

**good evening 201**

**Chapter 201**

Feng Yan felt that his ears were buzzing because he was tough. He didn't know what Su Xiaowan was talking about. At the moment, the girl at that end didn't respond to him and seemed to be a little disappointed.

When she lowered her head, she gently hugged her and patted her shoulder comfortingly, "don't worry, you won't be hurt in the future!"

"Well."

She believes in Feng Yan and that he will protect her.

A drop of crystal tears dropped on Feng Yan's shoulder, with a warm breath, touching his skin, suddenly hot up.

"No more crying."

Su Xiaowan path sobbed in her heart. It was one of her few. When she cried, someone would tell him that it didn't matter.

As if all of a sudden encountered a haven.

"Be good!" Su Xiaowan's long hair fell over her shoulders. Now Feng Yan gently stroked the back of her head with his hands and gave her a kiss on her forehead.

At random, the girl with tears on her face rubbed on Feng Yan's shoulder and dried her tears.

At last, he laughed after crying.

"Feng Yan... Am I ugly?"

"Now you know you're ugly?"

"I hate you." Su Xiaowan's fist hit Feng Yan's body. Looking at him at the moment, her heart was put down.

"Feng Yan, I'm sorry."

.....

After Fengyi had dealt with the matter, he rushed to the hospital immediately. Fengyan watched him come in, "has Chen Yi's matter been dealt with?"

"Well, it's done."

"Speak louder."

Feng Yi raised his head and immediately realized that something was wrong with Feng Yan. On the young master's ear, there was a trace of blood, though it was very shallow.

But the feudalism came to see it all at once.

"What's wrong with your ears, young master?"

Men tired of en, en eyebrow, "nothing, you go down."

Feng Yi noticed that something was wrong with Feng Yan. "Young master, if you get sick, you should see a doctor. I'll help you to contact famous foreign experts..."

"When are you talking so much nonsense? Get out of here."

"... yes."

.....

Chen Jie is faced with a huge amount of compensation. She is not reconciled and even sleeps uneasily. Now she is in such a state that she is criticized by people on the Internet. She hates that feeling.

She always scolded Fang Qiu, but she was defeated by Feng Yan.

"Madam, I have found a suitable person. This woman, who had some grudges with Su Xiaowan at that time, would be a good chess piece." Chen Jie finds Yuanxiao in an abandoned factory. Yuanyi does that and Yuanxiao is expelled.

Now, the family that used to be a good one has just broken up.

The car stopped steadily outside the factory gate, and the doorman went over, but the man at the other end handed out a few bills and was released immediately.

The man in the gorgeous coat got out of the car and came to find Yuanxiao. Yuanxiao was stunned.

"You are..."

"You don't care who I am, Su Xiaowan. Do you know me?"

Su Xiaowan.

Mention this name, Yuan Xiao's eyes flashed hate.

If it wasn't for Su Xiaowan, how could her sister vent her anger on her and be put in prison? How could their family come to the present situation.

"This is her recent route. There are 10 million here. It's all yours!"

"You are..."

"Naturally, she works for our wife. Like you, our wife hates her. She wants to teach her a lesson and tear her hypocritical face. Oh, by the way, I remember she has a grandmother."

Yuanxiao saw the luxury car at that end, then watched the man get on the car, and the car drove away.

She took the ten million check, in fact, she could run away with money, but she just couldn't swallow it.

She went to prison and took a look at her sister.

It is to strengthen their own ideas.

She can't make su Xiaowan feel better, because she doesn't make them feel better either. Su Xiaowan owes them, and she can't afford it all her life.

.....

Su Xiaowan is busy in the ward. Feng Yan's eyes stare at her, and the black eyes like ink gradually close.

It seems that as long as you see her, you will feel better unconsciously.

She's like his antidote. It's addictive. He needs her.

But when he needs her, I hope she also needs herself.

Su Xiaowan looks at Feng Yan's tired appearance and goes to pull the quilt for him. Suddenly, he wants to withdraw his hand. But suddenly, the man opens his eyes and looks at her with deep eyes like ink.

In fact, Su Xiaowan was very afraid of such a look. Suddenly, his heart beat. Conditionally, he wanted to pull out his hand, but he held it tightly.

"We get married --!"

Flat light of four words, with some let her a moment can't see the look.

It's not the first time, he said.

She bit her lip and stared at him. The four words once again exploded in her heart. "Wait till you're ready!"

It's not suitable to talk about marriage in such an environment

The man's eyes looked at her, he did not hear clearly, but should be to refuse her words, he still did not let go, sexy Adam's apple rolled roll, he took a glass of water to drink a few mouthfuls, "how can I agree?"

agree!

Is this asking for her opinion?

"Feng Yan, do you love me so much?"

She raised her head, eyes slightly down, he did not speak... So it is not the feeling of love.

Su Xiaowan has never thought of living with one person for a lifetime. At least, before they get together for a certain period of time, she doesn't think they will live with many people for a lifetime.

It's hard to fall in love with someone in one's life.

He knew that Su Xiaowan was calling his name, but he didn't know what he was talking about for a while. His thick fingers were attached to his cheek, and the palm was burning her skin.

I don't know what Feng Yan is going to do.

"You have a good rest --!"

There seemed to be relief in the voice.

A dull thunder suddenly appears in the night sky. Now the window is open, and Feng Yan's ward is on the third floor. Su Xiaowan almost wakes up and reaches for the switch, but he doesn't touch it.

But now the window clang clang clang sound, she was afraid to wake up Feng Yan.

I got out of bed, got up and went to the window to close it.

Although this place is a hospital, there is a large swimming pool downstairs. Now she is holding the curtain and staring at the lightning outside the window.

Lightning and thunder, all of a sudden downpour.

Su Xiaowan turns her head, looks at the man lying there, and listens to Aunt Li. Feng Yan's sleep is very shallow. How can she sleep so deep now.

Su Xiaowan looked at the man at that end. When he was just delivered, he had several cuts in his body. He didn't know what hurt him. Now he was leaning there.

It suddenly occurred to me that he had just said... They were married?

Is it true?

Clean eyebrow tightly frown, don't know whether did what bad dream, warm cool fingers stretched out, in that light.

In fact, she didn't know what she was thinking. Maybe she didn't think about anything, maybe she thought about everything.

When the door of the ward was pushed open, Su Xiaowan's fingers suddenly drew back. She turned to see the man who came in and made a hiss gesture.

It was Fengyi that came in.

"Young granny, you haven't had a rest yet --!"

Fengyi actually took the doctor to see Fengyan's ear. Fengyan didn't want Su Xiaowan to know about it, so he specially asked Fengyi to come in the evening. Unexpectedly, he bumped into a target.

"Didn't you check it out just now?"

"Young granny, this is Dr. Li. Originally, I wanted to talk to the young master about his illness. Since the young master is asleep, then..."

Talking about illness?

"Talk to me then."

The doctor took a look at Fengyi, and Fengyan nodded. Su Xiaowan went out with him.

"Sit down, please."

"Thank you, granny."

The chair is big enough for her to fit her body. At the moment, Su Xiaowan is leaning there. She looks very tired after a night's rest.

Doctor Li had been taken care of before he came. He was an expert in otorhinolaryngology. Fengyi said that the young master's ears could not hear any sound, so he was sent back in a hurry.

This thought quietly for Feng Yan diagnosis and treatment, did not expect, Su Xiaowan is still awake.

Lift eyes, suddenly ran into Su Xiaowan's eyes, the doctor Leng for a while, turned to raise his formula smile, "young grandmother, you can rest assured, young master, his body rest for a few days."

"You really didn't lie to me?"

But she always felt that something was wrong with Feng Yan... But she couldn't say it for a moment, especially so late. The doctor was not a doctor here, because he didn't wear a white mandarin jacket and was in a hurry with a briefcase. He seemed to have just arrived from somewhere. If there was nothing, why did he come in such a hurry.

"How dare we cheat the young granny? Take it easy, young granny. The young master really has nothing to do. It's late, and you have a rest earlier."

The door is closed and the bedroom is calm again. Su Xiaowan pushes Feng Yan's ward open and he is still sleeping.

She went over and rubbed some medicine on his head.

Feng Yan... Is it really OK?

But why is there so much blood?

The next day, Su Xiaowan woke up early, afraid that there was no breakfast when Feng Yan got up, so she wanted to go back and get it.

"Su Xiaowan... Xiao Wan..." Su Xiaowan went out of the hospital and looked at a girl running towards her.

"It's really you. I thought I was wrong!" Tian Yiyi looked at her, "last time you left without saying a word, which made me easy to find!"

"I'm sorry, I..." I left in a hurry, and it was Feng Yan who took her back.

"I'm sorry. I won't blame you for our long-time friend. By the way, is the man who picked you up in KTV your boyfriend?"

boy friend.

Before Su Xiaowan spoke, he heard Tian Yiyi's voice, "Oh, you're hiding such a good-looking man. If I had to bring him out every day, it would be so pleasing to the eye. Let others envy me to death. Don't worry, you're my sisters. I won't rob you!"

## Chapter 202

good-looking?

How ugly Feng Yan painted himself.

Maybe the light is too dazzling that day, so Tian Yiyi didn't see clearly, so he was cheated by the surface, but Su Xiaowan is not ready to explain.

"By the way, why are you here?" Tian Yiyi, they are not people here.

"It's not our teacher. He was invited to a banquet in Jiangcheng. Let's give her a hand. I don't know how his hand was scratched. By the way, Xiaowan, don't you know how to play the piano? We are short of someone to play the piano. You know I can only play the piano. I don't know anything about the piano..."

"Me?" Su Xiaowan pointed to himself.

"You should help me. There will be a dinner party this evening. We are not familiar with each other in Jiangcheng, and we can't find anyone for a while. This thing is not just a random one on the street, and people will do it. Besides, we've heard about your level, so it's absolutely OK."

Su Xiaowan thinks about Feng Yan. She has to take care of him here. If she goes to play the piano, what will Feng Yan do?

"Sorry, my boyfriend is in hospital. I have to take care of him here."

"Here, you let him take care of you. It's just the one who carries tea and pours water. Although his hands can't play the piano, it's OK to do all this, tiger. Don't you think so?"

The boy named Xiaohu was immediately pulled up by Tian Yiyi, "yes, elder sister, please help us. This time it's related to our graduation grades! Good sister --! "

At most, boys are the same age as Chen Chen, so when they ask for help, they show the special delicacy of his age.

Su Xiaowan finally did not know how to agree. Maybe she thought of Chen Chen.

If Chen Chen is here, he will probably go to college.

Just, she suddenly realized a very serious problem, "but my boyfriend's temper is not very good, he

doesn't like it very much..."

Tian Yiyi patted his chest and promised, "you can put 120 hearts on it. There will be no one who can't be sure about Xiaohu. I tell you, our tutor, big hippo, you know, it's all done by Xiaohu. Moreover, your boyfriend looks so handsome, and he has a good temper. He won't bully his little brother."

"Well, I'll go back first. You can send me the address later."

"Good --!"

Tian Yiyi takes Xiaohu and Su Xiaowan to go their separate ways. Su Xiaowan goes home. Aunt Li comes in a hurry and says, "little grandma, how did you come back? Did you want to eat something?"

"I'll bring some clothes to Feng Yan."

Fengyi came to take things from her home yesterday, but she didn't know what she had packed, so she didn't wake up and came back early.

Is packing things, cell phone rings, is a text message.

"Where have you been --!"

The sender is Feng Yan.

According to Feng Yan's character, it seems that he seldom sends short messages to himself. Is that inconvenient?

"I'll go home and get something, and I'll be back soon --!" Su Xiaowan with a bag of luggage, left in a hurry, did not see what was inside.

At the moment, Aunt Li packed the food and worried, holding Su Xiaowan's hand, "little grandma, how's the young master?"

"Feng Yan... He'll be home in a few days."

"That's good." Aunt Li's heart is falling. She looks at Su Xiaowan at the moment and says, "young granny, please hurry to accompany the young master. When the young master is sick, it's very annoying..."

Pestering?

Before Su Xiaowan understood that, he was pushed into the car, and the driver rushed to the hospital.

When I went in, the fief was there.

Feng Yi took a look at Su Xiaowan, "young granny, you are back. The young master has been looking for you!"

Fengyi's side also stood a man, a middle-aged man.

Looking at her, he nodded to her.

"Feng Yan --!"

Fengyan is having a meal. It should be a nutritious meal prepared by Fengyi. Moreover, it seems that he is about to eat it.

"Come here --!"

Su Xiaowan pursed her lips and walked over with the thermos box. "Aunt Li made the tonic Soup for you. I specially went to get it for you..."

Before the words were heard, the man was immediately held in his arms by Feng Yan.

"Don't you..."

She took a look at the other end of the Fengyi, so in front of outsiders, Su Xiaowan was obviously embarrassed.

Wearing a simple Baseball Shirt, she was too ashamed to hold herself at the moment. In Feng Yan's arms, she did not dare to look up again and said, "eat something!"

"This is for you --!"

"Eat it, or I won't let go --!"

Su Xiaowan had no choice but to drink. In fact, she was tired from running. It was very hard for her to toss about. Feng Yan took a look at Fengyi. Fengyi immediately understood the man's meaning and left with the middle-aged man.

Until Fengyi, they were gone, and Su Xiaowan drank more than half of the soup.

"When someone is around in the future, don't hold me. I'm so sorry!"

The man's eyes were fixed on her, his head tilted forward, and he gave Su Xiaowan a kiss on the cheek.

"You... You're addicted to hooligans!"

Su Xiaowan jumped out of bed and covered her cheek. It was really hot.

"Eat with me --!"

Seeing that he was leaving, Feng Yan said.

"If you are a big man, you have to accompany him to dinner. Are you ashamed?"

"Come on, kiss again!"

"You are really shameless!"

Su Xiaowan ran to the other end to pick up her things. Just now, she didn't know what she had collected. In a hurry, she didn't look so well.

But when I squat down, I think of something.

She also promised Yiyi.

She walked over again and coughed. Feng Yan was typing something on the computer. The computer turned its back on her, but it couldn't see what it was. The table beside him had been put aside by him, and he didn't drink his soup at all. She had left a lot of it for him just now.

"Feng Yan..."

The man feels the woman around him. From yesterday to now, his ears are buzzing. What the bullshit doctor says needs to rest.

"Well... I want to go out tonight. A friend asks me for a little help, but he will be back with you soon. Later in the evening, a little brother will come with you. Can you be a little friendly to him?"

Feng Yan studied lip language.

But not very familiar.

Because the eyes have been staring at Su Xiaowan's lips, so I probably recognized a little meaning.

I'm going out to help a friend. I'll be back later.

"When will you be back?"

"Well... It should be two hours. It won't be too long. Feng Yan, if you need any help in these two hours, you can call that younger brother. His name is Xiao Hu."

After a few words, Feng Yan did not hear a word clearly.

"Are you not happy? Feng Yan, if you are not happy, I will... "

### **Chapter 203**

She looked at Feng Yan's eyes, subconsciously felt some headache, she promised Tian Yiyi, always can't go back, "Feng Yan, I'm sure I'll rush back to accompany you at the speed of 100 meters, OK?"

At that moment, Feng Yan continued to treat his ears as soon as possible.

He couldn't hear what his beloved woman was saying.

Seeing that he didn't respond, Su Xiaowan said, "if you don't speak, I'll take it as your consent."

"Feng Yan, it's very kind of you --!"

Su Xiaowan ran out happily. The next second, he ran into the Fengyi.

"Fengyi, what's up?"

"I have something to tell you about my work." Feng Yi's eyes dare not stare at Su Xiaowan, for fear that Su Xiaowan will see something.

"Oh, you go in, but Feng Yan... Seems to be angry."

Fengyi, "... I see. Thank you for reminding me."

As soon as Fengyi stepped into the place, he felt the air condensing into ice. "Find an invisible headset, I want the most hidden one!"

Invisible headphones

"Yes."

According to the strength of Feng Jia's great career, if you want to find something, it will take you less than an hour. Soon, the invisible earphone imported from abroad was delivered to Feng Yan.

Feng Yan put it in his ear.

When the doctor came in, Feng Yan finally returned to "normal."

"Young master, do you feel clear when you put it on?" The doctor looked at him and said respectfully.

"Well."

After thinking for a long time, I decided to open my mouth, "but your eardrum is a little bit... After that, you have to take good care of it to recover, otherwise, it will be easy to really..."

Before long, Su Xiaowan came in, and the doctor immediately stopped talking. At the moment, Su Xiaowan felt that the environment was not right. He looked at the doctor standing there and looked at the Fengyan of the bed.

But I can't say.

"Feng Yan..."

Just a simple sound, let the man quickly turned around, the doctor did not dare to stay here, after all, the young master's face, he did not understand.

"How did you get out of bed? Don't your wound hurt? I'll help you to lie on the bed

I don't know why. Hearing her worried voice, Feng Yan felt in a good mood.

After all, Feng Yan's face was very pale.

When Su Xiaowan came in, she had hot soup in her hand. Aunt Li sent someone to deliver it. "You didn't drink soup in the morning. Now it's hot. You're not in good health. You need to supplement nutrition!"

He glanced at the thermos. "No."

This look is like the feeling that grandma fed her medicine when she was a child.

Finally, it was su Xiaowan who gave her a spoon and said, "open your mouth!"

Staring at her long eyelashes, he opened his mouth obediently and drank.

After eating porridge, Su Xiaowan packed up his things. Now it's noon, and the sun is very big. They all shine in. "You can sleep, and you won't feel bad when you sleep --!"

In the end, it's head injury. How can we say it's good? Su Xiaowan doesn't know how hard the man tried, but when he fainted, Feng Yan was covered with blood.

"I'm not feeling well."

"What's wrong with you?" Su Xiaowan looks at him anxiously. She always feels that Feng Yan is strange these days. As soon as she says that she is not comfortable, she immediately follows her closely.

He likes the feeling and enjoys it.

"I'm going to take a bath, and I'm sick --!"

take a shower.

She looked at him seriously, "Feng Yan, you have a head injury. You can't touch the water. You'll have to endure it for a few days. When you get scarred, the doctor will agree to let you take a bath. If you are really uncomfortable, I'll ask the nurse to wipe your body for you?"

"Nurse?"

"You don't know that nurses can help wipe your body --!" Her eyes curved, looking at the man's face seems not happy, "I... I'm not professional, if I hurt you accidentally, it's not good."

For a long time, Feng Yan didn't speak, but he sat up.

"... if you don't want the nurse to wipe it for you, shall I wipe it for you?" Su Xiaowan said, rolling up his sleeves.

"Don't force me. I sleep alone."

That sounds like a resentful wife.

Su Xiaowan didn't speak. She went to the bathroom, took a small basin, took some water, and then came to him.

"Take off your clothes yourself. Can you do it yourself?"

Sink the towel into the bottom, Su Xiaowan reaches out to soak the towel, just ready to wring dry, can suddenly hear her say.

"Don't you want to take care of me?"

"Feng Yan, it's my duty to take care of you, and you are injured because of me. However, I don't take care of people very much."

Su Xiaowan's hand fell on her button and her fingers untied one by one.

Feng Yan just lay there like an old man. Su Xiaowan saw the scar on Feng Yan. Last time he just looked at it from a distance, this time he could see it clearly.

It should hurt.

She took a towel and wiped his body.

"Then give me a kiss."

"You've got a wound. Stop it."

"You don't want to kiss me? You haven't kissed me for days... "

It's said that he didn't eat tofu that time

"Don't you want to kiss me?"

"Feng Yan..."

Su Xiaowan stops her action and looks at him with her eyes. She finally knows what Aunt Li means.

Now he is just like a child.

"I'm lying here now. Do you dislike me?"

"..." she bowed her head and gave him a kiss on the lip. It was just a slight touch. The next second, she was tightly held in her arms by the man.

Although her waist was hugged, her body was forced to press down as he grew deeper. There was always an illusion that she would fall on him at any time because of weightlessness.

She even vaguely heard a voice that made people blush and heart beat.

Su Xiaowan was dazed by this attack. He subconsciously wanted to catch something, and almost no doubt circled his neck.

So the whole person fell on the man's chest.

After that, he came to murmur.

Su Xiaowan was immediately flustered and in a hurry. "How about Feng Yan? Did I just..."

Her eyes on the man's gentle eyes, looking at his mouth Qinzhao faint smile.

"Yes? Not now" All of a sudden, he spoke with a faint smile in his voice.

Su Xiaowan was caught off guard.

"Feng Yan, I really want to shut your mouth."

"With your mouth?"

"... Feng Yan, don't stink."

Su Xiaowan couldn't look directly at Feng Yan. His face was dyed crimson. He glared at him fiercely. He threw the towel into the basin and left angrily.

The man picked to pick eyebrow, the corner of the mouth hooks to smile.

## **Chapter 204**

Tian Yiyi really let Xiaohu come. As soon as Xiaohu came, he called Su Xiaowan, so Su Xiaowan took care of him for a long time.

"Wait a minute, I'll tell my boyfriend that you'll come in again, and Xiao Hu, my boyfriend, is really bad tempered..." when Su Xiaowan came in, Feng Yan was on the phone.

The light in the hospital is very bright.

The handsome and sexy man lying on the bed looks very lazy. He has a kind of... Noble child's appearance.

Yes, it's not your son. According to Feng Yan's face, those women are absolutely flocking to it.

"I'm fine. Don't worry. She's here to take care of me..."

Su Xiaowan quietly closed the door.

Soon, Feng Yan hung up.

"Feng Yan, I'll go out and come back at 7 o'clock. The person who takes care of you is at the door. Would you like to get familiar with it first?"

Su Xiaowan's hand is still on the doorframe.

"Let him go back, and Fengyi will come."

"... that... Fengyi is very busy this time. Anyway, other people are coming. Otherwise, let him in?"

Seeing that he didn't speak, Su Xiaowan called Xiao Hu in.

Xiao Hu is a sunny and handsome man with a figure of 180. He comes in wearing a sporty suit. "Sister, your boyfriend is quite rich. He lives in such a luxurious ward --!"

"Shh

"What's the matter? I'm sleeping. I'll keep my voice down

Su Xiaowan pointed to it with her finger, and the man lying there was staring at him like a torch, "..."

Tiger was shocked by his eyes.

"I'll go first. Yiyi is still waiting for me downstairs. Feng Yan, I'll be back soon"

Feng Yan's face was gloomy. The moment Su Xiaowan left the door, he began to open it.

Xiaohu caught the fierce color of the man's eyes, "Hi, my name is Xiaohu. It's Xiaowan who asked me to take care of you."

He raised his feet to sit on the sofa at that end. Before he spoke, he was robbed by the man in a bad mood. "Why are you sitting so close? Don't you see the chair at that end?"

Xiaohu, "... It's convenient for me to sit closer when you call me with the sofa here!"

"That's where she sleeps, not for you."

That she, is what mean, tiger immediately understand, he sat in the chair at that end, took a banana, slowly peel, "brother, you quite rich?"

The man frowned, "give me to go through the discharge procedures, I want to leave the hospital --!"

"... brother, sister Wan said that your injury is very serious..."

"Her name is Su Xiaowan --!"

A little Wan elder sister, little Wan elder sister, he has not called so intimate!

"... brother, are you... Not jealous? How do you feel like lying in bed with a resentful wife... Is it small... Sister Su is not cold to you? "

"Which eye did you see that she was not warm or cold to me?"

"Two eyes. When she left, she didn't say goodbye to kiss..."

Feng Yan frowned and wanted to reach out for the cigarette in his pocket, but now he changed into a medical suit, where there was a cigarette.

"Come on, get out of here!"

"That's not good. I have to take care of sister Su when she comes back." Xiaohu threw the banana peel

into the garbage can. "By the way, sister Su looks so beautiful. I thought he would find a handsome boyfriend? Brother, you must be very outstanding in some way. That's why sister Su chose you? "

They are men. How can Feng Yan, a man, not understand the dialogue between men.

"No?"

"Like, brother is big and thick --!"

.....

Su Xiaowan sat in Tian Yiyi's car and was a little worried.

Tian Yiyi drives the car and soon discovers that Su Xiaowan is haunted.

"Xiaowan, you're so nice to your boyfriend. Is that what they say? One day's absence is like three months? You haven't seen him for a while. Are you thinking that you can't? "

"What are you talking about? I'm worried about Tiger."

"Can that little tiger do it?"

"Ah, are you worried about your boyfriend or tiger? If you have 120 hearts, it will be OK."

"....."

The car soon arrived at the venue, Tian Yiyi will stop the car, pull Su Xiaowan toward the end of the tutor and go, "director, did not start?"

"No! Hurry in and change your clothes. Today is the 100th anniversary of Xiashi group. There must be no mistake -- "

Xia?

Su Xiaowan squinted. It's not Xia, it's not... Xia Chenyan.

"Xiaowan, this dress is yours --!" Tian Yiyi took her hand and stuffed a dress in her hand. "I'm according to my size. You should be able to wear it. I'll wear tiger today --!"

Because the time is very fast, so there is no time to buy the dress, so... Tian Yiyi can only wear Xiaohu's suit, although it is very big, but there are a few pins, it's almost enough. After changing it, he looks at Su Xiaowan at that end, "Xiaowan, why haven't you changed it? We're going to perform at 6:30, can't you wear it?"

"You wait for me, I'll change it --!"

Although I don't know if it's Xia Chenyan, since she has promised Yiyi, she will do it well.

.....

"Brother, you call me when you go to the toilet. Sister Su wants to scold me when you get out of bed!"  
Xiao Hu rushes over and presses Feng Yan.

Feng Yan drooped his eyes and looked at the hand on the sleeve. Then he looked at the man with a cold look, "let go."

His voice is very hoarse.

The evil smell on men is like hell, which makes people shudder. Xiaohu angrily takes back his hand. He doesn't want to lose it.

Feng Yan pulled out his long legs. The two long legs wrapped in the patient's suit were more steady and fierce than usual. He didn't see the state of being sick at all. He opened the door with a big hand with clear bones.

Xiao Hu couldn't stop Feng Yan. He was discharged.

In the Rolls Royce phantom car, the big palm with a clear backbone pressed the steering wheel. At the moment, Feng Yan had no problem. What he hurt was his ear.

"Hello, Fengyi, help me find out where Su Xiaowan is now?"

"Yes." Although Feng Yi suddenly got Feng Yan's phone call indirectly, he was surprised, but he quickly found Su Xiaowan's address, "young master, young granny is in the Rosa Hotel."

hotel?

The man's expression is indifferent, "well."

But the other end of the fiefdom began to falter, "Rosa Hotel, today... Today Xia's 100th anniversary celebration..."

Xia Chenyan.

"Find someone who can play the piano and go to the Rosa Hotel --!"

"....."

What are you going to do.

## Chapter 205

The man didn't speak any more. He left the Bluetooth headset on the front passenger's seat and headed for the Rosa Hotel.

.....

At the Rosa Hotel, Su Xiaowan bumps into a man with his clothes.

"I'm sorry."

Step tiny pause, immediately aware of the existence of that.

"Su Xiaowan --!"

A cold voice came.

She looked up at the man coming.

"I'm sorry."

His eyes with complex, pain, complaints, fatigue, and even too much emotion, all of a sudden with the cold voice hit, "I apologize for my mother's things."

During this period of time, Su Xiaowan naturally knew about his mother. Overnight, the superior woman was killed and lost a lot of things.

"I don't want your sorry."

The things she has endured can't be done easily with a word of sorry. Su Xiaowan is not a virgin, and she can't just let others say it. She can bite everything and say it easily.

That woman almost hurt herself and let Feng Yan

"My mother has paid the price for her mistakes."

Xia Chenyan lowered his head and murmured to Su Xiaowan. In his dark eyes, he prayed deeply. If it wasn't for this, he really didn't know that his mother

Xia Chenyan is a proud man. He never lowers his head. Even if he breaks up with her, he turns away arrogantly.

But he is such a high man. Even up to now, if you do something wrong, just casually say, I'm sorry.

It calms everything down.

I'm sorry?

All of a sudden, she felt sarcastic, and her shoulder still hurt because the bad guy was holding her skeleton. At that time, she was worried about Feng Yan and didn't treat herself, so she had some sequelae.

"She paid what she deserved. What about me? If Feng Yan comes late, do you think about me? Xia Chenyan, if she suffers from this today, you will spare no effort to help her to seek justice. "

His hand stretched forward, but he didn't touch her after all.

"... I'm not so noble. I can forgive her and do nothing. Besides, because I'm hurt, I won't forget it."

Her voice with choking, transparent tears, let a person some distressed, but she is still strong to resist.

"Xiaowan! You still love me. At that time, you loved me so much. "

Her eyes were red. She thought of Feng Yan and that

When they met at the beginning, she was also so fragile. When he met her, he was very embarrassed. He took her to all corners of the city and left his mark. Suddenly one day, he told her that he liked her

At that time, she didn't know their distance.

"Yes, for a while, I had feelings for you. I thought you were very good, like prince charming in fairy tales. But this feeling was not deep enough. At that time, I was very timid, afraid of all foreign things, and didn't dare to like... I've thought about it repeatedly these days, and my feeling for you is just relying on you, I don't like it. "

I don't like it.

He pursed his lips. It was the first time that she had expressed so completely and said so much to him.

Beautiful Phoenix eyes flashed a trace of unwillingness, "Xiaowan, it's because I broke up with you, right? That time I broke up with you, but it was an expedient, I left the country, I have been looking for you, I call your mobile phone, has been blocked..." he tried to let her have a little something to take into account the things between them.

Su Xiaowan's head ached badly. The man's hand held her tightly. At that moment, she pushed away the man with all her strength. "Xia Chenyan, it's not suitable for us. It's good for everyone to separate. Since

lady Xia has made such a decision to me, I won't give up easily. I will go through legal procedures to protect myself. After all, you and I are not people in the same world, People have different values, so it's hard to get together. " In fact, even without Mrs. Xia, they do not trust each other and will not come to the end.

It was as if the sky had darkened.

Everything in this world, all from a sentence, not appropriate.

"Don't say hello even if you meet them in the future."

"Then you and Feng Yan are in the same world?"

She pursed her lips, "no, he and I are not people in the same world, but I will try to enter his world, and he will bow to me."

People are different after all.

In such a simple word, everything has been predestined for a long time.

"What about me? I'd like to go into your world, too. "

Her eyes gently raised, "I said, I like Feng Yan."

"Then why are you here now?"

"I didn't come here because of you --!"

Su Xiaowan wants to go first. When she meets Xia Chenyan again, she really doesn't want to stay here for a moment, but she thinks of what she promised Tian Yiyi.

If she leaves like this, then... This stall will have to end in time.

All of a sudden, a figure flashed from the other end of the road, "Xiao Wan, why are you still here? What are you doing? Hurry up... "

"Master Xia --!"

During this period, Xia Chenyan's mother had a lot of news, so it's hard not to know her.

They were standing in the lobby on the first floor, where they were all packed today. Su Xiaowan wanted to leave, but suddenly a woman came in a hurry, "young grandma, I'm here to play the piano instead of you!"

Instead?

The next second, a light came from the French window, and a Rolls Royce phantom stopped there steadily.

The driver's door opened and Feng Yan came out.

Here comes Feng Yan.

Su Xiaowan breathed for a moment. Why did he come.

Wasn't he in the hospital just now?

He was wearing a Navy coat and sports pants. He looked tall and straight as if he was a prince.

He didn't come in. His tall body was leaning on the car body at that end. He took out a cigarette from his trouser pocket and smoked there.

Just came out of the hospital, the bangs on his forehead blocked his forehead, the night wind blowing, the man's posture fell in the fog, looking a bit lazy and precious.

He was standing there on purpose, and the rising smoke seemed to surround him from her point of view.

Soon, I saw him take out his cell phone from his pocket.

Just for a second, Su Xiaowan's mobile phone rang.

—Come out.

The two words were short and clear. They were from him.

"Xiaowan, what's the situation? Isn't that your boyfriend? How did you leave the hospital... "

Xia Chenyan's eyes fixed on Su Xiaowan, and the eyes soon saw the man at the end.

The man at that end is too dazzling, only he looks like the only one.

"Yiyi, I may not be able to play the piano today. He has just been discharged from the hospital. He can't stand playing like this outside."

"Ah..."

As soon as Su Xiaowan was ready to run over, suddenly his mobile phone rang - I was hungry, so I had

dinner with him.

Lying in the hospital for such a long time, relying on a few mouthfuls of nutrition soup to drink, iron body also can't bear to eat, now also desperately smoking, his body does not want to.

Just want her to love him.

"Miss Tian, I will play the piano instead of my grandmother --!"

"Young granny?"

What's the situation?

Su Xiaowan ran to Feng Yan and watched him finish his last cigarette.

The deep Mou son falls on her face to bask several eyes, "willing to come out?"

"You smell of smoke."

"The smell of smoke?"

Looking at the smoke coming out of his mouth, Su Xiaowan said solemnly, "do you think your life is too long before you are well?"

"Feng Yan, you are here. Why don't you come in?" Before the words fall, I listen to Xia Chenyan's voice. At the moment, I raise my eyes and look at the man at that end. I come out. Last time, I was beaten several times by him. Xia Chenyan always has a grudge.

Xia Chenyan's eyes fixed on him.

"Xiaowan has been fond of a man who can protect her since she was a child, but you can't protect her if you look hurt --!"

"Oh."

Provocation.

The man hugged Su Xiaowan, and took her overbearing in his side, thin lips revealed sarcasm, "Xia Chenyan, even if I'm hurt, it's easy to deal with you."

"Well, let's try. Whoever wins will be su Xiaowan's!"

"Ah, Xia Chenyan, this woman belongs to me. If you take my woman as a gambler, you will take the white wolf with empty hands!" Feng Yan has a strong aura, "but I'll give you a chance to challenge. This

time, I'll make you lose. If I win, you'll roll far away for me all your life --!"

I've been rolling away all my life... The meaning of the words is extremely strong.

Su Xiaowan grabbed him, "Feng Yan, what are you doing? You're not going to die!"

I smoked just now, but now I'm fighting again.

Does Feng Yan feel that his life is too long.

"Darling, go away. It's a man's business."

At this time, Xia Chenyan suddenly took the lead to attack, fortunately, Feng Yan a side, perfectly avoided.

The scene suddenly became intense.

Su Xiaowan just wanted to rush in and get in the way.

"Feng Yan, you are hurt --!"

The man's eyes soon noticed the wound on the side of Feng Yan's ear.

"I'm sorry --!"

The man's fist towards Feng Yan's head, attacked in the past, Feng Yan did not escape, straight by such a fist, the invisible hearing aid was knocked down on the ground, but, that thing is too small, we did not notice.

Su Xiaowan's black pupils open and close, her whole heart is pulled together, Feng Yan's head has not been good, although I don't know how he persuaded the doctor to untie the gauze, but in the end it is the head, hit by the stick on the head, he is not made of iron.

Xia Chenyan's eyes are fixed on the man's side face, and the fist is hit by himself, but Feng Yan doesn't avoid it.

Why didn't he avoid

## **Chapter 206**

It's because Su Xiaowan is here.

The next second, Feng Yan's fist suddenly attacked Xia Chenyan's abdomen.

As soon as the man had a pain in his abdomen and his eyes narrowed slightly, he realized that he had

been cheated and even stepped back for several steps. At the moment, there was a cold sweat on his forehead. This duel attracted many people's attention.

"Isn't this master Xia? What are they doing? "

It's the anniversary celebration in the end. All the people who come here are big people. Before I enter the door, I just watch two people fighting there, and then I look at the woman standing at the end. It's easy to see.

"Why, for the sake of women --!"

Two people are hung on the color, but comparatively speaking, Xia Chenyan hurt more.

"Oh

"Xia Chenyan, you lost."

The man walked up to Su Xiaowan, stretched out the palm of her hand and kicked her away.

This scene, let Chen Jie see all.

His son, in broad daylight, is doing something to hurt himself for a woman.

Her fist was clenched.

Su Xiaowan.

This seductive fox.

.....

Sitting in the car, the man leaned over, straight figure forward, stretched out a big hand to fasten the seat belt for Su Xiaowan, Su Xiaowan looked at his side face.

"Do you feel pain or not? If he hits you, you won't hide? Let him punch you, Feng Yan. Are you stupid? "

"Would you like to see if it hurts? Do you love Su Xiaowan? "

The man's eyes are steady and shallow. When she doesn't see it, he has an invisible hearing aid in his ear. He hates when he can't hear anything, especially when he doesn't like to hear her.

At that moment, Su Xiaowan's delicate face cooled down and hung down his chest, "Feng Yan, you..."

Do you really want to practice your body?

"Hiss --!"

Su Xiaowan immediately side past, "do you hurt, or we go to the hospital..."

All of a sudden, Feng Yan had one more thing in his hand.

It's a rose.

She looks like Su Xiaowan's face at the moment.

"Here you are --!"

"When I stopped the car just now, I saw someone selling it. I thought you would like it."

Really, I can't fight with him.

Su Xiaowan took the rose with her little hand and sniffed it. The faint fragrance ran into her nose and made her heart full of honey.

What she said before, unexpectedly, Feng Yan remembered.

He looked at her, fine bangs, blocking the wound in front of his forehead, Feng Yan that day, for her to get the stick, she felt pain.

Looking at his wound, clearly the body is not good, discharged from the hospital, "still pain?"

"If you love me, I don't care."

"Then I love you. Don't hurt me."

"OK, I don't hurt --!"

"But are you really not going to the hospital?"

"Who is that man?"

The man?

"Tiger makes you angry?" Su Xiaowan frowned, "maybe people don't want to, so don't be angry with them. If you don't like going to the hospital, let's go home?"

"OK, go home --!" The man started the engine and the car didn't move.

Su Xiaowan took out his bag, suddenly touched something, opened the bag and put it in his mouth.

"What is this?" The good-looking brows of men are wrinkled together.

"Sugar, is it good?"

"It's not delicious."

"....."

"You have to eat if it's not delicious. Don't you say you're hungry? I don't have anything in my bag, only sugar, but sugar can relieve my bad mood. Feng Yan, you were so fierce just now. You look in a bad mood -- "

"If you don't meet him, I'll be in a good mood --!"

"You were so handsome just now!"

"Do you like it?"

The eyes were tight, but Su Xiaowan didn't know how to answer at the moment, "... Feng Yan, are you hungry? Shall we hurry home? "

"I'll have something to eat when I get home?"

What is he going to eat?

The man suddenly bent down and kissed her red lips.

He

Su Xiaowan's small face quickly floated two blushes, two small hands pulled tightly his clothes, obediently did not move there.

Soon, she found that her mouth was going to numb.

She swung her little fist, hit the man and pushed him away.

"Feng Yan... OK."

"Not enough."

.....

villa.

Su Xiaowan went to the villa for a while and cooked porridge. He was not well, so he needed to eat light. She looked at the sweet porridge, and he said he didn't like sugar.

But still like to drink sweet porridge?

What a strange man.

I took the porridge and went to the living room. I don't know what happened today. The villa was empty and Aunt Li was not there.

"Feng --!"

In the living room, the man leans on the sofa, two long legs casually on one side of the tea table, and the thin bangs cover his fatigue, which relieves the past inhumanity, revealing a strong sense of tiredness.

He fell asleep.

Looking at the handsome and cold outline, Su Xiaowan's heart suddenly jerked. There was an impulse to cry.

She seems to be

Looking at his shoes, Su Xiaowan gently put his bowl on the table, then went to the porch and took the slippers.

Squat down and change his shoes.

Feng Yan's sleep has always been shallow, this sudden action, let him open his eyes, a moment to see the beautiful shadow at his feet, eyes suddenly become soft.

She's putting his shoes on.

Cheng Liang's light hits the woman's body. She is wearing her hair and tied into a ponytail, revealing her neck. She looks very girly.

A few strands of hair fell on her cheek.

That look... Let all his eyes focus on her.

It's the way he loves.

There is always a softness in his heart, which only belongs to a woman.

A woman's side face is unforgettable.

He wants this moment to last forever.

At least, this scene, this moment, will be in her heart for a long time.

Su Xiaowan raised her eyes and noticed the man at that end, "did you wake up by me? I just... Want to change a pair of shoes for you. I'm afraid you won't sleep well... "

"I'm hungry."

"I made porridge and it's still hot." Su Xiaowan took the bowl and chopsticks and handed them to him.

Feng Yan took it and took a bite.

Watch him eat one bite at a time.

"How's it going? Is it delicious? "

"Delicious."

"Then you eat more, I've cooked more than enough!"

Suddenly the wrist is held, Su Xiaowan suddenly fell into her arms, just want to struggle, can suddenly hear a man pain hum.

"Feng Yan, did I meet you just now? Does it hurt? "

"Do you love me?"

Su Xiaowan's eyes fixed on her, straight, suddenly caught a glimpse of the inside of Feng Yan's ear.

"Feng Yan, your ears are bleeding again. Let's go to the hospital --!"

"No problem."

"It's bleeding. If you don't want to go to the hospital, I'll wipe it for you. Wait a minute, I'll get the medicine box --!"

Just now, Xia Chenyan hit him hard. Now he is bleeding. It can be seen how much strength Xia Chenyan used.

Soon, she took the medicine box. Under the soft light, the man just sat there. Su Xiaowan looked at the

wound on his ear and head, treated it with a cotton swab, gave him some medicine, and finally tied it up.

"Does it hurt?"

"It hurts."

"Feng Yan, let's go to the hospital!"

Su Xiaowan wants to leave, but she can't move, because Feng Yan's big long leg directly pinches her thin leg and doesn't let him move.

He then found that the two people's posture was somewhat ambiguous, with some blushes on their cheeks and trembling eyelashes. "You don't hurt anymore, do you?"

With the smell of jiaochen.

"I hurt. Didn't you say that you would be responsible for me?"

The woman lowered her head and circled his neck. "That's only a kiss."

She bowed her head and took the initiative to kiss his lips.

The woman's black hair was on the man's face, which made him feel itchy. Feng Yan's Adam's apple rolled, "a kiss will send me away?"

"What else do you want?"

"I want to... You."

"Fengyan." The white teeth bit her lower lip.

At this time, Xiuchan's fingers gently picked her chin, "you look like this, I can't help..."

"Feng Yan, be serious."

The man's face was soft. "Shy? Why weren't you shy when you just kissed me?"

Su Xiaowan's eyes fell on her and her face turned red.

"In front of me, don't be shy, I'm all yours..."

I'm all yours.

Su Xiaowan's eyes were fixed on the closed lip. She didn't know why, but suddenly she wanted to kiss it

"What do you want to do with those people?"

He suddenly changed the subject.

Those people.

"You did Su Qiqi and Chen Jie's business, didn't you?" She asked, in such a situation, she must know.

"Well." Feng Yan touched her head, the hair was very soft, which he liked.

"If it's not enough..."

Su Xiaowan interrupts Feng Yan. She knows that they will pay a price for Feng Yan's actions. "Feng Yan, I want to settle this matter by myself. Can you stop interfering?"

"Are you going to see him again?" Feng Yan's tone is jealous, which makes people want to laugh.

Su Xiaowan felt warm and at ease.

"No... I want to report to the police. They all go through the legal procedures. Chen Jie has done so many bad things, and I'm sure she can get hold of it."

"Well behaved, to report, I'll go with you tomorrow."

"No, I want to go by myself... Otherwise, will you let Fengyi accompany me?" He didn't want to let Feng Yan come out, and he didn't want to go for his own business

"It's all up to you."

"Feng Yan, it's very kind of you --!"

"I've done so much for you. Should you give me something sweet? Well

Suddenly, the man leans over, and Su Xiaowan reaches over his shoulder to stop him from approaching.

"You still have injuries. Don't mess around. Have a rest early."

Su Xiaowan fled.

Feng Yan is rolling his throat knot, eager to give him his heart.

But his ears

## Chapter 207

Early in the morning, Fengyi took Su Xiaowan to the public security bureau to make a record. The original thing didn't go to the police, but there were one and two. Now, she doesn't want to let her go.

Those little gangsters were also brought to the police together, and Feng Yan used lynching. Now they are beaten black and blue, and they can hardly recognize anyone.

When I see Su Xiaowan, I'm afraid now.

"Miss Su, we are wrong. We dare not..."

"Leave everything to the police! Fengyi, let's go"

Su Xiaowan finished his notes and followed Fengyi to the door. At the moment, he received a call from Tian Yiyi, "Xiaowan, where are you now?"

Yes, Yiyi.

"What's the matter?"

"The man you called yesterday messed up the anniversary celebration..."

"Ah?" The pianist yesterday must have been called by Feng Yan.

Screw up the anniversary?

So

"But we didn't lose any money. Today, my tutor received an invitation from a big group, and our popularity went up. I just want to ask... Yesterday, your boyfriend... No, your husband, was very powerful. I've seen him fight for you yesterday... It's a little heart pounding... Xiaowan, when you meet such a good person, But you must hold it. Otherwise, I don't know how many wolves and tigers are staring at you

wolves?

"Did you sleep with him?"

"... Yiyi."

"There's nothing to be shy about. You and he are husband and wife. If they don't sleep together, are they still separated? I'm sure you'll have to worry about him for a long time all night, isn't he? "

"..." Su Xiaowan's face turned red.

"I didn't sleep with him!"

"... never slept?" The sound rising from the other end of the phone almost swallowed her up, and her eardrum was about to crack.

"Such a man, I want to sleep with him every day! Xiaowan, is it hard to be... I tell you, virgins are like this. You have to have skills. If you want to catch a man's heart, it must be binding his body, so that he has to be you. "

"... you know a lot."

Su Xiaowan is not as good as himself.

"For the sake of our friendship, I've decided to give you my exclusive collection. Where are you? I'll find you --! "

"I'm... I'd better go to you."

Tian Yiyi and they live in a hotel, so Su Xiaowan asks Fengyi to send him.

On the way.

"Fengyi, yesterday... Did Fengyan ask you to find a pianist?"

"Yes, what's the matter with the young granny?"

"Oh, it's OK. I'll tell you how it happened that I came with Feng Yan's feet..."

"The young master also took care to make Xia look ugly in this centennial celebration, so the pianist I got... Was from the training institution, who had just had a few classes..."

"....."

No wonder Yiyi would say that, it turns out that it's a student who hasn't had several classes.

"I'm here, Fengyi. If you have something to do, go to the company first. I'll go back after meeting my friend."

During this time, Cheng Weiwei had something wrong, so she asked for leave.

"Young granny, I'd better wait for you here!"

"But we girls go shopping... It's very slow. Don't worry. I'll pay attention this time. Besides, there are so

many people on the road --!"

"Little grandma, I'm still waiting for you here!"

This stubborn temper as like as two peas.

forget it.

"Then I'll try to come out as soon as possible."

"Good."

Su Xiaowan runs to Tian Yiyi. Tian Yiyi looks at Su Xiaowan. The woman in love looks beautiful.

"To be honest with me, do you really want to know my secret weapon?"

"Who thought!"

"You are right and wrong, Xiao Wan. Although we haven't met several times, I still know you very well. Don't worry. With my secret weapon, your husband must want to sleep with you every day?"

Want to sleep with her every day?

"....."

"But he never slept with you? Is that too much for you? "

"Do you have to sleep when two people are together?"

Tian Yiyi snorted, "when he came that day, I realized that he wanted to sleep with you very much, but you didn't want to? As for men, they started early in that aspect. If they really want to get on with you, you are not his opponent, but she is very kind to you -- "

"Yiyi, I can't look you in the eye now!"

"You are a married woman, what are you ashamed of? This is to give you popular science knowledge, to avoid your emotional blind spot, and then you will suffer a loss --!"

"... I'm hungry. You didn't eat. I know a place where breakfast is very good. I'll take you to --"

Say, want to pull Tian Yiyi to go.

"Wait a minute, wait a minute. Here you are. You can take it carefully. It's my heirloom!"

It's a USB flash drive.

"What's in it?"

"When you go home and take your time, I promise you'll thank me for watching it --!"

Su Xiaowan sat in the breakfast shop, Su Xiaowan took a score, "Yiyi, you see, this is my recent song, but I always feel something is wrong.

Tian Yiyi looked at those scores, they know each other, mostly because of the same interests.

After reading the score, Tian Yiyi said in a tone of eight diagrams, "Xiao Wan, I heard a story from it. It's a confession song, isn't it for your husband?"

To my husband

Su Xiaowan's clear and beautiful face was quickly stained with a faint halo. She remembered Feng Yan's face.

"No, it's just that I suddenly want to write something sweet during this period. After all, there are no heart beating songs now --!"

"I don't believe it. You're full of shame."

"Do you like him?"

"Yiyi, hurry to eat. The porridge here is not good when it's cold."

Tian Yiyi looked at her, she suddenly thought of once.

At the age of 18, she used to be a gifted girl. There were a lot of people chasing her in school... That year, she was recommended to the highest University for further study. There were countless people chasing her, but

I'm interested in a mute who can't speak, but now... As time goes by, she has become like this. She can't like others like Xiao Wan any more.

Su Xiaowan saw Tian Yiyi's depression for the first time. In her eyes, Tian Yiyi was a careless girl. She wanted to ask, but at this time, a series of voices came from her mobile phone.

"Hello?"

The head did not know what to say, Su Xiaowan looked at the mobile phone number, is Xiyuan, "Xiyuan?"

It turns out there's still no one talking at that end.

She thought that Fengyi was still waiting at the gate. After a while with Tian Yiyi, she went back.

After taking a bath, I cleaned up my clothes and a USB flash disk fell out of my pocket.

It was Tian Yiyi who stuffed it for her.

Thinking of Tian Yiyi's eyes, Su Xiaowan curiously inserts the U disk into the computer, and doesn't know what the treasure is, which makes Tian Yiyi become a family heirloom.

Just plug in the computer, click open the video screen, suddenly the door was knocked, is Fengyan back.

She opened the door.

"Feng Yan, you've come back..." before she heard a sharp female voice coming from behind, Su Xiaowan felt tight.

She is not a person who doesn't know anything, and she seems to have heard the groans of men... Spilling over the screen.

## **Chapter 208**

Tian Yiyi, it's going to kill her!

"That..." she steps slightly, she watched the man go inside, closely follow up, want to turn off the computer, but, the man's step is too big, she had to trot.

The man's eyes are staring at the screen at that end. There are naked men and women on it. The woman is naked... Close the notebook.

"Hide in the room, just look at this?"

"That... Feng Yan, it's not mine... It's someone else's. I don't know this..."

"If you need something, you can tell me."

Su Xiaowan's face suddenly turned red, and she was so ashamed that she was an adult. Although she had never experienced it, she could

She has always been thin skinned.

"Feng Yan... You need it, I don't have it."

The man's eyes slowly fell on her, now she is like a impatient rabbit, he reached out to touch her head.

"Don't look at others in the future. If you want to look, you can look at mine."

"... Feng Yan... Who wants to see you..."

Su Xiaowan wants to cry, but she hasn't seen it at all! How do you feel that Feng Yan stares at her eyes and feels like... A girl!

She watched Feng Yan take away the U disk, suddenly thought of something, "Feng Yan... You don't want to see it yourself?"

"I don't like this kind of woman --"

You don't like it?

Is it really demanding?

"Whose do you want to see?"

He raised his eyebrows and focused his eyes on her

"... how do I know who you want to see? You don't like..."

Bang.

The U-disk was sealed, folded into two, broken and thrown into the garbage can.

"You broke it for me?"

"Why, not enough?"

Su Xiaowan raised her eyes and looked at Feng Yan in front of her, "this thing is not mine. I have to return it to others! You broke it for me. What can I give back to others? "

"Call her!"

"What?"

"You call her and I'll tell her --!"

Su Xiaowan didn't know what she was going to do, but she still called Tian Yiyi. Tian Yiyi calculated the time, "Xiaowan, have you finished reading it? Is that man big over there? Let me tell you... "

"Don't take my wife bad any more. She's still young and doesn't understand this kind of thing!"

Then, he hung up.

Tian Yiyi said vigorously, suddenly a basin of cold water poured down.

Take bad care of his wife

Tut Tut, love stinks.

Su Xiaowan looked at him and stuffed his cell phone into his pocket. "Now it's ok?"

"Feng Yan, you..." Su Xiaowan was speechless and thought for a long time, "Feng Yan, you are almost the same age as me. Why do you always say I am small?"

"Dwarf --!"

Su Xiaowan, "..."

When Su Xiaowan went downstairs to eat, he always felt that everyone looked at him strangely, especially Aunt Li.

"Auntie Li, why are you looking at me like this?"

"Young granny, this young master is the first time with you. It's hard to avoid that he can't compare with the men in the movie for a long time, but we young masters are not bad, and we are not the kind of people who play with women casually..."

Why does everyone know what kind of film she watched

I also doubt that it's because she's dissatisfied with her needs that she sees it

Su Xiaowan wants to get her head under the table.

"It's all misunderstandings. It's been a long time..."

The man's narrow eyes suddenly looked at her. As soon as Su Xiaowan looked back, he saw that Feng Yan was coming downstairs. As soon as he was ready to pick up rice, he suddenly said.

"Is it comfortable for me to serve you?"

Su Xiaowan wanted to lose her chopsticks. She felt a lot of eyes staring at her. Feng Yan just wanted to watch the excitement.

This man can talk!

"Feng Yan, of course, is comfortable. You are so powerful."

The man laughed teasingly.

This girl, sooner or later, will make her cry in bed.

Su Xiaowan had nothing to do after dinner.

Sitting in the study, the weak light was shining in front of her eyes. Taking advantage of her face, she was biting her pen and frowning to modify her tune, but the more she changed, the more wrong it was. It seemed that her initial feeling was a little worse. She put it on the table and yawned.

I'm tired of not writing.

She was just about to get out of her study when she was blocked.

"Feng Yan..."

"Didn't you forget anything today?"

Forget what?

Su Xiaowan raised her face, stretched out her green fingers, touched her head, and patted, "I almost forgot. I have to change your dressing. Feng Yan, you sit there, I'll get the medicine box --!"

Feng Yan went to his desk and saw the score.

There are scores and sentences written on it, but it's badly scrawled around. I can think of her lying here, thinking bitterly and looking annoyed.

He took the pen, scratched it a few times, and watched her come in with the medicine box and throw things away.

Su Xiaowan went over and didn't notice Feng Yan's action just now. She took the medicine box, opened it, skillfully untied the tape on Feng Yan's head with her fingers, and then filled him with medicine. The wound on his head seemed to have a scar, but here is still

"You're all injured. Don't go to the company recently."

The big palm suddenly clasps the back of her head. Su Xiaowan suddenly becomes stiff. The next second, the man falls into his arms. The palm of the man's hand is very hot. He forcibly turns her face around and kisses her.

"So I don't hurt."

Su Xiaowan can feel the thumping of the man's heart in front of her.

Feng Yan didn't do anything at last. He took her to bed and left.

Su Xiaowan was dreaming that night. In her dreams, she was kissing Feng Yan

She thought she must be crazy.

I had a spring dream.

I'm so ashamed.

She has no face now!

.....

Tian Yiyi received a check of 500000 yuan early in the morning. He felt that things were surging in his heart. The remark of the money was the compensation money for the U disk.

She knew who it was at first glance.

I didn't expect Xiao Wan's husband to have so much money. With a wave of his hand, he was worth 500000 yuan.

She calls Xiaowan in a hurry. Su Xiaowan is in her study, looking at the music score in her hand. The study is Fengyan's private place, and he was there last night.

Is it Feng YangAi?

"Little grandma, your phone has been ringing for a while --!"

Aunt Li looked at her when she came in. At the moment, Su Xiaowan was reading carefully with the revised paper in front of her. Although Aunt Li didn't understand this, she said, "it's the master's. before the master, he liked playing the piano. He was a child prodigy. He could hear any music. A few years ago, Master Lu won a big prize with the master's music! If it wasn't for those things later, young master might be..."

When it comes to Feng Yan, Aunt Li seems to have opened her voice. Her words are full of pride.

She has also seen Feng Yan's score.

**Chapter 209**

But I didn't expect that Feng Yan was the famous f?

"Why didn't you continue to write that letter?" You know, f created a song before, although it is now widely spread, but now, there is only one song.

Aunt Li sighed, "the young master was seriously injured before. The young master lost his life in order to save him. So after the young master got well, he never played the piano again and threw himself on the market. During that time, the young master's condition was very unstable and he had been treated abroad. It wasn't long before he returned home! It's a pity that young master's talent, young grandma, you don't know. Young master's grandma was a pianist all over the world at that time. It's amazing. Young master mostly inherited the excellent gene of old lady... "

F. But her idol!

I didn't expect that... She knew that Feng Yan could play the piano for a long time. I didn't expect that she was so powerful.

How do you feel that Feng Yan is omnipotent.

It's like, without him, it won't be.

Feng Yan is really a treasure. He is handsome, rich and talented... Compared with him, he is really down to dust. I feel that he doesn't deserve him at all

The mobile phone was shaking all the time, and Aunt Li handed it over, "little grandma, phone --!"

Su Xiaowan answers the phone. It's Tian Yiyi. Aunt Li sees them talking and quietly exits the room.

"Your husband gave me 500000 today, saying it's the money from the U-disk. Xiaowan, are you married to a nouveau riche?"

Upstart?

Also Kuiyi can figure it out. If Feng Yan knows that he is regarded as a nouveau riche, he must be angry again.

"He's either a nouveau riche or he has some money at home."

Tian Yiyi's eyes turned, "so... Did you watch it together yesterday? How is it? Does the research understand that he loves you more and more? "

"Yiyi, what are you talking about?"

"What he said yesterday doesn't mean that you read it together, and then you will be taught by him to

let me not interfere?"

"... you have such a big brain. He didn't touch me yesterday!"

"What? See... That hasn't touched you yet? He doesn't have any hidden disease, does he? The normal man such visual conflict, certainly cannot accept

"... he said that the women there were so ugly that he was not interested in..."

"... I don't think he's ever been a meat driver until now! But such a man is also very good. At least, he's all yours. It's good to train a virgin... "

"Why do you say it further and further?" Although Su Xiaowan talked to her about this, she was still shameless. As far as she knew, Tian Yiyi didn't even have a boyfriend, but she knew everything about this kind of thing.

But... Teach the pure man

Feng Yan is not a pure man.

"By the way, Yiyi, do you know f?"

"F? You mean the piano that was popular all over the world before... But unfortunately, I heard that he died a while ago. Ah, God is fair... "

Dead?

Is there really no place to curse Feng Yan?

"What did you mention he did? Although many people talked about his music, those people couldn't play the essence. I heard that he was an old man. He was 80 years old when he died. He spent his whole life on music! "

Su Xiaowan is stiff.

Isn't Feng Yan f?

Just try him today.

"Xiaowan, I'm going back to city a in a few days. Let's get together the night before I leave? Or I'll miss you. "

"Good."

After hanging up, Aunt Li came over.

"Little grandma, there's your express downstairs --!"

Express?

She hasn't bought much recently.

Go down, is a piano, that piano is a while ago she read on the Internet, this piano has a nice to hear the extreme name - black swan.

As noble as a black swan, it receives the attention and admiration of the public.

It's worth a lot of money. It's said that it's a piano specially used by a foreign pianist. This lady's works all her life are created on this piano.

Some people paid a lot of money before, and the pianist didn't sell it. At that time, it was worth 100 million yuan

How can now appear in front of their own eyes.

"Who bought the piano?"

"The young master bought it specially for you. He just brought it back from abroad. I miss you so much. I saw you watch this piano a few days ago and bought it secretly. I'm going to give you a surprise..."

Feng Yan.

"But this is too expensive... I'll just have one in my room. Can I return this now?"

All of a sudden, the cell phone rang.

It's a strange number.

She answered the phone.

"You've had a wonderful time recently." The voice of the person at the other end has changed. I can't tell who it is, but it's a female voice.

"Who are you?" Su Xiaowan frowned.

"It seems you don't know that Xia Chenyan is decadent by your man."

By your man... The whole person is decadent.

He remembered that they had been fighting that day.

But Xia Chenyan also hurt Feng Yan, and he also killed Feng Yan's old wounds.

"You called me just to tell me about it? Xia Chenyan has nothing to do with me. What does he do with me?" Su Xiaowan didn't know what she was going to do, but instinctively she didn't want to say anything to that person.

"Xia Chenyan is devoted to you, but you don't seem to like him very much. You are so cruel. How can you care about others' life and death? After all, you even pushed your own mother downstairs. Xia Chenyan is just a seasoning in your long life. How can you care?"

Su Xiaowan breathed.

Without waiting for Su Xiaowan at the other end to make a sound, the woman continued, "that time your man messed up Xia's centennial celebration, and now let Xia Chenyan's mother carry so much debt. It's said that Xia Chenyan has also caused a lawsuit. Now Xia Chenyan is in a hurry, but there's really no way to rob you with your man!"

Su Xiaowan clenched the phone in her hand and did not speak.

The person on the phone is probably Chen Jie.

"Don't blame me for not reminding you that Xia Chenyan has become like this because of you. However, I've heard that there is a woman in your man's heart. Don't take yourself too seriously. Otherwise, you may not know how to cry at that time --!"

That words, like a basin of cold water, straight handed her over.

Then the woman at the other end hung up.

I'm not waiting for her to talk any more.

That person just wanted to tell her that Feng Yan is good to you now, but not necessarily in the future. After all, she didn't catch Feng Yan's heart. Who will become his wife in the future? No one knows.

"Little grandma, whose phone is it?"

## **Chapter 210**

Su Xiaowan bit his lip. "It's nothing. When will Feng Yan go home?"

"The young master called just now and said it was fast!"

Su Xiaowan squatted at the door, waiting.

About a few minutes, Fengyun's car came, the man's eyes reflected her appearance, looking at her squatting on the ground, do not know why, that appearance, like a poor little rabbit.

Every time I look at her, she always feels lonely.

Two lonely people depend on each other, so they will get closer and closer

The cold light in the man's eyes suddenly converged a lot, no longer domineering, the body was suddenly covered by a shadow, the next second, Su Xiaowan saw Feng Yan.

Pupil slightly a, received a little frightened, she was just thinking about things.

"Why don't you go in and wait?"

His tone was a little unpleasant.

"What do you say! I was almost scared to death just now, and... Why did you buy a piano secretly? This piano is so expensive. It's more expensive than gold. Why don't you care about money? "

"I have more than enough money for a piano." Su Xiaowan frowned at his arrogant words.

In front of him, wealth is unmatched.

This piano, to him, is a grain of rice.

"... but I have a piano. What else can I buy? If I sit there with such an expensive piano, I will be afraid --"

He suddenly took her hand, "I'm not afraid to sit next to you --!"

Amber eyes with a bit incredible, that originally pale face, followed by also become vivid.

Su Xiaowan and Feng Yan come to the piano room. The piano is like a proud peacock. It seems that one can burn people at a glance.

It's so dazzling.

She sat down and watched the man sitting next to her.

"Feng Yan, can you play the piano?" She asked, a little cautious. Since she knew that Feng Yan was the F, her eyes twinkled with worship.

"No

"What are you doing sitting next to me?"

"Listen to you play."

"....."

It's a pity that Feng Yan didn't play. Su Xiaowan was afraid to mention Feng Yan's heart. After thinking for a long time, she didn't speak.

She suddenly thought of the phone call.

Feng Yan, there is a woman in his heart.

"Feng Yan... Have you ever liked girls?"

"... well." Isn't the girl he likes sitting in front of him?

Yeah!

So if there is someone you like, do you want to marry her?

Is it because that woman didn't like Feng Yan... So she was turned away?

She seemed to feel a little uncomfortable, and she had the courage to ask, but she still couldn't say it.

"Feng Yan, I don't want to play --!"

Man's eyes flashed streamer, looking at her, holding her hand, "jealous?"

"... No."

"Hard mouth." The man's eyes quietly staring at her, "if that woman is you, will you be tall..."

The man's eyes are full of aggression.

All of a sudden, in her white neck, a kiss.

Su Xiaowan is sweating all over.

He quickly covered his neck, "Feng Yan, what are you doing..."

"Kiss you."

Nonsense, can't she feel that she's kissing him?

Finally, Su Xiaowan has forgotten why she was unhappy just now, and her whole body's cells are jumping up.

She was afraid to stay there any longer.

Immediately climbed into bed.

In the head, all are the pictures of Feng Yan kissing her neck just now.

Why... She thought Feng Yan was a little charming.

.....

Su Xiaowan is remembered by a noisy ring, and is a strange number.

"From today on, stay away from my son" The voice inside the phone is Chen Jie's, a little growl, "he because of your lawsuit, you have married young master Feng, don't pester our family Chenyan, we can't provoke you still can't hide?"

Su Xiaowan has no master.

"Su Xiaowan, stay away from my son!"

The successive warnings seem to be due to Xia Chenyan.

And the person who did all this is Feng Yan... Why does Feng Yan fight against Xia Chenyan... Is he... Jealous.

Yesterday, he said half of the words yesterday... She didn't listen carefully, but heard what she liked

Mobile phone a lot of junk messages, basic

She immediately got out of bed and pushed open Feng Yan's bedroom door. He was still asleep.

"Feng Yan..." she called softly, and her eyes flashed with uncertain light. "Recently, there have been a lot of calls on my mobile phone. I want to change my mobile phone number?"

Feng Yan's eyebrows twinkled in an instant, and her eyes opened in an instant, radiating fierce cold light. But when she saw Su Xiaowan, she was still in her arms, "OK."

"Fengyan."

"Come early in the morning, don't you want to sleep with me?"

"Who will accompany you! Narcissism. "

Closed space, can feel the ambiguities around, the man's face with a smile, arms will hold her tightly in his arms, embrace.

Smelling her, "you smell good"

"Feng Yan... Let me go"

"I'm struggling. I can't control it later. You can't blame me"

She was so frightened that she couldn't dare to move.

They stayed together for a while, and then Su Xiaowan reflected what he was doing.

He was almost bewitched by Feng Yan.

She ran out of the bedroom in a hurry, but Aunt Li saw her.

Staring at her, she immediately wanted to dig a hole in the ground.

.....

Su Xiaowan went to the company early. Brother Chen looked at her, "cute, have you been giving birth recently?"

Having a baby... Thinking of the dilemma in the morning, Su Xiaowan's face turned red.

"No, I'm sick."

"Why are you so nervous? Your face is red."

"I... I was hot --!"

"Nuo, don't say brother Chen doesn't take care of you. I've done all your work before, but there's just a new one today. Do you want to go with me to see the structure of the house?"

"Yes! Brother Chen, I will certainly repay you for your great kindness. I'll treat you to lunch later! "

"Then I'll have an expensive meal."

"Well, you can choose."

Su Xiaowan followed brother Chen to see the apartment type. It was a high-end villa area. It seemed that she was familiar with that area, but Su Xiaowan didn't know the road very well.

But many villas in Jiangcheng are built in this way.

"This is the measurement data given by the measurement group. I'll go up and have a look first."

"Well, I'll just walk around!"

Su Xiaowan stood at the gate of the villa area and looked at the green garden on one side. The greening of this place is really good, green and looks very comfortable.

She walked aimlessly there, suddenly lost the way, in front of this place, she suddenly some familiar.

That's the family that Xiyan said her brother might be in.
