

good evening 441

Chapter 441

He held the doll as like as two peas. The doll was soft and the style was the same.

The staff looked at her and didn't know why.

But clearly know the identity, so no one dare to step forward.

Feng Yan ran inside with something. The nurse looked at the man who came back and said, "young master, what's the matter with you?"

"Where is she?"

"Mrs. Anning is at rest."

Feng Yan stepped over and squatted on the edge of the woman's bed with deep eyes.

Just then, the door knocked.

Feng Yan took a look at the person on the bed. He didn't wake up. He still kept his original sleeping position. Then he turned and went out.

The people who came here were Fengyi.

"Young master, the express is written on your name, the address is an online shop to buy, according to the owner, during this period of time, someone has been ordering their dolls, an order is hundreds of, his factory goods are now basically set down by this person, that person once hit 300000, go is the bank flow, now still check the name of the person who beat."

"Do you have any information for your child?"

"No

That child, if still alive, was only in his twenties.

I've been out for so long that I can't find anything.

Otherwise, it won't take so long.

"Keep looking! Do it yourself! Also, during this time, I need to install all the monitoring devices here. "

"Yes."

.....

When Shen Qi'er saw the news at home, it was still the evening of the next day.

In the face of this news, even she can't believe it.

This letter drove Su Xiaowan out of the house?

Last time I didn't love you so much. How long did it take to be swept out?

However, Su Xiaowan... She will have a way to deal with her.

She took the newspaper and went downstairs to pour a glass of water. Shen Nanshan was transferred from the hospital to her home. Her life was destroyed by the accident.

Because I was afraid of losing face, I came back to recuperate.

In recent days, his temper is very bad. People in the family are very angry because of him. Even his mother has been scolded by him several times.

Shen Qi'er goes upstairs with her things. Susie is coming out of it.

"Ma."

Susie's face was ugly. "Why haven't you had a rest yet?"

"I've come to see dad and get him something to drink. I have something else to ask him."

Susie was haggard. "Then you go in. I'll call your grandfather."

"Well."

Shen Qi'er pushes the door in. Shen Nanshan has rested.

She took the newspaper, put it on the table, put the glass of water on it, looked at him and left immediately.

Shen Nanshan woke up a few hours later. He was thirsty and wanted to drink water. As soon as he got up, he looked at the water on the bedside table and a newspaper.

He took the newspaper and read it.

It's got a huge title on it.

Then, a strange smile appeared at the corner of his mouth.

The maid stood at the door. As soon as she was ready to push the door in, she saw Shen Nanshan's sinister smile. They had planned to leave the house during this time.

But it occurred to him that Shen Nanshan would take care of his illness at home.

They were caught off guard.

She told Chen Er about it, and Chen Er told Shen Kan about it.

Shen Zhen told her not to act rashly. But in the evening, she picked up the trash can and saw the news.

It's about Feng's divorce.

While out shopping, she went to meet Chen ER and told Chen er everything.

Chen Er Wen Yan, "are you sure?"

"Well."

"I see. I'll inform the young master. Don't show your feet during this period."

"Good." Xiao Hong got up to leave. Suddenly she thought of something, "how's the young master doing?"

"What can we do, just the same!" Chen Er sighed. Although the young master's willpower has always been tough, in the final analysis, it can't stop the invasion of the virus.

The man who can't bear it can't bear it at all.

Xiao Hong doesn't dare to stay here any longer. After shopping, she goes back. Chen Er tells Shen Ken the news and takes the newspaper back.

"Shen Nanshan will die in the hands of women sooner or later!"

Shen Kan leaned lazily on the bed. His face was almost wet with sweat. His buttons were spread out, showing a large chest, handsome eyebrows, and a sense of decadence.

"But Feng Yan didn't do it. I'm afraid he still had some scruples. He just abandoned the lifeblood and was a little far away from what I wanted."

Shen Kan glared at the newspaper. "It's better to push the boat along the river and give Feng Yan a blow by Shen Nanshan's hand."

"But the young master may not fight for a woman. Otherwise, he would have tied the woman to his side. How could he make such a scene?"

"This is a fake. Feng Yan cares about that woman so much. Can he be willing to let go? If you were really willing, you wouldn't have started against Shen Xiaobei at the beginning! "

"Also..."

"Young master, what are you going to do?"

"The mantis catches the cicada, and the Yellow sparrow is behind. With Feng Yan's hand, get rid of Shen Nanshan. During this time, you let people pay close attention to Shen Nanshan's actions."

With a smile on his lips, Shen Kan was sure to win.

When Chen Er heard of the speech, he had to admire Shen Kan.

This game of chess, not only without their hand, but also can quickly get rid of the weak culprit, killing invisible.

"Young master, you will be engaged to miss ye in a few days, engagement banquet..."

"Put it off."

"But it's not easy to explain."

"This engagement pays attention to the orders of parents and the words of matchmaker. My father is still here. If I don't discuss this matter with him, I will get engaged rashly. Shen Nanshan is afraid that he can't swallow it. Although Ye is working alone now, he is also afraid of Shen Nanshan, but he will never come to Shen Nanshan."

"But miss Ye has come to our house several times, and she has not been seen. Isn't that so good?"

Shen Kan buttoned up his clothes. "Where's Shen Xiaobei?"

"In the morning, I argued to go out to class, but now I'm angry!"

Chen Er wanted to say something else, and he watched Shen Ken walk out of the door.

He thought, I'm afraid the engagement is impossible, because the young master's heart has been occupied by women.

He and Feng Yan are not the same kind of people.

Shen Kan pushes the door in. Shen Xiaobei is lying on his desk doing his homework.

All of a sudden, listening to the movement of the door, he raised his eyes, "won't you knock when you come in?"

He has a husky voice.

"No

Shen Xiaobei looks at the figure of the man. He wants to be overbearing, and he can't refute. This is his home.

Continue to do their own papers.

I don't know why, when she was in college, she did so much homework in class. Other people were playing outside. Every time she did the test paper at home.

What she did was that it would take her an afternoon to do one or two questions.

Shen Xiaobei is not really interested in mathematics.

"Shen Jin, what are you doing?"

Chapter 442

Shen went over and took the paper from her hand.

"With your grades, can you really graduate successfully?"

Shen Xiaobei smoked from the corner of his mouth.

She knows that her math score is not good, but she has worked so hard, but she can't learn well. What can she do!

"I'll get you a tutor tomorrow."

"I'm going to class."

"My tutor is more capable than my teacher!"

Is this a question of tutoring?

Shen Xiaobei had been looking for Shen Kan for a day today. She was at home, but she was hiding all the time. She didn't know what she was doing. In the morning, Chen Er stopped her from going to school.

No one goes to school like this, and now she's going to take the mid-term exam. If she doesn't go, she may not be able to compete.

"Shen Ken, I'm going to school. I'm not burning any more, and the temperature is very stable..."

"In order to prevent you from infecting others, your teacher called yesterday and asked you not to go to class for the time being."

what?

"If you don't believe it, you can call and ask."

After Shen Kan left, Shen Xiaobei called the teacher. Sure enough, the teacher asked her to suspend school temporarily.

"Teacher, I just have a cold."

"Xiaobei, there are too many viral colds in this period of time. Now all the children who have a slight cold in the school have to be sent home. This is the above rule, and I can't help it. Moreover, there are too many courses you are absent from. You have missed 40 classes in the whole semester this year. The teacher has a big opinion on you. Everyone's consensus is to let you suspend school for half a year, When it's time to go to class with the next class and make up for the course, otherwise, you will come to class. No matter how good your grades are, if you are absent from class, you will not be able to graduate. If you are not in good health, you should have a good rest at home... "

Shen Xiaobei hung up in disappointment.

Before long, Ann called, "what's the matter? Why did the teacher say you want to leave school? What else is infected with the virus? "

Shen Xiaobei holding his head, is also a mess, "the teacher said I was at home for too long, the course can't keep up, let me with the next session of retake."

An an Leng for a moment, "this is too exaggerated, last time that Chen Yu didn't come to class for a long time, not finally good, I think they are bullying, I don't think you have any backing, so I will say so! No, Beibei, didn't you tell me last time that your brother was in business? He's not big enough. Can he get to know the leaders of the school or something? If he does, it's easy. Why don't you just let your brother know? "

The last time Shen Zhen asked someone to take her back, she was seen by An'an.

It's not convenient for her to say more about Shen's identity, because she's afraid of scaring An'an. After all, even when she knows Shen's identity, she's scared.

She only told ANN that his brother was in a small business.

"You let me through the back door?"

"It's not the back door."

Ann took her mobile phone. As soon as the suspension of school came out, everyone immediately began to discuss it. Everyone in her department knew about Shen Xiaobei's illness.

She is a careless person. Naturally, she doesn't think about many things in one aspect. However, there are many people with great power. As soon as they remind her, she will come and feel more and more strange.

"I'll tell you that there is a guaranteed postgraduate quota in our school, and your grades are always the first place. This quota must belong to you. But if you quit school, you will give up this quota automatically, and this quota will fall to the second place, which is Chen Yu's head. Do you think there can be such a coincidence? I suspect that Chen Yu's backer is powerful and has kicked you out. She doesn't even come to class, and her grades are so good. Don't you doubt that? "

What is the number of research guarantee places?

She knows that if she has been ranked first in four years, she will be able to guarantee postgraduate education and be exempted from the tuition fees for the four years. That is to say, on the day of graduation, she will be able to get back the tuition fees for the four years.

She wanted to graduate from her senior year and return the money to Shen Kan at one time, but now

"Beibei, are you listening?"

"Well."

"I tell you, the society is very realistic now. If you are not careful, you will be gnawed to the bone. So, Beibei, you have to tell your brother that maybe he has a way to help you solve this problem."

Talk to Shen Jin?

Seeing what he looks like today, he wants to ask a tutor for himself. Only when he can agree can he have a ghost.

But she wants to go to school.

"Beibei, Gu zhexin has inquired with me for several times. In fact, I don't think it's a good thing for you to hide all the time. Although he doesn't say he likes you, he can't see anyone with a clear eye. You might

as well pick out the relationship with him directly and say that you have someone you like, which saves him from pestering you all the time! It's just like what adults say... It's better to cut the numbness with a quick knife. It'll hurt once. "

make a lightning decision?

"But I don't have any male friends around me. I say I have someone I like. Does he believe it?"

"Don't worry about him, or say you like your brother. Anyway, he doesn't know you have a brother. Besides, when your brother sent some friends to school last time, they were so handsome. What's the difference between your brother and you... Beibei, it's not interesting to say that you are so handsome. Does your brother look super handsome? You want me to open my eyes? I haven't met a few handsome guys yet

"... ANN, the more you say it, the more wrong it is."

"OK, Beibei, there must be a picture of your brother in your mobile phone, right? You send one to let me have a look, just one look, you send it to me and then withdraw it..."

"I didn't."

"The whole family will do."

"... No."

"Why don't you have anything? Don't you want to show me for fear that I'll rob you? Don't worry, I'm not the kind of person who stabs my best friend for a man. If you like a man, I won't fight with you. After all, our eyes are different... By the way, Beibei, I have a good thing to give you. "

"... what?"

"Ah, you'll know after you see it. I promise you'll get better soon after you see it. Besides, it's very lively."

An an smiles at the thief. Now Shen Xiaobei sends something on his mobile phone.

It needs a network disk to open.

"What is this?"

"It's a good thing. I've visited many forums to save it. There's only one in the world, but... It doesn't feel good to see in the daytime. It can't be seen until I turn off the light at night!" An'an's mysterious mouth coaxed him.

Shen Xiaobei pursed his lips. "Ann, do you think I don't know what it is? It must be ghost movies, right? I don't believe in your evil. I don't watch them. "

Chapter 443

"Or you can give it to your brother. Maybe he will help you after seeing it! This man will be coaxed. "

Show Shen Jin ghost movies.

She's going to die.

"Beibei, I'm sure I won't hurt you. Your brother certainly likes watching it better than you! Maybe she will help you after you show it to him! "

Shen Xiaobei won't believe what she said!

Ann said mysteriously, "don't say I don't think about you. I know you're going to have a birthday next month. I sent you something good. Of course, this is also your birthday gift. You must remember to see it. I'm going to have class, so I'll say goodbye first."

Before Shen Xiaobei came back, he hung up at that end.

birthday?

She really forgot.

She ran downstairs and asked the security guard downstairs, "do you have my express?"

"Miss, you have several couriers here."

How many more?

Shen Xiaobei looks at the couriers. There are all kinds of senders' names on them. She hasn't bought online recently. Is it An'an who bought Chengdu?

Is it hard for an an to get rich by buying so much?

She asked the security guard to take her express to the living room. On the way, she had already started to unpack the outer package. Maybe what every girl likes most is the moment when she tears open the express.

Inside, it's a small box.

Open the box, it's a bottle of perfume, and lipstick... Happy birthday.

Ann will not buy perfume because she knows she is allergic to perfume.

She took a look at the outer package. The handwriting on it was fuzzy. Even the few words on happy birthday could not tell whose note it was.

It's strange.

She took out the perfume and thought she would have what little cards or something, but she didn't find a circle.

Carefully put perfume into it, ready to start dismantling second.

It turned out to be an anonymous delivery.

She shook the express in her hand. There was no sound in it. She was hesitant to open it, but she was afraid that it was someone else's prank to collect the express in the school before.

Gu zhexin is the school grass. Naturally, many girls like him. Because Gu zhexin always runs to her side, she doesn't know how many girls she has offended behind her back.

Forget it. Don't dismantle it.

Just as she was ready to put it down, suddenly a big palm fell in front of her eyes, holding the express that she was about to put down.

"Who sent it?"

"... I don't know. It's an anonymous express."

Shen Kan took a look at the express bill number on it. There was nothing on it. As soon as he tore open the express bag, he suddenly touched it.

A lot of paper came out of it.

The glittering scraps of paper in the bulingbuling looked like fireworks, splashing everywhere.

Even, some of them all fell on Shen Kan's head, face and clothes.

Shen Xiaobei, "..."

Shen Kan, "..."

Su Xiaowan, who was standing beside Shen Ken, naturally did not escape from the bad luck. Her face was bright, too. She wiped her face for a while, and then looked at Shen Ken with a black face, "are you

ok? Have you got your eyes... "

Shen Kan took his hand and plucked his hair. The pieces of paper on it left from his fingertips. Now he saw a piece of paper lying on the ground.

Surprise ! Happy birthday—— Ann Ann.

Shen Xiaobei looked at the card, a face speechless, "that... ANN is not intentional."

"Your birthday?"

"Ah? Next month Shen Xiaobei took a look at Shen Kan, "are your eyes really OK? I look red... Sorry, I should have stopped you just now. "

"No problem."

After Shen Kan left, Shen Xiaobei looked at the garbage this time. She really wanted to take An'an out and beat her.

After eating.

Shen Kan didn't come down to eat. Shen Xiaobei felt guilty and prepared to go upstairs.

As a result, Chen ER was at the door.

"Miss."

"How's Shen Jin?"

"Young master, he's fine."

Shen Xiaobei looked at Chen Er, his heart empty, "then you help me take the noodles to him, by the way, help me give him an apology."

Then he ran away.

Chen Er, looking at the girl running away, had no choice but to knock on the door, "young master, are you ok? Miss, I cooked noodles for you

Probably not very long.

The door opened.

Shen Kan looked at Chen's face in the second hand, didn't say anything, and took it in directly.

This is Shen Kan's first time to eat noodles.

He doesn't like pasta.

But what she did, it tasted great.

Shen Xiaobei was lying on the bed, tossing and turning, unable to sleep. She didn't know what she was thinking. She finally got up from the bed.

I turned on the computer.

There are no good TV series and movies recently.

Holding the computer in a daze for a moment.

I thought of the resources Ann gave her in the morning.

So, boarded his account, directly opened the video.

It looks like it's still a love story.

But see behind, Shen Xiaobei found something wrong, she... TM see what!

Come up and pull the clothes... And then

She widened her eyes and covered her mouth in surprise. Unexpectedly, she didn't expect that this film is not a ghost film, but it's 10 million times more terrifying than a ghost film.

An'an knows that Shen Xiaobei has collected his share, and immediately calls, "how about Beibei? Do you feel like you've got a cold all of a sudden? "

"You... How could you have such a thing."

"Come on, we will die early in the morning. We are outstanding women in the 21st century. Don't be so pedantic, OK! If you're not my best friend, I won't share such a good thing with you! What's more, men can see, why can't women... "

There seems to be some truth in it.

Shen Xiaobei feels that he is doing something bad, but... I don't know why he can't help looking down.

In the end, for men and women's affairs, she does not understand ah, pure like a piece of white paper, she will inevitably have some curiosity about this kind of thing.

Although reason told her that it was wrong now, she should not continue to let Ann indulge in such thoughts.

But

I can't help but want to see it.

She must be crazy.

What's more, it's getting hotter and hotter. It's like what Ann said. Her nose is open.

"Beibei, you'd better have a good look. If it's not enough, I'll share it with you. I have a lot --!"

"... you, I don't want it."

"Why are you stuttering?"

"This man is too ugly. I..."

"This kind of film, what kind of man's face, to see..."

But all of a sudden, she heard a knock at the door.

"I won't tell you --!"

Her ears are very sharp, like when she was a child, she was watching TV at home and was caught by her mother's psychological activities on the eve.

She quickly closed the computer, left her cell phone aside, and ran to open the door.

Chapter 444

When the door was opened, Shen Kan looked at the red faced woman. Her face was covered with sweat. He put his hand on her forehead and said, "have you got a fever again?"

Being suddenly touched, Shen Xiaobei suddenly thinks of the man who is fighting with a woman in bed. He takes a step back to avoid Shen's touch.

"No..."

But Shen can't believe it at all. He grabs her wrist and goes directly into Shen Xiaobei's bedroom. He takes the thermometer and puts it in his ear.

In a few minutes, the temperature is 39 degrees.

"It's 39 degrees, and I haven't had a fever yet!"

"I..." Shen Xiaobei can't say that she saw that movie. She looked up at her face and her hands were sweating. "Well, I didn't have a fever. It was too hot in the room."

When Shen Kan heard the words, he frowned, "hot? It's only 18 degrees today. "

Shen Xiaobei's eyebrows were full of embarrassment. "That... I was running here just now, so I'm sweating. I'll be fine later."

Shen Kan left the thermometer aside and sat down on his bed.

Shen Xiaobei was surprised, "you..."

"I don't want someone to die in my house because of a cold and fever!"

This... Almost made her angry.

Shen Xiaobei's anger has no place to send, she angrily sits on the bed, the computer is pressed by him all of a sudden, the next second, just listen to the hum and hum voice from the closed computer.

Shen Ken is not a child. As a mature man, how can he not understand the voice.

Shen Xiaobei is scared to death, only looking at the man turned to explore the face, her heart is cold, just want to turn on the computer to turn off, but his hand suddenly grabbed the computer.

The screen lights up again, and the indescribable sounds come.

The man's face turned black.

I took a look at the progress bar. I'm almost halfway through it.

"Shen Xiaobei, who gave it to you?"

Shen Xiaobei certainly won't go to see such things. She must have been sent to her. She is not smart enough to find such resources.

"I... I found it online." Shen Xiaobei's face is wrinkled, but his scarlet cheek has never retreated. "No... I thought it was an educational video, and I wanted to learn, but I didn't expect to open it like this..."

"Who are you going to learn to use it for?"

Shen Kan suppresses his anger and tries to calm down a little at the moment.

"I... no, I just couldn't help looking at it..."

"Is this a look?"

"I... Shen Jin, you men can see it. Why can't I? I'm an adult."

"Grown up is to let you see these things?"

Shen Xiaobei said, but he, her hands akimbo, "you have not seen?"

"No Shen Kan has lived for revenge since he was a child. Although he is a normal man for so many years, most of these things are not impulsive several times a year.

He used to think that his personality was cold, because no matter how the women seduced him, there was no impulse.

But after meeting Shen Xiaobei, she knew that she was a normal man.

It's just that she's too young.

Besides, he is not suitable now.

Shen Xiaobei did not know what to do when he was not directly attacked by such a sentence. Now he is wringing his eyebrows. In terms of debate ability, he is not his opponent at all.

But... Shen Jin has never seen this kind of educational film.

"You cheat, then you bring so many women back..."

"Who said that men need to see these learning, has always been self-taught."

"... you're not ashamed of playing with women, and you feel honored!"

"Who said I played with women?"

"I've watched you bring back several of them with my own eyes. Didn't Ye Xing run out of your room last time? You're living in a room with her alone, and you're not doing anything

"Now I'm in the same room with you, and I've moved you?"

"You are..."

What does that mean, he's saying, he didn't touch those women?

Shen Kan took the computer and directly deleted the things on it. "If you dare to see it again in the future, how can I teach you a lesson?"

Lesson?

After that, how many inappropriate pictures in her mind must have been poisoned.

"I won't watch it any more..."

Shen Xiaobei wanted to beat himself.

.....

Ann is doing her homework in the dormitory. Suddenly her computer screen is black. She is so scared that she goes to the repair department with her computer in her arms.

The man who repaired the computer looked at it for her, "little girl, your computer has been hacked"

"What! Hacked? Do I still have my homework? "

Ann took the computer, looked at his homework, relieved, fortunately, just wrote an hour of homework still exist.

However, she saw an empty folder.

—Ghost movies.

Click there to see, there is nothing.

This is what she managed to save after mixing up various forums. Now there is no film left.

She can't ask the uncle who repairs the computer to help her recover such a movie. She can only hang her head and recognize it.

Back in the bedroom, An'an complained to Shen Xiaobei with her mobile phone, "you have to keep the film that I gave you yesterday. That's my last stock. My computer is hacked, and I can't watch educational films any more... Even the forum has been banned. Ah... Beibe, you can send me another film yesterday. I want to see it when I'm bored!"

"... deleted by my brother."

"What! This is the treasure of my life

"Your computer has been hacked. This is God's punishment for you. ANN, it's wrong to see this. It will affect your physical and mental health."

"Who said, do it yourself, get enough food and clothing... Pooh Pooh Pooh, I mean, after you marry someone, you can sleep and dress your husband!"

"....."

At noon, Su Xiaowan received a take out, which was brought by Maiguo.

Maiguo is the most famous restaurant in Jiangcheng. It's said that it's hard to get a meal there. If you want to spend there, it's not just money.

Under Su Qiqi's gaze, she opened the package.

A portion of broad beans.

She remembered that she told Feng Yan that she would eat all the time when she went home.

Unexpectedly, he ordered it for her.

Su Qiqi looked at the broad bean, "what? Are we hungry for you? How about some takeout

Su Xiaowan takes a look at Su Qiqi's clamour, and Su Zheng's chopsticks are thrown.

"If you eat, you can eat. Is there any rule?"

Su Qiqi looks at Su Xiaowan angrily. At last, he can only pick up rice.

Su Xiaowan ate fava beans one by one. She knew that all the three people in Su's family didn't like them, so she ate them all happily.

It's delicious.

Sure enough, Feng Yan understood her.

After dinner, Su Xiaowan went upstairs. Su Zheng was already in his study. Before he took a few steps, he watched Su Zheng run out of the room in a hurry.

"Dad, what's the matter with you?"

Chapter 445

Looking at Su Xiaowan, Su Zheng's heart dropped, "nothing, there is a mouse in the room."

"A mouse scared dad like this. I thought dad was doing something shameful."

Su Zheng looked at her and looked at her carefully. In fact, Su Xiaowan didn't look like them at all. If he looked closely, he would be an outsider.

Just, that eye Mou son, very resemble South Yin.

Plus this temperament, probably because I was raised by the old woman from childhood, so it is more or less like the old woman.

Nan Yin's temper is very similar to that old woman.

But, one because of the protection is too good, so simple and kind, easy to cheat on the hand, there is another, it is early to adapt to the living environment, so it becomes difficult for him to see through.

In fact, he really didn't want to mention Nan Yin. He raised his son for others and told him that he was not born.

It's a man who can't stand being green. Even if he is the first one to cheat, he has already put all the punishment on the dead woman.

But he thought about it and couldn't find any evidence that Nan Yin was with a man

She is a charming woman, which is undeniable. I don't know how many men bow down under her pomegranate skirt, but Nan Yin is old-fashioned and conservative. When he caught up with her, he felt like he was hit by pie falling from the sky.

But after a long time, Su Zheng felt that she was not a virgin. Before she was with her, there was a man.

Just, that man... Nan Yin never mentioned, even a sentence.

Su Zheng didn't want to live or die for love. He came out from a small place. His only purpose was to glorify his ancestors, which her mother taught him every day.

Say don't mind is false, but for the sake of South Yin have of thing, he can only endure.

But did not think, because of such negligence, and ignore the South Yin to steal men outside... Even left such a bastard.

He went to question the old woman, but

He was about to say something when a woman took him by the wrist.

Shen Yin hears the news and runs up from the downstairs. She looks at Su Zheng and Su Xiaowan. She

runs up to her and says, "ah Zheng, what's the matter?"

Because Su Xiaowan was there, Su Zheng didn't say anything, "what you did, you don't know! Let's get the study cleaned up. "

Shen Yin is in a daze. What has she done?

But at the moment, in order to avoid Su Xiaowan watching a good play, he sent someone to sweep it.

Su Xiaowan takes a look at Su Zheng's guilty attitude. Sooner or later, she will let him show the fox's tail.

This is just the first step.

From now on, it's still growing.

However, the next day Su Xiaowan stayed at Su's house, she found something wrong with Shen Yin and Su Qiqi. She went out early and came back late, as if she was plotting something. Every time she went downstairs, they stopped talking.

She came to Aunt Lin, who was very kind to her. Because she was taken care of by her mother, she always stood beside her.

"It's said that the second lady is ready to enter the performing arts circle."

In aunt Lin's heart, she is the first lady. Shen Yin's daughter can only be the second lady.

"Show business?"

"Yes, my wife's younger brother started an entertainment company. It's said that it's quite famous. There's a posthumous girl named Wu Jing. After graduation, these two young ladies have nothing to do at home. Before that, such a thing happened again. My husband has no face. So I want to find a job for her and keep her busy. I've heard that she's going to make a debut in a few days, I also overheard my wife talking about it yesterday. They may worry about me, and many things will not be said in front of me. "

No wonder Su Qiqi came back so late yesterday. They had this idea.

Go in the show business, change the stage name?

Indeed, Su Qiqi's comments on the style of life are extremely poor among those ladies.

However, when did Shen Yin's relative become the boss of an entertainment company?

Su Xiaowan met several people in his family, but most of them don't remember.

"Auntie Lin, I know that's enough."

Aunt Lin went to the door, suddenly thought of something, "Miss, a while ago, that gentleman went out a long way, came back in a trance, also saw the doctor many times, took a lot of medicine! I don't know what's going on today. I picked up several photos of the old lady from my husband's study. Besides, I heard her talk about the deed of land a few days ago, and I don't know what kind of moth she is prepared to deal with you. "

It seems that Shen Yin told Su Zheng about the title deed

"They want my grandmother's title deed. The current form of the Su family is an empty shell. Su is trying to find ways to make up for their big hole."

"What! What they have originally belongs to you, but they occupy it. They have been scheming behind your back, and they want something that doesn't belong to them. Miss, you shouldn't stay here. They can't point out how they will force you to give in! "

"Aunt Lin, don't worry. Now they don't have my handle, and I won't obey them. I can't give them my grandmother's things." Su Xiaowan said, his eyes a little cold, "aunt Lin, I see Chenchen, Chenchen is very good."

"Is the young master OK?" Aunt Lin was surprised.

"Well."

Aunt Lin breathed a sigh of relief, "that's good. At the beginning, the young master... I was really worried about an accident. If he was ok, his wife should be at ease. If the young lady hadn't done it for... Now she would have married a good family."

Aunt Lin said and wiped her tears.

Su Xiaowan had a hard life. She was sent away by her parents when she was young. Unexpectedly, she was also used by her father to marry one... Now it's still like this.

Su Xiaowan's innocence has been erased by all those people.

"Aunt Lin, Feng Yan is a good man. If I don't marry him, I will marry others to get benefits. In fact, I'm very good now. If Su Zheng asks me to marry again, Feng won't allow me to. Besides, the more fierce the online scene is, the better it is. If I lack value, he won't do anything to me."

After all, she is Feng Yan's wife.

Su Xiaowan didn't tell Aunt Lin about her plan. It's also for Aunt Lin's good.

Know too much, in this cannibal place, it is inevitable that one day will cause trouble, now she doesn't talk to Aunt Lin much downstairs, just to let aunt Lin get rid of the suspicion.

"That's too bullying. If you meet good people in the future, won't you be alone in your life?"

Aunt Lin knew that she was the one who sealed the house. When she sent Su Xiaowan in, she was very worried, but as a servant, she was so quiet that she couldn't move her master.

Shen Yin seems to know her purpose and support her.

Su Xiaowan was sent to Feng's home. She didn't come back until a month later, but the fact has become a foregone conclusion, which she can change at will.

She drags people to ask for help, and several times she wants to go to Su Xiaowan to buy vegetables, but she can't get into Feng's house.

However, she once called Su Xiaowan.

Knowing that Su Xiaowan is well, he is relieved.

Moreover, when she came back from her last trip, she saw Su Xiaowan protected by the young master... She thought that the young lady had found a good family to protect her, but she didn't know that she would suddenly encounter such a thing.

"Aunt Lin, I don't want to get married! I don't want to think about it now that grandma's body is still cold. " Su Xiaowan sat down and looked at herself in the mirror. "Aunt Lin, do you think I'm much better looking than Su Qiqi?"

"The young lady looks fresh and refined. How can the second young lady compare with you? Besides, the young lady plays the piano so well. I've seen it on TV!"

No, she almost forgot.

Late at night.

Su Zheng had a nightmare. He had a dream that the old woman would come back and ask for her life.

He got up, got out of bed, poured a glass of water and drank it in a hurry, which calmed his inner fear. Since he came back from Fengzhen, he always had nightmares. Today, when he saw the photo in the study, he didn't know when he brought it back, but looking at the person above, she was still scared to death.

The night is long, but Su Zheng can't sleep. Looking at the woman who is very familiar with sleeping on

the bed, he climbs to the bed and tears Shen Yin's pajamas.

Although they are old husbands and wives, Su Yuanyuan is not ascetic either. Shen Yin is soon awakened by him. Looking at Su Zheng's appearance, although he has doubts, he has already become a pool of water.

In about twenty minutes.

Shen Yin's face is red and ears are red on Su Zheng's body. Today, he is like a teenager in his twenties. He is so impatient that he has made a lot of marks on her.

"What's the matter with you today? Is there something wrong with the company? "

Su Zheng was mentioned by her and thought of the old woman's face. She turned over and pressed her on her body.

Now, it seems that only through this pleasure, let yourself forget.

.....

Su Xiaowan is lying on the bed with her two little feet tilted. Up to now, Su Xiaowan is extremely obedient. Even Su Qiqi has no way to take her. No matter what she says or quarrels with her, she is indifferent. In the end, she turns into lifting a stone to hit her feet.

I took out my cell phone and made a heart to heart call.

It didn't take long for the phone to get through.

"Feng Yan --!"

The sweet voice relieved Feng Yan's headache at the moment.

"So late and still up?" Su Xiaowan has been away from himself for more than a day. He feels that something is wrong everywhere, and sometimes he even has hallucinations.

At the moment, the man standing in front of the window, overlooking the city, villa is too cold, so he moved here.

Every inch of land and money, but also because there is no her, and the lack of vitality.

When I have nothing to do, I feel that something is wrong with me.

He's been waiting for her call all day, until now.

"Didn't you sleep, too? What are you up to? Are you working hard again? "

Chapter 446

"I'm thinking of you."

Ordinary words, but like a hammer hit her heart.

Su Xiaowan's heart is like honey. Feng Yan seldom thinks of her or reads her like this.

Girls like to listen to good things, so does Su Xiaowan.

She took her lips and chuckled, "now it seems that the distance they said will produce beauty. It's true. I've only been away for a day, and you'll coax me with nice words!"

"It's 35 hours and a minute." He corrected seriously.

Smelling speech, Su Xiaowan chuckled, "are you so detailed? But it's not that long. You came to see me last night! What's more, when you went to work and went on business, it was much longer than this. I didn't say anything

"So, I regret it now. I should have tied you to me before."

"I don't feel that you regret it. I remember that you still had a cold war with me at that time!

I can remember all these things. Don't think that if you say a few nice words, I'll forget all of them. Women are vengeful. I can remember all these things for a lifetime. I can't tell which day I will pull them out to wake you up and see how you used to abuse me. "

Feng Yan sniffed at the words and drew his lips.

Before he himself... Really? There's no exaggeration.

"Then how can I forget?"

Feng Yan holds his mobile phone, and Su Xiaowan can imagine his present expression.

"You... You beg me." Su Xiaowan's cunning eyes flashed, and her two little feet were high.

"Please." There is no hesitation in those two words.

Su Xiaowan didn't nearly vomit blood in anger. Straight man just boasted that he would say something nice. Before he said it twice, he immediately showed his true form.

"That's what you ask for? You are not asking for help. You are clearly threatening me!" Su Xiaowan complains.

"I didn't ask anyone." Feng Yan spoke honestly.

Su Xiaowan thought about it and was right.

In his status, there is no need to ask others, but a large number of people will ask him.

However, Feng Yan's willingness to bow his head and say this sentence is valuable.

After all, many men disdain to bow to women.

"Then you... Try to be coquettish with me, and I'll forget."

"I will not."

It's a proud look.

"Forget it. If you are coquettish, I will have nightmares at night. Forget it..."

Su Xiaowan just thought about the picture, and felt very greasy.

Su Xiaowan is holding a mobile phone. She is lying on the bed. It may be a quiet night, so she reveals a lot of clarity.

"Let's watch TV. I want to see you. After watching you, I think I can forget half of you."

The head quickly opens the video, but Su Xiaowan sees a strange environment, not an ancient castle.

Because the grass and the soil know, "you're not at home? Still out so late? I don't care about you, you are so lawless, dare not return all night! Like those scum boys? "

"In the new home."

"New home?" Su Xiaowan knows that Feng Yan has a lot of real estate, but she and Feng Yan have always lived in the ancient castle. This place looks very warm. She always feels that it doesn't match Feng Yan.

What did Su Xiaowan think of, "... You... You're not going to be a Jinwu cangjiao, are you? I've only been away for 35 hours, Feng Yan! You make it clear to me. "

"Well, I'm going to hide you."

"... hide me?"

"Can't you see people?"

Su Xiaowan was stunned for a moment, and then thought, it's true... If she is going to visit the ancient castle now, if she is seen, she may destroy her plan.

But soon, Su Xiaowan's eyes focused on seeing the man's face.

Through that screen, though small.

But I can still see Feng Yan's face. There is no human skin mask on his face. He looks very handsome, but the wound on his forehead is not good. Now although he doesn't stick the band aid, it still looks serious. He can see blood red across the screen.

"Who hit you on the forehead? Did you go to see the doctor for detoxification? Why not? I look like there is blood from this angle..." Su Xiaowan said a lot.

She was worried about him.

Smell speech, Feng Yan mouth slightly Yang, "I a big man can't stand even this point, that don't deserve to be your man."

"What's the connection between your injury and your being my man? Who is so cruel? It's all over your head. "

"My dad."

The old man?

"Why did he hit you? Is it because of the news report that day? Did you explain it to him? " Su Xiaowan easily contacted the news of that day.

After the news report that day, she thought that... But she didn't expect that the old lady would also surf the Internet. Even if they didn't surf the Internet, other people's words would be broken, and they couldn't be unaware of it.

Although there is a strong family background, several members of the family are still very conservative and affectionate. The old lady must be the first one to bear the drama of divorce and abandonment.

See how angry they are when they beat him like this.

This is a fight to death!

This is my son!

"No

"Why don't you explain to him and let him beat you? Feng Yan, are you stupid? "

"You're not here these days. I'm really out of my mind."

Su Xiaowan pursed her lips, "... Did you tell him later?"

"There's no need. He's beaten all the time. Can I call back when I know the truth?"

I can't do that. If he dares to beat the old man, the old lady will not fight with him.

"... next time, I'll go and explain to him. I'm sorry that my affair has estranged you father and son."

"You're sorry. How are you going to make it up to me? I was nearly smashed in the head because of you."
"

Su Xiaowan pursed her lips. "I'll kiss you in a few days."

"A bite?"

"If one kiss can't solve it, then two?"

"Deal."

Su Xiaowan looked at the man at that end and felt guilty. She also saw the negative news on the Internet. Many of them said that he was not good and there were problems in that aspect.

"Feng Yan, because of me, you have suffered a lot of grievances. I thank you for your understanding, but I feel sorry for you. There should be no wife who treats her husband like me! You like me, aren't you tired? "

"Su Xiaowan, I don't feel tired. I just hope you are happy."

"But..."

"Su Xiaowan, don't worry. Take your time. I can wait."

When she becomes what she wants, their life will be long. In the future, he will protect her.

Tagore said, if you love him, let your love surround her like sunshine, and give her freedom.

"How can I hear something wronged when you say that?"

"Come to me on Saturday, and I want you to coax me with two kisses."

"Good."

Su Xiaowan smile, suddenly thought of something, "Feng Yan, there is something I want to ask you."

"You said

"I want to sign up for Mrs. Yu's company. Mrs. Yu has called me several times, and it's not a matter for me to procrastinate all the time... In fact, I thought about doing one thing all the time, but I couldn't devote myself to it because I wanted to live before. I'm not smart and talented, but I want to try hard.

But to tell you the truth, I'm a little nervous, Feng Yan. I'm afraid I can't do it well, and I don't know if my choice is right, so I want to hear your opinion. "

"Whatever you want to do, let it go. If there is a mess, I'll clean it up for you. Never be afraid of the unknown. If you don't try, how can you know the result is not good? Anyway, remember, there's always me behind you, and I believe you, you're the best. "

He will protect the woman he granted even if she breaks the sky.

Su Xiaowan's warm heart and Feng Yan's support gave her a lot of strength.

She felt that they were like ordinary couples. When they met with something, they would communicate with each other, discuss problems and solve problems together.

"Yes, the road is my own choice, I can't be afraid, can't let the things that didn't happen bother me, I will try to become better, become your most perfect wife." Su Xiaowan was relieved.

Feng Yan is right. Don't let the fear of the unknown hinder the pace of progress. To live in one's life is to constantly find and solve problems.

"I didn't have to be so scared just now, knowing you're so talkative now."

"Afraid?"

"Don't you know that you have the dignity of an old father? Every time you frown, I'm scared to death. I've just figured out that you'll say what you agree to, so as to prepare to persuade you. "

"I look so fierce?"

"... no, it's not fierce. Young master Feng is the kindest and the best to me." Su Xiaowan flattered, and

the two talked for a while.

"Feng Yan, every time I watch them eat and sleep, I feel very angry. Why are they so cold-blooded? He's my father. Would I be so cold-blooded? Sometimes I feel afraid... "

"Su Xiaowan, you are different from them. In my heart, you are sunflower..."

She didn't know when she fell asleep.

Feng Yan listened to the sound of breathing and shook his head.

He finally wanted to say something nice, but the little girl fell asleep.

"Good night, Su Xiaowan."

Feng Yan hung up, he stood at the window, this night, also still sleepless.

He didn't know if he was tormenting himself with such a decision.

But he's still used to it.

After thinking about it, I made a phone call to that end.

Yu Meng didn't expect that Feng Yan would call. When she showed her identity, she almost suspected that Feng Yan was fake.

But when he explained his intention, Yu Meng didn't hang up directly.

"Master Feng, it's hard for me. Lin Zhenzhen is not the agent of our company. Besides, Lin Zhenzhen works in the film and television industry... It's different from us. If you are worried that Xiaowan will be bullied, you can rest assured that I will send our best agent to take charge of her. Although I don't have many resources, I will definitely select them carefully and give them the best. My mother is very optimistic about her and wants to cultivate her well.... "

"You don't have to worry about people. Use Lin Zhenzhen to make her famous, but... I don't want her to know about this."

"... why?" After doing such a good thing, why don't you tell me?

Is this young master going to do a good deed?

"She broke up with me. I just want to be in the past. She is stubborn. You know, I arranged it. Maybe, so I won't sign a contract with you."

Old lady Yu is very optimistic about Su Xiaowan. Otherwise, she would not have to contact him so many times. They think she is a talent.

If you miss this opportunity

But... Break up?

When she saw Su Xiaowan the other day, she talked about the man with a smile on her lips.

That is clearly the joy of happiness.

How come it's only a few days since we split up?

"Master Feng, Xiaowan is a good girl. Have you made any mistake?"

"No

"... then how good... Break up? In fact, young master Feng, I want to remind you that Xiaowan is a good girl, and I don't think she is a girl who makes trouble out of nothing. However, girls sometimes say a few important words, which is not the most real feeling in their hearts. She may just want you to coax her. It's inevitable that people have friction when they get along with each other, but since they choose each other, they should give each other space, When appropriate, lower your head. "

Yu Meng is not a few years older than Feng Yanda, but she is now married, happily married, and has a three-year-old child.

Before she was with her husband, they also quarreled. When they quarreled fiercely, they also said that they would break up and not contact each other.

But in the end, still can not separate each other, this quarrel, there will always be a person to bow.

In this way, the feelings will not break up.

After getting married and having a baby, she and her husband never quarreled again, but the topic of each other was more and more put down on the baby.

Yu Meng's work is very busy, and she has to take care of her mother, so her father is basically taking care of the children.

But she is not unfamiliar with children.

Last time she met Su Xiaowan, she thought the girl was beautiful and lovely, and she had a good temper.

He's a very easy person to get along with.

However, it is said that young master Feng has a bad temper

She met Feng Yan once before, when she was very young.

But at that time, Feng Yan was a cute little boy.

Now... She can't hear a lot of rumors.

He said that there is a problem in that aspect. In fact, if there is a problem in that aspect, it also makes sense. After all, platonic love can't be persisted by a few women.

But Xiaowan... Doesn't look like that kind of person.

If others may not be able to stand such feelings, but she should not

"That... Master Feng, there are many ways to treat that problem now. In fact, you can try it. I don't want to be separated from Xiaowan. Although I'm an outsider and shouldn't interrupt, I know Xiaowan's character. She's sure..."

Feng Yan, holding his cell phone, stood there with a frozen expression

Chapter 447

Su Xiaowan got up very early in the morning. When she finished her work and went downstairs, Su Qiqi had just come back.

All of a sudden.

Su Xiaowan doesn't want to pay attention to her, but Su Qiqi stops her directly.

Looking at Su Xiaowan wearing a pink dress, also dressed in colorful, still in such a hurry to go out, I can't help laughing.

"You look so beautiful, you think you're a sweet cake? Ready to seduce a man? Will the abandoned woman wait for the second spring

"What do you have to do with what I look like and whether I can find the second spring? Get out of the way Su Xiaowan's appointment with Yu Meng is at nine o'clock.

She also went to the company for the first time, thinking of going early.

"... now that you've disgraced our family, you're still trying to be reasonable. I just care about you. Who knows if you're going to make trouble for us one day?"

Su Xiaowan looked at Su Qiqi and stepped forward. "How can I remember that our family has no face for a long time? It seems to be because of you. Don't you remember? "

"You..." referring to those past events, Su Qiqi was extremely angry. The reason why she was put in prison and endured those months was not because of her. If Feng Yan hadn't supported her, her things would be much better than her

"Su Xiaowan, now you are eating and using what you have at home, and you still dislike it..."

At the end of the speech, Su Xiaowan directly bumped away Su Qiqi, who was talking endlessly.

She really doesn't have time to talk to her.

Behind him was su Qiqi's abusive voice.

This morning, Suzheng went to the company long ago, but Shen Yin, listening to the movement, came down from the upstairs. She seldom got up late. Her elegant face was painted with delicate makeup. Last night, she was covered by her foundation liquid by the impression of Su Zheng.

"What's the matter? It's early in the morning

"Mom, what else can it be? It's not su Xiaowan! I said to her, she even pushed me, ate our family's, used our family's, and even dared to yell at me. " Su Qiqi put the towel on her neck down on the ground and stepped on her feet to vent her anger.

"Well, your father is upset because of the old woman's affairs at this time. You should make less trouble. Now that the wind is so tight outside, even if your father wants to drive people out, it's impossible. At this time, you should be patient and wait until the right time to drive her out." Shen Yin picked up the towel, "today I'm going to your uncle's company. You'll put on some make-up later. Be smart and don't talk about it. When I go, I'll call someone. Your uncle doesn't like people who are late. Now we have to ask him. You have to be sweet."

Su Qiqi nodded. Today, she's going to sign a contract. She's known all the things over there these days.

Although my uncle's film and television company is not very big, its resources are strong enough.

That's her uncle, so she won't help outsiders.

She happily went upstairs to make up, and when she signed the contract and listened to her mother's words, she was ready to play a play first. Then, she would take advantage of the situation.

The works that can hold hands again will naturally be better than those who are now airborne.

The Su family didn't buy a car for Su Xiaowan, so she took a taxi to Yu Meng's company.

Yu Meng's head office is out of town. This is her office.

Su Xiaowan followed the front desk staff to Yu Meng's office.

"Sister Yu, Miss Su is here."

"Xiaowan, come in."

Su Xiaowan pushed the door in. The office was not big, but it was warm. As soon as she entered, she smelled a faint fragrance, which was sent out by several pots of orchids on the flower rack.

"Wow, it smells good."

"It's just playing with nothing to do."

"Why, I heard that orchids are very particular."

"If you like, I can teach you."

"Well, I wanted to decorate Feng Yan's home..."

Su Xiaowan said half way, immediately shut up, "I forgot, I broke up with Feng Yan."

"Are you... Really divided?" Yu Meng thinks about what Feng Yan took care of when he called yesterday, and what Su Xiaowan suddenly blurted out.

With a little doubt.

Su Xiaowan also knows that cheating is not good, but... Feng Yan didn't even tell his parents about it. Let's wait until the time is right to tell others.

"It's divided."

Yu Meng looks at Su Xiaowan who is wearing this lady style, and feels that she seems to have changed.

But I can't tell what's changed. This topic is a bit awkward. Yu Meng originally wanted to talk to her, but she thinks it's a private matter, so don't give directions casually.

Everything goes with fate.

"Xiaowan, sit down and let's talk about the contract."

Yu Meng told Su Xiaowan about the signing process.

She took out a contract. Su Xiaowan believed Yu Meng, so she just looked at a few terms... It said her agent.

Lin Zhenzhen!

Isn't that the famous t-entertainer?

She has cultivated several posthumous, movie queen and movie king's

After her hands to build, no one is not shining.

But she's... A movie star.

"Is this Lin Zhenzhen? It's not the one I thought, is it? "

"It's a famous agent, Lin Zhenzhen."

"... but it's not... I'm not playing the piano... And... How can I remember that Lin Zhenzhen seems to be a t-entertainer, how..."

Yu Meng looked at her without blinking an eye. "Of course, we dug it up. Before being an agent, Lin Zhenzhen was a famous pianist who won several international awards."

When she doesn't finish, Yu Meng always feels like she's cheating a teenage girl.

Yesterday, Feng Yan called and suddenly said something about Lin Zhenzhen.

Yu Meng went to check.

Lin Zhenzhen had been studying abroad before, and began to learn piano at the age of six. As for piano, he started from childhood, but he suddenly quit the piano industry for no reason.

She is still young, but she soon joined the film and television industry.

At a young age, he developed several post visual and post movie talents.

You can imagine the ability.

Su Xiaowan can learn a lot from her.

Su Xiaowan look slightly surprised, "in order to me with the film agent dig over"? Sister Yu, did Feng Yan call you? "

"Xiaowan, you have a good potential. Originally, you won the first place this time. You have such preferential treatment. My mother is old, and she hasn't been in good health these years. So if you want to teach you in person, you still can't do it. Moreover, it has nothing to do with master Feng, but Lin Zhen has a bad temper. It depends on your own ability to let her approve you, I'll take you to her later. "

Su Xiaowan hesitates, and Yu Meng seems to be aware of her hesitation.

"Don't you believe me?"

"I believe... But... I'm a little afraid. I heard that she has a bad temper. I don't know if she will be difficult to get along with."

"Don't be afraid. She can't eat you. Don't worry about me! Besides, there are two of us

Yu Meng is also the first time to deal with her, I do not know what kind of person the other side is.

There are many inexplicable rumors about her, but most of them are not confirmed by the parties.

It is not known whether it is true or false.

The appointment time with Lin Zhenzhen is two o'clock in the afternoon. When Su Xiaowan goes with Yu Meng, she looks nervous. "Sister Yu, are you afraid of her?"

"A little bit."

"Don't be afraid. We'll bully her if we want to."

Yu Meng almost laughed and cried because of her serious words.

Lin Zhenzhen lives in Hongjing apartment, a newly developed area in Jiangcheng, not far from Yu Meng's company.

When he knocked on the door, Su Xiaowan looked at the person who opened the door and was stunned.

This cute girl is not the same as the terrible female tiger.

It's so cute. It looks fresh and delicious. It's a sweetheart. I can't help kissing her.

This type, should be Feng Yan such a man, most like it.

But how could she be said like this outside! Sure enough, rumors can harm people!

She is wearing a sportswear, with two horsetails and a big eye box. She looks really cute, but it's not that

kind of meaty.

I'm in good shape.

It can be said that it's the type that otaku likes, and it's no problem to make his own debut.

It's the first time that Yu Meng meets Lin Zhenzhen. When she meets Lin Zhenzhen, all her original momentum is gone.

Who in front of a soft cute girl to take out the momentum ah, just want to take care of her in the arms.

Su Xiaowan noticed that Yu Meng's tone of voice had changed.

Everyone is like this, no resistance.

Lin Zhenzhen looks at the girl standing next to Yu Meng.

She is wearing a lady's skirt, and she is also dressed up as a lady. She is thin, but she is not short. She looks medium. After all, she has seen many beautiful women, and she is also a woman of film and television level. Under her high requirements, Su Xiaowan naturally has no chance of winning.

Just an ordinary person.

"Sister Yu, you're coming too, for fear that I'll bully her?"

"Of course not."

"Then you wait at the door. You come in with me."

Su Xiaowan took a look at Yu Meng at the other end and saw that she nodded to herself. Then she walked in with her.

I can touch it.

The door was shut.

"Why do you want to be my artist? Your qualifications are very ordinary. People like you are catching a lot of people on the street. "

To get to the point, she didn't have any unconventional words. It's simple and clear, but it's exactly the same as what the outside world said about her temper.

When Su Xiaowan was asked this question, his brain suddenly went blank.

In this case, I asked myself before I came here, but when I was facing Lin Zhenzhen, my brain was short circuited.

"I know I'm very ordinary. In the eyes of many people, I'm just a small stone in the river. But some people have always believed that this stone is only a pearl temporarily covered with dust, and it's a jade worthy of being inlaid with real gold.

I don't know if I will be what he expected, but for his sake, I can't be. Even if I feel cramped, I will be the jade. "

Chapter 448

Su Xiaowan actually doesn't know what she said. When Yu Meng drove back, she was still surprised to find out if it was true. She even took a word to persuade Lin Zhenzhen?

However, Lin Zhenzhen just gave her a chance.

She has a script in her hand and is looking for an actress. Her condition is that if she can succeed in the interview, she will act as an agent for her.

After su Xiaowan and Yu Meng parted, they didn't return to Su's home. Instead, they called Feng Yan.

The phone was answered at once.

She suspected that Feng Yan didn't work well, but was playing with his mobile phone.

"Why are you so prompt to answer the phone? You're not playing with your cell phone at work, are you? "

"Have you met Yu Meng?"

"Yes, you know? Feng Yan, she even dug up Lin Zhenzhen to be my agent. I just met Lin Zhenzhen. She's super cute, soft and easy to beat. Besides, she's your favorite type! "

Feng Yan, "..."

How does it sound like choosing a wife for yourself? But she sounds happy.

It seems that Lin Zhen made the right choice.

"Feng Yan, but Lin Zhenzhen has a cold face and looks unhappy. It's more terrible than you... However, after thinking about it, I can even conquer you. Lin Zhenzhen is sure that she can. I want her to bow down to me."

Said happily, Su Xiaowan some forgetful, come back to God, she listened to that end Fengyan did not

speak, is it difficult to say that his words are not right?

But after thinking about it, I didn't find anything wrong, "when will you go home and I'll cook for you today?"

"Right away."

"... you're not going to work?"

"Fengyi will deal with the rest. Where are you? I'll pick you up. "

"But now I plan to go to the vegetable market to buy some vegetables. The vegetables there are fresher than those in the supermarket, and the price is not expensive."

"I'll go with you."

What else did Su Xiaowan want to say? As a result, he hung up on the other end.

She was depressed.

She didn't even say where she was! Where is he going to pick it up?

In the meeting room, several shareholders were stunned for a long time and didn't respond. When did the president become so gentle, and... When did the president fall in love?

Not just

Is it difficult to kick people out when there are people outside?

Seems that's the only reason that makes sense?

Doesn't it mean that he loves the young woman very much?

How nice... But as a man, everyone seems to know something.

At home, which can compare with the outside, it must be that the outside women are too powerful, so the president was captured by her and kicked the original match.

"Take care of the rest. I have something to do. I'll go back first."

Fengyi was sitting there. He didn't expect that the young master was cheating.

He sat in, so he heard the woman's voice all of a sudden.

That woman is more coquettish than the young woman, and she is going to the vegetable market to buy vegetables?

These are all things that young grannies can't do.

It turned out to be a man of means.

No wonder I've been out of my mind these days when I bought an apartment. It turns out to be... Shameless.

This little grandmother is too poor

Sure enough, men don't have a good thing.

"Feng tezhu, what's the matter?"

Feng Yi looked at the door and despised, "what else can it be? Men and women love each other!"

"... but the president didn't break up with her a few days ago. It's just a few days..."

A shareholder looked at the man around him and said, "don't you understand? Men, for sure, will not let themselves empty window period, such as young master, even if they are not good-looking, many women will kneel down under his trousers, young master's IQ is high, coax girls happy, it depends on whether he is willing to do it or not. "

"I see. I'm going to meet the new landlady soon."

"....."

The more Feng Yi listened, the more angry he became. He decided to tell Su Xiaowan later.

Young master cheat, Su Xiaowan also clean body out of the house, why!

However, this thing pays attention to evidence, and no one can talk nonsense.

Fengyi hastily supported the meeting. When he went out, there was no one else.

However, he can go to the apartment and wait.

After all, with so many markets, he didn't know where to look.

The apartment was the place he was looking for. Although it was all under Feng Yan's banner, he felt uncomfortable at the thought that he had helped the young master Jinwucangjiao.

Su Xiaowan used to treat him very well.

So, she can't be a white eyed wolf.

.....

Su Xiaowan didn't expect that a luxury car would appear in front of her in less than ten minutes.

You can imagine who owns the luxury car.

People around looked at the luxury car and couldn't help saying, "Wow, this car has only been seen in the magazine! It seems very expensive. I have forgotten how many zeros there are! "

"There must be a rich and handsome man inside!"

"I really want to see who is in it, isn't it a handsome guy?"

Su Xiaowan stood there, she thought, when Feng Yan came out, they must be another face, but the next second, she looked at the people coming out of the car.

I rely on... She didn't stay at home for a few days. Now she's all dressed up. She doesn't even wear the human skin mask. She's more and more arrogant.

He is tall, like a walking hormone.

As soon as she appeared, all the women wanted to pounce on him, which was totally different from before. Besides, she was still standing here!

Can't they see it?

They really can't see, only the man and the car at that end.

Superficial.

She took a look at Feng Yan, angrily did not wait for him to open the door, directly sat in the co driver's seat, declared sovereignty.

Feng Yan walked to the middle and looked at her sitting in the car, smiling.

When sitting in, Feng Yan was stunned.

Su Xiaowan is wearing a long pink dress. Her long hair is naturally attached to her shoulder, especially the one close to her side. She has a bright pink star hairpin. She draws a light makeup. In short, she looks like a good wife and mother.

She seldom wears such clothes. Su Xiaowan usually wears simple and light clothes. This is the first time to see her wear

"Your eyes are going to stare out. I know I'm good-looking. You can't look like you want to hang your eyes on me. It looks like you're very obscene. Besides, the car behind you has honked several times. It's estimated that the driver will knock on your window in a few minutes."

But the man was staring at her, he did not move, just sitting, "so long no see, you just send me?"

"It's been a long time... We just watched it last night."

"That's different. You can't touch it or kiss it."

Can't touch, can't kiss?

Thanks to him.

"Didn't you touch and kiss the day before yesterday?"

All of a sudden, he leaned over and put the lip flap on her lips. "It's not enough."

Su Xiaowan looks at the handsome face of the man in front of her. For her, Feng Yan has no resistance to do anything.

So his lips came down again.

Feng Yan's lips are peppermint. When she sticks them on her lips, Su Xiaowan grabs her bag nervously.

It's just that the driver behind him doesn't know how many times he honked his horn. Maybe he'll knock on their windows later.

It's like an affair.

But the man's strong kiss did not give her the slightest space to think.

It took about a few minutes for the man next to her to release her and say, "appetizer."

"You... You can play hooligans now. Who do you learn from?"

"Do you like it?"

Su Xiaowan's face turned red. Why don't you like him? He is the man she likes, and now he wants to kiss him.

Just looking at the burly man in the rearview mirror, she pushed him away.

"Let's hurry to the vegetable market. Otherwise, if we go late, there will be no fresh fruits and vegetables. It's rare that I want to cook for you. There are not many opportunities. You should cherish them."

Before the words were heard, the man next to him stepped on the gas and sped away.

To the vegetable market.

Su Xiaowan looked at the man sitting there, unfastened his seat belt, "you wait for me in the car, I'll come."

"I'll go with you."

"... ah? However, that place is different from the supermarket. It will be a bit dirty. Are you sure you want to go with me?" The suit he was wearing was stiff and out of place.

"Sure."

"But we... Don't know if they recognize me. If I'm seen by others, we don't know if it's time to say that I'm a whore..."

Then she put a mask on her ear.

"How do you... Have such a thing?"

"I bought it for you on a foggy day, but I forgot to put it in the car."

It turns out that... She told him at work a few days ago that the haze was very severe and choking.

Unexpectedly, she even prepared a mask for herself.

She leaned over and gave him a kiss. She was deeply moved. "Feng Yan, let's go. There will be nothing new then."

Su Xiaowan quickly purchases what she wants to buy. In Su's house these days, she has read a lot of recipes and wants to cook for Feng Yan.

When I came out, I was carrying big and small bags of vegetables.

Su Xiaowan still thinks it's good to be handsome.

Just like those aunts, when they were looking at Feng Yan, they had to ask her to take more.

With Feng Yan's beauty, they came back with a full load.

"Feng Yan, do I let you sell your beauty? Is it a little shameful? Cheat the feelings of grandparents? "

Selling beauty?

"However, you can get so much food by selling your hue. If you go bankrupt in the future, you may be able to support me with this face! No, I can earn money in the future. Just sell me your hue -- " Su Xiaowan leaned over and put a stamp on his cheek.

Feng Yan listened to her, and then sat on the seat contentedly.

Is this... Teasing him?

Of course, he didn't want to be outdone. He pressed the back of his head and added all his thoughts to the kiss.

On the way back, Feng Yan put a song in his car.

It's a balloon.

"When are you so trendy?"

Chapter 449

"That day I saw you listening to this song in your notebook, thinking that you would like it, so I got out of the car."

Su Xiaowan's curved eyebrows and eyes are full of smile. The former Feng Yan, who lived in ancient times, never listened to songs, let alone such songs.

His life seems to have changed because of her appearance

It's like she's in his life.

"I like songs and I like people. Am I greedy?" Su Xiaowan looks at him. It's probably true that distance produces beauty.

Anyway, he never gets tired of this man.

"No

Su Xiaowan gave him a look and was very dissatisfied with his perfunctory attitude, "... Hey, I'm telling

you, Feng Yan, can you not be so calm!"

But the man suddenly reached out to hold her palm and put it on his chest. Su Xiaowan was stunned. Next second, he put it on his hot body.

Plop, plop.

The heart beats fast.

It's like the heart is going to jump out.

"Every time I'm with you, my heart beats faster. It's a feeling I've never felt before."

When her fingertips touched his fingers, Su Xiaowan felt that her heart beat faster. Bang bang, even she didn't know what was wrong with her.

Su Xiaowan's eyes toward the outside, suddenly floated to a few traffic police, she immediately broke her hand out of his palm, if the police uncle saw, it must be on the social news, "well, drive well, I'll touch you when I get home."

Voice did not fall, just feel that the speed of Feng Yan suddenly accelerated.

The car soon arrived at the apartment.

As soon as Fengyi was ready to take out his mobile phone to take photos, he watched the car brush and drove into the parking lot. Only residents could enter this place.

It is not guarded by security personnel, but through face recognition, the most advanced system.

Feng Yan's apartment is not a room, but the entire 50 floors are his own.

With his own password, no one else can get in.

It's also the strongest security system in the world.

Therefore, Fengyi could not enter without Fengyan's consent. Although it was just a glance, he was sure that there was definitely a woman in it.

Still a lady with long hair.

Unexpectedly, it was she who pushed the little grandmother away.

Feng Yi clenched his fist.

When they got home, they were burning with dry firewood. Su Xiaowan didn't respond, "wait a minute..."

Feng Yan's hand hugged her tightly, "did you forget something?"

"What?"

The man's haughty eyes fixed on her, shamelessly said, "two people kiss and coax me."

"... I kissed you in the car." Su Xiaowan retorted, "I even kissed you twice. I took the initiative."

It's true. She just kissed him twice.

The man suddenly leans down, and the hormone breath on the man almost envelops her.

The man's lips hold her lips, and her lips and tongue are intertwined. Su Xiaowan's brain is blank because of lack of oxygen.

His kiss, not much impatient, but slowly around her.

Perhaps women have no resistance to the provocation of their beloved men.

Su Xiaowan didn't know how long she had been waiting. Maybe her mouth was numb before she let him go.

"That's pro."

Su Xiaowan's eyes are shining like water, full of moist breath, "... You are not a pro, you are clearly tempting me to commit a crime!"

She took the initiative to pester him and kiss him.

Two people separated for a few days, each other for their own body, are missing.

Just, when Su Xiaowan looked at so many condoms in the drawer, he pushed him not to continue, "Feng Yan, when did you buy them?"

"Yesterday."

"... why buy so much?" This whole drawer has different styles, even different tastes

She can't face Feng Yan!

"I'm afraid it's not enough."

"... you should be careful of death."

"Concentrate on the bed!"

Two hours later.

Su Xiaowan just took a good bath and came out. Unexpectedly, there were still her clothes in this place. She chose a convenient dress, with a posture of fighting.

"Can I help you?"

"No, you're busy. It's easy for you to influence my performance here." Su Xiaowan directly pushed him out of the door.

The kitchen is not as big as the old castle, but it has everything.

Su Xiaowan fried a few dishes that he had never cooked before and took them out.

The man looked at the newly fried dishes on the table, and the corner of his mouth ticked. As a result, she handed over the chopsticks, "you try it quickly."

Looking forward to her eyes, "you don't have to taste it to know it tastes good."

Although he was in full bloom, Su Xiaowan pretended to be calm on the surface. "You didn't even eat it. How do you know it tastes good? Don't praise me. I can't tell you the standard this time!"

"I knew that." The man haughtily opened his mouth, picked up a piece of lotus root and put it into his mouth.

Su Xiaowan's mouth is wide open, waiting for his reaction. He really can't tell whether it's delicious or not.

As a result, Feng Yan directly picked up a piece of lotus root and stuffed it into her mouth.

Lotus root slices are delicious. Su Xiaowan takes a bite. It's delicious.

"I didn't expect that I was gifted. If I can't get along in the future, I think I can open a snack bar, Fengyan. Do you think it's super delicious?"

"I want you to stay and be a housewife."

"That can't do. If I cook for you all the time, you won't know how to cherish it. In the end, I will really become a yellow faced cook. I'm not so stupid. I have to cook for you occasionally so that you can think

of my good." Su Xiaowan picked eyebrows, sat beside him, "you eat quickly, this can be done for you."

The man took chopsticks and looked at the high dishes piled up in front of him.

"Will you return it tonight?"

"Do you want me to go back?"

"What do you say?"

"Then I won't go back. I'll stay here with you today."

Feng Yan's lips are very high. He didn't say anything.

But Su Xiaowan thought he was happy because he ate all his food.

"I cook, you wash the dishes."

Do the dishes?

"You can't even do the dishes, can you? Or are you going to let me wash it? "

"I will, but for the first time."

Su Xiaowan put on an apron for him and said, "Feng Yan, you are so smart. It must be hard for you to wash the dishes. Later, Lin Zhenzhen said that he would pass the script to me. I'll go to the bedroom first."

Unexpectedly, Su Xiaowan received the audition notice so soon, and there was a script.

Maybe it was Lin Zhenzhen who gave her the name.

At night, she lay in bed and read the script.

It's a mysterious story. It's about a scholar who went to Beijing for an examination and saved a dying snail on the road. The snail girl incarnated as a girl to repay her kindness

Su Xiaowan looks at the script and turns over a few pages. The play enriches the plot of the hero who saved the snail girl, and also adds many stories about the intervention of demons. The main idea is that a lover overcomes all kinds of hardships and finally comes together.

As a female inspirational figure, in the end, Tianluo is not a girl who knows nothing. She becomes the most suitable wife for the hero.

From this play, it seems to see the appearance of her and Feng Yan.

In the early days, the snail girl really had the same things as her.

She became an ordinary person from a snail. She experienced a lot that ordinary people should experience. At the beginning, she could not walk and was not used to the way of human communication

But in the later period, she was completely opened. Everyone said that she was not suitable for the hero, but through her efforts, she became the most suitable wife for the hero... Such a snail girl is not what she looks like. At least, Su Xiaowan's current level is not up to.

Feng Yan washed the dishes and came in. He looked at the bed and looked carefully with his iPad.

"What are you looking at?" The broad mind directly embraces her.

Su Xiaowan smelled the smell of a man. She pointed to the script on the iPad and said, "read fairy tales."

"Fairy tales?"

"The story of the snail girl."

Snail girl.

Feng Yan naturally knows.

"Look at a story, need to show such a deep expression?"

Su Xiaowan said, "I just think of the sea's daughter, the king's little daughter who saved the prince, but the prince repays his kindness to the wrong person. Feng Yan, you say it's also repaying his kindness. Why does one end up so happy, while the other end up in such a situation?"

"Different cultural backgrounds."

Su Xiaowan looks at him, speechless. She thinks that Feng Yan can say something to comfort herself at least, but she has a blow in the head.

"I was wrong?"

"You're right, but I think it's because the little princess is not brave. If she is brave enough to tear the white lotus's face, she may be able to be with the prince. However, she is too kind, such a kind person, should not want to hurt others, such an outcome, in fact, is not unexpected.

Just feel some regret, people in love, but can't be together, Feng Yan, you say, the little prince is like the little princess? Or his queen

"Queen."

"Why? Isn't he with her to repay her? "

"If you don't like it, you can't marry her."

Su Xiaowan glanced at him. In Feng Yan's heart, his feelings are simple and beautiful. His whole life is a commitment that takes things seriously. Paying for marriage is the best way for him to make a commitment.

"So, you always wanted to marry me. In fact, you already like me, don't you?" It was as if she had found some amazing secret.

"Narcissism."

Su Xiaowan and heavy hammer on her, "can't you say something nice to coax me?"

"You seem to have forgotten something?"

He remembered being reminded by her.

Su Xiaowan is not a person who has no memory. He also wants to coax Feng Yan.

But he really didn't know how to trick people.

"Or I told you a story?"

"Well."

Su Xiaowan's mind is a little blank, but the plot they discussed just now still goes deep into her heart. "I think of the follow-up of a daughter of the sea myself. Do you want to hear it?"

Chapter 450

"Well."

"The little princess didn't die. The witch was moved by her and saved her and turned her into a human being. However, when she opened her eyes, her prince had died. The world had changed and changed. She could not find the person in her heart any more. The little princess could not bear the prince's leaving and found the sea area where they had met. Unexpectedly, she would meet the prince who was swept away by the waves again. This time, she did not leave, but woke up guarding the prince.

When the prince woke up, he saw her and took her back to the palace to make her his queen, but everyone objected. He felt that the girl from the countryside had no status and was not worthy of the

prince.

But the prince felt that she was the best, and no one else could compare with her. Every day, the little princess also believed that as long as she kept working hard, she could always stand beside the prince and keep pace with her.

She always felt that those negative voices were the driving force for her progress.

I have never given up my efforts. Finally, I got the recognition of those people soon after. After marriage, they are very happy. They don't fight. They only love each other and advance and retreat together. They have a baby soon. It's a girl, very like a little princess. "

Su Xiaowan's voice did not fall, listening to her opening, "why daughter?"

"... I like daughters. Daughters are intimate. They are parents' intimate little cotton padded jacket. Moreover, I think the prince will like to have a daughter, so that he can pet them all the time. I think that's for his sake." She said, and then came to see him, "Feng Yan, don't you like your daughter?"

"I'm jealous of him."

envy? It's very careful to be jealous of someone who doesn't exist.

But Su Xiaowan turns to think... Is Feng Yan's jealousy because he has a daughter?

He turned to look at the man with bright eyes. "You don't want to be shameful!"

"You look shameless?"

"It's the color in your eyes..." Su Xiaowan just said a word. As a result, the man came up and sealed her lips. He couldn't help but swallow everything he wanted to say.

Because in bed, so the man took advantage of the direct pressure on her, while kissing, then began to pull Su Xiaowan's clothes.

But deep in love, suddenly the phone rang, it was her, Su Xiaowan directly pushed away Feng Yan, "the phone."

She thought it was Lin Zhenzhen. After all, she didn't say a word after she showed her the script.

result.

She saw the caller ID.

It turned out to be a fief.

"Did Fengyi call you?"

In the past, when Fengyi couldn't find Fengyan, he would call him. Su Xiaowan took Fengyan's mobile phone and saw that there was no phone on it.

And my hands are still shaking.

She put through the phone, still did not make a sound, the end of the Fengyi mouth, "young grandmother, I'm in your downstairs, you hurry down, I have something to look for you!"

"To me? What's the matter? "

"Well, the young master recently built an apartment outside, in which a woman lives. I'll take you to catch the traitor! I saw them go in together just now. According to this posture, the woman won't leave tonight. Hurry down and I'll pick you up. "

"..." after hearing this, Su Xiaowan turned her head and looked at Feng Yan. At the moment, Feng Yan's face was too dark.

A gesture of desire and discontent.

Of course, the Fengyi at the other end of the phone didn't know. She was still trying her best to persuade her, "you're kind to the young master. He didn't know what to say. He told you that he wanted to give you all his property. That's a lie to a little girl like you. You see, after he swept you out, he didn't even look at you. So this kind of man is the most fickle. I really despise him."

Su Xiaowan didn't expect to be so loyal.

Just about to say something, the result of the phone was taken directly by the man, and then he immediately cut off for her.

"Well... Now they all think you are a scum man. Shall I explain?"

"No need."

"Why, I don't like being misunderstood."

"Just believe me. Come here."

"What for?" Su Xiaowan hesitated, but still climbed over.

"What do you say?"

In the bedroom, the happy voices of men and women soon rang out

The next morning, Su Xiaowan got up early. She made breakfast. After having dinner with Feng Yan, she immediately went back to Su's home.

Su Qiqi is having breakfast. At the moment, she has changed yesterday's clothes, and she hasn't come back all night.

"Where have you been all night without going home... Have you gone with a wild man?"

Su Xiaowan has come back as early as possible just to avoid this scene. In the end, she bumps into her. Su Qiqi stares at her. She sees something. She jumps up from the table and grabs her collar. "What's on this! Su Xiaowan, you actually went out to find a man. How lonely you are! Even so shameless, let people leave strawberry marks on your neck. "

"I didn't find you care so much about me before! Besides, what does it have to do with you when I look for the second spring? " Su Xiaowan pushed her away. What's the strawberry print? It was accidentally bitten by a mosquito when she took a bath yesterday.

Feng Yan's man was very simple and never left any mark on her to declare her sovereignty.

"It turns out that what the newspaper said is true. Did you really hook up with Shen Nanshan? The old man? "

As soon as Su Qiqi finished speaking, Su Zheng came down. Unfortunately, he heard such a sentence, "what's the trouble in the early morning?"

"Dad, Su Xiaowan must have stolen a man outside with master Feng behind her back. You see, she just came back and couldn't bear loneliness. She went to open a room with a man outside, and her dress was not the one she wore yesterday. I've seen it in a magazine. It's five figures! What's more, it's not something that money can buy! "

So expensive?

Su Xiaowan took a look at her clothes, but she chose the most common one.

This Fengyan... I have to talk to her next time. I can't spend money indiscriminately.

"Xiaowan, is it true?"

"Dad, I just went to Xiyan's house for a night. Xiyan didn't come back for a long time. I just wanted to get together with her."

"You're lying. You're with a woman. Where's the red mark on your neck?"

"Sister, you can't even see the mosquito bite, can you? I was bitten by mosquitoes when I took a bath at Xiyan's house yesterday. "

"It's a mosquito bite, believe it!" Su Qiqi grabs his clothes and gets angry.

Su Xiaowan pulled away her hand and looked indifferent.

"My sister knows so well. It seems that she has been left behind a lot."

"You... You don't want to talk about it." Su Qiqi's affairs outside, Su Zheng also turns a blind eye, some things, she is hiding from Su Zheng.

It's like the abortion.

Su Zheng doesn't know.
