! Do you know how much the car costs? "

"The money for the car is from Feng Yan. Can't I kick it a few feet?"

"Su Xiaowan, you..." Su Qiqi suddenly blocked words, can't refute, think of a few days ago, Su Xiaowan in the hospital, Su Qiqi's eyes staring at her stomach.

"Su Xiaowan, you are wandering on the road in the middle of the night. Are you abandoned by Feng Yan?"

Su Xiaowan ignored her. As a result, the woman suddenly got excited and chased Su Xiaowan, "is it difficult that the child in your stomach is really not a young master? Do you really steal a man behind his back

The woman's action was very rude. She pulled the wound on her wrist. Su Xiaowan frowned and took a cold breath.

"Let go of me!"

Su Xiaowan's body was suddenly pushed by Su Qiqi, and her steps faltered, so she sat down on the blind path, and her skeleton was about to scatter.

"You cheap woman, you really stole a man behind the back of master Feng. We are really going to be killed by you! Come back to daddy with me

"Su Qiqi, if you dare to catch me, I'll tell Feng Yan!"

The woman's hand was frozen in place, "Su Xiaowan, have you not been abandoned?"

"Who told you I was abandoned! Feng Yan loves me very much. Didn't you see it a few days ago? " Su

Xiaowan covered his stomach, just fell down, instinctive protection.

Su Qiqi is a smart woman. She saw the scene that day. She can't miss master Feng's feelings about Su Xiaowan.

It's a man's possessiveness for women.

"I'm relieved that you haven't been abandoned, Su Xiaowan. Don't forget that if you want to know about your brother, you have to stay at Feng's house all the time. Unless master Feng doesn't want you, you will die there!"

Su Xiaowan glanced at Su Qiqi and watched her happily get into the car and go at a high speed.

.....

Su Xiaowan looks at the car.

The breeze was cool. She kept this posture and thought of the past. When she first entered Su's house, Su Qiqi looked like a beggar.

Even that night, Su Qiqi shut her up in the dark room, wronged her for stealing food from her family. She was a girl from the countryside. Su was a person who paid attention to rules. That night, she beat her up and said that her hands and feet were not clean.

Those memories, such as fleeting.

Think of it, some far, but some near.

Her eyes were fixed. Before she could react, she was suddenly picked up by someone. The next second, she looked at Feng Yan with a gloomy face.

She looked at the man holding him in amazement. Feng Yan's narrow eyes were looking ahead. His palm was very warm and scalded her skin.

"Feng... Feng Yan."

She is in a mess now. Her clothes are dirty because it rained in the morning. The ground on this side is low-lying and there is some water. Just now she sat down and her pants were dirty.

Now, it seems that Feng Yan has been soiled.

"Cough..."

Being thrown into the car, Su Xiaowan suddenly reacts that the warm carriage is so familiar that she

can't tell. Suddenly, she reaches out her hand and opens the door to go.

"You dare to go down and have a try!"

Chapter 183

The man looked at her coldly, as if warning her.

Su Xiaowan side head, "Feng young master should not forget, a few days ago you told me, never come back."

"I'll let you go, and you'll go. When have you been so obedient?" Feng Yan gritted her teeth. If she hadn't seen the ring on her hand, her eyes would have shot her countless times.

"I've always looked at people's faces since I was a child. You don't like me. I'm going to stay here, isn't it to block you? What's more, it didn't belong to me. I was just bought by you. " Su Xiaowan is clear about her identity. She angrily says that she doesn't even look at Feng Yan.

She was bought by Feng Yan. After all, in Feng Yan's heart, she was not even a person.

"Who said it didn't belong to you?"

Su Xiaowan is stunned. She looks at the arrogant man with a cold face. Suddenly, she can't understand his temper. With her current understanding of Feng Yan, she thinks that he doesn't like others to disobey him. Lu Li also says that he likes cute, but sometimes it seems that she can't understand her at all.

Who said it didn't belong to her?

What does this sentence mean.

Feng Yi looked at the two men and said, "young granny, the young master is not angry anymore. He means to let you go home quickly. It's not safe for girls to stay alone outside."

As soon as the words came out, Fengyi received two eyes.

Su Xiaowan pursed her lips and peeped at the man's eyes, cold and aloof.

"Come here --!"

"Why..." Su Xiaowan had some shadow over his actions that day.

"No more arms! Reach out"

She looked at her wrist. The wound was bleeding, but part of it had dried up. Looking at Feng Yan, she

took a disinfectant, as if to disinfect her.

If you don't even care about people, you will be ferocious. No wonder no woman dares to marry him. Su Xiaowan is very sad.

"Thank you." The voice was very light, but Feng Yan heard it.

The man snorted, "if you want to be so good every time, you won't always make me angry!"

Su Xiaowan raised her head. The man's words made her a little dull, but she thought for a moment, "Feng Yan, it's clearly you are unreasonable --!"

"Su Xiao... Su Qiqi, are you so obsessed with other men, or am I unreasonable? You've turned a deaf ear to my words, haven't you

Su Xiaowan raised her eyes, so Feng Yan... It was Xia Chenyan that day, so... His behavior is... Jealous?

Su Xiaowan was startled by his idea.

"Take her to the hospital!"

"I... I don't want to go, cough..." as soon as Su Xiaowan finished, she coughed fiercely. She covered her mouth and coughed.

Feng Yi hasn't started the car yet. Looking at the scene behind, Feng Yan scolds coldly, "are you deaf? Didn't you hear me say I was going to the hospital? "

"Yes

Su Xiaowan stares angrily and wants to refuse, but now... Forget it, she doesn't want to talk to the stubborn man.

It's no use saying that.

In the distance, a car bumped into a big truck with sparks, which immediately caused a major traffic accident. At the moment, Su Qiqi's head was covered with blood and fell into the compartment, and one side of the sports car was smashed to pieces.

There was a lot of noise around, but now the people inside couldn't hear a word at all.

hospital.

Last night a series of tests, Su Xiaowan has been exhausted, at the moment looking at Feng Yan in front of those pills, a burst of refusal, "I don't eat!"

"Eat --!"

"Cough, cough." Su Xiaowan refused to look at the pills, "I don't have a bad cold, so I don't need to take medicine."

The man's cold eyes are stained with thick haze.

"Am I too used to you?"

She looked up, stubborn don't face, she really don't understand what he is angry, clearly is his unreasonable throw her out of the car!

"Feng Yan, I said I would not eat."

The man looked at her condescensively, "give me a small temper to see, I have a lot of ways to let you eat --!"

Su Xiaowan feels that this man is really overbearing and unreasonable.

"Now it's up to you to eat, or I'll feed you to eat, and you choose --" Men's sexy lips open and close, looking at the woman on the bed, with a deep warning in his black eyes.

"Feng Yan... I won't eat it." She stared, eyes fell on the man in front of him, hard hit off the man's hand.

She was very hard, and now the man's hand was hit red by her.

As soon as the man's handsome eyebrows sank, the whole person exuded a kind of gloomy atmosphere. He stared at her tightly, and the flow of breath between the two people was more strange and depressing. The next moment, she watched the man suddenly stoop down and kiss her mouth.

Su Xiaowan was forced to swallow the bitter medicine in his mouth.

Su Xiaowan felt sick and wanted to vomit, but her hot lips still didn't leave.

Pa -!

Su Xiaowan hit the man at random.

The wrist is grasped by the man, "Su Qiqi, this is the third slap!"

"... yes... I'm sorry."

"Sorry, forget it?"

"That's not you... Yourself..." Su Xiaowan bit her lip and felt that as soon as the medicine entered her stomach, she began to feel uncomfortable. She covered her stomach and struggled to get out of bed. Then she looked at the place where she had just sat, which was full of red. "Feng Yan, I'm bleeding. Am I going to miscarry..."

The man's face changes by the way.

Body a soft, a falter so fell down, a moment brain a blank, people fainted.

Feng Yan looked at the woman lying on the bed. For a moment, he was unprepared. He hugged the woman on the bed, "Su Xiaowan --!"

But the voice didn't get any response.

Feng Yan clearly saw the pallor on the woman's face and the blood between her legs.

The blood stimulated his nerves.

"Doctor --!"

Inside the man is almost roaring out, outside the Fengyi a listen, rushed in to see, the result is looking at the bed of a pool of red blood.

The doctor was called immediately.

.....

Su Xiaowan had a long dream. In the dream, she saw the little brother's face for the first time, which was Feng Yan.

Feng Yan is wearing a white T-shirt, full of vitality. The man has a smile on his face. That's the kind of smile she had when she had dinner with Feng Yan for the first time.

It's very comfortable. It's like spring flowers.

It's like they've known each other for a long time, a long time.

But why even dream of this person.

When the sun shines through the window, Su Xiaowan wakes up from the bed in a daze. Compared with the large area of kapok in her dream, the environment in front of her is gloomy.

It's Feng Yan's bedroom.

As soon as she opened her eyes, Aunt Li at that end saw, "young master, young granny is awake!"

Her eyes were a little dark, looking at the dark face of the man at that end, and the water hanging on her hand, "Feng Yan, did I miscarry?"

Chapter 184

Before the man spoke, she said to herself, "I knew that the child must be gone."

"You are the one who killed your child, you murderer." She said, staring at the man.

Although Su Xiaowan didn't know whether she should keep the child or not, and she was not old enough, she was obviously timid in her responsibility of being a mother. She wanted to have a chance to talk to Feng Yan, but she met all kinds of things.

But now, in such a situation, she is still very sad. Her eyes are a little red. She stares at the man and wants to bite him, but she looks pathetic.

Aunt Li's face a burst of embarrassment, "young granny, you are here, yesterday you were drenched in some rain, some empty body, so, the day ahead of time."

Su Xiaowan, "..."

Aunt Li took a look at Feng Yan and said, "young master, I'm going to prepare a nutritious meal for my little grandmother --!" Then he immediately backed down.

Su Xiaowan's face suddenly turned red with a layer of shame. Now she wants to dig a hole to bury herself. What did she say just now.

The man rolled the Adam's apple, looked at the woman's face with shame, "look at you, want to give me a baby?"

Su Xiaowan held her eyes, "no, Feng Yan, don't narcissism!"

"What did you do with such a big reaction?"

"That's... That's when I thought I was pregnant." Su Xiaowan's voice is getting smaller and smaller.

"I didn't touch you. You're pregnant?"

"Last time you didn't say we slept..." Su Xiaowan stared at him, "... You lied to me..."

"Who told me to do those things after sleeping?"

Su Xiaowan was shy. It took her a second to listen to these words. She got up from the bed and hit the man's strong chest with her fist. "Then why didn't you say it earlier? You did it on purpose, didn't you! You bastard, you want to see me make a fool of yourself on purpose -- "

The man suddenly holds her in his arms and kisses the woman's lips.

Su Xiaowan is angry, at the moment push away her, "Feng Yan, who let you kiss me! You put me... How can I see people in the future! "

Su Xiaowan's face turned red. She had never felt so stupid. Now she felt that she was really stupid.

The man lightly grasped her waist, pushed her half to the soft bed, and gently picked up her clothes with clear-cut fingers

Su Xiaowan punitively knocked on the man's shoulder, "who wants to have a baby with you, Feng Yan, you go down for me --!"

Su Xiaowan is angry and won't let him touch her.

"If you don't want to have a baby with me, why do you cry?"

"You said it! Do you feel proud of yourself? You bad man Su Xiaowan was aggrieved. He hit him with both hands several times, then wrung Xiumei angrily, and suddenly thought of something, "... My underwear, you changed it?"

The man's voice is low and magnetic, "mmm."

The figure of the man shrouded her from top to bottom. With that sound, Su Xiaowan was speechless. She stretched out her soft white hand and hit him again, "Feng Yan, I didn't expect you to be so evil!"

"It's funny to change your underwear?"

"Why not!" Su Xiaowan looked at him. She felt that her face was too red. At the moment, she suddenly thought of... "Feng Yan, can't you use the tampon... You help me too..."

The man leaned down, looked at the woman's eyes, touched her hair, "do you want me to stick it for you?"

The woman was stunned. A man like him... Condescended to help her stick it... She quickly sat up from the bed, swung her fist and hit him.

"Feng Yan, you just... I can't look you in the eye any more."

She blushed. In such an atmosphere, she always felt that the... In front of her was very pornographic.

Feng Yan looked at her delicate appearance. His lips were hooked. He looked at her like a wild cat. He hooked her with his big hand. "It's normal for men to change underwear for women. What are you ashamed of?"

"You pervert." Is it normal for men to change underwear for women?

Su Xiaowan didn't want to stay with him. He was too busy to run to his room. "I should let the police uncle arrest you."

But the man grabbed her by the wrist and handed her a cup of brown sugar water.

Su Xiaowan smelled the familiar taste, "I don't want to drink it."

"Hold your nose and take a sip." Men have the smell of deception.

Su Xiaowan shook her head and opened her lips. Finally, she took the cup in his hand and drank it. The next second, the man's strong and straight body hugged her and threw her on the bed.

"Feng Yan..."

The man's hand across the clothes, on her stomach, "still uncomfortable?"

"... Feng Yan, you..."

"Close your eyes, sleep --!"

"....."

Smelling the smell of the man, Su Xiaowan frowned, this day, what happened a little unprepared.

In the middle of the night, the man's eyes were warm staring at her, and the mobile phone on the desk rang.

"Young master, I have taught Su Qiqi a lesson. During this time, she should not appear in front of her again."

"Well."

The cold eyes, like to freeze everything outside.

His woman, even he is reluctant to touch, Su Qiqi dare!

If it were not for the sake of her surname Su, he would never have spared her.

At this time, a phone flashed in again, the man some light wrinkled, the next second, listen to Aunt Li's voice.

"Young master, Miss Shen is here. She says she has something to talk to you about?"

"No see."

"But she said that if you don't see her, she'll be here until you see her."

"Let her stay as long as she likes."

"Yes."

He turned to enter the room and looked at the little woman lying on the bed. Lying alone was enough to attract his eyes. He turned and went to the bathroom.

It took half an hour to get out.

Lying down in my pajamas.

.....

Xia Xiyan bought a ticket in the middle of the night and went back to Jiangcheng. She saw that the security door of her home was unlocked, but the door was closed. "Xiaowan... Are you back?" She called several times, but there was no reply.

Suddenly, I felt the sound of footsteps behind me.

She suddenly turned back, on that pair of cold apricot eyes, like Satan from hell, subconsciously raised his legs, toward the weakest place of a man kick.

And apparently, the man seems to have thought of her action for a long time, holding her slender bare feet in the palm, Xia Xiyan staggers forward, and the man quickly holds her in his arms.

At this time, listening to the man's voice, "Xia Xiyan, so many years still can only learn this move?"

Chapter 185

You can imagine who this voice came from.

Unexpectedly, he even knew that he had come here and followed him. No wonder he went smoothly all the way without any obstruction.

Pa -!

All of a sudden, all the lights in the room were on, shining on the golden man in front of him. The man was wearing a black suit, and his hands and feet were full of frost.

Typical, gentle scum, for his good-looking skin, women are eager to, but if you know him, you will know what kind of person he is.

"Let go of me --!"

"Let go? Did you say I would? Xia Xiyao --!" Said, the man suddenly pressed her into the soft bed, strong body slowly pressed over, "you escaped for three years, how can I punish you?"

Xia Xiyao's black hair is messy on the mattress. At the moment, her cold face is full of resistance.

"Master Lu, I'm afraid you forget that we divorced three years ago! I like women

"Divorce" these two words, all of a sudden stimulated him, the eyes of the evil color of the lips, "who is that wild woman who raises you outside in the end!"

If it wasn't for her reminder, Lu Shimian might not have subconsciously realized that he was greened by that damned woman.

Xia Xiyao hooked the corner of her mouth, "no comment!"

The man's whole face suddenly overcast, the anger in his heart was ignited, he bit out the woman's pink neck, "do you think I can't find it?"

The clear eyes were scared by such a move, but Xia Xiyao did not dare to move. On the wedding night, she would not forget, "Master Lu, with your strength, you can naturally find out, but you are green by a woman. Tell me, where is your face? Besides, I take the initiative to quit, just can give you the opportunity to pursue Shen Qi'er, now, you two unmarried men and unmarried women, how well matched

"Xia Xiyao, it's no use for me to motivate me!" The eyes were so deep that they touched his heart.

"You know if it works or not! Now that I have given you all the money back, we will not owe each other in the future. If you hold me like this, I can report sexual harassment to the police. "

"Try not to be in debt with me! Xia Xiyao, you are not clear all your life. " The man's grumpy voice rang out in this modest bedroom.

Xia Xiyao is sticking to the man's body. She hasn't experienced it before. "How, are you in a rut again?"

"Summer setting face --!"

"I really despise you. I've been fond of people for so many years. I'm also a flower protector and a tea drinker. If I were someone else, I would have turned the spare tire right. It's a pity that you don't even dare to tell them!"

"... who told you I like Shen Qi'er!"

Xia Xi Yan white her one eye, "Young Master Lu, you can really pretend, like other people is not what shameful thing, why dare not admit it! Don't you forget your name when you pressed me on your wedding night? "

At the moment, the man's expression is attributed to the eruption of the volcano. The man clasps her wrist and presses over her head, "Xia Xiyan, please listen to me clearly. I don't like Shen Qier --!"

"I don't care who you like, go away --!"

As soon as I looked up, I looked into the man's eyes and felt that there seemed to be a little bit of what I had seen

She was a little scared and even said she couldn't help vomiting.

Especially the smell of this man.

The man a light sink, stretched out his hand tightly grasp her jaw, kiss on his lips.

Next second.

Xia Xiyan's eyebrows are tightly wrinkled.

She tried to push away, but she was pressed down by the man and couldn't move. She said, "don't kiss me, Lu Shimian!"

"Do you remember my name now?" The man broke her face.

Xia Xiyan can't dodge. She always feels a bad smell in her chest.

Under the light.

The thin bangs cover the man's forehead, and the image of a noble child with a pro expensive atmosphere gives people an invisible pressure, especially when he kisses her, as if he is kissing the love of his life!

The love of life?

Oh, that's ironic.

She pushed him away and wiped her lips. "Master Lu just kisses me as soon as we meet. I don't know. I think Master Lu is a pure virgin! Women like to go step by step, but they don't like you being so rude. In the future, you must be gentle with Shen Qi'er. "

Looking at her wiping her mouth, Lu Shimian became more angry and said, "Xia Xiyan."

"What's on Master Lu's mind? Don't you want to be a spare tire? If Shen Qi'er knew that you were so infatuated, maybe she would give you a chance to have a try! "

Suddenly the ring broke the deadlock, Xia Xiyan looked at the man escaped from the phone, it wrote three words.

——Shen Qi'er.

It's still Shen Qi'er's exclusive ring.

"Not yet? The woman you love doesn't have much patience. After this village, there won't be this shop

The man threw his mobile phone into the garbage can, "Xia Xiyan, do you care so much about me and her, are you jealous?"

be jealous?

Is this narcissistic man a little too self righteous?

She climbed out of bed and picked up her mobile phone from the garbage can. "Master Lu, Shen Qi'er is looking for you. It must be an important thing. You should hurry up!"

That phone, the next second flew out of the window from his eyes, Xia Xiyan hands empty, "Lu Shimian, you..." Xia Xiyan lives in a place that is not a place where every inch of land is worth every inch of money, but an old urban area of the city, which is also noisy during the day and at night.

She could obviously hear the excited voice outside who seemed to have picked up the mobile phone.

"Can you talk to me now?" The man's eyes are very threatening. He seems to ignore the voice outside, and his eyes fall on her.

"I don't want to tell you anything. Lu Shimian, please go out." She stretched out her leg, but she was caught by the man again.

"Why do you want to kick me?"

Xia Xiyan took back her feet, her face slightly changed, staring at the man's face, "Lu Shimian, what do

you want?"

The man loosened his bow tie and sat on the sofa beside him. "Today I'll see who that damned wild woman is!"

His implication is to stay here all night?

Xia Xiyuan looks at the box at that end. Under the light, she can see that the box has been moved, so... Xiaowan must have come back.

She doesn't want Lu Shimian to know her past, nor does she want Lu Shimian to know Su Xiaowan's existence.

"Lu Shimian, you stay here. I called the police --!"

This damned woman.

"Do you want to put you on the bed and savor your wedding night?"

Chapter 186

The word "aftertaste" is very attractive. It seems that it can remind people of those sealed memories and let people enter into them.

Xia Xiyuan was angry with him, and her face turned red and white. Looking at him, she just wanted to bite off his neck. This damned man, she actually mentioned it. At the moment, when she thought about it, a nausea rose in her chest. She covered her mouth and ran to the bathroom.

The man on the sofa frowned as he listened to the voice.

He just makes her sick?

He went to the bathroom, looking at the woman's whole face suddenly pale, like a ghost, pressing her tightly, "what do you mean?"

Xia Xiyuan took a paper towel and wiped her mouth. In the past three years, she felt sick to any man, especially thinking about the wedding night. She couldn't bear it. She thought she could forget it in the past three years, but when she was picked up by this damned man, many pictures appeared in her head.

"Lu Shimian, I didn't want to say that, but if you have to ask, I'll tell you that I'm frigid by you, and I feel sick when I see you --"

"Say it again --!"

This is the first time Xia Xiyuan has heard Lu Shimian swearing. Unexpectedly, Master Lu, who is famous

in Haicheng, is angry and swearing.

Xia Xiyan's disdain and purity are particularly dazzling.

The next second, the marble in front of him was broken by this man.

"How dare you say you were sick at that time?"

Xia Xiyan is stunned for a moment. Looking at the marble table, it's Xiaowan's favorite... At the beginning, they chose this one for a long time. It's expensive. Xiaowan bought it all after selling a song she likes, but this man

She raised her head and looked at the man with evil eyes. "Lu Shimian, I want to vomit when I see you now. I remember I vomited at that time --!"

"Xia Xiyan, you wait for me --!" The man left in a huff, and the gate fell and banged.

Xia Xiyan felt a little uneasy.

Finally, I left.

The man continued to stay, she did not know what to do?

The smell of this man is lingering around, and it can't be dispersed. In this small place, it's full of everything.

In the past three years, there has never been a stranger's invasion, and she is also very accurate in taste recognition, but all of a sudden, this man's breath appears, and she still can't hide her nausea.

She opened the window of the bathroom and the cool air came in to make it feel better.

She ran out and knocked on Su Xiaowan's bedroom, but the door didn't close. As soon as she pushed it open, she saw a pajama on the bed. After looking around, Su Xiaowan wasn't there.

Did Xiaowan really come back?

But now in the middle of the night, where did Su Xiaowan go? Worried about her, she took out her cell phone and made a call to the woman at that end.

As a result, the phone didn't beep, but the other end was connected. "She's asleep. I'll talk about it tomorrow."

And then he hung up.

She's holding her cell phone. She knows later. Xiaowan is sleeping with master Feng?

She's really worried that Xiaowan will sink in again.

Xia Chenyan alone has made her not like a human... A ghost is not like a ghost.

"Keke --!" Xia Xiyan frowned, opened his suitcase, took a bag of medicine from it, took a needle, took disinfectant, stabbed it on the thin arm and hit it into his arm.

The next second, the phone on the other end rings.

"Xia Xiyan, is Lu Shimian on your side?"

It's Shen Qi'er's.

Xia Xiyan threw the needle into the garbage can. She took a sterilized cotton swab to plug her wound. She took the mobile phone and hooked it on her mouth. "Miss Shen, you are so devoted to me. I'm afraid Master Lu will be jealous --!"

"Xia Xiyan, if I ask you, you can answer me honestly!" It's really Shen Qi'er's style to be so overbearing.

"Dudududu --!"

Shen Qi'er gritted her teeth angrily. The damned woman hung up on herself! She played several times in a row, but she didn't pick up the other end.

She angrily left her cell phone in the co driver's seat and looked at the villa with brilliant lights, but Fengyan's bedroom had turned off the lights.

That damned woman, she saw with her own eyes Feng Yan holding that woman, walking in a hurry.

It was something she had never seen.

.....

Su Xiaowan had a dream in which there was a man with a beautiful voice who could play flute.

Her voice was long and graceful. She only looked at the figure behind her. She was inexplicably familiar. She reached out and wanted to pat the man on the back, but when she turned around, it was Lu Li.

She was startled, then narrowed her eyes, but became Feng Yan again.

Then two people have been back and forth in their dreams.

Tossing Su Xiaowan, there is no time to think about other things.

After that, she dreamed of Chen Chen again. His tall and handsome appearance is different from before, and has matured a lot.

Just, shouting for help.

"Chen Chen..." she called the person's name, but the next second, Chen Chen also disappeared.

.....

Su Xiaowan habitually opened her eyes and looked at the familiar place. There seemed to be some residual temperature on the sheets.

She got up to wash.

All of a sudden, the cell phone rang.

Vibrate back and forth in your bedroom.

Finally, I found it. The result is not my own.

It's Feng Yan!

When is Feng Yan's mobile phone in his room?

The phone at that end kept shaking. It seemed that she would not answer the phone. Su Xiaowan knocked on Feng Yan's door. The door didn't close. She just listened to the gurgling water.

Feng Yan is taking a bath.

Su Xiaowan answers the phone.

"Ah Yan, I heard that your baby has a child. Why don't you tell mom! This is great news. I want to tell your father... "

Baby, have a baby?

"Why don't you talk? You're not going to call me mom now, are you?" Before she returned, she heard the voice of the old lady at that end.

Su Xiaowan didn't know what to do.

"Old lady, it's me!"

The soft little voice was familiar to her.

However, she didn't like the old lady's name very much. It seemed that she had widened the distance between them.

"Old lady, still called old lady?"

"Sister."

The old lady was not happy, "call Mom..."

Su Xiaowan tangled, but still could feel the pious expectation of that end, "... Mom."

"Well."

Su Xiaowan's face is slightly hot.

"Xiao Wan, I heard that you have children? Is it true? What kind of crib do you like? Let's go and have a look in a few days? "

"... no, it's a misunderstanding."

"No?"

Su Xiaowan called a blush. At the moment, he touched his hot cheek and said, "well."

The old lady was so excited that she said, "you are still young, and there will be plenty of opportunities in the future. By the way, what are you doing when you haven't answered the phone for such a long time?"

"He's... Taking a bath."

take a shower?

The old lady was very happy. She should have guessed that the little girl was clever and shy.

So, when they took a bath in the morning, they were just

Well, this call should not have been made.

"Then keep working hard, I'll wait for your good news... However, our family a Yan is old, you are more or less responsible..."

"I..."

The old lady is walking around with her mobile phone. After all, her son is going to be three years old. Can she afford to do that kind of thing in the daytime?

I don't want to. I have to make it up.

Suddenly, the door opened. Su Xiaowan looked at the white flower's body, lowered her head and handed the phone to Feng Yan, "your mother's phone!"

The man reached for the phone and said, "Mom."

"I tell you, you are not young, but if you still do such things in the daytime, you will not be able to bear it. Moreover, our family tradition is that it can't happen if you get pregnant before you get married. That girl's family is a good person. Don't treat others badly."

"....."

"Ah Yan, did you hear that?"

"I have a sense of propriety."

"Well, I'll be relieved. I don't want my son to spoil a good girl. By the way, what's her phone number! If you give me one, it will be convenient for me to find her later. "

The old lady thought of having a daughter-in-law. She must go to show off.

And this one is so beautiful.

"Her eyes hurt. She doesn't play with her cell phone recently!"

No cell phones!

Ha ha, this guy is stingy, just like her husband.

"Don't lie to me."

"No, for the sake of the children."

"Is she pregnant or not?"

"I'm trying."

"All right, but you have to be gentle. Don't be like your father. I hate it."

"Good."

Su Xiaowan looks at her cell phone, old lady

How old is your son?

I always feel that something is wrong.

This letter is not old. It's only twenty-six.

Su Xiaowan looks at Feng Yan and hangs up. She doesn't know why. She always feels that the old lady is too lonely and wants to find someone to accompany her.

"In the future, I don't have to answer my mother's phone."

"Feng Yan, did your mother misunderstand something?"

"What can I misunderstand?"

Su Xiaowan face slightly red, "no, hurry down to eat!"

They shut up and never mentioned that again.

It's like nothing happened.

"Who is Chen Chen?"

The man's words immediately stopped her step.

Chen Chen?

Did you talk in your sleep?

"... it's my pet."

Feng Yan narrowed his eyes, staring at her eyes deep, as if in exploration, but Su Xiaowan pulled him out, "Feng Yan, go to dinner, I'm starving."

.....

On her way to work, Su Xiaowan met with fengci.

For the first time, the driver encountered such a thing, and the other party's car is not an ordinary car,

but also a first-class good car, "little grandma, wait a moment, I'll discuss with the owner about the aftermath."

Su Xiaowan looked at her watch and said, "OK."

Can wait for a while, but watching the driver in a hurry to look at her window.

"What's the matter?"

"Young granny, that person must ask you to discuss with him, otherwise, we won't go."

Su Xiaowan was eager to go to work. She got out of the car and went to the luxury car.

He knocked on the window. "What do you want?"

Chapter 187

The window rolled down, just looking at the familiar face, in the depth of memory, you can immediately remember everything.

It's Xia Chenyan.

Su Xiaowan looked at the deep concave of the car and immediately understood.

Xia Chenyan got out of the car. Her black suit reminds her of Feng Yan who likes to wear a suit.

"That's what you have to do to talk to me?"

"We have nothing to talk about, Xia Chenyan."

"What about your brother, who has nothing to talk about?"

"What do you know?"

"Sure enough, only when you talk about your brother, will you look at me more!"

Su Xiaowan felt that he had been seen through his mind with one face, and he was slightly at a loss.

"I can help you find him, but you break up with Feng Yan!"

"....."

A leaf fell on Su Xiaowan's hair. The man was stunned. He was just ready to take it for her, but he watched her step back cautiously.

"You have changed!"

"Xia Chenyan, you have something to say. I'm going to work."

"You don't love him, do you?"

Love, don't love

She doesn't know. She only knows that she doesn't hate being with Feng Yan. She doesn't need to worry about being disliked by others. Besides, Feng Yan's family is also very good

She actually likes it.

After a few years, everything will change.

I don't like what I used to like now. I like what I didn't like before now.

"I love him."

The man's heart was shocked.

"Do you know who Feng Yan is?"

"No matter who he is, I only know that he is my husband and will be the father of my children in the future."

Su Xiaowan turned to leave, listening to the man at that end said, "Feng Yan, are you sure you really know him? Do you know what he looks like? "

.....

Shen Qi'er's whole mind is on Feng Yan's body, but that man is lazy to give alms. She hates to tear that woman.

"Zizi --!"

The phone suddenly vibrated.

The woman picks up her cell phone and opens her mailbox.

Miss Shen, I want to give you a big gift.

Next, an attachment is attached.

It's a love diary. There are three words in it - Su Xiaowan.

But because of Su's surname, her eyes were fixed.

Approaching, another sentence came from the mailbox.

"Feng's wife, Su Xiaowan!"

The woman's hand tightened tightly in vain, and her eyes looked at the information on the other end. Her face was unbelievable. "What's the matter, the one who sealed the house is a double?"

"I heard that there are two daughters in the Su family. Wasn't it said on the Internet a while ago that the second daughter was engaged to master Xia?"

"Go and call me the daughter of the sous."

The agent didn't know what she was talking about, but he went to get someone.

"If so, isn't Feng Yan kept secret all the time? I really don't know if it's revealed. Can that woman still be so happy to stay with Feng Yan?"

If it's su Xiaowan, then things may be much more interesting.

Soon, Su Qiqi came and looked very haggard.

When Su Qiqi sent things, she was ready, but she didn't expect that it would be so soon. Now Su Qiqi stood in front of Shen Qi'er and said.

"Miss Shen, I'm Su Qiqi!"

There's no comparison between the Su family and the Shen family. The Su family just started a small company, but the Shen family is different. It's said that the Shen family is backed by a mysterious group. The Shen family, who made a lot of noise at that time

"What's the matter with you?"

"There was an accident." Su Qiqi answered honestly.

Shen Qi'er looks at the face which is quite different from Su Xiaowan. Are they sisters? It doesn't look like much, but it's certain that she's not the one in Feng Yan's family.

"It's a matter of course to ask you to come here." Shen Qi'er looked at her, "Su Xiaowan, is that your sister? Or your sister? "

"Miss Shen, Su Xiaowan was born by my father and the fox spirit outside. I don't have such a sister."

"What's the matter with her marrying Feng Yan for you?"

Su Qiqi looked at her and said, "Miss Shen, I can't hide from you that you asked me to come. In fact, Su Xiaowan is the fiancée designated by master Feng."

"... I heard that Feng Yan wanted to marry you."

"It's just for others to listen to. Miss Shen, you don't know that young master Feng came to my house a few months ago and pointed out that he wanted to marry Su Xiaowan. My father was afraid that she would not agree, so he forced her to marry Su Xiaowan instead. It's strange to say, and I don't know where young master Feng met Su Xiaowan. She is a poor student in school every day. I really don't know how she was known by young master Feng."

to specify? Know

So, does Feng Yan know that the woman beside him is Su Xiaowan?

How could Feng Yan know a woman who didn't know her origin and want to marry her?

There must be something wrong with it.

Besides, Feng Yan just came back from abroad a few months ago.

"Are you sure you didn't lie to me?"

"Miss Shen, why should I cheat you? We have been cooperating for such a long time. I believe in you."

Cooperation?

"Miss Shen, you forget that I sent all your previous manuscripts to you through this mailbox."

"....."

Shen Qi'er settled for three seconds, and the corners of her mouth began to smile, "it's Miss Su."

"I didn't expect you to have such talent. I don't know where you are now."

"To be honest, I'm still looking for a job."

The agent listened, looked at Shen Qi'er and said, "if Miss Su is willing, why don't you come to work in our studio?"

"Is that ok?"

"Of course, you have such a good talent. We want to cooperate with you for a long time!"

Su Qiqi didn't expect to get a position in Shen Qier's side. The Shen family has always been good at money. They give her a job as publicity director with a monthly salary of 50000 yuan.

For Su Qiqi, it was like meeting a sweet spring in the desert.

"If Miss Su thinks it's OK, you can come to work when your injury is over."

"Well, thank you, Miss Shen."

After su Qiqi left, Shen Qi'er looked at her, "what do you want her to do in the company?"

"Qi'er, if such a good talent is cheap to outsiders, isn't it a pity that we hold her firmly, and you can't go any further? And this woman knows that bitch very well, and it's not a day or two since she looks dissatisfied with that bitch... Why don't you find a scapegoat ahead of time! "

After the agent said so, Shen Qi'er laughed.

"It's all you think about."

Shen Qi'er looks at the photo on the mailbox.

"Reporter Li seems to be more interested in the affairs of the Xia family."

"Yes, madam Xia once offended reporter Li."

"Then give him this headline!"

.....

Along the way, Su Xiaowan is wringing her eyebrows, and the words of Xia Chen are still echoing in her mind.

What do you mean?

Su Xiaowan doesn't know.

As soon as I sat down, I saw a few words on the news gossip on the other side, "young master Xia is having a new love in the car, abandoning his fiancée and meeting his lover in private." then the words were very big, and there was a picture of her entering the car.

Although their faces, very fuzzy, very familiar with them, a look will know that it is them.

After all, their clothes haven't changed.

What's more, this kind of fuzzy effect gives people a lot of imagination, and anyone can imagine it.

How did you get a picture.

Brother Chen looked at her clothes and compared them with the pictures again. He exclaimed, "... Xiaowan, is this you? Your husband should not be... Xia Chenyan. "

She shook her head. "No, it's just a shirt. It's a popular dress this year. It's worn by many people on the street."

"Bangshan, but I don't think her figure is the same as you. Even her hair is tied. Look..."

Su Xiaowan frowned, subconsciously thought of Feng Yan, these news are now surging on the Internet, so he... See?

The more she thought about it, the more nervous she was. She picked up her cell phone, hesitated, and the phone rang.

It's Xia Chenyan.

"You did it?"

"Even if I had to do it, I couldn't be so blatant!"

Who is that?

The news got worse and worse, like a fuse.

More and more uncontrollable.

It's like someone's manipulating it there.

It made the headlines all of a sudden, and it couldn't be made any more.

Even online began to search for the woman's information, this year, do small three foot is to be dug out of the ancestors of 18 generations, especially, a while ago, Su Qiqi things, the original big trouble.

.....

Fengyi looked at the picture immediately on the hot search, and he recognized it at a glance.

How can this young lady be with master Xia!

And this picture is always easy to imagine, they are like a pair of sweet lovers, but also in love.

Thinking of the men in it, Fengyi immediately contacted people and took down the news. It was not a good thing that the news was hanging on it.

He walked into the room with a nervous heart, but listened to the man's voice, low and deep, with no anger.

"Chen Yan, pay attention to your identity. Once you cross the line, I won't be polite either!"

Do you know? How could the young master not know such a fuss.

He closed the door in silence.

"Feng Yan, according to reason, I shouldn't rob you, but I like her."

He clearly knows that he can't let go of this woman. When he breaks up with her, his mother says that if he doesn't break up with her, he will destroy her

He knew his mother's means well, so he broke up with her and wanted to become strong one day and protect her again. But who knows... After he had been with her for so long, she became the second miss of the Su family and married Feng Yan.

I like it.

"Feng Yan, she was with me three years ago. We had already reached the place of marriage. If it wasn't for you, she would have been my wife. Do you know what she did for me? She gave me a fruit that she had planted for three years. It was engraved with my name and her name. She and I will start again. "

The light cast on the man's face, the man's face immediately gloomy down, "Xia Chenyan, three years ago she was yours, but... Now, she only belongs to me, in the future, it will only belong to me."

The syllables of those words are quite heavy.

"Feng Yan, you don't love her! Otherwise, you won't even... "

"It's not up to you, an outsider, to gossip about our husband and wife."

Chapter 188

Feng Yan hung up.

Xia Chenyan's face was very embarrassed. For Feng Yan, once he was identified, no one would change his decision.

Just... Husband and wife!

In this case, he did not know how many times.

Do they really like each other?

Besides, this letter... Seems to like him.

Although Xia Chenyan and Feng Yan have not known each other since childhood, they are also familiar with each other's temper. Feng Yan is clean and has never had a woman around him.

But with the appearance of Su Xiaowan, everything has changed.

Do they have a long history? But why can't he find anything?

Xia Chenyan stood there, the woman at the other end came in a hurry with the newspaper, "tell me, what's the matter?"

Chen Yi is an old man in the entertainment circle. She knows all about the hype in the entertainment circle.

She was always cautious, but she didn't think of her son

"It's all written in the newspaper. Can it be fake?"

Chen Yiqi's gnashing of teeth, clearly has expelled this woman far away, let them have no intersection, let them also impossible in the compound.

But God made a big joke for him.

Her son is still fascinated by this fox spirit.

Su Xiaowan, she must root out the grass.

The woman in the picture, she must destroy herself.

Chen Yi takes out her cell phone and dials a number.

"Hello." The voice of that head spreads, Chen Yi tone is urgent, "don't you want to be with us Chen Yan together?"

“.....”

"I'll give you a chance."

“.....”

"What you promised me must be done!"

The lazy, uh, Chen Yicai hung up the phone and asked the assistant to cancel his mobile phone card and lay on the sofa and make a mask.

Su Xiaowan, she can't keep it.

.....

In the office, the man was dressed in a suit, standing upright in front of the window, showing the butterfly shadow of the window, and could see the handsome face of the man.

The man takes out a cigarette from his body and moves skillfully. Light smoke and white fog surround him. His eyes fall on the mobile phone in front of him.

In a minute.

Feng Yi knocked on the door and came in. He handed Feng Yan a document bag.

"The news is from Li Xiaonan."

"Li Xiaonan had a holiday with master Xia's mother. This time, according to Li Xiaonan, she was secretly photographed with Xia Chenyan, and she also made news reports."

"I don't want to see this man again in Jiangcheng!"

"Li Xiaonan is Mr. Shen's mistress."

Mr. Shen, of course, is Shen Qi'er's father. Li Xiaonan, 30, is a well-known figure in the journalist circle. She had a good journey and took the position of editor in chief because of Shen Nanshan's protection. Therefore, all the talents sold face and did not dare to offend her more.

The man's fingers held tightly, "are you telling me that I can't move her?"

"Young master, Mrs. Anning may be in his hands. The Shen family can't offend now." Fengyi reminds me.

Mentioning the missing sister, Feng Yan's cold face was tense. His facial features seemed to be covered with frost. His whole breath became cold and murderous.

"The woman who dares to touch me, even if he is Shen Nanshan, I will not give face!" The voice is loud and clear, so the feudalism can't be more talkative.

.....

Su Xiaowan didn't get through Feng Yan's phone. She was afraid that he would be angry again. As a result, she called again and still didn't answer.

I'm angry.

But the original online uproar of news, all of a sudden no trace.

It's sealed.

Feng Yan must have seen it. What should we do now? Are you Frank? Tell her she's su Xiaowan? Not suqiqi? But... He will be angry.

Why didn't you say it for such a long time, but at this juncture, why did you say it? According to his temper, he must be angry.

Su Xiaowan holding the mobile phone, just ready to call, as a result, the manager of the other end came out and took a project to her, "Xiaowan, this is the planning and publicity case of Yuhai international, you are in charge."

"I'm in charge?"

She just passed her internship.

Yuhai international is a big group.

Such a big design for her?

"Thank you, manager. I'll try."

She received the information, looked at the content above, thought of Feng Yan's angry face, and was absent-minded in doing anything.

She got up and went to the bathroom.

But don't want to see a person.

Shen dai'er, dressed in a cleaner's uniform, was swearing, "don't think you're a white-collar worker. Pheasants dare to think of themselves as Phoenix!"

"You're a cleaner. What are you shouting about here?"

"It's just a cleaner. As long as I report it to you, you will be fired tomorrow! I'm still gloating here. "

Su Xiaowan looks at the woman at that end and is arguing with several women. The last time Shen dai'er framed herself, she was still in front of her. She didn't want to meet her. How did she know that Shen Qi'er is cleaning sister here!

"Su Xiaowan, you work here!"

Su Xiaowan steps a meal, that momentum unusual foot, with a mop rushed over, "you can be so comfortable here to work!"

"Why can't I have peace of mind?" Su Xiaowan asked, "Shen dai'er, you've done so much, but you didn't expect that you picked up the stone and smashed your foot. Do you mean that even if you smashed your foot, it's on me?"

Shen dai'er's teeth are itching after hearing this. Su Xiaowan is wearing that beautiful brand name, but she is not! In this dirty and smelly place, doing such a thing!

If you lose your job, there is no day to be so angry.

She went to the Su family and asked for help, but seven seven! Seven seven lost to her a thousand dollars, let yourself get away!

Go to find Fu Yi, but they don't see her at all.

Even looking for a job, some of the highest jobs don't want her at all.

But as soon as she saw Su Xiaowan so beautiful here, she hated her, "Su Xiaowan, you damned woman, it's all because of you, it's all because of you..."

With that, the woman was about to reach out and grab her neck. As a result, Su Xiaowan dodged her until she hit the wall.

"Su Xiaowan, you are such a low-level bitch, you will be abandoned one day!"

In the corridor, the fief came.

"Drag people out quickly. How can such people be recruited?" Feng Yi roared.

If something happens to the young granny, the young master will not involve all the people here.

A man in formal clothes came in from the door. Several people around were surprised. Isn't this man the assistant of the boss upstairs?

Although we seldom see them in the group, we can always see one or two.

"That's..."

"It's the assistant to the president. I've seen it many times."

The man's eyes swept over the people at that end, and those people immediately lowered their heads and rushed back to their office to start work.

"Feng tezhu, we will thoroughly investigate this matter. Are you looking for..."

Fengyi wanted to come secretly, but as a result, the whole place knew.

"Let me see the design of Yuhai group."

The manager called Su Xiaowan, who was ready to leave. "Xiaowan, come here. Feng tezhu has something to look for you!"

Su Xiaowan pursed her lips and followed Fengyi to an office.

She could feel the strange look in those people's eyes.

"Fengyi, you came to me because of Fengyan?"

Fengyi nodded, "the young master knows about that. He is very angry. You should think about how to explain to the young master about you and Xia."

You know, or you won't answer the phone.

She and Xia Chenyan... Have long passed.

"... what should I do?"

"Call him right now."

"Now?" Su Xiaowan frowned. "I couldn't get through to him just now. I'm afraid he's busy."

"The young master has been waiting for your call all day, otherwise I won't be in such a hurry. I have to go back. If the young master knows that I'm coming, he will definitely kill me!" Before Fengyi left, he asked Su Xiaowan for the number.

"In this way, it will be convenient to contact the young granny in the future."

This posture, how can you feel like you have to give yourself a tip off?

Su Xiaowan went out of the door, found a quiet place, dialed the number, and the phone was soon connected.

"Feng Yan, are you busy?"

That end didn't speak, but Su Xiaowan felt the heavy atmosphere.

"Feng Yan, you are so smart, you must know that those photos are all P's, right? I really have nothing to do with him. This morning, the car was hit, and my uncle had no choice, so I got off the car to negotiate with him. I don't know how I was photographed. Mr. Xia said that it was my brother-in-law... "Su Xiaowan didn't mean to say this, but I don't know why he changed the flavor.

But today is not a good time.

"Feng Yan, don't be angry, OK? I promise it won't happen again

But the other end didn't speak.

"Feng Yan, are you... Jealous?"

"....."

"... why are you always angry? If you make yourself angry, I'll run away with others!"

"Say it again."

Su Xiaowan only felt an eardrum shock, but he was still relieved, "you are willing to talk! I thought you were going to keep silent! I'll pay attention next time, and I won't give you any trouble. "

These words were heard in Feng Yan's ears, as if all the Qi had dissipated.

The brows gradually spread out.

"Why don't you come and pick me up tonight and let's go to the cinema? I've heard that there are a lot of movies that I've seen. "

"But what if we two go to the cinema and are seen?"

"Then make it public."

"Public?"

"Let everyone know that you are my wife!"

Su Xiaowan smiles with a smile. There are small things flashing in her eyes, like sunlight flowing through the water, clear and beautiful.

"You're ashamed to fall in love with me?"

"No shame, Feng Yan, you are the best --!"

"Are you still angry?"

Chapter 189

"I lost my memory."

Su Xiaowan's eyes curved, a gentle smile in the corner of his mouth, "Feng Yan, let's go to the cinema at night! You wait for me at the same place after work. "

Su Xiaowan returns to the office and listens to the latest movie.

"You and your husband are going to see this love movie, of course."

"I have to watch horror movies to show your husband's charm."

"....."

"....."

Su Xiaowan was stunned for a moment, and finally looked at the movie on the screen, "stop arguing, I'll choose for myself!"

"Today's salary is paid. The money came too suddenly. Didn't it come on the 15th before?" One of the women spoke excitedly.

"Paid?"

Su Xiaowan looked at the text message of his mobile phone and saw the information of a bank card.

— Ten thousand.

She took the mobile phone, suddenly happy, originally also worried about how to please Feng Yan to see a movie!

"Dear, how can you pay for the movie

"... I asked him to see, why can't I do it!"

"You don't understand that... There is a meaning of breaking up when girls pay for movies, but put that aside. In this respect, boys may feel shameless when they let girls pay for movies."

"....."

"Say you are love Xiaobai, how did you find your husband?"

"....."

I don't know why. I used to think that the afternoon was very long, but today is very fast.

It's the end of the day in a blink of an eye.

Su Xiaowan is carrying a bag, looking at the luxury car across the road, across the road, is already low-key.

It's Feng Yan.

Her heart beat a little fast. Maybe she was worried when she ran down. With such a short distance of several hundred meters, Su Xiaowan ran all the way. I don't know why, she always felt that she wanted to see him as soon as possible.

As soon as I opened the door and sat in, a faint fragrance lingered on the tip of my nose. It smelled very good. It was different from the strong breath of other women. It was very elegant.

As if, a day of fatigue, so disappeared.

Sitting in the car, the man looked at her panting, "next time you don't have to run so fast. Since I'm waiting for you here, I won't leave."

Will not go, the three words, like a promise, many people have said this to her, before school, she had a friend, she said so, but left.

Xia Chenyan said the same thing, but he also left.

.....

Well, will he be different?

Yes, because he is Feng Yan.

Feng Yan is different from others.

"Feng Yan, what color do you like?"

"Why do you ask this all of a sudden?"

"I'm your wife. I have to know you better, don't you think?"

"What do you think? Can't you answer that easily? "

What color do you like?

Feng Yanchang was so big that no one asked him this.

"Black."

Black?

Feng Yan's life is full of black and can't see light. If it wasn't for her, he would not get married in his life.

Dazzling her, let a person completely inseparable from the eye.

"Then if you have any shortcomings in the future, I can buy them for you. I'll get paid today!"

"I want nothing."

"....."

Su Xiaowan didn't respond to such words. Suddenly, the man at the other end said, "give me your mobile phone!"

Su Xiaowan hands over his mobile phone and watches him open his mobile phone and click to open the mall.

"I don't need anything, Feng Yan. You don't have to buy it for me."

"I'm missing it now." The man opened his mouth aggressively.

"Ah?"

Watch him point open a belt, the price is 9999 yuan.

"You want this one?"

"Didn't you make money for me to spend?"

"..." he is a big president and needs her money, but that day she said that she would buy delicious food for Feng Yan.

"Are you in love?"

"No, I don't feel bad about spending money for you. The money was originally spent for you, but is this one too cheap? A button on your body is more expensive than this one."

"Not enough money?"

"Enough. I'll buy it for you if you like it." Su Xiaowan looked at the black belt, very ordinary, she took the phone, press payment.

The mobile phone vibrated. It's the consumption amount.

9999 yuan.

"Feng Yan, it's over, but... You'll have to pay for the movie."

Su Xiaowan only has 10000 yuan in cash. Of course, she still has hundreds of yuan in pocket money. But if you invite a girl to watch a movie, the money will be paid by a boy.

.....

cinema.

Su Xiaowan bought popcorn, took a drink and ran to Feng Yan. As a result, he watched a child pointing at Feng Yan and crying.

Su Xiaowan ran over, "how did you make the child cry? If his mother knew, she would certainly scold you to death."

Feng Yan's face was heavy.

"Sister, this man is so ugly, just like the ugly eight! He's more terrifying than people in horror movies. "

a very ugly person?

Su Xiaowan originally wanted to give him popcorn, but as soon as he said that, he immediately didn't want to give it to him, "you are uglier. Look at that, you are just like that."

It's a huge ugly figure, which is used to promote the film.

"Wuwuwuwu..." when the boy saw it, he cried more fiercely.

Su Xiaowan took Feng Yan by the hand, went to the child, made a face at him, and quickly took Feng Yan into the cinema.

"Feng Yan, that's bear child. You don't have to worry about him. It's just that his family dotes on him so much that they don't respect people."

"Well."

"Feng Yan, aren't you angry?"

"I'm not so mean. I'm used to it."

Su Xiaowan was stunned. Yes, I heard that Feng Yan's face scared many girls, so she couldn't get a wife.

Su Xiaowan held his hand, "I'll be here in the future. I'm sure I can't let them say that about you."

The hands tightly holding her, as if something involved in each other's heart.

"Just like now, stay by my side honestly."

So close, his breath all spread on her body, she suddenly hook his neck, "all listen to you."

They are watching love dramas, which make people blush and heartbeat from time to time.

The most excessive is that the girl next to him actually sat on the man, listening to the slightly panting voice, Su Xiaowan... Wanted to go to the toilet.

"Feng Yan, it's boring. Let's go home."

"Good."

Xia Chenyan and his client are meeting in the coffee shop. He is early. Now he is looking out of the window with his eyebrows twisted. Suddenly he catches a glimpse of a familiar figure. His face is stiff. From his point of view, we can clearly see Su Xiaowan holding Feng Yan's neck, very ambiguous.

My chest is aching.

It seems that there is no place for him any more.

Su Xiaowan came out with Feng Yan and looked at the starry sky.

I haven't seen such a beautiful night for a long time.

As if, even the wind is warm a lot.

The driver waited outside early. Two of them got on the bus. Su Xiaowan looked at the yogurt shop at the other end of the car. "Feng Yan, I want to drink yogurt!"

"Stop the car."

The car slowly stopped to one side, Su Xiaowan looked at Feng Yan, "then I'll buy it, you wait for me here!"

Su Xiaowan pushed the car down, ran to which yogurt shop and ordered two cups of original yogurt.

"You haven't been here for a long time!"

The store was near her school. She used to buy it here. No matter in spring, summer, autumn and winter, the store knew her.

"I graduated. I don't go through this place very often, but Madame, your yogurt is the best."

The landlady happily added another spoonful of yogurt to Su Xiaowan, and the two cups of yogurt were full.

"Come on, take it and come back when you have time!"

"Thank you, Madame!"

As soon as Su Xiaowan was ready to run over, he looked at the man standing at the end. He stood under the tree with the two bags of yogurt in his hand.

Feng Yan couldn't see where he stood, but she could see it.

She didn't stay much. She took the yogurt and ran directly to Feng Yan's car.

Then the car drove away.

Xia Chenyan came out, he clearly saw her seriously cheering.

Mobile phones, always shaking.

Answered the phone, that ring up very excited voice, "what are you doing now in the end! It's not humiliating enough, is it? "

"Come back quickly!"

Xia Chenyan in the car, sent a text message.

It's a picture.

The sender is Su Xiaowan.

.....

Su Xiaowan drank too much water and seldom got up at night.

All of a sudden, the cell phone lights up.

Su Xiaowan picked up the mobile phone and saw that it was a picture, but the sender was Xia Chenyan.

Chapter 190

Vaguely feel sleep in the past, the door was opened, at the moment came in the man just saw the mobile phone light up, take up a look.

Click to open directly, pressed delete, pulled that mobile phone number into blacklist.

After all this, I got into bed.

He has a wife. Why should he sleep alone?

This three-point and one-line life is not a good thing for Su Xiaowan, because there is no clue about her brother.

She went home early and suddenly came across a circle of friends.

——Every month to transfer tens of millions of money is not mine, if the cash, my hand is certainly not my hand, thank you!

It's the finance of their company, Xiao Zhou.

I didn't expect to pay so much money. As expected, FY group is not bad for money.

If she counted, could she not count days and nights? However, if it was her money, she would be happy for a few days and nights.

"What are you looking at?" Suddenly a familiar breath came.

Su Xiaowan looks back and suddenly sees the man coming back.

It's Feng Yan.

The eyelashes are like wings, the facial features are exquisite, and the skin near is not flawed. At the moment, the thin lips are sipping tightly

Even those outstanding stars can't compare with the man in front of them, but they are

For men with such a background, there are more or less a few women outside. They are either young ladies or young stars. Every night, they either drink with friends in nightclubs or open rooms with women.

Feng Yan's life track is almost two points and one line.

The company and the family.

He also has a regular schedule.

When he got back to Feng's home, he saw that apart from his work, he spent most of his spare time reading books.

Such an almost perfect man turned out to be her man. Su Xiaowan is still in a trance and feels like dreaming.

Thinking of the man appearing in his bed and kissing himself that day, she called it hormonal disorder.

"Feng Yan, look... Your belt has arrived."

The man took the thing in her hand and said, "do you know what it means to give me a belt?"

Su Xiaowan propped up her eyes, "didn't you choose it yourself?"

As soon as the words came out, Su Xiaowan wanted to bite her tongue. "I just hope you can think of me every time you wear a belt!"

Su Xiaowan said, feeling that he was too clever.

Look, the corner of the man's mouth is curved upward.

I'm happy.

Aunt Li cooked herself today. Su Xiaowan ate two bowls of rice and patted her stomach

"Fat and lovely." Aunt Li said.

Su Xiaowan thought about it, forget it, he ate it all, and there was no regret, "Aunt Li, the food you cooked is delicious! I want to eat your cooking all my life. "

"Then I'll do it for my little grandmother in the future!"

After taking a bath, Su Xiaowan went to bed. These days, she was busy with her work. She felt that she was going to be tortured and crazy.

It's just, at night.

Su Xiaowan had another nightmare.

In the dream, it seems that someone is pinching her neck, feeling particularly suffocated, as if suddenly out of breath.

When Ben was half awake, she felt that someone was eating her mouth.

It's like biting. It's like biting. It's wet.

At first, she thought it was just a dream, but the touch was a little real, but she was on the bed... On the bed lying alone.

All the way to the man's tongue

She suddenly woke up, opened her eyes and looked at the man on her body. Her face turned white with anger.

"Feng Yan, what were you doing just now?" I thought it was a dream just now, but I didn't think it was true

The man replied very calmly, "what was I doing just now, you don't know?"

"What do you do with such a big reaction?" That man smile of breeze light cloud light, "don't kiss how to have a child?"

How dare he say that.

Su Xiaowan was so angry that she wanted to kill him at the moment, but she had no way to get out of the man's arms.

"Feng Yan!" This damned man has a lot of strength.

"Give me a belt, not to tie me?"

"..." she didn't think that way.

"Don't give it to anyone else in the future."

"... why should I give it to others? In my life, I'll tie you one."

The corner of the man's mouth is slightly raised. At the moment, Su Xiaowan can feel that Feng Yan is in a good mood.

"Sleep!"

Sleep, now how do you want her to sleep?

"I won't move you, sleep!"

Su Xiaowan was stunned for a moment, and pointed to him with a finger, "you promise."

"No, you have to swear."

I just watched the man come down from the bed, and then I went to sleep peacefully.

Feng Yan is a gentleman. Before going to bed, Su Xiaowan says something in her heart.

Xia Chenyan didn't get a little response from the other end, some couldn't sit still.

Xia Chenyan takes the key and goes out.

Su Xiaowan was discussing with her colleagues what to eat, but as soon as she went downstairs, she saw the man standing there.

She found her own company.

Deeply afraid of being misunderstood by others, she found a hidden place, "Xia Chenyan, what do you want?"

"Did you read the message I sent you?" Xia Chenyan looks at the tall building in front of her. Unexpectedly, she works in Fengyan's company.

So that's how they met?

"Don't text me any more, and I won't answer your phone again. Xia Chenyan, I don't like you anymore." Young like and love, Su Xiaowan can't tell, but she should have liked Xia Chenyan, after all, at that time,

he warmed himself.

"What about the letter? Does Feng Yan love you? "

"Of course, he loves me."

Xia Chen said with a smile, "well, have a good look yourself --!"

His mobile phone moved over, and now Su Xiaowan saw the man in the photo, Lu Li.

"Do you know this man?"

"... is our president."

"And what's his name?"

"What do you mean?" There is something in Xia Chenyan's words.

"This is Feng Yan!"

Feng Yan?

Her eyes slightly lift, obviously this matter let her flustered, although she has been aware that they are the same person, but now... Have this Xia Chen to say, suddenly changed the taste.

"Su Xiaowan, don't be stupid again. Feng Yan doesn't like you. If he does, how can he lie to you?"

Su Xiaowan was stunned for a moment.

"Don't you think I don't know? In fact, I have known for a long time that I let him go out like this. He is so handsome. If other people like him, I am not at a loss. " Su Xiaowan now wants to have a good exploration of who that man is!

"You know?"

"Of course, he and I are husband and wife, and he never hides what he does from me."

Xia Chenyan didn't expect that he was... Nosy.

"If there's nothing wrong, please take your time."

At the moment, Su Xiaowan went to the president's office, but the president was not in.

She checked Fengjia's enterprise on the Internet, found the location, and decided to have a look. She

didn't believe it because she didn't see it with her own eyes.

She went to Fengshi group by car, but unexpectedly, she was stopped by the security guard, "I'm looking for..."

"I know you come to our president. Our president doesn't see women casually. You should go quickly."

"Uncle, I'm his wife. I'm here to deliver food to him!"

"... do you think I'm blind? If you are the president's wife, I am the president's grandfather. "

"....."

Su Xiaowan just can't get in.

I didn't expect to see Fu Yi here.

"Xiao Wan, why are you here?"

"I..." her head was hot, obviously she met Fu Yi and didn't know what she was doing. "I... I'm here to see your president about the design."

"You may not be able to go up now."

"But I'm very anxious to get in. Senior, can you help me? If I can't do this well, the manager will certainly scold me."

"There's a VIP channel for the president over there. If you don't wait, it's almost dinner time. The elevators here can't reach the president's office directly."

i see.

"Thank you, senior. I'll go first..."

Before Fu Yi said anything, Su Xiaowan had already run away.

He looked at her back, hoping that she could be happy.

.....

Su Xiaowan stood there, looking at the man coming out at the moment. It was Fengyi.

And behind him, also followed a man.

It's Feng Yan. There are scars on his face.

She stood there, staring at the man on the other side of the car. The car was the one he was riding with her this morning. Let's take a look at this large group.

Fengyan is Fengyan. It has nothing to do with Luli.

She was relieved and went back to the company.

She walked from the underground garage, so she ran into the car.

He looked at the man coming out of the car. He was full of gold, and stood by Fengyi.

Feng Yan became Lu Li.

No, it should be Lu Li or Feng Yan.

Even if it was just a few seconds, she couldn't stand.

Later, she connected all the things together, and then she understood.

Lu Li knew everything between her and Feng Yan. Even when he saw her for the first time, his eyes were very aggressive. Lu Li's handwriting was like Feng Yan's.

Later, bit by bit after that, it seemed that there was always a shadow of Feng Yan on this man. In fact, when she covered that half of her face, she... Why didn't she think of it all the time?

Such a result, she did not expect, in her brain, an instant burst of flowers, this result, she can not bear.

Therefore, Feng Yan knew very early that... She is Su Xiaowan! It's just me... Showing up in front of him!

Su Xiaowan wanted to shoot herself to death.

Su Xiaowan muddled back to the villa, for a time, she seems to do not know how to face Fengyan.

All along, she thought she was hiding it well enough, but

But all of these are false appearances. They are just deceiving themselves.

What should we do now? Feng Yan knew that he was a surrogate.

She didn't know what to do. For a moment, her head was blank.

She even thought, if Feng Yan... What should she do then?
