

good evening 391

Chapter 391

"I'm happy."

Is it time to feel happy?

Su Xiaowan frowned, "Hey, Feng Yan, don't you see I'm jealous? You can laugh! "

"Eat Shen Qi'er's vinegar?"

"You see what I said on the Internet. What do you mean when you are with me, a flower is put on the cow dung!"

"They're blind. They don't know how good you are!"

Su Xiaowan's face is tight. Although she is not beautiful, she can't connect with cow dung, "but I can't say I'm cow dung! How can you say that is not elegant at all! What cow dung! It's indecent, vulgar and vulgar, isn't it

"You're not cow dung, you're the sea!" Feng Yan leaned over and said in a low voice, "I love you, like a whale to the sea."

Su Xiaowan is said to be angry, and Feng Yan's sultry skill is gradually rising.

She wanted to jump on him and kiss him hard.

However, looking at that end of Fengyi, she coughed.

"No, you're changing the subject. You haven't answered me yet! Is there a ghost in your heart? "

"It's not me up there. I thought you could see it at a glance."

Su Xiaowan was stunned for a moment. He really saw it, but he wanted him to say it in person.

"Shen Qi'er is so insidious that she even sent the photos to her home!"

Fengyi see the opening of breath.

"What's more, she sent me all the used condoms! It's disgusting

Su Xiaowan has some grievances. Looking at Feng Yan, he doesn't come back these days, so she has no place to tell her grievances.

Now facing Feng Yan, I want to tell him everything.

"If I didn't believe that you are not such a person, I would definitely divorce you! I have a psychological shadow. "

"This time it's my negligence that makes Shen Jin take advantage of it, but it won't be like this in the future!"

Su Xiaowan gave a hum, and she stood beside Feng Yan.

Like a good kid.

"Is it better now?" Feng Yan touched Su Xiaowan's forehead, probably not for a long time, but Su Xiaowan still felt that Feng Yan was touching the dog.

She dodged for a while, and suddenly a person appeared in her mind, with a little blood color on her face, "who is the girl in the villa?"

"A sincere woman."

A sincere woman?

Su Xiaowan frowned.

Shen Zhen was the one who poisoned her. She naturally knew that.

"So you caught Shen Kan's woman and tried to force him to hand over the antidote?"

"Well, it's not stupid either." Feng Yan's eyes were dotting.

"I'm not stupid, but she looks so small." Su Xiaowan sighed, but felt that he was in charge of a little more, and continued to look at her, "don't interrupt, I will interrogate you."

"You asked Feng Yan seems to enjoy it.

"Then why are you engaged to Shen Qi'er again?"

Since the antidote is in Shen Kan's hand, how can it finally become Shen Qi'er?

"Shen Zhen gave Shen Qi'er the antidote. The antidote is in her hand. Her only request is that I get engaged to her."

be engaged?

But the engagement didn't go according to Shen Qi'er's idea. Instead... What happened later?

But what did he give her just now?

Feng Yan looked at her, deep eyes stained with doting, "but how did you get... Engagement now, Shen Qi'er is not stupid, how could you give you the antidote... No, did you say that the man who sneaked into Shen Qi'er's lounge just now was your man?"

Just now, she watched the surveillance, watching a person sneaking, and according to Shen Qi'er's now, the antidote is her only weight, absolutely can't give it to Feng Yan so easily.

She would like to die, so that she would have a chance to be a wife.

"How come there are so many questions in this little head?"

"Feng Yan, what are you going to do in the future? Tell me, I won't have so many problems."

"Good."

Before he could react, Feng Yan suddenly picked her up and said, "what are you doing?"

"Sleep!"

These days, Feng Yan didn't sleep well.

Su Xiaowan saw Feng Yan's dark circles, which were almost like pandas. She said, "you haven't slept for a few days?"

"I don't know."

Looking at the man's handsome face, Su Xiaowan was still a little distressed. She reached out and touched his face, "Feng Yan, don't do this for me in the future."

"Why?"

Su Xiaowan was shocked by the sound.

Su Xiaowan looked at him with a cross breath, and then couldn't help laughing, "Feng Yan, if you didn't get the antidote today, Shen Qi'er forced you to do other things with this antidote, would you be threatened by her?"

Feng Yan didn't speak.

Just listen to Su Xiaowan speak for him.

"You will, because men in love don't have high IQ." Her eyes are deep, the next second is sealed Yan pressure in the arms, but Su Xiaowan is still talking, her eyes see the stars outside.

Tonight's starry sky is very beautiful. She has seen it a few times. Her eyes fall on Feng Yan. "But I don't want to do this, and I don't want you to have no idea for me. You can only accept others' threats and become the Feng Yan that I don't like. In fact, in the past, I used to hear my grandmother say that this person, who lived all his life, didn't know when he would leave the world, and who would come tomorrow and who didn't know... But I was never afraid of death, but did you know Feng Yan? I'm afraid you'll leave me. That feeling is more frightening than death.

Looking at you and Shen Qi'er together, even if I believe you and know that everything about you and her is false, I would rather die. I don't want to be alone, and I don't want to see your name hanging with her. I'm not as great as the little princess in Hai's daughter. I'd rather sacrifice myself if I could watch the people I like with others, Also want to give the prince happiness... You see the stars in the sky outside, how bright... You can see it when you look up, Feng Yan, do you remember I told you that when people die, they will become stars in the sky

"I don't want to see any stars, I want to see you!"

Feng Yan's eyes became cold.

He knew what she was going to say.

But he couldn't accept her death... He didn't want to see the stars at all.

"Look at you, I'll tell you well, and you're like that again! This is the generation gap! " Su Xiaowan's voice is a little hoarse. In recent days, she has a cold, but she hasn't taken any medicine, so she just procrastinates and doesn't get well.

The sound is rustling.

After a long time, she continued to speak.

"Feng Yan, do you know why I like you?"

"In fact, it has nothing to do with appearance and family. Feng Yan in my heart is a strategist. He is so powerful that no one can hurt him, and he will not be caught by others. He will not be threatened to do things he doesn't like. Shen Qi'er is right. I will be a stumbling block for you. I didn't believe it before, but now it seems that I am... I don't like you like this... "

Chapter 392

"Su Xiaowan..." for a long time, he said, "I'm a person, with seven emotions and six desires. I love you, even if I give everything, I'm willing to. I don't want you to suffer a little bit of injury. I just want you to

be safe by my side, and I will protect you for a lifetime. So, you said, I can't do it, even if you don't like me, I will do the same

He knew that falling in love with her was destined to become his weakness in his life, but he was willing to be as sweet as he could be.

When Su Xiaowan heard the speech, she opened her mouth and tried to say something, but she couldn't say a word.

She did not dare to think, if one day, she died, then what would he do?

Then he held her in his arms and hugged her hard.

"What I do is also after careful consideration. It's not just that I've been pinched. I have a sense of propriety. A man who seals his family will only have one wife in his life. My wife, Feng Yan, can only be su Xiaowan. If I don't care about you, am I still a man?"

Su Xiaowan's eyes are a little wet. He gives all his tenderness to himself.

"Then... At least promise me that you won't be tired out in the future. Look at you... The dark circles under your eyes are so heavy."

"Ugly?"

Feng Yan is not a slovenly man, but now

He got up and went to the bathroom. Sure enough, he looked at his panda like eyes. Now he looks as old as her father.

There is no one who doesn't want to leave his best side to the woman he likes.

Su Xiaowan was lying on the bed, listening to what he was doing in the bathroom.

She ran to knock on the door and said, "Feng Yan, I don't think you're ugly. What are you doing inside? I came in

With that, she opened the door and went in directly. Looking at Feng Yan, who had just finished taking a bath, her face was dry and quiet. The appearance... Was a bit more decadent and handsome.

Even the beard has been shaved again.

"... is it ugly now?"

Su Xiaowan looked at him. At the moment, he seemed to have just fallen in love. "When did you care so

much about your appearance? You wear a human skin mask every day. It's more frightening than what you look like now. I like you, not because of your appearance."

But the man put her in front of the washing table, the lip so close to her lips, locked her firmly in his arms, "but I hope you like me more because of my appearance."

She laughed, padded her toes and sniffed his lips. "You've captured my heart for a long time. No matter what you are, I like you. I'm worried that you're tired. I don't dislike your appearance."

Voice did not fall, just look at the sexy thin lips so down, conquer.

Strong kisses all the time

Su Xiaowan fell into his arms and let him do whatever he wanted.

The man's arm is like a copper wall, her eyes are staring at the handsome face, her man... How so beautiful.

Next second.

In her mind, how suddenly the old man's face appeared.

"Don't..."

Most of them were really scared by him. Now, in Feng Yan's arms, he felt at ease and remembered.

"Did that dog touch you just now?"

rats?

Also, Feng Yan must know, she shook her head, "no, I didn't let him touch, but I don't know why, he looked at me in the eyes, always feel very strange... I was thinking, did I know him before?"

"Don't think about him. I'll deal with it. If he moves you, I won't forget it easily."

"Feng Yan, don't do anything against the law. I'll worry. Do you hear me?"

"Good."

"It's not so simple. It's like there's a trap. Shen Qi'er has been drugged. I always feel that there's someone behind her..."

The next second, Feng Yan blocked her lips.

He didn't want to hear anything else in her mouth.

"Dear, open your mouth!"

Su Xiaowan was pressed by him and couldn't move, so she had to stretch out her leg to kick her. Today, she was out all day.

She was sweating all over. She was a little addicted to cleanliness and loved to be clean.

In particular, I will never want to sleep in bed, even if it's my own bed, "Feng Yan, I haven't taken a bath yet, you take me to take a bath."

She leaned in Feng Yan's arms in a delicate and shy way.

The next second, he was carried into the bathroom by Feng Yan.

Feng Yan originally wanted to use his hands and feet, but Su Xiaowan especially seriously asked, "Feng Yan, who is the child in Shen Qi'er's stomach?"

"I don't know."

"... when you know that you like to be a father, are you very happy? After all, you are older too... "

"I'm 70 years old and 80 years old, and I can satisfy you. Besides, if the women outside want to have my children, they can't even think about it. I only want my women to have them."

"Cut, who will give birth to you, can you think simple in your mind, I can tell you, I won't give birth." Su Xiaowan has been reading books these days, but she didn't know how to read half of the books about pregnancy and childbirth a few days ago.

It's said that it's terrible to have a baby in October. She's still young and can't imagine what it would be like if she had a baby in her belly.

If you think about it, it's terrible.

"You said to me in front of so many people today, if you don't give birth to me, who will give birth to me?"

Being said that, Su Xiaowan's face turned red.

Today, in fact, she is talking nonsense. Of course, she has her own careful thinking.

She thought that she would not let others think about Feng Yan in the future, so she said that he... In this way, no one would like Feng Yan in the future.

But who knows, even if Feng Yan is abolished, there are still women who say they want to marry him

Feng Yan is so ugly that they all like her. She really can't understand people now.

While she was ready to speak, Feng Yan went to kiss her again, "we'll have a baby tonight!"

It's a shame.

Before Su Xiaowan could react, the man hugged her body, rubbed her hair in the palm of his hand, deepened the kiss, and the other hand began to move.

"Feng Yan..."

"No, I haven't seen it."

"How dare you say that!"

Feng Yan's eyes are deep and dangerous.

The girl's delicate skin was so exposed in front of Feng Yan.

He bowed his head and began to kiss her again.

Su Xiaowan had no preparation at all. At the moment, she could only reach out two hands and beat him, "Feng Yan, wait a minute... The phone rings!"

"Make him wait."

"Maybe it's urgent!"

"Now I'm in no hurry?" Feng Yan leaned over to kiss her face, "now concentrate."

"Well..."

Su Xiaowan suddenly tripped over something.

He sat down on the ground.

She looked at Feng Yan pitifully, "it's so painful... My ass must be blooming."

Anyone who is suddenly interrupted at this time will not be in a good mood, but he still bends down and holds Su Xiaowan up.

Su Xiaowan thought that he would continue, watching her warily, but watching him carry himself to the bed.

I brought the medicine oil.

"... God won't let you touch me. You can't blame me. You can't take revenge later."

Pop!

Feng Yan hit her, and Su Xiaowan jumped up.

"I'm all like this, you still want to beat me, do you have a little bit of pity! You'll have no wife like this! My ass must be blue." Su Xiaowan looks like a child.

"Then you made me like this, want me not to lift it?"

"I... don't blame me. The bathroom is too slippery, or I'll rub it for you?"

Su Xiaowan looked at Feng Yan and said, "blame me this time. Tomorrow, I'll wait for you to make it up to you?"

"Better not get out of bed tomorrow."

Su Xiaowan's heart is sentimental. Look, he's so bad... He can't get out of bed!

The book says that the first time is not very good.

She didn't say it because she was afraid of hurting Feng Yan's self-confidence

"Don't you believe it?"

"I believe you are the best." Su Xiaowan flatters him.

Maybe Feng Yan was around, smelling the smell of him, so she felt very relieved.

Feng Yan had to take a cold shower.

He has a wife, but he can only watch but not eat every day.

After a bath, the man lay down beside her and hugged her body.

Sleep till midnight.

Su Xiaowan dreams of the old man, who holds her hand and wants to kiss her.

She awoke from her dream in fright.

Feng Yan heard the news and immediately woke up. Looking at the girl at the head of the bed, she was full of panic. "What's the matter?"

"Feng Yan... I dreamt of that man, he was so terrible..." looking at Feng Yan, Su Xiaowan was relieved.

Thinking about the scene during the day, I always feel scared.

Helpless.

"He will pay the price."

Feng Yan hugged her and gave her a kiss on her forehead. "Now close your eyes."

"I can't sleep." Su Xiaowan lying in his arms, "Feng Yan, you sleep, I see you sleep."

"Can I sleep when you stare at me like that?"

Su Xiaowan bit her lip.

"Then give me a kiss."

"Are you sure? I don't want to kiss just one. " No man can stand the provocation of his beloved woman.

Feng Yan is not a saint.

At least, at this time, hormones suddenly occupied his mind, so that he had no time to think.

Su Xiaowan looked at Feng Yan, red lips a, "do you kiss? Didn't you want to kiss me just now? Are you really out of it? "

The man turned over and pressed her down, "don't regret it later."

.....

In an hour.

Su Xiaowan's face was buried under the pillow. Her face was covered with sweat, which added charm to her. The crystal sweat fell on her face, which was breathtaking.

And the man goes on... And she starts to look sad.

"Are you all right?"

She clenched the powder fist to hit the man on the body, but listening to Feng Yan's arrogant and domineering opening at the moment, "do you want to talk about me in the future?"

"No more, no more!"

She looks at Feng Yan.

Doesn't the book say that the first time is not good?

cheat!

Chapter 393

Su Xiaowan looked at the man's handsome eyebrows with a bit of lazy taste. He looked well-dressed, but now he was like a beast.

"How are you! If you do this again, you are not allowed to touch me in the future! "

A man's sexy lips overflowed with a low smile, palm fell on her face, "you can't bear it."

What a shame.

Su Xiaowan was not happy to hum, trying to get rid of him, but he stuck up again, just like gum, "Feng Yan, I'm going to sleep!"

Now he found that he was really a little clingy, and the kiss was endless.

Men's deep eyes with a bit of doting, "Su Xiaowan, said you love me!"

"Asshole, who loves you, narcissist --!"

Su Xiaowan's watery eyes were stained with water mist, staring at him.

Most of the time, the light at night narrowed her eyes. Why did she think the animals were so beautiful.

Feng Yan took her to take a bath two hours later.

"In the future, you can't say that your man can't do it!"

"Feng Yan, you are shameless."

Su Xiaowan looked at her, stretched out his little feet in his thigh for several times, "I'm very angry now, you quickly wash for me."

After washing, Su Xiaowan lies on the bed, suddenly thinking about something.

"Feng Yan, I won't be pregnant, will I?"

"Pregnant and born!"

She knew it!

"I'm in pain, you want to have a baby, you scum man!"

"Where does it hurt? Let me see... "

"Don't you see, I'm going to sleep --!"

Su Xiaowan pulled the quilt and lay there.

It's good for sleep to do something like this. As soon as Su Xiaowan touched the pillow, she fell asleep.

Feng Yan's mobile phone is still shaking. He takes a look at it. It's Fengyi's phone.

"Hello?"

Feng Yi heard Feng Yan's voice and was stunned for two hours.

"Young master, I have done everything you told me to do."

"Well."

Hang up the phone, Feng Yan back to the room, looking at Su Xiaowan shrunk into a ball.

See her eyebrows stretch not open, hand stroking his stomach, thought she had a stomachache, but in the middle of the night, she is still like that.

For the first time, Feng Yan didn't know what to do, so he had to search the Internet.

After the first time for a woman, how can the pain be relieved.

There are many answers on it.

He was dazzled.

"It must be that you are not gentle enough. That's why it hurts. I just want to be cool!"

scumbag

That's what Su Xiaowan said just now.

He drove out and bought the ointment.

Within 24 hours.

Because he was in a hurry, Feng Yan went out with a straight face. The flower crazy salesgirl looked at him and almost screamed.

I've never seen such a handsome man.

However, at this time, most of the people who come here to buy medicine are for

"What size do you want? It's all here... "

Feng Yan looked at the condom and frowned.

He just looks like a scum man?

"What medicine does the girl take after the first pain?"

The shop assistant was stunned for a moment, and there were few such people. She took out a box of plasters from the cupboard and handed it to him, "it's not good for you to take the medicine. Take this and apply it to her."

In fact, Feng Yan touched her once, because she kept crying

The clerk looked at Feng Yan, paid the money and strode away.

Well, there are still good men in the world.

She secretly took a picture and posted it on the Internet.

——The handsome guy who buys medicine for his wife in the middle of the night!

I even took pictures of the luxury car.

Chapter 394

Such a hair, in the late night network, set off waves.

"My God, isn't this the latest Lamborghini?"

"Look at this guy's back. He's a handsome guy! Please look straight

There's a response downstairs. It's the landlord just now.

"He's handsome, tall and handsome. He's just a dream lover. You can only see from a distance that he's here to buy ointment for his girlfriend."

"I envy that woman!"

"My God, even if such a man sleeps with him for free for one night, I'd like to --"

"....."

"....."

Of course, where does Su Xiaowan know.

She only knew that she was in terrible pain.

In the middle of the night, it's cool, and it's good to sleep.

Feng Yi looks at the news on the Internet.

Today, the young master is really in the limelight. Now everyone knows that the young master and his grandmother have gone to sleep, and finally he has ended his virginity.

In the middle of the night, he went to the drugstore to buy anything. He was single all the time. The dog had never eaten pork, but he had seen the pig run.

As a result, I saw the young master appear in front of me in the evening.

"Young master, how can you..." is it over so soon?

Looking at Feng Yan's bad face, Feng Yi, a man, expressed his sympathy. "Young master, for the first time, men all..."

Later, Feng Yan's eyes were focused like this.

"Are you idle?"

"No, I'm working with you on your online exposure!" Fengyi took out his mobile phone. It's a picture. It's a little familiar.

Take a closer look, it's yourself.

There are also many rumors about giving birth to monkeys and sleeping with him for free all kinds of.

"Nowadays, people are not so good at aesthetics. They are so ugly that they can talk about it!"

"Young granny has to talk." Fengyi please said.

"Seal the number. She can't see it. She will cry again later."

show of affection.

Feng Yi's heart beat.

.....

Shen Nanshan never thought that he would meet Feng Yan in this place.

He was drunk, with a woman supporting him.

Hawk Falcon's eyes are a little alert. Of course, she doesn't know what happened to Shen family.

"Feng Yan, what do you mean! When I marry Qi'er, I'll settle down. How long does it take to get drunk? "

This is the first time that Feng Yan has met him face to face.

Shen Qi'er is her own daughter. Although Shen Nanshan doesn't like Susie, Shen Qi'er is related to her by blood.

"Are you teaching me how to get along with women? Shen Nanshan, are you qualified? "

Shen Nanshan didn't look good. He was used to his own way.

But Feng Yan, where will listen to him.

"Now that you are going to marry Qi'er, put your mind away..."

"I don't care about you any more."

"Mr. Shen, let's go --!" The enchanting woman wants to hang on Shen Nanshan. She can catch a rich man here.

You can't be destroyed by this ugly man in front of you.

"Let's go --!"

Just said, suddenly several burly men surrounded him, "Feng Yan, what do you mean?"

"You moved my woman, what do you mean by me?"

"Your woman? I heard that you bought it. If I give her more money, will she talk to me? "

The man's fist hit him in the face.

"Shen Nanshan, in Jiangcheng, no one dares to fight me, and no one dares to speak to me so arrogantly! Just because I save your life doesn't mean I'm afraid of you. "

He promised Su Xiaowan that his hands would not be stained with blood.

Since he has made this promise, he will not break his promise.

"At the beginning, I promised my brother that I would not touch the Shen family! Feng Yan, are you really ready to go back? But it's also true that Feng's words have never been true. "

Shen Nanshan is a little afraid of Feng Yan today. After all, he is the only one who goes out today. He knows Feng Yan's personality and is arrogant and arrogant. Even the man over there has no way to take him.

Otherwise, they will not be driven abroad and dare not come back after such a long time.

It's not as easy to be kind as it seems.

"You are also worthy to mention Fengjia with me. You really think that others can't find anything about what you do?"

"If I could find out, I would have gone in long ago according to your means of sealing the house."

"I tell you, Shen Nanshan, even if you die here today, I have a way to get rid of the suspicion."

"Yes? Do your women think so, too? If she knew she was with a murderer? Can psychology bear it? Women are fragile. If you know that your hands are covered with blood, what does she think? Will she leave you and find another one to protect her... "

"Shen Nanshan, I can't bear to move her. You still have such thoughts on her!"

Feng Yan rushed up and hit the man on the ground with three fists.

"Waste people --!"

"Feng Yan, how dare you!"

"I'll save your life."

Shen Nanshan had an accident.

This incident made Susie's face change when she received the phone call. She hung up the phone and said to Shen Qi'er at the other end, "your father had a car accident. I'll go to see him. You'll take good care of yourself here."

Shen Qi'er's eyes were dark, "how good an end of meeting have an accident?"

"I don't know. The police said that he had drunk. Your father was very careful when he was driving, and he didn't know how to drink."

"I think it must be because of Su Xiaowan."

Susie's face is even more heavy when it comes to Su Xiaowan. You know, the existence of Su Xiaowan reminds her of everything before. Looking at that face, that look, she always feels like hitting her own face.

"Well, now you're here to take good care of yourself. I'll go and see him."

Susie can't rest assured of him. He's the man she's been thinking about for so many years. She can't let anything happen to him.

Susie left in a hurry.

After Susie left, Shen Qi'er looked at the comments on the Internet with her mobile phone.

Sure enough, now Fengyan has been deleted, but the network has memory, and there are still many people who don't know the truth cursing there.

It's very ugly.

That's what she wanted.

Until the middle of the night, Shen Qi'er suddenly has no sleepiness, she thinks about her bag.

However, after thinking about it, I thought it was nothing.

After all, it's really not in the bag. Feng Yan just took it away, and then he would come to beg her.

Shen Qi'er can't sleep, thinking about her baby. Although she's only been with her for a few days, it's Feng Yan's baby.

The only child.

But did not think, Su Xiaowan even gave himself medicine.

I really underestimate her.

Sure enough, a silent woman is the most terrible.

.....

Su Xiaowan sleeps day after day, and her whole body aches. When she wakes up in the morning, she looks at the bloodstain on the sheet and inexplicably thinks of last night's night.

Blushing face can immediately drip blood.

She changed the sheets in a hurry, thinking that the sheets could not be used when she washed last time, but she was too embarrassed to clean them for the maids, so she wanted to go out and buy a bottle of detergent suitable for cleaning the sheets.

Because the young master said that Su Xiaowan could go out now, so he didn't let anyone stop him. In Cheng Weiwei's car, Su Xiaowan sat in the co driver's seat.

"Young granny, if you want to buy anything, just tell me to go, and you don't have to go in person."

"I'm idle at home. I'm almost sick. By the way, no one is talking about me in the company, right?"

"No

Cheng Weiwei didn't dare to tell her that yesterday's news almost scared them to death.

"Young granny, were you OK last night? That Shen... "

"He's so old that I don't like him!"

"That is, if other people don't know, it's OK. If you have such a good man as young master, don't go to find an old and ugly one. It's not a brain problem!" Cheng Weiwei was not nearly angry when she read the news. The Shen family didn't have a good thing, "by the way, young grandma, do you know? Last night, there was a car accident in Shen Nanshan. Sure enough, the old man was very open-minded. He heard that it was drunk driving, and he had to face a lawsuit. Even if the Shen family had a lot of contacts, it was estimated that for a while, it would not be able to calm down. "

A car accident?

Su Xiaowan secretly patted herself and was afraid of her hands. That old man should teach him a lesson.

"By the way, Weiwei, did Fengyi tell you yesterday? Did everyone at the party check? " Although she looked around yesterday, she didn't see anything.

Intuition tells him that it's not so simple, so he asks Fengyi to tell Cheng Weiwei and ask her to help him to look at it carefully.

"After checking, I didn't find the person who drugged Shen Qi'er, but I found something else. A friend of mine had seen Shen Qi'er's B-ultrasound examination before, and she told me that Shen Qi'er had no fetal heart rate. I thought that this time, I must want to use her hand to wrongly her!"

No fetal heart?

Isn't that the child was stillborn in the beginning?

But Shen Qi'er obviously didn't know?

Otherwise, it's no worse than the hysterical scolding.

It's just... Who is behind it?

The car soon arrived at the supermarket chain.

Su Xiaowan checked a cleaning agent on the Internet. Now she goes straight to the other end. Halfway there, she suddenly looks at the family planning supplies

Thinking that Feng Yan didn't wear a condom last night, I don't know if she would be pregnant.

Now she obviously didn't want to have a baby. Maybe the book had a shadow in her mind a while ago.

She ran over, stealthily took one, and then bought her own things, directly ran to pay.

After paying, she was in a trance. She was 24 years old and married. Why did she buy a condom so stealthily?

"It's her. I said how to look familiar!"

"Don't think that if you have money, you can delete all the posts. You seduce Shen Qi'er's father, and now you ruin Shen Qi'er's wedding and get rid of her children."

"Why are you so cruel and not afraid of retribution?"

"Look at her hand, she even bought condoms --!"

"Disgusting! Which man are you going to seduce? "

Chapter 395

At this time, an egg directly hit Su Xiaowan. Before Su Xiaowan could react, many people began to stand together and blame her.

"A man like you shouldn't live, damned woman!"

"Even a child can't be spared!"

"Butcher!"

A few eggs slowly slipped from her body, and the air smelled fishy. Su Xiaowan looked down at her clothes, which was too bad. Those people still kept on doing it.

Soon, attracted a lot of onlookers inside the mall.

Su Xiaowan frowned.

"Shen Qi'er has nothing to do with me. She took the abortion medicine first."

"How can it be that tiger poison doesn't know son yet?"

"What if the child in her belly is stillborn?"

Stillbirth?

At this moment, the women throwing eggs looked at each other, obviously did not expect such a thing.

"You cheat. Now Shen Qi'er is in the hospital. You have the ability to show evidence. Otherwise, how can we believe what you say?"

"I will naturally prove what I say."

One of the women didn't think that she would say that. All of a sudden, they watched the morale of the whole place run away by Su Xiaowan. They finally found Su Xiaowan here. How could they easily forget it? They pointed to Su Xiaowan and yelled, "even if you didn't harm her, you seduced his father. Didn't you say that the person who appeared in her father's room that day was you?"

Su Xiaowan hesitated for a moment.

"If it's you, young master Feng and father Shen Qi'er, who do you choose?"

"It must be like that, young master Feng. Don't think about it." The woman spoke in a high profile.

"That's right. Don't you want me to go to find an old man

"Your man is ugly! We all know! Maybe Shen Nanshan is more beautiful than that young master Feng! "

Su Xiaowan looked at them one by one, as if she had come prepared. Anyway, she would not let herself go. She said, "have you ever seen my man look good?"

"That's not true."

After all, it's just gossip, who knows.

No one dares to verify it in person.

"My man is in line with my aesthetic, I like him very much!"

"No, master Feng didn't give up. Why do you buy condoms?"

"Now that medicine is so well developed, my husband will soon be cured if he doesn't lift it. Can't I buy it? Is it illegal for me to buy condoms? "

When people said that, they immediately felt that what they said was very reasonable.

If you want to know what the young master looks like, he is not in the grade. No matter how bad he looks, he must be better than Shen Nanshan.

They know Shen Nanshan. He is ugly and old. Although he has some money, he has a lot of news.

"There are all the videos. Are they still fake? Don't fool people here!" The woman bit her like a snake.

She can't just let go. After all, she has been a professional since ancient times.

Cheng Weiwei bought what Su Xiaowan wanted and ran out to see this scene. She looked at the aggressive women and said, "you're talking nonsense. Do you believe it or not

"You are rich and powerful. Isn't there any justice in this place?"

It's mostly because of the appearance of Cheng Weiwei, so those women suddenly wilt, because Cheng Weiwei seems to be able to beat people, weaker than Su Xiaowan, and I don't know how much stronger she is.

People bully the weak, but dare not fight against the strong.

"What are we talking about? We have a video screen. Can it be fake?"

"I've heard that people who make rumors casually and want to have a lawsuit. I don't think you all want to go in and have a lawsuit if you don't see the coffin one by one."

A lawsuit?

Shen Qi'er didn't say it would be like this... They were scared all of a sudden. If they really went to the Public Security Bureau, they might not be able to retreat completely.

After all, they threw eggs on the woman, and the evidence is there.

"Don't fool people!"

"Then try it!"

Cheng Weiwei protects Su Xiaowan, "young grandma, are you ok? You can rest assured that these people will not let them go. I have already called the young master. The young master is very angry when he knows the news. Our family sealing people can't be bullied outside. Once they are bullied, they will have to pay a hundred times to repay them. "

At this moment, the women looked at each other. They took Shen Qi'er's money. They were originally from her fans' meeting. When Shen Qi'er said this in the group yesterday, everyone defected one after another. In addition, Shen Qi'er gave them a sum of money. Naturally, they would work for her.

Listen to Cheng Weiwei and Su Xiaowan.

Still hesitant looking at each other.

Cheng Weiwei looked at them, took a picture, and sent it to the people at that end.

They don't know what Cheng Weiwei is doing, but soon, those people get a call.

"What? Husband, are you fired? Didn't you do a good job? How did you get fired? Is there a mistake? "

"What, baby, didn't I just send you to kindergarten? what! Why are you back? The dean said, "no?"

"... grandma, are you caught stealing? What's going on? "

"....."

The three women who picked up the matter all got the phone calls from their families one after another.

The answer is that you have offended people, and you can imagine who you have offended.

Even, after a few minutes, even his relatives were all treated badly.

And it's all about yourself.

Oh, my God.

This man is too powerful.

You don't have to think about who it is.

In Jiangcheng, the most famous person is Fengyan. The means of Fengyan... I think it's to be penny pinching.

Originally, I wanted to have a good chance to get a sum of money, so I could fight for a few years less. I just asked them to throw an egg and say something unpleasant. But now, I didn't think about it, and I'm endangering the people around me.

It is said that young master Feng has a violent personality, and they dare not think about the future.

The women immediately knelt on the ground, completely different from the previous high flame.

"I'm sorry, madam. We were just talking nonsense. Please help us. We really can't lose our jobs."

"Madam, please, I didn't mean what I said just now. I managed to send my child to the kindergarten. I spent a lot of money and had to study. This is a child's future..."

"Madam, please. Mr. Feng must have listened to you. Please help us beg for mercy."

"Please, ma'am!"

Su Xiaowan screwed her brows, and the changes were too fast. Just now she was about to eat her, but now she's all sheep.

"Young grandma, this morning, the young master blocked the media magazine that reported your news yesterday. Because something happened on it, those reporters were scared away. Moreover, now the news about you has been suppressed, and all the videos and recordings have disappeared. The young master said that anyone who dares to spread a word blindly will make him a forbidden word in the world, which is about you now, Someone must have bought it!" Cheng Weiwei opens his mouth beside Su Xiaowan.

Su Xiaowan read a report.

More than ten years ago, there was a man who washed a city for a woman. At the beginning, she was still admiring what kind of love would make people like this.

Become unlike yourself.

Now, it's as if that woman has become her.

She seems to understand.

Feng Yan didn't have any words, but he blocked the haze in front of her. All the gloom was blocked by him.

I am deeply moved.

As if, like him more than yesterday.

She went back to give him a good kiss.

"Please, ma'am!"

"When you just threw my eggs, why didn't you think about the consequences?"

"We were hoodwinked. Shen Qi'er gave us a sum of money to throw away! It's only in the face of money that we... Will do so. "

What's going on around here.

I'm afraid we were all used as guns just now.

It's disgusting.

Probably because of this sentence, everyone's wind vane suddenly fell down.

They all stood on Su Xiaowan's side.

"No wonder I said that you were so jealous of evil that you were bribed!"

"We almost believe what you said!"

"It is..."

"I'm sorry, I'm sorry. We'll be careful in our words and deeds in the future. There won't be another time

--!"

How dare they have another one? I'm afraid this one is just a warning, but just a warning is enough to make them worried. If there is another one, they will die.

According to master Feng's means, that is to let them disappear. It is estimated that it is a matter of one sentence.

"Young granny, I think it's better to leave it to the police."

Su Xiaowan looked at them, and their faces changed immediately. In fact, her affair with Shen Qi'er was related to others. She didn't like it very much. She took advantage of others to be a Spearman.

Such a move makes people angry.

But these people

"Go back and tell Shen Qi'er that I will treat him in his own way!"

"So our business..."

"Since you have done something wrong, you should be punished."

Then he turned and left.

All of a sudden, the three women fainted.

.....

Lu Shimian almost lost his temper, and Xia Xiyan ran away again.

Made her like this, and now she's running away.

Xia Xiyan knows what happened to Lu Shimian. Now she comes to Jiangcheng, her own place, by night train.

As a result, I met Lu Shimian at the door.

Looking at him, he had already come.

Xia Xiyan looked at the gradual danger of his squinting eyes, thinking of the moment when he was supported that day, he pursed his mouth with a guilty heart at the moment, "Lu Shimian, what are you doing here?"

"What do you think I'm doing --!"

Suddenly, Lu Shimian held her hand and went to his pants.

The fingertips are numb.

.....

Going crazy, going crazy.

"Lu Shimian, don't you want to order your face again!"

That pretty cheek close to himself, because close, so let her suddenly whole body cells are trembling.

Chapter 396

Even if they had intimate behavior, but in the end can not let him do so.

"Lu Shimian!"

Xia Xiyan's ear is very red. At the moment, his hand wants to struggle, but he holds it down hard.

But the man did not change his face, "I was kicked by you. You ran away. What should I do after that?"

Xia Xiyan can't believe it. Her tongue is knotting. "You... What do you say? I don't care what you do in the future!"

"You don't care who cares?"

"Lu Shimian, let me go first --!" At the moment, Xia Xiyan is pressed tightly by him. His eyes are a little complicated. Lu Shimian was very sensitive before. If he did, he would have

But now, there is no response at all.

The doctor also said that if we do not pay close attention to the treatment, it is estimated that we will not be able to do so in the future.

If the old lady knew he couldn't do it, she might be a sinner, so she ran away. But who ever thought that he had found his family.

Xia Xiyan felt a bad premonition in her heart. At the moment she saw Mian landing, "Lu Shimian, you should go to see a doctor now. It's useless for you to find me."

"The doctor said that you have to tie the bell to solve the problem. You are responsible for the damage."

Xia Xiyan's heart clapped.

"What can I do, you are not... You go to Shen Qi'er, maybe she can do it!"

"Summer sunset!" Lu Shimian pinched her chin, his eyes pressed her tightly, the whole person with a bit of grievance, "you broke it, you let me find someone else?"

"... you like Shen Qi'er so much. Maybe you'll be better when she stimulates you!"

They were very close to each other. His breath fell on her cheek, as if on fire. Xia Xiyan was a little flustered. "Lu Shimian, aren't you hot holding me?"

Xia Xiyan had a lot of cars all the way, but she came back. Now she was sweating. Lu Shimian loved to be clean. He didn't know what was going on. He held her and couldn't smell her?

Xia Xiyan feels that she is going to stink.

"It's not hot."

"You are not hot, I am hot, you let me go, I'm going to take a bath!"

"No

"You're here. Where else can I go?"

"Didn't you just run under my nose?"

Xia Xiyan is speechless, and he is really speechless.

Why don't you understand!

She's really pissed off.

But she didn't dare to kick, after all, it's no use now, after that... Still have to rely on her.

This time, I really made my own sin.

"I'm hungry --!"

"I can't satisfy you now!"

"Lu Shimian!"

.....

In the bathroom.

Xia Xiyan unties her clothes. Lu Shimian finally lets her go. She smells her body. Although she doesn't smell of sweat, it's because there are people smoking on the bus, which she started to make first. Now she smells of smoke.

But Lu Shimian also smoked before, so he didn't feel smelly?

All of a sudden, her stomach was tumbling. She bent down and went to the toilet. She vomited a few times.

The sudden reaction makes Xia Xiyan pale.

Should not

She remembers that he touched her that night in the villa. At that time, although she took the pill the next day, it didn't mean that it was safe. She didn't see the news that she was pregnant after taking the contraceptive.

Such a thought, Xia Xiyan's brain is more confused.

Xia Xiyan goes to open the bath bully in the shower. At this moment, because of inattention, she slips and falls on the ground.

She was dizzy.

But in my mind, such a fall, the child must not, also do not know how to have such a thought, probably the body's instinct.

The sound insulation effect of this house is not good, so Lu Shimian heard it immediately outside.

He unscrewed the door lock, because it was locked by Xia Xiyan, but the door was very old, so he twisted the handle of the door with a little strength.

He just walked in.

Looking at each other with four eyes, Lu Shimian looked at all of her.

My eyes are fixed now.

He sank his face, pulled the towel at the other end, wrapped her slender figure, and watched her still covering here and there, shyly.

"Even if I read it, I won't do anything to you! Besides, I haven't seen it before -- "

Xia Xiyan was held in his arms, and now she was smelling the breath of the man. She was really stupid. However, Lu Shimian saw all of herself, but she didn't respond at all.

It seems that it really can't.

"Xia Xiyan, why, I can't do it. Are you happy?"

"... of course. I have to buy firecrackers to celebrate!"

"..." Lu Shimian angrily flicked on Xia Xiyan's forehead, "you want to dump me, you dream!"

"... open your mouth and let me kiss you."

"... Lu Shimian, you are like this. You don't know how to control!"

Suddenly the thin lips of the man pressed against her with irresistible force.

Xia Xiyan naturally can't beat him, and his body is no longer his own. Now she's a little kiss, Xia Xiyan has forgotten who she is.

The whole person kneaded into a pool of water.

His heart is beating faster and faster.

The man's hand pulled open her bath towel.

Dim light in her face, do not know how, suddenly there will be a sense of suffocation.

It's like a long time ago.

There was water all around, drowning her, but a man was like a straw to save her life.

Once, again.

.....

Half an hour later, Xia Xiyan gasped for breath. He used such a way!

"Lu Shimian, you are shameless!"

"Don't try to escape me in the future. Even if I can't, I can make you comfortable!"

"Get out of here, you rascal --!"

I don't know how Lu Shimian got on the remote control. At this moment, the two of them had a fight and the TV suddenly turned on.

In the news, it's a statement.

It's su Xiaowan's.

After reading the report, Xia Xiyan was stunned there.

Shen Qi'er's baby is stillborn in her stomach, so she gave her away by herself? Blame Su Xiaowan?

Shen Qi'er is so vicious that even children have to use her.

Just as she was thinking hard, suddenly Lu Shimian stopped her, "you let me go."

Lu Shimian's black eyes sank for a moment, turned off the TV and turned over to press her.

"Lu Shimian!"

"So loud, didn't you shout enough just now?"

"Lu Shimian, you're the most shameless man I've ever met. I've never seen you like that!" Under such pressure, Xia Xiyan's face turned red.

Plus the blush on my face just now hasn't dissipated.

She was held on her waist, and Lu Shimian bowed his head and gave her a kiss.

Chapter 397

"Shout and I'll kiss you."

Xia Xiyan knew Lu Shimian was shameless. She glared at him, "shameless!"

He bowed his head and went over to kiss her.

Xia Xiyan is angry, she stares at him.

"Go on!"

"....."

The only way for her to talk to such a shameless man is the cold war.

Xia Xiyan is the most cold war. At that time, every time he came to her for trouble, he either put bugs in her schoolbag, robbed her of her gifts... Or scribbled on her homework.

So, every time she doesn't want to talk to him, just treat him as air.

"Xia Xiyan, come home with me!" Lu Shimian looked at her, maybe the night was bright, he thought she was very moving.

Some people are like this, holding your heart all the time.

I don't know when to start. She's the one who cares.

If you like it, it's like this. I'm out of my mind.

He didn't want to warm the bed by himself.

Xia Xiyan listens to it, Ning Mei says, "I won't go back!"

"Are you going by yourself? I'll do it, and you choose. "

"Lu Shimian, can you be reasonable! You don't do it all the time. It's unreasonable. "

"That's what I am. It's not the first day you met me!"

"... I don't care about you."

Because the night is too deep, Xia Xiyan is already tired today. She lies on the bed and soon falls asleep.

When Lu Shimian got up, he looked at her sleeping face. He never thought that she had fallen asleep.

He leaned over and reached for the hair on her face.

Probably at this time, she is the most quiet and lovely.

The next day, before dawn, Xia Xiyan was crammed into the car by Lu Shimian.

When he would go, Lu Xing just came out of the house.

Looking at Lu Shimian holding Xia Xiyan came over, in passing by his side, only looking at Xia Xiyan is closing his eyes.

Lu Shimian's eyes were warning, as if he could not even look at her.

Lu Xing is not interested in Xia Xiyan.

He walked away.

When Xia Xiyan wakes up, she is already in Lu's home.

When she was a child, she thought the Lu family was like a princess's castle, but now, she thinks it's like a cage.

She can't fly away.

It's not that I don't like it here. It's just that Mrs. Lu is taken care of so well that she feels used to it.

Lu Shimian went to the company, Xia Xiyan a person at home idle, they went shopping.

She didn't drive. She took the subway.

In this city, the subway runs through the whole space, there is no place to go.

Xia Xiyan looks at a job advertisement.

It's a school for the deaf.

When Xia Xiyan first went to university, she followed Mrs. Lu to the deaf mute school. She met some children who were eager for knowledge.

But there are still some obstacles in communication, so after she came back, she learned sign language.

Now, there is nothing to do in Lu's family. To do something meaningful is to enrich her life.

Because of the location of the deaf school, Xia Xiyan took a taxi and arrived at the deaf school an hour later.

The school environment is quiet and elegant. She likes it very much. The person who receives her interview is the assistant of the principal.

The surname is Chen.

"Miss Xia, let me give you a brief introduction. There are more than 100 students here, but the number of teachers is relatively small. As you can see just now, some of these children are still relatively young. Our teachers here..."

Assistant Chen's words, Xia Xiyan naturally understand.

It's not that everyone can help others regardless of their income, so there are only a few teachers in this place.

And they are basically retired old people. If they want to, they can go to work immediately.

Xia Xiyan expresses her wish to work here. Since she has come, she naturally wants to find this job. What assistant Chen says is very sincere. She also likes the children here.

No one wants to be incomplete.

In those children, she saw who she was.

At that time, it was probably the same in the orphanage. The children's faces were full of expectation and hope.

Think of one day, can be rescued.

Assistant Chen was very happy to hear Xia Xiyan say so.

The arrival of Xia Xiyan has saved the present environment.

"A few days ago, a new teacher came. Let me take you to meet him."

"Good."

Xia Xiyan never thought that she would meet Lu Xing here.

What's more, I don't know that assistant Chen's new teacher is Lu Xing.

"Brother Xing, you have been busy these days. Is that what you are doing?"

Assistant Chen listened to her call for Mr. Lu, brother Lu, and said excitedly, "I didn't expect you to know Mr. Lu."

"He's my brother."

Brother?

"Your family are all good people. If Mr. Lu hadn't come to help us solve our food problem, I would still be in a hurry now. The children's food problem."

"That's what I should do."

Chen assistant looking at Xia Xiyan, "that miss and Mr. landing casually stroll, I went to class."

"Good."

Lu Xing looked at Xia Xiyan, "how did you find here?"

"I saw the recruitment information when I went shopping today, so I wanted to try it here. It's boring to stay at home all the time."

"Do you know when you come here?"

"Tell him why." Xia Xiyan mentioned that Lu Shimian was not happy. If she had not been brought back by him, she would not be so idle now.

"He doesn't like to be kept from him. You are her wife. If you want to go out to work, you should tell him."

"Brother Xing, I don't want to talk about him now."

"Did you fight with him?"

"No noise."

Lu Xing looks at Xia Xiyan and sees that she doesn't want to mention Lu Shimian, so she just closes her mouth.

"I'll have a class later. Are you going to listen?"

"Yes."

Xia Xiyan has never been a teacher, and her object is still such a group of students. She doesn't know how to deal with them.

She followed Lu Xing to the teacher and secretly found a corner to sit down.

Looking at Lu Xing on the platform, this is probably the first time that she looks at such a Lu Xing.

I don't know how much better than that Lu Shimian. She was thinking about it and handed over a piece of paper.

It says sister, two words.

Her side of the head, next to a girl, look at the girl toward her exposed white front teeth, her teeth are probably just changed, so the front front teeth fell out, just grow out some, girl, wearing two ponytails, clothes are very neat, is too thin.

This dress is too big for her.

—Sister, do you know sign language?

She uses sign language in front of Xia Xiyan.

Xia Xiyan replied to her.

—A little bit.

—That's great, sister. You know what? I haven't seen a sister as good-looking as you for a long time. Will you always be here?

—I will try to stay.

Chapter 398

It happened to rain when Xia Xiyan went back. The driver who had made an appointment actually stood her up. It was a remote place, so it was not easy to call a car. In addition, it rained so hard, so I had to wait a long time for the driver to pick up the order.

She didn't bring an umbrella. Although she saw the bus stop when she came, she couldn't just run past.

What if you don't run?

Xia Xiyan took a deep breath, just ready to run out, was held by the wrist, "the rain is so heavy, where do you want to go?"

"I..."

Just now, she got a call from Lu Shimian, so she came out ahead of time. Moreover, she made an appointment with the doctor of Obstetrics and Gynecology today. Originally, she wanted to go to the hospital to have a look. How could she expect that it would rain so heavily.

"I'm just going back, too. I'll see you off."

"No, brother Xing. I'll wait until the rain stops." Lu Xing is very busy these days. Although Xia Xiyan doesn't know what he is busy with, Lu Shimian doesn't deal with him very well. If he knows that Lu Xing is taking her home, it's time to quarrel with her again.

Lu Xing seemed to see out her worries all of a sudden. "I'll take you to the subway station. Today, the rain can't stop for a while."

Xia Xiyan is a little embarrassed. Xu is suddenly seen by Lu Xing and wants to explain, "brother Xing, I..."

"I know. It's good for you to think more about him. Get in the car --!"

Lu Xing said so. Naturally, she said nothing more and got on the bus.

The car came to the subway entrance.

"Brother Xing, I'll go back first."

"Good."

Xia Xiyan got out of the car and squeezed into the bustling crowd. Lu Xing looked at the man at that end and drove away.

Xia Xiyan bought a ticket and went to the hospital.

Fortunately, the hospital is just at the exit of the subway station.

Xia Xiyan hung a obstetrics and Gynecology number, in the process of waiting, slightly nervous.

Yesterday, although Lu Shimian didn't touch her, she couldn't put it down in her heart. All the people who came here to check were expectant mothers with big stomachs, accompanied by her husband.

However, he is lonely and seems a little lonely.

Xia Xiyan is not looking at them. She looks down at her mobile phone.

After waiting about 15 minutes, it was Xia Xiyan's turn.

The doctor told her to have a urine test first.

Got the urine test results, negative.

Xia Xiyan looks at his inspection list. Fortunately, it's a false alarm.

"Your uterine wall is thin. You need to take good care of yourself if you want to have a baby. You are still young. You will have a baby sooner or later. You must be in a good mood."

Xia Xiyan thinks a little.

She didn't want to have a baby.

Even if she was pregnant, she didn't want to be pregnant with Lu Shimian's child.

Xia Xiyan never thought that she would meet Shen Qi'er here.

Shen Qi'er wears a mask. Although she wraps herself tightly, Xia Xiyan recognizes her at a glance.

What's she doing here on the sly?

You know, Shen Qi'er is not just out of labor. Even in the hospital, she shouldn't be in the hospital here.

This is not Jiangcheng.

She wanted to go over and have a look, but was stopped by a man, "excuse me, miss, this is a private ward!"

Xia Xiyan didn't ask for trouble any more. She turned around and left.

When I came out, suddenly a luxury car stopped beside Xia Xiyan.

She was stunned for a moment, and she was still murmuring, but the next second, the door opened, and a man in a black shirt came down.

It's Lu Shimian.

Angular face with a sense of strangers do not close, lips tightly pursed into a line, the whole body revealed up and down the noble and cold pride.

Xia Xiyan looked at the cold man, "how are you here?"

"Passing by."

The devil believed he was passing by.

Lu's company has nothing to do with the hospital, even the way home.

Can he pass here?

It's not for Shen Qi'er, is it?

What else was he thinking about? Suddenly, Lu Shimian caught her by the wrist.

His strength is very big, and he never knows how important he is. When she pinches him like this, she takes a breath in pain.

"Get in the car!"

Before sitting on it, suddenly a woman ran down from a car behind. She was wearing a miniskirt, and her chest was full of waves. Her long legs seemed to be full of imagination. Even a woman could not see it.

She painted delicate make-up, it looks a bit... Shen Qi'er.

Jiao Didi's appearance appeared in front of his eyes.

"Lu Shao"

Are you looking for him?

Xia Xiyan's delicate eyebrows are slightly wrinkled. Now he looks at Lu Shimian. He just wants to shake off his hand, but he hears a low roar.

"Get out of here!"

That's what he looks like when he's angry. Mrs. Lu used to be honest. Every time he gets angry, he looks like a lion and a stubborn cow.

Although Xia Xiyan had seen him angry, she had never seen such an expression.

"You don't understand me?"

That day, that woman is so roared, obviously a little stupefied, but looking at the woman beside Lu Shimian, can't help but say.

"Lu Shao, I haven't tried. How do you know I can't help you?"

The man's eyes narrowed, "if you don't want to die, get away from me!"

"Lu Shao, you asked people to find me, but now they don't give me a chance. I'm worse than her. Why can she take your car, but I can't?"

She's been after him all the way.

Lu Shimian is the richest man here. If you take her, you won't have to worry about it in your life.

"Besides, it was your housekeeper who asked for me."

Xia Xiyan is standing there, a little embarrassed at the moment. Although she doesn't know what they are saying, she doesn't want to know. She wants to go, but she is tightly held by the man's wrist.

"Where are you going?"

"Master Lu, don't you see that she wants to help you? Now that you are like this, it's very good for a woman to be willing. You can be satisfied. Besides, she looks quite like your first love and is a good match for you. "

well matched?

First love!

Lu Shimian's face was cold and sincere. At this time, he was enraged. There was no temperature at all. "Xia Xiyan, how could you push her?"

"....."

"Master Lu, you see, she doesn't know how to cherish you. She won't help you!"

"Go away, don't let me say it again!"

The woman's eyes became red when she was yelled. She thought that when she was brought by the housekeeper today, she was very happy, but the man didn't look at her.

So she drove all the way here.

But unexpectedly, he came to pick up this woman.

The lady was annoyed by Lu Shimian's attitude, and she was even more daring to say, "who doesn't know where you are! What do you think she'll like you? Women are all powerful. If you were not rich, I would not have come! "

Chapter 399

Xia Xiyan listen to that, this is probably the first time, a woman dare to talk with Lu Shimian, really not afraid of death!

However, the woman said so, now people on the road are beginning to pay attention to Lu Shimian.

For men, this aspect of the problem was heard in the hall, probably a deep blow.

The atmosphere dropped to freezing point.

Lu Shimian's temper was suddenly picked up by her words. Her handsome face sank down with the speed visible to the naked eye. Xia Xiyan stood here, suddenly felt not so good.

This woman really dares to say anything, but she will have bad luck later.

The woman seemed to smell the smell of death, but she said everything. What she said was like the

water poured out, and she couldn't get it back.

Her lips trembled, "even if you kill me, you can't cover up the fact that you can't do it. No woman will like a man who is not good at using. Ask her if she dislikes you in her heart. If it's not because you have money, she will be willing to talk to you!"

Well, the woman successfully led the fire to herself.

The green veins on Lu Shimian's forehead are all protruding. Xia Xiyan just looks at Lu Shimian's anger spreading everywhere, which is about to condense him. She suddenly opens her mouth.

"You can't eat grapes, can you say sour grapes?"

"Am I not telling the truth?"

"How can an outsider know if he is OK? Or are you climbing into his bed? "

"I..." the lady was so said that she didn't know what to say at the moment. How could she climb to the bed when she was on the land? He didn't even want to let her touch a finger.

When she said this, the lady angrily said, "I've heard his people say he can't..."

"Hearing is false, seeing is true. You can't slander him just by listening to tu. then I think you are not attractive enough to seduce him!"

The woman listened to Xia Xiyan's words, angry eyes are red, what seduction?

She's a celebrity, too. Is that enough to seduce him?

Lu Shimian looked at her, her clear voice was beautiful. It was probably the first time that she spoke for him. Her deep black eyes narrowed and her thin lips began to smile.

He suddenly understood Feng Yan's mood.

It's nice to be protected by your own woman.

"You're a liar. He never touches women. He doesn't like women at all. You must be the one who asked him to act. You..."

Suddenly, the cold man stretched out his arm and pulled Su Xiaowan into his arms. In front of the woman, he gave her a tongue kiss!

Xia Xiyan suddenly felt that he had been cheated by him again.

In front of so many people, he actually

At the end of the kiss, the lady looked at Lu Shimian and the scarlet cheek woman in surprise, "I have a wife, of course I won't touch other women! Those who know what to do will go now. "

She's lucky. She scolds him in front of so many people that he can't live.

Xia Xiyan looked at the woman crying to leave, and there was a hot line of sight watching him closely, burning her skin like a fire.

"Don't get me wrong, I'm just afraid that after our divorce, you will be said like this by her, and you won't find a wife in the future."

"I just kiss you, no reaction, you should also know, want to divorce me, you have to cooperate with my treatment."

Xia Xiyan breathes a tight, "what treatment?"

"Raise my sensitivity."

What a mess, Xia Xiyan also want to say what, that shameless man even pushed her into the car, pressed her hand to reach out to him.

Xia Xiyan is really going crazy.

But I dare not move.

But there was no response from him.

.....

Since Su Xiaowan issued the statement, Shen Qier has not responded, but she knows a big news.

"Little grandma, we went to check the doctors who had checked Shen Qi'er in the hospital before. They all said that they had never met Shen Qi'er. It was a mess in the hospital that day. At that time, my friend said that several pregnant women gave birth to children and there were two massive bleeding. At that time, several doctors went to see her."

Cheng Weiwei stood there and said, Su Xiaowan frowned. She always thought it was not so simple.

"That's strange. Who did Shen Qi'er's examination? Moreover, if she is stillborn, she should not stay in her stomach in no hurry. She should have contacted Feng Yan and asked her to marry her. "

However, she delayed for a while, and even, for a period of time, she was still buying things from

pregnant women. Moreover, she also saw the B-ultrasound picture and let the doctor see it. She said that it was no problem, but later Shen Qi'er was sent to the hospital. When she found out that there was mifepristone in her body, she also had an examination. Before she took mifepristone tablets, the child had no problem, It's a stillbirth.

She was so confused about it that she couldn't figure it out.

"By the way, young granny, Su Qiqi called you this morning and said she wanted to see you."

"See me? I have something to say to her. "

"She said there was something she wanted to tell you."

"I don't want to go. Please help me to see what tricks she wants to play!"

"Good."

After Cheng Weiwei left, Su Xiaowan continued to watch the surveillance. She was worried. Who did the mifepristone tablets come from?

Susie? Shen Qi'er? Or someone else?

She looked for a while, feel a little tired, lying on the sofa to rest, at the moment, a text message so flashed in.

——You really don't want to know anything about your mother?

mom?

Su Xiaowan looked at these two words, sleepless, she put on a dress, rushed to the place that the man said.

It's a hospital.

The person I met was su Qiqi.

Su Qiqi is lying on the hospital bed. Her hand is touching her stomach. She is probably pregnant, so she has gained some weight. Her face can obviously feel it.

"Su Xiaowan, don't you hate her? Why did you come as soon as I said her? Why don't you come when I ask for you? "

Su Xiaowan stood there, looking at Su Qiqi, not knowing what she was up to.

"If you have nothing to say, I'll go!"

"Shen Qi'er is pregnant with Feng Yan's child. Why haven't you divorced him?"

children?

She turned and looked at the woman at the other end. "Why should I divorce him?"

"Feng Yan is dirty. Don't you hate such a man most?"

"I don't have time to like him. Why should I hate her? You are a little too lenient."

Su Xiaowan didn't want to say anything more to her. She turned around and went out. Suddenly, she heard someone talking, "do you think her child is stillborn? Why don't you let the baby go... "

Chapter 400

Stillbirth?

Is Su Qiqi's baby a stillborn?

The mobile phone in her pocket disturbed her mind. It was Shen Qi'er.

"Where are you?"

Su Xiaowan's face was a little cold. She regretted that she had answered the phone. The main reason was that Shen Qi'er changed her number, and she didn't know who she was, so she took it.

After that, Su Xiaowan never met Shen Qier.

"What's the matter?"

"Of course, I'll come to you if I have something to do. Why do I come to you if I have nothing to do?"

"I have nothing to talk about with you!"

"I don't want to talk about your life and death?"

Life and death?

Su Xiaowan didn't speak, just listening to the sarcastic opening, "do you think I don't know that the seal moved my bag? In my bag for a cold medicine? "

"You think you're taking the antidote? Su Xiaowan, how could I be so stupid to put the antidote in the bag and let Feng Yan get it so easily! "

"What do you mean?"

"What you're taking is not an antidote at all, it's just a tocolysis drug! I just let the doctor put the powder of the antidote on the tocolysis, and I cheated you all. "

So, her poison didn't work out.

"Su Xiaowan, if you want to live, come to me. Don't wait!"

But before Shen Qi'er finished speaking, she hung up at that end.

Su Xiaowan put the mobile phone into her pocket, and there was no extra expression on her face. It seemed that the phone just now had nothing to do with her.

Su Xiaowan doesn't doubt what Shen Qi'er said. In fact, she's not very comfortable these days.

It's very similar to the feeling before, but it's a little different.

This phone call really solved her doubts.

Sometimes, people are small and vulnerable in the face of death.

Can't stand a little twists and turns.

But life and death, even if you do not want to die, there is no way to live.

People are so helpless, her heart tangled, but do not want to pass this tangle to Feng Yan.

After su Xiaowan left, Su Qiqi smashed the lamp on her tea table. When the nurse found out, the lamp had already broken to pieces.

"Miss Su, you need to pay for it, but..."

Su Qiqi took out a pile of money from her bag and threw it in front of the nurse. "Is that enough?"

The nurse took a look at Su Qiqi. She really suspected that she had a nervous problem. Thinking about the doctor in charge, she finally swept the floor and left with the money.

She didn't want to talk to this woman.

I don't know when the TV will be on. It's still about Shen Qi'er's abortion. It's going up and down all the time.

She has a hook in the corner of her mouth.

Su Xiaowan, Shen Qier.

She won't let go of any of them.

That day, the hospital was in a mess. She had a physical examination, but she met Shen Qi'er in the Department of Obstetrics and gynecology.

Shen Qi'er felt her stomach and was making a phone call there. "I have to wait, but I've checked it. I'm sure I'm pregnant."

The man at that end didn't know what to say. Shen Qi'er stood there excitedly, "I know. After I check, I'll go to find Feng Yan immediately. This child is his and he must be responsible for me."

Since the last time, Shen Qi'er let her do for the ghost, Su Qiqi's resentment has not dissipated.

Coincidentally, several nurses came to the other end, and the nurse took the B-ultrasound examination sheet, "ah, it's a pity, just a few days, the fetal heart stopped."

When she passed Su Qiqi, she saw the name above.

Shen Qi'er.

"Xiao Chen, put your things here first, and hurry to the emergency room. There is a pregnant woman with massive bleeding in it. Now hurry to help..."

The nurse immediately put the things on the table and ran away.

Got the gap, Su Qiqi went into the doctor's consulting room, looked at the doctor's clothes, put on directly, put on the mask.

Shen Qi'er is the next one to see a doctor. Now she pushes the door in and doesn't notice that the doctor sitting there has changed.

"How is my child, doctor?"

In recent days, there has been a rumor about Shen Qi'er's affair with Feng Yan on the Internet. Now Shen Qi'er is pregnant again. Even if the child is not Feng Yan's, she is going to do something with the child.

Well, the child must be alive now.

Su Qiqi was pregnant during this period of time. She saw B-ultrasound and naturally understood it.

All the people who came here for examination were basically pregnant women. At that time, the table was full of B-ultrasound, probably because the doctor saw half of them, and they were directly called to the emergency room.

So, some messy, Su Qiqi looked at those B ultrasound, she sometimes, glad that she had studied radiology for a while.

At that time, her grades were no better than Su Xiaowan's, so Su Zheng helped her find a junior college and learned that. Although she had only studied for a few months, Su Zheng helped her open a back door and let her enter the university directly, but the simple things she learned in the past few months can be understood at once.

Although can't find and Shen Qi son similar time, but also have a similar, also with her similar time.

"The child is healthy..."

After that, Shen Qi'er excitedly took the report and left.

Su Qiqi thought that he would show up, but after waiting for a long time, he didn't. on the contrary, the news spread on the Internet became more and more intense.

Shen Qi'er is suspected to be pregnant.

A few days later, there was another news that they were going to get engaged.

What's more, Feng Yan didn't show up and made any statement.

As if indirectly acquiesced in this matter.

Su Qiqi ran out of the hospital on the day Shen Qi'er ordered the wedding banquet. She couldn't make it all so smooth. She didn't see Su Xiaowan on the live broadcast that day, so... She couldn't sit still.

She was lucky. There were a lot of media to book the wedding banquet that day. On the surface, everything seemed very orderly, but in fact, it was not. There were not enough people in the kitchen.

The manager looked at her and thought that she had come to apply for a job as a waiter. Because of the shortage of staff, the hotel recruited some in advance and kept looking for new ones.

"Take these out!"

That day, Su Qiqi specially handed out her head, and she painted a make-up for herself.

Because she didn't know where Shen Qi'er was, she went out with her.

She watched Shen Qi'er drink the juice.

I didn't expect that Shen Qi'er would make such a scene.

However, looking at the news so big, her goal has been achieved.

Su Xiaowan is attacked by people's life, and Shen Qier's children are directly killed

She took a glass of water, took a sip, and hooked the corner of her mouth.

.....

Shen Qi'er waited all night, but she didn't wait for Su Xiaowan to come to her. She couldn't help calling her, but the phone didn't work.

This Su Xiaowan is not afraid of death.

Shen Qi'er didn't go to Feng Yan because he was afraid that Feng Yan would kill her.

No one likes to be fooled, and she cheated Feng Yan twice.

No one gave her any advice. Recently, Su Xiaowan exposed that her child was stillborn on the Internet, which made a lot of noise.

Shen Nanshan had another car accident, and her mother was there almost all day.

So she thought of Shen Jin.

I just didn't think that Shen Zhen didn't answer the phone.

She didn't understand why people who want to live so much should not be afraid of death at this time?

She did not dare to call Feng Yan, because if Feng Yan knew that she had been fooled once, she would die soon.

So he called Su Xiaowan instead.

But I didn't think it would be such a result.

She waited and waited. Before Su Xiaowan called back, she couldn't make her own call.

Finally, I can't sit down.

She went to Shen Kan's villa, but the security guard at the door stopped her directly.

"Do you know who I am?"

"I don't care who you are. If the young master is not at home, please go back --!"

A servant dares to talk like this. Shen Qi'er is so angry that she can't help it. She goes to the bar to find him again, and Shen Jin is not there.

This illegitimate son, what is he up to recently? He didn't even reveal his father's uncertain life and death in the ward.

Shen Qi'er finally had to go to the hospital to see Shen Nanshan. She wore a mask and sunglasses and wrapped herself up tightly, showing only a pair of eyes.

Susie just pushed the door out. She had been taking care of Shen Nanshan these days. After the accident, she didn't wake up.

Therefore, the police have been sending people to watch at the door.

"Ma!"

Susie looks at Shen Qi'er. People come and go around her. She has been taking care of Shen Nanshan these days. She doesn't know about the stillbirth, but the child is gone. Now, Shen Qi'er has been discharged from the hospital a month later. Where can she eat.

Without a mother, she doesn't care for her child. Shen Qi'er was born in October when she was pregnant and half died of pain.

At that time, Shen Nanshan didn't like her at all. When she had a baby, it happened that there was a big change in her family. Shen Nanshan's brother died.

The family was in a mess and no one knew she was going to have a baby.

She went to the hospital on her own. After giving birth, Shen Nanshan knew she was a daughter and didn't even come to the hospital.

In those few months, I was in the hospital and almost jumped to commit suicide with Shen Qi'er in my arms.

But she is not reconciled, Nan Yin has already died, she is not easy to endure the first, how can easily die.

On the day she was discharged from the hospital, she told herself that one day, she would "make a

comeback", and Shen Nanshan would have to be herself one day.

Now, he has come to such a state that she is the only one who accompanies him?

"Mom, how's dad?"

"Still in a coma, but don't worry. The doctor says things are getting better."

Shen Qi'er thought for a long time, but he didn't say anything at last.

villa.

Shen Kan's face was pale, and the housekeeper stood in front of him, "young master, the drug content in your blood is still very high."

"Where's Shen Xiaobei?"

He has been sleeping in a daze for more than half a week, during which time, he has been detoxifying.

But the effect is self-evident.

"Miss Shen is still in the hospital."

"Wake up?"

"Not yet. The Fengs have been guarding the door. This morning, I bribed a nurse to get the news. Miss Shen hasn't woken up until now. She has a fever all the time!"

Shen Kan heard the words, but he didn't finish, but his eyes were deep, and he seemed to be thinking about something.

"Young master, there was a traffic accident in Shen Nanshan. It was made by the Fengs!"
