

good evening 271

Chapter 271

The car went to the Fengs building.

Su Xiaowan looked around, but he didn't go in.

"Young granny, won't you go in?"

"It's a little cold outside. I'll wait for Feng Yan to come out for dinner."

Cheng Weiwei glanced at her watch. At this point, she was about to have dinner, but it was time for dinner. In the past, young masters would eat in villas.

Maybe the young lady wants to wait for the young master to come home for dinner?

Cheng Weiwei has never been in love. For her, looking at the relationship between the young grandmother and the young master, sometimes she is really abusing a single dog.

But Su Xiaowan's head is long, the people in the company come out of the door in an endless stream when they get off work, and there is no Feng Yan.

At six o'clock, Feng Yan called.

"Where are you?"

"... outside."

"Come back for dinner."

"Oh Su Xiaowan frowned, "are you at home?"

"What else?"

What kind of person? I don't say a word when I leave.

But where did he come from?

Su Xiaowan always feels fishy when he thinks about it.

At home in the evening, Su Xiaowan posted a post on the Internet.

——Married for more than half a year, my husband didn't touch you

The message below is up to date.

Netizen A: your husband is gay, divorce as soon as possible!

Netizen B: reconsideration.

Netizen C: if you don't eat at home, you are mostly full outside.

Netizen D: divorce quickly, your man has an affair.

Netizen e: I think I have an affair. I tell you that men like novelty. Your husband must be very rich and there are too many women around him, so there is no novelty to look at you.

.....

Having an affair?

Is Feng Yan a junior?

Can't, Shen Qi Er so good-looking don't look up to, how can he have an affair, that affair looks like, impossible.

But Su Xiaowan was worried. The next day, Su Xiaowan called Cheng Weiwei to stay in Fengshi group.

"Young granny, do you want to go up?" After waiting for a while, seeing Su Xiaowan sitting there, Cheng Weiwei can't help but speak.

"Forget it. I'm married. I'd better go home."

“.....”

After several days in a row, Su Xiaowan didn't even see Feng Yan. As soon as she got home, she went online at home.

She replied to the following netizens: how can you tell if your husband has an affair?

Netizen Q: you are stupid. Smell the perfume left by other women.

Netizen Y: don't say you are a little girl. No wonder your husband went back to find an affair and told me to go too. You are so easy to be cheated!

what?

Does she look gullible?

Feng Yan takes a good bath and comes out. Su Xiaowan is reading the news left by netizens with her computer.

Did he take a bath as soon as he got home! If it's the first one, it must be.

Feng Yan has a habit of cleanliness. When he goes home, he basically takes a bath first.

Is Feng Yan a junior?

"What are you looking at?"

Suddenly, there was a warm hand on his waist. The next second, Su Xiaowan quickly closed the computer, "don't ask about things between women as a man."

She was a little guilty.

Put the computer aside, then pounce on Feng Yan's arms and draw circles with his fingers, "Feng Yan, do you like..."

The man felt that she was deliberately teasing himself, just like the finger was circling little by little at the moment, and Feng Yan had no self-control at all.

Before the words came out, he had taken her hand and said, "don't move."

The voice was patient.

Su Xiaowan looked at him. He felt it, but he didn't touch her.

She leaned over to look at his face, "Feng Yan, do you have a woman outside?"

"....."

"Then why don't you take a bath as soon as you get home without holding me?" Su Xiaowan felt like a detective at the moment, "is there a woman on you..."

The next second, she was in bed.

"Apologize to me --!"

Su Xiaowan's heart flopped and said, "I'm sorry."

"You have wronged me."

"... didn't you find it?"

"I have a headache with you."

"... you say I give you a headache, Feng Yan... Um..."

Su Xiaowan was tightly blocked by Feng Yan's lips, but in the end, he didn't move her and went to the bathroom to take a cold bath.

Su Xiaowan took a look at his clothes.

She frowned.

Is there no freshness?

Also, she doesn't even wear make-up every day. She wears so casually that she doesn't look like a girl at all. The more she looks at her rogue rabbit underwear, the more dazzling she feels.

Feng Yan likes cute.

Looking at her like this, can't you even kiss her?

Su Xiaowan had an idea.

But after waiting in bed for a long time, she didn't wait for Feng Yan. She went into the shower and knocked on the door. "That, Feng Yan, are you ok?"

"Go to bed if you don't want to be in the bathroom!"

"....."

Su Xiaowan fled.

.....

The next day.

Su Xiaowan went to the underwear store.

Yesterday, she searched the Internet, and those netizens gave her suggestions.

She went to the department store. In the villa, they chose a lot of clothes, but Su Xiaowan naturally needed to choose such hidden things by herself.

However, the underwear here is too... Bold and unconstrained, she can't hold it.

The shopping guide took a look at her wizened figure and even introduced her girl's bra.

Su Xiaowan is very embarrassed.

"I want this one --!"

It's a lace underwear. It's super sexy. When Su Xiaowan points at her, her face is still a little red.

The shopping guide took a complicated look at Su Xiaowan, but still chose a super small size for her. Su Xiaowan took underwear, which she hadn't worn yet.

Feng Yan should like it.

Think of here, her mouth hook sweet smile, a look up, did not expect to meet acquaintances here.

It's su Xiaoxiao.

She was the same age as her, but when she was very young, Su Xiaowan went to other places to study, so Su Xiaowan didn't know her very well.

But she didn't seem to be very good with Su Qiqi.

"Xiao Wan, why are you here?"

Su Xiaoxiao is the daughter of Su Zheng's younger brother. Recently, she was admitted as a graduate student in Jiangcheng University. She didn't tell her a lot of things about her mother, so she only knew the news that Su Xiaowan, who was making a lot of noise a while ago, ran away with others.

But when I saw Su Xiaowan here, I was slightly shocked.

Moreover, in front of us, this place is still an underwear shop, and Su Xiaowan is holding the sexy lace underwear.

Su Xiaowan saw the man and immediately hid his underwear back, "Xiaoxiao."

Su Xiaowan and Su Xiaoxiao have no hatred, that is, the role of blood ties.

"When Qiqi came home, your father couldn't get through to you. It's the whole family. She did something wrong and got the price she deserved; Well

Su Xiaowan looks at Su Xiaoxiao. Before, Su Xiaoxiao was very short and small, but now that she has learned how to dress up, she looks very good.

It's not the kind of charming, it's the pure pure taste.

Don't know how, thought of, if Feng Yan see Su Xiaoxiao, will also like her like this?

"Well, I know."

Although Su Xiaoxiao is smaller than Su Xiaowan, she has lived alone since childhood, so she is like a big sister, "the news in the newspaper... No matter how bad the letter is, you can't do it! Since you marry him for money, you should... "

"I... newspapers?" Su Xiaowan was confused. She was trapped by Xia Chenyan at that time. She didn't know what happened outside.

And, when you come to this place later, it's quiet.

Su Xiaowan knew that he was just a nobody, so naturally he couldn't stir up any waves, and he didn't pay attention to the national newspapers and so on.

"You ran away with the young master of the Xia family. We all know that."

what?

There's a newspaper?

Why didn't you say that letter all the time?

Besides, when did she run away with Xia Chenyan!

"If you really like master Xia, tell Feng family clearly." Su Xiaoxiao takes a look at the things in Su Xiaowan's hand.

The implication is that this underwear is for Xia Chenyan.

It's nothing.

Su Xiaowan wants to explain. But Su Xiaoxiao has already answered the phone and left.

Su Xiaowan paid and got into the car.

"Is there any news about me during this time?"

Cheng Weiwei a listen, "what news?"

"I ran away with Xia Chenyan."

"... the young master has dealt with it. It's a misunderstanding."

"Who sent it?"

"It's angel Shen."

"Do you still have the manuscript?"

"I'll look for it!" Cheng Weiwei bought the newspaper that day. She turned her head to open the locker at the other end, and she turned over the newspaper.

Su Xiaowan took a look at the newspaper.

What? She ran away with people, what? Shen Qi'er was waiting at the door of the villa.

This Shen Qi'er!

She clenched her fist.

"Young granny, in fact, Shen Qi'er intended to make you angry. If you are angry, it's just her way." Cheng Weiwei thought, "in fact, this matter is not handled by the young master. It's an old lady."

"You said old lady Feng knew about it?" Su Xiaowan was shocked. Such news is undoubtedly to discredit himself and run away with other men. What's the concept.

In such a rich family, it's shameful.

"Yes." Cheng Weiwei didn't think there was anything wrong. This old lady wanted to be nice.

When I was young, I took great pains to pursue the title of the old man.

"And she didn't say anything?"

"The old lady naturally believes in you. You are the one who sealed our family. How could the old lady let you be bullied by her? It's said that she has an appointment with Shen Qi'er! Just to help you out! "

I didn't expect her mother-in-law to be so nice.

Su Xiaowan was out of breath.

She felt that she was going to hold the big tree Fengyan, because she couldn't find it with the lantern.

She glanced at her underwear.

We'll have a good meal for Feng Yan tonight.

Su Xiaowan went back to the villa and immediately took a bath. She didn't even eat. She put a lot of things on her body in the bathroom.

Chapter 272

When Feng Yan came back, Aunt Li stood there and looked at her with a smile.

Today, the young lady bought a sexy underwear and came back. When she came to the door, it fell off. Almost all the maids in the villa saw it. Everyone laughed and said nothing.

It was the young granny who felt that they didn't see it and went upstairs happily.

So when Aunt Li went upstairs, she called old lady Feng.

The old lady anxiously asked her to prepare nutritious soup for Feng Yan. Now it was ready. The maid handed it over and Aunt Li took it. "Young master, have a bowl of soup."

"Where's su Xiaowan?" He's been sitting here for so long, and there's no one.

"The young lady said that she would not eat tonight. She said that she should keep fit and let you eat first." Aunt Li tells Feng Yan Su Xiaowan's original words.

Feng Yan's brows wrinkled when he heard the speech.

Don't eat, keep fit?

She's not afraid of starvation!

"Call her down!"

Aunt Li took a look at Feng Yan, not to mention that his young master was single for no reason. "Little grandma is taking a bath upstairs! You'll have the soup first, and we'll have dinner later. "

Soup?

What kind of soup is this good!

"Who made this soup?"

After hearing this, Aunt Li said in a hurry, "the little grandmother came back to do it. She was worried about your health, so she wanted to make it up for you!"

"Made by Su Xiaowan?"

Several maids immediately nodded when Aunt Li said so.

The young master didn't like soup most. Before, the old lady was afraid that he didn't like women, so she went to the doctor to take care of her. Every time, she asked people to make a lot of soup, but it was poured out by the young master.

After that, because the little grandmother came, the soup had never been made.

Feng Yan listened to the soup made by Su Xiaowan. Now he reached out to drink it, but after thinking about it, he put it down again. "Didn't I say that she would not be allowed to enter the kitchen in the future?"

"... the young granny worried that you were too tired. She made it for you because she felt sorry for you. We advised her for a long time, but she didn't listen to us, but we always helped her."

Feng Yan reached out and took the bowl of soup. Everyone's eyes were staring at him. The old lady said that the young master was energetic and the bowl of soup was nourishing.

The effect is excellent.

But he just took a sip and put it down.

"Is this soup made by Su Xiaowan?"

Aunt Li took a look at Feng Yan, but she couldn't see whether he was angry or plain. Now she nodded against her heart.

The old lady can't give her up.

"My mother told you to make this soup."

This is the taste of the soup sent by his mother. It tastes terrible.

"... yes."

Aunt Li saw that her lie was too much to hold, and now she gave it to the old lady obediently, "the old lady thinks that the young master..."

Voice did not fall, just listen to the maid upstairs shouting.

"Grandma fainted --!"

Feng Yan listens and rushes upstairs.

How did Su Xiaowan know that she could be so miserable? She just wanted to write a bath, but she didn't know what she had put on her body. As a result, she was allergic.

Allergy is not terrible, the key is... Her face is all red rash, shameful.

The man standing at the door was staring at her with bright eyes.

Su Xiaowan was covered by a quilt. She was just sealed off from the bathtub. She was really going to lose her body. She never felt allergic.

Especially looking at Feng Yan's hot eyes, he must feel ugly.

Su Xiaowan wanted to go underground.

Soon, Aunt Li brought it to eat. Feng Yan watched her like an ostrich in the quilt. Now he took the food in Aunt Li's hand and went in.

He reached out to uncover her quilt, but Su Xiaowan was so wrapped up.

"Not hungry?"

Su Xiaowan nodded and shook her head, "I'm not hungry."

"Then I've finished it all? Do you have your favorite sweet and sour spareribs today

As soon as Su Xiaowan heard it, she was hungry, even if she didn't look at the food, but the fragrance was full of it. Her nose was so good that she could smell it.

She opened the quilt. The rash on her face was just wiped by the doctor, but it was still very red. Looking at the reflection in Feng Yan's eyes, Su Xiaowan frowned.

"Am I ugly?"

"You always look like this!"

Su Xiaowan hit it directly with a fist. What does it mean to be like this all the time? Feng Yan said more than once that she was ugly.

"Then you are still an old man! I don't even dislike you. "

Feng Yan sniffed, "I'm two years older than you. I'm an old man?"

Su Xiaowan took the rice in Feng Yan's hand. It's really her favorite food. She took a bite of spareribs. It's delicious. But when she looked at Feng Yan, she swallowed the rice and said, "it's not an old man. Haven't you ever heard of a generation gap at the age of three? Now there's a gap between us. It's quite far away!"

"I know you haven't seen any gullies, but I tell you, gullies can't be crossed with one foot!" Then he took another bite of ribs.

Before swallowing it, he watched Zeus come out of the bathroom with "Keke..."

Zeus, what's wrong with it? It's just that he has to carry her underwear.

It's still this one.

Zeus, it's killing a man.

She quickly put down the bowl, while Feng Yan didn't know what it was, she wanted to fight Zeus, but Zeus was very good, but now

"Zeus, would you like to have a snack?"

"Wangwang --!"

Zeus bypassed her and ran to Fengyan.

He took the underwear directly to Feng Yan's hand.

Feng Yan looked at the sexy underwear, and then at Su Xiaowan's delicate face at the moment, "want to wear it for me?"

"... no, I don't know who bought it and put it in it."

The man reached out and pulled her into his arms, "don't want to wear it to me, who else do you want to wear it to?"

That low and deep voice made Su Xiaowan jump with fear, but he still liked it. She looked at him and said, "don't you think I'm ugly?"

"Still fighting?" He hooked her nose and looked at her. He couldn't help kissing her. He probably knew what she had been doing in the bathroom all night.

This girl.

Su Xiaowan dodges Feng Yan's kiss and sticks his wrist to his chest.

"Feng Yan, do you like me or not?"

The man's eyes are blazing. He feels that there is no need to talk about feelings. For their sake, there is only love and love left.

Because what he always says is like is not worth money, so he seldom says it.

"What do you say?"

"I don't know... I want to hear from you."

"I like it."

"If I get ugly, do you like me too?"

"You've become ugly. Why don't I like you?"

"Don't you all like those little girls in their early twenties? Once I'm old and ugly, you won't like me any more. You can see that my face is just a little red rash. If you don't even look at me, you think I'm ugly! " When you say it, you are still wronged.

Feng Yan went up to kiss her.

"I'm afraid I can't help it."

What can't help it.

But on second thought, her face turned red.

"Then you have to control yourself. I'm still a patient." Su Xiaowan said, momentum is a little insufficient, at the moment fled Fengyan side, immediately climbed up the bed.

Then he closed his eyes.

Su Xiaowan's heart is still fluttering.

But she loves it.

.....

Su Xiaowan recuperates in the home, but this face is especially sentimental, how all good.

However, Feng Yan would kiss her every night, and suddenly, she felt that such a life was also good.

A few days later, Su Xiaowan originally wanted to go to work in the company, but received a phone call.

"Don't forget your mother's Memorial Day!"

When it comes to mother, Su Xiaowan's heart is cool. It turns out that time has passed so long.

In the past, she went to worship by herself. I don't know how Su Zheng called her this time.

Maybe it's because the newspaper is so noisy that I want to call her back and scold her.

She hung up, looked at her face and powdered it.

At this time, I received another call, which was a number without caller ID.

"Sister?"

"Chen Chen!" Listen to the voice, this time because of Xia Chenyan's things, make her almost forget his brother's things.

Fortunately, now heard the voice of Chen Chen, a heart is finally put down.

"Sister, I have finally contacted you!" Shen Yi's eyes were deep, and he thought of something, "sister, are the things you said on the Internet true? You and master Xia... "

"False, it's all written by the gossip media."

"That's good. I'm afraid I can't get in touch with you in the future." Shen Yi continued, "where have you been during this time?"

She didn't want to worry about her brother. When she came back, she asked Feng Yan to do a new mobile phone, but the card number remained unchanged. Unfortunately, the mobile phone was lost, the number couldn't be found, and her brother couldn't be contacted. So she had to wait for Su Chenchen to call her, "I... I'm with Feng Yan. By the way, Chenchen, how did you change your mobile phone number?"

"Sister, it's a long story. I've been worried about you these days, but I wish you were OK."

"I'm fine. Don't worry."

"That's good. By the way, sister, I didn't tell you about the jade pendant before. Do you remember?"

"Jade pendant?" All of a sudden, she remembered that there was a mystery waiting for her to solve.

"Well, I remember."

"Elder sister, you must get that jade pendant. It was taken care of by your mother before she died."

"....."

"It's a long story. I'll tell you when you get the jade pendant."

"Chen Chen, why don't you show up all the time? What on earth are you doing? "

"Sister, i... it's a long story. I'll let you know when it's time! I'll hang up first, doodle, doodle... "

The man hung up and looked at Shen Nanshan, "adoptive father, I have told her everything you said."

"Well. Well done. "

What is the relationship between Su Xiaowan and her?

Chapter 273

Su Qiqi was sentenced to six months for publishing untrue remarks on the Internet and plagiarizing foreign works. Part of the impetus came from the Internet because of Shen Qier. Although Su Xiaowan didn't know exactly what was going on, she should have helped Shen Qier become a scapegoat.

It's just, I didn't expect, these six months are so fast

It turned out that it had been half a year. Su Xiaowan thought of what Su Zheng said that day, and thought that she had never been born to her.

Now, what is it that he lets himself go back?

Su Xiaowan obviously doesn't want to go back, but tomorrow is her mother's memorial day, and her younger brother appears. She must go back because of the jade pendant.

She wants to know what's the secret of that jade pendant!

"Wei Wei, please take me home."

Go home.

It's definitely not here. It's the Su family.

"Young granny, you are the one who seals the house now. You don't have to go back to that house to be angry in the future --!"

The Su family are not good people.

"I want to go back and see my mother! Tomorrow is her memorial day. "

Cheng Weiwei heard her say so, also can't say what words, drive her back.

Cheng Weiwei wants to get out of the car and go in with her, but Su Xiaowan refuses, "I'll go in for a while, and I'll come out soon. Don't worry. If there's anything, I'll call you!"

Su Qiqi was released a few days ago. She still felt comfortable at home. She didn't have to worry about anything else. Moreover, the scene of Su Xiaowan running away with a man made Su Zhengqi angry.

That slut is really brave. She ran with Xia Chenyan.

But she'd better run.

At this time, she was at home watching a movie, a movie that she didn't know, because she was playing it randomly.

Hearing the movement at the door, Su Qiqi raised her eyes. When she saw Su Xiaowan, she was stunned. She thought of the humiliation she had suffered in those days. Then she pulled out a trace of sarcastic radian from the corner of her mouth. "Do you still remember to come back? Even if master Feng didn't lift his eyes, you can't run away with a man for such a small matter!"

"....."

Su Xiaowan didn't want to argue with her, but she saw the other side's irony.

Su Qiqi's six months in prison were unbearable. The policeman said that what she said was nonsense, the news didn't match, disrupted the network order, and even nearly had to be tried by the International Court of justice because of plagiarism... She didn't have a chance to hire a lawyer.

However, she was sentenced to six months, but these six months, for her, has been the limit.

She knew who did it, but there was no way to resist.

When she saw Su Xiaowan, her eyes showed hatred.

"Who asked you to come back?"

Su Xiaowan thinks this question is ridiculous. "This is my home. Do I have to get your permission to come back?"

Since the rumor that she knew about it came from her, Su Xiaowan didn't want to maintain a superficial relationship.

Although Su Qiqi was angry, she didn't dare to shout with her. There was Feng Yan behind her.

He didn't want to be under the helpless wall again, and she didn't want to experience it again.

"Su Xiaowan, I'm your sister at least. Are you too rude to me?"

"Politeness depends on people. Besides, you didn't take me as your sister"

"You, Su Xiaowan, what do you think you are? Don't be too arrogant --!" Su Qiqi threw the fruit fork on the plate and made a big noise.

It is clear that she is the eldest lady of the family. What is Su Xiaowan.

Su Xiaowan blinked her eyes, looked at Su Qiqi with temper, looked up and looked at Su Qiqi with anger.

"After six months in there, I thought your temper would change."

"Su Xiaowan, do you mean to say that if it wasn't for you, I would stay in it for six months?"

Su Qiqi's eyes are full of anger. At the moment, she seems to have been mentioned a sad thing. She holds on to her tightly. In this period of time, the gray can't be mentioned in front of her.

She's in a hurry with anyone who says it.

After all, it's not a good thing to talk about it, and... Thinking of Chen Jie, she is even more angry.

Su Qiqi is standing in front of the sofa. She is angry now, but she doesn't dare to be arrogant any more. Who knows if this woman will be looking for any help.

Maybe once bitten by a snake, at least at this time, Su Qiqi dare not offend Su Xiaowan.

She looked at the cups on the tea table. She was thirsty and didn't notice. She picked up the glass and kettle on the tea table and asked for water.

She picked up the kettle and poured water into the empty glass.

What's so good about Su Xiaowan? Why does Feng Yan treat her so well.

"Ah The water was boiling. It was so hot that Su Qiqi's hand was not steady.

With more than half a cup of boiled water, he went to Su Xiaowan.

Su Xiaowan looked at the hot water and immediately dodged. She was so quick that she was shocked. All the water was splashed on Su Qiqi's feet.

"Ah

Being scalded by boiling water, Su Qi really hurt badly, and the voice was especially miserable.

Su Xiaowan, who was standing there, quickly stopped looking at her. Her big crystal eyes blinked at her. The hot water made the sofa wet, as well as Su Qiqi's shoes, because the whole cup rolled down at Su Qiqi's feet, and all the water spilled out.

Today, Su Qiqi is wearing cotton slippers, so it can be imagined that the glass of water, all into her shoes.

Su Xiaowan's eyes were suddenly dumbfounded.

At least, she thought Su Qiqi would escape, but when she watched the flood of water pouring on her, she unexpectedly

Su Qiqi took off her shoes and hopped on the blanket, but there was water on the ground, and her toes in slippers were red.

Because it happened suddenly, no one seemed to expect such a thing.

Suddenly a woman rushed in from the door.

It's Cheng Weiwei who rushed in.

"Young granny, don't be afraid, young master is coming --!"

Cheng Weiwei heard the scream inside at the door. When she came in again, the sound of jingling cups came one after another. She rushed in immediately.

Of course, Feng Yan came in.

Su Xiaowan opened her eyes and looked at Feng Yan who came in. She didn't know when she arrived. She just watched him come to her side, put his hand around her waist, and said, "what's the matter?"

As soon as I entered the door, I saw Su Qiqi standing there crying. Su Qiqi had never suffered from hardship since she was a child. Although she was locked in, she had never suffered from this kind of injury to her body.

Another man came in at the door.

Su Xiaowan looked at it and saw that it was Su Zheng who came in.

"Dad, she scalded me with hot water!" Su Qiqi angrily pointed to the woman at that end, "she didn't know what was going on. As soon as she came back, she suddenly splashed me with hot water. My feet were wet, and my pants were wet. I know she didn't like me, but Dad, if the hot water was lying on her body, she would be burned to death."

Su Qiqi had a good command of this skill.

Su Zheng looked at the mess and took a look at Feng Yan. Naturally, he did not dare to offend Feng Yan. "Master Feng, there must be some misunderstanding."

"I don't see any misunderstanding."

Su Qiqi doesn't have to look up to know what this man suddenly appears for. It's just for Su Xiaowan. Her scalded skin is going to fall off, but when Feng Yan comes, everything will be regarded as not happening.

I really don't know if Feng Yan can help Su Xiaowan get round easily if she kills someone.

"Xiao Wan, I was wrong. I was careless just now!"

"Such carelessness, I don't want to appear again, otherwise I will bear the consequences --!"

Su Xiaowan was taken out of the house by Feng Yan and put in the car. She was still in a muddle, some of whom forgot the purpose of coming to Su's house. Until the car drove away, the whole place was quiet.

"Why don't you talk?" She blinked a little innocently. Being stared at by Feng Yan, she felt a little flustered.

It seemed that she had done something very wrong. She was flustered to see it.

"Then why don't you talk?" The man asked.

Su Xiaowan held her hand tightly and carefully examined Feng Yan. She said softly, "Su Qiqi said I scalded her, why don't you believe it?"

"I only believe in you." The low and deep words show his posture.

She was overjoyed. He liked Feng Yan's words and the feeling of being held in his hand. "Maybe I really like what she said, because I hate her, so I pour water on her? After all, she did so many bad things to me! I can't swallow it. "

"It doesn't matter, I'll give you support --!"

Feng Yan's answer is very simple, as if in his eyes, even if it is intentional, it can become OK. Her nose is suddenly sour, as if she is cherished on the tip of her heart, which is unprecedented for her. Now, only Feng Yan is alone. That's good. He's his own.

Even if she really wanted to hurt others, Feng Yan would not blame her.

"What if I'm a bad person?"

"You are my person, no matter good or bad, I will protect you!"

That pair of black eyes staring closely, with intoxicating obsession, whether it is good or bad, he will protect her.

Like intoxicating love words, people are deeply involved in it, unable to extricate themselves.

Su Xiaowan's eyes are deeply staring at Feng Yan. She looks at him quietly, and suddenly reaches out her hand and hugs him around the neck.

"Feng Yan, you are so kind to me, I can't do without you!" Su Xiaowan leaned on his shoulder, as if the shoulder could bear her for the rest of her life. Her low murmur came slowly.

"You want to leave me?" The man frowned tightly, lifted Su Xiaowan's hair and bit her white and tender earlobe.

Being bitten like this, Su Xiaowan hid in Feng Yan's arms for a moment, then hugged him more tightly, "I don't want to."

Chapter 274

"I'm a fool to leave you. I want to keep you in my pocket all the time." She found that she was more and more inseparable from him. Su Xiaowan didn't think she was a clingy person, but now, she wanted to be tired of being around her all day long.

Every minute I want to be with her, even if sometimes they are busy and don't talk, but as long as they are in the same space, once they look up, they can see each other, which can block her heart.

Su Xiaowan doesn't want to become a sticky and annoying wife.

But I just can't control myself.

His thick chest gives him unprecedented sense of security, that is her man, only she can touch, can touch.

Everything belongs to itself.

"Feng Yan, I..." the man's kiss suddenly fell on her face. The thin and fragmentary kiss ironed her skin, and her expression was sentimental.

At the moment, she seems to be well cared by others. Soon, Su Xiaowan is brought into the whirlpool of Fengyan. For a moment, she forgets what she wanted to say before. She realizes that the man's hand is untiing his clothes, "don't..."

"But I can't help it..." his low voice with a bit of temptation, hot fell on Su Xiaowan's ear, let Su Xiaowan's shoulder tremble, unconsciously shrunk.

Su Xiaowan, with a red face, did not dare to look at Feng Yan at the moment. "You... You solve it yourself..."

The man at that end is sitting there.

Su Xiaowan admired Feng Yan's self-control. At least many times, she could feel that he was on the verge of collapse, but he was reluctant to move her.

Her eyes looked at the place at the other end, and her face was very hot.

From time to time, he peeked inside and saw Feng Yan's dark face and

"Still looking?"

"... are you ok?"

"If I'm not good, will you help me?"

"Feng Yan, are you angry? Don't you mean we're going to fall in love slowly? No one can fall in love... Just do that thing. "

She said, face has been red, think of that day want to give her own, finally self defeating appearance.

"I like you. If I want to do that with you, I will be responsible."

After hearing this, Su Xiaowan was elated, but it was a girl in the end, and it was outside. Although there was no difference in the relationship between them, it was outside in the end.

Su Xiaowan still can't let go.

"... I know you're not a scum man, but now you're outside. Be obedient."

"What you say is what you say."

Who made him like her!

"Feng Yan, it's very kind of you."

Su Xiaowan gives him a kiss on the face. At this moment, Feng Yan's lust rises. Now he just wants to take a cold bath.

Su Xiaowan thought about her younger brother. She opened the door and said, "Feng Yan, we've all come here, or we'll go home after dinner?"

"Go home and eat!"

"But... Forget it, then go home!"

After all, she saw the cold sweat on Feng Yan's forehead.

Feng Yan went to the bathroom to take a cold bath as soon as he got home. Aunt Li looked at her with a smile, taking care of this and that.

"The young master is very old. The young granny should be considerate of him a little bit."

"....."

She was embarrassed to tell Aunt Li that they had never been there once.

forget it.

Su Xiaowan is in bed and receives another call.

It's sunset.

"Xiao Wan, I want to go back with him?"

"Go back? Why is it so sudden? "

"I'm tired to go back and make it clear that I've been dragging on like this." Summer sunset voice with tired.

From the perspective of Su Xiaowan, she doesn't know how to admonish her.

Master Lu is not very reliable.

She doesn't want Xia Xiyan to jump into the fire pit, but Lu Shimian and Feng Yan are very good friends. Feng Yan is so good that Lu Shimian should not be bad.

Besides, they've known each other for such a long time.

If a man is willing to marry her, especially a man like him, who is willing to give his marriage to a woman, does he also like it?

"Sunset, I hope you can be happy."

"You want to be happy for me, I put my share of happiness in your place!"

"Don't say that. If you say that again, I'm going to cry. Do you have the heart to make me cry?"

In fact, Su Xiaowan has a child's temper. In the past, she was an adult, because there was no one to support her, so she had to swallow her pain.

She can't cry.

They all said he was a heartless man.

But now, she can't stand any grievance.

"Don't cry. When you cry, master Feng will have to settle with me again!"

"Xiyan, you and Master Lu... I don't know what to say." Su Xiaowan is an outsider, many things, naturally no Xia Xiyan this party know.

However, even if she knew that Feng Yan liked herself, she would continue to prove it.

What's more, summer is over!

"Xiyan, many things in the outside world don't mean that the eyes can see and the ears can hear. A lot of things depend on their own feelings. They all say that Feng Yan is not a good man, but I think he is better than everyone else. He is a good man. They say that Feng Yan is ugly and has a bad spleen. But I think he is super handsome and has a good temper. He will hurt me, He would think of ways to buy me gifts, racking his brains, showing me music scores and analyzing problems. He seems to know everything, but sometimes he is like a child, putting his temper on his face. But I know that he likes me so much. If I had heard other people's words and said that he was bad, he would have run away long ago... "

Said, she also pursed lips, seems to mention those happy things, her happy mouth is obvious.

"But I've been in touch with him for so long. I know that he likes me as much as I like him."

"Xiyao, you have been with Master Lu for such a long time. Don't you know whether he likes you or not? Like a person is hidden, it is want to live a lifetime, want to do their best to him, no matter what. I know you like him. I saw it that day. "

If you like someone, you can hide there.

Eyes, movements, you can't cheat people.

But it's just because the fans of the game, like Xiyao, can see that Feng Yan likes himself very much, but actually he feels as if he has adapted, so there is not much psychological change.

Xiao Xiyao was poked in the mind, she stopped for a long time.

"Xiao Wan, I don't know whether I should like him or not. Besides, I always think he doesn't like me that much."

She likes him, after all, that is her first man, but she doesn't want to like him, because she knows what will happen in the end. There is a wall in front of her, and she can't break it.

Besides, there is Shen Qi'er.

They will not be happy.

Since you won't be happy, why should you continue to fly moths to the fire? If you pay for this kind of thing, naturally you don't want to get anything in return. The big deal is that you are eaten by the dog during that period of youth.

Su Xiaowan's view of love has always been that if you like me, I like you.

"Xiaowan, are you troubled by my business? Don't worry. Not all people are the same as Lu Shimian. There are not many people like master Feng. You must hold them well. "

Su Xiaowan nodded, "OK, Xiyao, it's better for you to go back with him. Some things should be talked about when two people calm down. Don't be impulsive."

However, Feng Yan also said that emotion is a matter for two people, and she can't intervene.

Maybe it's not the right time.

When the time comes, everything should be OK.

it will be.

You will.

Just as she hopes to be happy, she also hopes that Xiyan can be happy, even if this happiness does not come from Lu Shimian.

She just wants her to be happy.

Originally, Su Xiaowan also wanted to tell Xiyan about her younger brother, but she was so upset about her own affairs that she still didn't mention them.

Su Xiaowan hangs up. Feng Yan has already taken a bath. She pours into his arms. Her warm arms make her feel that she is a lucky person.

Maybe unfortunately, it's too long.

"Feng Yan, let's go to see my mother tomorrow."

"Good."

Feng Yan has never heard of her mother, but he knows the news.

.....

The next day, Su Xiaowan dressed up early. She followed Feng Yan to the cemetery.

Bought a bunch of chrysanthemums, holding chrysanthemums, suddenly thought of Feng Yan at that time to give her flowers.

She had a tick in the corner of her mouth.

The cemetery is still cold, probably because of the morning light, there is fog around, and the dew is very heavy, which makes her hair wet.

Su Xiaowan reached out and stroked her hair, "Feng Yan, I'm not very ugly, either? If my mother sees me like this, she may think that... Feng Yan, your clothes are not good-looking today, and you can't show your tall and handsome. Stand by me... "

"Are you nervous?"

"I... it's the first time I've brought you to see her. Although she's just a tombstone, I'm still afraid she doesn't like you."

"Fool!"

"You laugh at me!"

"If she loves you, naturally she will like what you like."

Su Xiaowan frowned.

Does mom love her?

She didn't seem to have received much maternal love. When she was a child, her mother left her to her grandmother. After waiting for many years, she didn't see her mother

After that, it's their last face.

"What's the matter?"

"Nothing. I just envy your mother for being nice to you, but I don't have a mother!"

"She's your mother, too."

"Feng Yan, how is your family..."

Two people came to the tombstone together. Su Xiaowan looked at the tombstone at that end. It seemed that Su just didn't come over, because it looked very desolate here.

This place was chosen by Su Zheng.

It's not a geomantic treasure land, but because of the pressure at that time, I finally chose this place and settled down.

She didn't know what mother was like to Su Zheng.

It doesn't matter.

Chapter 275

Feng Yan was standing there. He lived in the loving environment of his parents, and he had never suffered anyone to leave or lose. But he didn't want to see her sad for some reason.

Feng Yan embraces her waist.

Su Xiaowan hid for a while, Jiao said, "can you be more serious?"

"No!"

Su Xiaowan knew Feng Yan's overbearing habit. She laughed and let her go.

However, I don't know why, maybe it was the taste of Feng Yan.

She suddenly thought of yesterday's words.

Grow old with you, only for life.

If there is a next life, she still hopes to meet Feng Yan and stay with him forever.

She looked at the woman in the photo, she was still beautiful, but she didn't know why she had to end up so much for a man. Now she seems to understand.

—Mom, I'm fine, but I hope you're all right.

Su Xiaowan's mother, she heard from her grandmother.

Every time grandma mentioned her, she would sigh and even feel sorry.

Su Xiaowan's mother is a pianist, and her future is very good. Unfortunately, after meeting Su Zheng, everything has changed.

She gave up her career for him and did a lot of things for him to make Grandma cold.

Although the outside didn't say what it was, Su Xiaowan could feel her grandmother's grief.

She used to think she was stupid. After all, when she didn't meet Feng Yan, Su Xiaowan felt that people need to be independent rather than living by relying on one person.

She should have independent thought, independent personality, independent determination to face difficulties.

But now, she suddenly understood that her mother gave birth to two children for Su Zheng.

She wants to be with him.

It's a pity that I didn't know people clearly and was cheated.

He also made wedding clothes for others.

Su Xiaowan bowed to her mother twice. She said and complained about many things. Unfortunately, there was no reply.

"Let's go." She went down the mountain with Feng Yan in her hand.

Dew has not spread, but she saw the rising sun, showing a little bit of appearance, looks particularly kind.

"Feng Yan, look... It's sunrise!"

Su Xiaowan saw the sunrise at the top of the mountain for the first time. It was very beautiful and dazzling. In the past, she seldom looked up to observe the sky because she had no time.

Wen Yan, Feng Yan's eyes fell on her face, looking at her smile, he thought, in this life, he wants to make her smile.

Those sad memories, will also appear with him, all become different.

Holding her hand, they went down the mountain.

I just didn't think that I would meet someone in the middle of the mountain.

It's Su Zheng.

He held a bunch of flowers. She didn't know if it was her mother's favorite, but it should be Shen Yin's.

That's her favorite rose.

This is the first time that Su Zheng has seen Su Xiaowan since he started to talk. He just looks at her nestling in the man's arms.

It's totally different from her.

She is an independent person, at least, she is very strong.

When Su Xiaowan saw Su Zheng, she remembered a lot of things. Now she didn't know how to call him, or did she just ignore him?

It should be ignoring him.

After all, the man never thought of himself as his daughter.

In his eyes, only interests.

No, maybe it's because of her own existence, which can be used by him.

"Xiaowan."

It was the man who first called her name.

Su Xiaowan looked at him, "Feng Yan and I have already gone to see our mother. We'll go home first!"

Then she led Feng Yan past him.

Su Zheng wanted to call her, but due to Feng yanzai, he swallowed and finally sighed.

Up the mountain.

He looked at the woman engraved on the tombstone, smiling like a flower, still unchanged.

Put the bouquet in front of the tombstone and a bunch of yellow flowers on the other side.

His eyes are far-reaching.

As if in this day, think of a lot of the past years.

"That kid, he's grown up!"

"You saw it just now. It's very beautiful --!"

Around lonely nobody, that word in the remote and quiet place, gradually spread far away.

Sitting in the car, Su Xiaowan's eyes have been staring at the downhill place.

Dad, mom?

It seems that no grandmother came to make her feel important.

But everyone has their parents, and so does she, but they don't think their parents belong to them.

But if only she had Feng Yan.

What's the big deal? As long as Feng yanzai is a father, she won't be rare.

She turned her head, just as the hot eyes were staring at her.

"What for?"

"I want to kiss you!"

"... no, I'm going home."

Su Xiaowan put on her seat belt. Suddenly, the figure came and gave her a kiss on the face. "He doesn't

want you, I want you."

Her heart was filled with, "then you can never do without me."

"Good."

"Don't treat me as a underage girl. I want to record."

Su Xiaowan took out his mobile phone, turned on the recording function, pointed to the mobile phone, "you say it again."

"Say what?"

"Say you'll never want me."

"If you say I love you, I'll say -!"

"... Feng Yan, you are taking advantage of the fire. I said it first."

The man took her cell phone and pressed it in his hand, "what are you doing..."

She reached out to grab her mobile phone, but was tightly held by his hand, only looking at the man at that end, the palm of her hand tightly close to the back of her head, "Su Xiaowan, you hear clearly, I will not want you in my life."

"If you don't want me, I won't want you for the rest of my life."

Su Xiaowan spoke with great care.

"You dare --"

"Feng Yan, do you think I'll dare to, but I'm sure I won't be rejected, so there will never be such a day."

"Feng Yan, let's date today!"

Appointment

Feng Yan smell speech, the side head looks at her, she blinks the innocent lovely eyes to stare at him, that black eyes inside reflection own appearance, "where do you want to go?"

"All right."

Su Xiaowan's present work has been basically moved to her home. She usually starts to write words and do what she likes. Every time she writes something, Feng Yan will give her guidance.

They, sometimes, like the teacher-student relationship.

Feng Yan is also a strict teacher.

Su Xiaowan thinks that there is nothing wrong with Fengyan today. If she goes home, she will just stay at home and watch the sunrise. Today's weather must be excellent.

So, it's best for dating.

However, she hasn't dated Feng Yan for several times. Apart from watching movies before, she seems to have no entertainment.

Su Xiaowan wants to break her head, but she can't think of anything. She brushes her mobile phone and goes back and forth to those interesting places, but it seems that there is nothing in line with it.

"Where are we going?"

"Take you to a fun place."

Looking at his mysterious appearance, Su Xiaowan is useless.

She likes surprises.

Unexpectedly, Feng Yan brought her to the amusement park.

"How do you know I want to be here?"

Feng Yan leaned over, "I heard it when you were talking in your sleep at night."

"Don't talk nonsense. I don't talk in my sleep."

Her image, really all collapsed.

Su Xiaowan went in with Feng Yan with a red face.

There are many couples coming to the amusement park. We can see several couples before and after.

From time to time, there are women's eyes staring at Feng Yan.

Su Xiaowan took his arm and declared sovereignty.

"What's the matter, afraid?" Looking at her suddenly close, Feng Yan's eyebrows gently raised.

"What am I afraid of when I have you? I just don't like them looking at you like this."

Feng Yan's eyes looked at the women at that end. They were so excited that they almost screamed.

But looking at Feng Yan tightly around the woman's waist, the women left bitterly. When they left, they looked at Su Xiaowan's eyes with some resentment.

Sure enough, men can't look too good.

"Next time you go out, put on your smelly mask."

Su Xiaowan angrily climbed on the pirate ship.

Keep Feng Yan looking at her back, his wife, eat vinegar, also so lovely.

Shen Qi'er didn't expect Su Xiaowan.

And her side, but stood a handsome man.

It's not Feng Yan.

They were so close together that she could see that her eyes were about to fall out.

I didn't expect that Su Xiaowan was so unwilling to be lonely. How long did she hook up with a wild man again.

She has heard about Xia Chenyan. The young master Xia was removed from his family name and is now in prison

It seems that master Xia is in prison, which should have something to do with Su Xiaowan.

As long as you think of the arrogant appearance of the old lady that day, Shen Qi'er is angry. She has never been so oppressed.

What daughter-in-law.

I'm afraid she doesn't like Fengyan at all. It's just for the sake of sealing her family's property.

Thanks to Feng Yan for treating her as a treasure, Shen Qi'er is more and more angry. She really likes Feng Yan and has loved her since she was very young.

Her uncle fell in love with Feng Yan's sister. That year, she went to Feng's home with her uncle and met the boy for the first time.

He has a pretty face. At a glance, she likes him.

It's a pity that he is too cold. She is afraid of him, but she can't help approaching him.

People are always like this. They want the most if they don't get it.

She was always worried that she could not get the title.

Even now that Feng Yan is married, she will never forget.

She is a proud person. When did she suffer such grievances, but for the sake of Fengyan, she suffered them all.

In order to leave evidence, Shen Qi'er takes out her mobile phone and takes a picture.

While the man at that end left, Shen Qi'er caught up with her. She came here today to take photos. There were a lot of people in the amusement park, so they didn't clear up in time.

So there are a lot of people in the playground.

Su Xiaowan just went to the bathroom. Before she entered the door, she listened to the scream behind her. Looking back, it was Shen Qi'er.

She really doesn't like Shen Qi'er.

This woman, with a heavy heart, holds Feng Yan in one hand and Mian in the other.

"Hello, Su Xiaowan, you and the wild man are so bold that they have come to the amusement park blatantly!"

Wild man?

Chapter 276

She's talking about Feng Yan?

This title made Su Xiaowan frown. She didn't like others to say Feng Yan, but on second thought, did Shen Qi'er recognize Feng Yan? That's why it's called that.

She was much happier when she thought about it.

She didn't want Shen Qi'er to know the true face of Feng Yan.

After all, Feng Yan is so ugly and attractive. If he becomes so handsome, Shen Qi'er will have to appear in front of him every day.

She doesn't like Shen Qi'er.

"Su Xiaowan, you have no place for yourself! Last time I didn't take a picture of you and Xia Chenyan. This time, how can you deny it? "

Shen Qi'er's mobile phone is taking photos of herself and Feng Yan. It seems that they are very close.

"I didn't expect you to take a handsome picture of him. Please give me a copy of this picture --!"

Feng Yan is thin and tall, very photogenic.

She wanted to look at herself again, but Shen Qi'er stretched out her hand and put the phone into her pocket. "You're so blatant. You're really mean at heart!"

Shen Qi'er looks at Su Xiaowan. This wild man seems to be a different existence for Su Xiaowan. What about Feng Yan!

Mean?

Su Xiaowan looked at her and said, "Miss Shen, if you can't forget your married husband, you won't be cheap?"

"You..."

"If you cheat in marriage, it's even worse!"

There are more and more people around because of Shen Qi'er's appearance. Shen Qi'er knows that her expression is not very good-looking at the moment. However, as a public figure, she can't continue to argue with Su Xiaowan in such an environment. After all, for Su Xiaowan, there is no consequence for her to argue on such an occasion.

But I'm not the same.

She leaned over and said, "Su Xiaowan, wait for me!"

Then he went straight away.

Su Xiaowan looked at her back and the people around her. She turned and went to the bathroom.

When he came out, Feng Yan had already bought the sugar gourd. He stood there, holding a bunch of sugar gourd in his hand. It seemed that he was more attractive.

Originally disturbed by Shen Qi'er, she was not very happy, but looking at Feng Yan, she was in a good

mood.

She ran over and said, "when did you buy it?"

"Just now."

"How do you know I love this!"

"I see a lot of girls waiting in line over there, thinking about your sweet food."

At that time, she was greedy for marshmallow, which is still in Feng Yan's heart.

Su Xiaowan looked along the line of sight, the end was really full of people, but Feng Yan just went for a while, so he was in line.

"You won't tempt people with beauty again, so you bought it?" Su Xiaowan just ate one, and immediately thought that it was not very sweet.

"Beauty?"

"Well, they've been salivating about you for a long time. Look at them, their eyes are going to fall out."

Feng Yan's hand pressed on Su Xiaowan's head and went to see her. He laughed teasingly, "what are you thinking all day long?"

"I miss you. Anyway, you belong to me. No one else can touch you." Su Xiaowan spoke haughtily.

"You are very overbearing."

"Just like each other!"

You can't touch what you like. In fact, she is the same as Feng Yan.

.....

Shen Qi'er took the photo and looked at it for a long time. Although the man on it was really good-looking, in her heart, Fengyan was her lifelong dream. Besides, she couldn't see anyone else.

Maybe it's paranoid. In order to get something like this, I would go all out to get it. In the past, my mother didn't let her be a star. She fasted for a week, and finally they were moved.

In her life, there has never been that person who she wanted but could not get.

She squints and looks at Su Xiaowan. Why is this woman so unwilling to be lonely? She is not honest

after she married Feng Yan.

The more I thought about it, the more angry I was. Even my mother didn't notice when she came in.

I feel a shadow around me. When I look up, I see Mrs. Shen standing there. She is startled and shakes her hand. She almost smashes her mobile phone on the ground.

"Mom, you don't knock when you come in."

"Who is this?" Mrs. Shen naturally saw the picture, her eyes deep.

Shen Qi'er is a little guilty. Her mother is a smart woman. At least, in many cases, Shen Qi'er feels that she can't compare with her mother.

It should be said that many women are inferior.

If she is a mother, naturally there is no room for a sand in her eyes. If the man she likes has a little three or four, she must go up and kill her directly.

But the mother can calm down and ignore anything about her father, even if the little three have openly pestered her father there. If her father doesn't go home for a few days, the mother can calm down and pretend that she doesn't know anything.

Continue to eat and sleep at home.

Sometimes, she doesn't know what her mother likes about her father. You can say that she likes her father. She also thinks that the relationship between them is very weak. Basically, at home, they don't have any extra words.

But you don't like it. She thinks her mother is very dependent on her father.

Anyway, she is not very able to understand.

Shen Qi'er looks at her mother's eyes on her mobile phone. The mobile phone is flashing. Originally, she pressed off the black screen, and suddenly it lights up again.

So Mrs. Shen saw the picture.

"Mom, this is Su Xiaowan. She's with a wild man, and I caught her secretly!"

Su Xiaowan?

The woman who married Feng Yan?

Because it was just a side face, Mrs. Shen didn't see Su Xiaowan's appearance, but it was just a side face, but Mrs. Shen felt very familiar.

I want to see this face for myself.

Shen Qi'er took the mobile phone and pointed to Su Xiaowan, "Mom, I can't forget the way that old lady Feng swore last time. Now, I'm going to take this picture and hit old lady Feng in the face. Look how arrogant she is! I don't think Su Xiaowan can stay in Fengjia for a long time. Mom, you don't know. Today, at the amusement park, that wild man took Su Xiaowan to the amusement park openly and blatantly. He was very affectionate. People didn't know that he thought they were husband and wife! "

Referring to Mrs. Feng, Mrs. Shen frowned.

"Kiel, you can't do things so impulsively!"

"Mom, I don't do murder and arson. I have a sense of propriety." Shen Qi'er already had an idea in her heart. Since she caught the handle this time, she couldn't give up easily.

When she thought of Lu Shimian's low attitude, she made him open his eyes and see clearly how he married himself.

Bang.

There was a noise outside the door. Shen Qi'er raised her eyes and looked at her mother. She complained, "who's this big night?"

"Your father must be drunk. Take a rest. I'll go and have a look."

Shen Qi'er watched her mother leave in a hurry, ignoring her father outside. All her thoughts were on the picture.

The light reflected the woman's face, and a strange smile appeared at the corner of her mouth.

Mrs. Shen at the door looked at Shen Nanshan who had been helped back. Shen Nanshan couldn't even walk. She was almost carried by two people before she got upstairs.

She called Shen Nanshan several times, but he didn't answer. She frowned, "how can I drink so much?"

"Sir, after a few more drinks at dinner today, he got drunk."

"You won't stop it. How old is he? He still has high blood pressure. If his blood vessels burst, what should he do?"

The assistant who was holding him was stiff and embarrassed. "I tried to persuade my husband, but he

didn't listen to me..."

"All right, let's get to the room."

"Yes."

Shen Nanshan is drunk. He closes his eyes and is now supported by two people around him. Susie looks at the man who is being carried away. She is afraid that he will bump into her and hurry to catch up with him.

But suddenly I stepped on something.

It's a picture.

The woman in the photo is smiling. She knows who it is just at a glance.

It's her.

Even after such a long time, still unable to resist the invasion of this man.

A lot of the past comes with the wind.

She laughed. How could she forget what day it is today.

In fact, more and more, she still won, at least, she has been in the heart of this man, and she, nothing more than occupied his body.

Instead of taking care of Shen Nanshan, she drank a lot of wine just like Shen Nanshan.

When he was found, it was the next day. Shen Nanshan just woke up from his hangover. He opened the door of his study and smelled a strong smell of wine.

Looking at the woman in the sofa, Meichuan frowned tightly.

The wine bottles, big and small, on the ground, just fall down like this.

All along, Susie is a woman with general knowledge. At least, Shen Nanshan has never seen her like this. She is unkempt and has a hangover all night.

She is a beauty lover. When she looks in the mirror every day, she can't have any wrinkles on her face. She must keep her figure and weight, and she is not allowed to see her white hair

She had never looked like this before.

Susie was awakened by the sound of pushing the door. She reached out and wiped her eyes. Aware of her present situation, she immediately got up from the sofa.

"Who made you drink!"

Shen Nanshan doesn't like women drinking. Over the years, he has found many women, but he doesn't like them drinking, and doesn't like the smell of alcohol on them.

He is rich, and those women are eager to show their best in front of them. No one will do what they don't like. He is used to flattering.

Except for one person.

His heart suddenly twitched at the thought of the man.

That's his favorite woman.

This life, only this one, unfortunately

"I... I thought a little yesterday..."

Bang.

Susie's voice did not fall, a wine bottle was directly smashed on the ground by Shen Nanshan, and the unfinished wine was spilled on the ground, and the glass slag was broken all over the ground.

"I said not to mention her name!"

Chapter 277

Susie thought it funny. Before she said anything, the man was so angry.

Sure enough, I still can't forget that man. As soon as I mention the name of this woman, I'm dying. In his heart, there is always the position of that woman.

It's still very deep.

"If I don't mention it, don't you have her name in mind? Nanshan, you are deceiving yourself

The man's vision suddenly became deep, reached out and clasped her chin tightly, "Susie, you are tired of living!"

Susie sneered, "why, I hit your heart, right? Now I'm angry? Nanshan, I know you no later than her, but why? Why do you like her so much? "

Shen Nanshan's hand tightly clenched her chin. Susie felt that her chin bones would be crushed by Shen Nanshan, but she didn't say a word of pain. The pain had been in her heart for many years.

She didn't know it hurt.

There was a stalemate in the atmosphere. Susie knew that he was really angry this time. She knew his temper all the time. He was a person who was easy to get angry. Otherwise, how could he have an opportunity between them.

Misunderstanding has hindered them.

Bone hard pain, she knows, this time should be almost the end, the bottom of my heart have any other ideas?

Maybe at this moment, No.

Until the mobile phone in Shen Nanshan's pocket rang, and the sound continued, Susie felt that the strength of the man's hand was a little loose.

It seems that the important person called him.

"Be honest and stay at home!"

Shen Nanshan dropped his words and hurriedly left.

Susie slumped in the sofa, looking at the door, which was closed with a bang, and now her tears came out.

That only has his breath to also gradually lose, can't find again, also can't disappear again.

She was lying on the sofa.

Crying badly, I don't know whether I insist on the right or wrong.

When she was young, she was not reconciled. The woman at the top of his heart was not himself. She used a lot of brains and finally married this man. He was a powerful man. At least, when she saw him at first sight, she was full of admiration for him.

Compared with his brother, he is rebellious, like a runaway wild horse, others can see his ambition from his eyes.

Her father told her not to worry about the women around Shen Nanshan. No man has only one woman around him. As long as he stays by Shen Nanshan's side, all this will be done well.

Susie kept one eye open and one eye closed. She knew how she married him. She always knew that she thought the person who got him would come to an end.

So for so many years, she knew that he had a woman outside, and she never asked, as long as he went home.

After all, that woman is dead. She just needs to be Mrs. Lu.

But since that day when he met Su Xiaowan, he began to go home at night.

She knew that Su Xiaowan was her daughter. It turned out that for so many years, she was still alive and had a daughter.

She was scared to death when she found Su Xiaowan.

But fortunately, that day she sat beside her, she pulled her hair, to do a test.

Fortunately, this daughter has nothing to do with Shen Nanshan.

But she could feel that her increasingly threatened position was at stake.

She desperately wants to keep her position, now vulnerable.

"Ma!" Shen Qi'er is sleeping at home. When she hears the movement of her study, she puts on her clothes in a hurry.

Just rushed in and met his father, his face dark, it seems that two people are fighting.

When I rushed in, my mother was crying on the sofa.

"Mom, what's the matter with you? Did dad hit you?"

The ground is full of wine bottles, and the ground is full of broken glass, and wine. It looks like a mess, and there is no place to go.

Susie looks up. She looks at her daughter. She can't go on like this. She still has a daughter.

She should fight for her daughter's happiness.

For so many years, in fact, the side of the fight has never changed, but she has never fought with Shen Nanshan.

Because she knew it was meaningless.

If she wants to keep Mrs. Shen's position, she must be obedient.

Do your part, not to annoy him or embarrass yourself.

Just now, she was too angry and woke up with a hangover, so she was confused and did what she had just done. Her brow was deep. If her father knew the news, it would be another scolding.

"Mom, don't scare me." Shen Qi'er looks at her mother. She always thinks that her father has confused her.

"Mom's fine." "Susie patted Shen Qi'er on the back of her hand.

"Mom, what did you tell Dad and why did you drink?"

"Don't worry about your grown-ups."

"Oh."

Although Shen Qi'er was worried, his mother could only give up and not mention it again.

"By the way, aren't you going to find old lady Feng? Mom knows a card player and old lady Feng. It's better to let others talk about it first than to talk about it yourself. This old lady wants face. She can't stop so many people talking about it. "

Shen Qi'er was elated, "Mom, that's a good idea."

"Go and get me the picture. I'm just going to play cards today."

"Well, you wait for me." Shen Qi'er ran to her room. If she wanted to find someone yesterday, she would expose herself if she was checked by an old lady.

When it comes to thankless, it will be more difficult to enter Fengjia.

It's still mom's idea.

Susie is dressed neatly. She looks at the woman in the mirror with red lips and heavy makeup, which is a bit similar to the photo of Shen Nanshan.

She has also changed.

It's just that Shen Nanshan has changed.

She has a hook in the corner of her mouth. Whether it's her or her daughter, her eyes are the same.

Her daughter is now snatching her daughter's man.

Things seem to be the same as before, but this time, who loses who wins, I don't know.

.....

Susie had an appointment with several friends to play cards in the morning. The forenoon was rich lady, who had nothing to do and to kill boring time.

Basically, this kind of party is also for the husband's career, whose husband's career is prosperous, and most of them are about to play cards.

And the Shen family, in Jiangcheng, is also respectable, so every time such a party, some people will call on themselves.

Over time, I got to know a circle of people here.

When playing cards, she plays hard and says everything. The rich lady usually has nothing to do, especially likes gossip.

I don't know who first talked about the news about Feng's family.

"It's true to say that the young master of Feng's family is too much for the yellow flower girl."

"Don't talk nonsense. If Mrs. Wang hears me, I'll be in a hurry with you."

"Mrs. Wang, who is it?"

"You don't know how to be a good friend of the old lady." The woman who was playing cards looked at her and said, "this Mrs. Wang is an acute person. If he knows that she said bad things about her son, she must be good at tearing you up. She used to be very powerful. You don't know... She was a famous figure in Jiangcheng at that time, but later she went abroad with her husband."

Susie looked at Mrs. Wang at the other end. She had seen her here several times. Although she didn't speak, she was familiar.

I've heard of Mrs. Wang before. She's very mysterious, but she's very tall and nobody looks up to her. But she loves playing cards very much. The partners here are all fixed.

At the moment, Mrs. Wang put down her card and went to the bathroom, so she went to the bathroom on the pretext of it.

Put the photo in the pocket directly on the washing table, then came out and continued to play cards there.

Not long after that, Mrs. Wang left the scene with a mobile phone.

In the car.

"I said," old lady, do you see this picture clearly? Or are you too old-fashioned to recognize your daughter-in-law? "

"Where did you get this picture?" The old lady Feng at the other end was calm. She saw this picture, but she didn't get angry.

On the contrary, he felt that his son was handsome and his daughter-in-law stood beside him and felt that he was a perfect match.

This photo, she will send to her son later, let him be a screen saver.

His son's scar has always been fake. She wants his son to find a good girl who doesn't dislike his appearance and his gossip.

In such a utilitarian society, she thought she could not find that person.

I didn't expect her to see that girl.

I like it at a glance.

"I picked it up!"

"Lao Wang's wife, you're not lying to me, are you? The picture quality is also good. How can you pick up this picture? Why can't I?"

"I said you were kicked in the head by a donkey. It's not important where I found the photo. It's mainly because your daughter-in-law has turned your son green. Your daughter-in-law is really good. There's such news coming out in three days! I'm almost catching up with the entertainment stars. "

"Don't talk nonsense. My daughter-in-law is a good person here. Don't associate her with no three no four people."

"... are you really confused?"

"What?"

"Lao Feng's wife, do you understand the photos?"

"Ah, Lao Wang's wife, you are more in charge than my mother-in-law. Did you see my daughter-in-law

last time and want to rob me? I tell you, my daughter-in-law is not such a person, this photo is true, but the person on it is your son! "

"What?"

The old lady told her exactly what had happened. When Mrs. Wang heard this, she almost rushed to Feng's house and said, "old Feng's wife, you are hiding it deeply enough!"

"Haven't you been abroad all these years? I want to tell you, I haven't found a chance. "

"Oh, my son is so handsome, and my daughter-in-law is also beautiful. It's really pleasing to the eye." Mrs. Wang sighed, but at the same time she thought of something, "I think someone must have put it in the bathroom on purpose and asked me to tell you."

"You are not stupid!"

Chapter 278

"I don't know which shameless woman dare to use me!" The more Mrs. Wang thought about it, the more angry she was. She went back to the party, but almost all the people were gone.

Susie looked at the dusty woman, said hello to the other ladies and left.

Mrs. Wang immediately went to the hotel to ask for monitoring. Unfortunately, the hotel has all kinds of monitoring, but there is no corridor monitoring like the bathroom.

That is to say, this person has long known that the bathroom is not monitored, so he will put the photos on the washing table.

Mrs. Wang is also a person who has seen big scenes. She has never been used as a chess player. Now, she calls an old lady and complains.

"Well, first of all, I'll give you an analysis of today's opportunity."

Mrs. Wang thought that there are some people she doesn't know very well. Because she doesn't touch them, she only has a few card friends at a time. If the old man asks her old friends to come out, she won't have nothing to do and attend such a party.

But I can't help it. Old man Feng is full of possessiveness. Every time he asks her out, he seems to be robbing women from old man Feng.

"I can't remember. Forget it. By the way, I saw your daughter-in-law --!"

"I warn you, don't scare her. And don't rob me! You'd better ask me for her mobile phone number, so that if there's something interesting in the future, I'll call her directly and chat with her. My kid is so

precious that he doesn't even give me the phone... "The old lady hung up before she lost her voice.

She was very angry, old Wang.

Su Xiaowan came here because her younger brother called just now and asked her out.

It's a pity that we can't find anyone here. There are beads of sweat on her forehead. At the moment, Su Xiaowan has no time to wipe away her sweat. It's just that the heat hasn't abated, and she doesn't know how the weather is getting hotter and hotter.

Suddenly, someone patted her on the back. Su Xiaowan turned around and saw an old woman instead of her brother.

Her clothes are very beautiful, and her face is well maintained, but there are a few white hairs on her head, which seems to add a little age to her.

The old lady just stared at her and looked at her carefully. The more she looked, the more pleasing she felt. If it wasn't for Feng's daughter-in-law, she would have robbed her.

Just looking at that Qianli's eyes suddenly darkened, the old lady was not happy, "you girl, when you see the old man, why don't you help him? I'm afraid I'll mistake you? "

Su Xiaowan's first reaction to the old lady was, "can't you find your home?"

Her voice is a little hoarse, but it's sweet.

"Well, I can't find it. It's almost the same here as there."

"..." it's su Xiaowan's first time to come to such a place. In fact, she doesn't know much about this place, but looking at the old lady's clothes, it's normal to stand here, "do you have a mobile phone? You can call your family and ask them to pick you up. "

"Yes." The old lady looked at her delicate appearance and looked at her, "are you looking for someone?"

"Well, I'm waiting for my brother."

"Do you have a brother?" The old lady frowned.

Su Xiaowan knocked on the old lady, as if they knew each other. "Do you know me?"

"I don't know. I just think you look familiar. Oh, I forgot to take my cell phone. Can I borrow your cell phone to call my family?"

Su Xiaowan obediently took out the mobile phone from his pocket, and then handed it to the old lady,

but still did not forget to look at his brother's figure.

My brother is always so mysterious.

She always felt insecure.

When she gets home, she has to talk to Feng Yan.

The old lady took her cell phone and dialed a familiar number. The other end quickly answered, "old Feng's wife, it's me --!"

Old lady Feng looked at her mobile phone. The mobile phone number had been changed. "Whose mobile phone number is this?"

"Your daughter-in-law, do you think I'm good to you? I tried my best to get your mobile phone number!"

"....."

Su Xiaowan looked at the old lady. She seemed to be chatting with her mobile phone. She was too embarrassed to urge her. She stood there and waited for a long time. Then the old lady gave her back her mobile phone. When she left, she patted her on the shoulder and said, "little girl, I'm looking forward to meeting you next time."

Su Xiaowan stares at the old lady's back and can't figure out what that sentence means.

The sun is going west in a twinkling of an eye. Su Xiaowan looks at the clouds and calls her brother, but the phone doesn't work.

No way, she had to go home first.

.....

Fengshi group, office.

"The matter of Su Xiaowan's younger brother has been settled?"

"It's been arranged. I'll be back in a while."

"Did you find the man behind it?"

Feng Yi shook his head. "Not yet."

"Find out as soon as possible."

"Yes."

Before the voice fell, Feng Yan's mobile phone rang. It was a picture sent by the old lady.

He turned on his cell phone.

It's a picture of him and Su Xiaowan at the amusement park.

Did the old lady follow them to the playground?

But I think it's unrealistic. If the old lady wants to go to the amusement park, it's not known to all. So where does this picture come from?

Soon, the phone rang.

"Ah Yan, do you think this photo is very good?"

"....."

"You don't talk like your father. I didn't ask someone to take pictures of you. Some woman coveted you and let me see it."

Old lady Feng is not stupid either. Her son is so ugly that a woman never forgets to enter their house. She warned her last time, but this time is not stupid.

But there's no clever way.

This Shen Qi'er can't compare with her mother who knows how to do things.

"Shen Qi'er?"

"You know that! I'll tell you, this Shen family is really bad. "

Referring to the Shen family, Feng Yan thought of his sister. His father already knew about it, but his mother and father said not to tell her.

After all, if you let the old lady know about her sister's appearance, it must be another cry.

"I know."

"You can give me good to our daughter-in-law, in the gas run, you just want to play bachelor, your father and I do not care about you!"

"... I know."

"Well, I'm going to have a hairdressing. Go home and accompany your wife. Can you earn all the money? There's only one wife! "

The old lady chattered a few words, and then hung up.

Feng Yan took a look at the time, picked up the key and went out.

.....

Su Xiaowan felt that she was going to die. This time, she was killed.

She was lying on the bed, half of her face was tightly covered by the quilt and buried under the pillow. Now she covered her stomach with her hands. She felt that the temperature inside was so cold.

I was sweating in the morning.

When she came back, she found that she had something to do with it. She didn't even eat, so she ran up to take a bath, and after that, she lay in bed and couldn't get up.

May be a while ago by the cold, so the stomach pain such as strangle.

When Feng Yan pushed the door in, it was very dark in the room, except for the small night light at the head of the bed, which was flashing, and could see her with a little weak light.

He strode towards her.

He bent over and gave her a kiss on the lip. "What's the matter?"

Su Xiaowan's nose is red, his eyes look watery, "stomachache --!"

Feng Yan looked at her pale face, "do you want to call a doctor to come and have a look?"

"I have a stomachache. It's no use calling a doctor."

What's up.

Su Xiaowan seldom had such a stomachache. He took his mobile phone and told her to send a cup of brown sugar water downstairs. He hung up and looked at her magnificent appearance, "come here."

"What for?"

"My hands are warm. I'll rub them for you."

"You know a lot about it!"

Feng Yan won't tell her. At that time, he knew she had a stomachache. He specially read a book, but Su Xiaowan seldom had such a stomachache.

Su Xiaowan moved his head and got close to him. His pale face was lying beside Feng Yan's leg. Now he closed his eyes. "Then you have to be light."

The man's broad palm fell on her stomach. Needless to say, Feng Yan's hand was really hot.

She had a lot to say to him, but the stomachache occupied all his thoughts. Soon, Su Xiaowan felt that the man's palm was really comfortable, and gradually fell asleep.

Feng Yan originally had something to say to her, but looking at her appearance, he couldn't help calling him up. He was still talking to him tomorrow.

They didn't know that if they spoke earlier, maybe the result would be different.

On that day, Su Xiaowan had another dream of a boy.

The boy was as like as two peas, but he was a silent man.

As soon as she wakes up, Su Xiaowan opens her eyes bleakly. The handsome face of the man enlarges in her eyes. Looking at his sleeping face, she thinks it will be like this for a lifetime.

She threw herself into his arms and hugged her.

"What's the matter?"

The man was awakened by her movement.

"Did I wake you up? You go to sleep first, it's still early anyway! I'll go downstairs and make breakfast for you. "

"Don't do it. Lie down with me for a while."

"All right." Feng Yan looked at the woman in her arms. Her small face was full of collagen, and her body was soft as if she had no bones.

Before, I couldn't figure out why the father must hold his mother and refuse to let them pester her. Now he seems to understand.

Cuddle. Cuddle. Cuddle. Cuddle. Cuddle. Cuddle. Cuddle. Cuddle. Cuddle.

Even if you don't do anything, you are addicted.

He wanted to spoil her in his life.

.....

Xia Xi Yan as like as two peas in the land, and left home for many years, everything is just like when he left. Unfortunately, it seems that he has changed his mind.

Mrs. Lu looked at her and cried again.

She couldn't help crying.

"Yan Yan, if you don't go home, Mommy will be worried to death. Fortunately, you're OK!"

"Where have you been these days? Mommy can't find you? Look at you, you are thin

Xia Xiyan takes a look at Lu Shimian. She originally wanted to tell Mrs. Lu about her divorce, but when her mother holds hands, she can't find a chance at all.

Chapter 279

Although Xia Xiyan hates Lu Shimian, she doesn't hate Mrs. Lu. She thinks she is much better than her own mother.

In her body, can feel those long lost maternal love.

Mrs. Lu is a rich family. She married Lu Shimian's father because they loved each other. So she is not a bad mother-in-law, but a lady of a family.

She has always enjoyed doing good.

If Mrs. Lu had not adopted her, she would have died by now.

She was very grateful, and could not refuse Mrs. Lu, even if anything, for example, let her get married.

Even if she didn't like Lu Shimian, she didn't refuse.

Mrs. Lu knew that Xia Xiyan had come back and had a special party. Before Xia Xiyan married Lu Shimian, Lu Shimian didn't give him a good wedding, and even two people went to get the marriage certificate in their company.

Now, it's been three years. No one knows that Lu Shimian has been married. Especially a while ago, there were so many messy news.

Shen Qi'er is not a good woman. At least, a woman can see a woman at a glance, while most men are kept in the dark.

Although she felt that her son was a smart man, she really wanted to kill him sometimes.

She pulled Lu Shimian to the corner.

"What happened to you and Tuanzi? Did you do something to make her unhappy? I've told you many times that Shen Qi'er will be compensated with that money. Now you have a wife. Stay away from him."
"

"I know."

"You know what? I don't think Tuanzi's heart is on you anymore. Look how much she's lost when she comes back this time. If you didn't annoy her, she could run away from home? I've told you since I was a child that liking someone is not to torture him, but to devote all my heart. You always don't listen to me. Now that it's like this, you can't expect me to save you! "

"Ma."

"You son of a bitch! I bought a dress for Yan Yan, and I don't know that the size is different now... "

Size?

It should be different.

After all, he knew that she was not in good shape three years ago.

But three years later

At the party.

Xia Xiyan didn't know that Mrs. Lu had arranged such a welcome banquet for her, and she was not familiar with the people who came, but Mrs. Lu took care of her and couldn't leave.

She can't refuse the banquet that Mrs. Lu arranged carefully for her just because she doesn't like it.

"Tuanzi --!"

Xia Xiyan was just about to pick up the cake to eat. She had been walking around here for a long time, but she didn't eat dinner, so she was very hungry. In addition, when she came back with Lu Shimian, she was very tired and didn't eat a few meals at all.

It's time to be hungry.

She listened to the voice and turned her head. It was Mrs. Lu.

Mrs. Lu is holding a baby in her hand. It's just a little bit big. She looks weak as if she has no bones.

"How's it going? Is it cute? "

Xia Xiyan doesn't like children, she hates bear children, but looking at such a little big baby, or perfunctory, after all, the child's mother can follow all the way, if you say not lovely, then the mother must be anxious with her.

Avoiding conflict, she nodded, "lovely."

When Mrs. Lu heard this, she immediately put the child into her arms. "If it's cute, we'll have a Tuanzi, and the Tuanzi will grow well. If the baby is born, it must be as cute as him."

I've seen people urging marriage, and I've never seen people urging children.

At least, Xia Xiyan met her for the first time.

Xia Xiyan frowned, the original smile suddenly froze.

Mrs. Lu whispered slowly. She was afraid that she was worried. The daughter-in-law ran away again. "Tuanzi, I really want to be a grandmother. Every time I watch them be a grandmother, I envy them to death."

This... Xia Xiyan doesn't know how to answer.

She wrung her brows. She didn't know how to refuse everything about Mrs. Lu. Maybe he was a person who wouldn't refuse others.

"Mom, I'm Lu... Shi Mian. I'm too busy recently, so... Besides, I told her that now we're still young and don't worry about having children."

Mrs. Lu was not happy when she heard about Xia Xiyan and Lu Shimian. She didn't hear much about them. She was also from the perspective of others and didn't know what they were like now.

Lu Shimian didn't speak.

So, she just took this step today to test her words.

But it seems that her son doesn't want to have a baby with her! The plot doesn't go very well.

At the moment, Mrs. Lu called Lu Shimian.

"Tuanzi said you didn't want to have a baby with her, is that true?"

When asked this, Xia Xiyan's face was slightly stiff. Even Lu Shimian was equally shocked. He crawled over Xia Xiyan's bed once. She could not wait to have a baby with him. How could she say no?

"Tuanzi, I don't want to have a baby with you?" Lu Shimian knocks Xia Xiyan's red face and laughs teasingly. He wants to see how the girl is going to answer.

Xia Xiyan doesn't want to hurt Mrs. Lu's heart. At least, she won't act rashly when she is not well prepared.

As long as she doesn't nod, she won't take the initiative to talk to Mrs. Lu about their affairs.

Not a word.

Because she's afraid of being rejected and being treated like a white eyed wolf.

Xia Xiyan said, "you forget, you said it yourself that night!"

"What did I say?"

"You..." Xia Xiyan knows that he is intentional, that is to say, let her down, she raised her eyes, "you say... It's not appropriate to say now."

She bowed her head in shame.

Lu Shimian looked at her. Xia Xiyan didn't go to play. He was really blind. Now he hasn't seen her for several years. He has learned to open his eyes and tell lies.

Mrs. Lu recognized the fishiness. She seemed to smell the smell of adultery. She slapped her son hard and said, "I'll have a baby tonight! I think Tuanzi likes children very much! "

"..." Xia Xiyan's eyes were wide open. She looked at Mrs. Lu and wanted to say something, but Mrs. Lu turned to entertain the guests. At that time, the child in her arms, the mother of the child, said that she would go to the bathroom and ask herself to help her.

She can't hold a baby!

Xia Xiyan frowned, "Lu Shimian, you hold --!"

The child is soft and has no bones. Xia Xiyan doesn't dare to move her child. Now she wants Lu Shimian to take over the child, but the man doesn't move.

"Lu Shimian."

"Our baby must be more beautiful than her, Tuanzi, don't you think?"

"Who's going to have a baby with you, Lu Shimian? You have a face!"

Chapter 280

"Didn't you just tell mom that I didn't have time to have a baby with you? Tuanzi, you have more and more memory. You can forget everything you just said!" Lu Shimian said, but he did not forget to hold hands on her head. In other people's eyes, they were such a loving couple.

If it is not Xia Xiyan holding the child, how can she obediently let him touch his head.

"Are you touching the dog?"

She was angry and looked at the tall man in front of her. When she met this man again, she didn't know how shameless she was.

In the past, I still thought that Lu Shimian grew up fairly well. Now it seems that people can't be easily confused by beauty.

In high school, Lu Shimian was a man of the moment.

Many girls are full of imagination about him. At that age, it's easy to be admired by rich and handsome men. Moreover, Lu Shimian is very talented.

At that time, Lu Shimian could see the answers to many questions.

It's kind of a genius.

And they, like more stupid, even big brother can't compare with Lu Shimian.

"There is no dog so disobedient."

"You..."

"Tuanzi, you look good when you are angry!"

"....."

His hands with hot temperature, fell on her head like a iron, she felt scalp numb.

"Don't touch my head, please."

"You've grown tall --!"

"....."

As soon as she dodges, the child can't cry. Xia Xiyan smiles. Mrs. Lu must have put the child into her arms on purpose. She knows that she is a sensitive child. As long as she moves a little, she will cry badly. She doesn't pretend to cry. She really tears.

Looking at the baby again, I thought that just now I nodded my head and said that she was cute. What's cute about this baby? It's just a crying bag.

In addition, there was a child crying at such a party, and many gossip eyes in the hall came towards her. Lu Shimian frowned subconsciously. She didn't like to be looked at, and didn't like to be the focus.

She didn't like such a look.

He stretched out his hand from his pocket and put it directly on the woman's slender waist. Now he held her tightly in his arms and declared sovereignty.

"You look like a good wife and mother when you hold children." He said, with a soft look in his eyes.

Xia Xiyan, a good wife and mother?

She took the arm tightly to the man, but the man was not moved, she sullen, "let go."

"Don't move, mom is watching us!"

At the moment, looking at Lu Shimian's ill intentioned appearance, now he is really more and more courageous, and even openly touched her!

"If you like children, we'll have them today. Don't let mom down."

"....."

Xia Xiyan wants to get rid of Lu Shimian's embrace, but the child in her arms is crying. Her beautiful face suddenly cools down, "Lu Shimian takes the child away."

"You shout a husband, I will help you call the child's mother."

In fact, they all know in their hearts that this child was deliberately stuffed by Mrs. Lu. Otherwise, how could the child's mother ignore this child's crying so much?

"You dream!"

Return my husband, thanks to him.

Seeing the eyes of several gossipy women on them, she knew what the banquet was for. She was just introducing herself to the Lu family.

From today on, it will be the Lu family.

What does this represent? Declaration of sovereignty.

Originally, it was just an ordinary party, but now, a lot of reporters have come in.

"Lu Shimian, what do you mean? I promise to come back with you to make it clear to you. Now you're going to let your mother make such a big battle. Are you going to delay the divorce

The man stood beside her, he drooped his eyes, "then I'll help you call your mother over, and you tell her yourself."

"Lu Shimian!"

Xia Xiyan has a cold face. Mrs. Lu is kind to her. If she takes the initiative to say that she is a sinner, what's the use of Lu Shimian's refusal, even if she persuades Mrs. Lu.

This dead man is a pure procrastination without divorce, on purpose.

The man's handsome eyebrows with a smile, "well, don't be angry, mom is looking this way!"

Angry?

"Lu Shimian, you just want to use your mother as an excuse to dump hooligans on me!"

"So what?"

"You

This man is very bad. I knew it when I was a teenager. It may be her first man, so for the first man, every woman has something that can't be said.

"Lu Shimian, what do you think in your heart? Give me a happy word. You will make it difficult for me to find a suitable man in the future!"

The right man.

The man's eyebrows were slightly grumpy, "are you going to find other men?"

"What? no way? Although I am second married, there are still many people chasing me! I'll allow you to go to the second spring, and I'll defend myself for you? "

The man's face sank, he was angry, "Tuan Zi, you can't afford to provoke me! I don't look like I need to sleep tonight! "

"....."

Xia Xiyan looked at the man's face. At the moment, the child in her arms was too noisy. She didn't dare to get angry with Lu Shimian. She could only face the child, "if you cry again, I'll throw you into the garbage can!"

Sure enough, this sentence works well.

She stopped crying.

Very clever stick in her arms.

Soon, the child's mother seems to have heard this sentence, rushed to pick up the child.

Although Xia Xiyan's face is a little embarrassed, it's better to give the child back to her.

This little girl doesn't look heavy. Her arms are so sore.

At the moment, Lu Shimian is standing beside him. The two of them are now stuck together, just like their newlyweds. They stick to each other wherever they go.

"Your hands are sore?"

"You're in charge?"

"I'll rub it for you at night!"

Xia Xiyan is speechless. I've never seen such a brazen person before, "... You dare to touch me. Take your hands away. I'm going to the bathroom --"

The man's hand tightly imprisons her waist, "are you sure you didn't run away?"

"Can I run?"

"So it is."

Xia Xiyan pushes Lu Shimian to the bathroom. At this time, Shen Qi'er receives the invitation and comes. Shen Qi'er grew up with Lu Shimian.

But Mrs. Lu didn't like herself very much.

But her arrival caused quite a stir.

Today, Shen Qi'er is wearing a long red dress. She has a good figure. She is tall, and she has changed her golden hair to black, which is quite classic.

Mrs. Lu was not happy when she came in from the door.

"Why did you let her come? The group is still here. She is not easy to get angry. You call people home and drive them out. I really don't know how I gave birth to you with such low EQ! I'm so angry

Shen Qi'er doesn't have many familiar people here. She came here immediately after receiving the notice from Lu Shimian. This is the first time that she saw Lu Shimian after such a long time!

"Shi Mian --!"

Her voice is sweet and greasy, with a kind of imagination.

Mrs. Lu vomited blood without anger. She had already told everyone that there was her daughter-in-law standing there. Now Tuanzi didn't know where she had gone. She didn't find anyone.

Now several people who don't know think Shen Qi'er is her daughter-in-law.

There are even a few people who know Shen Qi'er, whispering, "Shen Qi'er and your son are quite compatible."

Shen Fu is very popular, but she can't beat her face. She puts down her glass and goes to look for Xia Xiyan.

"Shen Qi'er is so beautiful!"

"Yes

"But what's the relationship between her and Master Lu?"

"It's the woman that Master Lu likes!"

"But isn't Shen Qi'er fond of being a young master? There was no news a while ago... "

"Shh, what do you know about the rich family! Don't talk nonsense

"....."

“.....”

“.....”

At the moment, there are pianists in the noisy place, but there are still several voices coming from all directions, some envious, some envious

Shen Qi'er likes this kind of feeling. Even if she doesn't like Lu Shimian, she likes to see Xia Xiyan's face shriveled.

It's rare to encounter such a funny thing again, because with Feng Yan, she has always been a third party, and here, she is the same protagonist as them.

She put her hand around Lu Shimian's wrist, but suddenly she was dodged by the man. Between them, it was not the kind that they couldn't touch, as if they were avoiding her, like snakes and scorpions.

Her hand froze in the air.

"Shi Mian..."

"I have a wife."

“.....”

This is the first time that Lu Shimian is so indifferent. No, in fact, he has always been an indifferent person. At least most of the time, every time she wants to be second, she doesn't get any good treatment.

In fact, there is no warmth in Lu Shimian. He and Feng Yan are the same kind of people. If she had not been involved with him before, she might not have been close in her life.

He is cold and aloof, such a man, should be heartless, but I don't know why I like Xia Xiyan, for so many years, I only like her.

That kind of like, let her envy, also let her disappointed.

I still remember a few years ago, she secretly saw the picture in Lu Shimian's wallet.

It was only then that she knew clearly that Master Lu would also fall in love with him secretly.

I will be reluctant to tell her that I like her.

"Is it because she's back that you treat me so coldly? Shi Mian, we are friends from childhood to

adulthood. Moreover, for the sake of... "Shen Qi'er is an actor. At least at this time, she burst into tears. It seems that she is so pathetic. Her eyes are misty.

The man's eyes fixed look at Shen Qi'er, "I gave you a warning before."

Warning?

Looking at Lu Shimian's posture, do you come here today to settle accounts?
