

good evening 301

Chapter 301

Seeing that he didn't speak, Shen Xiaobei got into the car and went to the hotel where the students got together.

Shen Xiaobei, now a freshman.

Freshman's college career is spent in parties and gatherings.

She has nothing to do with it. Although she doesn't like that kind of party, others have attended it. If you don't attend it yourself, others will find you difficult to get along with. The campus gossip is more terrifying and quick than many places.

As soon as the car stopped, Shen Xiaobei got out of the car. Just after walking a few steps, she was suddenly pulled by someone. The next second, she smelled a pungent smell and fainted.

After that, she didn't know anything.

When she woke up, there was a cold place around her. Her fingers were stiff.

She leaned against the cold wall and her teeth trembled.

This place is very dark. I can't see my fingers.

But it's like being on a boat.

Shen Xiaobei doesn't know who brought her to this place. She doesn't offend anyone on weekdays. Every day she goes to school and stays at Shen's home, two or one.

During this period of time, if you offend anyone, then there is only one person, Shen Qi'er?

.....

Shen Jian receives a phone call from Feng Yan, and his eyes are deep.

"How does Master Feng remember Shen?"

"Bring me the antidote."

Only a few words have highlighted the purpose of the visitors.

"Antidote? What antidote? "

Although Shen Kan knew Su Xiaowan's poison, he was about to attack.

But I didn't expect it to be so fast.

"Shen Ken, I have your woman in my hand. Give me the antidote."

Her woman?

Shen Kan hung up the phone, and soon the man at the other end ran over, "Mr. Kan, miss has been kidnapped."

Shen Kan's evil eyes stare at the man, who kneels on the ground in fright.

He just went to pick up the young lady. When he went, the young lady took a taxi and didn't pick her up. But usually he would pick her up in the evening.

But today, he went to miss's place, but he couldn't find Miss.

After checking the surveillance, I found out that I was kidnapped.

The kidnapper is not someone else. He's the one who sealed the house.

I just don't know why they kidnapped miss this time.

Shen's eyebrows are tightly wrinkled.

Few people know about Shen Xiaobei, but the last time he was in Lu's house, Shen Xiaobei appeared outside the door, so he should have thought about it.

It was Feng Yan who asked her to come.

He called again, and this time the man at the other end quickly got through.

Just waiting for him to call.

"Think about it?"

"I can give you the antidote. Let the people go first."

"Give me the antidote, and I'll send people there."

"Feng Yan, you..."

"I'll give you only one hour. Give me the antidote."

Shen Hung up, took the car key and headed for the door.

.....

In a daze, Su Xiaowan saw a mountain.

She dreamed of the day when she graduated from high school.

On that day, I don't know who in the class first came up with the idea of going to the mountain to see the sunrise. At last, everyone chose to go, and there was no place to go. They could only go to the unknown mountain not far from the county.

She didn't like to participate in such group activities, but because it was the last time, she couldn't get rid of it.

It's a three-day, two night trip.

For this reason, the first time she left her grandmother, she didn't fall asleep on the first night. Grandma stuffed her bag full of food. She knew that grandma didn't have much savings, and she didn't like to eat such snacks on weekdays, but Grandma stuffed her bag full on that night.

Grandma was born in a scholarly family. If Su Zheng hadn't taken away their family's money, she would be a carefree old man now.

However, the day is not as good as expected, grandfather left early, she was alone, only by doing some manual work, to earn money.

She looked at her grandmother's face. She didn't know how long it had been. She missed her grandmother.

As soon as the picture turned, she saw the unknown mountain in front of her. It was not high, but it was not short.

Because it's camping, it's everywhere.

Su Xiaowan and the monitor share a tent. The weather is good. Several people are gathering branches outside in groups.

"Did you hear that? They say there is a paradise behind the mountain! Unfortunately, no one can climb up! "

"Why didn't anyone climb up?" Su Xiaowan looked at the mountains in the distance. The mountains were long and high, and the trees were intertwined. It looked like a dense forest.

"The local people say that there are no tame wild animals on that mountain!"

"The beast?"

"Yes, a while ago, it was said that the villagers who cut firewood on the mountain were healed by strange creatures. The wound festered after a day. It was too late to be sent to the hospital for rescue, so they had to cut off their legs. Up to now, the hospital has not given a report, saying that they bit each other!" The monitor took Su Xiaowan by the hand. In this class, there were few rich people in the family. She was almost the same as Su Xiaowan's family. They were all left behind children.

Su Xiaowan is good-looking. Boys regard her as a goddess, but she has no airs and is very approachable.

"By the way, you know Shen dai'er. I heard that her family paid for her to go abroad. What do you say about going into the performing arts circle in the future?"

"I know."

Before Shen dai'er went abroad, Su Xiaowan knew that Shen dai'er was a proud woman. She wanted everyone to know when she had something.

This has not passed IELTS, she has almost let everyone in the class know.

"Let's go!"

"Well."

At night, Su Xiaowan got up. She came out and looked at the lights outside the tents. She didn't know why she saw the mountains at that end. It seemed that someone was chasing something!

Because he saw the candle.

Su Xiaowan followed the light and walked over.

Overlooking the mountains at the other end, she seemed to hear gunshots.

The bang of a gun, can directly to his heart to click.

She thought she had heard the wrong thing.

After all, such a gunshot, only then, and then listen carefully, there are only those branches of the birds flying away.

She wiped her eyes and didn't take it seriously.

But entering the tent, Su Xiaowan heard another shot.

She suddenly felt something wrong and pushed the monitor, but she fell asleep.

As soon as she got out of the tent, she suddenly heard a few people at the other end say, "there's a light in front of us. Those two boys won't be there, will they?"

"Go and have a look!"

Su Xiaowan's steps stopped.

Across the tent, she saw several people outside. They looked very big. One by one, she checked their tent. Not long after that, Su Xiaowan smelled something.

Then she fainted.

After waking up again, it's been a long time since dawn.

Several people around them also got up one after another, and everyone felt that their heads were heavy. "Oh, it's not easy to climb to the middle of the mountain, but everyone overslept."

"Maybe it's the first time to sleep outside. It's really comfortable to use the sky as the quilt and the ground as the bed."

"Oh, I'm so hungry. Let's go down the mountain."

But Su Xiaowan was stunned. Last night, who were those people chasing? They didn't hurt themselves, but let them sleep all night?

"Xiaowan?"

"Well."

"Pack up and go down the mountain!"

"Good --!"

She looked at the other end and didn't know why. She always felt strange.

As we went down the mountain, it was foggy.

It's normal for such weather to get foggy, but the fog is too big to see the edge.

Su Xiaowan didn't know how to get away from others. When she came back, she didn't know where she was.

But there are no trees nearby.

It's a deep pool.

Just looking at it, it seems that I can see a person vaguely.

Someone fell into the water?

Su Xiaowan is almost the first reaction, she jumped into the lake, this season, although not cold, but just got up in the morning, when she jumped in, her hands and feet suddenly cramped.

She frowned.

I don't think there's a worse time.

But all of a sudden, the man at that end opened his eyes. He was a marvelous man. He was the most beautiful man Su Xiaowan had ever seen. He was handsome and had the temperament of a noble child.

From such a distance, she saw him all at once.

It's like crossing mountains and rivers.

But his eyes, too cold, that is Su Xiaowan never had fear.

He suddenly hugged her by the waist.

A strong smell of blood came from my face.

It was only when the arm was holding him that she could really feel the temperature. The next second, there were footsteps approaching.

The boy suddenly caught her on the lip.

Sink into the water.

Su Xiaowan's ears were buzzing, but he still heard the footsteps on the river, "this damned boy has been drugged, and I don't know where he's gone!"

"Anyway, one of them is dead, and the other one can't become the climate. His medicine is so heavy that whether there are women here, even if it's good, it's mostly useless. Our task has been completed

and we're leaving. There are still several students in that mountain range. If they know about it, the young master will be in trouble."

Waste?

Did you take the medicine?

Her hands and feet were grasped by him, and her lips were blocked by him. Looking at her eyes, he forgot to resist.

At the age of 19, it was the first time that she was so close to a boy.

At the age of 19, she was first kissed by a man.

Can still be afraid, heavy floating feeling, as if not true.

"I won't move you, but you have to help me!"

Su Xiaowan looked at his face. At that moment, he was colorful. He didn't know if his voice was low, like bewitching people.

She had no idea whether he was a good or a bad person.

He even nodded.

"Don't worry, I will be responsible for you --!"

Where to think, his hand is holding her hand, doing such a thing, Su Xiaowan's whole face inexplicably hot, she has a psychological shadow.

"You..."

All of a sudden, the lip is just kissing.

It was the first time she had been kissed by a man, in this way.

As soon as the picture turns, suddenly she carries the man and goes to the hut at the other end. The door is opened by an old man, who looks kind-hearted.

"Please, help him!"

"Who is he to you?"

"I... he despised me. I have to give him to the police uncle. He can't die..."

Chapter 302

Mr. Chen looked at the girl. She was all wet.

The green and astringent face is full of vigor and disheveled hair. On his shoulder, he looks like a drowned chicken.

Old Chen lived in seclusion here for a long time. Although he didn't have contact with all the girls outside, he was stunned when he looked at the little girl in front of him.

And she looks thin shoulders, carrying the man, the man with his head down, but his tall.

They are only 20 years old, and they are slightly green and astringent. That kind of green and astringent is the taste he likes.

Mr. Chen has been invisible for many years. In this place, he has almost forgotten himself.

He was not a warm-hearted person, but he looked at the seal on the boy's clothes and frowned tightly.

"I'll do it."

"Thank you, sir."

Only looking at old Chen stretched out his hand, dragged his shoulder and carried him in.

The old man's home is very big. The village and farmhouse are of distinct structure. When Su Xiaowan stepped into this place, he only felt that it was spacious and bright, and it was a paradise in the world.

She even saw peach blossom at a glance.

This should have been more than the season of peach blossom, but at this time in full bloom.

Sure enough, the peach blossom in the mountain temple began to bloom.

She smelled the faint peach blossom in the air, charming and fragrant.

At first glance, Su Xiaowan fell in love with this place.

"Is he wearing Chinese medicine?" Old Chen felt his occipital pulse.

Looking at the sleeping man at the moment, he said.

Su Xiaowan doesn't know what happened to him. The man did such a thing in front of him. If she didn't want him to die, she would have left him in the wild and died on her own.

It's just that the group seems to be looking for him all the time.

And he was about the same age as himself, and he didn't know how to provoke that group of people.

"The medicine is not light. There are still a lot of things that haven't been scattered."

what?

It's not scattered yet.

He just... It's been more than an hour.

Su Xiaowan suddenly blushed.

"He didn't do anything to you, did he?" Looking back at the coquettish girl standing there, Mr. Chen said.

"No... No."

Chen old this listen, without praise, "that boy's self-control is quite strong."

Self-control?

"Girl, I tell you, this medicine is not ordinary medicine. If ordinary people don't get rid of this medicine immediately, they will not be able to carry it. They will bleed and die."

Su Xiaowan's brow is wrinkled tightly. No wonder just now... When she saw him, he had been soaking in the cold water. It turned out that... He was taken medicine?

Su Xiaowan has never encountered such a thing in her life.

She always thought that such a plot would appear in the novel.

"It seems that the druggist is trying to make him die. Even if he gets away with it, he can't have sex in the future." Old Chen looked at him, "I don't know who has such a deep hatred with him. He has come up with such a trick. If he really can't do it in the future, no woman will dare to marry her."

what?

dying?

Although Su Xiaowan is young, she knows almost everything she should know. After all, there is a lesson in physiology every week.

It's for men. No, but it means

"How is he now?"

"Not afraid of him?"

"Keke..." Su Xiaowan didn't think Chen would say that. He didn't come up in one breath, and almost died.

"Don't worry, who let him meet you! This boy has been soaking in ice water for a whole night. His self-control is not so strong. It's rare in the world. "

"One night?"

"It's a drug that broke out in the early hours of this morning."

Early this morning?

How long did he persist when he met him in the morning?

Also

Su Xiaowan's eyes looked at the boy for the first time. He closed his eyes and his eyelashes were very long, much longer than her.

"Originally, I'm sure she can't, but who let her meet me, a nosy old man? Don't worry, I'll save him."

Hearing this, Su Xiaowan was relieved. "You must save him."

"What? What did he really do to you? "

"No... I just think he's about my age. If his parents knew this news, they would be worried to death."

Mr. Chen looked at the letter on the man on the bed.

Fengjia is a famous family in Jiangcheng.

Also, her son?

Or grandson?

I didn't expect that it had been so long outside and everything had changed.

But fate is really clever.

He met her relatives again. He looked at the child, who was almost like his old man.

Fengjia's kind of arrogance reminds him of his memory.

"Girl, do you know him?"

Su Xiaowan shook her head. "I don't know. Today is the first time I've seen you. I'm here for camping." When she said this, she remembered that she had been here for a long time, and she didn't know if her classmates were looking for her now. She was so anxious.

"... sir, do you have a mobile phone here, I want to call my friend?"

"Telephone?"

"Yes, I just followed them down the mountain. Unfortunately, I was blocked by the fog. I got lost in the mountain and met him. Now they must be looking for me."

"Girl, I'm sorry. The old man doesn't have any communication equipment in this place."

Su Xiaowan frowned. She didn't know when it was coming out, but now the sun is going to set in the West. They must be worried if the delay goes on.

"Well, sir, he'll trouble you. I have to go home. I'll go down the mountain first."

"Girl, it's dark that day. It's hard to walk down the mountain road. If you fall off the cliff in a dark light, you'll fall to pieces."

"What's more, it's not me that this boy should want to see when he wakes up. I'm an old man, and I can't take care of him."

"....."

Su Xiaowan helpless, looking at the outside of the sky, she cherish life.

She can't die.

Otherwise, what would grandma do.

"Well, I'll wait until dawn."

.....

At the foot of the mountain.

The mountain is towering. At the moment, the men are standing and looking behind. Several boys turn back to look for Su Xiaowan, but they can't find her.

"Then what? This little wan... How could it be gone? No, I have to find her. "

They didn't take part in the tour this time. They were all organized and planned by themselves.

There are more than twenty people in a class.

"I've heard that there are beasts in this place, otherwise we'd better leave him alone and don't lose the big for the small."

The monitor has a good relationship with Su Xiaowan. She remembers that Xiaowan followed her just now, "how can you ignore her? If there really is a beast, we have to go to her. "

There are several slim girls who have a good relationship with Shen dai'er. Now they are shouting and tired to death.

"Let's go to the police. Let's find out for ourselves. What can we do if we lose ourselves again? Isn't it time for my father to cry? "

"Yes, anyway, Su Xiaowan's grandmother won't know. We'll go back tomorrow when the police find someone."

This time it was supposed to be three days and two nights. If someone hadn't seen the weather forecast that it was going to rain in the next few days, they would still be on this mountainside and wouldn't go down.

Because it's close to the evening, the fog is very heavy now, and it hasn't dispersed.

Monitor a person want to go up to look for people, but all people are not willing to let her go, "if you lost again, you lost another one, then how to tell your family!"

"Yes, if you don't know where she is, you might as well wait for the police uncle to look for her."

The monitor was dragged away by them.

Su Xiaowan doesn't know what happened at the foot of the mountain, because she was pulled by Chen Lao and asked her to help change Feng Yan's clothes.

She has not done such a thing, holding the clothes without hesitation, finally thought, she put the clothes directly on the bed.

"I will not."

"He's a big man. Can't I change him?" Old Chen's hand with the medicine trembled. "My hand is not as strong as you. I can't hold him. If you're not afraid of his death, you'll let him wear this suit. I'll see if my medicine is ready."

When Mr. Chen left, he closed the door.

Su Xiaowan, "..."

She looked at the man lying on the bed. He was very good-looking. He was much more beautiful and handsome than the idol pictures shown to her by those star chasing girls in the class.

It was the first time that she stared at a man like this. She didn't know how she blushed.

She's all over her head again.

Su Xiaowan has been fighting in his heart for a long time. He has been wearing wet clothes for a long time. He has been soaking in the cold water of the lake for a long time.

If she didn't show up, what about him? How long will you stay in this cold water?

Su Xiaowan can't imagine.

But he did not do anything else to her.

Her eyes looked at the man's strong chest. He grew better than the boys in the school. He had clear lines and was handsome. She suddenly wanted to see his amber eyes when he opened them

She woke herself up with a slap.

She was afraid of being blind, so she took a piece of cloth to block her sight. When her fingers touched his body, her heart began to beat violently without warning.

"Su Xiaowan, can you do something?"

The next second, her hands were held, and the broad palms were hot.

"You saved me?"

The voice, with a husky low, penetrating full.

Su Xiaowan was stunned and nodded.

"Sorry about that."

What happened just now?

You mean in the river?

Su Xiaowan's face is hot and dry, and it's hard to hold on.

"But you can rest assured that I will marry you and never break my promise."

"....."

Marry her?

She's only 19 years old. She's not of legal age. She hasn't even been in love. Why did she marry?

and.

She didn't say she was going to marry him!

How did you come up and propose?

"Who wants you to marry me?"

Chapter 303

Su Xiaowan opened the cloth strip on her face, only to the man's handsome and elegant face.

As if at a glance, you can see through.

I just feel that the man's eyes are more and more deep, which makes her unable to resist.

Then, listen to him.

"What? Don't you want to marry me?" Feng Yan looked at her, childish appearance, coy head down, but he saw Su Xiaowan ears red, "don't see me, or someone in my heart?"

Su Xiaowan raised her eyes instantly. Looking at his teasing eyes at the moment, she couldn't help picking her eyebrows. "Is there anyone in my heart who cares about you?"

"Forget him."

"What

"... since you want to marry me, you can't have anyone else in your heart. I will treat you well."

This man is too overbearing.

But how to say that again?

Who's going to marry him.

Looking at his wet clothes, Su Xiaowan doesn't want to continue to discuss this topic with him. She points to his clothes.

"Now that you are awake, take off your clothes yourself!"

"Undress?"

"Your clothes are wet. Don't you feel uncomfortable wearing them?"

Only looking at the man's eyes, looking at his clothes, is really wet, and, very wet.

He suddenly thought of something, eyes become dark, he has blood, and this blood... Is his brother's, he never thought, he and his brother will encounter disaster, even, in order to protect him, his brother lost his life.

Feng Yan's hand tightly clenched into a fist.

"What's the matter with you?"

Su Xiaowan looked at him, his eyes seem to be all dizzy deep, she can't see thoroughly, also can't see clearly what he is thinking.

I just feel that there seems to be some pain in her heart.

"Nothing."

His finger fell on him, and Su Xiaowan immediately moved his eyes.

"Don't worry, I won't peek at you."

Feng Yan took a look at the woman. Her delicate skin was greasy, white and smooth. Her long black hair was scattered in disorder. Against her beautiful face with red lips and white teeth, she was like a goblin. At the moment, she only left him one side, but this side was enough to attract him.

It was the first time that Feng Yan had such a mind for a woman.

His Adam's apple rolled and rolled, as if she easily raised a fire.

Su Xiaowan didn't change her clothes either, because she didn't change her clothes in this place. When she came to this place with Feng Yan on her back, she held on for a long time, and all her wet clothes were dry.

But now the clothes are still very wrinkled.

Su Xiaowan heard a laugh. Her face was hot. She looked out. Su Xiaowan was a little embarrassed. She didn't leave because she was afraid that he would need help. She could vaguely see the swaying shadow outside when peach blossom was in full bloom.

But because he was close, Yu Guang still saw his face.

There was something painful on his face.

"Well, if you need my help, I'll..."

He hooked a good-looking eyebrow, deep voice with a slightly hoarse flavor, "not afraid of me? Huh"

Afraid?

All of a sudden, Su Xiaowan thought of what Chen said. The residual medicine in his body has not been dispersed yet. Now

"I think you'd better take the medicine now! Take care of yourself. "

She took the medicine at that end and gave him a mouthful in a panic.

It was Feng Yan's first time to take bitter medicine.

He just took a bite and didn't want to go on.

When Su Xiaowan was feeding him, he just looked at him and frowned. Like feeding a child, Su Xiaowan continued to feed him and thrust it into his mouth.

"I have a grudge against you?"

"What?"

"You look like you're going to kill me!"

"... I want you to get better soon. This medicine is made by the old man outside according to your condition. You have been drugged. If you don't drink it, later..."

"After what?"

"The old man said that if you don't finish it, you won't lift it!" Her small face leaned over and spoke in front of him seriously, "don't you want to hold it up? So drink it while it's hot? "

No?

Just hear these two words, the man's face becomes dark.

Men are especially concerned about this kind of thing, especially at his age.

"Don't be angry. I didn't say that. It was the old man outside who said it. Or did he save you? It must be right to listen to him. Come on, have another drink!"

Said, and toward her mouth.

Feng Yan's face is iron black.

Su Xiaowan also knows that this medicine is very bitter. Just smell it nearby, it's very strong.

Su Xiaowan took out his pocket and took out a piece of milk candy. The milk candy was not rotten by the blister, but even the shell was the same as before.

She opened the package and put a big white rabbit candy into Feng Yan's mouth.

Sweet milk, diffuse into his mouth.

"What did you give me to eat?"

He looks particularly good-looking, at least, looking up at her, let her feel the whole body cells are wrinkled tight, abnormal tension.

"Big white rabbit milk candy, haven't you even eaten milk candy?" When she talks, the corner of her mouth is slightly raised, big white rabbit milk candy is her secret small weapon.

Su Xiaowan follows her grandmother. She is in financial difficulties. The teenage girl has a perverse love for sweets. She has loved sweet things since she was a child.

But she didn't want her grandmother to be too tired. The cake outside was not so small, but it was valuable. She watched Shen Daier bring it to school and ate it several times.

But she and her grandmother depend on each other, their life is not good, relying on her grandmother to teach children to study, a little income.

Grandma is a scholarly family. When she moved to this place, she became the most knowledgeable

person here. But now grandma is old, so her students are gradually decreasing. In addition, she is going to university, so she needs more money. She has to save a little.

So I put a couple of fudge in my pocket.

When I was greedy, I had a milk candy addiction, so I didn't want to eat so much.

I just watched the man take a few bites. It looked like the first time.

What a pity, I haven't even eaten sugar!

Su Xiaowan looked at him pitifully, but listened to him.

"I've had sugar, but you're not so good at it!" The man's face wrinkled tightly, Feng Yan is the first time to eat such cheap sugar.

Too much sticking.

But looking at her puzzled face.

"....."

poor taste?

She thought it was good. But looking at the man's appearance and the clothes he was wearing, he was wearing a sportswear jacket and trousers.

His shoes are the brand that many boys in his class dream of, although Su Xiaowan doesn't know his name.

But I hear it's expensive.

"If you want to eat later, I'll buy you a better one."

Su Xiaowan's eyes were fixed on him. He didn't know why. This was the first time someone had told him.

But inside, there is a joy.

It's like... Confessed.

Her face became red for some reason. At the age of 19, it was the first time that she had such contact with the opposite sex. She had never been in love with others. Her love life was empty.

Is he really responsible for himself?

"What's your name?"

The man's eyes were fixed on her. "Hand over here!"

Su Xiaowan suspiciously extended his hand, the next second, the man directly covered her hand, in her palm, write two words.

—Feng Yan.

He wrote very slowly, a skim a painting, let her heart bang, that kind of feeling, as if the current swept the whole body.

Feng Yan.

Su Xiaowan responded to those two words.

Yan.

It's a word.

It's not complicated. It's just a surname, a seal!

It's rare.

"What's your name?"

"I... I won't tell you." Su Xiaowan looked at her, blushing more and more fiercely. He just wanted to say something, but he watched Mr. Chen push the door in.

"You're a good boy."

Chen's eyes stare at Feng Yan, more and more like her. He has been gone for decades. She should be very happy.

"It was the old gentleman who saved you."

Feng Yan's eyes looked at the man at that end. He was only in his forties, but he looked old and had gray hair.

"Girl, my medicine stove is still hot. Go and take a look at it for me."

"Oh, good."

Su Xiaowan went out. She went to the place where she was cooking medicine. Looking at the sky outside, it was so late.

Tomorrow, they were going home.

But

But today, I think I have done a good job.

It's just

He took advantage of it.

But it seems that they took advantage of it.

Su Xiaowan looks at her hand. She rushes over and washes her hand again. She takes the water to her skin.

Until the old man at that end stood in front of her.

"Girl, he's looking for you."

"What are you looking for?"

"I should like you."

"Don't talk nonsense, old man. He and I just met."

"Some feelings are predestined fate, the one inside may be your fate!"

"No way."

"He's a good man. You won't lose if you follow him."

"....."

Old Chen looked at her and laughed.

Su Xiaowan always feels strange, but he can't say what's strange.

"He thinks he's hungry now. There's rice in the pot, but it should be cold."

Just then, Su Xiaowan's stomach also called.

She didn't eat all day today.

"Do you have any eggs?"

"There is an old hen given to me in that room. Go and see if you have any eggs."

"Thank you, old man."

Su Xiaowan went to the other end and found the two eggs laid by the old hen.

She made a poached egg and fried the rice.

Su Xiaowan follows her grandmother. Although her grandmother is busy, she will help her with three meals a day.

She can only cook porridge, or fried rice with eggs.

With cold rice, scrambled eggs and rice are the most suitable.

She gave both eggs to Feng Yan, took a few mouthfuls of rice by herself, and then carried the bowl to the inside.

The man at that end listened to the movement and looked along the line of sight.

"Are you hungry? I've fried some rice for you. "

Feng Yan looked at the two bowls she put on the head of the bed, one with eggs, the other with red soy sauce rice.

"Old man, there are only eggs here. You can make do with some."

"And you?"

Chapter 304

Su Xiaowan was stunned for a moment, as if she was flattered by his sudden concern.

Care about her?

"I have."

Su Xiaowan looked at the steaming rice. He was lying on the bed, unable to move. The rice should be eaten while it was hot.

"The meal is still hot. Eat it quickly." Su Xiaowan is curdling at the moment, "do you want me to feed

you?"

Feng Yan didn't say anything. Su Xiaowan bent down, helped him up, put a pillow on his head and let him lean tight.

The man smelled a faint smell on Su Xiaowan's body, fragrance into the nose, a time let her tremor.

The next second, Su Xiaowan's hand on the bowl of rice, and then picked up the rice.

She was still at the old man's house and found a spoon. Just as she was about to put it in his mouth, she heard a low voice.

"You haven't told me your name yet."

name.

He is quite persistent, Su Xiaowan raised her eyes.

"That's what you want to know?"

"Won't you tell me?" The man asked.

"I'll tell you when you're ready! Now eat first. " Su Xiaowan sent a spoonful in the past, only looking at the man at the end of the frown, "isn't it not very delicious?"

"Did you make it?"

"Well."

"Delicious."

"Then eat more." With that, Su Xiaowan put an egg in his mouth.

Su Xiaowan didn't notice the man's expression. After all, she thought it was delicious.

After a meal, Su Xiaowan helped him lie down, but suddenly he heard the man snort.

Su Xiaowan didn't dare to exert her hand. The next second, she only looked at the blood seeping from the clothes. Su Xiaowan knew that his arm was injured.

The man's face gradually became pale, Su Xiaowan looked at his wrist, at the moment did not dare to move him, "you bear it, I'll find an old man for you!"

Before long, Chen was dragged out of bed by Su Xiaowan.

Old Chen took the scissors and cut the man's clothes. There was a wound on his arm, dripping with blood. Su Xiaowan looked at it, and now it's bloody.

In addition, after soaking in the lake for a while, it festered.

Because he didn't change his clothes, he didn't know that the wound was so heavy. He could endure it until now.

Old Chen looks ugly. He thought he had taken the medicine, but he was hurt so badly. Although the bullet was taken out of the wound, the meat was basically rotten. His eyes were deep and he was stabbed by the sword.

"Did you get the bullet yourself?" Old Chen asked.

"Well."

"I admire you, boy." Chen Lao knocked as like as two peas, and the same thing was true.

"Girl, what are you doing? Go over there and get me a scalpel!"

"Scalpel?"

Su Xiaowan, this place

"The wound has to be sewn up immediately, or the tetanus will be bad."

"Oh."

Su Xiaowan rushed to get the scalpel.

"You go out to bed first."

"Oh."

Su Xiaowan leaned on the rattan chair at that end.

Looking at the peach blossom tree at that end, many petals fall on her body. Su Xiaowan reaches for the petals and takes a look at the door at that end. The light in the room is still deep.

This day, she was tired and fell asleep.

When she woke up, she had an extra blanket on her.

Moreover, she was leaning on Feng Yan's shoulder.

She was startled.

The head suddenly moved away, the next second, this action also woke up the man.

"Why am I here?"

"I don't know." The man raised his eyelids. Yesterday he took her in. It was heavy. Although he was thin and small, it was really heavy.

Can't it be that you ran in?

Su Xiaowan's face was a little hot, which made him like a flower maniac. "Don't get me wrong, i... i..."

"You will marry me sooner or later. You can exercise your rights ahead of time!"

The right to drive ahead of time?

Su Xiaowan didn't understand what he meant, and then listened to him.

"How old are you?"

"I'm... Nineteen."

"That's a little small."

"....."

"But it's the same when we get engaged first."

Su Xiaowan is in a mess in the wind.

I haven't seen such a stubborn man!

But she's leaving today.

She didn't save him in return.

In the morning, Su Xiaowan asked Mr. Chen in a hurry, "Mr. Chen, how is his health?"

"It was a good recovery, but I took a look at him this morning and the wound broke open again."

"How long will it take to recover?"

"Ten days and a half a month!"

Ten days and a half months?

"Old man, I have to go home today, then he will trouble you!"

Su Xiaowan has to go down the mountain as soon as possible, find the class members, and then go home. It's so far away from Grandma's home that she has no money with her, so she can't go home at all.

"You're going? What about him? I can't take care of him as an old man. If you want to go, take him with you! "

"... I'll take him with me?"

"You brought him back. You should be responsible for her. I can't take care of such a bad tempered man."

"....."

Bad temper?

No, he's very nice.

"If you want to leave anyway, take him away, or I won't be responsible for my death."

"Old man, you can't be so irresponsible, you are a doctor, you can't ignore it!"

"People are brought back by you. You are responsible for them." Mr. Chen looked at Su Xiaowan, "I'm going to go away soon. If you can rest assured that he's here alone, I don't have any opinions."

On one side is grandma, on the other side is

Forget it, who let himself save him!

"Old man, I'll go to the villager's house at the foot of the mountain and call my grandmother. I'm coming."

Chen just let her go.

At the foot of the mountain, Su Xiaowan didn't see her classmates.

After asking the name of the village over there, I found out that those people had already gone back.

Only the monitor left her a letter.

After reading it, Su Xiaowan found that the paper was full of her apologies. She also knew that many of these people were Shen Daier's friends. They would like to find them!

She borrowed the phone and called grandma.

She told a lie.

It is said that these days, I will stay in my friend's house for a few days, but I will go home soon.

Grandmother a listen, just take care of her attention to safety and so on, but hung up the phone Su Xiaowan or extra feel pressure.

It was the first time she had lied.

On the way up the mountain, he met a man.

"He didn't go back to Feng's home, and he couldn't find the body. How could he have disappeared?" The men were in black suits and looked like they were from the city.

The men looked at the little girl. "Have you seen this man?"

Because Su Xiaowan got her things at the villagers' home, she is still carrying a schoolbag, which looks like she is going to climb the mountain.

The person in the picture is that person. Are these people still looking for him?

"No

Su Xiaowan just looked at them and shook her head.

Then, guilty don't open eyes.

When those men passed by her, they continued to say, "Why are we missing? How can we explain to her husband?"

"Whatever! Anyway, one is dead, and the other is useless anyway. "

"....."

Su Xiaowan listened to the sound more and more far away. When she turned her head, those people had disappeared.

Dead?

Who died?

Is there anyone else with him?

Su Xiaowan climbed up the mountain and was exhausted. Chen's cottage was in a secret place. She almost lost her way. Now when she pushed the door in, Chen was feeding chickens under the tree.

"I thought you didn't come back!" Old Chen looked at the panting little girl.

Su Xiaowan put things on the cane chair, "old man, I promise you will come back, will come back."

"There are not many people who keep their word these days."

"....."

Su Xiaowan frowned and looked at the room at the other end. She went to have a look. There was no one inside.

"And he?"

"He has been looking for you for a long time."

Where are you looking for her?

He got out of bed to look for him after such a serious injury?

It's killing me.

"Don't I ask you to look at him a little for me, old man! He is so badly injured that there are still people looking for him outside. If the bad guys find him, he will die! "

"You are very concerned about him

"After all, it's a human life."

Su Xiaowan is afraid of death, at least at this time, Su Xiaowan spent a lot of effort to save people back, naturally do not want him to die.

If he dies.

So what are you doing here?

Nothing to look for?

She was just about to turn around and look for it when she heard the voice coming from behind her.
"Where are you going to find me?"

She covered the circle and turned to look at the man at the other end.

Come out of it.

He changed his clothes and looked more energetic than before. He looked a little more angry, but he still seemed pale.

"Where have you been?"

"Go to the toilet!"

Su Xiaowan looked at Mr. Chen and said, "Mr. Chen, how can you cheat me?"

"You look smart, but you are stupid enough."

"....."

Su Xiaowan is sentimental. Does she look like a soft persimmon that can be pinched?

How can anyone bully her.

She took her schoolbag and rushed into the room in a huff.

.....

At dinner time, Su Xiaowan came out. She saw the man sitting under the tree, looking into the distance.

She came out only when she was hungry, but she did not find Mr. Chen.

Mr. Chen left a note in the kitchen.

On the note, there was a sentence.

He's gone.

Is Mr. Chen gone?

What about his illness?

Is that all right?

Su Xiaowan is carrying the rice. When she comes out, the man at that end hears the voice and looks at her with deep eyes.

"Not angry?"

Angry?

Did you show so clearly just now?

Su Xiaowan put the food on the table. Because there was no sound, the whole place couldn't even hear the chickens and ducks in the shed except the migratory birds sometimes.

So it's very loud.

"I'm not angry! You're not well yet. Sit down and have a meal. After dinner, go and lie down inside. The old man is not here. If something happens to you, I can't help you. "

Suddenly her hand was tightly held, "don't care about others in the future, you are mine!"

Chapter 305

Holding the hand tightly, Su Xiaowan's face turned red. How could this man say that he wanted to marry her?

Is the brain broken?

Maybe something's wrong with you? After all, he's been in the water for so long.

Su Xiaowan reached out and touched his forehead.

It's not too hot.

Just ready to move his hand, but he was holding it, just listening to his low voice hit, "now ready to do something to me? Well

Su Xiaowan immediately retracted her hand, but he held it and pressed her hand to his forehead.

"But you can do something to me."

"Who's going to do something to you? Let go! Su Xiaowan broke away from her hand in an awkward way, and her face turned red unconsciously. She had a feeling that they were like intimate lovers, which made her heart thump.

When she comes back... So he was teasing her just now?

"The food is not very good, but you don't need to cook when you are with me in the future."

Su Xiaowan glanced at him and lowered her head to eat, but suddenly she thought of those people.

"Have you offended anyone? It seems that those people are still looking for you? "

She asked coldly.

Smell speech, Feng Yan's eyes are sinister. Su Xiaowan feels embarrassed. They have only known each other for less than two days. She is

Everyone should have their own privacy.

"Sorry, I'm not asking about your privacy, but when I went up the mountain, I met those people looking for you..."

"It's dangerous to be with me, will you?"

Why are you talking about this again?

Does this man have any obsession about marrying her?

After eating in a hurry, she cleaned up the dishes and washed them directly.

The cottage is quiet and serene.

Peach tree hanging a lamp, trance.

Su Xiaowan had a meal, had nothing to do and couldn't sleep early, so she took out her book and looked at it there.

She likes piano and music, but she doesn't know anything about it.

My mother is a famous pianist. She learned piano when she was young. She was obsessed with piano. Grandma said that when she was young, she knew staff when no one taught her.

She was born for the piano, but she didn't inherit any of her talents.

In order to get closer to her mother, Su Xiaowan went to borrow books. Of course, according to the current level of her family, she couldn't take piano classes.

On weekdays, she would borrow some elementary repertoire to have a look. She also drew the keys of the piano... She took out what she had prepared, but her fingers were still raw.

I'm not familiar with these keys on the piano.

She has been studying for almost a year, but she has not made any progress.

She was about to give up the idea.

She sat there, pressing the keys with her fingers, because she couldn't make a sound, so everything depended on her imagination.

"Wrong play."

A man's voice came from behind.

Su Xiaowan's fingers stiffened for a moment, and turned to look at the man. Didn't he sleep?

Why are you up?

Did you quarrel with her?

It's not right. I have no sound for my own thing.

How does he know he's playing wrong?

But all of a sudden, the man is close to her back, her heart a tight, "what are you doing?"

"Don't move. I haven't healed yet." He said softly.

"What are you doing?" I asked The man's hot body was clinging to her, which made Su Xiaowan feel like an ape. She was at a loss.

"Teach you to play."

"....."

The man's hand pressed Su Xiaowan's hand, took her hand and re demonstrated the music he had just played. I don't know if he can play it. After a little look at the score, he was basically familiar with it, and there was no place to pause.

"There was a mistake here just now." Playing to the place where he would make mistakes every time, his action suddenly slowed down.

When he said that, Su Xiaowan recalled that just now, she had been using her own stupid method and could not memorize anything by rote, because several notes were coherent, but when she played it, because she was not proficient in the key, so the sound was not right at all.

Now that he said that, she looked at his fingers and nodded on them several times. Suddenly, it seemed to be suddenly clear.

But just for a moment, Su Xiaowan forgot again.

This is the first time for Su Xiaowan.

When the fingertips touch the painted keys, it seems that there is a sound from the bottom of my heart.

Beautiful melody.

The notes that are beating with her look very energetic.

Soon, the hand covering itself moved away.

"You play it for me."

Play it again?

It seemed that he had found the feeling, but it was also because he held her hand that he had such an illusion that he felt that he would.

Now, he feels confused.

I don't know how to start.

It seems that nothing is right.

"Can you teach me to play it again?" Su Xiaowan turned her head, and suddenly her lips were on his cheek. The warm lips made her blink her eyes.

Aware of what he was doing, Su Xiaowan instinctively moved his head, which almost fell off the stool.

The man reaches out his hand and holds her to prevent her from touching the ground.

The man looked at her teasingly, "you kiss me secretly, are you shy?"

"You said it

"Well, I won't say." His eyes were gentle and warm. At the moment, it was like the warm sun shining on

her. "Practice what I taught you just now for me!"

"I... I forgot."

Only listening to the man's deep laughter, Su Xiaowan lowered her head shyly.

Once again, the man's finger points on the mute key and shows it to her again, "do you understand?"

Su Xiaowan shook his head, his fingers skillfully back and forth on the keys, and his hands seemed to be born to live for the keys.

Even if there is no sound, Su Xiaowan can detect that he is very familiar with the piano. He knows that even if there is no sound, he can play as if there is a sound.

As if I heard the piano.

"Will you?"

Su Xiaowan's fingers gently touched the key, but she didn't feel it. When she played half of it, she released her hand and shook her head.

"You come with me!"

"Where to?" Su Xiaowan looks at Feng Yan's mysterious appearance.

Although he didn't know where he was going with him, he didn't know why. He had some longing in his heart.

Feng Yan takes her to Chen's study, where there is a piano.

"This..."

"Sit down and play for me!"

It was a rare chance for Su Xiaowan to touch the piano. She didn't know that the old man who lived in seclusion in the mountains would have a piano?

Chapter 306

"The old man has a piano..."

Su Xiaowan sighed that a piano is not very good. Who is the old gentleman?

"Come here."

"Oh." With the piano, Su Xiaowan seems to find a feeling better than before. With Feng Yan's tutoring, she has made great progress. This piece of music that has always been difficult for her has been able to get through.

"Well played." The man praised.

Su Xiaowan's hand on the key, she bent her eyes, she looked at him, the bottom of her heart emerged a bit of admiration.

A 19-year-old girl has no preventive power against anyone who knows everything. Although Su Xiaowan has good grades and handsome boys at school, she is not as good as the man in front of her.

"Staring at me like this, falling in love with me?"

She suddenly dry mouth, just what he was thinking, she suddenly stood up, "it's late, I want to go to bed."

Su Xiaowan walked out in a hurry and went to his room on the right.

Her room, next to Mr. Chen's study, just lay down, listening to the sound of piano.

It's Feng Yantan.

He has never heard of the tune himself, but it's very nice. It's just that kind of melody. It's graceful and smooth, with a touch of sadness.

This sad taste, as if there is a needle, back and forth in their own heart.

Su Xiaowan's tears flow down somehow, and she sleeps in a daze.

In the middle of the night, the man came in. He looked at the girl curled up in bed and gave her a kiss on the forehead.

This is his only wife.

This is the only one.

He will protect her, this life, do not let anyone hurt her, just, he thought of his brother.

Su Xiaowan had a dream. When she woke up, she realized that she had not changed his dressing.

She got up and went to his bedroom.

But the door was open. Obviously Feng Yan was not there. "Feng Yan?"

She went back and forth looking for a circle, but she couldn't find it. Just as she was about to open the door, she looked at the man standing at the door. His arms were covered with blood, and even his hands were covered with mud.

A sad look on his face.

"Where have you been?" The whole person was hugged by him, he said.

"Let me give you a hug, just a moment!"

I don't know why she didn't resist. The voice was sad. Su Xiaowan felt a little cold on his back. It was his hands and his clothes.

His clothes are wet.

I didn't notice that just now. Now she feels her clothes are wet.

When she woke up just now, she took a look at the time. It was more than ten o'clock.

"Where have you been?"

"....."

The man didn't answer her. Su Xiaowan waited for a long time, but didn't hear his voice. However, at the moment, Su Xiaowan felt heavy shouldered and called the man's name several times, but he didn't respond at all.

He passed out?

Su Xiaowan took a finger and pointed to his waist, but he didn't move.

He really passed out.

Su Xiaowan had no choice but to drag the man in first. She wasted her strength to drag him into the door. As soon as she was ready to change his clothes, she suddenly listened to the movement of the door.

"I'm going this way!"

"It must be in there!"

The men broke into the door, and Su Xiaowan heard them kicking the door, and even heard the chickens and ducks chirping at the moment.

Are you looking for him?

Su Xiaowan looked at the men on the bed. Before she went up the mountain, she had seen these men. They were fierce and evil. They wanted to eat people.

I really don't know how he, a teenager boy, has an intersection with this group of people?

As he said, all around him is danger?

But anyway, she and he are grasshoppers in the same line now. If he dies, they will certainly kill themselves.

What should I do?

Su Xiaowan turns around anxiously.

In Su Xiaowan's room, there is still a light on. She stands here, almost clear outside. It's too late to rush to turn off the light.

"Call out the owner of the house!"

Su Xiaowan immediately took off her shoes and clothes. In order to convince them, she even took off her underwear and climbed onto the bed. She pressed the man's body tightly, then covered the quilt.

The door was kicked open almost at the same time.

Her hands were tightly on the quilt.

"Husband, can't you take it easy?"

"No way..." Su Xiaowan learned dubbing a while ago. Although she has just learned dubbing for a while, she can learn the voice of a man. Now she is holding a man's voice and spitting two words there.

"Every time you are in such a hurry, you hurt me. This time, I'll do it myself..."

When the men broke in, they looked at the things on the ground and the woman on the bed,
"husband..."

That coy voice, let them hear, the bones are soft.

At the moment, Su Xiaowan heard their footsteps coming. She showed one eye and looked at the tall men, pretending to be frightened and pulling the quilt.

"Who are you? This is my home. How can you come in at will... "

Su Xiaowan took off all her clothes. Just now, she was too anxious to think about it. She was also afraid that they would not believe it. Looking at the men, she was gambling.

In fact, as long as these men are a little closer, they can see Feng Yan, because the quilt is really not long and can't stop them.

At the moment, the men looked into the eyes of the young girl. The marriage in the countryside was early, and the baby was estimated to be 19 years old at most.

At the moment, the man coughed, "brother, don't disturb others to make dolls, we'd better go first!"

The man made a tour around and then walked away.

Bang.

The door closed.

Su Xiaowan was relieved and lay on the man's chest.

Suddenly she thought of something. She picked up her clothes from the ground in a hurry and dressed them neatly. After finishing these, Su Xiaowan blushed for no reason.

She is a girl who is not familiar with the world. Although high school students have learned all kinds of physiological knowledge in their textbooks, Su Xiaowan has no experience in men's and women's affairs, so... Just now, she was in a hot head.

Fortunately, the man didn't wake up.

Su Xiaowan looked at his wet clothes. Where did he go? Why did you get into trouble with those people again?

Su Xiaowan crept to the window. There seemed to be no movement outside. Those people should go.

She boldly opened the door and looked around. These people were just like robbers coming into the village. At this moment, the yard was in a mess. If the old man came back, he would be angry again.

The old man is a strange person with a habit of cleanliness. All his things must be neat.

But thinking about the men's clothes inside, Su Xiaowan hurried in again.

Chapter 307

The man on the bed didn't wake up. At the moment, Su Xiaowan's courage was a little bigger.

She bent down and tentatively poked his forehead.

It's very hot.

He has a fever.

When she was nervous just now, Su Xiaowan didn't notice that his whole body was boiling hot. Now her hand was cold because she was scared, so when she touched her forehead, it was very hot.

At that moment, Su Xiaowan only felt that his physical quality was too poor.

Untie his clothes and take off his wet clothes.

Because he didn't wake up all the time, Su Xiaowan was afraid of delaying the injury on his arm, and he was not shy at the moment, but the man was so big that it was not easy for him to take off his clothes.

She wasted the energy of feeding, just took off his clothes and left them on the ground.

Su Xiaowan's eyes immediately looked at his injured arm. Sure enough, the wound split again.

Fortunately, when Chen was at home, he told her how to bandage the wound, otherwise, she could only stare.

She went to the pharmacy over there, put the ointment on the gauze, and then ran to Feng Yan's bedroom in a hurry.

The man still did not wake up, she carefully side past, lying on the bedside, will be ready to paste the ointment on the man's strong shoulder.

Just a paste, the man brow slightly a tight.

"Feng Yan?"

She called his name, for the first time.

But the man's body still did not move, she held hands close to his forehead, hot fierce.

Su Xiaowan doesn't know if there is any medicine for fever, but even if there is, Su Xiaowan doesn't know what the medicine for cold fever looks like.

She thought that she didn't like to take medicine before, and her grandmother would cool her down physically. Although she didn't take medicine fast, she had a fever all night.

She went to get a basin of water, took a towel and wiped his face.

When it gets cold, Su Xiaowan goes to change the water, but the hot water needs to be burned again. It's still a big stove.

When Su Xiaowan followed her grandmother in the countryside, she used the stove, so she changed the towel for him while boiling water.

About busy to the early morning, the man is finally not hot.

Su Xiaowan also collapsed.

She was going to bring the towel on the man's forehead. Suddenly, the man's hand tightly grasped her wrist. As soon as he pulled it, the whole person rushed into his arms and was held tightly by her.

The man did not wear clothes, so a hug, let Su Xiaowan think of just his predicament.

She wants to push away the man on her body, but the man's hold is very tight. She doubts whether he is intentional, "Fengyan!"

She looked at him angrily, but the man's eyes were tightly closed, not moving a cent.

"Feng Yan!"

"Feng Yan!"

"....."

She cried for a long time, but the man held him still.

She clenched her hands into fists and put them against his shoulder, but his strength was so strong that when she held her, she felt that she couldn't breathe.

But the man is clinging to her waist. Su Xiaowan is struggling to open it. It's useless.

At last, she was really tired and fell asleep on him.

early morning.

When Feng Yan wakes up, he sees the woman on the bed. The girl's hair is hanging on his face. She looks childish and lovely. She purses her mouth. In the morning sun, he feels like an angel.

Feng Yan's fingers moved, and his hands were numb.

But when she moved a little, the girl turned around. I don't know if she was afraid that she would fall because she didn't have any sense of security, so she hugged him around the neck.

It's like a child.

When Su Xiaowan wakes up, the man is still sleeping. He looks handsome with his eyes closed.

He was really handsome. When he was so close to him, his heart thumped and he felt like he was going to jump out of his mouth.

She reacted to what she was doing and immediately jumped up and stumbled out of bed.

She was just ready to put on her shoes and run, but suddenly she heard the slow voice.

"Awake?"

Side head, to the man's eyes, her heart almost jumped out of her heart.

"... well, don't get me wrong. I didn't climb up. You had to hold me yesterday."

With these words, Su Xiaowan felt that he had no money here. No one else asked him why he was in his bed and what nonsense he was talking about?

"... well, I know."

Last night, although he had a fever, it didn't mean that he didn't have any consciousness. He knew that she was busy taking care of himself, and even knew that she had saved him.

But girls are thin skinned, so he didn't mention the previous thing.

Su Xiaowan thought that this letter was afraid of his embarrassment, so she said so.

"You're hungry. I'll cook for you."

Su Xiaowan doesn't know what time it is, but it looks bright outside, so it should be late.

.....

After two people had a meal, Su Xiaowan was afraid that yesterday's group of people were looking for them.

"What about your family?"

"When I'm ready, I'll take you home."

"... that's not what I mean." Su Xiaowan looks at him. When he talks, he is very serious. In fact, she doesn't believe in love. She just thinks that she will find a man who will take care of him for a lifetime.

I think it's good.

It's just that she's only nineteen years old, and there's a lot of possibilities.

You can't indulge in your children's affairs.

She met her mother and abandoned many people for a man, so she was afraid to like people.

"The gang came here to see you yesterday. If they find out, you will be in danger."

"Are you worried about me?"

"Well." After all, if she has something to do, then Su Xiaowan can't escape.

"Don't worry, we'll be fine."

Su Xiaowan looked at him and did not know why she would choose to believe him.

After dinner, Su Xiaowan changed the ointment for him, "where did you go last night?"

"To my brother."

brother?

What else did she want to ask, but all of a sudden she listened to him.

"I'm teaching you a song today."

"Really?"

Su Xiaowan blinked and looked at the man. Now she followed him to Chen's study.

He sat in front of the piano, like a prince, moving music from the piano.

"This song... You played last night?" Su Xiaowan listened to him play this song, the tune was very sad, but when he played it in his hand, the tune of last night was different from that of now.

"Well."

"What kind of music is this?" Because there is no score, Su Xiaowan is not clear about all the songs.

It's the first time she's heard it.

"I'm free to play it."

Can you play as well as you like?

"Want to learn?"

"Well." Su Xiaowan nodded.

.....

Sure enough, as he said, those people didn't come back.

Two days later, Feng Yan's wound was gradually getting better, and soon the wound was scarred. Every day, they had nothing to do but sit together and play the piano. Soon, with the help of Feng Yan, Su Xiaowan left school.

"Feng Yan, you are so good!"

Su Xiaowan grabs his wrist and beats happily.

She thinks that Feng Yan is really powerful. She, who only knows skin, has learned it.

"Do you know if I'm good or not? Well The man's eyes were fixed on her, and the man bent down and leaned over.

Breath sprayed on Su Xiaowan's face.

Hearing this, Su Xiaowan's face turned red.

"You are a rascal." Su Xiaowan held it out for a long time.

The man looked at her in a good mood. At least many times, Feng Yan never thought that he would live in such a place with a girl. He even felt that this kind of life was very comfortable.

comfortable.

"I'll take you home in a few days."

How many days to go home?

"... I didn't say I was going back with you." Feng Yan hasn't said that he would take her home for a long time. Su Xiaowan thinks that he forgot, but now she is embarrassed.

"If you don't go back with me, who do you want to go back with?"

"I don't want to be with you anyway."

Su Xiaowan said, the door at the other end suddenly creaked open.

Su Xiaowan's heart is tight. She thinks that it's some men of that day. She's just about to run with Feng Yan, but she looks at the man next second.

It's Mr. Chen.

"This girl takes good care of you. You can get out of bed!" Mr. Chen looks at the man. During this time, Feng Yan looks very handsome. Standing there, he looks like that man.

"Old man." Su Xiaowan looks at the person coming in, and then releases Feng Yan's hand, but it turns out that he is tightly held by the man.

Hold your hands back.

"Oh, this is... Planning to marry someone home?"

"No Su Xiaowan wanted him to let go, but the man held her tightly and didn't give him a chance at all.

"Girl, you're going to be lucky." Chen Laoshen is mysterious.

She didn't know who Feng Yan was, but she knew it clearly.

This Feng Yan is the second young master of Feng family. Feng family is a famous family in Jiangcheng.

If the little girl married in, this life don't worry about food and clothing.

And the girl looks kind and good-looking.

It's a good match to be with him.

Feng Yan looked at him. He seemed to recognize who the man was.

He's been banging on his mother's side until now.

He hasn't reacted yet, but now looking at the old man's appearance and the man's eyes, he obviously knows his own identity, and he recognizes it a little bit.

"Old man, I've cooked. Would you like some?"

"Well, I haven't tasted the skill of a girl yet."

Su Xiaowan has just cooked a meal. She and Feng Yan cook two dishes every day. They are all the same fried dishes, but Feng Yan doesn't dislike them.

But Mr. Chen took a look and frowned.

"Girl, do you make this for him every day?" When the old man was at home, at least he cooked several dishes every day.

"Well."

Su Xiaowan nodded.

"He ate it all?"

"Well."

Mr. Chen was very surprised. The young master was at home, but now he had such a simple meal?

Chapter 308

"Do you know..." Chen Laogang was about to reveal Feng Yan's identity, but suddenly Feng Yan's voice directly overtook him and put a fried egg into Su Xiaowan's bowl.

"Isn't your meal ready yet?"

Rice?

When Su Xiaowan heard that her meal was still in the pot, she immediately sat up from the stool and looked at Mr. Chen and Feng Yan, a little embarrassed. "The meal should be ready. I'll go and have a look."

Then he ran away.

Old Chen looked at the man in front of him. What happened just now, the girl was "not ready to tell the girl your identity?"

Feng Yan didn't speak, but he just took a few bites with his head down.

In fact, her craftsmanship is not good, every time there are two dishes, the taste of the dishes is very common, can not say whether it is delicious or not, but he is not tired of eating, on the contrary, he can

often eat two bowls of rice.

When Su Xiaowan came out with the meal, Chen was no longer there, and Feng Yan was the only one sitting there.

"And the old gentleman?"

"Go to bed."

sleep

"Sit down and eat."

"Oh."

She is very comfortable with Feng Yan. It seems that they have been together for many years. They know each other's look and frown. She looks at the dishes in front of her. It's true that she has been eating for nearly three days. Basically, every meal is the same.

Su Xiaowan can't cook any other dishes, and there's nothing else here, so she can only cook these every time.

Just now, Chen looked at his food with disgust. She thought that she was not used to it. What about Feng Yan?

But watching him eat two bowls of rice, Su Xiaowan's idea was dismissed.

However, after a few mouthfuls, Su Xiaowan felt full.

There is another fried egg in her bowl. She really can't eat it, but she doesn't want to waste it. After all, a grain of rice is very valuable in this place. If the old man knows, he will say that she wastes food.

Feng Yan took a look at her, chopsticks suddenly stretched out, from her bowl, the fried egg directly to clip away.

And then they ate it.

Chen Lao came out and looked at this scene. He was so surprised that his chin was about to drop.

The young master of this family has been enjoying himself since he was a child. It's his turn to eat other people's leftovers. The key is to see how he looks. He is very happy to eat.

This kid is crazy.

He turned and walked in again, closed the door, and seemed to get in touch with Feng's family as soon as possible. Otherwise, every time he looked at the boy, he would feel embarrassed.

Su Xiaowan's bowl suddenly emptied. She looked at Feng Yan. She didn't know why. She always felt that they were in love now?

Wait a minute. She's thinking about something. Maybe Feng Yan is hungry.

After all, she cooked a little less today.

After dinner, Feng Yan asked her to practice the piano again. It was his new piece of music. His skill of filling words was particularly powerful. Even many pieces were simply read once, and then they were remembered and played very well.

It's a pleasure to hear him play the piano.

After learning about ten o'clock, Su Xiaowan went out to the bathroom and listened to the voice in Chen's bedroom. At first, he thought Chen was always talking to himself. Then he heard that it was not.

Seems to be on the phone!

Didn't the old man say that he didn't have a mobile phone?

"Yes, get the man back quickly --!"

Pick up?

Su Xiaowan is standing by the door. She is no doubt eavesdropping, but because the surrounding environment is quiet, it sounds very clear.

"OK, I'll send you the address as soon as possible --!"

Then the light went out in Chen's room. Su Xiaowan wanted to call her grandmother with her mobile phone, but Chen's room was dark and she had to wait for tomorrow.

After she went to the bathroom, she went to the study. At the moment, Feng Yan was sitting there, like a noble young man, watching him come in.

Feng Yan got up.

She looked out at the sky and suggested.

"Listen to Mr. Chen, do you come to see the sunrise?"

“.....”

Su Xiaowan looked at her. She didn't know what he meant. She found a towel and wiped her hands. Under the man's gaze, she nodded.

"Pack up and we'll see the sunrise."

"... watch the sunrise? Now? " At this point, it's already midnight. Now go to see the sunrise? Is Feng Yan out of his mind?

"Don't you want to watch it with me?"

She came here to see the sunrise. Although she met many things on the way, it was a rare opportunity. It was just that... He had been changing his dressing recently. Although she was generally active and could eat by herself, she was not a doctor, and I didn't know whether he was well.

"Your wound..."

"I'm fine."

"But now it's too late. How can we get up?"

There are no street lights in this place. The whole place is quiet and terrible at night. They climb up now. If they step on their feet halfway, they will fall to pieces.

Su Xiaowan is afraid of death.

"I think it's better not to go, I'm a little sleepy..." but Su Xiaowan's hand was held by a man.

"How do you know you can't even try?"

Su Xiaowan is led out of the door by Feng Yan.

You can't easily say that you can't do something you haven't tried.

Su Xiaowan thought of this sentence all the way.

She looked at the shadow of the man in front of her. They were very close. The distance between the front and back feet, the bright light fell on the man.

It seemed to make her heart cheer a lot.

The small flames are running about.

.....

She didn't know how she followed Feng Yan to the top of the mountain. When she went up, it was dark. It was Feng Yan who had been holding her wrist that she got to the top.

It's undeveloped here. The mountain roads are all made by local villagers. Su Xiaowan and Feng Yan took a long time to go up.

The night sky was painted black, and the stars were twinkling.

The stars are dazzling and have already illuminated the surroundings.

Su Xiaowan lived in the countryside with her grandmother, but there was no mountain where they lived. This was the first time that Su Xiaowan climbed to such a high place.

With the bright stars, Su Xiaowan couldn't help sighing.

"Wow, it's so beautiful. This is my first time to climb such a high mountain --!"

Facing the scenery in front of us, we really have a look at the mountains.

"In the future, you can only watch the sunrise with me!" Feng Yan's overbearing mouth.

in the future? Will she have a future with Feng Yan?

I don't think so.

Mr. Chen seems to know Feng Yan. Someone will pick him up soon. In fact, these days, Su Xiaowan has never thought that his speech and manner are not ordinary people.

With her, it's two worlds.

Two people in the world, intersection once, the second time, there will be no intersection.

"Wow, look, that star is brighter than any other star!" Girl's bright eyes, facing the sky.

"My grandmother said that the relatives who left will become stars in the sky. As soon as you look up, you can see them."

Chapter 309

Standing so close to the sky, there is a feeling close at hand, as if also with those who left their loved ones, a hand can grasp them.

Su Xiaowan missed her grandfather.

She only met her grandfather once. Because he had a bad heart, he was so angry by his father that his health was not as good as before. After living in the countryside for a long time, she left them.

Because of my grandfather's leaving, my grandmother suddenly aged many years.

She thought, if my grandfather is here, will my grandmother be happy every day?

In fact, she couldn't figure out why her mother would abandon them and why she had to be with Su Zheng. After so many years of indifference to them, how much she was bewitched by this man and what she wanted to love to do such a chilling thing. Although grandma didn't say anything about blaming her mother, Su Xiaowan knew that her heart was bitter.

Just like her, I hate her in my heart.

You can see it when you look up?

Feng Yan looks at the bright stars, is it him?

If mother knew the news, how could she be so sad.

Even now, he has not found any trace of his whereabouts

But he was shot several times, even one shot in his heart. If it wasn't for his escape, he wouldn't

"You..." Su Xiaowan turned to look at him, saw his face dignified, "are you ok?"

"Do you mind if I have something to do?"

As his health gradually improved, he knew that he would leave this place soon, but he didn't know why. He liked this place and the girl in front of him.

Su Xiaowan looked up at the man in front of him. He didn't know why. His eyes were as deep as ink. One eye seemed to be able to absorb it. "What's wrong with you? If there's something wrong, let's go down the mountain... "

Su Xiaowan was just about to reach out and take his arm. The next second, he was held by the man and held by his fingers.

"What are you doing?" Su Xiaowanyu is not used to being so intimate with men. Every time she is led, she always makes her heart beat.

"What's your name?"

Suddenly listening to such a sentence, Su Xiaowan raised her eyes.

"You haven't told me your name yet." He said.

The man looked at her and said, "are you going to tell me yet?"

"My grandmother called me wan wan. You can call me wan wan, too."

She never said her full name.

But these two words are enough to satisfy Feng Yan.

Euphemism.

It's really moving.

I don't know how long, the sky exposed the fish belly white, that is Su Xiaowan's first time to see the sunrise.

"I wish grandma were here."

"Next time, we'll take her with us."

"Who said I would come with you next time?" Su Xiaowan is shy.

This man is really

"I will be responsible to you, your family, and I will be responsible to the end."

be responsible for?

"I saved you, so you want to marry me and repay my kindness with your marriage?"

"Yes." In a family like Fengjia, the promise of a marriage is more important than anything else.

You can't divorce a family, you can't abandon your wife and children.

It's a lifetime commitment.

"Feng Yan, marriage is based on feelings. You like me and I like you. Only in this way can we have a long life and strive for common happiness. However, Feng Yan, you and I are not.

I don't want you to repay me or marry me when I save you. I appreciate your teaching me how to play piano and make up lessons for me. Maybe for you, teaching me how to learn piano and write music is

just a fad, but for me, it's the same as life. So, if we are even, you don't have to feel that you owe me. "

"How do you know I don't like you?"

"....."

"Since I have made a promise, I will never break my promise. Besides, I don't hate you."

Don't you hate it?

You didn't say you like it?

Su Xiaowan didn't know how to feel down. She suddenly felt a stabbing pain in her leg.

Meng's leg is so stiff.

The picture suddenly stops, and Su Xiaowan in her dream feels that she is in a dark room, unable to see her fingers.

She wanted to call out Feng Yan's name, but in her dream, she couldn't make any sound.

Only in the heart, shout to the sky, also still can't make a sound from the mouth.

Someone is talking in my ear.

It's Mr. Chen's voice.

"She can't see."

"She was bitten by the poisonous insects in the mountain, the venom invaded, and her eyes were injured, but don't worry. Fortunately, you helped her suck out the venom in time, and she would recover after a few days' rest. But it's you, the venom invaded your internal organs, which can't be easily discharged. During this period, you have to take good care of yourself, or you may die."

"I'm fine. Don't tell her about it yet."

After that, Su Xiaowan fell into a deep sleep.

When she woke up, someone was giving her medicine.

It's Fengyan when I smell it.

She felt like she had a dream. She couldn't tell whether she was in a dream or in reality. All she knew was that his hand was rubbing the medicine around her mouth, and her finger was cold.

She opened her eyes, but could see nothing.

She's blind.

The darkness around her made her panic, even panic.

The man's hand suddenly pressed on her shoulder.

"I... I can't see?"

"Don't worry, it will be all right in a few days." His voice was deep and reassuring.

It took a long time for her to get used to being in the dark.

It turned out that yesterday was not a dream, she was really out of sight.

"I was bitten by a bug?"

"Well." The man took a spoon and gave her another spoonful of medicine. "This is the medicine that Mr. Chen gave you. It will be better after a few days."

I don't know if her sense of smell and hearing became particularly sensitive because she couldn't see. She smelled a smell of blood and said, "are you hurt?"

Feng Yan's hand shook in front of the woman's eyes and saw her eyes empty.

This just pulled his sleeve, "No."

"Then why does it smell of blood?"

"Mr. Chen is killing chickens in the yard to make you healthy!"

Killing chickens?

There are several old hens laying eggs in the yard.

But didn't Mr. Chen regard them as treasures?

How could you have the heart to kill his baby?

"One more SIP and the bowl will be finished."

"But it's bitter."

"Good boy

Su Xiaowan was cheated by Feng Yan to finish the medicine and lay down now.

I don't know if it's because of the medicine or something else, she fell asleep as soon as she touched the pillow.

Before long, the tip of the nose smelled a thick smell of blood.

This time, it's much thicker than that one.

When she got up, it was Feng Yan who called her.

"Wan Wan?"

Su Xiaowan opened her eyes and smelled a faint fragrance from the tip of her nose.

Then a warm soup came into her mouth.

It's chicken soup.

Chapter 310

After entering the mouth, the taste of chicken soup diffused, and she frowned.

It's not very good.

But I can't tell what's bad. Anyway, it's different from what grandma did. It tastes strange.

Su Xiaowan licked his lips, thinking about how to refuse his bowl of soup, but he didn't know that the sudden action of licking his lips made Feng Yan's abdomen numb. In a moment, he just felt a heat rush into his head.

He is not a man who is greedy for beauty and even indulges in lust, but at this moment, he doubts himself.

The man sat by the bed, and her strong body covered her from top to bottom. Su Xiaowan felt that the man seemed to be approaching, but she couldn't see him. She thought he was going to feed her soup.

Her body was coldly facing back.

"That... How do you talk to the old man?"

Smell speech, seal Yan a Leng, just now he almost was bewitched by the fragrance on her body.

"Mr. Chen talked to him for a long time last time, but he didn't want to kill it to help you. How could he agree to it this time?"

Thinking of Mr. Chen, these old hens are Mr. Chen's treasures. They lay eggs every day. He has no other hobbies, so he likes to eat eggs. Every morning, a native egg is his breakfast... Feng Yan also spent a lot of time persuading him.

He even moved out of his mother, so he agreed.

"Want to know?"

Su Xiaowan nodded.

"Then give me a kiss!"

Suddenly, her brain buzzing, Leng for a long time, just reaction, kiss? Feng Yanke had never said such a thing before, but

"You... Rascal."

The girl's shy face turned red all of a sudden.

Feng Yan looked at her with a smile, "playing hooligans is not just talking about it!"

"What else do you want to do?" Su Xiaowan wanted to scratch the man's face at the moment. Although her crystal clear eyes couldn't see anything at the moment, they reflected the bright water, "don't try to bully me."

Feng Yan looked at her hair, like a small milk hair, very attractive, lips with a smile, "I'm joking with you, drink the soup."

Said, directly fed her two spoons, the bowl of chicken soup was so she drank.

After drinking, Su Xiaowan's face turned black.

She seriously suspected that Feng Yan was intentional.

She lay down on the bed, hit two, out of the throat is the smell of chicken soup.

After a while, she heard the movement outside.

A lot of people came.

People!

Su Xiaowan immediately realized that the gang had come back? So Feng Yan... Those people are all armed with guns. If... I saw Feng Yan last time, it would have left a deep impression on Su Xiaowan's heart.

"Feng Yan --!"

She called Feng Yan a few times, but when the man was away, she felt more and more uneasy when she heard the noise outside. She stumbled out of bed, because she couldn't see anything, so she couldn't tell the direction. She almost ran into the door, but suddenly fell into a warm embrace.

Su Xiaowan didn't put on her shoes. Her toes were on the ground, and her snow-white feet were naked. She was injured. I don't know when she hurt her.

"What's the matter?"

"There are a lot of people outside. Are they coming to you again..."

Realizing what she thought, Feng Yan took her waist in his big hand and explained, "it's the villagers who came to see Mr. Chen."

See the doctor?

Does it take so many people to see a doctor?

Su Xiaowan seems to believe but not to believe. Suddenly, the whole person is picked up by Feng Yan, who holds him to bed.

Only feel the hand on the body pull away, Su Xiaowan still uneasy, "where are you going?"

"It's time to take the medicine."

Medicine?

"I don't want to eat it." The woman's voice was thin and helpless.

The small face of soft Mei is revealing lovely and lovely, Feng Yan rolled the throat knot, looking at her eyes immediately away, "obedient, I will give you a reward."

Reward?

It seems that this reward makes Su Xiaowan particularly useful.

"What's the reward?"

"You'll know later."

Not long after, Feng Yan came in. Even after giving her several mouthfuls of medicine, Su Xiaowan was about to vomit. The next second, something was put into her mouth.

Soft, very sweet, but not that kind of sweet.

It's sugar.

But it's more delicious than her White Rabbit candy. I don't know how many times.

"Is it delicious?"

Su Xiaowan nodded, "delicious."

Here, Mr. Chen, is full of a lot of medicines. There must be no such thing.

"Where did you find this sugar?"

"I bought it at the foot of the mountain." Feng Yan naturally won't tell her that the sugar is imported from abroad, which is one of the few in the world. If she eats one, it's worth a lot.

That's how many are produced every year.

Down the mountain?

Su Xiaowan came down from the mountain, but after walking hundreds of miles, there was no supermarket

Is it the villagers at the foot of the mountain who went to see Mr. Chen and bought it for him?

Su Xiaowan suddenly thought of something, stretched out his hand and pulled his clothes, "Feng Yan, have the people who came to see the old man gone?"

The boneless hand grabbed his clothes, like the kitten he raised when he was a child. He wanted to hold the whole world in front of her. "What's the matter?"

"I want to borrow my mobile phone from them. I told grandma that I would go home in a few days. Now I can't go back like this. She must be in a hurry at home."

"Wait."

Before long, Su Xiaowan had a smart phone in her hand.

She felt the big screen.

Is the village so rich now?

But he clearly remembers that the villagers in this place, because they live on the mountain's prey all day long, have no other business, how

"Your grandmother's phone."

"64769020....."

Feng Yan pressed the number for her and handed it to her.

Soon, the other end was connected. It was grandma's voice.

"Grandma, it's me, Xiao Wan..."

Xiaowan?

Feng Yan stood there, listening to the name. He didn't cheat him.

Xiaowan.

"Xiaowan, where have you been? Why did those classmates say you were lost? What's the matter?"

Those students have been home for a long time. Some of them are from the same village as Su Xiaowan. Naturally, they must have told grandma the news.

"Grandma, I'm ok. I lost my way when I went back with them that day, but I met a kind grandfather who saved me, so I didn't have anything. You don't have to worry about me."

"That's good. Why don't you go home? Is there no money in hand? "

"Grandma, I'm at Xiaoyu's house these days. Xiaoyu didn't do well in the exam this time. She said that she would let me tutor him for a few days. Don't worry. I'll go home soon."

Xiaoyu is a character she made up.

She didn't want her grandmother to work so hard, so she went out to work part-time all the time, but she didn't want her to be too tired, so she said to help others make up lessons.

"Let Xiao Yu's father answer the phone!"
