Chapter 191

"Young granny?"

"Well?"

"What's the matter with you?"

"It's nothing. I'm worried about work."

"Then you should wash your hands and eat. The young master won't go home to eat tonight."

"Where did he go?"

"It seems that I went out with Master Lu. He called to tell me that you don't have to wait for him."

"Oh." Su Xiaowan went to write and ate.

Sitting there, a person doing such a large position, obviously very spacious, if put in the past, she was happy, but now, I do not know why, always feel that this place, space.

There's no smell of people.

She wants to have dinner with Feng Yan

Don't you know if Feng Yan ate it?

I don't know how to go home.

.....

In the quiet box, Lu Shimian took a few drinks. He couldn't hold back some words. After thinking for a long time, he decided to say it.

"Do you know who that woman is?"

"My wife." Feng Yan said in a cold voice, but in many cases, Lu Shimian felt that the man in front of him could not guess.

It's like this.

He had already planned strategies, but even if they were dying, he still was.

Lu Shimian frowned, "Feng Yan, you..."

"Nothing. I'll go back first." Feng Yan put the cup away, but he didn't drink. Su Xiaowan didn't like his drinking, so he didn't touch it at all.

"Feng Yan, I can't say more about feelings, but... Don't be fooled by her appearance." Feng Yan is his best friend. He doesn't want him to suffer.

It's easy for a man to fall in love, especially for a man like Feng Yan. He has never liked anyone in his life, but once he likes someone, he will die.

He knew exactly what it meant to be determined.

All my life, I'll give it to that woman.

"To cheat, I cheat her."

"Feng Yan..."

The door at the other end was closed, and Lu Shimian was in the sofa. He was higher than Feng Yan in his feelings.

Feng Yan is on his way home in a hurry. He wants to tell her that he is Lu Li, but he is in a tangle. Will su Xiaowan not accept it all of a sudden?

Back home, Aunt Li told him that Su Xiaowan had gone to bed.

Push the door in, a burst of girl's fragrance into the nose.

In fact, Su Xiaowan didn't fall asleep. She felt the strong breath of men, but she still closed her eyes.

Soon, the end of the man gently breathing sound, sounded.

Su Xiaowan opened her eyes, just ready to take a good look with her mobile phone, she turned over, under the weak light, can see Feng Yan's handsome angular face.

More than once, he asked if the face attracted her.

She said, I don't like it.

"Can't sleep?"

one hundred and sixteen

That deep voice in this night, like a good piano sound.

Su Xiaowan frowned and Feng Yan woke up. She got out of bed by herself. The man looked at the woman who almost hit the sofa. "Su Xiaowan --!"

Su Xiaowan's slender shoulders trembled.

Sure enough, he knows.

Then, she heard the sound of getting out of bed, and was fooled by Feng Yan as a fool. Su Xiaowan didn't know how to face it now.

Or pretend to know nothing?

But how to install it?

The man called the woman at that end, but the woman didn't move at all. The man came up to her and was about to pick her up, but suddenly he looked at her and closed his eyes.

"Su Xiaowan!" He shook his hand. In front of her, the woman still didn't move. He walked around and finally fell into the sofa. Feng Yan watched her fall asleep again.

Su Xiaowan felt that the shadow in front of him was still there, and the man was still by his side. Soon, listening to the footsteps at that end, it seemed that there were more people in the room.

Her long black hair fell down on the sofa, and she felt someone holding her wrist, as if to feel his pulse again.

"Young master, there's nothing wrong with the body of the young granny, but according to what you just said, it's preliminarily identified as sleepwalking, which is called sleep disorder in psychiatry. The patient can get out of bed and move during sleep, and then lie back in bed to sleep again..."

Sleepwalking?

"Young master, it's said that sleepwalkers can't wake up, or they will become stupid." Aunt Li spoke to one side.

The brow of the man frowned tight, "treatment plan!"

The doctor bowed his head, "you can take Chinese medicine to recuperate. If it's convenient for the little grandmother, I can come to the hospital and give her a detailed examination..."

After that, Su Xiaowan really didn't hear what she said, because she really fell asleep.

When I woke up again, there was still a scar on Feng Yan's face. Su Xiaowan pursed her lips, if it wasn't for what she saw last night.

She also thought it was a dream.

She looked at the ring in her hand, shining on her ring finger.

It seems to be tailor-made for her.

She looked at the well-dressed man and came down from the bed carefully. She didn't expect that she had slept in Fengyan's bed last night. When she was carried to bed by this man, she didn't know at all.

She went back to her room, changed her clothes, went downstairs and listened to the sound in the living room. "Recently, a huge traffic accident caused a series of accidents..."

On a closer look, Su Xiaowan was stunned. She saw Su Qiqi a few days ago, so as soon as she saw the familiar clothes and the super car, she could be sure that it was her.

Did Suqi have an accident? And just before I saw her not far away, because she saw the landmark building.

"Young granny, you must be careful when driving. I heard that this woman is drunk driving! It's bad luck these days. Cars parked on the side of the road will be hit..." Aunt Li looked at the huge traffic accident and said with great care.

Su Qiqi drunk driving?

Obviously not.

Su Xiaowan could tell that because Su 77 was very sober that night, every word and action was very logical, and she had no other flavor except perfume.

But the TV station has been broadcasting that women's alcohol driving exceeds the standard

Drunk driving

All these things are very strange.

Feng Yanming knows that she is Su Xiaowan, and wants to marry her? Why on earth? She couldn't figure it out. She didn't think she had amazing beauty. Feng Yan liked herself and hated Su Qiqi

Now she is like a headless fly.

She didn't know what to do for a moment? According to Feng Yan's temper, if he knew she was married

for him, he would have been angry.

Instead of being like this... Calm.

"Auntie Li, have you seen my bag?"

"Bag?"

Aunt Li shook her head. "I didn't see it."

Su Xiaowan found downstairs from upstairs, but didn't find her bag. She went to one side to make a phone call. As a result, Aunt Li told her, "little grandma, the phone here can only be called to people in the villa, but it can't be called outside."

"Aunt Li, can you lend me your mobile phone?"

"In the villa, you can only take your mobile phone when you go out. The young master doesn't like too much radiation --!"

This damned man.

It must have been on purpose.

Finally, she can only run to the study, to ask Feng Yan, Feng Yan is on the phone, she went over, "Feng Yan, my sister has an accident, I want to call my father, ask what the situation is, can you answer my mobile phone."

Su Qiqi! This woman again.

"No need!"

Su Xiaowan frowned, "but I... but she is my sister after all. If something happens to her, I must care about her. Can you lend me your mobile phone?"

"... remember, you belong to me, not to the Su family. You only need to pay attention to me from the beginning to the end."

This overbearing man.

Even if she wants to call Su Zheng, what should she do now?

She missed the trap, as if there was no way to pretend that she didn't know anything.

What should she do now?

Is... Running away?

.....

But what about my brother?

"Feng Yan, I want to make a phone call..." suddenly, the man bullied her, and the hot kiss swept over her, as if to devour her.

"Are you still obedient?"

That pair of slightly swollen red lips, let Su Xiaowan feel some pain, in his gaze, Su Xiaowan can only nod, in the heart to scold.

... bad guy.

Heart, suddenly confused.

She can't bear what Feng Yan has done. In the past, she thinks she can live with Feng Yan, but now... Feng Yan is Lu Li.

Clearly know her identity, this want to get rid of all can't get rid of.

She didn't know what he wanted to do, but when he knew it, she didn't show it at all.

It shows that the man is very deep.

She didn't know what he wanted to do, but there was no doubt that she needed to be careful around such a man.

If it goes on like this, the relationship will become more uncontrolled and develop in an irresistible direction

How should do, just can whole body and retreat.

By the way, make him hate himself.

.....

Su Xiaowan goes back to her room with her head down. The maid is carrying things.

Her bed, her tatami, her sofa... Everything is gone, even the wallpaper on the wall has changed color.

She called Aunt Li in a hurry, "Aunt Li, my room..."

"Young granny, you are the young master's wife. Separation is not suitable for newlyweds to exchange feelings. The young master also allows you to sleep with him. Your things have been moved to the young master's room for you..."

what? Separation is not suitable for the exchange of feelings?

Su Xiaowan is uneasy. In the future... Will she sleep with Feng Yan?

"Don't you always want to have a baby? This is a good opportunity. " Aunt Li is very persuasive, but now Su Xiaowan wants to go underground.

Can't you forget that Su Xiaowan's face is red?

"....."

At night.

Su Xiaowan is pushed to Feng Yan's bedroom by Aunt Li. Looking at the man lying on the bed, Su Xiaowan has a heavy foot and doesn't want to move a step.

"Feng Yan... Can I..."

"Come here."

"But I..."

"If you want to sleep, you can do something else!"

Chapter 192

"No, I want to sleep." She pulled her pajamas and lay aside. Then she closed her eyes and didn't want to think about anything. Anyway, Feng Yan didn't dare to do anything about her.

Besides, it's not like I haven't slept. I'm afraid of nothing.

"Didn't you shout to have a baby for me before, but now you dare not lie down together?"

The man's eyes were fixed on her, motionless.

Su Xiaowan felt uneasy for a while, and then moved her body toward the inside. She wanted to lose her memory.

"Feng Yan, don't mention anything before."

"You know how shy you are?"

Su Xiaowan licked his dry lips. Thinking of that time, he hugged his shoulders and immediately closed his eyes. He said softly, "Feng Yan, I'm sleepy. Good night!"

The man's lips slightly Yang, that pair of eyes smile not smile of stare at her.

Su Xiaowan like a hedgehog lying there, dare not exceed half a minute, the whole night did not sleep, half awake, all around is the smell of this man.

Full of, not a little bit sleepy at all.

Later in the middle of the night, it seemed that someone had been holding her body tightly. At first, she felt that she couldn't adapt to it, but after a while, she got used to it.

It's hard to be sure.

She fell asleep.

Feng Yan felt the woman's shallow breath and gently kisses her hair. There is warmth in some light. He thought, in this life, there is only her.

And she can only belong to him.

Subconsciously hold him tight.

But he thought of Xia Chenyan.

Xia Chenyan chased her for a year, this year's time accompanied by her, all her life has become between him and her.

Now that Xia Chenyan is back, will their old love revive?

Does he exist in her heart?

He wants to let her forget the existence of that man, in the heart, is completely his name.

The girl in the dream whispered, like feeling cold, and went into the man's arms.

The man's fingers gently fell on the woman's cheek and rubbed, "Su Xiaowan, you should be obedient."

In the dark, after all, no one answers.

Only the sound of breathing

.....

When Su Xiaowan got up at dawn, he was a little confused. He did it on the bed for a long time before he got up. There was no Fengyan on the bed, but where the man lay last night, he could see the trace clearly.

Last night, she slept with Feng Yan?

She got out of bed, went to the dressing room, changed her clothes, and hurried downstairs.

"Little grandma, no wonder the young master likes you..."

Looking at Su Xiaowan busy in the kitchen, Aunt Li couldn't help feeling that Miss Shen said she liked it, but she had never cooked a meal for the young master. She said little, but it was all in action.

The more she looks, the more she likes it.

Su Xiaowan's chopsticks gave a pause.

Does Feng Yan like her?

Close to listen to Aunt Li quite appreciate the tone from behind, "you know today is your anniversary, so specially early up, now like you such a dedicated child really not many."

"Anniversary?"

"Young granny, today you know Su Xiaowan. Her face turned red and she struggled. She hammered her hard with a fist and said, " Feng Yan! "

"Lipstick is too dark, ugly --!"

"....."

When she got to the company, Su Xiaowan sat there, brushing her microblog, and finally saw a social news. Because of the title, she was caught in sight.

That topic

"Damn it, it pushed my own mother downstairs. I can't be a person."

"Why do such people live in this world and live like us?"

"Damn it

"Let the police uncle catch her quickly!"

"Go to hell!"

"....."

"....."

Su Xiaowan remembers that three years ago, when she woke up, she came out from the hospital. Those people stared at her with strange eyes. They had a deep feeling that they wanted to eat her alive.

When she looked up at them, they did not open their eyes.

She walked with her head down, listening to the whispers behind her.

"It's her who pushed her mother downstairs."

"Why do such people have to go to save her, let her die directly is not better."

"... but I'm really cruel and hard hearted. I'm going to kill my mother."

"It's really unfilial. I don't know how bad it is to have this."

.....

She pushed her mother downstairs. Su Xiaowan's face suddenly lost its color. She was only 19 years old.

As if at that moment, was severely hanging chest.

She went to the funeral home in the afternoon, where Su Zheng and the police stood. They said that the police would soon come to arrest her and she would be sentenced because she was an adult.

In the end, the police didn't know why they didn't arrest her, but she didn't know what she was stimulated by and couldn't remember anything.

When she went to school, those people still looked at her with fierce eyes, "why should I go to school with such people?"

"Who knows if she will hate us and kill us too."

"I heard that killing people is addictive."

"Stay away from him. I don't want to die."

"I don't want to die, either."

Su Xiaowan sat in that seat and looked at the people who were hiding far away. It was her first class in University.

She was called to the office by the head teacher, who said she would be dropped out because the school would not allow students with such a stain.

But she didn't do anything, and even the police didn't arrest her, but these people put the blame on themselves. She wanted to retort, but she couldn't for a moment.

But as if the whole world is talking about her treason, she is a sinner... She killed the closest person, is a murderer.

She wanted to get away from it.

They all said, just die.

She ran to the rooftop and stood on the empty rooftop. As soon as she saw the small mountains, she tried hard to get close to the University, but she didn't expect that her sweat could not compare with the guilt of those people.

She looked down from the rooftop. The students downstairs in twos and threes were coming out of the classroom and heading for the restaurant. The sunlight was dazzling. The surface of the blue lake looked clear. There, she had read books and walked

Maybe the floor is too high. She thinks these things are too far away.

When my mother was standing on it, did she feel a little scared and wanted to step back, or didn't want to die? But at that time, my mother was not very normal.

The wind on the top floor was so strong that it could lift her down. The wind was poured into her clothes and it was blowing like a drum.

She held the railing, thinking, if like her mother, let go, fell, is not everything will not be painful.

Her legs stepped out.

As long as she released her hand, it would be over. He would not be pointed at any more, nor would he have to look at Shen Yin's face.

It's just that I'm not reconciled.

If she died, people would think that she was guilty of suicide.

Su Xiaowan is sitting on the rooftop with the sun on his head.

Suddenly she thought of her brother.

She looked up at the sun, she wanted to live, to live well, to find her brother, to know what happened.

But she's really weak.

She was alone. She didn't dare to tell her grandmother everything here. She had to put all her chips on working to earn money.

"Xiao Wan, come down!"

"I want to go to school, and I want to go to college..."

The head teacher looked at the headmaster and immediately agreed, "OK, as long as you come down, we will certainly deal with this matter..."

Later, the school suppressed the incident. The school claimed that the party involved in the incident was not from their school, but had the same name and surname. Su Xiaowan was not that person.

Moreover, in view of the impact of such impact on schools, if anyone is talking about it, they will be expelled directly.

In fact, rumors have not been suppressed, because of this, the students believe it more.

Later, she met Xia Chenyan.

"Xiao Wan, what's the matter with you?"

Su Xiaowan came back to her. Brother Chen looked at her and said, "are you crying?"

Chapter 193

"The above is not true at first sight. It must be some bad media who talk nonsense in order to attract attention."

The things sealed in memory, when mentioned, are obviously not as calm as they seem.

Originally calm lake, a man left a stone, set off waves.

When recalling these things, Su Xiaowan had an impulse to stay away from Fengyan.

Maybe it's time for her to leave.

Put an end to all this, not give him any more trouble.

.....

After a long meeting, the man returned to the office. Feng Yi handed her an iPad. It was a social news, and the following were all swearing words.

With a bang, the man smashed the iPad.

She dialed Su Xiaowan's mobile phone, but all of them were hung up without exception.

"Go and see where Su Xiaowan has gone!"

"Yes."

Soon, Fengyi came over, "the young grandmother asked for leave this afternoon. After a week, there was no one at home, and the driver didn't receive her."

"Who sent this?"

Feng Yan had a stomach full of fire. In those few minutes, he didn't know how many cups he had dropped.

As soon as he came in, the ground was full of broken glass. Fengyi told Fengyan what he found.

"It was su Qiqi who spread it."

The glass in the man's hand was crushed by him. "She really doesn't want to live!"

Feng Yi took a breath of air conditioning and looked at the confusion of the office.

"Where is Su Qiqi now?"

"Hospitals."

.....

Su Qiqi looked at the content on the iPad. During this time, she was hit by a car and attracted a lot of attention because of her engagement. Now there are still a few people who will come to take pictures. I don't know if it's a blessing in disguise or God thinks she should be lucky.

So, basically every day in the hospital, are sitting in a wheelchair.

To win the sympathy of some small fans.

Although her career is not easy, but still rely on selling, there are a few die hard fans.

Chen Yi said that she would meet Xia Chenyan tonight.

Makeup artist is skillfully painting makeup for her, Su Qiqi droops her eyes and stares at the interface on the social news. All the people below are replying.

As she thought, Su Xiaowan was angry.

At that time, things were suppressed by the school, and not many people knew about them, but as long as they were mentioned, in fact, we still had a little impression.

After all, the woman who jumped down from the 12th floor was a famous pianist, the woman who could make headlines with a little playing.

Soon, Shen Yin called, "77, did you see the things on the Internet?"

"Mom, what a fuss."

"It's su Xiaowan. Su Xiaowan's story has been exposed on the Internet!"

"What she has done herself, is it not to be said?"

"... what do you know? Now Su Xiaowan is said that, our Su family..."

"....."

Suddenly, several policemen rushed in from outside the ward, "Miss Su, please come with us."

.....

Su Xiaowan bought a small daisy at the foot of the mountain. It is said that it is her favorite flower.

Her concept of mother is not deep.

In my memory, my mother never came to the countryside to see her, and the only time I was so close to her was that day.

But she can't remember anything.

She hid here and knew what would happen outside. She didn't know what his reaction was when he saw it.

Feng Yan, you must be very angry.

The grass in the cemetery is very high. In the photo, the woman's appearance is still the same. She is very beautiful. She is a beauty. After many years, she is still the same. It's not like other people are old and wrinkled. She doesn't have white hair.

As for her mother, she didn't know what to say to her. When she was a teenager, she had her own little secret. She didn't know who to tell. When she was a teenager, she was faced with the changes of adolescence. Others told her mother at home, and her mother would tell her what to do! But she didn't know how to tell her grandmother.

She was afraid that she would die and that her grandmother would not be taken care of.

She wrote a suicide note.

Although she thought it was ridiculous, she did not know what it was. Apart from Feng Yan's mother and grandmother, it seemed that she did not realize women's love.

She is a man of stone.

She didn't stay there long. Before the night came, she came to a place.

It was a small attic given to her by her grandmother. She could live in it at any time. She had a sum of money in her hand to buy such a place.

Her mother didn't care about her, but her grandmother brought her up and said she wanted to give her a dowry.

No one else knows this place. Even the name of the householder belongs to grandma.

It has been decorated and can be occupied at any time.

At that time, Su Zheng took her back, but the family didn't give her a place at all, so she moved here. She couldn't find anyone.

They won't come to her either.

Su Xiaowan opened the door. It was quiet inside.

She left her things aside and lay on the sofa.

It's good to be alone just like this.

She suddenly laughed.

.....

After calling Su Xiaowan all the way, no one answered. When Feng Yan went back, he looked at the express that Aunt Li had brought. He opened it and found that it was the ring and the jade necklace.

The rest, there's nothing in it.

"When did it come"

"Just now!"

The living room of Nuo Da is empty. It seems that it is difficult to adapt to it because of the lack of her.

"Don't come back to me until you find her."

Aunt Li was standing there. She didn't know what was going on outside, but she looked at the young master of her family and said, "young master, where is the young granny? Did you fight? "

A fight?

He would rather have her quarrel with him than such a sudden... Missing, such a feeling, very terrible... Some people leave quietly.

About half an hour.

"Young master, we have found the whereabouts of the young granny."

She hung up the phone and drove towards the dot on the map. Su Xiaowan was still very far away.

Along the way, Feng Yan didn't turn on the music. In the quiet carriage, it was frightening and gave birth to a lot of thoughts.

When he saw those comments this afternoon, he didn't have time to think much, just looked at the malicious attack on it and was furious.

The other person is not the party concerned at all. Why should he tell the truth about this matter.

He will read the article completely, did not expect that before him, she had suffered so much.

After many years, those people still use the most vicious words to comment on her and attribute her to

a guilty person

Those rumors seem to be more and more serious than they were in those years.

It seems that someone is deliberately trying to destroy her.

When he got downstairs, he didn't rush to go upstairs. Instead, he sat in the car and looked up the blocked website again. There were still a lot of small flames coming out.

"I'm in the same class with her. She was guilty and wanted to jump off the building. If it wasn't for her, who else could it be?"

When he saw this sentence, he felt that his fire was about to burst out.

He called Fengyi and said, "show me these things again, and you'll go away tomorrow!"

He took out his cigarette impatiently. Suddenly, he didn't hit it for several times.

He understood the feeling.

Misunderstood by everyone, criticized by everyone, just like myself.

Su Xiaowan is a strong person. Many people say that the crying child has sugar to eat, but she seldom cries. In his eyes, she is very independent and strong.

But if it had not been for a stab in her heart, she would not have avoided it.

He suddenly thought of Xia Chenyan's words.

Clench your fists more tightly.

——He was not the one who took part in her past!

If he's here, all this, he won't let it happen.

jump off building? He also wanted to commit suicide!

.....

Su Xiaowan wiped her hair and came down from the bathroom. She was shaking all over. When she took the bath just now, she used cold water.

Because of her sudden arrival, the conditions were tough.

She lost her cell phone card, and she didn't dare to watch her cell phone on the Internet. She saw the disc that had been put here a long time ago.

At that time, most of her were also watching the discs.

She thought, one day, all things will be forgotten, she constantly to do ideological work, constantly admonish themselves, she did not kill.

Because even she believed what they said.

She put on a comedy, a movie from a long time ago, and suddenly thought that when she was watching a movie with Feng Yan, Ke Ren was like this. If you don't watch it, you want to watch it, and you can't help watching it.

She took the notebook, opened the computer, pop up a black title, is the whole network is black, nothing search, other news also can't search.

She was just about to order something, but suddenly she saw a pop-up window of QQ.

Before I saw it, I heard a knock on the door.

There was a lot of movement.

This is a very old community. Most of the people have moved away. When she came here just now, she looked at the house opposite, which said "for rent"

There was a lot of noise. It seemed that if he didn't open the door, he could rush in immediately.

Su Xiaowan put down her notebook and walked over.

Through the cat's eyes, she saw Feng Yan.

You're here to find yourself guilty?

Because she was standing too close, she felt the voice of the guard was louder.

Su Xiaowan took a deep breath and opened the door, as if holding the broken jar. The moment the door opened, before she could speak, she was suddenly held by the man.

He had a lot of strength in his hand, as if to crush her bones.

With a strong smell of tobacco, Su Xiaowan coughed.

"Why run" His voice was always low, slightly hoarse.

On the way here, Feng Yan thought a lot, but he knew that what he wanted to say was totally different from what those people wanted to say.

He wanted to ask her, was she afraid at that time?

do you have any pain?

But at this time, he didn't want to mention it.

He only asked why he wanted to escape.

Why run away from yourself?

Su Xiaowan reaches out to push Feng Yan's arm away, but the man keeps her tightly. The whole person seems to stick to him, and he can't get away with it.

"You let go."

"No, you'll run."

Chapter 194

Su Xiaowan frowned, "I won't."

The man definitely looked at her, "I don't believe it."

Su Xiaowan's hair is in a mess. It looks like a stray cat she raised when she was a child. She was cold to everyone, but she was afraid that others would send her away, so she followed him closely.

Emotion is the most difficult thing to control in the world.

"It hurts."

The man's strength is very great, crushing her skeleton in general, voice did not fall, Su Xiaowan immediately feel his shoulder loose.

Feng Yan followed Su Xiaowan into the bedroom, which is not a small three bedroom hall.

His eyes looked at a notebook on the sofa, which exploded directly.

"Don't take what you say online to heart."

"....."

Su Xiaowan immediately went over and closed the computer.

The silver moonlight penetrated into the curtain. There was only one lamp in this place. The living room was empty. Su Xiaowan wanted to turn off the dazzling light, but Feng Yan held his hand directly.

His palms were warm, and his hands were long and powerful.

And she was cold because she had just taken a bath.

"Feng Yan, do you have a secret?"

"....."

She did not turn on the light, hoarse voice with a girl's pleasant taste, fell into the ears of the wind and rain.

As if I could feel her sadness and sadness from it

For a long time, he said, "no matter what people outside say, I believe you..."

Su Xiaowan took a deep breath, leaning there, he still knew.

For a long time, she whispered, "Feng Yan, you shouldn't believe it, because even I don't believe in myself."

The man was silent, his voice was blocked up, "I believe it."

She looked at him, tall and handsome, "did you see the news..."

"Why jump?"

After a long silence, she went to the living room and picked up two cans of iced beer she had bought downstairs.

She opened a can and took a swig. "Maybe even I don't believe in myself. I did that..."

She turned her back to him in a very light voice, without any emotion.

"At the beginning, I wanted to jump off a building. Maybe when I died, people would not say that to me. At that time, they said, Su Xiaowan, how can you be so cruel? That's your mother..." her voice was very calm, stating the matter. "In fact, at that time, I wanted to say to others that she was my mother. How could I push? I wanted to refute, I want to say it's not me, but none of them gave me a chance. "

"Later, when I stood on the roof, I suddenly thought why I wanted to die? I'm not reconciled. How can I

push my mother? I want to know the truth... "

"At that time, I was very desperate. I felt that people all over the world were against me and said I was a murderer."

"I'm hiding here alone crying, no one comforts me, so I comfort myself and tell myself that it will be ok..."

In such a night, Su Xiaowan talked about it for the first time. She didn't even talk about it.

Feng Yan is the first.

"Feng Yan, you don't have to feel sorry for me. I'm not really sorry, not at all."

"I'm just sorry, I lied to you. I'm not a lady with a good life experience and no stain. My hands may be covered with blood..."

"Go to sleep."

Su Xiaowan stares at him and finally says, "Feng Yan, let's go here. I'm sorry, i... we haven't got a marriage certificate anyway. In your capacity, I'm sure we can find someone who's right... I'm sorry."

He heard Su Xiaowan's voice, so low but still so clear, this sentence, is a statement, they will end, by her say pause.

The man's hand tightly holding the glass, the pieces of glass suddenly stabbed into his palm, the air with a trace of fishy smell, very strong.

Feng Yan is a hot tempered man.

Su Xiaowan had been waiting for a long time. She thought Feng Yan would be furious, but she didn't have the following. She didn't even have the scene of slamming the door.

It's like the calm before the storm.

"Feng..."

"Have you eaten yet?"

He suddenly changed the topic, let Su Xiaowan suddenly slow down, "eat."

"But I didn't eat it."

The quiet living room can hear the sound of glass landing, clear and clear.

"There's a restaurant downstairs. Go and have some yourself." Su Xiaowan doesn't know how to face Feng Yan. She wants to go back to her room to sleep. She's really a little sleepy, and the alcohol makes her feel confused.

But all of a sudden, the wrist was grasped by the man, and the hand was very strong. The sticky blood on the hand fell into her palm along his hand, and the stabbing glass fragment also penetrated into her palm.

"You want to escape." The voice was low, "you can't think about it!"

"Feng Yan!"

On the eyes, she knew that the fragments in Feng Yan's palm were deep again. She looked away a little guilty, but she was grabbed by the man.

Su Xiaowan takes a deep breath, looking at the man's palm, she is still ruthless.

She took the alcohol and said, "open your hands."

The man's hand this just obediently loosen, she found a tweezer, slightly clumsy looking for the broken glass in the heart of Feng Yan's hand.

Why does this irascible person always like to make himself black and blue.

She took the gauze and wrapped the man's hand tightly. After treating the wound, she waited for Feng Yan to leave.

But I didn't wait.

She turned and entered the room.

.....

When Feng Yan came out, he received a call from his family.

"Ah Yan, what a mess of news is on the Internet!"

"Mom, you don't care."

"I tell you, I finally married a girl for you. You can't let her be bullied by others. Our family feuders can't be bullied casually. If Xiaowan cries, I'll settle with you."

"I won't let her shed a tear."

"What about Xiaowan? Where is she? Put her on the phone. "

"Sleep."

"Ah Yan, I warn you not to bully her."

"... I won't bully her."

"That's OK. I have a headache looking for someone to blackmail the news on the Internet. I don't know if it's the person who doesn't have long eyes and dares to bully our family. When we seal the house, there's no one left. I haven't told your father about the news. If he knows about it, he must be angry again. You should deal with it quickly."

"It's already being dealt with. I'll take care of the rest."

"That's OK. I'll come home to have a meal later when I have time. I'll give her a good tonic. This girl is expensive!"

"Well."

.....

That night, for Su Qiqi, she couldn't sleep at all. She was sued.

It's plagiarism. According to the law, she has to be in prison for three years. After three years, she can almost wear the bottom of the prison.

Shen Qi'er looks at her blatantly, as if already knew all this.

"Admit it yourself."

"What do I admit? This has nothing to do with me? "

"It's nothing to do with you. If it wasn't for you, I would not have saved you if you plagiarized foreign music works. But if you plead guilty, I can help you reduce some crimes."

Shen Qi'er was involved in a big disturbance because of Su Qi Qi's affair. If her father hadn't come forward, she would have been accused long ago.

Now it's hard to protect yourself.

I never thought that Su Qiqi's music was copied from others.

Shen Qi'er's title of "little talented woman" in her creation has been hit unprecedentedly.

"Not me, really not me!"

"It's su Xiaowan... It's su Xiaowan... These are all Su Xiaowan's..."

Su Qiqi was shut up in the place where she couldn't see her fingers. The police said that the evidence was thrown in front of her, and she was flustered.

"This has nothing to do with me. It's not really me."

She looked at the evidence one by one with fear.

"It's not me, it's Chen Yi... It's all her..."

"Miss Su, you are suspected of plagiarizing other people's works and deliberately inciting others on the Internet... Mr. Feng said that he would sue you for nothing. If you offend Mr. Feng, you are ready to die!"

"What?"

Su Qiqi's face suddenly widened. She understood that she was used by Chen Yi, "I want to see my parents."

"You are not allowed to see anyone."

"No, I want to see my parents --!"

Su Xiaowan, as long as you find her, she can certainly help herself.

But how can she find Su Xiaowan?

Now that she was like this, she must have been hiding where she couldn't find it.

.....

When she woke up, it was more than nine o'clock. Thinking that she didn't have to go to work, she was relieved. But thinking of Feng Yan, she got up to get a can of milk and warmed it up.

However, Feng Yan is no longer at home.

He gave up himself. Feng Yan is such a proud man.

After all, he said so many heartless words yesterday that he should give up.

Her hand tightly holding the cup, the taste of being abandoned, is really not good.

However, people like her are not suitable for Fengyan.

She stayed at home and didn't go out all day. She turned off everything, as if other people really couldn't find herself.

Chen Chen

She was suddenly glad that Chen Chen was not here.

Otherwise, such gossip, others will certainly put the blame on Chen Chen.

Chen Chen is her younger brother. She wants to protect him from any harm.

She holds the pillow. Fortunately, grandma doesn't surf the Internet. Fortunately, the people she cares about won't know all this

Su Xiaowan didn't expect that things would turn out like this. As soon as it got out of hand, she opened the mailbox and found some letters in the company.

Suddenly she didn't want to be here.

Tianyiyi: come to a market base?

All of a sudden, the group exploded. All of them were people who had known each other a long time ago and made great achievements in music. They were friends she added when she was in college. They were all interested in music. Over time, they built such a group to share what they had learned. In fact, people with the same interests and hobbies were easy to talk about, I have known each other for many years.

Sail in the wind: OK.

Chapter 195

Su Xiaowan went to a city. She was lying on the big white bed in the hotel, but she didn't adapt to the empty room.

She was sleeping alone in the big bed of the hotel. For the first time, she felt that the whole room was so big, empty and lonely. Su Xiaowan arrived at the appointed place early. She came too early and there was no one in the box. She was sitting on the sofa playing with her mobile phone. When she heard the door ring, she looked up and saw a familiar figure

It's Xia Chenyan.

She didn't expect to meet him here, because city A is close to Jiangcheng, but there are no people in city A.

He was wearing a crisp shirt and jeans.

"Xiaowan."

As soon as Xia Chenyan comes in, Su Xiaowan feels embarrassed. Fortunately, several girls around her quickly pull her into their camp.

"Hello..." when Su Xiaowan talked with them, he felt relieved.

"Have you seen what happened a while ago? That's my favorite pianist. Unfortunately, he died in the end. "

Su Xiaowan's face changed. All night, she was out of her mind.

She thought that if she escaped from the circle, she could get rid of the gossip, but she didn't.

She left the box early. Su Xiaowan stood outside to take a taxi. The man at the other end opened the window and said, "Xiaowan, I'll see you off"

"No more." Su Xiaowan didn't take Xia Chenyan's car and went back to the hotel. That night, she tossed and turned and didn't fall asleep.

Simply, I got up and looked for some movies to see. As soon as I opened them, it turned out to be the love movie she saw with Feng Yan last time.

Last time, she didn't even see the ending.

Su Xiaowan looked at it again, only to find that this is a sad story, under the guise of love, the last two people died of nothing.

There is no intersection in life.

Just get along with a few months, she felt full of him, as if how can not disperse.

Feng Yan, I don't know what he's doing now.

Maybe I'm in a rage.

After all, her life was a mess as well as a substitute.

.....

When Feng Yan arrived at C City, he received a picture from Xia Chenyan.

He clenched his fist and saw through the photo. In the photo, Su Xiaowan stood there as usual, while Xia Chenyan stood at the door. He could feel that Xia Chenyan was close to her. They were very ambiguous.

He asked Fengyi to find Xia Chenyan's whereabouts. Then he knew that they had stayed in a hotel, one on the upper floor and the other on the lower floor.

He didn't even take the luggage, rushed into the hotel, saw the man, directly give him a fist, he under the hand to very heavy, hit Xia Chen Yan Meng.

"I like her, I will pursue her again, Feng Yan, I like her much earlier than you, with my feelings with her, she will come back."

When I met Su Xiaowan, there was nothing else about Feng Yan.

He thinks that Su Xiaowan is different from other people. He is as holy as a flower.

But looking at Feng Yan standing beside Su Xiaowan, he felt very dazzling.

He put his tongue against his cheek and felt that his teeth seemed to be loose. "Feng Yan, you can never get involved in the things between me and her. My memory and her memory..."

"You have the right to like him."

Feng Yan takes his collar, presses him to the wall, and gives him a hard knee. Xia Chenyan hums and feels the smell of rust in his mouth.

"I tell you, she's mine!"

After gathering together Xia Chenyan, Feng Yan feels that his wound is cracked again.

But he didn't hurt.

"It's better that this matter has nothing to do with you, otherwise, I won't let you go --!"

When Xia Chenyan likes Su Xiaowan again, Feng Yan's psychology has given birth to a sense of crisis.

He can't go on like this.

.....

Feng Yan beat Xia Chenyan and went upstairs. The quiet corridor seemed to be the gully between them.

He thought of that day, she said, Feng Yan, let's stop here.

Su Xiaowan was hungry in the hotel. She dressed up and opened the door. Suddenly, she was grabbed by a hand and pressed on the wall.

He raised his head and looked into Feng Yan's eyes.

His eyes were sharp and full of red blood. He looked tired and like a wolf who had been hungry for a long time.

"Feng Yan..."

She thought that if she hid here, she would never find it again.

Before I could push him away, suddenly the man just kisses him.

Anyway, Su Xiaowan's mouth hurts.

A deep kiss in the storm, finally is the end, Feng Yan's fingers rubbed her lips, with the cannibal eyes, staring at her.

"We get married --!"

His voice is always nice, so that people think that she can like him because of her voice.

Su Xiaowan, "..."

She raised her hand to push away the man, but the next second, she was pressed on the wall by Feng Yan to kiss him.

Su Xiaowan is in a mess.

It's not the first time he said that we are married, and she doesn't believe that he is still joking at this time, but now that they are all like this, can they still get married?

No, even the Xia family can't accept it, let alone seal it.

"Come home with me."

"... I don't want to go back."

She didn't know how to face all this. She was afraid and uneasy.

She pushed aside Feng Yan. When she turned to enter the room, Feng Yan forcefully shoved the things in his hand into her hand and left.

Su Xiaowan looks at the incubator.

I've done it for him before. It's the same one.

She went to the business hall alone and got a new card. During this time, she only cared about herself, but she didn't know whether Xiyan had seen it or not. She immediately called Xiyan, but she couldn't get through.

Tian Yiyi knew that Su Xiaowan had not left in a city, and after chatting yesterday, he found that they were very friendly. At four o'clock, Tian Yiyi called her.

"Xiaowan, you're in a bad mood. Why don't you sing? Just for you to wash the dust, yesterday you did not have a good time to go! Don't worry, just the two of us. "

Su Xiaowan singing out of tune, if it is before, she is not willing to participate in these activities, would rather stay at home.

But now, as soon as she calms down, she will think wildly. She wants someone to accompany her.

She has seen all the discs in the hotel, and she doesn't know what to do when she stays here.

Tomorrow, she plans to go back, even if there is a bloodbath, she does not want to go on like this.

To the KTV, it is still late at night, Tian Yiyi is a singing girl, and obviously, this is her special show, he is just an audience.

She sat in the corner, listening quietly.

"Why are you not happy these days?"

"Do you have one?"

"Of course, you have three words of unhappiness on your face."

"Maybe it's too tired to go to work." Su Xiaowan's fingers grabbed the soft sofa, took a bottle of beer from one side, and took a big mouthful of it. "You don't care about me, you sing your song, it's very nice."

Halfway through, the box was pushed away.

Listening to the sound of the door, Su Xiaowan saw Feng Yan coming in at a glance.

He is not far away from the distance, that one eye, there is a feeling of a million years.

As soon as Feng Yan sits down, the sofa beside her suddenly sinks in, while Tian Yiyi is singing heartbroken songs. His hand comes around from behind and sits beside her. Su Xiaowan is as if she is in her arms. She doesn't hide from Feng Yan, because she knows she can't push it away.

When Tian Yiyi reacted, he was pulled out by the feudalism. Tian Yiyi was very Mongolian, so he was dragged away.

KTV quiet down, in addition to the next door where the woman is crying because of lovelorn, they are silent here.

"Go home."

She doesn't know how to stand here with Feng Yan and stare at her eyes. She doesn't know how to reply. She says that she's going home... She's not su Qiqi. Is she qualified to go back?

The answer is No.

The person Feng wanted to marry was su Qiqi, not su Xiaowan.

.....

She was carried out by Feng Yan. It was useless to struggle.

"Still in a temper?" The car drove a distance, and suddenly her stomach felt sick, "stop, I feel sick!"

The man's eyes tightly locked her cheek, "don't eat to drink, can not be uncomfortable?"

Su Xiaowan looked at the man, pitifully looking up at the black eyes, "I want to vomit."

The car zipped and stopped at the side of the road.

Su Xiaowan opened the car door and squatted all the way, hanging her head. In fact, she didn't drink, so she took a sip. It's just that she didn't eat all the time, so she felt sick in her stomach.

Suddenly a bottle of mineral water came to her.

He also unscrewed the cap carefully.

She took the mineral water, lost gargle, red eyes looking at the man, "I want to go back."

"Get in the car --!"

"I might throw up in your car." She definitely didn't want to sit in because she was so bored that she was very upset, especially because she didn't know how to face Feng Yan.

She's far away.

But why does he still come.

The man came up to her and said, "come up, I'll carry you."

Su Xiaowan was closely watched by his extremely domineering eyes, and finally slowly climbed up his spine.

When she holds him, she can look at the beautiful outline, Junlang, which is clearly what he sees every day.

"Hold me tight."

Black and white apricot eyes with moist, look a little fragile, when she was a child, she most eager, one day, there is a person can carry her.

At that time, desire was the father. Later, hope was Xia Chenyan

After that, I was deeply hurt, so I would never have such a dream again.

Feng Yan looked at the girls in school uniforms standing in front of a stall, eating cotton candy.

Marshmallow is a girl's favorite. Fengyi told him

Although she doesn't know what's good in such sweet and greasy food, so many girls are eating it, and the taste should not be worse.

Besides, she should have some sugar.

Chapter 196

"Do you want that?"

Her eyes flashed in the past, and now she looked at the girl eating cotton candy in her eyes, and licked her lips enviously.

But in the end, he shook his head, "No."

Feng Yan Yu Guang looks at her. He carries her on his back and goes to the stall.

"I said I would not"

"Er... Is this what the teacher said? A flower was put on the cow dung."

"... but how nice they are to her. Some love depends not only on the appearance, but on the heart."

"... other people's boyfriends, like taking a picture and posting it on the Internet..." before the girl's voice fell, Feng Yan's sharp eyes looked at her.

Although he is not good-looking, he has a big temper.

Feng Yan bought the biggest marshmallow, which is super big, bigger than Su Xiaowan's two faces.

She took the marshmallow and licked it.

How sweet

It seems that only such sweetness can hide the bitterness in my heart.

"Is it delicious"

Su Xiaowan blinked and handed the marshmallow, "do you want to eat?"

Just as she was about to pass it, she suddenly withdrew her hand. "I don't want to give it to you. It's mine!"

The thin eyelashes suddenly flash wet, looking at the hands of cotton candy, big, very sweet.

"If only my father would buy me marshmallows."

"Can't I buy it for you?"

"You're not my father."

Men's eyes with a bit overbearing, "you can take me as your father."

Su Xiaowan, "..."

He walked slowly, I don't know if it was on purpose.

But no matter how far it is, it will come one day.

She went back to the hotel, and Naka opened her room door. Because of the wind, it seemed that

everything just disappeared.

Su Xiaowan was a little tired. She looked at the man standing there who was not ready to leave. "I'm going to sleep."

"You sleep."

"....."

"I can't sleep when you're here."

"Here I am, you can sleep."

Su Xiaowan, "..."

"Before, when you climbed into my bed, every time you rolled into my arms and were held by me, you could sleep."

"You are sticky at night..."

He was very serious when he said it. It was the same as the truth.

Su Xiaowan felt that her face turned red all of a sudden. She kowtowed, "no, it's impossible."

She is obviously short of confidence.

When she used to sleep with Xiyan, Xiyan always said, "you look so cold on weekdays, but I have to hold you to sleep at night. Sometimes I feel like I can't breathe, but you look so cute."

"It's very late. Go back and have a rest early. Don't disturb other people."

This is the hotel. It's really late. She coughed and had a dry throat. She had a little pain. I don't know if she had caught a cold just now.

"When are you going to go home?"

Su Xiaowan didn't speak. She turned to take a bath and came out. Feng Yan had already left.

Nuo Da's suite always feels empty. She is sitting on the bed, wiping her hair with a towel. Just as she is about to turn off the light to sleep, she suddenly hears the sound of unlocking the lock.

She was startled.

The hotel she chose is not the best one. It can be stayed without ID card. Originally, she just wanted to

find a quiet and cheap place to stay for a few days. When she calmed down, things on the Internet were gradually forgotten, and she appeared.

She picked up the ashtray at the head of the bed and crept to the back of the door. She just watched the door being pushed open. At that moment, she immediately took the ashtray and hit it hard.

Su Xiaowan only heard a bang, then looked at Feng Yan and covered his ears.

"Feng Yan." Su Xiaowan looked at the familiar person. Just now she hit him to death, so she was very cruel. "I'm sorry, do you want to go to the hospital? Your ears... Are bleeding. "

"No, just take care of the wound."

Feng Yan went in and looked at the small room. The environment was really bad. He didn't want her to stay in such a place for a moment.

Su Xiaowan stood there, holding a cotton swab, "you'd better go to the hospital"

There was a lot of blood flowing in his ears. She felt very dazzling. At the moment, she subconsciously looked at Feng Yan's hand, which was full of potholes.

Originally, she thought that she had made it clear enough that she wanted to separate from him and firmly felt that there would be no further involvement between them. Unexpectedly, Feng Yan entered her life again so soon.

"Say a word."

Su Xiaowan subconsciously looked at Feng Yan and listened to him say, "you say a word to my right ear."

She took a deep breath and suddenly didn't know what to say.

"I can't hear you. You seem to have deafened me."

Su Xiaowan looked at him and frowned, "I didn't speak just now."

"So you're going to smash me like this and leave me alone?" Feng Yan looked at her, his eyes burning, as if to see through her.

Su Xiaowan frowned. He smashed it by himself, and Feng Yan was a good man. "Feng Yan, or you'd better go to the hospital?"

"So you're going to leave me in the hospital and leave me alone?" Men are aggressive.

"I didn't say I didn't care about you."

"Then you come home with me."

"I..." Su Xiaowan was a little tired, "Feng Yan, what I said that day was not to say..."

But the man pulled her waist over, and she fell on his body, her ears close, the strong heartbeat, plop plop.

"I've dealt with it. No one will say you're not."

"And, I believe, you're not like that."

Suddenly, a paper package was put on her hand. Su Xiaowan saw that there was cold medicine in it. It turned out that when he left just now, he went to buy cold medicine.

"Finish your medicine and go home."

I don't know when Feng Yan's hand let go. Su Xiaowan coughed. She turned to one side and took a disposable cup. When a little hot water came in, she took out the bag, but suddenly saw a

It's... Condoms.

"It's not mine."

The man took the thing and threw it into the garbage can. "I think the boss threw it to me when I bought a cold just now."

"....."

Su Xiaowan looks at the things in the garbage can and frowns. The atmosphere is a little embarrassed. Su Xiaowan pulls away the cold medicine, pours it into the quilt and adds hot water.

She doesn't like cold medicine.

Because it's too bitter.

Originally, life is bitter, add some medicine, even more bitter, her life is full of thorns, how can not see the edge.

The cold medicine fell down one by one, sliced in the warm water and turned into a light brown.

All of a sudden, it warmed her stomach.

"Feng Yan, you know why..."

"You are my man. No one can bully you except me."

"But I'm not..."

Chapter 197

"Su Xiaowan, I'm tired!"

It was the first time that he called her name. It was a low, beautiful voice.

"Feng Yan..."

The man suddenly hugged her tightly, "I didn't participate in your past, but in the future, I don't want to be absent. With me, I won't let people bully you."

The voice was low and deep. It was the taste she liked.

For a moment, I was stunned and couldn't open it any more.

... she felt a slight tremor in her heart. It seemed that the sentence was neat, without a trace of procrastination. She asked carefully. She didn't know why Feng Yan knew that she was not su Qiqi, and she didn't insert it. On the contrary, she lived so peacefully with her.

She likes quiet days, very much.

"Doesn't it matter if I don't?"

All of a sudden, the man's kiss fell down and went deep. Su Xiaowan grabbed her clothes tightly. "I miss you."

That low deep voice, seem to be bewitch people's hearts, even her own mouth is not controlled opening.

"Feng Yan, can I still go home?"

"Of course."

The man's deep eyes fell on her, pinched her earlobe, "you are better, everything will depend on you, bully you, also don't want to run."

His tone, with a bit of doting, Su Xiaowan felt that the earlobes were boiling hot.

She suddenly thought of something, staring at his ear, faint light, can see the ear inside the flashing blood.

"Are your ears... Better?"

"Not yet..."

Su Xiaowan's heart slightly mentions, that sentence has not yet, she immediately does not know how to do, she wants to open a mouth, but listens to him to say.

"No good... Will you be responsible?"

"Yes."

That word is neat, let Feng Yan's heart, in vain raised a lot of joy, he seems to forget himself before a person sitting in the small hospital that kind of sad lonely scene.

It's back to the original way. It seems that there are no such rumors. Feng Yan is very busy during this period, but Su Xiaowan seems to be very idle.

She likes a quiet life, just go on like this.

After three days, she went back to the Internet.

There is no more information about the news, and the endless things in the entertainment industry will cover up a lot of things all at once.

She knew it was made by Feng Yan.

But this time, a large number of fans denounced one person, Su Qiqi.

The scale seems to be increasing day by day.

They say that she is fickle, that changing her boyfriend is the same as changing clothes, that she specializes in robbing other people's boyfriends, and that she

There's even social news that Su Qiqi hit someone, hit and run

Shen Yin calls her crazily, but she never answers.

—Xiaowan, she's your sister. I'll tell you if you come.

—I'll tell you about your brother, too.

Su Xiaowan looked at Cheng Weiwei standing there, "Weiwei, I want to go out."

"Little grandma, I'll take you."

Before Cheng Weiwei left, she carefully contacted Feng Yan, "young master, young grandma is going out."

When he received the call, Feng Yan was standing in front of the French window. When he picked up the phone, he felt that the wound was not healed. He didn't hear a word. He was vague.

"Say it again."

He answered in a different ear.

"Grandma is going out." Cheng Weiwei pauses, but says it again.

"Then take care of her."

The man's face is dignified, his side ear seems to really can't hear clearly.

.....

She followed Cheng Weiwei to the cafe and saw Shen Yin from a distance. When Shen Yin saw her, her eyes lit up and she stood up from her seat. "Xiao Wan, I knew you would come."

Delicate makeup can't stop the black under the eyes. When I see Su Xiaowan, I can't suppress my joy. At the moment, the whole person seems to be full of hope.

Su Xiaowan sat opposite, "say it."

Shen Yin looked at her, "what happened in those years was not really said by Qi Qi. It was taken as a chess piece. It was Madame Xia."

"You also know that Qiqi was simple. She was just fooled by others. Mrs. Xia operated all this. She did it all by herself."

Su Xiaowan looks at the woman in front of her, and her make-up is spent. Shen Yin cries with tears. I still feel pity for her. I heard that she won Su Zheng's heart because of tears.

It's a pity that Su Xiaowan is not a man. She just feels sick of Shen Yin's hypocrisy. Just because she hates Shen Yin, she can say that some things are not true?

"Xiaowan, it's our fault that we're sorry for you. Now she knows she's wrong. Qiqi is still young. All these things have nothing to do with her..."

Sometimes she is very jealous of Su Qiqi. If she does something wrong, her mother will help her to wipe

her tears and solve his worries. But if she does something wrong, it's what everyone says.

Su Xiaowan drinks a mouthful of coffee and looks at Shen Yin indifferently. She is very good-looking. That's why she seduces Su Zheng and makes her abandon her mother and children. After so many years, Su Zheng is clearly a lecherous person, but she is the only one who can be taught by her.

No doubt she is powerful, but she has a wicked heart.

It's so vicious that even if you don't want to worry about anything with him, she just stares at you.

"I hear she's going to be sentenced soon, so you're worried."

It's true that today she has received the notice of hearing. Su Qiqi's case will soon be heard, but no lawyer dares to take such a case.

It's not that she didn't ask for help. If she had no way, how could she come here to find Su Xiaowan.

Her face is not good-looking all of a sudden, she has been so humble, did not expect that Su Xiaowan is still indifferent.

"It's a big deal. Your identity will be exposed at any time."

"Do you think it's very small now?" Su Xiaowan scolded that if it wasn't for her, all this would not have become the current situation. Everything should be calm.

"Su Xiaowan, your wings are hard now. Anyway, you're the Su family. You can't just stand by. "

"Su family? Have you ever taken me for granted? "

"You know who I'm here for today. Since you don't plan to tell me, I'll find out for myself." He stood up and put a 100 yuan bill in front of his desk. "She deserved it. I won't save her."

"Even if she is wronged, will you just stand by?"

"Wronged? She said she didn't do it, so she didn't do it? What about me? I said at the beginning that I didn't push my mother downstairs. Why are those people still criticizing me? "

"It can't be compared at all..."

Can't be compared?

ha-ha.

"In those days, I know you spread it out. You want me to jump like her, right --!"

Chapter 198

The tone is a declarative sentence, obviously Su Xiaowan knows it well.

Shen Yin didn't expect that she did all the things that year. That damned bitch came back from her trip and died. She was very happy.

But her daughter was always in front of her.

Up and down.

All of a sudden, she had a great idea. She told the media about it, bought the Navy, and painted the name of Su Xiaowan.

At that time, she was only 19 years old, and she was pushed to the top of the storm. Those unknown people also sent a lot of wreaths to curse people home

It's said that she almost jumped out of the school.

But the next day, she saw her dancing happily in front of her

Thinking of the past, Shen Yin's eyes are full of hatred. "It's nothing to do with me. Don't spit out blood."

"Last time, I didn't catch you, but this time, I won't give up."

Then he walked away without looking back.

"Su Xiaowan, are you so sure you didn't push people? It's just you and your brother. Although your mother's spirit is abnormal, she never wants to die! "

Hearing that sentence, Su Xiaowan was stunned.

She can't tell now.

"Pa --!"

Suddenly a group of people came up and slapped Shen Yin's face, "what are you doing?"

"Oh, sorry, the wrong number."

But at the moment, all the red marks on her face, she covered her face and went back crying.

Shen Yin didn't know until the evening how much disaster it was.

She went to Xia's house. She played mahjong with Chen Yi several times before. She knew where the

villa was. I didn't expect Chen Yi to instigate her daughter.

Chen Yi looked at the woman, "what are you doing here?"

"You did it all. Why should my daughter bear it? I will die with you!"

Su Qiqi is a perfect chess piece. She blocks a lot of things for her.

"You are delusional, toads want to eat swan meat, my young master, is also a person like you can casually take a fancy to?"

Shen Yin has never been so humiliated in her life. "I have told Su Xiaowan that it will be your turn soon!"

"Feng Yan won't let you go."

So what if Su Xiaowan knows!

She'll make her shut up.

.....

Cheng Weiwei accompanied Su Xiaowan up the street. "Young grandma, we all believe that you are innocent. Don't pay attention to those people. They don't know the truth at all. They will be keyboard man."

"Thank you."

Cheng Weiwei looked at her in a bad mood. Just now, the woman didn't know what she said, which made her come out like this again.

"Young granny, they misunderstood you so much. Why don't you explain?"

"I think what they said is true." Shen Yin's words, she can't refute, also don't know how to refute, because she can't get the facts to prove.

"... you don't remember what happened?"

Su Xiaowan shook his head. "I can't remember."

Cheng Weiwei frowned, "have you seen a doctor? Your symptom may be indirect amnesia. "

Indirect amnesia?

Cheng Weiwei said slowly, "every time a colleague before me encountered something very dangerous,

he would forget it when he woke up. It's very similar to your symptoms, young grandma. Do you want to think about those things?"

When Su Xiaowan was first hypnotized, the effect was not good, which could be said to be worse. At that time, he tried to find out the answer and wanted to know the truth. But after hypnosis, the dream became more terrible. Every time, he could dream of the terrible nightmare and the scene of his mother falling off the floor.

"Young granny?"

"I'm fine."

"Then I'll buy you a cup of milk tea."

Su Xiaowan likes milk tea and yogurt. As time goes by, Cheng Weiwei and them all know her taste.

"Well, Wei Wei, it's very kind of you."

Cheng Weiwei runs away. Su Xiaowan is standing there. The sun is dazzling. She turns around and suddenly sees a familiar figure.

It's Chen Chen

She ran over in a hurry.

A taxi is so stable stop there, "Miss, go?"

She sat in.

The man immediately locked the door.

Su Xiaowan wanted to create, but was a sharp thing against the waist.

Su Xiaowan felt the man's familiarity. She saw the bright knife and said, "put me down!"

"You dream, I'll wait for you, but I won't let you off in vain --"

Qian Xin realizes the danger. Su Xiaowan is surprised. She grabs the door handle tightly and wants to get off, but the door can't be opened.

"Put me out of the car --"

"You got in my car and thought you could just go down!"

The man took a sharp bayonet and went to her with a cold smile. Su Xiaowan didn't have time to exclaim, so he cut a wound on the back of his hand.

Suddenly blood gushed out.

"Who are you? I have nothing against you. What do you want to do?" She rubbed the back of her hand and looked at the man at that end in horror.

"Women talk too much and get annoyed!" The man reached over and rudely pulled her hair. "Be obedient, I'll make you suffer less."

Who is this man?

Su Xiaowan looked at the sharp blade. She did not dare to move again. The next second, her neck was caught by a hand. Then, a wet towel blocked her mouth.

A strong taste of strong and into the next second, she fainted.

What happened after that, she didn't know anything.

President's office.

"Young master, all the things on the Internet have been dealt with, but Su Qiqi has always said that she was wronged. Mrs. Xia called her on the phone."

Wrong.

She also knew that she was wronged.

"Lady Xia's business, the phone call is really her, has been investigated."

The man held the cell phone tightly, "where's Xia Chenyan?"

"Young master Xia doesn't seem to know, but madam Xia is not very satisfied with the young granny..."

He took out his cell phone and dialed the woman's number.

But it didn't get through.

Immediately called Cheng Weiwei.

"The little granny is gone."

According to the truth, she would never be the one who didn't answer the phone after she called so

many times.

The man's face sank and turned on his computer.

Looking at the fading navigation, it was installed on Su Xiaowan's mobile phone.

They have been separated from the urban area of Jiangcheng.

I don't know why, but an ominous premonition rises in my heart.

His face suddenly darkened, "check all the roads in Jiangcheng, I want to know Su Xiaowan's whereabouts immediately, with the fastest speed."

Cheng Weiwei is so said, find out not good, throw away the milk tea, inside to find the police and the scene surveillance video.

"Yes."

.....

Su Xiaowan woke up in a cold place.

The cold wind ran into her bone marrow and penetrated into every cell. Her teeth were trembling. She struggled to prop up her eyelids and found that she was in a room without any light.

She moved her body, the wind was so cool that her hands and feet could hardly move.

She tried to remember what had happened before she fainted, and the blade of the man flashed in her head.

She had a few thrills.

Because wake up of the reason, at the moment the hand slowly recover, that was scratched on the back of the hand, bone piercing pain.

She looked around and it was clear that she had been kidnapped.

She didn't have a grudge against anyone, did she.

It seems that there is nothing else except this man.

All of a sudden, there was a bang.

Chapter 199

A heavy metal rolling door rose slowly. In the quiet space where only her breath can be heard, the sound is particularly abrupt, and the echo is to set off the emptiness of the whole space.

Then it seemed that something was heard.

The door was slowly opened, and several strong spotlights came in without warning. Adapted to the darkness, Su Xiaowan suddenly touched the strong light, her eyes were stabbed and couldn't open, even some pain. She reached out to subconsciously block her eyes, and the pain on the back of her hand swept all over her body.

It took a long time to squint and look at the door.

"Su Xiaowan."

A woman came in from the door. Her skin is well maintained. After so many years, she is still shining, white and tender. There is no trace of years on her face, Chen Yi.

Xia Chenyan's mother, a woman who was very popular when she was young, no one in the film and television circles didn't know her, but she was brilliant on TV, but now she looks a lot more mean.

Confused, she finally knew who she was kidnapped by.

I had already experienced this familiar routine many years ago. I didn't expect that I would change the soup without changing the dressing this time. The most stupid thing is that she didn't pay attention to it carefully and was tied by her.

"What are you doing, madam Xia?"

Mrs. Xia looks at the woman in front of her. When she first saw her, she stood with a young face. After years of baptism, that face became more and more dazzling. It's no wonder that Chen Yan was really beautiful.

It's charming enough to seduce his son with this face.

"You seduce our family Chen Yan, let him look for life and death for you, turn against my mother, run all the way to chase you back, Su Xiaowan, I let you go before, does not mean that I will let you go, although times have changed, I want to deal with you, or as simple as killing an ant?"

In just a few words, two people's identities are far away. One is superior, and she

Su Xiaowan twisted her eyebrows. "Madam Xia, if you blame me for such things as young master Xia's anger with you, then I really have nothing to say. Besides, I didn't let young master Xia chase me back. If it was because of him, I wouldn't come back here."

"Smelly girl, even learned to talk back."

"Madam Xia, everyone will grow up. After so many things, I'm not the little girl you bullied."

Mrs. Xia looked at her and thought that she was beyond her ability. "I think you are as stupid as before. Just a man can fool you out of your wits. Now, it's in my hands. This time, it's not as lucky as last time."

"Madam Xia, I've completely broken with your son. Now I have a man I like. If you do this to me again, my man will not let you go."

Mention that time, Su Xiaowan's fingers tightly clenched into a fist.

"Su Xiaowan, as you are, the men who like you are just useless. You think I will be afraid of you!"

"So Mrs. Xia is saying that your own son is nothing?"

"You smelly girl, I tell you, Chen Yan won't like you so scheming woman."

"Yes? So, what's Mrs. Xia doing to me? Is it enough to eat and have fun? "

Chen Yi looked at this eloquent woman, relying on this mouth that can speak, her son was out of his mind.

Today, she's going to destroy her.

"Su Xiaowan, don't get carried away. You'll suffer later."

"Come in -!"

Then, a few big men came in from the door.

Those big men, staring at her, looked as if they could see through her.

"This woman gave it to you to play with."

"Thank you, Mrs. Xia."

The man who hasn't eaten meat foam for a long time can't wait to peel off the woman immediately and put it on his body. Due to the presence of Mrs. Xia, he didn't do anything more regular.

"When you ran away, my brother and I were annoyed for a long time. But we are still predestined, you still fall into our hands

"The skin is so smooth, and my face is more and more beautiful. My brother is ready to move." The man

looked at her lustfully, and slowly approached her.

Su Xiaowan breathes hard, and she subconsciously retreats. These people... Are the same group of people who wanted to attack themselves. Fortunately, they carried a sharp blade with them, scratched them, and finally escaped.

In the middle of the road, they met the abducted Xiyan. Together, they avoided this group of people... But they also slashed Su Xiaowan's heart.

But now, she... She has no blade.

"This pathetic little look is just a beauty, and her figure seems to be much better than before. I don't know if she can stand it when our brothers go together."

"Don't play dead."

"Madam Xia, don't worry. We all love women very much."

That Chen Yi looked at her one eye, despised disgust, "see you dirty, you that waste man still want you."

Bang, the door will block the only light, Su Xiaowan in front of a black.

Just listen to the man's obscene toward her tut tut sound, "get out of here!"

"Go away, how can I love you!"

"If you dare to touch me, my man will not let you go!"

"Oh, I'm so scared."

"After a while, even if your man comes and looks at you under our pressure, your man will come to see you more when he is green headed?"

"My man is Feng Yan. Are you sure you are not afraid?"

Hearing Feng Yan, the man's steps stopped, but looking at her, how much is not believe, if it is Feng Yan's woman, how can she seduce Mrs. Xia's son.

"The ugly one, can it satisfy you?"

"... he's not ugly!"

"Yes, if the little beauty says no, it's not." The man pulled his clothes and took them off in a hurry.

"Brother, I'll try Feng Yan's woman first."

"If you touch me, I'll die and I won't let you go."

All of a sudden, the wrist was caught by the man, "I like that you are still pestering me when you are dead. The strength of threatening people is so damn strong!"

"Get out of here!"

She was biting the hand on her wrist. "What a bitch! How dare you bite me!"

Pa -!

A slap on her face, Su Xiaowan's mouth was bleeding.

At the moment, the man at that end said slowly, "boss, don't kill people, it's not fun!"

"I can't bear it! You don't know how long I've been thinking about her, but I don't know if she has been opened for such a long time! "

When those men get together, they can say a lot of dirty words.

"You go away --!"

"Boss, give me a kiss!"

Su Xiaowan struggled to kick the man who was close to him, "I will not let you succeed even if I die --!"

The man dragged his pants anxiously, "bitch, I'll teach you a lesson later --!"

.....

Bang!

Chapter 200

The next second, the door was kicked open, light, shine in, feel a lot of people, but.

Su Xiaowan only saw the dusty man.

Feng Yan.

Su Xiaowan is lying on the dirty floor with messy hair, which looks like a broken doll.

"Feng Yan..."

It's Feng Yan, not a dream.

It's really Feng Yan.

She has peace of mind in her eyes. It will never happen to anyone. He really comes, like a prince, to save Cinderella, which is fascinating.

Fengyi took a few men and police, towards that left a gun, the man quickly toward her, a hug her shoulder, "eyes closed."

Su Xiaowan's fingers tightly hugged him, as if only such a feeling, she would feel safe, that is Feng Yan, her heart.

"Good, don't be afraid. I'm coming." Feng Yan's voice with a bit of doting, in Su Xiaowan's ear gently soothe.

Bang bang!

The sound of the gun was long and reverberated in her ears. Su Xiaowan's heart kept beating. At the moment, she was not afraid, because Feng Yan was beside her.

At the moment, the eyes of the wind and rain coldly glanced at the man at that end. He had taken off completely. At the moment, he didn't think much about it. His strong leg suddenly raised. At the moment, the Black Dagger flew out like a sharp sword and stabbed the man's leg directly.

"Ah..." the man knelt on the ground and begged for mercy by such a shot, blood stained everywhere.

"Keep one alive, and I'll scrap the rest. Don't let them die too happily."

The words that made people dare to fight and schem were cold for a moment. Suddenly, a man with a stick on the ground beat Feng Yan.

Bang.

Everyone didn't notice that the man was beaten alive.

Su Xiaowan immediately opened her eyes and felt the violent vibration of the man's body. All of a sudden, she suddenly looked at him, "Feng Yan, are you ok?"

"The man couldn't hear her at all. He just circled her tightly with his fingers and looked at her mouth. He seemed to care.

"Nothing." Feng Yi came to hold Su Xiaowan, but the man didn't give him anything. He obviously saw the

blood on the back of Feng Yan's head.

"Young master --!"

When Su Xiaowan was held down, he saw the group of people, all white, and the scene was very grand.

Feng Yan is too cold, Su Xiaowan wrapped in the black suit, leaving only a little black hair.

It's like an unborn baby.

.....

In the carriage, Su Xiaowan's pale face is a little more, I feel pity for her. She sleeps vaguely and wakes up again. In her dream, there is a man shielding her from the wind and rain.

It's Feng Yan.

"Feng Yan..." she kept shouting the name of this person.

"Drive faster --!" Feng Yan's hand tightly covered her head and held her in his arms, "Su Xiaowan, you are not allowed to give me something --!"

Along the way, men drive fast, all the way.

hospital.

Even now, Su Xiaowan was placed on the bed, but he still held Feng Yan tightly. In a coma, he was still unwilling to let go.

"Xiaowan?" Feng Yan called her name softly.

In a coma, Su Xiaowan didn't move at all.

"Young master, you should be dealt with as soon as possible. Can we pull the little granny away" Su Xiaowan just fainted, but Feng Yan was different. There was blood on his back and head.

Besides, the blood is almost frozen.

"Show her first --!"

Su Xiaowan fell into a deep coma and frowned. Feng Yan didn't know what the doctor was buzzing about.

"Young master, it's nothing wrong with you. You have to dress up quickly. There must be something

wrong with you..."

"Why so much nonsense --!"

"Yes, yes..."

Called a few female doctors to come in, for Su Xiaowan check some body, just scared too much, will faint.

And Feng Yan

Looking at the bleeding in Feng Yan's ears, the doctor looked at Su Xiaowan on the bed. He had no choice but to persuade Feng Yan. Finally, Feng Yan fainted directly.

"What are you still doing? Hurry to separate them --!"

Can still be how, two people can't pull apart.

"Forget it, bring the scissors, and operate here..."

.....

"Madam, help

A man was thrown into the studio. At the moment, Chen Yi looked at the man. If she was right, he was the gangster in the society. She saw the blood stains on him.

"Who are you? Throw it out quickly. Now all the casual people in the studio can come in?" All of a sudden, she was a little worried. She seemed to feel that something bad was going to happen.

"Ma'am, the big deal is not good --!" The agent rushed in, looking at the woman and the man standing there. She ran to Chen Yi and whispered.

When Chen Yi heard the manager's words, the cup fell off.

She immediately turned on her mobile phone and looked at the hot search on it - Chen Yi Xiaosan.

There are four pictures.

One is a close group photo of her in school uniform with a man more than 20 years ago, which shows her green appearance.

The second one is her French kiss with a director in front of the hotel, who is also a famous good man in the circle.

The third is a picture of her having an abortion in a private hospital more than 20 years ago, with the words signed by the doctor.

The fourth is that she intervenes in Mr. Xia's marriage and forces her husband back. She is righted because she gave birth to Xia Chenyan

These things, no one will know, she has been hot for more than 30 years, those black materials have been wiped out by her for a long time, the rest of the true and false, have her fans to deal with for him.

"Who did it?"

"It's Mr. Feng. Mr. Feng asked me to bring you a message. If there is another time, he will destroy you completely."

Master Feng.

"Feng Yan!"

"Yes."

"The dead girl."

"Young master Feng said it was his wife. If anyone dares to slander him, he will be buried with that man."

To be buried with

The man at that end is just a little Luo, but his words are so loud.

All of a sudden, a gun hit Chen Yi's head. Chen Yi was so scared that her legs softened. She didn't dare to say a word again. "Master Feng said that if there is another time, she will fight with her life."

Take life for

She told Su Xiaowan that

Feng Yan was so cruel that she ruined her acting career

There are countless comments on the microblog. Chen Yi takes a quick look at it and then wants to eliminate it. It's too late.

The black material of stars is naturally more sensational than that of ordinary people.

What's more, Chen Yi, who has always been a good mother and wife to the outside world, stays high all of a sudden.

Chen Yi was very angry long ago. At that time, she was a pure jade girl, and many producers thought highly of her.

But when she first started her career, she had nothing to do. She had to go to the production teams one by one. However, she knew that if there was no one to protect herself in this circle, she would not be able to go smoothly. So she tied up the director, the rich second generation, and originally wanted to choose Feng family. But Mr. Feng, a man who loves his wife, had no way to intervene, So I took a fancy to the Xia family.

She relies on Xia Chenyan, small three upper.

Chen Yi's face turned white, and the agent looked at her, "madam, many endorsements have terminated their contracts with us and asked us to compensate them for their losses."

Under her micro blog, all of them are curses. Overnight, her beautiful image collapses. She gets plastic surgery, injections, seduces the director, gets hidden rules, and even gets abortion. Some people doubt whether Xia Chenyan is the flesh and blood of Xia family.

All of this, all of a sudden, all of a mess.

She did not dare to see, soon, the old man called, "online things, you give me an explanation!"

She's done.

All the good things in this life are over, with tears streaming.

She has worked so hard to get married to Xia family. Now

"Ma'am, the share price of the company has plummeted..."

Chen Yi suddenly collapsed on the ground, she thought of a person.

.....

When she woke up, the car stopped at the side of the road, she suffered from the side of the head, suddenly looked at the end of the man pale, they are lying in a bed at the same time.

Su Xiaowan was stunned for a moment, and quickly responded. She remembered that it was Feng Yan who saved her in that place just now.

But Feng Yan

At the moment, Feng Yan was still sleeping, and her short hair fell on her forehead, which made her look softer.

Because of deep sleep, at the moment that cold eyebrow gradually softened a lot.

She reached out and took it. She rubbed his eyebrows.

And this place in front of you, where it is, doesn't look like a patient.

It's about the same size as home.

Aware of someone staring at him, shallow sleep Feng Yan opened his black eyes.

"Awake? A pair of black pupils staring at him closely, one eye saw that quietly staring at him Su Xiaowan, so clever, it is born out of a bit intoxicating obsession.

"Well."

Su Xiaowan felt that her throat was very dry. For a moment, she felt that her swallowing was painful.

"Is there anything else wrong?"

Su Xiaowan shook his head, "Feng Yan, are you ok?"

"Would you like some water?"

Don't know why, answer not to ask, Feng Yan has been holding a cup, a hand holding straw, handed her.

She was not used to it. She even looked at him several times before she got used to it.

Su Xiaowan slowly drinks warm water. At the moment, the big bedroom looks very warm.

"Still drinking?"

Su Xiaowan shook her head.

"Hungry or not?"

I don't know why, Feng Yan's eyes are always staring at her. It's a kind of concern, not with the color of inquiry. It makes people feel like she is the most important person in his heart at any time.

"Feng Yan, embrace..."
