Chapter 381

Girls?

"What girl?"

"This..." the maid didn't know what to do for a moment, so she could only turn her eyes to Aunt Li.

"It's the girl... Brought back by the young master."

Aunt Li knew she couldn't hide it, so she said it honestly.

Then, Su Xiaowan watched the girl was directly carried on the stretcher by the medical staff. She was very beautiful and young.

"Young granny, don't get me wrong. This girl has nothing to do with the young master!"

A few wisps of hair were blown in her face by the wind. She stood there, as if she felt trapped in a circle. She couldn't get out. She got on the ambulance.

Maybe I want to find out, because she's really in a mess now.

There's a buzz in my head.

Why did Feng Yan take a woman home and hide her like this?

In the corridor.

The light in the emergency room was on all the time, and there were several nurses walking around.

Take a look at Su Xiaowan and continue their topic.

"Did you hear that? Master Feng seems to be with Shen Qi'er! "

"True or false?"

"Of course, it's true. If it's false, why don't you clarify it? Besides, people took photos yesterday. I think it's very close!"

"....."

"....."

"... men love the new and dislike the old. I heard that young master Feng married a nobody. I heard that he divorced long ago in order to marry Shen Qi'er!"

Every sentence fell into Su Xiaowan's ears.

Now she is standing there, she knows that Feng Yan will not be involved with Shen Qi'er, because she believes him.

However, what is the relationship between the girls and Feng Yan?

She was a little lost.

Suddenly hit a person, the man wearing a black suit, gas field introverted.

"Are you all right, sir?"

The housekeeper behind him looked at the woman with some malice.

But the man raised his eyes and looked at the woman. Although he had met Su Xiaowan, they were all in the photos, but he didn't think that he would be so like her.

"Yinyin..."

Shen Nan's eyes as like as two peas on Su Xiaowan's face, and how the delicate face makes him unable to see his eyes, even when he frowns, it is exactly the same as Yin.

Shen Nanshan's eyes began to heat up.

Su Xiaowan felt his hand hurt when he pinched it. "Who are you, sir?"

Su Xiaowan was a little lost and didn't see the person clearly. Suddenly, a hand came out from behind her. She was so scared that she wanted to scream. But in the end, she couldn't reach the man's wet towel and he fainted.

Aunt Li did not find Su Xiaowan. She turned around in a hurry.

Immediately called Feng Yan.

.....

Su Xiaowan woke up in a room. She didn't know where it was. She only knew that it was a strange place. Besides, someone had made her dizzy and she came here by herself.

What's more, just now that person has been holding her wrist, who is it?

Shen Nanshan is sitting in his study. The fragrance of a young girl lingers on his fingertips. His smooth touch makes him unforgettable.

"Master, just now the doctor checked it, but it's still clean!"

Shen Nanshan is nearly forty years old, but he doesn't restrain his temperament. Housekeeper Shen has followed him for many years, watching him step by step to this position, and knowing what kind of existence that woman is to Shen Nanshan.

But he didn't expect that they would meet the woman's daughter by mistake.

That's the daughter of him and Su Zheng.

In recent years, he watched Shen Nanshan paralyze his nerves and found many women.

It can be said that those people are not her.

Because that woman, she's dead.

It's a mental illness. It's said that Su Zheng drove him crazy. In fact, he really doesn't know how many times Shen Nanshan was better than su. But the woman finally chose Su Zheng and abandoned Shen Nanshan.

Generally speaking, women who have no status should choose Shen Nanshan.

What's more, this woman is still a famous woman.

"Go and get her --!"

Housekeeper Shen nodded, "yes."

Su Xiaowan just woke up, but he was very tired. He didn't know what the man was going to do when he brought himself to this place. Soon, he listened to the footsteps in the corridor. Soon, the door was opened.

"Who are you?"

The people who came in were dressed in housekeeper's clothes, but Su Xiaowan didn't remember what they looked like because they were just a glance.

Looking at Su Xiaowan, housekeeper Shen looked like her mother. "Miss Su, our master asked you to come over."

Master?

Su Xiaowan didn't know any master. She hesitated there and didn't move. "I don't want to see any master. Send me home."

"Miss Su, don't refuse so quickly. Maybe you will ask us later. Maybe the master will ask for it!"

Su Xiaowan doesn't know what this man is talking about. Please their master?

Why?

All of a sudden, a gust of wind came, and Su Xiaowan smelled a fragrance. At the moment, she could clearly judge that the smell was from this person.

In just a few seconds, Su Xiaowan was in a trance.

"Su Xiaowan, come with me, our master is still waiting for you!"

Housekeeper Shen looks at Su Xiaowan and smiles flatteringly.

Su Xiaowan opened her legs and mechanically followed the man out.

Shen Nanshan looks at the woman coming in. Qianli's figure appears in front of his eyes. It's like she appears beside him in a trance.

That is his favorite woman, but he betrayed him.

At the beginning, he just didn't say to marry her. Instead, she married another man

Her body, like her, has a faint fragrance. Even if the girl doesn't have to wear sexy clothes, it's enough to make him feel particularly dazzling.

After seeing the relaxation of blood, people seem to be younger.

Over the past few years, he has been looking for faces similar to her, no matter whether they are shaped like her or facial features like her, as long as some shadows will be brought into her arms.

Many people even know his hobby, so they give him a lot of women.

Naturally, he would not refuse to come.

"Su Xiaowan, come here!"

It was just a sentence, but for Su Xiaowan, it was like falling in the bottom of her heart.

Su Xiaowan's eyes are empty. She seems to see that the person at that end is Feng Yan.

The housekeeper at that end gave her a push. "What are you still doing? The master told you to go there."

On hearing this, Su Xiaowan walked empty towards Shen Nanshan.

Shen Nanshan's eyes become hot because he looks at Su Xiaowan. He takes a look at housekeeper Shen, and the discerning man immediately understands, but housekeeper Shen just smiles.

"Master, I'll go out first."

Chapter 382

Housekeeper Shen retreated quickly.

In the room.

There is no doubt that it's quiet. At the moment, Su Xiaowan and Shen Nanshan are left. Shen Nanshan looks at her and raises her eyebrows slightly.

There's no woman he can't get, not even her.

She was asked to give birth to a child for him, but in the end, she married Su Zheng. She never gave up.

For so many years, it's hard to keep it in my heart.

In fact, he didn't want to go to Su Xiaowan for one reason, that is, he didn't want to see this face, because when he saw this face, he couldn't help thinking of her.

Today, he originally came to the hospital to see a doctor. In recent years, his health is not very good. He will go to the hospital every week for a regular check-up.

Steward Shen took him to Su Xiaowan.

And at this glance, he fell in love with this girl.

"Su Xiaowan, come here and sit on my lap!"

He patted his legs and motioned her to sit up. Shen Nanshan always had a way with women.

But the voice did not fall, the woman did not move.

The man's eyes fixed on her, straight line anxious, see Su Xiaowan did not move, Shen Nanshan

obviously a little anxious, stretched out his hand to grasp her.

Suddenly the touch, let Su Xiaowan Leng for a while, also led to the whole body cells are surprised.

The black pupil slowly raises, looking at Shen Nanshan in shock at the moment.

Who is he?

I was not in that room just now? Why are you here again?

"You let me go"

There was no time to think about it. She only looked at the man at that end and looked at her with satisfaction. She had seen that look on Feng Yan's face, but it was not so disgusting on Feng Yan's good-looking face.

Su Xiaowan wants to pull his hand away, but he is pushed away by the man.

"Su Xiaowan, do you want to force me to use strong

"Don't come here, I warn you, don't touch me --"

This man is almost the same age as Su Zheng. He still thinks... Su Xiaowan concentrates her mind. She thinks that Feng Yan should not have been so careless just now.

Otherwise, it won't be won by this man.

It's just, who is he?

"I warn you not to come. Do you know who my husband is? It's master Feng. If you move me, he won't let you go! "

Su Xiaowan's eyes are burning, but the man in front of her shows a strange smile.

He was never afraid to seal his home.

"Do you think Feng Yan will come to save you? Go on dreaming

Feng Yan?

Does he know Feng Yan?

Who the hell is he?

Su Xiaowan looks at the man pressing step by step. The man grabs her wrist and wants to kiss her. She dodges several times and is slapped directly by Shen Nanshan.

"Don't toast, don't drink! I like you. You should be grateful... "

Thanks. After listening to those words, Su Xiaowan couldn't help cursing.

But Su Xiaowan was slapped, where did she have other thoughts? At the moment, she leaned on it feebly, and the whole person was blinded by the fan.

Is also a man in the end, that slap down, how can it be so.

In a hurry, she put out her foot and gave him a direct kick. Then she got up to run, but the door was tightly closed.

Shen Nanshan didn't expect that he would be dragged by Su Xiaowan. Fortunately, he didn't kick his own lifeblood. He just slightly kicked his thigh, which is nothing to him.

At the moment, the man at the other end looked at her, "Su Xiaowan, have you ever thought about the consequences of going out of this door?"

She didn't care about the consequences. All she knew was that she couldn't stay in this place any longer. She had to work hard to open the door.

But as soon as it was opened, a large number of reporters appeared.

"Mrs. Feng, are you Mrs. Feng?"

The flash light made Su Xiaowan dizzy. Her face was as white as paper. She didn't know where this place was.

"Mrs. Feng, this is Mr. Shen's resting place. How can you be with him?"

"Mrs. Feng, you're not going to green master Feng, are you?"

"I have heard about Miss Shen's affair with master Feng for a long time. You are here to seduce Mr. Shen. Are you going to be master Feng's elder?"

"....."

"....."

"....."

Those dazzling flash, at this moment, she seems to understand.

The man inside is Shen Qi'er's father.

And these people are all from him.

"Mrs. Feng, why don't you speak? Are you right?"

"My God, here comes Mrs. Shen --!"

The crowd did not know who suddenly yelled. The originally blocked road suddenly became clear. The chilly wind blew on her face and moved her long hair, which set off the small face. Those reporters took a look at Su Xiaowan and consciously let her out of the way.

The next second, Su Xiaowan was slapped in the face.

She didn't know anyone who came.

Susie looks at Su Xiaowan. She is angry. Shen Nanshan hasn't been home all this time. She knows that she has a woman outside, but she doesn't think that this woman is nobody else. She is still

Pop!

The clear slap reverberated through the corridor.

The whole face was hot, because the slap just fell on the man's right face.

"Su Xiaowan, you are so shameless that you even want to climb up my husband's bed!"

Su Xiaowan reaches out her hand. At the moment, she knows that her cheeks must be very red and hot. The reporters standing by are watching the play.

There was no one to organize this sudden appearance.

"Mrs. Shen, I'm not interested in your husband, and I don't want to climb into his bed!"

Susie sneers and looks at Su Xiaowan with disgust. She thought Shen Qi'er was pregnant now and her position has been preserved. But she didn't think that Shen Nanshan was cheating and wanted to support this woman?

Just because it's her daughter, even if she's so different from him, why do you want to turn her to bed?

"Do you think I'll believe that if flies don't bite seamless eggs, you must have seduced my husband! Otherwise, how could you come out of his room and say, "what did you just do in the room?"

Su Xiaowan was amused. Even though she was very sick now, she still stood up and stood up straight. "Mrs. Shen, how many pounds does your husband have? Is it worth me to seduce him? What can he compare with Feng Yan? The person who becomes a treasure in your heart is worthless in my eyes. Please get out of the way -- "

"You..."

"Besides, he just slapped me. If Feng Yan knew, he would not let him go!"

Susie wanted to laugh. "You are a woman abandoned by master Feng. Do you still think master Feng will come to help you vent your anger?"

Chapter 383

"What do you mean?"

"You are so pitiful. You are abandoned by your husband. You don't know it. Your husband is going to be engaged to my daughter tonight. You don't know such a big thing, do you?"

Her daughter?

Mrs. Shen.

Su Xiaowan twisted her eyebrows. No doubt, this sentence fell on Su Xiaowan's heart.

"It's rude to learn to seduce other people's husbands at a young age!"

Susie looked at her because she was the woman's daughter, and although it was the first time we met today, it was a disgrace to her.

For so many years, she was no better than a dead man in Shen Nanshan's heart.

Maybe I should have strangled the child at that time.

Susie wants to raise her hand and slap Su Xiaowan again.

At this time, suddenly saw a tall and straight figure blocked in front of her, and the man's hand so tightly grasped the woman's wrist.

"Madam, what are you doing? Your husband is peeping at other people's wives. If you don't beat your husband, how can you bully a woman who has no power to bind a chicken?"

Susie's eyebrows are tightly wrinkled. How can she kill Cheng Yaojin halfway?

Who is this man?

Su Chenchen holds Su Xiaowan, "sister, let's go!"

Just at this time, housekeeper Shen came to the other end and looked at Susie, "madam."

Susie takes a look at housekeeper Shen. Housekeeper Shen is from Shen Nanshan. She has helped Shen Nanshan to the end of the road. Over the years, she has helped Shen Nanshan to find women one by one.

The door just happened to open at this time.

He was kicked by Su Xiaowan just now. He has some strength. His face is not good, but now looking at Susie, it's more gloomy.

Susie looked at him. Over the years, has this man changed, maybe?

Forget how to meet this man at the beginning, it's probably bad luck.

If she had not gone out with that woman for divination, there would have been nothing behind.

That year.

Nan Yin, 20, became the hottest pianist because of a song. At that time, many people wanted to sign her.

But she did not want to enter the performing arts circle, plus the family has the confidence, so life is carefree.

After a few years, she watched her friends begin to get married and have children. She began to worry.

And she is Nan Yin's best friend.

I don't know where Nan Yin came from. She said that the monks in the temple were good at divination, so she went to the temple on the mountain early that morning.

Marriage.

Later, I met Shen Nanshan.

She didn't know how they liked each other after that. She only knew that after that meeting, she couldn't forget her.

.....

For more than ten years, she has been with Shen Nanshan for more than ten years, but she still can't match that woman's every cent. Now Shen Nanshan even wants to support Su Xiaowan.

"Shen Nanshan, are you nauseous? If you can't reach him, even her daughter is going to sleep?"

At this moment, those reporters have long been taken away by housekeeper Shen. These reporters originally took their money, but now they are facing their husband and wife, so they have nothing to shoot.

Shen Nanshan looked at her, so many years, she has been blind, but today, she finally broke out.

However, Shen Nanshan didn't want to see Susie.

"It's not Kiel's wedding party today. What are you doing here?"

"If I don't come here, how can I know what you've done! Shen Nanshan, I would like to advise you that some people, if you move, should know the consequences. Even if Feng Yan doesn't like her now, those people in Feng's family, you think they will stop. Back then... "

"Susie, it seems that you are too comfortable recently. You have come to quarrel with me!"

Susie's eyebrows are frowning. Today, his face is also not good. Even if she is wearing a cheongsam and has just painted a make-up, where is her age? Where is the charm of the past and the present?

Shen Nanshan didn't even want to see her.

She knew that her father had made her marry him, but at that time, her character was similar to that of Nan Yin.

She and Nan Yin have known each other since childhood. Many things are learned from Nan Yin.

Nan Yin has been beautiful since she was a child. Many boys have been chasing her since she was a child, but she doesn't like her. In school, Nan Yin is also a man of the year.

All the girls are eager to become Nanyin, even she is.

As like as two peas, she bought a new product, and even a picture of her makeup was like her.

Gradually, many people say that Nanyin and Susie look more and more like each other.

But only she knew that Nanyin was still Nanyin, and Susie was no longer Susie.

"It's a good day for Kiel. I don't want to fight with you."

Susie didn't want to turn against Shen Nanshan, but she was impatient and couldn't help it. She was also surprised that she saw Su Xiaowan come out of his room just now, so she was very angry.

I didn't think about anything. I just wanted to fight with him.

.....

This evening, it's Shen Qi'er's engagement ceremony. Unexpectedly, Feng Yan actually agreed to be engaged to her. Although Feng Yan is still a man with a family, I heard that Feng Yan asked Feng Yi to draft a divorce agreement just now.

I'm really going to divorce Su Xiaowan.

Yes, now she's pregnant with a little prince. Later, she'll have to be surnamed Feng. But Su Xiaowan has been married for so long, and Feng Yan hasn't even touched her. Naturally, she can't be pregnant with a little prince.

This kind of man, at a certain age, must expect to have an heir to inherit his family. Now, although Feng Yan is 26 years old, many people are 26 years old and have two children.

"Miss Shen, you must be the most dazzling tonight."

Shen Qi'er hooked the corner of her mouth and said, "you have a sweet mouth."

She always likes to hear praise, and no one does not like to hear praise, especially when she is about to become Feng Yan's wife.

But this time, Feng Yan's family won't come to book the wedding banquet. Although she's a little lost, as long as Feng Yan attends this evening, it's good.

"Go and see if Feng Yan has come!"

"Yes."

The maid ran out. The address of today's banquet was held in the hotel. Although there was no great momentum, many reporters came.

Shen Qi'er put on her make-up and sat idle. Suddenly his mobile phone rang.

It's a video.

The phone number is strange, and I don't know why. Shen Qi'er turns on the content of the video screen.

This is her mother.

Her mother slapped a woman on the cheek. If you look carefully, it's su Xiaowan!

Chapter 384

"I know how to seduce people at a young age. Now I'm still in my husband's bed. Don't be shameful!"

Shen Qi'er's eyebrows are fixed. My God.

The news surprised him too much.

This Su Xiaowan seduces her father!

He almost lost his cell phone and dropped it on the table. He didn't know who sent this message to her.

She always knew that there was someone in her father's heart, but she didn't know who it was. Now, many women have a common characteristic.

He has a pair of eyes very similar to Su Xiaowan.

My God!

How did Su Xiaowan know her father?

Even more than ten years ago, Su Xiaowan was not born, or even if she was born, she was a child at most. How could she be related to Shen Nanshan?

Is it the woman who jumped from the building?

Su Xiaowan's mother?

At that time, the news of that woman jumping off a building caused a sensation in Jiangcheng.

When she entered the company, many people would take out her songs from time to time.

So, she had a little impression of her.

Now when I think about this person, many of her songs, in fact, there are some footprints at home. It seems that she has heard the voice of her father's study more than once.

That's probably the song.

Shen Qi'er couldn't recover for a long time. It was a little too big for her. For a while, some couldn't get

away from it.

.....

But no one knows that the moment Feng Yan saw the news, her mobile phone was broken in two.

"Shen Nanshan dares to move Su Xiaowan!"

When Feng Yan's people passed by, Su Xiaowan was not there at all.

But they still got the information from the reporters.

And the video of Susie hitting suxiaowan in the face.

"Young master, the group sent to look for has lost news. Now the only way is the antidote in Miss Shen's hand. The young grandmother is getting worse and worse. She has been sleeping for several days. We have done our part. Hold on, don't be angry. It's safe for her to be with young master Su now. Don't worry, We've also sent people to protect us in secret. Now the only thing we need is to play this play well. "

Feng Yan's hand clenched into a fist, Shen Nanshan, he will not let her go.

Naturally, and Susie, this time, he will let Shen Qi'er also pay the price.

"Find some people and meet Shen Nanshan!"

Feng Yi knew Feng Yan's temper and let her forget it. It was obviously impossible, so she could only nod her head.

"What's going on in Shen Xiaobei?"

"It's leukemia."

leukemia?

"It should have been in the early days. Now people are guarding there."

"Where's Shen Jin?"

"Shen has never been here, but I heard that Shen seems to be ill and many doctors go to his residence."

"I've got people to watch."

"Yes

Soon, a man as like as two peas in the long story came in. But Feng Yi knew that he was wearing only a human skin mask, but the cloud was a real scar.

Cloud is the one in a million.

This feudalism is known.

Feng Yan threw him a B ultrasound over there, "your son, what are you going to do with it?"

Son?

Cloud still feel a little confused, but looking at the B-ultrasound, see the time above, roughly guess.

However, that day, he did a good job. How could he get pregnant?

"Young master, this child is not mine."

Feng Yi looked at him and said, "cloud, this is not yours. You have slept with others. Now they are pregnant. Do you still say it's not yours?"

"Young master, I had a ligation operation."

Ligation?

The two men were slightly shocked at the news.

"That means Shen Qi'er is sleeping with other people again?"

This child really exists, because they went to the doctor who saw her that day, and the doctor said it himself.

So that night, more than Yun entered Shen Qi'er's room.

Fengyi thought that he would see a good play later.

.....

In the car.

Su Chenchen looks at the thin Su Xiaowan. Not long after he went out, he was thin again. He also came back after watching the news. Now many people on the Internet are talking about Feng Yan and Shen Qi'er. He didn't get through after calling Su Xiaowan for a long time. He was very worried, so he came here.

"Sister, are you ok? I've been calling you, but I can't get in touch with you. Tonight, my brother-in-law is going to be engaged to someone else. Is that true or false? "

Su Xiaowan just looked up.

"My brother-in-law is going to be engaged to another woman this evening. Look, it's been reported from a few days ago --!"

Su Chenchen takes out his mobile phone and opens the video to show him.

I don't know how long it took for the page, with Shen Qi'er's three words and Shen Qi'er's complacent smile.

Although there is no name and news of Feng Yan above, this news is at the top, and it can be imagined that there is no statement from Feng Yan.

"Sister..."

Su Chenchen found that Su Xiaowan's face suddenly became pale. At this moment, his eyes were staring at the news, and he didn't move away for a long time.

He suddenly felt that he had done something wrong.

Su Xiaowan doesn't know anything at first sight.

"I heard that young master Feng will divorce Mrs. Feng in the near future because Miss Shen is pregnant with the little prince!"

"Although this matter has been suppressed, some people saw Shen Qi'er go to the hospital for obstetrics and gynecology examination a while ago!"

"....."

"....."

Pregnant?

There are a lot of messages at the bottom, and even a few of them are live broadcast. She points in.

"Now our reporter has been crouching in the hotel hall, but it is said that master Feng has not appeared yet, but Miss Shen has already entered earlier..."

"My God, it's young master Feng!"

Probably because of the appearance of Feng Yan, all those scenes were black all at once.

Su Xiaowan saw nothing.

But she heard him say a low deep, Fengyi.

It's him. Can it be true?

But why does Feng Yan want to get engaged to Shen Qi'er, and who is the woman in their family?

"Chenchen, take me to the hotel!"

"Sister --!"

"I want to know why."

There are countless questions in her heart, and no one can answer them. She wants to ask Feng Yan.

.....

Su Xiaowan was wearing a pink coat with straight black hair tied high into a ponytail, revealing her beautiful features. When she appeared in the hotel, it was already late.

Probably because Feng Yan has arrived, there are already people in the hotel.

Inside, is Feng Yan really engaged to Shen Qi'er?

When she went in, the light didn't know how to shine on him. He saw Feng Yan.

The highest point in the crowd.

And the woman standing beside him, wearing a white dress, skirt look not long or short.

Most of the time, Su Xiaowan had fantasized about such scenes, in a dream.

Chapter 385

But the dreamer, the heroine, is her.

But now, it's not what she thought.

It's similar to the dream I had a while ago.

The light was so dazzling that she was a little flustered when she looked at him.

It seems that I don't know how long.

Her eyes were a little foggy. She wanted to run over and ask him.

What the hell is going on!

She didn't want to believe that Feng Yan would marry her.

Even if the truth is in front of her now, she can't help but refuse to believe it.

Shen Qi'er sees the people coming in at the first sight, but she doesn't expect Su Xiaowan to come.

Isn't she on her father's side?

Thinking that she is coming to trouble herself, Feng Yan is answering the phone now. She can't let Feng Yan see this woman.

This is her engagement party.

It must not be destroyed by Su Xiaowan.

Shen Qi'er dropped her eyes, and her eyes flashed with evil. She sent the video to the reporter just now.

I believe that at this time, the reporter should release the video successfully.

Today, she must be ruined.

But with what method can we not know?

Fengyi stands in front of Fengyan. Now I don't know who can't send the news on the Internet, which has caused a great disturbance on the Internet.

The image of the young granny has plummeted.

Feng Yan tightened his brows.

"Now the reprint volume has exceeded 5 million, I'm afraid it's impossible to delete the post directly. Moreover, although those reporters didn't take pictures of the young master's face at today's engagement banquet, the outside world has basically confirmed that the protagonist of today's engagement banquet is you, and the old lady has also called several times --!"

"The old lady is on the phone again!"

Feng Yi hands the mobile phone to Feng Yan.

"Where's su Xiaowan?"

"I'm still with master su. I've already said hello to him and asked him to take people back first."

"The antidote is still in Shen Qi'er's hand. She is so careful. She must have the antidote with her. Send someone to her lounge to find it."

"Yes."

Feng Yan looked at the name on the mobile phone and took it to one side.

Shen Qi'er looks at the waiter over there with juice, goes to get a glass of juice, and looks at Su Xiaowan preparing to go towards Feng Yan.

Su Xiaowan looks at Feng Yan at the other end. He doesn't know what to do. She wants to run to him and ask him what's going on, but suddenly someone holds her wrist.

Su Xiaowan only felt a pain in her arm.

It felt like something was stuck in her arm. The pain almost made her lose her thinking. She waved her hand.

Almost instinctively, I want to get rid of the things that pierce my body.

"Ah

A cup slid down in front of him and reverberated in the banquet hall with a bang. Close to it was a shadow in white clothes. After a closer look, it was Shen Qi'er.

Seeing Shen Qi'er fall, Su Xiaowan almost has the instinct of her body to support her. Maybe everyone will have such an idea.

Shen Qi'er bumps into a person when she falls down. All the cups in that person's hands fall down. At the moment, the scene is in a mess.

The next second, I just watched Shen Qi'er fall.

"It's blood..." the woman standing next to Shen Qi'er suddenly screamed loudly.

"God, how could miss Shen have so much blood?"

"I heard that Miss Shen is pregnant. Now it seems to be true!"

"Who is this man! It's too vicious. I know that Shen Qi'er is pregnant. She didn't hold her just now. Let go! "

"Yes."

"No, she knocked down Shen Qi'er!"

"Yes, I saw it, too."

"The man looks a little familiar."

At this moment, Su Xiaowan looked at Shen Qi'er's white skirt, stained with blood, and slowly fell to the ground from her thigh.

People in this place are basically dignified people.

Plus what Su Xiaowan did just now, they all saw that Su Xiaowan pushed her.

"Isn't this man the woman in the news just now? It's said that it's Mrs. Feng. Today, she's going to seduce Miss Shen's father! "

"Isn't she deliberately pushing down Shen Qi'er, because Shen Qi'er is pregnant?"

"Maybe!"

Su Xiaowan stood there, facing the guest, he couldn't say clearly.

Just now, she obviously held her, but Shen Qi'er twisted her hand and let her take it off in pain.

Why did Shen Qi'er do this?

In order to blame her, even the children in her stomach can use it?

But isn't this child Feng Yan's?

Su Xiaowan's mind is a bit confused. She vaguely feels that she has fallen into a trap and can't get away with it.

The guests pointed at her.

All of a sudden, a heavy footstep, the next second, a pain in the cheek.

Today, this is the second slap.

The person who came here was the one who had just slapped him. When she was slapped, she almost fell to the ground.

"Even if you are jealous of Qi'er's children, you can't do it. If Qi'er has something, I'll be the first one to forgive you!"

Shen Qi'er was lying on the ground and had already passed out.

Susie looked at Su Xiaowan and glared. At the moment, she called someone to send Shen Qi'er to the hospital. Her eyes were sharp toward her. "Su Xiaowan, you can seduce my husband. Now even Qi'er won't let go. Your heart is really vicious."

As soon as these words come out, after all, the parties have said so, which further proves the authenticity of the video.

Although we didn't know Su Xiaowan very well before, they didn't show up on such occasions because they were very low-key.

But now it seems that this little girl's heart is not pure at all.

It's a bad girl.

Even Shen Nanshan was seduced.

Su Xiaowan wants to explain, but the people around her point at her words, as if she should confess now.

It has something to do with her.

"She fell on the ground herself. It's none of my business."

"We've all seen it. You want to quibble!"

"Now the little girl is really shameless, how can she do anything!"

"That's to say, we all saw that we didn't even blink an eye to kill people, but even pleaded!"

"Who doesn't know what you're trying to do? Your ex husband is going to marry someone else. You can't swallow the breath, so you're here to ask questions!"

"However, you have no ability to bind your husband. Who can blame you?"

"See you push, you still don't admit it, your face!"

"Call the police quickly, it's killing people! If anything happens to Shen Qi'er, it's the woman's fault! "

Susie was very angry. She thought that the child would become the little prince of the family, but now... It's this woman.

"I'll fight with you --!"

Chapter 386

Pa -!

The woman had not reached out, but she was slapped by Su Xiaowan. She almost exhausted her strength, and now her palms were red.

Susie never thought that this Su Xiaowan would fight her. She was slapped, and now she was confused.

Seeing Su Xiaowan like that, he was afraid.

"You dare to beat me. You have done something wrong, and now you've done something wrong. Look at this shameless woman." Susie hasn't been wronged like this. At the moment, there are people with a head and a face.

She can't lose face.

At the moment, I was slapped, but looking at the beautiful makeup and hair, I was in a mess. Just now, I was meticulous, like a rich lady, but now I am like an old man in a mess.

"Master Feng likes Qi'er in our family. Are you angry? We Qi'er is pregnant with master Feng's child. Are you jealous! That's why I pushed Kiel! "

Su Xiaowan stares at her paranoid, in fact, he doesn't want to say anything, but she has been slapped several times, she can't bear it.

Su Xiaowan looks light on the surface, but she is very serious about everything.

"The child in Shen Qi'er's stomach, are you sure it's Feng Yan?"

"Of course, can Qi'er make a mistake about who her child's father is?"

"Then you may not know that you can't have a child without Fengyan! Besides, my husband doesn't like to be a father! "

what!

As soon as the words came out, a big wave arose. What did everyone hear? Why don't you give it up?

Although someone has said such a rumor before, the young master Feng is too far away from them. One is that he is too high to be easily spied on.

Now by this woman a say, immediately everyone is dull.

Susie looked at her fiercely and said, "don't fool me here. Master Feng didn't touch you. You have no charm. We Qi'er spent the night with master Feng. You said that master Feng didn't give up. That's because he didn't give up to you. He was very enthusiastic to Qi'er!"

"Is it?"

Su Xiaowan was startled by the sudden sound.

Feng Yan?

Feng Yan just received a phone call saying that Su Xiaowan was missing and didn't go home at all. He called Su Chenchen and didn't answer. He wanted to leave here immediately, but he didn't expect to see such a scene when he came in.

His girl was besieged.

Only looking at Feng Yan standing beside her, as if with all human enemies, after such a long time, she saw him, suddenly some emotion.

"You go back to rest first."

"But you..."

"Give it to me, don't you believe me?"

Naturally, she believed it, but she couldn't bear it. Now, it seems that she had to go back first.

Fengyi came forward and left with Su Xiaowan.

At the moment, there are only guests left in this place, Susie and Feng Yan.

The appearance of Feng Yan made many people exclaim that although he was really ugly, his whole body felt that he could not get close to him.

That's the difference between people.

"Feng Yan, what do you mean by that? Isn't the child in Qi'er's stomach yours?"

Feng Yan pulled the corners of his mouth, cold eyes, "when did I say that the child in her stomach is mine?"

Susie gave a smile and obviously didn't believe him.

Although she didn't know what happened that day, Shen Qi'er basically told her after that, and later exposed this series of photos, Feng Yan didn't deny it.

Within a few days, Shen Qi'er was pregnant.

"There are photos and videos. Does Mr. Feng want to break the debt after he sleeps?"

The evidence originally left behind was for Su Xiaowan to see. Now it seems that it just helped them.

"We Qi'er had sex with you, and we didn't say we wanted any identity. How can you deny it at will, young master Feng? Even if our family is rich, we Shen family can't reach it, you don't have to say that!"

"Mrs. Shen, I have only one wife. I love her very much. Naturally, my child will only be born from my wife's belly. I don't like to be a father."

At this time, a man came into the door at the other end.

He was wearing a black suit, and his appearance had the charm of a man standing here, but the man didn't have the temperament of Feng Yan.

He came over and looked at Susie.

"It was me that night!"

The voice was the same as that of Feng Yan.

"Why should I believe you! You're with Feng Yan! "

"You didn't take a picture of me that day, but I did. Would you like to have a look?"

Susie stares. She can't believe it. She can't say anything without Shen Qi'er.

"You don't want to deny it. It's Feng Yan who has slept with my daughter, and now she has lost her baby!"

"Cloud --!"

At this moment, all of a sudden, the big screen was flashing there.

Just look at the front faces of two people on it.

When Susie saw the faces of the two men, she suddenly froze. Now her lips opened, as if she had fallen into hell.

Qi'er's relationship with this man

The baby in the stomach!

She felt herself in a whirlpool and cold.

Thinking of Susie's careful planning for such a long time, she has never seen any big waves, but at this moment, she really doesn't know what to do.

Facing Feng Yan and the man standing there.

She hesitated.

But fortunately, Shen Qi'er is not around.

"No matter what, Su Xiaowan pushed Qi'er, and now she has no children. I won't just let it go!"

Yes, as long as she bites this one, Su Xiaowan can't escape.

"Master Feng, as we all saw just now, it was Miss Su who pushed it."

Feng Yan's eyes were cold, sweeping around.

Those who originally said this changed their words immediately.

"We saw that Miss Shen fell down because she didn't stand still!"

"That's to say, if you don't stand still, blame others."

Susie is angry.

These people are really good at steering by the wind.

"What else does Mrs. Shen have to say?"

"I..."

"Mrs. Shen is a smart person. She's against Feng's family, but she has nothing to eat." Yun is wearing a

black suit, standing at that end.

Susie didn't know what to say, even though she was angry now.

"Won't the patient's family go with them?" The doctor called back.

Susie saw the devastation, and now there is only this mess left. How can he deal with it well by himself? He can only go with the ambulance.

"Take care of the rest, Su Xiaowan's news. I don't want to see it again!"

Yun has pain in his heart, but he can only swallow it in his stomach. It seems that he will stay up all night again today.

However, he was born for the young master.

.....

In the car.

The quiet carriage made Fengyi feel a little nervous. Su Xiaowan suddenly appeared and disrupted their plan.

Originally, I wanted to make a fool of the Shen family, but now... Obviously, I didn't expect that. Even the child in Shen Qi'er's stomach is the same

He was driving, looking through the rearview mirror at the girl sitting in the back who hadn't spoken.

After sitting in for such a long time and driving all the way, Su Xiaowan didn't say a word. Although she is not a talker, she doesn't say a word.

It's scary.

"Young granny, are you ok?"

"Fengyi, go to the hospital!"

"Young granny, are you hurt?"

"No, I want to find out --!"

She doesn't know what Shen Qi'er is going to do, but now, she has to go to the hospital to find out.

"The young master will take care of this. I'll take you home first."

"Fengyi, I don't want to be a shrinking tortoise, hiding behind Fengyan and letting him support me." Su Xiaowan looked at Fengyi, brow slightly straight, "you don't want your young master to clean up the mess for me?"

This is natural.

Fengyi thinks that Fengyan is a person who does great things, who can't just indulge in their children's private affairs.

Although the young master needs a wife, the wife... Can be regarded as occupying all his mood. In the past, there was only hatred in the young master's heart.

But because of Su Xiaowan's existence, those hatred, forgotten by him, only left her.

It's like today... He goes to deal with Shen Qi'er with his temper.

It's not like Fengyan.

Fengyi followed him for so many years. He didn't want to see the existence of Su Xiaowan affect Fengyan's mood more and more.

Because no matter when it is, those who achieve great things can't stick to their children's affections. People like young master can't have weakness.

But this matter, even if he is an outsider, can feel the young master's weakness has appeared.

He was afraid that, four years ago, such a thing would happen again, which would make him even worse.

His duty is to protect Feng Yan.

"But if the young master wants to clean up the mess for you?"

Men for the existence of women, women are likely to rely on.

"Since he and I are husband and wife, I believe what he has done. We are equal. When we need to, I will rely on him, but Shen Qi'er deceives others so much that I can't swallow this breath."

She has always been stubborn. Naturally, she can't be persuaded to seal the city.

"Then I'll see you through!"

The mobile phone in Su Xiaowan's pocket rings. It's Xia Xiyan.

That head of fiery open mouth, "small Wan, how to return a responsibility?"? Are you being hacked by the whole network now? "

Bad news travels fast.

At this moment, Su Xiaowan finally understood.

"Is that Shen Qi'er! This Shen Qi'er is disgusting! She's pregnant. Whose child is this? "

Now it's on, so Fengyi heard it.

"It must not belong to my young master!"

Fengyi said a word for Fengyan.

This sentence so original let Xia Xiyan hear.

Shen Qi'er has been arrogant since she was a child. This child is not Fengyan. It can't be

"Xiyan, I'm ok. You can rest assured about it. I'll handle it well!"

Hang up the phone, Xia Xiyan looking at the man, immediately feel sick.

She got up and ran to the bathroom to vomit.

Chapter 387

"Ouch

After taking a bath, Lu Shimian was just about to go to bed when he watched Xia Xiyan rush to the bathroom and vomit.

All of a sudden, he was a little overjoyed.

It's like something hit her in the head.

It can't be... Pregnant.

He was as excited as if he had been beaten and rushed to the bathroom.

"Are you pregnant?"

Xia Xiyan is so asked by him, the corner of her mouth is hooked.

This man's imagination is really rich.

She was just disgusted.

At the moment, Lu Shimian is holding her waist, and the two of them are close to each other. The woman's exquisite figure is in her arms. She can hold her waist as soon as she holds it.

But Lu Shimian was afraid that he would lose his son. He did not dare to hold on too tightly.

"Lu Shimian, you want to be a father, are you crazy?"

She pushed him twice, this man is like a big man, how can't push, "you want to be a father, you can go to find Shen Qi'er, you didn't see the news, Shen Qi'er is pregnant!"

"It's none of my business that she's pregnant!"

That pair of cold apricot pupil twinkled with cold light, green hands fell on her shoulder, "just now Xiaowan said, the child is not a young master's, so the child is yours?"

"You're really mean. Let Shen Qi'er set a trap for Feng Yan. You like her so much that you can help her with this kind of work!"

Lu Shimian listened to the confused, what kind of busy?

He has been dealing with things all day. As soon as Lu Xing came back, he threw a pot at him. Now, because of him, the share price of the group has fallen sharply.

There's even hackers pouring into his computer.

If he had not studied this subject abroad before, he would have stolen the company's secrets.

So he didn't know what Xia Xiyuan was talking about.

"I'm talking to you about you now. What can I do for her?"

Xia Xiyuan looked at him, "you are really cruel enough, she just abandoned you, and you don't care about others?"

"Xia Xiyuan, speak well. Don't be so weird. I have nothing to do with Shen Qi'er. Don't push everything on me!"

He and Shen Qi'er have been completely separated for a long time.

Before the help of grace, has arrived many times, he felt that he is still to righteousness, so Shen Qi'er

has nothing to do with him.

But, Shen Qi Er these three words, but also all the time does not appear in her mouth.

Suddenly he laughed, "Xia Xiyan, you should not be jealous?"

Xia Xiyan stretched out her legs and gave him a hard top, "you want to be beautiful!"

Lu Shimian only felt that his forehead was on fire.

.....

Before long, a group of doctors came to the villa. When the doctors went upstairs, Xia Xiyan was still eating downstairs.

"What's the matter?"

The housekeeper's face darkened. "It's for the young master to see a doctor."

Lu Shimian? Wasn't it OK just now?

Is it hard to do that? Is it that you kick too much?

Mrs. Lu and Mr. Lu have gone on a tour, so there is only Lu Shimian and her left in the villa.

"Hurry up and have a look!"

The housekeeper took a look at Xia Xiyan and saw that she was not moved. "Young granny, don't you go up and have a look?"

Xia Xiyan was stunned for a moment, and then looked at the doctor running down.

"Young granny, you'd better send it to the hospital."

.....

hospital.

Just finished the operation of Shen Qi'er emotional instability, just so a fall, the child really did not.

This is what she thought for a long time before she got pregnant. Moreover, it's Feng Yan's. she even said that if she didn't have it, she didn't have it.

At the moment, she has become a tearful person.

The nurse looked at her and said, "Miss Shen, the child can still have another one. Don't cry. It's just..."

"Go away..."

Shen Qi'er falls something. The nurse looks at her. She used to sympathize with her, but now she doesn't have any.

Sure enough, poor people are hateful.

Shen Qi'er... She has such a bad temper. Let's go and see who likes to serve.

Su Xiaowan inquired about Shen Qi'er's ward and listened to the nurse calling her, "are you the patient's family member?"

"... I..."

"We found a drug in pregnant women's bodies, mifepristone tablets. Pregnant women had slippery fetuses because they took the drug."

Drugs?

"This mifepristone tablet is used by some people who don't want to have children. This kind of medicine will also affect their health. After that, they are likely to be infertile! You are the family member of the patient. You should tell her more about it and take less of it. "

Su Xiaowan looked at her, so Shen Qi'er didn't fall because she had lost her property? But because of the abortion drugs?

But why?

Then, the nurse took a report sheet, "this is the patient's physical examination, the child has been exiled, but has to be hospitalized for a while!"

Su Xiaowan can't understand the diagnosis report in her hand, but she still goes to Shen Qier's ward with the diagnosis report.

In the ward, the sound of smashing things kept on.

The appearance of Su Xiaowan makes Shen Qier more emotional. "You dare to come, you murderer, Su Xiaowan, you murderer!"

"Open your mouth and shut your mouth and say that I have harmed your child. Do you dare to confront me at the public security bureau? I've been pinched by you so far

Shen Qi'er looked at Su Xiaowan, and her mood burst out in a flash, "Su Xiaowan, you are just jealous that I am pregnant. This child is Fengyan, so you are angry! You are the one who killed my child. If it wasn't for you, he would have been for weeks now! You pushed me, let me abortion, your heart how so evil! "

I don't know why, even at this time, Su Xiaowan can't sympathize with her. It's really annoying.

She didn't like scheming women since she was a child.

Maybe I stayed with Su Qiqi for a long time, now I can tell one or two.

"Do you have a medical abortion or do I push you? Have a good look for yourself --!"

A test report was left in front of her.

Shen Qi'er looks at the words on it.

——Mifepristone tablets in the body caused by excessive abortion.

what?

Drugs?

Who wants to kill her child?

"Su Xiaowan, is it you? You put this in my water!"

"Why am I doing this"

"You are jealous of me. You are jealous that I am engaged to Feng Yan!"

"You don't know, you can't have a baby without Fengyan! So you know who the baby is in your stomach!
"

what?

"Don't talk nonsense here. The child in my stomach is not Feng Yan! No one but you would want to harm my child Shen Qi'er is looking at her now, malicious slowly.

Su Xiaowan frowned and looked at her. Didn't she take the medicine herself?

"Su Xiaowan, I won't let you go! Now get out of here

Chapter 388

She cried hysterically, and now the nurses heard it.

"What are you still standing here to stimulate her to do? She has just miscarried..."

Su Xiaowan looked at her and felt as if something was wrong.

But I can't say what it is.

When Su Xiaowan went out, she met Su Qiqi.

I never thought that she was still in the hospital so late.

Thinking about last time, today's she wore a hospital uniform. I don't know why she hasn't been discharged after such a long time.

She was already thin, and the sick dress was just like a child wearing an adult's dress.

Shen Yin stood beside her, holding her and touching her hair, "it doesn't matter. We'll kill the child. You're still young. You'll find a better one in the future."

"No, I only want her!"

Su Xiaowan stood there. She could see that Su Qiqi was hysterical at the moment.

I think I really want this child.

"77, if you have a baby now, you will be finished. Their family won't recognize you. If you are unmarried and have a child, you can't avoid the gossip of others. What will you do then! You are obedient. We beat the child while he is still young

"I don't want it, Ma."

.....

Su Xiaowan stood there, did not walk past, stayed for a while, Fengyi found her.

"Young granny, it's time to go back!"

"Well."

Su Xiaowan is sitting in the car, looking at his mobile phone at the moment, thinking that it's all about Shen Qi'er.

Brush brush brush, saw the comment on the net.

Almost all of them are marketing numbers, calling her names.

There are all kinds of ugly words, which are ugly.

Even, I don't know who took a picture of her going to the hospital to see Shen Qi'er. From that angle, I just saw that she was showing off her power to Shen Qi'er.

Those who don't know the cause and effect, because of the intervention of marketing number, have stood on Shen Qi'er's side.

Su Xiaowan is regarded as the most heinous murderer.

"I've just hooked up with her father, and now I don't even let go of my children. Do you think that if you delete the post, others don't know you did it?"

"That's it

"... I know her. She used to belong to our school. To put it bluntly, it's a school flower, but behind the scenes, her private life is in a mess."

"....."

"....."

"I don't know how master Feng married her. I'm blind!"

"You even scold master Feng as a dog. You're finished. This account is expected to be taken back soon. The landlord should protect his own safety."

"....."

Su Xiaowan looked at a lot of comments and scolded her. It doesn't matter to scold her, but some also scolded Feng Yan.

This group of people, obviously do not know what happened, but just like the parties at the scene, dominate the other direction of public opinion.

She closed her eyes and forced herself to calm down.

This video is obviously taken by Shen Qi'er, but if Shen Qi'er decides not to have this child, she won't be engaged.

Moreover, Shen Qi'er wants to marry Feng Yan's heart. How can she take medicine and abort her child?

But after seeing Su Qiqi, no child doesn't want his own.

Unless

Shen Qi'er didn't know that there was abortion medicine in her diet, but when she fell, she didn't want to hurt her child?

But who is that man?

"Fengyi, please find someone to help me get the video of the banquet. I want the complete one!"

Although I don't know what happened to the young granny all of a sudden, Fengyi still nodded.

I immediately made a call to the man at that end.

Su Xiaowan soon got the video.

However, before getting the video, Su Xiaowan saw another news.

It was released by Shen Qi'er.

"I don't know why she hates my child so much. I don't know what I did wrong. She put medicine into my juice."

Shen Qi'er is being interviewed by the media, in the form of live broadcast.

I think it's because I've been scolding her for too many comments on the Internet, so I want to take advantage of it.

"I'm sorry to have lost my child!"

"I didn't expect to make such a fuss at this engagement banquet, but now I can only raise my body first. Feng Yan is also very concerned about this child..."

After watching the video, Mrs. Feng almost smashed her cell phone.

"You see, this kind of white lotus can really say anything. It's sorry for Fengjia. This child doesn't belong to ah Yan. She even said it. Oh, I'm so angry!"

"If you want to be angry, don't look." The old man is sitting reading the newspaper. He doesn't want to read about his son.

"Can I not look at it? Otherwise, I don't know what means to brush it out. My daughter-in-law is simple.

How can I deal with this kind of white lotus?"

"Back then, this kind of woman was in my hands, and I tore her directly!"

"You go to someone to blackout the video. I can't stand her."

"We don't need to interfere in your son's affairs!"

As like as two peas, you are not going to have a son. Now that you are in trouble, you are not in your position. If you are not cling to your ass, I will say that this is the same as the one who is eating the pot in the bowl. Men don't have a good thing. "

Mr. Feng, "it's none of my business."

"It's up to you old man."

So nice to start talking about him again?

It's all the fault of that dead boy.

It's all my fault.

Su Xiaowan looked at the video from the city.

I didn't let go of any place, but I didn't find the things and people I wanted to find.

That's strange.

Why did Shen Qi'er miscarry?

It's just, what did she see

.....

villa.

Private doctors have said so much, but Lu Shimian refused to go to the hospital.

Of course, they understand.

It's not uncommon for young master to let go of the fact that it's about men's dignity.

But it's a one-way street. Now if the old lady asks, she can't afford it.

Study.

Housekeeper Lu knocked on the door, but no one answered for a long time.

Xia Xiyan followed and thought about it. Although he was the one who kicked, he did the bastard's thing first. He taught her, and he didn't do anything wrong.

"That housekeeper, you just go to see him and try to persuade him. I'll go to bed first."

"Miss Xia..."

The housekeeper frowned. Now the door had knocked and he couldn't help going in.

When he pushed the door in, he saw Lu Shimian sitting there smoking, "young master, are you ok? Or I'll go to..."

"Don't give me bad advice. I have nothing to do. I know it myself! Even if you have something to do, you have to let Xia Xiyan be responsible."

"But she didn't mean to."

"She did it on purpose!"

Damned Xia Xiyan, he is like this. He didn't come to see him!

There was some embarrassment in the atmosphere, and the housekeeper stood there, "young master, the doctor has already said, you... Don't care about your face..."

Lu Shimian frowned, "you've talked a little too much recently. Don't you want to do it?"

"No, I didn't say anything. Young master, you should have a rest early."

"By the way, young master, something happened to Miss Shen."

Chapter 389

It goes without saying who Miss Shen is.

Lu Shimian's eyebrows turned black. "Did I ask you to mention her?"

"You didn't say..."

"Never again!"

"Yes."

Shen Qi Er Shen Qi Er... It's the same name every day. He's going to be bored to death. When did he get together with Shen Qi Er?

He didn't know it himself.

Besides, what does Shen Qi'er have to do with him?

She's not his woman.

Housekeeper Shen looks at Lu Shimian. He doesn't say anything and exits the room.

Lu Shimian took his mobile phone to call Xia Xiyun, but he didn't think about it and saw the news.

Is Shen Qi'er pregnant?

Is the child Fengyan?

He immediately made a phone call in the past, "congratulations on being a father!"

"Go away!"

Lu Shimian held his lips and looked like he was watching a good play.

"The news has come out, isn't it fake?"

"Who told you the baby was mine?"

"It's not your problem or mine!"

"There's no doubt about that!" Feng Yan is sarcastic.

"... go away! I have only Xia Xiyun in my heart. "

Feng Yan stood there, "show off to me every day. Tell her you like her! Coward, I dare not even say I like it

"Goodbye!" Lu Shimian is a hateful man.

Don't contact him for the rest of your life.

What brother?

It's the brother who stabbed people twice!

What do you mean dare not!

He didn't say it!

.....

When Susie arrived at the hospital, Shen Qi'er handed the report to her. She was crying. This child, for her, was her decisive chip.

But now... It's the devil who pushed her into the abyss.

Susie finished reading the report, "this woman is so vicious that she gave you medicine! This time, we can't let Su Xiaowan off easily. Just now I've sent out all the videos. Even if Feng yanzai deleted the post, all the people who should see it have seen it. I think if Su Xiaowan dares to go out tomorrow, someone will throw rotten eggs on her head. "

"It's cheap for her to throw rotten eggs. Mom, now there's no child. Feng Yan didn't even come to see me in the hospital."

Susie didn't tell Shen Qi'er about it. She was afraid Shen Qi'er couldn't stand it for a while.

If you let her know that the child is not Fengyan, but just a servant, then she... Shen Qi'er is proud since she was a child, she can't stand being treated like this.

Now the only way is to make it big. Everyone knows that Shen Qi'er is pregnant and is killed by Su Xiaowan. Instead of letting them know that the child in Shen Qi'er's stomach is not Feng Yan.

After all, if the child in Shen Qi'er's stomach is not Feng Yan, then Su Xiaowan has no motive to commit the crime.

Therefore, this matter must not be known by other people.

She wants to keep her mouth shut.

"What are you thinking, Ma? Do you have a good idea? "

Shen Qi'er looks at Susie and seems to be waiting for her advice.

"You've been here for a few days. Don't worry about this. I'll get in touch with you from the reporter."

"Well."

Susie went out and looked at a familiar woman at the end.

Is it Shen Yin?

Why do you know her? I helped her a lot at that time, but I haven't seen her for a long time. I don't even remember her.

Shen Yin just came out of Su Qiqi's room. At this time, Su Qiqi's affairs almost cost her all.

She didn't know how to persuade Su Qiqi to give up the child.

Just now, the nurse said that according to this trend of development, the child will soon grow up, and at that time, it will not be able to carry out drug abortion, but will have to carry out surgery.

If the operation is carried out, it is bound to leave scars, which can be seen at a glance by others.

She was so worried.

This is her only baby daughter.

She also expected Su Qiqi to turn over and marry into a rich family, so that she would not worry about food and clothing.

Shen Yin had a crush on Su Zheng, mostly for his money. Su Zheng, in order to climb to a high position, even his feelings can be sold.

At the beginning, she just graduated, with this man, she clearly know what he wants, because what he does, the purpose is very strong.

He began to approach Nanyin step by step, swallowing up all her money step by step. In fact, almost, he even threw himself away.

If he had not been pregnant, he would have kicked himself.

But although he is not human, he is also a potential stock. He has been smart since he was a child. Although he came out of the village, he did everything better than others.

So Shen Yin holds Su Zheng's thigh and refuses to let go.

I never thought that I would bump into Susie when I came out.

She knew Susie more than ten years ago.

At that time, she was just Su Zheng's lover. It was Susie who helped her step by step to the position of Mrs. su.

But they haven't been in touch since Nanyin died.

"Mrs. Shen, you haven't changed at all these years! It's as glamorous as ever. "

At that time, although she didn't know why Susie would help her, later she heard that Susie and Nanyin were best friends.

Maybe my best friend fell out.

So they became enemies.

Instead, let her take advantage of it.

"Mrs. Su, I haven't lived as well as you all these years! Marry the man you've always wanted and get everything you want. "

Shen Nanshan's psychology has always been Nan Yin, even if she is afraid of death, but Su Zheng is not. Su Zheng comes for money. Nan Yin is just a springboard for her.

Such a man is very utilitarian, and birds of a feather flock together, so is Shen Yin. Unfortunately, she is a woman, so she is not as fierce as Su Zheng.

Shen Yin is so busy that she doesn't know what happened to the Shen family. Now, she has to go home to cook for Su Zheng. In addition, she doesn't want to meet Susie. It's probably a lot of the past events of that year. Now he is afraid, especially now that Su Xiaowan is on the list of Fengyan.

If Feng Yan knows about these things, he can't afford to take them away.

"Mrs. Shen, I have something else to hurry home, so I'll leave first."

Looking at the woman, Susie called to her, "wait a minute."

"Is there anything else for Mrs. Shen"

"I ask you, is Su Xiaowan her own?"

Shen Yin looks back. She doesn't know why she suddenly asks about Su Xiaowan, "of course it's her."

"When is her birthday? I want the exact time

"On the eighth day of the first month of XXX, I don't remember whether it was in the morning or in the evening!"

8th day of the first lunar month?

Susie always thinks that when she sees Su Xiaowan, she looks a little like her, but she can't say where she doesn't look.

But according to the time, when she married Su Zheng, she had been pregnant for more than a month?

"Come on, you go!"

Susie herself was at a loss. Soon, she called from Shen Nanshan.

"What's the matter?"

Shen Nanshan just knew the news. He didn't expect that things would be so big.

"Kiel had a miscarriage."

Susie hung up and looked at a thin man at the nurse desk over there asking about Shen Qi'er.

"Who are you?"

Chapter 390

"I am the father of her child!" The man's voice came from that end.

Susie looked up subconsciously, looking at the boy in front of her with a T-shirt and sports pants, who looked as old as 20, frowning, "what do you say?"

"I'm the father of Shen Qi'er's children. She was in the hotel that day, but she pestered me to ask me for her. I didn't do anything that night. Now she is pregnant, and the baby in her stomach is mine! Where is she? This child can't stay. My family won't agree with him... "

Feng Che looked at the woman at that end. He didn't know that he would encounter such a thing when he just came back from abroad. If he was known by his father, he would not be able to take it away.

That day, he was just in a moment's infatuation. He drank some wine, so he went to the wrong room and put people to sleep.

Although that night was nothing for him, after all, in foreign countries, he did not do such things less, but, here was the site of the family. At the beginning

They can't step in.

So, before he left, he still hacked the monitoring, thinking that no one would know, but where did he know that there would be such a deviation.

Only today did he know that after that night, the woman was pregnant.

Although her taste is good, Fengche will not marry a woman who is not a virgin.

In particular, they have been touched by others.

He must marry the right person.

"You're wrong. We Kiel have nothing to do with you."

Susie naturally doesn't know Feng Che. In her opinion, the man in front of her is a little gangster. She doesn't look down on him at all. Their daughter of the Shen family can only be a wealthy family like Feng family.

"I've seen a lot of women like you. Don't you just want money? It's a million dollars. I'll lose the baby, or I'll do it myself! "

Susie watched the man at the other end leave, looking at a million checks in her hand.

This son of a bitch.

How dare you use money to humiliate her!

She turned and walked towards the ward. Now Shen Qi'er had fallen asleep.

If Kiel knew, she couldn't stand it.

We must put everything under pressure.

Fengche came out of the hospital and saw the news. Then he knew that the child was gone.

He was annoyed. Fortunately, when he went in just now, he was wearing a hat. Otherwise, he really showed himself.

Gu Che bought a lot of things and went to Fengjia. The old lady was very kind when she saw her grandson.

"Why did you come alone?"

"Isn't it your birthday after a while? So, Dad, let me see you and grandpa -- "

Fenglaozi looked at Fengche. The old lady didn't know what happened in those years, but he didn't know anything about it.

The boy came here, but he just came to see the situation.

However, he is much more stupid than his father.

"Grandpa, dad has brought you some good tea. Do you want me to cook some for you?"

Fenglaozi directly pushed away the chair. He didn't give much face. He thought he had a white eyed wolf and a white eyed wolf who could kill people.

"Don't bother."

Then he went straight upstairs.

The old lady looked at the old man, but she didn't know what he was uncomfortable about. "Don't pay any attention to him, it's menopause! Your uncle knows about your return this time? "

Feng Che looked at Feng's back and said, "I didn't tell my uncle that he didn't like me very much, so... I'll go back later! Grandma, I'm relieved to see that you're very good. By the way, is there no news from Auntie till now? "

The old lady cried again when she mentioned her daughter.

Gu Che just wanted to inquire, but who knew that the old lady was crying all the time. Seeing Feng Che's attitude, he was not willing to stay any longer. He only stayed there for a while, and immediately flew back.

Study.

"Is there a grandfather like you? I'm embarrassed when I'm alone upstairs! "

"That boy is very good. Be careful with him!"

Old lady Feng was confused. "What are you talking about? You have a fever?"

"Nothing. I'm tired. I'll go to bed first."

Old lady Feng looked at the attitude of old man Feng. What's wrong with the old man today?

.....

Su Xiaowan sat in the car and asked Fengyi, "the child is not Fengyan. Why is Fengyan engaged to her?"

There was a little sweat on Feng Yi's forehead. I don't know if he was asked, or he was a little

unprepared. "Young granny, you'd better ask the young master about this in person."

"Then I ask you, who is the girl in the villa?"

"Well... I'll be home soon. You'd better ask the young master. I can't be an outsider!"

Su Xiaowan got out of the car and ran into the villa. Feng Yan was sitting there, as if waiting for her. Seeing her coming in, he immediately put something in her mouth.

"What do you give me to eat?"

"It's all in your mouth. Don't you know what it is?"

But now Su Xiaowan is full of questions, "Feng Yan, I ask you why you are engaged to Shen Qi'er. You know I don't like her."

"To get you the antidote."

Antidote? She knows her own physical condition, so does Feng Yan, but why didn't she tell her the antidote and chose to hide it?

"What didn't you do behind my back?"

Thinking about that girl, she always thinks things are not so simple.

"I won't cheat anyone. I'm with her just to get the antidote."

"So you haven't been home all this time, and that's where she is?"

"No, I've met her twice in private, and the rest of the fiefdoms are present. I can count the times I meet her with one hand."

Feng Yan spoke honestly.

Feng Yi stood up and said, "little grandma, I can prove it!"

"He's your man. Of course he's speaking for you!"

The fiefdoms were in disorder.

He's in the middle. He'll stand in the line of anyone who's reasonable.

"What are you up to these days when you haven't been home?"

"The young master is afraid that Shen Qi'er won't give us the antidote, so he goes out of his way to find the source of the antidote. Unfortunately, Shen Jin doesn't know where he got the antidote. We've been looking for it for a long time, but we can't find it at all. So the young master comes back and agrees to Shen Qi'er's engagement request."

So it's all about her?

She looked at him, even if they were together for a long time, she was still moved.

"What's the matter with this picture?" It's a picture from Shen Qi'er.

Maybe they would mind, even if the person above is not Feng Yan, but he has the name of Feng Yan.

She cares.

Feng Yan suddenly laughed.

"What are you laughing at? Are you guilty of being a thief? "
