

**good evening 371**

**Chapter 371**

When she came out, there was nothing in her examination report, and she was in good health.

Cheng Weiwei looks at her list. Today, Su Xiaowan says that he wants to have a physical examination. He thinks something has happened. However, he is relieved to see that the symptoms are normal.

"Young granny, what's the matter with you? You don't seem very happy?"

Su Xiaowan put the physical examination report into his pocket, "I always feel like something is not right, but nothing is always good."

She went out with Cheng Weiwei, but she didn't expect to see such a scene.

It's su Qiqi. There's another man. He hasn't seen him before. He's not the last one.

Two people seem to be arguing fiercely about something.

She didn't want to talk to them. She just walked out the door to get on the bus, but suddenly a strange phone call came.

"Hello, do you know Su Qiqi?"

"....."

Isn't Su Qiqi in there just now? What the hell is she doing!

"Well, I'm in the city hospital. Miss Su Qiqi fainted in the hospital just now. We looked at her mobile phone. There's your contact number on it..."

Su Xiaowan frowned and listened. It seemed that the situation was very urgent, but he didn't call Shen Yin. What was the point of calling himself?

I always feel that Su Qiqi has some conspiracy. Maybe she has done a lot of harm, so she has no trust in anything she does.

"Miss, she's just waking up. She's very emotional. If you know her, please come to the hospital."

"Why not call his parents!"

"She won't call her parents! If you are her friend, please come and persuade her... "

Finally, the doctor hung up.

Su Xiaowan stood there, neither going nor staying.

"Young granny, what's the matter with you?"

"Wei Wei, wait for me here. I'll go up and come down in a minute! If I don't come down in half an hour, come up to me! "

With that, Su Xiaowan ran up.

Su Xiaowan finds Su Qiqi's ward, where he is shouting hysterically. At this moment, the people in it are excited. Listen to the voice of Su Qiqi.

She can't hear wrong.

"I don't care if you have a woman outside, but I just want to give birth to this baby. Why don't you let me give birth to it?"

When Su Xiaowan knocked on the door and went in, he listened to the people at that end talking.

That man is wearing fluent flowing suit, looks thin and shriveled, is very ugly.

Maybe his appearance is not outstanding, but his clothes are expensive.

The watch on the wrist, in particular, can't be taken off without five or six hundred thousand.

"That's 200000. Beat the baby!"

The man seemed very calm. On the contrary, Su Qiqi was hysterical, as if they were talking in two worlds.

children?

Is Su Qiqi pregnant?

At this time, Su Qiqi's eyes only stay on Su Xiaowan, probably because Su Xiaowan came in, so at the moment she didn't continue to be hysterical with that man.

"Beat the baby. If you want to follow me later, I can continue to let you follow. Otherwise, even if she is born, I won't recognize him!"

The man left this sentence and went straight away.

Only Su Xiaowan and Su Qiqi were left. At this moment, Su Xiaowan felt that the environment was not

suitable for her to come. She knew that she should not have come.

"What are you doing here?"

Su Qiqi didn't know that the doctor came to Su Xiaowan, because she didn't let them call her parents. How could she know that they made their own decisions and called Su Xiaowan.

Su Xiaowan didn't speak. She probably heard something from their conversation.

Su Qiqi is pregnant. She doesn't dare to let her family know.

"If there's nothing wrong, I'll go first --!"

When Su Xiaowan saw her, she didn't look for life or death. When she turned and walked to the door, she listened to the voice, "Su Xiaowan, I..."

"I'm pregnant, mom and Dad don't know!"

Sure enough, she is pregnant. Her ears are really good.

Thinking about people like Su Zheng, she probably can't tolerate women who get pregnant before they get married. She's a conservative family. Shen Yin, though she had to rely on Su Qiqi to marry Su Zheng at that time, she certainly didn't want her daughter to go her own way.

There's grandma in the Su family.

Granny Su is a traditional person. She smiles seriously. If she knows about Su Qiqi, she will be even more annoyed.

That's why Su Qiqi conceals it.

"I want to have a baby!"

She turned and seemed surprised.

She should have said such a thing.

Su Qiqi is the same age as her. She is only twenty-four years old. If she has a beloved man at twenty-four, it makes sense to get married and have children for the beloved man. But as she saw just now, that man has never given her any pity or love, let alone married her because of this man.

The era of trying to tie people with children is long gone.

Su Qiqi cried. This was the first time she saw the proud peacock crying into such an ugly appearance.

"I really want to be with him, but why doesn't he like me..."

Seeing that she was not in a good mood, Su Xiaowan took an absent-minded look at the corridor. There was no nurse. She wanted to go, and she was a little

"I'm not going to kill my child, I'm going to give her birth! She's only a few weeks old. How can I kill her? If I kill him, I'm the executioner? "

Su Xiaowan stood there, listening to where she was talking.

To be honest, she didn't sympathize with him much. She just felt that the child in his stomach was a poor man.

Su Qiqi is fooling around outside. As a result, he lets the child bear the responsibility for him.

"I won't sign it, and I won't knock it out! He belongs to me alone

Su Xiaowan didn't come down half an hour later. Cheng Weiwei is a little worried. Now she rushes up to find her and sees her standing at the door, trying to call her.

As a result, I heard about it.

At the moment, the doctor is still there to check her body. She is in good health, so the child is very healthy. It only takes a few weeks. In addition, she is an adult. When she makes trouble like this, she asks Su Xiaowan to persuade her.

After all, it's not more than three months. It's easier to have an abortion.

People like them are used to seeing this, so when they say this, there is no temperature at all.

"Little Granny!"

Su Xiaowan looks at Cheng Weiwei. For a moment, she doesn't know it's been so long.

"This..."

Su Xiaowan takes a look at Su Qiqi lying there. At this time, she has no attack power and looks a little pitiful.

But she told herself in her heart that there must be something hateful about poor people.

"You can't do it by yourself. Wait for your mother!"

**Chapter 372**

With that, Su Xiaowan follows Cheng Weiwei out.

Outside, the weather is fine.

However, the glare of the light made people unable to open their eyes. Su Xiaowan narrowed her eyes, but she didn't know what was going on. She always felt that someone was following her.

"Weiwei, do you feel like someone has been following us all the time?"

"Follow?" Cheng Weiwei looks back. Although there are many pedestrians behind, he can't find anyone who looks suspicious. But after all, it's outside, and Cheng Weiwei doesn't dare to be careless.

"Young granny, we'd better go home early."

"Well."

She followed Cheng Weiwei to the other side of the car. As soon as she was ready to get on the bus, she saw a child standing on the flowing road. She was a girl with a cute ponytail. She wiped her eyes with her hands and was crying there

All around are cars. At this point, at the gate of the hospital, there are many cars, and many drivers who ignore road safety are losing their heads.

She ran as fast as she could.

I don't know which mother left the child here so carelessly. She picked up the child and was just about to run over. If it was the past, she would definitely come over.

But all of a sudden, she didn't know whether it was the smell of the child or something. She just felt that it was dark in front of her eyes. Even her ears couldn't hear the sound.

All this happened so fast that there was no warning. There was always a lot of traffic and the sound of whistling, which was deafening in the distance.

Suddenly, only feel scalp numbness, even face suddenly pale up, she panicked do not know what to do, the child's hand pinched her neck.

If it wasn't for the pain of pinching her neck, she would have fainted a long time ago.

A pair of hands suddenly pressed on her shoulder, "young grandmother, what's the matter with you --!"

It's Cheng Weiwei.

She breathed and released, just watching Cheng Weiwei pull her out of the traffic.

Soon, the child's parents came to find the child crying, Cheng Weiwei reported the child to them, looking at Su Xiaowan.

"Young granny, what's the matter with you?"

Suddenly, in the ear, there was a sound again.

Su Xiaowan's face is too pale. Now Cheng Weiwei looks at her, "are you scared? Young granny, if you encounter such things in the future, just call me. Don't run by yourself. If something happens, the young master will be worried! "

She nodded.

Probably just had a physical examination, there was no problem in all aspects, so Su Xiaowan didn't think things were bad.

When she got home, she just thought that she had been using her eyes too much recently. She asked Aunt Li to prepare some blueberries, and then she sat in front of the computer to read the design draft.

When Feng Yan came back, Su Xiaowan was still eating blueberries there.

In fact, she does not like blueberries, but it is said that it is good for eyes, so she can only force herself to eat some.

Seeing Feng Yan push the door in, she just put a blueberry in her mouth. She was shocked because she was so focused on her work that she didn't expect that Feng Yan would come back.

Can't help but coy mouth way, "Feng Yan, you are not ready to scare me to death, so as to marry a new wife!"

"But if you dream, even if I am a ghost, I will always pester you --!"

He leaned over and gave her a kiss.

Su Xiaowan noticed something wrong with him. "Did Wei Wei tell you something about Su Qiqi? In fact, I also want to ignore her, but she has a life in her stomach. Su Qiqi is very bad, but the baby in her stomach is innocent. I'll go to see her and say I'm a good man, right?"

Feng Yan did not speak, just holding her.

Su Xiaowan seems to know something. Is it not because of this? Su Xiaowan frowned. Cheng Weiwei told him everything.

She was most afraid of Feng Yan's silence.

Maybe his parents didn't manage him when he was young, so when he was with Feng Yan, he sometimes existed like a father.

Let her always have a little awe.

"I know I shouldn't have kept it from you, but that child just stood in the middle of the road. If it was you, you would have run to it, wouldn't you?"

"She's very beautiful. I'm confused for a moment. Feng Yan, don't talk. I'm a little scared!"

Today, I received a phone call from Cheng Weiwei. He also saw Su Xiaowan's surveillance video. He didn't know what was wrong with him. His eyelids were jumping badly. Even if Su Xiaowan was intact and unintentionally appeared in front of his eyes without damage, he felt sudden in his heart and felt very uncomfortable.

"Don't do such a thing again!"

"But..."

"Disobedient, isn't it?"

She leaned her head on his shoulder, listening to his strong heartbeat. She wanted to refute something, but she didn't say it in the end.

Because she couldn't hear again.

Such a sense of panic, let her have a moment, is at a loss.

Even when he was close to Feng Yan, he couldn't hear the beating of his heart.

She opened her lips and wanted to talk, but she couldn't say anything

What happened to her?

What's going on?

She took a fist to knock Feng Yan's chest, wanted to tell him, but suddenly all the lights in the villa went out.

Feng Yan feels Su Xiaowan's panic.

"It's OK. I'll call later. Are you tired? I'll take you to rest! "

She really can't speak, even if he put his fist against Feng Yan's chest, he didn't notice anything.

It's a dream.

It must be a dream. Just wake up like before.

sleep

Close your eyes.

It is still the edge of the vast, no sound can be heard, but there seems to be wind around, because the wind is blowing her cheek, so painful.

It's like a knife.

She seems to have seen Feng Yan, but she can't.

Later, Su Xiaowan fell asleep.

The next day.

When the sky was grey and bright, Su Xiaowan woke up.

But when she opened her eyes, she still couldn't see anything.

It's not the same as before.

She didn't even know where Feng Yan was. She thought of a voice, but it was so stuck in her throat that she couldn't make it out.

"Ah

Feng Yan was awakened by this sound, and now he looked at her, "what's the matter?"

She couldn't hear the sound, but her hands were on her wrist. It was hot and she still felt it.

She pointed to her throat.

Want to tell Feng Yan desperately, but can't make a sound.

At last, she cried.

It's easy to be helpless, mostly because of the sudden stacking of many things, she didn't even have the

courage.

Soon, the doctor came.

Check to check to check, nothing has been checked out.

"Can't you hear my voice?"

### **Chapter 373**

At the time of saying this, Su Xiaowan had already passed out. Aunt Li knew that today Su Xiaowan had brought a test sheet and showed it to her.

The doctor frowned.

Examination results show that the little grandmother in addition to lower blood sugar, no other disease.

It's strange.

But hypoglycemia and myopia, it is impossible to even speak can not hear is.

In his old age, he had encountered many problems, but he had nothing to do with this situation. He grew up in Fengjia. Fengjia paid him to go out to study and study. He had all the skills. After he finished his studies, he worked for Fengjia all the time.

He could only turn to Feng Yan and say, "young master, there's nothing wrong with the little grandma's physical condition. If she is really ill, it's very strange. I've been a doctor for so many years. I really haven't seen anything like this."

The last time Su Xiaowan had an accident, he was not in China. In addition, he was diagnosed and treated by Mr. Chen, so he didn't know.

Feng Yan browsed deeply, looking at Feng Yi standing there, "go to find old Chen!"

The fief was ordered.

He ran out immediately. Before Feng Yan came to Su Xiaowan, the phone rang.

Probably knew that he would not answer the phone, so sent a text message.

Looking at the flashing SMS on the screen, Feng Yan's eyes widened.

I just wrote a very simple sentence.

——To save her, come to me at the Empire Hotel.

The phone is a strange number.

It seems that the time has been fixed. I know that she is

He held his hand tightly and smashed his cell phone.

Shen Jin.

He even gave him one.

There is no solution at all.

"Aunt Li, take care of her --"

Feng Yan left in a hurry.

Aunt Li, looking at Feng Yan's back, wanted to ask, but it was too late.

I can only go to my room to take care of Su Xiaowan.

Unexpectedly, Su Xiaowan woke up.

Her head was heavy, as if it had been pressed.

When she got up, she watched Aunt Li come over and said, "how are you, young granny? Can you still hear me"

Su Xiaowan nodded, can hear, can see.

"Thank God, young lady, you scared us just now, and the young master's face changed"

"Aunt Li, I'm fine. Don't worry" Now it was dark. At this time, I didn't see Feng Yan, "where's Feng Yan?"

"The young master just went out in a hurry. I don't know what he was doing!"

I'm out?

Feng Yan almost drove to the imperial group, but he didn't even give himself a chance to breathe.

But when I pushed the door in, I looked at the woman standing there.

When Shen Qi'er listened to the news, he knew she would come.

Because of Su Xiaowan's involvement, he will definitely come, but much earlier than expected.

However, in the future, Feng Yan will only be for her.

Feng Yan looked at the woman at that end. She turned around and looked at her wearing a thin nightgown and standing under the light, "Shen Qi'er, how are you!"

"Who else can I be?"

"The antidote!"

"What's your hurry? Since I asked you to come here, I naturally want to give it to you. Su Xiaowan's life is of no use to me, but it should be more important than anything to you. However, Feng Yan, if you want me to give you an antidote, you have to promise me something. Don't you businessmen all exchange interests equally?"

"What do you want?"

"I want you!"

#### **Chapter 374**

The man's narrow eyes stare at her, "are you sure?"

"Feng Yan, I like you. I've loved you since I grew up. Of course I'm sure!"

Shen Qi'er is a little crazy when he says it.

She stood there, looking at the man under the light, tall and cold in the back, with a frigid posture.

Just looking at it like this, my heart beat faster without control.

Shen Zhen didn't cheat her.

When the rice is cooked, she will be his man.

That day, Su Xiaowan went to the hospital for examination. She secretly asked people to buy news. It is said that Su Xiaowan is still a virgin.

In other words, Feng Yan did not touch her.

It's unexpected that Feng Yan hasn't touched her for half a year.

Just knowing this news is enough for Shen Qi'er to be happy for a long time. Her Fengyan still belongs to her and is clean.

It can't be clean again.

Mother is right. As long as she becomes his woman and has the flesh and blood of Fengjia, she can drive Su Xiaowan out of Fengjia no matter what.

She took some medicine with Shen Kan. As long as Feng Yan came in, she would not let him leave.

Shen Qi'er came to him and got closer and closer to him. The strong smell of hormones, with a familiar taste, rushed into his nose.

She hasn't been so close to him in a long time.

Her hand tried to cling to his chest, but he dodged it.

"Are you sure you'll give me the antidote"

Antidote?

Another antidote?

It is false to say that she is not jealous, but at this time, she told herself that she should not care. As long as she sleeps until Fengyan, isn't it all his?

Even Feng Yan will belong to her, not to mention her heart.

She took out a small box from the pocket of her pajamas. "The antidote is here. As long as you let me accompany you for one night, it belongs to you."

She was worried that he would not come. After all, she was not sure what Feng Yan would do for Su Xiaowan.

But here he is.

Suddenly she thought, her heart surging.

There was a faint smell of flowers in the air.

Feng Yan frowned. It was not an ordinary flower fragrance.

All of a sudden, the lights went out.

Shen Qi'er is a little flustered, because this is a five-star hotel, it is impossible to have such a problem. Before she thinks about it, suddenly a man's hand falls on her waist.

She was very happy.

Whose hand is it? You can imagine.

Sure enough, men are thinking animals in the lower part of their body. If Feng Yan can get into her bed so easily, she should increase her weight at that time.

Didn't you get her long ago?

Too late to be happy, the man suddenly grasped her wrist, and the low voice came back and forth in her ear.

"Feng Yan, are you suffering? I'll help you! "

Because she is also out of the room, naturally also absorbed some.

This magic medicine was given to her by Shen Jin.

It looks great.

His hands trembled and looked around his neck. The man's hard and powerful chest pressed on her. For the first time, she was so close to Feng Yan.

I just remember clinging to his neck and trying to kiss him. I have already forgotten the antidote on my hand.

Feng Yan, she finally wants him.

The hotel is equipped with a micro camera. She knows that even if she can't have a baby at one time, this time, as long as the man on the bed is Feng Yan, she can get what she wants.

She doesn't believe it. She has gone to bed with Feng Yan, and Su Xiaowan still wants him.

"Feng Yan, I've been waiting for you!"

.....

Three hours later.

Shen Qi'er went to sleep contentedly, and the man lying on her didn't stop until now.

It wasn't until after midnight that the man dressed and left.

Today, it's raining outside. Although I didn't draw the curtain, it's still very vague and I can't see anything. I just vaguely look at his neat back.

Shen Qi'er wakes up.

Looking at the slender man in a daze, he really turned his face and didn't recognize anyone. His hand was pressing on her, which was going to crush him to death.

But she still likes it.

"Feng Yan, can you stay?"

The man went away, as if he didn't even give her a figure.

She was lying on the bed. She was so intimate just now. Now she's gone.

She felt her stomach, hoping there was a little life here.

Bedside, the phone rings.

It's Mommy's.

Shen Qi'er climbs over and answers the phone, "Mom!"

Susie didn't fall asleep either. She thought about it and worried about it. They had no other way. Now, to maintain her position and get Shen Nanshan's attention, she should rely on the support of Feng family.

"How's it going?"

"Mom, we made it!"

"Really?"

"Of course, don't worry, just wait for the good play tomorrow!"

She hung up, regardless of the pain of her body, now she took off her micro camera from one side and led it into her mobile phone.

However, when seeing the video, Shen Qi'er's face is not good.

After so long shooting, I didn't get a little front of Fengyan on the bed.

The man only showed a head, and, it's fuzzy, but the voice is

Shen Qi'er has a happy smile on her lips. No matter what, it's Feng Yan.

.....

Su Xiaowan didn't wait for Fengyan, but when he came to Fengyi, the Fengyi people didn't find Mr. Chen, so he came to tell the young master about it.

As a result, I saw Su Xiaowan wake up and drink porridge there.

"Fengyi, Fengyan?"

"Young master, he..."

Fengyi was also unable to contact Fengyan.

This night, Su Xiaowan leaned on the bed. In the past few months, he almost went home every day. Moreover, she didn't come back to accompany her because she was like this today.

I couldn't get through on the phone.

I don't know where to go.

She was a little worried about him, but her body began to feel worse.

She felt uneasy and wanted to drink water.

But there was no water in the room, so I had to go downstairs.

Now it was late at night. Almost all the people in the villa were asleep, but she didn't think about it. When she went downstairs, she heard Fengyi talking to Aunt Li.

"You said the toxin in the body of the young grandmother before..."

"It's just a guess now, and we have to wait for Mr. Chen to come and make a diagnosis. But these days, the food and daily life of the young grandmother have to be taken care of properly, and some things that can't be eaten... I've listed them all, according to the last Chen..."

"Don't worry about that, but the disease of the young granny..."

"I heard Mr. Chen talk about this disease before. Now it seems that the person who poisoned us may have cheated us..."

"....."

"....."

Su Xiaowan stood there, listening to the conversation.

She was almost certain that she was.

Because of insomnia, deafness... All these are right.

She's going to die?

### **Chapter 375**

Outside the hotel.

The man in black walked out of the door with his head down. The black luxury car just stopped there. When he came out, the window came down.

"Young master, it's all done!"

He is Feng Yan's double. About four years ago, old lady Feng asked people to find him.

Since then, he has been behind Feng Yan.

It's better to say that it's a double, but it's worse to say that it's just a ghost.

But he didn't complain. Feng family was very good to him.

In the past four years, he has never been required to play.

Except tonight.

The young master called him in the evening and let him come here.

He went into the room and put the woman to sleep.

Although I don't know who the woman is, the young master's orders are never allowed to be disobeyed.

He is really like Feng Yan. At that time, in order to become him, he did micro finishing.

So up to now, to see the young master of his family seems to be to see himself, but the young master's face is really flawless, and he really has a scar, which was left a long time ago, and there is no way to heal it.

"Well, you go back first."

The man looked at him, it seemed that he was already sweating. His handsome face was hidden in the dark, and looked very strong and handsome. His human skin mask had been taken off, and his face looked handsome. He couldn't compare with him. In the end, he was the superior young master, but she was low in the dust.

"Young master, are you all right?"

There was a strong smell in it. He found it when he went in.

"It's OK. During this period of time, don't appear in front of the public, wait for me to contact you!"

"Yes."

The man got into a car and left. Feng Yan's eyes were dim. The reason why he didn't go was that he was drugged.

Besides, it's very heavy.

When he first came downstairs, he even had hallucinations.

It can be seen how much medicine Shen Qi'er took.

Feng Yan still doesn't get rid of his medicine. He doesn't dare to go back. Just now, Feng Yi called him and said that she was awake. He was afraid that he would do something to Su Xiaowan when he saw Su Xiaowan, because now his mind is full of Su Xiaowan, which almost torments him.

The medicine is very good. Feng Yan leans on his seat. That's what he did all night.

His endurance is always good. The physical training he received since childhood also tells him that he can't be seduced by the outside world. The only woman in his mind is Su Xiaowan.

But he can't go back now. He's afraid he can't help it.

He looked at the medicine in his hand. Tomorrow, she would be fine.

And Shen Qier... Will pay for it.

He took out a cigarette from one side. Thinking that Su Xiaowan didn't like his smoking, he stubbornly cut it off.

.....

The next day.

Before dawn, Su Xiaowan woke up, probably because Feng Yan wasn't around, so he didn't sleep well.

When he got up, Feng Yan still didn't come back.

"Where is Feng Yan?"

Aunt Li's eyes dodged as she came down.

"What's the matter?"

Aunt Li shook her head. "It's OK. I'm just worried about your body. You're not well. I'll help you to have a rest."

Su Xiaowan looks at the maids in the villa and stares at her with timid eyes. When she goes to look at them carefully again, they lower their heads and do their own things one after another.

She asked Aunt Li, but she couldn't find out anything. She just asked him to go upstairs.

Su Xiaowan was sent upstairs by Aunt Li. She always felt something was wrong. She wanted to call Feng Yan with her mobile phone, but unexpectedly, she saw a piece of news.

——When the popular actress late night private rich second generation, has not been out of the hotel until late at night.

She thought it was the gossip of those female stars who wanted to attract people's attention, but unexpectedly, she saw a few messages.

"Shen Qi'er has such a good figure?"

"It must have been taken secretly. How come all the bed photos have been taken!"

"Who is this man?"

"....."

"....."

Thousands of comments have brought the matter to the top.

Will Shen Qi'er get rich in private?

Open a few pictures, there is Shen Qi'er lying there, and his body, covered with a man, although the man did not take a face, but Shen Qi'er's body is basically a panoramic view.

Shen Qi'er was secretly photographed?

Or was it filmed in bed?

But it's nothing to do with her.

During this time, Shen Qi'er didn't appear in front of her, so she didn't have much interest. She just felt that she finally let go of Feng Yan, and she was still a little pleased.

But who knows, someone at the bottom said it.

"It's said that the man is the one who sealed the family. Now the news has been suppressed. I think it's probably Shen Qi'er who was cheated by the man. Otherwise, how could he take such a picture --!"

I don't know if it's because of this seal.

So... She stopped and went on to watch the news.

Soon, Shen Qi'er made a statement that it was a press conference.

A legal statement was issued to journalists who violated their privacy.

"I don't know who installed the camera in the hotel and how to post the video on the Internet. I don't know. I have already called the police..."

"As for the man in the video, i... now that I have been photographed, I don't want to hide it from you. We were together last night, and I like him. We have been dating. Therefore, it's reasonable for men and women to love each other... I hope you can leave some room for me and don't spread those photos any more..."

Shen Qi'er is a creative female singer after all. At the beginning, she tied a lot of loyal fans. Even now many scandals and bad things have happened many times, but those people have not left.

At this moment, after the press conference, I brush the sense of existence under it.

Su Xiaowan looked at the bottom and said.

It's young master Feng.

"I was on duty there that day and saw an ugly man go there. That man was the young master of Feng family, the one who was disfigured at the beginning!"

When Su Xiaowan saw that word, he was stunned.

Feng Yan?

Feng Yan didn't come back last night. Were you with her?

She didn't believe it.

When Aunt Li pushed the door in, "little grandma!"

Su Xiaowan's mobile phone banged on the ground, so the news was exposed in front of Aunt Li.

"Little grandma..."

Aunt Li originally wanted to let Su Xiaowan rest, but who knows... They also saw this news in the morning. The young master didn't come back all night last night. Although Aunt Li also wanted to believe the young master, but

That damned woman sent a used condom in the morning.

This is not an obvious fact to promote sovereignty.

### **Chapter 376**

"Young granny, it must be a misunderstanding. Don't think about it!"

Su Xiaowan was held by Aunt Li. Now she was in a mess, but she nodded.

About a few minutes later, Su Xiaowan went downstairs to listen to the maids.

"That Shen Qi'er is disgusting. She even sent all the condoms."

A maid spoke angrily.

"I didn't mean to show off that she was the one with the young master last night."

"Maybe it's fake."

"How can it be fake? Look at the people in this picture. They are our young master. The scars of the young master are still there. How can this be wrong? I think nine times out of ten, don't tell the young grandmother about this. Don't make her unhappy..."

Su Xiaowan went downstairs and looked at the people at the other end. "What are you looking at? Show me!"

The maid with the photo suddenly felt guilty. Looking at Su Xiaowan who appeared in front of her, she

quickly shook her head. This is just sent. The things in the villa usually need to be opened to see if there are any bad and unsafe things inside, so they opened the envelope.

As a result, I saw such a picture.

They wanted to lose the photo. They thought that the young granny was upstairs. They wanted to talk about something in private. But who knows, the young granny went downstairs.

One of the girls looked at Su Xiaowan and couldn't help saying, "I think this should be known to my little grandmother."

Then he took the picture from a woman's hand and handed it to Su Xiaowan.

Just a glance, her face changed quickly.

If the nude photos just now don't look very clear, then this one is too clear. She even saw the man's side face.

It's angular.

The woman's coquettish appearance refused to meet, even saw that the man was kissing her lips

Although Su Xiaowan is not in charge of human affairs, the obvious thing is that everyone knows what they are doing.

All of a sudden, I felt as if I had been stabbed in the chest.

She believed that Feng Yan would not be sorry for her.

But now, it's only dry and dumb.

I can't say anything.

The maid looked at her pale face and added to it.

"Young granny, don't be disappointed. Don't be such a man. I said that men like fresh things, even our young master is no exception!"

"When the woman outside loses her freshness, he will come back!"

Fresh?

The maids looked at Su Xiaowan walking upstairs. They glared at the woman who had just said, "if Aunt Li knows, you can't afford it."

"I'm also for the sake of my little grandmother. She is so kind to you on weekdays. Do you have the heart to be cheated? You are so cruel. Even if I am dismissed today, I don't regret it -- " As the maid said this, her cunning eyes flashed.

Aunt Li soon learned about it and dismissed the maid.

"Here, you'd better make it clear to me what you should say and what you shouldn't say. If something like this happens, don't blame me for not caring."

The maids nodded, "we know."

"Let's all go to work and cook some delicious food for the young granny. Later, we'll serve it to her. Who's more talkative and can't eat it."

Several maids nodded, blaming the talkative one after another in their hearts. She left the mess for them now. If the young master knew, they would be too much to eat.

Su Xiaowan stood in front of the window and looked down. All the lotus flowers in the pond were in full bloom.

"Grandma, I made your favorite afternoon tea!" There was a knock on the door outside.

"I'm not hungry."

Aunt Li took a look at the closed door and thought it was better to calm her down.

Feng Yan came back in an hour.

Today's news, of course, he saw that Shen Qi'er was going to make such a move, but now, Feng Yan has no time to deal with her.

Just want to quickly give her the antidote to eat.

As a result, she ran upstairs and looked at Su Xiaowan standing at the window. She looked like a kitten, pitiful. The afterglow of the setting sun fell on her, and her lonely back seemed to have no one to rely on.

He was very distressed to think that she was suffering from the pain alone these days.

He went over and hugged her.

I thought about her all night last night. He went to the hospital this morning, so he came back a little late.

"What's the matter?" Su Xiaowan felt a warm embrace and enveloped her.

It's Feng Yan.

Because no one would hold her like this, she was almost out of breath.

"Hold you --!"

Hold her?

Is it hard for Feng Yan to blame himself for the news?

"Where have you been?"

Before her words were heard, suddenly something was put into her mouth and pushed into her mouth. Su Xiaowan's teeth responded with a bitter taste, "what?"

"Swallow it down."

A man's bossy mouth.

Swallow it?

"I don't tell me what it is, I don't eat it."

"Eat it, and I'll tell you!" The man with deception, looking at her eyes become very gentle.

Su Xiaowan was dubious, but she always felt that it was because of her illness.

So, last night, Feng Yan went to Shen Qi'er to get the medicine for her?

Su Xiaowan's side eyes look at Feng Yan. She doesn't know what Feng Yan is going to do, but she has seen the photo just now, not him.

Marriage is about trust. She believes in him.

So, I didn't ask about Shen Qi'er.

She has been in contact with him for such a long time. Naturally, she believes that he won't do such a thing. Even if he likes Shen Qi'er and has so many opportunities, why does he have to wait so long.

The man in the photo is another person, with a beard on his chin, but Feng Yan's chin is not... Even if the man tries to hide, she can still see clearly.

I just don't understand why Feng Yan did it?

Watching Su Xiaowan take the pills, Feng Yan always feels that his heart is not steady.

In order to avoid being put together by Shen Qi'er, he didn't disclose the matter.

"Is it delicious?"

There was a bad smell of medicine in her mouth. Su Xiaowan ran over and took a mouthful of it. After swallowing it, it was bitterly astringent.

"It's terrible. What is it?"

"Sugar."

"Liar, you are bitter with sugar!" Su Xiaowan frowned at him.

Feng Yan looked at her.

Today's affairs are so noisy. When he comes up, he looks at the maids with strange eyes. Most of the people in the villa know it.

"Nothing to ask me?"

Ask?

So symbolic?

"What did you do last night?"

Feng Yan looked at her and covered her forehead with his hand. He didn't explain, "did you miss me when I didn't accompany you last night?"

"I'm glad to say that because of you, I didn't sleep last night. Feng Yan..."

Before the words were heard, Mr. Chen pushed the door in.

Mr. Chen was found by Fengyi all night. When he came in, he knocked on the door several times, but he didn't respond. He didn't know they were hugging each other.

"Oh, don't look at me if I'm not polite, don't look at me if I'm not polite --"

"Old man --!"

Su Xiaowan didn't know how Feng Yan invited the old man, but most of them realized it was because of his illness.

Mr. Chen went over and looked at Su Xiaowan's pale face, then at Feng Yan.

"Girl, last time I left in a hurry, I didn't give you a good check-up. Today I just came over and stretched out my hand to give you a pulse! I'll tell you, people have to queue up if they want me to see her on weekdays. "

Su Xiaowan's eyes just fall on them. Feng Yan doesn't want to let them know his illness, but is afraid of worrying about himself.

Since she doesn't want to let herself know, she should treat it as if she doesn't know.

Su Xiaowan obediently stretched out her hand. She didn't know how she felt sleepy for a while.

After Chen finished his pulse, he took a look at Su Xiaowan and then Feng Yan.

"How's it going?"

Old Chen shook his head. "Didn't you say you had the antidote? Give it to her right away. "

"She's already had it."

"It's impossible. Her pulse is weak. It's not like she has taken the antidote. Have you been cheated?"  
Chen brow deep lock, clearly last time is to take the antidote, do not know why suddenly become like this.

According to Chen's words, Feng Yan understood all of a sudden.

Shen Qi'er put a cover on her.

The antidote is fake.

But when he just came back, he went to the hospital for testing, and there was no problem with the medicine.

Maybe she took a medicine casually to fool him.

Su Xiaowan sleepy attack, after all, can not resist, sleep in the past.

Old Chen sighed and looked at the girl on the bed. She had lost a lot of weight these days.

"This girl also has a hard life. I won't have a good day with you."

"It's my fault."

"You're making a lot of noise with other women, and I'm not afraid she won't let you go!"

"Mr. Chen, if others misunderstand her, she will not."

No one else can interfere in their marriage. He believes in her, and she also believes in him.

But now he didn't want her to worry about her illness and be depressed every day.

It's like Su Xiaowan doesn't want to let himself know his illness.

Old Chen's deep eyes look at Feng Yan. This man's temper is very similar to his mother's. he probably doesn't bump into the south wall and doesn't look back.

Even like a person is the same.

"Hurry to find an antidote for her, otherwise, Da Luo fairy can't save her."

.....

Shen Qi'er lies at home. She knows that Feng Yan will come to him.

Because the pills she gave were fake.

It's just a very common medicine for headache.

Shen Qi'er doesn't prepare to let him throw her this time when she dominates Feng Yan. In addition, Susie is always giving advice. Naturally, she has all her heart to fight against.

Soon, the phone was through.

It's much earlier than she expected. It seems that Su Xiaowan's position in her heart is very deep.

"Feng Yan!"

### **Chapter 377**

Sweet and greasy voice came from that end, but Feng Yan's face was still very cold. He held his mobile phone and said, "come down."

Come down?

Shen Qi'er happily climbed out of bed and opened the curtains in her room.

Sure enough, looking at the man downstairs, it was Feng Yan, no doubt.

"Feng Yan, wait for me, I'll be down in a minute --!"

Shen Qi'er is happy for a moment, took the mobile phone, that contacted the reporter.

That day's photo did not take Feng Yan's face, she was very guilty.

"Hello, reporter Chen! It's me

"Last time you helped me, I definitely want to sell you face. There's a big news tonight, exclusive. Do you want it or not?"

"....."

"Well, it's up to you to get to my house downstairs in ten minutes. It's up to you whether you can take pictures or not."

After hanging up the phone, she went to the bathroom where she made up again, changed her clothes, looked at her in the mirror, and went downstairs satisfied.

Feng Yan stood in front of the car, his handsome jaw was tight, his black eyes were deep, and he could not see his inner thoughts.

"Feng Yan, why are you here?"

"What do you say?"

That gloomy voice, let Shen Qi'er original dream scene all burst, she raised her eyes, pretended to stare at him, "you hurt me last time, you are still so fierce to me! I've given you the antidote and I've given you the person. How can you do that? "

"You know I don't like to beat around the bush. How can I get the antidote?"

"Why don't you have dinner with me? I haven't eaten yet."

Shen Qi'er wanted to take his arm, but now he was ruthlessly pushed away, "what you did to me last time, you know in your heart."

"But Feng Yan, didn't you touch me in the end? If you like Su Xiaowan so much, how can you touch me! Feng Yan, I don't need fame, I really like you..." Shen Qi'er cried with tears, her voice was like a kitten, trembling, which made Feng Yan upset.

"I repeat, the antidote."

"Feng..."

Before the voice fell, Feng Yan's mobile phone rang. He picked up the phone, took a call and left.

.....

Shen Xiaobei looks at this strange place and is very angry. However, seeing the girl who is about her age, she has a lot of good feelings.

But Su Xiaowan didn't see Shen Xiaobei.

Shen Xiaobei didn't hear what they were saying because he was standing far away, but he was lip shaped and seemed to be a young master or something.

But that girl is so beautiful.

Quiet and elegant.

It's the type Shen likes.

Why do you think of that damned man again.

Shen Xiaobei didn't see Su Xiaowan, but he was taken to a place, a vacuum room.

"What are you doing?"

"When Shen can deliver the antidote, when can you leave?"

"The antidote?" Shen Xiaobei feels inexplicable. She's so good at school that she thinks she's bound here as soon as she gets out of school. Now she's locked up in this place.

Originally, I thought that the woman outside Shen Kan had retaliated, but now it seems that it is not.

She unconsciously wronged extremely, "Shen Ken recruited you, you just go to find Shen Ken, why did you catch me, I have to go to school!"

"Miss Shen, when master Shen delivers the antidote, you can go to school immediately."

"But I don't know what you're talking about!"

"In short, Shen Zhen poisoned our young grandmother."

Poisoning?

"Miss Shen, you'll stay here for a few more days. The maple leaf here is the most beautiful in the world. Some people can't enjoy it if they want to."

This vacuum room is used for viewing flowers. Shen family also has one, but the flowers in the garden are not as colorful as here.

Is very beautiful, especially this season's maple leaf, clearly in other places, now maple leaf is not so red, but now here, but very red.

It's just... She's here.

The man in the room left, and Shen Xiaobei stood there. There was no one around, and he didn't know what the big place was for.

She angrily turned out her book and decided to start reading.

.....

Old lady Feng was watching TV at home, but now she saw a familiar figure.

Looking at the woman standing next to him, he suddenly got angry again.

"What's the matter with Shen Qi'er? Ah Yan is confused. How can she have an affair with her again? I'm really angry. I don't care about my wife. I'll find a woman outside if I don't show up."

The old lady was so angry that she went to the old house immediately.

When she went there, Su Xiaowan was resting. The old lady thought to herself that she was sorry for Su Xiaowan, or that she had such a bad offspring, and that she had such a need, and that she could not worry about it even when she was so old.

"Don't let Xiao Wan see today's news. Anyone who says something wrong, just go away!"

Aunt Li stood there with her, "don't worry, old lady. I'm here about this."

"It's almost noon. I cook myself. Last time, Xiaowan liked my asparagus very much! By the way, do you still have asparagus in the backyard? "

"Yes, yes."

"Then get some and I'll fry it later!" The old lady rolled her sleeve, but she didn't know where Feng Yan

had gone. Now she didn't come back. As soon as she turned around, she suddenly thought, "forget it. I'll go with you. The asparagus you picked are too small."

Aunt Li used to follow the old lady, and they knew each other since childhood. At the beginning, they were brought by the old lady's family, but they were much younger than the old lady.

When the old lady married into Fengjia, Aunt Li was only half of her age.

The two went to the backyard together.

"The maple leaves here are all open --!"

"Yes, I like it. The young master bought it from abroad a while ago. It's already red before the weather comes! Even the soil is transported by air from abroad! "

When it comes to that little bunny, the old lady is very angry.

"If he was so kind to Xiaowan, I wouldn't have to clean up the mess for him. You see, what's going on all day? I didn't like the Shen family, but now I'm good. I have photos when I have sex Affairs..."

Aunt Li hesitated. If she knew that Shen Qi'er had sent the photo and the condom home yesterday, the old lady would not have to carry a knife to cut people.

But you can't let the people under you talk nonsense.

Just a few steps, I heard someone talking.

"You said that the old lady came here today, but she didn't really come to appease the young lady because of the young master's infidelity? I don't think the young granny is in good spirits these days. She seems to be sick! "

"If you're a little grandmother, you'll get sick too. Yesterday Shen Qi'er sent all the condoms she used to her home!"

### **Chapter 378**

This words, so intact into the old lady's ears.

Aunt Li was so angry that she told them not to talk about the master's affairs in private. Now it's OK. I can't hide it.

"To be honest, is it true?"

Aunt Li nodded.

The old lady was so angry that she turned her back. This dead boy, unexpectedly

"Old lady, it must not be true that the young master is so kind to the young granny. It must be that Shen Qi'er deliberately stirred up dissension!"

The old lady's face was black, "call Feng Yan quickly and let him come back!"

"The young master went out last night, but he hasn't come back yet, and he can't be contacted."

"My poor little Wan, why did she marry such a man?" The old lady wanted to cry without tears, "but it's OK not to be such a man. Although I was born, we are sorry for Xiaowan. If she really wants a divorce, I will be the first to support her..."

Before I heard it, I watched a woman in maid's clothes open the door.

"Who lives there?"

"It's the pet dog of the young master. These days, the young grandmother is not well, so Zeus has been keeping it here all the time!"

The old lady knew that Feng Yan had a dog, but she was allergic to dog hair, so when the servant said that, she didn't think about the past.

She followed Aunt Li to pick some asparagus and went back to the kitchen of the villa. As it happened, Su Xiaowan woke up.

The old lady is very apologetic, but she has a bad son. She doesn't want a good girl like Su Xiaowan, but she has to deal with the Shen family.

Su Xiaowan doesn't know what the news is like now. As far as she is concerned, her physical fitness is getting worse recently. She can't eat, but she sleeps a lot.

Last night, I don't know if Feng Yan came back, but I woke up in the morning, but I didn't see him.

It's the old lady.

"Ma!"

"Come on, I hear you're not feeling well these days. Come and see you." The old lady pulled the stool for her and looked at the dishes on the table.

"Mom, you sit down too --!"

"Good --!"

Looking at her thin face, the old lady was distressed. She had a meal with her. Because the old man was in a hurry, she had to go.

"Xiaowan, if you feel like you're in a hurry, you can go and live at home for a while. I can take care of you during this time."

I don't know why, Su Xiaowan always feels that they seem to be hiding something from her.

But if she wants to live in the old house, it is obvious that she is not willing to live alone.

It's not that she doesn't want to go, it's just that she doesn't want to move.

"Mom, I'll go back with Feng Yan in a few days!"

"... well, Ma's going first!"

The old lady told Aunt Li that they were saying something mysteriously. As soon as Su Xiaowan came, the old lady closed her mouth.

Watching the old lady's car go away, she looked at Aunt Li, "Aunt Li, what did mom tell you?"

"Nothing, just let me take good care of my little grandmother."

She glanced at her watch, "why hasn't Feng Yan come back?"

"Young master... Young master is very busy these days. He went out before dawn."

The poison in Su Xiaowan's body is controlled by Chen Lao with medicine, so she doesn't know that there is poison in her body, and it's very serious.

She just feels a little sleepy recently.

I thought it was because I didn't get enough sleep a while ago.

"Little grandma, don't go to work these days. Your body is just right. Let me help you to have a rest."

"Well."

Su Xiaowan went upstairs and took out her mobile phone, but who knows that there was no signal at all in this place. She ran down, "Aunt Li, there is no signal at all."

Aunt Li said, "the line is broken these days. Someone has come to repair it. But it's said that the total line outside is broken. You need to replace all the lines. Young granny, you'd better read books these days."

Recently, they are all very strange. Even old Chen, when he comes to their house in the evening, says that he is here to eat, but he is always asking about her health.

But didn't Feng Yan let him take medicine that day?

Where has he been these days?

.....

Luxury yachts.

Shen Zhenzhen's Feng Yan grabs Shen Xiaobei, and the cup is crushed by him.

"I'm absent-minded. What are you thinking about! It's not because you dare not bet with me, is it -- "

Yan Yi is an underworld. He has been dealing in drugs under his hand. Shen Kan is the person found in Shen Nanshan's mobile phone address book.

If you want to move to shennanshan, you must start from this word and find evidence.

Shen Nanshan has been on the road for such a long time. Basically, he has no way to verify many things. Now, Yan Yi is the person he wants to get rid of.

Because I heard that he had all the evidence of Shen Nanshan in his hand.

But this one is not easy to deal with. He is from Shen Nanshan and more unconvinced than Shen Nanshan.

When Shen Kan was a teenager, he came out to roam around and climbed up to his present position. Naturally, he offended a lot of people. In addition, he was Shen Nanshan's son, so he was not pleased with him for a long time.

It's a good one.

If it wasn't for him, Shen Nanshan would be looking for his own successor now.

Although Shen Nanshan is white now, it is said that the Shen family was also a famous family in Jiangcheng. Moreover, there is another thing in the Shen family. Shen Nanshan killed his brother and took the treasure as his own. Now it is in Shen Nanshan's hands.

Of course, these are all rumors from outside. Although it's a rumor, no one has seen it before, it's undeniable that people on the road will think that there must be a certain basis for whether it's calm or not.

It's a pity that no one has ever seen the real face after such a long time.

He looked at Shen Kan, who was much younger than him, but he was unforgettable. He robbed his own territory just a few years after he was born.

In particular, Shen Kan has a handsome face, which turns all living beings upside down. It's said that he's hooking up with Ye's daughter now.

But he himself, because he followed Shen Nanshan when he was young, and his face was cut a lot. Up to now, no woman is willing to marry him.

"There's something I don't dare to do!"

Yan looked at Shen's appearance and took a puff of smoke. "I heard that you have raised a woman recently. She is only a teenager."

The man's eyes flash slightly. Few people know about Shen Xiaobei. It seems that the people around him are not all loyal to him.

"Why, Yan Ye is also interested in little girls?"

Yan Yi laughed wildly and gloated, "I wanted to try to see what a teenage girl tastes like. It's a pity that the family of Feng took the lead. Dear, have you offended the family of Feng recently? If the old man knows this, you'll be fed up with it! "

### **Chapter 379**

Shen can't see a trace of happiness and anger in his brown eyes. Today, he wears a pair of glasses and looks like a polite scum. If you look at his eyes carefully, you can feel that there is no temperature in his eyes at the moment. "No matter what, I'm also father's son. Yan ye, maybe you'll have to help me wipe my ass in the end!"

Yan Yi's hand is still burning a cigarette. Now he is holding it. He wanted to take this opportunity to challenge Shen Zhenfa and ask him not to be arrogant all the time.

He is now in a position where he does not know where to be ranked. You know, in those days, he did not dare to provoke this family. In those days, the old man of that family broke one of his legs, so that now he can't walk normally. Up to now, he is afraid of the word "family".

Now, although the young master of the letter is a waste, he is also a powerful person, but no one dares to touch them because of the letter.

At this time, suddenly a door opened, and the person under the hand had no time to report, just looking at a tall figure coming towards them.

"Oh, isn't this the young master of Feng's family? I've come so far to my small place --!"

Just now, the people at the bottom said that the Fengjia people came.

Yanyi didn't know Feng Yan, but he had heard about him. He was very ugly. Now it seems that he didn't look very good.

I heard that the young master was burned by the fire. Now it seems that it is true.

"You know why I'm here. If you want a woman, give me the antidote!"

Shen Kan sneered, "the antidote is not in my hand. Take her and threaten me. Do you think it's useful? Feng Yan, I think you should check her identity. Don't you think I should lose my chips for her? "

"If you want to try it, try it!"

Feng Yan threw his mobile phone out of his pocket. It's a video.

The girl in the video screen is so quietly lying on a white bed, the young face is more and more thin, and the white skirt covers her slender body.

It looks like a fallen leaf, on the verge of withering.

She seems to be dreaming, but it seems not.

She twisted Xiumei, as if it hurt, but her eyes were extremely empty. She didn't beg for mercy. Her small face was cold, and it seemed that there was no temperature at all.

Under Shen's eyes, it's dark now.

"What? Mr. Feng also likes this one? "

Feng Yan took the mobile phone, said a word to the other end, and then turned to look at Shen Kan, "I heard that Shen Nanshan likes this type recently. Why don't you give it to Shen Nanshan for fun?"

Where does a man's lazy appearance depend on? He believes Feng Yan can do it.

"The antidote is not with me. The only one is in Shen Qi'er's hand."

"It seems that you really want me to give her to Shen Nanshan." Feng Yan's tone is light. For him, Shen Xiaobei is just a passer-by.

Being in his heart has no effect at all.

But for Shen, it's different.

Even though he was trying his best to disguise, it was at this time that Feng Yan could see it.

Shen Kan pretended to be indifferent, but the subtle action couldn't hide it from him.

"I got this medicine from nanlingdu people. I gave you one and two antidotes last time, and I gave one to Shen Qi'er, so you should go to Shen Qi'er. After all, she is very devoted to you. If she wants to, she will give it to you, let alone an antidote?"

If you go to Shen Qi'er, he won't come to him.

What's the relationship between Shen Kan and Shen Qi'er? He doesn't know.

But this nanlingdu?

"You don't have to look for this group of people. They live in the sea all the year round. They don't have a fixed place to live. They wander all the year round and have no trace to find."

"Shen Jin, you'd better not lie to me, or you won't want to see her again."

Shen Kan just watched Feng Yan walk away. How can he think of it? One day, he needs to ask Feng Yan himself.

It's just, that's all in the future.

For Shen Kan, now he only wants revenge.

And his only way is to exploit everything from this man and lay a foundation for himself.

Weaken the power of Shen Nanshan.

Only in this way can we grasp his weakness.

"Are we going to gamble or not

They have a big stake this time.

Yan yizao is already eager to try. This time, he wants to win back the chips he wants from Shen Kan, the transportation rights of a port.

"Of course."

Shen Kan looks at his hand and thinks about Shen Xiaobei.

This damned woman has long told her not to walk around.

In the middle of gambling, Shen Kan suddenly lost his hand.

"Yan ye, it's interesting to play such a trick when dealing with his family after being on the road for such a long time?"

Yan Yi grinned flatteringly. He just won several games, all of which were won by cheating.

This place is his territory. I don't think Shen can say anything.

"When I was on the road, I had nothing to do with you!" Yan Yi looks at Shen Kan. In recent years, this damned little boy has done so much to rob a lot of territory.

People in the world call him Ken.

"In my life, I hate people playing tricks in front of me. Yan ye, I respect you as an old man. I'll let you in this game, but you won't have such a chance in the future."

Shen Kan dropped his words and left directly.

Yan Yi was infuriated by him and angrily lost the cup in his hand. At the moment, the pawns around him came to him, "Yan ye, anyway, Shen Zhen came here alone. Why don't you kill him? What's the matter with you

"Do you think he came alone today?"

"Yan ye said..."

"It seems to be a person on the surface, but in fact, I don't know how many people are behind him. Now, I can't move my status casually. I haven't found out how many people he has. It's not good for us to meet with him." When he said this, he said, "besides, after drinking tea, he will not only listen to me."

"Yes, Yan Ye is wise."

When Shen Kan came out, he felt dizzy.

Shen looked at Shen, and immediately came up to support him, "young master, are you ok?"

"Nothing."

Shen Kan knows the purpose of Yan Yi's letting him come here this time.

It's poisonous in the drink just now.

He knows that, too.

But you have to drink it.

"Young master, why are you so hard? We don't have a chance to win if we fight with them. Why do you take yourself up? You don't know that Yanyi is good at playing tricks, and..."

"Where's Shen Xiaobei?"

### **Chapter 380**

Before he finished, Shen Kan took the lead.

"No one can be found." No one was found.

Now with his contacts, I can't find anyone.

It seems that Feng Yan is really ready to take things seriously this time.

"Go to Shen Qi'er and ask her to hand over the antidote!"

"But Miss Shen won't take it out obediently. I heard that young master Feng was fooled by her last time! Now the antidote is in Miss Shen's hands. I'm afraid... "

Shen Zhen only felt that his head was swollen and painful, and he felt that all the cells in his body were trembling.

He doesn't know whether helping Shen Qi'er is getting in his way.

"Young master, I'll help you back to rest! Don't worry about Miss Shen. I'm sure someone will find her. Master Feng is for the antidote. Miss Shen is his chip. He won't hurt it. "

Shen Kan's evil eyes flashed a bit of killing intention.

"He dares to touch her!"

.....

Shen Xiaobei is locked up in this place, where there is a dog.

It's a big Tibetan mastiff, but he's locked up in a cage, but it's only one step away from her.

It's a short way, but it's daunting. The Tibetan mastiff is about to be bigger than her when she jumps up. There are no such animals in Shen Kan's villa.

Because Shen Zhen is addicted to cleanliness.

Although the big Tibetan mastiff looks fierce, she knows that if she doesn't go there, she won't bite herself.

Shen Xiaobei looked at her, it seems to have taken her as food to the mouth, she was far away, deeply afraid that the cage could not stop it, "don't run around, I'm a good man!"

"I don't know what's the matter with your master. I have no grudge against him. I'm locked up in this place, and Shen Zhen, who has done bad things himself, but has to take me as a back-up."

Shen Xiaobei chattered on and on, "you say I'm the one who's provoking someone. Every time I'm the one who's having bad luck, in fact, your director has caught the wrong person. I'm not his woman."

"But it's lovely of you to be good!"

Shen Xiaobei had a little dog when she was a child. She met it on the road from outside. She thought it was pitiful, so she took it home, but her mother didn't let her take it.

After all, they had to feed him at home. Although they were not poor, her mother refused to feed him and secretly left the dog outside when she was sleeping.

Later, when Shen Xiaobei went to find the dog, he never found it again.

She likes dogs very much, but since that time, she no longer dare to raise them. She is afraid that she will not be responsible and let the dog down.

The Tibetan mastiff seems to be tired and lying on the ground.

She sat down, too.

Here in Shen Xiaobei, there is only a simple bed. When she was arrested, she was still carrying a schoolbag. She had just come out of school when she was arrested.

She felt very unlucky.

These days, the teacher also assigned a lot of homework, was locked in this place, she has completed a lot.

I don't think there is such a person as her.

Shen Xiaobei holds the pen.

The piano outside is playing again.

It's the piano.

She heard Shen Jin play the piano, but the music

It's very sad. Maybe the player is not happy. Although he doesn't know much about the piano, it seems to be such a feeling, because she has an impulse to cry.

Maybe I'm too emotional.

Is that the man you saw that day?

Are you locked up here just like yourself?

That's why you play such a sad tune?

This master, should not be a pervert!

Also, it's not a good person to deal with people like Shen Ken.

It seems that she has to find a way to let that girl run out with her.

Her brow is frowned tightly, but it's easy to get out recently, and it's hard to get out. Unless she has the function of invisibility, there are bodyguards everywhere in such a big place, and it's hard to move.

In a daze, Shen Xiaobei lay on the bed and fell asleep.

.....

Fengyan asked Fengyi to prepare a lot of maps and materials, but there was no record of the message about how to ferry people.

"Young master, is it Shen Kan who cheated us?"

"No

Shen Xiaobei's position in his heart is not low, so he won't lie.

But

It's not easy to find.

Those people have always been mysterious. In addition, they will lose their sense of direction on the sea. It is not easy to find them.

"Young master, Shen Qi'er wants to see you outside!"

"Let her in!"

Feng Yi listened to him and put away these things. Although he didn't know what the young master wanted Shen Qi'er to do, it was obviously not his place to stay, "young master, I'll go down first!"

"You stand here!"

Standing here?

Fengyi didn't know what the young master was going to do, but when he received the order, he stood aside obediently.

Shen Qi'er is very happy today. She is pregnant.

I didn't expect that I would be pregnant.

It should be that night.

Originally, she didn't want to go there, but these days she should have menstruation, but it was delayed for a long time, she didn't come. She went to the hospital to check, but she was pregnant.

I can't tell what she's feeling right now.

Some of them are confused, some of them are timid, and even some of them are afraid that Feng Yan will not recognize the child.

Did not expect to come here, Feng Yan even said to see her?

She was very happy.

"Feng Yan..."

A coquettish voice made the feudalism standing there a little unbearable.

What's more, she has a strong fragrance on her body. It's so pungent that it's going to kill him.

"What's the matter?"

Shen Qi'er looks at Feng Yan's indifferent face. Fortunately, she has already made psychological preparations outside, so at this moment, there is not much loss.

"Feng Yan, I'm pregnant. It's your child!"

In order to be afraid that Feng Yan would not admit it, she brought B-ultrasound.

It says early pregnancy.

"I see."

got it?

Although he knew such a simple sentence, it was enough for Shen Qi'er to be happy. At least Feng Yan didn't say that the child was not his.

"Shall I be born?"

"You can have it if you want. It's your baby!"

Shen Qi'er was even more happy when he said that. He thought Feng Yan would not have the child, but now it seems

Not at all.

I can't see his anger on his face. Maybe he likes the child.

"Then..."

"I have something else on my side. Go out first."

"Good."

When Shen Qi'er turns around, she doesn't see Feng Yan's smile.

She stroked her child. She knew it was so simple that she would not bother.

"By the way, when will you give me the antidote?"

Shen Qi'er's happiness was suddenly covered by this sentence. She turned around, "since I'm pregnant, the antidote is useless to me, but I don't want my child to become an illegitimate child. Feng Yan, shall we get engaged?"

"Whether you have this idea or not, as long as we are engaged, I will give you this antidote."

Shen Qi'er left.

Feng Yi looks at him. Just now Shen Qi'er's words still reverberate in his ears. The young master and the young grandmother have already married and obtained the certificate. If they want to really get engaged to Shen Qi'er, then they don't want to divorce the young grandmother?

Young granny is like this now. If she's getting divorced? I can't stand it.

As like as two peas, she had asked her to check the problems before she went to the hospital. It was a mental problem, though not as much as her mother. But is this situation just like that when Su was going to Shen Yin, and then she pushed out Sue Xiao Wan's mother?

It's said that not long after the divorce, people go crazy. Not many months later, people jump to death

He doesn't want to see this

"Young master, you can't get engaged to Shen Qi'er."

"I said I was engaged to her?"

"You can't have such an idea in your mind." Feng Yi knew that even if he wanted Feng Yan's life now, he would not say no as long as he could save Su Xiaowan.

People fall into the whirlpool of emotion, it is difficult to get out.

What's more, it's the one who sealed the house.

Those who seal their families are always loyal to love.

At the end of the day, it's just brain drain.

Young master, although he is very shrewd on weekdays, he will inevitably fall into the trap of others when he encounters such a thing. Otherwise, he won't be told that Shen Qi'er has set him up.

"No matter what method, find the group of people Shen said, get the antidote, and let Yun return home!"

Cloud?

Is it a substitute for the young master?

Why did he come back all of a sudden?

.....

Su Xiaowan has been staying at home these days. She has nothing to do. After reading for a while, she feels a little sleepy. When she wakes up, Feng Yan doesn't come back either. Because there is no phone, she can't be contacted. She doesn't know where he has gone.

He seems to be very busy recently. He can't say a few words to him every time.

Although I sleep with him at night, I'm not sure.

The communication equipment in the villa is still not repaired. Every day, Su Xiaowan feels like she is living in a primitive society and has no entertainment.

Except every time Mr. Chen comes to tell her a joke.

She could hardly find anyone else to talk to.

She felt bored and went shopping with Aunt Li.

Aunt Li refused, but she couldn't resist her hard work. She had to take her out with her. Of course, she told the young master in advance, and the young master also managed the supermarket in advance.

"Young granny, don't walk around. There are so many people. Don't be hit by others at that time."

"Aunt Li, I'm twenty-four years old, and I'm not a child. How can I be hit by someone else?"

Su Xiaowan pushes the car for Aunt Li. At the moment, there are few people in the supermarket, so she is very quiet. Aunt Li was worried about her, but the young master said that in order to let her rest, don't let her worry too much about her illness, so she didn't tell her anything.

Also, if you tell the little grandmother, she will certainly feel bad, it is better not to tell it!

When I came back, I saw the maid rushing out of the villa. Because the cable in the villa was shielded, I couldn't get through the phone and Aunt Li.

"What's the matter?"

"Aunt Li, the girl in the garden room is burning all over her body. It's 41 degrees..."
