

good evening 491

Chapter 491

For ordinary people, if there are sleeping pills in the blood, it's not a big deal.

But stars are different.

In the huge aura, those very small things will be magnified to a lot of situations that they can't control.

If the reporter knows, he doesn't know how to write about her.

When she was a teenager, Su Xiaowan knew gossip and the ability of reporters to make up stories.

They can dominate public opinion, but also determine the life and death of others.

But she hasn't taken cold medicine recently. How can she take sleeping pills?

Three meals a day, is responsible for Weiwei, she did not have many opportunities to contact with other things.

But Cheng Weiwei, she has enough trust.

In terms of water, she drinks no Kaifeng mineral water every day, which is not the case.

During this period of time, Su Xiaowan's every move has attracted people's attention.

Cheng Weiwei is responsible for Su Xiaowan's three meals a day. Cheng Weiwei can't betray him, so the only possibility... Is when he is at Su's home.

Su Xiaowan suddenly turned out a bottle of vitamins from her bag. She couldn't figure out what she had eaten recently. The only thing she had was the bottle of vitamins in her hand.

Because it was brought from Feng's home, she got the crew.

"Feng Yan, please let the doctor check if the medicine here has been changed!"

The man took that bottle of vitamin. The vitamin was taken out from Feng's home. She was not in good health. Sometimes she would catch a cold easily. Once she caught a cold, it would be better. It would be bad for a long time.

Therefore, he specially asked people to prepare the medicine.

The man immediately took the medicine and had it checked.

Sure enough, there are sleeping pills in it. If you take too much of them, you will be in a coma, and finally... You will die in your sleep. Fortunately, it was found in time, and it didn't make a big mistake.

In this way, it seems that many things have made sense. During this period of time, she is always sleepy.

When Su Xiaowan learned about the result, she was not surprised. In a family like Su's, even her father was so cruel, not to mention an outsider who didn't have any relatives.

Shen Yin wants to kill her.

"They must have come to my room that night."

Su Xiaowan told Feng Yan about that day one by one.

In fact, when Su Xiaowan was at Su's house, she didn't sleep soundly. She would lose sleep every day. Except that night, Shen Yinjing gave her a glass of wine, which made her sleep very well. Even in the morning, she was almost late for the cast.

Smell speech, the man's Twilight become terrible, Su Xiaowan saw Feng Yan's appearance, reached out and pressed his ready hand, "Feng Yan, you don't get angry, Shen Yin, their mother and son, absolutely can't get so many sleeping pills, I think there must be someone behind, let's see what they are going to do first? By the way, am I still... Sleepy? "

"The doctor has washed your stomach. During this time, you can't eat things blindly. I'll have them delivered."

"Well, husband is the best."

Su Xiaowan looks at Feng Yan. They are all men. Why is the difference so big.

She is more and more disappointed with one person and the other.

Aunt Lin told her that Sue was taking medicine these days, probably because she still couldn't get through it.

But she didn't feel the same way.

She wanted to get back all the money they owed her grandmother.

When Lin Zhenzhen learned that Su Xiaowan was hospitalized, she immediately arrived. She looked at the weak woman lying there in the ward. The tower is still in good condition. Now it looks like this

"Xiaowan, what's the matter?"

"I had a bad stomach yesterday. I almost died of pain. Fortunately, in the morning, I was found by Xiao Cheng, but it's not serious. Just lie for a few days."

Lin Zhenzhen looked at her pale face and said, "you should take good care of yourself these days. I'll come and take you with me when I have a physical examination later."

"Well."

Lin Zhenzhen answers a phone call and leaves. She asks Cheng Weiwei to accompany her. Cheng Weiwei naturally knows why she is lying here. She peels an apple for her and says, "young grandma, why don't you call the police?"

"It's only one side of my story to catch thieves. How could the police believe what I said?"

It's like Grandma.

There's no evidence. They have ways to escape.

"I don't know what these two women are going to do! We're so defensive that we can still be exploited by them." Cheng Weiwei breathes out his mouth.

When Su Qiqi was in the production group, she heard that Su Xiaowan was hospitalized. She immediately called Shen Yin, "Mom, Su Xiaowan is hospitalized. Is it... Sleeping pills are working?"

Shen Yin hears the phone at the other end, with a proud smile on her lips. She finally gets the chance, and even heaven is helping them.

"This time, I see how she can escape."

"Mom, I'm afraid she's already washed her stomach. If... She won't be able to handle it."

"Now that she's not discharged, the rest, no evidence, create evidence."

Su Qiqi's eyes flashed, "I know."

Su Qiqi has always held a grudge against the last time, but they can't find a trace of Su Xiaowan.

There's no way to pull her down.

She was very cautious about them. She almost didn't eat what they made. She didn't eat anything except what aunt Lin made.

Su Qiqi has observed her several times.

Later, she saw that she took another bottle of vitamins every day.

So I got the idea of this bottle of vitamins.

Gu Jinzhou heard that Su Xiaowan lived in the hospital and came to see her specially. However, as soon as he appeared in the hospital, he directly blocked the hospital.

Those female fans are just lying at the door of Su Xiaowan's room.

"Well... You'd better go back first."

"But Feng Yan sent me here. I won't leave today. How are you today, sister-in-law? How good food poisoning? "

"....."

.....

Xia Xiyan received a strange phone call.

"Hello, is this Lu Ai Nan's mother?"

Wen Yan, Xia Xiyan's brow frowned. Lu ainan is Lu Zhaonan's son, which is the little cute bag.

He just went to kindergarten these days, which she knows.

But... When did she become Lu Ai Nan's mother?

She remembers that yesterday, the little baozi asked her number. She just went to kindergarten. Is it difficult... "What happened to the child at school?"

"Mrs. Lu, don't be nervous. The child is fine. Just, I'm calling to confirm with you today. Do you and Mr. Lu have time to come to the afternoon activities? If both of them don't have time, one person is OK. If neither of them comes, the child's heart will inevitably envy other parents.... "

"Activities? What kind of activity? " Xia Xiyan didn't know what the teacher said. After listening for a long time, she was confused.

He had no idea what it was.

I was educated by the teacher.

"Don't you know, Mrs. Lu? I called Mr. Lu a few days ago. Didn't Mr. Lu tell you? "

"I'm not with my baby's father recently. He's very busy recently."

"Didn't ainan tell you when he went back?"

"..." Xia Xiyan has been locked up here these days. She just got her cell phone.

It was the maid who handed it to her. Now the maid is standing in front of her, listening to her answer the phone. Where does she know.

The teacher said suspiciously, but immediately told Xia Xiyan, "well, in the afternoon, the school arranged a parent-child activity to shorten the distance between parents and children and cultivate children's sense of family responsibility. A few days ago, I have given all the invitation letters to the children. It is estimated that Ai Nan has forgotten. Just now, the whole class counted the attendance list. Except Lu Ai Nan, all the other children, more or less, have their parents present.

Mrs. Lu, you can't earn all this money. Children grow up very fast, and they may be higher than you in the twinkling of an eye. The growth of children is just like this once. I hope your parents can pay attention to it. After all, you go out to work hard for him in the future, but if he has a bad heart at this stage, it will be difficult to remedy it later.

I've talked to Mr. Lu several times about this problem alone, but it's a pity that... Men are always more difficult to persuade than women, so I took the liberty to call you today... "

Xia Xiyan looks at the maid. It seems that Lu Zhaonan just let her answer because she knew the teacher would call.

She was scolded for nothing. Who did she provoke?

The teacher sighed, "Ai Nan is a sensible child. He is much more sensible than other children. He also took the initiative to tell me that he can

However, we all have a parent. He is alone. Even if you are busy, you still hope someone can spare a few hours to come here. After all, this is Lu ainan's first parent-child activity in our school. "

"I... I know. His father and I will be there."

Think of that poor little eyes, Xia Xiyan maternal flooding.

Alas, how did you fall into the hands of a child.

That's not going to work.

She hung up, and the maid was very happy. "Miss Xia, our husband has been waiting for you downstairs. I'll get the clothes ready for you. Please have a look."

Looking at all the things they have, I think I've been fooled.

Xia Xiyan frowned, "... So, he did it on purpose?"

Let her down in front of the teacher, bitter meat plan?

It's too much, even the children.

It's no wonder that even women have run away. Who has suffered like this.

Xia Xiyan dressed up and went downstairs. As expected, she looked at the man at that end, dressed in a black suit. She looked like a gentleman, different from the killer she saw a few years ago.

She stepped out and suddenly remembered.

This is a killer. After she helps him, is she an accomplice?

"I can go with you, but I have a request."

Chapter 492

"You said The man's eyes were burning, and he looked at him without hesitation.

I don't know why, Xia Xiyan always feels that the man's eyes are showing who she is looking at. I think it's the woman.

If it wasn't for the new dress and the tag.

Xia Xiyan suspects that this dress belongs to that woman.

She has a habit of cleanliness, but she doesn't like to wear other people's clothes.

Xia Xiyan seemed to be burned by the sight and coughed softly. "After this time, we'll go back to the bridge and the road. I want to go home."

Here, in the end, is not his home, and in front of this, is not his own man, the child, is not his own.

She stayed here, reminding herself that she was redundant all the time.

What's more, this man is a killer. When he is with him, he can't tell when he will die.

She can't do such a stupid thing.

"You don't want to make up your mind again! I tell you, if you dare to use a little euphemism, I will use

your son. I will do what I say. "

"You won't have a chance." The man's eyes become deep, as if because he mentioned his son, so she was angry, anger burning in the eyes, even a close look, will burn Xia Xiyan's eyes.

Xia Xiyan looked up at her little face without any fear. "Mr. Lu, don't say too much. He depends on me. It's a fact."

Lu Zhaonan didn't think that he had dug a hole for himself. The woman in front of him was threatening him.

If she had threatened him before, he would have killed her without hesitation.

But now, he hesitated.

Xia Xiyan doesn't talk nonsense with him. She's not stupid. If she offends this man carelessly, it's possible to kill her.

.....

When Xia Xiyan and Lu Zhaonan arrived at the school, they found that there were many cars outside.

This is a noble kindergarten.

There are countless luxury cars alone. It seems that this killer is not a cold-blooded person. He is really good to his son.

"Don't look at me like that. Believe it or not, I'll shoot you."

Xia Xiyan stares at him, "you are not afraid that your sweet pepper will become as cold-blooded and merciless as you. However, you don't know what Gao Xiang you burned in your last life. It's really enviable to have such a lovely son."

The man's hand is tightly pressed on the steering wheel. In his last life, he really did a good job. In this life, he has such a son.

But the mother of the child

Xia Xiyan didn't care about him until she got out of the car. Only then did she find that many children were waiting for their parents at the door, and most of them were already standing there.

But there is no sweet pepper.

She pushed away the crowd, and found no sweet pepper.

"Er... Where's your son? Are you looking for the wrong kindergarten?" Xia Xiyan didn't listen to the teacher's nagging just now. Lu Zhaonan didn't come to the school several times and seldom participated in any collective activities.

Besides, his son is not here at all.

I don't know. I made a mistake.

A while ago, there was no uncle who sent his children to kindergarten and sent the wrong news!

Lu Zhaonan looks at Xia Xiyan white, looking for the wrong kindergarten? Thanks to his imagination, although he seldom sent his son to school, he didn't find the wrong place.

"Mr. Lu --!" At this time, the teacher had already seen Lu Zhaonan with sharp eyes. The last time Lu Zhaonan came to school, when he brought Lu ainan to report for school, he met him once.

Lu Zhaonan is really handsome. At that time, the unmarried girls were all very fond of this man. They also wanted to find Lu Zhaonan's contact information in her place. But seeing him holding Lu ainan's hand, they gave up the idea.

Lu AI Nan and Lu Zhao Nan are very similar. At first sight, they are father and son.

Lu Zhaonan is out of the competition, and the women around him are also very young and beautiful, which makes the teacher notice.

"This is Mrs. Lu, isn't she?"

Miss Chen, this is the first time to see Xia Xiyan. Without looking at Xia Xiyan more, people like beautiful things.

"That teacher... Where's Lu AI Nan?"

Xia Xiyan is so staring at, only feel uncomfortable and depressed, she doesn't like to be so watched.

Mr. Chen said, "Lu AI Nan is drawing in the classroom. Children will be happy to see you."

"Shall we go and look for your son?"

Chen teacher looked at Xia Xiyan, only looked at her active jump away, and the man behind, why expression so doting?

Today is really sour lemon.

.....

Leaving the adult group, Xia Xiyan looked back at the man at that end, "I think your son must have stayed with you for a long time. He's not gregarious."

Gregarious?

These two words are not in Lu Zhaonan's dictionary at all.

"Well, it's really miserable for a man to take care of his children."

"This family really needs a hostess."

"....."

What she wants to say is that we should pay more attention to the sweet pepper, and what we need the hostess, but it doesn't match at all.

Killers are killers. There's no culture.

Xia Xiyan didn't continue to talk nonsense with him. It was her first time to come to kindergarten. When she was very young, her memory of going to school was long gone.

However, the environment of this kindergarten is really good.

They soon got to the door of the classroom, but before they came in, they heard a chubby boy standing there, and a little girl.

"Big fat, how can you shut Nannan in the classroom"

"Little princess, don't you know? He has no father or mother. He's a wild child. Don't play with him. My father has brought a lot of delicious food. I'll take you there. "

The boy took the girl's hand, but the girl dodged directly.

The girl stood half way away from the boy, but she was weak and not as tall as the chubby boy, so she couldn't open the teacher's door, "big fat, you are bullying people. Who said Nannan has no parents? When I came to the kindergarten last time, I saw Nannan's father. He was a handsome man, much more handsome than your father."

The boy was not happy when he heard that, "anyway, he just doesn't have a father or a mother. Today other parents are here, but his father and mother are not here. You come with me, and I'll take you to eat delicious food."

"I don't want to eat it."

The little girl stood there, "big fat, open the door, or I'll tell the teacher."

"I won't! If you dare to tell the teacher, I'll beat you... "

"You..." the girl was threatened and cried, "fat, how can you bully people like that?"

Far away, Xia Xiyan will all fall into the eyes of this scene, this fat Dunzi unexpectedly looked the little sweet pepper in the classroom, and bullied the girl.

"Damn it, I beat women when I was young, and I'm still good when I grow up!"

Chapter 493

Xia Xiyan wants to rush over and beat the smelly boy. Who will give him a face and tell him that he can bully girls.

Also, you can't bully sweet pepper.

Even without mom and Dad!

Without mom and Dad, you're going to be bullied?

Who gave me the reason!

Xia Xiyan suddenly thought of the time when she was studying. At that time, she was Lu's child daughter-in-law. Everyone in the class knew that he was adopted in the orphanage.

So the girls bullied her.

This kind of plot happened a long time ago.

However, at that time, she didn't have much ability to fight against them, but those people would only bully her into a kind of fun.

always enjoy it.

Campus violence is a serious problem.

Behind those bullying children, there was often a bear child's parent who helped tyranny. At that time, even though she was the Lu family, many people would bully her, saying that she had no parents and was a parasite.

.....

This kind of thing, campus violence, now looks very small, if you grow up, it can be a stabbing problem, Xia Xiyan can't bear it.

At least, at this time, she wants to protect sweet pepper.

He is a child who lacks a sense of security. She found out at that meeting, because Lu Zhaonan protected her very well. He is not familiar with the world and is a good child.

It just doesn't mean that a good boy is going to be bullied.

"Where are you going?"

"Beat people, I tell you, Lu Zhaonan, I can't stand such a child without beating him!" Xia Xiyan is a fierce temper. As soon as her temper comes up, ten cows can't come back.

Is a word stubborn.

"No nonsense."

"... I don't have any mischief. Lu Zhaonan, this kind of person is a bear child. His parents become a treasure at home. When they go out, they think they are too young. Others have to listen to him. Even if they hit the wall, the wall is bad... He is now a social moth, and I am acting on behalf of heaven."

Before the words fall, the girl has already rushed past. Lu Zhaonan and her helpless looking at the woman at that end, she is different from her.

At least, character is different.

She is gentle, always to people, will not take such measures, even if it is wrong, but mainly education.

And she

A inattentive, Xia Xiyan has run to the bear in front of the child.

Da Pang looks at the girl in front of him. She is very good-looking. Before, she saw many beautiful little sisters in her father's mobile phone. Now, she is more beautiful.

"Miss fairy --!"

Xia Xiyan looks at that chubby boy and shows a silly look. She shows her sleeve. At this moment, she thinks whether she is a little similar to her.

Bullying?

"Miss fairies, I tell you, if I were your sister, I would beat you up."

Xia Xiyan looks at the girl standing on the side. She looks so beautiful. Her face is just like a baby's face. All of a sudden, there is a flood of maternal love.

Ouch, it's too soft. It's a perfect match for sweet pepper. Why don't you persuade Lu Zhaonan to order a baby kiss?

But on second thought, she came to the point.

Da Pang looked at her. She was really beautiful. She was his favorite type. She was more beautiful than the little princess. I don't know how many times. Suddenly, her eyes were fixed on her.

"Sister fairy, why did you hit me?"

"Little boy, you have bullied my son. If I don't beat you, will I smile with you? But I'm a civilized man. I can't do things like bullying children. Now you apologize to my son. I'll let bygones be bygones. "

Son?

The little princess stood there, she heard, "Auntie, are you Nannan's Mommy?"

"Well, of course."

Xia Xiyan is playing with a swollen face there, filling a fat man.

Anyway, except for Lu Zhaonan, no one knows that she is not.

The fat surprised at the woman, she turned out to be the mother of the wild child? How can it be.

He looks so ugly, how can he have such a good-looking Mommy.

As like as two peas in a mold, a tall man came up to Lu Ainan.

"You're Nannan's father. I've met you." The little princess excitedly pointed to the man and said.

Big fat, "..."

He is a man who can see his face. At least at this time, he knows that a child can't beat this man. He was at home when he was young. His father told him that if he can't beat him, he will run.

Xia Xiyan didn't say anything, just watched the boy run away.

“.....”

The little princess looked at Da Pang with a helpless look on her face. "Auntie, Da Pang is like this. She knows how to bully others, but she can't beat others, so she runs away. He must think that Nan Nan's father wants to beat him, and we don't like him."

After today's incident, she was worried about whether pepper was often bullied in school.

With the child's character, it is impossible to tell Lu Zhaonan. It is estimated that Lu Zhaonan only today knows that his son has been bullied.

What's this called?

Feng Shui turns around?

When Lu Zhaonan bullied people outside, his son was bullied at school?

However, Xia Xiyan is not a person who falls into the well.

"Little sweet bean, why are you here? Your mother has been looking for you --!" Mr. Chen came over and looked at the two people standing there.

"Mr. and Mrs. Lu, the activity is about to start. Please bring the children out quickly."

Xia Xiyan remembered that Lu ainan was still in the classroom.

She opened the door and looked at a small figure sitting in the second row by the window.

Outside the window, the fallen leaves are falling one by one, while the boy is lying there. He doesn't know what he is doing. When he hears the movement, he suddenly raises his eyes.

See the summer sunset.

The boy originally that pair of clear eyes for a moment so light, she in vain put down his hands than, in a hurry ran past.

Grabbed Xia Xiyan's leg.

And standing on the side of his father, was completely ignored.

The little guy just hugged her leg. He thought that Mommy would go for a long time. He thought that he would never see Mommy again.

But Mommy showed up.

Besides, it's not his illusion, it's real.

Xia Xiyan looks at the pendant on her legs. The child always reports her thighs. Her cute appearance is totally different from his father's.

It's just heaven and earth.

However, he was the only one in the classroom. He looked lonely and pitiful, like a wounded kitten, licking the wound alone.

On an afternoon like this, it looks pathetic.

Xia Xiyan wanted to ask him if she had been bullied by the fat man before. If so, she would go to the fat man's father and talk to him.

But he was so holding, the heart is so soft, all of a sudden, the brain is blank.

In fact, children are not so annoying.

One side of his father, slightly jealous, coughed softly, "it's too late."

Xia Xiyan then remembered the parent-child activities, holding a small bun, "let's go to the parent-child activities, take the first place, OK?"

The boy finally laughed, "OK."

He likes the embrace of mommy so much. In his life, he should always Hold Mommy and listen to her story.

Summer sunset Yan put away his careful thinking, holding her toward the door.

When three people appeared in the activity hall, the noisy hall was quiet.

All of them looked in the same direction

Just look at the woman and the man.

One is as beautiful as a flower, while the other is handsome. In fact, some of the parents here are almost 30 years old. Men in their 30s have almost the same characteristic: fat.

Even a few of them are bald.

Compared with the man in front of him, there is still some ability to win.

Look at your husband, and then look at someone else's husband, a comparison, everything came out.

"Let you lose weight, you see how good people's body, looks handsome..." one of the parents said, also dissatisfied with a look at his husband.

The words are sour.

"Then you don't see how beautiful other people's women are. If you become like this, I'll lose weight immediately --!"

"You... You dare to stare at other people's women, you scum man --!"

Suddenly, the couple got into a fight.

Xia Xiyan looks at the two people at the other end. Da Pang is squeezing between the two people. He seems to be fighting.

And in such a large public... They really refused to let anyone go, and they fought hard. In the end, the teacher came forward and pulled them apart.

But two people's faces are hung color, fat mother's hair were pulled in a mess, it is unable to stay, directly carrying the bag to go.

Where does Da Pang cry so much? The man looks at him and feels annoyed. In addition to the dozen he has just had, everyone's eyes are staring at him. No matter how thick he is, he really can't stay.

He left with big fat in his arms.

Xia Xiyan is also ready to talk to the parents of the bear child. Now... She just looks at them with their tails in their hands and escapes, and doesn't give herself a chance at all.

Is this... Retribution?

Later, Xia Xiyan knew what they were fighting about.

It's because Lu Zhaonan is so handsome.

A look is not seen in the world, even think the killer handsome!

"Mr. Lu, it seems that your face can solve a lot of problems."

Can directly let men and women fight, this deterrent force, how strong.

"You know now?"

Roar, praise him, and go to heaven.

Xia Xiyan also want to say what, the side of the small sweet pepper pulled her clothes, and raised his head, staring at her big eyes innocently.

Chapter 494

Little sweet pepper was ignored by parents, eager to prove their existence.

Xia Xiyan looked at the innocent eyes of the child and said, "what's the matter? "Steamed buns?"

Lu Zhaonan took a look at his son. His finger pointed to the horn on the head of a parent. He immediately understood.

"That's a girl's."

Xia Xiyan just noticed their father and son's eyes, looking at the female parent at the moment, wearing a shiny horn on her head.

The girl is estimated to have just graduated. Her green face looks very good because of her horns.

I think it's sweet pepper.

But it's someone else's.

"You want it too, don't you? Then I'll go back and ask dad to buy it for you, OK

Small sweet pepper shook his hand, murmured, "it's mummy Dai."

"Me?" Xia Xiyan can't laugh or cry. Looking at the girl at that end, he must think that others are good-looking. He thinks that others have them, so he should have one.

Sure enough, he is also a warm man who dotes on mummy.

Unfortunately, it's not her son.

Lu Zhaonan really lost his fragrance in his last life. He had such a good son.

But where did the woman go?

The parent-child activity was successfully carried out under the guidance of the teacher, and soon came to an end. Of course, this time, the family with the highest beauty combination tonight was selected.

No suspense, fell to Xia Xiyan they, with the highest number of votes, completely become the big winner tonight.

However, this Lu Zhaonan is standing on the stage, is also a cold look, Xia Xiyan with him to maintain a distance.

Holding Lu AI Nan, looking at the big prize at that end.

"Congratulations to our parents who are the most beautiful today. They are Lu AI Nan's parents... Our prize today is nice. What is it! Please go and open it with Lu Zhaonan's parents. "

In the middle of the stage, several staff members carried a box up.

That box, big, with big bows around it, is a super big gift box.

"Mommy, bigger than me!" Lu AI Nan hugs Xia Xi Yan's neck and opens his mouth with excitement.

Today is the happiest day for him. There is no happier day than today.

Xia Xiyan is actually curious about what it is. She has received a lot of gifts because she is so big, but this is the first time.

Stand on tiptoe and look forward to it.

Lu Zhaonan is tall. He goes over and unties the bow. The next second, a huge Pink Hello Kitty doll.

Lu AI Nan looked at the doll with a horn. He reached out to take it off and put it on Xia Xi Yan's head.

"Mommy is so cute!"

Looking at Lu Zhaonan's appearance, Xia Xiyan sees herself in his eyes. The twinkling horn is just a girl's heart overflowing.

It can't be any better.

"Wow, am I super cute with that?"

Lu Zhaonan nodded and looked at mummy's happy face.

Even Lu Zhaonan, standing on one side, showed a smile.

The teacher stood aside and photographed the scene. At the bottom, many people envied him and took photos with their mobile phones.

After receiving the prize, the teacher stood there and continued to say, "today's parent-child activity is over, and the children can go home with their parents..."

When the man went back, he went to the photographers.

"Don't worry, sir. We won't send it out casually."

"Thank you."

Lu Zhaonan looked at the doll on one of the women's heads. "Where did you buy this

"Oh, well, in the snack street over there, children like this, but the one your wife brought just now is also super cute..."

wife?

He also hopes that she can come back.

"You can take photos as you like. My wife and I won't mind."

Everybody, "..."

Just now, I didn't mean I couldn't send it. How did it change all of a sudden?

Do you think it's better to share his happy life with others?

Xia Xiyan holding a large doll, a hand holding that end of the pepper, now talking and laughing toward the parking lot.

"Are you happy today?"

"Happy."

Xia Xiyan reaches out and touches Lu Zhaonan's head. In fact, she wants to ask him where his mother has gone, but then she thinks that the child now regards her as her own mother. If she says something wrong, the child doesn't like to talk very much. If anything happens, Lu Zhaonan can't kill her.

Forget it. It's better to mind your own business.

However, where did Lu Zhaonan go? As soon as it was over, no one was seen.

"Tired or not, do you want me to hold you?"

Pepper shook his head, "Mommy, are you tired? This... I'll take it. "

He pointed to the doll in Xia Xiyan's hand. Xia Xiyan looked at him with his sleeve open and wanted to help him carry things. Xia Xiyan couldn't help laughing, "you little arm, you can't hold it."

"I can carry it, Mommy. I'm a little boy."

The boy showed his little arm in front of him. "Look, Mommy, there are muscles on it. I can hold it." Looking at his appearance, Xia Xiyan couldn't help kissing, "how can you be so cute, then you take half, I also take half, OK?"

"Well."

This doll, in fact, is very heavy, because it's about the same size, big and heavy. Xia Xiyan is hard to hold it, but the child wants to have a try. She thinks it's an opportunity to try.

A child of her age is best suited to cultivate a sense of responsibility.

In the future, I will help girls carry bags.

It's called... Gentleman.

This is to be cultivated from an early age.

However, Lu Ai Nan looks good. He is also a man who makes the little girl crazy.

It's better not to have the same temper as his father.

As soon as they took a few steps, they looked at the big fat and his mother, who was standing there on the phone, crying.

"I want that doll, I want it --!"

The mother of the bear child finished the phone call and wiped the boy's tears. "We'll wait for them to come out later. Let's buy it from them. Don't cry. Look, Mommy didn't cry when she was called by your father today."

"Ying Ying..."

The boy is still crying very hard, fat mother is a face, now coax him, just because of that thing, they have been outside, have no face to go in.

Now when the child saw the doll, his mind was drawn to the past.

Their family is such a baby son, after all things are given to him, hold in the palm of the hand since

childhood, where suffered this grievance.

Da Pang looked at the two people who came out from that end, and now he took her mother's hand, "yes, I want that doll --!"

Chapter 495

"You know what? I'm happy today, too. "

"Mommy, you have a good laugh."

Reflecting the afterglow of the setting sun, it falls on Xia Xiyan. That's what she looks like in her dream.

"Oh, my little mouth is so sweet. Who taught you these words?"

I didn't expect that she would be so happy to be coaxed by a small child.

But before Lu AI Nan said it, Liu Da Pang rushed over, "Lu AI Nan, I want this doll!"

You want it?

Xia Xiyan looked at such a fat big child, in front of his face, said to be ashamed of the doll in his hand.

Lu AI Nan treats his little body as a child. He doesn't like to talk much, but it doesn't mean he is a weak person. His father told him that when a man grows up, he is a man of indomitable spirit. The existence of a man is to protect a thin woman.

Before, he didn't care about anything, but this time, mommy was by her side and dad was not. He wanted to protect his mommy.

Keep this Liu xiaopang away.

"Lu AI Nan, I said I want this doll --!"

Liu Da Pang thought Lu AI Nan didn't hear him, so he continued to speak. In his opinion, no one can do anything to him in this kindergarten

He was already a big man. In kindergarten, he was the eldest.

What you want is a matter of one sentence.

Just now, he fell in love with this doll. In his opinion, just now, when his parents made such a fuss, they wanted to win back some face. It's this doll.

Because just now they were at the door, looking at Lu AI Nan's parents standing on the stage, it was very

impressive.

He wants to be that powerful.

Therefore, taking this doll and going out of school can greatly satisfy his vanity.

"No Lu Ai Nan opened his mouth. He also likes this doll. Moreover, this doll belongs to Mommy and can't be given to him.

All the rest can be allowed, but this one can't.

"I'll take this. If you don't give it to me, I'll let my father beat you later!"

"Little fat man, just come to your father and I'll see how he hits me!" The world is so big that everyone has it.

What do you mean, if you can't grab it, you have to hit someone?

What kind of family are these children taught by? It's really lawless.

Such children, when they grow up, are also cancer of society.

Before long, her mother came and looked at the doll.

"My child likes the doll in your hand. Can you give it to him?"

Send?

They got it by strength. Why give it to him?

Sure enough, the child was so shameless that his mother taught him.

It's not that one family doesn't go into another.

It's refreshing Xia Xiyan's world outlook.

"Why should I give it to him?"

When the woman heard that she was so kind to say good things, Xia Xiyan refused. She was envious of her good looks. Just now her husband stared at her for many times, but now she was met again. How could she say that.

"I said you're a grown-up here. My children like this doll. Anyway, you didn't buy it. What's wrong with it? I don't think your children like it at all. It's better to give it to my children than to leave it at home

This logic, Xia Xiyan is really willing to bow down.

"Elder sister, I'm afraid you're mistaken. He's not my son. I don't care whether he likes it or not. Why should I give it to him? Even if I take it home as garbage, it's my business. Besides, don't you like my baby very much?"

"You... You are such a mean woman. Can't I buy it with you?"

"I'm sorry, it's not for sale --!" Xia Xiyan takes the steamed stuffed bun to leave, but suddenly, the fat man grabs it directly from behind.

"I want this doll, I want --!"

Then, looking at two people and one person competing for the doll over there, Xia Xiyan's strength is naturally bigger than that child, so she has an advantage.

Xia Xiyan snatched the child, it was a matter of minutes, but who knows, the woman directly pushed Lu ainan, Lu ainan directly tripped.

Xia Xiyan immediately released his hand and went to check his injury. He was thin and tender, so he fell, and his knee was bleeding.

As soon as Xia Xiyan let go, the child fell to the ground. As soon as the mother saw that her son fell down, she ran over immediately, "baby, does it hurt..."

"Wuwuwuwu..." the boy fell to the ground and cried.

Like this kind of naughty, he used it as pure as fire.

But someone passed by and looked at them, "how come it's big fat Liu again? He's so annoying that he bullies us every time."

"The last time my father bought me transformers, he robbed me."

"What! Didn't you say you lost it last time? "

"He won't let us tell the adults. He said he would beat us if he told them. Many of our children have been bullied by him."

"This son of a bitch!" The man on the other side rushed over with his child in his arms.

"I ask you, did you rob my precious transformers --!"

Seeing someone go up to seek justice, those children have the courage to tell their parents one after another about what Liu dafuang has done.

Liu dafuang is so scared that he is half dead now. In the past, he was a bully in school. He was a bully and did all kinds of evil.

These, his mother told him, it doesn't matter.

"Mommy, I didn't take it --!"

Xia Xiyan now checks the landing of Ai Nan's leg, but there is no other place except the knee. Her kind parents carry a band aid and pass it to her.

Xia Xiyan took the band aid and wiped the wound for him. "Stick it first, and then let dad take you to the hospital."

"Mommy, our doll --!"

"Don't worry. The doll is ours. I won't give it to him."

At this time, the boy's father came running, at the moment his wife was besieged, he stepped forward, "what are you doing! To cheat more than to cheat less -- "

Liu Da Pang's father was also very fat. When he was a big man, he had a strong voice. Many mothers were startled. It was the men who stood there and reasoned with him.

But Liu Da Pang's father won't stand there and reason with you. He shows his sleeve and is angry with the society. "My children haven't taken anything. Don't come here to wrongly my children. Our family doesn't have no money. It's a joke to take such small things as you!"

Several parents are angry.

"Then he just robbed in front of us. Were we all blind?"

"Empty talk without a basis. Don't be unjust. Rumor making is a crime. I'll call the police."

Chapter 496

This man's ability to confuse right and wrong makes everyone angry.

Liu DAPAI was not afraid of his father's anger. His father was so powerful that he could deal with these people with one finger, so he was even more arrogant. He pointed to the doll at that end, "Dad, that man pushed me just now, I fell and hurt --!"

When the man heard this, he tried to rush over, "you're tired of beating my son, aren't you?"

Looking at this man so arrogant, many parents worried that Xia Xiyan would be bullied. They went to find teachers or security guards, and some called the police there.

Such a social villain, we do not want to trample on the school atmosphere, really did not expect their children to follow some people as classmates.

Think about it, and you're even more angry. I don't know how this smelly boy bullies his own children. When they are all around, they dare to be so arrogant. Behind their back, they don't know how to do it!

"What? As an adult, you can't do it. Are you ready to do it? "

"Dad, I want her doll --!" Liu Da Pang now has his father's support. He is more and more courageous. He goes to Lu Ai Nan and reaches for it directly.

Xia Xiyan looks at Lu ainan and protects the doll like this. The child is really fierce. With the big size, Lu ainan is no match.

She directly reached out and knocked out the boy's hand, "other people's things, I didn't say to you, you rob, this is different from robbers!"

The child was beaten like this and began to cry.

Bear child a cry, that Liu big fat father immediately stood up, "give the doll to my son, this matter even, otherwise I want to call the police, you this woman hit my son."

forget it?

you must be dreaming.

Many of the parents have suffered losses just now. This family is not kind-hearted. Xia Xiyan is a girl, and she is definitely not their opponent. "Otherwise, forget it. Give her the doll. Don't suffer losses at that time. It doesn't make sense to reason with them. This family is a little gangster at first sight..."

Xia Xiyan is very grateful to those who help her talk, but bear child, and bear child's father, she can't do so.

Besides, forget it this time. After that, it's time to bully people again.

The fat man will certainly bully Lu Ai Nan. He has his own protection today. What about next time?

may not.

"OK, you all talk with your fists. Who wins a fight? Who owns it? What's up! "

The fat man said, "your skinny husband still wants to beat me! Ha ha, joke

Xia Xiyan originally thought that this fat man who didn't learn countless things could deal with himself, but who knows, it was Lu Shimian who was waiting.

.....

Holding a child, just standing there, watching Lu Shimian close to himself.

That man's spirit is much stronger than the average person.

As soon as he appeared, the man at that end was oppressed by his momentum. Liu DAPAI's father looked at the man with a straight suit. This place is an aristocratic school, so there are many men in suits, but they are not as dignified as the man in front of them.

It seems that this is the only word that can make the scene clear.

However, whose husband is this man? He met her husband just now. He doesn't look like this. Although he is similar to the figure in front of him, it's definitely not him.

He's not blind, either.

Xia Xiyan wanted to know that Lu Shimian would appear here. He probably forgot the time when he appeared last time.

A tall and cold figure is getting closer and closer. The corner is in black clothes, full of the cold breath of death.

People around looked at the man, knocked his eyes, consciously gave way.

The sharp and angular outline under the short hair is cold and tight. The deep and three-dimensional handsome features seem to be covered with frost. A pair of dark pupils stare at Xia Xiyan and the child coldly, as if to see two holes in them.

Lu Shimian's face was gloomy. When he looked at the children beside her, his face was almost black, which was much thicker than those brushes.

Xia Xiyan doesn't know why he is so angry all of a sudden.

But the heart beat in vain, subconsciously want to avoid the man, or, want to hide.

"Won't you? Who gives you confidence? "

The fat man was said by Lu Shimian that the temperature suddenly dropped to freezing point, but he soon recovered.

"Who are you? You're not her husband. You're pretending to be a fart here -- "

Looking at the bloodthirsty and brutality surging in the man's black eyes, the man subconsciously shrinks his shoulder, but her son is watching, he can't be a shrinking turtle.

"I've seen her husband, but he's not like you, sir. It's my personal enmity with him. Don't get involved in it blindly!"

The next second, the man's fist directly hit the dead fat man's face. With such a fist, the dead fat man's face turned blue, and his teeth were directly knocked off by the man's fist.

The man was directly beaten by his fist, and even the woman on one side was stunned. Later, he went to support his husband, "husband, how are you?"

The man vomited a mouthful of blood out of his mouth, "you're serious, I'll make you strong!"

He waved his hand and rushed over without any image. Xia Xiyan looked at the man and immediately covered Lu ainan's eyes. "Baby, close your eyes --!"

Such a bloody scene is not suitable for children.

Just looking at Lu Shimian's foot, he pulled the man down to the ground, and the man was so knocked down that he couldn't get up.

"You're not her husband. What's the matter? I'll sue you!"

"I am her husband --!"

"You're not my father --!" The boy had already made a sound before he heard this. He was not his father. His father's name was Lu Zhaonan, not him.

"You see, people and children don't recognize you. They are still here to show off to others. Where to cool down, where to stay!"

Xia Xiyan looked at him, his hands clenched into a fist, the blue veins on the back of his hand raised.

Xia Xiyan hasn't responded yet. The next second, her arm is roughly grabbed by a force, and then pulled down by a man.

"Wife, they say you are not my wife. How can I punish them for being blind?"

Lu Ai Nan's body was suddenly cold. Looking at the man holding her mother, he ran to her and said, "you can't take my mommy!"

Chapter 497

The man's eyes are bloodthirsty. At the moment, Liu dafuang's father is staring at him, and he doesn't dare to continue to look.

It was the woman at the other end who said, "who knows if you are her mistress or who, a woman like her, doesn't know how dirty she is, depends on her good looks, and doesn't know how many men she seduces..."

What she said there was very excited, and her spittle was all over the place, but he didn't know how angry Lu Shimian was at the moment.

Xia Xiyang feels men's tension.

She knew she was angry.

The woman who is not afraid of death touches the man's scales. Before Lu Shimian takes action, Xia Xiyang slaps her directly.

"Keep your mouth clean!"

"You... You dare to hit me! At first glance, I became angry. I was right! They all have sons, and they secretly hook up three and four, fox spirit! "

Men's eyes revealed a sinister, "you... Find... Die."

The woman was scared by his eyes. At the moment, several big bodyguards rushed over, "young master."

"Clean it up!"

Then, listen to the woman's scream at that end, and the child's sad cry.

Compared with Liu's parents, those bodyguards must have been professionally trained. In fact, Liu's father didn't have the strength to bind a chicken. Soon, the police came

"Who is gathering people to make trouble?"

Before Xia Xiyang could react, she was dragged away by Lu Shimian, but the child... Suddenly she thought of Lu ainan.

Because the hands are empty, I can't help looking back for the child. At a glance, I saw the lonely child

standing there.

"Lu Shimian, let me go!"

The man was torn off by her. He just watched Xia Xiyuan run to save the child. Lu ainan's eyes were red. Although Xia Xiyuan didn't let him see it just now, he heard it.

Heard that uncle say it's Mommy's husband, and other words.

The aunt said that mommy was a fox spirit and so on. In his heart, mommy was the best person, but... The appearance of the uncle made him a little afraid. It seemed that he would lose mommy at any time.

That's his mommy, the only Mommy.

Being held by Xia Xiyuan, Lu ainan didn't dare to call Xia Xiyuan Mommy, because a while ago, Xiaoting's parents divorced. His father found another woman outside, and her mother also found another man.

Although he just went to kindergarten, the child's mind is very sensitive. The words that the aunt said just now are sarcastic, and they are not good words.

Xia Xiyuan holds Lu ainan in her arms. I don't know why. When she comes to Lu Shimian's side, there is a kind of faint uneasiness in her heart.

He didn't feel that he had done anything wrong, but looking at Lu Shimian's anger, she felt guilty, just like her wife had done something shameful and her husband had caught her.

But... They are divorced, where is still a couple, even if they meet on the road, they should pretend not to know each other.

Why should she be afraid of him? Why should she show that she is a little sorry for him.

Xia Xiyuan is still thinking about something. Suddenly, an oppressive tall figure comes and grabs his wrist.

The woman is holding the child, so suddenly caught, a little dull, but then, his other one, was also caught.

It's Lu Zhaonan.

When the man saw Lu Zhaonan, his eyes suddenly filled with blood and scarlet, "let go!"

He is like a wild animal out of control. He may go crazy anytime and anywhere.

"You put it first."

Listen to these two people say this words here, Xia Xiyan's slender eyebrows contribute to a group, in the heart some inexplicably angry, clearly this is the hand is her own, why these two people show, as if this is the hand is theirs.

Closed eyes, deep in the heart of a strong sense of powerlessness.

"You hurt me --"

But none of the two seemed to notice themselves at all, and their eyes were fixed on each other, "that's my child, let go!"

"You're holding my woman!"

When the man said that, the whole person was angry, his eyes were dark, and his whole chest was filled with strong anger.

Just now, just now, he saw online hot search.

Xia Xiyan and Lu Zhaonan.

It's just hanging together. It's been on the Internet.

Most of them are beautiful men and women, and they are forwarded by many people, which has caused a lot of waves on the Internet.

So he couldn't bear his patience and found him.

Can come to see such a scene, that repeatedly said to stay away from their own woman, now holding a child of someone else's family, where promising intimacy, and, that damned child, even called her Mommy.

Xia Xiyan most hate children, this is what he knows, he wants her to give birth to a child belongs to them, but Xia Xiyan said more than once, he will not give birth.

She hates it.

He thought, as long as she is by her side, if she doesn't give birth, she won't give birth. Their two lives don't need a child to destroy.

What's more, it's painful to have a baby. He doesn't want summer sunset to hurt.

But he never thought that they would encounter such a thing after them. However, even now that his mother is lying there, she still believes that Xia Xiyan believes in her unconditionally.

But what about him!

In the outside to her hook three to four, casual strange man can hold her hand, touch her body!

The man's mood just broke out. He clenched his fist and headed for Zhaonan.

Lu Zhaonan is not a simple character. After being hit like this, he has already beaten them. Xia Xiyan looks at them. Lu Zhaonan is a killer. His hand is faster than that of Lu Shimian.

Xia Xiyan realizes the danger and stands in front of Lu Shimian regardless of everything.

She's probably an instinctive emergency response to the first reaction.

Lu Zhaonan didn't expect Xia Xiyan to rush over. His fist almost fell on Xia Xiyan's face. But even now, he took back his hand, but it was because his fist was too hard that he swept her cheek.

Xia Xiyan's face suddenly turned red.

Seeing Xia Xiyan, Lu Zhaonan frowned, "what are you doing! Don't die for this man

Xia Xiyan doesn't know why she is standing in front of him, probably because Lu Zhaonan is more credible than Lu Shimian.

Lu Shimian has known him for so many years, and Lu Zhaonan has been a killer for just a few days.

"Mr. Lu, I helped you. You can't be so right and wrong."

Chapter 498

Xia Xiyan put the child into Lu Zhaonan's arms, endured the pain of her cheek, cold and distant, "Ai Nan, you go back with your father."

With that, she dragged Lu Shimian away, and left without looking back.

The man standing there looked at the two people who left together. His face didn't look good. After such a scene, I don't know why, he felt very dazzling. The outline of the line was tight, and the forehead was blue.

He wants to rush up to separate the two people, eyes tightly staring, but he knows that he has no reason to do so.

She is not.

Looking at two people on the car, Lu Zhaonan's eyes gradually become gloomy and cold.

In fact, he didn't kill her because of that face

Just like her, even chatting with him is the same.

However, one is a little white rabbit in front of acquaintances, and the other is a little white rabbit in the eyes of strangers.

He didn't catch up, just like a sculpture, standing there, as if at that moment, the whole person was at a loss.

"Mummy... Wuwuwuwu..."

Lu Zhaonan looks at the far away Xia Xiyan and tears fall down. Her mother really follows others.

After that, I will never see you again.

"Don't cry..."

Lu Zhaonan is not so fierce. Although he is also a man of few words in front of Lu Ai's south, I don't know why. This time, he was so fierce.

Lu Ai Nan stifles his tears. His long eyelashes droop down. He thinks that one day, she will go to Mommy.

one fine day.

Even if she didn't want him, he would go to him.

He watched the car leave far away and wrote down the license plate number.

He seems to have no other way, only at this moment.

The doll on the ground, Mommy didn't take it away, so she was left alone, like she left him and dad here.

He came down from his father's arms and picked up the doll, her small size. The doll was many times bigger than him. He pulled Lu Zhaonan's hand.

"Dad, let's go home."

When he said this, Lu Zhaonan was not happy. Even Lu Shimian saw such news, let alone her.

Did she really not see them, or did she deliberately not come to see them?

Just have the heart.

She said she didn't like him to be a killer. He had already washed his hands. Moreover, she had never killed anyone. Being a killer, she just

Lu Zhaonan looks at his son. He wants his mother. He always knows.

"Shall I let her play with you for a few days?"

Lu Ai Nan raised his eyes. He didn't know what Lu Zhao Nan meant, but he took the phone and called again.

Before long, the car with the familiar brand came back.

From the car, jump down a familiar figure.

"It's Mommy... Daddy, Mommy's back for us again!"

Lu Zhaonan is only a few years old. Of course, he is very dependent on his mother. Moreover, his grievances just disappeared when he looked at Xia Xiyan.

Xia Xiyan hugs Lu ainan. In fact, she doesn't know why she doesn't give up the child. It's clear that the child has no blood relationship with her.

Obviously, the child only contacted her so many times.

But I'm not sure about him.

Looking at him hiding in the classroom alone, I will love him, look at his tears, want to help him dry, look at him alone, want to accompany him

It's a wonderful feeling.

It's something she's never felt like to strangers.

She picked up Lu Ai Nan, and Lu Zhao Nan said, "I'm going out these days. I'm not sure he's at home alone. Please take care of him for a few days."

His tone is very friendly. It's totally different from just now. I don't know if it's because Lu Shimian didn't get off the bus that he

"Are you going to find her?"

In fact, she has no intention to inquire what he is going to do. It's her private business, but Xia Xiyan is

always worried about Su Xiaowan. At the beginning, this man wanted to kill Su Xiaowan.

She is afraid of helping tyrants.

"Well."

Although only a few days contact, but Lu Zhaonan is a man of words.

Xia Xiyan hugged him, "I wish you find her as soon as possible, a family reunion."

"Thank you."

Lu ainan didn't know what she said to her mother. He didn't know whether it was a man or a woman, but he was very happy in his mother's arms.

I don't want dad all of a sudden.

Looking at his son, Lu Zhaonan turned his elbow outward, feeling slightly jealous.

Lu AI Nan pointed to the doll on the ground and motioned her to take it back.

Xia Xiyan carries a Pink Hello Kitty on her shoulder and holds Lu AI Nan in her other hand. Lu AI Nan beckons to her father and will not go away.

Lu Zhaonan thought that he really raised a good son.

Xia Xiyan with the doll and Lu AI Nan went to the car, looking at the huge Hello Kitty, suddenly confused.

This thing doesn't fit in the trunk.

Lu Shimian drives a sports car with only two seats in front.

"... this prize seems a little big."

Lu Shimian frowned and looked at the pink doll, which was many times bigger than Xia Xiyan. She didn't like dolls since she was a child. It was the first time that she carried such a doll in her hand.

And that little milk bag

"Put it on the roof."

So, three people sat there, a huge Hello Kitty on the roof of the car.

In the car, Lu ainan is very resistant to this new uncle, probably because of the same sex.

"Baozi, you will stay with me for a while these days. Don't worry, I will take good care of you."

"Mommy, I'll be good."

After Lu Ai Nan finished, her eyes were fixed on the driver Lu Shi Mian. Xia Xiyan was not ready to introduce Lu Shi Mian. She was just a coachman, but she saw the child looking at him all the time.

"This is your uncle Lu."

Uncle, Mommy?

Lu Shimian was very uncomfortable.

"Call dad --!"

"... I have a dad." This little stubborn temper, as soon as he came up, he took Lu Shimian to heart.

Lu Shimian's face was dark, and Xia Xiyan looked at him, "Lu Shimian, if you don't want to be shameless, you have to take advantage of children."

"Baozi, ignore him."

"It's OK not to call my father. Don't call her Mommy!"

Small steamed stuffed bun angry, "with what!"

"She's my woman, not your mommy!"

"... Wuwuwuwu..."

Xiaobaozi said, but he could only cry. At this moment, Xia Xiyan held her and glared at the man driving, "Lu Shimian, how old are you? Can you stop being so naive? I won't take your car!"

Chapter 499

Lu Shimian naturally won't stop the car. He finally found it. How can he say that of course he would let them off when he got off.

He's not here to be a driver. He's here to be her husband.

Xia Xiyan sees that the speed is faster and faster, this man

"Can't you pay attention to the children when you drive so fast?"

"If I don't pay attention to him, you can still sit here!"

"....."

Here we go again.

She didn't want to talk to him any more. She held Lu Ai Nan and looked out of the window. In fact, she was not familiar with this place. She was locked up there these days. In fact, she didn't know where she was.

But this is not a port city.

Because the temperature is different.

But the location of Xia Xiyan is not very good. For a while, I can't tell.

Lu Ai Nan was afraid that her doll would fall out of the window. She looked at her and said, "don't worry, it won't fall out. I tied it tightly just now."

Lu Ai Nan was relieved when he heard the speech.

But soon, Lu Ai Nan found that the car was not driving towards his home. "Mommy, this is not the way home."

Although Lu Ai Nan didn't go to kindergarten several times before or after, he always looked outside when the driver sent him.

If you look at it this way, you can remember the road all at once.

"When did I say I was going to take you home?" The man coldly came a, he now found that he also hated children, especially the child sitting on the leg of Xia Xiyan, recklessly touching her clothes.

I can't stand it. I just want to throw him out.

There is a burden between the two. It's so sad. Lu Shimian wanted to have a sweet life with her.

Xia Xiyan is not here these days. He sleeps alone every day. He can't sleep at night. But he doesn't dare to go to him. He is afraid that his father will find her.

He secretly bought a house next to her apartment, or bought it with someone else's ID card.

So secretly lived for a month, but still found that they are not at all.

People are insatiable. Once they have one, they want a second time. After the second time, they want

more.

So, all the time, he no longer looks for her. On the way home, he follows her behind, where she eats, sits in the car and looks at her

His life is all affected by the summer sunset.

Little by little.

"Where are you taking us?"

"Back to our home."

"....."

Xia Xiyan doesn't know what the hell Lu Shimian is going to do, but now she has no money and no place to go with the child, and she doesn't know where Lu ainan's home is.

Lu Zhaonan's identity may have set up a lot of enemies outside. He thinks it should be a lot. Otherwise, he can't entrust his children to him.

After all, there are many maids in his family to take care of a child, which is no more simple thing.

But he entrusted his child to himself, a man who had several friends with him.

Lu Shimian took them to the seaside, where there is a private villa.

It's a holiday villa. A long time ago, his father bought it for his mother's exclusive use. He also knew it by accident.

"Wow, so beautiful..." Lu Ai Nan looked at the beautiful scenery in front of him. In fact, he didn't go out very often. Even when he went out, his father took him out to buy some things.

It's the first time to see the scenery like this.

Xia Xi Yan looked as like as two peas in the villa. She was still hesitating to step in, but she was dragged by Lu Shi - Yan.

"With me, no one dares to do anything to you!"

Xia Xiyan looked at him, such words, for her, permeated the bottom of her heart.

"You... About Mrs. Lu, I..."

"I know it's not you."

"You know?"

Xia Xiyan looks at him as if he knows everything at this moment, but he doesn't know anything

She also wants to ask what, that child pulls her hand, wants to let her take her to go out to see the sea, grows so big, Xia Xiyan is also one of the few to see the sea.

She likes the sea very much, looking at the past can make her mood calm down and don't think about anything.

The sea breeze on my face is very light.

Lu Ai Nan picked up a few conch, he played in his hand, Xia Xiyan looked at him, the child is very simple, a little small things, can make him happy for a long time.

Soon, the setting sun fell, leaving only a dark, Lu Ai Nan afraid of the dark, she took Xia Xi Yan's hand, to go back to the villa.

As soon as I entered, I smelled the fragrance from the villa. There was no one else in the villa, except Lu Shimian.

Xia Xiyan took Lu ainan to wash his hands. Up to now, he is really dirty.

Xia Xiyan had no choice but to take him for a bath. Fortunately, although there were no children's clothes here, Lu Shimian still had some shirts.

Xia Xiyan bathed the boy for the first time, "that... I'll go to the uncle downstairs to wash it for you, OK?"

Men and women are different, let alone not their own son, Xia Xiyan seems unable to persuade himself to give him a bath.

Lu Ai Nan used to bathe himself in the villa, "Mommy, I wash myself."

"Can you really?"

"Well, I used to bathe myself in the villa."

"Then I'll wait for you at the door. Call me when you're done."

Lu Shimian comes out with the steak. Lu ainan has already taken a bath and is wearing his shirt.

It looks like a kid who's been wearing adult clothes.

It turned out to be wearing adult clothes.

"Well dressed."

"I'm a man." Lu ainan was hungry. He didn't eat much lunch today, because other children had their parents, but he didn't, so he was lost for a long time.

I didn't even have lunch. Now I look at the steak in front of me, salivating and fragrant. Let's see Lu Shimian.

His bulging eyes blinked in disbelief.

"Uncle Lu, can you even cook?" Even daddy can't cook. He can't eat the food he cooks.

And almost burned the kitchen every time. But Uncle Lu is very good. He made a steak and didn't paste it at all.

But Lu Shimian took the plate in front of him childishly.

Lu ainan didn't know what the hell Lu Shimian was going to do. He just looked at the plate in front of him being robbed by him.

"... if you call me father Lu, I'll give it to you."

"... you bully people." Lu AI Nan has never seen such a person.

"It's father Lu."

"... I don't know." Lu AI Nan's hands are around his chest. Looking at the man at that end, he can't call him Dad.

Everyone has only one mom and dad.

"Then don't eat it."

Lu Shimian took his plate and sat down to eat it.

Lu AI Nan's stomach grunted, and he finally bit his teeth, "father Lu."

"Good..."

But after the call, Lu ainan fell into deep doubt, "you are my father, what about my father?"

"... he's him, I'm me."

"But the book says that everyone has only one father and one mother, but how can I have two fathers? I can't call you father..."

"You'll have to go hungry today. I'll only make it for my son and my wife."

"....."

Forget it. Now it's important to have a full stomach.

Lu AI Nan called out, "father Lu."

Coincidentally, Xia Xiyan heard it when she came out.

Xia Xiyan just went to wash Lu ainan's clothes. He has no clothes. He can't always wear Lu Shimian's shirt.

So I started to do the laundry.

As a result, listening to Lu AI Nan's heartless voice, he said, "father Lu

It stunned her.

Just now, Lu AI Nan had a face of resistance. He looked as if he was going to die, but he felt that he had a position.

But how long did it take to rebel?

If Lu Zhaonan knows, his heart will be broken.

His own son, so quickly turned against each other, called to be father.

Lu Shimian cuts the steak and hands it to Lu AI Nan. Lu AI Nan looks at the steak in front of him, perceives the eye of that end, and looks along the line of sight. As expected, he sees Xia Xiyan.

"Mommy, he will be my father in the future."

Xia Xiyan looks at Lu Shimian and looks at him with pride.

It's shameless. Even children take advantage of it.

.....

Su Qiqi found several reporters through her uncle. As soon as she heard about her news, she was very interested in it.

Su Qiqi bribed the doctors in the hospital and easily got Su Xiaowan's examination report and handed it to the reporters.

"I'm exclusive. I don't have one outside. You're the first one I think of."

"Miss Su, for our sake, we will certainly help you in the future --!"

Journalists and stars are on the same line. Now, Su Qiqi can help them get news. Naturally, it's a matter that affects their wages. Only with explosive news can they increase the value of news.

Soon, the first company to expose Su Xiaowan's depression was a small company.

As soon as the news came out, it went on a hot search.

It took Su Xiaowan three days to get their first news.

Take sleeping pills for a long time.

It has its own test report and a lot of previous news

It's moving things in the direction of depression.

Before, there were several stars who committed suicide because of depression. At that time, it had a great influence at home and abroad.

As soon as Su Xiaowan's news burst out, it immediately triggered a heated discussion.

Discussion heat, with tens of thousands of data per second, has been accelerating.

"Young granny, what should we do now? If you go on at this speed, you will soon be stripped

Chapter 500

Su Qiqi looked at the constant news, she stood in the window, laughing very happy.

She called Shen Yin and told her about it. The latter was not as happy as she was. "77, let's not be so happy about it too early. Be careful."

"Mom, the orientation of the news is good for us now. Su Xiaowan was abandoned by Feng Yan. Feng Yan won't help her. Don't worry. Even if the fire is on fire, it won't burn us."

Shen Yin thinks it's a little too smooth. I don't know if it's because it's too smooth, so she's worried.

"Be careful anyway. By the way, how are you doing these days?"

When it comes to filming, Su Qiqi immediately thought of Gu Jinzhou.

"Mom, I've got someone I like lately."

Shen Yin said, "seven seven seven, we can't just find no three no four..."

"Mom, what do you think? I've figured it out last time. I don't like those little gangsters. It's Gu Jinzhou. Do you know Gu's family in Dongcheng?"

Dongcheng

Dongcheng is far away from Jiangcheng, but when Shen Yin played mahjong, he still heard about taking care of his family.

He is the richest man in the east city.

However, this Gu family has two sons, one is disabled.

The other one is very mysterious. She also overheard them talking about this person. She heard that in the performing arts circle, it was a fire, but later, there was no news.

Some say he died, others say he went abroad to hide his name, others say he went to the army

Anyway, there are all kinds of things to say.

But it has not been verified.

No one knows which is true and which is false.

At this moment, Su Qiqi said, "what you said about taking care of the family... Is it the richest man in the east city?"

"Well."

"That Gu Jinzhou, is Gu family which son, can't be that cripple?"

Her daughter is not as smart as she was. Shen Yin is always afraid that Su Qiqi will do something earth shaking.

A while ago, she was pregnant, which had already left her in a mess. If she liked another disabled person, she might as well hit the wall directly.

"Mom, how can I like the disabled? Gu Jinzhou is the hero of our new play and the young master of Gu's family."

Su Qiqi is also the person who asked for the information.

If Chen Xu didn't know something about Gu Jinzhou, she would have missed this man.

"Mr. Gu?" As soon as he heard that it was the eldest young master, Shen Yin's heart immediately put down and breathed a sigh of relief, but when he thought about it carefully, he immediately lifted it up, "does he like you?"

"Anyway, he didn't refuse me, mom. I can feel that he likes me. This time, I must seize the opportunity. I can't let it slip away any more. I must be a housewife."

"77, don't worry. Mom will help you."

"Thank you, mom."

.....

On the other side of Feng's house, the two people in the old house watched the news. They were almost angry.

"This little company still wants to hype my daughter-in-law! It's got a big face, old man. It's bought! "

The old man was very obedient and immediately called. Not long after that, the company was included in Fengjia.

Su Xiaowan watched the news on the Internet. She was watching it for one second, but the next second, it was gone

This

After that, a piece of news came out on the Internet.

It was in the news magazine just now.
