

good evening 251

Chapter 251

"And you'll still be looking at him?"

"Don't look, don't look, if I look at her in the future, I'll give you my surname!"

Su Xiaowan's solemn assurance.

Feng Yan didn't speak. As soon as Su Xiaowan raised her hand, she grabbed his neck and pouted at him, "Feng Yan, don't be angry, can't you? I'll never say you like men again. "

She hooked the man's neck and saw that he was still unmoved. She went to kiss him on the cheek, but for such a move, Feng Yan was still indifferent.

what?

Feng Yan looked at her kiss. It was a kiss. There was no rules at all. Besides sticking the corners of his mouth together, he had no feelings at all.

Su Xiaowan opened her left eye slightly and took a look at Feng Yan. She looked at the man's dark face. Her heart was slightly fluttering, and the corner of the man's mouth was slightly light.

"If you smile, it proves that you are not angry, right --!"

"Are you sure you're kissing me?"

Su Xiaowan holding Feng Yan's face, slowly let go, sitting there looking at her, seems to be a little hit, what is to be sure is to kiss her?

Isn't that a kiss?

At the moment, it was not a kiss at all for Feng Yan, but the ultimate kiss for her.

After all, every time Feng Yan kisses her, it's not much better than her.

Every time her mouth hurts, she can't close it. Moreover, she can't learn it. Feng Yan's tongue

When you think about it, it's unacceptable.

"What else?"

"The kiss plan is too bad."

"... you're not much better." Kiss him, but also choosy, some kiss is good, a lot of single dogs, for example, Fengyi, want to kiss no kiss.

So there's a reason for being single for so many years.

"I'm going to work." When the car stops, Su Xiaowan quickly wants to open the door. She can't stay any longer. She will be damaged by Feng Yan.

Suddenly, the man pinched her wrist, "kiss plan is so bad, follow me to learn at night."

Su Xiaowan is red in face and ears.

"Feng Yan, you are shameless."

"I'm going!" Her voice murmured, now even she could not hear it, it was with a strong reluctant, soft sentimental.

"Speak to me in this tone again, you may not be able to work this afternoon."

Su Xiaowan blushed and quickly pushed the door open.

Su Xiaowan came out of the car in shame. She felt hot and dry on her face. She just wanted to... Feng Yan was too dirty to live with him.

The man watched Su Xiaowan go out, the corner of his mouth hooked, the phone inside the mobile phone rang.

"Hello."

"I have news of what you asked me to look up."

.....

Su Xiaowan worked very hard. All afternoon, she was working on a computer and designing a plan. She had planned to talk with Feng Yan at noon, but in the end, she died of no trouble. Fortunately, she had enough to do everything with high power.

When she finished the last bit, she stretched a little, and finally achieved great success. "Xiaowan, yes, this design is unique and light. It feels that the space is big and pleasing to the eye. The elderly and children should like it..."

"Really?"

"I think it's good. I'll say you can."

"I'll keep trying."

Su Xiaowan is very easy to be satisfied. Praise from others will make her confident and clean.

She felt that she was full of strength and wanted to tell Xia Xiyang the good news.

"Let's have dinner and meet that evening. I have something to tell you."

"Good."

After hanging up, Su Xiaowan received a text message from Feng Yan.

"I'll be home later. There's something wrong with my sister."

Su Xiaowan returned a text message, "is it OK?"

"Nothing."

"I'll make an appointment with Xiyang in the evening. I'll go home later."

"Let Cheng Weiwei see you off."

I don't know where Feng Yan is at the moment, but suddenly she feels like a housekeeper, but she likes it.

After the shift, Su Xiaowan gets on Cheng Weiwei's car and arrives at the restaurant. Xia Xiyang has already ordered the dishes. Su Xiaowan sees that they are all her favorite.

"It's so nice of you, sunset." Su Xiaowan sat down and said, "by the way, what are you busy with these days? I feel very busy every day! "

"I've been at school recently."

"Go to school?" She remembers that Xia Xiyang did not

"Yes, I'm an on-the-job graduate student. I got my name a while ago. I didn't expect to be admitted. I went to university in other places before."

She always thought Xiyang had never been to school?

Su Xiaowan looks at her and doesn't know why. In fact, she feels that Xia Xiyang has many secrets. Sometimes, Su Xiaowan doesn't want to ask more about such secrets.

Everyone has secrets.

"Really? Then why didn't you tell me? If you told me, I would definitely give you a big show. "

"A while ago, you were depressed all day long. I dare not tell you this. But now that you have a good relationship with master Feng, I'm happy for you. Someone can take care of you in the future."

Think of a while ago, seems to be, she is full of Fengyan.

It seems that other people's affairs have never been taken seriously, and they can't even remember them.

Maybe that is like a person's feeling, full of the existence of that person, no longer see others.

"It's my treat today. It's a celebration of your Freshmen's entrance." Su Xiaowan took a bottle of coke and poured it into Xia Xiyang's cup.

"Cheers."

"Cheers

Two people toast together, Su Xiaowan suddenly had a feeling of returning to the University, at that time, Xiyang was waiting for her home very late every day.

Then, two people drink coke together, cook together, and... Miss the past.

Suddenly, she saw a familiar figure.

Lu Shimian.

What is he doing here? How about dating a mistress?

Su Xiaowan sighed. Every time, she was angry for Master Lu's little wife. She had never seen such a husband.

"Sunset, I saw a disgusting person."

Su Xiaowan's head dropped suddenly. Now she wants to get into the table. He said a lot of bad things about Lu Shimian to Feng Yan. No wonder Lu Shimian looks at himself like staring at the prisoner every time.

But the next second, she coldly felt a pair of trousers in front of her eyes, and then looked up at the man staring at her.

"Master Lu, what a coincidence."

But obviously Lu Shimian ignored her and just looked at Xia Xiyao, "come home with me --!"

Go home.

Su Xiaowan's eyes fell on Xiyao, but her eyes were cold. "I have something to talk with my friend. Can you go to the car and wait for me?"

"Three minutes."

"....."

After a long time, Su Xiaowan heard Xia Xiyao say, "Xiaowan, I..."

"Xiyao, you can't be with Lu Shimian. He has a wife."

She definitely can't let her friend be a third party, but she certainly doesn't know Lu Shimian's real nature.

"What's the matter with you? Did he threaten you to be with her? "

Xia Xiyao shook her head. "Xiaowan, do you remember the day when you saved me

Su Xiaowan nodded, "of course I remember."

But what does this matter have to do with Lu Shimian.

"In fact, I was going to divorce him that day, but Shen Qi'er cheated me into a place, saying that she had a way to divorce me. After that, I was taken on the boat by them and came here. By chance, I met you..."

Xia Xiyao's words, let Su Xiaowan Leng in situ.

Therefore, every time she saw Feng Yan, she would disappear secretly, just for fear of being recognized, because Feng Yan knew Lu Shimian, and Lu Shimian had a woman around him for so many years. Naturally, this woman, Feng Yan also knew?

But why didn't Feng Yan tell him all the time?

This news, a little big... Anyway, let her accept, at least, Xia Xiyao married identity, she can't accept.

"What are your plans now? If you don't like him, I'll ask Feng Yan to tell him not to pester you. "

What's more, it's still such a man. Su Xiaowan doesn't like to mess around outside. She hasn't forgotten the news a while ago.

Such a person is not worthy of Xia Xiyan

"Xiao Wan, master Feng is very busy too. I'll deal with it myself. Don't bother him."

"Really? You can handle it yourself? But that young master Lu doesn't look like a man to be provoked. Can you really do that?" She knew Xiyan's temper, and rarely saw her so serious.

Xiyan and her temper are very similar, so they will become friends and relatives in the end.

"Yes, yes." Xia Xiyan looks at her watch. It's a little late. Recently, Lu Shimian is always looking for her. She doesn't want Lu Shimian to know Su Xiaowan's existence. Otherwise, according to the man's character, she might drag Su Xiaowan into these annoying trifles.

Xiaowan is not easy to get along well with master Feng. She hopes that she will always be well instead of

"Well, I'll go back first. You'd better slow down."

"Well, remember to call me if you have anything."

Su Xiaowan doesn't know why. She always feels that Xiyan... Seems to like Lu Shimian, and... Very much.

In the car.

In the quiet carriage, you can feel the atmosphere is not right. The torrent is brave, which makes people feel depressed and uncomfortable. It's difficult to breathe.

"When did you meet Su Xiaowan?"

The woman's eyebrows were a little gorgeous. "I don't need to report to master Lu about who I know."

The man's eyes showed indifference, "do you think if you don't tell me, I can't find it?"

Soon, the message came on.

After Lu Shimian saw it, he was not smiling. The radian outlined by his lips was very cool and thin. "I really didn't know that I was green by a woman."

That smile more and more, chill also followed, "let you remember, is that called Su Xiaowan!"

Chapter 252

She was stunned at first, but soon she began to laugh. Yes, according to Lu Shimian's identity, how easy it is to find a person.

"So what."

"I remind you, that woman is not a good one. Don't get in touch with her in the future."

"Master Lu, she is my friend."

"It's hard for some words to get out. What would other people think if Mrs. Lu was entangled with such a woman?"

"What do you want to say?"

"I don't know what happened to Su Xiaowan. You think Feng Yan is pressing me? I heard that she was working for... "

Xia Xiyan put her hand on her knee and then clenched it into a fist.

"Lu Shimian!"

"Are you still going to fight with me for her?" He squinted. He was not interested in Su Xiaowan.

"How dare I? Who doesn't know Master Lu's means of threatening people?" She adjusted her breath and looked into his eyes. "In those days, Xiao Wan saved me. Without her, I don't know where I am now. I don't care what people outside say, but I know what she is. Please keep your mouth clean."

"I'm a short guard. I'll go all out with Xiao Wan if he speaks ill of me."

Short guard, fight with a woman.

She opened the door, slammed the door and left. When Xia Xiyan got out of the car, she felt very uncomfortable and nauseous. She covered her mouth in a hurry and walked faster and faster.

The man snorted and looked at the woman at that end. For a woman, he was angry with himself, but it was really her.

He took his cell phone out of his pocket and said, "take care of your woman!"

Feng Yan frowned, "can't even a woman manage it?"

"Feng Yan, don't interfere."

"You shut the door and now you're throwing fire at me? I'm not as free as you are! Doodle doodle... "

Lu Shimian threw out his mobile phone, and the car just stopped there. Soon, he saw Su Xiaowan come out, and the man stepped on the accelerator in a hurry.

Su Xiaowan's feet are just a mass of water stains. At the moment, when she is pressed by the big tire, all of them are on her new skirt.

She said angrily, "I think it's great to drive a Porsche. I wish you a flat tire on the way!"

When Su Xiaowan looked back, she almost ran into a person. The soft palm of her hand dragged her wrist. The touch made her retract her hand.

"Be careful."

That voice... Su Xiaowan looks up.

He was carrying a black hat, and his whole body was very black. He was submerged in the dark. He really couldn't see his existence.

"Chen Chen..."

Last time I saw Su Xiaowan in a hurry, she would dream of Su Chen in her dreams. At the moment when her eyes were right, Su Chen was still as plain as water.

Just, the last time we met, Su Chen was with several people, and today, he was alone.

Su Xiaowan doesn't want her brother to disappear any more. She rushes up and grabs his wrist. "Chen Chen, what's the matter with you? Why don't you know me? "

Su Xiaowan has changed a lot of mobile phone numbers, but the previous number has not been changed. She is afraid that her brother will come back one day and will not find herself.

But Su Chen still left without expression.

Su Xiaowan looked at the man and walked towards the dark place.

Now wring eyebrows, don't know why, she always feel Chen Chen, seem to have difficult to say.

In order to wait for Su Chen's call, when Su Xiaowan goes back, he hurriedly washes and lies on the bed. At 9:30, Feng Yan still doesn't come back.

Yes, her cell phone rang.

It's a text message from a strange number.

"Sister, why are you in Jiangcheng?"

Su Xiaowan is excited by this message. It's his brother.

"Brother, where have you been these days?"

"Is it convenient to call?"

"Well."

Soon, the call came in, "sister."

"Chenchen, the last time I saw you, why didn't you recognize me..."

last time? Su Chen's eyes slightly deep, "elder sister, I long story short, before the thing I have been looking for evidence to prove your innocence, but I feel someone obstructed, want to destroy you."

"Destroy me?"

"Yes, elder sister, I tell you that you should never talk to anyone in the future. You should know me and don't trust others. Even Su Zheng can't do it."

"Sister, what are you doing now?"

"I'm at home. It's safe."

"Family? Is... That young master Feng, what's your relationship with him? "

"He and I are husband and wife. He is very kind to me."

The man listened for a while, "sister, since he is very good to you, I won't say more, but you must not believe him, you know?"

"Why can't you believe him?"

"You just listen to me, sister. I won't hurt you. I know you've been looking for me, but it's not convenient for me to come out now. But I know what happened during this period. You should be careful. I have something else to do here. Hang up first. Remember, don't tell the young master Feng, otherwise, I'm in danger."

Doodle doodle.

Su Xiaowan can't get through any more.

Strange, she looked for Chen Chen so long, originally Chen Chen all know?

Also asked her not to tell Feng Yan, don't believe Feng Yan.

Su Xiaowan thought of the recent threatening SMS on her mobile phone.

Soon, Feng Yan pushed the door in. At the moment, Su Xiaowan was lying on the bed, in the dark. But the next second, his lips were blocked, and his body was gradually heavy.

It's Feng Yan.

"Well..."

Feng Yan has taken a bath. I don't know when he will come back.

"Stupid."

The green and astringent kiss made Feng Yan not know whether to be happy or angry. He looked at her fondly, "what were you thinking just now?"

Originally, there should be no secret between the two people, and she likes Fengyan.

But at the thought of her brother saying that it would be dangerous to tell Feng Yan, she chose not to say that she didn't want Chenchen to disappear.

"What are you thinking now?"

"I miss you. Why did you come back so late? Is it bad?"

"Don't worry."

The man looked down at her lips, Feng Yan once again kiss her lips, seems to be hook up, suddenly the whole body is hot up.

Even Su Xiaowan didn't know what happened to him all of a sudden.

She gave a soft voice, like a puppy she had adopted.

Feng Yan's mind was hooked by her and turned away from the guest.

Su Xiaowan only felt that her body was very empty. She also learned from Feng Yan and just kissed him.

"Ready?"

"Well..."

Su Xiaowan's face was red. He nodded and hooked the man's neck. His lips and teeth were intertwined.

"Pain..."

Feng Yan hasn't done the next thing, but Su Xiaowan curls up in pain.

"I'll take it easy and it won't hurt."

For the first time, it's hard to avoid pain.

But then, Su Xiaowan still cried out the pain, his forehead broke out in a cold sweat, there was no way to do anything, even, Su Xiaowan bit her lip where to endure.

"Don't bite."

"Then hurry up."

hurry up?

Chapter 253

Su Xiaowan purses her lips tightly. She always feels that she can't stand the pain, and her head is in a mess. She seems to feel someone calling her, Xiaowan... Xiaowan.

I feel really painful. It's like the blade is pricking bit by bit.

Finally, Feng Yan was reluctant to hurt her and hugged her tightly, "OK, sleep."

"Feng Yan, that..."

She clenched her teeth and took Feng Yan's hand. "In fact, it doesn't matter to me. I'm ready. Feng Yan, I know the consequences."

The worst result is a child.

She likes him. She's willing to have a baby for him.

Be aware of the consequences.

Smell speech, Feng Yan laugh out a voice, suddenly the original beautiful in the brain, all disappeared.

She really... Made herself love and hate.

"I'm sleepy."

"....."

What do you mean he's sleepy?

Su Xiaowan couldn't understand. The man bowed his head and kissed her pink lips. "Close your eyes."

"... Feng Yan, you are like this... Would you like to solve it yourself?"

Feng Yan could not laugh or cry.

.....

The next day, more than six o'clock, rain outside the window baptism.

Su Xiaowan woke up early. When she got up, Feng Yan was no longer in bed, but she felt dizzy and heavy.

As soon as he went out, the servant came over, "young master is waiting for you to tie his bow tie in his study."

Su Xiaowan's face suddenly became bashful when he thought that they were almost doing that yesterday.

Eyes flicker, looks particularly attractive.

Su Xiaowan went to the study, but before she went in, she felt dizzy. Before they pushed away, she was about to fall.

The next second, a wrist tightly hold her, "what's the matter?"

But Su Xiaowan didn't respond at all. As soon as she lifted her eyelids, she fainted directly.

Feng Yan noticed something wrong with Su Xiaowan and immediately called the doctor.

"My grandmother was poisoned by a poison of MIS."

Mis?

This is a microscopic toxin. If you take a small amount of it, you will get hot and dry all over and even paralyze your nerves. No wonder Su Xiaowan slept so dead last night.

"Solutions."

"The amount that young grandma takes is very little, have no much harm to the body, just this period of time can appear tired, need to rest at ease."

"Are you sure?"

"Yes."

The doctor and Aunt Li left a diet to pay attention to, and finally checked Feng Yan's ears, "young master is recovering very well, this hearing aid will not be used in the future --!"

"Take it off."

The doctor took off the hearing aid before leaving the villa with the bag.

Soon, Su Xiaowan woke up and felt that her head was heavy, as if she had just been beaten.

"What's the matter with me?"

"You're poisoned."

"What, I'm poisoned?"

"Where did you go with Xia Xiyan yesterday?"

Poisoning, think of Xia Xiyan, Su Xiaowan to find a mobile phone, was Feng Yan hold down, "she is nothing, poisoning only you one."

"But what I eat is the same as Xiyan. How can I be poisoned? Xiyan is OK?" What Su Xiaowan ate yesterday was Xia Xiyan's, because everything was almost chopsticks, because some dishes had been waiting for a long time, so she was almost dizzy.

But how could he be poisoned?

"Did you see anyone else yesterday?"

Who have you met? Her brother.

But the younger brother can't poison her. Her eyes are tightly pursed. Suddenly, the mobile phone rings. It's just that she called Xiyan. Xiyan will come.

"What's the matter?"

"Nothing." Su Xiaowan doesn't want Xia Xiyan to worry about it. What's more, he's all right. "By the way, you... Didn't he say anything about you?"

"It's OK. It's fine."

"That's good. I'll hang up. Bye."

Su Xiaowan left her cell phone on the side, and then she remembered what happened to Xia Xiyan. She asked.

"Do you already know about Xiyan and Lu Shimian?"

"Not very early, just a little earlier than you."

"Then why don't you tell me."

"It's a family affair. I told you, can you make the decision for her?"

"But anyway, Lu Shimian didn't protect her at the beginning. Besides, Lu Shimian didn't like Shen Qier. Xiyan would be wronged if he followed him."

"Aggrieved or not, only the parties themselves know." Feng Yan said, "at the beginning, they said that they would be aggrieved if they followed me. Do you feel aggrieved?"

"How can I not be wronged..."

Su Xiaowan looked like a lazy cat. She was always thin skinned. After hearing this, she blushed a little.

"What are you doing? I married you. I was very wronged."

"What's wrong? I'm not good enough for you? "

Su Xiaowan immediately laughed, "you treat me better than my father."

But Feng Yan is really good to her, much better than Su Zheng.

"Then how can I make you aggrieved?"

"Feng Yan, why are you so serious? I'm a patient now, and you bully patients now. Shouldn't I be wronged?"

The man leaned over and gave her a kiss in the eyes. Su Xiaowan only felt that his lips were imprinted on the corners of his eyes, which was slightly itchy. "You still play a hooligan to me."

"I won't let you be wronged. Tomorrow, I will announce that you are my wife."

Su Xiaowan frowned. He always felt that this letter was meant to do something. She couldn't stop it because his eyes were too

But the announcement?

She doesn't want to make it public.

"Feng Yan, i... you don't want to make it public, OK? I want to live with you so insipid, and I don't want to be known by everyone. "

"Isn't it a grievance?"

"Don't be aggrieved. You are so kind to me. If I am aggrieved, I am a white eyed wolf, right?"

The warm sunshine, swept in.

It was the morning she loved.

Sleeping until 8:30, Su Xiaowan insisted on going to work, but was stopped by Fengyan system, "the company doesn't run without you!"

"... Feng Yan, what a blow."

"Keep it at home. Don't worry about work."

"But I'm... But I'm fine. Didn't you say that I was slightly poisoned? If I drink more water, it will be discharged. I've just drunk five or six glasses of water, and it's fine long ago. "

Aunt Li ran over and said, "young granny, just stay at home and have a rest. I've prepared something for you."

Good stuff?

Su Xiaowan's eyebrows suddenly raised, "what's good?"

"You'll find out later."

Su Xiaowan stood there, "Feng Yan, please be safe on the way. Remember to ask for a leave for me."

"Come here."

She walked past him, but looked at his hand and took out a tie.

Feng Yan is stubborn to the extreme. That is to say, if he doesn't tie his bow tie today, he may not be able to go to the company and will accompany her at home.

Burning eyes from the cheek, Su Xiaowan Leng for a while, "otherwise, I learn at home today, tomorrow morning for you?"

"Good."

Subconsciously, he reached out and slid his hand across her face. His fingers rubbed her skin, fingertips, and even made her tremble.

Su Xiaowan felt as if she had been poisoned.

"It's going to rain today. Remember to take your umbrella later."

"Well."

The maid quickly took the umbrella. Su Xiaowan stood at the door, waved to her, and then watched Feng Yan leave.

All of a sudden, the cell phone rang.

It's yesterday's number.

Su Xiaowan takes her cell phone and goes into the bathroom.

"Chen Chen..."

That end seems to answer the phone because she immediately, and Leng for a while, "sister, you have no one else in it?"

"No

"Sister, I'll tell you that there is a jade pendant in the Su family. It's the dowry that mommy left to you. Go and ask dad to get it back!"

Jade pendant?

"It's a very common pendant. It should be in dad's study."

"Chen Chen, what do you want this for?"

"Elder sister, I'm sure I won't hurt you. You can go to Su's house and take out the jade pendant. It's your thing..."

Su Xiaowan twisted her eyebrows and suddenly asked.

"Chen Chen, how can I be poisoned?"

The man at that end was slightly surprised, "are you poisoned?"

Su Xiaowan originally wanted to try Chen Chen to see if she knew about it. She didn't know why. She always thought Chen Chen was... Strange.

"I'm fine now."

"That's good, elder sister. You should be careful in the future, and don't trust others. I will contact you. Don't call me when I don't call you."

After a few words in a hurry, Aunt Li came and knocked on the door, "young granny, are you in there?"

"I'll hang up first."

Su Xiaowan hung up the phone and opened the door. Aunt Li was mystical and said, "do you want to call the young master again?"

"You young people are romantic. Come on, Aunt Li will take you to look after things."

Su Xiaowan did not expect that the little dog he brought back turned into a big dog and was pregnant with a baby.

"Does Xiao Hei really have a baby?"

"Yes, yesterday the veterinarian came to see it at home. There were three in his stomach."

Su Xiaowan squatted down and rubbed Xiaohei's head. "It seems that she is still a little thinner. Aunt Li, you should let them give her more good food at night, but Zeus can't take it all away."

Zeus and Xiaohei are raised together, but Zeus is tall and powerful, Xiaohei is not his opponent, but he is a little fatter than when he picked it up.

It's bigger, too.

Zeus watched her coming. At the moment, the maids had let go of the rope. Zeus was so destructive that no one could tame her except the young master.

It's very good for the young granny.

Zeus wagged his tail at her and seemed to like her.

"Zeus, do you want to eat?" Zeus immediately jumped up, ham sausage, but the master would not give him anything to eat.

But I heard it was delicious.

"Woof, woof, woof!"

"If you want ham sausage, kiss me!"

"No kiss, no give."

"....."

Aunt Li stood there secretly, looking at the man and dog. Su Xiaowan was a kind-hearted person. She was kind to everyone. That kind of kindness was not pretending kindness. She didn't have any airs when she became a little grandmother. The maids liked her very much.

At the moment, looking at the picture, she took out her mobile phone and sent a video to the young master, "young master, young grandma is very happy."

Feng Yan is in a meeting. His mobile phone vibrates. When he takes it, it's a video. He can see Su Xiaowan Qianli's figure. He doesn't know how to be bewitched by her, so he orders it.

Chapter 254

"Zeus, do you want to eat it or not?"

"Give me a kiss and I'll give it to you."

"Don't eat, don't give you..."

"Zeus, if you eat too much, you will be fat to death, and your master will dislike you. He likes slim and big chested beauties. Do you understand?"

Zeus cried, mistress, he is a man, a man!

"You don't like that too, you colored dog!"

The men sitting there looked at each other. The voice inside the screen was a woman's voice. Although the voice was not big, they seemed to hear something... Big breasts, beautiful women, color

"Cough, cough, cough." Fengyi noticed the men's gossip eyes, and now he coughed softly, "let's go."

"Yes, yes!"

Who dares to disturb the young master's flirting.

However, the relationship between the young master and the young grandmother seems to be quite good.

Good things, good things... This shows that they will have a better life in the future. They all say that Feng Yan is a gay. He is moody and no one can control the man. But now it seems that the young lady is another rib of the young master.

When all the people were gone, the room was quiet. At the moment, the man at that end sent a text message, "kiss and eat?"

Su Xiaowan was feeding Zeus when his cell phone rang in his pocket. As a result, it was Feng Yan's.

Kiss and eat?

This is a mess.

"Then I'll go back and kiss you more. Will you give me something to eat?"

"... Feng Yan, can you be more serious and cool? You are still thinking about these things at work." Su Xiaowan suddenly thought of last night.

When he went in, it was very painful.

But it didn't work out in the end.

"I said I wanted to eat steamed bread. What are you thinking? Besides, I don't like big chests. "

I always talk about my... Small.

But when he thought of what he was thinking, Su Xiaowan's cheek was slightly red, "... Feng Yan, I don't care about you."

Before long, Feng Yan's phone rings. He thinks it belongs to his little woman, but it turns out that

"Hello."

"Young master, Mrs. Anning has been talking about you and wants to see you."

"I'll be there when things are done."

"Have you checked what I told you to do?"

"Check again, but it's a long time, so check it up..."

"I don't want to hear these words. Give me the result as soon as possible."

"Yes, young master."

"And the people she met that day, all of them?"

"All of them have been checked. None of them was poisoned. Only the young woman was poisoned. Moreover, the poison was transmitted from Xicheng. It is suitable for narcotic drugs. We have been checking the amount of the drugs purchased. I believe we can know who that person is before long."

"Su Qiqi, reduce her sentence as soon as possible."

"The young master thinks... Yes, I'll go there right away."

Su Qiqi's existence naturally protects Su Xiaowan. At present, that person seems to know Su Xiaowan's existence. He doesn't allow it. Su Xiaowan faces those dangers.

Put down the mobile phone, Feng Yan looked out of the window, don't know what that woman is doing now?

.....

After a day's rest, Su Xiaowan had to go to work, but she was stopped by Aunt Li. "Young granny, we'll go to work after the young master finds out who poisoned you."

"But... If I can't find it all the time, can't I go to work? Aunt Li, it's hard for me to find a job. If I stay at home all the time, it will be gone. "

"If you are worried about work, you can do it at home." I've never seen a girl who is not happy to be a rich wife. Today's girls are eager to find a rich husband, so they eat, drink and play every day. There are very few people like young grannies.

However, maybe because she is different, so the young master will like her.

"All right."

Su Xiaowan made the design draft by herself. Basically, the general idea is in her mind. She asked for a few days' leave, but the manager approved it.

I don't know if Feng Yan took care of it specially.

.....

After finishing the design draft, Su Xiaowan lay down on his desk and played with it, but the pen turned around and was directly in a drawer.

Su Xiaowan didn't open Feng Yan's drawer. After all, it was Feng Yan's stuff. But now when the pen fell in, she couldn't touch it with one hand. She had no choice but to open the drawer.

She took the pen and suddenly saw a picture.

It was her. Out of instinct, she took out the photo, which had a date and time written on it. It was when Feng Yan suddenly said that he wanted to marry Su Qiqi

She suddenly thought of Shen Yin's words.

At the beginning, Feng Yan wanted to marry her... Let others know that it was su Qiqi, but it was just a cover.

She took the photo. Aunt Li said that Feng Yan had been abroad before and never came back.

How could he know himself?

She has to wait for Feng Yan to come back and ask him.

I feel like I've been cheated. This villain is so hidden.

.....

Feng Yan went back very early. Su Xiaowan was holding her head in her study. Looking at Feng Yan who pushed the door in, her black suit looked not to mention how handsome, but she still had the human skin mask on her face.

"You came back so early?"

She had a tie and a picture on hand.

That photo is the one in his drawer. He recognized it at a glance. The man's eyes were staring at the photo. Su Xiaowan seemed like a hot potato.

"Feng Yan, I didn't mean to open your drawer to peep at your privacy!" Su Xiaowan tooted his mouth and looked at him at the moment. Although he was guilty, he tried his best to explain, "but when I look at my own photos, it should not be me peeping at my privacy. It should be you peeping at my privacy. Feng Yan, the date on this photo, we haven't met yet, so why do you know me?"

"Don't say anything like I'm willing to marry you. At the beginning, I didn't want to... Cough..." Su Xiaowan thought of something and immediately changed the topic.

The results are acceptable.

"No?"

Su Xiaowan can't laugh or cry. Just now, her mouth didn't hold fast, so she said, "who would like to marry someone I haven't met, and they all say that you are not very good-looking, have a bad temper, and have a short life..."

"Feng Yan, that's not what I said. It's spread all over the world."

For fear that Feng Yan would get angry, Su Xiaowan added.

The implication is that even if you want to be angry, don't be angry with me. I don't know anything.

Bad temper, bad looks, short life.

Short life

"So when you married me, you expected me to die soon?"

"Cough... I don't think so. I swear --!" When Su Xiaowan entered Feng's home, she was looking forward to Feng Yan... But if it was a curse, she didn't think so when she saw Feng Yan again.

She loves him very much.

"Then why did you marry me?"

"The process is not important, but the result is the most important. Feng Yan, no matter how I marry you, you can't return it."

"You were forced."

"I..."

She is really forced, Su Xiaowan was said suddenly not catchy, at the moment red cheek, at a loss to look at the photo in front of.

Now she is like a pupil who has done something wrong, accepting the criticism of the head teacher. This letter is not a fool.

But the brain is short circuited.

"Feng Yan, you don't want to return it! I tell you, No

The man's eyes fixed on her tightly, suddenly bumped, suddenly thought of his own question, she pointed to the photo, "Feng Yan, you haven't answered my question."

"You don't remember me?"

Remember?

What do you mean? They've seen each other before.

"Yogurt, uncle."

Su Xiaowan pretended to think, now listening to that sentence, tilted his head, yogurt, uncle.

Suddenly head a hot, pointing to him, fingers gently shaking, "you are... That day that uncle followed me... No, follow my brother?"

Su Xiaowan remembers.

That afternoon, just after class, bought yogurt to go back to Xia Xiyan's home.

As a result, I met a strange elder brother on the road. She thought he was a human trafficker and was in a hurry. Fortunately, she warned him several times not to follow him any more... Even, she went to the Public Security Bureau, but the man still followed.

In her whole life, she was almost exhausted.

"So, you had a plan for me long ago --"

It turned out that they had known each other for a long time, and the letter was still mysterious.

"You don't recognize it."

"That's also you... You always make fun of me." Su Xiaowan thought of something, "Feng Yan, did you like me when you first met me?"

Feng Yan felt that something was destined. Even he didn't know why he could not help following her when he first saw her.

He is not a person with a keen mind to do things, but for her, it is true.

"In fact, you like me. What's the shame." Su Xiaowan looked up at Feng Yan's ear, red.

"You can't be shy." Su Xiaowan raised her hand and touched his ear. The next second, the back of her head was caught by a man.

Just kiss.

"Well..."

The blazing kiss made her unable to resist, and she soon indulged in Feng Yan's tenderness. Her body also felt very abnormal, as if it was empty and lonely.

Does she also have a strong desire for Feng Yan's body?

Su Xiaowan hooked Feng Yan's neck, and now he was kissing her just like him.

Lighting romantic, Su Xiaowan only feel that their body is slowly lifted up, she sat on the desk, the man is still emotional kiss her.

"Feng Yan, I don't want to be here"

For the first time, she didn't want to be in the study.

But her voice is so soft that people can't stand it. Feng Yan lowers his head and kisses her. He takes her away and goes back to the house.

"It hurts."

On the soft mattress, men and women are kissing, but at the last step, Su Xiaowan is still in pain and curls up together.

Chapter 255

Her forehead was full of sweat and hesitation.

That's different. It's the same as the first time.

The man's body slowly left her body, but she suddenly grasped the wrist.

"Feng Yan, am I a wet blanket?"

"Don't be a wet blanket!"

"You're lying. It's clear that you..."

"I'm nothing. I've been here for more than 20 years. Can't I survive these days?"

"... yes, it was before. Now you don't have me..."

"Sleep. I'll just take a shower."

In love, Su Xiaowan is the first time to experience, but because of these times, it seems that she always can't get in, and she doesn't know the reason. What she said to others for the first time is very painful, completely different.

Is she sick?

Soon, after taking a shower, Feng Yan came to her and lay down. Smelling the smell of her, he suddenly got up.

Even their own better self-control, all of a sudden collapse in the collapse.

"Feng Yan, am I..."

"Don't talk, sleep." Feng Yan suffered a lot.

That kind of feeling is like you eat fish, eat very happy, the result is stuck by the fishbone, can't swallow, also can't vomit out of the feeling.

"Oh."

Su Xiaowan fell asleep, Feng Yan affectionately called her a few times, no she should, this just lightly from the bed.

Su Xiaowan also sweated a lot just now, but unlike him, she was sweating with pain. She wiped her body with a clean towel.

He bent down and gave her a kiss on the forehead.

"What should I do with you?"

Feng Yan helplessly looks at Su Xiaowan who is sleeping. He doesn't know when this woman has occupied all his thoughts. When he finds out, he only feels that he seems to be sinking deeper and deeper. Moreover, his heart is full of her alone.

It seems to feel Feng Yan's gentle touch, and Su Xiaowan's small head rubs against the palm of his hand.

The brow tip of the man suddenly again gentle many.

Some people are like this, once occupied the atrium, can no longer pull apart.

Su Xiaowan went to the hospital the next day.

I went to the gynecology department.

She found a lot of content on the Internet, but the more she read it, the more she felt it was wrong. There was no such example of her own. She was afraid of Feng Yan, so she just let Cheng Weiwei go with her.

After all, it's a girl's private topic. When Cheng Weiwei listens to it, her eyes are wide open, "... So, that is to say, you've been with the young master for such a long time... The young master hasn't touched you?"

This is not what Su Xiaowan wants to say.

However, Su Xiaowan's face flushed slightly and Cheng Weiwei's voice was loud. Many people came here to see a doctor because it was a joint clinic.

Suddenly, many people's eyes fell on them.

Fortunately, soon he called his name, so Xiaowan escaped.

It's almost half a year since she got married. She and her husband haven't lived together. It's estimated that no one will believe it.

Sitting there, the doctor was also very surprised. "You said you and your husband were married for half a year, and they didn't even do that."

Although there was only one doctor in the consulting room, Su Xiaowan's face turned red unconsciously.

"Strange..."

When a normal adult man or woman meets someone she likes, she can't help it. She has met several people who are pregnant before they get married. This

"Every time that happens, it hurts." Su Xiaowan's small voice is extremely low.

"You take off your pants and lie down. I'll show you --!"

have a look.

Although the doctor is a woman, Su Xiaowan has never been seen the private part, but now that she has come, she can't say she doesn't look

The doctor put on gloves and checked for her, "the hymen is still there, is it painful or..."

"I started to hurt when he didn't go in."

The doctor took off his gloves. "Miss, in your case, I suggest you go to the psychiatric department."

Psychiatry Department.

That means she's mentally

"You don't have any physical problems, your hymen is also there, and it's not infected... I don't see many examples like you, but there was one before, because you were violated when you were young, so there will be terror for sexual intercourse, but for specific reasons, I suggest you go to see a psychiatrist."

Su Xiaowan was transferred to the psychiatric department. At the moment, an elderly woman was sitting in front of her. The woman looked at her case and observed it for a long time.

"Do you have a history of mental illness in your family?"

Su Xiaowan nodded, "my mother has."

Her mother, a famous pianist, said that her work pressure caused some mental problems. When her mother fell from the upstairs, she was in great spirits.

This mental illness is caused by the genetic history. Su Xiaowan knows that after being told by the doctor just now, Su Xiaowan feels more and more that she is also insane?

"Do you have a memory you didn't remember before?"

Seeing what she wrote on her resume, the doctor twisted his eyebrows and took a close look at Su Xiaowan. It turned out that she had a history of mental illness.

"Well."

"Can you think of the environment then?"

The doctor's word by word probably attributed her to being invaded by human nature. When she was in tension, she would forget something, so she would have such a sense of resistance.

"Doctor, during that time my mother had an accident..."

The doctor listened to Su Xiaowan's words. It seems that this patient is different from others. She had received a patient before because she was molested when she was a child, which caused psychological

shadow. So when she grew up, her mother took her to see a psychologist. In fact, psychological hint is quite effective for some people.

But generally I don't remember those things, how can

"I think it's because you're too nervous. I'll prescribe some medicine for you. During this period, you should take some medicine first. When you finish the medicine, you'll come back for a follow-up visit, and I'll show you. But this psychosis, if it's serious, will be inherited --"

After all, she can't say anything.

Su Xiaowan pauses and listens to that.

In severe cases, it may be inherited.

My mother's illness is repeated. When it's serious, even people can't recognize it... So will she have it?

If it's serious, will you not know Feng Yan?

It's like a bomb that will explode at any time. I don't know when it will explode. Su Xiaowan's heart is very heavy.

Su Xiaowan took the medicine, Cheng Weiwei saw her come out, "how? Did the doctor say anything? "

Su Xiaowan shook her head and took a bag of medicine, "let me go home to take medicine."

Medicine?

Cheng Weiwei looked at the label on it. As bodyguards, they basically need to understand a lot of things, "aren't these ordinary antibiotics?"

"The quack! Next time, you'd better find someone you know and have a look. "

Cheng Weiwei throws the medicine directly into the garbage can, and then pulls Su Xiaowan away.

Su Xiaowan felt a little bored. He didn't know if it was because of the words that the psychiatrist said that he was bored. He saw a Qingba, "Weiwei, I want to drink!"

"Drinking" Cheng Weiwei hears that, of course, it's impossible. The young master will kill her. Last time, the young grandmother was in the bar, and something almost happened.

She didn't dare.

"You can listen to the piano in this bar. I want to listen to it for a while and then go home --!"

Cheng Weiwei naturally knows Su Xiaowan's preferences.

"Besides, Weiwei, if you protect me by my side, nothing will happen! Weiwei, you are the best

Cheng Weiwei can't stand girls' coquetry any more. Their bodyguards are all big men. They are also good at wielding swords and guns. There is a lovely girl standing in front of her. She really gives up her arms.

"Well, young granny, we can't drink, just listen to the piano!"

I don't know if the young master can stop the young granny's coquetry.

The two came to a Qingba. There were not many people during this period, but the singers in the bar were still singing sad songs. Today, they didn't come too coincidentally, but they didn't play the piano.

As soon as Su Xiaowan sat down, Cheng Weiwei took her to leave. "Young grandma, why don't we change places and go home? I think we can play the piano at home?"

"If you come, just sit down for a while and then go. What's more, she looks so beautiful. Wei Wei, you sit down too. We'll sit down for a while and we won't be found."

This, let Su Xiaowan said, Cheng Weiwei is really a word can't refute.

Sure enough, I told the young master that she was sweet.

Cheng Weiwei brought a glass of water with the waiter, put it in front of Su Xiaowan, and ordered some food, but it was basically some melon seeds and so on.

She didn't give Su Xiaowan a drink. She was afraid that something might happen. Su Xiaowan didn't say she wanted to drink. She drank a few mouthfuls of lemonade and her stomach was sour.

Suddenly Cheng Weiwei's mobile phone rang, "little grandma, I'll go and answer the phone!"

"Well."

Su Xiaowan sat there, the whole bar was very cold, almost scattered people were sitting in a few corners, she was sitting on the bar, suddenly a woman pushed a glass of wine, looked up, it was the bartender.

"Miss, I don't think you are in a good mood. This is merryis. You can taste it. Don't worry. If it's not high, I'll treat you to this wine."

It was a glass of wine like blood red Mary. There was a lot of pulp floating in it. It looked like fruit wine.

She picked it up and took a sip. It really tasted good. "Thank you!"

Although this fruit wine is not very strong, it still has a long way to go. As soon as Su Xiaowan drinks a glass, he feels faint, and Cheng Weiwei doesn't come.

She got up and went to the bathroom.

Before she went in, she suddenly bumped into a man who came out. She stumbled and almost fell down. She just felt dizzy.

"Sorry..."

With a word, Su Xiaowan wanted to go.

Xia Chenyan didn't expect to see Su Xiaowan here. During this time, he always wanted to find Su Xiaowan, but Feng Yan protected her so well that he couldn't see her.

Chapter 256

Today, I'm just a difficult customer. I have to come here to listen to some light music, so I chose such a place temporarily.

I didn't expect

He reached for her tottering body and said, "be careful."

Su Xiaowan was caught by the wrist, very uncomfortable, "you let me go --!"

Her voice is low, but can have a kind of let a person's feelings, Xia Chenyan just ready to speak, but suddenly a familiar figure appeared in front of him.

It's Feng Yan.

"Let her go." The man strides forward, as if the whole world is under his feet.

"What if I don't?"

"Xia group president seduces married young women out of the wall, don't know this news, Xia old man will be angry?"

That's mean.

Know grandfather is the most despise such things, eyes can't hold a sand, his mother now is not easy, just compensation.

"Xia Chenyan, I haven't figured out with you about your mother! Are you sure you want to keep catching my wife now? "

"Feng Yan, don't deceive people too much."

"Too much deception?" Feng Yan disdained to smile, "I have a shortcoming, that is extremely short."

"If you hurt a little, you have to give it back. Go back and tell her, don't think it's over to hide abroad --"

"Feng Yan, you..."

Su Xiaowan next second, Feng Yan tightly fell into his arms, just ready to push him away, but a familiar smell ran into his ears and nose, looked up.

"Feng Yan! Why are you here... "

Su Xiaowan felt very surprised. He just lowered his head and looked up to see Feng Yan.

Looking at Feng Yan, who was staring at him tightly and didn't even move his sight, Su Xiaowan felt that his face was dry, "I didn't drink or get drunk!"

"Can you still walk by yourself?"

"No way."

Su Xiaowan shook his head, and the next second he was picked up by Feng Yan.

Xia Chenyan stood there, the corner of his mouth has been stiff, until now, Su Xiaowan did not even look at himself, as if he did not exist.

"Mr. Xia, this contract really can't be signed, you offended Mr. Feng..." the client at that end came to him and spoke impolitely to him.

shit !

He followed so long a client, unexpectedly now tell her this sentence, Xia Chenyan a fist dead hit on the brick.

In the car.

Su Xiaowan holding Feng Yan's neck, looking at Feng Yan's face, suddenly a sour nose, "Feng Yan, will you not know me in the future?"

Maybe it was because she had drunk, so she was a little sentimental. In addition, the doctor's words

today made her feel very depressed. She was afraid that one day she would get mental illness, so she was very afraid.

The more people care about one thing, the more reluctant they are.

The woman's words, let the man Leng for a while, "this ugly appearance, this world can also find a scene of the same?"? How can I not recognize it? "

Su Xiaowan hung a small fist on the man's chest.

"Feng Yan, you are more and more asshole!"

Pure big eyes flashed mist, although Feng Yan said she was ugly, but the words really comfort her, now Su Xiaowan happy shriveled shriveled corners of the mouth, actively buried in his neck.

"Do you like this asshole?"

"I don't like it if it's too bad." Su Xiaowan muttered.

All of a sudden, the man leaned over and the familiar smell came, which made Su Xiaowan nervous. "Don't mess around, it's in the car!"

"Don't mess around. I'll just kiss you."

Su Xiaowan wanted to protest, but in the end, all the words were drowned in Feng Yan's lips. As soon as he was tight, he was hugged tightly by the man, "Feng Yan... You said you would kiss him."

I have to say that the feeling of lack of oxygen is not bad.

In her arms, he turned into a pool of water.

Until the car stopped, the driver said in front, "young master, young grandmother, home --!"

Feng Yan released her lips.

He leaned over, looked at her eyes blurred, and bit on her lip.

"What are you doing..."

"No, I want to eat you!"

"Hooligans!"

He gave her a kiss on the neck.

When they got home, they were almost inseparable. Fortunately, no one was in the living room at all, so no one noticed Su Xiaowan and Feng Yan.

"To see a doctor today?"

"... did Wei Wei tell you that?"

"Why didn't you tell me to go to the doctor?"

"I'm afraid... I'm sick of something."

"I know very well if you are ill. Don't go to see it in the future."

"... you're not a doctor, you know what!"

The man's hand held her tightly, as if afraid to hurt her, "I know."

"... Feng Yan, but if I really have..."

"Do you think I will despise you?"

Su Xiaowan frowned and disliked... Of course, she was afraid. Su Xiaowan didn't think she was so beautiful, and she didn't have much ability... Compared with her, there were many powerful people.

"It's more beautiful than me, and it's also a good match for you... Well..."

The man suddenly kisses her lips, "you are the best in my heart, others can't compare with your finger."

"You're cheating... No, are you confessing to me like this... No, someone confessed in bed... Feng Yan, why are you..."

"Don't talk when you kiss!"

"Well..."

Su Xiaowan felt very hot. She tightly hooked Feng Yan's neck and wanted to be closer, just closer.

The shadow of the moon is whirling, making people feel as if they are.

Still do the last step, Feng Yan stopped, pure eyes stained with mist, Su Xiaowan active embrace his neck, "sorry."

"I don't like these three words. Change them."

"... Feng Yan, you are more and more asshole."

"Don't you mean men are not bad and women don't love them?"

"Who did you listen to? Don't be taught bad. That's the line of the scum man! You're not allowed to be a scum man! " Su Xiaowan hugged him tightly, she smelled the taste of him, shallow.

It smells good.

"Feng Yan, I hold you like this, but I miss you so much. It's strange --!"

Like a person, want to stick to him all the time.

Su Xiaowan never felt this way.

"Then you'll hold me all the time, and you won't let go!"

"If you let go, are you going to chop my hand off again! Feng Yan, you are a violent maniac in the early stage and have the potential of domestic violence. If other girls had heard this, they would have run away. "

"Can you run?"

"No, I'll go wherever you go!"

Crescent curved, looks like a lovely rabbit.

Feng Yan hugs her and kisses her several times.

"Feng Yan... Are you not satisfied with your desire?"

Chapter 257

"Young master, all the castles have been completed. When the birthday of the young granny comes, I've finished the tests and won't go wrong."

"Well."

"But why don't you send the bouquet you ordered to the little grandmother in the early morning of her birthday?"

Tomorrow is Su Xiaowan's birthday.

My 25th birthday.

"We'll take it to the castle then."

"Yes."

The man took out a ring from the drawer. It was very early when Su Xiaowan saw it on the stall. The store said a lot of good things.

It's said that you can live forever with such a broken ring.

He never believed in this superstition. After all, all life should belong to his own creation, just like the day he met her.

However, Su Xiaowan did not think of him until now. He was a little disappointed. Maybe, for her, she was really just a passer-by.

He hated being treated like a passer-by.

He can only be the hero of her life.

She's on her own.

"How's it going?"

"The man has been arrested, but he has no background."

"Why poison him?"

"She said... It's jealousy."

"Jealousy?"

"Yes, this person is a student in the same dorm of the little grandma's school. She has been looking for a job all this time. When she saw the little grandma in the hot pot shop that day, she had a bad heart for a moment. She had a good relationship with Su Qiqi. She thought she was angry for a moment, so she thought that way... When the little grandma went out, she spilled the virus on her clothes, And her father is a doctor, so... She's exposed to the virus. "

"We've checked the surveillance. When she came out, she was the one she ran into."

Because of jealousy, you can do many extreme things.

Su Xiaowan said that.

"Put it in the Bureau, I don't want to see this man again!"

"Yes."

.....

Su Xiaowan didn't get in touch with her younger brother. She always felt that the person was like a dream, ethereal, as if it didn't exist at all.

In recent days, she has been at home, and her work has been completed at home.

He opened the mailbox, is before a lot of work invitation, she read the above content, saw a letter.

It's Xia Chenyan.

It has a lot of their memories. He made a PPT and sent it to her mailbox.

——I think a lot about this period of time. I will leave Jiangcheng the day after tomorrow. Xiaowan, can you come and see me off? When we say goodbye to the past, I will not pester you any more. This is the last time -- "

It may be that she has been hiding from him for a while. That's why she made such a bad decision. It was the day before, that is to say, he will leave tomorrow.

Su Xiaowan knows that Feng Yan doesn't like his contact with him, and now she is wringing her eyebrows.

No longer entangle these words, absolutely extra weight, let her heart.

She wanted to solve the relationship.

She talks to Xia Chen

It's over, it won't start again.

Sometimes, she also felt that she was cruel, but if he didn't shake off her hand first, would she be so cruel?

The answer is: No.

She sent a text message to Feng Yan, "kiss my husband, what are you doing?"

"Meeting."

Soon, two short words came, very similar to his style.

Su Xiaowan tangled, "dear husband, do you have anything you want to eat tonight? I'll ask Aunt Li to make it for you? I want to see Xia Chenyan off tomorrow. Come with me. "

See Xia Chenyan that three words, his original mood suddenly fell to the bottom.

Xia Chenyan, after all, those three words still appeared.

A while ago, he said, don't have any entanglement with him. Now it's better to learn to give him some sweets first, and then give him a trick.

——Kiss your husband.

She won't even shout in bed.

Feng Yan's fire suddenly ran to a great extent.

One after another, there were several people in the meeting. At the moment, all of them were holding their tails and didn't dare to speak.

Su Xiaowan waited for a long time, but didn't wait for Feng Yan's message.

She put her cell phone in her pocket.

Go downstairs and make dessert.

Feng Yan has come home early these days. She makes food for him every day. He likes it very much.

Although the man said on the surface that he didn't like sweet food, he would eat up everything she did every time.

Every time Su Xiaowan looked at the empty bowl, he felt particularly satisfied.

It's a kind of happiness to make delicious food for the people you like.

Su Xiaowan takes out his original ingredients and finds that one thing is missing.

"Aunt Li, I'll go out and buy some marshmallows! Feng Yan likes to eat. "

"Let Wei Wei go with you?"

"No, isn't Weiwei at work? Anyway, it's not far away. I'll be back when I go!"

Su Xiaowan has already driven out of the car before her voice falls. Although Feng Yan is a big man, he likes to eat marshmallow. Su Xiaowan drives the car to a large shopping mall.

Take a whole two packets of marshmallows, you have to go to check out.

Unexpectedly, when I came out, I saw Xia Chenyan.

"Xiaowan..."

Xia Chenyan doesn't have any backhand when he is dealt with by Fengyan. He knows that he's serious, not just talking. He's staying outside Fengyan villa these days, expecting Su Xiaowan to come out.

But after waiting for three or four days, there was no su Xiaowan except Feng Yan.

He's about to give up.

Unexpectedly, she came out today... She had two bags of marshmallows in her hand. When Su Xiaowan was with her, he knew that she didn't like sweet.

So, these two bags of things are not for you.

It occurred to him that he was in the bar that day.

The unexpected pain swept through his heart, and even he didn't know why it was so big.

"I'm leaving. You don't even want to give me a ride, but you are willing to do anything for Feng Yan?"

She said, "you can't compare with Feng Yan."

You can't compare with Feng Yan

But why?

He's still fighting for himself, "don't you even want to send me? After I left, you and him... "

"Because I don't want him to be unhappy."

Xia Chenyan was stunned.

Su Xiaowan looked at him, word by word, "I like him, I don't want to look at the people I like unhappy, so, I won't go to send you."

Xia Chenyan never knew how much salt he sprinkled on his wound over and over again.

Only a few days later, Su Xiaowan's face became more and more ruddy.

"Today is your birthday. Did you forget it?"

Suddenly, look up.

Birthday

During this time, there are always delays. He really forgot her birthday. In the past, her birthday, grandma would accompany her

I'll remind her.

Make her longevity noodles.

But this time.

It's her 25th birthday. She has experienced another thing in her life. She also has a new identity and... New company.

But today Feng Yan is still the same as usual.

Did you forget her birthday?

"I'm leaving, and I didn't celebrate your birthday with you. Shall I treat you to a cake? It won't take you long. My mother has also been punished. Don't we even have a chance to have a cake together? "

"After eating the cake with you, you won't pester me any more?"

Pester with

He chased her, but she said he was pestering her.

"Well, after your 25th birthday with me, I won't pester you any more. I'll leave tomorrow and we won't meet again."

"Good!"

"The cake is in my car. I just bought it. You like the ice cream flavor."

Su Xiaowan took the two packets of marshmallows and followed him to the parking lot. It was a very low-key car, which was parked steadily in the parking lot.

She was not suspicious and got into the car.

There is a cake in the car, not big or small.

"Happy birthday, Xiao Wan!"

She held the cake, in the eyes of Xia Chenyan, ate a mouthful, she thought, quickly finish eating, she also had to give Feng Yan to do desserts!

Although, Feng Yan may have forgotten her birthday.

However, it's just a birthday. After that, they will have many, many birthdays together.

The cream taste is not heavy, and it's not very sweet. It melts immediately. Maybe the air conditioner is on in the car, so the ice cream doesn't melt.

The man suddenly stretched out his hand. Su Xiaowan dodged. With alert in his eyes, he pushed back, "what are you doing?"

The man laughed and pointed to the corner of his lip. "There's cream on his mouth..."

Su Xiaowan reached out and wiped it. Just as she was ready to put down the cake, she listened to him.

"Feng Yan and I didn't grow up together, but at least we were nodding friends. Xiao Wan didn't expect that he and I would even like the same people."

He had some emotion.

"I regret breaking up with you." He stares at her with something Su Xiaowan can't understand in his eyes.

"What are you trying to say?"

"Xiao Wan, my mother has a stroke!"

Su Xiaowan was surprised.

"Because of too much emotional fluctuation, I can't bear it for a while. I had a stroke. The doctor said that I could only stay in bed all my life."

Stroke?

Su Xiaowan looked at him, his eyes were burning, and he seemed to be deeply confused about the truth of this sentence.

"It's time. I won't lie to you."

"If there's nothing wrong, I'll go back first!"

A man's light suddenly sank down, quickly grabbed her arm, the cake was suddenly knocked down in the car by her, making the car full of.

"Xiaowan, in the future, we will be together. There is no Fengyan, no my mother, just you and me..."

"Xia Chenyan, what do you want to do?"

"Men in some things, will be more than a woman, must repay, no one, will tolerate the beloved woman betray themselves."

He said something wrong.

Su Xiaowan felt dizzy. She had no way to think about his words.

She twisted her eyebrows and shook off the man's arm, but she couldn't shake it off. "Xia Chenyan... What did you do to me..."

Chapter 258

Her voice got lower and lower, and finally she fell straight to the other end.

The man's palm, heart and eye disease hand quickly held her head, "Xiaowan, later, you are mine, sorry, I can't help it."

Su Xiaowan's hair is scattered and her face is messy. Her goose yellow dress is even more white and delicate against her face. That appearance has attracted people's attention.

Xia Chenyan made a phone call, "you promised me, you'd better keep your word."

"It's natural. I didn't want her to be with Feng Yan."

He hung up and drove out.

.....

Aunt Li stood at the door. She made several phone calls, but the little grandmother didn't answer.

Today is the birthday of the young granny. The young master took good care of her. At five o'clock, he wanted to take the young granny to a mysterious place and surprise her.

But now

She held her hands tightly and called Feng Yan.

"Young master, young granny just went out to buy cotton candy for you, but she hasn't come back yet. I don't know if something happened!"

A while ago, when the young grandmother was poisoned, the maids and bodyguards in the villa changed batch after batch. Basically, they were people who knew their roots and had a clean family background.

I haven't found out about that. I haven't heard from you for a long time.

Feng Yan hung up and turned on the monitoring of his mobile phone. As a result, this damned woman didn't wear a necklace today.

We can only track cell phones.

When I found a place, I found that her mobile phone was in the car.

But no one could be found. I went to Fengyi to call out the surveillance. Soon, I saw the surveillance video in the parking lot. The video was very clear.

Besides, she got in the car on her own initiative.

Feng Yan clenched his fist and knocked hard on the glass of the car.

Suddenly, the bullet proof glass was knocked out by her.

It's very deep.

"Young master --!" Feng Yi was shocked and looked at the blood on Feng Yan's hand.

"Go and find out where Xia Chenyan is now!"

"Yes."

In the parking lot, the figure stood in front of Su Xiaowan's car. She took the initiative to enter Xia Chenyan's car.

He also saw Xia Chenyan's provocative gesture.

He prepared another birthday present for her, but now it looks like a joke.

.....

"Don't --!"

When Su Xiaowan woke up, she felt that her head was heavy. She looked at the strange environment in front of her, and now her head was blank.

She propped up and looked at the luxurious room. She could hear the sound of the waves in her ears. It was a cruise ship. With the rolling sea, there was a big wave, and the whole place was shaking.

Why is she here?

Xia Chenyan's cake!

She took out her mobile phone, but where she had a mobile phone, Xia Chenyan confiscated it.

She is angry of straight hang fist, this damned summer Chen speech.

Now we should use such means.

Suddenly someone pushed the door in, she immediately alert to the end of the place, into the person, is Xia Chenyan.

Swaggering appearance, a black coat has been taken off, now he, wearing a robe, lazy incomparable, "you wake up?"

"Xia Chenyan, what do you want to do? This is illegal imprisonment, this is a crime -- "

Her tone was thin and full of anger.

"Are you angry? I haven't seen you angry for a long time, Xiao Wan. I almost forget how charming you were when you were angry! "

Su Xiaowan just watched the man keep approaching. She immediately jumped out of bed and sprained her ankle.

She bared her teeth in pain.

But still closely looking at the man close to, "Xia Chenyan, what do you want to do?"

"I miss you, what can I do, or do you want me to do something?"

The man wanted to stretch out his hand and hold her waist tightly. He was pushed away by her and stood at the window with his feet askew. The windows here were sealed, but he could see a little space, which was the sunshine outside.

Now the ship is floating on the sea.

"Xiaowan, don't you like blue best? Look at this ship. I made it specially for you. Do you like it? "

"I don't like it."

"No, what you like... Look, there are blue sky and white clouds outside, and there are bright stars inside. How beautiful... Isn't that the dream you told me before? During this period of time, I have found many designers and designed a lot of manuscripts, which is in line with your dream. From today on, it's just the two of us, and no one will disturb us again. "

Xia Chen said a lot about their past, but Su Xiaowan couldn't hear a word. She just felt that the man was approaching, and Su Xiaowan was alert.

"Xia Chenyan, don't touch me!"

All of a sudden, Su Xiaowan was disgusted.

"Xia Chenyan, I don't like it here. Let them stop. I want to go back --!"

Feng Yan is still waiting for her!

She wants to spend her birthday with Feng Yan. Even if Feng Yan may forget her birthday, she wants to be with Feng Yan.

Even if it's just staying.

"Do you know what I've been doing all this time to do this?"

"I don't want to know --!"

She looks excited, now the cruise ship does not stop, she can not go anywhere, want to escape.

This sentence "don't want to know", completely angered Xia Chenyan, the man step by step close, looking at her for Fengyan keep body like jade, the bottom of my heart jealousy crazy.

"If I had known that you would be attacked by others, I should have taken you as my own. In this way, you would not be reluctant to find another man --!"

Zhan Weiji has these four words, which really makes Su Xiaowan scared and avoid his hand. Su Xiaowan can't bear it, "Xia Chenyan, you touch me, Feng Yan won't let you go!"

"I'm not only going to touch, I'm going to kiss --" The man tightly grasped her wrist, and the confinement was very tight. At the moment, Sheng Sheng wanted to pinch her finger, "Xiao Wan, I want you, I can

forgive you for being with Feng Yan, but I just like you --"

"I don't want you to like me. If you let me go and kiss me, I'll bite my tongue and kill myself." Su Xiaowan is crazy, but the man's lips have been pasted up, but she tries her best to resist.

"Why don't you kiss me? And you are willing to give it to Feng Yanqin --! " The man's anger was burning, and her resistance was visible.

"I like him. I'd like to be loved by him." She was struggling all over her body. She said this hard, almost yelling, "but you can't, I don't like you."

"What will happen in such a long time? Who knows?"

He squeezed her wrist and shook her vigorously, as if to shake her awake.

"You let go --!" See her a pair of even oneself touch, all feel disgusting appearance, summer Chen speech immediately anger burning up.

"When you are with me, I don't want to touch you. Every time I want to kiss you, I can only kiss your forehead. I'm even afraid that there will be too many times. You will be afraid that every time I even kiss your forehead, I try my best to restrain myself, but now! You are willing to let Feng Yan touch you

Xia Chenyan is a little crazy.

"He and I are husband and wife. Why can't he touch me? Xia Chenyan, don't think that if you take me to this place where there is no shit, I will like you willingly! You dream -- "

When the man heard this, he forgot his anger even more.

Pull her in the direction of the bathroom.

"Hey, what are you doing... Xia Chenyan, you hurt me!"

Su Xiaowan is not his opponent at all, even if she is fighting desperately, but in this man's eyes, she is still a big witch.

He dragged her to the washstand, took the toothpaste and brushed her teeth. "Wash all his flavors for me --"

Su Xiaowan was forced to swallow several mouthfuls of mouthwash, "Xia Chenyan, you madman!"

"I advise you to be obedient and brush quickly --!"

Su Xiaowan stares at Xia Chenyan. She is taken by him to this kind of place where birds don't shit. Now is

there anyone else here? If he really goes crazy or forces himself, no one will save her in time.

So, it's better not to stimulate him.

She took the toothbrush and the cup and started to brush in front of her.

It's very slow.

But the man at that end was happy to see her like this.

"Xiao Wan, how nice it is to be so obedient --!"

Su Xiaowan only felt that the man in front of her was crazy.

She was looking forward to Feng Yan's rescue.

Xia Chenyan answers a phone call and goes out. Su Xiaowan is just about to pry open the window at the other end, but a person knocks on the door. She immediately puts down her things.

The woman who came in was a stranger, about 20 years old. Su Xiaowan watched her come in with something.

"Madam Xia, it's time for you to have dinner --!"

"I'm not a lady Xia."

The woman put the red bean porridge on the table and looked at her, "no, that's about to be it. Mrs. Xia, Mr. Xia is infatuated with you. How lucky you are. Knowing that you like red bean porridge with full sugar, he went to the shopping mall to buy a lot of them before he left."

Su Xiaowan walks into the bathroom and slams the door.

All the places here are locked to prevent her from jumping.

She looked at the piece of glass in front of her viciously. It was bulletproof glass, which couldn't be broken at all. She hit it several times with her fist.

But I can't hurt my hand.

She looked down at the people in the mirror.

Feng Yan, she missed him so much.

"Madam Xia, you don't want to escape. Even if you have wings, you can't escape here. You'd better

come and have some dinner when you have the strength!"

Su Xiaowan came out and looked at the woman with a strange smile, as if she knew everything about what she was doing inside.

This person is the same as Xia Chenyan. Originally he wanted to buy her off, but now it seems that he is really dreaming.

But what should we do?

How to get out?

.....

"Young master, Mr. Xia didn't even attend the company's meeting today. Mr. Xia directly dismissed him as president in front of the whole company. Moreover, according to the employees in his company, Mr. Xia hasn't been to the company for more than a week. A while ago, he met several specialists

Chapter 259

"To be a ship designer..." Fengyi sent all the airlines and checked all the routes, but there was no news of Xia Chenyan.

This person, it's like leaving this place.

Even the road has set up a lot of checkpoints, but there is no clue about the little grandmother.

Ship!

"Go and search all the ports for me. I want to know where Xia Chenyan is at once --!"

"Yes."

Feng Yan has been watching the surveillance video. Su Xiaowan took the initiative to sit in the car. Will she be willing to leave with him!

Thinking of this, he was furious. After being with her for a long time, it seemed that all his emotions were bewitched by her.

"Young master, it's about twelve o'clock. Are the fireworks still on?"

It's the telephone in the villa. There's someone who arranged for him. Originally, he thought that she liked fireworks, so he asked someone to make the biggest fireworks in the world for her.

But

"Young master..."

"Let it go." He thought about it. If she knew, he would say that he had wasted it. He continued to say, "make a video and send it."

He stares at the surveillance above, Xia Chenyan's smile is so close at hand.

Su Xiaowan, you'd better not let me down.

After all, Su Xiaowan never said that she liked him, and he was not sure what she wanted, not at all.

.....

"Young master, your mania is more and more serious. If you don't continue to treat it, you will..."

Xia Chenyan kicked over the doctor, "I'm not sick, I know, don't need you to remind me here, get out."

Yes, Xia Chenyan is manic.

It was found out a few years ago. At that time, he was kept at home by Chen Yi. During that time, he kept smashing things. Finally, he had mental problems.

When he came back to China, his condition improved a lot. But since Feng Yan dealt with his family, he began to get worse.

Now he is jealous.

As long as a little provocation, they can not control their emotions.

"Young master..."

"Go away..."

The doctor had no choice but to leave the place with his tail between his legs. He still wanted to save his life.

He went to the counter and took a bottle of wine. He poured it down and smashed it as he drank. Soon the floor was full.

Su Xiaowan didn't dare to sleep. Now she opened the door, and the security guards just stood there, "madam, you can't go out --!"

"I'm going out. Get out of the way."

"Sir, within the scope of your activities, are you going to go in by yourself, or do you want us to do it?"

Threats.

Su Xiaowan looked at them viciously, "you are helping the tyrant and breaking the law. Don't you have a wife and daughter? If your wife is tied here in this way, what's your mood? "

"Mrs. Xia, Mr. Xia likes you, that's why he treats you like this."

"It's not like at all. It's imprisonment. I want to go out, and those who know how to tell me to leave."

One side of the corridor, the maid ran over in a hurry, "madam, you'd better be obedient. The young master just drank a lot of wine. If he hears your news later, we don't know what he will do. If you don't want to get hurt, just go in."

Su Xiaowan almost carried her breath every time she was angry.

But there is no way.

She was pushed into the room by the woman, because she didn't eat, she didn't have much strength.

Just listen to the woman at the door, "Madam can't come out, you can watch."

"Yes."

It seems that we can't escape tonight.

She looked at the dark day outside. What time is it? Is her birthday?

She hugged her knee and said, "Happy Birthday to Su Xiaowan. You should have a good relationship with Feng Yan."!

That's her wish.

This year, the only wish.

In the past, the wish seems to be brother, brother... But now, the bottom of my heart is occupied by a man, it seems that even my brother has forgotten.

But... Brother.

When she thought of that person, she always felt uneasy.

In a daze, Su Xiaowan fell asleep, but felt that someone around him was touching him. As soon as he opened his eyes, he was oppressed in the dark bedroom. He was a drunk man.

Xia Chenyan.

"You let me go, what are you doing! Xia Chenyan, do you want to rape me? "

Rape?

That two words, let Xia Chenyan the whole person are infected with the haze, he looked at Su Xiaowan gloomy.

"If it's Fengyan who is treating you like this now, will you give up half the time?"

The man looked at her with burning eyes. After drinking, the whole person looked like a wolf in wolf's skin, with great strength.

"Be good, I want to taste you."

Only feel that man's palm falls on his body, Su Xiaowan only feel his skin is boiling hot, even Feng Yan didn't do this to her.

She tightly grasped the clothes, but there was no way. The man's strength was too strong. She measured her face and bit the man's arm hard.

Severe pain, let Xia Chenyan sober up a little, but at the moment still don't let go, the woman also don't let go, "Su Xiaowan, let me loose."

It doesn't work at all.

Su Xiaowan pressed down, her white skin was red at the moment, and she was full of breath. At the moment, the tears were flashing. With the determination of looking at death as if she were going home, she thought, either he or she would die.

She can't be touched by him.

Not for a second.

Blood from her mouth, all of a sudden fell on the ground, at the moment that Xia Chen Yan pain, want to reach out to break her head, but fruitless.

"Xiaowan, you haven't tried. How do you know you don't like me touching you? Maybe, what you like...
"

Men are good at persuasion.

At the moment, Su Xiaowan ignored her. She just bit her.

Xia Chenyan was enraged by him. Now he pushed her head and wanted to push her away. "Su Xiaowan, let go, otherwise, don't blame me for being rude!"

The man's body is about to press itself, at the moment she vigilantly raised her feet, toward the man at the end of the past.

So there was no sign of kicking between his legs.

The man was kicked like this, his face was twisted and bent down at the moment.

But watching Su Xiaowan run away.

"Xia Chenyan, if you dare to do this to me again, I will fight like hell with you --!"

Her lips were still glowing with blood.

The blood was mottled.

With a low curse, the man smashes the ceramic vase on the ground. Now he covers his lower body and goes out. There are two people in black standing at the door. Because the window is locked, Su Xiaowan can't see any light.

Confused, such a thing happened, but no longer dare to sleep.

She had to run away, or something like that would happen sooner or later.

However, he was kicked by himself. In a short time, he should not do anything to himself.

It's the worst birthday she's ever had.

.....

villa.

That night, the villa was full of people. Because of Su Xiaowan, no one dared to sleep.

Aunt Li loves Feng Yan, and her eyes are red and swollen because of staying up late.

"I'm sure she won't run with others. You don't know who she is?"

Just now Fengyi said that Su Xiaowan left in Xia Chenyan's car.

It's not that someone coerced her, it's that she took the initiative to get in the car.

Aunt Li was afraid that Feng Yan would feel bad, so she stood aside to enlighten.

"Auntie Li, the young master knows in his heart that the young master hasn't eaten a meal this day. Please help him cook some rice."

"OK, I'll do it right away!" Aunt Li went out in a hurry.

Feng Yi looked at the man with his brows locked.

This Xia Chenyan, in order to mislead them, even registered every route with his own name. Jiangcheng is a place that extends in all directions. Moreover, it's not good to stop it on land, but it must be checked one by one according to the routes.

The sea is vast. It takes time to find it.

It's already three o'clock in the morning, and I've been missing for 12 hours. Now I don't know what happened to my grandmother.

"Young master, please squint for a while."

Feng Yan's eyes were fixed on the paper in front of him. Feng Yi explained, "this is Xia Chenyan's recent record on the Internet. However, there is no land on the youhuang island. I don't know what he suddenly wanted to do..."

Youhuang island.

"What about the nearby routes?"

"Because there are no residential areas or aborigines near youhuang Island, there is no route to this place."

Youhuang Island, there is a dead sea, there are many rumors, but because no one has been there, so

"What if it's a self-made boat?"

"Young master's meaning..."

"On youhuang Island, I heard that every inch of land and gold over there is yellow."

"Yes, young granny likes yellow... Young master, I'll call the helicopter right away. You look very tired."

Take a rest first."

"I'll go myself." The man didn't pay any attention to Fengyi.

All his thoughts were about one person.

.....

The next morning, Su Xiaowan didn't know where she was. She just felt seasick, and even felt that it made her stomach roll.

She held the table and chair and vomited.

She didn't know when she got seasick.

All of a sudden, I saw a fruit knife in the fruit bowl.

Suddenly there was a sound of unlocking the door.

Su Xiaowan's whole body was tense, so she immediately took out the fruit knife from her arms and put it behind her, staring warily at the open door.

Su Xiaowan is afraid of everything that happened last night.

Here comes Xia Chenyan.

Obviously, he didn't look as decadent as he was yesterday, but his hands were bandaged, and it seemed that he was bitten seriously.

"What else do you want? I warn you not to come here -- "

But the man came to her with a relaxed face. She had retired to the window.

"What do you want to do?"

"I want to know what you're hiding behind you!"

"....."

"Put your hand out."

Seeing that he was about to come and grab it, Su Xiaowan suddenly showed the knife in his hand, "you're forcing me to have a try."

Chapter 260

But the man held her wrist, "how can such a sharp thing be casually held in your hand, you are not afraid to cut yourself?"

Su Xiaowan was held down by him and couldn't move. "The sword has no eyes. Don't blame me for hurting you."

"Don't move. It's not good to stab yourself at that time."

She struggled to take the knife from her hand, but the man in front of her had a lot of strength. There was no way to get it. Suddenly, the palm of her hand slipped.

The knife scratched her finger. The next second, the knife was snatched.

The white and clean skin on the finger suddenly oozed blood.

"I told you not to take the knife casually. Now it's OK. It's hurt!"

"Xia Chenyan, what do you want? Why do you pretend to care about me? No matter how good you are to me, I won't like you."

But suddenly, the man held her finger.

Su Xiaowan was stunned. She hated the touch of others and kicked him in the belly.

But the man is quick to avoid.

Su Xiaowan was so angry that he was about to explode.

"Just let me go. Are you disgusting?"

"If Feng Yan does this to you, I'm afraid you can't be happy!"

Su Xiaowan reaches out to hit him in the face, and the man hides left and right.

She punched and kicked, but still couldn't hit him a little. Now Su Xiaowan couldn't control herself. She gasped and stood aside, her cheeks flushed from seasickness and lack of oxygen.

Pretty appearance, like a beautiful flower.

"Why not?"

"Xia Chenyan, if you force me, I'll hit the wall! Anyway, death is death, and I have nothing to be afraid of."
"

The man grinned coldly.

"You've done so much for Feng Yan, and I don't know if Feng Yan thinks of you that way!"

"What do you mean?"

"We have been walking for a day. According to Feng Yan's ability, we should have seen the surveillance video of you getting on my car by now. I don't know if we think you eloped with me!"

Elopement?

She gritted her teeth, "Xia Chenyan, you..."

I didn't expect to be put in by him.

"Feng Yan hates betrayal."

"I didn't expect you to be so mean."

No wonder he designed all the cakes he wanted to eat in the car.

Damn it.

Feng Yan, don't misunderstand her.

Her only way now is to stop the cruise ship.

Su Xiaowan sat in the room, suddenly listening to several people at the door talking over there, "there may be mosquitoes on this ship, everyone be careful."

Mosquitoes?

Is not a mosquito, mosquito bite, what should be careful?

Is it... Plasmodium? Malaria? I've heard of sailors working at sea before, so I'm afraid of this.

If after being infected, the limbs are in a daze, the joints of the whole body are sore, and even the fever will continue to be high... The serious ones may die.

But anyway, it's better than waiting here to die.

She went to the door, see these men are drinking some medicine, "I'm a little stuffy, want to go out to breathe."

"The young master says you can't go out."

"Go and get him, I'll tell him."

The bodyguard on one side listened to the words, "forget it, I'll take you out for a breath, but you are only allowed to stand on the deck for a few minutes. The young master is taking a nap now. You should be quiet."

"Good."

Su Xiaowan went to the deck and looked at the land without a trace of edge. If something happened here, I'm afraid

But at the thought of Feng Yan, she was full of energy.

"You can only live here."

"You look at me like a prisoner. Are you afraid that I will jump into the sea?"

"You may be able to do it!"

"I cherish my life very much. If I jump down like this, I can't find the bottom. Maybe I can't even salvage the body. I'm not so stupid!" Bodyguard, "... That's not what you said a few hours ago."

"... I'm a person who knows the current affairs. It's useless to do those useless things. I'm open to it. You'll let me stay here for a while. Otherwise, I'll tell Xia Chenyan that you're going to plot against me just now."

Bodyguard, "... How can you still spit out blood!"

"Anyway, Xia Chenyan won't throw me into the cold sea, but maybe you will."

"All right, don't go too far. I'll go to the toilet!"

There was a strong wind on the deck. Su Xiaowan looked around and found no mosquitoes. In the end, she had to give up.

Su Xiaowan came back disappointed.

But I didn't expect that Ying chayang was wrong. After I went back, something was wrong immediately.

She felt a cold sweat all over her body.

Curled up in a corner.

When the maid pushed the door in, she looked at the trembling man curled up there and ran towards her, "what's the matter with you, madam?"

Su Xiaowan's cheek turned red quickly. She even felt her skin burned badly when she touched it. She knew immediately.

It's malaria.

The maid has no idea. The malaria is killing her.

"Call the doctor quickly --"

She couldn't do it. She immediately called Xia Chenyan. Xia Chenyan came in a hurry. Now she looked at Su Xiaowan curled up there and said, "what's the matter?"

"Ma'am, she... Seems to have malaria."

"Didn't you give her the medicine?"

The maid was scared to kneel on the ground by Xia Chenyan's words. She lowered her head and explained, "I took medicine for my wife, but she refused to take it. I also..."

The doctor pulse for her, look embarrassed, "young master, must immediately send to the hospital."

"Where are you now?"

"There are still two islands left from youhuang island. In front of the young master is the Eastern European island. There must be a hospital on it. Madam, this disease can't be delayed now. If you continue, you will die."

It's not a minor illness. When sailing on the sea, the crew are most afraid of this incident. At least, they have a fever and suffer from physical discomfort. At most, they can't survive.

"shit—— ! ”

"Pull in!"

In a daze, Su Xiaowan heard the word, but still couldn't bear to feel sick and fainted.

An hour later, they stop on the island of Eastern Europe. Su Xiaowan is held by Xia Chenyan and sent to the hospital, as if smelling the smell of freedom.

The smell made her feel very comfortable.

At that time, Su Xiaowan almost regained consciousness. Besides her body heat, her brain was still very clear.

Malaria.

It's very common in this coastal area, and the doctor didn't say anything else.

After the doctor gave her the examination, after reading the examination report, he told Xia Chenyan that she needed to stay in the hospital for observation.

"No, cure her now. She's my wife. I don't want her to have an accident now." They still have to go to their destination, which can't be delayed for a long time. Moreover, according to the present situation, Feng Yan must have found out.

He can't delay any longer.

The doctor has never seen such a man. They all say that he is his wife, but he has never seen such a man or such a bad thing for his wife.

"Sir, the cost of hospitalization is expensive now, but your wife may lose half her life if she is bitten by mosquitoes. Is it still a matter of money?"

Xia Chenyan was taught a lesson by the doctor, feeling very uncomfortable, "so much nonsense, what do you do, hurry to treat."

The doctor is reluctant. Although it's common, it's also a life-threatening disease. He can't delay or make any mistakes. "He must stay in the hospital for 24 hours. During the malaria attack, he must stay in bed and need water supply at any time. You can take her to go outside again. When something happens, the immortal can't save her."

"Young master, why don't you just stay here for a day? The situation of the young granny looks terrible!" One side of the people to persuade.

Xia Chenyan had no choice but to let people go through the hospitalization procedures.

Su Xiaowan is lying on the bed, smelling the speech, the corner of her mouth is hooked. Although she is very sick now, she has won herself 24 hours.

A 24-hour escape plan.

She can't lose it again.

"Young master, go and have a rest first. I'll take care of my wife."

But Xia Chenyan didn't move. Su Xiaowan felt confused. He was knocked down by the doctor's needle and finally fainted. Let alone, the mosquito was really powerful.

That's the most powerful mosquito Su Xiaowan has ever seen.

.....

Shen Qi'er is imprisoned at home by Shen Nanshan. Her range of activities is only her own room and study. At this time, she can't even get out of the door. "Mommy, I still have a job."

"Your father is very angry at this time, so don't give him any more trouble."

"Mom, did I block him up? I also want to fight for my love. I like Feng Yan. I want to be with him. "

"You, you don't know the young master's temper. That day was not the best proof! He doesn't have you in his heart, otherwise he won't make you so embarrassed. "

At the charity dinner that day, their family became the laughing stock of the upper class. For this reason, Shen Nanshan ignored her for a while.

She always knew that there were women outside Shen Nanshan, but Shen Nanshan would not abandon her. Those women could only be junior.

"Mom, he was confused by that woman. Sooner or later, he will belong to me."

Mrs. Shen looked as like as two peas in her own life. "During this time, your father's company has lost a lot of compensation. You must not make him unhappy."

Shen Qi'er has also heard about the issue of scurrying for the mark. Originally, it could be solved quickly. Unfortunately, Shen Qi'er is a star, and the Shen family's affairs are not known by any paparazzi reporter all of a sudden. It's very publicized.

Originally, she wanted to earn some face with the help of the charity dinner. She wanted to embarrass Su Xiaowan. However, Feng Yan came and raised her waist.

It's like hitting them in the face.

Shen's family was suppressed by Fengyan everywhere.

Thinking of this, Shen Qi'er was very angry.

All of a sudden, the mobile phone vibrated. It was a short message about the pregnancy test report.
