Chapter 511

"I'm going out? Why

"You said that our young master, this letter of family protection, please go out, it's light!"

what!

That woman is so beautiful today, is to seduce men, but the party has not started, but she was... Out?

"Are you going out by yourself? Or shall I ask someone to entrust you out? "

what! Drag

The woman pulled her long skirt, even if she was reluctant, she could only follow the maid to leave. If she was dragged out, I don't know how miserable it would be! Tomorrow, she won't be able to be in the celebrity circle at all.

Shen Yanran looks at the women who are taken out. She is worried. Fortunately, those people didn't drive her out, but she soon finds out that these women are snobbish.

They all avoided themselves.

Shen Yanran has no choice but to find a hidden corner. She came here today, but for the sake of being a young master.

After this farce, no one dare to say that the letter is not a young master.

The old lady protects her short hair.

In the market, many people say that the young master was extremely ugly and moody, but he didn't give it up.

But those are people who say it behind their back. If they really say it on the table, who dares to fight against Feng family? No matter how it is, they can only hold their words in their heart.

He is a great man.

The old lady can be immersed in the joy of chatting with Su Xiaowan. She can't hear what others are saying and what's going on. Now she's taking Su Xiaowan to chat about her family.

"Don't worry. Anyway, I don't think I've ever given birth to this son. In the future, you will be my daughter. The daughter of our family can't be bullied."

"....."

Su Xiaowan just wanted to explain that this was not the case, but suddenly the voice downstairs began to be loud, "isn't that Su Qiqi? How could she come to such a place

"... isn't this the president of Shengshi group? She's really a junior professional who seduces married men! "

Today, Su Qiqi is wearing a silver swallow tail skirt and two diamond design. In addition, she looks like a mermaid under the trance light. However, Su Qiqi has become the focus, but it seems that the focus of other people's attention is only on her news.

She took the man beside her and didn't feel nervous. "Uncle..."

"Don't be afraid. You're here to give presents, not to be discussed by them. I'll take you to see an old lady!"

"Well."

Su Qiqi's face changed, but at the moment, because of her strong makeup, she couldn't see it at all. She still kept smiling. The smile was very fake.

Most of the people who come here are rich and powerful, while most of the women, like her, choose the rich child. Su Qiqi sweeps around and doesn't see any young people.

They're all bald old men.

And she saw Su Xiaowan standing in front of the old lady. The old lady was very familiar with Su Xiaowan. When her uncle appeared with her, the old lady didn't pay attention to them. She didn't even look up.

Even as an uncle, the old lady didn't have a word to spare. She couldn't walk into the old lady's side and didn't even have a chance to speak.

Su Xiaowan looks at her and Su Qiqi stares at her.

Sooner or later, all these things will fall on Su Xiaowan's head.

However, this Su Xiaowan is really likable. Even people like old lady Feng can be fooled by her.

"Where do you think this is, put away your jealous expression!"

Shen Qingtian sees through his mind. Su Qiqi pulls a long skirt and goes out in this way.

No one knows how much she envies Su Xiaowan. I believe all the women here are envious of her.

However, with Su Xiaowan by her side, she couldn't get close to her at all.

She can't lose face in such a place. Originally, she has been said to be worthless at all. If she continues to make trouble, it means that she is not allowed to make any trouble!

When she came to the door, she heard the maid saying something over there, "this gift belongs to miss Xiaowan. Take it and put it away first, and then take it out when you send it."

"Yes."

Su Qiqi's eyes fixed on the gift box and followed.

.....

As night falls, more and more guests come in an endless stream, and the banqueting hall becomes more heated and noisy.

The mobile phone in Su Xiaowan's bag suddenly reminds me that the caller ID is Feng Yan's.

Looking at the time, she didn't come early today, but now it has been more than three hours.

But there were a lot of people outside, and Su Xiaowan was accompanied by the old lady, so she couldn't answer the phone at all.

But she had a play at seven o'clock, which she had to go to, but her gift had not been taken and had not been sent out yet.

"Old lady, come with us, please --!"

At this moment, many people who haven't given gifts have begun to move out their gifts. The old lady is sitting there.

The gift the old man prepared for the old lady was a folding fan. It was not an ordinary folding fan. The old lady opened it and saw that it was exquisitely made, and the choice was made of rare coral.

She finally remembered that during this period, he was hiding in his study mysteriously. She didn't know what he was doing. Every night, she watched his hands red when he was stabbed by something he didn't know

Ask him, still faltering.

Su Xiaowan took advantage of the fact that they were all giving gifts. The crowd seemed to focus all their eyes on the old lady.

Su Xiaowan turns and goes out.

She didn't like so many people, and she didn't take the gift either. Now she went to get her gift back with the maid at that end and sent a text message to Feng Yan on the way.

"I'm going to stay with the old lady for a while. Maybe I'll come back a little late. Don't worry. I'll help you coax the old lady well. However, as a son, don't you take the old lady seriously. Your father has given me a gift that he has prepared..."

Before it was finished, the maid at the other end handed the box to her. "Miss Wan, your present."

Su Xiaowan sent the message, and then held the box in the maid's hand.

"Thank you."

The maid looked at her with a smile, thinking of her young master, "Miss Wan, in fact, we all like you to be our little grandmother."

"But the young master is sorry for you. You can't take it to heart. The old lady is good to you!"

The maids of this family are all good. In fact, unlike many rich families, the owner of this family has no airs and will not lose his temper easily.

He is kind to his subordinates, so they are very kind to them.

"Shao... Miss Xiaowan, the old lady is looking for you --" A maid came in a hurry and pulled Su Xiaowan away.

When Su Xiaowan arrived at the banquet hall with a gift box, she ran into a man.

Chapter 512

Gu Che squinted when he was looking at her. Now he looked at her with a lazy look. She was different from those guests today. Everyone wore formal dresses and painted delicate make-up in order to make herself look better than others.

But she, like a lost butterfly, seems out of place among these people.

But she's beautiful

It's that extraordinary beauty.

I didn't wear any nice clothes, but when I stood in front of them, I was not oppressed by their brilliance.

"I'm sorry"

Su Xiaowan didn't look up and didn't notice the man's eyes. She ran in in a hurry.

Gu Che's hands still seem to have her fragrance.

His eyes were fixed on her as on the prey.

I haven't seen such a beautiful woman for a long time

When Su Xiaowan went in, Su Qiqi happened to be offering a gift.

She only looked at her hand holding a hollowed out carved small box. The box was very meticulous. Even if she stood far away, she could see the lines on the box.

"Happy birthday, old lady Feng. This is a birthday present I personally selected. I hope you can have a wish --"

Old lady Feng didn't like her things at all. She didn't want to open the box when she took it. But in the crowd, I don't know who said, "old lady, open your eyes for us. We all want to see what gift Miss Su gave us."

In fact, they all want to see Su Qiqi's excitement. Su Qiqi's anger almost broke out on the spot. It was Shen Qingtian who held down his wrist that didn't let her break out.

"Pay attention to the occasion. Don't make trouble for me."

Su Qiqi can only suppress her emotions. What can she do? However, the old lady is sure to like it when she sees it.

After all, old people are interested in such things.

The people at the bottom are all clamoring to see the gift in the old lady's hand. The old lady naturally takes a look at Su Qiqi. She doesn't like this person very much, but she still takes the box and opens it.

Inside, it's a jade pendant.

She doesn't love jade. She just glanced at the gift and didn't pay much attention to it. However, it was quite in line with her daughter-in-law's wishes. Thinking about it, she asked Su Xiaowan to come.

"Xiaowan."

When Su Xiaowan was called over, Su Qiqi's eyes were staring at her back. The old lady took out the jade pendant from the box and said, "Xiao Wan, I think this jade is very suitable for you. I'll take it for you!"

Su Xiaowan looks at the jade pendant that the old lady took out of the box. It is clear that it is the thing in her room.

It's a jade pendant given to Feng Yan by grandma.

Feng Yan later gave it to her. She didn't know how to bring it back when she was packing that day. She locked it in the drawer, but she didn't expect

She even changed the lock.

It seems that next time we have to take all the valuable things out of that place.

Su Xiaowan hasn't settled with her about sleeping pills last time!

Su Xiaowan glanced at Su Qiqi standing at the other end. Su Qiqi suddenly caught Su Xiaowan's eyes and immediately moved away.

She stole the gift from Su Xiaowan's bedroom.

Her whole body, the jade pendant, seems to be worth some money. She has lost more than 90 million yuan and is heavily in debt. According to her father's words yesterday, he will not help to pay it back.

For Su Zheng, as a daughter, as long as she has the value of existence, she is the treasure in his heart.

Now, Sue is not in charge of her life or death.

So, she had to pay back the money on her own.

She thought that when the old lady saw Yu, she would like her, but who knows, she gave the gift to Su Xiaowan in front of him.

Her hand tightly clenched into a fist, but Su Qiqi looked at Su Xiaowan's gift on the table, secretly showed a strange smile, waiting.

She will ruin Su Xiaowan's reputation.

At that time, see how she ends up!

"Who is she? Why did the old lady give her a present?"

"This jade pendant looks like it's been some years."

"But she really accompanies her with this jade."

"....."

"....."

The old lady looked at the jade pendant on Su Xiaowan's neck and said, "it really matches you, Xiaowan. Do you like it?"

Su Xiaowan looked at the jade pendant. There was a saying before. It's your thing, it's yours. No matter what the process, it will become you in the end.

Now it seems that this is true.

"I like it."

When she heard that Su Xiaowan liked it, the old lady was even more happy. Then, many people came up to offer gifts. However, many things eventually became Su Xiaowan's.

It's like her birthday party.

Su Xiaowan quickly took out his gift.

"Happy birthday, old lady!"

"Good, good..." the old lady cherished Su Xiaowan's gift box.

The moment the old lady opened the gift box, she was stunned and turned out to be a stone.

But the old lady quickly closed the box, but no one around knew who had already seen it.

"Oh, my God, what did she give the old lady a stone..."

"Damn it, the old lady is so kind to her. She is not willing to spend money on such an indecent gift."

"The white eyed wolf."

"I don't know what she's worried about. It's the old lady's 70th birthday. Just now, the old lady was so kind to her that she even gave her such a bargain. She can hold the stone freely in other places..."

This last sentence, can be said to be a knife, severely beat Su Xiaowan, there must be no left.

For a time, Su Xiaowan became the lost land of the masses.

It's clear how her things turned into stones all of a sudden.

"Don't say that. Maybe they are poor and have no money to buy gifts." There was a woman on one side who suddenly said.

"Then you can't send anything else. It's just that you can send something like this. This is a famous family, and it's not a small family. She can take out something that is not on the table."

Su Xiaowan stood there, and now her face was about to be marked by those people. She wanted to see Su Qiqi's eyes now. I'm afraid that this matter had something to do with her.

Su Xiaowan frowned. At the moment, she sent out the things in person. She couldn't make it clear with ten mouths, but the old lady gave her a reassuring look.

Just about to speak, a voice came in.

"Old lady, if I am right, this is not an ordinary stone."

what?

Everyone looked at the old man who came out from behind. She was an old lady.

"This is a stone, but some people have been searching for a treasure that they can't find all their lives."

Chapter 513

what!

"Priceless treasure? The old lady is talking nonsense -- "

"Yes, it's just an ordinary stone."

The old lady, dressed in a Tang suit, looked about the same age as old lady Feng. Now old lady Feng looked at her and supported her with a smile. "How old are you? You're still wandering outside and tossing so far. Do you think you have a long life?"

Old lady Gu looked at her best friend. "You can't say something nice and irritating with your mouth."

Two old ladies were standing there chatting. Now someone recognized who was the man with old lady Feng.

"Is it the old lady who cares for the family?"

"What kind of home care?"

"That's the... Diamond king --!"

"... what!"

"Is there a diamond in this broken stone?"

Su Qiqi listened to their conversation. She found the stone in the back garden. How could there be a diamond in it? This old lady Gu... Clearly came to help her.

Su Qiqi's face changed slightly, but she was still calm for the moment. She wanted to see how the old lady said she was dead.

One of them was not afraid of death and said, "Mrs. Gu, I see it as an ordinary stone. Are you wrong?"

Mrs. Gu took a look at the woman at that end. When she was young, she and Mrs. Feng had met many women. After living so long, she had met all kinds of people.

She has seen many women like them who want to marry into a rich family.

"I've seen so many stones that I can't even see what's in them! You really think I'm old-fashioned. "

The woman was so said, everyone's eyes were staring at her, "old lady Gu, I don't mean that. Don't get me wrong."

At this moment, people who have a little EQ have basically understood the old lady's partiality. The old lady didn't say a word just now. Instead, she was very happy with the stone.

"This stone is not an ordinary one. If you want to buy it, you can't buy it!"

what?

Can't buy it?

Su Qiqi's face suddenly changed. This stone was really put into that box by himself. How could it not be an ordinary stone!

There must be something wrong.

Su Qiqi stood at the back, but several people in front of her suddenly gave way. She looked at the stone in the old lady's hand, like the one she had thrown in, but not very like it.

Just now, she went to the backyard with the maid and saw Su Xiaowan's gift. She had been secretly afraid that others would find it. But who knows, she didn't want to let go of anything like this. After all,

she didn't have anything to replace.

But the foot just kicked a stone.

So Su Qiqi threw the stone into the box.

In the midst of the discussion, Mrs. Gu looked at the stone in the old lady's hand and took a meaningful look at Su Xiaowan, "little girl, for this stone, did you spend a lot of time?"

What?

This stone must have been tampered with. Her gift is not a stone.

Now that old lady Gu said that, she couldn't help it.

This... Stone becomes priceless?

Isn't it just an ordinary stone?

"I've been looking for this stone for fifty years, but I didn't expect to be robbed by your old woman."

Old lady Feng took the stone. No matter what it was, she liked it as long as it was given by Su Xiaowan. The old lady showed off and pulled Su Xiaowan, "if you like it, let your grandson find one for you."

"You old lady, you mean to annoy me..."

Old lady Gu looked at Su Xiaowan. She was beautiful and natural. She was different from those people. "Old lady, whose girl is this? How old are you? I think it's a good match for my grandson, don't you think? "

"Old woman, what do you want to do? Your grandson is too old and loves to play outside. I can't be harmed by your grandson. If you want to make an idea of her, don't even think about it."

"You old lady, you are not from your family. This little girl may like my grandson! Although my grandson seems to play with women, he is not a promiscuous person. This girl is so beautiful. She is a perfect match for my grandson! "

"No, your grandson is too old."

"How old is this girl?"

"24. "

"It's OK to be less than six years old, and the zodiac is also suitable. Don't get involved with an old

woman. My grandson is a fan. Maybe this little girl is a fan of my grandson!"

The old lady Gu looked at Su Xiaowan, "girl, do you know Gu Jinzhou?"

Gu Jinzhou?

It turns out that the old lady is Gu Jinzhou's grandmother.

However, this generation seems to be a bit chaotic

"... yes."

"What do you think of him? Do you want to know more about him? "

Are you ready to go?

Su Xiaowan wants to live a few more years

"I... Mr. Gu is a talented young man, but not my type."

So, it seems that there should be no problem.

Old lady Gu's arrogance suddenly withered, but she thought of something, "girl, it doesn't matter if you don't like Gu Jinzhou. I have a grandson. My grandson has never been in love."

"Don't mention your grandson. My little Wan doesn't like it any more. The atmosphere of your family is so chaotic that she can't bear to go in..."

"I'm talking about the grandson of the Ning family. It's not my own grandson. The child of the Ning family is promising. He left his official career at a young age. Now he is..."

As soon as Mrs. Gu said, she took out her mobile phone from her pocket and said, "look, is it serious? There's only one son in her family. When she married, it's under one person and above ten thousand. You've seen the parents of the child in Naning family, and you've praised them before..."

Old lady Feng's purpose today is to find a good home for Su Xiaowan, so she has a big banquet. Looking at the man in the photo and his appearance, she is really good. She is serious and looks like she belongs to the upper class.

Su Xiaowan stood there, a trance of Kung Fu, the two old ladies set a marriage for themselves, even their own reasons to refuse.

The two old ladies chatted happily. It seemed that they had settled the matter, and no one asked her for advice at all.

Su Xiaowan stroked his forehead, and at the moment he urged, "old lady, I haven't thought about my own business yet."

"I know my son hurt you, but this young master Ning is really good. I've met him. If you know him, maybe you'll like him!"

If you let Feng Yan know, Feng Yan will break his dogleg.

"It's OK, Xiao Wan. In the future, you will be my granddaughter. Who dares to say you are not!"

Chapter 514

This accidentally turned into Feng Yan's niece. This generation is a bit chaotic.

"Old lady, you should make an appointment quickly. It's better to run into the sun than choose the day. I think tomorrow is the best day."

"....."

Su Xiaowan's scalp was a little numb. She felt that she was not far away from death.

She excuse to go to the bathroom, directly ran out, can't let people talk about it, or she will kneel durian home.

If Feng Yan knew, she might not be able to get out of bed.

Ah, it's the point that she's dead. Su Xiaowan is very sorry.

She walked in the backyard, looking at the text message sent by Feng Yan.

——Yeah.

Why don't you admit your mistake first?

This sentence flashed through her mind.

Yes, it's better to admit one's mistake than Feng Yan.

Or you'll see your ass blossom.

Su Xiaowan was just about to type something on her mobile phone when a maid ran up to her and said, "Miss Su, the old lady says dinner will start soon. Would you like to change your clothes?"

"Change clothes?"

Su Xiaowan looked down at her clothes. She didn't feel that something was wrong with her, but she didn't seem to fit in with those people.

"Yes, you'll be at the same table with the old lady later. You have to eat with those rich and influential people. I think it's a bit inappropriate for you to wear this dress, isn't it? This is the old lady's birthday party after all. Don't let the old lady lose face again. "

It seems a little inappropriate to say that.

After all, other people are dressed so elegant, she dressed like a student, when the shame is the old lady.

Besides, the stone just now has already caused a lot of criticism.

Su Xiaowan doesn't want to be noticed.

She followed the maid to the dressing room, who closed the door for her.

As a result, I never thought that I would see Su Qiqi there. Su Qiqi took a pair of scissors in his hand and cut the original dress to pieces.

Su Xiaowan went over and looked at the dress. She couldn't wear it at all.

Looking at Su Qiqi's provocative look, she was a little helpless. Thinking about the little maid's evasive eyes just now, she was probably bribed by Su Qiqi.

"Su Qiqi, is that interesting?"

She's like someone who can't get a toy. She'd rather destroy it than let someone else play with it.

She was as selfish as before. In other words, those months of imprisonment had no educational significance for her at all.

"Su Xiaowan, why can you coax them all around? Why can't my carefully prepared gift compare with a stone in the backyard? "

Su Qiqi's teeth were itching. She was not allowed to attend the old lady's dinner party. She only gave her a gift and let her go back with her uncle.

Isn't it obvious that people are being driven?

Smell speech, Su Xiaowan eyebrows tightly cluster... She thought about her gift is who to change? It was replaced by an ordinary stone, which embarrassed her.

Sure enough, it's su Qiqi.

She looks up and looks down on Su Qiqi's gorgeous dress. Today Su Qiqi's make-up tends to be pure and lovely. Maybe before she came here, she knew old lady Feng's preferences.

I know what kind of girl the old lady likes, but I can see what kind of person the old lady is. In front of her, it's a person or a ghost.

"Can't you see that? The important thing is not the gift, but the person who gives it. The old lady doesn't like you. No matter how good you give it, she won't like it. You want to embarrass me at the party, but you didn't expect that the old lady who cares for my family would come and talk for me. You stole my jade pendant and offered it to the old lady. But you didn't expect that the old lady would give it to me again! "

"I didn't expect that if I had known, I would have put a villain in that box and cursed the old woman! Let her die early. "

Pop.

Su Xiaowan raised her hand to give her a slap, eyes deep, "your mouth clean."

"How dare you hit me."

Su Qiqi was slapped. Now she twisted her eyebrows and looked at the woman in front of her. She wanted to raise her hand to fight back. Su Xiaowan dared to hit her.

She rushed to fight with Su Xiaowan, but as soon as she raised her hand, Su Xiaowan held her wrist directly.

"Su Xiaowan! Let go

"Su Qiqi, this is Feng's home. You curse old lady Feng. Are you tired of living, or do you think you want the whole Su family to be buried with you?"

"You... You were abandoned by Fengjia, but why did the old woman treat you so well! Su Xiaowan, I really look down on you. You're a first-class person. I'm sure that old lady doesn't know about your dirty business. "

Su Xiaowan looked at her gnashing her teeth. "If you treat people with your heart, others will treat you with their heart. But if you want to have something special in others, then you deviate from your original intention. No wonder others don't like you." Su Xiaowan pushed Su Qiqi aside. "If you want others to like you, just live a simple life. Do you think those rich second generation are fools?"

Su Qiqi was pushed by her and bumped into the table. She knocked her waist directly. Now she looked at Su Xiaowan and left angrily.

A pair of sharp and deep eyes, closely staring at the woman's every move, that is as deep as the pool of eyes, can not see in the end.

And standing inside, Su Xiaowan naturally didn't know that he was being watched by everyone at the moment.

She stood there, the old lady is really good to her, there is no mixed anything, just for her good.

And she is a short guard.

For those who are good to her, she must protect them well.

So, just now she slapped Sue 771.

A good old lady should live a long life.

Su Xiaowan's eyes fell on the dress in front of her.

If she is dressed like this, it's better not to lose face with the old lady.

Can just dial a number, still haven't pressed down, hear to open a door sound, think is Su seven seven come again.

She didn't even look. "What else do you want! What's the end... "

The next second, the waist is held.

A strong smell of wine swept through, Su Xiaowan was slightly ill, not su Qiqi!

The man's arms are very strong. He drinks a lot of wine, and the taste of alcohol is very strong.

"It turns out that your name is Su Xiaowan. It's a nice name..."

The man's smell of wine is all around him. Su Xiaowan's mobile phone is directly lost on the ground, and his voice is so low.

"I like you the first time I see you. You smell good. Come on, let me kiss you. I will be gentle. Don't worry, no one will come here..."

Su Xiaowan was frightened. She struggled with the man's arms, but the man's strength was too strong for her to struggle.

His thin lips rubbed the delicate skin between her neck, and the faint fragrance of women fascinated him.

Chapter 515

It's delicious.

He had never smelled it before. It was the sweet scent of a young girl. It was nothing different from the perfume of a woman outside.

It's just, it's intoxicating.

Su Xiaowan looked at the man's serious change, she refused the man's close, don't let him touch a little bit of his skin, "you let me go, I don't know you at all!"

The cool and warm masculine breath sprayed on her neck and scratched her skin like a feather. Su Xiaowan resisted. She stretched out her legs and kicked him, but the man easily avoided.

"You're touching me. Believe it or not, I'll kill you!"

Smell speech, man just smile.

"My name is Feng Che, and Feng Yan is my uncle. I know you divorced my uncle. People like my uncle can't satisfy you. He's already gone. Don't worry. If you follow me, I'll treat you well."

What do you mean no?

What do you mean you can't satisfy her!

Su Xiaowan a listen, also don't know where to come of strength, take a head to mercilessly hit his head, the man is so hit, the hand immediately loosened.

He showed his teeth in pain and covered his head with his hand. He looked at the woman in front of him and said, "my uncle doesn't want you anymore. Are you still defending yourself for him? I really like you, you follow me, glory and wealth will not be without you! Come and serve me. I don't care about what happened just now. "

Su Xiaowan is dizzy.

Just now so a bump, but exhausted own whole body strength, her head is also very painful, she stretched out her hand to cover his head, found that the back of the head has a big bag.

Just looking at the man coming towards her, she raised her leg regardless of the pain in her head. It was almost instinctive. This place was very remote when the maid came with her just now. The main reason

was that she trusted others so much that she didn't think much about this person for a while.

Now, even if she yells, no one will find herself in this place.

She kicked at his lower body, but Fengche was not a person who could do nothing. He had been trained by his father since he was a child. Although he was a second generation ancestor with no learning and no skill, his ability of self-protection and fighting was first-class.

Just now, he was hit by her. He didn't expect her to do this. He hit himself with his head, but this time, he grabbed her leg quickly with one hand.

"I like the way you resist me. Don't worry, I will be gentle..."

Feng Che is more and more interested in Su Xiaowan.

"You let me go..."

The man's strong figure is so close to him. Su Xiaowan feels disgusted. She wants to hit him with her forehead, but the man's hand holds him tightly. "Don't hit me, I love you..."

"I'm your uncle's woman. If you dare to touch me, he won't let you go..." Su Xiaowan just heard him say that Feng Yan is his uncle.

The man narrowed his eyes, and the deep eyes were almost just one eye, as if he had stripped off his clothes. "My uncle didn't want you long ago. Do you still expect her to deal with my nephew for you? You really think too much..."

The man's breath approaches her. Su Xiaowan struggles to death, but it's useless. Her skill can't deal with the robust man in front of her.

"If you touch me, I'll die with you!"

"Then you try..." the man tore her clothes, because she was wearing clothes and trousers, so it was not easy to take them off.

Su Xiaowan was humiliated by the man. She felt disgusted. She opened her mouth and bit the man's arm viciously. Feng Che didn't expect that she would be so fierce. He always liked not to admit defeat.

For so many years, after those women knew their identity, they were all clinging to her. He had been fed up with those women for a long time, but this woman

If she was Feng Yan's woman, she would not dare to touch her, but she was kicked by Feng Yan.

Feng Yan doesn't want a woman. If you make out with her, he won't do anything.

But who knows, this woman actually bit her hand, he took a breath, his eyes full of cold, stretched out another hand, slapped the woman.

"Feng Yan, help!"

The man's temper suddenly became irritable. He pulled off the woman's clothes and showed the fragrant shoulder of China Resources. Now he looked at her, "serve me well, and I can be gentle. If you really want to die, I will..."

The corner of Su Xiaowan's mouth has been removed from the blood, and her cheek is completely stiff. She shouts Feng Yan's name in pain.

"Call him! It's called Feng Che --! "

Su Xiaowan vomited blood on her face. "I won't let you succeed even if I die!"

"I want to do a good job with you. It doesn't seem to work, does it?"

The man slapped the woman again.

Su Xiaowan was beaten by him. He didn't have the ability to move at all, so he fainted directly.

"I still want him to save you, but you don't want to. I'm the grandson of Feng's family. What can I do when he comes..."

The clothes on his body were directly torn off by the man, and the wonderful ketone body appeared in front of his eyes. He was in a hurry to untie her pants.

Touch.

The door was kicked open and the man at the other end turned back.

Against the light, I only looked at Feng Yan who came in... Even though he was really ugly, his momentum was irresistible, and a murderous rage was everywhere.

The old lady ran in and looked at Su Xiaowan lying on the ground. She immediately took her clothes to cover her. She didn't let anyone else come in and reached out to beat Feng Che.

"You son of a bitch... Oh, my poor child."

"Uncle, I..."

The anger on the man's face can't be ignored. The evil eyes just look at the woman on the ground. She

has fainted. All the blood is on her face and body.

The man took off his clothes and wrapped her up. He bent down and picked her up. Su Xiaowan held her clothes tightly. "Feng Yan, help me..."

The whisper, very light, but that sentence fell on his heart, like a fist, hit him.

His eyes with blood, almost her scan completely, he just spit out a word.

"Feng Che, you're very kind!"

Feng Che didn't know the meaning of this sentence, because he was frightened by Feng Yan's eyes.

His father showed him to be an enemy. In front of him, this man robbed his father's group and drove them out. After so many years, he couldn't even return home.

It's all because of this man that what happened to them.

Feng Yan takes people to the bedroom. He looks at the injury on the woman's face, which is shocking.

"Feng Yan... Help me..."

She is still low murmur, at the moment the man twisted eyebrows, sitting at the head of the bed comfort, "sorry, I'm late."

He looked at the injury on her body. The woman's hair was covered with blood. Feng Yan stretched out his hand to fiddle with her hair. "It's ok..."

Fengyi stood at the door, "young master, you have come."

"Come in later."

"Yes." The man took a basin of water and washed her whole body.

But even when the woman fainted, she was still resisting. Even when she started to untie her clothes, her hand was always holding tightly, not letting him move at all.

"Feng Yan..."

"It's me, don't be afraid..."

She didn't know if she heard his voice. Then she released her hand. Feng Yan noticed that her hand was holding tightly. At this moment, the palm of her hand was full of blood.

Men's eyes are more and more deep, there is a bloodthirsty taste.

"Let the doctor in --!"

The doctor rushed in, only to see the woman on the bed has been wearing a loose shirt, the whole body submerged in the quilt.

She's a woman. She just got arrested from the hospital.

At first, I thought I met the kidnapper. Who knows, I will be brought here.

Just, looking at the man at that end... He's slim, with noble and noble spirit, looking perfect to the extreme.

.....

Feng Che is being scolded by the old man, "I spared your life in those days. I wanted you to make a new life. Now it seems that I really let the tiger go back to the mountain --!"

"Grandfather, I didn't mean to. I drank some wine. She seduced me first. She must have known that I was a family member, so she seduced me... I was confused, I was confused..."

"Confused for a moment!" The man's shining black shoes appeared in front of his eyes.

The old man looked at the son who came in. He knew his son's temper. As a man, he naturally knew that this woman was unbearable for him when she appeared in front of a man just now.

He sealed the man's home, even if they do not want things, others do not want to touch.

And Fengche, obviously moved the man's scale.

But anyway, this Fengche

"Don't make people die!"

"Grandfather, grandfather... Help me..." Feng Che knows that being with Feng Yan is more terrifying than being with his own grandfather.

But fenglaozi left without looking back.

Just say one word, don't make people die.

This is not also confirmed. Even if Feng Yan wants to do something to him, he can do it as long as he doesn't kill people. But he doesn't want to die. He knows Feng Yan.

Feng Che knelt on the ground. No one here would help him. Even old lady Gang CAI was angry and hit him several times with a stick.

If it fell into Feng Yan's hands, he would not have to go out alive. "Uncle, I was so confused that I was seduced by her. I know I was wrong. I really know I was wrong. In the future, I won't touch him again. Today is Grandma's birthday party. I can't see blood. Uncle, I know I'm wrong, but my life is small. If grandma is at the birthday party..."

"Which hand touched it!"

Chapter 516

what?

That gloomy and terrible appearance, let Feng Che panic, his words suddenly disappeared, suddenly looking at the man in front of him, only saw the terrible eyes.

He looked at Feng Yan, such a man... Can his father really fight against him? Clearly, he is a disfigured man, but... Why is his aura so big that there is no room for backhand at all.

But the man raised his foot and stepped on his hand. He took a breath. The hand he stepped on was the same place that the woman bit just now.

He's got a quick foot and he's almost unstoppable.

I didn't dare to resist.

Ah!

Heartrending voice sounded around, but the man turned a deaf ear.

Until the blood came out of the man's hand, he fainted in pain.

But the man's foot is still not loose.

When Fengyi arrived, Fengche had fainted. He took a group of people and took the man out.

"Young master, that old fox knows this news and has come back all night."

.....

The old lady sat on the other side, very anxious. This was her good birthday party, which turned out to be like this.

Especially that Fengche, how could he be like this!

Looking out of the old man, "this is what ah, how a good person to become like this!"

In her memory, Fengche was the sweetest child. She didn't have much time to see her. Every time she came back, Fengche would come to see her with a lot of things and yell at her grandma. Grandma... Although she was not her own grandson, she was the one who raised her father. Only relatives were there.

"Now that such a thing has happened, what do you say to do?"

"If he dares to do such a thing, he will have to bear the consequences. It's still in the old house. It's not sure what it looks like outside! His father let him fool around. I can't do it here! " The old man is also very angry. He looks down on such a person most.

He knew that Feng Che was spoiled by his daughter-in-law. He was afraid of being spoiled by his daughter-in-law. Before they were outside, the old man couldn't see anything.

Now I dare to bully my family.

How can he bear it.

"It's time to teach a lesson. Otherwise, I don't know how serious it is, and I don't know how big things will happen in the future." The old lady is also a person with clear punishment. Her profession in this life is a lawyer, and she pays the most attention to fairness and justice. Even her son is a bowl of water.

It's like their own sons are not interested in the company. They made a will to let their adopted son inherit all their things.

But all of a sudden, the eldest son's family moved abroad.

And his family suffered this disaster, thinking of Fengli and Xinling.

She felt uncomfortable and depressed.

"But... Your son won't beat him to death, will he? This is the eldest brother's own son. If he is really killed, I can't explain it... Besides, today is my birthday party... I don't want to see blood... "

"Your son has a sense of propriety."

The old lady sighed and wanted to say something else, but thinking about the scene that Feng Yan just came in, she still couldn't figure it out.

"Well, do you think your son really cares about Xiaowan? How can I understand your son's heart more

and more? Is he as deep as you! Just now I saw that he was angry... "

"....."

Then he watched Feng Yan come out from that end.

"Ah... Ah Yan, what have you done to him? What is this... "

"My dear mother, duobaier, Feng Che has done such a thing, and you still say good things for him --" The old man put in a word. If it wasn't for the poor health of the old woman, he would have told her about it.

But he didn't want her to put up with it. Maybe it was a preference.

Old lady Feng wanted to say something nice to Feng Che. She glanced at the old man beside her, "you know what, I just don't want ah Yan to do anything against the law."

The old lady went to Feng Yan's side, but listened to her son's cry.

"Happy birthday, mom!"

Feng Yan only said such a sentence, the rest did not say anything, expressionless, directly left.

"Ah Yan..."

"Well, it's no use chasing you out."

Old lady Feng, "... How do I think he is so terrible..."

Fenglaozi's eyes were deep. Before, he felt that his son was most like him. Now, it is true.

The same ruthlessness.

It's just that he doesn't want him to be like this.

.....

bedroom.

When the dusty man came, the doctor just finished the examination for Su Xiaowan.

"How is she?"

There was a shudder, "master Feng and Mrs. Feng's face was seriously injured, and her head was hit..."

But we've already bandaged her up, that's... That's..."

"He said

"The wound on Mrs. Feng's body is a little hidden. I'm afraid that the equipment here is not as complete as that in the hospital. I suggest that she be sent to the hospital first and have a careful examination..." the doctor is not a fool. She has been a doctor for so long and has seen a lot of women.

This woman, probably just been violated.

There are many traces of men pinching out on her body, although many bleeding wounds on her body have been wiped clean.

But the blue and purple on the body, the trace is very obvious, also can't cover at all.

Therefore, she is not sure whether the woman in front of her is really violated

He just naturally saw that Su Xiaowan's legs and body were scratched by scissors.

"Make arrangements. Go to the hospital now."

Su Xiaowan seems to have a long, long dream. In the dream, she dreams that Feng Yan broke the man's finger, and she was held in her arms by Feng Yan.

But after that, she dreamed that Gu Che's face was facing her, and she wanted to swallow her.

"Such a good-looking woman should be beaten like this... That man's heart is really cruel."

"It's said that this man didn't beat her. She was violated."

"What? Violation? "

"Didn't you see Dr. Li checking the place for her just now?"

The two nurses said one after the other, "besides, I heard that the brain was damaged. The man outside was worried."

"I think he is worried that his woman will be violated?"

"There must be a part of the reason. If it's you, your own woman has been touched by other men, what's your mood?"

"Then I'm sure I'll kill that man, but if this woman is touched, I don't want anyone else to give me a green hat..."

"If you want me, I think so."

Chapter 517

Su Xiaowan sleeps in a daze, but the two people's words are echoing in his ears.

She was... Touched?

Is that Fengche?

Feng Yan didn't expect that Feng Zhengting would rush back because of Feng Che.

Along with him came Gong Xuemei, Feng Zhengting's wife and Feng Che's mother.

Gong Xuemei looked at Feng Yan maliciously. "Feng Yan, how can you lay such a heavy hand on your nephew? What do you want him to do in the future? Feng Che's hand is used to play the piano. If his hand is useless, how can he play the piano in the future... Even if he does something wrong, he can't help but know how serious it is. Pity my child, he hasn't woken up yet."

Gong Xuemei had a runny nose and tears. When she was born, she almost lost half of her life.

Feng Che is ignorant, eating, drinking, whoring and gambling outside. Before that, he made a woman's stomach big.

But, which one thing is not she to help her wipe her ass, every time I want to get angry with him, but when I think of giving birth to him, almost dystocia, she will all the anger, for her pet.

But he didn't come here to give the old lady gifts and celebrate her birthday. He didn't think about it. Now he is lying in the emergency room of the hospital, and is in the process of rescue. His life and death are uncertain.

Gong Xuemei has never hated Feng Yan as much as she does now.

She can bear Feng Yan, they dare to go out, she can bear to leave her hometown for a few years... Everything can be tolerated, but she can't bear that Feng Yan moved her son.

"If my sister-in-law feels light, I don't mind finding some people to help you educate him."

Gong Xuemei was so angry by his words that she said, "what are you talking about? You want to hit my son again!"

"Xuemei, don't be ridiculous!" Feng Zhengting was standing there. For him, the face-to-face and Feng Yan were different from the men in the information he received every day.

But I can't tell what's different.

Yes, he bribed a man around Fengyan. This man would tell himself about Fengyan every day. He wanted to get all of Fengjia's business.

All the things are ready, just waiting for one day, I can come back here, take back what should belong to me.

But at this juncture, his son has such a thing, half a life.

Feng Zhengting is not a womanly woman. For him, the value of his son's existence is to entrust such a large group to him when he grows old.

"Third brother, are you going too far in this matter? Archer is still young, and it's inevitable that he doesn't have the sense of propriety in what he did. Now you take him to the hospital, and you don't know whether he is alive or dead. Your sister-in-law and I are old, so we expect Archer to be older and provide for us. But now... I don't have time to discipline him. Your sister-in-law is kind-hearted, It's hard to avoid spoiling... "

"If I don't have time to educate my elder brother, I don't mind taking good care of him."

When Gong Xuemei heard this, she said anxiously, "we Archer just played with a woman, Feng Yan. Even if we played with the rest of you, we Archer didn't say anything! What qualifications do you have to gossip here and beat my Archer! "

"Sister-in-law, I hate people touching my things. If someone dares to touch it, which hand should pay the price. If there is another time, it's not the price of a few fingers!"

When the man finished, he turned to leave. Suddenly, a man, Feng Zhengting's subordinate, ran in. "No, sir. The doctor said that the young master had a high fever. The situation is very bad. Maybe he can't survive tonight..."

what!

Gong Xuemei listened to the servant who ran in, "what are you talking about?"

"I'm afraid the young master can't make it through tonight..."

On hearing this, Gong Xuemei fainted directly.

Feng Zhengting hugged the fainting woman.

"Madame, Madame."

But Feng Yan, who was standing there, seemed that all these things had nothing to do with him. He took a step, just gave them a cold look, and left directly.

Gong Zhengting clenched his hands into fists. OK, Feng Yan, we'll see!

.....

"Why haven't you woken up yet?"

In the ward, Feng Yan is looking at the woman lying on the bed. She has been in a coma for a day and a night. Up to now, she has never opened her eyes to see him.

"The little grandmother's head was hit, and the congestion has not dispersed yet. She will wake up only when the congestion in her head has dispersed. Fortunately, the injury on her face is not serious, the wounds are healing, and there is no fever... When the congestion has dispersed, she will wake up naturally."

The doctor looked at the man sitting there. Although he was not very good-looking, he was very nice to the woman. She looked at him with envy.

She is the woman's doctor in charge. The woman was sent to the present, it is the man who takes care of her daily life, whether it's washing face and wiping body, even dressing wounds, applying ointment and so on, all by himself.

I've never been a fake.

It's the first time she's ever seen a rich man love his wife so much.

This kind of feeling, let her particularly envy this woman lying on the bed.

This man's whole body is full of stiff suits and clean shoes... Although there are no brands of clothes and shoes, for super rich people, their brands are customized limited edition.

"What are you doing here! Get out

The doctor was so frightened by the roar that he took things in a hurry and went out.

Feng Yan took a basin of water to wipe Su Xiaowan's face and hands.

He has never done it for someone like today, but she is Su Xiaowan, and he is willing to.

"I avenged you. Would you wake up soon, lazy pig..."

His tone was spoiled, but he didn't know whether Su Xiaowan could hear it or not.

Su Xiaowan has been having nightmares all the time, either appearing scenes she has never seen, or dreaming that Fengche's terrible face is constantly enlarging in front of her

She has been running, running tired, suddenly in front of a person.

It's her mother.

She pinched her neck and asked why she didn't die.

Breathing all of a sudden, Su Xiaowan looked at the woman's heartless face, she wanted to ask, why?

But the woman is still pinching, never let go.

Later, as soon as the picture turns, Gu Che appears. Gu Che takes off her clothes and smiles happily

Laugh of very terror, she shout the name of Feng Yan, but have no use at all.

She can only cry.

There are people around making fun of her.

"You've been touched. You've been unclean for a long time. Do you think Feng Yan will want you?"

"... it's dirty."

Chapter 518

Su Xiaowan was slowly malicious wanton around, she wanted to explain, but how can not speak.

In a dream, there is no way to speak.

Su Xiaowan opened her eyes in horror when she was scolded by those people pointing at her head. Beside him, the man was sleeping, his long eyelashes were drooping, his scarlet lips were tightly pursed, his handsome face was haggard, and his hand tightly grasped his wrist.

It's Feng Yan.

Su Xiaowan just looked at him, and the original fear in the bottom of her heart suddenly dissipated. She always knew that Feng Yan cherished her to the extreme.

When she looked at him again, she suddenly wanted to cry.

Be sealed completely grasp of helpless, heart suddenly relaxed.

She knew that Feng Yan would definitely come and save her.

Tears wet the pillow, she did not know how to really cry.

At the door, someone's footsteps went back and forth.

It should be a nurse.

"It's said that the woman in this room will have to arrange psychological surgery later. I don't know what to do when she's in a coma all the time."

"Ah, I heard that the brain was hit. That man was really cruel. How could he be so cruel to a woman?"

"That's right. This man is also a woman. How can he be so cruel to her?"

"I'm a woman looking at the pain."

"I had a look at the wound on her body yesterday, but it was terrible. There was gauze on her head."

"Moreover, the man was afraid of her psychological trauma and wanted to give her psychological counseling later."

"But she's not awake yet."

"I don't know how?"

"....."

"....."

"I heard that Dr. Yu is already preparing for the operation in the afternoon. By the way, what is the identity of the man in this room? Why does it look like he has a lot of money? That day, I saw that he was surrounded by several subordinates... Moreover, the suits that those subordinates wore were formal, just like the underworld boss in the TV series. "

"... besides, all of my men look more handsome than him --"

"....."

"....."

That sound fell into Su Xiaowan's ears.

Feng Yan is afraid of her traumatic sequelae

So you're going to give her counseling?

Thanks to him.

Is she that vulnerable? It's not a ceramic doll.

And at this time, her hand for a while, seems to be stunned, sleeping man.

Feng Yan didn't sleep much. He didn't sleep much these days. A nerve was hanging like this, because she was very worried about Su Xiaowan.

But did not expect to open his eyes, Su Xiaowan is crying, tearful looking at him.

His heart is killing him.

"What's the matter? Where else is it? "

Looking at him, Su Xiaowan couldn't help teasing him. How could her heart be so fragile

"Who are you?"

The man's hand was stiff. Obviously, she was not ready. Her pupils were dilated. In her opinion, it was far beyond her expectation.

He didn't react instinctively.

"You don't remember me?"

Su Xiaowan looked at her stiff hand, but she didn't want to laugh.

Su Xiaowan opened her quilt and got out of bed. She felt a little pain. It was the kind of pain when the wound was pulled out and closed.

So fierce, let Su Xiaowan almost cry father J call Niang.

It really hurts.

The pain made her not want to continue the prank.

But the man's hand pressed on her shoulder, "lie down first, your injury is not good."

"Who are you? I want to go home... I don't know you. I clearly remember that I met a gangster on my way back to my dormitory after class... Ah, I didn't die bravely when I knew that, and I was beaten so

badly... Brother, did you go to the wrong ward..."

incognizance!

Those three words irritated his heart.

"Brother, can you lend me 100 yuan? I need 100 yuan for a taxi home..."

"I'm sorry."

His lips opened and closed slightly, and the whole person was in a mood that she could not understand.

It's like a state of near collapse at any time. As long as you give him a little strength, she can push her down.

Su Xiaowan sees that he doesn't respond. In her story, Feng Yan should hold her tightly and tell her that she is his husband... Not a big brother.

But he didn't. I'm sorry

That's not what she wants to hear.

Feng Yan did nothing wrong.

She couldn't put on any more. She hugged him. He was a man with a strong figure, but she still padded her toes. Feng Yan was very tall, because when she stood there, she raised her head. Su Xiaowan's head was just against her chin.

"I'm kidding you. You're serious. How can you be so easy to cheat? I cheated you..."

The man's body is stiff, listening to the girl's slow words, in an instant... From the initial despair to excitement.

"What did you say?"

People's first reaction at this time is probably disbelief, with a suspicious attitude, at the moment feel that they are listening wrong.

"I didn't forget that you are Feng Yan, and I didn't forget that I am your wife."

"Fool, I forget that no one will forget you!"

Su Xiaowan knew that she scared him so much this time. She lay down in his arms and looked at him pitifully. "Don't talk. I'm wrong. I won't dare to scare you any more."

Smell speech, the arm of the man hugs her waist tightly.

He didn't speak.

Su Xiaowan felt the man's hand clasping her waist, very tight... Very tight.

Almost broke her waist.

"What's the matter with you? I can't run. I can't breathe when you hold me so tightly. "

Smell speech, the man's hand this just loosened a few, Su Xiaowan take the opportunity to look up, looking at the man's tired look, she knew that she was wrong, in front of such an environment, she was still in the mood to joke with him.

She stretched out her hand to cover his cheek. "How did you make yourself like this again, Feng Yan? I said nothing to you last time, didn't I?"

"When it comes to you, I don't have the heart to think about anything else."

Su Xiaowan raised her eyes and was moved. But long ago, she said that she didn't like Feng Yan to be like this.

For her, all my heart is on her, but I have no opinion. I'm all on myself.

Feng Yan has a greater responsibility on his shoulders.

It's not her home alone.

"Feng Yan, have you forgotten that I am a diamond heart?" Su Xiaowan patted his chest, "I know you'll come to me, so I'm not afraid. The worst thing is to die with him. I'm the cheapest bastard. I fainted first."

Speaking of this, Su Xiaowan suddenly asked him with some uncertainty, "Feng Yan, have I been touched by that bastard?"

"If he dares to touch it, it's not a matter of fingers."

Su Xiaowan just breathed a sigh of relief, but the next second, he heard him say, a few fingers

"You... You didn't break the law, did you?"

"He's not dead."

I'm not dead.

That should be ok

"But who is he? He calls you uncle..."

This is the first time that Feng Yan tells Su Xiaowan about his family, but he avoids some grudges. Feng Yan doesn't want Su Xiaowan to join in.

She should have a life of her own instead of being haunted by hatred every day.

Smell speech, Su Xiaowan actually originally know that adopted son, but did not expect, this man is the son of adopted son.

"Son is not godfather's fault, his father is certainly not a good man."

Su Xiaowan thinks about the man. He looks like he's 20 years old at most. He knows that he's going to sleep with a woman when he's 20 years old. He's still so shameless in front of her.

Presumably, his parents' family environment affected him.

Is that what his parents said at home?

But if it wasn't for the family, they didn't know where they were?

Don't be grateful, but fall down like this?

Su Xiaowan thought that next time, if she saw this man again, she would teach him a lesson and make her so arrogant.

"You lie down and have a rest. I'll ask the doctor to come and see for you."

Su Xiaowan's hand seized Feng Yan's clothes, "then you won't let the doctor give me any psychological counseling?"

"Do you need it?" Feng Yanhui.

"Of course not. I'm almost all right."

"Show off."

"It's true that I didn't show off my ability. You see, my arm can be raised so high... Oh, it's still a little painful..." Su Xiaowan immediately retracted her hand, and now she was showing the crescent moon towards Feng Yan.

"Feng Yan is also a family. You are much better than them." Feng Yan is kind-hearted and respects women. Even if he is said to be like this, he never resents others. He even says that there is no woman around him and his private life is not clean.

At his age, at his age, there are many kinds of men outside. Just look at that Fengche.

It is estimated that before graduating from University, I have been playing with women so wildly outside. I won't be the first time, and I won't be the last one.

Before that, the rest of them didn't know what they were harmed by him.

In this society, in order to get their own status and money, some women will choose the body in exchange, but more people want to support a home with their own hands and fight hard. If those girls meet Feng Che, they don't know what they will become

He didn't know how many homes had been destroyed.

"That nephew of yours is not very good. He can't compare with a finger of yours."

Feng Yan leaned over to kiss her lips and said, "I'd better lie on the bed and be nice. I know I'm boasting about my husband!"

"I've always been good."

Su Xiaowan tooted his lips and looked at his red lips. "Feng Yan, I have something to say. I don't know if I should say it or not."

"You said

"I haven't brushed my teeth for several days... Well..."

Feng Yan proved that she didn't care whether she brushed her teeth or not

Chapter 519

Feng Yan almost fainted her.

Fortunately, at the moment of Su Xiaowan's lack of oxygen, it was finally over.

Su Xiaowan's Scarlet cheek looked at him, "I said I didn't brush my teeth!"

"Do you think I mind?"

"... but... But my face hasn't been washed and my teeth haven't been brushed. You want to keep the

best appearance in front of me, and I also want to keep it. I must be super ugly now..."

"Not ugly."

"Deceiving."

Su Xiaowan stares at the man standing there and looks at him laughing.

Then, Su Xiaowan's room occupied several people, one by one stood in turn, one was Fengyi, the other was her doctor in charge, and several nurses.

"You are not so ugly. Now you have the feeling of a classical sick beauty."

"Yes, it's ugly. If you're ugly, we can't live!"

"That's right. I don't have make-up yet. I can't find a few of them all over the world."

"Yes, your long facial features are more beautiful than those women who wear makeup. I don't know how many times!"

Ha

Su Xiaowan stares at Feng Yan, who is standing on one side, and listens to a lot of them. They are serious and open-minded. They don't need to look to know who benefited.

This wave of... Praise seems to be a little... So that she doesn't know who she is.

However, everyone is happy to be praised.

"Ah... I don't think you look familiar. Are you that... That..." the little nurse looked at Su Xiaowan lying there and suddenly said.

The doctor on the other side gave her a rebuke and motioned her not to talk nonsense. After all, the people here, who she had inquired about, were the people who sealed the house.

In front of her, the woman had a good relationship with the man. Although she didn't know who was the one who sealed the house, she must be a powerful person.

She can't talk nonsense. She'll offend others and burn herself. She won't be qualified as a doctor until she gets it.

You can't be pulled down by this nurse.

"You say that real mother... It's the heroine of the snail girl who was just shooting, right..." the little

nurse finally remembered.

As nurses, they work in the hospital, day and night are upside down, busy, that is, they don't even have time to eat, so they don't pay much attention to the outside entertainment circle.

But a while ago, one of her best friends liked the play very much, so she was nagging in front of her all day. After such nagging, she also looked at the heroine. The woman who had put on makeup lost her hair bun, which is the same as what she is now.

In addition, a while ago, Su Xiaowan had been lying down. When they came here, they hung up the water in a hurry. This man didn't give them the chance to gossip, and even rarely talked to them.

They also know that they can't offend this person, so no one dares to say more, let alone see who Su Xiaowan is.

Today, Su Xiaowan wakes up.

In addition, I met such an opportunity.

What else did the nurse want to say? As a result, she was directly invited out by Fengyi.

The ward was quiet again.

Su Xiaowan looked at Feng Yan, "Feng Yan, don't you see that I'm red? They all know me! However, you are too unkind. How can you drive people out directly? If she speaks ill of me on the Internet, I can't say it clearly. Cyber violence is terrible, especially for new people like me." Su Xiaowan said, "you'd better let Fengyi tell her that she's mistaken, so that others won't think I'm playing a big card."

"Fengyi will deal with it. You can lie down and have a rest."

"... Feng Yan, how can I feel that you are so cold to me? Even when you talk, you have a feeling that you don't want to talk to me more. People don't like each other until they have been itching for seven years, or they don't feel comfortable seeing each other anywhere. We haven't been seven years, so you have already been cold or hot to me."

"You're not well yet. I'm afraid you can't bear being too good to you."

"... why can't you bear it? Just have a chat with me! I'm not sleepy. Why do you keep calling me to sleep

The next second, her chattering lip was blocked. Su Xiaowan was surprised. This reflected that what she said was... Too good for her, she couldn't bear it.

Of course, Feng Yan was not so greedy. He took a few kisses and went to the bathroom to take a shower.

She made a phone call and asked for a leave. Of course, she didn't say anything about sealing her home. She just said that she fell down accidentally. Fortunately, the director is a good person.

Let her peace of mind to heal, and even let her now, if there is energy, can see the news.

Su Xiaowan turned on the computer, did not think, will see Tang Xiaokai's press conference.

The press conference was held in a high-end hotel with a very luxurious background.

And now because of the holding of this conference, the Internet has exploded.

Su Xiaowan opens the video in a hurry.

It happened that the reporter asked questions.

The female reporter is aggressive, "Mr. Tang, is the information you released on the Internet true?"

Then the camera is shown to Tang Xiao.

Tang Xiao's face was blue and purple. He didn't know who hit him. He held the microphone. "It's not true. In fact, my woman is Su Qiqi. Su Qiqi and Su Xiaowan are in the same crew. It's hard to avoid being compared with each other. That day, Su Qiqi said a few bad words about Su Xiaowan in front of me. Su Qiqi is my woman, so I can't let her suffer, I wanted to take this opportunity to make her happy. I didn't expect that it would be self defeating and bring so much harm to Miss Su Xiaowan... "

When Tang Xiao said that, he was wronged. Yesterday, on his way home, he was suddenly beaten and even threatened with his life.

Tang Xiao is a weak man. He is afraid of bullying others. He is most afraid that someone will fight against him.

"I solemnly apologize to Su Xiaowan here for my mistake."

Reporter, "but I heard that you have a wife. What does your wife think of your aboveboard lover?"

Tang Xiao, "my wife and I have no feelings, Su Qiqi is my true love."

At this time, everyone saw that it had basically exploded.

There are thousands of comments in the comment area, which is the first time in history. There have never been so many comments.

"Damn, how big is this man's face? How can he say anything? Isn't it cheating in marriage?"

"It's so hard to see. Su Xiaowan is too miserable. He hurt his wife and pulled other people down for the sake of an outside mistress. He's very happy."

"We owe a lot to Lord Xiaowan. If I were, I would sue him for slander."

"We Xiaowan have been scolded for such a long time, can he just clarify? It's not a thing

"It's too cheap. I haven't seen such a cheap man. Her wife should divorce him quickly. It's better for such a person to die so as not to harm others in the world."

"....."

"....."

Chapter 520

Su Xiaowan looks at the comments all over the screen, and all of them are bullet screens of scum men's death. The story of Tang Xiao's online clarification is something she didn't expect.

After all, this time the plot burst out, the last hurt is himself.

Tang Xiao is such a smart man. The last time something happened, the Tang family had to drive him out. This time, if he admitted that he had gone to the Tang family's shelter, this time, it would undoubtedly give Hera a better chance. He has not signed a divorce, but also to delay time and get Hera's shares.

In principle, he shouldn't be so stupid. Moreover, if he clarifies like this now, he will inevitably be rejected by thousands of people in the future.

After all, the public will not let such a scum man go

She was thinking that she had to lie down because her arm still hurt badly.

She turned off the computer. Anyway, this time, Su Qiqi was the scapegoat. I don't think she can turn over.

She seduced married men, but also put the blame on themselves, in any case, is not clear.

When she thought about Su Qiqi's mean look when she cursed the old lady at the party, she couldn't help cursing. She didn't deserve sympathy at all.

I don't know if someone who has nothing to do with her has any grudge against her. She has to curse the old lady like this. It shows how bad her mind is.

How nice the old lady is. The more she thinks about it, the more angry she gets. She lies down and still

feels depressed.

Su Xiaowan received several messages from Cheng Weiwei.

It's about Xia Xiyan's whereabouts. "Little grandma, we have determined Miss Xia's position, but she is with Master Lu."

Master Lu.

I think Lu Shimian went to see her.

In this way, Master Lu is not a special person

She's just Lu Shimian's favorite. She has some feelings that she thinks others can't see. In fact, she doesn't. every move and every look can tell you how much you love him.

Lu Shimian has Xia Xiyan in his heart, but his expression is different from that of Feng Yan.

Everyone's expression of love is different, just like some people are bold and unrestrained, some are implicit, and some people are probably happy with each other, and there is no need for both sides to use any words to express

But with Master Lu, Xiyan doesn't have to worry about her.

She has to recover as soon as possible, otherwise, the progress will be delayed for a long time. The purpose of her filming is to become a better person and have her own career, not a drag on Feng Yan.

Holding the jade pendant in her hand, she felt dizzy, probably because she was hanging water, which made people sleep quickly. She was so confused that she went to sleep.

When Feng Yan came out, he watched her fall asleep, holding her grandmother's jade pendant in his hand, and sleeping soundly.

He took a look at his embarrassment, this girl

Tang family villa.

There are many industries in the Tang family, but there is only one place where Tang Xiao is driven out.

Su Qiqi received a lot of anonymous cursing messages by online news.

She was scared to death, so she came to this place to look for Tang Xiao.

She has no reason to become a back pot, her anger has not yet spread, and now such a thing, this

person is trying to kill himself.

Shen Qiqi only met Tang Xiao once.

The photos they wanted to take could be bribed by Tang Xiao to expose the contents of the photos on the Internet, but Tang Xiao refused them.

After that, she never met again.

Tang Xiao has no friends in the circle. He probably has nothing but women.

Su Qiqi had a great effort to find the man's address. When she went, she found a woman outside the villa.

That woman just looks at her back, she is very charming.

She is an intellectual woman with elegant temperament.

As soon as she walked past, she looked at Tang Xiao running out of the door.

"You... Are you really Hera? How did you become so beautiful... "

Tang Xiao's eyes are wide open. She doesn't know that her little wife, who has been at home, is so beautiful.

Hera's face is full of freckles, wearing black glasses, big black eyes, and she is a little fat. Anyway, she is ugly.

But the woman in front of her, with her delicate makeup and her small face, was much more beautiful than those people.

Anyway, it's his favorite type. The most important thing is, how could she be Hera

"Tang Xiao, I'm not here to chat with you, sign!"

What happened today gave Hera a lot of opportunities.

Tang Xiao openly admitted cheating.

Openly live on the Internet in such a way, she asked a lawyer, these can be used as evidence in a lawsuit.

However, she did not want to fight a lawsuit.

Just want to make a quick decision.

Tang Xiao is not stupid either. If he signs, he will be left alone. No one wants to follow him if he has no money. Now that his wife is so beautiful, he can't miss this beautiful little wife for nothing.

Even if no matter how, also want to sleep one night, just watching, let his heart float up.

As long as she's soft in front of Hera, Hera won't divorce herself. You know, divorced women in Hera's family can't go home.

That's the rule.

Over the years, Hera has no money except for the shares in his hands. Most of his shares have been taken out by his father.

So, those in her hands are small shares.

But I didn't think about it. I killed Su Qiqi on the way.

"Tang Xiao, please clarify the things on the Internet for me."

Tang Xiao frowned when he saw the visitor clearly.

Who is this woman?

"Who are you?"

"You don't even know who I am. You still spread the news that I am your lover on the Internet. What's your intention?"

Su Qiqi was furious.

"You go away, who knows you? Don't you see that I'm talking to my wife?"

Su Qiqi gave him a push and he fell to the ground.

But Tang Xiao looked at Hera devoutly, and didn't care about Su Qiqi's life.

"Wife, I'm wrong. I'll never go out to find a woman again. I'll do that only when I'm fascinated by women. But now I know I'm wrong. Don't divorce me."

Tang Xiaogang ready to reach out to touch the woman's shoulder, can be kicked away by a woman, he covered his calf, "wife, have a good talk."

Then, two big men came down from the car.

"Hera, what are you doing? I'm your husband

"I don't have a husband like you. If I don't sign it, I will fight with your woman."
