

good evening 321

Chapter 321

The aunt listened to the familiar voice and turned her head. It was Feng Yan.

Just now he said that he did have a hidden disease! Originally, the bodyguards had been emphasizing that the man was ok, but now it seems that he himself admitted that how could a man make a joke about this kind of thing? It seems to be true.

The dream of my aunt's son-in-law to be was lost all of a sudden.

What a good man, but there is a problem in that aspect... Aunt's original flame suddenly fell into the air. Soon, she watched her drag Yu Weiwei down the mountain.

Even if Yu Weiwei didn't want to.

When he left, he threw a few eyes at Feng Yan.

Yu Weiwei must feel that she can't see now. That's why she is so unscrupulous. Just now she was at the dinner table. She said that she would like to put her chopsticks into his bowl when she said she wanted to pick up vegetables for herself.

It's not disgusting.

Su Xiaowan took a look at Feng Yan. He didn't refuse just now. It seems that he likes to eat other people's saliva.

It's a bit cool around. Although the sun is burning in the sky, she may feel cold because she is standing under a tree.

Just ready to go, but suddenly the backbone of the palm so clear grasp her wrist.

Su Xiaowan looked back at the hand that fell on her wrist, "why?"

"I have a problem with that, so you dislike me?"

Dislike?

Su Xiaowan frowned.

"Feng Yan, what am I angry with? You scared away the woman who chased you. You will suffer in the future!" When she said it, she was very lovely. Her clear eyes were shining like black pearls.

Feng Yan stretched out his hand to hook her finger. The finger just hooked her nose. "I can't see that you

still have a temper!"

Feng Yan saw what she said just now, and at the dinner table, her every move could not escape his eyes.

Su Xiaowan pouted, "I hate people taking advantage of me. She likes you and just pursues you. She just shows a way of flattering me. I don't like people who are different from me."

Su Xiaowan is still young. She is not familiar with many things, so she is naive. She doesn't want to get close to people she doesn't like.

Fortunately, I soon realized the truth.

"That's a coincidence. So am I

Su Xiaowan raised her eyes and looked at him. "I didn't see it. I thought you were very happy to eat. After all, she gave you the best on the plate!"

Su Xiaowan always feels that her fire seems to be more and more prosperous.

"Jealous?" He seemed to be happy with her behavior, as if he was the one being watched.

be jealous?

Su Xiaowan was stunned for a moment. Just now, she felt uncomfortable, especially when Yu Weiwei was there to bring food to Feng Yan.

Now being said that, she suddenly realized that she was jealous just now?

She didn't like other people. She just liked Feng Yan at the understanding stage. It can't be said that she didn't like Feng Yan for the sake that he could abandon his life.

But now, she doesn't want to expose her emotions.

"I'm not so bored."

That backbone clear hand so tightly hold, the man looked at her, "then why don't you just eat, before you have to eat two bowls?"

Su Xiaowan is said to be a little embarrassed. She has been eating a lot, but she doesn't grow up. She doesn't know what's going on. She's not fat. On the contrary, she eats a lot and looks like malnutrition.

Su Xiaowan takes a look at Feng Yan and is mentioned to have a big appetite. She is not in a good mood.

"She wants to chase you, but I'd like to leave quickly. I'm sitting on it. I don't think my aunt is happy!"

"Is it?"

That eyes eyes tightly stare at him, almost can see through her, even she can't help but be surprised for a while, he this angle, can really look good.

"Yes." She put her head back in a hurry.

Two people just stood there. Feng Yan was tall. She only reached Feng Yan's shoulder. Suddenly, the man lowered his head and printed it on her forehead.

Su Xiaowan's eyelashes trembled, and he watched him remove his warm lips. His forehead seemed to be boiling hot.

I read one in a magazine before, saying that a man kissing a woman on the forehead means that he will cherish her in his life.

Feng Yan wants to cherish her.

"Last time you asked me whether I like you because of my commitment or because of my feelings. Now I can tell you that I believe in fate."

Life?

She frowned and stared at him. After a long time, she said, "so you like me, not because I saved you?"

The man's eyes fell on her. He stretched out his hand and pinched Su Xiaowan's cheek. It was full of flesh and elastic. He couldn't put it down. Unlike the woman just now, it looked like she was plastering a wall.

At first glance, it's disgusting.

"Then why don't you like me?"

"Probably because you are stupid!"

"....."

Su Xiaowan's trouble is not good. Suddenly, she has a bad stomachache. She doesn't know what's wrong. She touches her stomach and says, "is it so painful?"

The man looked at her and asked with concern.

"It's OK." Su Xiaowan said, "grandma said that if you get married in the future, you will have a baby."

what the hell!

What is she talking about?

With these words, Su Xiaowan regretted it. She wanted to give herself two big mouths.

As a result, the speaker didn't mean it, and the listener meant it. As soon as he raised his eyes, Feng Yan looked at her, and now he seemed to have listened to her, "want to have a baby? We are too young! "

"....."

Su Xiaowan is embarrassed. She said something wrong. Now it sounds like she is going to have a baby for him.

children?

She's still a child!

"That's not what I mean..."

"I know." The man smiles, as if looking at her embarrassed appearance, especially in a good mood.

"....."

Lying on the bed, Su Xiaowan recalled what happened during the day. Now she couldn't sleep, so Feng Yan confessed to her and even kissed her forehead.

Palpitation is not good, it's hard to resist.

Are they together so soon?

She rubbed her stomach, and there was a hot water bag that Feng Yan asked those people to buy for her. She leaned on the head of the bed, always feeling that it was very fast.

It's fast. It's a little unreal.

Su Xiaowan puts on a dress and goes out. At night in the mountain forest, she has a sense of mystery. Unexpectedly, as soon as she goes out, she meets someone who is as sleepy as her.

Can't he sleep because of the day?

"Can't sleep?"

"Well."

Su Xiaowan walked over and sat on the rattan chair at that end. At this moment, the stars were all over the sky. She found that her beauty was like a dream, just like she was dreaming now.

"The shining of stars is for everyone to find their own stars."

Chapter 322

"Before, I was always thinking about what my star would look like, whether it would be very dazzling, let people see its existence all of a sudden, or the light would be weaker, you can only see her after a long time..." Feng Yan listened to her weak voice.

"So, is that why you have insomnia?"

Feng Yan's eyes fell on her. In such a few minutes, he once fell into it.

The line of sight is tightly hooked by her.

Some people are like this, as soon as they appear, they will hold all your eyes, not that she is very good, but no one can replace her.

This girl, he thought, will be her.

A man who seals his family has only one wife in his life. It's a lifelong commitment and it's not allowed to change. It's said that it's a rule set by my grandfather.

He had never seen his grandfather, but he had seen his father dote on his mother and put her in heaven.

In the future, Su Xiaowan will be the one she dotes on, and she will be happier than her mother.

"....."

Su Xiaowan looks at Feng Yan. At this time, the atmosphere is just good and many things should come naturally. She also wants to praise him.

But now

Once the good atmosphere is broken, it is difficult to solidify again.

For a long time, she thought that she didn't know Feng Yan at all, even a little.

At night, there were special people at the gate, but they didn't look this way. It seemed that this piece of pure land belonged to them.

They can do their own things without fear.

She looked up at the twinkling star and said, "Feng Yan, who are you? Why do those people... Want your life? "

I don't know who I've offended. I want to kill him or destroy him.

She didn't hear the reply. Now she looked down at him, slightly embarrassed. In fact, she wanted to know more about him, but if it belonged to other people's privacy, then she didn't know.

"If you think I'm..."

"A man closer than his family."

Family closer?

Besides blood is thicker than water, is blood thicker than water?

Suddenly, Feng Yan took off his coat and put it on her.

"Thank you."

Su Xiaowan immediately some embarrassed thanks.

The man looked at her slightly red face, "do you think I'm a good person or a bad person?"

Good people, bad people?

Su Xiaowan Ning eyebrow, save him, she really didn't think so much.

I just don't want him to die like this. After all, at that time, no one had time to think about other things, such as whether he was a good person or a bad person.

But just by these days of contact, she felt that he was a good person, he taught her to play the piano, taught her to learn, there are many, she had not contacted before.

Feng Yan is a good person. She doesn't feel it.

"Yes."

There is no uncertainty, but solemnity.

She nodded, then looked at the tip of Feng Yan's eyebrows slightly raised, "well, in the future for you, I will try to be a good man."

Su Xiaowan's eyebrows are frozen and shivering.

"What do you mean? You were not a good man before? "

After asking, the buttock just ready to lift, the result was Feng Yan suddenly pressed, "I'm not a good man, you don't care about me?"

"... no, it's just that if you're not a good person, I've done something harmful to society..."

"Don't worry, you won't do harm to society."

"....."

Feng Yan took a deep look at Su Xiaowan. The girl's courage is really small. "Tomorrow, I'll take you home, and you'll know whether I'm a good or a bad person."

Why are you talking about going home again?

Su Xiaowan took a look, "Feng Yan, although you like me, I didn't say I like you."

"Don't you like it?"

"I don't think I like it very much."

Su Xiaowan returned his clothes to him. After that, he ran directly to the room.

Shut the door.

A little confused in my heart, but it should be joyful.

As soon as she wakes up, Su Xiaowan listens to the news outside. After washing, she goes out and looks at the crowd of bodyguards gathering there. Yesterday he said he was not a good man. Now it seems that

Normal family, where can have so many bodyguards.

As soon as she was ready to step out of the door, she looked at Yu Weiwei at that end. He was carrying something and talking to Feng Yan there. She didn't know what she was talking about, because it was a little far away.

I didn't expect that she would come again after saying that yesterday.

Yu Weiwei is carrying something, looking at the man at that end at the moment. Today, I don't know

why so many people are standing here. If she hadn't come here early in the morning, how could she have seen Feng Yan.

"Young master, I made this soup filling bag early in the morning. You must not have had breakfast, or would you like some? My mother is not very well today, so she won't come up! "

When Yu Weiwei tells a lie, she looks evasive.

In fact, as soon as yesterday's incident came out, they were dismissed. The bodyguard gave them 10000 yuan and sent them away.

Although her mother told her yesterday that there was something wrong with the man's health, Yu Weiwei felt that as long as she had money, what would happen to him?

Now the society is so developed, is there any disease that can't be cured?

Yu Weiwei was carrying her own things. Looking at the man at this end, she didn't respond, "young master, you can't eat, but Xiao Wan must be hungry. The things are still hot!"

Seeing that the man didn't speak, Yu Weiwei continued, "girls can't bear to be hungry, young master. Yesterday I knew clearly that I was wrong, but I just met Xiaowan, but I think she is a good person, so..."

"No need."

"Young master --!"

Obviously, his patience is no longer there. At this moment, Yu Weiwei is blocked by several men, and then she looks at the chef coming in from outside, "young master, I'm sorry I'm late!"

The bodyguard takes the man to the kitchen. The man brings a lot of things. Su Xiaowan looks at the chef. What's the matter with this letter?

She almost forgot that she was going home today.

Yu Weiwei doesn't know how to see Su Xiaowan. Now she waves at Su Xiaowan, hoping that the whole person will fall on her, "Xiaowan, I made you a meal. Are you hungry? Would you like some? "

Su Xiaowan's eyes fell on the woman. Before she spoke, she listened to Feng Yan and said, "throw people out, it's so noisy!"

"Yes."

Before Su Xiaowan could react, he watched the burly bodyguards directly take the people away, while Feng Yan stood there, not knowing what he was waiting for.

Before long, the meal was ready.

Su Xiaowan smelled the strong fragrance, the smell... He didn't even smell it.

She went to the kitchen along with the fragrance, and looked at the things made by the chef, which kitchen was neatly placed in. Now it seemed that it didn't match at all.

"This is... Steak?"

Chapter 323

"Yes, ma'am, we have a dessert for you."

Su Xiaowan didn't eat steak, but her grandmother did. In the early days, her grandmother wanted to improve her food. She worked overtime and wanted to buy her steak, but she couldn't bear her grandmother's hard work, so she said on the excuse that she had eaten steak at school and was allergic to it.

In fact, it's very luxurious for them to eat steak in such a small place. At most, it's beef foam.

But

"I'm afraid you won't have enough. I've prepared some other dishes for you. You can have dinner in a little while."

Su Xiaowan is pushed to the dining table. The original dining table has been changed, which is different from before. The style is princess style.

There are candles on the table.

"Miss, you sit here for a while, and the young master will come soon. If you are hungry, you can have some dessert first."

I don't know when the maid came. There were two rows of people standing in order at the door, all in uniform, with dessert in hand. I didn't even see them.

Su Xiaowan's eyes suddenly widened a little.

It was the first time that she saw such a posture. Even, she saw the woman coming slowly with a bunch of fresh flowers in her hand.

Su Xiaowan didn't know what it was or what it was for.

Just a few seconds later, Feng yanyingzi came straight and took the flowers from the woman's hand.

Turn around and come towards yourself.

"Take it --!"

Su Xiaowan looked at the big bunch of flowers in her arms and blinked. She didn't react for a long time. Then she sat down and said, "this is... For me?"

"Lilies are for you."

"... what?"

Lily?

Su Xiaowan can't distinguish the flowers. She hasn't received any flowers from men. Is this Lily?

Conditional reflection, a hundred years of harmony!

What the hell is she thinking.

"Do you like it?"

"... well, it's pretty."

Then, the attendants came in with the covered tableware. In just a few minutes, the dishes were set on the table. The dishes were particularly gorgeous.

Su Xiaowan looks at so many dishes and the flowers in front of her.

This is... This is clearly the rhythm of confession in TV series!

Is it difficult to

The more she thought about it, the more flustered she felt. It was the first time that someone had done this for her. In fact, when she thought about it, Feng Yan really did a lot for her.

Those are things that no one else has ever done to her.

She raised her eyes and looked at Feng Yan. Today Feng Yan feels different from before.

How to say it's different?

He's wearing a suit today. He looks... Mature.

This... Is really the rhythm of confession.

"Eat Feng Yan opened the plate in front of her. It was Cheese Steak. There was something else she had never seen.

Feng Yan is very considerate to help her cut the steak, pushed in front of her.

Then she looked at Feng Yan and opened a bottle of wine.

Su Xiaowan's eyes can't help but be a little deep. She looks at the desserts in front of her. She nervously takes a bite and smiles at Feng Yan.

She always felt... Something unknown was about to move.

Su Xiaowan stuffed a few pieces of beef into her stomach, but she didn't know whether it was delicious or not. But she didn't know whether she should raise her eyes, so she took the cake from that end and began to eat it. She didn't raise her eyes until she felt a little bit tired.

I watched the man at that end eat nothing, the table was clean, and the steak was also pushed in front of me. The wine in the goblet didn't drink, so I looked at her.

"Feng Yan, why don't you eat it? This steak is delicious

"Do you want to eat all the time?"

"... what... Ah..."

Su Xiaowan's teeth don't know what she's going to bite. She wants to break her teeth. She spits something out of her mouth.

It landed on the plate in front of my eyes with a bang.

It's a super shiny... Diamond ring.

Su Xiaowan once again silly eyes, this is... Really crow mouth, what to say!

How, there are rings, thousands of calculations, she missed this move, originally thought it was just an ordinary meal, not in the ordinary lunch.

"Feng Yan, this..."

Su Xiaowan immediately wanted to cry.

"I never do anything I'm not sure about, but this time, I'm not sure!"

“.....”

what? I'm not sure. Is it the fear of rejection?

Su Xiaowan squinted and took a look at the twinkling diamond. No girl didn't like the diamond, because the twinkling represents happiness and dreams.

"Su Xiaowan, this may be the most impulsive thing I've ever done, but I don't regret it."

"I like you not because you saved me, but because that person is you. It has nothing to do with everything else."

what the hell.

This confession, Su Xiaowan simply can't resist, she swallowed saliva, "I go to... Go to the bathroom."

She pushed away the chair and ran out like a mouse.

The attendants looked at the woman coming out and looked at each other one after another. Is it true that the young master has been rejected?

Su Xiaowan went to the bathroom, her bedroom, and closed the door.

All of a sudden, her 19-year-old heart couldn't bear it.

At the moment, the heart is also from their own heart mouth to jump out of the rhythm.

"Feng Yan, are you confessing to me?"

In my arms, there is still the fragrance of lilies. The words of lilies are pure, representing no dust.

She had a slight smile on the corner of her mouth. Just as she was about to open the door, she listened to a person on the other end who was talking on the phone. Her voice was very light, but Su Xiaowan heard them all.

"Yes, I know. I'll let the young master go home as soon as possible, sir. Don't worry."

"The young master is with a girl."

"It seems that the girl won't come back with the young master, so the young master delayed. Sir, I know..."

Hung up the phone, the man at the other end complained to the man beside him.

"When do you think the young master will go back? Are you going to stay here for a lifetime? Many women are willing to be young master. They spend so much energy and time to make a woman happy. Is young master evil? "

"Now that Feng's family is in trouble, the young master is the only son of his husband. Naturally, he wants to take over everything of his husband. This girl's identity is certainly not worthy of the young master."

Family?

Su Xiaowan vaguely heard a few words, plus that day Feng Yan said to take her to Jiangcheng.

She opened the door, the two people did not expect that she was inside, bowed his head and called miss, ready to run away, but Su Xiaowan stopped.

"Feng Yan, who is it?"

Chapter 324

After hearing the last sentence, Su Xiaowan turned back to the living room with calm face.

Sitting there, the man at the other end looked at her and said, "what happened today, did it scare you?"

"A little bit."

It was really frightening. She didn't think about what he wanted to say at first. Even she didn't think that Feng Yan's family was so huge that even if she had a little heart, she had to put it all out and pretend nothing happened.

"In fact, I thought about today and planned countless plans. I was afraid to scare you, so I chose a more traditional and more relaxed way."

"....."

to moderate?

Her heart didn't feel any relief.

I feel like I'm going to collapse.

Su Xiaowan takes the red wine at that end, and she pours a glass at herself. She has great stamina. The taste is amazing.

This is her first time to drink.

The glass has just been put down.

"That... Feng Yan... What are you doing..." the man who just looked at that end suddenly came up to her, and his hand pressed on her desk and bent down.

Warm lips so close to her, she was scared to stare big eyes, the whole person even the body is stiff.

Feng Yan... Kiss her again.

Such a move was unexpected.

His hand clasped the back of her head, which was not the same as the kiss she had just tasted before. He was overbearing and aggressive, which seemed to be irresistible to her.

She is about to indulge in it. She really can't say it. If she refuses, she just thinks... Forget it. Who makes her like him! Just follow my heart.

Her hand suddenly because of no one, directly to the hand of the cup to get directly.

With a bang, it broke directly at his feet.

But the man's lips are still tightly attached. All the time, in Su Xiaowan's mind and side, there has never been such a heterosexual. In her opinion, Feng Yan is a gentleman and strict person. Even if it seems that she was kissing her forehead last time, she is restrained and polite.

But now such an aggressive kiss has overturned his previous cognition.

Under the pressure of death, Su Xiaowan could not move. His mouth was haunted by the smell of the wine he had just drunk. He was dizzy and even numb at the base of his tongue.

"Well..."

For a long time, she had a jade pendant in her hand.

The man released her lips.

"The way I think about today is the one I think about the most. I don't like others, and I don't know if my way of doing things will make you unhappy, but Su Xiaowan, I want to make you happy."

Su Xiaowan looks at the jade pendant in her hand. It's old. She even says that there are tears on it. Listen to him, I want to make you happy?

This sentence made her want to cry.

No one ever said, Su Xiaowan, I want to make you happy. No one cares whether she will be happy or sad. No one! Only Feng Yan.

Hard hold back tears did not stay, the hand that is still with temperature jade pendant, so motionless on her palm.

"This jade pendant is worn by me since I was young. It's a talisman my mother asked for. In the future, she belongs to you!"

Feng Yan didn't say that this jade pendant is actually the keepsake of Feng family. The jade pendant represents that everything of Feng family belongs to this.

The jade pendant to her, is not just a hot head for a time, last time survived, thanks to this piece of jade pendant, jade pendant and her, are their own life-saving benefactor.

"It's too expensive. I can't have it!"

Su Xiaowan gave him something, but he said, "if you want it or not, you'll lose it."

Lost?

This jade pendant is crystal clear. It's a pity to lose it.

But holding it on her cell phone, she felt that she had some identity to take him.

She drooped her eyes and breathed deeply. No one would be indifferent to everything like this, but Su Xiaowan knew that there was a distance between people.

She can't be liked by her parents, not to mention Feng Yan's family!

I know that there is no result, but I still want to like it. Only my family can suffer like that.

Just like her mother.

She can't be as headstrong as her mother, and she doesn't want to have another person like her.

"Feng Yan, I don't know what you like about me. I don't think there's anything attractive about me. Maybe there's no one like me in your world. That's why I think you may like me. But between us, even if we take the sleeping time into account, it will be only one week at most. Within one week, we can't have the feelings they said that we can die for each other. Without this foundation, we can't achieve such feelings. Maybe, after you go out, one or two weeks, as long as we don't contact each other, you will forget me, Forget my appearance, even say, forget everything about me. "

"What do you want to say?"

"Yesterday you and I liked me. Later I went back to my room and thought that I didn't like you."

dislike.

"Should I?"

"I certainly don't like it. In my heart, I will be with him only if I like the person I like very much. I can do anything for him, but you, not that person. I say that, you should understand what it means?"

With Su Xiaowan's word by word voice, Feng Yan's spine became rigid, and suddenly a mysterious image in his heart was broken, "Su Xiaowan, you are lying!"

Su Xiaowan raised her eyes, he can easily see that he is lying, does it mean that this person knows her well? But... People's three levels should be consistent. They have no way to get to their own world. It would be much better if they simply give up at the beginning.

She stretched out two fingers and looked at her with clear eyes. "Then I swear, I don't like you. If I like you, then I will die alone in my life, and I will be killed by the car when I go out..."

Feng Yan's expression almost out of control, "shut up!"

Listening to Feng Yan's footsteps, Su Xiaowan was relieved. She thought, since she can't be with others, don't delay them.

He's only 22 years old, and he'll meet a woman who doesn't know what to look like in the future!

Su Xiaowan went out slowly and gave the jade pendant to the maid, but the maid didn't dare to take it. "Miss, our young master prepared these things for you early this morning. He didn't sleep last night. In order to surprise you, he bought the lily himself today, and he picked the ring. For the first time, he wanted to be nice to someone, But... The young master met many things here. His brother died here. He should hate this place, but for you, he stayed here all the time and didn't even leave. "

"He has deep feelings with his brother. If he had been in the past, he would not have stepped into this land until he died."

Chapter 325

"But for your safety, he is afraid that those people will retaliate against you, so he will guard you all the time."

Su Xiaowan is dumb, she stares at the woman at that end, looking at her sighing with the appearance of filled with righteousness.

Brother?

When we met that time, he was covered with blood. Originally, he thought it was his own, but now he knows that his brother is dead.

Thinking of the expression of the words Feng Yan said last time, he suddenly felt a twitch in his heart.

"Miss, young master, he is not the same to you. If he only treats you as an ordinary person, he doesn't need to do these things. Even if you are a life-saving benefactor, he can give you a sum of money to compensate you, but he will compensate himself to you."

I want to make it up to you

Su Xiaowan's heart, a click, after listening to her.

"He asked us what girls like, and took a notebook to write down girls' preferences. I've never seen him treat anyone like this, young master like this. Most girls are willing to, but he has never been in love and never confused with girls."

"Even before that, he always said that the probability of success this time is about 50%. The young master never does anything he is not sure of. He has done everything perfectly since he was a child. How can he allow another 50% probability to exist? We've never seen him so worried about gain and loss. When he came out just now, I've never seen him like this. He never showed his emotions since he was a child. But in front of you, he would show his emotions. You said he didn't like you. How did you say that? "

Su Xiaowan was speechless, "I..."

Heart thumping, where is 50% ah, completely has all of a sudden savings to 100%.

Especially what she did

"You are still young, but the young master gave you this jade pendant. For Feng's family, that is a promise, a lifelong promise. He won't leave you, but you left his hand first."

Su Xiaowan closed her eyes and her eyelashes trembled. She didn't know how those people went. Anyway, she cried. No one had ever done this for her.

She looked at the jade pendant in her hand. She wanted to give it back to them, but suddenly she was reluctant.

If you can't get to the white head, you have to abandon a lot of things, then give up that feeling, because from the mother's life, she got the enlightenment, in this life, she doesn't want her child, will become another she.

But now, did she make a mistake?

Maybe it's wrong. I can't look back.

She wanted to pack up things to go home, but a stomachache swept all over her body. She covered her stomach. Suddenly, the stomachache was so severe that she curled up in the corner and covered her stomach white.

This is God can't see it anymore, so come to revenge her?

The sweat on his forehead drips down. Su Xiaowan covers his stomach. It hurts badly, but now all the maids around him are gone.

Is she going to die of pain here?

Just when I was about to hold on, suddenly the door opened, and the light covered a person, like an angel from the sky. I had never seen such a beautiful person.

Slender figure, that pair of shiny shoes fell in front of his eyes, shaking the mind.

"What's the matter?" Feng Yan was angry and distressed. He was rejected for the first time. In his 22-year-old life, it was the first time that he wanted to make love to a woman, but the woman was ungrateful.

What else do you say? I'll forget her in the future!

Is she the worm in her stomach? Say forget, forget?

He's not a fish. He only has seven seconds.

Listen to the voice, as if she wake up, is Feng Yan.

Why did he come back? Was what he said just now not heavy enough?

She propped up her elbow and now tried to put on a strong side. "You... How did you come back?"

In this way, he could even ask how he came back. Naturally, he came back for her. Although he was rejected, Feng Yan still wanted to fight for him.

But thinking of Su Xiaowan's refusal just now, "come and get something."

"Oh, take it. I want to... Pack up and go home." Listen to words, Su Xiaowan's heart still has some gap, this gap with a sense of loss, let her some suddenly can't accept the appearance.

Maybe it's because what the maid said to her worked.

She wanted to hold him and tell him that you are the most dazzling star in the world.

But she didn't dare.

Her identity, her existence, she... Is not worthy of such a dazzling star as him. If she has a chance in the future, she would like to meet him at her best time instead of now.

Feng Yan looked at her pale face, now is strong to stand firm, he is angry, how to see more angry.

She reached out and held her up directly. The princess's holding posture and strong embrace made people feel warm and didn't want to move away. Her arms held her waist tightly.

At that moment, Su Xiaowan did not dare to move.

"What are you doing?"

Warm embrace, let two people feel different warmth.

The man's lips lifted, "go to the hospital!"

"... why go to the hospital!"

"If you don't go to the hospital, where do you want to go?"

"But..."

The man strode toward the outside, where the mountain road was rugged and there was no traffic. If they wanted to go down the mountain, they needed to walk for a long time. At the moment, there was no light outside, so Feng Yan held her, "you put me down, I'll go by myself!"

"Su Xiaowan, why are you so ignorant."

"....."

"If they knew my identity before, they all wanted to bump into my arms. You'd better know my identity and treat me as a monster? How terrible am I? "

"You... How do you know?"

"Do you really think I'm terrible?"

"... No." Su Xiaowan's hand dare not pull Feng Yan. Looking at Feng Yan's face, she dare not annoy him.

She knew that she was very heavy. She also walked a long way down the mountain. Holding her hand together, she was like climbing a mountain with a heavy load. "That... Feng Yan, I'll go by myself!"

Even a few bodyguards on one side said, "young master, let's come!"

The man's eyes looked at them in a gloomy way. They shot straight at them. How could those people dare to hold Su Xiaowan with Feng Yan? They just looked at Su Xiaowan with resentment.

I've never seen anyone so ignorant.

Su Xiaowan wanted to come down several times, but the man threatened, "if you move around again, throw you directly under the mountain to feed the wolf!"

"....."

After being threatened several times, Su Xiaowan didn't dare. She cherished her life.

Chapter 326

He knew that Feng Yan was angry because she felt Feng Yan's anger.

Of course, who was so rejected, will be angry, if put on their own body, she would like to tear him up.

Her hand is holding his tie. Today, he looks like a little adult.

I've got a tie and I've got my hair.

It's like someone with dad's clothes on.

"Afraid?"

Seeing her appearance, Feng Yan asked. Looking up from the bottom, he only saw that he had clear features and sharp edges. Earlier, someone was chasing stars in his class.

But now, compared with Feng Yan, none of them are good-looking. Among those male stars, there is no one who can match him.

"I didn't have to work so hard to know if you were tough or not!"

"Fengyan."

"No stomachache?"

"Pain, if you bump me like this again, I'll vomit up!" Su Xiaowan ate too much, because she felt that her

stomach had been withstood and reached the extreme.

"Bear it

"..." Su Xiaowan had no choice but to stifle it.

But she could feel that Feng Yan's pace had accelerated a lot. Now he took her down the mountain. At the foot of the mountain, a car had already stopped. Feng Yan stuffed her in and took the car key, "young master!"

Several men behind her didn't think he was going to drive, but Feng Yan helped her fasten her seat belt and then got into the driver's seat.

The car just went away. Su Xiaowan watched the men running with them.

"Feng Yan, I'm sitting in your driver's seat. If anything happens, am I the first to die?"

The person sitting in the co driver's seat, once the accident, the risk factor is very high.

At this speed, she must have been the first to die.

"Shut up

"Oh."

She just wanted to say that he was driving too fast for her.

I want him to slow down.

But looking at him so nervous, my heart suddenly warm, no one has ever done this to her

Her heart was pounding, and now she felt that Feng Yan's favor continued to rise.

Should she put everything down and be with him?

She did not face, looking at the scenery outside the window, like a person, also does not have to be together, in order to prove that is like.

"Thank you, Feng Yan." So good to me.

With the increase of the speed, the sound was pressed under the wheel, and nothing could be heard.

Soon drove to the hospital, which is a small town hospital, not big, but also slightly larger than a small clinic.

The car Zidi a stop, Su Xiaowan confused by Feng Yan embrace off the car.

"Are you going to have a baby? This way, this way. "

The doctor looked at the two men rushing in and thought that Su Xiaowan was going to have a baby.

In this small town, many women are not hospitalized when they are due to give birth, so when they give birth, it is obvious that the family is in a mess.

"Stomachache."

Feng Yan frowned.

What's going to happen?

"What are you doing in obstetrics and gynecology with a stomachache! Turn right and go to the emergency room! " The doctor was an elderly woman. At the moment, make complaints about these two people.

Just looking at Feng Yan's face suddenly changed, Su Xiaowan pulled his clothes, "it's a big deal for people to have children. The arrival of a small life requires a lot of people to be prepared. I have nothing to do, so don't be angry."

Feng Yan has never said such a thing to himself since he was young. Those who speak to him with such an attitude will never see the sun of tomorrow.

Looking at the woman in his arms, he was angry and distressed. "Su Xiaowan, the life and death of others has nothing to do with me. You are the only one I care about."

She wants to open her mouth and say to him, Feng Yan, now your success rate has exceeded 100%.

A doctor rushed over and said, "it's master Feng. Come with me."

Feng Yan holds her and goes to the clinic.

"It's acute gastroenteritis, miss. Have you eaten too much?"

"Er... I ate a little too much today."

Because he didn't know what Feng Yan was going to make, Su Xiaowan stuffed food into his mouth at that time.

"What day do you eat less?" Feng Yan did not give face to the opening, "treatment plan."

"I may need to be hospitalized for observation for a while, and I'll have a gastroscopy tomorrow on an empty stomach."

"Feng Yan, you look angry... It's lovely." She had the courage to poke Feng Yan in the face.

Chapter 327

This is a relatively fresh ward. It is not easy to find one in this small town.

She didn't know where the courage came. She could not help touching his face.

But when she just reflected what she was doing, she wanted to withdraw her hand, but she was tightly held by the man.

"Don't touch me if you don't like me."

"....."

Su Xiaowan's generous palm is warm.

"Are you still angry?"

"You don't get angry?"

Feng Yan raised his eyebrows and asked.

"I..." of course, she was more angry, "but you get angry. You get old easily."

"... you don't know. Just now those nurses almost thought you were my father. If you were angry and wrinkled, others would think..."

"Cough, cough!" Su Xiaowan felt the man's cannibal eyes and was in a good mood, as if he didn't even have a stomachache. "In fact, you are too mature to wear. We are still young. If you dress like this, people will misunderstand your age."

"Misunderstanding is misunderstanding. I'm not dressed for them."

Feng Yan took it for granted.

It's not for them, so it's for yourself?

I don't know why, Su Xiaowan's heart is pounding. She has never met such a problem in the past 19 years.

I like it, and I like it very much.

Feng Yan has no bad habits of rich people. He is modest and has no airs in doing things.

He's a good man.

"Staring at me like this, falling in love with me?"

"Who's in love with you, narcissism." Su Xiaowan pulled on the quilt and lay down.

After taking the medicine just now, I feel better. At least my stomach is not so swollen.

Today tossed a day, she was very sleepy, soon fell into sleep.

.....

mid-night.

Su Xiaowan had a dream. In her dream, there was a big mountain. She stood on the mountain. At her feet, there was a turbulent river. The river was flowing fast, and the wind could almost involve her.

She stood there, not daring to breathe.

Because a little careless, he will fall into the deep pool.

But when the wind blew, her shaky body still couldn't stop the breeze, so she fell down and woke up suddenly.

She opened her eyes.

The body is held by a person.

The broad arms tightly hold her waist, the hot temperature makes her panic, the weak light at the head of the bed sets off the man's face.

It's Feng Yan.

At the moment, Feng Yan's eyes are still closed.

What is he holding her for?

"Feng Yan?"

She gave him a push and saw that he didn't respond.

Is it sleepwalking?

Otherwise, it seems impossible to explain that he is still in his bed with his eyes closed?

No response at all.

"It's not really sleepwalking, is it?"

The man on the bed's arm stiff for a while, originally just want to hold her to sleep, hold a good, but do not know how will be greedy for her arms.

Su Xiaowan has read a book about sleepwalking before. This kind of people look like normal people during the day, but at night, they will do a lot of strange things.

There are also people who go to kill and set fire!

And can't wake up sleepwalkers, otherwise, they will become fools

Su Xiaowan's eyes were fixed on him. Her eyes were burning. She even took her hand and slightly poked at the man. The man lay there motionless and did not respond.

It seems that it's really sleepwalking, because the place where Feng Yan was lying just now is the sofa over there. There is only one hospital in this small place, so the ward is very scarce. It's not easy to have a ward like her.

She didn't know Feng Yan. At least, she didn't seem to want to know him in the past. However, all kinds of signs show that he is a good man. It's just like when they said there was no other ward in the hospital today, he said he would sleep on the sofa without saying a word.

According to his age and identity, it's easy to have a ward where he can sleep.

She was staring at him, very carefully.

I don't know how I thought of the time when he was angry today.

Probably.

We have done a lot of prediction results, but we have to go to the worst side. If we don't get angry, that's false.

Feng Yanzheng feels that he is taking advantage of others' danger and wants to let go. He is a gentleman. At least, he thinks so in his heart.

He just wanted to hold her, and he didn't know how he felt about a woman.

But a pair of hands, suddenly around his neck.

Very intimate.

Her cheek gently close to the past, soft face is close to him.

This is the first time for Su Xiaowan to take the initiative. She used to be nervous when she talked to boys. She thought it was the boldest time for her to hold a man so boldly.

A little afraid that he'll wake up.

But thinking that he was sleepwalking, he had more courage.

"You won't wake up anyway. Let me give you a hug." She put her arms around his neck. When he was awake, Su Xiaowan did not dare to look at his face carefully. It was the first time that she had been so close.

He is very handsome. Su Xiaowan looks at him and kisses him on the face.

A man's body is stiff.

The girl can hear her smile after kissing.

Then listen to her mouth, "Feng Yan, you look angry, it looks really cute, you know?"

She looked at his side face, smiling, "you will be angry with me, I do not feel sad, but feel happy."

Feng Yan frowned. She said she was happy. He was so angry that he could not imagine what it would be like if he hadn't turned around and left.

No one has ever dared to refuse him!

never.

Even she felt that she had a tendency to be abused and was rejected as such, since she could come back.

"When I met you, I felt like all the stars had hit me. I felt so lucky, but I also felt that I was dreaming."

Feng Yan only felt that a sweet smell penetrated into his nose. Even in many cases, he never thought that he would lie in the same bed with a woman and just listen to her gossiping words. He didn't feel bored, but felt warm and sweet.

Feng Yan did not feel the earth shaking love, but heard it.

When his parents were young, his mother chased him. After a long time, his father agreed to associate with him.

But as a man, he knew that if his father did not like his mother, his mother would not succeed.

Feelings are always two-sided, otherwise, they will not succeed easily.

Su Xiaowan put his arms around his neck, and a gentle voice sounded in his ear, "Feng Yan, do you know? You are the first person who is so good to me. I know that you are good to me. I always think that I am not the kind of lucky person. I was sent to the countryside by my parents since I was a child, because fortune tellers said that my fate is bad, which will hinder my parents' marriage in my life. My grandmother is the only one who is the best to me. I have never liked others, and I don't know what to like... So, How can I get such a good turn to meet people like you? I can't even dream about it. "

"You say you like me. I'm very happy."

Her words were warm and gentle, and her joy could be detected in her tone.

"But we are still small, I also know my heart, I should have some heart to you, but the short heart can't last a lifetime."

Short heartbeat, because like fireworks, very rare, will soon disappear.

"We will encounter many problems, for example, in your world and my world, you are too rich, but I am just an ordinary person, ordinary to catch a passer-by in the street, may be more prominent than me, we are now, there is no waves on the surface, but in the end together is not a unilateral decision of two people, your values, I can't catch up with, also can't understand, over time, We will have a gap. "

"This alone is enough for us to quarrel endlessly. I don't like quarreling. They all say that the more we quarrel, the better. But I think that after quarreling, we will break up. Instead of fighting for a lot of things in the end, it's better to let go at the beginning. Don't they all say that love doesn't have to possess, but love means restraint?"

At last, Su Xiaowan fell asleep. Feng Yan slowly opened his eyes and looked at the girl at that end.

At the age of 19, she really thinks a lot. Is there so much in this little head?

He turned his head and looked at her tenderly. "Fool, what you think will never happen."

He held her for a moment.

Then he turned and went out.

"Young master, do you need another place to live?"

"No need."

"Go and look up all her information."

The man nodded, "yes."

Quiet corridor, very quiet.

Feng Yan's mobile phone rang, "ah Yan, when are you coming back?"

"Mom, I have people who like to think about life."

.....

Yu Wei heard the news at the foot of the mountain. She cooked the porridge in a hurry and inquired about the residence of the hospital. She heard that all the people on the mountain had been removed yesterday because the young master was ill and went to the hospital.

There is only one hospital nearby. In the past, when she was sick, her mother would take her there.

She was holding a thermos and heard about Feng Yan's ward.

When I opened the door, I looked at the two people lying on the bed. In such a simple place, only husband and wife or fiancée can lie on the same bed.

But they

Only looking at the girl's hand tightly clasping the man's neck, intimacy incomparable, and the man's hand on the woman's waist, although they are well-dressed, but the warmth can not be ignored.

Su Xiaowan is the first to wake up. She hears the opening of the door and looks at the man beside her. She is scared to get out of bed immediately.

The figure at the door was staring at her so tightly.

She went over and closed the door gently.

"You..."

"I thought you gave up!"

Chapter 328

"It's hard for me to meet someone I like. How can I say give up and give up?" Yu Weiwei has never seen such a man. She can't just give up. It's hard to find such a man with a lantern in her life. She looks at Su Xiaowan in her pajamas with her eyebrows.

"It's you, Su Xiaowan. Didn't you say you didn't like him? It has nothing to do with him. Why are you two in bed together? "

Su Xiaowan looked at Yu Weiwei, as if she had been Feng Yan's legal wife. She was aggressive, like a vicious supporting actress on the TV a while ago. Her chin was tight, "what's the matter with you?"

Yu Weiwei is very angry. Naturally, it has nothing to do with her. Feng Yan doesn't even look at her in the right eye. She has nothing to say.

But she... Looking at Su Xiaowan's appearance, she felt that she was more beautiful than her. She didn't know how much, how could she not compare with her?

She was not reconciled.

"It's none of my business, but... I think it's bad for you two single men and women to lie in bed like this."

Yu Weiwei is angry, but why can su Xiaowan lie on the bed with this man, and he can't even be a foot away from that man.

"Even if it hurts, customs won't get in the way of anything, will they?"

"You're not ashamed, you're honored?"

Yu Weiwei is so angry that her whole face is distorted that she yells at her like Feng Yan is her husband.

"A fox like you has climbed into a man's bed at a young age. You don't know who wants you anymore."

Because the two of them are standing in the corridor. In this small town, people of all sizes have nothing to do, but they are very gossipy. Yu Wei's voice is very loud. When she makes a sound, it spreads far away in a quiet place.

The patients in several wards came out to have a look.

Yu Weiwei looked at them one by one. It was like beating chicken blood. No one had supported her, but now there are several.

She pointed to Su Xiaowan's face and said, "let's see, this man has no self-respect. He climbed into a man's bed at a young age and refused to admit it..."

Su Xiaowan has to say that this woman's Kung Fu is really not good.

Mingming, what's the matter between them? They can't get together with Yu Wei. How? She should teach them?

Even a look of Dayi Bingran?

Driven by Yu Weiwei, some people around her began to preach to Su Xiaowan. Su Xiaowan was wearing a big hospital uniform. Her pale face didn't look much blood color at the moment, but her skeleton was small. With her green face, she was a minor.

"Today's girls don't learn well at a young age!"

"It's a bad custom!"

"Little girl, if you don't go to school, you can't be a junior!"

the other woman

"Yes, it's immoral to be a junior. No ancestor can rest in peace."

"You are still young now. When you meet a better one later, you will know how stupid you were. You'd better break up with others earlier."

The old lady said kindly, looking at Su Xiaowan, who was about the same age as her granddaughter, naturally didn't want her to go astray along the same road.

"Today's girls, some girls worship money and are willing to do anything for money."

"Auntie, you can eat food and talk freely. I'm not a junior."

"So you lie in bed with a man in broad daylight?" Yu Weiwei chattered, "who is the man inside you? You are too young to get married! The people inside are not your gold owners. Who are they? "

"I don't have the legal age to get married, but who told you that the people in there are my gold owners?"

"Who do you think he is?"

"My fiance."

When she said about her fiance, her eyes curled and she seemed to say something sweet.

My fiance?

Feng Yan opened the door and heard these three words. He seemed to feel her little pride.

He didn't step forward, just quietly standing at the end, staring at the girl.

I want to see what she wants to say next.

Su Xiaowan continued to speak calmly. She didn't know that there was a man standing behind her who was taking a panoramic view of all her things.

"He and I are not legally married, but he is my fiance, and we are innocent. We have never been involved in Yueju. Although he is rich, he is not the gold Lord you call him. He is also very kind to me. He won't go out to find Xiaosan."

"You..."

Being said that, the old people looked at Yu Weiwei at the other end and immediately understood, "they are unmarried couple, so who are you?"

"I..."

"Grandma, she wants to rob my husband. Seeing that my husband has money, she wants to be a junior. Knowing that my husband is not feeling well today, she still wants to take advantage of the situation." Su Xiaowan looked pitifully at the old grannies at that end.

Show the white lotus's pitiful strength incisively and vividly.

Isn't it just pretend? There's nothing difficult.

"I said, this girl looks white and clean. She doesn't look like a junior. It turns out that she is a thief shouting to catch a thief. Little girl, you are a young girl. People love you, and you still want to get involved in other people's marriage."

"Little girl, being a junior is going to be beaten to death by people."

Yu Weiwei is a girl in her early twenties. So many people are pointing at her. Now she can't keep her face. She really wants to tear Su Xiaowan's hypocritical face.

It's just a little white lotus.

People are full of desire to protect beautiful things.

At least, in the eyes of the old people, Su Xiaowan looks more innocent. After that, the situation has been turned around and a few tears have been added. Without her saying anything more, the old people will help her out.

"Su Xiaowan, you wait!"

Yu Weiwei ran away in a huff.

The old people who used to watch the excitement looked at Su Xiaowan, "little girl, you can't be soft on this kind of people in the future, otherwise, you will be bullied next time."

"That's right. I don't think the Kung Fu she just talked about was practiced in one day or two."

"I know. Thank you, grandma."

Several old people looked at each other with a smile, looked at the person behind them, then scattered.

Of course, only Su Xiaowan didn't know who was standing behind her. She just thought that she was a little tired and wanted to go back to her room.

As soon as I turned around, I looked at Xin Chang's figure behind me.

Amber pupil slightly a, looking at the expression of Feng Yan, smile again.

"So... Are you awake?"

"We're unmarried? Why don't I know? "

Sure enough.

I heard it all.

That must have seen her drive away Yu Weiwei.

"What? The woman who chased you was driven away by me. Are you distressed? "

Chapter 329

Feng Yan chuckles, "Su Xiaowan, you look like a little jealous woman now."

Little jealous woman?

"Then you have to be careful. I'm afraid you will become a little jealous man." Su Xiaowan threatened and raised her eyebrows.

Seeing that he didn't seem to believe in evil, he added, "the doctor who saw me yesterday is very handsome. It's my favorite type. It happens that I didn't have breakfast. I'll ask him if he has. If not, I want to ask him for breakfast."

I haven't stepped up yet.

All of a sudden, the man took her hand and whirled around. The next second, there was a wall behind Su Xiaowan. Feng Yan's body leaned over, with a clear taste, which she liked.

wall thump?

Su Xiaowan knows that this person who doesn't know anything about TV plays can't have seen the classic passages in TV plays.

This straight man, now he has learned how to beat the wall! When did you learn it!

I don't know if it's because the light in the morning is printed on his face. That's why people have a kind of cool idea. They just think that they can't move their eyes away from him.

People in the beauty of the current, where there are other ideas, just feel that the heart is about to jump out, in the mouth, is about to break out.

Feng Yan is so perfect that no one else can peep at him if he wants to put him in his pocket.

"Should you explain to me now that we are a fiancée?"

Su Xiaowan was stunned for a moment and pursed her lips. She pretended to be calm and said, "... You confessed to me yesterday and learned to default today, didn't you? What's the difference between you and scum man when you do this! "

Default?

"Don't you disagree?"

"I... can't I agree now?" Su Xiaowan raised her head and said, "girls are always in a changeable mood. After so much preparation, don't you even know this?"

"... so you promised today, and you won't go back tomorrow?"

This love white, how to see more lovely.

"I'm not sure. Maybe I think you're ugly tomorrow, and I'll be moved." Su Xiaowan looked at him, only at Feng Yan's expression suddenly changed.

It's dark. It's cannibal.

"You dare."

"....."

How does Su Xiaowan feel like he's on a stolen ship?

"So, you have to treat me so well that I can't see anyone else. In this way, I will always like you."

The man's chest was so close, "remember what you say!"

Su Xiaowan raised her eyes. She padded her toes and, without his knowledge, gave him a kiss on the cheek.

As soon as the girl's warm lips were put on, they immediately loosened.

But in Feng Yan's heart, there was a feeling that he could not tell.

Sweet?

"Are you... Playing a rascal on me?"

"It's a seal. If I put it on you, I'll keep my word!" Stars twinkling eyes bright, there is a kind of people can not say the taste of unknown.

All of a sudden, Feng Yan lowered his head, and his lips were printed on the chattering mouth.

Su Xiaowan's eyes suddenly widened. She didn't think that Feng Yan would do such a thing to her. It was in public. Although there was no one in the corridor now, there might be someone coming out at any time.

About a few seconds, when I tasted her, Feng Yan released.

Bright red lips with a little bit of temptation, as if it was a delicate flower, people want to kiss again, but at this time, Feng Yan resisted.

She is still young.

Between them and beyond, he was not in a hurry.

"You... Why did you kiss me again?"

"Me too!"

Su Xiaowan gasped and looked at him crimson. "You're just playing hooligans."

Her voice is very small, like ants. Maybe she has done the same thing, so she doesn't have much ability to open her eyes and tell lies.

For a long time, she asked.

"When did you learn to be a girl?"

"I've never been able to teach myself."

Face!

What a shame.

Su Xiaowan pushes him away and walks into the ward. When she turns around, her lips seem to have his taste. She doesn't know what he just ate.

How could it be so sweet.

Maybe, they will not have a good result, but she hopes that they can be happy every day together, that's all.

Think of her as selfish.

.....

Back in the ward, Su Xiaowan calms down and suddenly feels that he has agreed too soon.

I don't know how to be bewitched, so I fell into Feng Yan's trap.

The nurse came in with the medicine. "It's time to take the medicine, miss."

For Su Xiaowan, the medical staff were all coaxing. Last night, a big man came to the hospital, and the leaders directly issued a notice to let them entertain the patients in the ward. How dare they neglect him.

Then, a strange doctor came in and said that he was her attending doctor, but she clearly remembered that he was a man in his twenties.

"Has my attending changed?"

The doctor was about thirty years old. He stood there, unable to help Tucao. "You make complaints about Xiaoxia. He received a notice from the general hospital yesterday evening. He went abroad to study in the international medical care center. You can rest assured that your illness has been told to me by Xiaoxia."

The nurse stood aside to dispense medicine. Now she came over and couldn't help gossiping, "I don't know if Dr. Xia offended people. You know, this international nursing center is all women. He was a big man in the past... I always feel strange."

"Maybe the leader thinks he's not married yet, and helps him solve his life's problems!"

Su Xiaowan listens to their conversation. Doctor Xia only helped her to see a doctor yesterday, but she was sent away today. Is that a bit too much?

Is it because she looked at him more last night, and today

Is it Feng Yan?

"Miss Su, your medicine is ready. After eating, we'll have a check."

"Good."

Su Xiaowan saw Feng Yan after the inspection. When she came out, she watched the man at that end take something. When she came out, she came to support her immediately.

I don't know why. It looks like she is pregnant and has a baby, and her husband is waiting for her at the door.

"Where were you just now?"

"Something happened."

"Feng Yan, if you don't care about me like this, your favor in my heart will soon decline."

"Eat first."

"You don't listen to me... Wow, how do you know that I like to eat buns, but how can this buns be so ugly?" Su Xiaowan couldn't help biting, and then looked disgusted. "Feng Yan, have you been cheated by unscrupulous merchants? What kind of steamed buns are they? They are the flavor of steamed buns."

Chapter 330

Looking straight at the man's tight eyebrows, Su Xiaowan looked at the things in his hand and inadvertently saw the white dust like things on Feng Yan's trousers.

Is it true that... He didn't see anyone just now, but he went to make a small cage bag?

Ten fingers don't touch yangchunshui's young master, now even condescend to do small cage bag for her, she how dare say not delicious.

Just look at the man's serious look.

He was happy. He had done it all morning.

"That... Fengyan, the taste of steamed buns is also very delicious, much better than ordinary steamed buns." In order to prove the truth of what she said, Su Xiaowan took several more mouthfuls.

"If it's not delicious, don't eat it hard." Feng Yan took a look at her and said.

"Well, aren't you angry? Don't you get angry if I don't eat? "

"I'll be more angry if you eat like this."

"....."

Is her acting so bad?

Before long, Feng Yan called a fresh small cage bag. Su Xiaowan looked at several people in front of her and raised her head. Feng Yan looked at her motionless.

"Would you like some?"

"I have."

"... I'm just asking you. These are all mine." Su Xiaowan protects xiaolongbao in front of her. In fact, there is another reason why she likes xiaolongbao.

It's grandma's dumpling. It's delicious. She miss grandma.

She gave a pause.

Su Xiaowan continued to eat.

"After a few days, when you are well, I will take you to eat delicious food."

delicious? Su Xiaowan is a gourmet. When she talks about food, her eyes light up immediately. Recently, in the mountains, even if there are delicacies and delicacies waiting for her, she still miss delicious food.

"Really?"

"It's very suitable for food like you."

"How can I eat like that?"

She murmured in a low voice. She found out. Now Feng Yan is broken. Sure enough, boys are like this. When they catch someone, it's the same as when they don't.

"Feng Yan, how do you know I like xiaolongbao? I'm in a hurry. I didn't tell you that. "

"It's hard to know your point of care?"

"....."

"Just pay more attention at the table."

She reached out and helped her with her hair. She was afraid of hurting her, so she was very gentle.

Today, when she got up, she didn't tie her hair well. It was all loose. She had a student's head. Her long black hair was very smooth.

"Feng Yan, have you ever touched someone else's head before?"

"Well, yes." He spoke carelessly.

Ever?

After hearing this, Su Xiaowan immediately stopped touching her head. "You've messed up my hair."

Su Xiaowan was very angry. Although she didn't know where the anger came from, she was just not happy. After taking a bite of xiaolongbao, she couldn't bear it.

"Who else have you touched before?"

"My little dog."

Dog?

Her anger suddenly dispersed, and she began to calm down again. "... no wonder every time you touch my head, I have a feeling that you are touching the dog."

"Dogs are not as cute as you are."

"....."

Can you still chat?

Su Xiaowan is almost angry with him. If this straight man really wants to kill people sometimes, but

sometimes, he really wants to kill everyone.

She's cute compared to a dog.

She bit the small cage bag viciously and ate it all at once.

After dinner, is too laggy to send her a mobile phone, and the package is very easy to see.

Although Su Xiaowan is not a girl.

When she was very young, other people had dolls or dolls, but she didn't like them. Even if grandma was clever and could do a lot of things, she didn't really like them. As time went by, she felt like a boy.

It's like they call it a woman.

Su Xiaowan once took a mobile phone. In fact, she doesn't know how to play with such a mobile phone.

Su Xiaowan used to have an old-age machine, which her grandmother bought for her.

So this kind of mobile phone, she is not very good at using, she grabbed Feng Yan, let him teach hand in hand.

Fortunately, men are very patient.

In the end, Su Xiaowan learned to download things by herself.

It's not that hard.

She made a call to grandma.

Grandma was quite calm and said to let her help Xiao Yu study more for a while?

She felt that something was wrong.

"But didn't you say that mother wanted me to go back?"

"She ah, let people come to say, when you start school, if you are admitted by the University of Jiangcheng, you will move back to live."

At the beginning of the summer vacation, the admission notice has not come yet.

Although he filled in the school he wanted to apply for, after a long time, Su Xiaowan didn't want to go to that school.

"Grandma, I don't want to live in their house."

For her, that place is a stranger, and I don't know why her mother suddenly yells to go back. Whether she thinks she should bear the responsibility of her parents or something else, I don't know.

"Silly child, when you grow up, you can't live in this place with grandma all the time, can you?"

But grandma, is not the person who should have lived in such a place?

Grandma's fingers don't touch yangchunshui. She used to be a miss. When her grandfather was alive, he spoiled her very much.

But the father took away everything he should have, along with her favorite daughter, also took away, she hated?

"Grandma, don't you hate them?"

In the face of so much injustice, it should be hate. After she was sensible, she always felt guilty for her grandmother, because it was her parents who did such things to her grandmother.

"At my age, what else can I hate? Xiaowan, I live in the world. If I care about it all the time, how tiring it is to live. Everything changes when people become an independent individual. Husband and wife, parents and friends all change. But in such a changeable environment, it's the most important thing to be good at yourself. Money is something beyond the province, If you don't have it, you don't have it. But in such a place, it's a pleasure to cultivate one's life and nature? Unfortunately, the old man left... "

"But I hate them, and I hate them."

At the age of 19, she can't be as open-minded as her grandmother. She's a child, and she's more serious.

"But Grandma doesn't like you growing up like this. You are a kind child. Those things shouldn't have left traces in your heart."

In the grandmother side so many years, grandmother never said a father and mother bad words, when she did not sensible, parents in her heart.

Can again and again hurt, will only let her heart fester, can no longer have different feelings to them.

"But people's hearts are full of flesh. Grandma, it hurts."

Only listen to the end of the grandmother sighed, "also blame me, if initially agreed to the things between them, may not be like this."
