

**good evening 291**

**Chapter 291**

Aunt Li was not happy before, and was suddenly splashed with cold water, "really not pregnant?"

"Certainly not. You have forgotten that I just came the day before yesterday."

When she came the day before yesterday, Feng Yan asked her to prepare brown sugar water.

She almost forgot.

"You are still young. Take your time."

"Aunt Li, Feng Yan and I are still young. I haven't lived enough with her. I don't worry about pregnancy."

The emperor was not in a hurry to die.

That's what I said.

Aunt Li is looking forward to the young master having a child.

When Su Xiaowan went out, he looked at Feng Yan and said, "what are you talking about in front of Aunt Li?"

"I said something."

"I'm pregnant. We haven't done it before. I'm not pregnant!"

"You are not satisfied with your desire."

"Get out of here."

This Fengyan is also formal on the surface. Sometimes, it's easy to make dirty jokes.

Sure enough, men are not good things.

"It's lovely when you're angry."

"... Feng Yan, you bastard."

He leaned over and gave her a kiss. Su Xiaowan said several bastards in a row.

But Feng Yan thought it was nice.

Su Xiaowan suddenly thought of his younger brother. She wanted to tell Feng Yan about her brother. Before she could speak, Feng Yan's mobile phone rang.

"What are you going to tell me?"

"Nothing. You answer the phone first."

Feng Yan picked up the phone. It was his sister's business.

"I see."

Hang up, he took the clothes, "something, I'll go out first, come back and tell me what you want to say to me."

"Good."

Halfway through the car, Feng Yan thought of something and called Su Xiaowan, but she didn't answer.

So directly, he called Cheng Weiwei, "let Su Xiaowan clean up and take her to Jingxin garden."

Cheng Weiwei was a little confused when she got the call.

Jingxin garden?

I heard from Feng Yi.

"Young granny, the young master said today that he would go to see Mrs. Anning and let you go with him."

Mrs. Anning?

It's Feng Yan's sister. Why didn't he tell himself just now

She glanced at her cell phone and missed several calls.

Just now she was writing music score, so she didn't notice. There was a phone call from Yan.

There are several strange numbers.

I don't know who called. Shen Xiaowan took a look at something she was not familiar with. She just thought it was a wrong number and didn't take it seriously.

Sitting in the car, Cheng Weiwei's car and looking out of the window at the scenery, Su Xiaowan suddenly thinks of what she heard at the Shen family banquet that day.

Family fight... No matter what the reason, the final separation of life and death.

Heaven and man are separated forever.

The living are miserable.

Su Xiaowan leans against the car window. Most of the time, the memory can't go back and can't stop being forgotten.

Unfortunately, after all, this love is separated from life and death. Her nose is sour. If she and Feng Yan... She should not be able to live strong.

At least, she's fragile.

Her heart was sour and astringent, as if she had experienced the feeling of penetrating her heart.

It's a long way. She leans against the window and slowly closes her eyes.

It seems that there is a kind of being engulfed by the sea, surrounded by a blood red.

She was in the middle of it. There was a man holding her. She had only one idea.

live on.

"Young granny?"

She is pushed by Cheng Weiwei to wake up, looking outside, "so soon arrived."

She looked at the end of the place, in the end is the first time to meet, inevitably there will be some tension and uneasy elements, "Weiwei, have you met Feng Yan's sister?"

"I haven't seen you, young grandma, but I think she will like you. I've heard that the young master's elder sister dotes on him most since I was a child."

She is bigger than Feng Yan, so she should spoil him. After all, Feng Yan is such a big man. Sometimes he is very young, just like a child.

Driving along the artificial lake, the car slowly arrived at a place with beautiful scenery. The sunlight reflected on the beautiful lake, sparkling.

Su Xiaowan has no time to enjoy the scenery. From time to time, she looks down at her clothes.

It should be decent.

"Little grandma, it seems to be here."

It's still early from the appointed time, but Su Xiaowan arrived early.

"Wait for me in the car. I'll go to find Feng Yan."

"Good." Cheng Weiwei thought that this place would not be dangerous. After all, the young master sent many people to protect it.

The scenery here is very beautiful. It's a place for self-cultivation. She has been looking forward to coming to such a place when she is old.

Su Xiaowan looked at the distance, a wheelchair, sitting on a noble wife.

She looks very young, at least not over thirty.

Even now sitting quietly in a wheelchair, it can't stop the inherent elegance.

This man is Feng Yan's sister.

Su Xiaowan walked over and was blocked by the nurse. "Miss, our wife doesn't see people casually."

"I'm su... Su Xiaowan. Feng Yan asked me to come."

As soon as the nurse heard that it was Feng Yan, she immediately got out of the way, but when Su Xiaowan walked by, she still didn't forget to remind her, "young grandma, my wife's physical condition is not very good, she has autism, sometimes good or bad, you don't mind."

autism?

Su Xiaowan frowned, but still walked over and bowed politely, "sister, I'm Xiaowan."

The woman's eyes were empty, and she was wearing expensive clothes. Because of the strong wind outside, all her legs were covered with a thin blanket, and her makeup was exquisite, just like a princess in a fairy tale.

Seeing that the woman didn't respond, the nurse bent down and explained to the woman, "madam, it's the young master's little wife who has come to see you. Don't you always want to see what the young master's wife looks like?"

I didn't expect that my sister's condition was so serious.

The woman's eyes with the nurse's words and slightly raised, suddenly pupil slightly a, that hand began

to tremble.

"Treasure..." in the woman's eyes, looking at Su Xiaowan wearing a white skirt, the clothes blowing gently with the wind.

The line of sight has been staying on her for a long time.

Su Xiaowan was stunned for a moment. She was at a loss. She looked at the nurse beside her. The nurse seemed to be used to it. "My wife had a child before, but she died soon. It's estimated that she took you as the child. When I took care of my wife, she met me for the first time. You hold her hand and tell her well, She knows that in her heart. "

After hearing this, Su Xiaowan felt sad. Her sister lost a child and nearly collapsed. The man also left. It was not easy for her to survive such a double blow.

... she took the woman's hand and squatted aside, "sister."

Smell speech, the woman's eyes for a moment to freeze, that elegant face instantly lost luster, suddenly dim down, but the eyes still fell on her.

The nurse took a look at her watch. "It's time for my wife to take the medicine. I'll take it out. You'll be here to accompany my wife."

"Good."

The breeze is very cool. Maybe it's near the lake. When all the breeze blows, I feel the whole person's inexplicable coolness. She doesn't know what to say. After all, she is not a person who will be good at communicating with her elders.

But at the thought of her sister's illness, she still reached out and pinched her legs. "Feng Yan is late. He is a little busy today, but he will come soon. My sister certainly won't blame Feng Yan, right?"

The woman's hand was suddenly on top of her.

Feel very warm touch her hair.

Like a mother.

Her heart was warm.

"Sister, are you alone here? I often come to see you in the future, OK

She didn't know if she heard that and nodded.

"Then I'll come to see you often."

The woman suddenly held out her hand and pointed to the distance.

Say in a babble.

Su Xiaowan didn't understand what he said.

She saw the flowers on that side.

"Do you want that flower?"

She nodded again.

"Then sit down and I'll get it for you."

The flower on the other side of the river is blooming like fire.

Su Xiaowan was afraid of wasting time, so she ran past.

She knew that if Feng yanzai, she would definitely run to pick it for her sister.

The artificial lake is not deep or shallow. The flower is on the beach. Su Xiaowan goes in to pick the flower. She just tore off the branch of the flower.

I don't know who pushed her behind. With a plop, she fell into the water.

The cold water made her lose her sense of balance.

At the moment when she fell down, she saw a figure not far away. The person was wearing a black windbreaker, which was very conspicuous.

Su Xiaowan can't swim, but in this kind of artificial lake, there are a lot of seaweed, which is transported from the sea. Once in the artificial lake, large areas of gathering soon entangle her legs, she can't catch anything, soon sink down, and her eyes can't see anything.

She wanted to cry for help, but as soon as she opened her mouth, water poured into her mouth.

The fishy lake water poured into her stomach from her mouth.

Su Xiaowan felt that the whole person seemed to be swollen by water. No matter how he struggled, she could only sink down desperately. Her consciousness was still clear, but there was no way at all.

More seaweed was wrapped around the feet.

She wanted to reach out and cry for help, but her body didn't listen.

All the way down.

Survival instinct makes her have infinite desire for air, but she can do nothing.

Later, she had no strength.

She didn't want to die, but she thought, she would die.

Death is a strange and terrible word for her. Her consciousness begins to lose. She seems to hear someone calling her name. It's Fengyan

I just feel that the sound is getting farther and farther away.

Finally, Su Xiaowan felt an arm on her body dragging her tightly.

Su Xiaowan lost consciousness.

Feng Yan looked at the unconscious woman, bent down, and forced artificial respiration to her lips.

Cheng Weiwei immediately called for an ambulance.

## **Chapter 292**

Shen Qi'er saw this hot topic in the afternoon. In order to pretend to be ill yesterday, she was in the cold water and came to Lu Shi Mian.

But even if she fainted, Lu Shimian didn't love her at all. Instead, he went back after she woke up.

She also saw the condom in his pocket.

And such an impatient step.

I don't know what's good about Xia Xiyan.

The agent came over with hot porridge. There was a lot of noise outside. She didn't know what to do. She had seen the storm in the entertainment industry. At least a lot of times, the agent was a powerful role.

She is a hand to hold Shen Qi'er red, but also for Shen Qi'er wiped a lot of ass.

It's just that Shen Qi'er and she are both rich and poor.

So she just this time this matter, is not just to help Shen Qi'er solve, but also to help herself.

"Qi'er, the news is sent by master Feng. Your father is also haunted by scandals. He certainly has no time to take care of you. Now it's Master Lu who can fight against master Feng. You call Master Lu quickly and say it's too late."

Shen Qi'er doesn't want to talk to Lu Shi Mian, but Lu Shi Mian didn't come in to see her just now. She hasn't said a word to Lu Shi Mian since she fainted last night.

Now she

"Qi Er, at the beginning of yesterday, weren't you in the room with master Feng? Maybe we can get one back

Shen Qi'er is a smart person. As soon as she says it, she understands it.

"But..."

"Master Lu is close to master Feng. He doesn't care about it. In his opinion, Master Lu doesn't care about you. When you saved him, he was still worried about you."

"If necessary, you may be able to help you by mentioning things before you start!" The agent was there to advise him. She has only such an artist in her life, so she can't see Shen Qi'er finished.

It's very difficult to lead an artist well. Moreover, if Shen Qi'er is finished, she won't have other artists to take over in her life, and her career is over.

Shen Qi'er is holding a mobile phone. Now her father doesn't care about her. She can't watch her career come to an end.

She turned over and over, all scolding herself, she can't just be scolded.

She dialed the other end of the line and was soon connected. She was afraid of Lu Shimian's refusal, so she said in a hurry, "Shimian, can you help me? Did you see today's news? In fact, last night, I was with Feng Yan. Feng Yan and I went to bed. He was afraid that I would shake it out, so he took this picture of my brother coming to me and slandered me and my brother... Shi Mian, I didn't cheat you. You have a surveillance camera in your house. You can go to see the surveillance camera. I know that you like me, but Shi Mian, I like Feng Yan. I'm his man now, I know you are angry, but I can't help it. Since I was a few years old, I have this man in my heart. I'm sorry to disappoint you... "

Master Feng?

Shen Qi'er owes her everything.

Does Master Feng like her?

She really thought that everyone was just like Lu Shimian, a fool, and she didn't know how to be fooled. She said angrily, "Shen Qi'er, I didn't expect you to be so disgusting. Does Master Feng like you? Even if he is in the same room with you, according to master Feng's temper, he won't touch you. Who do you think you are? Even if you are naked, master Feng won't look at you! "

Summer sunset?

I don't know why Lu Shimian would answer this call. She thought of Lu Shimian rushing back with a condom. It must be that they just did something like that. Otherwise, how could they get this call.

"Xia Xiyan, call Lu Shimian. I have something to say to him."

"Do you know who's going to deal with you? You designed master Feng, which made Xiaowan cry. Do you think Feng yanneng will just let it go? " She naturally watched the surveillance camera yesterday.

But he believes that Feng Yan is not like that. Not all men can't see the face of white lotus clearly. At least, Feng Yan can see through the woman at a glance.

A hypocritical face.

He is different from Lu Shimian.

Shen Qi'er was so said, did not speak, because Xia Xiyan said is the truth.

It was Feng Yan who was dealing with her. Otherwise, how could she be so excited.

I can't hold it down at all.

"You stayed with Master Lu all night last night, but you didn't satisfy him. He had a nervous attack as soon as he came back and put me to sleep several times."

How many times did you sleep?

Xia Xiyan is showing off.

"What about Lu Shimian?"

"Tired to sleep, you want me to help you call him?" Xia Xiyan is lying on the bed with a mobile phone. Lu Shimian's hand hugs her waist tightly and doesn't let her move at all.

She hated it. She wanted to take a bath, but unexpectedly, the man fell asleep. Even if he fell asleep, he had to hold her and not let her go.

"You..." Shen Qi'er's seven tricks smoke, "Xia Xiyan, don't think you climbed into his bed, he is yours, as long as I hook my fingers, he will come to my side, last night he was with me."

"Who doesn't know that Master Lu is a pug, so he wags his tail to you..." before her voice falls, Xia Xiyan's wrist is caught.

Only looking at the man's black eyes like ink, she was stunned.

"What do you say to me?"

a pug?

When did this damned man wake up? Xia Xiyan was in severe pain just now. She was terrible, Lu Shimian.

Once the meat man, there is no little controllable scope, unrestrained, only know desperately to ask, although she is not the first time, but every time uncomfortable.

She doesn't like doing this kind of thing, but she can't help it.

As soon as he came back today, Lu Shimian took her to the bedroom. It was something she hadn't finished yesterday. She also resisted, but she couldn't escape.

He got it in the end.

Simply, Xia Xiyan will not resist.

It's up to him.

The black eye son of the man stares at her tightly, constantly looking at, have sullen.

There are other emotions.

Xia Xiyan doesn't understand and doesn't want to understand.

She threw her cell phone to him, looking innocent, as if the words just now did not belong to her.

"Your lover asked you for help, but I turned her down for you. After all, I asked master Feng to do it. You can't sleep for nothing after you've been sleeping for so long. If you dare to help her, you won't be able to climb onto my bed in the future."

Lu Shimian looked at her. She was very cute when she was angry. The first time he was moved, it was probably that she crossed her waist and pretended to be a tiger. "You know how to find Feng

yanpaoguang. It's good."

what!

### **Chapter 293**

Shen Qi'er was hung up, but she heard it clearly. In her words, she was spoiled.

She lost her phone in anger.

Lu Shimian and Xia Xiyan... She thinks that she is weak and can solve the problem smoothly, but who knows... Now she has become a supporting role from the leading role.

She's sick of the supporting role.

She has to be the main character.

Can only be the protagonist.

The agent looked at her face that became faster than turning a book. She just went to wash the fruit, but when she came in and looked at Shen Qi'er's angry appearance, she probably guessed something.

It seems that Lu Shimian has no place for Shen Qier at all.

How could it be!

She didn't think about it any more. Instead, she went to Shen Qi'er and said, "Qi'er, don't be angry. You're not well yet. If you're so angry, you'll be angry. Then when it comes to that summer sunset, you won't be happy."

Summer is setting.

Last two times, she ran away with good luck.

"The last driver, did you take care of it?"

"The driver was a gangster. He gave the money and went back to the countryside. He promised me that he would not appear in the secluded city again. Don't worry!"

"Don't worry? Last time you said that I would never have to see Xia Xiyan again, but she didn't still appear in front of my eyes, and she was still in love with Lu Shimian. Now... "

"Qi'er, we can't manage Master Lu's heart as others."

"What if I have to?"

The agent looked at her, "Qi'er, now you can't be against Master Lu. We offended master Feng. If we offended Master Lu, then we don't have to mix in secluded city."

The Lu family is a big family. Unfortunately, her father is addicted to women's sex, which makes the big family lower than the Feng family and the Lu family. Even now, there are many new comers. She is the only daughter in his family, and her father can't teach her to do business, so it goes from bad to worse.

"But now Master Lu doesn't help us. There is a lot of noise outside. Just now someone knew you were in the hospital, and they were all blocked at the door! I see they all have eggs in their hands, and they have written banners saying they want to denounce you... "

Denounce?

Shen Qi Er hears speech, she climbs out of bed.

At the moment, standing at the window, knocking on the banner of the building.

Today, a lot of fans have taken off their fans. This matter has really caused great trauma to her career. Now we must press this matter down.

At all costs.

Shen Qi'er is standing at the window, listening to the agent's nagging, "Qi'er..."

"Besides him, who else will help me?"

At this moment, Shen Qi'er knew that many things are just so realistic. Now, when there are so many problems, no one will help.

"There's a man, I think he can."

"Who?"

The agent came up to her and whispered in her ear.

"Shen Kan..."

"I heard that young master Shen is expanding his power recently. After all, it's because of him that he's making trouble. He's involved! He should be in charge of it

Is it?

Shen Qi'er thought of the sullen look on Shen Zhen's face yesterday, and she felt a little thump in her

heart.

Will Shen Zhen really help her? Not necessarily.

Shen Kan didn't want to help him that day.

Shen Qi'er had a bite of rice, but she couldn't bear it at last. She decided to start from Lu Shimian.

But now I dare not fight.

.....

Xia Xiyan was almost tortured to death by Lu Shimian.

She went to sleep in a daze.

There was a person running back and forth in her mind, but she didn't know who it was. Anyway, the person was pretty good-looking. The next second, she was deep in the water, choking her beauty almost passed away.

She opened her eyes and looked at the man gnawing at her mouth. "Lu Shimian, are you finished?"

She felt that Lu Shimian was insane.

How long have you been pressing her around? Aren't you tired?

"Do you want to say that I like Shen Qi'er in the future?"

In summer, my face stagnates.

Is Lu Shimian always worried about those words?

She thought that Lu Shimian had answered Shen Qi'er's phone!

She pushed Lu Shimian away. "You like Shen Qier's business. Who doesn't know? Miss Shen is the sunshine in your heart, but what happened today has destroyed her image in your heart? So, are you angry? "

"But you like to deceive yourself. Even if she sleeps with her brother, it's still your sunshine." Xia Xiyan patted his chest, "look at a couple, I tell you, Shen Qi'er this kind of woman, eating bowl, looking at the pot, always treat you as a spare tire, do you know why?"

"....."

"You don't know." Xia Xiyan pulls her clothes and sits up. It's the first time that she talks to Lu Shimian like this, "she has a young master in her heart, and she doesn't want to give up you, young master Lu. But to deal with this kind of slut, the better you treat her, the more improper she is. If you don't pay attention to her, she will come to you in a few days."

The man's eyes looked at Xia Xiyan, "bitch?"

Summer sunset Yan dun dun, "Oh, your day light is not cheap, but also can not be regarded as a good person, calculate white lotus."

What else does Xia Xiyan want to say? Suddenly, her mobile phone rings. It's su Xiaowan's.

"Hello, Xiao Wan?"

"Miss Xia, our young grandmother is in the hospital now. Do you have time to see her?"

"Hospital? What happened to her? "

"Our young lady has fallen into the water, and now she is not even conscious. I don't know what to say. Our young master wants to ask you about what happened to her before..."

"I'll be right here, you send the address to my mobile phone!"

How did Su Xiaowan fall into the water.

Xia Xiyan jumped out of bed, now some absent-minded.

Lu Shimian looks at the muddle headed woman. When she mentions Su Xiaowan, she loses her soul. He is jealous of the damned Su Xiaowan.

She went down with her mobile phone. Mrs. Lu and Mr. Lu went out, and the driver was taken away by them.

Xia Xiyan didn't drive over. When she came over that day, it was Lu Shimian who drove her.

Now

At this time, I thought of a low voice, "like what you're doing here with a wooden pestle, let's go."

When did he come down?

"Thank you."

But she is not hypocritical. Now she doesn't have a car, but Su Xiaowan and others are worried. She

can't just delay.

How can Xiaowan talk nonsense?

.....

The black Bugatti Veyron is running on the road. Xia Xiyuan always feels that there is a woman's fragrance in the car. What does she think of? She is restless at the moment.

Yesterday, when Lu Shimian was with Shen Qier, she was not allowed to sit in this car, was she?

Judging from the posture, it's estimated to be.

When he came back, his body was stained with such fragrance.

Thinking, it's like she's getting out of the car.

"I'm moving. I'm not clean up yet?"

#### **Chapter 294**

In summer, the face is silent, "..."

It's true that she can say a few words all the time. She didn't look at the man's dark eyes. At the moment, she felt that the closed space was disgusting.

Especially, after Lu Shimian touched Shen Qier yesterday, he came to touch her again. She... When they did it today, they didn't wear a condom, so would she be pregnant?

She doesn't want to be pregnant!

In particular, she didn't want to be pregnant in such a complicated environment.

She went to a drugstore.

Xia Xiyuan unfastened her seat belt and said, "stop!"

"Don't you worry about Su Xiaowan? Don't worry now?" Lu Shimian looks at Xia Xiyuan. At the moment, her beautiful eyes are indifferent. They look like two strangers.

She hates being a stranger.

I hate being a stranger to him.

"I told you to stop!" Xia Xiyuan is a little impatient. Looking at Lu Shimian at the moment, he doesn't

know what Lu Shimian is thinking, but she knows that she can't have children.

She didn't want to go through that fear again.

Lu Shimian is by no means a good man. Even if he may like it a little, it doesn't mean that this feeling can restrain everything and don't care about everything.

"I'm not your driver!" The man's words were so amazing that he didn't pay any attention to him at the moment.

I kept driving and even stepped on the gas.

"You..."

The car sped away. Lu Shimian could race. He was very skilled all the time. When he was very young, he was the first in the car race. At that time, he was arrogant and arrogant.

Don't take life seriously.

She has always wondered why he, with his parents' love, intelligence and money, had to do such dangerous things. If she had these things, she might not even do any dangerous things.

However, the elder brother said that people like them may have to pay their lives in order to find stimulation.

Crazy for short.

Lu Shimian's car is speeding. His eyes are deep. He thinks of the only racing car more than ten years ago. The leader of the Lu family suffered from inhumane abuse when he was a child. He went step by step and paid a lot.

When he was a teenager, he saw her diary. There was a card in the diary. It was about a car race. There was no rich prize in that car race, but a crystal diamond.

It's a purple diamond.

It's rare.

She wrote a word on that card - beauty.

That's why he wanted to take part in the race. The pink diamond is the treasure of the old man and his wife who held the race. It was discovered by the two of them in their exploration activities again. This pink diamond is beautiful and the best gift. The person who owns the pink diamond is safe and happy in his life.

But did not expect that his wife died, leaving him alone.

I thought of my wife's preference, so I held this race.

Fight for love.

Only for love.

The pink diamond, only for the first place, will not be sold in any way.

There is no doubt that Lu Shimian won the first place. He got the pink diamond and what she wanted. He ran to her with interest, but looked at her and Lu Xing

Lu Shimian is a man who wants to face. He never wants anyone. He never goes to the hot face to stick his cold buttocks. This also leads him to throw the pink diamond into the pond in a rage.

Before long, Xia Xiyan came to see her.

It was his mother who found out that he was out racing and let her be a lobbyist.

He remembered her words.

—Lu Shimian, I envy you very much, but why don't you cherish what you have now? Mommy is very worried about you. You should stop doing such dangerous things. In order to seek stimulation, you know that mommy is restless at home and almost faints. You are unfilial.

He sneered.

Unfilial?

What he did was worthless in her eyes.

That night, he drank for the first time. The smell of alcohol paralyzed his nerves. He had never felt so bad, as if his heart was about to be dug out.

He is so stupid that he can't help it.

He died on the circuit for what she liked, but... She didn't like it.

But he also knows that even if he likes her, he can't say, because that will push her far away, because Xia Xiyan doesn't like him.

Since that time, Lu Shimian has never been to the racetrack, and he seldom touches a car.

Not like today.

Xia Xiyan has never done such a fast car before. In fact, she can also race. She learned to race very early, but she knows that she needs to be a cute and lovely person to enter the Lu family. She can't play such a thing that she will die at any time.

Later, Shen Qi'er almost sold her.

However, it also gave her a chance to leave the Lu family.

Although Lu's family is very big, it's easy to find themselves, but if they keep away from each other, even if they live opposite, they can't meet each other.

Moreover, she came to Jiangcheng.

He left his hometown.

In the early days, she and Su Xiaowan had no money. Their daily expenses were divided several times. They ate steamed bread. Later, Xiaowan began to write music scores. But who would buy the first work?

She knew that Xiaowan was a very talented person and was afraid of being hit hard, so she went to the end of the race.

Got their first pot of gold.

——100000 yuan.

After dying in the race track, she suddenly realized that Lu Shimian was isolated and helpless. It was the first time that she read Lu Shimian.

But it's just a few seconds.

Although she drives badly, there are not many people who fight to get 100000 yuan. She wins.

Solved their urgent need.

But although she can drive a car, compared with Lu Shimian, it's a real witch. Lu Shimian is not afraid of death, not at all.

"Lu Shimian, this is the street. What kind of car are you racing at?"

The man looked at Xia Xiyan's panic face, just now he was really angry, but looking at her panic eyes, he gave the accelerator.

"Is Tuanzi afraid?"

"Nonsense, you want to die, don't pull me!"

All of a sudden, this irritated her.

Lu Shimian's hand holding the steering wheel tightened, and now he looked at her, "you and I are husband and wife, so we should live and die together --!"

"Psycho!"

live and die together?

Thanks to her.

Can't Lu Shimian accompany her to die when she is dead?

Lu Shimian died, and he would not go with him.

The car was parked in the hospital. I didn't expect that it was so far away. Lu Shimian drove very fast and arrived immediately.

"I'll wait for you here!"

"No need."

Xia Xiyun unties her seat belt and thinks about something. She goes to the pharmacy of the hospital first, buys a box of contraceptives, asks for a glass of water, and is ready to take it.

72 hours, emergency contraception these words, in her hand is particularly clear.

## **Chapter 295**

She was just about to swallow it, but the next second, her chin was tightly clenched, and the man's breath was so suppressed.

She was startled.

In the hospital was a stranger kiss, but also in such a way, had let her mind a blank, she stare at the man in front of her.

That's what I found out.

It's Lu Shimian.

How did this man show up?

The man's kiss with arrogant overbearing, suddenly rolled away the contraceptive in her mouth, and then released her.

Xia Xiyan is still bitter in her mouth.

But now she didn't dare to move, because Lu Shimian swallowed her contraceptive.

"What are you swallowing for?" Xia Xiyan has read a report before that it is not good for a man to take this contraceptive. He will lose his sexual function and finally become a female

There is only one son in the Lu family. If something happens to Xia Xiyan, she can't help but cry to death.

"What are you doing?"

Xia Xiyan was startled by his roar.

There are many people around to hear the sound, so they all look back at them, at this time, Xia Xiyan looked at her sulky appearance, she was patient.

"What did you do to me today, you don't know? Why do you say I take contraceptives? " Her mouth was bitter. This was the second time she took contraceptives. The last time was three years ago.

The taste of contraceptives as always is not good, and even eat, affect the endocrine.

She was in poor health. Last time I saw a doctor, the doctor said that she was difficult to conceive.

.....

The man's dark eyes were stained with ink. He forced a sneer from his throat, "Xia Xiyan, how can you be so cruel --!"

He is 26 years old and an adult man. He is responsible for all his affairs. Since she is his woman, he will not leave her when she is pregnant.

Even he wanted her to be pregnant.

More than once, he thought about their children. From the child last night, he thought about their children. Their children will certainly be more beautiful than any other children.

Eyes like her, nose like him... Better be a girl.

In this way, he can spoil them and not let anyone bully them.

Cruel?

Xia Xiyan frowned. She didn't know if it was because of the sudden sour taste or something. Anyway, in such a short time, she didn't know.

I just feel that the man in front of her makes her angry. For so many years, I haven't been as angry as I am today. Does he say that she is cruel?

"Is it not cruel for me to have him? Lu Shimian, you are too double standard. You sleep with me without a condom and say I'm cruel. Who can't control my lower body? You men are so happy that we women should bear the consequences. Why?" Xia Xiyan was angry, holding her face and eyes staring, "and what's the relationship between us now? Why should I give you such a life child who can give me a green hat at any time?"

Oh.

Lu Shimian's dark eyes can kill her almost immediately.

Xia Xiyan said, did not speak, she did not know why she felt that Lu Shimian could strangle herself at any time, she thought, he did not do wrong.

Since the last misdiagnosis, she has been afraid of pregnancy.

So a child, should not appear among them, even, a person who will leave her at any time, she is not rare.

He suddenly took the box of contraceptives out of her hand, and then he squeezed it tightly in his hand, "do you want to eat contraceptives? How can that be enough?"

Xia Xiyan watched him enter the drugstore.

What the hell is Lu Shimian doing?

.....

Pharmacy.

Lu Shimian, with a gloomy face, took a large bottle of contraceptives. His mother told him more than once how harmful the contraceptives were to women.

Lu family is a happy family. At least, his parents love him. Apart from training him to be an outstanding successor, he even received the education of respect for women.

He doesn't want Xia Xiyan to take that kind of medicine. At least, he doesn't want to see him suffer, and the taste of this contraceptive is really bad.

She has been afraid of hardship since she was a child.

I don't know why I'm not afraid now. Just looking at her posture, I'm ready to swallow it.

It's really a new look after three days of absence.

He went to the counter and paid, "is this bottle bitter?"

"Contraceptives must be bitter. There is no medicine that is not bitter!" The little nurse originally thought that the man in front of her was scum. After all, the man who let women take contraceptives was scum man.

I can't control my lower body. As a result, when I raise my eyes, this man is too handsome. I've never seen such an excellent man before. If it was him, he would feed himself poison, and I would like to.

Bitter.

Lu Shimian looked at a bottle of vitamins on one side, "give me this, too!"

The little nurse politely took the bottle of vitamins, "do you want a bag, sir?"

"No!" The little nurse in the hospital looked at the tall and handsome man and said a word to him. She felt that her life was complete. If she could sleep with such a man, it was just... Her family's virtue.

As she watched, she now struggled out as she watched the landing.

Lu Shimian went to a hidden place on one side, took apart the contraceptive, dropped it all into the garbage can, and then poured everything in the vitamin jar into the contraceptive bottle.

After all this, he went out with the bottle in his hand.

Before I could react, I lost a bottle of contraceptive in my hand. I just prescribed it.

"Why do you buy such a big bottle?"

"Don't you want to eat? This bottle is enough for you for a year -- "

"....."

Xia Xiyan unscrews the bottle cap, and she looks at the pills poured out. This

"Is this a vitamin?"

She's taken vitamins a few times before. She's not stupid.

Lu Shimian was a little flustered when he was told that, but from childhood to adulthood, Lu Shimian's psychological quality was excellent, and he began to tell lies with his eyes open.

"Look at the words on it carefully!"

He showed her the pill.

Xia Xiyan is suspicious. She looks at Lu Shimian, but she still doesn't believe it. She turns to the drugstore and says, "excuse me, did someone buy a bottle of contraceptive just now?"

"You mean that handsome guy, yes, he bought a bottle..." before the nurse finished, she watched Xia Xiyan leave.

Xia Xiyan took one and drank the water before. She took a look at Lu Shimian and turned to go upstairs.

At the door of the ward.

"What happened to Xiaowan?"

"The little grandmother was pushed into the river today. I don't know what's going on. At this point, she hasn't woken up and is talking nonsense all the time."

## **Chapter 296**

"Can I go in and see her?"

"Yes." Cheng Weiwei said and knocked on the door, "young master, Miss Xia is coming."

"Let her in!"

Xia Xiyan pushes the door in and looks at Su Xiaowan on the bed. Her sickly and pale face looks like it's going to disappear at any time.

When I saw her yesterday, she was still in high spirits. Is it because of Shen Qi'er?

"You're here with her. I'll take care of something."

Su Xiaowan is out of danger, but Feng Yan doesn't trust others to take care of him. He asks Cheng Weiwei to stay and protect them.

She won't slip into the water by herself. Just now, he has asked Fengyi to check.

There should be results soon.

Xia Xiyan didn't expect that such a thing happened to Su Xiaowan just one day. "Master Feng, don't worry, I will take good care of her."

Watching Feng Yan go out, Cheng Weiwei comes in.

What happened yesterday, she would not believe that master Feng would do something sorry to Su Xiaowan. Su Xiaowan couldn't have fallen into the river because of master Feng

"How did you suddenly fall into the river?"

Cheng Weiwei looked at Su Xiaowan and said to himself, "the young master took his little grandmother to see Mrs. Anning today. But who knows, when he went to pick flowers for Mrs. Anning, he accidentally slipped into the river. However, he went to see the scene of Fengyi. He didn't fall into it by himself. Someone pushed her, but now I don't know who it was."

Lu Shimian heard this sentence when he came in. Just now she was in the car watching Feng Yan come out in a hurry, and he came up.

Mrs. Anning.

Rumor has it that Mrs. Anning, who is famous all over the world, is a woman

She is a woman of great ambition who has attracted countless men. She falls in love with the young master of the Shen family.

Unfortunately, the young master of the Shen family died in a car accident when he was young. Later I heard that she was lost on the way to the funeral of the young master of the Shen family

Feng Yan found out that Mrs. Anning's disappearance may have something to do with the Shen family. But after a long time, he couldn't find out anything else. Shen Nanshan always regarded Feng Yan as a thorn in the eye.

But you are eager to use Feng Yan's strength to strengthen his group

So, I've been acting behind the scenes.

But this Feng Yan, found Mrs. Anning, didn't even tell you.

Thanks to him, he told Feng Yan everything.

Looking at Lu Shimian entering the door, Xia Xiyan's eyebrows wrinkled.

"Why don't you knock when you come in? Do you know the courtesy?"

"I've come to you. What's the knock! Besides, even if I want to knock, will you let me in? "

Lu Shimian knocked at the door when he came in. He knocked three times.

But no one answered, so he came in.

But Xia Xiyan hears speech, at the moment, he is right. Even if she knocks on the door, she won't let Lu Shimian come in.

That's true.

"You're going to let me in, so what am I going to do?"

"You... This is Xiaowan's ward. Please be quiet!"

Lu Shimian looked at the woman on the bed, "what's the matter with Feng Yan? Even a woman can't protect her."

"They are much more powerful than you. You think you will be as sour as you are. But in my opinion, you can't even compare with one of your fingers!"

"Summer sunset!"

This damned woman

## **Chapter 297**

Lu Shimian looks at Xia Xiyan with dark eyes.

"Xiao Wan is still ill. Please go out."

Cheng Weiwei looks at these two people, this is in the ward after all, and the young grandmother has not woken up now, the doctor has taken care of, should take good care of.

She was just about to make a sound, but she listened to Lu Shimian's angry voice, "you think I want to be here!"

Then he took a big step and walked straight away.

Cheng Weiwei looked at them, "Miss Xia, actually..."

Xia Xiyan's eyes are fixed on Su Xiaowan. She trembles her eyelashes. Her hand immediately grabs Su

Xiaowan's, "Weiwei, go and call a doctor."

Cheng Weiwei looks at the woman on the bed and runs out in a hurry.

Under a series of examinations by the doctor, Su Xiaowan opened her eyes.

She felt water in her ears, and she felt very sick.

But after a look, I didn't look at Feng Yan.

"Where is Feng Yan?"

"Master Feng said that he had something to deal with. Let me take care of you here!" Xia Xiyan looked at her, "by the way, how could you..."

"Someone pushed me." Su Xiaowan said.

Someone pushed it on purpose?

"Why push you?"

"I don't know. When I fell into the water, I heard someone laughing, but after that, there were too many algae in the lake. They wrapped around my feet and pulled me down..." Su Xiaowan thought of something, "Wei Wei, who saved me?"

"Young master."

Feng Yan?

"Is he OK?"

"The young master is OK. Don't worry. It's you who almost lost time, and you'll be dead!"

"Cough..." Su Xiaowan felt that there was still a mouthful of water in her abdomen, which was very uncomfortable. She suddenly coughed.

Cheng Weiwei immediately brought her water, she sipped a few, just better.

Just, when I fell into the water, I had a picture in my mind.

Now I think of it, but I can't.

She looked at Xia Xiyan, thought of yesterday's things, she naturally saw the news in the car, "Xiyan, did Shen Qi'er really do that thing yesterday?"

"She didn't seduce master Shangfeng, but she didn't even let her brother go! But this time it's good. Her general good will has been consumed. "

Xia Xiyan thinks that this is the most correct thing she has done.

However, he also forgot the white lotus's method and seduced Master Lu. I believe that the dogleg will stick on strangely.

"Xiaowan, when young master Feng comes home, you must blow more pillow air and ask him to warn Lu Shimian not to help him!"

"Haven't you made up with him yet?" Su Xiaowan thinks that they have basically said what happened yesterday. When she went out yesterday, she was watching Xia Xiyan and Lu Shimian dancing.

"If master Feng sleeps with Shen Qi'er, do you still want him?"

Su Xiaowan frowned.

Xia Xiyan looked at her, "Lu Shimian slept with Shen Qi'er, what do you say I want such a disgusting man to do?"

"... is there a misunderstanding?"

"Look

It's the photo Shen Qi'er sent her, a condom and a man's back.

Although she was not familiar with Master Lu, she recognized the figure at a glance.

It's Lu Shimian.

"But yesterday I..."

"Xiaowan, who is Lu Shimian? I know that he has always liked Shen Qier. I'd like to sleep with her."

"Then you..." Su Xiaowan didn't say anything. Suddenly, the door was kicked open.

Su Xiaowan looks at the man at that end.

It's not who Lu Shimian is. He's full of momentum. Lu Shimian's figure is slim, and her black suit sets off her tall and straight face, which is dark green at the moment.

Xia Xiyan looked at Lu Shimian at that end, "Why are you still here?"

"Xia Xiyan, you are not clean up, are you?"

Before Su Xiaowan could react, Lu Shimian directly dragged Xia Xiyan out and realized, "Weiwei, go out and have a look. Master Lu won't fight Xiyan!"

Cheng Weiwei goes out with her.

She was surprised when she was shot directly by Lu Shimian's eyes before she took a few steps.

Lu Shimian is really fierce. He can only stand there and watch the landing master leave.

She went into the ward.

"Little grandma, I..."

"Forget it." Su Xiaowan sat on the bed and thought it was too boring, "Weiwei, where's my mobile phone?"

"I'll get it for you."

"Good."

Just now the doctor had checked, and Su Xiaowan was OK. He was just about to get out of bed, but suddenly he felt dizzy.

When Cheng Weiwei came over, Su Xiaowan's face was a little pale.

"Young granny, what's the matter with you?"

Su Xiaowan felt that his head hurt a lot, but soon it stopped.

Weird.

.....

Sanatorium.

"Young master, before the accident, he was the only one who sneaked in. There was a construction site near the sanatorium. He was from the construction site. Moreover, we found that his wife's account had an extra sum of money, and they all relied on him. Her wife was a housewife, ours..."

The man kneeling on the ground trembled and lowered his head. He didn't know that he would be found so soon. After solving the problem, Su Xiaowan was ready to take things and clean up and run

away.

But they were stopped by their men.

"Who made you do it!"

"I... I don't know."

"Fiefdom."

The man was afraid. Just now they threw themselves into a cage of a Tibetan mastiff. He was not scared to death. Now his back is wet, "I said, I said..."

"Not long ago, someone came to me and asked me to lead this woman out... But I was afraid of being found, so I sneaked in and found that she was picking flowers. The man said that as long as she was killed, so I wanted to push her into the river. This artificial lake is not deep or shallow. Before, the buildings here were contracted by our construction site..."

Smell speech, the hand of the man holds tightly.

"But I really don't know who that man is."

"He contacted me by phone."

They found a phone in Fengyi. Naturally, they knew that the phone was a black house. The head of the house was a man who had been shot for murder. Now, the number has not been cancelled

Feng Yan looked at the man kneeling, "is it related to him?"

"No, it's still very quiet there. There's no movement. It's someone else's business."

"Keep looking."

"Yes."

Feng Yan went to see her sister, who was already asleep.

"Recently, take good care of it."

"Yes."

Now the place is not safe. He has to find a new place to settle his sister.

He looked at the woman who was becoming thinner and thinner. If his mother knew it, he would feel

very sad.

She was still shouting "baby..."

"Baby."

A few decades ago, the child suddenly died unexpectedly. At that time, Feng Yan was not born. According to his mother, the child was only eight months old, but suddenly died.

The doctor found that it was too late to induce labor.

For this reason, she was already a little confused at that time. In order to be afraid of her doing stupid things, her mother kept her at home all the time, but she didn't know that the young master of the Lu family had a car accident... And died.

Under the double blow, she never recovered.

Tears wash my face all day long. People who torture me are not like human beings, ghosts are not like ghosts, and I always say that my children are not dead

Later, she disappeared.

There's no trace.

In recent years, when Feng Yan sent her footprints, he suddenly found a trace. Maybe the child was not dead

It's just that the attending doctors who participated in face-to-face are now retired. Feng Yan went to see them, either with Alzheimer's disease or dead.

As he turned around, suddenly Mrs. Anning took his hand.

Warm wrist, let him a Zheng, turn head, that woman still continues to sleep.

His hand was over hers.

"It's all right --!"

About an hour later, Feng Yan turned back to the ward.

Su Xiaowan is playing with her mobile phone. When she comes back, she doesn't find Feng Yan.

"Well?"

Su Xiaowan seems to be Feng Yan.

She lost her cell phone, took his hand and ran into his arms, "I was scared to death just now, I thought I couldn't see you!"

"Don't say that!"

She looked at him and nodded, but she was really scared. He didn't come back just now, even if he did. Now that he is back, Su Xiaowan always wants to stick to him.

Feng Yan sat beside her.

She leaned on Feng Yan, "how's your sister? Are you scared? I don't know... "

"She's fine." Feng Yan's hand pressed her head, but it was not hot, "I'm sorry."

"I'm sorry. It's not your fault. I can't swim. Otherwise, I can't fall into their trap."

Su Xiaowan knows that Feng Yan is sorry for not protecting himself.

"Feng Yan, who do you think that person is?"

"I'll find out."

"Well, I believe you."

That night, Su Xiaowan leaned in Feng Yan's arms. She fell asleep, but Feng Yan didn't sleep all night.

If something like this happens, we must pay attention to it.

Who did it?

He'll find out.

"Cough..."

At night, Su Xiaowan coughs badly. Feng Yan turns up the air conditioner and holds her tightly.

He's afraid.

At least, when she fell into the water, she was afraid that he would lose her.

Shen Qi'er can't get through to Lu Shimian. He has no choice but to go to Shen Zhen.

Shen didn't answer the phone, so he had to come to the place where he lived.

This is a villa.

It's Shen Kan's name.

She rang the doorbell, and out came a woman, whom she had seen that day.

Shen Xiaobei looked at the woman in front of her. She recognized it immediately. She didn't open the door. "What do you want to do with him?"

"Who are you?"

Shen Qi'er looks at the little girl. She looks like she's in high school at most.

"He won't see you!"

Shen Xiaobei said, to go.

She won't let him in.

"Shen can't see me. It's up to him to say, what are you?"

## **Chapter 298**

Shen Xiaobei's eyes pause slightly. What is she?

Yeah, she's nothing.

"He's not at home. If you want to find him, call him."

"I can get through to him. What else am I doing here?"

Shen Qi'er looks at her. She doesn't know much about Shen Kan, but after all, Shen Kan has the blood of Shen family. If she doesn't admit it, it can't be regarded as the end.

Shen Xiaobei turns around. The woman in front of her is cool and gorgeous. At first glance, she is a beautiful woman, but she is not very attractive. However, she has a very good figure, which Shen likes.

"He seldom comes here. It's no use waiting here!"

"What's your relationship with him?"

Shen Xiaobei cold eyes, "care."

nurse?

Is Shen Jin hurt?

But that day, it seemed that he had an unusual and nervous attitude towards the nurse. Instead of relying on the Shen family, Shen Kan set up his own house. On the road, everyone respected him.

It's a new show in recent years.

Shen Qi'er looks at the rising sun. In this place, he doesn't see Shen Zhen's car. Maybe he's not there.

"Do you know where he is now?"

"I don't know."

She doesn't like that someone always talks to him in the tone of command. Shen Jin just left this morning. She doesn't know where to go.

"Forget it."

Shen Qi'er looked at the woman and turned back. "You can't get into Shen's house. He's just an illegitimate child. Even if his father admits it, I won't admit his identity. You can't even think about it!"

"....."

Shen Xiaobei only thinks that this woman is a psychopath.

She turned back to the villa and watched the woman driving away.

Shen Qi'er can't find Shen Zhen's whereabouts, so she has to go home.

Shen's family is now in a gloomy environment. Shen Nanshan hasn't been outside these days. There are so many messages outside that he can't bear it for a moment.

be mentally and physically exhausted.

When he came home, Shen Nanshan sat on the sofa.

Watching her enter the room, the cup hit her feet like this, "still know to come back!"

"Dad."

These days, Shen Qi'er is either in the hospital or in the apartment. She is afraid to go home. Her mother called her and told her not to go home.

As a result, today she wanted to come back to get something. At this time, her father was not at home, so she thought she would come back.

"For your sake, I've put the whole Shen family in. Are you happy now?"

"... dad, I..."

Susie hears the sound and rushes out of the door. She stares at Shen Qi'er with her eyebrows and tells her not to talk back. Shen Qi'er would not have been like this before.

But now, Shen Kan is about to enter the door of Shen's house.

If she continues to upset her father, she and her mother will be swept out of the house.

She can only bear it.

On the dining table.

Shen Nanshan has been calm face, Susie to his bowl clip vegetables, he directly lost chopsticks, "eat to eat!"

Shen Qi'er looks at Susie. She wants to say something, but she is kicked by Susie.

How ever did you hold back like this.

But

"What are you going to do?"

"Nothing happened to me... Shen Ken and I. that day, it was because I... Feng Yan slept with me. He was afraid that I would threaten him with this, so... There would be such news."

"You said Feng Yan was with you that night?"

"Well, I slept with him."

Susie was shocked, and even Shen Nanshan was stunned.

"Do you have any evidence?"

"I..." Shen Qi'er knew that if it was her own fault, then her father would be angry. Maybe she and her mother should be subdued.

She doesn't like to hold back.

"Dad, I don't have proof, but I don't know who I'm sleeping with."

Shen Nanshan looked at her and didn't speak at the moment.

But after a meal, Susie came to her.

"Did Feng Yan really touch you?"

To her father, she would lie, but her mother would not. She told Susie everything honestly. Susie is a smart person. At least, she can still stay with her father for so many years.

"Don't tell your father about it."

"Mom, I know."

"And... In another month, you have to be pregnant!"

Pregnant?

"Besides, the child must be a young master."

"....."

"A woman's best bargaining chip is her body. When you have a young master Feng's child, you will naturally be able to enter Feng's home and be your wife. When you sit in the position of wife Feng, all the news will be suppressed."

How can you tolerate the hostess being said to be like this.

"However, even if Feng Yan took the medicine, he didn't touch me."

"There's no cat that doesn't cheat. Since he doesn't touch you, we'll try to convince that woman that he did!"

.....

With the help of the doctor, Su Xiaowan had a general examination. There were no other symptoms, just a strong cough.

The doctor asked her to do a laryngoscope, but Su Xiaowan was afraid of pain. She had done this very early, but she had chronic laryngitis.

"I have chronic laryngitis. Maybe that's why I cough. I don't want to do laryngoscope."

"Feng Yan, you see I don't cough now!"

Feng Yan asked the doctor to withdraw. Su Xiaowan held his neck and was just about to say something, but.

The cell phone in the pocket suddenly rang.

"Hello."

"The old man came out looking for you the first day, but he couldn't find your people."

Old man?

Feng Yan will know who is coming.

"Last time I was going to visit you, but you were not at home. I still wanted to see you in a few days..."

"It's really magnificent to be in your house, but the people at the door are not good, they have no eyesight, and they even blocked my way..."

"Are you here?"

"The old man wants to see you. Why, no?"

"Certainly. You wait for me. I'll be right back."

Su Xiaowan came back to life, shouting that he would go back.

"Well?"

"I feel better. I want to eat the meal made by Aunt Li. Besides, you haven't slept well in the hospital. Let's go home."

"Good."

.....

Cheng Weiwei helped Su Xiaowan out of the car. At the moment, Aunt Li came out to meet her, "young granny, you scared me to death. How are you? Are you ok? Why did you leave the hospital in such a hurry? "

"I'm fine."

Looking at the maid busy in and out of, "what's the matter, the guests at home?"

"It's the benefactor who saved the young master."

"Benefactor?"

"Yes, the young man and the young master were chased and killed. It was the gentleman who saved the young master."

Su Xiaowan saw the old man before his voice fell.

Mr. Chen is drinking water. Suddenly he looks at the woman coming in at the door. He is stunned. He puts down his cup in a hurry and rushes over.

I looked at her carefully.

In the end, I burst into tears.

"Girl, you don't know me?"

### **Chapter 299**

Su Xiaowan is the first time to see this energetic old man. He looks like he is in his fifties. He is different from the old people outside.

But she couldn't say anything different.

"You really don't know me?"

When Feng Yan came in, he listened to Chen's words.

He frowned slightly.

He went over and pulled Su Xiaowan into his arms.

Su Xiaowan was still surprised and didn't know how the old man knew himself.

Then, he was tightly held in his arms, is Feng Yan.

Looking at Feng Yan, Mr. Chen is as energetic as he was a few years ago, but he seems to be more mature than he was a few years ago.

Seeing him holding the shoulders of the woman in front of him, "Mr. Chen, this is my wife, Su Xiaowan."

Old Chen was slightly surprised. He didn't know that Feng Yan was married when he came here.

"It seems that the girl doesn't remember me, but she is still devoted to you."

In his whole life, Chen saw through the prosperity of the world, and sought a quiet landscape. He lived alone.

He never believed in fate, but now he has to.

Otherwise, how can this little girl appear in front of her eyes.

"What do you mean, Mr. Chen?"

"Feng Yan, this girl saved you from the water. If she hadn't saved you, she would have died if she had asked me for help."

what?

She saved Feng Yan?

Su Xiaowan's amber eyes flickered, "old man, do you think I saved Feng Yan?"

"You forget, but you saved him in the cold lake. At that time, I was surprised how a little girl dragged a big man ashore!"

"..." she raised her eyes and stared at Feng Yan, "I can't swim. How can I save you? Is there a mistake? "

If he could swim, Su Xiaowan would not have no choice but to die in the river.

Besides, a few years ago, she was only a teenager. At that time, how could she save Feng Yan?

Is the old man wrong?

Mr. Chen was not happy when he heard that, "although the old man is old, it's not that this thing will be wrong. At that time, the girl was all wet and carrying you from the river to my house."

The old man insisted.

"But you don't remember, don't you, Feng Yan? I remember that you stayed together for several days, but she took care of you! "

"... I'm not impressed."

"....."

What the hell!

"Mr. Chen, it's a tiring journey. It's a great honor for you to come and see me. Let Aunt Li prepare dinner first."

Mr. Chen has a lot of words in his mouth, which means he can't make a mistake.

I remember right.

Su Xiaowan grabs Feng Yan's hand, the palm is a little cold, "Feng Yan, in the middle of this... What happened or didn't happen, I how also confused."

The man's hand touched her head. "Do you wish it had happened?"

"I don't want me to forget you, but... Feng Yan, you know I have a memory that I can't remember clearly. I'm afraid I'll forget you. I don't think that old man's words are nonsense." Su Xiaowan said slowly, "it's not right. If we knew each other, how could you not remember?"

"Young granny, you can have dinner." Aunt Li came to ask them to have dinner.

"Well, don't think about it. I'm not in good health. I can't be stupid any more because my brain is not working well."

Su Xiaowan, "... You are stupid, your whole family is stupid!"

"Aren't you my family?"

"I..." accidentally scolded myself again!

Su Xiaowan's daughter-in-law followed Feng Yan. At the moment, Mr. Chen looked at her and said, "at that time, you only liked Feng Yan. Now it seems that you didn't break your promise at that time. You girl, when you were gone, Feng Yan almost had a high fever and died!"

what?

Never come back?

"Old Chen, she is timid. Don't scare her. These dishes are your favorite. Eat more!"

Looking at the boy protecting the calf, Mr. Chen pursed his lips.

Originally, I was still worried about the child. Now it seems that he is worried too much.

Some predestined fate. Even for a long time, we are destined to meet.

That's a gift.

Su Xiaowan lowers her head to eat, because she has no impression at all, but the old man in front of her is a kind old man.

after meal.

"What you have asked me to inquire about in the past few years is a little settled. I came here today for the same reason.

"You said

Mr. Chen has been traveling around the world from time to time these years, so he is much better informed than Fengyan.

"The child is still in Jiangcheng."

Su Xiaowan came over with tea, listening to Mr. Chen's words at the moment.

children?

What child is Feng Yan looking for?

She just put the tea down, listening to Chen looking at her, "I guess this child is as old as her."

"Don't talk nonsense, Mr. Chen."

"You're very protective." Old Chen jokingly opened his mouth, and then sighed, "your sister's illness, staying alone in the sanatorium, is not good for her health recovery. You are so big here, and she lives here, which will be better than the sanatorium. Think about it for yourself."

Su Xiaowan probably understood what the words meant.

After Chen went to have a rest, Su Xiaowan stood in front of Feng Yan.

"Feng Yan, is elder sister's condition aggravating again?"

"Don't worry about it."

"In fact, it's boring for me to stay at home alone. I can take care of her when she lives here. Although I haven't said a word to her, I think she wants her family to accompany her. Shall we take her here?"

"You want her to live here?"

"She is your relative, that is my relative. Shouldn't relatives live together? Maybe she will be better if she sees you often

She knew Feng Yan's worries. Why she didn't take her sister back to her old house was mostly due to her mother's health.

So I dare not stimulate her.

"Well, it's up to you."

At night.

After taking a bath, Su Xiaowan looks at the twinkling stars outside the window.

Thought of those words of old Chen.

"Cough..."

All of a sudden, she had a dress on her shoulder. "Go back to the house."

"No, there are stars outside today. I want to see stars."

"I'm not obedient now, are I?"

"If you want me to be obedient, you can kiss me... Well." A blazing kiss fell on her lips.

Su Xiaowan's face is crimson.

"Next time you want to tell me directly, I don't like detours."

"... you rascal, who said I want it, I'm still a patient!"

"Don't worry, I won't touch you."

Feng Yan carries her to the bathroom, and Su Xiaowan's face turns red cherry.

"You're dirty."

"If you don't let me touch it, you can't even kiss it?"

"Well, you also..."

.....

Shen Qi'er finds Shen Zhen. In a bar, he is drunk, but the image of your son can be seen.

She carried her bag, put it on the sofa, and sat on the sofa next to him.

Shen Kan looked at the woman sitting down with impatience on her face.

He picked up a bottle of wine.

But listen to her say, "father already knows this matter, you hide also useless."

Shen Nanshan.

Mention this name, Shen's eyes unconsciously dark for a while.

A long time ago, a lot of things got into his mind.

He took the red wine and poured a glass.

"Things have been like this. You promised to help me, but you were beaten down. You want to enter my Shenjiamen, next life!"

"How do you know I didn't help you?"

"What do you mean by that?"

"Wait a few days, Feng Yan will come to you."

"... what the hell are you doing?"

"Miss Shen, if you don't want master Feng to come to you, you can continue to brag in front of me. Oh, by the way, you are not allowed to come to my house in the future. If you want to talk about something, you can come here."

Shen Qi'er thought of that woman, "... You raise a little fox spirit at home, and don't let others know? If they are grown up, you can play with them. "

Pop.

The glass is broken.

"Shen Qi'er, if you want Fengyan, just mind Fengyan's business. If you don't care about other men's business, you can't either!"

Shen Qi'er's face turned white, and she was angry.

This one is sincere.

If it wasn't for his territory, she would have spilled all the wine on her.

Shen Jin walked out of the door dimly drunk, and a woman with a low neckline came up and supported her, "I'm sorry, you're drunk, I'll take you home."

Shen Zhen pushed her away and said, "get out of here!"

The woman was pushed in her high-heeled shoes and fell to the ground.

She looked at Shen Ken, "Shen Ken, my father won't let you go!"

Everyone on the road knows that Shen Kan is a genius with enough ability.

He is just a little gangster, but in the past few months, he has become the noble of Jiangcheng.

Strength cannot be underestimated.

Shen Kan is sitting in the car. He looks out of the window. Jiangcheng, he comes back.

I'm here for revenge.

Shen Nanshan, Shen family... He won't let go of any of them.

"Where, sir?"

"Old town villa."

.....

Su Xiaowan went to bed together, and Feng Yan came to kiss her.

"What are you doing? You're tired of it in the morning!"

"... a surprise. I'm sure you'll be happy to see it later."

"What?"

"In the afternoon."

Su Xiaowan is not nearly angry. This man has learned how to be mysterious now. He is not good at it!

"Feng Yan, are you bored? Now you tell me there is a surprise. There are four or five hours left in the afternoon. What am I doing in these hours?"

"Play chess with Mr. Chen."

"....."

Su Xiaowan went downstairs to find that Chen had finished his morning exercise.

Since yesterday's contact with Mr. Chen, she felt that Mr. Chen was very kind.

"Old man."

"What's your name, sir? Please call me uncle."

"....."

"Why, no?"

"No, uncle."

Chen Xi smiles and says, "you've been smart since you were a child. I heard that you fell into the water a few days ago?"

"Well."

"I happened to live here for some time. You are smart since you were a child. I will give you some medical skills. Do you want to learn? When you left before, you stole my teacher for a long time... "

"Study medicine?"

### **Chapter 300**

"You look down on the old man, so you don't want to learn from me?"

Mr. Chen looked at the girl. It seemed that he didn't know her. He was also suspicious. But the girl had the same temper as before, and he wouldn't admit it.

Su Xiaowan didn't know anything about medicine, but she couldn't help it. Looking at Chen, she didn't know how to refuse.

"Here, look at this book. Do you have any impression?"

It was a notebook, on which there was scribbled handwriting. The handwriting... Was a little familiar.

"Don't you recognize it? These are your notes. In order to take care of Feng Yan, you begged me to teach you medical skills! "

"Uncle, can I borrow this notebook?"

"Of course, this is yours."

Mr. Chen said a lot about common sense, but Su Xiaowan couldn't remember any of them. He made mistakes frequently. Mr. Chen frowned slightly. She was clever before, but now she looks stupid.

"It seems that your mind is not on this recently. I just happened to go out and have something to do." Mr. Chen took a look at his watch. It's time for him to get a needle.

"Uncle, are you going out to see Mrs. Anning?"

"Well."

"Shall I go with you?"

"It's no good. I'll take you to Fengyan, but it's time to be jealous again. This boy is full of jealousy, but I'm afraid of him."

"... cough..."

"You can stay at home when you are not well. Mrs. Anning's condition can't be cured in a day or two, but now her condition is recovering every day, which is a good thing. Besides, you can't help me if you go."

Yesterday, she told Feng Yan about Mrs. Anning. After Feng Yan moved the medical equipment over there, she asked her sister to come. Today, Aunt Li is already cleaning up the house.

She watched Mr. Chen leave.

Now she turned and walked back to the room. Looking at the notebook in her hand, she saw it again

Lost in thought.

Originally, I only thought that it was Mr. Chen who was teasing them, but the evidence one by one was like a bomb in front of my eyes. Now even she suddenly realized it.

She was eager to know what had happened to her.

She called her brother, but she couldn't get through.

This mysterious brother, she always has a feeling, not like Chen Chen.

But he is as like as two peas.

Are there as like as two peas in the world?

Su Xiaowan fell asleep on her stomach. In her dream, she once again dreamed of the man who often appeared in her dream. This time, she saw his face clearly.

—It's Feng Yan.

She suddenly woke up, Aunt Li just knocked on the door and came in, "little grandma, your brother is coming --!"

younger brother?

Black and white beauty pupil, suddenly appear on the man's eyes.

It's su Chenchen.

"Sister."

"What are you doing here?" Last time, he said that he would not let others know. Now, he has found his home.

"My brother-in-law brought me back."

Brother in law?

Feng Yan brought it back?

Feng Yan stepped forward and appeared in front of them. At the moment, his thin lips were tightly pursed.

Su Xiaowan suddenly thought of what Feng Yan said in the morning.

pleasantly surprised?

So

Is Chen Chen a surprise?

Her eyes took a grateful look at Feng Yan and pulled Su Chenchen. It seemed that she didn't look the same as when she saw Su Chenchen before. This body, with warmth, compared with that Chenchen, she felt more than a little bit worse.

"Why are you thinner than before?"

Su Chen Leng for a moment, thought that he was talking about his appearance with before, these years in prison, usually no sunshine, so the whole face appears pale, "sister, but I'm higher than before."

Su Xiaowan thought about what Chen Chen said last time, "Chen Chen, how did you get to know Feng Yan?"

"I..." he didn't know how Feng Yan rescued him from there, but when he came here, he told Feng Yan not to tell Su Xiaowan that he had been in prison all these years.

It's not about atonement.

It's the fact that you've committed such a crime.

He raped a girl.

Su Zheng wanted to save face. In their eyes, he was just autistic. Naturally, he could not be regarded as a descendant of the Su family. In addition, things were so noisy at that time.

It is reasonable for Su Zheng to ignore himself.

But on the day he was in prison, he told Su Zheng that he didn't want Su Xiaowan to know about himself.

He really loves his sister. He hasn't said that for so many years.

Over the years, he also knows who designed this thing, but if he can't get out, he can only give up.

Just a few months ago, he saw this man.

Feng Yan.

He said his sister was his wife.

It all started to change.

"Your little secret, I really don't know?"

Su Xiaowan raised her eyes. He always knew?

He has always been like this since he was a child. He would never tell anyone what he did. He would only inform her when he finished it.

He is steady and reliable.

"Take your time and I'll deal with something!"

All of a sudden, the cell phone in the pocket rang.

Su Xiaowan sent him downstairs, she took his hand, "Feng Yan, you are so kind to me!"

"I'm not good to you, to whom! Go up. You're not well yet. Don't blow! "

"Well."

She ran upstairs, holding Su Chenchen's hand, "Chenchen, tell me honestly, what are you doing in this period of time, mysterious?"

"Sister, I didn't do anything. Why did you suddenly ask that?"

"Didn't you tell me to stay away from Feng Yan? How can you... "

"When did I say that? Sister, that day in that resort, I met you for the first time. Today, we met for the second time. When did I say that to you? "

The second time.

incorrect.

A bad idea sprang up in her mind.

The last time she was poisoned, it was after seeing Chenchen, after

"Sister, is something wrong with you?"

She turned out her cell phone and said, "is this your number?"

"No, I don't have a cell phone number yet!"

Su Xiaowan clenched her cell phone and was cheated.

But what does the man who cheated himself want to do?

Jade pendant?

Su's jade pendant?

"Cough..."

When Su Xiaowan thought of it, he coughed again.

Su Chenchen patted her on the shoulder. He didn't know what his sister said. It seemed that he had met Su Chenchen, but he never

Su Xiaowan was in the dark.

Suddenly he fainted.

"Sister --!"

.....

Feng Yan tenses his face. Shen Qi'er looks at the man who appears. Her heart shakes several times.

Su Xiaowan fell into the river by his own means.

She originally wanted the foreman to rape Su Xiaowan directly, but unexpectedly, the man was too timid to push people into the river.

She thought, even if she died in the river, but Su Xiaowan was very lucky and didn't die.

After that, Feng Yan came.

She thought of Shen Kan's words and said that Feng Yan would come to her side in a few days.

"Feng Yan, do you see clearly..."

Pop.

A slap on her face, Shen Qi'er looked at Cheng Weiwei, Cheng Weiwei never soft hearted, her slap, under a lot of strength.

"Throw people into the river, don't play to death!"

"Yes..."

Shen Qi'er doesn't dare to face Feng Yan. What else does he say? He wants to throw himself into the

river

"Feng Yan, you can't..."

But those people were waiting for her to say something and carried her out directly. The place was an ice spring, the water was so cold that there was even ice.

When Shen Qi'er was thrown in, her knee was scratched.

"You can't..."

"Miss Shen, I've already warned you not to touch our young Granny!"

Feng Yan's face was even more tense when he received the call.

He immediately drove back to the villa.

At the moment, Su Xiaowan was lying on the soft big bed with cold sweat on her forehead. Her hands were holding her skin tightly, "uncomfortable..."

Mr. Chen arrived early when he received the present.

The man's figure is slender, tall and straight as pine, now appears at the bedside, the evil eyes with cold, "what's the matter?"

"My sister is poisoned."

Poisoning?

Old Chen looked at Feng Yan's dark face. "Little girl, she was poisoned by Acacia. Although the poison is colorless and tasteless, her body will gradually turn purple with the virus pouring in. After poisoning, there will be speechless, tinnitus, unable to eat anything, and finally death in pain."

"This wench, it is not early symptom now, it is metaphase

what.

Where does Su Chenchen know that her sister is poisoned?

"She always eats with me on weekdays..."

Su Chenchen suddenly thought of what Su Xiaowan said just now when she fainted. "My sister seemed to know me before she said it. I'm afraid she might be used by someone who has a heart."

Feng Yan calls Cheng Weiwei.

After hearing this, I knew that during this period of time, she went out every time.

.....

Shen Kan takes the information he just got, and Feng Yan actually takes Su Xiaowan's younger brother back. Then... It seems that the matter that he pretends to be her younger brother is coming to an end.

But fortunately, his dosage is enough. It is estimated that Su Xiaowan should have been poisoned long ago.

Shen Xiaobei received an invitation to a classmate's party. She changed her clothes and came out of the room. Listening to the man's cold voice, "how did master Feng come to me?"

Since the last time she watched Shen Kan and Shen Qi'er do those things in the room, she had not seen Shen Kan for a long time.

She took a look at Shen Kan. He didn't know why Shen Kan would help her pay for her tuition and let her go to college. Shen Xiaobei's parents preferred boys over girls.

In order for her son to go to high school, he sold her directly, and this man is her seller.

He was only in his twenties, but he was cold tempered, irritable and difficult to get along with. After she bought him back, he didn't treat himself as a servant. Instead, he went to school for her, taught her archery, and taught her to play the piano... She didn't know what the man was up to, but he never hurt himself.
