

## good evening 501

### Chapter 501

An apology was sent.

—Everything is a misunderstanding. We didn't check Miss Su Xiaowan's affairs at the first time, but released the news of our family on the Internet, which caused trouble to Miss Su Xiaowan. I'm sorry

Su Xiaowan took her mobile phone and looked at it several times, but it turned out that she was not wrong.

But

She originally wanted to let Shen Yin show their feet. After all, this time the momentum is so hot, according to their character, they will definitely make a big move.

But now, this just appeared, it was suddenly pinched off.

She called Feng Yan in a hurry and got the result that... The old lady bought all the magazines. None of her news could be sent.

As soon as I hung up, my phone rang again. It belonged to the old lady.

Su Xiaowan answers the phone with a nervous mood.

"Er... Xiaowan, it's my 70th birthday in a few days. I miss you so much. My son bullied you. You just ignore her. Why don't you even come to see us lonely old people..."

Er... It seems that she is a bad witch who abandons her wife and children.

This old lady has said so. How dare Su Xiaowan not follow, "... Mom... Old lady, I'll see you in a few days."

The old lady was elated when she heard this, but then Su Xiaowan changed her words again and became unhappy again. She was an emotional person, and his old man could bear it, "... Then you must come."

"Well."

"How are you? I asked Aunt Li to make some soup for you and send it to you? "

"No, I'm all right. I'll be discharged soon. Thank you for your concern."

The old lady listened to the polite voice and pouted. If it wasn't for her son, her daughter-in-law would be the treasure in her hand.

What? Thank you or not. It's a family, but it's better now.

"You don't have to care about that scum man. I've broken off my relationship with him. Don't worry. Our family is not an illiterate person. He should be punished for what he did to you. Anyway, my old man and I don't think we've ever had this scum man. Xiaowan, don't worry. Your marriage is on me. I don't believe we can find a better man than that scum man, Don't worry, I won't let him come that day... "

The old lady was very excited. Su Xiaowan didn't even have room to interrupt. She wanted to explain, but now Lin Zhenzhen came.

She can't continue to call Feng Yan's mother in front of Lin Zhenzhen, "old lady, I have something to do here."

"Then you are busy. Remember that my birthday will be three days later. I must come!"

"Well."

After hanging up, Lin Zhenzhen came in and showed her her her mobile phone. She didn't look well.

Su Xiaowan stared at her, puzzled and said, "what's the matter?"

"See for yourself."

His enthusiasm has come up again. This time, someone picked her up on the Internet... The key is to announce the love news'

There is a picture of her and the man, but in the night, I can't see who this man is.

"Who is this man?" Su Xiaowan's face was forced.

"You don't know?"

Su Xiaowan shakes her head. This person's number is newly registered. There is nothing on it except such a message.

As soon as the news broke out, there was a rumor that Su Xiaowan was trapped by her love, so she couldn't think of it and wanted to take sleeping pills.

It looks like a chain game.

And Lin Zhenzhen found out that this person is not someone else. It was just a while ago that he was sent to the detention center. He came out yesterday, Tang Xiao.

According to the law of Jiangcheng, Tang Xiao's whoring is to be detained for several days and fined.

As soon as he came out, he immediately sent such a piece of content, even bought heat, and Su Xiaowan's name was pushed up again.

"You take good care of it these days. I'll deal with it, and you don't have to worry about it."

After Lin Zhenzhen left, Su Xiaowan watched the news and accidentally got an affair, or with the fat man?

Soon, the Internet exploded again.

Tang Xiao is not in love with Su Xiaowan at all.

Insiders revealed.

"They must have been together for a long time. I saw Su Xiaowan enter Tang Xiao's room a while ago --!"

"It's said that Tang Xiao is a producer --!"

"It turns out that Su Xiaowan brought the capital into the group!"

"....."

"A while ago, Tang Xiao went whoring... Didn't Mr. Tang always get rid of him?"

"What do you know? A second-generation rich camel like them is bigger than a horse. Even if he leaves the Tang family, he still has something in his hand... No, how can I remember that Tang Xiao has a wife, or the daughter of a group..."

"... my God, does this Su Xiaowan become a junior?"

"When Xiao San is still so horizontal, he even let Tang Xiao make it public?"

"....."

"....."

"So now this Su Xiaowan is Xiao San?"

"But she... How do you like Tang Xiao! Are you blind? "

Post a lot, this moment all kinds of people began to shadow, but all the dirty water on her body, and even, also led to a lot of old things before.

Su Xiaowan thought that there was only Su Qiqi behind this, but now it seems that it is not.

Why did she forget all of a sudden? There was another Shen Qi'er.

I don't know how much benefit Shen Qi'er has given him. He dares to pull her down in this storm.

Naturally, Yu Meng also saw the news.

There is an emergency meeting at the moment.

"Now Xiaowan is still ill, so don't disturb her to have a rest. Zhenzhen, you should take care of it."

Lin Zhenzhen nodded. She had asked PR to delete the post, but it was obvious that this time someone did it on purpose, "I will deal with it myself."

That Tang Xiao, she will deal with it herself.

People who dare to bully her.

But at the same time, originally Su Qiqi looked at those news, she was angry, but suddenly it seemed that someone had helped her.

Chen Xu stood there, brushing the comments on the Internet, "it seems that someone is behind you."

The news just published has been lost by public relations, and the speed is pressing. This Su Xiaowan is a powerful one. Moreover, as soon as the magazine appeared to make such a statement, there was no water on the Internet.

Su Qiqi sneered. The woman on one side was fixing her nails. "There are more people who hate her than I do. I don't pay her. Some people will deal with her."

Besides, she already knew who it was.

There will be no one but Shen Qi'er.

Lin Zhenzhen said that she would help her deal with the news. Naturally, Su Xiaowan didn't care. Who spread these things? Su Xiaowan knows.

And now she knows something even more amazing.

## **Chapter 502**

"It's her."

Su Qiqi's move is really good. She carefully set up a game to play with Shen Qi'er.

"Yes, this is the surveillance video of the engagement day. I watched it several times before I saw that it was her. I really didn't expect that she had the courage to sneak into the engagement banquet and play such a trick."

She always felt that there was someone behind Shen Qi'er's abortion, but she didn't expect that it was su Qi Qi.

She took the lead in Shen Qi'er's drinking power, carefully arranged such a bureau, waiting for Shen Qi'er and her to appear, a mantis catching cicadas, yellow sparrow behind.

Although she didn't get any benefits, she also got the effect she deserved. The comments on the Internet kept coming one after another. At that time, if it wasn't for Feng Yan, she would have been a street mouse now.

"I contacted Su Qiqi's attending doctor. Su Qiqi's child, the one you photographed to me that day, has been 20 weeks. During that time, she was preparing for medical abortion, so it makes sense that she had abortion drugs in her hand."

"The stillbirth in Shen Qi'er's stomach has been about 10 weeks. If she doesn't induce labor in time, the stillbirth will stay in the mother for a long time, which may lead to the risk of blood coagulation. If she stays a few days later, Shen Qi'er will also know that she has taken such a loophole to give her a chance... I also found that Su Qi Qi had a hymen repair operation, I don't know who's going to be in trouble again. "

Shen Yin wants Su Qiqi to marry into a rich family, which she doesn't mean.

"Young granny, what are you going to do?"

"Isn't she fond of slandering people? Let her have a try. I can't tell you what it's like to have a mouth

When she was in a hurry, she went to the newspaper to see Feng Yan's thigh.

.....

In the evening, Feng Yan took advantage of the night.

Su Xiaowan sat there like a little daughter-in-law. As soon as the news she had just exposed on the Internet came out, she asked Feng Yan not to interfere. So now Feng Yan's face is very dark, and he looks like a strict father.

"Didn't you just say you would cooperate"

"I don't like you being discredited by others. If Lin Zhenzhen can't handle this matter well before seven o'clock tonight, I will handle it myself"

Su Xiaowan's eyes stared at him, slightly uneasy, "... You are not going to send people to the Public Security Bureau, are you"

"There are ways to deal with people like him." The man's eyes fixed on her, "I promise you to do what you like, but also, I said, you can't be bullied by others"

"But you will bully me too"

But the man suddenly put his hand around her, and the lip fell on her neck, which made Su Xiaowan itch.

After that, listen to him.

"If he dares to bully you like this, do you think I can keep him?"

Su Xiaowan suddenly raised her eyes and saw only the lunar calendar in Feng Yan's eyes. She rarely saw him like this.

She seems to know little about Feng Yan

She knew everything about Feng Yan after being with him for such a long time, but at this moment, it seemed that he was a little different.

"Feng Yan, Zhenzhen must be able to handle it well. You have to believe her. She has strong professional ability. You are giving him a day, OK?"

"No way."

"... Feng Yan..."

Su Xiaowan looked at the man. In fact, she had her own idea in her heart, but if Feng Yan intervened, she had no chance to backhand.

Because Feng Yan will help her deal with everything.

Then all her carefully arranged plans will be in vain.

Facing such a person as Feng Yan, if you can't be tough, you can only be soft. Su Xiaowan looks pitiful at him, "Feng Yan, do you believe me for once?"

"... good."

What ?

When is this move so useful? She hasn't used the beauty trick yet!

"But I can't handle it tomorrow evening. I'll step in."

"Certainly! You can wait and see tomorrow -- "

"....."

"I mean, you'll see sister Zhenzhen's strength tomorrow."

The man took a look at the coffee at the head of the bed. The coffee was still steaming. It seemed that it had just been brewed. She was the only one here. The coffee was not for herself and no one else.

"You're not in good health. Don't stay up late"

"... it's because they're going to throw me some big news" Su Xiaowan holds his chin and touches Feng Yan's face. He knows that he cares about himself.

She said, "in fact, their tricks are not high. There is no explosive point for this kind of thing. I'm just a small person. Although the play is a little hot, my attention is not very high. Compared with those stars who have a topic, in a few hours, the heat will drop. Everyone's life is very busy, and they will always pay attention to these things, It won't be long before people forget it, and these things won't affect me. "

She is just a person with little enthusiasm. Many people say that this hype is due to the new play, and the person behind it has not responded up to now.

In fact, this matter is not so bad.

"By the way, today my mother called to say that she was going to celebrate her 70th birthday. I haven't bought her a present yet? What does she like? "

"You."

Feng Yan coldly choked out such a word, simple and clear.

He almost choked Su Xiaowan to death. He didn't stop talking.

"Then I can't give it to her. I'm not yours? But I'm serious with you. What does she like? I can't go empty handed, otherwise others think your wife is so poor! "

"She should have everything. The only thing she needs is probably her daughter-in-law"

"... but I'm her daughter-in-law!"

Forget it. It's no use asking Feng Yan. Feng Yan is right. The old lady has everything. She doesn't need a little gift.

However, we still need to have our heart. Isn't it said that courtesy is light and affection is heavy?

Last time she saw that the old lady seemed to like diamond rings, but she could not give her a diamond ring.

Su Xiaowan fell into the strange circle of giving gifts.

Lin Zhenzhen called Tang Xiao, but the man's attitude was extremely arrogant, "you don't have to call, I won't withdraw it!"

"You..."

What else did Lin Zhenzhen want to say? As a result, he hung up the phone directly, and then he hacked him.

Lin Zhen went directly to his apartment to find him, but he didn't find anyone. Now he is famous by the company, and the big company doesn't have him.

But she heard from many aspects that Tang Xiao is lustful, but she has a wife.

### **Chapter 503**

She was married before, but in recent years, she is said to be divorcing... But she didn't find Tang Xiao's wife's address.

Lin Zhenzhen dragged a lot of people to find him, but he got nothing.

She can only go to the bar that Tang Xiao often goes to.

At the moment, Tang Xiao is holding a ten million check, holding a beautiful woman is intimate, the information on the Internet, he sent.

It's not that he is not afraid of the young master Feng. He was beaten by the young master Feng and made such a scene again. He was removed from the family.

But without the protection of his family, Tang Xiao is nothing at all. Although his wife has a lot of shares in her family, she doesn't keep them for herself at all. He's just the old man who can cheat him.

The old man has a lot of illegitimate children and is not enthusiastic about him.

Tang Xiaoben didn't have the ability to make money. His only hobby is to invest in such films and sleep those female stars.

Every time he invests in a project, the capital is not large. When he gets a return, he can turn it into cash immediately.

Then invest in another show.

After all these years, many women have been sleeping for nothing.

But all this was destroyed by the young master

He was thrown into the Bureau, and many people pointed at him and said he was a rapist.

Fortunately, those people have no evidence, so he was only locked up for a few days and released.

On the day of release, Shen Qi'er found herself.

It said that as long as you send a picture and text, you can get 10 million.

After that, she could help him get the remaining shares in his wife's hand, and he immediately agreed.

The shares in her wife's hands are very valuable, but her wife left home on her wedding night because she was out singing all night. Now she has been married for more than a year, and she can't find anyone.

He had money to spend and a woman to sleep, and he didn't want to find her at all.

As long as he does not divorce, he is the uncle of the Nahe family. When the old couple of the he family die, he, as his son-in-law, can inherit the property of the Nahe family.

Compared with his own family, he family is rich and has status, otherwise the old man would not let himself marry that ugly girl.

Tang Xiao frowns at the thought of his wife.

Hera is very ugly. At the beginning, she couldn't get married. She was over thirty years old, and no man dared to marry her. In fact, the family of Hera is very prosperous. He is a rich man of three generations, and his family started very early.

There are a lot of stores on the land in his hand, and there are tens of millions of profits every year.

But Hera had a lot of marriage, and no one liked him, so she married herself. Knowing that she had a reputation, she would marry herself if she had a stake.

It's just that Hera, though ugly, is a smart man.

She held those shares in her own hands for several years and refused to give them to herself.

Therefore, as soon as he heard that Shen Qi'er would help him, he was immediately moved. Even if he was against Feng Yan, he had no fear.

But she didn't expect Lin Zhenzhen to find herself. Lin Zhenzhen is very beautiful and she likes it.

"Mr. Tang, please clarify the things on the Internet."

"Clarification? Why do I fall in love with Su Xiaowan? It's aboveboard. What can I do to clarify? "

Tang Xiao looks at Lin Zhenzhen. She looks pretty. Even if she wears a suit, she is very cute.

There is a look of hook people with their own.

The more he looked, the more he liked it.

Lin Zhenzhen looks at Tang Xiaoyi's face. She clenches her fist and smashes directly at Tang Xiao's face.

Tang Xiao didn't expect that this woman is hot enough.

"Don't you ask me to delete the post? If you sleep with me for one night, I'll delete it! "

"Sleep with you? What a big face you are! Do you want to sleep with me

The woman stretched out her fist and smashed it on his face. She didn't feel soft at all.

Afterwards, Tang Xiao covered his face with two hands, "I tell you, Lin Zhenzhen, I'm at odds with you. I'll call the police!"

.....

Gu Jin sneezed, and he dislike the perfume of this woman.

What's more, he found that the woman would follow him wherever he went, just like sticky candy. Gu Jinzhou really didn't like it.

"I'm going to the bathroom. Do you want to follow me?"

Su Qiqi's face is delicate and shy. In fact, if he wants to, she naturally wants to follow... Gu Jinzhou's status is his shining point. If she can really climb up to such a person, she will laugh to death in her

dreams.

But at the moment, in the crew, she can only see him in.

Gu Jinzhou is a playful person. Su Qiqi has inquired about it. His favorite is racing car. So Su Qiqi is ready to take his fancy. However, after waiting in the bathroom for a long time, he didn't come out.

Finally, he knew that he had left directly towards the door on the other side.

This made Su Qiqi very angry.

Su Xiaowan has been well for a long time. She went through the discharge procedures and went to the place where Tang Xiao's wife lives.

I got a call from the police on the way.

"Hello, is that Su Xiaowan?"

"I am."

"Your agent, Lin Zhenzhen, has hit someone. Come and get them back!"

what?

"When did it happen?" Didn't Lin Zhenzhen come to the hospital to see her yesterday?

How to hit people?

Master Su Xiaowan can't figure it out.

I don't know what Lin Zhenzhen did or who he beat.

"Well, we received a report last night that a woman made trouble in public... And sent people to the hospital. Now the injured person wants to sue her. You should take the person away and wait for his summons."

"Excuse me, comrade police. Who did she hit?"

"It's called... Tang Xiao."

what!

Lin Zhen beat Tang Xiao directly?

She admired Lin Zhenzhen more and more, just like her.

"The policeman, I'll get her right away."

But now she and Cheng Weiwei have already driven here. It's obviously a waste of time to go back.

Now I don't know what happened to Lin Zhen! After all, Tang Xiao is going to sue Lin Zhen.

So Su Xiaowan called directly and asked Feng Yan to help.

After all, this is a one sentence thing for Feng Yan.

Feng Yan hung up, looking at Gu Jinzhou sitting there playing with his mobile phone, "you are so free, go to the public security bureau to meet someone."

"... I'll go! Am I your man?" Gu Jinzhou almost smashed his cell phone.

"Going or not?"

"... go!"

I've never seen such a threat.

After being threatened by his wife, come and threaten him!

ha-ha!

For the sake of his wife, two brothers!

Tough enough.

When Gu Jinzhou turns around and walks out of the door, he listens to Feng Yan's name.

The steps stopped.

Random. The corners of the mouth are hooked.

Lin Zhenzhen.

He didn't expect that they would meet in such a way.

.....

Su Xiaowan soon received a call from Lin Zhenzhen, "Xiaowan."

"Sister Zhenzhen, are you ok?"

"I'm ok..." Lin Zhenzhen's eyes were fixed on the man in the car, and she felt ashamed.

She thought that once they met, she would be the kind of high above overlooking the world, but who knows, it was so

"If you're OK, you'll be worried about that. I have a way to deal with him, and Tang Xiao. Don't deal with this kind of person. He's just a bastard. He's dirty with your hands!"

"I..." Lin really felt sorry for him. She was not the first day on this road today, but where did she meet such a person.

Even, there was a man staring at her tightly. She wanted to ask why Gu Jinzhou came to pick her up.

But

"Xiaowan, don't worry. I'm fine. Don't worry. I'm the one who caused this. I'll take it on my own."

"Sister Zhenzhen, you're trying to get ahead of me. I'm the one who caused the trouble. Now go home and take a bath. Just wait to see a good play."

"... what are you going to do?"

"Secret, remember to look at the mobile phone later."

Su Xiaowan hung up and looked at the road outside, "Weiwei, how long is there?"

"An hour."

"Then I'll go to sleep first. Call me when you arrive." With Feng Yan yesterday, she didn't sleep much.

Two people watching ghost movies in the middle of the night almost scared her to death.

"Good."

There is a small western style house, living in the outskirts of Jiangcheng. It took an hour's drive to get there.

Cheng Weiwei drove the car. "Little grandma, I heard that Tang Xiao's wife is going to divorce Tang Xiao. Now that she has been separated for nearly two years, Tang Xiao naturally refused to sign because I heard that when she married, she brought a lot of money. Besides, there are shares in her family. However, Mrs. Tang doesn't seem to like him. It's said that on the wedding night, they made a lot of

trouble. At that time, they also alerted the police. In recent years, Tang Xiao has kept many little wives outside, but because of Mrs. Tang's identity, he hasn't brought any of them home. "

Su Xiaowan hears the words.

Now, Tang Xiao has been removed from the group, but he should hold these shares in his hand. That's why he is so arrogant.

The car soon came to the other end and came into view. There was a small western style house. Cheng Weiwei looked at the house and said, "it's said that this is still Mrs. Tang's family's property. This Tang Xiao is not a good thing. It's really bad enough that she refuses to divorce her all the time!"

Su Xiaowan knocks on the door.

The man who opened the door was a beautiful woman.

"Hello, I'm looking for Miss Hera."

"I am."

"Hello, Miss Hera. I'm Su Xiaowan. I'm here to talk to you about your husband."

Husband?

Hera's expression changed immediately. In recent years, he has played with countless women outside. Many women have heard about her place and come to demonstrate to her.

She didn't like this man at all. If it wasn't for her father's feeling that she couldn't get married, she would not be willing to jump into this fire pit.

When her father forced her to die, she had to marry.

But on the wedding night, the man was looking for a woman outside. She was a man with a short temper. On the wedding night, he beat him up and moved out.

I don't know how long it's been.

She almost forgot that she had such a husband.

.....

## **Chapter 504**

Hera didn't want to mention the scum at all. She said without expression, "I don't have a husband."

After all these years, she thought he didn't exist.

They are married in a family. They haven't been together for a week. Tang Xiao thinks she's ugly. She hates Tang Xiao playing with women

In fact, Hera is not ugly. She just plays ugly.

In her opinion, love is not superior to appearance and financial resources, but after dating so many people, none of them can see her ugly appearance.

She didn't hate to marry. She always believed that what should come would come, but she couldn't.

But I don't know what's going on. It came out that she was an ugly girl. At first, she didn't pay much attention to it. After all, she knew what she looked like.

But her parents were in a hurry, and there were fewer and fewer people coming to the family to ask for help, even none.

Her father didn't know how to hear the news, saying that if she didn't get married, she would die alone if she missed the age of 30 in her life.

Rich people believe in this kind of thing.

In this way, he began to look for all kinds of people, so he saw the Tang family.

Tang Xiao's father naturally knew what the level of the Tang family was. Tang Xiao's father happened to encounter a shortage of funds at that time. His father injected a sum of assets into Tang station, which was Tang Xiao's father's oral admission at that time. Tang Xiao was his successor, and everything after that belonged to Tang Xiao.

Tang Xiao is good at camouflage. At least, before he got married, there were never so many scandals. He played for fun, but Tang station suppressed the news.

My father heard that although the Tang family is prosperous, the Tang Master said so. After that, everything in the Tang family will naturally belong to her daughter, and her daughter will naturally have a better life.

He naturally thought it was a good marriage, and Tang Xiao was also very gallant in front of him. At that time, she really thought that this man didn't dislike his appearance.

Will be a good man, but in the process of her contact with Tang Xiao, she knew that this person is not like this at all.

He is hypocritical and mercenary.

Even, behind her back outside hook three build four. Only then did she know that she had been cheated. Tang Xiao was a hypocrite.

But at that time, she had already talked about marriage, and her father's capital had been injected. She thought that when she got married with Tang Xiao, she divorced Tang Xiao.

But the man calculated her shares and refused to sign at all.

Father learned of the news, heart attack, almost died, fortunately, she went to the hospital, promised her father, he will get back everything.

Besides, Tang Xiao never touched himself.

After that, it was the news a few days ago that the Tang station drove Tang Xiao out of the house. In this way, the Tang family has nothing to do with Tang Xiao.

Then the original oral promise, naturally, does not count.

She has been looking for his divorce, but this man is very cunning, has been a circuitous policy, now these days, even the phone can not get through.

"I'm afraid you don't know? Your husband and female star openly show their love on the Internet. "

This is not the first time.

Hera doesn't want to talk to Su Xiaowan at all. She is already disappointed with the man and doesn't want to hear any news about her.

"Don't you want to divorce him and never find a chance? I can help you --! " Seeing that Hera didn't want to get involved with him, Su Xiaowan said this.

Sure enough, Hera's eyes came back to her this time.

She is very beautiful, young and energetic. She looks like herself. Now she is becoming a yellow faced woman, but she is very beautiful. Her skin is white and tender, and she can squeeze out water.

She looks like she's only 20 years old. She can't get Tang Xiao to divorce her. What can such a little boy do?

"I know you may not believe me. If it's me, I don't believe her either." Su Xiaowan's eyes were weak, probably because he was hospitalized during this period of time, and he didn't fall asleep last night, so he had a sense of hoarse maturity, "but I have evidence of his infidelity in my hand, haven't you been unable to catch him? This evidence can help you divorce him as soon as possible. "

Hera really can't find any evidence of Tang Xiao's infidelity for so many years, and it's not that he didn't ask people to take secret photos. However, Tang Xiao is smart and careful in doing things for so many years. All those who were found were bribed by him.

That's why she can only think of living apart from her.

"Why should I believe you?"

"You can see it again!"

Cheng Weiwei takes out her mobile phone. There is a video of Tang Xiao sleeping with a woman in it. The video can clearly capture the face of a man, or a different woman. She even talks about herself with those women in bed, saying that she wants to take her shares, so that she can support them and so on.

After reading it, she felt sick, holding the door and retching there.

But this evidence is also

"Why are you helping me?"

"I help you, and I want you in return."

Hera doesn't know what this Su Xiaowan is going to do, but no matter what she does, the only thing she wants to do now is to get rid of this scum man as soon as possible.

.....

A group of news on the Internet caught Su Qiqi by surprise. Unexpectedly, a person who said it was Tang Xiao's wife sent a group of news on the Internet.

It is said that Tang Xiao exposed Su Xiaowan just to protect Xiao San, and the person who really stole her husband is no other than the actress of the same crew.

Su Qiqi.

There are even photos of Su Qiqi seeing Tang Xiao, and photos of Tang Xiao holding Su Qiqi

In this way, the parties are clearly exposed.

Things have changed dramatically.

Such news suddenly turned Su Xiaowan's adversity into prosperity.

Su Xiaowan made a statement on the Internet, saying that she didn't know Tang Xiao at all. The reason why she was exposed was that she overheard Tang Xiao's cheating on Su Qiqi that day

They retaliated, and that's why they took the blame.

Su Qiqi is just like a thunderbolt from the Qin Dynasty.

That day, she did find Tang Xiao, but it was for her to send a woman. Why didn't the woman sitting there photograph her instead?

But Su Xiaowan is so disguised as a white lotus. At the moment, there are still many people defending him. "That's right. My family, wanwan, is a partner with Gu Jinzhou. How can we see that ugly and fat man?"

## **Chapter 505**

Chen Xu began to look for PR and quickly deleted the post, but someone burst out after a while. At that time, Su Qiqi was on the set with Tang Xiaomei.

"You see, this peach blossom eye is hanging on a man. No wonder how she became a new girl all of a sudden! It turns out that there is a backing behind it. "

Many of them were Su Qiqi's classmates before.

She started to come out and post that she was seducing other people's boyfriends and that she was pregnant before.

The most important thing is that someone posted their pregnancy and abortion on the Internet.

There are pictures of her going to and from the hospital, her abortion, and her repair surgery

And the doctor Su Qiqi bought in the past also turned against each other. "It was this man who came to the hospital and asked me to get a fake certificate, so that I could say that Miss Su Xiaowan's bad stomach was taking too many sleeping pills"

"I was a nurse. I was taking care of Miss Su Xiaowan at that time. Miss Su Xiaowan really ate something bad. It wasn't sleeping pills at all."

"... it's disgusting behind my back. I look like a dog..."

"....."

"....."

One after another, all of a sudden, Su Qiqi was promoted to the public opinion, and even the cast did

not expect that it would enter the hot search in this way.

"Replacement, female two must be replaced --!"

"It's ok if you don't change it. Delete the two female dramas!"

"Reconsideration."

"Don't delete it!"

"... even Gu Jinzhou didn't look..."

"How can my male God appear in a play with such a vicious woman? It's disgusting!"

"Reconsideration."

"Substitution!"

"If you don't change it, I'll blow up your phone."

Director Liu can't be sorry to the investors for the huge investment in this drama. The drama he made originally required the public to pay for it.

Su Qiqi made so much bad news that he didn't dare to be true or false, and director Liu didn't dare to use her anymore. He dismissed her directly. Even Su Qiqi needed to pay huge liquidated damages to the crew.

Su Qiqi is crying in the dark at home. Where did she get the money? At this moment, Chen Xu is also stunned by the current situation.

This... Is Su Xiaowan really offended by Su Qiqi?

This matter is too much involved. All of a sudden, people have changed. They have no resistance to the news of this series of explosions, so they can only be held down by them. There is no way.

"Sister Xu, what should we do now! What does uncle say? "

"The boss is very disappointed with you. However, you are her niece. The boss said that he would protect you. It's just that the comments on the Internet can only wait for her to cool down. If we make a statement now, it will only be counterproductive! You have a good rest at home these days. I'll take care of the rest. "

"It must have been done by that bitch. No wonder something happened that day. She didn't say a word. She was waiting for me to be spurned by thousands of people!"

"Qiqi, don't underestimate Su Xiaowan. There is a Lin Zhenzhen behind her. Moreover, I inquired that day. The reporter of the magazine we bought said that the newspaper is now a closed business. Are you sure Su Xiaowan was abandoned by the closed family?"

... what.

"It's impossible. At the beginning, the news was so loud. If you really like it, you won't slander her so much. What's more, she was really driven out and the things in her suitcase were in a mess. My mother and I went to see her suitcase and saw that it was casually stuffed in. Besides, people like Su Xiaowan would never come back if they hadn't been driven out of the house."

That's strange.

Chen xuning eyebrows, suddenly asked.

"Did Su Xiaowan have a good relationship with Feng's old man before?"

"Sister Xu, what do you mean?"

"The magazine was bought by the master Feng. Even if she was abandoned by the master Feng, it seems that she is very happy to coax the master and the old lady."

Naturally, I have never seen this letter.

"Oh, by the way, in a few days, the old lady's 70th birthday, the boss also received an invitation. It's a good opportunity to show off. The boss asked you to go there together. I heard that there is a young master in this family who is about your age. Although the young master is ugly, he is handsome and elegant. If you can make him like you, That's what he said

Is there a young master in Feng's family?

I haven't heard of that.

Su Qiqi only knew that Feng Yan had a big brother... But from this point of view, the family of the Feng family... She didn't know at all.

"That young master..."

"It's said that she is the son of an adopted son and has been living abroad all the time. But she will certainly attend the old lady's 70th birthday. People outside don't know what he looks like, but she is certainly more beautiful than the young master Feng. If you can sit in the position of the granddaughter-in-law of Feng's family, I think that in the future, she will be prosperous, and sister Xu will depend on you."

That Feng Yan, however, was burned by the fire. She had seen it before. How could a normal person look so ugly.

"Sister Xu, what should I wear?"

"The old lady's preference... Is probably gentle and kind. Of course, you have to give in to it."

Su Qiqi was very happy. She was looking forward to seeing the grandson of Feng's family every day.

She was looking forward to that day.

.....

Shen Qi'er squints at the news on the Internet. Su Qi Qi is really not good at all.

Thanks to her helping him behind his back.

"Miss, there is a letter for you --" During this period of time, Xiao Hong received a message from Chen Er, saying that the young master had an accident. She asked her to stay still and lurk in their home according to the original plan.

She is an intelligent person. Once upon a time, she was chosen as a servant to serve her because she was protecting Shen Qi'er.

Now, you can go in and out upstairs and downstairs, but Shen Nanshan has been sick in bed and can't go to his study.

Shen Qi'er took the letter in Xiao Hong's hand. It was anonymous. When she opened it, it was a U disk.

She took the computer and checked the U disk. She only looked at the figure at the other end. It was her engagement banquet.

This wedding banquet has given her countless humiliations. Even now, she still can't forget the scene at that time.

But... She saw something.

Su Qiqi sneaks into the banquet hall, then changes her clothes... After that, she sees

It's su Qiqi!

It turned out that she had given the medicine.

Shen Qi'er always thought that Su Qi Qi had no courage. Now she looked down on her.

Carefully layout such a situation, pull her and Su Xiaowan inside, watch them fight to death, and take advantage of themselves.

## **Chapter 506**

Su Qiqi couldn't bear to be excited. She didn't even sleep soundly. She even dreamed that she was falling in love with the man she had never met.

As if he had become the granddaughter-in-law of Fengjia.

She excitedly tells Shen Yin about it. Shen Yin is as excited as she is. "When you marry into Fengjia, your mother will follow you to enjoy happiness, so she won't be angry with your father at home."

Mention Su Zheng, Shen Yin is full of fire.

These days, Su Zheng came back very late outside. She said that she was going to find an investor to invest in her own project. It was a lie. She thought that there were women outside. She had a strong smell of wine and even a woman's taste of powder. Women's sixth sense was very keen. Su Zheng must have someone outside.

But Shen Yin can't get angry now. Su Zheng has questioned her several times about Su Qiqi's news these days. How dare she offend him.

After all, she is so old now that she naturally doesn't want her marriage to change. If she is ten years younger, she can't look up to Su Zheng.

Su Zheng is a traditional male chauvinism. When Su Qiqi was born, Su Zheng wanted a son, but Shen Yin couldn't.

At that time, in order to give birth to Su Qiqi, she almost lost her life. Even if he wanted her son, she could not risk her life.

Moreover, after giving birth to a child, she went to the birth control ring. In her life, she never planned to give birth to another child. Although she got a lot of dissatisfaction from the old lady, Shen Yin coaxed Su Zheng, but Su Zheng was a diehard person, and he also wanted to have a son.

Shen Yin is afraid that Su Zheng is going out to find another woman, so she suggests two people to have a physical examination.

Shen Yin bribes the doctor in the hospital and asks Su Zheng to have an examination. After the examination, it's Su Zheng's reason. Su Zheng has asthenospermia.

This dispelled his desire to continue to have children. Moreover, she was strict in her management. Su

Zheng seldom played home. In recent years, her mother-in-law's status was much higher. Therefore, Su Zheng naturally took care of her.

But the recent events in July and July are my own daughter. She loves her very much.

"Mom, I don't know what kind of girl the grandson of Feng family likes. It's so mysterious that I can't find out how to ask. I don't know what to wear!"

Shen Yin suddenly thought of something, "77, go to the birthday party, did you buy a gift?"

"Why do you buy gifts?"

"It's a rule. Whatever it is, you have to bring a gift to the birthday party. So, where are you now? Come and meet me at home. Let's go and choose a gift now."

"Mom, I haven't seen anything in this letter. Is it rare for her? Besides, my uncle is sure to be ready. I'd better think about what I wear. " Su Qiqi went to get rid of his son-in-law, not to give him any gifts.

What's more, they didn't give it to them. It was because of my uncle's face that I could go. She was just a foil.

Although it is a foil to go with purpose.

"If you want old lady Feng to like you, you must show up in Fengjia with a gift that satisfies her. Even if it's not Fengjia's grandson, all the people who can attend such a banquet are rich and powerful. You can find any one that is ten times better than the one outside.

Although these rich people are not rare, you have to use your heart to influence them. They will naturally like you. You can't go there, or follow this temperament. It will only make them feel that you have no rules.

If you want to enter a rich family, it's not so easy. Just listen to me. Although your father was not a rich and powerful man in those years, he was a bit of a face in Jiangcheng. If I can marry him, it's not just beauty, it's brain. "

Shen Yin's idea is big and long-term. After so many years, she naturally knows what others like and what others don't like.

It's said that women are very accurate about women. If it's their own daughter, maybe if it's su Qiqi now, they won't feel comfortable.

What's more, the old lady Feng had countless readers.

At the beginning, but the famous divorce lawyer, that look at people, is not one can see through things.

Su Qiqi is so straight that she can't say anything without thinking. Naturally, she can't rest assured.

Su Qiqi is said by Shen Yin that Shen Yin has eaten more salt than his rice.

She naturally listens to Shen Yin's words. Before she was willful, she had made so many mistakes.

"Mom, you wait for me at home. I'll pick you up. By the way, I'll see a dress. You can give me some advice."

"Good."

.....

Su Qiqi is not the only one who worries about gifts. So is Su Xiaowan.

She didn't take part in the birthday party, and her grandmother left before her 60th birthday... Thinking of her grandmother, Su Xiaowan was lying on the table, feeling a little uncomfortable.

It's been more than a month since grandma left, but she often dreams about her. Sometimes she feels like Grandma hasn't left. But when she has a nightmare, it's Su Zheng who stabs her with a knife

Broke her illusory dream.

Su Zheng did not leave any trace, except that the surveillance showed that she had appeared in grandma's ward.

"Young granny, you come to me." Cheng Weiwei, with her delicate make-up, now appears in front of Su Xiaowan.

Su Xiaowan pulled away from her original thoughts. She looked at Cheng Weiwei and said, "Weiwei, have you been wronged?"

"What's wrong with this? I'm willing to do this. The young master saved our family and provided us with such good job opportunities. I'm willing to go up the mountain and down the oil pot. What's more, women disguise as men. In fact, women disguise as men save a lot of trouble. At least, I hate women's tearing force." Cheng Weiwei's character is very similar to that of a boy.

Su Xiaowan took her arm and said, "I'm really blessed to meet such a good person as you."

"If the young granny wants to feel sorry for us, she should be more kind to the young master. If the young master is happy, we will be happy."

Su Xiaowan took the lip and said, "let's go and buy a gift for the old lady. If we make the old lady happy,

we can help your young master to say good things, so that your young master won't be swept out."

"What, the young master has been driven out of the house?"

"Well, you don't know?"

"... I don't know." Cheng Weiwei seems to feel that he has heard a big secret, "I think the young master is not afraid of everything. It turns out that the young master is also afraid of the old man and the old lady."

## **Chapter 507**

Cheng Weiwei came to him mysteriously and said, "I just made a mistake. The young master is afraid of you..."

"Afraid of me?"

"Yes, master so listen to you, must be at home, you has the final say..."

Misunderstanding, this is a big misunderstanding.

What does it mean to listen to her at home.

How do you feel like you are a big wolf and Feng Yan is little red riding hood!

"He's just easier to talk."

"No! Young master, he used to be very serious. His decisions never changed, just like last time you hung on the hot search. If he had sealed all the newspapers and magazines before, he would have been against Feng family if anyone dared to report... But this time, he listened to you. Young grandma, your status in the family is definitely higher than that of young master, Our young master was eaten to death by you. However, he seems to like the feeling of being eaten by you. "

How does it feel to eat?

"... er... Wei Wei, it seems that you are not praising me!"

Cheng Weiwei took a look at her, "young grandma, I mean, our young master has changed a lot for you now. He is about to become the young master I don't know. Sure enough, when a man has a woman he likes, he will change."

Cheng Weiwei touched her chin.

Well, there's nothing wrong with that.

She thinks so, too.

If you don't like someone emotionally, who will do such things for others?

.....

Hera's news spread wildly on the Internet. In just one day, almost all of them reached the top of hot search.

Shen Qi'er took advantage of the opportunity to help her buy heat, so high in the forefront, never under the heat.

These days, people are very sensitive to things like Xiao San. Some people have exposed that Su Qiqi and other men haunt places like bars, which immediately ignites the anger of the melon eaters who don't know the truth.

"Bitch to die, disgusted to death, in order to upper anything to do out!"

"Now all the better looking people can come out, when the audience is blind?"

"Boycott Su Qiqi!"

"I heard her father seems to be the boss of this company."

"It's true or false. After checking the registration certificate, it seems that my surname is Su --!"

"It must be one."

"....."

"....."

Online curse a, but now Su seven seven seven where know oneself so of fire, she received Shen Yin, two people went to the large-scale store.

High end brand stores.

"That's her. I heard that when someone was a junior --!"

"How can I still have the face to go shopping? If I had, I would have been unable to lift my head. I didn't even want to step out of the door."

"This woman is a fox spirit. She colludes with other men and pours dirty water on others. Tell me how there are such people in the world."

"No shame at all."

"Disgusting."

"I don't want to do her business."

The shop assistant has seen the hot news on the Internet. We all know what Su Qiqi looks like. When Su Qiqi came in just now, she was wearing a mask and sunglasses, but when she changed her clothes just now, the shop assistant already recognized her.

Now I stood there muttering to others.

Su Qiqi only felt that those people's eyes were fixed on her, and she felt a little uncomfortable, but she only thought that she was angry and didn't take it seriously.

Chen Xu has asked someone to delete some of the news on the Internet, and she is just a new person. Soon, the public will forget her.

For her, it's not important to be a star. What's important is that she can marry into a rich family and live a life like a gentleman.

Therefore, if the entertainment industry is a springboard for her, she will be very happy.

But if she can't walk in the entertainment industry, she will not touch it again when she marries into a rich family.

She fixed her eyes on the dress in front of her. The dress was hung in a vacuum glass. It was a trailing gift, inlaid with many diamonds, very bright.

But those tiny diamonds are not big, so if you don't look at them carefully, you can only think of them as little water diamonds, but she is also a famous lady, and she still has this ability of discrimination.

"Mom, is this nice?"

Shen Yin is choosing clothes for her, but she doesn't choose the one she likes. Now Su Qiqi pulls her and points to the clothes at the other end. Then she sees that there is such a unique gift behind the curtain.

"It's good-looking. You're sure to look gorgeous in it."

She was just about to ask the clerk to take it down for her, but the clerk looked at her figure disgustedly. "Sorry, it's a custom-made one, and you can't put it on like this!"

what? Can't wear it? Her figure was so blatant that she was despised by the shop assistant in front of

her.

At this moment, Su Qiyi pointed to the dress, took out a card from his pocket and patted it on the table. "Take it down for me, I want to try it on --!"

The shop assistant didn't want to serve her. If she had a rotten egg in her hand, she wouldn't have to think about it and hit it on her face.

The manager took a look at the shop assistant, warned her, and then came out with a smile, although she did not like the woman in front of her heart.

But it's not easy to make a living. No one can offend her. Who knows if this woman will seduce any rich and powerful man to trouble her.

"Miss, the size of this dress really doesn't match you. You're in such a good shape. The bust of this dress is relatively small. It's not suitable for you. Moreover, it's made by yourself. Soon, someone will come to pick it up. It's not from our store, it's just stored in our store."

The manager praised Su Qiqi. Su Qiqi was satisfied.

"How about this one? Although this one does not have as many diamonds as that one, it is also the work of foreign high-end designer liv. "

It's not as gorgeous as that one, but it seems to be good.

"How much is it?"

"If it's not expensive, it's only 99.99 million."

what?

99.99 million?

Su Qiqi originally only planned to take out a million yuan to buy a dress. Her card didn't have so much money.

Shen Yin naturally knows that. Su Qiqi takes a look at it, and Shen Yin immediately understands her daughter's idea, "this dress is not grand. You may not look good in it!"

"In my opinion, there is not so much money at all. There is only one dress in the world. How can you be stingy! Even if it's a sparrow, it can become a phoenix! " One side of the shop assistant is really can't look down, just this kind of person, here pretending to be rich, in fact, there is no money.

"What are you talking about! Is that how you treat your guests? "

"Miss Su, you know what you've done, and you've returned the guests! The guests are all qualified people. If you are like this, we just want you to go out quickly and don't disturb the business in our shop!"

As soon as Shen Yin heard it, he immediately got angry. "We didn't buy it. How do you know you can't afford it?"

"You look so shabby. It's a high-end store. The price is five million yuan. If you don't have so much money, don't be fat. It's not one or two yuan."

Su Qiqi took the card and smashed it directly on her counter. "Just this one, give me a list --!"

Shen Yin walks up to Su Qiqi and pulls her clothes. She knows how much money they have. In addition, she has to buy a gift from the old lady later. Shen Yin thinks that clothes are not the main thing, but gifts are the most important. But now the priority is reversed. The money for clothes... Is overdrawn. Where is enough.

Su Qiqi doesn't care how Shen Yin pulls her. She already has an idea in her heart.

When she bought the dress and walked out of the store, Shen Yin was still talking about her.

"Don't you have more than three million cards?"

"Credit card."

"What? Do you want to buy what you borrowed? "

"Mom, I hate people's low opinion. I'll let them return the money."

Shen Yingang is about to say something, but suddenly a group of people come out and smash the rotten eggs directly into her face.

Su Qiqi was angry. The rotten eggs made her clothes dirty. Her tens of millions of gifts were not spared. She thought she would wear the dress tomorrow and come back the next day for a refund.

These shops have no reason to return for seven days. If she wears them for a little while, she won't get her clothes dirty, so she will come here to return them when she attends the dinner party tomorrow.

At that time, not only does not need to pay, even that sum of money, will be intact into her pocket, she has nothing to lose.

But now

It's all glued on the top of the dress.

"What are you doing?"

"I don't know what I've done?"

Shen Yin doesn't know what's going on. She looks at the menacing people, "77, call the police quickly!"

"It must be her mother. She's not a good thing either. I heard that she was a junior high school student."

"Like mother, like son. Neither is a good thing!"

"Give them a good lesson."

By the way, all those rotten eggs were smashed on both of them, and Shen Yin's mobile phones were directly knocked down on the ground by those people.

"What are you doing? Is there any reason?"

"We can't teach our daughters well. Let's educate you well --"

"....."

"....."

When Cheng Weiwei and Su Xiaowan feel the shopping mall, they look at the crowd over there and say, "is this shopping mall engaged in activities? So many people? "

Cheng Weiwei knows that Su Xiaowan doesn't like to go to places with many people. "I think it's better to change places."

"Good --!"

In fact, Su Xiaowan doesn't want to come to such places. The things in these places can be bought if she has money, but she has no intention at all. She can wrap all the things here if she has so much money. Is it necessary for her to give them to her?

In the car.

"What does the old lady like? You know what? "

"The old lady likes you!"

"Why are you like Feng Yan? I can't give myself to the old lady."

"I'm kidding. At this age, an old lady probably likes her grandson!"

"....."

I've never seen such a baby.

"Then the granddaughter doesn't like it?"

Cheng Weiwei, "... The old lady said that she likes everything that comes out of your stomach!"

### **Chapter 508**

"This... Is still early!"

"You can hold on. Some girls have a second child at this age." Cheng Weiwei's Huasheng Group brainwashed Su Xiaowan over there.

Su Xiaowan took a look at Cheng Weiwei. "You are older than me. Now you don't even have a boyfriend! So, I'm not in a hurry. Take your time with this kind of thing... "

Cheng Weiwei said, "young granny, you are poking people's wounds! Sprinkle salt on people! I'm going to find my boyfriend tomorrow! "

"....."

That's not what she meant!

However, Weiwei's life-long event is also worth considering.

"By the way, is there any news of sunset?"

Cheng Weiwei's mobile phone rings. It's an email. He stops the car, takes out his mobile phone and takes a look at it. Then he hands it to Su Xiaowan.

Su Xiaowan took a look at the mobile phone, I rely on... It turned out that Xia Xiyan was holding a child, and there was a man standing beside him.

In the background, parent-child activities.

"What's the situation?"

"Miss Xia won't be too busy for a moment to get married, will she?"

Marry into

But it's not just

Look at the child's appearance carefully, it is really a bit of Xia Xiyan's appearance. Xia Xiyan's face is very beautiful, with oval face and round almond eyes, which is her favorite type.

Although this child is a boy, her face and eyes are all carved in the same mold as Xia Xiyan. Xia Xiyan has no relatives. Su Xiaowan knows that she is an orphan. She was adopted by the Lu family and later married to Lu Shimian.

But this kid

It seems that the child can't be so fast. Whose child is it and who is the man?

Su Xiaowan holding a mobile phone, looking at the end of Cheng Weiwei, "find where she is?"

"This picture was taken in a kindergarten in Yucheng, but when our people rushed by, they had already left. The head of the kindergarten confirmed that there was such a parent-child activity, but it was not convenient to disclose the child's name and parents' home address. However, they said that the child was called miss Xia's Mommy. Now, our people are looking for it, I believe there will be news soon. "

Su Xiaowan holds her cheek. She is worried about what will happen to Xia Xiyan. But now after seeing the photos, she is relieved. But what is Mommy? Where did Xia Xiyan find a child in kindergarten.

It takes three or four years to calculate such a time. How can she not know if she is pregnant!

Therefore, this child is definitely not Xia Xiyan's.

Xia Xiyan's temper knows how to be a good mother for others. No one should like to be a father or a mother.

Her eyes began to focus on the faces of the few men in the photos.

There is no extra expression on this man's face. It looks colder than Feng Yan. It's like... Those villains on TV.

But then he thought, "Weiwei, it's not this man who puts the knife on Xiyan's neck and lets her stand on the stage as the baby's mother, right?"

"Young granny, you read too many novels! Miss Xia is not a bully. Otherwise, Master Lu can't be so miserable... "

Both of them are stubborn and tough people.

No one is willing to take a step back, which is called "equal strength".

"Young granny, you can rest assured that we will find Miss Xia. But now, we should buy a gift for the old lady!"

When the car stopped outside a shopping mall, Su Xiaowan suddenly thought of something, "I remember that the old lady seems to like listening to opera."

"Yes, the old lady does like it."

"Then I know what gift to give the old lady --!"

It took Su Xiaowan more than an hour to go to all the stores in Jiangcheng and find all the operas.

I went to the mall and bought a gift box.

As a result, I met two people at the door.

One is Shen Yin, the other is Su Qiqi.

Two people were smashed by rotten eggs. They were so embarrassed that they seemed to climb out of the water. Even Shen Yin's hairstyle was in a mess.

When Cheng Weiwei came in, he immediately smelled the smell of them. The two of them were surrounded by security guards and were asking them to leave here as soon as possible, because the normal business was affected.

"My God, it stinks. Xiao Wan, stay away from them!"

Su Qiqi and Shen Yin had bowed their heads for fear of meeting acquaintances. Just now, they all alerted the security guards. It was clear that they were not wrong at all. As a result, the security guards were snobbish and didn't care.

When they finished throwing rotten eggs, they were dragged out on the pretext of hindering other people's shopping.

Originally thought, since the face has been lost, might as well go back early, but who knows, met Su Xiaowan here.

"Auntie, this is..."

Although Su Xiaowan was wearing a mask, she recognized it at a glance. Even though she was wearing the mask, her innocent face was still flowing in her heart.

Su Qiqi clenched his teeth and listened to Su Xiaowan's tone. Even though his tone was normal, he was laughing at himself.

If it wasn't for her, she would never have been like this today. She rushed to her in anger. Su Xiaowan made her like this. She could bear it. If she wanted to lose face, she would lose face together.

But he was pushed away by Cheng Weiwei.

Su Qiqi almost fell to the ground because of her unstable feet.

"Su Xiaowan, you still let people push me. Are you so happy to make me like this? I'll fight with you!"

Cheng Weiwei blocked the woman in front of her, with an expression of disgust on her face. "Miss Su, this is in public. What does it have to do with us if you are made like this? You can't rely on us for everything. My family Xiaowan and I just came here. What can we do to you! Is it because you have done something shameful outside, and everyone can't see it any more, so you just do it! "

As soon as the words came out, the people who followed Su Qiqi heard them.

"This woman is really... Ready to bully people in front of us."

Because Su Xiaowan was wearing a mask, the melon eaters didn't recognize him at all. At the moment, they were looking at Su Qiqi's face.

"Security guard, throw these two smelly women out quickly, it will affect my shopping! I'm not in the mood for shopping! "

Then, looking at Su Qiqi and Shen Yin, they are put out by the security guard.

"You let me go, do you know who I am?"

No matter who they are, the security guard just wants to throw them out as soon as possible, because they stink.

"Young granny, you see, bitches have their own way. That's right."

## **Chapter 509**

Su Xiaowan talks. Fortunately, she didn't go out a few days ago. Otherwise, things like throwing eggs must have happened to her.

After the last time, Su Xiaowan was still afraid of the melon eaters.

Su Xiaowan didn't stay much in the shopping mall, so she chose a nice gift box and went back in a hurry. Of course, it was the crew's hotel.

In recent days, because of the online uproar, and her illness in hospital, so a lot of progress has been delayed. She has two plays in the afternoon and evening.

Su Xiaowan and his crew watched Gu Jinzhou chatting with the group, most of whom were girls.

Gu Jinnian is a very nice person, but he is too fickle.

All of a sudden, she had a headache. Why are all these friends around Feng Yan?

I don't know if staying with them for a long time will be led by them.

Feng Yan is so innocent that he has never been in love.

And Lu Shimian, Gu Jinzhou... Who's the name of another one? She doesn't remember. She seems to refuse women more or less. Oh, Master Lu seems to have figured it out

But this Gu Jinzhou, she can more than once found that he seduced other women.

Ah, who likes him, who is unlucky. If you fall in love with him, you must have done evil in your last life to pay off the debt.

"By the way, what about Zhenzhen? I haven't seen her in the cast these days. "

"Young granny, Lin Zhenzhen has gone on a business trip. Last night, he made a temporary decision that he would not come here during this period of time. Oh, by the way, the script here has also been changed. Have a look."

Instead of paying more attention to Lin Zhenzhen, Su Xiaowan saw the revised plot in the script.

Warm kiss, changed into a hug

Gu Jinzhou just saw the script and looked at the story with little water. He knew who did it. After a while, the little assistant ran over and said, "Mr. Gu, just now the director said that you should put this on when you hold Xiaowan --"

I'll go. It's still a rubber glove.

Gu Jinnian's heart can't be provoked. The man asked her woman to film, but the hero couldn't even touch it. "The audience's eyes are so bright, I have such a one, they can see it at a glance, I don't have --!"

"Young master, the director said just now that he would film the relationship between you and Xiaowan in close range. In this scene, the hug between you two is not important, but the emotional play is the

key, so the audience can't see it..."

what the hell!

That's tough.

He immediately made a phone call to him.

"I said, it's too unkind of you to do so. Do I have any wrong thoughts about your woman? You can't do that --!"

"Who knows! She's so good that you're not sure you're attracted! It's better to take precautions for some things! "

Gu Jinnian's heart ran countless grass mud horse.

"If you don't take one like this, can you stop stabbing me for my wife's sake? I'm not interested in the one in your family who has little water and clear water. I like hot ones."

The cold one said, "you've seen her figure carefully!"

Can we have a pleasant chat? How can we see through his wife at a glance.

It's just plain water!

"Your wife can see it all at once, OK?"

"Don't look. From today on, you are blind!"

Before Gu Jinzhou could react, someone from the other end came up and said, "young master, the director said that you are blind after you, because you saved the woman, so you are blind..."

"....."

In the middle of the film, Su Xiaowan finds that the script is being revised all the time. She also finds that the male owner has become blind.

However, Xu Ting was fired because of the theft.

Here comes an old playwright.

When shooting, Gu Jinzhou was wearing the gloves. Su Xiaowan looked at his bitter face and said, "your hand is broken?"

"Our young master has an infectious disease and can't contact people. I'm going to hold you today, so I have to wear gloves!"

As soon as Su Xiaowan listens, he can play far away.

Infectious Diseases?

Su Xiaowan sighed, "Gu Jinzhou, you are almost thirty. You have to pay attention to some things."

She was afraid that Gu Jinzhou would beat her and ran away.

Gu Jinzhou glanced at his assistant, "are you also bribed by Feng Yan, you are a pickpocket! You don't want to work as an assistant for me in the future, you'd better work for Feng Yan! "

"Young master, my heart for you can be learned from heaven and earth. How could I be bribed by young master Feng? I'm afraid that others think you are a fool to wear gloves on a hot day. That's why I say so."

"So I have to thank you?"

"Thank you. It's all my job."

Gu Jinzhou is very angry. This scene has been played several times.

After that, Su Xiaowan lay in the hotel, took a bath and called Feng Yan. He told Feng Yan all the things that happened in the crew today. "Feng Yan, you have to persuade him. You are his friend, and you certainly don't want him to be like this, right? I heard that he played too much outside, and his body is easy to collapse. Now, he is more and more ugly than a few years ago, He is so old that he should find one... "

"... open the door."

Su Xiaowan was so excited that he heard Feng Yan open the door. He jumped out of bed and ran to the porch to open the door.

I really saw Feng Yan in cat's eye.

As soon as the door opened, Feng Yan pressed it against the wall.

"If this kind of thing is held for a long time, the body will easily collapse --!" The man said so softly in her ear, Su Xiaowan's legs softened.

"What..." Su Xiaowan was dizzy. She pushed him away and looked at the handsome face of the man.

"You... Don't talk nonsense. You just want to get into my bed!"

"Besides your bed... And you."

Su Xiaowan's eyes were bright, and he was staring at himself all the time. He didn't move. "Now you don't blush to be a hooligan, do you?"

The door of the bedroom was kicked open by him. The man hugged the woman's waist and took her to the bed.

"I like you. Why blush?"

"... Feng Yan, you are a dog. Don't bite me..."

.....

When Su Qiqi and Shen Yin come home, they are not so peaceful.

Su Zheng is looking at Shen Yin and Su Qiqi's dirty and smelly clothes, can't help but frown, "what are you doing?"

Su Qiqi is very aggrieved. Now she is yelled by Su Zheng, and her tears come out. Since she was a child, she wanted the best of everything, and she was used to asking for the best of everything. But in the end, when she came to such a general situation, she was not willing.

Shen Yin looks at Su Zheng, hugs Su Qiqi, "Qiqi, don't cry, mom will take you to clean up."

Two people go up the stairs one after the other. Su Zheng is completely ignored.

He broke the blue and white porcelain vase full of hate.

This woman, now with a little money in her mother's family, is more and more confident. Su Zheng has been worried that one day when she grows old, this daughter, that is, the water poured out, belongs to other people's families, but he can't just let it go.

My mother was right.

He has to have a son of his own.

In this way, it is not in vain to plan all this for him.

Before the make-up mirror, Su Qiqi, who had already finished taking a bath and her crying eyes were red and swollen, swept all the cosmetics on the table on the ground, fragmented.

When Shen Yin comes in, she lies down in front of the make-up table, crying bitterly.

"Well, don't cry. I'm going to the party tomorrow! Your uncle just called and prepared the dress for you. When you seduce the respectable man at the party, the money for that dress will always come back. Don't worry about it. "

Shen Yin patted her on the shoulder and couldn't bear it.

Listening to Shen Yin's words, she sat up straight and turned to look at Shen Yin. Her eyes were red, and her tears were still falling down. It's really pity that she cried so wrongly.

Shen Yin is more and more distressed. Su Zheng doesn't love her, but she almost died when she gave birth to her. She wants to love him more.

"Mom, I don't have the face to go to that party. Now everyone knows about my work as a junior, but I haven't done it at all... I wanted to make su Xiaowan unable to turn over, but... How could it be like this..."

Su Qiqi was wronged to death. Now she has ten mouths that she can't say clearly. What's more, at such a moment, she will face an old lady's banquet tomorrow. How many dignified people will come to the banquet.

I'm sure everyone knows about her now.

Originally, they wanted to take this opportunity to let Su Xiaowan down. In the entertainment industry, a woman trapped in love can take some sleeping pills and become a Junior... This is enough to prevent her from appearing in the public eye in her whole life.

However, she was suddenly hospitalized, which broke their original idea. However, money can make the ghost push the mill. Shen Yin bribed the doctor and got the certificate.

But as a result... The doctor actually bit himself now.

In addition, those people on the Internet add fuel to the flames. With the help of all the people, she is completely stripped away.

Before Su Qiqi, she was a person of no learning and no skill. Moreover, in school, she was not good at wind assessment. Many girls were unhappy with her. It was easy to leave her behind.

"Mom, what should I do..."

Shen Yin stroked to comfort her and wiped the tears on her face. "You can rest assured that your uncle will not care about you. You are my daughter. I have told him that he will help you. You see, he took you with this banquet and explained that he would intervene. Now, wash your face and make a mask... No, we are not ready for the gift."

Today's incident is so noisy that no present has been prepared.

"Mom, last time I saw Su Xiaowan, there seemed to be a good thing in the house. This old lady..."

## **Chapter 510**

The next day.

Fengjia villa.

People here today are here to celebrate old lady Feng's 70th birthday. The door is full of cars, which has not been so busy for a long time.

The status of Feng family in Jiangcheng, some people with faces are thinking about climbing up with them, so this time, there are more people.

Even the people at the door were too busy to touch the ground. This was the first time that such a large-scale wedding ceremony was held. At the beginning, the young master's marriage did not have such a big scene.

In fact, Mrs. Feng didn't like the excitement very much. At the beginning of her 60th birthday, she didn't do anything about it. Even the Feng family seldom invited foreign guests.

This time, almost hundreds of people came.

It's going to keep them busy.

We all know that the old man and the old lady are just looking forward to each other. She didn't believe what she said. The name of the iron and clang old man was beyond God's name.

All the people who come here are dignitaries. In fact, the old lady doesn't like such a scene. But this time, she has a plan in mind.

So all the young talents who come here are talented and talented in Jiangcheng.

Old lady Feng looked at the people coming and going, did not notice her daughter-in-law, looked around, did not see anyone, "is this Xiaowan coming?"

"Less... Miss Su said she would come later."

When Mrs. Feng thought about Su Xiaowan, she was in a better mood. During that time, many people came to give her gifts, but the old lady was only looking outside.

Waiting for Su Xiaowan.

After all, today is for Xiaowan, otherwise she doesn't like this kind of party!

Seeing this, old man Feng was jealous. "He doesn't have long legs. If he wants to come, he will come."

"What do you know, old man? If your son hadn't failed others, I would have found so many young talents for her! Now you are sorry for others, you are still here, how can my eyes be so blind, when I saw you! You have the same virtue as your son and don't want to talk to you. "

"Well, old lady, I was just..."

"How old are you? You are jealous with a woman. You spent your whole life in jealousy. When you were young, you were jealous with your children. Now you are old, you are jealous with your daughter-in-law! What do you mean? "

"I want to know that I'd rather not have him like this."

"Now it's too late to know the hardships."

All the way to the door, there was a scream. Looking at Gu Che coming in, the old man's face sank.

"What do you want him to do"

"He's my grandson. Of course he'll come to celebrate my birthday. Don't you have any conscience. Although he's not your grandson, you're going too far!"

"..." the reason why Feng didn't tell the old lady about it was that he wanted to let her spend her old age in peace.

She had lost a son, and she didn't want to let her bear all this.

At the beginning, when he knew the news, he almost fainted. The man actually started on his own son... Until now, he can't accept this reality.

But his son did not.

He couldn't figure out what was bad for them and why he would do such things in such a way.

Feng Li is a good boy. He has no interest in the company at all.

If he is more patient, everything in this family will be given to him.

Even what Feng Yan was thinking about was not a company or money. He knew all about his own son.

But I don't know that this man, with such ingenuity and cunning, actually

Three years ago, he sent the whole family out, but now he's back.

It's back in his way.

The old lady was so angry that she left.

What's the matter with old lady Feng's confused face?

This old man is getting more and more strange recently. What's his good temper?

"Grandma Gu Che came by himself. Today is the old lady's birthday party. His father asked him to see what's going on.

Although he was afraid of Feng Yan, he didn't dare to do anything to him in such an environment.

"Where are your parents?"

"My mother is not very well, and my father is with me, so I'm here alone! Grandma, today is your birthday. There are so many people here... "

Gu Che surrounded his grandmother. When he came, his father said that as long as he please the old lady, he could say anything.

"Grandma, where's grandpa? I just watched him here! "

"He's... he's recently menopausal. Don't worry about him. By the way, when did you arrive?"

"Yesterday."

"Where did you stay last night?"

"Hotel."

When the old lady heard this, she patted her thigh and said, "when you come back, you'll live at home. When you get your luggage back, isn't there a room for you yet?"

"... good."

Feng Che gave his gift to the old lady, which was a piece of jade. The old lady didn't like it very much, but she could only accept it with a smile.

The old lady took her things and continued to look out.

"Chutcher, I'm waiting for someone. Go and have a chat with someone else..."

Gu Che took a look at the old lady. In fact, he knew in his heart that the old lady didn't like her at all.

The person he is waiting for is probably Feng Yan.

His uncle, that old ugly man.

.....

Su Xiaowan asked for a day off with the crew, and the director arranged her part in the evening. As a result, after attending the old lady's party, she rushed to the party, which was just right.

After asking for leave, looking at the man lying motionless on the bed, "are you really not going?"

"The old lady won't let me go."

Su Xiaowan chuckled. She climbed to the bed and pressed him to kiss him. She was quite aggrieved. "I've told you that women are very vengeful. You certainly didn't buy a gift, right?"

"You bought it?"

"Of course, I went to pick it yesterday. I'm sure mom will like it." Su Xiaowan opened his mouth mysteriously.

"Give me a look."

Su Xiaowan is a gift into the bag, "no, you are not birthday, you can't see, besides, you are a big man, certainly not interested in this thing.

"But I have to go first. The old lady made several calls to urge me."

"Go ahead."

Why don't you go?

Why is the plot a little different?

"Old lady, really? Are you really not going with me

"Of course, the people who seal the house always keep their word."

Su Xiaowan took a look at Feng Yan and said, "ah... I'll help you please her later, and let her not be angry with you. You can rest assured that I will coax her well."

Then he sighed.

"But I've got half of the credit for my gift!" Su Xiaowan sighed again, "who makes us husband and wife! But this time it's because of me that she's angry with you. Next time you offend her, I don't care... "

It's husband and wife!

"Nice wife."

"Just wait for my good news at home. I'm very good at it."

"Why didn't you coax me?"

"Do you want to coax me? I'll give you a kiss, and you'll be very happy, won't you With that, Su Xiaowan leaned over and gave him a big kiss. At this moment, the man hugged her around the waist.

Deepened the kiss.

.....

Su Xiaowan was a little late for Feng Yancha. She came to the old house by herself. She had been here once before, so she was familiar with it.

As soon as Su Xiaowan came, she was taken upstairs by the old lady. The old lady looked at her and said, "Xiaowan, I've been waiting for you!"

Su Xiaowan takes a look at the guests downstairs. There are so many people, but she really can't see Feng Yan. She thought Feng Yan was cheating on him, but she didn't know until she came. It seems that the old lady didn't invite him.

"Xiao Wan, I'm sorry for that smelly boy. I didn't let him come here to save you from looking upset!"

"....."

It's really... The old lady doesn't even want her own son for her own sake?

Today, Su Xiaowan didn't wear any luxurious dress. She only wore a denim coat and black trousers. Her long hair was tied with a ponytail, so it was tied in the back of her head, which was very neat.

And compared with the dress for the banquet, it's a bit out of place.

"Who is this man? Why are you so close to the old lady? "

"Er... I look a little familiar, like I've seen it somewhere."

"But what is she wearing? Is there a brand? How can I come to such a party without changing my clothes? "

"... but they look good. They look good without dress or make-up... They are not like you. If you dress like this, you can't cover your upstart temperament!" Shen Yanran is also here today. She is a collateral relative of the Lu family. She came here under the name of the landing family.

Because Mrs. Lu is ill, Mr. Lu will not come.

And this invitation, she stole it.

Today, the people of the Lu family will not be present, so no one knows that they are present on such an occasion.

In fact, he can come in at will for this banquet. In order to come here, he is in great pain.

She just wanted to see what the young master looked like.

However, she came early and has not seen the young master of Feng's family up to now. She can't even see her face.

"... you... How come you've never seen a person like you? Don't you dress up today? Who doesn't know what your purpose is today? You just want to see the young master Feng. It's said that he divorced his wife and you're going to seduce her. You don't know who you are. No matter how ugly young master Feng looks, you can't look up to you. You think you're a big lady with the invitation, but you're a woman who doesn't know who you are, How dare you pretend to be here... "

As soon as the words were finished, a maid came with the security guard and stood in front of the woman, "excuse me, miss, please go out!"
