

**good evening 341**

**Chapter 341**

Although they are already husband and wife, Su Xiaowan is still shy at heart.

After kissing, I felt guilty. I was just about to get up when I was suddenly held by my wrist.

All of a sudden, she was dragged into his arms again.

Suddenly weightlessness, let Su Xiaowan flustered for a moment, after reaction, a fiery kiss so tightly pasted on her lips.

Some caught off guard, Su Xiaowan's head was tightly clasped by his hand, and he felt that his lips were very hot, very hot.

The heart seems to be pulled down by something.

It's all over the body.

Because of the tension, her hands were tightly pressed against his chest, sweating.

The kiss... Lasted a long time.

Until Su Xiaowan was about to gasp, Feng Yan let her go, "so long, still can't breathe?"

Su Xiaowan is extremely shy. Her face is tense and her heart is beating. She feels the change of the man's body, but she has been restrained.

"You..."

"What do you want to do if you make me like this?"

"I..."

Su Xiaowan doesn't speak very well. She pushes Feng Yan away and escapes from his arms.

It's dead.

When she rushed to the bathroom, Su Xiaowan took a breath, but it took her a long time to realize that there was something to be shy about. She had not seen it before, and had touched it before.

Cough, cough.

She patted her face and was afraid of what she was thinking.

Looking at the ruddy girl in the mirror, most of her memories come to mind, but only her mother

In the dream, why does mother want to pinch her neck?

Is that a mistake?

Probably.

But she missed grandma.

Su Xiaowan finished washing, took a dress, ready to go out to change clothes, coincidentally, the person in the bedroom is no longer.

She was a bit lazy, so she didn't want to move, so she wanted to change it directly in the bedroom, which saved her running to the dressing room.

Neat to take off their nightdress, just ready to put on their own clothes, listening to the man behind the low voice.

"Do you mean to torture me?"

Turning around, Feng Yan's figure was just behind him. Maybe he had just finished taking a bath, but he was still wet. He was full of temptation.

Look at her... Some surging.

The next second, she reflected what she was looking at. She immediately picked up her clothes and covered herself with them. "What are you looking at?"

"If you don't show it to me, who else do you want to show it to?"

"Then you... Your eyes are too colorful. I'm afraid!"

"You took it off yourself in front of me."

Su Xiaowan bit Bei's teeth and said, "don't look. I'm still a patient. Besides, it's day. Don't think about something you shouldn't think about."

"So, you mean, when you get well, we can..."

"Feng Yan, why didn't I find you so sexy before! I can't even look you in the eye. "

Su Xiaowan holds his clothes and runs out in a hurry.

Feng Yan looks at her back. If she has been married for such a long time, he is probably the only one who hasn't eaten any minced meat.

Su Xiaowan came downstairs. Chen was having a meal. Looking at her ruddy face, she ran faster than a rabbit, "girl, come here, I'll feel your pulse!"

"Uncle, I don't want to take any more medicine. I'm all right."

Su Xiaowan didn't want to drink old Chen's medicine any more. He didn't want to take the medicine that was so bitter yesterday.

Although old Chen is still worried, it is really good to see her. After all, the antidote has worked. Otherwise, he will not wake up.

"Don't eat outside blindly in the future. You'll be worried to death if you can't wake up."

"I see. I won't let you worry next time."

"That's OK. I think you're both very well. After this meal, I'll go back!" Mr. Chen took a few mouthfuls of porridge. Comparatively speaking, he was happy to see them well.

"No more days?"

"You know my old man likes to walk around. I've been all over your house. Now, I have to go for a walk in another place!"

Su Xiaowan knew Chen's temper, so he simply didn't say anything more, just put some food in his mouth, "then you should eat more, don't be hungry on the road at that time, there's nothing to eat."

"You girl, you should stay with Feng Yan well, and make a little doll early. Then the old man will come back."

Speaking of the little doll, Su Xiaowan came down to the morning and wished to put her head into the bowl at the moment.

After dinner, Su Xiaowan and Feng Yan send Chen away.

Her brother is here.

"Chen Chen, have you had dinner?"

"No

"I'll prepare some dumplings for you. Just a moment."

"No, elder sister. You're just fit. Don't be too tired."

"It's OK. Just sit here and wait. I'll be ready in a minute."

Seeing Su Chenchen coming, Su Xiaowan starts to be busy. Feng Yan stands there and suddenly becomes a man outside. Feng Yan sits there and looks at Su Chenchen, who has been eating happily. He has been sitting here for so long, and she hasn't asked him a word.

Of course, at the moment, Su Xiaowan does not know, "Chen Chen, is it delicious? It's all made by Aunt Li."

"Delicious."

Su Chen Chen appetite is very big, ate two bowls, Su Xiaowan under of originally less, "have you had enough?"

"Sister, I'm full."

Su Chenchen saw Su Xiaowan. It seemed that he was finally well and relieved.

"By the way, I haven't asked you about last time. Where did you go before, why didn't you come back?"

"I am... I am..."

"You don't want to lie to me, to be honest."

"Sister, I really have nothing. I remember that I still have something to do. I'll go back first!" Su Chenchen hasn't thought about how to say that to Su Xiaowan.

He didn't want Su Xiaowan to worry.

Thinking of that girl, Su Chenchen's heart is still tense. He still remembers that when the girl cried, he was very much like her. If you let others know, he would treat his sister

Especially now, he is watching his brother-in-law love her so much.

He didn't want to be the one who upset his sister.

Some feelings can only stop abruptly.

After su Chenchen left, Su Xiaowan sat there and suddenly felt that the fiery line of sight was staring at her.

"... you look at me like this, don't you think your wife looks good again?"

Su Xiaowan is narcissistic. She has been in a coma these days. In fact, she knows how bad her face is. So today, she specially painted a make-up to keep it fresh.

Now it seems that the harvest effect is good.

"If one day, I fell into the water with your brother, who would you save?"

"... Chen Chen, of course."

Su Xiaowan did not blink.

### **Chapter 342**

Chen Chen can't swim, but Feng Yan can.

So there's almost no need to think about it.

"Oh, how can I forget that tomorrow is Chenchen's birthday. I'll make a cake for him."

Su Xiaowan pushes aside the stool, and Feng Yan just looks at her and takes Aunt Li to the kitchen in a hurry, listening to Su Xiaowan's voice inside.

I'm asking them for advice on how to make cakes.

So far, he hasn't even eaten her cake crumbs.

An hour later, Su Xiaowan came out with the cake. Seeing Feng Yan, who was still sitting there, she put the cake on the table and asked him, "do you want to eat it?"

After asking, Su Xiaowan thought about it.

Feng Yan doesn't like sweet food. Every time the chef in the kitchen cooks a dish, if he puts more sugar, he won't touch it. "How can I forget you don't like sweet food?"

"Leave it, I want to eat it!"

"... then you have to eat up. I'll go and prepare candles for Chenchen."

Feng Yan was very angry. "I didn't see that you were so kind to your brother!"

"He's my brother. I'm not good to him. Who's good to him?"

Su Xiaowan didn't notice Feng Yan's abnormality. She asked Aunt Li for some bags and wrapped them up by herself. Halfway through the bag, she looked at Feng Yan and said, "Feng Yan, where does Chen Chen live now? He just came back. He must have no money. If... "

"Don't worry, he won't die of hunger!"

"Why do you have such a strong smell of gunpowder?"

What does it mean to starve him?

Su Xiaowan looked at Feng Yan and suddenly realized, "are you not jealous? So overbearing that I can't even care about my brother? "

"I'm not jealous."

What is falling into the water? Save his brother!

Feng Yan has a serious face. Does he look like such a jealous person? It doesn't exist.

Su Xiaowan suddenly clung to him and hugged him in a soft voice. "Feng Yan, I love you so much!"

Feng Yan's eyebrows were stunned.

Looking at the people who come and go, there are still a few faces with a smile.

So many people, she wants to be thin skinned, now they all start to... Dare to hold him like this!

"Let go!" Feng Yan won't eat something sweet and forget what happened before.

"What are you doing? I won't help you? Are you so angry? " Su Xiaowan looked at his face. Her husband was angry. How could he be so cute.

Just like a kid.

"He's your brother, I'm who you are!"

Su Xiaowan hugged him, listening to his voice, can't help but want to laugh, "you are my husband."

"Then you save your brother!"

Fengyan's fire is very big and can't be put out.

"... I save him because he is my only relative. Besides, after saving him, I'm diving into the water with you, OK?"

"Who made you dive."

All of a sudden, this matter became big.

"Grandma said that husband and wife should have the same happiness, but it's hard to be together. You've all fallen into the water. I'm sure I'll go into the water with you, don't you? But younger brother is not the same, younger brother's life has just begun, he is not married, so he must live, later maybe he also for others, jump into the water! But I have to count on you to save me when I fall into the water

"Who let you die with me!"

Feng Yanqi, now how can he feel that his Qi is bigger than before.

"... aren't you still worrying that I didn't save you?"

"... I didn't."

Su Xiaowan hugged his neck and knew that he wanted face. At the moment, he went over to kiss his lip. "Can you stop being a child?"

"Who's playing childish."

"You, your face is as black as charcoal now! Old and ugly. "

"....."

"Do you want cake?"

"Eat."

Su Xiaowan opened his hand, took the cake, took a knife, cut a full cake for him, and put it in front of him, "you eat this, the rest is for Chenchen."

Feng Yan, "..."

"I'll ask the driver to send the rest to Chenchen."

Su Xiaowan holds the packed cake and gives it to the driver.

.....

Su Xiaowan was a little out of breath after all this.

Recently, we have been in bed, so the system can't keep up?

Of course, she won't admit that she's old.

Su Xiaowan always sleeps at home these days. After a nap, she gets up, puts on a piece of clothes and goes downstairs.

This is not, the kitchen is preparing for dinner in the evening, just ready to go out to buy vegetables, Su Xiaowan called down the man, said he was going.

"Young granny, you are not in good health. Let's leave it to them to buy vegetables. If the young master knows, he must be distressed again." Su Xiaowan sees Aunt Li and puts her hand on Aunt Li. Aunt Li is like a mother to her, very warm.

"I haven't seen the sun for a long time. Besides, I haven't gone out shopping with him yet."

Aunt Li said, "it seems that the young master has been working on it for a long time."

"That's even more. I'll call him." Then he watched her run up in a hurry, only listening to Aunt Li shouting, "slow down, don't wrestle."

Su Xiaowan knocks on the door and listens to the voice inside. He just pushes the door in. He has been taking care of himself these days. Feng Yan has no time to deal with the company's affairs.

But in such a big company, every day there are contracts and statements that need to be signed and reviewed by Feng Yan. After several days of work, his whole person can be piled up in it.

"Feng Yan!"

She went over and looked at his face. "Are you tired?"

"Do you love me?" The man's eyes fixed on her slightly pale face and hooked her lips.

Su Xiaowan's clear water eyes fell on him, "I haven't been out for a long time. Let's go to the supermarket to buy vegetables! It's just for you to relax. You've been sitting here for a long time. You need proper exercise. "

Su Xiaowan blinked her innocent eyes and looked at Feng Yan who was signing. She couldn't help feeling sad. How could she look so good? She looked the same when she was jealous and the same when she was working hard.

Feng Yan's coquetry made her heart soft.

Put down your pen and say, "let's go!"

It was Feng Yan's car. Two people went to the shopping mall nearby. They didn't make a big fuss, but just the two of them.

Just in time for the shopping mall.

This is not, are crazy shopping grandparents and aunts and uncles.

Feng Yan's hand has been firmly on his waist, the appearance of beautiful men and women, let many people stop to stay, "girl, is this your husband?"

"Well."

"You are so handsome. You are so lucky, girl."

It's really good luck.

At the very least, Su Xiaowan thinks that meeting Feng Yan is the greatest luck in her life.

"What would you like to eat?"

"Eat you."

"... be serious!"

Su Xiaowan's face is a little red. Feng Yan's face is abstinent. In such words, it seems... Charming and seductive.

### **Chapter 343**

He has been with her for almost half a year.

Feng Yan didn't want to do this before, but the key is that she always seduces him.

He is not Liu Xiahui.

Especially in the morning in front of him.

Feng Yan's brow is deeply locked, and he stares at her so tightly.

Su Xiaowan's clothes are very simple. She usually wears T-shirts and jeans, which she also likes to wear. Because she is tall and thin, she can stand looking.

"Feng Yan --!"

Su Xiaowan stood in front of him, looked at his eyes wandering, and called out to him. Then the man came back to see her so close to him. Because she was so close, the scenery fell into Feng Yan's eyes, including her well-defined clavicle, and

Feng Yan decided to touch it at night.

"What are you doing?"

"Think of something."

Su Xiaowan took his arm, the girl's soft voice followed, "you walk when you walk, don't be distracted, you don't know, just now that bear child cart almost hit you!"

Because there are many people in the supermarket.

So the shopping carts go back and forth like this. The small children grab the carts in the hands of the adults and treat them as toys.

In today's family, there is only one child in the family, and they only regard him as a treasure. But Su Xiaowan doesn't like children without tutors.

Especially just now that one, almost hit Feng Yan, but her mother saw, also still did not say he half a sentence, also angrily glared at himself.

It was as if she had run into his child.

So, what kind of bear child there is, there are what kind of parents.

That's true at all.

"If you want to have one, we'll have one too?" Feng Yan sees Su Xiaowan staring at the child, who is a boy.

Looks... Not so good.

But if they were born, they would look better than him.

All of a sudden, he came to Su Xiaowan and was startled, "who's going to have a baby!"

"What have you been staring at him for?"

"I... I hate to see the bear child. I don't want to see the bear child and his parents any more."

"That's not easy. In the future, this supermarket will not be open to them."

"....."

"Aren't you happy yet?"

"... it's either unhappy or... I think the mother of the bear child will be mad."

Just now, the fierce look in her eyes would like to eat her. If you know that you can't come here to shop in the future, isn't it

Sure enough, not long after that, several security guards came to the other end and took the bear and his mother out.

It's very efficient.

"Feng Yan, are we not so kind?"

"Who made her upset you?"

"... honey, it's very kind of you."

"Then give me a baby? Well

"No."

Su Xiaowan severely rejected his idea, and then ran away.

After two people strolled for a while, Su Xiaowan felt tired. Feng Yan bought some snacks that Su Xiaowan liked. After two people paid, they got on the bus and went home.

On the way home, Su Xiaowan thought, "no, we didn't seem to buy food."

"Don't buy it."

"What to eat that night!"

"Go out and eat."

"....."

.....

Xia Xiyao knows Su Xiaowan's news and comes to Fengjia in a hurry. With him, there is Lu Shimian.

Feng Yan looks at Lu Shimian.

"Do you know what you look like now?"

"You are not the same!"

Xia Xiyan and Su Xiaowan are sitting in the courtyard, drinking afternoon tea.

Fortunately, seeing Su Xiaowan's high spirited appearance, Xia Xiyan was relieved. "You scared me to death. You kept it from me deeply enough. If I hadn't overheard Lu Shimian calling Feng Yan, I wouldn't know anything!"

"I'm ok. Don't you think I'm ok now?" Su Xiaowan saw Lu Shimian, who wanted to destroy her. "Have you made up with Master Lu yet?"

Mention Lu Shimian, Xia Xiyan's face is still not very good-looking, this bastard man, she has mentioned several divorces, but he refused to sign, either put her on the bed, or hold her mouth.

Do those dirty things.

"I don't want to talk to him."

Su Xiaowan, "... But he's always looking at you, and the way he looks at me, he wants to kill me."

"There is something wrong with his eyes. Just ignore him. By the way, is master Feng good to you?"

"Good."

"I really envy you. Young master Feng is rare in the world. He frightens others!"

Su Xiaowan's eyes fell on the man at that end, only looking at the brown eyes dyed with stars, like the most dazzling stars.

That's her star.

The only one in my life.

No matter how good, rich or handsome others are, it has nothing to do with her.

Because she can't see.

Xia Xiyan looks at the fruit plate in front of her. Everyone has the people and things that everyone will meet. Others can't stop them, and they can't stop them.

What should be yours is yours. Do your best and listen to fate.

"By the way, who gave you the medicine?"

"Xiyan, do you remember the last time when there was a man named Shen Jin at the banquet?"

"I remember."

Most people can't forget Shen Kan. His history of making a fortune swept the whole city during this period.

Everyone knows Shen's method.

Even more than Shen Nanshan.

"He gave me the medicine, and he approached me like a brother."

"What

Su Xiaowan told Xia Xiyan everything. After hearing this, Xia Xiyan was particularly shocked. "Why didn't you tell me these things?"

"At that time, you were in a mess. I didn't want to disturb you."

Xia Xiyan is full of apologies. For her, Su Xiaowan is more important than herself.

But now, she didn't protect her.

"Shen Zhen is because of Shen Qi'er?"

"Maybe, but Feng Yan caught his woman, and he gave me the antidote."

A sincere woman?

But I haven't heard of any women staying by Shen Ken's side.

It's just

It seems that there is a little girl named Shen Xiaobei, but isn't that his sister?

Su Xiaowan and Xia Xiyan stay together in the evening. Now it's dark. Su Xiaowan wants to keep them for dinner, but Lu Shimian doesn't want to.

Directly put Xia Xiyan into the car.

The car went out of the way.

"... he won't do anything to Xiyan, will he?"

"What else can a man do to a woman?"

Su Xiaowan looked at Feng Yan in surprise. He didn't know why. He thought it was easy to be crooked, and he really wanted to be crooked. "Won't Xiyan suffer?"

"Now you should think about whether you will suffer a loss --!"

"....."

The words in my mind had not fully responded, so I was immediately picked up by Feng Yan.

#### **Chapter 344**

Su Xiaowan did not react, the next second, his back against the soft mattress.

Then the man leaned over.

That Xin Chang's figure pressed himself on the bed, and then came with the smell of men.

"Well..."

Su Xiaowan's lips were kissed by men, almost without warning.

The watery eyes just looked at Feng Yan.

Although many times thought about this picture, but suddenly, or let her irresistible.

Gululu!

An untimely voice appeared among them.

Su Xiaowan's face suddenly blushed, and then looked at Feng Yan and raised his head, "hungry?"

She nodded shyly, "I haven't had dinner yet!"

When speaking, with the taste of coyness.

It's like scratching his heart.

"Well, if you can't help it, I'll eat it later."

The man's original fire was extinguished by this sentence. He patted Su Xiaowan's head gently. "Let you go first this time. It won't happen again."

"....."

So

Still don't know, Feng Yan's endurance, so good?

It is clear that

Got the gap, Su Xiaowan pulled his clothes, looked back at the man on the bed, "that... You don't want, not me... Don't let you sleep."

"... I'm not in the mood for a ghost!"

evil spirit?

Su Xiaowan angrily took the pillow and directly fell on Feng Yan's face.

"Hum, you're the devil. Don't eat if you have the ability!"

Su Xiaowan ran out in a huff.

Watching the playful figure leave, Feng Yan can't help but raise the corner of his mouth.

But think about your own business.

Instead, I got up and went to the bathroom.

He can't stand his provocation, not at all.

.....

When Su Xiaowan came down the stairs, he didn't know whether he was in a hurry or something. When his feet were empty, he almost fell down the stairs.

But still stepped on several feet.

Because she didn't stand firmly, she just sat on the ground.

Strange.

How do you feel feeble recently? She's not sick?

sequela?

Su Xiaowan decided to go to the hospital for a good check-up tomorrow. After all, how could she suddenly forget something? She also needs a good textual research.

When Feng Yan came down, he watched Su Xiaowan sitting on the stairs.

"What are you doing?"

"I... I twisted my foot."

"Won't you call me if you twist your foot?"

"... now you look like you want to be discontented. I won't call you."

"... then you sit here till dawn, and no one will help you."

"You see, I just asked you whether you want it or not. You said you don't want it. Now you look fierce. I've never seen you bully people like that."

"I bullied you?"

"Why didn't you bully me?"

"In bed, I didn't bully you!"

"....."

Two people say so, Aunt Li happened to pass by, they all heard, embarrassed appeared in front of them, "young master, young grandmother, the food is cold."

Su Xiaowan's face is crimson at the moment, and he stares at Feng Yan. It's all his fault that he has lost his face.

.....

After dinner, Aunt Li hurriedly called the old lady Feng in the old house.

"Are you serious?"

"Old lady, I heard it with my own ears just now. The young master said it himself..."

Old lady Feng clapped her case. No wonder she didn't make a move for such a long time. It turned out that he... His son can't do it.

She's really ashamed of her ancestors.

After she answered the phone, she kicked the old man next to her, "it's all you. You have to have a son. Now it's better... Why is my ah Yan so miserable? Ah, I thought he was smarter than others since he was a child. I must have learned something earlier. Who knows... You said that he had been sleeping like this for half a year, and even girls never touched him!"

"I'm sorry for my daughter-in-law. How can I marry such a woman?"

"If there are good ones, please pay attention to my daughter-in-law. She can't be left alone all the time."

Fenglaozi glared at fenglaozi angrily. "Seventy years old and eighty years old. There's no one serious in his mouth all day."

"You smelly old man, are you bold now? You dare to tell me, why don't you tell me about your good son! I know, if you dare not say him, you will bully me! "

"I dare not?"

"You are just afraid of him. I'm afraid that when you get old and die, people will not care about you!"

"... I have plenty of money."

"That's my money. You have nothing!"

Feng is in a bad mood now. He takes a cigarette and wants to go out to smoke.

"I said you're seventy and eighty. What do you smoke?"

"Can't you smoke when you're old enough? Then you still go out to play mahjong all the time! "

"....."

Old lady Feng is very angry.

She decided not to eat tonight. She went on a hunger strike.

In the middle of the night, she lay in bed and couldn't sleep. She thought about it and thought that something was wrong. His daughter-in-law was so beautiful that she couldn't be impulsive.

She got out of bed again.

Get dressed.

The old man sleeps lightly. She has a big hand. Now she wakes up and sees her busy dressing. "Where are you going at this late hour"

"The more I think about it, the more wrong it is. I have to ask my daughter-in-law, or I can't sleep"

"I'll tell you about my husband and wife"

"....."

Yes, a word reminded her.

But what should we do?

The old lady is like an ant on a hot pot. She is so anxious.

.....

Early in the morning, Feng Yan was pushed to work by Su Xiaowan.

"Where are you going to leave me?"

"..." is this all discovered?

Now she really can't hide any secrets.

"I have irregular menstruation. I'm going to see a doctor."

"When did you have irregular menstruation?"

"I... I feel a little sick in my stomach. It's been delayed for a long time. Besides, I'm starving fast these days. There must be something wrong with my metabolism."

"Let Cheng Weiwei accompany you."

"....."

Su Xiaowan followed Cheng Weiwei to the hospital. After hanging up the number, she went to the gynecology department.

"Let's have a check first --!"

"Do you want to take off your pants?"

"Well, to see if you have infection, general gynecological inflammation serious up, menstruation will be delayed!"

"....."

Su Xiaowan didn't know much about this knowledge, but after all, it was the doctor's words, and he didn't think much about it.

Besides, she came to see this.

Obediently took off the pants, but still a little shy.

The doctor comforted, "don't be nervous. Everyone will do these tests. You're not the only one!"

"Oh."

She didn't say anything.

But why does it feel a little strange.

The doctor took a look.

His face was dignified.

### **Chapter 345**

Su Xiaowan noticed immediately.

Even though she knew she was a virgin.

But... I heard that virgins also have gynecological inflammation.

Is it really because of gynecological inflammation?

That's why she doesn't come, and she feels dizzy every day?

"Doctor, is it my health?"

The doctor was still thinking about something, but listening to Su Xiaowan said, "the specific thing is to wait for the examination results to come out, but don't worry, you are still a virgin, you won't get very serious gynecological diseases."

The doctor asked Su Xiaowan to wait at the door for a while.

Su Xiaowan took the diagnosis report and was nervous, but he went out.

The doctor saw that his door was closed, and immediately called the man at that end, "old lady, young grandmother, she is still a virgin."

The old lady could hardly hold her mobile phone. She was about to faint. "You can't tell others about this, or you will lose your job."

The doctor was a little hard to talk about.

Although she had never met the young master, a man, who had been married to a woman for so long, did not touch her.

It's either a problem or not loving that woman.

Can see that young grandmother's appearance, also can be human.

Besides, if you don't like other people, such as young master, how can you marry a woman you don't like.

There is a beautiful little wife at home. She has been married for such a long time, but she doesn't touch her.

So get married.

There is something wrong with the young master.

However, the little girl looked like a minor. She opened the case and found that she was 24 years old.

"Yes, I know."

The doctor listened to the old lady on the other end and hung up her cell phone.

I had been telling myself last night that her son was so powerful that he must have put other girls to sleep.

It's self hypnotic all the time.

As it happens, today Aunt Li secretly called her and said that Su Xiaowan was going to have a physical examination.

This is not, immediately let people say hello to the Dean here.

This hospital is controlled by Fengjia, so it has a solid foundation to do things.

Therefore, this matter will not be publicized.

Su Xiaowan waited at the door for a while, and the doctor asked him to go in and get the report. There was no big problem with the report. He asked her to take some Chinese medicine and go back.

Su Xiaowan came out with traditional Chinese medicine and was just about to go to the psychiatric department, but she didn't expect to meet Su Qiqi here.

Su Qiqi looked at him with her nostril. There was a man standing beside her. He was tall and had a thick chain around his neck.

"Su Xiaowan --!"

Su Qiqi met a rich second generation in a bar. The man drove a luxury car, so he just teased her a little, and she got into his car.

Su Xiaowan married well, which made her very unconvinced. In addition, she had been in prison for a period of time, so some good people didn't look up to her at all.

She was angry, but she couldn't help it.

That's why we run all night.

But she finally found a rich man.

Su Xiaowan's hand is carrying traditional Chinese medicine. Cheng Weiwei goes to the bathroom, so she is waiting for her here.

I never thought that I would meet Su Qiqi.

"Are you sick?"

Looking at the traditional Chinese medicine on Su Xiaowan's hand, the last time she was scalded, her father told her not to offend Su Xiaowan. She was angry.

I can't swallow it.

Now, she also found a rich man, so she would not let Su Xiaowan compare with the past.

"Why don't you come to the hospital without getting sick?"

Su Xiaowan doesn't like Su Qiqi very much, and doesn't like the man beside Su Qiqi. The man's eyes at

the moment are so straightforward looking at her.

It's very explicit.

Su Qiqi, who was choked, is holding the man beside him and seeing Cheng Weiwei come out. This woman is very tough.

Su Qiqi is a little afraid of him. She grabs the man beside her, but looks at him and stares at Su Xiaowan.

"What are you looking at! Let's go

"Oh."

The man then took back semimi's sight, got into the car and asked, "did you know that girl just now?"

"What for?"

"Nothing, I'll ask."

"Don't even think about it. They are already married."

Get married?

Looks so tender?

Cheng he took a look at Su Qiqi, who was sitting there. He went to kiss her, "baby, we came to the hospital today. You are not pregnant. Can we continue at night..."

"I'm not in the mood."

Su Qiqi said goodbye and watched Su Xiaowan come out from inside. He took a look at Cheng He.

This damned fox.

.....

Because Su Xiaowan met Su Qiqi, she didn't even have the heart to check. She went home with Cheng Weiwei.

But unexpectedly, the old lady also came.

The old lady seldom comes to their house.

Even if she was ill, she didn't let Feng Yan tell them. She was afraid that they were worried.

But the old lady was very good to her, and she was so fond of her as her own daughter.

"Ma."

This sound, Ma, makes the old lady like to be in full bloom.

But I feel even more sorry for her.

It's all because of her poor son, who knows how to work all day long. Now it's better, don't give up.

"Baby, where are you today?"

baby?

Su Xiaowan's face changed slightly.

A little embarrassed.

No one has called her that. I'm sorry.

"Grandma went to the hospital today."

Now Cheng Weiwei suddenly comes out with two bags of medicine in her hand.

"What's wrong?"

"Mom, I'm fine. I just have irregular menstruation."

Irregular menstruation.

It's not his son.

But I pity her daughter-in-law. Her life is miserable.

The old lady wanted to cry with Su Xiaowan in her arms, but the next second, she only saw a tall man in front of her. This man was no one else.

The most annoying son in her family.

Feng Yan.

Feng Yan was wearing a suit and looked a little old. When the old lady saw him, she was disgusted with him. "You've been asked to wear less black clothes. Why don't you listen? You're old, so you look older."

Su Xiaowan, "..."

This dress was worn by her in the morning. Now the old lady said that and hit her face.

Does she have such a bad eye?

But she looks ok!

Feng Yan is 26 years old now, and she has to go to work again. She looks mature and steady in this way. She likes it.

"Aunt Li, I've lost all his clothes upstairs. They are so ugly that they bury all the good-looking people. It's useless. If people even raise your face, I'll see you cry later."

The old lady was there telling her what to do. Su Xiaowan takes a look at Feng Yan, but she is disorganized.

On the contrary, some connivance.

### **Chapter 346**

When the old lady went to the cloakroom, Su Xiaowan looked at the big and small clothes being thrown out. Her face was stiff for a moment, and she muttered in a low voice, "Feng Yan, in fact, these clothes look good on you, they are not old."

"Well, I know."

Su Xiaowan raised her eyes, "then why don't you stop mom?"

"Just wait till she's tired."

His voice with connivance, let Su Xiaowan some jealousy, "then before I make trouble without reason, why do you fierce me?"

"When did I kill you?"

"... there is."

Although it seems that he doesn't have it in his memory, Su Xiaowan is just jealous.

"After I said that she would complain to my father, it would be me."

"... Feng Yan, if not for me, would you be a bear child hated by your parents? What a pity. "

naughty kid?

Yes.

At least, he watched his parents show their love when he was young, and his father especially hated his existence.

Because his existence will deprive his father of part of his sense of existence.

When there was no child before, the mother's eyes were only the father, but after the birth, the mother's eyes were all them.

At first he didn't understand his father's possessiveness, but now he does.

Old lady Feng came out with several pieces of clothes. She was obviously tired. Looking at the two people who were standing at the door and flirting with each other, don't say that they were really a perfect match. If her son wasn't ill, it was just... Made in heaven.

Unfortunately

Old lady Feng shook her head. When she came out, she took Su Xiaowan's hand.

"Xiao Wan, it's mom who's sorry for you!"

Su Xiaowan took a look at Feng Yan.

This old lady must be a Pisces. Too sentimental.

Old lady Feng took a look at Feng Yan standing there. After thinking about it, she decided to give him an alarm.

Study.

"That... Last time you asked me to look for a recording pen, I told you that the girl was not suitable for you. You cut it off quickly. It's a mental derailment."

Feng Yan raised his head, "Mom, what did I do?"

"... I know that you used to like a little girl, but at that time you were only a few years old. You know what you like and don't like. Now you are married. Even if you like others, you can't do it. We don't have the tradition of divorce. If you divorce, you will move out later."

"... when did I say I was going to divorce?"

"What are you looking for four years ago? You are as like as two peas. A girl is willing to chase you. You are already with us. You are a black sheep. You are a black sheep. You dare to use other brains. You can learn from bad men. You are just like your father who is a fool. I look at the food in the bowl and I am so tired.

Feng Yan, "..."

Su Xiaowan is carrying something in and knocks on the door. Because the door is not closed, the door is pushed open.

Then, all heard.

Old lady Feng looked back and saw Su Xiaowan standing there without expression.

She really wants to tear her mouth.

My mouth

"That... Xiaowan, what I said just now is nonsense. You're the only one in our family that a Yan likes."

Seeing that Su Xiaowan didn't respond, the old lady was afraid.

Originally, I wanted to let my son stay with Su Xiaowan well. What I wanted was that I let it slip.

"In fact, I didn't see that girl once four years ago. Besides, ah Yan has been abroad for several years and has never been in touch with her. That young girl is in love for the first time. There must be a first love, Xiao Wan. You should understand that?"

"The first love you said was her --!" Feng Yan closes the document and opens his mouth.

The old lady didn't understand for a long time. She was still in a cloud. Now she listened to those words and looked back at Feng Yan. "What do you mean by that?"

"She was the one who saved me four years ago."

what!

Have such a good fate?

The old lady was overjoyed, "really?"

Su Xiaowan nodded.

"Then why didn't you tell me all the time? It hurt me..."

She took Su Xiaowan's hand and said, "I always wanted to find a chance to thank the man who saved a Yan. I didn't expect that he was always by my side. Xiaowan, I'm so happy today!"

The old lady took Su Xiaowan by the hand, and now she had completely ignored her son.

In the future, she will be extra good to Su Xiaowan and double good.

If Feng Yan bullies her, drive her out.

In the twinkling of an eye, as evening approached, Mrs. Feng was urged to go back by the old man's lethal serial call. Before going back, she took out a bag of things from the car and handed it to Su Xiaowan.

"This is for a Yan to stew and drink. He is so busy with his work recently. He wants to take good care of himself. These are all the medicines that I asked the doctor to make up."

Medicine?

It's a drug with three poisons. Besides, Feng Yan is not ill.

Su Xiaowan wanted to refuse, but thinking about the old lady's temper, she must be angry again, so she had to accept it.

Feng Yan has been very busy recently. It's good to take it to mend your body.

Besides, my own mother can't poison her son.

"I see."

"If ah Yan bullies you, tell me. I'll beat him for you."

"Well."

Su Xiaowan saw the old lady off, and then went back. Feng Yan was answering the phone. As soon as he hung up, he looked at the thin figure in the night wind.

She seems to be losing weight again.

He hung up the phone and walked over, but now Su Xiaowan suddenly jumped into his arms.

His little arms were tightly around him.

"What's the matter?"

She rubbed in his arms. "Do you still have that recorder?"

Just now, I always wanted to ask him, but because old lady Feng was here, she couldn't find a chance.

"Well."

"Did you listen?"

"Well."

"How do you like it?"

"Well."

"Why are you so perfunctory?"

"Because it's from you, I love it."

Su Xiaowan pursed her lips and gave him a kiss on the cheek.

For her sudden initiative, let Feng Yan Leng for a while, then listen to her say, "good sleepy ah, Feng Yan."

"Go back to sleep."

"... what about your medicine? Mom said to let you drink it before you go to bed

The bag of traditional Chinese medicine bags is very strong, Feng Yan is not willing to drink a mouthful, now holding Su Xiaowan, dark night.

But only each other.

Su Xiaowan looks at their figures.

I don't know why, but suddenly there was a blur in front of me.

She closed her eyes for a while, and when she opened them again, the light came back.

Recently, what happened?

"Feng Yan, you take me to bed. I'm so sleepy."

When she arrived at the villa, she didn't want to come down.

At this moment, like a koala, he held Feng Yan tightly and couldn't let go.

Upstairs, several maids are sorting out the clothes that old lady Feng lost. They want to ask Feng Yan what to do with them, but Feng Yan asks them to hang up again.

I don't know if it's because of the wind. Su Xiaowan feels a little headache.

But lying in the soft quilt, she found a comfortable position and fell asleep.

### **Chapter 347**

Shen Qi'er is lying on the bed. After she found Shen Ken that day, she never saw him again.

I dare not call.

She looked at the pill under the light, and he said that Feng Yan came back to find her, but why has it been three days, and Feng Yan hasn't moved at all?

In a quiet place, I suddenly heard someone quarreling outside the door. It was very loud. Now I had already quarreled with myself. The familiar timbre was his parents.

She put on the quilt.

These days, they are always quarreling. She wants to move out.

Suddenly indirect to the agent's phone, said to help her pick up a client, now need to go to the glamour bar.

She didn't refuse, because she didn't want to stay at home. She got up and changed a dress, and immediately arrived at Meise.

Xia Xiyan never thought that Lu Shimian would bring her to dinner.

It's a restaurant like a bar. She doesn't like to come to such a place, because it's very messy, and in such an environment, she must drink.

She doesn't want to drink.

"Master Lu, why don't you come and play games?"

game?

Xia Xiyan always feels that it's not a fun game. He just prepared to use the excuse to go to the toilet, but he was directly and forcefully pressed down by Lu Shimian, "good!"

"It's an activity for men and women to feed each other. I think we all bring female partners. This is the most suitable one --!"

Feeding each other?

I feel sick when I think about it.

Just then, the door was pushed open.

It's Lu Xing and Shen Qi'er.

When the two figures came in, the atmosphere of the place had reached the highest point.

Lu Xing looks at Xia Xiyan sitting there. Today, she is wearing a white loose sweater with a high collar. The wide wool collar covers her chin, making her face smaller and bigger.

At the moment, she shrank in Lu Shimian's arms, like when she was a child, they always said, child daughter-in-law.

Black hair tied into a high ponytail, looks, with before not much different, still like a little witch, lovely can't.

Xia Xiyan didn't expect to see Lu Xing.

Lu Xing university went abroad. She was not in the same city with them, and seldom went home. Because her mother wanted to cultivate her feelings with Lu Shimian at that time, she made them stay in the same school.

So, it seems that when I was in high school, I met Lu Xing occasionally.

But Lu Xing is very good to her.

Just like my brother.

But Lu Shimian didn't like him very much.

"Mr. Lu, this is the famous composer I told you a while ago. I heard that I have set up a studio. During this period, his name has always been on the hot search! It's said that all the Royal princesses are after him

Lu Shimian looks at Lu Xing.

He doesn't like Lu Xing, because the way he looks at Xia Xiyan makes her uncomfortable.

Lu Xing put his hands in his pants pocket. When he came here today, he knew that Lu Shimian and Xia Xiyan were together.

So it's no surprise.

She also called Shen Qi'er on purpose.

Shen Qi'er, such a smart man, naturally knows Lu Xing's mind at once.

Men's desire for possession of women, in fact, other people can understand, just like Lu Xing.

In fact, Shen Qi'er knew it very early, but at that time, Lu Xing was only the adopted son of the Lu family. Her mind was all on Lu Shimian, and it was inevitable that her eyes would not look at him often.

But she knows, compared with Xia Xiyan, she knows men's mind better.

"Oh, Miss Shen is here too. This is a rare guest. Take a seat. We are just going to play games with Master Lu!"

Maybe it's because a few people have been added, so many people are talking about it.

Xia Xiyan is good-looking, but because she is by Lu Shimian's side, many people dare not make up their minds, so they look at Shen Qier one after another.

Shen Qi'er can be regarded as an otaku goddess after all. She doesn't look bad either.

Everyone wanted to be the man who was being fed.

Shen Qi'er listened to the man at that end saying the rules, and suddenly said, "if it's all his own play, it's boring. Why don't we draw lots? It's fair to everyone. "

Draw lots?

Lu Shimian agreed to play the game. Now, he can't say he won't play.

Moreover, it can be seen that Shen Qi'er did it on purpose.

"How to play?" She was asked.

"How about a competition between men and the girl who draws the signature to feed the winner?"

"Good --!" That a few men listen to, such randomness, that is not more exciting.

Xia Xiyan doesn't know how to draw the first signature.

When the man took the sign, inexplicably excited, "the first one is this lady."

Xia Xiyan is Lu Shimian's person. Naturally, no one will rush to participate in the activity, so only Lu Shimian and Lu Xing are left.

Lu Xing didn't speak, but Shen Qi'er said, "Mr. Lu, aren't you afraid of Lu Shimian? If you launch it again, then the sunset will be a bit of a failure. "

Xia Xiyan, "..."

This scheming woman.

If Lu Xing doesn't take part, it's hard to say.

Shen Qi'er watched the two men fighting for a woman.

I think it's ridiculous to hook her lips.

She was warned by Lu Shimian, so she didn't dare to go near Lu Shimian now, so she sat there obediently, but her eyes didn't poke two holes in Xia Xiyan.

"This place is big enough. It's better to pull yourself up. Whoever does more in one minute will be the champion and will be fed by this young lady!"

Xia Xiyan, "can I quit?"

"That's no good. The game has started. You can't just stop it." The man who said it refused him directly.

"....."

Generally speaking, those who know a little bit of eyesight know that Lu Shimian must be the final winner this time, but who knows, Lu Xing doesn't know the rules.

Lu Shimian hurt his arm a while ago, so it's killing him to pull up. Of course, no one knows about this except him.

I don't even know Xia Xiyan.

Xia Xiyan looks at Lu Shimian and Lu Xing on the ground.

What the hell are they doing?

He really doesn't know!

Even at this moment, she didn't know whether she wanted to let Lu Shimian win or Lu Xing.

Shen Qi'er walks to Xia Xiyan while several men are cheering them on. "Xia Xiyan, two men are jealous for you. Are you happy?"

"But I don't like Lu Shimian, so you take him as a sweet cake! Check what I have left! "

"Shen Qi'er, who can see it or not? You know it in your heart."

"You..."

In other words, she says she's upside down.

"Oh, Master Lu is behind now."

"Ten seconds left --!"

Finally, the applause suddenly remembered that the man at that end had a bright look at Lu Shimian, but he could only announce the result of the competition, "this competition between men is over, and the final champion is... Lu Xing, one more than Master Lu!"

"Then please Miss Xia to feed Lu Xing."

The man at that end took out a cherry.

Xia Xiyan's scalp is numb.

### **Chapter 348**

A cherry glittering with crystal water, is just washed.

Xia Xiyan looks at Shen Qier's proud smile and Lu Shimian's gloomy face at the moment. The next second, the whole person is pushed to the middle.

There is also Lu Xing. It's not too big for a few men to watch, but because of the presence of Lu Shimian.

I dare not say anything.

But Shen Qi'er, with her lips hooked, "Shimian, if you lose, you are willing to accept defeat."

Be willing to accept defeat!

Lu Shimian's eyebrows are tightly locked, and his eyes are fixed on the two people.

"You can't afford to lose, can you?" Shen Qi'er adds oil and vinegar to say.

The dim light sprinkled on Lu Shimian's body, with the appearance of no strangers and cannibalism.

Her eyes swept over her.

I just feel a little chilly.

This is Lu Shimian.

I still remember when she first met Lu Shimian very early.

Every time Lu Shimian talks to Xia Xiyan in front of her, he will talk to her on purpose, but once Xia Xiyan is away, he will be very cold.

At first she didn't know.

Later I learned that this is to make Xia Xiyan jealous.

He did it on purpose.

Sometimes I'm really jealous of her.

A man can do that for her.

However, there are contradictions and misunderstandings between them, which can not be solved in this life.

There's no way to untie it.

Xia Xiyan was pushed to Lu Xing, standing in front of him, a little embarrassed to shout, "Don brother."

She used to shout like that when she was with Lu Xing.

Originally, they sat far away in the box today and never called him.

But did not think, they are now in such an awkward position facing each other.

Lu Xing can feel a line of sight closely staring at them, specifically looking at who can imagine.

He leaned close to her, lips moved, "do you want to know if he has you in his heart?"

"Eh?"

The next second, I just watched Lu Xing approach her and his hand fell on her waist.

It was the first time that she was so close to a man other than Lu Shimian. Lu Xing's masculinity was all around her, but she didn't feel disgusted.

In the past, if a man approached, she would vomit.

But she doesn't now.

The clear eye Mou son stares at Lu Xing tightly, don't know what he wants to do.

When Lu Xing's face close to the moment, Xia Xiyan was stunned, only a few inches of breathing, suddenly a burst of light on their faces.

"Don't move, police!"

All of a sudden, everyone was at a loss. The man at the head, who just organized the game, stood up and said, "Comrade police, is there any misunderstanding? We are all good citizens."

"Just received the report, there are prostitutes here!"

"What

The crowd was shocked.

"What were you two doing?"

The policeman looked at the women and men in the box. There was nothing wrong with them, but just now they came in, they heard someone shouting.

Xia Xiyan, who is watched by the police, is a little nervous. She is so big that it's the first time for her to face the police. Besides, her mind is very confused now, and she doesn't respond all of a sudden.

"She's my girlfriend. She was playing games."

Xia Xiyan's waist is held by Lu Xing's cable. He just listens to Lu Xing speak slowly.

There was no tension.

Like a spring breeze.

"How do you prove she's your girlfriend? Take out your ID card and have a look. "

"We can all prove that they are girlfriends and girlfriends, police comrades. A kiss is not prostitution, is it?"

"....."

One side of the police searched a circle, did not find anything, standing on one side toward the leader's mouth, "is not someone reported false police! The one sitting over there is Master Lu Shimian

Lu Shimian.

Naturally, I've heard of this name in Jiangcheng, and Lu Shimian has been on the news recently, so it's hard to know him.

"Comrade police, there must be a misunderstanding. We are signing the contract here today. You see, I've brought all the contracts."

The police took a look at several people's ID cards. They were all dignified people. They knew they could not afford to offend them. Before they left, they took care of them.

"You can play, but you can't drive after drinking."

"We are all law-abiding citizens. Come on, comrade police, I'll take you out."

Xia Xiyan is still a little dazed. The next second, she is dragged out by one hand.

It's Lu Shimian.

"Lu Shimian, you hurt me!"

Lu Shimian left in a hurry, but Xia Xiyan couldn't keep up.

But he didn't slow down.

I really don't know what's wrong with him.

The game is his own to play, and take her as a game weight, she is very angry.

"Lu Shimian! Let go of me

All of a sudden, Xia Xiyan is pushed to the wall by him, and her eyes stare at her, "Xia Xiyan, when he hugs you, why don't you let him go!"

"Lu Shimian, you lost the game yourself. Now you blame me? Let go

Lu Shimian's eyes fixed on her. If the police hadn't come just now, Lu Xing would have kissed her.

But she didn't push it away. Instead, she was eager to get close to it.

"I see you want to jump on him!"

"Don't use your dirty eyes to make everyone think like you! Even if I want to lie on him, what's your business? "

"Xia Xiyan, listen to me. I'm your husband. Stay away from that Lu Xing, or I'll abandon him."

"Lu Shimian, are you sick? We are going to divorce soon. You don't care who I am with!"

"Xia Xiyan, if you dare to talk about divorce, I will keep you up for three days and three nights!" Lu Shimian punched the wall behind Xia Xiyan.

She was startled.

Clear water Mou stares at him, "Lu Shi Mian, are we so interesting? Other people are happy together will be together, but we are together, not a day is happy

"Don't you enjoy yourself in bed?"

"I... we are all adults. Isn't it normal to have needs?"

"Hum." Lu Shimian's arm was numb. He knew it was useless.

Xia Xiyan saw that his expression had changed and he didn't want to continue. He pushed his arm away.

"Lu Shimian, I'm not happy with you all day, so it's better to separate."

With that, she went to the other end.

Lu Shimian's arm couldn't reach out. He endured the pain and wanted to chase him, but he was blocked by Lu Xing.

"You called the police, didn't you?"

"So what!"

Lu Xing looked at his arm and knew that his hand disease had broken out.

More than ten years ago, Xia Xiyan had a high fever. There was no one at home. He took Xia Xiyan to the hospital more than ten kilometers away.

At that time, Lu Shimian was just a teenager.

It was also at that time that something went wrong.

Originally thought that his hand is good, but now, it is not.

Also, otherwise, how can Lu Shimian lose to him.

"Lu Shimian, I'm not here to rob her from you. She's nothing to me."

### **Chapter 349**

In his eyes, Xia Xiyan is nothing.

Because I don't like it.

But for Lu Shimian, he liked it. Moreover, he didn't remember how long he liked it for many years.

He thought that no one else could see it, but like a person, even if the disguise is good, it is easy to expose the mind, like people's eyes is hidden, his eyes, only this person.

It's like Shen Qi'er knows, his mother knows, and he knows.

Now, Lu Shimian loves her more than a few years ago.

Love to the heart, even if others touch her.

"Lu Xing, I know what you think, but one day when I'm here, you won't get a cent from the Lu family."

Lu Shimian left this sentence and left. Lu Xing looked at him and hooked his mouth. What he wanted was not a woman.

Xia Xiyan met several drunk men when she went out.

The men looked at her up and down, and the man smelled of alcohol, which made her very uncomfortable. Originally in the box, Xia Xiyan had already resisted the taste of alcohol.

"Go away --!"

The men stared at her and said, "little beauty, why don't you play with us? It's going to make you happy."  
"

Xia Xiyan looked at the men in front of her, "go away!"

"Go what, play with us is..." the man reached out to touch her shoulder, Xia Xiyan did not feel the

pressure of the shoulder, but heard a scream.

Side Mou, is Lu Shi Mian to follow.

"Who are you? I'm talking to women here. Do you understand first come first served?"

"Can you touch my woman?" Lu Shimian's face is expressionless, but Xia Xiyan can already feel it. His cold eyes are almost dripping out of water, and he is full of cold air, which is his angry appearance.

The man's hand just used a little bit of force, the little gangster howled fiercely, "what are you doing in a daze? Hurry up and give it to me --!"

Looking at them rushing towards her, Xia Xiyan frowned.

At random, the man hugged her tightly in his arms. A hand with a clear sense of bone twisted the little gangster's hand and kicked the man in front of him with a sharp long leg.

But the men kept on chasing him. It seemed that Lu Shimian was alone, and there was another man beside him, so he couldn't move at all.

Lu Shimian took her to one side, her deep eyes splashed with the spirit of killing, "be honest, stand here, don't move!"

The men rushed over like this, and Lu Shimian was able to blend in.

This is the first time that Xia Xiyan saw him fight.

His action is very fast, those men have no power to resist at all, all of a sudden, occupy the disadvantage.

"Run

Seeing that they couldn't beat him at all, they couldn't have killed themselves for a woman. Moreover, the man was extremely cruel, just like kicking to death.

Xia Xiyan stood there, looking at him.

The neon lights of the city reflected in Lu Shimian's enigmatic ink eyes, and also fell on Xia Xiyan, "satisfied, so many people fight for you?"

Xia Xiyan looks at him. Is it her fault to look good?

Besides, if it were not for him, I would not have come to such a place!

"What are you doing, waiting for them to come back to you"

Gloomy voice with anger, and then dim light, it is particularly loud.

Although Xia Xiyuan hates Lu Shimian, she hates the men just now.

He walked with Lu Shimian.

Light Luo in their bodies, Xia Xiyuan saw the shadow of Lu Shimian.

She stepped on several feet angrily.

Suddenly I thought of my childhood.

At that time, Lu Shimian was not so annoying. At least, he was a big brother who was cold and didn't want to be near strangers.

At that time, she and he did not know what to play outside. It was also a night with such a climate.

She stepped on his shadow, at night, she wet the bed.

Adult said, can't step on the shadow, want to wet the bed, she originally didn't believe, but, it was the first time she stepped on, really wet the bed.

This time, it's the second time.

Of course, Xia Xiyuan feels that she is an adult now, so she will not do such stupid things as wetting the bed.

"Walking so slowly, are you a tortoise?"

"I know your legs are long and you can walk fast!" Xia Xiyuan spoke very fast, but she quickened her pace.

In the black Rolls Royce, Xia Xiyuan is sitting in the co driver's seat, looking at the man who is going to drive. There is no expression on her handsome and elegant face.

The big palm with a clear backbone is pressed on the steering wheel.

I don't know why. She thinks Lu Shimian is pretty.

She must be crazy, otherwise how could she be moved again?

"Nothing to say to me?" He broke the silence by suddenly opening his mouth.

"If I remember correctly, we are still fighting!"

"So you're going to have a cold war with me?"

Lu Shimian closed his eyebrows and stared at her. Suddenly, from the top to the bottom, she was wearing a black silk stockings. Her slender legs were tightly tied together, and there was no seam inside.

Lu Shimian saw these legs very early, and even fantasized a lot

All of a sudden, he turned to her and took his thick thumb, which made her itch. The delicate muscle seemed to be burning. She looked at him with water and light, "what are you going to do? If you're not satisfied with your desire, you can't help it in the car? "

Desire and discontent?

Lu Shimian's eyes deepened. He just wanted to say something to her, but every time, he didn't seem to have a chance.

forget it.

But Lu Shimian suddenly let her go. Without saying a word, he drove.

Just now, she seemed to smell a little bit of blood.

When fighting just now, Xia Xiyan didn't know whether Lu Shimian was hurt or not, because he couldn't see anything clearly.

So, she didn't think that way.

"I wanted to tell you about your father, but now it seems that you don't want to know."

Father?

Those two words, like a time bomb, burst out with a thump.

be taken by surprise.

Xia Xiyan a stagnation, eyes staring at him, "what do you say?"

"Aren't we in the cold war? Don't you want to talk to me? " Lu Shimian's eyes will look at her and her face.

Lu Shimian did it on purpose.

Deliberately forcing her to talk to him.

This damned smelly man.

Her clear eyes didn't have much joy, probably because this man lost his life, don't know how long, don't have many feelings.

not essential.

"I don't want to know. You'd better stop."

### **Chapter 350**

The man snorted coldly, "you're even dreaming about calling dad. Do you want to know?"

"... Lu Shimian, are you finished? I don't want to fight with you."

She was upset by the noise every day.

I think the days are very dark.

I don't know. Have you ever heard of the law of attraction?

It's about what kind of people you are, what kind of people you will attract, and what you expect will follow

But she didn't know why she would attract such a man as Shi Mian. She didn't know whether it was a blessing or a curse, but now it seems that it should be full of disasters.

She closed her eyes, if she hadn't been adopted.

Is everything different then.

Maybe, she died long ago!

Xia Xiyan returned home and went to sleep in the guest room. Because it was very late, the parents of the Lu family in the old house went to bed.

Xia Xiyan originally wanted to move back to live, so she didn't have to sleep with Lu Shimian.

But the old lady must let them stay here for a few more days, saying that she missed them.

Xia Xiyan hates Lu Shimian, but she doesn't hate the rest of the family.

At the very least, I have always been grateful.

When she came out of the bath, Lu Xing stood at the door.

Lu Xing came back to live in Lu's home, but Xia Xiyan didn't know it. At the moment, he looked at the man who had just finished his bath. With a masculine smell, he brushed his face, like a light mint fragrance.

Xia Xiyan some Lengshen, but still soon wake up.

She love the taste of peppermint, not so much like perfume, but it's refreshing.

It smells good.

"Brother Xing."

She has been calling him brother, probably to distinguish Lu Shimian from him.

Lu Xing looked at her, "Tuanzi, did you fight?"

Quarrel.

You.

Who can imagine that, Xia Xiyan shook his head, "No."

"Because of me?" Lu Xing's unfathomable eyes fell on Xia Xiyan, "Shi Mian likes you very much. What's the matter? Can't you tell me? If he doesn't listen, I'll explain to him? "

Xia Xiyan suddenly felt sour in her chest, probably because of Lu Xing's kindness.

But Lu Shimian still misunderstood him.

"Brother Xing, we didn't fight. You misunderstood me."

"I hope I misunderstood. It's late. I'll have a rest early."

When Lu Shimian came over, he just saw Lu Xing and Xia Xiyan on the other side of the corridor.

He felt extremely harsh.

Chest inside, like what, something quickly Teng up, want to tear this person to pieces at the moment.

Xia Xiyan found a guest room. When she opened the door, she found that there was nothing in it.

I don't know if it's because of people who don't live often, so I didn't clean it up.

But she didn't want to sleep with him tonight.

There is also a sofa here. Just sleep on it for one night.

Tomorrow morning, she will go back to her little room.

Don't see Lu Shimian again.

Lu Shimian comes in with anger and looks at Xia Xiyan sleeping on the sofa.

He was covered with a small quilt. He didn't know when he would have such a quilt at home.

It was cold in the room. The chilly air was still blowing. This woman even turned on the cold air.

Although it's not hot or cold this day, I'm sure I'll catch a cold if I turn on the cold air conditioner and blow it all night.

He went over, took the air conditioner board and turned it off.

Then turn around and look at her in deep sleep.

Her small black head is exposed outside, and her long black pure hair covers her half soft face. From a condescending angle, he can see her delicate facial features, two frown willow eyebrows, combed feather and bright red mouth

Every place is so breathtaking and brilliant.

The yellow light plating on her face, her greasy white skin like mutton fat exudes a layer of jade luster, so soft, so people want to touch.

Only when Lu Shimian came back to his room did he know that she had not.

So here we are.

She bent down, picked her up, and went into her room.

Xia Xiyan sleep, even if it is an earthquake, will not know.

So, she's been sleeping.

I just feel warm and comfortable.

It makes people feel like they want to keep close to the heat flow.

Lu Shimian raised his eyelids and looked at her like this. If only he had been so obedient all the time.

It's not necessary. He has to put so much effort into it.

To be, like the little wife who sealed the house.

But everyone has his own uniqueness. If he becomes obedient, Lu Shimian may not like it.

.....

In the room.

Lu Shimian took a shower, came out wearing a nightgown, opened the quilt and lay on it.

This bed, which is their wedding night's bed, is very large and high-grade customized.

He didn't sleep many times.

Naturally, the number of times I sleep with her is also very few.

Xia Xiyan is still sleeping.

At this moment, Lu Shimian supported an arm and looked at her like this, probably because he couldn't see her enough. Thinking about the things during the day and at night, Lu Shimian was angry.

Smelling the scent of her body, he leaned over and tried to kiss her. His hands lifted her clothes.

But who knows, that woman also tightly covers the chest in the sleep, does not let him touch.

He did not give up the past, reaching out to embrace her, but the little girl directly turned over a body, moving farther, so that he could not touch.

She is not reconciled, and close to the past, hoping to wake her up at the moment.

Xia Xiyan left her warm arms and felt cool again. She was lying there, sleeping a little uncomfortable. Now she was just looking at her and was about to roll down. Lu Shimian reached out and hugged her into her arms.

At this time, Lu Shimian leaned over to kiss her.

Xia Xiyan had a dream.

It's a spring dream.

In her dream, she pestered Lu Shimian again and again, not harming her irritability at all.

"Then you are not allowed to be with Shen Qi'er, otherwise, I will never talk to you again!"

"Good."

"Mrs. Lu, I'll listen to you..."

Lu Shimian in the dream is so gentle that she feels that she is going to faint. The man leaned over her ear and called her Mrs. Lu.

Xia Xiyan suddenly woke up.

Her eyelashes trembled slightly, and now she opened her eyes.

She was lying on their wedding bed, and Lu Shimian... Didn't know where she was now.

She frowned.

Was last night not a dream.

But his clothes are well dressed, and... There is no uncomfortable feeling.

At this time, there was a knock on the door. It was Lu Shimian's mother.

"Tuanzi, are you up?"
