

good evening 231

Chapter 231

"..." she didn't know how many expressions her face had at that time, because it was too small, she forgot her reaction at that time. At least, she should push him away at the first time.

Can we push it? She didn't know.

kiss?

She's only 18!

She has heard people say for a long time that Lu Shimian just regarded her as an object. To put it mildly, the reason why she was adopted was to be Lu Shimian's partner. In short, she was the servant who grew up with Lu Shimian.

She was very clear about her identity and didn't dare to cross the line, but that day, she was kissed!

It wasn't her illusion. It happened.

But who should I talk to?

At that time, Xia Xiyan was a lonely person. At least, although they were concerned about themselves, they were a girl in the end. The girl had something on her mind.

In addition, Lu Shimian is the biological child of his parents.

So when Lu Shimian kisses her, she doesn't tell mommy that he bullies her, so she can only bear it in silence.

Lu Shimian, 20, is very arrogant.

In Xia Xiyan's memory, no one can stop him from doing anything. He drained all the water in the swimming pool and planted lotus. It is said that the lotus leaf is very beautiful in summer.

But that city, almost all year round in the winter cold replacement.

You can't see the lotus.

But that year, she saw the lotus.

It's very beautiful. It's her favorite flower. At that time, there was a description of lotus in Chinese textbooks. Lotus is cold all the year round in their place, so it's not suitable for planting. At least, there is no lotus in today's winter.

But did not think that the maid pulled her out, but can see such a magnificent scene.

The lotus is showing its sharp flowers. It can bloom in this season. I don't know how Lu Shimian did it.

It was the first time she saw lotus in Lu's home, and it was the first time she saw lotus in winter in her lifetime.

Lu Shimian stood at the end of the lotus pond. She still remembered his expression.

"Do you like it?"

She shook her head.

I can't say I like it.

I'm not qualified to like it.

He did a lot of things against nature, and she had to admit that he was smart and did a lot of informal things. Of course, there was also a reason, because he was the master of the Lu family, and they were not.

She doesn't like Lu Shimian, and she also hates arrogant men.

But the man pressed her step by step. He called her, "Tuanzi, you will marry me in the future. I will be your husband. You can only see me alone in the future."

Xia Xiyan began to hide from her.

Daughter in law.

That's what she heard from one of her servants. In private, they said that she would marry Lu Shimian later, because her mother didn't want her to marry someone else and just wanted to be by his side.

So, I want to take her as my daughter-in-law.

However, in that way, she felt that she had no sense of existence. She was like an object, an object only for others to talk about. No one discussed with her what she would do.

She didn't know how to tell her mother what she thought.

Perhaps instinct is to feel that they are dependent on others, so there is nothing to talk about.

Later.

The man appeared.

Her name is Shen Qi'er. She's cute. She thinks, finally, she doesn't have to be his slave. She's free, because there's a person who will follow Lu Shimian like her and is more clever than her.

But... It didn't work out.

He still embarrasses her everywhere. She hates this man.

But Shen Qi'er sees her as a thorn in the eye and is in trouble everywhere.

.....

One night, you can see the stars outside.

Xia Xiyan holds a band aid on her wrist and pastes the words on it. She lies down and looks out of the window.

She should have called him brother, but it has changed since then!

She didn't know, didn't know how to end it.

She missed Mommy, the only one in the family who had ever given herself warmth.

However, she can only think about it.

But I can't go back.

After all, it was not her own mother, but Lu Shimian's.

Lu Shimian, these three words, like being cursed by the devil, follow closely, even in a dream, there is no way to disperse.

That night, she had nightmares all night.

In my dream, it's all the man's.

On her wedding night, Lu Shimian put her on the bed. She could still think of the environment in her heart.

In the end, she did not want to be outdone and tied him to the bed. It was all spread outside. Lu Shimian was spoiled by her on her wedding night.

However, he is not the only one who plays badly.

She hates men now.

I hate men, too.

She's suffering from mental illness.

She gasped and woke up.

Can only stare at the sky outside, dry stare.

.....

In the dark, Su Xiaowan was walking alone in the resort, suddenly looking at several people pushing large boxes one by one, "what is this?"

"Little grandma, it's the fireworks that the resort is going to give customers."

"Fireworks?"

"Yes, after a while, there will be a carnival here. Some customers want to propose here, so they prepared in advance!"

Su Xiaowan's eyes were fixed on the big boxes at that end. Su Xiaowan's eyes looked back at the villa at that end, "do you have a fairy stick?"

"Yes, how much do you want

"Two!"

The man took out two fairy sticks and lighters from the inside of the box and handed them to Su Xiaowan, "young grandma, do you want to surprise the young master?"

"Surprise can't be told." Her playful little face was smiling, and the man was a little stunned.

It was the woman on one side who gave her a push that made her react.

"Young granny, let's go down first."

"Well, thank you for your fairy stick!"

Holding the two fairy sticks, Su Xiaowan takes out her mobile phone from her pocket and hesitates. She doesn't know if Feng Yan's work has been finished. After a moment's hesitation, the phone from the

other end comes.

"Where is it?"

"Feng Yan, I'm in the backyard."

"Wait!"

She has one more dress on her body. Now Su Xiaowan knows that it's Feng Yan. She tucks her fairy wand into her coat and turns her head to look at Feng Yan.

"Feng Yan, close your eyes --!"

"....."

"Close your eyes."

"... closed."

The light around is weak, so Xiaowan lights up the fairy stick in her hand, "you can open it."

That circle of fireworks, such as fireworks, in the beautiful night sky blooming countless tracks, the United States can not win.

That small face set off in the fireworks, especially the temptation.

"Feng Yan, do you think this is a star?" She spent a five pointed star in the sky.

Feng Yan, my grandmother said that those relatives who left will turn into stars in the sky and accompany us in another form

Is she... To make him happy?

The women he likes are different from others in the way they like others.

Chapter 232

Feng Yan raised his mouth slightly and made a loud finger.

Touch.

There was a loud noise, and then she felt a strong light, exploding above her head.

The light is dazzling.

It's fireworks!

Su Xiaowan looked at the fireworks rising around in surprise, "Feng Yan, this..."

It turned out that he had made preparations in advance.

The Xinchang figure was standing there, with noble spirit, and the white shirt was set off by another color at the moment.

Su Xiaowan was stunned.

So, the fireworks just now were actually prepared by him

"Feng Yan, have you known for a long time?" What those people said just now was a lie to themselves, so he took the fairy stick and he called. It's a coincidence.

"I don't know."

"Then you... Did this..."

"It's for your pleasure."

Su Xiaowan feels sour at the tip of her nose to make you happy... She wants to make him happy, but he wants to make her happy.

"Feng Yan, I'm very happy! And you? "

All of a sudden, the man leaned down and kissed her lips. Silence was better than sound.

Around, there was a lot of noise.

At the moment, Su Xiaowan seems to be stepping on the clouds.

It was the most beautiful fireworks she had ever seen. It was only her own fireworks... And it was only in full bloom for one person.

It's the only one in the world.

For her.

Grandma said, like a person, to give him the best things, even if it is all, even if it is desperate, but also to her happy, and give everything.

It's love, out of love... Higher than love.

In the dark, the hand held her tightly, as if it could go far.

When she went to bed, she felt as if she was eating marshmallow, not to mention how sweet it was.

She had a dream.

In the dream, the fairy's stick was waving, and the two stood there kissing.

It's full of fireworks.

.....

It's night.

"Young master, we have found someone. Now we are in the capital of LS!"

Feng Yan said, "go there immediately. I want to see people as soon as possible."

"Yes." Feng Yi looked at Feng Yan and said, "that young granny..."

"Arrange for a good man to send her back and give her this."

Fengyi took the Rubik's cube from the man.

When Su Xiaowan wakes up in the morning, the resort is empty. She is just about to pack up and go home, but Feng Yan is gone. She looks for someone who hasn't been found for a while.

"Where is Feng Yan?"

"Young master... I'm on a business trip. Let me go home with you first."

a business travel?

"Something urgent?" I didn't even tell her.

"Well." Cheng Weiwei nodded, "young master should be on the plane now, young grandma, it's time for us to start."

Su Xiaowan didn't know why. She was a little empty in her heart.

Yesterday she just finished asking, Feng Yan, is our relationship a step closer, they saw the fireworks together, also kiss... Today she was left here?

"Don't lose heart, young lady. The young master originally wanted to tell you, but you are sleeping, so I can't bear to wake you up. The young master only goes for a few days, and will come back soon after he has finished his work."

"I understand. I'm not unreasonable."

Although it's a bit unpleasant in my heart, Su Xiaowan is not a fuss.

"By the way, young master asked me to give you this."

Cheng Weiwei holds a magic cube in her hand.

Su Xiaowan looked at the thing and thought that Feng Yan was afraid that she would be lonely on the plane. All the things she had left for her, she stuffed it into her pocket and didn't pay any attention.

In the morning, Su Xiaowan didn't have a rest. Maybe her home was too cold. She came back to the company in the afternoon and became a regular employee. Her work was more than before. She was required to attend those large meetings.

She was so busy that she held two meetings in one afternoon. She was so busy taking notes that she almost lost her hand.

Feng Yan, however, didn't make a phone call.

Like this world without the existence of this person, she thought, may be far away, Fengyan has not arrived.

"This time, a client asked to customize a complete villa scheme. You should rush to the design department all night and strive to complete it this weekend!"

The manager is a little big. The design department is short of staff. It's already Wednesday, and there are two days left.

Even if we don't eat or sleep, we can't immediately design all the decoration design of the four storey villa.

But he can only hold on and promise.

Before leaving work, the manager called Su Xiaowan in. "Xiaowan, you've been here for a long time. This time, the design task is quite heavy. Everyone has to work overtime from tomorrow. If you have any special circumstances, you can tell me in advance."

"Manager, I come here to work just like everyone else. I want to do this job well. If you have any tasks, just tell me. Although I'm still a newcomer, I'll try my best."

She wants to be a better person and stand beside Feng Yan.

"Good." The manager put his A4 paper in front of Su Xiaowan with a smile. "This is the idea of the villa owner. Take it back and have a look. If you have any good suggestions, I will ask Chen Shen to help you finish it together."

With that heavy thing, Su Xiaowan came out with a heavy shoulder.

It's not that Feng Yan has never said her level. She's worried about making a mess of it. She took a look at the amount of money in the villa design this time. It's eight digits, and a lot of zeros are dotted behind it.

80 million... It's really expensive. It can be designed by FY, and it's not bad for money

She takes her mobile phone and wants to call Feng Yan, but she doesn't know what to say to Feng Yan... He may be busy.

Feng Yan is full of Feng Yan

She was crawling on the table, holding a pen and didn't know how to write.

If only Feng Yan were here.

Frowning, she didn't write after all

In the evening, Xiyuan calls and makes an appointment with her at the music bar. The atmosphere of the music bar is not as noisy and quiet as other bars. She doesn't let Cheng Weiwei accompany her. As soon as she gets off work, she comes early. When Xia Xiyuan arrives, Su Xiaowan already faintly takes her mobile phone and drinks a lot.

Xia Xiyuan is a regular customer of this bar. The bartender looks at her and says with his eyes, "your friend has drunk several cups of one night. Several men are staring at her there."

One night ! One night stand, for men, is a sexual hint... Invite them to spend the night together, and the number of drinks is the number of men

"Thank you."

If I had known, I would not have brought her to such a place. How could a simple girl like Xiaowan know the meaning behind it? She pulled the wobbly woman, "Xiaowan, let's go to the box!"

Although it's a music bar, there will still be some unruly people. Xia Xiyuan pulls Su Xiaowan's hand to her shoulder and opens a box.

Although Su Xiaowan was drunk, because he was alone outside, he was carrying his heart, "Xiyan, you're here. I've been waiting for you for a long time, and I've been drinking for several times."

"Take the sobering medicine." Xia Xiyan put the sobering medicine she had with her into her mouth. It was slightly bitter. Su Xiaowan frowned, but she still swallowed it.

It took a long time for a woman to wake up. As soon as she woke up, she looked at her cell phone, but she still didn't have a phone.

There is not a missed call in the address book.

She looked at it several times.

"Who did you date when you were staring at your cell phone all the time?"

Chapter 233

"It's half past six, and Feng Yan won't call me."

Xia Xiyan knows the entrance guard time at six o'clock.

When she came, Su Xiaowan told her that Feng Yan had gone on a business trip.

Looking at what she looks like now... I guess my heart has gone on a business trip with her.

"Where did he go?"

"I don't know." Su Xiaowan shook his head. All of them didn't say where Feng Yan had gone. They only knew that there was something urgent.

"... call him if you're worried about him."

"But I'm afraid to delay his work."

Xia Xiyan is a little helpless. "Even if he is busy, there is still time to answer a phone call. Maybe he just wants you to call in the past!"

"Really?"

Xia Xiyan wants to knock Su Xiaowan's head. She really doubts that she has never been in love.

But I have never been in love, what is Xia Chenyan!

"The wife cares about her husband, where need what reason!"

Su Xiaowan nodded, want to say that this sentence has been his long-awaited words, "Xiyao, you're right, I want to call Feng Yan!"

She took the cell phone, broadcast the number, originally slowly hope, but suddenly was a cold girl to interrupt.

"Sorry, the number you dialed..."

Feng Yan shut down?

Su Xiaowan leaned back on the seat drunk, a little frustrated. The cold place made her feel a little cold. She felt sleepy, "sunset, I want to go home."

This girl.

Xia Xiyao really regrets asking her out today.

Originally, I wanted to tell her about Su Chen. Now it seems that... Forget it, wait for her to confirm.

Su Xiaowan stumbles out of the box with Xia Xiyao.

"You'll stand here and I'll pay for it."

"Well." She nodded cleverly.

All of a sudden, a drunk man bumps into her. Su Xiaowan is hit by someone in a daze, but he doesn't react. He doesn't expect to be held by that person directly.

The man looked at her and said, "is Miss drinking alone here? Are you trapped in love! Come to my brother's arms. My brother will give you..."

Pop.

The man was slapped.

"To fight is to kiss, to scold is to love. If you do something to me, it means that you like your brother, right?" The man was slapped, but no anger, as if he enjoyed, "I like you like this, darling let brother love you!"

Brother.

Su Xiaowan frowned, and his hand was held by the man. He pinched her. The gravity made her uncomfortable, "let go."

"Come on, brother, I love you!"

The strength of a man is what a drunken woman can resist. Before Su Xiaowan can call for help, she is dragged to the corridor by the man.

Seeing myself more and more out of sight of sunset.

Taking advantage of the light, Su Xiaowan saw the man clearly.

He is a famous rich second generation in Jiangcheng University. He had a lot of rumors when he was in University. It was said that he raped a girl when he was a freshman. Finally, his father took 10 million to settle it

Now I graduated, I don't know how many girls had abortions for him.

"Let go of me!"

Su Xiaowan fiercely wants to break free, seeing that she is about to be dragged into the box. After entering, she will face what, she will not know.

In this man's eyes, her three legged Kung Fu is just like a scratch.

It's useless.

"I advise you to be obedient and wait for me. Do you know who I am? You can't earn my money all your life! Don't worry. I'll be gentle -- " The man was holding a bottle of wine in his hand. Now he pried Su Xiaowan's mouth open and poured it in.

That's baijiu.

The degree is very high.

The spicy smell made her helpless. She just smelled it and felt terrible

Touch.

Suddenly there was a broken bottle on the man's head.

The man was so hit, dizzy, "Damn, which one doesn't have eyes!"

Su Xiaowan looked at the Xia Chenyan who appeared. At the moment, the man's Scarlet eyes were staring at the man, "if you don't want to die, get out of here for me!"

Xia Chenyan, now the top rookie of Jiangcheng, is the president of Xiashi group.

The man was in the circle of the rich second generation. How could he not know him? He couldn't afford it. He could only look at the woman on the ground. "Master Xia, I don't know how many people have played with such a woman. If you like it..."

The man's voice did not fall, the abdomen was kicked.

People were kicked straight.

"Clean your mouth --!"

The second generation of the rich is not a simple role. He was kicked at the moment and looked at the man, "master Xia, you kicked me. This matter can't be settled like this. I can also be regarded as..."

The man threw a card out of his pocket and said, "take the money and get out. If I see you..."

"Don't worry, I will never appear in front of master Xia!"

I'm worried that I don't have enough pocket money recently. Xia Chenyan is really cheerful.

"Girl, are you ok?"

Su Xiaowan was very dizzy. The tall man in front of her suddenly looked like a person, "Feng Yan --!"

She fell to the ground in a mess.

Feng Yan.

Those two words, let Xia Chenyan's brow tightly wrinkle.

Seriously, like that?

His hand tightly holding her, can feel her whole body shudder, can warm her, not only yourself?

Su Xiaowan, don't you like me?

Why from your mouth, become Feng Yan.

And it's all Fengyan.

.....

Cheng Weiwei looks at the woman who is brought out by Xia Chenyan. At the moment, she jumps out of

the car immediately, "master Xia --!"

"Tell Feng Yan that if he can't take care of women, I won't miss such an opportunity." Xia Chenyan ignored Cheng Weiwei and walked towards his car.

When Xia Xiyan came out, she only saw the exhaust of that car.

"How is Xia Chenyan..."

"I don't know. She took her away."

"I'll go after him, you should contact Feng Yan quickly!"

Xia Xiyan bought a car during this period of time, she immediately jumped into her car, quickly refueling to catch up.

Lu Shimian followed her all the way. Unexpectedly, for so many years, the woman's driving skills were as good as ever. The broken car could catch up with the luxury car.

Didi didi!

"Xia Chenyan, you stop --!"

Xia Chenyan takes a look at the woman and continues to refuel. The car almost flies out. Xia Xiyan is unwilling to fall behind and catches up with her.

Until, watching the car stop at the door of the hospital.

The man held her and went to the hospital.

Xia Xiyan was just about to get off the bus, but suddenly her wrist was pinched by a man, "what are you doing up there? It's someone else's business! "

"What do you know?"

"Don't you love Xia Chenyan secretly?" Just now he didn't see who the woman was.

But during this time, Xia Chenyan seems to have new contacts.

"You're full of ideas. I'm..." Xia Xiyan looks at Cheng Weiwei who rushes in. Forget it. In order to prevent Lu Shimian from doing something to Xiao Wan, she'd better go home.

.....

The next day, Su Xiaowan wakes up in a place full of disinfectant and looks at the man standing there.

Chapter 234

My head is a little heavy.

So, Xia Chenyan took care of himself all night yesterday? She doesn't like to owe others, especially Xia Chenyan, but she won't forgive his mother for what she did.

"Thank you for yesterday."

"Xiaowan..."

"Xia Chenyan, our relationship is over. In the future, don't come to me. I don't want to see you."

Cheng Weiwei came in holding a thermos and looked at the man at that end. She was slightly hostile.

"Young grandma, young master knows that young master Xia helped me yesterday and asked me to thank young master Xia."

"Since you know you want to thank me, why didn't you show up all night? That's how he loves women?"

"

Su Xiaowan heard the words, a light slightly down.

Cheng Weiwei opened her mouth. "The young master doesn't like to be meddled. Last night, even if master Xia didn't show up, I could save her."

"Arrogance."

Suddenly, the mobile phone rings. Cheng Weiwei doesn't want to argue with Xia Chenyan any more. She takes it out to see that it's Feng Yan's, "young grandma, young master's phone."

Su Xiaowan's back of the hand is still hanging a bit, faintly took the phone, some grievances, "Feng Yan."

The voice is delicate, and it sounds fragile.

Xia Chenyan's heart was slightly shocked.

How ever did he talk to himself at such a time? He took a look at Cheng Weiwei. If he continued to take him to such a place, he would suffer to death.

"Awake? How do you feel? "

"Feng Yan, why don't you answer when I call you?"

"The signal is not good."

"When will you be back?"

"Soon."

Soon... The two most insecure words in the world.

The man's voice is more and more low, seems to feel her unhappy, he looked at the end of the people, "obedient, I will give you a surprise, before the Rubik's cube, spell it?"

Rubik's cube.

"... No."

"Spell it, that's my answer."

"What's the answer --!"

Doodle doodle.

Once again, the phone at the other end is gone. Su Xiaowan calls, and the result shows that he is not in the service area... Where is Feng Yan?

Questions?

answer?

The previous question.

She suddenly thought of that sentence - Feng Yan, is our relationship closer now?

She held her cell phone and watched a social news flash in.

A picture.

It's about the rich second generation who was arrested by the police for rape last night

.....

Hung up the phone, Feng Yi came over, stood beside Feng Yan, and said, "young master, I've been checking things before. I'm here, too. But... Mrs. Anning seems to be in a bad spirit."

"Where is it?"

"In a villa of the Shen family, this is the exterior design of the villa and the safety supervision system. People are assigned to guard there. Once you hear from Mrs. Anning, you will be informed immediately."

Sure enough, it has something to do with the Shen family.

"I have to see people at once."

"Yes."

He is worried about Su Xiaowan.

It's an interrogation room.

Feng Yan looks at the man in front of him. No, it should be a boy.

Su Xiaowan's brother, Su Chen.

The man kept his secret.

"I'm Feng Yan." He took the lead.

In high and vigorous spirits, as like as two peas in a prison suit, he was wearing a prison suit. He was just like the people in the picture. There was no smell of Su Zheng in his behavior.

The heroic look seemed familiar.

That pair of narrow eyes, dark eye-catching.

It's hard to see.

Feng Yan's eyes looked at the young man in front of him. Because he was in prison, his skin was very white, but his eyes were cold, like frost.

She looked at him so calmly, without fear, beyond the age of maturity and indifference.

That look at each other, as if aroused a burst of cremation.

"What does my sister have to do with you?"

The boy asked suddenly.

"She's my wife."

He was stunned.

wife.

No wonder there are bodyguards around his sister. No wonder those people didn't touch her at last. He looked up at the man again. He was wearing a black windbreaker.

And he was dressed in prison clothes, two people do not seem to be the same world.

Compared with Jiangcheng, this place has entered the late autumn. It's too cold. The prison clothes on the body can't stop the cold.

"Do you love her?" He looked up at the man, who was so handsome that he couldn't speak. He had no blemish. His Black Obsidian eyes were very embarrassing.

Man's intuition can almost conclude that this man must be a strong man.

So cold don't Ding of opening mouth, to stranger ask this, Su Chen know not what politeness, but he want to know, urgent want to know.

"Naturally, otherwise I would not come to you."

He will help her whatever she wants.

"So you... Want to save me?" He can find himself, which is enough to prove that he has status. It's just this person. Who is he?

"Well."

"No need."

"She missed you so much."

Su Chen's face is not good-looking, hands tightly hold, here for so many years, he naturally also miss her, that is he want to protect the elder sister ah.

In those days, it seemed that he was going to push his sister out. He took all the blame in order to make her do what she wanted to do bravely and desperately in her life. He remembered that when her sister came back, she wanted to say "happy things" to her mother, but

I didn't expect that my mother was pinching her neck, so she was pinching... To let her die, and she said strange words.

That scene, either you die or I die, mother was insane.

Su Xiaowan was pinched and fainted early.

And he also watched his mother fall from the upstairs. At that time, he desperately pulled his sister who almost fell together.

He didn't understand why his mother hated her sister so much that she wanted to pull her down and die together?

Those past events are like smoke, until so many years, he still can't think of anything, but now these past events are covered with dust, it's time to pass.

He wanted to protect her with his own strength.

"Now that you're here, you should know what I've done and what the consequences will be if I go out. I think you should also know... You're such a big shot. I hope you can protect her."

Su Chen had been in prison for many years. He didn't know Feng Yan, or what the river city had become, or whether it was what he remembered.

"Who scares you so much? Even relatives are reluctant to recognize each other? "

Su Chen frowned, "I really made a mistake and should be punished. You don't have to think about saving me any more."

It was the first time that he felt that the child in front of him was extraordinary and calm.

.....

He came out of the oppressive prison, and when he came out, he was waiting at the gate.

"In addition to the little grandmother and her brother, there was no third person present. However, there was an extra sum of money in Su Zheng's account."

"It's an empty account. As soon as the money is put in, it's empty."

"Keep looking!" Feng Yan's tone became cold and deep, "we must find a way to save him."

"This... Young master Su has already committed the crime, not intentional homicide, but rape. The girl whom young master Su raped has not been found... So it is difficult to overthrow it directly."

"Fengyi, do you think I'll listen to you if you throw it to me?"

"I'll find a way!" He bowed his head.

At that time, she was just a teenager. Who did she offend? She had to be forced to die.

Even the strangest is Su Chen's crime.

"I want people to take good care of him. I don't want anything to happen again! A month later, I will see Su Chen in Jiangcheng. "

In the car.

Feng Yan looks at the information in hand, which is Su Chen's.

This time he came here, also for Su Chen.

Su Chen has autism and has been living in a boarding school. She wants to face Su Zheng and her mother's spirit is not good.

So, Su Chen is free range, but he is very smart, although she is not good at communication, but the results are excellent, he also met him just now.

Such a young man has great strength in his body.

She is not close to anyone, including his parents, only Su Xiaowan.

But just now, when he mentioned Su Xiaowan

With mature men in their eyes.

For a man like Su Zheng, a son should be held in the palm of his hand, but he avoids it everywhere.

What's the secret of Su Chen?

"Young master, lady Anning..."

"Now in the past, Lu Yuanshan, who is greedy for money and lust, can always get hold of him --"

.....

Su Xiaowan hurried out of the hospital and went home to find the Rubik's cube. When she went to school, the Rubik's cube was very popular in her class, but at that time, Su Xiaowan just wanted to study hard and enter the University. She didn't have much interest in this kind of entertainment.

She held the Rubik's cube and turned around all night. So in the morning, she took the Rubik's cube and ran to work.

Chen elder brother looks at the magic cube that she turns again in the hand, "this all what age, still play this?"

"You don't understand."

That's the answer Feng Yan gave her.

She didn't look for the way to turn on the Internet, all by herself, but it seems that the Rubik's cube is not so simple.

"Xiao Wan, we have a meeting. Stop indulging in the game!"

"It's not a game."

"Isn't this something your husband gave you? You two have been married for a long time. If you don't have a child to play, you can play Rubik's cube here. "

"What do you know? It's called interest --!" Li looked at her and said.

Since everyone knows that Su Xiaowan is married, it seems that they are no longer so hostile to her as before.

There are three people in their group. Two of them are old employees in the design department. She is the only one who wanders between laymen and laymen. She takes a book and Su Xiaowan enters the meeting room.

"I stayed up all night last night. The design of this villa is six rooms, three halls and three bathrooms. Here is the restaurant. Rich people pay attention to it... Xiaowan, do you have any good suggestions?"

Chapter 235

Su Xiaowan was named. She looked at the contents of the PPT and bit her lip. She looked at the building. They had done so much preparation, but maybe there was much deviation in essence.

"I think we should meet with the owner to make sure what he likes? Otherwise, he doesn't like what we do. It's not a waste of effort, and it's not worth the loss. "

"The householder said it was all up to us to study, but I heard it was a bridal chamber. I guess the woman would like it! Xiaowan, you are a girl. How much can you know what kind of house a girl likes in her heart? "

Marriage room?

The appearance of the villa is actually a bit like the design of an ancient castle.

To make girls like it, Su Xiaowan thinks her head is a little big.

Always, girls are the most picky, let alone the wedding room, which is the place to live for a lifetime.

She bit her pen. "Girls should prefer warm colors, but the appearance of this villa seems to have nothing to do with warm colors. However, the place they live in is a home, so they have to have a sense of life. Otherwise, life is not very tired? Brother Chen, do you think I'm right? "

Brother Chen snapped his fingers, "Xiao Wan, you are so smart!"

Su Xiaowan said, didn't understand what brother Chen was saying, but the two people looked at her with a little approval. What did she say just now?

This forgetfulness is harmful.

.....

Su Xiaowan sat at her desk and called Feng Yan with her mobile phone, but the phone didn't get through.

Where the hell is he? Why doesn't the phone work.

She turned out the Rubik's cube again and turned around, but she couldn't understand it. She also restored her original good.

She was half mad.

Lie on the table, a face will not love the appearance, Chen elder brother see, "or I help you?"

"No more."

In the afternoon, she went to the tea room with her mobile phone. Originally, she didn't hold much expectation. Now she dialed the man's phone, but it still didn't work.

As always, although the design was sent to the head of household, there was no reply. I really doubt whether the head of household was captured by someone like Feng Yan.

A real person doesn't answer the phone or show up

Su Xiaowan is more and more worried.

She didn't sleep for several nights.

"Where on earth is Feng Yan and why is the phone always blocked?" Su Xiaowan stares at the big black eye, and is in a gloomy mood at the moment.

"Young master... There is no signal over there."

"Where is he?"

"On the day of the fiefdom, the news came that it was in the s country."

It takes more than 20 hours to fly through a big ocean.

Far from the s country.

Because of the climate, earthquake, robbery, killing... Bad environment, people are regarded as the most unsuitable city for tourism.

It's a turbulent country.

Why did Feng Yan go there

The work of Su Xiaowan's design department is gradually on the right track, but the design department suddenly encountered a difficult thing, no one is willing to take over.

It's going to T country.

Sign a contract with the customer, the preliminary work has been completed, this is the last step.

However, T country, a place that has entered the severe cold and frost, because it is close to s country, is also severely rejected by people.

But Su Xiaowan raised her hand, "manager, I'll go!"

"You..."

"Just on-site confirmation, I think I can do it."

"But..."

"I can. Please believe me."

In this way, on that day, she went to T country by plane. She called Aunt Li and told her that she was going on a business trip and would not come back until a week later.

When Cheng Weiwei knew the news, Su Xiaowan had already gone abroad.

Looking at the sky outside the window, the clouds were low and heavy, as if they were around her. It was the first time that she had been on such a long plane alone.

Twenty hours later, she landed safely in T country.

Turn on the mobile phone, Cheng Weiwei's phone has burst his mobile phone, she called back, "young grandmother, you go to T country alone, I can't explain to the young master!"

"Can't you get in touch with him? Don't worry, I'll be back before he knows. "

Cheng Weiwei can't say anything when she is said like this.

"... T country is very dangerous. The situation over there is unstable recently... You will be in danger at any time."

Su Xiaowan looked at this sunny weather, this is that it is turbulent, clearly is a paradise, "Cheng Weiwei, you can rest assured, I will protect myself."

She took a taxi and found the householder, who was a gray haired old man. Because she couldn't stand the bumps of the plane, she asked them to come and talk.

Originally thought it would take a long time to solve the problem, but the old man was kind-hearted and easy to talk. In just an hour, she got the contract. The old man insisted that she stay at home for a while, but Su Xiaowan declined.

She got on the bus and checked the distance from country t to country s and the 2-hour journey.

She took her luggage and bought a ticket with the rest of the money. Before boarding, she made a phone call, but she didn't answer it.

On the plane, she took out her cube and turned around.

When she thought of Feng Yan, she suddenly felt uneasy, as if she had calmed down a lot.

Will Feng Yan be happy to see himself?

She is like a girl in love, with a faint smile on her face.

Sitting next to her, a sweet looking girl looked at the cube in her hand and was immediately attracted. She turned her head to look at her and said in fluent English, "Miss, can I have this thing? I couldn't find it for a long time

"This is a gift from my husband. I'm sorry."

As soon as the girl heard that it was from her husband, she couldn't continue to ask for help. She looked at the magic cube in her hand and looked away.

She held the cube and looked out of the window.

Feng Yan, she missed him so much.

Now it has become a place where we can see things and think of people.

That was something she used to feel silly about.

.....

When Su Xiaowan arrived in s country, it was already dark. It was so close that she felt out of reach. Before she got off the plane, she did not find the address of any branch of Feng Yan's company, or even the information of FY group.

In the blink of an eye, here has become a strange country, everything is so strange.

Where is Feng Yan?

She turns on her cell phone, and suddenly a call comes in from the other end, which is Cheng Weiwei's.

"Little grandma, I checked the hotel you stayed in, but you didn't check in today..."

"Hello All of a sudden, the luggage in her hand was snatched by someone. Su Xiaowan looked at the speeding motorcycle, and all her belongings were in the bag.

Even the cube is there.

"Little grandma --!"

The phone's off.

Su Xiaowan ran after her for several times, but her legs were not equal to the car. Finally, she lost it.

She held the cell phone, looked at the signal, suddenly became no service.

The car went away and her mobile phone was cut off

She looked at the darkening sky and didn't know where to go

If Feng yanzai were here, maybe he would not be so worried.

Su Xiaowan took out her whole body, and her ID card was in the bag. Now... She died here, and I don't know who she is.

She suddenly regretted her impulse, but when she thought of Feng Yan, she insisted.

She said that Feng Yan would come and he would come to her.

He found her every time, and this time, too.

He will come.

She was so persistent, biting her teeth, even though she was shaking badly at the moment, she was still stubborn. This was the first time for her to do such an impulsive thing, because of a man.

She must have loved him, she thought.

No matter who he is, she loves him.

I don't even know how deep I love you. Maybe I want to be with him for a lifetime!

Well, all my life.

She nodded firmly.

Well dressed, that beautiful face in this exotic, it is unique and different.

There were a lot of people coming and going. Some men even whistled around in front of them. Su Xiaowan looked at them and ignored them.

We can only keep going ahead.

But now, those men are following her reluctantly, as if they regard her as... She is a little afraid. At least, in this place, she doesn't know the local customs and what these men are talking about.

No way, Su Xiaowan can only find a convenience store to stand. She can't understand a word of s country. The store doesn't understand English at all. At the moment, it's useless even for her to draw.

Just gave her a cup of hot water, the hot water enough to warm her palm.

She thought, just go through.

When there's a signal, maybe she'll be able to make a call.

Get on the phone and she won't have to wait here.

She holds the mobile phone tightly like holding the straw. The night is dim. She sits there. Her clothes can't stop the cold. Someone on the side of the road says something exciting. Maybe it's snowing!

She looked up and looked at the snowflakes under the light. After a while, the snow became bigger and blew on her.

This is the first time that Su Xiaowan came to this place. She didn't know that the environment was so cold. When she came, she didn't take a few clothes. In addition, she met such a thing just now.

When a person is in a foreign country, her first reaction is that she doesn't know what to do.

I want to be Feng Yan.

That's her only thought.

But where is Feng Yan? She didn't know where to look, and she didn't know whether she would freeze to death if she was hiding here at the moment?

Desolate heart, convenience store owner said a few words, but it seems that she does not understand, or the store closed.

Business around, because of the heavy snow, and early closed the door, Su Xiaowan holding a mobile phone, now already understand the frozen body numb.

She looked at the signal, holding the last fantasy, called the man, the dull bell suddenly rang, "Hello, who?"

Chapter 236

"....."

Su Xiaowan was stunned for a moment. It was like a basin of cold water from head to toe

Hello, who

That few words, that clear voice, she can't hear wrong, is a woman, the voice is still young.

This is his private number. He can't even touch his cell phone. Why is this woman... Beside him and taking his phone.

Almost instinctive.

She thought.

Is there a woman around him? Women for small three, such perception, in fact, very quickly, even if only a short sentence. Maybe in other people's eyes, it's not worth thinking about.

But in the eyes of the beloved, it will be infinitely enlarged.

Su Xiaowan was stunned there.

Thinking of that time, in Feng Yan's dream, he called out to someone, don't go

"Hello? Are you listening? "

She missed him and came all the way, but in the end

Her fingers are constantly shaking, and her lips seem to be frozen by the cold frost. Now she seems to lose her voice. She looks at the mobile phone for a long time, the phone number is right, and the voice is right.

Tears fell down like this, with grievances and unbearable.

"Excuse me, but who is calling?"

Moreover, Feng Yan didn't even have her notes on her mobile phone, and she didn't know how to think of them. At that time, she admired her ability and should be a detective.

Su Xiaowan's heart jerked, listening to the man at that end say, "strange, is it the wrong number?"

He hung up.

Doodle doodle!

Her phone was hung up and she was in a state of confusion.

No, she should have believed him. Maybe a secretary.

She dialed the number again. A few seconds later, the call was answered.

"Hello? Who is it

"I'm looking for Feng Yan."

"He's resting."

"Who are you?"

"I'm still with him so late. Of course it's his woman!"

Then the phone hung up.

She was full of joy, was a basin of ice water to mercilessly watered out.

I'm his woman

The words were like Su Qiqi telling her not to approach Su Zheng, afraid of being robbed.

Is she his woman?

What about her?

Is it rare to be a junior?

Tears suddenly fell down, how can not stop, she even forgot to wipe

All of a sudden, she saw a familiar thing, a Rubik's cube, on the side of the garbage can, some documents she had signed before, and the bag that had been pierced.

At the moment, she ran with all her life to pick up the cube which was about to be covered up.

But the Rubik's cube couldn't turn around.

It's broken.

I can't turn any more

Like all things have to slowly away from her side, never find back.

In fact, Shen Yin is right.

Anything that has something to do with her will not belong to her in the end.

She stood on the side of the road, snowy, this point, no one outside, this place, in fact, is not as chaotic as they say, very peaceful.

Like this night, a person hiding here crying, even died here, no one found.

She stood up with the magic in her arms.

Her legs were numb, but she still walked forward with support, because she saw the police in the distance. She thought if she wanted to find the police, she could go back by herself.

She didn't know if she was able to survive.

crossroads.

There were not many cars, but there was a red light. When she stopped, she was so dazzled that all of a sudden, there was a sharp brake sound.

In this street.

Lift eyes, looking at the distance... The man appeared under the support of the public, it was him... He came.

Is it an illusion?

She wiped her tears. Now she could see the man in the black suit. It was Feng Yan.

That's him.

She is happy to think about the past, but the next second, he looked at her from the inside to hold a woman, the man, is Feng Yan, even if her eyes are really not very good, but she can see clearly.

That woman's hair is very long. Just looking at her back, she looks very beautiful. You can imagine what that person's front will look like. It should be too beautiful to support herself.

Otherwise, how could the cold Feng Yan hold her back!

She can't match that.

She stares at that place. Some part of her body seems to be locked up. She stands there awkwardly, feeling that she is superfluous, because being here is superfluous.

Caught his husband cheating, but did not dare to directly rush past, give him two slaps, she is cowardly.

She stared at the line of sight and didn't leave for a long time.

"I think you'll only kiss me in the future."

At that time, Feng Yan laughed.

Now think of it, that smile, probably laughing at her self amorous, so now he will have no scruples to kiss

another woman.

It's a perfect match.

A person who is good for nothing like her is nothing but heaven and earth.

"Pa --!"

The hot water cup in her hand fell off from her hand and fell heavily on the ground, spreading a lot of water.

She reached for the clothes on her chest and felt uncomfortable.

It turns out that seeing with one's own eyes will bring such a huge disaster

ha-ha.

He who is sentimental can lose everything.

She lost.

She fell in love with Feng Yan.

Some things take a step, will never take back, unless, the heart is dug out.

Su Xiaowan looked down at the ring on his hand.

love foevere.

So good wishes, but never in her body.

It's ironic.

She looked up and bumped into the man's eyes. His eyes were spoiled, which made people unable to ignore. At that moment, he was gentle.

That handsome appearance, in front of this woman, is completely revealed

Su Xiaowan was stunned. At the moment, it seemed that she was not cold, and her mind was blank.

The heart falls a thousand feet.

Xia Chen is right. Feng Yan won't marry her

He has someone in his heart.

If you want to marry her, there are so many opportunities, but now they are still living together illegally.

Men are not willing to love the woman wronged, not a little bit.

If she is wronged, there is only one reason.

That is not love

Su Xiaowan's hand still couldn't help shaking, and he felt like a complete fool at the moment.

The pain in her heart made her face pale. Her life experience of more than 20 years taught her not to love casually, but suddenly the strong man broke into her life, and she began to be stupid.

She cried.

A person sat by the garbage can and cried miserably. Passers-by thought that she was a beggar. When they walked past, they lost several coins to her

There are also several men who look obscene, looking at her, she took the Rubik's cube to look at the man, looked back at them viciously.

That's her way of protecting herself.

A few foreigners looked at her and did not dare to come near her any more.

The snow that night was the biggest she had ever seen.

Almost a night can be white.

Su Xiaowan was found by Cheng Weiwei. About the next afternoon, Cheng Weiwei looked at her fragile appearance. Her whole body seemed to be soaked. She wanted to go up and support her, but she listened to her low voice. She wanted to go home.

After buying the latest ticket, Su Xiaowan returned to Jiangcheng.

She is not a person who treats her feelings with a muddle. She likes to be together and doesn't like to be apart. The result of being together is not good.

What's more, those who hinder others' happiness are the third party.

Su Xiaowan hated being such a person most in her life.

Although she likes Feng Yan, it's useless to love someone alone. She hates this feeling and is uncomfortable to the extreme.

She made a resignation report. When the manager received the resignation report, she was slightly stunned, but she had made up her mind and didn't want to stay.

Maybe, this is the best result for everyone.

From heaven to hell, Su Xiaowan is not without experience. After her mother died, she experienced it once, and this time, she experienced it again.

She shouldn't expect to have anything, because she is doomed to have nothing.

Feng Yan never said that he liked her

"Su Xiaowan, it's time to wake up!"

On the way, she met a homeless stray dog.

It's hurt.

Like her, hiding in the corner, timidly looking at her.

The eyes are pathetic.

She was about to be homeless, but she still couldn't bear to look at it. She went over, squatted down and touched its hair, "little dog, would you like to come home with me? Maybe you will not have enough to eat with me in the future, but do you want to go home with me? "

Timid as the dog was, it went into her arms.

No one is not eager for warmth, just like Fengyan gave her warm embrace at that time.

She rushed into her arms regardless.

But she won't abandon the dog.

As long as it's close to itself.

She held the dog in her arms and wanted to go back to Fengjia, but after thinking about it, she still wanted to move out and take it with her. Maybe she would hurt it.

She took her to Xiyuan. Xiyuan looked at the embarrassed people and dogs and let them into the room.

"You really quit your job?"

"Well."

"Well done, isn't it?"

"That's his place. I don't want to get involved with him any more. The best way to cut it off is not to see him again." She was lying in the arms of Xiyan, "Xiyan, that villain, I don't want to be with him, and I don't want to give myself any thoughts. It's best to make a clean break, right?"

When she came back from abroad that day, Su Xiaowan cried all night.

Don't ask her.

It was not until the day that I told her everything.

She patted her shoulder, this girl, what should she say.

Thinking of the way she cried that day, she said softly, "if we're too tired, we won't go back. I'll support you."

Su Xiaowan shrunk her nose. After she came back, she didn't cry. "Xiyan, I have to go back. I don't want to be driven out. Even if I want to go, I'll go by myself."

She always felt like a heartless person.

All the time.

Even if her mother died and her brother disappeared, she didn't shed a tear.

.....

She went home to her bedroom and packed.

"Bang --"

Chapter 237

Two metal doors were pushed open.

Su Xiaowan's body froze and turned slowly.

Feng Yan stood at the door, along with the light, that face, handsome, so powerful, black eyes straight staring at her, thin lips pursed, a pair of dusty appearance.

Seems to have just come back.

When she met him, Su Xiaowan didn't know whether she was angry, angry or sad. She just felt that her tears were coming out.

The next moment, Su Xiaowan looked at him and laughed. Her hand was still there, and she continued to tidy her clothes. "When did you come back?"

Smile, tears are not so easy to fall down, she does not want to cry.

Feng Yan closed the door, and the light immediately darkened, and the atmosphere became depressed.

"Nothing to tell me?"

Feng Yan came to her step by step.

Words?

In the face of him, what else can we say? What is more striking than seeing is believing! Feng Yan didn't know. He didn't know at all.

Feng Yan came up to her, and his eyes fell on her pale, bloodless face. He slowly raised his hand and stroked her face.

Su Xiaowan jumped down from his chair to avoid his hand.

Feng Yan's hands were stiff in the air, like they had changed, but they didn't. He didn't know that Su Xiaowan was his first woman. He had never had anyone else before.

He was afraid that he would make a mistake, lose her and never find her again.

"Feng Yan, I quit my job. I won't go to f.y group any more."

"..." Feng Yan stares at her and puts down his hand stiffly. "Is that all

Is that all she has to say?

Su Xiaowan bit his lip, and immediately his grievance swept over his whole body. "You want me to say it. Although you have power and power, how many women seem to take it for granted, you can't behave like this. You can't look at the bowl and think about eating in the pot. When you have someone you like, you shouldn't provoke others any more."

"What's more, if you like others, just tell me. I'm not unreasonable. What would other girls think if they were so furtive? The most important thing for a girl is a sense of security. If you can't give her a sense of

security, she will leave you... "

If you can't give someone a sense of security, she will leave you

Feng Yan wants to talk, but Su Xiaowan stops him.

"However, who let me live and eat for nothing with you, I have to repay you something. I'm not a white eyed wolf. If she misunderstands something, I can explain it."

She said that she was exhausted, and now she just wanted to leave.

She smiles and looks at the handsome man at that end.

It's silly of her to think that all this is true.

But how could it be true?

Just because she's moved doesn't mean people will.

Earlier, she had heard from Aunt Li who said that in Fengjia, there was a custom of doting on women. The old lady was doted on by the old man and had no self-care ability.

She thought, it is estimated that Feng Yan has lived in such an environment since childhood, so he will spoil her.

But pet is not love.

It can't be built on love.

"They all agreed to get together and break up. Anyway, we haven't registered. As long as you don't say, others won't know our relationship. Since she likes you, I don't think she will mind your past. As long as the Su family owes you money, I will live and won't deny it. Since you come back, I don't have to say anything to others. Feng Yan, I want to leave here, and we... Break up."

She walked past Feng Yan with her head down and toward the door. One hand was pulled from behind and she was pulled into a bosom.

Feng Yan hugged her from behind, holding very hard.

His chest is very hot, very hot... Very hot, more than a little bit hotter than the snow that night, which can almost smooth her heart.

Su Xiaowan's eyes suddenly turned red with grievance, and her eyes were dazzled by tears.

If he has an explanation at this time, even a word, she will believe it blindly, because she likes his hug, because she is still immersed in her blind love

But he didn't.

He held her, no words.

Fortunately, he didn't explain, so she could be sober, sober to know that it was true.

That's what happened.

She was held by him, and her voice was still clear, "Feng Yan, if I have given you any wrong hints before, so that you can feel free to touch me, I repeat now, please let go."

The words are clear.

But also in their own heart.

Tears fall down, fall on her hand, very hot, but she is still strong support.

Then she opened the seal with this hand.

Don't hold her.

"What I want to do to you, I never need your hint." Feng Yan's voice was still cold, and her arms held her tightly.

It doesn't work.

"Feng Yan, no matter what you think, I want to break up with you!"

In any case, she will not be a third party. From her mother, she already knows how sad it is to be an unloved person.

At least, as a result of the mother, I don't want to be the second one.

She is too stupid, because she can't get the love. She doesn't hesitate to make herself stupid. She thinks that the man will continue to stay by his side. But without love, staying is not forcing herself?

Black eyes a deep, the man broke off her face, mercilessly kiss up, "who allows you to say goodbye casually!"

Su Xiaowan wanted to say something, but he blocked it.

This kiss, he occupied the dominant position, unlike in the past, Feng Yan considered her feelings, Su Xiaowan was very uncomfortable, soon the smell occupied the mouth.

Feng Yan did not move.

"Let me go! I'm Su Xiaowan, not su Qiqi! What do you want to do? Go to Su Qiqi... "

Su Xiaowan pushed him away.

Heart is full of that man and woman together scene, heart astringent pain, like steel wire tightly locked his heart.

The more she refused, the more tightly the man held her hand.

"Since you are married to me, no matter who you are, you should belong to me."

"What do you want from me?"

"What do you mean?" The man's brow is gloomy and heavy, his hand is supporting the wall, and he looks at her from top to bottom.

There is a kind of condescension.

"I know that Lu Li is you, right?" She said slowly, "you asked me to marry you. I always knew that I was not su Qiqi, but Su Xiaowan. You supported me and gave me so many valuable gifts. What do you want from me?"

There was a sneer on her face. "Do you want to have sex with me?"

Go to bed!

Those two vulgar words suddenly made people frown. Feng Yan's brow was tightly closed, and his face was deeply incredible.

"I just want to sleep with you when I treat you well?"

The man's expression in that moment.

The voice was low.

"Isn't it? Do you like me?"

"The two people's deep-rooted love is not the same as ours. Feng Yan, you don't like me. You just think I'm new for a while. Maybe I just think it's good to find a pleasant person and live a casual life... But

that's not like it."

"I really like a person. Even after I get along with him, that person is not what I like, but I still feel that no one can replace that person. He will be her God and everything to her, but she is not living with him. He won't let her have an accident or suffer any injustice. Even if she shed tears, she will feel sad, Holding it in her hand, I'm afraid it will melt... "When she said it, the fundus of her eyes was shining with bright light, like a gem.

"But Fengyan, we are not --!"

People who love each other can't get a piece of sand into their eyes.

Even if the other party died, but that love still exists, will not dissipate with time, will never... Become now.

I don't like anything that can become what it is now.

Looking at her clear eyes, like a mirror, do not look at her small, but she knows.

Grandma is right. Some things should be just right

"I said, I only want you."

"... Feng Yan, can you be reasonable? If you're with other women, I'm recognized by the green hat. Can't I quit?"

Just her?

What about that man?

"She can't compete with you."

"Feng Yan, what's the difference between you and scum man? You kiss her, and you say she can't compare with me!" She was annoyed and felt that Feng Yan was a responsible person.

But now... It's the wrong person.

"Su Xiaowan." It was the first time he called his name.

For a long time, in that quiet terrible bedroom back and forth, quiet only breathing sound.

Su Xiaowan listened to his magnetic voice in her ear, "if you don't feel safe, we will get married now and tell the world that you are my wife."

“.....”

She's breaking up with him.

When did you say you were going to get married.

When is the lack of security?

"It's not me who will marry you, it's su Qiqi! If you want to get married, just ask Su Qiqi to marry you. I think she should be very happy. " She bit her lip and looked at him. She tasted his taste, but could not get into his mouth. His eyes were a little tired, and she loved him.

"I know very well that the person I want to marry is you, Su Xiaowan. You are not allowed to say such things in the future."

"No... um..."

The man bit her little mouth.

Tongue domineering will be her every inch of their own breath.

Su Xiaowan is a little annoyed that he is so strong to himself, regardless of her feelings, as if she is a heartless doll, can let him be reckless, let him bully, but why.

She could not push, so she clenched her fist and beat him.

Feng Yan clasped her rejected hands with one hand and lifted them up directly on her head.

Su Xiaowan was both frightened and frightened. Her voice was already a little weeping. "Feng Yan, don't go too far!"

There was a lump in the voice at the moment.

He could see the tears from the corner of her eyes, which made her chest suffocate in a moment. It was as if she had been hit heavily.

"Su Xiaowan..." he called her name, in such a lonely bedroom, deep voice, "I never cheat you, I am happy..."

“.....”

Zizizi.

The man's cell phone rings.

Chapter 238

He left without a word to explain the woman. She had never seen that kind of anxious look.

She was the only one left in the quiet room.

Su Xiaowan couldn't help crying.

She is a very strong person, but she can't hold back her tears.

Zizi!

The mobile phone vibrated. At the moment, she sent an email in her mailbox. I don't know who sent it.

Click on it. It's a picture of kissing.

Although the man is just a side face, she can see the scar on the face

Her breath faltered, and in an instant, she had no courage to believe in others.

Su Xiaowan was at home, and Aunt Li was standing aside. She didn't know how to persuade her, "young grandma, the young master must be in trouble. When the right time comes, he will tell you."

The right time, that should be the time to sweep her out.

Su Xiaowan wants to leave, but is delayed by the sunset.

Sunset morning began to spit yellow water, Aunt Li found her, Su Xiaowan is upstairs, in a hurry down, holding her, she is still spitting.

"How could that be?" It's hard to cry at sunset.

"I don't know what happened this morning, but suddenly I vomited yellow water and incontinence... Don't worry, young grandma. The doctor will be here soon!"

Su Xiaowan stroked her hair. During these days, she neglected sunset. She didn't have much time to accompany her every time, so she let her

"Well, the doctor will be here soon."

Xixi spits out her tongue and keeps spitting out. Su Xiaowan's clothes are wet with urine, but she still keeps moving. She takes a clean towel and wipes it for her.

In the middle, Zeus stood there, watching her holding her, circling around her, and there was another dog, the one she brought back yesterday, who seemed to be out of place with them. He stood in the

corner and looked at them like this.

Sunset is less than two years old. She is always alive and dancing. People always think she is healthy.

Su Xiaowan touched it, only felt that her breathing difficulties were not good, she followed her hair, "don't be afraid, it will be OK." The next second, Su Xiaowan can't feel the temperature on his body.

She was a little afraid, because the sunset was just on her leg, a little strange, and she could feel it from the first event.

The doctor came in a hurry and touched the cat now. It was dead and had no breath.

"Little grandma, I'm sorry!"

Su Xiaowan didn't know how to hold back her tears. Su Xiaowan was completely blinded, and the worst result happened to her.

Looking at it so painful to leave, Su Xiaowan tears along its hair, she does not want to let sunset to autopsy, but want to know, why it will leave.

It's still so hard.

It's less than an hour.

Why didn't you even see the doctor?

That's her second cat.

So I left.

Between her and him, it seems that there is only one sunset left. Sunset is gone, isn't there any meaning for her to stay with him?

Su Xiaowan went back to her room and cried most of the night.

Aunt Li stood at the door, trying to comfort her, but she didn't know what to say!

The young master... Ah, where did he go at this time.

Girls want to rely on, at least, at this time, if there is a man around, she will figure it out.

.....

Until three days later, Shen Qi'er appears in the villa, and Feng Yan never comes back.

Stepping on high-heeled shoes with a height of nearly ten centimeters, Shen Qi'er is very skillful in her clothes. During this period of plagiarism, Shen Qi'er is not affected at all.

She wore a pair of sunglasses, and her natural arrogance and delicacy made her look different from others.

Aunt Li looked at her, "Miss Shen, this is Fengjia. The young master said that you are not allowed to come in."

Shen Qi'er took off his sunglasses. "It's really unfortunate that Feng Yan asked me to come."

Aunt Li takes a look at Su Xiaowan. The young master

"If you don't believe me, you can call Feng Yan."

Ask the young master... That's not more misunderstood by the young granny.

She walked gracefully towards the woman at that end, "Su Xiaowan, meet again! We're going to live together in the future! "

Su Xiaowan was stunned, but Cheng Weiwei stood there, blocking the woman's approach.

Shen Qi'er takes a look at Cheng Weiwei. She knows that it's Feng Yan. She moves her eyes carefully.

"Take my luggage up. Oh, by the way, I'm going to move to the room next to Feng Yan --!"

"The next room is the little grandma's room..."

Aunt Li is very anxious to protect her.

That Shen Qi son but the corner of the mouth ascends radian, "originally they haven't slept together, we will have fair competition in the future!"

"Fengyan, I have the potential to win."

Su Xiaowan's action stops. Shen Qi'er has been in love with Feng Yan for so many years. If she can stick to it, she is in love.

Otherwise, I won't be in love with you.

Her luggage slowly occupied his place, and the whole air was full of the smell she hated.

Su Xiaowan couldn't stay when Xiao San came to the door.

She went upstairs, took out her bags and wanted to leave.

"Young granny, everything is waiting for the young master to come back. Please listen to the young master's explanation."

"Wei Wei, get out of the way!"

"You really can't leave. Anyway, will you wait for the young master to come back?"

"I'm going to see grandma."

"Little grandma wants to see grandma. I'll have her picked up."

Pick me up?

Let Grandma look at her like this?

In this way, Su Xiaowan moved to the third floor, Feng Yan did not let her go, she could only stay away from him.

On the third floor, there is a special study, very quiet.

Xia Xiyan receives a composition for her. Su Xiaowan writes that when she comes out of her study in the middle of the night, she is still sleepless.

She hasn't been downstairs these days. She doesn't want to see anything or know anything.

Standing in her room, Su Xiaowan looked at the night with flashing lights.

In this silent night, it seems that there is only one person left in her heart.

Feng Yan has no temperature for anyone. She thinks she is different.

Along the way, Su Xiaowan fawns on Feng Yan. She thinks she is very smart, but in this man's eyes, she is extremely stupid. No matter how good she is, she must pull out her heart immediately.

.....

Knock, knock.

Su Xiaowan frowned, listening to someone outside shouting, "don't think you can hide in this place!"

She went to open the door and looked at Shen Qi'er's aggressive manner, "Miss Shen, what do you

want?"

"Su Xiaowan, you are a fake!"

Su Xiaowan frowned.

Shen Qi'er looked at the indifferent woman, indifferent and cold, and suddenly laughed, "what if Feng Yan knew? Have you thought about it? "

"....."

"It was you who called her that night, wasn't it? Then you should know that I was with Feng Yan that night! And he's with me. "

Chapter 239

Su Xiaowan's eyes are deep. She knows that the person is not Shen Qi'er. "Miss Shen thinks it's glorious to be a junior. It doesn't look like a tutor!"

"You... You say who is Xiao San, you are Xiao San, Su Xiaowan, he didn't marry you, you two don't even have a license, can only be regarded as cohabitation, he doesn't like you, and finally can't kick you, you really think you are..." Shen Qi'er's face turned white, angry, suddenly a fierce dog bit his clothes, "what is this thing, Take it away quickly -- "

"This is the master's pet. We can't help it if we just listen to the master's words."

The dog leaped over her, and the paw stretched out toward her face. Shen Qi'er was shocked and said, "ah... Help

But she had to run.

The dog was not outdone and ran after her.

But the room was quiet.

"Aunt Li."

"During this period of time, the young grandmother was wronged."

Su Xiaowan frowned together, listening to her say, "you have to believe the young master. I see what the young master has done to you. He grew up with me. I know he really wants to live with you."

sincerely?

Confused. She saw all the scenes that day with her own eyes, and now Shen Qi'er appears

All of a sudden, the dog running after the woman comes up again. Aunt Li is just about to ask someone to hold her, for fear that the dog will run into Su Xiaowan.

Su Xiaowan looked at it and thought of the bite that day.

I feel uneasy.

But the dog is on her legs with Jiao, no just that aggressive, like a soft cute pet.

"Even the dog will look at the master, young grandma. You can live here and wait for the young master to come back."

Su Xiaowan looks at the dog. It sticks out its tongue and licks her fingers.

It looks like it's amusing her.

The corner of her mouth was hooked. Sometimes animals are better than people. She missed sunset. She missed it so much. Some tears were in her eyes, but she didn't cry.

In the afternoon, Zeus accompanied her, as if guarding her. Shen Qi'er never appeared again. She touched Zeus's head and said, "where is he now? Why don't you explain it to me? If I did, I would believe it. "

But he didn't say a word.

"Woof, woof."

She also had a little dog beside her. She was so small that she couldn't feel its figure in her hand. "Be nice to you all. I'll be good to you."

Such an afternoon, the two dogs accompanied her, she lay on the table to write words.

In the afternoon, Feng Yan returned to the villa and looked at the smoky place, "where is she?"

"... in the room next to you."

Shen Qi'er is lying on the big soft couch with her slender legs outside. She is reading a book. The environment here is so beautiful that people can't cope with it. She just thinks that in such an environment, she can be closer to him.

Bedroom, she has been renovated, she does not like Su Xiaowan's things, so all replaced, a slightly bright wall lamp, cast down soft light.

Suddenly, the door opened.

Men with slender legs, wearing high-grade custom clothes, although the face is not good-looking, but the contour is extremely beautiful.

Strong aura comes with the body.

In Shen Qi'er's heart, he is the most perfect husband in her heart.

There is no shortage of pursuers around her, but none can match his.

As soon as the man came in, he smelled the perfume of the air, and his beautiful face sank completely. "Who allowed you to come in here?"

Shen Qi'er is stunned by the angry voice.

She widened her eyes, "Feng Yan, is... Bedroom..."

"Get out, if you don't, I don't mind throwing you into the forest to feed the wolf!"

Looking at that gloomy face, Shen Qi'er is not reconciled at the moment, but she dare not question Feng Yan. She stumbles up from the soft couch and runs away.

The man went downstairs and looked for Su Xiaowan.

"Who let her in --!" Several maids who were waiting on Feng Yan were afraid, but Aunt Li said, "young master, you didn't say to let her live in."

"Throw all her things out to me. I don't want to see anything about this woman in the villa. No one will let her in later."

Fengyi stood there, "young master, it's not the time to tear the skin with the Shen family. Mrs. Anning doesn't know what medicine they have given her. She is obedient to them. Moreover, we have to rely on her to investigate the Shen family. Anyway, the villa is so big, you can let her live in another place first, and it can also stimulate the young grandmother to see if she will be jealous."

The man's eyes fell on Fengyi, "I don't care if she will be jealous, but I won't do anything to make her jealous."

"Young master, I heard that when the young granny was found abroad, she cried very hard. Maybe she was angry with you. Now you just have a try. What she thinks of you."

When Shen Qi'er was thrown out of the door, she looked at Feng Yan. She ran over and cried, "Feng Yan, you can't do this to me --!"

"Shen Qi'er, stay away from me if you don't want to die!"

"Do you want to know where your sister is?"

The man's face immediately infected with anger, "Shen Qi'er, you are not qualified to talk to me about terms."

"Feng Yan!"

"I said that anything that would hurt her would not work for me at all! Shen Qi'er, you have offended for the second time. Do you think I will forget it? "

"So, in your heart, she is the most important person, isn't she --"

"I've said many times, don't try to challenge my patience!" Feng Yan is almost gnashing his teeth, "throw people out!"

"Feng Yan..." Shen Qi'er didn't expect that this man would be so crazy.

Even his sister was ignored.

Did she take the wrong bet?

What's so good about that damned woman? What's good about it?

So that he can ignore his own sister.

Those burly bodyguards left her outside the iron door. Shen Qi'er was thrown on the ground in a mess, her knees were red, and suddenly her mobile phone rang in her pocket.

"Kiel, where are you? Feng Yan has found someone... Come back quickly. "

"What?"

Shen Qi'er was just about to leave, but she was resisted by several women.

"What are you doing?"

"The young master thinks you're too much of an eyesore."

Pop.

A crisp palm fan in her face, she suddenly a little confused, "you dare to hit me?"

"Miss Shen, it's you we're fighting." Cheng Weiwei looked at her, "continue to fight, don't stop."

"Ah."

The shrill cry sounded in the car, but no one else could hear it.

After that, a woman took pictures of her face. "The young master said that if you dare to touch her again, these pictures will appear in every newspaper."

"You love beauty so much that you don't want to have such a stain on your body. Plagiarism is becoming more and more serious now. If these photos appear on the Internet again, what do you think others will think of you?"

"You..."

"Miss Shen, take care of yourself."

.....

Villa in the absence of that woman, is finally quiet down.

Feng Yan looked around, but he didn't find Su Xiaowan.

"And she?" Feng Yan knows the news of sunset's death, he is also very sad, although she is just a pet, but Feng Yan knows that she likes it.

Not as a pet, but as a friend.

A person in the face of friends to leave, what should be like.

"Grandma moved to the third floor."

"Why don't you stop her?"

Aunt Li sighed, "young granny insists on leaving. Moving upstairs is her biggest concession. Young master, how can you hurt her so much? I can't save you!"

"Knowing that she likes you, you still don't make it clear to her, and even let other women live in. Women's hearts are very fragile, how can they bear these..."

"Like it?" He was a bit absent-minded when he said the word.

"Of course I do. Can I shed tears for you if I don't?" Aunt Li really wants to knock on this wooden head.

She thinks she can protect Su Xiaowan, but she is the one who hurts her most.

"Not enough!"

Aunt Li looked at his far away back, what is not enough

What is the young master doing recently?

She pulled Fengyi, "what is the young master doing recently?"

"Mrs. Anning, I found it."

"What? eureka? Does the old lady know? " Aunt Li's mouth is open. At that time, Mrs. Anning experienced the pain of losing her daughter, so she had mental problems. Later, she disappeared.

"Mrs. Anning is in a bad state. She can't see anyone for a short time. The young master is taking care of her these days. She can't get away."

Aunt Li heard this and exclaimed, "the young lady thought there was a woman outside the young master. She cried so much that her eyes were swollen during this period of time. In addition, she left at sunset. She has been staying at home for several times and has been quarreling about going for a walk. Ah, they are all miserable people. Mrs. Anning has finally found her..."

"The young master doesn't like the smell of powder. Aunt Li quickly asked someone to clean it up."

Aunt Li was reminded by him and patted herself on the head. "Look at me, I forgot!"

Villa, start disinfection inside and outside.

Sitting in the study, Su Xiaowan smelled the smell of disinfectant water. She opened the window and looked at the maid who was cleaning inside and outside.

What does Shen Qi'er mean?

She's already moved here. Give her back?

She lost her pen and angrily opened the door.

Suddenly, he ran into the man's deep eyes. I don't know how long he didn't sleep. His face was tired and his eyes were red.

Su Xiaowan told himself that he should not be distressed.

"If I'm in your way here, let me know that I'm unnecessary and I'm not unreasonable. Just say something and I'll go."

Chapter 240

The man's eyes coldly coagulated her, "who let you go!"

She pointed to the open window. There were a lot of people outside shouting and cleaning. "Don't you think I'm redundant? I'm so obviously arguing with you. If I can't see, Feng Yan, how stupid I am in your heart!"

Feng Yan naturally heard what was happening outside. He probably knew that he didn't like other people's involvement in life, so he cleaned it... But now in Su Xiaowan's eyes, he became a target?

She was tightly held in his arms by the man, "no one dares to target you."

She stood against the man's chest, but couldn't push it open. She hammered the man with her fist, but she couldn't open it. Suddenly, she floated up and bit him on the neck.

Like vent general, hard bite, at the moment, bite out of the blood.

"Feng Yan, don't you bully me? My parents don't hurt me. That's why you bully me so recklessly! You know I'm Su Xiaowan. I'm so happy. I think I can bully me and no one will show up for me, right! Don't think I'm a soft persimmon. If you bully me, I'll come back! "

"Your bullying is to bite me?" The man laughed, "Su Xiaowan, I didn't bully you."

"It's not bullying, so how do you want to bully me?" Su Xiaowan looks at the ring on his hand and pushes him away.

You can't believe a man's words.

Not at all.

Then he twisted his ring and gave him the jade pendant in his neck. "I don't want to give it back to you. You can give it to anyone you like. However, women have a better eye for women. I remind you that that woman is more suitable for you than Shen Qi'er, at least not so annoying."

Take off the ring casually, not once or twice.

"She's my sister!" He explained.

Hearing this, Su Xiaowan looked up at him with anger in his eyes. "Who are you cheating on? That woman is so young and as old as you. How can it be your sister, Feng Yan? You're cheating. Anyway, you want a better reason. I've seen it. She kisses you..."

"My mother gave birth to her in her forties. For some time, she was missing because she lost her child. During this period, I went to s country to inquire about her whereabouts, but the Shen family put her under house arrest. When you came to s country that day, when I went to Shen family, Shen Qi'er used my mobile phone and installed an eavesdropper in it, so when you called, She'll answer your call... I don't have another lover, let alone a fiancée. "

"I have only you."

Su Xiaowan was shocked and confused.

So, she misunderstood

All of a sudden, those gloomy emotions welled up in her heart.

She tried to hold her emotions down. "Is she your sister?"

"Yes." Feng Yan's eyes fixed on her, "that day in the old house, my grandmother didn't show you the genealogy, so there was her on it. If you don't believe me, I'll take you to see her later..."

"Don't you believe it?"

"No... no, I..."

She is even quarreling with Feng Yan's sister

"Feng Yan, how is your sister now?"

"I'm not in a good condition. I can't see strangers."

"... so, you've been taking care of her these days? Instead of... "

"Well."

No wonder his eyes were red. She thought he was sleeping with that woman.

She slapped herself on the head, but was held tightly by the man, "what do you want to do with yourself?"

"Feng Yan, I suddenly feel so stupid that I misunderstood you and..."

The man's deep eyes staring at her, reached out and touched her head, sexy voice with a bit of doting, "now it's not too late to know."

"Still angry?"

"Feng Yan, do you think I'm unreasonable? You are so tired, but I didn't help you share your worries. I'm still looking for trouble for you. "

For a long time, the man said, "that day, didn't you ask me if our relationship was getting better? I will answer you now. "

Su Xiaowan pauses, pours on the man's arms and listens to the low voice pouring into her ears.

"I believe in fate."

Believe in fate?

She listened to his words, looked up, the deep eyes deep bottomless, like the deep blue water, can let people indulge in it.

"What do you mean?"

The man's eyes fell on her face, and her thin lips blocked her lips.

"That's what you mean."

"....."

He likes her, too?

Can she think so?

"Go down to dinner."

"... has she left yet?" She looked back at him.

"This is your home. Are you afraid of an outsider?"

Outsiders, her home?

Su Xiaowan raises her head, and her words confirm her identity. Before, she couldn't refute Shen Qier's words, but now, she suddenly has a firm belief.

"I was a little afraid of her before, but I'm not afraid now."

"In the future, you don't have to be afraid of anyone. No one can drive you away."

"And you? Will you drive me away? "

"No

"Feng Yan, it's very kind of you."

The man carried her downstairs. Aunt Li looked at her with a smile on her lips.

The young couple finally solved the misunderstanding. The day of the ancient castle is also the day to see the light through the clouds.

Looking at the wound on Feng Yan's neck, he took the medicine box and said, "Feng Yan, I'll stick a band aid for you."

"No

"... but it doesn't seem to have a good effect."

"You bit it, and now you hate it?"

"Either... Or I'm afraid they'll think more." Su Xiaowan's eyes fell on the maids, who immediately lowered their heads. How dare they look.

"Men love women, I'm not close to women!"

Well, I know you are not close to women, so I don't need to emphasize it. Su Xiaowan's ears are very red.

"....."

.....

On the black Maybach, Xia Xiyan sat quietly, staring at the distance, rubbing her fingers against the heavy box, "I only have one hour."

"It won't take you long!" The man's eyes were heavy.

The mobile phone in the car suddenly vibrated. Lu Shimian looked at the mobile phone and said, "what's the matter?"

"Mr. Lu, Miss Shen has an accident."

The man's voice sank. "What's wrong with her?"

"Miss Shen is in a coma. I don't know what's going on. Her face is full of slap marks. It seems that she has been beaten."

The man's face stopped, stepped on the brake, "send me the address, I'll go now."

"Yes, Mr. Lu."

Xia Xiyan looked at the stopped car, "if you want something, go."

"Something's wrong with Kiel. I'll see her. I'll take you to my mother later!"

"Then you go. I'll take a taxi by myself."
