

**good evening 261**

**Chapter 261**

—Pregnant.

Shen Qi'er immediately enlarged the picture and took a look at the name.

—Summer is setting.

Xia Xiyan is pregnant.

This news really surprised her. Xia Xiyan came to her ward with Lu Shimian that day, and she knew that their old love had revived.

Originally thought not so fast, but now it seems that she underestimated the temptation of Xia Xiyan.

Also, from childhood to adulthood, Lu Shimian's eyes were fixed on a woman, that is, Xia Xiyan. At that time, she could not taste any sweetness in Fengyan, so she had to turn to Lu Shimian.

She is not reconciled, her own man, so devoted.

But also can't stop, their day and night from.

You can imagine who this child is.

She dialed the other end of the line and in a few minutes the other end was connected. "Hello."

"Xiyan, are you free recently? Shall we meet? "

"I'm not familiar with Miss Shen. It's not necessary to meet her. What can I do for you?"

"To tell you the truth, I'm pregnant. It's time to encourage me!" Shen Qi'er says.

Xia Xiyan's hand that pregnancy examination report, she suddenly pinched, Shen Qier said... She is pregnant, pregnant with Lu Shimian's child.

"As you know, Shi Mian likes me. I don't want my child to be an illegitimate child if you stay so long."

I'm not quitting.

Xia Xiyan said with a sarcastic smile, "Miss Shen, Lu Shimian should be very happy with the news. Congratulations on becoming my sister-in-law."

"If I listen to you, I will quit, right?"

"He and I are already going through the divorce procedure. If Miss Shen is anxious to become Mrs. Lu, she'd better urge him to sign quickly. After all, you know that women can't afford it. I'm different from Miss Shen. After all, I've been divorced, and it's hard to find another one in the future. Now that I'm still a little beautiful, I have to finish my life's work, When you are old and frail, you can only be abandoned by others. "

Why does "... " sound familiar?

"Oh, by the way, I met a person a while ago, Miss Shen. Do you know who it is?"

"....."

"Miss Shen, you are busy. You must not remember." Xia Xiyan said, eyes deep, "you kidnapped me last time, I will not just forget it."

"Oh, Miss Shen, I have to go to class. Hang up first."

Doodle doodle.

That's the end of the sound.

Shen Qi'er's hand tightly holds the mobile phone. Xia Xiyan's words mean that she found the man who kidnapped him in those years?

But didn't she let her agent give her a sum of money?

Why still appear in Jiangcheng?

This Xia Xiyan and Su Xiaowan are not good friends.

She called her agent and said, "how do you do things? Why was that man still in Jiangcheng?"

The agent had been pushed off because of Shen Qi'er's notice during this period of time. When he was on holiday, he suddenly jumped up from the beach chair.

"What do you mean, Kiel?"

"Xia Xiyan met the kidnapper of that year."

"What..." at that time, it was the person she contacted. That person was a human trafficking person who specialized in this profession. Basically, they were secretly transported abroad, and then they were engaged in various industries.

Originally thought, Xia Xiyan will also be sold to do not know where the corner, this life never see.

But who knows, she ran away.

"You get in touch with that man. I don't want him to ruin my business."

"Yes."

Shen Qi'er hangs up. She always knows why Lu Shimian is good to her.

She called Lu Shimian.

"Brother Shi Mian --!"

Lu Shimian's mind is Yang. When he receives the call, he subconsciously thinks it's Xia Xiyan, "Qi'er, what's the matter?"

"Brother Shi Mian, come to my house to meet me today. I haven't been out for a long time. My father won't let me go out." Lu Shimian to her, should be regarded as a spare tire.

"I'm very busy at this time."

Busy?

Sure enough, it's because of Xia Xiyan. Now I don't even care about myself. How can Shen Qi'er tolerate such a thing? She's almost lost her Fengyan.

Never lose Lu Shimian.

"I've been dreaming about the past these days. I'm so scared. Brother Shimian, I haven't slept well for several days. I can think of the cold water every time..."

Lu Shimian eyebrows deep, was mentioned in the past, at the moment, there is no way to coagulate eyebrows, "wait, I'll pick you up."

He owes Shen Qi'er, which he can't pay back in his life.

Shen Qi'er happily hung up the phone and contacted the media reporter.

She wants to let that woman see, in this life, even if Lu Shimian is not with her, he will not be with Xia Xiyan.

Women are jealous of women.

Xia Xiyan is the one she envies.

I don't know why an orphan girl can make Mrs. Lu like her, and she has to be a child's daughter-in-law for Lu Shimian.

She has seen her, growing more and more outstanding, since childhood, she achieved good results, but also very smart.

Every time Mrs. Lu saw her, she would praise her.

But why?

An orphan girl's identity, even parents who do not know, why to dominate others like.

She doesn't deserve it.

Xia Xiyan wants to stay with Lu Shimian, which is impossible in her life.

Even if she was not with Lu Shimian, she would not be Xia Xiyan.

There is a secret in her heart, a secret that no one knows.

"Kiel, why are you grinning at the window alone?"

"Mom, it's nothing. I just think it's fine outside. I want to go out and play! Brother Shimian said he would come to meet me. Dad, please tell him for me

Referring to Lu Shimian, Mrs. Shen took Shen Qier and said, "what's your attitude towards Lu Shimian?"

"I... he and I are very good friends. Mom, you don't know. I like Feng Yan."

"Isn't Feng Yan married?"

"Mom, that's a rumor from outside. No one like Feng Yan."

"Aren't you human?"

"I was... I was because of my childhood friendship. Mom, the last time my father hid Feng Yan's sister, I thought about it..."

"Shut up."

"Mom, what we told the Feng family really told the people outside..."

"It's OK for you to talk about these words in front of me. If you talk nonsense outside and make trouble with your father, it's up to you! Lu Shimian likes you. He's not bad either. Just find a similar one to live with! "

"How could it be more or less."

Lu Shimian is also a second married man.

Besides, it's not in her mind.

.....

It's cold.

Xia Xiyan has a nightmare. The nightmare haunts her. She can't get rid of it. She thinks of the icy sea water, the crazy kiss and all this

## **Chapter 262**

Finally, I fell asleep.

In dreams, ups and downs.

There was a boy, who looked very similar to Lu Shimian, even with the same eyes, holding her hand and calling her Mommy.

That is a soft cute child, the boy has a pair of delicate features, carved jade, big black eyes blinking, like a prince from a comic book.

"Mommy, hold --!"

She stretched out her hand to hold the child, but a girl suddenly appeared to break her hand, "he is the third child, I am my father's daughter, my father's daughter can only have me."

"You are not. My father is only my son --!"

"... Mommy, are you right? Mommy, I only believe what you say."

In the dream, the child's questioning made him at a loss.

He suddenly opened his eyes.

It's light outside.

She thought of that strange dream. She felt her stomach. She didn't want him to be born without a

father and become an illegitimate child.

That's a life he didn't want.

She picked up her cell phone and wanted to see the time, but one by one, the reports ran into her cell phone, and the whole world was full of news about Shen Qi'er's date with Lu Shi Mian.

All over the screen.

"It turns out that Shen's childhood sweetheart is Master Lu --!"

"No, Master Lu is a playboy. I don't think much of this couple. It's estimated that they will break up soon."

"... playboy, that's because we didn't meet the woman we like. We goddess Shen will surely win Master Lu at one stroke."

"I thought young master Feng was a match for the goddess! I also specially set up a CP for them. "

"Wake up, wake up."

"Ah, my goddess, goodbye --"

As soon as Shen Qi'er appeared, she couldn't find it on the Internet. Xia Xiyan really didn't like her. She cheated many people under the guise of the goddess of creation. Last time, many people took off their powder, but Shen Qi'er cried, made trouble and hanged herself, but she took back a lot of passers-by powder.

Shen Qi'er plagiarizes that matter, also finally does not end.

Moreover, Shen Qi'er seems to have found her own account. In her private heart, she made a paragraph.

—"Xiyan, I used to be wrong. Now for the sake of my children, don't worry about me."

When did the child become a woman's umbrella.

Xia Xiyan didn't return and cancelled her account. Originally, she registered this account to let others see the woman's true face. But for some women, the more you see him as a thorn in the flesh, the more she shows off her power in front of you. She will find the handle and return all she has done to her.

Xia Xiyan made an appointment to do abortion surgery today, this child, she does not want.

She thought about it all night and finally made the decision.

She took her bag and went downstairs. When she came downstairs, a man in a car watched her come out. "Is that what she said this time?"

"....."

"Well, I'll let you know when it's done."

.....

As soon as Lu Shimian entered the company, a secretary came up to congratulate him.

"Congratulations on what?"

He hasn't got his wife yet. What do you want! Lu Shimian is a person who doesn't like to watch mobile news, so he doesn't know how much noise there is outside now.

"Boss, you are still hiding! We all know. " The Secretary said.

Few people know about Lu Shimian's marriage to Xia Xiyuan. At that time, his relatives held a small wedding, so Xia Xiyuan is his wife's business. They can't know about it.

Why are all these faces now.

"What do you know?" Lu Shimian was confused by what they said. Now he twisted his brows and said, "the point."

"Don't you know, boss?"

"You and Shen Qi'er are a couple. We all know that!"

"Who told you that she and I were a couple!"

"Oh, it's crazy on the Internet. You can see for yourself that you and Shen Qi'er are really talented and beautiful. They are a match made in heaven!"

While flattering, the man said, passing the newspaper to him.

Lu Shimian frowns. He is cheated by Shen Qi'er. This picture... Is yesterday. He thinks of Shen Qi'er's phone call yesterday.

He has the newspaper.

"Deal with all the false news to me --!"

it is sheer fiction?

Tut tut.

It can't be Shen Qi'er.

After all, looking at the young master, it seems that he has been thinking about someone all the time. It seems that he is still a college student! And didn't you say that Shen Qi'er liked the young master of Fengjia before?

The president of their family is Lu.

"What are you still doing? Don't hurry to deal with it."

"Yes, yes."

Lu Shimian angrily returns to the office, and Feng Yan naturally sees the news, but he didn't expect that Lu Shimian would talk to Shen Qier... So he calls and jokes at him, "I can't see you like this tune."

"If it's a brother, don't sprinkle salt on my wound. OK, I'll hang up first. I'm going to explain to my woman."

Lu Shimian hung up.

Feng Yan looked at the mobile phone. This guy, now for the sake of women, even his brother's phone has been hung up.

It's better to be a woman in his family.

Gentle, lovely and understanding.

It's good in any way.

.....

Xia Xiyuan stands on the bus stop, waiting for the driver.

The driver was an hour ahead of time. Now she can hardly catch up with the operation. She was just about to take out her mobile phone to call the driver and ask him where he is now. If it's too far away, there's no need to come. After all, she might as well stop a taxi here.

Can just dial a few numbers, suddenly a whistle, a taxi stopped in front of him, "Miss, get on the bus --!"

She didn't pay attention to the license plate.

I got in the car.

"Master, go to the city hospital --!"

"Good!"

The man took a look at the woman sitting in the rearview mirror. Now he was playing with his mobile phone. He put a headset in his ear.

"Take her to the appointed place. I'll transfer the money to your account immediately --!"

The man didn't speak and seemed to speed up.

"Master, I'm not in a hurry. Pay attention to your safety on the way."

Xia Xiyan is now in the car, and is not in a hurry. Xia Xiyan just receives Su Xiaowan's call, "Xiyan, where are you? Why is there no one at home? "

"I'm outside."

Outside, Su Xiaowan twisted her brows, and originally brought some delicious food for Xiyan to eat. "When you come back at night, remember to heat things up. I brought some delicious food for you, and I put it in the refrigerator."

"Good --!"

Hung up the phone, Su Xiaowan just left Xia Xiyan's home.

Su Xiaowan had nothing to do, just ready to get on the car, the result received a call from Su Zheng.

Su Qiqi is out of prison. Let her go home.

"Are you hot?"

"Not bad."

"The air conditioner of my car is very big. It's a long way to the hospital. If you are thirsty, I still have water here."

"Thank you."

I've never seen such a good driver.

Of course, Xia Xiyan didn't open the bottle cap.

Outside, she's always cautious.

.....

The driver looked through the rearview mirror and frowned.

This damned woman didn't drink a mouthful.

There's no way. There's no other way.

Xia Xiyan smelled a smell, very fragrant, like roses, like peony, more like

Five minutes later.

Xia Xiyan began to feel that her body was not right.

The beautiful face began to blush.

The driver squinted and said, "Miss, are you hot?"

She felt more and more that there was something wrong with the smell.

I want to open the window, but I can't open it.

It's so hot... She seems to have taken off all her clothes.

As she passed out, she watched the driver's face magnify before her eyes.

.....

Lu Shimian couldn't get through to Xia Xiyan. At the moment, he asked someone to track the location immediately. When he arrived, he was in a hotel.

He kicked the door open.

The driver was dragging his pants, and the woman in bed was lying there.

"Who are you? This is my room!"

"I'm not willing to touch her. You're going to fuck her!" Lu Shimian kicked people to the ground. Hard, hard.

"Psycho, this is my woman --!"

"You dare to do it again --!"

The man's momentum is arrogant. Now the driver is a little scared. He should have brought the woman to the customer's hand, but he suddenly has a bad idea.

Want to try this body, in the end what is the taste.

The woman was so beautiful and in good shape that she wanted to be jumped on, but considering her performance, he also opened a hotel.

I didn't expect

Several men rushed in immediately. At the moment, the driver was held down by them, "Sir, spare me, she took the medicine to seduce me --!"

Seduce?

"Are you showing off to me?"

The man spoke coldly.

"Sir, it's really her..."

"She doesn't like me, but you? Lingge, it's abandoned directly -- "

"Yes."

The woman on the bed said, "get out of here!"

"Yes."

Xia Xiyan feels so hot.

It's dying of heat.

She reached for her clothes.

Can suddenly be a hand tightly attached, do not let her pull, slender fingers touch the woman's cheek, not hot.

It was drugged.

Otherwise, how can Xia Xiyan show such an expression towards him.

The palm of the man's hand stretched out, now with a strong masculine atmosphere, seems to be able to ease her body, Xia Xiyan eyebrows slightly open, eyes watery looking at her, "... Lu Shimian..."

"Don't talk. The doctor will be here soon!"

Ling Ge, standing at the door, called the damned doctor, but he couldn't get through. Now he was sipping his lips. The young master and the young granny were just a little different.

If they can be, perhaps, my wife will soon be a grandson.

She tucked her cell phone into her pocket and waved them away.

"Big brother, this young master... A few years ago they played so crazy, young master won't suffer?"

### **Chapter 263**

"Don't talk about it. Young master hates people talking about him behind his back."

Shen Qi'er stands at the door, listening to their conversation. That wedding night, in order to prevent Lu Shi Mian from going to Xia Xiyan's bed, she called him a lot.

But Lu Shimian didn't answer.

He can't wait to go to sleep.

She looked at the closed door. Lu Shimian always belonged to her. Even if she didn't want it, it couldn't turn to Xia Xiyan.

But now they're in there.

She wanted to pass, but was stopped by Lingge.

"Miss Shen, our young master is busy. You'd better not go there!"

"Why, I have something to look for brother Shimian!" Shen Qi'er looks at the closed door. She is angry.

"... this is the order of the young master, and we will investigate the matter of the young granny being drugged. If it is related to Miss Shen, the young master will not spare you this time."

"... what does it have to do with me! I just happened to pass by and saw Lu Shimian. I wanted to come in and say hello. "

"It's none of your business, it's best!"

"You... You lower class, what are you doing standing in front of me! Believe it or not, I let brother Shi Mian fire you! "

"Miss Shen, while you are chasing master Feng, you are worrying about our young master. It's a good idea, but sometimes you can't get any good if you have too much appetite!"

"You..."

A lower class, dare to educate her.

She didn't get the seal, did she?

Then she let him see how Feng Yan got into her bed!

She walked out of the room in a huff, and suddenly a picture came from her mobile phone.

After watching it, I was very excited.

Su Xiaowan ran away with the wild man!

She really has another chance.

Shen Qi'er is just a Lu Shimian with high heels. She has many ways to let him come to her side.

.....

In the room.

Xia Xiyan sat up from the bed. At the moment, her pretty face was red enough and supported by her slender arms. She looked at the door.

"When on earth will the doctor come?"

Now it was day, but in the room, the curtain was tight, and the man at that end was standing there, bright and dark, with a pair of eyes around her.

"It's time for you to think of the doctor?"

"... what do you mean?"

"I'm your husband. Now you should come to me. "

Xia Xiyan's face suddenly became cold. She ran to the other end and tried to open the door, but she was blocked by Lu Shimian.

"Lu Shimian, get out of the way!"

"Don't you think it's mean to take advantage of others' danger like this?"

"I'm a mean person."

Xia Xiyan wants to give him a slap.

But did not hit, that end of the man held her wrist, the whole person directly hit her body.

"Xia Xiyan, what did you do to me on your wedding night? This time, I will get it back --!"

Since the wedding night until now, Lu Shimian has not touched her.

"Lu Shimian --!"

The man's lips fell down like this, so close to him.

Damn it. People want to get close.

But the next second, the man let go again.

He did it on purpose.

He just stood there, "Tuanzi, come and kiss me!"

Xia Xiyan's body is getting hotter and hotter. She is smelling her favorite taste at the tip of her nose. She wants to make her closer and closer.

But her head is clear.

"Lu Shimian, dream about it."

She bit her lip and rushed into the bathroom.

After entering the bathroom, I suddenly thought of myself... She has a baby in her stomach. I don't know now... Can she resist the cold?

Lu Shimian's mobile phone rang. Now he was staring at the number above. He pressed the button to turn off the phone.

Shen Qi'er and Xia Xiyan compare.

He knew it.

He left his cell phone to one side.

The door is guarded, so no one else will come in.

However, Xia Xiyan was drugged.

It should have something to do with Shen Qi'er.

He seems to indulge Shen Qi'er too much.

She's about to bully herself.

Wow.

The door was pulled open.

At the moment, those men were looking at him. They didn't expect the young master to come out so soon.

"Where's Shen Qi'er?"

"Miss Shen... Gone." This young master, come out from the door of the little grandmother's room to find Miss Shen?

What's the story?

Does the young master want to step on two boats?

This young master, if he is a young woman, will have to run away in anger.

"Young master, since you have married your grandmother, don't be here..."

"Are you preaching to me?"

"No matter, young master, I am..."

Bang.

The door closed in front of Lingge.

This temper is really hot tempered.

I don't know how many women can bear the young master's temper.

.....

The room is very quiet. The sound of water can be heard inside. Lu Shimian is not worried. He is waiting.

But the women there never came out.

He pushed the door in.

The woman had fallen to the ground.

"Summer setting face --!"

He didn't want to be soft with himself. Lu Shimian had never seen such a stubborn person.

"You go away --!"

"Don't you want me close?"

"Who wants you near!"

"... Lu Shimian, go away."

All of a sudden, the man at that end leaned over and kissed her lips.

The woman originally only felt that the feeling was getting lighter and lighter, but when he kissed her, he felt that his head began to heat up.

Xia Xiyan's vision has been blurred. She feels that she only wants to get close to the person in front of her.

Can wait for her to come over in reaction, summer sunset Yan pushed away him, "you don't move me, I can solve by myself!"

"Do it yourself? How do you solve it? "

"I'll do what you used to do!"

Voice did not fall, at the moment the man breathing a sink, the forehead of Qingjin began to rage.

Thanks to what she said.

It's just a few days. Xia Xiyan has made him look at it with new eyes.

Looking at his violent appearance, Xia Xiyan smiles.

"Lu Shimian, do you like me? I can't do what you like?"

I don't like it anymore. Yeah.

It is clear that he has reserved her for a lifetime, but she doesn't like him.

What the hell is this.

The man choked her lips with anger.

This damned woman.

All the anger was on the kiss, and almost all the strength was accumulated.

Just feel the woman's docility, the man's eyes looked at her, "no?"

She reached around his neck and offered to kiss him.

Stretching out her strong arm, she was picked up by a man. When she felt deeply, she felt like, "no way!"

"Summer setting face --!"

Men are furious.

"I'm pregnant --!"

Pregnant?

Damned woman, it's the bastard.

"Whose --!" Lu Shimian's eyes were fixed on her, almost to see through her.

"You bastard, it's not you, it's who's..." the man's violent kiss continued to attack.

He didn't even move his fingers. How did he make her pregnant.

This stupid woman.

"Lu Shimian..."

"If you want to be pregnant like that, I'll try harder --!"

She's still the same.

The kiss, and then continue to start under the fierce environment.

She was pushed into the bathtub by a man.

All of a sudden, memory swept in.

"I don't want to be in the bathtub --!"

The man's wrist pressed down and said a few words in her ear.

"Pervert!"

The man walks through the heart rolling Adam's apple, at the moment the color of the lips smile.

"Lu Shimian, you pervert, I hate you..."

Outside the window, the sun is still shining.

.....

In an hour.

It's over.

The floor was covered with clothes thrown on the ground. There was a smell in the room, which made Lu Shimian feel happy.

He finally, once again, held her in his arms.

Never let go again.

Xia Xiyan is very tired lying in Lu Shimian's arms.

I don't know how many times he tortured just now. She felt that she was frozen and couldn't move.

Xia Xiyan wakes up, and Lu Shimian's eyes have been staring at her. What happened? Xia Xiyan clearly knows that she has been drugged.

But Lu Shimian was the first.

The damned man begged him so many times that he was eaten to the bone.

This is a hungry wolf.

.....

Shen Qi'er is sitting in the car in the scorching sun. It's too hot.

That damned Lingge, she has never seen such a low thing.

Lu Shimian couldn't get through. She angrily left her cell phone in the co pilot's seat. Now she was looking at a familiar figure.

Isn't that her father?

She came out on the sly.

Just, father with a man, that man should look much smaller than her, also don't know who is.

It looks familiar.

But it has nothing to do with him.

She stepped on the gas and headed for the destination.

Shen Nanshan looked at the cars coming and going on the street. At this moment, the man in front of him was valiant, but slightly green.

"Is everything done?"

"Adoptive father, it's all taken care of!" The man has no expression, looks too cold, can be called cold can not be cold.

"She trusted you completely?"

"Yes."

"That's good."

"Adoptive father, but I didn't get in touch with her today."

Shen Nanshan's deep eyes were deep. "This Fengyan is not easy to provoke. Maybe he noticed it!"

"Well, I've been more careful recently, and I can rest assured that my adoptive father will listen to me as long as she catches hold of that woman's weakness."

.....

bedroom.

Too hot, Xia Xiyan to go, but the man was holding the wrist.

He has a lot of strength, and he has no way to resist.

Xia Xiyan pushes Lu Shimian away, but he is tightly held in his arms by the man, "after using me, will you lose it?"

"Master Lu, you took advantage of the danger."

Lu Shimian stares at her, the line of sight is earnest, "I take advantage of you, how?"

"Pervert."

"No, can I like you?" That light floating voice, let summer sunset Yan Leng for a while, she looked at him, turn for a while, and forget.

## **Chapter 264**

Lu Shimian's whole life is on her.

"Lu Shimian, get up."

"Do you have any ideas about our business?"

Xia Xiyan, who was being pressed, was a little messy. Her clear eyes were staring at her, and she said, "what do you think?"

"If you go back with me tomorrow, you will naturally see your brother Lu... As long as there are other men to tell you, I will be very sad." Lu Shimian opened his mouth. When he said that, it was like he bullied him. He was a heartbreaker.

But then... Go back.

What face did she have to go back?

"When do I say I'm going back with you, Lu Shimian? I'm not going back. "

"I can think that you don't want to see your brother Lu?" Lu Shimian gave her a kiss in the face, grinning and in a good mood.

"Lu Shimian! Why should I go back to see him? Can you stop kissing me? It's disgusting Xia Xiyan took her hand and wiped her face. How could he kiss her? It was disgusting.

"Well, be good, or I'll think you're not satisfied with what you want!"

Xia Xiyan is really about to die of anger.

If you want to be dissatisfied, you can say it.

As a child, Lu Shimian is not a good man. At least, Xia Xiyan thinks so. He always bullies people.

However, this matter must have something to do with Shen Qi'er.

She won't just let it go.

"Master Lu, do you want to start over with me?" This man is the man Shen Qi'er wants. If she is with Lu Shimian, then

"Xia Xiyan, what do you want to do?"

Xia Xiyan picked an eyebrow, "Shen Qi'er seems to have retreated recently and asked to be with you next. You say she and I, who do you choose? I heard that Miss Shen is still a virgin now! Maybe it's just for you... "

Words have not finished, directly blocked by the man's lips.

"Xia Xiyan, I won't teach you a lesson. Have you forgotten that I am your husband?"

There is no margin for this.

And it's very harsh.

Besides, it's none of his business whether Shen Qi'er is a virgin or not.

He only knew that Xia Xiyan's first time belonged to him.

Don't know why the corner of the mouth with a proud smile, last night's things, he still remember, Xia Xiyan or completely belong to their own.

"You pervert, let me go."

.....

Closing the house.

It's almost winter, but I don't know why. It's so hot and dry that day. Aunt Li stands at the door and looks around. The young master has been out all day. Now it's early the next morning, and there's no news. I don't know what's going on.

But before long, Su Xiaowan and Feng Yan were waiting for Shen Qier.

For Shen Qi'er, Aunt Li doesn't like it. Shen Qi'er comes out of the car dressed up in fancy high heels.

The bodyguard knew Shen Qi'er and stopped him immediately, "Miss Shen, you can't come in here."

Last time, because of Miss Shen's intrusion, the young master lost his temper.

Shen Qi'er looked at the bodyguard at the door and laughed contemptuously, "I want to see Feng Yan!"

"The young master will not see you."

"If you don't go in and say that, he won't see me. Go inside and tell me that I'm here. Feng Yan will definitely see me!" Shen Qi'er is so self-confident. She has been in the palm of her hand since she was a child, plus her own appearance and knowledge.

A lot of men adore it.

So confident.

The security guard ignored her, went into his room and slammed the door.

"You..."

It was a hot day. Shen Qi'er stood outside for a while. She felt very hot. She stamped her feet and was worried. Aunt Li looked at her and came out. "Miss Shen, it's too hot. Please go back early."

"I want to see Feng Yan."

"Young master is very busy. I won't see you."

"Is it because your grandmother ran away with someone?"

"Miss Shen, you can't talk nonsense about this. Our young master and grandmother love each other very much. How could they run away with others! Miss Shen, this person's feelings can't be forced. She doesn't like you and can't be forced to come. "

"Hum."

A maid dare to teach her a lesson.

Shen Qi'er got on the bus in a huff. It was too hot.

Soon, it rained again.

Helicopter, encountering strong winds and waves, "young master, according to the strong wind and heavy rain, their ship can't go, don't worry!"

How can we not be in a hurry?

Su Xiaowan has been missing for a day now. He doesn't know how she is.

hospital.

When Su Xiaowan wakes up, she catches a glimpse of the man beside her. Xia Chenyan is so haunted that she stays beside her all the time. Her body is itchy.

It's very uncomfortable.

He tried to reach for it, but the nurse stopped him.

"Ma'am, you can't scratch. You'll have to resist the itching."

Su Xiaowan winked at the nurse. As a result, the nurse didn't understand what she meant. "Are your eyes uncomfortable, too?"

Su Xiaowan was so angry that he wanted to swear, but he held it back. Soon, Xia Chenyan came over, "how can it take so long to prick a needle?"

"Your wife's eyes don't feel well. I'll go to the doctor to help him." The nurse didn't like Xia Chenyan very much. She seemed to be a rich man, because every time she came in, the man's eyes were very sharp.

It's like the fire. It's terrible.

She is too timid to be frightened.

"Xiao Wan, your eyes are not comfortable?"

Su Xiaowan doesn't want to pay any attention to him. At the moment, she frowns and looks out of the window. This damned Xia Chenyan originally thought that she would have a chance to escape in the

hospital. But unexpectedly, this man is so close to protect her in just a few hours.

It's killing.

"I advise you not to have any other ideas. Here, they only treat you as my wife, and they will not help you."

"Xia Chenyan, can you stop being so fussy? I'm upset. I'm a patient now. Can you let me be quiet for a while?"

Xia Chenyan looked at her, "don't play any tricks."

Su Xiaowan simply pulled up the quilt and lay down.

Now she has Feng Yan in mind. She doesn't know what happened to him. Is she worried that she can't find him?

She looked at the window. This is the 50th floor. If she jumps down from the window, she will die. Now the only way is to make her condition worse if she can't escape.

Only her body broke down, then Xia Chenyan had no way to take her out.

With this thought, Su Xiaowan's heart suddenly relaxed.

It's only going to take a while. She can't keep floating on the waves.

Thinking of the beach she went to with Feng Yan before, Su Xiaowan never thought that this time, she would really be at sea.

Think of that feeling, vaguely feel very uncomfortable.

And now, on the sea.

The heavy rain is like pouring down. Feng Yan looks at the sea, but he still can't find Su Xiaowan's boat.

"Don't worry, young master. It must be around here." Feng Yan has been training since he was very young. He has the talent to do many things that others can't do.

For example, flying a plane.

He was driving very fast, with a kind of drag racing manner.

But suddenly, a huge spray directly rushed to their helicopter. The cabin was badly hurt. Feng Yan had to work hard to control it.

Landed on an island.

"Young master, it seems that we can't leave until they bring the helicopter over."

"What is this place?"

"Eastern European islands."

Eastern European island is remote, but it is inhabited here, because he saw a lot of houses.

However, this place, in fact, is very small. He noticed it when he went down just now.

"Young master, your hand is hurt --!"

Just now, the wave broke the glass and scratched the arm.

"It's nothing. Let people come quickly. We must find Su Xiaowan as soon as possible."

"Young master, there is a hospital near here. Let's wait there first! This illegal entry into the island, if found, will inevitably lead to something

Feng Yan looked up at the hospital. The wound on his hand was bleeding all the time. He had no choice but to go to the hospital to bandage it. Now, he can't grow wings and fly to the sky to find Su Xiaowan.

Feng Yan was angry at the thought of Su Xiaowan.

This damned woman, wasn't she very smart before? How can you be so fooled at this time.

.....

And in Jiangcheng, which they don't know, there is a lot of noise at the moment.

When the old lady of Feng family saw the news in full swing, and then looked at the picture of Shen Qi'er waiting for Feng Yan for a long time, she was very angry.

"Who gave her face to our family! This woman wants to be like our family. She has a dream. I don't want my son to be on the Lu family. "

Thinking of her eldest daughter, the old lady hated the Lu family.

All the people in this family are jackals, tigers and leopards.

She doesn't like it. Where is her daughter-in-law so obedient.

"Old man, you see, we are being bullied now. You don't care about this!"

"I don't care. Don't get excited. The blood pressure will go up again later."

"Can I not be excited? She said that my daughter-in-law ran away with other men. She saw that she just wanted to slander our daughter-in-law. Our daughter-in-law was very fond of ah Yan. When she said that, it was like her daughter-in-law leaving ah Yan. It's really shameful. "

Soon, a man came and came in a hurry.

"Old lady, it's no good. The young lady really ran away with other men."

what!

The old lady fainted.

"This woman must have said something bad about my son in front of my daughter-in-law. This damned woman, call her. I'm going to see her now!"

## **Chapter 265**

"My family, ah Yan, is not easy to get a wife. I'm angry with this vicious woman. I'm at odds with the Lu family."

Think of Su Xiaowan's lovely appearance, and then think about Shen Qi'er, the goddess of otaku, who is very vicious.

Listening to the words from that end, Feng frowned. Did his daughter-in-law run away with someone?

"Who did she run with?"

"Master Hui is the young master of Xia family, Xia Chenyan."

Xia Chenyan.

He naturally knows that master Xia has a little friendship with him, but he has never seen this grandson several times. He heard that a woman made a lot of noise a few years ago, but because of Chen Jie, the outside world was blocked.

Why did her daughter-in-law get involved with the young master of the Xia family.

"Old lady, old man, I don't know if I should say something!"

"If you have anything to say, it's not that you don't know I'm acute." Old lady Feng is anxious to get

angry. She is another daughter-in-law who looks good at her. As a result, she is popular.

"Young granny is the same age as young master Xia. Could it be that... Young granny dislikes young master and runs away with others? Today's little girl, a few sweet words, will be coaxed away, our young master is cold tempered, maybe... "

"Bah, bah, bah, bah, my daughter-in-law is not such a person. Besides, she has already run away. When she married into Fengjia, why didn't she run away? It must be the damned Shen Qi'er who made the means behind her back. I've seen a lot of such white lotus flowers. Didn't you have them before?"

Old lady Feng protects Su Xiaowan, the wife chosen by her son.

It's going to be her grandson's mother.

Anyway. Su Xiaowan is right.

I'm going to make a mistake.

It's also... Her son's fault.

"Old man, it can't be... Is your son really not good at that?"

"....."

"If it's not harmonious in that respect... No, I have to call a Yan. I've already said that he's too old to be obedient because he needs more health care."

Then the old lady called Feng Yan.

As a result, dudududu is not in the service area.

"Where has a Yan gone?"

"The young master said he was going to chase the young Granny! There's no news yet. "

Old lady Feng said, "my son is still a bit overbearing as president. I'm still worried about him here. People know that."

"Go and ask Shen Qi'er out."

"Old lady, that's the Shen family."

The old lady swore before that she would not see the Shen family.

The Shen family made their eldest daughter look like this. Now they don't know where she is. She said that she would never have any relationship with the Shen family again.

"Nonsense." Feng doesn't like the Shen family either.

When I mentioned it, I had a heavy complexion.

His daughter had a bright future, but now her life and death are uncertain because of the Shen family.

"Old man, this woman is so scheming. If I don't help my daughter-in-law watch, Xiao San will really ride on her head! I can't let my daughter-in-law be wronged! I can only have such a son. Nothing can happen to him any more. I hope he will be fine. "

I haven't let go of her old man.

Old lady Feng burst into tears and sniveled, "my family, ah Yan, seldom likes a girl. If your father doesn't support him behind his back, he can't do it alone."

"And my daughter-in-law, who has been alone since childhood, and now Xiao San is so arrogant, how can I bear this breath? Shen Qi'er has made the news so big and sent the photos to your mailbox, just to let us know! Feng Zhong, when did you like to be a turtle

Fenglaozi slapped the table fiercely, "go and call Shen Qi'er."

Old lady Feng was happy. That's right.

Give that woman a slap in the face.

This is the old man she likes!

"Old man, do you think ah Yan really likes her?"

"Don't like to be able to catch up?"

"But I heard that a Yan got a certificate without proposing to others. It's up to you to be impatient!"

"... I don't know if my daughter-in-law will feel aggrieved. No, I have to support my daughter-in-law when she comes back. I can't let others bully her."

Feng Laozi looks at his wife. He has been fighting with her for decades. But he loves her, so in her heart, she is right.

Get a license without proposing?

I really let him.

.....

"Old man, which one of Shen Qi'er and my daughter-in-law looks good?" The old lady spoke in front of her husband. It's coming in a big way.

Fenglaozi pushed his glasses, "they are not as good as when you were young."

"I'm asking you and them! Don't fool around here. "

"... it must be my daughter-in-law. She is gentle, generous and understanding. Most importantly, ah Yan likes it." Master Feng's heart clapped.

"You still have a little vision, not to the point of old eyes dim, oh, you don't know your eyes were not good before, like white lotus!"

"....."

Every time it comes to this time, the old lady Feng always wants to dig up the old accounts.

Feng Zhong thought of something and told him.

"Send some people to find out where ah Yan is?"

"Yes."

Feng took out his cell phone and called.

"It's me!" The voice was full of air.

I don't know what to say, but Fengfeng said, "your grandson abducted my daughter-in-law. If you can't even manage your grandson, I don't mind helping you manage it!"

Said to hang up the phone directly, gas of summer old man seven tricks smoke, summer old man is a soldier, do things in an orderly way, how ever met such a thing.

That's a good son from that woman.

"Go and get me that dead son of a bitch!"

Now even married men have started. It's just like her mother.

Looking at the man at that end, Mrs. Feng felt that she adored him very much. The first man she met in

her twenties affected her whole life.

I never thought that they would meet each other.

Mother often said that she wanted to fight for and grasp what she liked, so she told him.

I didn't expect that they would have so much time now.

"Old man, I can't see that you are very far sighted. That's right. We have to support our daughter-in-law so that others don't dare to bully her. If we don't help her, we will help her. That little girl has a poor life experience."

Old lady Feng also saw the news at that time. That girl was wrongly accused of killing her mother.

That's all the blame on her.

She is still so kind-hearted, she likes this girl, how to look good, people have a good impression of the first impression of people, not bad.

After sitting for a while, a phone call came from the other end, saying that Shen Qi'er had been informed.

Old lady Feng stood up and said, "I have to go to dress up and meet this angel."

"Don't you think I can crush Xiaosan with that dress? This damned fox spirit thinks that he is so good-looking that I don't like it! You have to rub her spirit. "

.....

Shen Qi'er was overjoyed when she received the phone call from the old lady of Feng family.

"Ma, old lady Feng wants to see me!"

"She?"

That old lady is a powerful person. When she was young, she ran after a man. Moreover, she was the famous Feng family.

Originally thought that the family sealed the family, did not look up to that woman, did not expect, Fengzi married.

Compared with her, Kiel will be ruined by the second.

"The old lady is powerful. Don't talk nonsense in front of her."

Mrs. Shen took care of her.

"Mom, I know. Don't worry!"

Mrs. Shen looked at her and sighed, "and you've caused some trouble recently."

"What's the matter, Ma?"

"Your father got that woman's son back. I had a fight with him just now because he wanted him to come home."

"What? Does Dad have an illegitimate child? "

She knew her father had a woman outside, but she didn't know he had an illegitimate child.

"That man is one year younger than you, born of the woman he likes."

"I'll find him!" Shen Qi'er was short of breath.

"Don't go. If you go and quarrel with him again, we'll just leave with our luggage. That's it. I'm here. At least I'm the main room. If he wants to come in, I have to nod. If I'm driven out, we'll have nothing." Mrs. Shen has been looking at her for so many years. In fact, she knows it in her heart.

Better than a mirror.

But what can we do?

If the fight goes on, she will lose everything.

That's what she got by fighting for life and death.

"Mom, how could there be nothing! Dad, doesn't he love you the most? "

Mrs. Shen's face was satirized. "I'm not his favorite woman. There's always a woman in his heart."

"... who is it?"

Mrs. Shen thought of that woman. Long ago, that woman was famous all over the world.

She's a great woman.

Her name is known to almost everyone.

But... God is always fair. No matter how good people are, they can't do everything smoothly. In the end, it's their own fault.

She patted her wrist gently. Her brow was deep, but it soon spread out. "Don't worry about the affairs of adults. Since you want to marry into Fengjia, you have to work hard. Fengjia is not a casual person."

"Mom, I will definitely marry Feng Yan!"

I will marry Feng Yan.

.....

Eastern European island.

It's almost night.

In this city, it looks very quiet.

"Sir, you have to break the needle for the cold."

The wound was detoxified.

But the wound is too big, and it will be sutured in a few days.

"Our young master has something to do. Do you think we can do the operation as soon as possible?"

Feng Yan was worried and kept looking at his mobile phone, but it didn't ring until he got there.

All of a sudden, there was a sound at the other end, and the nurse hurriedly pushed the door in, "Dr. Chen, the matter is not good. The patient with malaria on 1102 has a high fever, and the emergency doctors in the hospital are not here. Would you like to have a look?"

## **Chapter 266**

The doctor frowned, "how good are not, I am a surgical..."

"There's blood on the patient. The wound hasn't been bandaged yet. We're all thumbs. His husband won't let us touch her."

"How can it be so bad!"

"I don't know. It seems that I had a quarrel with my husband, so the situation under control is worse now..." you know, malaria patients are not like her.

"Did you call the police?"

"Her husband's people are guarding the ward and won't let us report to the police. If we dare to report to the police, we will report to the police first. Each of the people his husband brings is very strong. We are afraid of those people, so we didn't dare to report to the police."

"Nonsense, this is a hospital. I'll go and have a look! And they have to take the law. " The doctor didn't like that person at all. Since he came, he felt as if he had entered a underworld. This is a hospital.

He took an apologetic look at Feng Yan and took care of the last wound for him. "I'll ask the nurse to arrange the ward for you. You'll wait here for a while, and when the time comes, you can arrange the operation..."

With that, he went in a hurry. The door was not closed tightly. At the moment, he listened to the doctor holding the treatment report, "it's su Xiaowan..."

Just after listening to those three words, Feng Yan immediately clapped his case.

"He just said Su Xiaowan?"

He thought he had heard wrong.

"Young master, maybe it's really our little grandmother. Just now our people found Xia Chenyan's boat. It's empty, but the boat is on this island."

Feng Yan Mou son is deep, followed up.

Su Xiaowan took a cold bath. Unexpectedly, she had such a gorgeous fever.

Xia Chenyan looks at the woman on the bed. She says that she wants to go to the toilet and won't let anyone in. But who knows, when the nurse went in later, she watched her lie in the bathtub and take a bath.

It's still cold water.

Xia Chenyan is furious.

"Feng Yan..."

Listen to these two words, Xia Chenyan slams the door and comes out. Even if he is in an unstable mood, he still thinks of Feng Yan.

"Young master, I heard that the hypnosis in this hospital is very effective." One side of the woman looked at Xia Chenyan's angry smoking there, for his advice.

The man was holding a cigarette, which was full of smoke. In fact, he didn't like smoking, but I don't know why. During this period, he wanted to smoke when he encountered something bothering.

"Hypnosis?"

"Yes, the young granny is in such a situation that she never forgets the young master Feng. If she takes him away by force, I'm afraid that things like this will happen at any time. She has a strong disposition. If she carries out hypnotic surgery and turns the young master's image into your own, can you and the young granny live together without any gap?"

To tell the truth, Xia Chenyan is moved.

Hypnosis.

He has never been involved in this field.

"Get me the information about hypnosis and I'll study it."

"Yes."

The woman bowed and left.

Xia Chenyan stood there alone and didn't know that his family had fallen out for him.

Xia didn't know how many valuables he broke. "You said that bastard's phone had been changed?"

"Yes, I can't get in touch with the young master!"

"Young master! He has lost all my face. He has nothing to do with my Xia family. He wants to lose his face. This damned bastard is spoiled by his mother! " The old man banged on the ground with his crutch.

Chen Jie is now in the wind, half dead lying there, and this one, and don't let yourself worry.

Master Xia sighed. His son was not as strong as he was. Thinking of the girl, master Xia hit hard.

It's unfortunate.

I didn't expect that it would end up like this.

It's retribution!

Feng Yan followed the doctor and came to the ward. Xia Chenyan was not there. Looking at Feng Yan's strange face, "this is a private ward. Please leave."

Because he can't see the inside, and now Feng Yan's hand is injured, there are six people guarding this place. Feng Yi knows that the young master's temper has come up.

He pulled him.

"Young master, you should think about the young granny now. We don't know the condition of the young granny now. Malaria is a serious disease. We can't delay the treatment. Now Xia Chenyan's staff don't know the number. Since he has done such a thing, he has definitely figured out the way out. We have to wait for our people to come to him..."

"Do you want me to bear it?" Feng Yan's veins burst up. He couldn't bear it. He didn't know how long he hadn't seen her. Every cell in his body was thinking about her.

Now, she is in it, and her life and death are uncertain. How can he be at ease? Even if he is going to meet them today, he has no chance of winning.

Feng Yi looked at Feng Yan's hand. Young master's temper, even if he would offend himself, he had to do so. He knocked at the back of the man's neck.

The man passed out.

"I'm sorry, young master. I can't let you take risks!"

He arranged the people in the ward next to Xia Chenyan, and went out to have a look at the people in the corridor. People came and went, about 70 or 80 people.

Most of them will arrive in the evening, but now he is No. 78. He can't compete with them by force. Suddenly he catches a glimpse of a familiar figure, and he immediately turns to enter the ward.

Xia Chenyan saw only one shadow.

He frowned and looked at the ward at the other end. "Didn't he say no one should be arranged next door?"

"The hospital said that there is no other ward, so it can only be arranged here, but don't worry, young master. He will be discharged after the operation, and he won't stay long."

"Well, here you are?"

"All the information is here."

Xia Chenyan pushes the door in and walks into the ward.

Su Xiaowan was lying there, wrapped up in a quilt, and there was someone else in the ward, so she

blinked at the nurse all the time. Unfortunately, the nurse was so stupid that she thought her eyes were broken, which made the tall man look at her several times.

"I don't eat."

She resisted looking at the people who came in. She couldn't be cured so quickly. Since others couldn't help, she had to rely on herself.

The nurse looked at the man who came in. She was so gloomy that she really did evil.

"Ma'am, if you don't take the medicine, you will die if you keep burning like this."

"Death is death. You think I'll be afraid. It's better to die if I stay here --!" Su Xiaowan is a violent temper, at least very early, she knew how to endure, now she, under the protection of Feng Yan, does not need to endure.

I don't know what to do if my brother can't contact me?

It's all because of this damn man.

"Su Xiaowan!" It's better to die than to stay here, which stimulates Xia Chenyan all of a sudden.

"Xia Chenyan, I said I don't like you. If you leave me here, I won't like you either."

"Is it?" Kwai Chen said, pinching the information, threw it on the table. "Arrange the doctor, I want to operate as soon as possible."

operation?

What's that?

"Xia Chenyan, you are in good health. What kind of operation do you have?"

"Xiaowan, I just want to have a good relationship with you. If you are good, you will suffer less. Why do you have to make trouble like this? I'm not like Feng Yan. I'll feel sad after seeing it. I'll only be more angry and angry about what he has done!" Xia Chenyan glared at her.

The cold eyes seemed to burst at once.

She was a little uneasy, but she was unarmed. She didn't know she shouldn't be brave.

Because Xia Chenyan is terrible.

She chose to shut up.

"Take the medicine, please." It seemed that she had become so docile that he was in a good mood.

"The medicine is too bitter." She took a look at the bowl of medicine, she is a smart person, the current environment, hard for her no good.

Sure enough, as soon as she finished, the next second, her eyes came. She took the medicine and lifted her eyelids. Because she had a fever, she didn't look good.

"You can ask me to take medicine, but the medicine is too bitter. I want to eat strawberries. I used to take medicine... Xia Chenyan, I want to eat strawberries." She just heard from the nurse that there are no strawberries in this place. In addition to the current weather, it is not the season for strawberries to come on the market.

If you want to buy strawberries, it must take time. This medicine is estimated to be

"Go and buy it!"

That hand Leng for a while, here is located in the island, surrounded by the sea, is not suitable for strawberry growth environment, "young master, this place is adjacent to the island, strawberry is a precious thing, to eat, can only go to Jiangcheng!"

"Xia Chenyan, you said that you could give me anything I wanted that day. Now I just want to eat strawberries. Is that what he said? If you don't want to buy it for me, don't talk big. If Feng yanzai is here, as long as I say, he will definitely buy it for me... "

"Buy it at all costs."

Xia Chenyan turned to look at her, "don't mention his name in front of me."

"....."

"Take the medicine!"

"Go to the fridge and get me a yogurt."

"Take the medicine and drink it again!"

Su Xiaowan tightened her brows and saw that she couldn't get rid of it. She was really miserable. She had been holding her eyelids for a long time, waiting for Xia Chenyan.

Feng Yan, shouldn't you stop looking for her?

Su Xiaowan frowned and finished the medicine. She lay down and looked at the people staring at her.

She lifted the quilt again. "I'm going to sleep. You let them all go out!"

The man is sitting in front of the desk at that end. Xia Chenyan almost arranges her food and daily life in her room. She is completely watched by him 24 hours a day.

"You sleep in your sleep!"

"Xia Chenyan, you like people staring at you when you sleep. Besides, I've become like this. So many of you are looking at me. Are you afraid I can't escape? I just want to sleep for a while. You go out, too! "

"When I go out, you'll go to sleep?"

"I can't lift my eyelids. I'm really sleepy." Su Xiaowan is beside Xia Chenyan. She doesn't dare to sleep at all. She doesn't even dare to take a nap.

All the time, I'm tight.

Xia Chenyan is just about to discuss hypnosis with the doctor, "you'd better not play smart for me. I've already inquired about Feng Yan. He knows that you've got on my car. Now he has withdrawn the people who are looking for you. Xiao Wan, he doesn't want you any more..."

## **Chapter 267**

I don't want you anymore.

The words were fatal to her.

She dragged the quilt, Feng Yan would not want her, he would not.

She is very clear about Feng Yan's heart. He likes her.

But even though she thought so, her eyes were moist. Maybe it's because Feng Yan hasn't come yet.

She lifted her eyelids and didn't want to expose her emotions to the man's eyes.

"Can you stop the ink? I'm going to bed."

Xia Chenyan took a look at her, Feng Yan in her heart position, sooner or later, one day, will become their own.

Take good care of the people at the door, Xia Chenyan left.

Listening to the news, Su Xiaowan sat up from the bed, her hands holding her knees, Feng Yan... Really will not her?

Bad guys don't come to her.

She's really scared. She's afraid that Xia Chenyan will make some drastic actions. She's afraid that she can't protect herself, but it's clear that she's provoking her back.

Feng Yan should be very angry.

I don't know why Xia Chenyan became like this. I don't know why. She feels powerless now.

"Cough..." she covered her mouth and coughed. Looking at the medicine on the table, she reached over and drank her.

She wants to see Feng Yan!

You can't really die.

The ward was restored to its original desolation. All the things in it that could contact the outside world were taken away by Xia Chenyan, and even his mobile phone was directly thrown into the sea by him.

In the other ward.

Feng Yan's eyes could almost shoot Feng Yi through. Now Feng Yi trembled.

"Young master, I've inquired about it. Young grandma is next door to you!"

Hear next door, Feng Yan's expression just slightly fade a little bit, want to get out of bed, but was held down by Feng Yi.

"Don't worry, I've asked them to come as soon as possible, but young master, if you want to save the young granny from Xia Chenyan, you still need a long-term plan."

"Just now I watched Xia Chenyan leave, but I don't know how many people are still in it. The young grandmother is in their hands. If they threaten us with the young grandmother, we will not only save them, but also frighten them."

After all, they did it secretly.

Xia Chenyan catches the young Granny and naturally pays attention to the movement of their villa. He specially shows his proud smile on the monitoring. He hopes that Feng Yan will be angry to death when he knows that Su Xiaowan has taken the initiative to get on his car.

Feng Yan hit his bed hard with his hand.

Although it's a bed in VIP ward, it's just a bed. It's creaking with such a hard blow.

When Su Xiaowan was just about to lie down, he felt the wall behind him vibrated.

There's someone in that room.

She almost got up without thinking.

Because when she was pushed into the ward, she listened to Xia Chenyan and told the doctor that outsiders were not allowed to live in this ward.

So she didn't know there were people living next door.

She wants to knock on the wall and ask for help, but she is afraid that the person opposite is Xia Chenyan's person. Not only can she not ask for help, but she will also expose her whereabouts. After Xia Chenyan, she will not let herself stay here alone.

no way.

But... Anyway, it's half.

She can no longer rely on the help of the nurses and doctors. After all, every time she sees a doctor, the doctors and nurses can't understand her expression at all. In addition, she does it too often. Xia Chenyan has become suspicious.

Listening to the silence at the door, she ran over and took a sneak look at it. Then she directly locked the door. After all this, she went to bed. After thinking for a long time, she still knocked.

She only knocked once. If that end is Xia Chenyan's person, I believe that someone will come to that end soon, but she didn't wait for anyone, nor did she wait for that end to knock back.

Didn't you hear that?

Su Xiaowan knocked hard again.

This time, Feng Yan heard it.

He turned over and looked at Fengyi. "Do you hear me?"

"Yes, it must be the young granny. It seems that there is no one there. Young master, I'll go and lead some people away from the door of the young granny."

Seal up the city and go out.

Su Xiaowan sat at that end, but he didn't wait.

Is the sound insulation so good?

But just now

How hard the man had to knock.

She was about to give up, but suddenly there were three taps on her head.

A picture flashed through her mind.

At that time, she read a book and passed on the passwords. Those strange passwords were very interesting, so she wanted to have a little secret with Feng Yan.

"Feng Yan, let's play a game. If I knock, you have to return me three times. If I knock twice, you will return me six times." At that time, she still remembered that Feng Yan looked at her like a fool.

"I'll knock first."

"Feng Yan, you are wrong. You have to knock three times."

"Just take it as our signal, you must remember it, or I will ignore you in the future."

"....."

Feng Yan?

She clenched her fist and knocked again.

The other end came back to her three times.

It's Fengyan. It must be Fengyan.

She wanted to shout, but when she heard someone talking at the door, she immediately got out of bed, unlocked the lock and went back to bed.

Seeing that no one came in, he knocked again with his fist.

At that end, I went back three times.

Her heart warmed.

Originally, Feng Yan came.

Suddenly, the original fear disappeared.

No one knows their little secret except Feng Yan.

She leaned on the bed and knew that the people next door were here, so she was relieved.

She fell asleep. She slept so well for the first time in such a long time.

The statement came out soon.

Xia Chenyan didn't see it, but his subordinates told him the news. He stood in the corridor, and now the dim light made people feel trance.

"I see."

Knowing the news, Xia Chenyan was very calm.

"Did the hypnotist contact you?"

"Well, I will arrange my wife's physical examination today. If there are no other problems, I can have the operation tomorrow!"

tomorrow.

The man pinches out the cigarette. After tomorrow, Su Xiaowan's psychology is left to him alone.

"Feng, what's the news?"

"Feng's house is still very quiet, but the rumors outside have made you ugly."

"Don't worry. Keep people staring at Feng's house. Tell me everything you do!"

"... but the old lady who sealed the old house contacted Miss Shen today."

Xia Chenyan congeals her eyebrows.

Jiangcheng.

It's so quiet that she can't be in a quiet place. Shen Qi'er comes here on high heels, a little timid.

Because the old lady was already dressed in bright red and had a great style, she was overwhelmed by it.

Sure enough, just like my mother said.

This old lady is not an ordinary person.

"Auntie..."

Auntie?

Listening to the voice, the old lady frowned, but she thought that her daughter-in-law called her grandmother. She was different from others.

Look at the woman in front of you. As soon as you get involved with her.

When the old lady gave birth to Feng Yan, she was already old, but she was well maintained, her face was white, and today she wore a red dress, which made her look more energetic.

"Who's your aunt? Don't yell!"

Shen Qi'er was just about to sit down when she heard the old lady suddenly speak.

The tone is cold, quite Fengyan's posture.

"What are you doing standing up for? Do you want me to look up to you like this? "

Shen Qi'er was always held in the palm of her parents' hands when she was young. Although there were women outside her father, she was still very good to her. In addition, the status of the Shen family was placed there. When she was young, it was... Most people listened to her. How ever did they look at others' faces like this.

But if you want to get married, you must give the old lady a good image.

"Old lady, have you been waiting for me for a long time?"

"I know I've been waiting for you for a long time and I'm so late. Shen Qi'er, you don't have any respect for your elders."

Shen Qi'er swallowed her saliva. Before she said a word, the old lady had already let herself down.

She pushed the chair aside and sat down.

Decided not to talk.

"You're dumb!"

"... what's the matter with you, old lady?"

Pop.

Throw out a newspaper from the bag, at the moment Shen Qi'er looks at the big title, this topic or let the reporter write, so see, a little guilty.

"Shen Qi'er, our daughter-in-law is gentle and doesn't care about you. It doesn't mean that our family is bullied."

"Old lady, what you said is that I just went to find Feng Yan. I don't know how I was photographed. Besides, you... Su Xiaowan ran away with a man. She didn't want Feng Yan."

"Our daughter-in-law loves my family, ah Yan. She's alive and well. You say she doesn't want ah Yan."

"It's a fact. Su Xiaowan did run away with others."

"You... My daughter-in-law is angry with a woman like you. I tell you, my daughter-in-law is easy to bully, but it doesn't mean we are easy to bully. This kind of news and next time, I'll see how I deal with you."

"You Shen Qi'er want to enter our sealed door, unless I die!"

Shen Qi'er was stunned by this remark. What kind of ecstasy did the damned Su Xiaowan give them, and even let the old lady speak for her?

The old lady is stupid. When she marries with the Shen family, and when she is with a woman who has nothing, people with a clear eye will choose the former.

She took a look at the passers-by outside. She probably recognized her, and immediately cried a little, "old lady, I respect you as my elder, but I like Feng Yan. Why don't you agree?"

All of a sudden, there was a flash. The old lady's expression was stunned. "Shen Qi'er, you can make me overcast!"

The next second, those people were stopped by a bodyguard, stuffed a few banknotes, and those people happily deleted the photos.

Shen Qi'er frowns.

This letter is really rich.

"As far as your face is concerned, no one's money is worth it. It's time for you to reflect --!"

"....."

Then the old lady left.

Shen Qi'er holds the cup in front of her.

This old lady.

It's really

At night.

Su Xiaowan wakes up. There are several doctors in the ward.

### **Chapter 268**

The doctors didn't seem to realize that they woke up, still holding a book to discuss something.

Su Xiaowan always feels that something is wrong.

Because of so many doctors, she met for the first time. At least, according to Xia Chenyan's personality, she would never arrange so many doctors to come to her own ward.

He didn't want to let himself communicate with the outside world. These people, who had just fallen asleep, were talking in front of themselves and didn't know anything.

Are you talking about your illness?

Worse?

But after taking the medicine, she didn't realize how uncomfortable it was.

Su Xiaowan thought of something and closed her eyes.

Listen to their conversation.

Until I heard a few fragmentary words.

—Now do hypnotic surgery, the patient's physical condition is not good, too hasty.

—Yeah, I think so.

Hypnosis.

She held her hand tightly under the quilt.

No wonder today, Xia Chenyan seems to be very kind to her, originally planned to do hypnotic surgery

for her.

She frowned.

She would have jumped up if she hadn't been able to refute now, but now she had to calm down.

Xia Chenyan can not be aware that they know this thing.

Now Feng Yan is next door. If she really quarrels with them, it will be bad for Feng Yan to meet them in a hurry.

But she clearly knows how many people Xia Chenyan invited.

We can't let Feng Yan take any more risks.

Xia Chenyan looked at his watch, "OK, what's the noise!"

"Young master, please consider our proposal."

"Get out of here!"

"Yes."

The doctors looked at each other, but they went out with their heads down. Now the doctor took the diagnosis and went to the other side.

"Sir, the woman inside has got malaria, which is very serious. As you said, he has been told, but he doesn't seem to listen to our suggestions. There are more than a few doctors here. If he asks others..."

"I'll see what happens after that. You deserve it. Give it to me --"

The doctor timidly took out the mobile phone and handed it to Feng Yi.

Feng Yi took a look at the photo on his mobile phone, and then he went back to the ward with satisfaction.

"Here you are, young master!"

Feng Yan is holding a mobile phone. When these doctors went to find them in Xia Chenyan early in the morning, they let Feng Yi buy them. In order to take her photos.

Originally just want to take a picture, did not think, Xia Chenyan actually use such a brain.

"Young granny's body is not suitable for long-distance travel. Young master, our people will arrive in an

hour. I don't think it's a good way to meet them. I've seen it both inside and outside. Although the window near the ward is blocked by Xia Chenyan, the medical students are building facilities these days. As long as the balcony outside is open, let our people lead Xia Chenyan away, it's not difficult to save her. Besides, she certainly doesn't want to meet Xia Chenyan's people because of her own affairs. "

Feng Yan looked at the sick woman, "if you don't save her, she will cry."

How long has it been like this, like a poor little wild cat.

Fengyi, "... The young granny is not a weak person. She will protect herself."

According to the idea of Fengyi, things are going on like this. Before long, Xia Chenyan's phone rings. It belongs to Xia Laozi. He can't quarrel with Xia Laozi in the ward, so he can only go outside with his mobile phone.

At the same time, Feng Yan fully armed into the ward of Xia Chenyan, said to repair the ward, because the typhoon is coming soon.

This is a coastal island. The typhoon is coming. It's very violent.

Those men didn't say anything.

"Don't disturb the people inside."

"Don't worry."

Feng Yan goes into the ward as he wishes and looks at the woman sitting on the bed. He takes a look inside. There is a woman standing inside, who should be monitoring Su Xiaowan.

"I said, you stand here, I can't sleep" Su Xiaowan complains that this woman has been malicious to her all the time. Slowly, when she looks at her at the moment, there are more complaints in her eyes.

Sticking to dogskin plaster, who would like it?

"The young master told me not to leave for a second. I must keep an eye on you."

"... I don't think I can get better. I'm so angry with you. It's strange that I can get better. Anyway, I don't want to get better. I won't take this medicine." Su Xiaowan spoke leisurely.

Looking at the man who came in, I don't know why. She always felt like she had seen him somewhere. The next second, she recognized him.

Feng Yan.

"What else are you looking at? Get out of here The woman has a big temper. At the moment, she doesn't dare to say Su Xiaowan. She can only spread her anger on this man.

The man's face suddenly cooled down.

Su Xiaowan looked at the woman and said Feng Yan. He looked at her angrily, "what's the matter with him again? I want you to say that to him!"

"I..."

"What are you doing? You're here to take care of me, not to be the commander of the eldest lady. I can't sleep when you're here. Please sit away!"

"....."

Feng Yan's eyebrows were gently lifted.

The feeling of being protected by Su Xiaowan is really good.

He realized that his eyes had been fixed on Su Xiaowan, and he had been granted the capital back. Then he went to that end.

Before and after, there were a lot of people, and it was nothing to him. It was su Xiaowan. He didn't want Su Xiaowan to suffer.

Two people came to the balcony, sure enough, the balcony has been locked.

"Young master, it seems that Xia Chenyan spent a lot of manpower to prevent his wife from leaving"

As soon as the words of Fengyi came out, Fengyan kept a close eye on him.

He knew he had said something wrong.

Su Xiaowan wants to get out of bed, because Feng Yan is on the balcony over there, but as soon as he gets out of bed, the door is pushed open and Xia Chenyan comes in.

Su Xiaowan wants to scold, MMP

"What are you doing out of bed?"

"Go to the bathroom."

Xia Chenyan looks at the inside of the room and suddenly notices the two people outside. Just as he is about to walk over, Xia Chenyan naturally knows Feng Yan, so Su Xiaowan is not sure whether Xia

Chenyan will recognize the disguised Feng Yan now.

There are so many people here.

Besides, she saw these men with guns yesterday.

If

"Xia Chenyan, I have something to tell you!"

Watching her walk past, Su Xiaowan immediately opens her mouth.

In fact, there was nothing wrong with her, and she didn't want to say anything to him, because she thought it was too annoying, but now... Feng Yan came in alone.

Sure enough, when he heard something to tell him, Xia Chenyan immediately turned around.

"What's the matter"

"I hate her very much. Can you find a gentler woman to come here?"

The woman trembled at the mention.

"Why?"

"... there's no reason to hate it! It's like... "I hate you.

Of course, Su Xiaowan didn't say the following.

Because Xia Chenyan will get angry if he says it, then Feng Yan may not be able to leave.

Besides, she also has her own plan and wants to cooperate with Feng Yan.

"Why does she bother you?"

"... she's jealous that I'm prettier than her, so every time you're away she's bossing me."

"... you're bullshit."

"You see, she glared at me again. I'm angry with her for my illness"

Xia Chenyan stares at her, "what tricks are you going to play?"

Feng Yan was dragged away by Feng Yi. Even now, he wanted to stay, but Su Xiaowan's hand was always

making gestures to them.

If you want Feng Yan to beat Xia Chenyan, it's nothing to say. Su Xiaowan bumped into Feng Yan when she got close to him.

"I... if Feng yanzai, I just want to say a word of disgust. He won't let me see this man again. Compared with him, you're a big difference. So you say I don't like him. Who do you like?"

Xia Chenyan's anger is burning, and he doesn't notice the person at the door at the moment.

I want to be angry now.

"Su Xiaowan, I thought you wanted to open up these days!"

"I thought I wanted to open up, but looking at your attitude towards this woman, I know more about my heart for Feng Yan."

Feng Yan went back to her bedroom. Just now Su Xiaowan gave her something.

It's a piece of paper.

—Feng Yan, don't try to be tough with them. Tomorrow morning, Xia Chenyan wants to do hypnotic surgery for me. Find some people to arrange a medical accident and take me away.

—He is as stubborn as you. I'm afraid that after you take me away, he will continue to pester me. I don't want to encounter such things again. Feng Yan, listen to me once.

I don't know when it was written. Anyway, the handwriting is very awkward and there are several typos.

"Is everyone here?" Feng Yan raised his head and asked.

"It's all here."

"Tomorrow morning."

"Yes."

At night, Xia Chenyan was angry to leave, did not come back to the ward, and the woman was also taken away by several people, provocation for Xia Chenyan, is still useful.

All of a sudden, listening to what happened on the balcony, she was still a little afraid. The next second, she just watched a man coming.

Feng Yan.

She just jumped down from the bed, "Feng Yan --!"

The voice is sweet and greasy, which is heartbreaking.

"You've come. I've been waiting for you for a long time. I thought I'd never see you again."

"Fool." Feng Yan had a lot to say, but in front of her, there was only one sentence left.

When he watched the surveillance video, he wanted to ask her.

Why did you get on the bus.

He was angry in his heart.

But now, looking at her like that, all the anger is gone.

"Feng Yan, how did you... How did you get here?"

"Come here."

Climb?

Su Xiaowan leaned over and looked at the obstacle at that end, "you come here today, that's..."

"Or what do you think?"

Su Xiaowan, with a wrinkled face, said, "I thought you came because you missed me!"

Feng Yan laughed because he missed him. He wanted to fight to the death. Anyway, he was not afraid of death. Besides, if so many people fight against them, they may not lose.

But Su Xiaowan said, let him listen to her once.

He listened.

"Feng Yan, you really don't know how to say love words!"

"I can learn for you."

"Who wants you to learn? What you learn is left over by others. If I want it, it should be unique, just like Fengyan you."

the one and only.

"But I think you had a good time talking to him."

## **Chapter 269**

"I'm... I'm afraid you'll be found out by him."

"You think he and I will be better?"

Su Xiaowan embraces his shoulder, pads his toes, and kisses him on the face, "how can it be! It must be you, and you're a little bit better than him. "

With that, she blushed.

Feng Yan looked at her and bent down to his face. For him, the little bit of kiss just now was like a boot to stop itching.

He missed her, missed her, and worried about her all the time.

"Give me a kiss and I won't be angry."

Su Xiaowan naturally knows what this place is. Xia Chenyan may come in at any time. She doesn't want Feng Yan to have a direct conflict with Xia Chenyan.

When he thought of something, Su Xiaowan came over to hold him and spoke softly Feng Yan, you can't kiss any more. If you kiss again, you can't control it any more... "

When Feng Yan's lips were close to her, Su Xiaowan's eyes were very big, but then she didn't resist again and let Feng Yan kiss her.

With Feng Yan by her side, she is not afraid of anything.

She likes Feng Yan, so she is willing to kiss him.

Gradually addicted to the man's kiss, Su Xiaowan's hand gently around his neck.

"Feng Yan, were you jealous just now?"

Su Xiaowan's breath was disordered by Feng Yan, and her heart couldn't listen to her.

"What do you say?"

"It's just being jealous. You're jealous."

She seems to get the candy, contented, cuddle him, and go up a kiss, but was sealed away, "you want to

try here?"

Su Xiaowan can also detect the people at the door, she shrank in Feng Yan's arms, "don't want to."

"How close is that?"

"I miss you, so I want to kiss you." She stuck to his heart as if she hadn't heard it for a long time.

"Will you sleep with me tonight?"

"Well."

She thought that Feng Yan would be angry with her, but he didn't.

Why is he so good!

Fortunately, I don't know what luck she had. She met such a good man.

Su Xiaowan's heart was warm. Feng Yan didn't move her. Her broad arm held her tightly in her arms. "If you want to go, I'll take you away at any time."

She frowned, "Feng Yan, didn't you say that you would listen to me?"

"Now I just want to take you away."

"... don't be so impulsive. They have guns in their hands. If they are so tough, you will get hurt. Feng Yan, you have done too much for me. Since I provoked this matter, I want to solve it myself? How about that? "

"How do you solve it?"

Su Xiaowan thought about it. After all, she wanted to cooperate with Feng Yan, so she told the whole story. At the end of the day, her eyes went up, "what do you think of my plan? Is it perfect? I haven't slept much during this period of time, and I think about it every day! "

When she didn't sleep, she had thought about it countless times, and she had succeeded in running away.

Feng Yan embraces her, and her idea is feasible, but he has a better one.

"Feng Yan, after tomorrow, I will sleep in your arms! That's good. "

She is greedy for the man's breath, and secretly kisses him on the face. Then she lies in Feng Yan's arms and sleeps deeply.

Feng Yan looks at her, this girl.

He bowed his head and gave her a kiss on the forehead.

Xiaowan, you won't be allowed to have such a thing in the future, not at all.

.....

Xia Xiyuan knows the news that Su Xiaowan is missing. It's in the newspaper. It's clear that Su Xiaowan has run away!

She is clear about Su Xiaowan's feelings for Feng Yan.

Besides, she won't do such behavior.

However, the pictures on the monitor are actually Su Xiaowan's and Xia Chenyan's.

On that day, it was su Xiaowan's birthday.

She wanted to continue to read, but the newspaper in her hand was directly robbed by a man. The man who came was Lu Shimian.

"What are you doing?"

She has been hiding at home for a long time. Last time, she didn't know how to face the man in front of her. When she looked at him, she always remembered the fiery scene of that night for no reason.

She was flustered.

Lu Shimian leaned forward and gave her a kiss on the face. Xia Xiyuan was in a mess. "Lu Shimian!"

"You've been avoiding me these days. Don't you want me to kiss you or hold you?"

"....."

"But I miss you, so I want to kiss you and hold you." With that, Lu Shimian came over and held her in his arms.

Xia Xiyuan angrily pushes him away, but Lu Shimian's head is actually resting on her shoulder. Her fingers tightly confine her waist and encircle her waist.

I can't move at all.

Xia Xiyan's face is more red for a moment, and her hands are trying to support him and keep him away, "what do you want to do?"

The man's eyes are shining, with ridicule, "want us to be closer."

Xia Xiyan wants to cry without tears.

"You... You dare!"

"What do I dare not to do? Anyway, you are my wife and I should sleep with you. It happened on that day. I think I still can't forget it now. Why don't we savor the moment at that time?"

Lu Shimian usually looks like a dog in a dog's face. He does things in a vigorous and resolute manner. He also looks cold in the face of other people. But from what he says

Xia Xiyan hasn't reacted yet. Lu Shimian has moved his hand to her lips.

I rubbed it on purpose.

"You came up that day to kiss me"

"... you... You rascal."

Xia Xiyan's body shakes, and that scene is introduced by Lu Shimian. He likes to look at Xia Xiyan's flustered expression, so that he can feel that they seem to be back before.

Xia Xiyan is angry now. Her mind is full of the absurdity of her and Lu Shimian that night.

I don't know if she has been hanging in her heart all the time, so at this moment, her head suddenly flashed, opened her mouth directly, and bit Lu Shimian's hand.

Bite him to death.

Let him pretend to be here.

"Hiss..."

Lu Shimian didn't expect that she would bite him. Now he took a breath, "do you belong to a dog?"

"... don't hold me casually when you know the pain. There will be more cruel next time!"

"Oh, where are you going to bite next time?" His eyes are teasing, with a bit of provocation, falling on Xia Xiyan at the moment.

Xia Xiyan felt that Lu Shimian, a man like a dog, could no longer see him.

"If you dare to use such a brain again, I'll bite you to death!"

Lu Shimian looked at Xia Xiyan, who was very cute. He reached out and touched her head. "Tuanzi, let's stop quarreling and live a good life!"

Xia Xiyan frowned, "who wants to live a good life with you, go away!"

All of a sudden, the mobile phone rings. It's su Xiaoxiao, her graduate student. Most of the reason why Su Xiaoxiao makes friends with him is because she has the same surname as Xiao Wan.

She is still very fond of people surnamed su.

"Go away, I'll answer the phone!" Lu Shimian looked at the name on the phone. It was a woman's name, and then he let her go.

"Hello, little one?"

"Xiyan, you haven't come to school for several days. What happened to you?"

"I'm not... Isn't there no class tomorrow? I've had a stomachache these days, so I'm keeping it at home. By the way, I haven't called the roll recently, have I? "

"Don't worry. I've already called for you."

"Thank you. I'll invite you to dinner next time."

After chatting with Su Xiaoxiao for a while, Xia Xiyan hung up and found that Lu Shimian had left. He was free. He was hungry and went to the kitchen. As a result, he watched the man cooking noodles there.

"....."

She seems to have seen something terrible. Lu Shimian has never touched yangchunshui. Since childhood, she has been a mischievous person. Standing here, she has become a family cook. It's really

"Hungry? After a while, you can eat it! "

"Are you sure you can eat what you make?"

"Tuanzi, you've been away for three years. I've learned a lot in these three years." That words, quite a bit want to be praised.

Xia Xiyan frowned and turned to go out.

Lu Shimian is making spaghetti. In recent years, he can't get used to eating things outside, but he especially misses the spaghetti she used to make for her parents. As time goes by, he learns it by himself.

Su Xiaoxiao hung up. At the moment, she received a call from her mother, "come back quickly."

"Mom, I still have classes!"

"The Su family is in such a mess. Look what happened to your good sister. She ran away with other people. I went out to sell a dish today and listened to them talking about it. It's a shame."

Su Xiaoxiao is the daughter of Su Zheng's sister. They are from the countryside. Because Su Zheng is listed as Su Xiaowan's mother, Su Zheng bought them a house.

"Didn't Qiqi say that he was going to get out of prison a few days ago?"

"Yes, so your uncle asked us to come over."

"I'll go home later."

.....

In the morning, Su Xiaowan opened her eyes and saw Feng Yan. This morning, it was like a dream. She thought it was so sweet.

She climbed over and gave him a kiss in the face.

When I reacted, I found that I had salivated on his clothes.

In front of the man you like, you naturally want her to see the best of yourself, but... She used to sleep without drooling. Just as she was going to wipe it, the man's eyes opened.

"You kiss me?"

When he was caught, Su Xiaowan beat him with a small fist, "you know you still say it!"

Looking at him, it seemed that he didn't sleep all night? So you didn't sleep? "

"No

Su Xiaowan was relieved.

"You were calling my name all night yesterday."

Su Xiaowan is really about to be

"I don't talk in my sleep."

"....."

All of a sudden, I feel the environment they are in now, "Feng Yan, you go back first!"

"When you're done, you're going to drive me away?"

### **Chapter 270**

"You know that's not what I mean."

Feng Yan came over and gave her a kiss on the face. Looking at her appearance, he stopped teasing her, "wait for me."

"Well, I'll wait for you."

The two intimate people can't be separated at the moment.

Finally, Feng Yan stuck to her ear, "do you want me to go?"

"....."

Su Xiaowan's cheek is red, "tomorrow I must hold enough."

"Good."

Feng Yan went to the balcony contentedly. I don't know why he was so secretive. He was her husband.

"Watch your feet. Don't step on them."

Su Xiaowan is standing on the balcony. Now she is afraid that Feng Yan will jump down. Looking out from here, she is scared. If Feng Yan falls down, then

"Be careful..."

Suddenly, a voice came from behind.

"Be careful what?"

Su Xiaowan turns her head, her eyes show a smile and panic. There are several doctors who follow Xia Chenyan. At the moment, Xia Chenyan's eyes are staring at her tightly.

She didn't dare to look behind her. These people were fierce.

"Watch out for the jackals, tigers and leopards." Su Xiaowan closes the door of the balcony. She can't hear the movement of that end. She should have left Fengyan.

Xia Chenyan went over doubtfully and looked at the balcony. There was no one.

But for Su Xiaowan's words, very uncomfortable.

"I said, he won't come to save you, you die of this heart."

"... I didn't mention him either. Xia Chenyan, do you know that you can't compare with him, so you have to brush his sense of existence all the time. Feng Yanren is good. It's always in my heart."

"You..."

Xia Chenyan's angry face turned green.

The doctors took a look at Xia Chenyan, "Sir, it's all arranged. We have to do it as soon as possible!"

"Xia Chenyan, what do you want to do?" In fact, she knew it all in her heart, but in the current environment, she still pretended not to know.

Looking at the woman's panic, Xia Chenyan walked over and said, "now I know I'm afraid?"

"....."

"Take her to check!"

"Yes."

The doctors came up and pressed her hand. Su Xiaowan couldn't move, so she was forced to press on the bed. Then, the anesthetic entered the body.

Soon, Su Xiaowan couldn't move.

The doctor who was close to him suddenly winked at her.

Su Xiaowan was still nervous, but the doctor came close to her and suddenly said, "don't worry, I've done everything you said!"

It's Feng Yan.

She was relieved at once.

The doctors pushed her into the operating room. Xia Chenyan wanted to go in, but she was blocked, "young master, your presence will interfere with us..."

Su Xiaowan falls into a warm embrace. Her eyelids are a little heavy, but she knows who it is.

"Feng Yan..."

The sweet and greasy voice made Feng Yan feel like a wild goose. He held Su Xiaowan in his arms and left by the back door.

And the people who have been arranged are pushed out at the moment.

The woman was biting the cloth tightly. At the moment, she was looking at the doctors at that end. This man was no other than the maid who was driven out.

Xia Chenyan fidgeted at the door, and suddenly a group of people came.

It's the police.

"Are you Xia Chenyan?"

Xia Chenyan looked at those people, "are you..."

"We suspect that your company is suspected of false bidding, please come with us..."

Xia Chenyan noticed something was wrong, but his hands were handcuffed.

If you want to go in again, you will be taken away by several policemen.

Xia Chenyan's people rushed in to have a look, and saw the woman tied there.

"Not yet!"

.....

Su Xiaowan leans on Feng Yan. They are on the helicopter now. Feng Yi is there, saying that when they came, it was Feng Yan's plane.

She knew that Feng Yan could fly anything, but she didn't expect that Feng Yan could fly a plane.

Her husband, how can he be so powerful.

I can't find the lantern.

"Husband, you are so good!"

It was the first time Feng Yan heard Su Xiaowan call her husband. Her sweet and greasy husband made him calm down. Feng Yi saw that Feng Yan's ears were red.

This is my first love.

He lowered his head. "I'll go over there and have a look."

Then he stood up and went to another cabin.

It's a helicopter, but there are two cabins.

Su Xiaowan looked at Fengyi and said, "Fengyan, I call you husband. What's the matter with him?"

"He was envious."

Just now, considering Fengyi, she kept a reserved posture. Now Fengyi is gone, and she wants to stick it on Fengyan.

She hugged him, "you can't move, let me hold, say good will let me hold enough."

"Good."

Listening to the steady and powerful heartbeat, Su Xiaowan felt that they had really left the island and looked out the window at the blue sea. "Feng Yan, I really like the sea, but if I watch with him, I don't like it."

"Well? Are you confessing to me? "

"... no, how can I do the advertisement, Feng Yan? You haven't said you like me yet!"

"What do you want to hear?"

"....."

What do you mean? What do you want to hear?

Su Xiaowan shriveled, Feng Yan is a straight man, from the first time with him to know.

He can't beat around the bush when he talks to her. He looks very smart on weekdays, but when it comes to falling in love, it's

She began to rummage. "If you like me, why don't you remember my birthday? Even he remembers my birthday, but if you don't, you don't say anything. I've known you for so long, and this is my first birthday. "

Girls are very serious when they are haggard.

"Who said I didn't remember."

Su Xiaowan blinked and looked at her innocently, "do you remember?"

"Of course."

"What about the gift?" She reached out for it.

It didn't wait for the gift, but Feng Yan's hand held her tightly.

"I knew you didn't have a gift!"

"Am I not?"

"You?" Su Xiaowan's good-looking eyebrows frowned and looked at Feng Yan. "You don't want to give yourself to me like them, do you?"

"... you don't like it?"

"I... like it." She leaned over and hugged him by the neck. "Then you'll be mine?"

"Well, it belongs to you."

Su Xiaowan didn't go home. Feng Yan took her to see the gift.

It's a Gothic building, like a castle. The more you look at it, the more familiar you feel. When she responds, "this is not before me..."

As like as two peas, Su Xiaowan had taken over the design before, and the design here was basically the same as that one, when the manager said it was a mysterious customer.

For this reason, in order to make the customer like it, she thought for a long time

"Feng Yan, you have already thought about it?"

"Do you like it?"

Su Xiaowan nodded, "I like... But..." she came close to Feng Yan and said, "Feng Yan, this gift is designed by me."

"This is your first work, for us in the future."

"What do you mean?"

"Starting tomorrow, we live here."

"Moving?"

"Well."

"I don't think you look young, but you have a lot of thoughts, but how about it? Who makes me like it?"

.....

In the evening, Su Xiaowan found out that Xia Chenyan had been arrested. Watching the news report on TV, she was stunned.

"Feng Yan, you didn't make this, did you?"

"Do you love him?"

"No, I have nothing to do with him. Why do you love him?"

"Well." Feng Yan came to kiss her cheek, and then held her, "I haven't held you these days, I can't sleep."

"Deceiving, didn't you hold me last night?"

"Can I still hold it now?"

"Who won't let you hold it?" Su Xiaowan put her hand around his neck, and then gave her a kiss on the face. "I'm on his side during this time. Don't you ask me if I've done anything I'm sorry for you?"

"... I believe you."

"I'm not going to be touched by him!"

"Good boy."

In fact, Feng Yan likes to spoil her, at least in her mind, what Feng Yan does, you can clearly know that he is spoiling himself.

However, Feng Yan didn't touch her at night. He just gave her a kiss, so there was no following.

If she didn't know that Feng Yan didn't give up before, she really suspected that there was something wrong with Feng Yan.

The news of Su Xiaowan's return is the first thing Xia Xiyan knows.

She came to Su Xiaowan's place in a hurry without class.

"Are you all right?"

"What can it be, isn't it good?" Su Xiaowan looks at Xia Xiyan. During this time, she seems to have lost a lot of weight. "What are you busy with these days? Why are you so thin?"

"I lost weight."

Xia Xiyan ordered a juice, two women together, is nothing more than those family gossip.

"You said Feng Yan hasn't touched you yet?"

"Take it easy."

"Can I take this light? What they won't say is true. Does Feng Yan really refuse? "

"No, I know he reacts to me, but..."

Xia Xiyan thought of Lu Shimian, the damned man, "if the couple's sex life is not harmonious, it will lead to divorce. Xiaowan, he doesn't respond to you, so that means... Is there someone outside Fengyan?"

"... impossible."

"A man can't control himself in front of his beloved woman, but you've been with him for so long, he doesn't touch you, it's unscientific, and I can see that he likes you..."

Su Xiaowan originally wanted to let Xia Xiyan come up with an idea, but now she is more upset.

Is there someone outside Fengyan?

Sitting in the car, Cheng Weiwei looked at her and said, "what's the matter with you, young granny?"

"I... Weiwei, you drive to Fengyan's company, Fengjia's company."

"Are you going to find the young master? Then I'll give him a call! "

"Don't... I..." Su Xiaowan refused, "I want to give him a surprise, do you say good?"

On hearing this, Cheng Weiwei applauded.

"I'll take you there."
