

## good evening 361

### Chapter 361

Su Xiaowan raised her eyes and suddenly saw the man in front of her.

Can she see it again?

What happened recently? Let's start with leg numbness. Did you feel dizzy just now?

She has always been in good health, almost no cold, even go to the hospital less time, but this time... Is sequela?

She thought, frowning.

Suddenly the figure of the man came up to him like this, "what's the matter?"

"Nothing, you go out!"

Su Xiaowan pushed him, but the man's figure was so firm, "I want to take a bath."

She said.

"I know."

"You know what you're still doing here, you go out!" That pair of soft white small hands fall on his clothes, lift eyes to look at him at the moment.

The man suddenly holds her palm and starts to grab her clothes. Her white skin is exposed outside. Su Xiaowan nervously protects her clothes.

"What are you doing?"

"Take a bath!"

What bath?

Did he think that he was called in to take a bath with him?

Su Xiaowan's ears turned red. "I want to wash them myself."

"... who just said they wanted to wash it with me?"

When did she say that.

Staring at his hand, Feng Yan's hand was always very good-looking. He only watched the man button the top button of his shirt in front of her.

Oh, my God!

He even seduced her with male sex!

I'm about to lose.

"Feng Yan, I am like this. Do you still want to seduce me?"

"I don't mind your seducing me!" That voice is hoarse, enough to make people have a kind of posture.

But Su Xiaowan wants to stay away.

The man's eyes staring at him, and did not wait for his answer, slender fingers on her chin, lowered his head, so kiss her lips.

It's not his fault.

She had to seduce him herself.

What's more, he has been trying to restrain himself.

However, every word that came out of her mouth seemed to break her self-control.

It must be the smell of her. It's too attractive.

So, he wanted to block her mouth.

Su Xiaowan naturally can't resist her. He can only do whatever he wants. In terms of the degree of playing hooligans, she is not Feng Yan's opponent.

Of course, Feng Yan didn't ask for any good. After all, she was still here.

.....

When Su Xiaowan was carried out, she had no strength. She patted him on the chest and said, "you have to take advantage of me!"

"Is that taking advantage of you? I'll give you a kiss. "

"Why not? You can't help saying that you are the one who takes advantage every time."

The hand that the man put on her waist didn't let go, at this moment suddenly open a way, "that you kiss back!"

"You want to be beautiful."

"Sleep --!"

Su Xiaowan, with her back to Feng Yan, comes out of her arms and covers herself with a quilt.

I'm really ashamed to death.

"I haven't done anything yet! You look like this

"You also said that you can't talk when you sleep. Shut up!"

Feng Yan, "..."

Feng Yan's heart broke down. Every time it was his own fault. Now, it's only him who suffers.

But this time, her menstruation is really slow.

The cell phone suddenly vibrated.

It's an old lady.

He looked at Su Xiaowan, turned and went out.

"Hello?"

"Feng Yan, are you hiding something from me and your father?"

Feng Yan seems to know what she's talking about all of a sudden. It may be that mother and son are connected.

"I want you to tell me yourself!"

"I found my sister!"

Sure enough, the other side listened to his father's voice, "you are now hard wings, isn't it, such a big thing, also don't tell home."

"I..."

"Where is she now? Let someone send her back immediately. You don't know your mother's

temperament."

"Dad, I have my worries when I do this. You can rest assured that my sister will be fine."

"You..."

Feng Yan heard him smashing his cell phone.

You can imagine how angry it is.

.....

Early in the morning, Su Xiaowan wanted to go to work, but old lady Feng suddenly came.

When she came down the stairs, she saw old lady Feng and old man Feng sitting down, while Feng Yan was standing in front of the French window.

They came all of a sudden, which made Su Xiaowan a little embarrassed and nervous.

That tension is because my mother-in-law suddenly saw me, and my daughter-in-law has been sleeping till now.

There was a kind of embarrassment in her heart.

"Dad, Mom --!"

The atmosphere seems dignified. I don't know what they came for. Anyway, after su Xiaowan called her parents, she had to answer.

She gave an embarrassed look at the old man over there. In fact, Feng Yan didn't look like his father very much.

Probably because his father is old, so everything has changed.

But Su Xiaowan was still in awe of Feng. He probably heard a lot about him before. After all, even Feng Yan was afraid of him.

How can I not be afraid!

"Feng..."

"Let Aunt Li prepare dinner for you, you go to eat first!"

"Oh."

She wanted to say something, but she didn't say it after all and ran away in a hurry.

She didn't go to the restaurant to eat, but hid in the kitchen, deeply afraid that a few people at that end because of themselves, and focus too much on themselves.

"Aunt Li, what's the matter with the old lady and the old man?"

Aunt Li didn't know. She shook her head. "Today, my wife and husband came early in the morning. They got up earlier than us!"

Su Xiaowan took a bite of steamed stuffed bun and thought about it.

Nothing has happened recently.

At most, old lady Feng came here to say that Feng Yan's clothes were not good-looking, but this incident did not go to Feng Yan's father's side!

"Young granny, you eat quickly, and then you go upstairs."

"Did they quarrel just now?"

"Well, it's very noisy, but don't worry. The young master has a sense of propriety. He knows it."

Su Xiaowan had dinner and went back to her room. Originally, she wanted to tell Feng Yan that she was going to work, so she had to put it on hold.

She took a score. I watched it for a while.

There are a lot of writing skills.

But after reading too much, I feel like it's all on paper.

Tian Yiyi suddenly called.

"Yiyi, you haven't contacted me for a long time!"

"So I knew you missed me, so I called you! How are things going? Do you have that with your husband? "

Then come up again and ask about it.

Su Xiaowan thinks that Tian Yiyi is becoming more and more unorthodox. "Tian Yiyi, you are an unmarried girl. Don't think about things all day long."

"Well, I know you are thin skinned. By the way, last time I told you, there was a piano competition. Do you want to participate?"

Piano competition?

Su Xiaowan has no way to participate in this level.

"I... I haven't practiced for a long time, and my hands are rusty."

### **Chapter 362**

"I thought you could join me!"

"Let's have a chance later."

"Well, I'll come to you when I have time! My father is calling me downstairs. I'll go down first. Remember to ask for love with your husband! "

Su Xiaowan hung up and felt that others were more worried than herself.

However, she will stay with Feng Yan for the rest of her life.

Su Xiaowan doesn't know when Mrs. Feng and Mr. Feng left. Anyway, when Feng Yan came in, she was watching a play.

It's a hot drama recently.

It's based on a novel.

Super sadistic.

When he came in, Su Xiaowan cried like hell, out of breath.

Feng Yan calms down, takes the iPad in her hand, and sees the man on the screen, which is an ancient costume drama.

"What are you doing?"

Su Xiaowan is looking at it vigorously. The plot is very heartbreaking, and now it has developed to the point where the male and female protagonists love and kill each other. Now it is about to climax.

I took the iPad in my hand and was robbed.

"What's good to see!"

He cried to other men. Feng Yan was very unhappy.

"Give it back to me."

"That's it?"

"Of course, it's good. I haven't seen such a good play for a long time. Hey, get out of the way. Anyway, you don't know. You don't watch TV plays on weekdays."

"I haven't eaten pork, and I've seen pigs run!"

"Well, you've never been in love. What do you know! Give me... You go to bed first, I want to finish the play! The man is so handsome. Just looking at his face, I'm going to lose sleep tonight. " Su Xiaowan snatched the iPad from his hand, then ignored him and lay there watching with interest.

From time to time, there are still tears, sobbing in a low voice.

Feng Yan sat on the bed, looking at the girl lying there crying. He couldn't figure out what to look like.

Anyway, he remembers the name of the male star. Tomorrow, he will take the play off the shelves and kill the man who seduces Su Xiaowan.

Su Xiaowan saw half of it and cried there. She angrily lost her iPad and climbed into Feng Yan's arms.

"He's so bad. How can he do that?"

She said the story with tears, and the tears were all wiped on Feng Yan's clothes.

Feng Yan rubbed her head. Just now, he said that the man was handsome. In the twinkling of an eye, he said that he was bad.

"Just now you said he was good!"

Su Xiaowan shrunk his nose. "I was blinded by lard. He's too bad. This is the most heartrending play I've ever seen. I think the man will die alone! How can it be like this? The mistress is so kind to him that he even deceives her. Feng Yan, do you think such a person should die alone? "

"Is that better for me or for him?"

Su Xiaowan raised her eyes and looked at Feng Yan's serious appearance. She couldn't help laughing and said, "aren't you jealous again?"

"No

If you're not jealous, there's a ghost!

Su Xiaowan wiped his tears and hugged his arm in a flattering way. "Feng Yan, I'm wrong. I won't say that other people look better than you any more. You're the best in the world!"

This is a fake.

Even if it is touting people, it is not without thinking.

But it was sweet in his ears.

He decided not to kill the scum man.

"Still angry?"

Su Xiaowan leaned over and gave him a kiss on the chin, "OK, don't be angry."

The gentle kiss made Feng Yi's heart like steel soften. He didn't say anything, but watched him holding his arm and fell asleep.

As I said just now, people who don't sleep tonight sleep better than anyone else.

His arm was supine by Su Xiaowan, and the whole person was lying on him, almost holding her as a cushion, but he didn't move.

My parents came here today to see my sister.

But he refused.

I don't want to be seen by my parents, but I'm disappointed.

Shen Qi'er lost a lot of liquidated damages because of the news on the Internet and not attending the event, which also offended Shen Nanshan.

The whole family is full of gloomy atmosphere.

But did not think, in the middle of the night, Shen Zhen came.

"What are you doing here? You are an illegitimate child, who allowed you to come! " Shen Qi'er looks at Shen Zhen. Even if he is the illegitimate son of his father, his father never let him come to this place.

But he came today.

And, in full view of the public, came in.

When he comes, his mother is bound to feel uncomfortable. This is evidence of his father's infidelity. Even for so many years, his mother turned a blind eye, but never had a woman come so blatantly.

What's more, it's an illegitimate child.

"I asked him to come!" Shen Nanshan's words made the whole place so quiet.

"Ah chin, follow me upstairs!"

Since then, Shen Kan has not said a word, even his expression is particularly indifferent, as if a lot of things around him have nothing to do with him.

It's like turning a deaf ear.

Shen Qi'er watched Shen Ken follow Shen Nanshan up the stairs. Not long after, her mother came down. These days, her father quarreled with her mother, and her angry mother was sick.

Mother has a very serious tracheitis, and now such weather, is the time of tracheitis attack.

Looking at her pale face, she must know the news of Shen Zhen.

Susie's face is not good-looking. She doesn't look like her at all. She saw Shen Jin just now, but she doesn't look like her at all.

In memory, that woman has a pair of good-looking eyebrows, but her son, but did not inherit a little bit of him.

It's amazing.

"Mom, why did you come down?"

"Everyone has found their home. I can't stay here. I guess I'll live in our home soon!" Susie coughed as she spoke. Shen Qi'er went over and patted Susie on the shoulder.

"Mom, if dad really wants Shen Ken to live here, we can't stop him. You're not well. Go upstairs and have a rest first!"

Susie shook her head. "If I don't go, I'll see what he wants to do!"

Study.

Shen Kan didn't know why Shen Nanshan suddenly called himself to his home. All along, he expressed his desire to live in this home.

But Shen Nanshan refused.

He was a little nervous. He was afraid that this sudden move was due to his negligence. Shen Nanshan discovered that he was not his son.

Shen Jin, in fact, is not his son.

He's here for revenge, for the blood of his parents.

He pretended to be Shen Nanshan's exiled son. By chance, he met the short-lived boy.

He took his hair and gave it to Shen Nanshan.

There is a lot of news about Shen Nanshan, so it's not unusual to have a son who has been exiled.

### **Chapter 363**

Shen Kan had always thought that a person like Shen Nanshan would not let himself get close to him, even his own son.

But did not think, he handed in a DNA test report, he immediately sent someone to pick him up.

All of a sudden, things took a turn for the better. He looked for countless ways to get close to them, but there was no chance.

However, with such a method, it suddenly became clear.

There is a lot of blood in Shen Nanshan's hands.

He seems to be a businessman on the surface. In fact, behind his back, he has done a lot of bad things, but those things are covered up by dust.

His task is to find those clues and send Shen Nanshan to prison.

Of course, it's revenge.

I just found a secret by accident

"Ah Ken, you know what happened in the company recently. I came to you to discuss the countermeasures!"

Feng family, dealing with Shen family.

All sensible people can see it.

Over the past few years, Feng's family has a good momentum. Because he is in the hands of Feng Yan, he has expanded his territory wantonly. However, Shen Nanshan is old, and his momentum is not as strong as when he was young.

In addition, Shen Qi'er has made so many troubles recently.

All of a sudden, I lost a lot of favor.

Shen Zhen wanted to say something. Suddenly, the mobile phone in his pocket rang.

It's a strange number.

"Hello, are you Shen Xiaobei's parents? Shen Xiaobei fainted at school. Could you come and meet her at school? "

Shen Nanshan's face suddenly changed when he looked at Shen Kan. He didn't understand what the conversation said.

But, Shen's expression.

Shen has always been a man with no expression on his face.

Even in the thorny things, he did not show a trace of expression, very much like himself a long time ago.

He will choose to let Shen Kan return to the Shen family.

It's because he's her son.

It's probably the same age.

Because he doesn't know whether she gave birth to him or not.

He hung up the phone and went to Shen Nanshan, "I have something to deal with. I'll discuss with you another day."

Then he left.

Shen Nanshan looked at his back as he left.

I think of a lot of things that happened a long time ago.

He rubbed his sour brow.

In this way, Su Xiaowan is more like her.

.....

Night, gradually deep.

Shen Xiaobei sleeps in the past, feels a little cold and curls up together.

Muddled, it seems that there is a thing in their hands stay, very hot.

She wanted to open her eyes, but she didn't know why. Her head was heavy, and she couldn't lift her eyelids.

Around, as if there was a person.

I don't know if I hate him too much, so I fell into a dream.

She had a cold and coughed and fainted in the school, so she was asked by the teacher to send her back.

She seldom catches a cold, and she doesn't know how she can be infected this time.

She was just a freshman. This period of time was originally military training for freshmen. They were in military training at the beginning of school, but who knows, the weather was bad at that time, so they delayed the time.

But even if it was delayed, it was still a hot summer.

If it's too hot, it's easy to catch a cold.

She is so gorgeous sick.

Her hands were very hot. She wanted to tear them apart, but she didn't know how to hold them tightly.

She pulled it several times in a row, but she didn't pull it out. She couldn't help complaining, "you're the worst and worst bastard"

I don't know who I'm scolding.

When Shen Kan stood beside her, he heard her say this.

She seldom scolds others. She seldom scolds others around him.

But just now she was swearing.

Who are you scolding?

The man's eyebrow is still tightly tightened, just listen to the hand said, "that young master Gu also cold fever was sent home!"

All of a sudden, his face changed greatly.

"I see!"

The man at that end took a look at Shen Xiaobei, "young master, do you want to arrange a doctor to check the young lady?"

"No, go down!"

no need?

Is it going to burn?

Just now, the temperature was 38.5 degrees, and according to her roommate, she has been feverish these days, and the temperature is getting higher and higher.

What else did he want to say, but he was interrupted directly by the man, "are you deaf?"

"Yes."

The man's eyes fixed on her, thinking that when he was in the temple that day, he watched the boy holding her hand, and they stood there, hanging wooden cards together.

For him.

Shen Xiaobei is an accident, which is also predestined.

Without her, he can't cheat Shen Nanshan so easily.

As far as she is concerned, he is a straw in her life. Apart from him, there is no other way to achieve her dream.

She is intelligent.

He is sensible.

He is a man who can see his face, but he won't.

His eyes fell on her lips, eyes deep color, think of that time because of drunk, pasted on her soft lips that

kind of feeling.

It's soft and sweet.

That's a taste Shen Ken has never tasted in his life.

Like a touch of orchid fragrance.

He had heard of orchids. When his mother was alive, at that time, her mother liked to grow flowers. In the yard, she was full of orchids.

It's said that this orchid is not easy to raise.

It's very delicate.

Can't use soil, can't use fertilizer, water more easy to die, water less also can't live, is need to hold in the palm of the hand to take care of, care of.

I met Shen Xiaobei for the first time.

He thought she was like an orchid.

Because she has a faint smell of orchids.

He unconsciously explored her forehead, forehead is very hot, but he knows, burn not to die.

Shen Kan had experienced the feeling that he wanted to die and live when he was about to burn to death, so he could easily judge it.

But she's a girl.

As soon as he was ready to draw his hand, suddenly the little hand took hold of her.

He was stunned. This sudden action was obviously unexpected.

Because Shen Xiaobei never held her hand like this.

"Shen Xiaobei, let go!" A low voice came out of her mouth without hesitation, but she wanted to hold it tightly.

I don't know why.

Shen Kan lives for revenge and responsibility. He climbs out of the dead. Everything comes by himself. No one knows how hard this road is!

"....."

He knew that she was conscious and felt it just now, but he called his name and ignored her.

"Shen Xiaobei."

She hummed softly, and then held his hand tightly.

Even, the mouth still continues to scold the bastard.

Asshole?

You mean him?

I don't know what it feels like in my heart. There is a taste of joy in it.

His eyes fixed on her lips, "if not loose, I will kiss you..."

But all of a sudden, the girl at that end held it more tightly than just now.

#### **Chapter 364**

"Shen Jin."

Suddenly someone pushed the door and came in. It was a woman in a long white dress. When she came in, she clearly saw that Shen Jin was going to kiss the girl.

She recognized who she was.

It was last time in the temple, that girl.

Although it was just a side face, it was still fresh in her memory. It was the first time that Shen Zhen helped others. He was so aloof and indifferent. Before, she had been wondering why Shen Zhen suddenly took care of a woman so much. Now it seems... No wonder Shen Zhen would help her.

You know, she has been with him for such a long time, Shen Jin has never done anything for her.

Ye Xing looked at Shen Ken, only at his calm, as if just those things, she was wrong, never happened.

"What's the matter?" He cold mouth, that voice is like two strangers, very strange, as if between them, today is just met the first side.

His attitude suddenly cold, Ye Xing know, he does not like others to meddle in private affairs, but now they are male and female friends, although he never said to be with her, like her and so on, but in Ye

Xing's view, she can let him stay around for so many years, each other must be tacit.

Ye Xing looks at his attitude, she is a little afraid, but she still can't help asking. To be honest, if she didn't come in just now, she wouldn't think about that scene, but... Just now Shen Zhen was close to her, he has been so long, and most of all, he touched his arm, but his hand, he never touched it.

They said he didn't like physical contact because of allergies.

But just now, she saw Shen Kan holding her hand. The weak girl would not take the initiative to hold her hand. There is only one possibility, that is, Shen Kan would like to be held by her.

When she thought about it, she felt that her position was at stake.

"Shen Jin, who is she?"

Shen Kan looked back at Ye Xing and said, "my sister."

younger sister?

It turned out to be his sister. He thought it was Shen Ken's old friend!

But I really want to scare her. Fortunately, it's just my sister. Is there such a relationship with my sister? Ye Xing always feels strange.

"What happened to her? Are you sick? "

"A little cold."

Ye Xing wants to go to see the girl, but she doesn't know that suddenly Shen Zhen comes over. She is so proud that she steps out half way and comes back.

"Don't be infected by her!"

Although his voice is indifferent, but a little more concerned about the taste, even at this time, Ye Xing originally drooping face suddenly Yang up, happy nodded.

"Shen Ken, let's go to dinner. I've been waiting for you all night. Don't you forget to have dinner with me?"

Ye Xing is a little princess held in the palm of her hand.

But only in front of Shen can he take back the sharp thorn, like a gentle person.

It's said that he likes gentle and quiet girls, so she dare not take out her temper. It's not easy to meet

people who like her in her life.

She must take good care of it and always stand by Shen Ken's side to be the hostess of this place.

Shen Kan didn't speak, Ye Xing just looked at his slender figure and left like this.

She took a look at the woman lying on the bed, then turned around and ran after her tightly. "You wait for me, I'm still wearing high heels... Shen Jin... Shen Jin, what are you going to do so soon..."

Shen Kan walked away with his steps. The sound of closing the door was not light or heavy, but it was enough to wake Shen Xiaobei up.

Because that woman's voice is really dry.

Shen Xiaobei just opened his eyes, because there was always a faint smell of perfume around him. It was so thick that people had to open their eyes.

Right now I'm looking at the back.

It's Shen Ken, and the woman around her

The smell came from her.

It smells terrible.

He took the woman home again!

She turned over and lay on the bed. The smell in the room couldn't go away for a long time, which made her feel very uncomfortable. The feeling was too oppressive.

She dislike perfume in her childhood.

Especially this artificial fragrance.

It smells bad.

But she touched her forehead and it was still very hot.

She has a fever. She has been burning for two days. Originally, she thought she could carry it, but now it seems that her physical quality is more and more affected.

After Shen Kan left, a family doctor came, "Miss, do you still feel sick?"

"No

Shen Xiaobei's attitude is just like Shen Kan's, indifferent and aloof. In fact, the people at the bottom don't know what their relationship is, and they don't dare to ask.

I only know that Shen is different from this girl.

Especially today, when I went to the master's place, I heard that Shen Xiaobei was ill and came back in a hurry.

It's not just my sister's attitude.

Even, he always felt that the young master was strange to the girl.

It's not like the love between men and women, but it seems that they can't control their mind.

It's weird.

"Who was that woman just now?"

Shen Xiaobei looked at the doctor and suddenly said.

"Oh, you said that the one who came to the villa today is the young master's girlfriend. It's said that the background is very strong. You still don't have much contact with her, and your temper is not very good --!"

The background is strong.

Hearing this, Shen Xiaobei turned over and said, "I'm tired. I'm going to sleep. Go out first."

"Then you should have a rest early. Call me whenever you need! Today, you don't need space adjustment. Your body is not completely well. If you blow all day and all night, it will damage your body."  
"

Why didn't she find the family doctor so annoying before.

However, to be able to avoid military training can be regarded as a complete success.

Won't you let her do it again? When she thought about it, she frowned, took her cell phone and called Ann.

But I didn't answer the phone.

I think I'm still suffering at this time.

Shen Xiaobei was drowsy after taking the medicine.

The eyelid is very heavy, the whole person has a kind of inexplicable taste.

She had a dream.

In my dream, it's Shen Kan and a woman in wedding dress.

That woman is so beautiful. She is so beautiful.

It's like a fairy.

High up.

The hanging wedding dress skirt is more than ten meters long, and she has no place to stay.

Shen, wearing a black tuxedo, stood beside her like a prince guarding the princess.

.....

As soon as Shen Zhen arrived at the room, he took out a cigarette from his pocket and smoked a cigarette. The fire was jumping like a musical note. He didn't say a word.

Ye Xing rarely sees him smoking, but she also feels handsome.

Ye Xing is a girl who is taken care of by her father. On weekdays, even if someone smokes and drinks, these bad things will not appear in front of her.

It's only Shen Zhen, not the same as others.

But he just stood there smoking and ignored himself.

The light in the room reflects the man's rebelliousness. The way he smokes makes people feel that he can't smoke

Eyes.

She suddenly thought of the girl.

Shen Zhen has a younger sister. She has actually heard of it, but it is said that Shen Zhen's younger sister is Shen Qi'er... Although she doesn't know whether it's true or not, she can't verify it.

However, in such an environment, the girl's appearance, however, seems to have nothing to do with Shen Qi'er.

She has seen the appearance of Shen Qi'er. After all, Shen Qi'er is a star. It's hard to see her on TV.

And who is she?

The girl who let Shen Jin... Take heart?

Ye Xing always feels that his position is somewhat oppressed.

Shen Kan has been hiding this sister for too long. She always feels uneasy in her heart.

"Shen Jin, why did you ignore me?" Think a lot, especially girls, seems to have all the things in mind to understand the posture.

But in such an environment, it seems that she can't bear to think more.

This is her first time to his site, this villa, but it took her a long time to find out.

The girl came up and wanted to hold Shen Kan, but Shen Kan pushed her away.

The smoke in his hand did not go out.

But straight toward her position, as long as a little closer, the end of the cigarette, toward her skin.

Low voice line came, "be careful of cigarette ends, burning, your father and I desperately!"

The beautiful eyes with a bit of shame, she raised eyes, watching the white smoke back and forth in his side.

"Dad already knows about us. I won't blame you!"

She said, trying to get close to kiss him, but she was smoked away by Shen's smoke.

"Cough..."

The smoke went straight into her eyes.

She burst into tears.

At the moment, he looked at Shen Kan standing there, as if nothing had anything to do with him.

Also, Shen is cold tempered. If he doesn't take the initiative to get close to him, he will never get involved with him!

"Shen Jin, don't you like me? Why don't you touch me all the time? Don't you also have needs? "

She doesn't understand everything. For men, many men used to pursue her, but she despised her.

She only likes the man in front of her who is cold and unsmiling. Just now, she clearly saw that Shen Zhen has a demand. They all say that men's demand is strong, especially for men of his age.

You need women all the time.

So, just now she noticed something wrong with him, so as soon as he came in, he had been smoking

The man took a puff and looked at the woman in front of him. Now his head is full of Shen Xiaobei.

It's crazy.

Even the women were not interested in scratching their heads and posturing in front of him.

On the contrary, I think of Shen Xiaobei's shy face just now.

He must be crazy.

Just looking at that pair of black eyes tightly fall on her body, Ye Xing wants to get close to her, "Shen Jin, I like you, I want to be with you --!"

### **Chapter 365**

She knew that if she didn't take this step, they would never have the result. She was 24 years old, and other girls about her age had already married.

"Let me help you --!"

His brow was suddenly cold.

"Don't do things you don't love."

No self love?

For him, this is not self love?

Ye Xing looked at him, did not understand his mind, "then you let me come here, what to do?"

"You know, I don't like smart people."

Ye Xing is at a loss, this man is uncertain, she can't provoke him, let him not like himself.

Otherwise, what can she do in the future?

"Go down and have a rest!"

Ye Xing Lengshen, "you let me rest here?"

It's said that there is no room for outsiders in this villa. That's what the housekeeper said when he came in just now.

But now

All of a sudden, her heart rose again with great hope. Sure enough, Shen Zhen was different to her.

"Rest early!"

Then, Ye Xing was taken out by the housekeeper, but she didn't know that after he left, a group of maids entered Shen Kan's room.

She took out all the things she had just stood and touched inside.

It's completely disinfected.

Ye Xing is lying in the guest room. She is so happy.

Now it's not true to think so. Shen really let her stay here. Although she didn't go into the room to sleep, it's a big step to enter here.

Now such a picture, even if a lot of the time, she dreamed, also dare not daydream.

But now it happens.

She called her father.

"Dad, Shen really likes me. Don't speak ill of him any more"

"Where are you now?"

"Of course it's Shen Ken's home. I'm going to sleep. Goodbye, Dad!"

Ye Xing is about twenty-four years old.

As soon as she graduated from University, she came back from abroad and met Shen Kan at the airport.

I think it's all predestined.

She will meet Shen Kan and fall in love with him.

Even if Shen Kan is a villain in other people's eyes, she just likes such a villain. She thinks such a person is too suitable for her heart.

.....

Shen Xiaobei didn't know how to fall asleep. When she woke up, she was still in the middle of the night. Her whole body was covered with sweat. She felt thirsty.

However, she is not at home these days, and there is no one in her room to prepare water.

You can only go downstairs with a cup.

Her bedroom is in the middle. When she wants to go downstairs, she needs to go through Shen Zhen's bedroom. She thinks they are all asleep at this point, but who knows, when she just walked past, the man just came out from the door.

After taking a bath, he had a faint smell of shower gel, because everything in the shower gel in the villa was unified, and the taste was the same as that in her.

It's the smell of orchids.

She likes orchids, probably because she is naturally delicate, so she thinks they are very beautiful.

Shen Kan's eyes were staring at her, which faded away the indifference just now, and added a little more warmth that he didn't know. "Is there anything wrong with it?"

Shen Xiaobei looks at him.

If you feel uncomfortable, it is probably because Shen is in front of you that you feel uncomfortable.

"I'll go back to school tomorrow!"

With that, she was about to leave.

All of a sudden, he was directly pinched by Shen Kan's wrist

Her eyes were fixed on the girl's face, and her voice was low and deep.

Shen Xiaobei opened his hand. He didn't know the weight of his hand. He pinched it last time, but it didn't work for several days. His hand was pinched lightly.

I don't know if he is the same to other women. I don't know the importance of it. I just hold others casually. It seems that I have done something wrong.

This time a loose hand, not surprisingly, is also red.

She was a little annoyed and looked at him with a dark look. "Shen Jin, just a little cold. When I get well, I will train with the next class. Then why should I waste this time?"

There was firmness in his eyes.

In fact, she is really like the Shen family. When she is determined, no one can persuade her.

She is Shen's family. This secret has been buried in his heart. Except for him, she doesn't even know.

Shen Xiaobei is also telling herself that she can't touch her.

Between Shen Nanshan and him, there is a deep blood feud.

But it seems that he can't help thinking about her. He doesn't like himself like this.

There is still light in his room. There are a lot of yingyanyan women around Shen Kan. I don't know if that woman is there.

She thought that she would move out tomorrow. Don't disturb others.

She's gone.

When I went downstairs, I saw some maids still packing. They said, "these are the things that the young lady will wear tomorrow. There should be no wrinkles, or we will be scolded at that time."

The lady?

"Miss, why did you come down --!"

Maybe I didn't expect Shen Xiaobei to come down, so when the maids were looking at Shen Xiaobei, they felt as if they had seen a ghost.

scared.

Shen Xiaobei goes over and looks at the new clothes they have ironed.

But it's a lace skirt. That style is too mature. It's not hers.

"Who are you talking about?"

"Miss, the young master has brought the woman home."

Maybe Shen Xiaobei has a good temper, so several maids are willing to talk to her. Many things are heard from the maids.

It's not surprising that the woman stayed up.

"Miss, why did you come down?"

"Drink water!"

Shen Xiaobei raised the cup in his hand, went to one side to pick up the water, and then watched the clothes being sent up.

Shen Xiaobei suddenly felt that this place was really not suitable for her.

But she didn't want to go home.

Because the family didn't want her to go back.

In her mother's heart, she has kept her for such a long time. Even if she has a dog, she knows how to repay her kindness, but she won't.

She is still gnawing at their bones, still do not know how to repay

It's still redundant.

When she took the cup back, the door of Shen Jin's room was closed.

In fact, when you are alone, it's very good. You don't care.

I'll never be disturbed by anything again.

She climbed into bed, thinking of a few months ago.

All this is still unknown.

At that time, Shen was like a straw to save lives.

But now, Shen is not the straw, but someone else's

Lu family.

Xia Xiyan's wrist is tightly held by her mother, and there is a red rope in her hand, "Xiyan, you have been weak and sick since childhood, and this red rope can protect your safety!"

Holding the girl's hand, she also saw the words on Xia Xiyan's wrist.

She carved it at that time.

### **Chapter 366**

"Are you still blaming mom?"

In fact, the scar didn't hurt at all. At that time, the names of lovers were engraved in fashion, and couples of all sizes would carve a few words to express their feelings.

So, Mrs. Lu cheated Xia Xiyan and engraved the two words.

Originally thought it could be washed away, but who knows, it is immortal.

There is no way to carve it.

However, this mark is a reminder of a long time ago.

At that time, there was no Shen Qi'er, nothing there was, only their green time.

"Ma was also..."

"It's OK, mom, I thank you very much!"

She thanks Mrs. Lu. If it wasn't for kindness, they couldn't live.

There is nothing better than to live!

"When I heard that, he found your father, you..."

"I don't want to see him."

Even when she said it, she still felt cruel, but she really didn't want to see him.

a wrong thought in passing.

Probably because she faced life and death a lot of times.

So I see through a lot of things.

Since he let go, then in this life, she should have died many years ago!

What else can I see.

"You are also a hard-working child. Don't worry. If Lu Shimian bullies you in the future, you will tell your mother that she will help you!"

Mrs. Lu had no major twists and turns in her life.

So I always live carefree.

But Xia Xiyan is not like this.

Mrs. Lu saw that Xia Xiyan didn't want to mention that person, so she didn't talk much anymore. She looked at the red rope, and the more she looked, the more pleasing she was.

Sure enough, the daughter-in-law is good.

Mrs. Lu left.

Xia Xiyan looked at the red rope on her hand and saw her hand lines.

When I thought of going to the temple before, an old monk said that she had a bad reputation

Although I don't know whether it's true or not, I'm always nervous.

Probably, no one thought about waiting for death.

When Lu Shimian received something from his mother, it was under his father's eyes.

"What is this?"

"It's safe, of course. Take it with you."

"I don't want it."

"You child, don't wait, don't regret it!" Old lady Lu looked at Lu Shimian, and he would regret it.

Lu Shimian frowned. He didn't look at his father's eyes. He wanted to eat him.

"If there's nothing wrong with the company recently, you can stop and spend more time with Xiyan. She's your wife. You don't care about her. Who cares about her? Although the child... But I like her and grew up in front of us. It's better than those yingyanyan outside. I don't know how little it is. Although Shen Qi'er has saved you before, but without her, You can still be saved by others. I don't like the Shen family very much, so I'll contact them less later... "

Mrs. Lu really doesn't like Shen Qi'er.

But Shen Qi'er was just like a fly, buzzing around them.

I hate it.

Even her son couldn't tell the good from the bad, which was more irritating to her.

Soon, Xia Xiyan came down to eat, because he was wearing short sleeves, so he saw the red rope on his hand at a glance.

His eyes fixed on the old lady. No wonder he said that he would regret something later. He did regret something.

Lu Xing has dinner with them. At the moment, old lady Lu waves her hand, "ah Xing, I've asked for a red rope to protect you. Take it!"

Then he watched Lu Xing catch the red rope and even put it on his hand.

Xia Xi Yan saw as like as two peas of red rope and her own.

It's really safe, so everyone has a share.

I think Lu Shimian should have.

But maybe not.

This old lady Lu is eccentric. Sometimes, it's too much.

Every time she goes out to buy a gift, she and her brother always have one, but Lu Shimian doesn't.

For this reason, she doubted whether Lu Shimian was the son of old lady Lu.

Because it's not very good for this son.

Lu Xing also saw the red rope on Xia Xiyan's hand, and naturally noticed Lu Shimian's expression.

He suddenly understood.

Silent to eat such a meal, after dinner, Xia Xiyan is reading in the study, suddenly Lu Shimian burst in.

"Give me something --!"

Things?

She's a little bit hoodwinked. At the moment, she looks at him like a monk of Zhang Er. She feels that he's making trouble out of nothing.

This kind of vexatious, but still no topic, so there is no words to find words.

"Lu Shimian, you are disturbing my reading!"

If it wasn't for Mrs. Lu's blocking them from going home, she would have left now.

Just don't stay here. It's superfluous.

But he came up and untied the rope.

"What are you doing? This is my stuff

"I don't have it. This one belongs to me --!"

"....."

As like as two peas, brother Lu old lady brought them back, they did not know how they never had him, and every time she was the same as her brother.

So, he always takes her things.

Xia Xiyan told himself not to care with him.

Anyway, there are so many things like this, there is no other sense of loss or other.

She opened Lu Shimian's hand, then took the red rope from her wrist and threw it to him.

"Can you stop me from reading now?"

I don't want to see him at all.

At the moment, Lu Shimian held the red rope and went out without looking at her.

.....

Su Xiaowan was told by the people at the bottom that the old lady came that day because of her sister.

Even Aunt Li advised her to talk to Feng Yan about the old lady's feeling of missing her daughter.

But... Su Xiaowan didn't know how to speak.

She seemed to understand Feng Yan's concerns.

So there was no chance.

That day, Su Xiaowan finally convinced Feng Yan to come to work.

When she came to the company, everything was the same as before. Fortunately, Feng Yan asked for leave for her, otherwise she would have been fired if she continued to appear in such a rigorous company.

Just, look at the leave slip.

It turned out to be... Maternity leave!

Su Xiaowan almost fainted.

"Little cute, you seem to be a little fat after giving birth, and your face is quite round!"

"....."

Brother Chen is still there teasing her. Su Xiaowan can't help it. This vacation has been invited. Now she can only swallow all the bitterness in her stomach.

She must settle with Feng Yan when she goes back.

"But you've only come out to work in a few months. Can you eat?"

"No way, my husband doesn't earn money, I don't come out to work, our whole family is going to drink the wind from the West!"

### **Chapter 367**

This words, also don't know how spread to the ear of Feng Yan.

Feng Yan listened to Feng Yi's words, but he didn't lift his eyebrows. "Feng Yi, I'm like a soft eater?"

He shook his head and said, "it's not like that at all."

"Then why does she always speak ill of me outside?"

"I'm afraid other women will miss you!"

"You know a lot as a single dog!"

Feng Yi laughs but says nothing. The young master is still as poisonous as before, so the young lady can cure him.

At noon, Su Xiaowan received a phone call from Feng Yan, saying that he was waiting for her to have dinner together.

She didn't want to be seen stealthily any more and refused.

It was the first time that Feng Yan was stood up.

"Where's su Xiaowan?"

"I'm eating with my colleagues. I'm already in the canteen downstairs!"

Voice did not fall, looked at Feng Yan gas rushed to open the door.

This posture is to go downstairs and have dinner with the staff?

It's against the rules.

Since the accident a few years ago, the young master has been very careful when eating. He is afraid that the bad news a few years ago will appear again.

And today

Su Xiaowan cooked several dishes. Let alone, the food in the canteen is delicious.

She found a seat at random and sat down.

Brother Chen finished the meal and sat opposite her.

"You can't eat such spicy food in your lactation period. You're too thoughtless for your children --!"

She's just about to eat chicken. This is spicy chicken. It's very spicy.

In the past, Su Xiaowan always ate when she was at work. She didn't eat for a long time, so she missed it. That's why she bought one just now.

Who knows

"Well, it's OK to eat a little once in a while."

"It's no good. You'll have nothing to eat. Your baby will be in the hospital soon. It's better not to eat!"

Chen said, holding chopsticks, he took all the spicy chicken away from Su Xiaowan's lunch box.

Su Xiaowan wants to cry without tears.

How can it be like this.

It's Feng Yan's fault.

If you don't have to ask her for any maternity leave, she will be greedy now. When she goes home, she must ask the chef to make a pot of spicy chicken.

"The president is coming this way --!"

"Ah

"True or false?"

"He said that he came here to check the food hygiene and safety and wanted to have dinner with us."

"My God

They are the men who have met Feng yanzhenrong, Gao dajunlang, and have money. Naturally, they are the other half of many women.

However, the president is superior.

Basically, it's like people in the sky, even the elevator is independent, and they don't have a chance to meet each other.

I've been in the company for many years, and I haven't heard that the president will have dinner with them.

After a while, several women have begun to rush to the bathroom.

The management, too.

This posture

Let originally eat happy Su Xiaowan, frowned.

I didn't eat with him.

She doesn't want their relationship to be known to everyone. She's holding her head down and typing

on her cell phone.

"Feng Yan, what are you doing down here?"

I didn't expect that the mobile phone would vibrate soon.

"Eat."

"... don't you always get prepared by Fengyi?"

"I'm coming down to eat today!"

"... then come down and pretend you don't know me later, or I'll ignore you when I get home --"

She doesn't want to make a fuss with the president. All those things before have taught her a lot of lessons.

Especially in such an environment, if Feng Yan... It won't work.

Su Xiaowan lowered her head and frowned tightly, but brother Chen saw her. "Little cute, what do you look like you have a bitter hatred? Others go to make up, don't you go to make up?"

"I have a husband. I can't be half hearted. My husband will be jealous."

"But your husband can't afford you, call me, I'll choose a better one!"

"Brother Chen, you think too much. How can the president look up to me? I still think my husband is very good. Although he doesn't have much money, he is good to me!"

Su Xiaowan grabs a few mouthfuls of rice in a hurry. In fact, she is really not full. As soon as she is ready to leave this land of right and wrong with her things, she looks at some people in the crowd shouting.

"Wow, the president is really here --!"

Her hand a meal, looking at Feng Yan to come toward her.

Please, I've told him so many times.

It's meant to turn her into a hornet's nest!

Su Xiaowan puts down her plate. She holds her heart. Fortunately, Feng Yan stops, stops at a table next to them, and then sits down.

Fengyi followed closely.

As like as two peas, the food in the dish was exactly the same as hers.

"Why don't you go?"

"Oh, I have a cramp in my leg!" Su Xiaowan looks at Feng Yan, but he doesn't look up and regards her as an outsider.

I'm squinting now.

It seems that the warning is useful.

Brother Chen suddenly came over, "cute, are you addicted to the beauty of the president?"

Beauty?

Su Xiaowan then found that he was staring at him. He quickly took back his sight, as if he had been found.

"No way."

Ah, who made Feng Yan shine naturally.

"What kind of woman do you want to be worthy of the president?"

"That must be a great man."

When Su Xiaowan left the restaurant with her things, she heard several people talking there.

"It's hard to imagine who will become the president's woman in the end!"

"Don't think about it. How can ordinary people think of it?"

Su Xiaowan shriveled.

average person?

If others know that she is the ordinary person, they don't know what to say!

After work, Su Xiaowan is still waiting for the bus in the old place. Instead of waiting for the driver's car, he is waiting for Feng Yan.

When I sat in, I heard him snort.

"Are you drinking from the west?"

Su Xiaowan squinted. "What northwest wind, Feng Yan, you don't have a fever?"

"Who is the man with you today?"

male?

Brother Chen?

"Brother Chen, take my master with me. If he hadn't taught me, I would still be a layman --!" Su Xiaowan is grateful to Chen Ge, at least Chen Ge really helped her a lot.

"Fengyi, let him not come tomorrow --!"

what?

As soon as Feng Yan finished, Su Xiaowan came to him and said, "brother Chen has done a good job. What do you want if you don't let him come?"

Suddenly, she thought of something and said, "Feng Yan, can't I have dinner with him today instead of you, so you feel uncomfortable?"

The man didn't speak, but Su Xiaowan was suddenly happy.

"Your mother must have drunk a lot of vinegar when she gave birth to you!"

"... what do you mean."

"Otherwise, how can you become a vinegar jar?"

### **Chapter 368**

"Besides, brother Chen doesn't like women at first sight. I don't want you to be so nice. Am I a fool?" Su Xiaowan said to himself.

Where did she want to get it? She just talked so many words, but she was heard clearly.

"... do you know whether he likes women or not?"

In this way, the jealousy is even greater. Su Xiaowan wants to slap herself. It's really cheap.

She looked at him in the side of her eyes, "what brother Chen said, and everyone in our office knew everything about it. He used to paint nail polish." He is interested in a handsome man like you! I'm not jealous. What are you jealous of? "

"Then I can't keep him!"

"....."

Su Xiaowan thinks that the more she says, the more wrong she is. She can't let brother Chen lose his job. Only he knows how hard it is to find a job.

"Feng Yan, you can't fight with others. You have to fight with them. He's my master. He helped me a lot. Besides, you're my husband. He's also your master. How can you take revenge for kindness?"

"So if it's not easy for people to find a good job, you can give them a chance."

Feng Yan looked at her coquettish, coquettish and charming, "do you want to have dinner with him in the future?"

"... we still have to eat together. Don't you think I'll eat alone in the future? It's so pathetic. It makes me feel like I'm not popular and isolated. It's not pleasant to hear."

"Won't you come up to eat?"

Feng Yan thought that she knew that she was alone when eating alone, so why didn't she think of herself?

I eat alone upstairs.

"Don't you have Fengyi to eat with you? You two have to be very happy today! "

Feng Yan suddenly laughed, reached out to touch her face, "jealous?"

Su Xiaowan nodded, shaking his head like a rattle.

"I won't eat with him in the future!"

"No, if he doesn't eat with you, you're not alone!"

On the other hand, Fengyi, who was driving, frowned.

How did you pull yourself up in this matter? It has nothing to do with him. He just wants to be a single dog.

It doesn't make sense. After all, it took Su Xiaowan a lot of time to persuade Feng Yan to let her go to work.

"The old man said it's not good to stay together all the time. You see, we stay together all day long. If one day you get tired of me or I get tired of you, I won't get tired of you. After all, men are more fickle than women. Many women like you are willing to cling to you. If one day you find someone better than me, it's such a contrast, Then I'm not miserable... So there should be a proper sense of distance. I don't think you like to be bored all day long! When it's time to work hard, it's time to work hard. I like serious men. "

Su Xiaowan said all the good things once again, some words were poor.

I didn't expect that praising people is also a kind of consciousness. It's not easy to add flowers to the well with any words.

"Do you think I'm right?"

"No!"

"What's wrong? I'm telling the truth! "

"I won't get tired of you."

"... I mean in case."

"No, just in case!"

Well, Feng Yan is like that.

"Well, there's no just in case!"

Looking at Feng Yan's appearance, it's good to coax her, but now Su Xiaowan is not happy, because she thinks of the leave slip Feng Yan made for her.

"I haven't asked you! What do you mean I ask for maternity leave! Now many people ask me for wedding candy, and I owe them so much... Today, there are still people giving me red envelopes! "

Su Xiaowan took out some red envelopes from his pocket and threw them to him.

"It's all you. Now you have to invite people to dinner. Even if you invite them to dinner, the key is where can I find a child to do the full moon wine?"

"I wish I had one!"

What he said was light and casual, as if he said that one can be born immediately.

Su Xiaowan couldn't help pounding his chest, "you want to be beautiful! I don't live --! "

All of a sudden, he hugged her waist and went over to kiss her. A low voice sounded in her ear, "I'll be born tonight."

"Get out of here, can you pay attention?"

Fengyi is still there!

What a shame. Feng Yi heard everything. Ah, how can he face Feng Yi in the future? Su Xiaowan is very sad.

It's all weird.

She's in the car and doesn't want to have anything to do with him anymore.

Sit far away.

Now, it's midsummer. Look at the moon outside.

I don't know when it will be dark.

The trees are all covered with small lanterns. Under the light, it seems not to mention how beautiful it is.

"Wow, Feng Yan, look over there, there seems to be a temple fair --!"

There is a temple here. It is said that it was newly renovated by the government. Originally, this area was an old urban area, but now it is undergoing major urban reconstruction.

In fact, there are no tourist attractions in Jiangcheng.

But it's a city for hundreds of years.

The cultural heritage is very rich.

The government also does not know when to start the tourism industry, and all of a sudden the transformation of the old city to all retro.

Su Xiaowan shouts to get off the bus. Fengyi has to put them down first. After all, there are so many people and cars in this place that they can't park at will.

This is the first time that Su Xiaowan has come to such a temple fair.

She thinks it's very interesting. There are all snack stalls on the street. She doesn't come here to go to a

temple fair, but to eat snacks.

"Feng Yan, do you want to eat squid?"

There are a lot of predecessors in the iron plate squid stalls over there, and they are waiting there in an endless stream. The taste is too much for her, and her greedy insects come out.

She pointed to that end, Fengyan people grow tall, so all of a sudden we can see how many people there are in front of us.

There are about twenty people.

"Go home and let the chef do it for you!"

Su Xiaowanla shrugged, "I just want to eat this. There is nothing delicious to eat this kind of food. It's just an atmosphere."

"However, there are so many people. I think it's going to be daybreak. I'd better eat the rice cake over there. Do you want it? I'll treat you to it! "

Su Xiaowan drags Feng Yan to the New Year cake stall. There are few people there, probably because of the remote location.

So very few people saw it.

People like to join in the fun. As soon as we see the crowd there, we will decide which side is delicious.

Su Xiaowan stood in front of the stall and asked the boss for two strings of fried rice cakes. She was just about to take out her pocket, but she didn't bring her bag

There were red envelopes to use.

Turn to Feng Yan.

"I have no money with me!"

Just now she said she would treat, so Feng Yan didn't think so much.

"Where's your cell phone?"

"No --"

**Chapter 369**

This is so reasonable that Su Xiaowan can only watch the cake fall into other people's hands.

Looking at the greedy appearance, Feng Yan couldn't help shaking his head.

I maltreated her at home. I look like a greedy cat.

I really want to buy this stall.

Su Xiaowan and Feng Yan strolled around, but they didn't know why Feng Yi didn't come here. They didn't carry a cent in their pocket. In such a place, it's undoubtedly fatal.

She felt that even if she was not starved to death, she would be faint by the fragrance. She went to the bathroom.

But I never thought that I would meet an acquaintance here.

"Su Xiaowan --!"

It's su Xiaoxiao.

She was wearing an ill fitting women's suit and high-heeled shoes. She looked like she had just left work.

Su Xiaoxiao is a graduate student. He should be practicing recently.

For Su Xiaoxiao, Su Xiaowan has no other likes and dislikes.

Maybe she didn't provoke her, and she couldn't get in the way of Su Xiaoxiao.

Two people are nodding friends.

"You came alone?" Su Xiaoxiao looked at her and asked.

At the moment, the eyes have been floating on Su Xiaowan's body.

Seeing Su Xiaowan's clothes and looking at her own, she felt like a clown, but it was such a person that she climbed up the famous Fengjia.

But my mother said that there was something wrong with Fengyan... And it couldn't be cured.

Otherwise, she would not have been married for so long. In Su Xiaowan's stomach, there was not even a sound.

Mother said that it was just a temporary novelty. After all, Feng Yan, who has never seen such a person, likes such a porridge dish, no doubt because there is no such person around him, so he pays attention to

Su Xiaowan.

Think of Su Qiqi now scene, Su Xiaoxiao nature will not be silly to offend her.

"With friends!"

"I'm here alone. Can I come with you?"

Together?

Looking at her, Su Xiaowan didn't know what she was going to do.

"... we're almost done."

Su Xiaowan washed her hands. Although she didn't like it or hate it, she didn't want Su Xiaoxiao to stay with Feng Yan.

It's probably a woman's intuition.

What's the purpose of Su Xiaoxiao's sudden approach

"In that case, forget it." Su Xiaoxiao looked at Su Xiaowan and saw that she was going to leave. He suddenly called her, "that... Xiaowan, I'll look for a job again recently, but you know it's not easy for me to find a job in my major. Can you tell master Feng for me and ask her to help me find a job?"

This is... Ready to open the back door?

Just know this time, Su Xiaoxiao didn't let her go so easily.

"If you feel embarrassed, forget it."

When Su Xiaoxiao left, she left such a sentence behind.

Know the dilemma, what else to say!

Su Xiaowan is angry. She knows that soon her aunt will find her again. Su Xiaowan's mother is a gossip lover, but she doesn't have any malice. On weekdays, if it's not for Su Zheng who doesn't want to come and go with them, she would like to live in Su's house.

When he came out, he saw Feng Yan standing there with two strings of fried rice cakes.

New Year cake?

Suddenly ignore that tall man, now staring at her hands of rice cake.

"Don't you have no money with you? You're not going to get it, are you

In fact, what she wanted to say was steal.

However, looking at Feng Yan like that, he should not do such a thing. It's probably bullying others.

"I need to rob?"

"It can't be given to you, can it?"

"Why not?"

"Is it really from someone else?" Su Xiaowan was surprised, "why did others send you? I just stood there and wanted to buy it. The stall owner ignored me! "

"Did you seduce her with beauty?"

"....."

Su Xiaowan looks at the stall owner at that end. She looks at Feng Yan with a coy face. She takes the rice cake from Feng Yan and bites it.

After all, it was Feng Yan who bought it for her beauty. She had to eat it.

"You're not going yet?"

At this moment, he drags Feng Yan out.

I didn't find Fengyi, because there was no mobile phone, so they had to walk. In addition, there were so many people, and they crowded around. She didn't know when the rice cake would fall.

When I went out, I saw that there were only two bamboo sticks left in my hand.

"My new year cake..."

Su Xiaowan looked behind her. The stream of people opened her mouth, but there was no way.

But night is coming.

In this snack street, paved with a layer of mysterious color, probably vacated a few places of smoke, it seems a little trance.

She remembered that she had just entered university at that time, and she liked to come to such a place

most.

Because it's cheap and delicious.

Can now calculate the day, the original with that time, has been so long away.

How time flies.

In fact, when she was very early, she wanted to have a small shop. She didn't have to get up early every day. It was enough to be comfortable and leisurely.

But later, she slowly grew up to know, in this world, what is simple and comfortable, want to have such a day, is someone to help you support a huge pressure.

She thought she couldn't find the man.

But she met Feng Yan.

Her life is very good, no mother-in-law's trouble, no father-in-law's disgust, even Feng Yan to her extra good, want to dig heart to him.

"Still greedy?"

"At least you got it in exchange for beauty, so I took a bite."

"....."

"I'm so tired!"

"Come here!"

"What for?"

"I'm not tired if I hold it --!"

Hold it?

This cuddle in public is not decent. It can't be done.

Although Su Xiaowan had ten thousand refusals in his heart, he didn't know what was going on. He was already in his arms.

Feng Yan's embrace is really warm. I don't feel so warm for a long time.

Feng Yan felt that she was shaking. The weather was not cold, but she soon became very cold.

He took off his clothes, wrapped her shoulders, and let her lean against himself.

"Feng Yan, you are giving me hatred! You see several people over there are looking at me with envious eyes! "

"Close your eyes!"

Feng Yan raised his eyes and looked at several people at that end with his fierce eyes. Those people felt that Feng Yan's eyes were poisonous and ran away immediately.

.....

Fengyi didn't know how to find them. At the moment, she was lying on Fengyan's back. She was weak and had already fallen asleep.

Fengyi came over and Fengyan nodded his lips.

"Get the car over here!"

Feng Yi nodded and went to drive.

At this time, people have basically dispersed, but the lively atmosphere is still there. Feng Yan is just about to pick up Su Xiaowan, but unexpectedly, a woman rushes over.

### **Chapter 370**

Probably because it was getting dark, the girl ran fast, did not think, would come out from the side of people, so so straight hit.

It's too late to rush to stop it.

Feng Yan is naturally a man. There is nothing wrong with being knocked down like this. He still bends down to hold her, but doesn't look at the woman at that end.

"Handle it well --!"

When Fengyi came, Fengyan only said a few words and left.

Su Xiaoxiao was knocked down on the ground, she did not react, the people at that end had already left, just looking at a person's back in a hurry, and he seemed to hold a person.

But the man at the other end went away and was reflected in the night.

Fengyi went over, took a check and handed it to her.

It's 10000 yuan.

You can get ten thousand yuan for a bump like this?

It's not bad for money.

However, she is a little short of money recently. She complained to her mother just now, but she is still in a bad mood.

She stuffed the check into her pocket and left without looking back.

Feng Yi took a look at the woman, but for the first time, it was so easy to solve.

Su Xiaowan woke up when she was sent to the car. In fact, she was also quarreled by her mobile phone. She didn't know who it was, but she seemed to remember who it was again.

It's su Xiaoxiao's mother, her aunt.

It is estimated that Su Zheng asked for his own phone.

"Hello."

"Wan Wan, I'm aunt --!"

Sure enough, she guessed right, today just met Su Xiaoxiao, so soon aunt called, mostly Su Xiaoxiao said something in front of her.

"What can I do for you, aunt?"

The woman at that end thought for a moment, "in fact, it's not a big deal. Isn't it just a little girl who is going to graduate soon? The development of Jiangcheng is definitely better than that of our place. After all, it's a big city. Your uncle and I all want to stay in Jiangcheng, but you know it's not easy to find a job. So I think you're married to master Feng. Can you let master Feng open a back door and let her enter the Feng group? Xiaowan, it's a bit difficult to say that, but it's your husband, How much can I help... "

At the beginning, Su Xiaowan took the place of Su Qiqi to marry Feng Yan. It was like watching a good play.

Feng Yan is inhumane and has a bad character. They are all laughing at her. She will become a real widower without much time

But now, it's a different face.

"Aunt, you know Feng Yan's temper. How can he listen to me? Besides, he's very busy recently. I can't even see him!"

"If you don't see him, call him. They all say that you have been with him for a long time. He must like you more or less. This man is just like flying a kite. Do you have to say something about it? Although the young master is not very good-looking, there are some problems in that aspect, but he has money. Now in this society, he only looks at the face of money, You have to be careful that other women take a fancy to his money... "

"... I know."

"My aunt also knows that we didn't care much about you when you were young, but your uncle... Your parents didn't care about you. Naturally, people like us can't make a difference. You can complain and hate in your heart, but like you, I don't like that Shenyin..."

Aunt said a lot, anyway, she was confused and wanted to sleep again.

In the end, she didn't know how to hang up.

During this period of time, she was so sleepy that she even felt sick.

"Xiaowan?"

Feng Yan patted her face. Su Xiaowan didn't wake up. She was like a princess in her sleep and didn't know the world.

He shook his head and picked her up.

Lying in bed, Su Xiaowan had a dream.

Feng Yan is waiting for her to eat with string. When she runs over, Feng Yan disappears.

She saw Feng Yan and a woman are having a wedding.

That woman is not someone else, but Shen Qi'er.

She wanted to run to question Feng Yan, but suddenly, the whole world was dark.

It's a world without any light. She can't see her fingers. She's scared. She wants to scream, but she can't make any sound in her dream.

She was scared, like a headless fly bumping back and forth there.

All of a sudden, there was a flash of lightning in the sky.

She woke up with a sudden fright.

But in the room, it was still dark. She stretched out her hand and couldn't even see where Feng Yan was.

She wanted to turn on the lamp, but it was still dark.

She cried with anxiety.

Feng Yan was awakened by Su Xiaowan's cry. He just watched her curl up there, holding her knee and crying. It was the first time that she cried so sad.

"What's the matter?"

Su Xiaowan hears Feng Yan's voice, but she can't see him. Her cry can't stop. She wants to hold Feng Yan, but she doesn't know how to reach out.

Feng Yan got up and hugged her, patted her shoulder gently, "what's the matter?"

"I dreamed you were married to another woman!"

Probably understand the reason why she cried.

"Feng Yan, you don't want to talk to me in your dream. You even kiss her!"

Su Xiaowan's crying voice is very heavy. She is lying on Feng Yan's body. Even at this time, she doesn't know whether she is blocked by tears or something. She can't see anything.

But the invisible fear, did not say that the fear of the dream to the big, so she stopped for a moment, still did not respond, he can not see.

About ten minutes later, Feng Yan comforted her, and she found that she couldn't see a certain point.

Even Feng Yan's face could not be seen.

Why is that?

It's like the last time I took a bath, it's the same.

She lay down, thinking that she would be better when she woke up.

It was not until Feng Yan patted her on the shoulder at noon the next day and called him to get up that she was in a trance. She really couldn't see.

Her world is so dark that there is no Fengyan.

"What's the matter? Dream again? "

Yesterday, Su Xiaowan was crying in his sleep. His heart ached when he cried.

"No! Feng Yan, I... "

Just wanted to speak, but Feng Yan's mobile phone rang.

"You answer the phone first --!"

Feng Yan takes out her cell phone and takes a look at the phone. She turns around to answer it. Now she doesn't know whether she has adapted to the day. She suddenly regains her vision.

She looked at her hand clearly.

How can you suddenly become blind?

After lunch, Su Xiaowan went to the hospital to have her eyes examined.

There's no big problem. Her myopia has increased. The doctor only said that it's the cause of her myopia, so she may not be able to see for a moment

Asked her how long she couldn't see, and asked her to go to the cardiovascular department.
