

**good evening 331**

### **Chapter 331**

Her father is a typical Phoenix man.

My mother's family was a respectable scholar in Jiangcheng at that time. My grandfather's father was a famous teacher. With the protection of his grandparents, he started his own business.

He opened a small textile factory. At that time, he was the first one in the clothing industry.

So it made a lot of profits at once, and the factory gradually expanded.

Soon, grandma was pregnant, spent October pregnant, is a girl.

Since childhood, my mother has been held in the palm of my hand by my grandfather. She knows nothing and knows nothing.

We can simply treat the bad guys as good people. Even if they are sold, it is also the share of helping people.

His father was the only boy who came out of his village to study in those years. With good grades, he went to university with his mother. He knew from an early age that he was very poor, so when he met his mother, he began to chase her.

At that time, her mother was naive and romantic. When she was 20 years old, she never fell in love. She didn't know why her father was with her. She thought that when her father confessed to her, she suddenly felt that it was true love.

Soon fell in love.

At the age of marriage.

But children don't know, adults see through it at a glance.

Marriage is about the right family.

In the old man's eyes, they were too different and mismatched, but his mother insisted on staying with him and forced him to die. Finally, they had to go.

In my grandfather's heart, my mother is the child she loves, so I want my mother to take over his career. When did I find my father's ambition? It should be a year later.

My father was caught by my grandfather and put 100000 yuan of income into his pocket without handing it in.

At that time, 100000 yuan was about the same as one million yuan now.

Grandfather went to check the book completely and found out that what he had embezzled was not only 100000 yuan.

If you don't check it, you'll find out all the accounts. My father is a smart man. In order to be afraid of being found, he always transfers the amount with the minimum amount.

Don't take the company's account.

Originally, he just wanted to turn a blind eye. After all, it was the two of them who lived, and all these things belonged to them. He and his grandmother didn't bring them to live or die, and they also wanted to retire as soon as possible.

But who knows, such a check, turned out a lot of old accounts.

My father secretly transferred the money to a woman's account.

And the number is not much, but the number is many, maintained for about a year.

That is to say, when he was not with his mother, he got on well with that woman.

My grandfather couldn't bear the fact that my father raised a third child outside and transferred the company's property.

He was afraid that his daughter would suffer losses. He was afraid that she would be alone in the future. He didn't know what to do. After all, they were so old that they couldn't accompany her all their lives.

My grandfather wanted to divorce them. If there was no money, there would be no money.

But who knows... Only a few months later did my grandfather know that he took a little money and poached his company.

Ear, grandma's words continue, Su Xiaowan looked at the window environment.

Mother made a mistake. Everyone knew she was wrong.

But what about her?

Together with Feng Yan, is it a kind of willful act?

Not blessed?

"Xiaowan?"

"Well? Grandma, I'm listening. "

"Don't hate them. I've never blamed them. Children and grandchildren are free. When something comes, you can't avoid it. What shouldn't come can't be forced."

But in her heart, will she care? Is it because you care that you can't see through?

From her mouth out of the fog, the window from the water mist, just a few seconds, large glass windows, hazy.

Seeing flowers in the fog is not true, just like people.

You can't see through a layer of glass.

I can't see through a person's heart.

"Grandma, I see."

"Take good care of yourself over there, grandma. Everything is fine here. By the way, Xiaoyu's father... If he has time, let him call me."

"... good." Su Xiaowan's trembling response.

"Then I'll hang up. Call me if you have something to do."

Grandma's over there.

"Good bye, grandma." Su Xiaowan hung up and wrote a name on it.

Feng Yan.

Every stroke and every picture seemed to be written into her heart.

Feng Yan's strokes are not many, but not few.

When she finished, she put her finger on the two words.

As a man, will father and Feng Yan be different?

With the same disparity in family conditions, will they follow the same old path?

Everything is unknown.

But so what.

Like each other, together is for fun.

Happy will be in the marriage, from the beginning to the end.

She is not her mother, and Feng Yan is not his father.

Why do you want to insert their tracks into her and Feng Yan?

He loves her enough and she loves him enough.

At Feng Yan's side, she has experienced being spoiled, cared for, protected, taken care of... Besides, what is Feng Yan's plan on her?

It's her. Maybe she wants his money.

She is open-minded and optimistic when she thinks so.

She has nothing to hope for, just hope that they are happy every day together.

She set up a micro blog herself. A while ago, girls in school were all equipped with smart phones. They all had their own micro blogs to follow stars or other gossip. Although she was not very interested in such things, it was boring to stay in the ward. Feng Yan didn't let her leave the hospital.

So you can only play with mobile phones.

Looking at the love stories recorded by those girls on Weibo, she had the impulse to write down her story with Feng Yan.

She thought of a name, love after love 187.

Duoduo, is her nickname, in addition to grandma, few people know.

She made up a passage: he has 187187, which is his code name.

I don't know how I like 187. When I first saw him, I thought he was really handsome!

Feng Yan back to the ward, looking at her head is holding a mobile phone, is laughing happily there.

The light of the setting sun fell on her, with a warm and romantic feeling.

Just, looking at her holding cell phone all the time, she didn't pay attention to herself at all.

Feng Yan is a little angry.

When I gave her my cell phone just now, I was still chasing after her and asked him to teach. Now I'm good. With my cell phone, I don't even look at her.

If I had known, I shouldn't have played with her cell phone.

Su Xiaowan is looking at the comments at the bottom. She only registered on the first day today, and there are no fans, but someone left a message.

"I envy you for finding 187."

### **Chapter 332**

Just about to reply, I suddenly caught a glimpse of a pair of sports shoes.

He told Feng Yan that he was old in a suit, but he didn't wear it.

She raised her eyes, and the light of the sunset fell on him. He was wearing a white sports T-shirt today. His skin color was whiter than that of ordinary men. If she didn't look small, maybe others would think he was a little white face.

The skin is better than him.

She envies him, but she doesn't see him tossing his face. Maybe it's natural. Some people are like this. God is very good to him.

Even a little bit of trace is not willing to leave on his face.

"Is it good?"

Su Xiaowan was bewitched and nodded.

"Do you want to keep watching?"

"Yes, yes."

"Stay with me for the rest of your life."

a lifetime?

"Feng Yan, are you serious?"

"Do I look like I'm joking?"

"It's not like that." He said, very seriously, staring at the dazzling dark eyes, can feel that he is not playing with her heart.

Generally, it's not so comprehensive.

"Aren't you afraid I'm greedy for your money? Maybe I'm with you because you have money. "

"Are you?" He leaned over and didn't know if the delicate lips attracted her. He couldn't help kissing her. After kissing, he said calmly, "it doesn't matter if it is, because I will always be rich."

"..." Su Xiaowan's face turned red when he heard that. This man... Kisses her again and talks big!

What is money all the time.

"Feng Yan, can't you keep a low profile? Don't you know how shameful it is to show off your wealth? "

"That's what they say when they have no money."

"But I don't have any money. What I say is nonsense?"

Feng Yan said, "if you hold your thighs, just hold them tightly."

She could not help but make complaints about it. I found that you became more and more narcissistic.

She said, don't open face don't look at him, bow to play mobile phone.

And Feng Yan's eyes saw the three words on the mobile phone.

187 ?

"Who is 187?"

He took the cell phone out of her hand.

I saw that sentence.

He has 187, and 187 will be his code in the future!

I envy you for finding 187.

When I was in hospital, I was happy to see 187.

He remembers the attending doctor, 187.

Su Xiaowan looked at him, picked eyebrows, and saw that his appearance did not seem to have the expected effect in her mind.

On the contrary, his face was heavy and he seemed to be angry.

Is... Jealous?

Su Xiaowan was in a good mood when she thought about this. She held the corner of her lip and looked at him. Her eyes didn't mean to escape. She met his eyes and said, "187 is 187. Who can it be? Who are the 187 people here? Don't you know?"

"... it seems that I sent the attending doctor so close that you still have illusions about her!"

attending doctor?

"... what else do I want to ask you? People work here well. Why do you want to send the birds to a place where they don't shit? You can't bully people like that if you have money! "

"Su Xiaowan! You're talking for him

"... I'm helping you or not."

"In the future, I don't want to hear such words from you again. I have more money than him. One of them is enough for you to eat and wear."

Smell speech, Su Xiaowan puffed Chi's smile to make a sound, she gets close to past, raises a face to ask him.

"Feng Yan, are you jealous?"

be jealous?

"I don't like to eat anything. If you're not good, I'll eat you."

"... Feng Yan, no one says you are boring? They won't please girls. "

"No

How can she forget that Feng Yan is a straight man and has never been in love.

Little idiot in love.

However, the cute appearance is still very popular.

"Then I'll teach you."

"... would you?"

"I won't, but at least I've seen TV series. I haven't eaten pork, and I've seen pigs run and fall in love. That's not the same thing."

"Well, when shall we fall in love?"

"It's better to hit the sun than choose the day. Let's do it today."

Su Xiaowan was wearing a big hospital uniform. Now she took a book. It was a mint book. She was in a good mood.

She took the pen and lit it. Looking at Feng Yan, she explained.

"I write a few rules that my boyfriend must abide by, and you also write a few rules that I must abide by. We must all carry out what the other party says. No objection, enmm... Not too much. Everyone should write three rules."

"Three is too few!"

"Those four, can't be more..." Su Xiaowan stretched out her finger and suddenly thought, "do you have so many things for me to abide by? You can't write more. You can only write one. When you think about it, you are writing it. "

"....."

"Anyway, my first rule is that you have to listen to me whatever I say."

"....."

A few minutes later, Su Xiaowan wrote four in his notebook. She gave it to Feng Yan with great satisfaction.

Feng Yan handed her his own.

Open the book, Su Xiaowan looked at the full of a few words.

You have to kiss me every day!

.....

She looked at it and said, "Feng Yan, what are you writing about? What does it mean that you have to kiss every day?"

"Literally."

Nonsense, of course she knows what it is! It's just

"I'll tell you, you're still young. You can't have messy ideas!"

"I have reached the legal age for marriage, and you will be here in a few months."

That means that he has reached the legal age, and can even get married, let alone that.

"You said it

Su Xiaowan's face is so ashamed.

"But you can rest assured that our family sealing people only accept sexual relations based on marriage."

"You're going to be shameless. Shut up now!"

Feng Yan laughs and thinks how bold this little girl is. She blushes when she says a few words.

Sure enough, she had no chance of winning when she told Feng Yan.

Su Xiaowan recognized the plant.

"If you can't do it, but you have to deduct points. The full score is 100. You are still in the period of investigation. Here's 60 points."

Feng Yan looked at Su Xiaowan's writing. Her note was real.

It's all over the place.

First, no matter what I say is right, you must listen to me.

Second, without my permission, you can't go to my bed in the future, even if you are sneaky or sleepwalking!

Third, you should learn to say love words, and only to me.

Fourth, never abandon me! If we don't, we're done.

It's like the fifth one.

Fifth, if one party does not like the other party, it must be informed in advance, and any infidelity and cold violence will not be accepted! If you do this to me, I'll never see you in my life.

"... do you understand?"

"Then whose is it if you climb up to my bed and kiss me?"

### **Chapter 333**

Feng Yan's eyes just stay on those words.

Can't get on her bed?

Not even sleepwalking

Thinking of what the girl said last time, Feng Yan's heart is a little happy.

Su Xiaowan was asked, pointing to the words above, learning his usual shameless, "I can climb up to your bed, of course, but you can't take the initiative to climb up to my bed, otherwise you have to deduct points, you can only have 60 points, in the deduction of a few points can be unqualified."

Su Xiaowan said, another reminder.

"What if you want me to take you to bed?" Feng Yan asked again.

"....."

"Everything is just in case."

Feng Yan must have come to find fault, "there's not so much in case."

Feng Yan looked at her and couldn't help laughing.

What should I do? The more she does, the more she wants to bully her?

It's like a cat raised when I was a child. If I touch her, I will stare at you. Of course, if Su Xiaowan takes her as a kitten after this moment, Feng Yan will surely be unable to help grabbing his face.

"Why are you looking at me like that?"

"Can't even look at it?"

"... it's OK to see, but don't move."

"What if I move my mouth?"

"Feng Yan, you are a gentleman. I can believe you, right?"

"Who told you that?"

"... didn't you say you were a gentleman before? What's more, we are still young, not suitable for students.... "

Words to the mouth, now Su Xiaowan immediately shut up.

What's she talking about? It's not suitable to have children.

Why did she bring up this damn topic?

"Want to have a baby for me?"

"... you think too much, I'm still a child!"

"Then I can support you both!"

"... well, I know you're rich."

There is no need to remind her of this fact all the time!

"Do you know whether I'm rough or not?"

"..." Su Xiaowan pauses for a moment, but he doesn't think much, but his eyes keep staring at him, which makes her daydream. She jumps up in fright, "Feng Yan, you go out, I won't tell you!"

Su Xiaowan pushed Feng Yan out of the door.

Then, with a bang, the door closed.

Her back against the door, vaguely can have a kind of protection, on the heart of the sweet.

The jade pendant in the neck is shining. It belongs to them and belongs to them only.

.....

Su Xiaowan stayed in the hospital for a few days. She was really bored, and she was about to make achievements soon. She really didn't want to stay in the hospital, shouting to go back.

But I didn't think that on the day of discharge, Yu Weiwei also came.

Of course, it's not kind to say congratulations on her discharge.

When Su Xiaowan came out, she met them.

But she is leading a girl, is standing in front of Feng Yan, don't know what to say, also say particularly energetic appearance.

Look carefully, the girl with short hair is not someone else, but a classmate in the same class with her.

Yu Weiwei's eyes are staring at her when she comes out.

As if she had done something bad.

"Su Xiaowan."

That classmate had a bad relationship with her before. Because of Shen Daier, she was always very hostile to Su Xiaowan.

Ding Ting looks at Su Xiaowan. She looks radiant today, which is not the same as before. Su Xiaowan is very low-key in school, but there are still many boys like her, even the boys she chased before.

Even wrote her a secret love letter.

"Young master, you can't be fascinated by her. Her family is poor. She has been working outside to earn living expenses. She is with you for your money. You can't be cheated by her."

Su Xiaowan looked at her and pointed to her face. Her voice was very excited. Her posture was like catching a thief.

She frowned.

But listen to Feng Yan opening, "she greedy for my money, has anything to do with you?"

"....."

what!

Ding ting and Yu Weiwei, where does this man like to say that, ordinary men, if they say that, must have been far away. After all, in today's society, girls guard against boys, boys guard against girls, deeply afraid that when two people separate, women or men will take half of their property.

But in front of this man, unexpectedly can say so!

Ding ting and Yu Weiwei are distant relatives of their father's generation. Ding Ting's father entered the Ding family as a member of the family, while Yu Weiwei's father married and had children locally.

Although the two families are far away from each other, they sometimes have dinner together.

This is not, Ding Ting followed her parents to their home, do not know how to chat up Su Xiaowan.

Last time, Yu Weiwei secretly took a picture of Su Xiaowan and showed it to Ding Ting, who immediately recognized it.

Su Xiaowan's family is very poor. She has no parents and only one grandmother in her twilight days.

"Sir, she will go to university soon. She can't make up the tuition fee, so she will come to you. You don't know, she was admitted to Youcheng University. There is a provincial capital city. The tuition fee is very expensive, and the living expenses are not affordable for her..."

That Ding Ting chatters endlessly to say, arrive is Su Xiaowan grab the meaning in her words at once.

"You said I was admitted to Youcheng university?"

In recent days, her grades are coming out. She didn't get the entrance examination certificate, so even if her grades come out, she has to go back home to check them. Unexpectedly, she was admitted to Youcheng University? So, did the parents know about their entrance examination, so they kept urging them to go back?

"Yes, you are the only one in our school. Are you so happy?"

She's the only one in the exam?

To be admitted to the University, for senior three students, it is undoubtedly the efforts they have made for so many years. It is not to say that they do not have to continue to work hard after going to the University. It is just that this long period of time, like an expedition, has come to an end.

She grabbed Feng Yan's arm excitedly, "do you hear me? I'm going to college! "

"Well, that's smart."

He reached out and touched her head, praising her like a father.

In recent days, the news that the results are coming out soon has occupied almost all the news. He thought the girl didn't do well in the exam, so he didn't ask.

After all, even if she can't pass the exam, as long as she wants to learn, there are many ways for her to

receive a better education.

But that once thought, this wench heart is big, is oneself don't know at all.

Yu Weiwei and Ding Ting stand there awkwardly, like a clown.

They can't wait to find out Su Xiaowan's true colors, but they didn't think it was to deliver good news to her.

Ding Ting follows Yu Weiwei angrily.

In the car.

Su Xiaowan has not yet adapted to the excited mood. She holds her mobile phone and listens to the grandmother's excited words.

"I see, grandma."

Hung up the phone, she put the phone aside, and then lay prone to Feng Yan, "Feng Yan, I passed the exam."

.....

In the dream, as if someone was pinching her throat tightly.

She can't open her mouth and speak.

### **Chapter 334**

Su Xiaowan woke up from her dream.

How can she have such a dream? She feels very terrible. Tomorrow, Feng Yan and she are going back to her grandmother. She is very uneasy. I don't know why.

It's not to say that he's afraid that his grandmother doesn't like him. After all, it's not difficult for a person like Feng Yan to coax his grandmother by taking care of all ages.

Just, always feel the heart stuffy.

She lifted the quilt and got out of bed to get the water.

It's not too late. It's about seven o'clock. Su Xiaowan came back from the hospital and went to bed after eating. So when she woke up, some Mengquan were at a loss. They were living in a villa where Fengyan didn't know where they came from. They came here as soon as they were discharged.

Although it's a temporary residence, it's said that Feng Yan bought it with great pride.

She opened the door and listened to the bodyguards at that end. After a long time, she almost knew them.

But at the moment, it seems they don't notice themselves.

"What can I do? The young master is going to have his birthday soon, but he doesn't seem to be going back!"

"If you want to tell Miss Su that so many things have happened during this period, there must be something lively in the villa."

They were so excited that they didn't even notice that Su Xiaowan came to them.

"You mean tomorrow is Feng Yan's birthday?"

As soon as those people started to speak, a woman's voice suddenly came in. She was scared. She looked back and saw Su Xiaowan coming like a ghost.

"Miss Su!"

The men called out together.

"Why didn't Feng Yan tell me that tomorrow is his birthday?" If you know that tomorrow is his birthday, Su Xiaowan can't be empty handed. He doesn't know what to prepare now.

It was a surprise.

Those people were a little scared, but they said honestly, "the young master doesn't like birthdays. This time, it's because... The old lady wants to be lively about the young master's business. After all, the family..."

When Feng Yan was with her, he didn't say who was in his family. All the news about Feng came from these people.

Feng Yan has a brother who died in an accident a few days ago.

Feng Yan's mother was too sad and wanted to let him go back, but unexpectedly, she met with her blindness... This series of things delayed her.

"Su Xiaowan, you'd better advise the young master. After all, the old lady is waiting for him at home."

Su Xiaowan doesn't know what it's like to be waiting for her mother. Maybe she's worried about her

son's long journey.

She envies Feng Yan for being so concerned about her mother.

"I see. I'll talk to him tomorrow."

Su Xiaowan took the kettle and went into the room again.

During the time with Feng Yan, he taught himself a lot. Thanks to him, she learned to compose music. I don't know if Feng Yan knows that she likes piano, so there is one in the room where she lives.

This evening, it's too late to buy gifts, and Su Xiaowan has no money.

If you make cakes, you should have her. What's more, she's always clumsy. She's not so good at cooking. I'm afraid it will disappoint people.

So, she wanted to give him a song that belonged to him alone.

But I don't know, this evening, can write out, Su Xiaowan wearing pajamas, looking for a book, took a pen.

I took a recording pen for recording things.

Sitting in front of the piano, she lifted the cover and dropped her fingers on it.

Played a song he had taught her before.

Feng Yan is really powerful. Maybe it's because he is so powerful that he likes him.

After playing, she began to use the money to modify it, and she was still enjoying it until late at night.

From Su Xiaowan's room, the moving sound of piano is like a lullaby in this silent night.

It's a long time.

.....

The next day, when Su Xiaowan wakes up, she lies on the piano key. The black and white piano key is very hard, and the deep impression falls on Su Xiaowan's face. She runs to the bedroom to have a look and rubs her face, but it doesn't disappear.

Why must it be today?

Can't you just show up in front of him?

Su Xiaowan frowned. The mark on her face could only be removed by herself. She was worried about the result of last night. She took the recorder.

The recorder is still recording.

She quickly pressed the end button.

Then I began to listen to the voice in front of me

But I didn't think that I was snoring in the back.

Su Xiaowan's face turned red at once, but now it's too late to change it. She can only pack things into her bag. Today, she's going back to her grandmother's and says she'll start in the morning.

Su Xiaowan missed her grandmother, so she walked down. The living room was very quiet. She didn't see Feng Yan, but the bodyguard met him. "Miss Su, the young master has been waiting for you in the car and is ready for you in the morning, but it's a long way away. We have to go earlier."

There is no airport from here to grandma's house. Her grandma's house is close to mountains and river valleys, so there is no way for the helicopter to get there, so we can only drive.

Su Xiaowan sat in the car and saw Feng Yan, who was already dressed neatly, dressed in black formal clothes and was very serious.

"Why are you dressed like this?"

"Be formal when you see your family for the first time."

"But you are too formal! If you dress like this, my grandmother will doubt you for more than 30 years! "

The driver in front looked back, "how can it be! Young master, it's very handsome to dress like this

It seems that they chose the clothes for him.

Su Xiaowan couldn't help laughing.

Straight men's eyes as like as two peas.

She thought that today was Feng Yan's birthday, so she went over and said, "but who makes me like you! Even if you are thirty, my grandmother likes you

"Really?"

"Of course, when did I cheat you?"

The car is heading for a strange place. Su Xiaowan chirps with Feng Yan all the way. When he drives to the town, Feng Yan's mobile phone rings.

She didn't notice whose it was, but she heard the voice from the other end.

He's a powerful middle-aged man.

"Come back quickly, your mother is in hospital!"

Su Xiaowan lies in Feng Yan's arms. She can feel Feng Yan's stiff body. She goes to him and looks at his face. He doesn't say anything and hangs up the phone.

But the hand was holding the cell phone all the time.

"Feng Yan, is there something urgent at home? If you want to go back first, don't let the family wait."

"What do you do?"

"I'm not a three-year-old. When I didn't have you before, I was all by myself. Don't worry, I was accepted? After a few days of school, I'll go to Youcheng to find you. I have your phone number. I'll see you in Youcheng then? "

"Young master, my wife has a heart attack. Suddenly, my husband says that I may not be able to survive this evening --!"

"You go back first. I'm really OK. I know you here. I'll take a bus to grandma's house. I'll call you when I get there!"

### **Chapter 335**

"Here you are. Happy birthday!"

Originally, she wanted to let Grandma cook more dishes later for Feng Yan to celebrate his birthday, but she didn't think that they would separate here.

Sometimes, people are not as good as the weather. Accidents come suddenly, which makes people unable to resist.

No one knows that this separation, for them, almost became a farewell.

I can't see you in the room.

The recording pen was put into Feng Yan's hand. He just watched the girl get out of the car quickly,

standing at the window and waving to him. The driver knew how to roll down the window for him.

"Feng Yan, be careful on the way. You should take good care of your mother. When I go to Jiangcheng, I'll go to see you."

"Good --!"

I just watched the girl at that end get on a bus. The driver didn't drive. He just listened to him say, "follow her again."

"Young master..." the driver was about to speak when she interrupted.

"I know."

"I don't trust my mother, but I don't trust her either. She's only 19 years old!"

19 year old she, a person, before how to insist on down, he did not know, even can not imagine.

The car followed the bus all the time. It was on the other side of a small village. Of course, Su Xiaowan didn't know. She only remembered that when he listened to the phone, his expression was very complicated.

Yes, that's his mother. She must be worried about such a big thing.

She wanted to send him a text message, but there was no signal on her cell phone.

She got out of the car and found the signal, but was told by the village name by the roadside that the signal source here had failed because of the heavy rain a few days ago. Now the repair master is still working hard to repair it, but I don't know when it will be repaired.

After all, it's a small backward place, and the equipment and facilities are extremely backward, so sometimes, even if the repair master comes and the equipment is not replaced, it's still good.

Su Xiaowan can only go back with her mobile phone.

Originally, she thought that this was the only communication tool for her and Feng Yan, but now... It's all in vain, and it's impossible for her not to lose heart.

When she got home, there were several men who didn't look like the clothes here in the empty and uninhabited house.

Su Xiaowan doesn't feel right. She rushes into the room. Her grandmother is surrounded by a woman. "What are you doing?"

She thought the woman was bullying her grandmother. But did not think that the woman is to pick her up home.

"Miss Su, where have you been these days? We've been waiting for you here for several days. Now that you're back, you can pack up your things and go back with us. Your mother misses you very much."

The woman took Su Xiaowan's hand. Before she could react, Su Xiaowan was jammed into the car.

"Wait a minute, I didn't say I wanted to go back with you!"

"It's Madame who asked us to pick you up. Madame misses you very much."

"Grandma, I haven't talked to my grandma yet." Su Xiaowan opened the door and ran to the grandmother.

"Grandma."

"Go back with them. You're going to college soon. You just went to get familiar with the environment."

"I don't want to go."

"Silly children, they are your parents in the end. They won't do anything to you. I heard that your father has done a lot of business in recent years. You go, it's hedonic. Take the money. Don't worry. I'll call you if there's anything. You can go to school well." With that, the money packed in the red paper bag was put into her pocket.

Where can su Xiaowan want it? It's the pension money that my grandmother saved all her life.

"Grandma, I don't want it! Take the flowers yourself. Don't worry. Since they are my parents, I will ask them for money. "

"Good."

Grandma suddenly came over and took out a key from her pocket. "This is a small apartment I bought long ago over there. If you are not happy living in their house, you can go there. Anyway, it's always empty. In the future, it's yours!"

"....."

"Well, get on the bus quickly. You need to know what your father is like. Don't let him know about this house."

Su Xiaowan was pushed into the car by her grandmother. She watched the environment from childhood to adulthood getting farther and farther away from her, and finally disappeared. She wiped her tears

and held the key.

A long time ago, grandma bought a house. She told her more than once that she was going to support her when she was old. Who knew that such a thing would happen.

Away from the sad, grandma also don't want to step into.

She shrunk her nose, and the woman around her changed her face and said, "let's enjoy your happiness. You still have the face to cry. It's really ungrateful!"

"A heartless aunt like you will never know."

"You..."

Su Xiaowan side a body, haven't gone back, she good hate the people over there.

I knew I was going back. She should have gone back with Feng Yan just now! Today is his birthday! She continued to hold the cell phone, looking for the signal, but did not expect that the cell phone no power.

I shut it down.

She looked at her bag, but didn't find the charger

No, it's time to leave. It's on the table.

Su Xiaowan droops her head. It seems that she can only wait until Youcheng, find a mobile phone shop, and find out if there is the same charger cable.

.....

About a few hours later, Su Xiaowan was woken up in her sleep. She came home and turned the world upside down.

It was the first time she had stepped into the house.

There was a girl in a flower skirt standing at the door, watching her come in, "little beggar!"

Beggar?

She looked down at what she was wearing. Her hand was clean. Although she didn't have such a flowery skirt, she couldn't say she was a beggar.

"If your shoes are so dirty, don't come in. The bumpkins from the countryside are dirt."

Su Xiaowan saw Su Qiqi for the first time. She was as proud as a peacock. She looked down at people.

She looks great.

She suddenly thought of pigs.

Pigs also face people with their nostrils.

"Well, I'm talking to you! Little beggar

"Are you talking to me?"

"... you look lawless before you come into my house! Do you know that your mother and your father have divorced for a long time? If it wasn't for my mother's kindness, you wouldn't have known to stay in that poor Valley! "

"....."

Divorce?

She didn't hear about it.

Not long after, a lady came out. She could easily see that the man was not her mother, because she had seen the picture.

"Well, since you've come back, you'll be a family. Your mother is in poor health and has been in the sanatorium. Your father won't go home today. We've already had dinner and all the servants in the family have rested. You can go to solve the dinner by yourself and clean up a room for you upstairs."

That woman is printed in the same mold as Su Qiqi.

Take another look at Su Qiqi. She is the same age as herself, so this woman is Su's third child?

### **Chapter 336**

When Su Xiaowan pushed the door in, he knew that these two men wanted to give themselves a bad impression.

It's said that the room she cleaned up is actually the grocer's room, where everything is in a mess.

There's not even a place to rest.

It's very dusty. When I push the door in, I choke.

She just went downstairs to get a basin of water. The servants didn't pay any attention to her. They

were all doing their own things.

She wanted to go to the bathroom to draw water, the maid stopped her way, "Miss, the tap here is broken, and it can't come out today."

She was going to the kitchen, and the maid had the same excuse.

"Where did you get the water that you used to mop the floor with?"

She just watched them come out of the bathroom. The floor is still wet, and she lied to her that the tap couldn't come out.

She didn't believe that in such a big place, a tap couldn't come out.

"To tell you the truth, when you come back, don't treat yourself as a daughter. If it wasn't for your wife's old love, you would think you could come into the door of Su's house!"

"But how can I remember that everything in this family was left by my mother. What did your wife do?"

If it were not for her grandparents, Su Zheng would not have the money to live in such a place.

Where does that woman like her father?

Pa -!

Face to face and slap, the woman looked at her viciously, "no big or small appearance, just want to turn the house upside down?"

Su Xiaowan didn't expect that the maid would beat her. She was slapped so hard.

"Miss, it's time to rest now. You don't want to rest. We also need to rest. Would you please go upstairs?"

The servants of the Su family didn't pay attention to themselves at all, and their words were full of disgust.

Su Xiaowan glared at the woman who beat her. If she hadn't seen it, the woman just stood beside the little three.

Su Xiaowan is not stupid. If there are so many people, she will only be the wrong one.

Back at the grocery store, Su Xiaowan opened the window. Since she was a child, she couldn't ask about dust. If she asked more, she would be allergic to skin.

Fortunately, the cool wind outside the window is still cool.

She stood at the other end, overlooking the distance, here is Jiangcheng.

Feng Yan is here.

Tomorrow, she went to the mobile phone store and bought a charger cable, so she could contact him.

With this in mind, Su Xiaowan suddenly felt that life was not so hard.

She looked at the twinkling stars. The starry sky in Jiangcheng was not as good as that at home. Maybe it was not her own home, so she felt

However, the little three lived in her home, what about her mother?

She has such a strong character. How can she tolerate the entrance of a junior and move out by herself?

Back to now, no one has mentioned mother, but the lady, like a real lady, is stationed in this home.

Su Xiaowan leaned against the wall. The cold wall made people feel as if the cold was piercing. She thought it would be better to survive the night, but the next day, she was allergic.

The maid opened the door.

Looking at the woman with all the red spots on her face, she screamed, "ah, ghost

By her sharp voice, Su Xiaowan opened her eyes and saw the man standing at the door and the little three.

"Ah Zheng, is there any infectious disease on her skin? Seven seven's skin has been bad. If she has been living here, what should she do if she has been infected?"

Zheng?

It's her father.

It's different from the picture. It's getting older. It's the first time she's seen her in 19 years.

There is no gentleness in the picture, but with a kind of anger.

"It was like this when she came here yesterday. I was afraid that she would infect Qiqi, so I asked her to stay here all night. Unexpectedly, today looks even more terrible."

Shen Yin stood there and said, "a girl's face is always golden. She doesn't know what it is. Yesterday, she

wanted to take her to see a doctor, but it's really..."

One side of the maid said, "it's not the erythema that I said a while ago. It's said that it's infectious. Sir and madam, stay away from her. Don't be infected."

Su Zheng hears speech, as expected retreated one step, as if she is like a flood of water fierce beast, even camouflage is unwilling.

Su Xiaowan saw the man. She thought they had figured it out, but now it seems that they are not.

They are still high above, as if those things were given to her.

Yes, there is no value in a person like her. Why should he disguise.

Infection?

She was just allergic to her skin. In their mouth, she said

"It's said that the infectious disease of erythema was contracted outside. At first glance, it's a bad personal life!" The maid continued to speak under the gaze of Shen Yin.

In this way, Su Zheng's face was even darker, as if he had been stained with ink.

I have a bad personal life.

In the eyes of people like him, the innocence of a girl is more important than anything. Even a girl who has never been in charge of her own life is not allowed to have such behavior as unclean private life.

"That's what your grandmother does with you?"

"My father doesn't care about me. Why does grandma care about me?" There was not a trace of timidity in her eyes, looking at their changed faces, "what's more, grandma looked at me, I guess she hated me! Are you right, dad? "

They make her feel uncomfortable, so don't blame her and make them feel uncomfortable.

Su is the person who wants face. In front of so many people, Su Xiaowan pokes out a lot of things without giving herself a little face.

This little girl with sharp teeth and sharp mouth was as aggressive as his mother-in-law. At that time, in order to marry Su Xiaowan's mother, Su Zheng almost knelt on the ground, but the two men were indifferent.

Or refuse to agree, after that, or

Sue was looking at her, because the red spots on her face covered her face tightly, and she couldn't see her original appearance. Her overall appearance was very thin.

But the erythema on the face... Some shocking.

"Let her go out for a few days."

"Since there is no room for me, why pretend to come back to me?"

Su Xiaowan doesn't want to stay here for a moment. She wants to go home and stay with her grandmother. She doesn't want to come to such a place.

"Ah Zheng, look at her. She's not big or small. She has no education at all."

"When her face is ready, you can take good care of her instead of her mother. It's really lawless!"

Sue is leaving with her sleeve swung.

Shen Yin saw Su Zheng leave, restored the original face, looked at the little girl, "hear, there is no one here to welcome you!"

### **Chapter 337**

"Aren't you afraid that he kicked you like my mother?"

"You..."

Su Xiaowan stroked her face and was caught by several servants.

Jammed a car and didn't know where they would take themselves, but she knew they wouldn't kill themselves.

When the car arrived at a traffic light intersection, Su Xiaowan saw a seal.

But she wanted to look at it carefully, but there was nothing left. She was lying at the window, trying to stop the driver, but where would the driver listen to her.

"Madame said to take her to a mental hospital."

.....

Su Xiaowan was put into a mental hospital. She didn't know why the gang would send her here. Maybe she wanted to drive herself crazy.

That afternoon, Su Xiaowan fled. She ran to the mobile phone store, took out her mobile phone, and wanted to match it with the same charger cable. However, she was told that this mobile phone, which they had never seen before, could have a charger cable.

Su Xiaowan walked out with a mournful face. All her hopes were suddenly lost. Feng Yan thought about this person's name every day these days, but she couldn't find it.

She was holding a mobile phone, but she didn't look at it carefully, but suddenly she was robbed by a man driving a motorcycle. She chased several roads, but how could the two wheels compare with the two legs.

It's been robbed.

Su Xiaowan felt the pendant in her neck. She felt that her heart was empty. A lot of things seemed to be scattered like a movie.

Those things with Feng Yan are full of pictures.

How difficult it is to find someone in this big city.

What's more, she just came.

I'm not familiar with life and land.

Su Xiaowan was picked up by Su Zheng in the afternoon. Probably because of her affairs, he lost face, so he mercifully let her go back.

Self assured or supercilious nail polish was coming to the door. The girl sitting in the sofa was wearing red nail polish.

While Su Zhengzheng sits on one side, Shen Yinzheng flatters him and feeds him.

"I know you've lost your face when I come back!"

Shen Yin looked like a loving mother. "Xiaowan is still young. Don't scold her all the time. She's new here and she's not familiar with her life. It's inevitable that she's going the wrong way. Fortunately, I've asked a doctor to look at her face these days. It's a lot better. Look carefully, she's still a beauty!"

It's true.

Su Xiaowan is disgusted. When she asks for a doctor, she is thrown into a mental hospital. It's true that she wants to drive her crazy.

"Go and clean it up."

“.....”

Su Xiaowan was taken to a closed school by Su Zheng. She knew she had a younger brother, but she had never met him.

It was the first time she saw her brother, who was autistic.

He has been drawing something with his head down.

"Anyway, you have nothing to do. Just stay with him. I'll send someone to pick you up later."

Su Zheng finished and left.

She looked at the tall, thin boy with a brush in his hand, like a born artist.

"Chen Chen, is your name Chen Chen?"

The boy still didn't raise his face, but he just kept drawing the picture in his hand. Su Xiaowan couldn't understand it, because the lines were so messy that he seemed to have just learned it.

This place is a closed aristocratic school. The children in it, like Chen Chen, are not very talkative and silent. They even have no communication with each other.

Looking at him, Su Xiaowan suddenly did not envy him, but felt very uncomfortable.

In the past, she always envied that her younger brother followed her parents, but when she came back this time, she found that everything was completely different from what she had imagined.

The good days she thought were gone.

"Chen Chen, did mom come to see you?"

The man's hand movement pause, it seems that because of the mention of the mother, so there will be such a reaction.

"Do you know who I am?"

"I don't know. When you were born, I was sent to..."

"Sister."

It was the first time he spoke. Maybe it was because the girls around him were too noisy. Maybe he thought her voice was pathetic. Anyway, he didn't know.

Su Xiaowan Yixi, "do you know me?"

But there was no sound at that end.

However, Su Xiaowan has been very satisfied. For her, the ties of blood can't be removed. She can't control some things, but if she finds them, she will still be happy.

Su Xiaowan went for a few days. She felt that Chen Chen was not ill, but she didn't like to talk.

She also learned about her mother from her teacher.

As the saying goes, good things do not go out, bad things spread.

Su Zheng thought that he was hiding something well, but he didn't think that everyone knew something.

Because she couldn't stand Su Zheng looking for a woman outside, her mother suddenly became insane and was sent to the mental hospital, where she was sent that day.

.....

In the dream, someone pinches her neck. As soon as the picture turns, she opens her eyes. The person pinching her neck is the mother she hasn't seen for a long time.

"If you die, you shouldn't live."

Su Xiaowan was pinched by the neck, tears unconsciously flow out, the mother's strength is very big, really want to strangle her, did not let go at all.

She dropped her eyes and looked at the jade pendant she was hanging on. It was Feng Yan who gave it to her.

She was sent here by them, and as soon as she came in, her mother would strangle her neck.

Is she going to die?

Should be.

A drop of tears straight out of her eyes, after that, all things like a movie in his brain.

Suddenly, Su Xiaowan's dream suddenly stopped. She felt that someone was talking in her ear. When she woke up, the room was full of people.

She looked at several people with heavy faces.

"What's the matter?"

Su Xiaowan looked at their gloomy faces one by one and didn't know what happened to them.

Su Chenchen looked at Su Xiaowan, "sister, do you feel uncomfortable?"

Su Xiaowan remembers that when she fainted, she felt pain all over her body.

Now, her whole body is still very painful, do not know because of the dream or what, always want to cry.

"Is there anything else that hurts?"

That voice is Feng Yan.

It turns out that so many things happened between them. It turns out that Feng Yan didn't like her at first sight, but they like each other.

She endured the pain and held him in her arms. The warm embrace made her burst into tears.

"It's hard, isn't it?"

Feng Yan has been taking care of her for three days. He doesn't eat or drink. He thinks this antidote is useless. Shen Zhen is cheating himself.

But now, watching Su Xiaowan wake up and hold him, her heart suddenly twitches.

"Feng Yan."

"Why do you cry like this?"

"Happy."

Instead of just passing by like others, they are still together.

God is so kind to her.

### **Chapter 338**

Su Chenchen looked at them and motioned to the others to withdraw first and leave the space for them.

Su Xiaowan has been in a coma for three days. These three days, all the time, are suffering.

Su Xiaowan can feel the stubble on Feng Yan's face, which has been a lot.

"Have you stopped bathing these days?"

"I'm worried about you."

That clear water eye because just cried of reason, but appear unusual bright, "that you also can't ignore yourself."

"Do you dislike me?"

Su Xiaowan holds Feng Yan's hand tightly. She looks at him with her clear eyes. Her eyes are light and light, with the man's face full of vicissitudes. These days, she has been burning day and night for a long time, because she is very clean, and she doesn't even feel greasy. It must be Feng Yan who helped her take a bath, but he himself

"I love you very much, Feng Yan. I shouldn't be all of you. If you are like this, I will suffer."

"I'm willing."

He held her and did all this willingly.

Without a trace of complaint, even if this time for the sake of antidote, want his life, is also OK.

Maybe before, Feng Yan had never thought that he would like her so much. He could lose his life for his mother, but he was willing to die with her.

"Sorry, it's all me..."

If he didn't believe others easily, he would not have been poisoned.

"I understand, but next time, I should be the one you believe in. In the future, you should tell me everything as soon as you encounter it, instead of burying it in your heart. Do you know?"

"Well, there's no next time. I'll tell you later." Su Xiaowan leaned in his arms. She murmured, "Feng Yan, don't you really remember me?"

That soft white small hand is holding him, the voice doesn't fall, let Feng Yan Leng for a while.

"Feng Yan, in fact, we met a long time ago, earlier than the first time you met me. Do you believe me?"

"Well?"

Looking at Feng Yan's appearance, Su Xiaowan leaned over and gave him a kiss. "You really don't remember me here?"

"....."

"Actually, I saved you!"

Feng Yan stares at her. He remembers what Mr. Chen said. If Su Xiaowan hadn't saved himself, he might have died long ago, but he has no impression in his mind.

"I'll see a doctor."

"You haven't been sick to see a doctor. Maybe I don't have a big place in your heart, so when you come back here, you forget me..."

When she said that, she was blocked by Feng Yan, "I will remember everything about you."

Looking at the man's strong chest, lying under the yellow light, Su Xiaowan seems lazy and wild, which makes her silent.

"Pain..."

Su Xiaowan murmured, just said a few words, Feng Yan let her go, "where is the pain?"

I feel pain everywhere, but I can't say it again.

"Take the medicine first."

Feng Yan's voice is a little hoarse. On such a night, it seems quite tempting and makes people feel that they want to hold him on.

But at the moment, Su Xiaowan had no strength at all. She was hoarse and weak.

"Am I poisoned?"

"It's solved."

"Who gave you the antidote?"

Feng Yan took the cup and handed it over. The noble born man never did such a thing, but he bent down willingly to Su Xiaowan.

"Shen Jin."

"Is it Shen Qi'er's brother?"

"Well."

"Why does he have an antidote?" Shen Kan and Su Xiaowan met him at the banquet that day. Shen's family had an illegitimate son. Although she didn't pay attention to the news, most of the news, even if she didn't pay attention to the news, would be known.

That time, she met Shen Ken, always feel strange familiar, suddenly saw her come up with a bold idea, "pretend to be Chen Chen, the person who poisoned me is him, right?"

"But he poisoned me. Why did he give you the antidote?"

The more you think about it, the more you don't understand.

"I got his woman."

So, is it because he caught his woman that he was willing to call out the antidote?

But this matter is too easy to solve?

Su Xiaowan stared at him and saw that he had taken the medicine and gave it to him, with the smell of coaxing. "Take the medicine first, or I will kiss you all the time and make you suffer all the time"

"... do you threaten people like that?"

"It depends on whether you want to be threatened or not."

Su Xiaowan felt the man's hot eyes staring at him. It's easy to think of the time a few years ago when he took the medicine

His face turned red all at once.

"What's the pain of such a hot face?"

"It's not hard." Su Xiaowan shook her head, lowered her head and took the medicine. The medicine was bitter. "What is this?"

"Old Chen said that eating is good for your health."

"....."

Late at night.

Such a night, Shen Qi'er sleepless all night, she has been people pay attention to the trace of the villa, but the confidentiality there is too good, "a Xiao --!"

Since being dragged into the water that day, Shen Qi'er has caught a cold.

Cough all the time, how to take medicine is useless.

Susie came in with the medicine and looked at the woman standing there. "Chuanbei stewed pear, have some!"

"Mom, I don't want to eat it."

Shen Qi'er looked at the bowl of stewed pears in front of her. What's her mood.

"Mom, I don't know what happened to that bitch! I wish I were dead! "

Shen Qi'er tells Susie about Shen Kan one by one. After all, there is one more person and one more helper, even if he is an illegitimate child. In Susie's opinion, the only way now is to get rid of the person who hinders her daughter's happiness, and then let her become a wife smoothly.

The rest can be put on first.

Susie took Shen Qi'er's hand. "Didn't you say Feng Yan would come back to you soon? It's been three days. Why hasn't he moved at all? "

Shen Qi'er has a dignified face.

She was also wondering if Shen was cheating herself.

"Mom, I'll go out."

Shen Qi'er left in high spirits.

She is going to find Shen Zhen.

When the door closes, Susie looks at the room. Shen Nanshan hasn't come back for several days, and the family doesn't look like a home any more.

That woman in those days, if she's still here, would be different from what she is now?

She was stunned and went out with something.

Anyway, she has to stay with this man.

But Qi Er, also must marry to seal the family.

Shen Qi'er went to the ancient city Villa, where it was quiet like an underground ice cellar.

It's not the same as last time. This time, the door is not closed.

He rushed in in a hurry.

"Shen Kan --!"

She yelled in the living room, but she didn't see anyone, so she rushed upstairs.

Just push the door to go in, suddenly a pillow threw at himself, "get out --!"

### **Chapter 339**

Shen Qi'er felt puzzled. As soon as she entered the door, she was hit by a pillow. As soon as she wanted to say something, the door in front of her suddenly closed.

This bastard is brave enough now.

She patted on the door. "Shen Jin, come out for me --!"

"If you dare to quarrel again, I'll let you die in the street --!"

Inside came a word, with evil, Shen Qi'er back a cool, this is the second time, someone said to himself.

For the first time, it was Feng Yan.

Shen Qi'er knows the nickname for Shen Kenqi in the road - iron faced hell. He is a powerful man. At least, he has climbed from the bottom to the present position step by step.

What means does he have? She knows very well that such people can't be provoked, even if they are related by blood.

It's said that rabbits have to bite when they are in a hurry.

Shen Kan is a tiger that can kill you in one bite. He is more fierce than her father.

Shen Qi'er put down her hand. She always knew the face of people.

Now standing at the door, just now, there seems to be a woman lying in it. If you read it correctly, it should be a woman.

Was it the nurse last time?

This Shen Zhen... Is he in love with a nurse?

Shen Qi'er can't help feeling sick. It's not uncommon for a man like Shen Kan to play with a woman, but it's too tasteless to move a minor.

Before long, Shen Kan came out of the room, and his face was so dark that he could almost drip water.

"What? Have you enlarged the stomachs of minors? "

As soon as she finished, Shen Qi'er received Shen Kan's warning look in her eyes. "I remember I said that I wanted to go to the bar. Don't come here. Do you think I'm a deaf ear?"

"I'm not your servant, Shen Jin. Don't always command me. Even Dad listens to me at home!"

Shen Qi'er moved out her father.

The next second, the slender neck was tightly pinched, the man just stretched out a hand, had let him have no breath.

His facial features are as tight as steel. Shen Qi'er feels that she can't breathe at all. On her head, the man looks at her with a cold and bloody look.

He can easily pinch his neck, almost without thinking.

"Shen Qi'er, don't try to challenge my endurance"

Shen Kan's wrist slowly tightened. Shen Qi'er only felt that her breathing was less and less. Her face was flushed because of lack of oxygen, and her consciousness was gradually blurred.

This man's coldness, on the surface, is the same as his heart. He is cold to everyone, and it comes from his bones.

Until she felt that she was going to faint, the man released his hand.

At the moment when he let go, Shen Qi'er sat on the ground powerlessly. Shen Zhen threw a box out of his pocket and said, "the remaining half of the antidote."

"Don't say I didn't help you."

"Get out of here when you take something. If you dare to take a step further, next time, you will go out sideways!"

Shen Qi'er didn't dare to ask what it was. She ran away nervously with something. She was afraid of him.

I'm afraid from the bottom of my heart.

This man is like a devil, terrible.

A murderous pervert.

Shen's hands seem to have the temperature of a woman. He walked into the bathroom without expression and wiped a lot of hand sanitizer on his hands.

After that, he turned back to Shen Xiaobei's room.

Shen Xiaobei has woken up. In fact, she is not weak. For more than ten years at least, she seldom gets sick. For their family, it costs enough money to get sick, so she is very poor.

She dare not be ill.

Shen Xiaobei's eyes are fixed on the recent man. What happened just now wakes her up. Outside, there is a woman. If she quarrels again, it's probably Shen Zhen's lover.

Shen Zhen thought she didn't know. In fact, she knew how many women the man had brought back in the middle of the night.

It's deceiving to say that there is a habit of cleanliness. In his opinion, only she believed it at the beginning.

She still doesn't know who caught her. It may be Shen Zhen's lover or Shen Qi'er.

"Is there anything wrong?"

As soon as the man's hand reached out, Shen Xiaobei smelled a fragrance. Her head shrank unnaturally, almost instinctively.

He touched a woman's hand, but also touch her, do not feel sick?

"I'm not so expensive. Don't bother."

Shen Xiaobei knows that most of what he has become like is thanks to him.

The figure of the man is just in front of his eyes. Shen Xiaobei looks at him and sees that he doesn't seem to stop because of his actions. Instead, he presses his cold hand on her forehead.

"Cold?"

Isn't that bullshit? His hand is as cold as ice. Now she's all hot. Can't it be cold to be touched like this?

Shen Xiaobei light gently raised, "know I'm cold, you still hold your ice hand on me?"

"Next time I don't obey, I'll put my cold hand on you!"

The naked threat.

Shen Xiaobei claps his hand away and turns around. He doesn't talk to her any more.

At the moment, I twisted my eyebrows and heard the voice from that end.

"Wrap the quilt tight!"

"....."

Not long after that, Shen Xiaobei's mobile phone rings. She reaches out her hand from the quilt. The ring is her mother's, because she has specially set an exclusive ring for them.

"Hello?"

"Where are you dead? I can't get through to you

At that end, the woman was so angry that people couldn't interrupt.

"Didn't you sell me? Where do you care if I go? "

"You're a dead girl. Now your wings are hard, right? What do you mean I sell you? I'm your mother. You're old and old. Why can't you be a child's daughter-in-law for others? I'm doing it for the rest of your life. I don't know how many people want to marry a rich man, but they don't have a chance. It's a blessing you had in your previous life."

Shen Xiaobei's eyebrows.

She didn't know why she had such parents, but there was no choice for her birth, so were her parents.

Even if her heart was injured, but no matter how, the blood ties, how can not be reduced.

Suddenly, the phone in her hand was taken away, "what are you doing --!"

The person with her cell phone is Shen Jin.

"Are you listening, you dead girl?" The angry voice came from that side, which made Shen Xiaobei a little confused and confused.

"Dudududu..."

The phone just hung up for her and left it beside her pillow, "take good care of yourself."

Shen Xiaobei watched him go out.

She's different from Shen Jin. She's different from the beginning.

### **Chapter 340**

Shen Kan didn't have this name on the road two years ago, but in recent years, no one knows it.

He lived a life of licking blood on the tip of a knife.

What he can do now proves that he is different from others.

Shen Xiaobei nests on the pillow. The temperature here is much colder than the place where she stayed before. She pulls on the quilt, and the whole person just nests in it.

At the door, someone is talking.

"What's wrong with Mr. Shen calling me here so late?"

"No, it's our lady"

"That little girl" The doctor said with a smile, "I didn't expect that this little girl would be so loved by Mr. Shen."

"Don't talk nonsense, sir. I love miss, but I can't let you say a word."

"I see. I'll see where she is."

Shen Xiaobei was confused. Someone seemed to feel her pulse again, but she was so sleepy that she went to sleep again.

In the dream, she went back to the countryside, where her mother pointed at her and swore.

"Your brother wants to study. You are his sister. Shouldn't you earn money for her to study?"

"How can I have a sister like you?"

"Sen Sen didn't like to study since he was a child. His grades didn't go to college at all."

"Your grades are good. I raised you so much that you dare to talk back to me now, don't you? From tomorrow on, go on a blind date with Mr. Li. You'd better make him like you, or you won't have dinner in the future! "

"Mr. Li is as old as my father!"

"Old age hurts. What do you know! He just has money. "

I don't know how long I slept. Shen Xiaobei woke up.

When I open my eyes, I feel as if I have been separated.

It's still dark outside. It seems to be raining.

And Shen Kan sat on the sofa in front of him, as if he was looking at something.

See her wake up, took a bowl of medicine in the past, feed her to eat, as if doing everything, are like a machine.

"Go to sleep."

"Won't you go?"

"....."

"I can't sleep when you're here."

"This cold medicine is very strong. You'll fall asleep later!"

Sure enough, the effect of the medicine was very strong. As soon as he touched the pillow, Shen Xiaobei went to sleep again.

Seeing that she hadn't opened her eyes for a long time, Shen Zhen put out his hand to cover her quilt. Then he turned the temperature up a little, and then he closed the door and left.

.....

Under the dim light, Su Xiaowan grabs Feng Yan's arm. She closes her eyes, but holds her hand tightly, like a baby praying for a sense of security.

"Feng Yan, why don't you remember me! I gave you something before! I don't know if you just threw it away. "

When Su Xiaowan went to sleep, he was still whispering to himself. A wisp of long hair fell on the back of Feng Yan's hand, and Feng Yan's hand fell on his forehead.

Melon face is small and delicate, even if you don't try powder, the skin can also pinch out who, such a

person, how not to hook his mind.

Trying to rub her to the bone.

I didn't care about anything just now, but now I care about it again.

There's nothing I can do with her.

Feng Yan coaxes Su Xiaowan to sleep and goes back to his study.

"Mom, when I came back, was there anything on me?"

Old lady Feng recalled, "ah Yan, what's coming back? What are you asking when you call me in the morning

"Four years ago, before I had an accident, did I call you?"

Old lady Feng thought of what happened a few years ago, which left a deep impression on her heart. It was the softest memory in her heart.

At that time, the boss had an accident, she was anxious to find the second to come back, but she did not expect that things would happen on the road.

"... ah Yan, isn't that little girl coming to you to take charge? You can't do that. You have a wife now. No matter how good other women are, it's none of your business

"Who is the little girl?"

Old lady Feng just wanted to smack her mouth. "At that time, you suddenly gave me a phone call, saying that... I've found someone to get married in my life."

"But later, I asked you to bring the girl back, and you refused. Then... Later, when you came home, you had an accident."

So... He really forgot Su Xiaowan?

"Then when I come back, do I have anything on me?"

Things?

When Mrs. Feng mentioned a few years ago, she was still worried, "is that girl really coming to you?"

"No

"What do you want to do with those things?"

"Mom, you just tell me if there is anything else. I have a sense of propriety. I know my identity and I won't do anything wrong to her."

With this promise, the old lady was relieved.

This is not easy to find a wife, or the old lady satisfied, this is a rare opportunity.

"When you say that, I remember that there is something. Wait a minute, I'll find it for you!"

"Find it and ask Fengyi to send it to me."

Feng Yan hung up, Su Xiaowan said that memory, at that time, he happened to have a car accident.

Half an hour later, the fief came.

He took something and went straight to the study.

"Young master, Madame found this at home."

It's a recording pen.

"Get out!"

"Yes."

In the quiet study, only Feng Yan was left. He looked at the recorder in his hand and pressed the switch.

It's a beautiful piano piece, just intermittently.

After the end of the song, the girl's voice continued.

"Happy birthday, Feng Yan. Do you think my girlfriend is very intimate? Don't be too moved... I don't know if we can come to the end, but I hope we are happy every day. I hope you are happy, and I am happy, and you can't bully me... "

"Feng Yan, I hope you can be a good man."

All night long, Feng Yan was listening to this belated birthday wish. He could imagine what the corners of her mouth looked like when she recorded these.

The next day.

Su Xiaowan opened her eyes from the soft bed and was startled by the man in the sight.

It's Feng Yan.

I don't know when I climbed into her bed.

He lay on one side, very close, just across the soft quilt, but also still domineering to hold her in his arms.

She looked at him quietly.

The facial features are clear, the outline is clear, the eyebrow color is very deep, the eyelashes are long, outlining his exclusive sexy, different from a few years ago, more handsome than before, fortunately, only he can see it himself.

Otherwise, if she didn't meet Feng Yan, she would have to die of regret.

Her eyes crossed the bridge of the man's nose and finally fell on his lips.

Her face moved slowly towards him, and a kiss fell on his thin lip.
