Chapter 431

She cried helplessly. Feng Yan's hand patted her shoulder gently. Soon, tears had soaked his clothes.

Feng Yan picked her up, but Su Xiaowan had to stay outside the morgue.

"Feng Yan, I want to be alone for a while!"

Feng Yan sat aside. He didn't speak and didn't leave.

birth , death , illness and old age.

That's still his weakness.

It's like when my brother left.

It began to rain heavily, slapping the window, in this gloomy place, the wind and rain one after another.

Su Chenchen arrived a few hours later. Feng Yan looked at his stiff suit and didn't say anything. Su Chenchen went to Su Xiaowan and saw that her eyes were empty. She called her sister several times, but she didn't respond.

"Let her be quiet!"

"Good!"

This night, two big men are so quiet sitting there with Su Xiaowan.

Su Xiaowan's grandmother's funeral is basically handled by Feng Yan. She is a girl and knows nothing.

In the morning, the funeral home called and asked them to collect the ashes.

When Su Xiaowan and Feng Yan rushed there, the rainy day suddenly cleared up.

And there's a rainbow.

The urn is Grandma's favorite color, dignified atmosphere. When she saw it, Su Xiaowan thought she would like it.

If it wasn't for the appearance of Su Zheng, grandma would not be like this in her whole life. At present, she is probably an old lady who has nothing to do and is basking in the sun.

But in this life, no one knows what kind of people they will meet.

If only it could be avoided easily.

These days, Su Xiaowan has been shuttling around the funeral home. She is basically familiar with the way. When she goes to the other end, the staff takes out the ashes. He looks at the original living person, but now there is only some dust left.

Forced tears, did not cry.

He knew that grandma didn't like her to cry, so he didn't shed any tears on the way.

Holding the ashes in her hand, her hands are shaking. It's her grandmother

Su Xiaowan has never experienced such a mood.

"Grandma, we're home --!"

In fact, Fengzhen is not the hometown of my grandfather and grandmother, but my grandfather was buried here. During my life, my grandmother always said that if I leave later, I will be buried with my grandfather.

Only Su Chenchen and her grandmother's relatives were left. When they were buried, the day was still the same as before, and the sun was warm.

Su Xiaowan holds the urn and feels the warmth shining on her. She feels like her grandmother holding her hand at the beginning.

It's still warm.

Su Chenchen did not see grandma, but looked at the tombstone, the ice heavy shackles, locked the two people.

Feng Yan originally wanted to bury the old lady in Fengshui, but Su Xiaowan insisted that she stay with her grandfather. She had no old friends before she died, and all of them came from the village to make a few sticks of incense, kowtowed and left.

"Chenchen, you can go back too. I'll stay here with Feng Yan for a while!"

Su Chenchen takes a look at Feng Yan and goes with Cheng Weiwei.

After three steps and two turns back, Cheng Weiwei follows his steps, "master Su, let me remind you of your business. Don't go too far."

"I have a sense of propriety."

What else did Cheng Weiwei want to say, but she didn't speak at last.

Generally speaking, he is an adult. He should have his own ideas about what he does. If he can control what he does, then he won't bother so much.

"Please keep it from me about my business."

"Try."

Cheng Weiwei doesn't know whether to help or not, but now Su Xiaowan's mood is not high. If you are worried about something, you'd better stop being miserable.

Breeze, blowing in Su Xiaowan's face, not before, like a knife, like a warm hand, tightly stroking her cheek.

Dust to dust, earth to earth.

In the end, there was nothing to catch.

On the tombstone is the photo of grandma. Su Xiaowan looks at the photo and kneels on the ground. "Grandma, you won't be alone any more. Grandma will accompany you. Wherever you want to go, you can let Grandma accompany you."

Her voice was soft, "you don't have to worry about me. I will take care of myself. If I can't take care of myself, Feng Yan will take care of me. After all, I'm a little rich woman now. If Feng Yan bullies me, I'll leave him."

For a long time, Feng Yan stared at her, bent down to hold her cool body, "it's late, let's go back!"

"Well."

Su Xiaowan leaned in his arms. On the way down the mountain, she was still mumbling to herself.

"Grandma certainly did not leave, she just changed a way to accompany me, you see... The stars over there."

The stars are very bright, the brightest Feng Yan has ever seen.

.....

Su Zheng came to the ward to know that the old woman was dead.

Unexpected things.

She's dead!

Although he was not in a good mood that day, he didn't think about it in this way.

In the corridor, he saw a group of bodyguards in black. Fengzhen is a small place. These people, obviously, are not from Fengzhen. After inquiring, he found out that a young master surnamed Feng was coming.

Fengzhen, a small place like this, naturally doesn't know much about things outside, and no one pays attention to them. People in this place are self-sufficient, which is equivalent to being closed.

The news also seems a lot more closed.

It was Su Zheng who naturally thought of Feng Yan.

Feng Yan is here, too?

He bought the ticket in a hurry and went straight back to Jiangcheng.

Shen Yin looks at him coming back and looks like she's out of her wits. Most of the time, she guesses that she was locked up in the bathroom of the shopping mall that day. She was hungry for three days and was finally released by the cleaner.

Of course, Su Zheng, who was far away from Fengzhen, didn't know about it.

But the gang did nothing but shut themselves up there, and she guessed that there must be no evidence.

Otherwise, according to Feng Yan's temper, she would have been thrown into prison.

It's the same as it was.

"Ah Zheng, if that old woman really doesn't want to give it, then forget it." Shen Yin looked at Su Zheng, "anyway, we are about to earn money now... When my brother makes her a big star, you can wait for her to support you at home!"

Su Zheng's mood is not too high, and he doesn't pay attention to the rest of the things at all. "I'm a little tired. I went to sleep."

Shen Yin looks at Su Zheng and doesn't know what's wrong with her. After inquiring about Fengzhen, she knows that the old woman is dead?

She thought it was bad luck.

But when the old woman's front foot dies, Su Zheng will come back?

It's hard to see if it has anything to do with him.

Although she didn't get the old woman's title deed, she got more than 500000 yuan, and Su Zheng didn't like her 500000 yuan, so she left it to herself.

She took the money, went to brush a few bags, and then went to the hospital.

"What? The old woman is dead? "

Shen Yin puts the thermos on the table with a lid. These days, she has been making soup for Su Xiaowan, hoping that she will get better as soon as possible.

She didn't talk to Su Qiqi about the other day.

"I've been looking down on this old woman for a long time. It's better to die, but it's your father who's out of his mind. I don't know if it has anything to do with him."

Su Qiqi drinks soup and looks at Shen Yin with a frown.

"Well, not to mention such a bad thing, what do you think of today's soup?"

"It's delicious."

"I've made an appointment for you to have a hymen operation. When everything is done, your uncle will think of a stage name for you. He happens to have a very popular play in his hand for you."

"Why is uncle so nice to me all of a sudden? I remember he didn't even talk to us before? "

"I went to school with my money back then. Besides, you were related to her by blood. He didn't help you."

Su Qiqi doesn't have any impression of that uncle. It seems that he has only been to his home once. But Shen Yin thinks that his uncle has no money, so he drives them out.

In the afternoon, Su Qiqi went to have an operation.

Hymen repair surgery.

Although this film is nothing to her, Shen Yin still hopes that she can marry into a rich family, so that she can also raise her head.

At night.

Shen Yin comes back from the hospital. The servant says that Su Zheng is asleep.

She went upstairs, and sure enough, she saw that he had been lying in bed and had taken a bath, but his mood was still not so high. At this time in the past, he had not come back and was busy socializing.

"Zheng, are you not feeling well?"

Sue is avoiding her hand, "nothing, so late, where?"

"It's not your business. I've been with those rich ladies these days, and I want them to help you. I don't know that those people, after accepting my things, don't help me at all!"

Cuckold is what a has the man's idea. He has the final say in everything at home, and this time, he knows he has been caught green hat, and he feels like a fool.

Unexpectedly, Nanyin stole a man behind his back.

"What do you want a woman to do with my business? If you have such leisure, take care of your daughter --!"

Shen Yin looks at him, "what's the matter with Qiqi?"

Su Zheng feels headache, "do you think I don't know anything without telling me?"

Shen Yin didn't tell anyone about it, and she didn't know where Su Zheng knew it. Since he knew it, she didn't hide it.

"Qiqi is still young, so it's justifiable to be cheated. Isn't she trying to help you? Well, I've settled everything. No one will know. "

She went to wash for an early morning. When she came out, Su Zheng was already asleep. He lay beside Su Zheng and listened to him talking in his sleep.

Su Zheng has always had the habit of talking in his sleep, which began in recent years.

At first he quarreled with her, but later he got used to it.

Although one after another, she didn't sleep all night. She heard a little bit of it, and her heart was frozen. Is it really related to Su Zheng?

But anyway, the relationship between the old woman and her is not as good as Su Zheng's, it's her husband.

She doesn't help her husband. Who does she help.

Chapter 432

Su Xiaowan is going to wait here for grandma to go back after the first seven days.

Grandma has no one else here, just her.

In front of her, Su Xiaowan has been blaming herself for not being filial to her grandmother.

Feng Yan bought a house here. He and Su Xiaowan have been living here for a few days, not far from the hospital. Originally, they wanted to take good care of the old lady, but they didn't think about it. What they are waiting for is such bad news.

When she got home, Su Xiaowan was lying there. Feng Yan asked her to have dinner several times. She was also in a trance. She often thought of many things when she was a child.

Grandma's affairs in recent days make her particularly dependent on Feng Yan.

Life is not terrible birth and death, more terrible is the memory, if you can take away the memory, there will be no sad.

But often, those memories can't go away, appear in her dreams, appear now when she is in a daze, always appear in front of her eyes.

She had never missed a person so much.

But instead of crying, she was calm.

Calm let Feng Yan feel worried.

He took clothes draped over her, warm hands fell on her shoulders, he also experienced the pain of leaving.

But people live, should face, this is God's punishment for adults.

"Su Xiaowan, no one can escape the seven hardships of life. In front of the seven hardships, people are small and humble. This is the price of growing up.

You are no longer a child. You should learn to face the reality. What's more, your grandmother doesn't want to see you like this. "

Su Xiaowan raised her eyebrows. She read Feng Yan's words carefully. Her eyes were red, but her tears didn't come out.

These days, she didn't sleep for several hours, so her face was very bad. When she went out today, she barely spent a light makeup. She didn't want her grandmother to see her pale face, and she didn't want her grandmother to be uneasy.

The price of growing up.

It's unbearable.

She pursed her lips. "Feng Yan, it's too expensive to grow up. I'd rather be like this all my life. In this way, you won't leave me."

"Life, old age, illness and death, no one can escape. Even you and I can't escape this fate." Feng Yan's face collapsed tightly, looking at her and touching her cheek.

fatalism.

Yes, sooner or later, they will leave.

The replacement of all things, the transformation from generation to generation.

That's the law of nature. No one can change it.

If you don't get old, don't get sick, don't die and don't live, then all the rules in the world will become terrible... The world will be in a mess.

"Sooner or later, we will meet them. It's just a matter of time."

"Feng Yan, you are not so comforting."

Feng Yan is not very comforting. At least, it's his first time.

He patted her on the shoulder. "You just understand."

"I know, Feng Yan, I all know, but I think it's all too sudden, I'm not ready."

She suddenly hugged him and leaned on him, feeling the warmth of the man and the harbor of her own.

"In fact, before Grandma was ill, I expected today in my heart. At that time, I found grandma old for the first time.

It's also the first time that I'm afraid of death. In fact, I'm really not afraid of death, but I can't see the people I care about leave me. Feng Yan, I don't care. I'm really not afraid, but I'm afraid... You and grandma leave me... But Grandma still leaves me. "

Her voice was weak, but she had to bow to fate, "but I know that grandma didn't want me to cry, so I didn't cry. When I sent her away, I didn't shed tears.

I'm just sorry that I haven't talked to her, I haven't accompanied her much, and she hasn't seen our baby born. If you bully me in the future, no one will help me... "

"I will not bully you."

That's Feng Yan's promise, a lifelong promise.

There was a brief silence between them. Feng Yan held out his pocket, took out a piece of sugar, ripped the package, and put it into Su Xiaowan's mouth. The sugar was bought a few days ago when he went out to buy an urn.

The sweet and greasy taste made Su Xiaowan's tears come out.

"Feng Yan, but now I can't help crying."

Su Xiaowan's tears are like a tap.

All of a sudden, there was a flood.

About cry for more than an hour, she cried tired, just stop.

Su Xiaowan just dried her tears. She looked at Feng Yan stubbornly.

"Feng Yan, I won't cry any more."

Feng Yan reached out to touch her head and looked down at her wet shirt. His mother often told him that girls are made of water, so we should protect and love them. Otherwise, we can't stop the tears.

He didn't believe it before, but after meeting Su Xiaowan, he understood his mother's words.

Girl, it's made of water.

Protect it gently.

Su Xiaowan took a deep breath. He didn't want to bear all this for a second time. She said, "Feng Yan, if you want to leave me one day, you must say goodbye to me."

Feng Yan's hand held her tightly, "... We will never say goodbye."

"But one day, we will all go... I don't want you to die with me. If you can, I hope you will live longer than me. It's better to live a long life."

"It's torture for me to live a long life without you."

He leaned over and gave her a kiss on the cheek. Obviously, he didn't want to talk about it. "OK, take a bath and go to bed early."

Su Xiaowan enters the bathroom. She cleans herself and looks at her haggard in the mirror as she puts on her clothes.

Thinking of Feng Yan's words.

Her illness is probably the departure of her grandmother, which makes her feel that the pace of death will be close to her at any time.

She was afraid that... All of a sudden, Feng Yan would be just as unbearable as her.

After taking a bath, she climbed into Feng Yan's arms and said, "Feng Yan... Even without me, you have to live well.

Life is more important than anything. You can't be so emotional, you know? Be obedient. "

The world is so cruel that it's hard to love each other.

Not because I don't love, but because I love too much

But the world, not because of love and can change the track, not who left who, the world will not continue to turn.

They are just small individuals and can't shake the universe.

"Without you, my life is not like death."

Smelling speech, Su Xiaowan's body was stiff. She leaned over and held her finger on his mouth. "It's better not to live than to die. You have to live well, or I'll ignore you."

Most of the time, she was too busy these days. On the contrary, she was not tired at all. She didn't want to mention such a heavy topic any more.

"Let's sleep."

I've been very busy these days.

Before dawn the next day, Su Xiaowan woke up. In fact, she didn't sleep long, because she really couldn't sleep.

They had dinner and went to grandma's house.

Chapter 433

I'm here to pick up grandma's things today. Last night, it was probably Feng Yan's enlightenment, which made her think a lot.

They will meet again sooner or later.

Aunt Chen had been waiting for them at the door for a long time. She didn't know Feng Yan, but most of them knew it was su Xiaowan's husband.

This room is the only one left with the mark of grandma's existence. Su Xiaowan didn't sell it. She just thought that if she missed grandma one day, she could come back and have a look.

She gave Aunt Chen a sum of money to help her take care of the house more. Aunt Chen and the old lady have been neighbors for so many years, so naturally they don't want to.

Su Xiaowan has no choice but to ask Feng Yan for help.

Feng Yan did not say a word, a phone call, let Aunt Chen's granddaughter into the noble school, and promised, before the age of 18, all tuition by them to bear.

Su Xiaowan looks at Feng Yan. At this moment, she thinks he is really handsome.

"Now it seems that it's a good thing for you to have money. At least, when it comes to such things, you are not as helpless as I am."

"Stay with me, you will find me more good!"

Su Xiaowan glanced at him and saw that he was eager to raise his fox tail. "Praise you a few words and you will go to heaven. Don't you know that modesty is a traditional virtue?"

"Praising your husband is also a traditional virtue. In the future, you should always praise him!"

Su Xiaowan hit him with a fist, "you don't want to be shameful."

"My wife seldom praises me. Of course I should be proud." Feng Yan saw her smile and felt better. These days, he was afraid that she couldn't think of it. "After all, not everyone has a wife to boast about. Feng Yi doesn't have one."

"... then you have to keep a low profile. I'm so good. What if I'm robbed later?"

"Whoever dares to rob me, I will destroy him!"

It's easy to kill people!

Does Feng Yan think he is a fire extinguisher?

"Su Xiaowan, you should laugh more in the future."

"Can I show you a smile?"

"You can only smile at me."

"... you are too possessive to pay attention to you."

Go into Grandma's house, there is nothing extra in the house.

This is a hall with two rooms.

A room belongs to Su Xiaowan, which has been kept until now. Before, Su Xiaowan lived here when he was not in University.

Their home is very cold, grandma is a quiet person, and the room is very clean, but after entering grandma's house, although someone has cleaned it up, it is probably very messy.

Feng Yan followed Su Xiaowan into the girl's room with a sweet smell.

It smells like her.

This is Feng Yan's first visit and her first visit to Su Xiaowan's bedroom. She has never been to the one in Su's house.

As if this would make her closer.

"Grandma has been drying the quilt for me all the time, but I haven't come to accompany her yet..."

Feng Yan hugged her, "don't you mean you don't cry?"

"I can't believe a girl's words. Besides, my lacrimal glands are very developed, and I can't control myself.

Every time I quarrel with others, I want to make sense with them, but I just can't help crying. It's not worth crying. When I argue, it's easy to cry when my voice is high or my mood is high. After the quarrel, I have to be angry with myself.

Is it stupid of me to be like this? "

"Not stupid."

"You mean to be nice! In fact, you said I was stupid, I also recognized, anyway, in this life, I rely on you Su Xiaowan thought about the things in grandma's room. Now she broke away from his arms and ran to the other end.

Feng Yan thought that she had no face, so she ran away.

Looking at her room, she saw a small book on the desk. It looked like a diary or something.

The book was very small, and Feng Yan stuffed it directly into his pocket.

Just taking a step, the mobile phone in Fengyan's pocket rang.

He went out and answered the phone.

Su Xiaowan looks over the place where Grandma hid her money, and the money is gone... It's empty. She gave grandma a sum of money to support her. No wonder Aunt Chen said that grandma didn't have any money last time.

He just wanted to run out to find Feng Yan, but suddenly he saw a snake coming out from the bottom of the bed. Su Xiaowan was most afraid of snakes, and suddenly looked at the snake and turned pale.

Although there are snakes in this place, it's common. After all, it's a rural area.

However, it was the first time that Su Xiaowan saw a real snake.

Although she has lived with her grandmother all the year round, she has never met a snake for more than 20 years. The snake vomits its nature and attacks her, "Feng Yan --!"

Su Xiaowan's legs softened with fear.

"Feng Yan --!"

She cried, not daring to move.

Because she saw the door also climb in a

"Feng Yan --!"

Su Xiaowan alone, where to deal with these snakes, she was afraid to death, but called several times, did not hear Feng Yan's footsteps.

The snake was very aggressive. As soon as Su Xiaowan stepped up, the snake bit her leg

She nearly fainted from the pain, and it softened with a push, and the cells all over her body were tense.

Listen to a man's voice, "Su Xiaowan --!"

Su Xiaowan fell into a warm embrace.

Then, looking at the man.

The bright and beautiful outline, the warm and clean eyebrows, the tall and slender bridge of nose, the beautiful thin lips, the exquisite outline lines and the three-dimensional good-looking facial features outline a cool and beautiful face.

His eyes were as clear and clean as the flowing stream under the night sky.

Brighter than the stars of midnight.

It's Feng Yan!

"There are snakes. Feng Yan, be careful..."

When Aunt Chen heard the sound next door, she rushed in and saw that the two snakes at that end were dead, while Su Xiaowan was about to be picked up by Feng Yan.

"What's the matter? Have you been bitten by a snake? "

Su Xiaowan looks at her leg and has two small teeth marks.

"Well."

"This snake should have no poison. Go to my house and bandage it first."

Now I rush to the hospital. I don't know how much time it will take, so Feng Yan takes her to the next door.

Aunt Chen has lived here for many years, with gauze and disinfectant at home.

"I'll make you some hot water --"

Su Xiaowan looks at Feng Yan and sees that he is cleaning his wounds. After a while, there are some redness and swelling around him, but Su Xiaowan is not uncomfortable.

I don't think the snake is poisonous.

However, looking at Feng Yan holding the belt trapped her leg, and then ready to bow

"What are you doing?"

"Suck the blood out."

Su Xiaowan pushed Feng Yan. She was in pain, but at this moment, she wanted to laugh.

"Feng Yan, I'm not poisoned! You don't need to suck blood. Let's clean up the wound first. If you don't mind later, you can take me to the hospital." Su Xiaowan looked at him, but saw that he was still unmoved, "those TV dramas are deceiving, if I was really poisoned, you sucked blood, you would have died earlier than me!"

Chapter 434

"Just take this to wipe it. Grandma was bitten when she was working outside. I think that's what she wiped."

But looking at Feng Yan did not move.

"That... Are you angry?"

Su Xiaowan is afraid of making trouble out of nothing. Feng Yan is a mature man. She is afraid that she will annoy him.

"I love you."

How could he be angry? He just feels afraid. If it's not that the snake has no poison, then she is

Feng Yan's hand fell on her waist and tightened subconsciously.

Su Xiaowan looked at Feng Yan's long eyelashes, sexy lips slightly opened, "no matter when, I hope you believe me, rely on me."

"Do I want to cry appropriately? So that you can feel the pain?" Crystal tears covered her little face. Her nose was red, her eyes were red, and her palmprint was red. She looked at him pitifully and cried all the time. It was estimated that it was intentional and it was intentional to make him feel sad.

If other girls encounter such a thing, they would like to rely on the man's arms and cry darkly.

But she's good

I'm directing him here, how to bandage the wound.

Seeing that he didn't speak, Su Xiaowan went over to kiss his face. "Feng Yan, you don't have to blame

yourself. This has nothing to do with you. In the village, it's normal to have snakes, but it's good that they are not poisonous, otherwise I might die."

When she said it, the corners of her mouth were still laughing, but it was like someone who had been bitten, not her.

"Don't talk nonsense." He wiped the wound for her. "I'll take you to the hospital."

"It's so late now. It's a long time to go to the hospital from here. Let's go tomorrow." Su Xiaowan held Feng Yan's arm and said, "I know you love me, but I'm fine. You've bandaged me up.

Although girls are delicate, sometimes they are stronger than your men! Haven't you ever heard of women holding up half the sky? "

"By my side, you don't need to hold up half of the sky, I hold everything!"

Smell speech, Su Xiaowan heart as touched honey, "the husband is best!"

Su Xiaowan holds him. When Aunt Chen comes in, she just looks at them holding him and coughs.

Su Xiaowan immediately pushed him away.

"Xiao Wan, drink this bowl of medicine. It's a local prescription for people in the village to be bitten by snakes."

This is the village. It's very inconvenient to go to the big hospital in the city. There is a barefoot doctor in the village who can prescribe several prescriptions.

It's inevitable that there will be snakes in this village, so Aunt Chen keeps them.

Su Xiaowan took the medicine, "then I have to drink it."

She drank it all in one gulp. It was not bitter, but a little sweet.

"Let's have dinner at my house tonight."

"Well, I haven't eaten at Aunt Chen's for a long time." Su Xiaowan took a look at Feng Yan, "Feng Yan, go and help Aunt Chen."

"No, let him accompany you here. I can do it alone, but there are few dishes. Don't give up then."

"How can I dislike it! Aunt Chen's cooking is the best

"I'll help." Feng Yan was the first to speak, and then he turned out.

Su Xiaowan looks at Feng Yan's back. It's better for her to teach him.

"This young man is a good man. I thought he was ugly before. Maybe there was something wrong with him. I was worried that you would be bullied by him. Now it seems that I am worried too much."

"Feng Yan is... The gentlest person I've ever met."

She wanted to tell Aunt Chen the identity of Feng Yan, but she was afraid that Aunt Chen would be scared.

After all, she didn't want to complicate things.

"Now people like to find someone who is pleasing to the eye and ignores people's inner feelings. The daughter of the contractor in the village has been looking for a handsome man, but now she has found him. But this man has many bad habits, such as domestic violence, gambling and so on. Now he has been divorcing all the time. The outsider man still asks for half of the property with her..."

"Aunt Chen, I won't be bullied. I'm smart." She said with a smile, "although Feng Yan's family has some money, he doesn't rely on his family. He does some small business by himself. Every time he earns money, he will give me his salary. I will buy anything I want. Besides, Aunt Chen, I have nothing to give him, right? Even if he bullies me, I'll bully him back. I believe in him..."

Aunt Chen patted afraid of her shoulder, "then he is very good to you, you have been kind and sensible since childhood, your grandmother always worried about you being bullied, now you are alone... If he bullies you, you must tell me, Aunt Chen will help you to reason with him."

Aunt Chen was very kind to her. When she was a child, she always gave her what her daughter had.

Although now, her daughter and son-in-law had an accident, but still... Optimistic life.

"Well."

"But since you have chosen him, you will live forever. Now, the temptation outside is so great that no man can stand it. I think he seems to be doing great things. Although he doesn't have much money now, he can't avoid doing big business in the future. Nowadays, those women can do everything in order to get what they want. You are not the opponent of those people, so you should always pay attention. This man needs to be disciplined, It's also necessary for you to make a fuss every now and then. When there is a quarrel, there will be estrangement. Therefore, you should make clear all misunderstandings, but you can't be a child. "

"I'm not going to give Feng Yan to anyone else! I've been training for such a long time. If it's cheap for others, I'll be too bad! " Su Xiaowan hugs Aunt Chen and puts her head on her.

"Aunt Chen, don't worry. Although I'm still young, I'll be bullied in your eyes, but I'm not a bully. I'll come back when others punch me.

I want to have a good relationship with him. I want to spend my life with him. Although it's the first time, it's inevitable that I will encounter problems. But I think it's necessary to run in between people, and it's the same with marriage. Fortunately, he is more mature than me. He can teach me a lot and make me happy. Even if he gets angry sometimes, he can coax me, Feng Yan doesn't have so many bad habits. He's really good. I told him that even if one day we want to separate from each other, it's good to get together and disperse... "

Aunt Chen told her a lot, probably because she didn't have a mother, so she was afraid that she would be bullied.

In the evening, Aunt Chen cooked a few dishes for them. They were all home-made dishes. At first, she thought Feng Yan would not be used to them. But unexpectedly, he ate them very well.

After dinner, Feng Yan insisted on holding her back.

But the princess hug is obviously a little too eye-catching. Aunt Chen looks at them with a smile. At last, Su Xiaowan can only climb on his back.

Aunt Chen was afraid that there were snakes in the room. She helped them to see the house early and put away the snake repellent grass in the village for them.

In the night wind, the village is quiet and cold at night. Su Xiaowan's hands are wrapped around Feng Yan's neck. Thinking that she had been with him for so long at the dinner table just now, she naturally knew his taste.

Unable to help Tucao, he said, "you didn't love beans before. Why don't you make complaints about it today? Is it to maintain a good image in Aunt Chen's heart? I didn't expect that you were very resourceful? "

"Because you like to eat."

At the dinner table just now, I watched Su Xiaowan eat a lot.

Su Xiaowan's favorite is to eat broad beans. She could eat a large pot of warm broad beans before.

"I've loved it since I was a child, but don't you hate it most? I remember the last time I ate it, your chopsticks didn't even go into that plate. "

"Because you like it, I want to try it."

The little girl frowned. The reason is really

"... but you fought with me."

"Go back and make it up to you."

"I'll take some interest first." Su Xiaowan suddenly went over to kiss him. She felt that Feng Yan's body was stiff. She pursed her lips and smirked cunningly, "then I'll eat it every day."

At this time, Feng Yan has carried her to her grandmother's home, through the moonlight, looking at the small yard, such as paradise.

"Feng Yan, I hope we can go on like this all the time."

She looked at the elongated figure in the moonlight.

I thought, if only I could get to the end.

"There are too many cases in this world that can't end well. I want to stay with you forever."

With that, she thought of her own situation, lying on her shoulder.

"Why are you crying?"

Su Xiaowan shrunk his nose, "every time I tell you, you won't coax me with nice words, I feel aggrieved, so I want to cry."

"I love you."

Su Xiaowan tears into a smile, "you will say this sentence."

"Do you like to hear that?"

"I like it."

I love you, probably the best love words in the world.

I'm never tired of listening to it all my life.

Feng Yan took Su Xiaowan into the room and washed her face. She even had to help her wipe her body. Su Xiaowan blocked her arm and said, "my hand is still good! I'm afraid that if you can't control yourself, I'll be miserable. "

"I'm not so greedy. I won't touch you this time." Feng Yan understood her mood, this period of time naturally won't move him, he didn't get to this kind of bastard situation, put water for her, "need help

call me!"

"Well."

Su Xiaowan washed herself, but of course, she just wiped her body and limped.

When I got to the door, I saw Feng Yan's figure.

Su Xiaowan was going to call him to take a bath, but suddenly he was attracted by his back.

Feng Yan has magical attraction.

His back is very straight. No matter when he stands, his back is always straight. There seems to be a gust of wind in his shirt, which blows up and presses down.

Close to the back of the moment, the body lines appear.

His figure is not a muscular man with muscular cardia. He is well proportioned and should have a lot of muscle.

It's what they say.

You look thin when you're dressed, but you have meat when you're undressed.

Feng Yan is on the phone. Su Xiaowan stands at the end, listening to the voice and pausing.

She always felt that grandma's death was not an accident.

Grandma clearly morning when the doctor checked, also took medicine, can suddenly out of a heart attack?

At that time, she clearly remembered that Dr. Ling said that even if she didn't have surgery and conservative treatment, Grandma could live for three or four years, but only a few days later, grandma

But listening to such words, she suddenly remembered what Dr. Ling said. The biggest fear of heart disease is stimulation

"Who is that man?"

Chapter 435

Feng Yan was stunned and turned around.

After the bath, the girl in a loose shirt stood on one side with a cold face.

He thought that she would call him to go in and hold him after taking a bath, but who knows, she stood at the door, just behind her, so the night, rather too much.

Look at her face.

Obviously, I heard all the conversations just now.

Feng Yan didn't want to tell him. He didn't want to see such dirty things in the girl's heart. She was beautiful, simple, kind and resolute. These things were not suitable for him.

Like those dirty things, Feng Yan didn't want her to see them at all.

If we say that someone has to go and get something back from them.

Then Feng Yan will do it.

Even if there is no evidence, he will use his own way to make them pay the price.

But Su Xiaowan asked.

She did not intend to continue to hide, after all, even if it was her father, she should have the right to know.

"It's your father."

Su Zheng?

It was him... Even Shen Yin, she recognized him.

But it was Su Zheng, the man with the same blood as him

Her lips trembled.

She had known for a long time that the man had means. After he had driven his mother out, he took all the property for himself.

After that, Shen Yin was let into the door.

Moreover, externally, Su Qiqi has always been a sister, while he is a sister.

Outsiders only think that they are illegitimate children, while Su Qiqi is the eldest lady, born to his wife.

In order to help Shen yinpingfan, he even divorced his mother and sent his son to a place where birds don't poop

If you are in love, I'm afraid Su is in love.

But he, for his mother's family, is just a phoenix man for the upper position.

Feng Yan's mobile phone keeps the surveillance video, which she let Cheng Weiwei lead out from the surveillance video.

It's always on the phone.

He handed her his cell phone.

After watching the surveillance, Su Xiaowan tightens her eyebrows. Not long after Su Zheng comes out, the nurse comes in and rushes out anxiously. After that, grandma is sent to the emergency room.

After that, a few hours later, grandma was pushed

This matter is closely related to Su Zheng.

She didn't know what her grandmother was feeling when she saw Su Zheng at that time, and what he had done, which made her stable condition worsen suddenly

"Su Zheng, what did she come to grandma for?" She looked at Feng Yan, her amber eyes twinkling, but she stubbornly held that breath, did not let the tears fall.

"In order to protect the privacy of the hospital, there is no monitoring in the ward, but recently Su's company has encountered some troubles. I think Su is thinking about your grandmother's title deed, so he came to her. He went to grandma twice... However, this is only my guess, and only he knows why he came."

"That's why grandma gave you the lease that day..."

In this way, it really worked out. Well, grandma gave the land lease to Feng Yan, and said something like let Feng Yan take good care of her.

But how could he know that Grandma had the title deed? When grandma left her hometown, all the things were robbed by him.

"Are those little gangsters also sent by them?"

"Well." Feng Yan looked at her, "your father is not smart, otherwise he will not leave this monitoring, let us find clues."

Su Xiaowan didn't see Su Zheng as clearly as he does today.

But he has always been such a person, human nature will not change, when he was able to treat his mother like this, not to mention, in his view, his grandmother had nothing to do with him, he would be more cruel.

What I should have known was that she had been deceiving herself.

As Feng Yan said, when something happened to the company, compared with Su Zhengli, he didn't like it, so he came up with Grandma's idea. Even the money in grandma's house was ransacked by them.

Feng Yan looks at her.

See a girl holding a cell phone, her trembling lips.

He shouldn't have said it!

Because he didn't want to see her like this, and he didn't want to see his daughter and child shed tears.

"Su Xiaowan, you promised me not to cry."

Su Xiaowan shrunk his nose and touched his face. "I don't cry, Feng Yan. Thank you for telling me the truth... Can this monitor correct him and make him pay the price?"

"Now, there is only one monitor. You can't do anything about him. Unless he admits it, you can't do anything about her, let alone convict her. Even the culprits of those little gangsters can only end up with a crime of breaking into a private house. After a few days, they will be released."

Yeah, it's all about catching thieves.

The police can't take her word for it.

She said that whoever was the killer was the one.

What's more, what she said, as a relative of her grandmother, can't be used as evidence at all.

This monitoring can only be used as indirect evidence, which may not be comparable. After all, grandma's condition is unstable.

Su Zheng can use this to refute them.

After all, there are no witnesses. She has nothing to do with what Su Zheng has done.

Feng Yanwei said, "Su Zheng is such a smart man. He won't be so stupid to admit that he can find clues from those little gangsters. However, you should know your father's character. Even if it comes to him,

he can completely default. If we can't catch him, he will be released soon."

Su Xiaowan leans in Feng Yan's arms and listens to his words. Feng Yan can't be wrong.

Unless there is solid evidence, there is no way to deal with him, even if she knows it, it has nothing to do with him.

There was a deep light in her eyes. In fact, she probably had a candidate in her heart for a long time. When she went to grandma's house again, she probably had some thoughts in her heart.

It's just that he didn't think it was Su Zheng.

Grandma and he have not contacted for many years. The last time we met, we came to the village to pick her up and go to school.

Grandma never said that she would let them pay for everyone. Even if she was forced to this point, she only wanted to make peace. He often said that the most important thing is to live well. The rest of the pain and injury will disappear with time. Don't make yourself unhappy for the sake of unnecessary people.

She has always thought that as long as she doesn't attack others, she will live well.

Even if she hated... She didn't lay too heavy a hand on them after all.

But he is the same as before, for his own purpose, carefully planned such a scene.

She just wanted to see the people he cared about, without any accident. Why couldn't she achieve such a little wish?

Why?

Those people.

Just pinching her neck and not giving her a chance.

After this, she seemed to grow up all at once.

Forbearance will only give others a reason to hurt themselves.

Now it's grandma, so the next one is Fengyan.

Because Feng Yan has something they want to covet

Originally she wanted to live her life well, but now... She wants them to pay the price.

Her eyes became cold.

"Feng Yan, the most effective way to get back at someone is to take what he wants."

"It's better to hate someone and let him be forgotten than to kill him, isn't it?"

Feng Yan holds her and listens to her saying that he knows that he has done something wrong. She shouldn't tell him, "Xiao Wan, what do you want to do? I'll do it. You're still young. Those bloody things will disgust you. "

Su Xiaowan's eyes were red, but she didn't cry.

She looked at the man in front of her. She knew that he was different from them from Feng Yan. He was a good man and would protect her.

But who are the people of the Su family? If they can be restrained by going to prison, it won't happen today.

She is afraid that one day, Feng Yan will be the same as grandma.

Once people care about a person, they will become their own weakness, will become concerned, and even can do a lot of extreme things.

No matter how they treat themselves, they can't touch the people they care about.

People are short guards.

"Feng Yan, I know you want to protect me, but I also want to protect you. You don't want me to see those dirty things. Similarly, I don't want your hands infected with blood donation, because they don't deserve it."

"My grandmother often said that some things can only be done by one person. Feng Yan, I also want to protect you, just as you want to protect me, I also want to protect you." Her hand holding her waist, voice with a girl's sweet, but listen to, but there is no trace of sweet ingredients.

Su Xiaowan just hugged him. Peng Peng's heart beat became clearer and clearer in this quiet environment.

She said, Feng Yan, I also want to protect you.

It seems that there is something pricked in my heart, but it doesn't hurt. It seems that I see some flowers, which are very brilliant.

"I want to call him." For a long time, she spoke.

"What do you want to do?" Feng Yan doesn't know Su Xiaowan's plan. At least, at this moment, he doesn't know.

It was as if the girl in her arms had grown up overnight.

It's too fast to control.

"Try him."

Su Xiaowan took his mobile phone and dialed his number. She didn't get through after several times. She frowned and asked Feng Yan if his mobile phone was in arrears. As a result, Feng Yan handed over his mobile phone.

Before, because Su Zheng harassed Su Xiaowan, they set a target for her mobile phone that she couldn't call.

They can't get in and she can't get out.

But now, Su Xiaowan only thinks that her mobile phone is in arrears. She took Feng Yan's mobile phone. Feng Yan's mobile phone is a private number, so there is no Su Zheng's phone on it.

She took the phone and pressed the number.

It didn't take long for the phone to get through.

"Hello

"It's me, Su Xiaowan."

"Xiao Wan, what's the matter with you calling so late?" Su Zheng's tone is particularly insipid. He can really pretend to be stupid.

If I hadn't seen the surveillance, I might have believed him.

"Grandma passed away --!"

Chapter 436

"I didn't deal with funerals."

Su Xiaowan was twenty-four years old. Naturally, she didn't understand these things, but as soon as she finished speaking, she stopped talking.

Through the phone, I can't hear his voice, and I don't know his expression at the moment.

I don't know what I'm thinking.

The man at that end was stunned for a moment, and then said, "Xiaowan, I have a lot of things in the company recently, so I won't go there. I'll call you the money, so you can bury me..."

"Such a big thing, Dad, do you want me to deal with it alone?"

When Su Xiaowan called his father, her expression was very cold. She wanted to spit on him.

"Isn't there another young master! Dad, I really can't get away from here. "

"Fengjia is such a big company, Fengyan is not as busy as you! This is the last thing for grandma. If you don't show up, will you let me deal with it alone? "

Su Zheng's mind is blank because of her words. Indeed, his small company is no match for Feng Yan. Maybe he always dreams about the dead old woman these days, so he is in a trance. If he goes to that place, he will be more afraid.

So, just want to see the heart for the net.

"Xiaowan, your mother and I have divorced. This matter is no longer in my charge. At the beginning, I did my utmost to deal with your mother's funeral. There's no divorce and I have to worry about the ex husband's mother's affairs... You don't have to worry about money. Dad will call you. You can do the rest by yourself, You are twenty-four years old. Dad, there are still some things to do here. I'll hang up first. "

The other end hung up in a hurry.

It's like Su Xiaowan is a monster.

Maybe not long after su Xiaowan hung up, there was a bank information at that end.

RMB ten thousand yuan.

She grinned sarcastically.

She thought that when bad people get bad, they really have no bottom line. Even if that person is her father, he is also a butcher.

Even if Su Zheng did something wrong, he was still able to eat and sleep, but grandma

She donated all her money to the orphanage.

Before, every time Su Xiaowan earned money, she would donate it to some orphanages, and the rest would be used to find Su Chenchen. Now Su Chenchen has found it, and it's useless for her to ask for so much money.

Besides, she doesn't want Su Zheng's money.

The dean at that end saw the money from Su Xiaowan and sent a thank-you message.

—Xiaowan, a good person has a good reward. Thank you.

One good turn deserves another?

Su Xiaowan didn't sleep all night. All night, she was lying on her previous bed, although the narrow single bed now contained two people.

Feng Yan didn't fall asleep. He held her tightly and kept deepening.

Two people just went out to the sky.

At dawn, Su Xiaowan's red eyes looked at Feng Yan.

Against the man's blazing eyes, Su Xiaowan said, "Feng Yan, I have something to tell you."

"You said

Her voice was a little hoarse. She didn't know why. Feng Yan felt uncomfortable and depressed when she listened to her voice.

"When you're with me, those people must want to take advantage of you... But I don't want our relationship to become complicated. I don't want to be hurt by them because of such things.

In the past, I only wanted to live well with my grandmother. My grandmother wanted to make peace. I knew that she was doing it for my good. Now, my grandmother has gone, which is indirectly harmed by them. I can't continue to bear it. I want them to pay the price. "

Su Xiaowan said dryly, nervously looking at the man's reply.

"What if someone bullies you?"

Su Xiaowan looked at him and said, "no, I'm very good at beating people. If I can't, I'll ask you to support me, OK?"

I don't know how long after that, when Su Xiaowan felt that he was about to give up, the man at that end finally said, "OK, but I have to see you once a week, and I have to tell you when I am wronged."

"I know."

Su Xiaowan lies on the bed, leaning against Feng Yan's arms.

Su Xiaowan just kept a posture.

So is Feng Yan.

Later, I didn't know when I fell asleep. When I woke up, it was very bright.

Before Feng Yan took her to the hospital, Su Xiaowan and she went to the cemetery first.

She knelt there, and the flowers were already withering, but she didn't buy new ones. Grandma didn't like extravagance, so she only bought them once that day.

It's her favorite.

"Grandma, grandfather, Feng Yan and I are going to leave. Don't worry, I will be fine."

She knelt there and kowtowed a few heads, forced to cause tears, after that, she really did not have a grandmother... But she believed that grandfather and grandmother, in another world, will be happy.

After leaving the cemetery, Feng Yan took her to the hospital. After the examination, there was nothing wrong with her. She opened a tube of ointment and asked her to apply it every day.

After that, I went to the hotel.

"I didn't sleep last night. You sleep first."

Su Xiaowan wants to get up, but can be held down by a man, "if you sincerely let me love you, I may take back what I promised you."

"Well, I'll sleep, but you don't go."

"I'm not going."

Su Xiaowan didn't sleep well for several days. She was very sleepy. She closed her eyes and fell asleep.

When she got up, it was already dark, but Feng Yan was not in the bedroom. She changed her clothes and went to the living room.

"What's up?"

"You... What are you doing?"

"Porridge."

Su Xiaowan walks over and looks at the man in his home clothes. He is cooking a pot of things with a spoon. It's really white porridge.

Ten men who don't touch Yangchun water are cooking porridge here.

"How could you?" Su Xiaowan looked at the porridge in the pot, which was unbelievable.

"If you want to do it, there is nothing you can't do."

Su Xiaowan said goodbye and said, "are you showing off your intelligence? I learned to cook porridge at that time. My grandmother taught me for a long time before I learned it. "

"Just have a smart one at home. Go wash your face and have dinner later."

Su Xiaowan vomits his tongue at her. He knows why Feng Yan cooks porridge for her, but they have been together for a long time, and they know it by heart.

If you don't say something, you will understand it.

The taste as like as two peas do.

They stayed there for three days. When Cheng Weiwei found her, she seemed to have figured it out. She stood in front of Feng Yan and said, "I'm still worried..."

Originally, I thought that my little grandmother would always

Feng Yan said, "she has always been a strong person."

On the way back, Su Xiaowan asked Cheng Weiwei to take a detour to Fengzhen.

"Last time I thought the snacks there were delicious. I don't know if I'll have a chance to eat them again. Fengyan, it's still early anyway. Let's go!"

Chapter 437

Feng Yan naturally listened to her, and now he drove directly.

When she came to the ancient town, she sent kaifengyan and Cheng Weiwei to the miracle doctor. The doctor knew her, "Oh, little girl, you look good!"

"Old man, I have finished all the medicine you prescribed for me last time, and now I have..."

Su Xiaowan came to see a doctor.

This time, she wants to finish it by herself, but her illness... I'm afraid she can't hold on.

"You let me feel the pulse first!"

Su Xiaowan put out her hand.

As soon as the old doctor got on the pulse, he gave an unbelievable look in a few minutes. "This... This is impossible."

"What's the matter? Is it getting worse?" Su Xiaowan worried that the medicine was lost by Wei Wei. Su Xiaowan didn't take any medicine at all during this period of time. In addition to her grandmother's affairs, she was so busy that she was already in a mess. How could she have other thoughts to consider her own problems.

"Little girl, have you taken the antidote?"

"... No."

"Have you eaten anything lately?"

Things?

Su Xiaowan recalled that when the doctor looked at her standing, she was a little uncomfortable, "did you hurt your foot?"

Then she remembered, "I was bitten by a snake a few days ago... By the way, I drank a bowl of medicine at that time. I don't know if it's because of this..."

"There's no toxin in your body. It's a pulse that was very sick before, but now..."

"I'm all right?"

"Yes."

Su Xiaowan felt like she had won the lottery

"Thank you, doctor, for your kindness. I won't forget it." Su Xiaowan had been out for a long time, so he rushed out a check for 100000 yuan and handed it to the doctor.

Then he ran away.

The doctor frowned.

Strange... It's not the medicine at all.

What's going on?

But looking at the check in his hand and the 0 at the end, he wanted to catch up with it, but he was gone for a long time.

He sighed and went into his house.

.....

Su Xiaowan came back earlier than Feng Yan, so Feng Yan didn't notice that he had been out. When he came back, he looked at the smile on Su Xiaowan's face.

"Something good happened?"

"Well, there's a sense of rebirth!" She took the things in Feng Yan's hand and looked at Feng Yan's clothes. His shirt looked dirty. He was a cleanliness addict and couldn't stand it.

And I was fine before I went out. Why

"Feng Yan, why have you been so long? Nothing happened? What's the matter with your clothes? "

"When I was in line, I met a few gangsters and taught them a lesson."

A lesson?

Su Xiaowan looked at the things he handed over and nervously went to look at him, because the clothes were good and could not see inside.

Did he fight with someone?

This is exactly like what Feng Yan can do.

"You're not hurt, are you?"

"Nothing."

Su Xiaowan breathed a sigh of relief. She didn't want the people around her who she cared about to get hurt. "In the future, you're not allowed to stand out like this. If those bad guys are holding knives and guns, how can you resist them? Moreover, those people don't have the bottom line to do things. In the future, when you encounter such a situation, you call the police, and I'll worry if you get hurt."

"Good!"

Su Xiaowan pursed her lips. "Then you go to change your clothes. Let's go back to Jiangcheng."

"No more?"

"There's still a long way to go. I'm afraid we'll be hungry, so I let you buy it in advance."

Feng Yan rubbed the girl's head. After this time, he seemed to be sensible.

But he didn't want her to be sensible.

I want her to be unreasonable all the time.

.....

After going back, Su Xiaowan moved out of Fengjia villa with her luggage. She didn't bring anything. Aunt Li helped her with the boxes.

"What happened all of a sudden? Did you fight? "

Aunt Li looked at her and asked anxiously.

I'm going to move things as soon as I get back. It's not a fight. What's that? The two of them haven't blushed for a long time.

"There was no quarrel!"

"Why do you want to move out all of a sudden? Did the young master upset you? I'll tell him... "

"Aunt Li, I'm very good with Feng Yan, that's to say..." Aunt Li was very kind to him, so she said everything as Aunt Li.

When Aunt Li took care of the old lady, she met Su Xiaowan's grandmother. The old lady was very charitable, and she liked it very much. She was also very sad about Su Xiaowan's grandmother's sudden death.

"The people of the Su family are not human! Young granny, when you go there, you must be careful. Those people, just like snakes, are afraid that they will bite you. "

"Don't worry, Aunt Li. I won't be bullied."

"I'll bring you more food. Don't be hungry at that time. Maybe the family won't give you food. If you

want to lose weight, the young master will be heartbroken." Aunt Li is in a hurry to run out and fill Su Xiaowan with boxes, but she is stopped by Su Xiaowan.

"When I want to eat, I'll come at any time. I'm bringing too many things back now. On the contrary, they have to doubt that they were driven out after all. How can there be so many things?"

"The young master has always been very generous to people, even if he was driven out! Who dares to say that you, Aunt Li, are the first to fight with them

"Auntie Li, it's very kind of you!"

"Silly child, it's hard for you."

"I'll be fine."

"Go upstairs and coax the young master. I don't think he ever laughed when he came in."

When Su Xiaowan left, he was hugged by Feng Yan.

After all, she can't hold Feng Yan if she wants to sleep alone. She has already got used to two people, but now it's a little difficult to adapt to one person.

"Must it be so?"

"You said you would stand by me? So soon, you have to go back? Well, I'm not jiaodidi. I won't be bullied by them. " Su Xiaowan gave him red lips and asked him to kiss more.

When she came back from Fengzhen, she made the decision that she would go back to Su's home.

Some people, since there is no way to punish by law, can only rely on themselves.

Moreover, Feng Yan also checked that Su Qiqi had been there before his mother died... Once these things happen together, it makes people feel that they are not accidents.

Su Qiqi got a piece of news at home and ran down the stairs in a hurry.

"What's the matter? Flustered? " Shen Yin is preparing dinner. Looking at Su Qiqi running down the road, she is still wearing pajamas and slippers. "Slow down!"

"Mom, Su Xiaowan has been expelled from her family!" Su Qiqi looks at Shen Yin and hands her a mobile phone.

what?

Shen Yin looks at the news. What it says in the news is that Feng's family doesn't look up to the Su family, who is a small family. In addition, she married into Feng's family, and her stomach hasn't moved for a long time, so Feng's family drives people out.

Having a baby, the newspaper says that Su Xiaowan is a chicken who can't lay eggs

"Feng Yan was so kind to Su Xiaowan a while ago. How can he be abandoned now? How do you feel strange... "Su Qiqi wondered, for Su Xiaowan, but offended the Shen family.

Shen Yin is very happy. She has long been unhappy with Su Xiaowan. Before she climbed up to Feng Yan, she married a man who couldn't do it. But now her stomach hasn't moved. It seems that she really can't do it. The news clearly shows that she is pushing the responsibility on Su Xiaowan. In the eyes of such a rich family, this woman is just for the reception of chuanzong. Shen Yin naturally knows, At the beginning, because she didn't have a son, now the old woman doesn't like to see her.

People like the Su family want to have a son, not to mention to seal the family. Besides, they married Su Xiaowan for the sake of inheriting the family.

Otherwise, why should it take so much trouble to seal the family.

However, most men are also responsible. Compared with that, they really can't do it. After all, Feng Yan threw Su Qiqi into prison in order to help Su Xiaowan vent her anger.

"Where is the door of this rich family so easy to enter? If you can get a firm foothold, you have to have a son. Up to now, Su Xiaowan hasn't got a certificate from her. I've long guessed that it would be like this. Fortunately, you didn't get married."

As soon as the news came out, there were all kinds of little guesses.

"A while ago, I didn't say that young master Feng's wife was colluding with the leader of the Shen family!"

"What kind of wife, I haven't got a license until now! Just a cohabitant! This letter is a big business. It's not a bully! However, she also married for money, which I think is to get what she needs. "

"... isn't master Feng always a failure? How can it become that girls can't have children? But it's nice to have money. I can marry another one at will. "

"... no wonder the young master's wife wanted to go to the Shen family! I can't satisfy her... "

"That's true! We've seen all the news a while ago. "

"I'm scared to think about it."

"It seems that after this, the daughter of the Su family will not be able to get married!"

"That's not necessarily. You can marry an honest man if you are good-looking. After all, there must be someone taking over the offer!"

Su Xiaowan gets into a taxi. Behind her, Fengyi's car follows. She sends several messages to Fengyi to go back, but Fengyi refuses.

Unexpectedly, Fengyi is quite loyal!

She looked at the comments on the Internet. She wrote the news manuscript, but the bottom ones... Looked a little out of the way.

Of course, it didn't take long to see the news of those little guesses. There was only one announcement, which was issued by Feng Jia. Unexpectedly, in such a timely manner, he took out his mobile phone and sent a short message.

"MEDA, I love you most. I'm a little busy these days. I don't think I have time to send you a message. However, you have to be clean, don't look at other women, and remember to think about me every day..."

As soon as Su Xiaowan sent a text message, it came back a second later.

—Good.

Su Xiaowan looked at the incomparably simple good and blinked.

Originally thought that Feng Yan would not agree, even just now she also said that this time does not contact, did not expect that he actually agreed.

Subconsciously, she still attributes Feng Yan to a girl who likes to be cute and coquettish.

When Su Zheng saw the news, he rushed back from the company, but he didn't think about it. He saw Su Xiaowan who just got off the bus.

I stood at the door crying.

"What's going on?"

"Dad, I was expelled by Feng Yan --!"

Chapter 438

Su Zheng thought that he had heard wrong, because the news in the newspaper might have been written by reporters in order to attract the public's attention. With so many news about his family

recently, he could not believe everything.

But Su Xiaowan stood in front of him crying and said that she was driven out by Feng Yan, and suddenly

"What did you say?"

"I was driven out by Feng Yan."

When Su Xiaowan said it, he paid attention to Su Zheng's expression. At first, he was unbelievable. Then, he was angry and hated iron for not making steel.

"Well, how did you get rid of me?"

"There's a woman outside Feng Yan. He doesn't like me anymore!"

When Su Xiaowan said it, he shed a tear.

dislike?

Sue didn't expect to be like this, but the man didn't need any reason to change his mind.

"Why are you so useless? You can't even see a man!" Su is a person who wants to save face. Although he doesn't have much affection for Su Xiaowan, he is his own daughter in name. Now Su Chenchen doesn't expect any more. He thinks that one day, he can get some benefits from Su Xiaowan, and it's gone.

Su Zheng originally wanted to reverse the current situation by virtue of Feng Yan's reputation. After all, he was about to lose his salary. He wanted to borrow money first.

But now, he has made a mistake.

"Dad, it was because there were women outside that my mother was driven out? You should understand Feng Yan very well. "

"You..." Su Zheng is angry, mentions that year's matter, the mood is complex, "does not pestle in the gate disgrace! You've lost all my old face

Su Zheng's attitude suddenly changed, which was quite different from that before.

"Even Dad is going to drive me away? Grandma passed away, I don't know where to go, and I don't know how I could make Feng Yan unhappy and drive me out. Dad, you know so many rules of rich families..." Su Xiaowan stared at the man at that end and said.

It's impossible to sweep Su Xiaowan out of this storm. Su Zheng is shameful.

Su Zheng stares at her angrily. At this time, Shen Yin comes out.

"Ah Zheng, you can put down the fire. Now that things are like this, it's useless for you to continue to scold her here. Qiqi is going to go out for the competition soon. During this time, you can't make any bad things any more."

"Xiaowan, you've been following master Feng for so long. Is it difficult that he didn't give you anything?"

"What does Auntie want him to give me? Didn't you take much from him? He didn't let me, but he gave me face. "

"Su Xiaowan, how did you speak? You were abandoned. Now you think someone is supporting you! Didn't you say you wouldn't be here in your life? Why do you think about us now? "

Su Xiaowan looked at Su Qiqi standing at the other end. Before her figure recovered, the child was probably lost.

"But isn't this my home?" Su Xiaowan's eyes are full of tears, and she looks pathetic.

Su Qiqi looked at it and couldn't help tearing her face.

"OK, go upstairs first, aunt Lin will clean up a room for her and come out!"

Su Qiqi wanted to say something else, but she was held by Shen Yin, "don't talk a little, tell her what to do! It's not a good time for her to come back. There will be opportunities to deal with her in the future. "

Su Qiqi thought, really, how could she forget that she had been so miserable at the beginning

She's going to torture her slowly.

.....

Aunt Lin is an old man in the villa. At the beginning, thanks to Nan Yin's care, she got a job. At the beginning, Nan Yin's death was so fierce that Su Zheng loved face, so they never quit.

Aunt Lin took her to the most Western room on the second floor, which was her room. Before Su Qiqi put the equipment, but she didn't know when it was emptied. There was a bed and a sofa in it.

"All miss 77's things have been sold before. Mr. Zhang has been running a bad business these years. He has been raising money recently."

Aunt Lin explained.

"Auntie Lin, help me clean up here, and I'll live here."

"Good!"

Aunt Lin was diligent and quickly helped her to clean up the house. Su Xiaowan had nothing to do with it, so she was quite tidy.

"I heard that the old lady has passed away. Are you all right, miss?"

Mentioning grandmother, Su Xiaowan's expression coagulated for a while, "it's OK, I've figured it out."

What does aunt Lin want to say, but thinking about Su Xiaowan's present situation, "Miss, you will find a better person."

"Well --!"

.....

"Smelly boy, who let you abandon all the time? You bastard, you really pissed me off!"

Naturally, the old lady also saw the news. A while ago, she called to tell herself that she would be with her daughter-in-law in her life, but in a twinkling of an eye

Sure enough, men are not good things!

The old man's face was not good. "Are you dumb? I'm asking you something

"That's what you see!" Feng Yan didn't pay any attention to the anger in his family, and his tone was light.

This word, don't say also even if, say, pure is to make the old man angry.

Sure enough, the old man directly took a cup and smashed it, "you say how I gave birth to such a bastard as you!"

Although Feng Yan hid for a while, the cup still hit him on the head.

"You dare to hide! You as like as two peas, you have given me a piece of the same thing, and this is the token of your mother's kindness to me! "

The old man was very angry just now. Now when he heard the sound of the cup breaking, he immediately felt sad. This cup was given by his wife at the beginning, but it turned out

"Dad, you're going to embarrass me. Where can I find you a wife and ask her to give you a token of love?"

"You dead boy, you have the face to talk!"

Old lady Feng was also very angry. "I'll take it as if I haven't given birth to your son, so I can go!"

Feng Yan walked away.

The old man was squatting on the ground to see the broken cup. The old lady was not proud. "Is it the problem of the cup now? You don't care if they quarrel so fiercely! "

The old man took his broken glass and thought to himself that the glass was too weak. "What you just said is a little too much. What do you mean when you haven't given birth to this son?"

"I'm not angry!"

Fengyi is waiting for Fengyan at the door. But he never thought about it. He will see the wound on his forehead. He was cursing fiercely just now. You can imagine what happened to the young master just now.

But he deserves it. Who let him give up.

Chapter 439

It's not worthy of sympathy at all.

Feng Yan got on the bus and thought about Su Xiaowan. "Go to Su's house!"

Su family?

The brow tip of Feng Yi frowned. It's all like this. It's good to go to someone's home.

No doubt, "what do you do? When you first abandoned your family, why did you not think about others, and still make complaints about it. Now you are beaten, you want to go..." If I were less... Xiaowan, I would not pay attention to a man like you. She must have been blind at the beginning. "

Feng Yan, "... You are very angry recently."

Fengyi, "... Shao... It's really bad luck for Xiaowan to know you."

Of course, Fengyi did not drive the car to Su's house, but directly to the hospital.

Feng Yan looks at the outside, thinking about his forehead. He must be distressed when he sees it, although subconsciously, he hopes that she will be distressed.

He went to the doctor and asked Fengyi to go back directly. He drove away by himself.

.....

After taking a bath, Su Xiaowan arranges her things. It's more than ten o'clock. Su Qiqi and Shen Yin haven't come to give her any influence. It's said that they are out.

Lying in that strange bed, tossing and turning, no sleepiness.

In fact, she didn't live in Su's house for a long time. She didn't come back for a long time. She felt strange and terrible. This place is full of people who eat but don't see blood.

Can she resist it?

Like recognition of the bed, but also mind too many things, she tossed in bed for a long time, finally had a sporadic sleepiness.

Finally, I closed my eyes. When I was about to fall asleep, my mobile phone vibrated at this moment. Half asleep and half awake, she didn't even look at the screen, so she connected her mobile phone and stuck it to her ear.

"Hello."

"It's me."

Feng Yan?

While he was talking, Su Xiaowan also heard some rumors. She took a look at her mobile phone, and now she woke up, "are you still outside so late"

"It's downstairs."

Downstairs?

Su Xiaowan was stunned for a moment, then suddenly woke up, almost lifted the quilt and jumped out of bed.

She ran down to the terrace.

The location of Su's villa was a relatively rich area at that time. It's a pity that the downtown area has been changing for so many years, and it's also quite empty here.

Taking advantage of the night, she looked out at the heavy sky, faint yellow streetlights, scattered weak light.

He just stood under the street lamp, upright, in the night wind, also with a fascination of spirit.

Holding a mobile phone in one hand, it seems that I heard the movement upstairs, and then I looked up.

Through the dusk of the night, far away, looking at each other, her heart beat faster, as if she fell in love with him. Even if she just looked at it, it was enough to make her obsessed.

"Why are you here? Isn't it said that we won't contact each other during this period?" Her voice was soft, like a warm spring breeze.

"I miss you. I can't sleep."

Feng Yan was very hidden, but there were servants on duty at the door of the villa. She could see a few people coming and going. In order to avoid being seen by them, she stood in a hidden corner.

"Shall I go up or shall you come down?"

Su Xiaowan frowned, "wait a minute... How do you get up?"

"Of course I have my way."

"No, I'll go down to you!"

Now Su Zheng must have gone to bed. Shen Yin and Su Qiqi haven't come back at this point. They probably won't run into them by chance.

Those servants... The Su family has a back door. She can go down.

It's just, why does it feel like an affair.

Su Xiaowan put on her clothes and met the maid in the living room. "Miss, where are you going in the middle of the night?"

"There's no water in my room. I want a drink."

"Oh, you can do it!"

Su Xiaowan poured a glass of water and looked at the maid at the other end. "The orchids I planted at home before are still alive?"

"Still alive, in the backyard."

"Then I can't sleep. I'll have a look."

Su Xiaowan ran to the backyard and directly opened the door. Naturally, Su's maids were not as good as those who sealed the house. There were few. Aunt Lin said that she had already resigned several times.

The chill came to my face, but when I saw the man under the light, it was very cold.

I just felt like I was surrounded by a strong flame, warm enough for him.

She walked over and knocked him on the back. She wanted to scare her, but she was hugged by him.

Wrapped in a warm embrace, it was only a short time, but there was a kind of "why can't you sleep? Didn't you sleep alone before? "

"That was before. Now it's different. I have to hold you to sleep!" Feng Yan held her in her arms. She was wearing pajamas and only wore a coat. After taking a bath, her hair hung on her shoulders, fresh and moving.

In such a night, because run fast, small face red.

Su Xiaowan suddenly saw Feng Yan's forehead, "what's wrong with your forehead"

I left well before. How long have you been fighting with others?

"Beaten!"

"Who dares to beat you, even so hard? Is it all bleeding? "

His eyes were deep, just staring at her.

"Why are you looking at me all the time?"

I don't know why, they have been together for such a long time. This is the first time. Feng Yan looks at her so affectionately. Being looked at like this, Su Xiaowan is embarrassed. She covers her face. "Do you think I don't have make-up?"

Feng Yan looks at her, which makes people itch.

He bowed his head and kissed the red lips.

Her taste, Feng Yan thought for a night, now it's not easy to taste, naturally it won't be so easy to let go.

Bullying around her, the more fierce the kiss.

Su Xiaowan is not as bold as he is. He subconsciously wants to remind him, but he kisses her more.

Gradually, Su Xiaowan also fell into his kiss, and her legs softened.

.....

Drop.

I don't know how long the kiss lasted, until suddenly there was the sound of a car whistle, and the man pulled her into the dark.

Su Xiaowan looks at the car at that end. It's su Qiqi's.

I can't blush. Fortunately, Feng Yan's action is very fast. In addition, the street lights in this place are dim, and some of them are broken.

Two people run out to kiss in the middle of the night. If they are seen, the trick they have done is useless.

"I'll go in and sleep with you?"

Listening to her proposal, Su Xiaowan naturally refused, "no way!"

He's going in. He'll have more courage in the future.

"You can't sleep, can you? Shall I go with you? "

Her face flushed. "We all agreed before. You're going to go back now, aren't you?"

His voice was low. "I want to go back!"

Chapter 440

Su Qiqi looks as if someone is outside in the car. She goes out in high-heeled shoes to have a look. Su Xiaowan is just about to open her mouth, but she looks at the woman at that end.

Su Qiqi stepped on high heels, followed by the maid, "who's outside?"

"No one!"

"How can it be? I saw it just now."

"It must be miss's mistake. How could anyone be here this evening?"

"Where's su Xiaowan?"

"The first lady has gone to bed."

"What miss? Her mother divorced my father long ago. She's just a wild girl nobody wants. I'm the only miss in the family!"

The maid gave in a few words, but didn't dare to offend her. During this period, everyone was scared and afraid of being fired. Now, it's hard to find a job.

Su Qiqi takes a look at the place. At last, Shen Yin shouts her behind her back, and then she leaves on her high heels.

Su Xiaowan sighed with relief and turned to see him. She went to kiss him. "Feng Yan, in fact, I'm selfish to be separated from you. Besides making them pay the price first, I want to spend time to make myself better.

When I can stand beside you, I will walk into your home. Aunt Chen is right. Now there are so many temptations outside, and there are too few people from the beginning to the end. I believe you are not a person who wants to change. But you are too kind. The superior is too different from me now. When I am with you, I always feel unfair, as if I will always become inferior.

I think that one day, your heart will be because I have pressure, this is fair

"Su Xiaowan, you always put pressure on me."

This silly girl has no idea how good she is.

He hated his identity at the moment. If his identity was the same as hers, would she be like this

Su Xiaowan blinked, "are you praising my beauty?"

"Well."

"But there are so many beautiful people in the world, you just don't meet better ones. If one day you meet a girl with the same character as me, maybe she is more beautiful, humorous and cares about you than me... The most fear of people is comparison, just like parents think that other people's children will be better than their own children, Your eyes will be more attracted to others

"Su Xiaowan, other people's children have nothing to do with me. From the beginning to the end, I only care about you. You are very good. In my heart, you are the best. No one can match you, and you don't need to feel inferior. I'm not a perfect person. I'm not as good as you think. Everyone has shortcomings, so do I."

"But I really can't see your shortcomings. Feng Yan, you are better than me in everything you do. You can manage such a big company by yourself. Even if you occasionally run into a mess, you will find a way to solve it quickly. Most men at your age can't do it at all. Even if you don't rely on your parents, you can

do it better than them, It's better to find you. "

"You only see my good, I also have shortcomings, but you didn't find, and you are good enough, I know you want to work hard to become better, match me, but I never need you to bow to match, I'm yours, no one can take away..."

Su Xiaowan listens to his words, but he doesn't understand. Together with Feng Yan, he will teach himself many things, such as a good teacher and a good friend.

It's comfortable and comfortable to be with him.

But she knew that such comfort and freedom came from Feng Yan under a lot of pressure.

No one saw how much wine he drank on those tables, when his stomach was upset, when he lost sleep for the company

If people want to stand on the high ground and work hard, they are less than ordinary people.

Feng Yan suddenly held her and put his head on her shoulder. He bent down and asked her not to pad her toes like this, "so I will give my full support to anything you want to do, because I don't want you to feel uncomfortable because of my existence. I love you and everything you have. I believe you will do it, too

But I don't allow you to hurt yourself and be bullied by others. If someone bullies you or you hurt yourself, I will take you back without hesitation. "

"... so, you... You agreed?" Su xiaowanxi.

"Under these conditions, I can endure." His voice came with the wind at night.

Love in this world is like this. As long as there is love, there will be protection and favor.

"Feng Yan, when I met you, I really burned Gao Xiang in my last life."

"Me too."

Looking at each other, Su Xiaowan looks at the man in the dim light.

What should I do? I like him more.

I can't like what I like any more

About ten minutes later.

Feng Yan just gently patted her on the shoulder, "well, it's late, you go up.

Call me if you have anything

"Well." She nodded, although reluctant to part, but thinking of their own determination to do, she felt that the short separation, is to better meet.

"Your forehead is injured. Don't eat blindly recently. Don't eat soy sauce. It will leave scars."

"Well."

After Feng Yan left, Su Xiaowan went upstairs.

As a result, he ran into Su Qiqi, and Su Qiqi's eyes were fixed tightly.

"Where have you been?" Su Qiqi looked at the flustered woman and spoke discontentedly.

She knocked on her door just now. No one answered.

Now I'm watching her run up from downstairs.

"You can do it."

Without waiting for Su Qiqi to speak, Su Xiaowan went directly into the bedroom.

Su Qiqi was very angry.

Su Xiaowan, there are many ways to get rid of her.

Now, it's time for her to take advantage of the opportunity she got.

Feng Yan's car didn't drive, so he stopped there. From his angle, he could see Su Xiaowan's bedroom. He just watched the light turn off, and soon a text message came.

"Did you go home?"

He took his cell phone, pressed one, and went to bed early.

Su Xiaowan, holding his cell phone, saw his reply and added another sentence.

——MEDA, go to bed early and see you in a few days.

There was a quick one on that end.

Su Xiaowan looked at the screen of her mobile phone. For the first time, she felt that Feng Yanhui's SMS was so fast.

She held her cell phone and waited until 12 o'clock to open the door and go out.

She went to the study, took out the things in her pocket and put them into Su Zheng's book.

After that, I went back to my room.

I thought I couldn't sleep that night, but I didn't think that I could have a good night's sleep.

She dreamed of Feng Yan and her perfect standing beside him.

Dream of grandma, dream of grandfather, and... Mom.

In the morning, aunt Lin came up and knocked on the door, "it's time to get up, miss."

Su Xiaowan didn't stay in bed. She immediately went downstairs after washing. Unexpectedly, they were all there.

"I don't have any business all day long. I still sleep so late. I don't want to live here for nothing."

Su Qiqi looks at Su Xiaowan with steamed buns. She's wearing cheap clothes. She looks just like before. She's a bumpkin.

"Dad, I know your company has encountered some difficulties. Don't worry, I will go out and look for a job."

Sue was looking at her and said nothing more.

After all, Su Xiaowan said so, what else can she say!

.....

Feng Yan sits in the office. Feng Yi looks at him and doesn't change at all. He can't help but replace Su Xiaowan.

He thought that Feng Yan was a man of flesh and blood. At least, Su Xiaowan would live with him all his life.

But I haven't found out that he is so unkind.

Get rid of women and smear them.

Even he was blind. Before, he thought that the young master was a good man, and secretly thought that he would learn from him in the future. Now it seems that he is really a scum man, and can't be more scum.

"Is everything ready for you?"

"As soon as Xiao Wan left, you are going to buy a house. Are you going to hide your beauty in a golden house?"

"Xiaowan? You call it kind enough? "

Feng Yi was stunned for a moment. "Young master, you've swept people out of the house. Do I want to call him young granny?"

"Did I ask you to call her Xiao Wan?"

The city was in disorder. What did he call Su Xiaowan?

"If the young master doesn't like me to mention her name, I won't say it any more."

At that end, Feng Yan received a call from the sanatorium, "I'll go out, and you can do the rest."

"Yes." The fief spoke reluctantly.

Why does he want to resign so much? It's more and more unpleasant to see this scum man now.

After arriving at the sanatorium, Anning's condition stabilized. The nurse stood in front of Feng Yan. "Mrs. Anning doesn't know what's wrong recently. She always says something she doesn't have. We don't know what to do, so we inform you."

Feng Yan looked at the woman at that end, she was still as beautiful and brilliant as in memory.

I just watched several workers pushing the car at that end, and there were many dolls in the car.

He frowned.

"What's going on?"

"Those dolls are going to be sent to the orphanage."

orphanage?

Feng Yan stopped and said, "who brought it?"

"Didn't you send it, young master? Those express bills all said your name, and they also said that they were for Mrs. Anning... "The nurse pretended to recall," this car was recently sent, there are more than 100 dolls each time... We take this to Mrs. Anning, but Mrs. Anning will cry every time she sees these dolls. You send hundreds of dolls each time, and Mrs. Anning will cry again, That's why we want to send things to the orphanage. "

When did he send these?

"I didn't send these. Next time someone sends them, they won't be accepted."

The nurse nodded.

He took a look at the woman at that end, didn't go up to disturb, ordered the nurse a few words, and left directly.

Feng Yan got on the bus and made a phone call to Fengyi.

"Send someone from the sanatorium to find out who sent them."

Feng Yan suddenly looked at a doll at that end.

I remember vaguely.

It looks familiar.

Take a closer look, he immediately got out of the car and walked to the full truck.

... this is... A gift that my sister prepared for her children before.

He held the doll as like as two peas. The doll was soft and the style was the same.

The staff looked at her and didn't know why.

But clearly know the identity, so no one dare to step forward.

Feng Yan ran inside with something. The nurse looked at the man who came back and said, "young master, what's the matter with you?"

"Where's my sister?"
