Chapter 521

Hera is favored by her father on the top of her heart. Although she is quiet on the surface, in fact, she has a rebellious temper.

At the beginning, if her father had not forced her to die, she would have left Jiangcheng in a rage and gone out to wander.

Definitely won't spend so many years on this man.

Hera is a family oriented person. For her, her parents are indispensable in her life. Therefore, she was intimidated by her father at the beginning

And there was no resistance.

In fact, Tang Xiao was handsome when she was young, but she hadn't seen him for a long time. When she saw him this time, she didn't know whether the person she saw was her.

Over the years, I don't know if it's because of playing with women too much, which leads to her out of shape. In the end, she has become such an honor. Walking on the street, she may not recognize it.

She didn't like this kind of love, but the love she had been looking forward to had no door for each other, not according to appearance, not... Now, it has been completely destroyed by the man in front of her.

No trace could be found any more. She hated him in her heart for destroying all these beautiful things.

Su Qiqi's face is forced. What does it mean that she has become Tang Xiao's woman.

She is not blind. How can she take a fancy to Tang Xiao?

And Tang Xiaogang just called her wife... So, this woman is Tang Xiao's wife, who exposed her identity on the Internet?

She has no grudge against her. I really don't know why this woman does this and what she has offended?

Su Qiqi didn't know it. She just offended others. They taught her in the same way.

But at this time, she didn't know that the anger in her heart could be ignited at once, and the whole person had a feeling that she couldn't speak out.

"Mrs. Tang, I have nothing to do with your husband. Pay attention to what you say, and the news you

spread on the Internet has seriously affected my normal life. I will investigate your legal responsibility."

Tang Xiao heard Su Qiqi clearly. It turned out that she was Su Qiqi.

Hera is not in the mood to quarrel with Su Qiqi here. For her, now she just wants to solve her own problems as soon as possible.

"Tang Xiao, sign. I'll let you leave with your woman. Otherwise, I'll use my own way to let you sign --!"

In fact, Tang Xiao's online exposure of Su Qiqi was something she had never thought about.

But in any case, this is an opportunity for her, such an opportunity, only for once.

If she doesn't seize such an opportunity, maybe she won't find any more

How can Tang Xiao agree to sign? Hera is beautiful and rich. For Tang Xiao now, to hold her is to hold her for half of her life.

He was stupid to sign.

"Hera, it used to be my fault. From today on, we'll live a good life. I'll break up with them and not contact them from today on. Men will make mistakes. I'm seduced by them, and then..."

"As a man, you can't control your lower body, and you also rely on women for your fault. If you don't care about them, will they depend on you?" Hera doesn't like Tang Xiao. She is an independent woman. In the past, she believed in love.

Now, I don't believe it at all. It's probably to the point that even if there is no love, she won't die, so she wants to take back her own things.

Start a business.

My parents are not in good health now. Although the business of the company is going on smoothly, there is no one to preside over it. Hera studied abroad, but she didn't study business management.

Therefore, she is ready to deal with her own trifles completely, so she will go abroad for further study, and then return home to run her own company.

Her every step, has been designed, now just waiting for him to sign. After signing, you can start immediately, because you have already contacted foreign universities.

"Hera, please don't divorce me. I know I'm wrong. After that, I'll only be loyal to you."

Su Qiqi glanced at him and said, "a man's mouth has always been unreliable. If you change your ways,

the sow will be in the tree!"

Tang Xiao is said to be worthless by him.

At this moment, she twisted her eyebrows and looked at her. She felt more and more that this woman was in the way of her own affairs.

"I can't let an outsider in my wife's business!"

"Hey... You man, I came to you to ask you when I became your mistress! Because of your words, now I am attacked by the whole network! "

"It's none of my business. I'm just telling the truth. Get out of here. I want to talk to my wife."

Hera looked at them. At the moment, Tang Xiao was not willing to sign. Instead of talking nonsense here, it's better to take a tough approach and save a lot of money.

Tang Xiao stood there and said to Su Qiqi, "I've already said everything. Now you're asking me to go online to clarify for you. Am I full? Get out of the way

"I have no grudge against you. Who made you do this?"

Before I could say anything, I just looked at the burly man standing in front of Tang Xiao, "Mr. Tang, are you signing yourself? Let's do it

As soon as Tang Xiao saw the woman at that end, Hera had already got into the car wearing sunglasses, and he couldn't stop her at all.

"Get out of the way!"

"Mr. Tang, it seems that you don't want to do it yourself. We are rude people. If you offend us, you can't blame us --"

The two burly men looked at the man at that end. Tang Xiao's hands were helpless. Of course, they held them down. There was no room for backhand.

"What are you doing! If I don't sign, are you going to make it hard? "

"If you don't sign, even your woman can't go out well --"

Su Qiqi didn't think that he was so unlucky that he was involved with someone he didn't know at all.

"You let me go. I don't know him. What do you mean when you hold me..."

Those men are not soft, holding her arm, directly pushed him to this man, "well advise your man, otherwise, you two, one can not escape."

what?

Su Qiqi looked at Tang Xiao, "you... Tang Xiao, it's none of my business. You let them let me go."

"You think they'll listen to me?"

"Then sign it."

"Why should I sign?"

"... I don't think you'll shed tears if you don't see the coffin." The man at that end gave him a fist directly. This man wanted to fight for a long time. They are from the he family and serve the he family.

This man is cheating on the outside, so that the young lady in his family is now wasting both youth and money.

And exposed her mistress on the Internet.

The way two people love each other online is like a show of love in public.

Her young lady can bear it, but she can't bear it at all. If it wasn't for him, my husband wouldn't be in the hospital

The company will not be a mess.

And such a fist, directly hit Tang Xiao, "you dare to hit me! Do you know who I am? I'll fight with you... "

Su Qiqi was caught in the middle of those people, and naturally he was injured.

I don't know what's wrong with me. It's so

She shouldn't have come.

.....

At night, Su Qiqi drags her tired body back. Shen Yin looks at the wound on her face, "what's the matter with you? What's on your face... "

"Mom, stop talking. I'll go to find Tang Xiao and get beaten."

"That scum hit you?" Shen Yin doesn't know what's going on on the Internet. Besides, it's his baby

daughter who's on the news. What's more

"No, he's divorcing his wife. His wife's people regard me as his mistress... But do you know? I called the police, but the police didn't care about me at all. They just made a record for me, but there was no follow-up. The two people who beat me didn't get locked up at all... "

Su Qiqi called the police, and the police also came. Knowing the cause and effect of this incident, he just went through a normal process, and there was no following.

She's going to be angry. I don't know if she's going to hell today.

Shen Yin has been at home since she lost her eggs that day. She is afraid to go out these days because it's so noisy that those who play cards with herself don't want to be with her again.

In particular, Su Qiqi went to the party a few days ago, and the old lady turned out to be so intimate with Su Xiaowan. It was very strange one by one.

Now Shen Yin is wringing her eyebrows and seeing Su Qiqi's wounds all over her face. The more she looks at them, the more distressed she is. How can her daughter's flowery face be casual

"Have you been to the hospital?"

"Mom, where I go now, they all want to throw rotten eggs on me. How dare I go to the hospital? Help me get some eggs, and I'll eliminate the swelling first."

"Then you wait for me." Shen Yin goes to boil eggs for Su Qiqi in a hurry. At this moment, all the people in the villa are busy with their own things. Several people are gathering around, but Shen Yin doesn't notice that she is close.

"Do you know? The first lady went to be a mistress, and that person also exposed a lot of their love stories on the Internet! "

"I don't know why they have such a big face. When other people are mistresses, they are all hiding and tucking in. They are good. As soon as their wife is exposed, they immediately admit it."

"Isn't it obvious that we are going to let Zheng's wife down?"

"... maybe the first lady likes this kind of stimulation, but this Tang Xiao is not a good thing..."

"Do you think our first lady is a good person? At the beginning, but her mother had a big stomach and drove the old lady out. If it wasn't for the stimulation, how could she have gone mad all of a sudden -- "

"I heard that it was because my wife was there, that lady..."

Chapter 522

Shen Yin is standing at the door. The more she listens, the more angry she is.

Shen Yin hates Nan Yin most in her life. Compared with herself, she is a commoner, and Nan Yin is superior.

It's a princess.

In front of her, he has no dazzling place, if not because he has been dominating Su Zheng, win Su Zheng's heart, how can he enter the door.

Nanyin is a little princess in the piano industry. She has a good family and is beautiful. At that time, she was popular with countless men.

They don't know how much they are willing to spend for Nan Yin.

However, I didn't expect that Nanyin finally chose Su Zheng

Everyone was surprised.

"At that time, the lady didn't know how many guests she had. At that time, it was hard to get a vote! What's more, how can such a wise woman go mad all of a sudden? There must be someone... "

She kicked the door open, and the servants were startled, because just now Shen Yin was having afternoon tea upstairs, and they were preparing things. Where can they imagine, Shen Yin suddenly appeared behind them.

Several maids immediately lowered their heads, Shen Yin's temper was irritable, "madam."

"Say, why not!"

Shen Yin is very angry. In her opinion, if the Nan Yin didn't occupy her position, how could she have come in so long.

She has always hated people talking about herself since she came in. She hates comparing her with Nan Yin.

I thought it was peaceful for some days. After all, some of the former people were replaced by him.

But I didn't think that behind their back, they still dare to talk about themselves like this.

"I'm sorry, ma'am, we're just... Just..."

The maid bowed her head and didn't dare to say anything. Shen Yin's temper has always been bad. Since she worked here for so long, they have been worried every day. They are afraid that Shen Yin will be

offended if she is not careful.

Although the Su family can't compare with the rich and powerful families outside, the money they give is also abundant. To enter the rich and powerful families, their level is obviously not good, and their ability is not in place. It's said that the famous Fengjia and maids all have to have seven languages, and they have to graduate from famous schools, and all kinds of nutrition certificates and so on

They were born to poor people. They were very grateful to be able to come into the Su family. Who would have thought that today they just talked behind their backs, but Shen Yin heard them.

Today, they expected that Shen Yin was upstairs, but they didn't think that Shen Yin would suddenly come downstairs, and they just heard what they were saying.

"Housekeeper --!"

Shen Yin is very angry. She doesn't want to talk nonsense to them.

She called to the man at the other end. The housekeeper was from her hometown, who had just arrived a while ago.

There are too many things going on during this period. Shen Yin is afraid of his unstable position, so he puts the person he trusts in a position.

The housekeeper was a chubby woman who grew up in the country.

When Shen Yin called her over, she had just finished training people.

"Ma'am, you're looking for me." This chubby housekeeper is called Shen Yu.

Shen Yu is in her thirties, a few years younger than Shen Yin, but her skin care is not as good as Shen Yin. It's late autumn. She's wearing a smart suit with a baby face. Although she's a little fat, she doesn't seem to be too ugly.

Shen Yu has never studied any books. She has been farming at home. A while ago, she knew that it costs ten thousand yuan to be a servant outside, so she dragged people along to help her.

But did not expect Shen Yin will come to her, let her surprise, also surprise. Shen Yin offers her 10000 yuan a month's salary and the temptation of a big red envelope at the end of the year. She immediately comes to Su's house with her luggage.

She was not familiar with the business. As soon as she entered the Su family, she became a housekeeper directly. Many people were not convinced with her, so she used force to solve the problem.

She came from the countryside, so it's easy for her to treat these people. These people are also little

girls. Naturally, they can't compare with her in her thirties.

"Get these gossipy maids out of here!"

The maids were so scared that they fell on their knees and said, "madam, we are wrong. We dare not do it any more."

Shen Yin takes a look at Shen Yu and doesn't want to talk to them. The skinny camel is bigger than the horse. Although the Su family hasn't made a good profit in recent years, anyway, hiring a few maids is a symbol of appearance for her. As long as she has money, she's not afraid that she can't find anyone.

"After processing, cook some poached eggs for the young lady."

"Good."

Shen Yin angrily turns around and leaves. What she hates most is the kind of people who chew their tongue behind their backs. Originally, she thought these people were familiar and used to it, so she didn't want to change it.

But who knows these people are chewing their tongue behind their back.

Su Qiqi was sitting in front of the make-up mirror, looking at her cheeks, blue and purple.

She can't go out and meet people.

Now, she can't get out if she wants to. She doesn't want to be thrown with rotten eggs.

Shen Yin pushes the door and comes in. From the angle reflected in the mirror, she can see Su Qiqi's miserable face. She doesn't know who has done so much.

We have to force them to death.

Now Su Qiqi lost his job and was not named by the cast. Originally, he wanted to be able to jump over Li Yulong's gate, but now it seems that his dream has been broken.

Shen Qingtian's side, he can't help but go to beg him.

In fact, Shen Yin has no relationship with her mother's family, so Shen Qingtian will help her, which is something she has never thought about.

"Mom, what should I do now... The old lady doesn't like me. I don't have the ability to turn over."

They can't get along the way of entertainment circle.

"Did you see the little prince that day?"

In Shen Yin's opinion, Fengche is the little prince of Fengjia. After that, isn't everything given to him?

"No... I haven't even seen what he looks like."

That day, after she tore Su Xiaowan's skirt, she was afraid of being sued by Su Xiaowan, and the old lady didn't like herself, so she went back very early.

I don't know what happened at the party.

"Mom, you don't know that the old lady gave her the jade pendant that we stole from her room that day. She doesn't know what good she did for her. Even now that she is expelled from the Su family, the old lady regards her as her own granddaughter and says that she will be her own granddaughter in front of everyone! He even said that he would introduce the young master of Ning family to her. "

"Ning family?"

"It's ningjingzhi."

Ningjingzhi.

When Shen Yin was playing mahjong, she heard the rich ladies say that ningjingzhi would be the famous mayor of Jiangcheng in the future. Although she was still young, she heard that the younger generation was formidable. Jiangcheng was going to have a general election soon. There was a great possibility that he would be elected. Many daughters from the noble families would introduce him to ningjingzhi one after another.

The men who are in official career will not know the details of the entertainment circle. Nowadays, Su Qiqi's affairs are well known. Even if they hook up with the little prince of Fengjia, it is conceivable that they can't get into the gate of Fengjia.

Better

"Qiqi, ningjingzhi is now a famous Bachelor in Jiangcheng. If you can join the Ning family, you will enjoy a lot of glory and wealth in the future with the power and status of the Ning family. As for the Feng family, this old lady doesn't like you. Even if you marry in, I don't think it will be easy in the future."

Shen Yin's words are reasonable.

"These days, I'm going to find out what type Ning Jingzhi likes. At that time, you can have a chance meeting with him, take him as soon as possible, and settle your current predicament according to his ability. That's easy. However, 77, you can't be as stupid as before. No matter how these men are, they can't give up their lives in vain."

"Mom, I know."

Su Xiaowan was discharged from the hospital within a few days. Worried about her progress, she went to the production team and filmed some concluding parts.

After that, Gu Jinzhou looked at her and said, "I heard that my grandmother introduced you to a blind date? Does Feng Yan know about this? "

Su Xiaowan had just eaten a mouthful of porridge, and it almost came out. If Gu Jinzhou hadn't reminded her, she would have forgotten... The words of the two old ladies at the party the other day.

"I'll tell him why."

"... you don't tell him! You don't really want to go on a blind date, do you

Who can stand his wife and go on a blind date.

Anyway, he can't stand it. Compared with Feng Yan, he can't stand it. Feng Yan is so powerful and overbearing. He's famous.

Su Xiaowan Gulu a drink of porridge, "of course to go."

Gu Jinzhou snatched the small cage bag beside her. As soon as she put it into her mouth, he heard her saying that she was not afraid of death. He was stunned. "Are you stupid? You don't know who Feng Yan is. You dare to go on a blind date with others. You are not afraid that master Naning will be killed by your husband..."

Before he heard it, Su Xiaowan put a steamed bun into his mouth. If he wanted to come to Gu Jinzhou to say that, he must know that Feng Yan and she are not real. No matter where he heard it from, he can't talk nonsense outside. "I don't like master Ning, but I have to go and explain it to others. Otherwise, I'll just stand them up, Didn't that hit the old lady in the face? I want to live a few more years! "

"That's true. My grandmother is very strong. If you don't go, you may be able to tie you to ningjingzhi's bed directly!"

"... don't scare me."

The man's eyes fixed on her, "I didn't scare you, she used to treat me like this..."

Su Xiaowan flattered and laughed, "... Master Gu, you'd better not play with Feng Yan in the future!"

"Why? You can't even cut off your husband's freedom to make friends. You are too strong. "

"My family's Fengyan is very simple. If he follows you, he will learn bad."

Chapter 523

Gu Jinnian's blood almost came out.

Feng Yan is simple!

Face! Face!

She must have never seen the picture that Feng Yan trampled his nephew's hand off that day... Thinking about that day, Gu Jinzhou was still a little bit scared. That person, I heard that he is still lying in the hospital and has not been out of the intensive care unit yet!

"Why are you looking at me like that? I'm wrong? " Su Xiaowan is eating porridge. She was in a hurry when she came here today. She didn't eat breakfast. In the past, she had a rough life. When she had the last meal, she didn't have the next one. But after she was with Feng Yan, she would eat breakfast every day, and her stomach began to eat.

"I don't think you know your men very well yet."

Learn more about

Su Xiaowan's face is red. She is a very easily blushed person. For example, if she is stared at, she will blush blush.

But fortunately, today's foundation is thick enough.

So, I couldn't detect the look on her face.

"... what do you mean by that?" She looked at her calmly.

In fact, my heart was very dirty, and I suddenly had a fancy.

She felt that she must have stayed with Feng Yan for a long time, even she became dirty

"... Feng Yan, he..." Gu Jinzhou just wanted to say something, but the director at that end called them to shoot the next scene. Su Xiaowan hurriedly stuffed some steamed buns into his mouth, and then ran to meet the director's words.

Instead, Gu Jinzhou stood there, looking at the girl running away and patting her head.

What are you talking about.

Feng Yan's past and present, he hoped that he would always be the same as he is now, loved and loved.

If the only woman who likes him is scared away, it's strange that Feng Yan doesn't work hard with him.

In fact, such a girl, accompany him, also very good.

The saved one became the inhuman Fengyan.

Su Xiaowan likes this snail girl more and more. She feels that she is independent and self-confident. She never flinches when facing difficulties. She treats love with beauty and innocence. She is always warm and gentle when dealing with people, but there are also moments to scratch.

She won't easily offend others if they don't.

It's really like most people.

It's just that the snail girl seems to be different from others. She really works hard. Every day she will work hard to make herself better. She never easily brings her negative emotions to the scholar. She insists on her dream.

The scholar was actually attracted by the efforts of the snail girl.

Probably what kind of people each other are, will attract what kind of people.

However, the scene we are shooting now is the drama of Tian Luo girl and the scholar, because the scholar knows the identity of Tian Luo girl. Although she has become a human, she is not a human after all.

In order not to let the scholar be regarded as an alien, so the snail girl is ready to leave.

I don't know if she's too involved in the play, or because it's hard for her to get married. She feels sad. They really love each other and will work hard for each other to create a better life. Miss Tianluo is worried about him, and so is the scholar.

I don't know how to act like this and cry.

In this period, in fact, there is no need for Tian Luo to shed tears, because she has not reached the extreme of sadness, because long ago, the fairy on the sea had told Tian Luo that it is difficult to lose her head if she has a lover.

But Su Xiaowan cried.

Moved by their previous experiences, she wept bitterly, as if that was her life. She loved each other and knew each other, but in the end she could only live and die.

Director Liu sat there, looking at the woman in the camera, and the writer on one side patted him on the shoulder. "Director Liu, this..."

"Shh."

The screenwriter looks at director Liu's eyes and stares at the screen tightly.

In the distance, there is a vast ocean. The two people just stand at that end. The scene is very beautiful.

It's said that "mermaid princess's tears" can be seen in this place at night, so they specially set their sights here. It's a pity that they can't see such beautiful scenery in the daytime.

In fact, the tears of mermaid princess are the floating animals living in the bay. They are fluorescent animals. When the tide rises every day, they will shine at night.

If you can see such beautiful scenery, it means that love can last for a long time.

This place is a beautiful area.

Now this time point is earlier, so there are very few people.

The reason why we chose this scene is also because of the wonderful future here.

In fact, it doesn't belong to the snail girl. She's just a snail in the mire, not a conch. In fact, she doesn't fit in with this environment.

It's also for the sake of contrast. Many people are powerless.

The sea breeze was still blowing on their bodies and their cheeks.

Su Xiaowan's tears fall down the wind.

Sad and beautiful.

The whole body revealed a kind of sad and beautiful Pathétique, but it was not time to cry.

When she left, it was in the morning. The book described a lot of dewdrops, crystal clear, waiting for the arrival of the sun, and when the sun came, the light directly took them away.

In the lilac stamens, the dew is trembling, delicate and shining, just like the tears in the eyes of a pure girl.

It seems that it has appeared, and it seems that it has not.

The snail girl looked at the person who came out, as if once in her life, moved her heart, but she couldn't get together after all.

He loves her and she loves him.

But

Because of love, so reluctant to be a little wronged, let him be hurt so little.

It's like she loves Feng Yan. She doesn't want Feng Yan to hear what others say, and she doesn't want Feng Yan to be aggrieved.

"I love you..."

With that, she jumped up, but the scholar followed her and plunged into the sea.

"No matter who you are, I only love you. I love you all my life."

"Card --!" That's how the picture is fixed. They can't control the later pictures and scenes.

The director yelled. At this moment, the staff of the theater went to pull up Su Xiaowan and Gu Jinzhou, only to find out.

Gu Jinzhou was injured.

Because he was holding Su Xiaowan, he didn't know where the broken glass came from and stabbed her arm. Now the man's clothes had been punctured by the glass, and the blood could be seen through from the outside.

"What's going on? How did the props group check... "

"This... Jinzhou, how are you?" Liu Dao looks at Gu Jinzhou.

"It's OK, little injury!"

Gu Jinzhou's arm cut quite big, Su Xiaowan saw his hand has been bleeding, she took a tissue and handed him, "you'd better not try your best, go to the hospital to have a look."

Gu Jinzhou took a look at Su Xiaowan's face. Fortunately, this sister-in-law's face is OK.

Otherwise, Feng Yan would have killed him.

Gu Jinzhou's assistant took him to the hospital.

Su Xiaowan's eyes fell on the blue curtain, as well as a piece of broken glass.

Su Xiaowan lowered her head and took the glass.

This piece of glass is also blue. If you throw it in that curtain, you can't see anything from a distance. But the glass is very sharp. If you touch it a little, you will get a stab in your hand.

This plot, originally, is not like this. It's the scene that the snail girl fell into the sea, and the scholar wanted to hold her, but did not

But Gu Jinzhou felt that such a scene was not in line with the scholar's mood.

In his opinion, death is the same acupoint.

This is his understanding of love.

So, just now, I changed the plot with the screenwriter.

It's also on the spot.

If Gu Jinzhou didn't hold her just now, the broken glass would have stabbed her face.

What's more, the original scene is the picture of yourself.

The person who should be stabbed should be himself.

"I'm sorry, director. We've checked this glass several times, but we don't know how it came about..."

"Asshole, if you run over their faces, do you think about the consequences?" Director Liu has always been strict with these things. After so many years of filming, he never encountered such a thing. He immediately called the police.

The police soon took the people from the props group away for questioning.

"Xiaowan, are you ok?"

Su Xiaowan shook her head. "I'm ok."

"I will definitely pursue this matter to the end. Don't worry."

Liu Dao's character is known by himself.

She naturally believed him.

After the end of this scene, director Liu stood there.

"Well, when this scene is over, we'll be finished --!"

Everyone below started clapping.

Someone brought a bouquet to Su Xiaowan, who also had some wreaths.

Su Xiaowan and Gu Jinzhou fall into a small river bank. Of course, this is the falling place designed by the crew. The effect will be the same as falling into the sea.

Su Xiaowan did not expect that this would be the last scene.

The scholar fell into the sea with the snail girl

Because she clearly remembered that there was another part in the back, which belonged to Gu Jinzhou

"Young granny, all the pictures in the back are finished."

"... so, in the end, the scholar was saved, and the snail girl died?"

"It makes sense."

"... that's too bad."

Cheng Weiwei sighed, "I just look at it. I really don't know what the audience's mood is. If I see that it's a tragedy in the end, I will definitely smash the TV."

She ran to the writer and asked why they couldn't be together?

"Since ancient times, beautiful love will not spread through the ages. Only tragedy can capture people's heart. Xiaowan, you were in a super good state just now. This play will surely sell well."

The tragic plot... The audience will surely pick up the knife at the end.

Anyway, she cried so miserably after filming, let alone the audience finished watching it! Originally thought it was a sweet play!

Unexpectedly, it turned into a tragedy.

Su Xiaowan followed the crew to the green killing banquet, and Gu Jinzhou went to the hospital to wrap up, and also attended.

"What about Lin Zhenzhen?"

Chapter 524

Sister Zhenzhen?

"I haven't seen her for a long time. What can I do for you?" This Gu Jinzhou recently strange, seems to appear in front of their own probability is very high.

When Su Xiaowan didn't notice, he just looked at Gu Jinzhou's eyes and said, "it's OK."

Soon, director Liu called her to go, and she didn't pay attention to Gu Jinzhou.

There are a lot of people at the green banquet. The hero and heroine are naturally the focus of the public. Gu Jinzhou doesn't drink, but it's her who gets several drinks.

Even the tongue is numb.

Got up and went to the bathroom.

It turned out that someone was on the phone.

"Yes, Su Xiaowan didn't get hurt. Gu Jinzhou's arm was scratched. Sister Xu, now all the people in the props group have been taken to the Public Security Bureau for interrogation, but they haven't come back yet. Moreover, when I took the glass, I didn't wear gloves, and I don't know if there would be fingerprints. The glass was also taken away by the police. It was intentional injury, and I had to face a lawsuit. I'm afraid, sister Xu, Can you..." She knows the person standing on the phone.

It's the new assistant in charge of the costume section.

Before she was pushed out by her colleagues, Su Xiaowan also spoke for her, so she had an impression that this girl seemed submissive, but she didn't think that she would do this.

Sure enough, Feng Yan is right. Don't trust others easily.

Because, know the face, do not know the heart.

Chen Xu stands in his own small rental house. Su Qiqi is hacked like this. As long as there is news about her on the Internet, all of them are blocked.

Now, she just wants to make a statement. There's nothing she can do.

But there are still other media in the dark.

Chen Xu, who has been an agent for so many years, will not fail to understand the truth that trees fall and monkeys scatter.

In her early years, she took Lin Zhenzhen with her. At that time, Lin Zhenzhen was only in the original world. She was her master.

But in the past few years, Lin Zhenzhen will be even more popular than her master.

And she's on the decline.

She was famous by the group. Now, she doesn't want any company. Her career has been destroyed. Even her daily life has been hit.

This matter has something to do with Lin Zhenzhen and Su Xiaowan.

She couldn't find a way to deal with Lin Zhenzhen, so she had to take Su Xiaowan.

She couldn't swallow it.

"What are you afraid of? No one knows that you did it. Isn't your play finished? What I promise you will not be said or kept

"When can you call me about my sister's tuition? She is about to start school. If she doesn't continue this semester, she will be expelled... "

Mo Yan is holding a mobile phone. She is very afraid today, especially after the director immediately called the police. She is more guilty and worried. The more she thinks about it, the more she feels that she is showing her feet.

So, everyone else is having a green killing banquet, but she has no appetite and comes here to make a phone call.

"Don't worry. Can I rely on your tuition? I'll call you tomorrow, and if you don't want to be locked up, don't call me at will

"Sister Xu... Dududu..."

The phone just hung up.

Mo Yan sighed, she also knew that she would not do so, but the situation forced, she had no way, so she had to harden her head.

She told herself that she would do it once and never do it again.

Just about to put the mobile phone into her pocket, she turned around and looked at a woman standing there, as if she were a ghost, startled her.

Take a closer look, it's su Xiaowan.

Su Xiaowan is very beautiful. Anyway, she is the envy of such a girl. She is very jealous of her. Why can she only be an assistant who is bullied at the same age? But Su Xiaowan has already stood in the spotlight, shining and dazzling.

Especially today's play.

When shooting, everyone was amazed at the beauty of women.

Su Xiaowan belongs to the kind that does not make up is not amazing, but a painting of make-up, coupled with the ancient look, it's really a turn.

"Little sister Wan."

She was very guilty. She didn't know how long Su Xiaowan had been listening and whether she had heard everything one by one.

"Why do you do that?"

what?

Mo Yan's eyes sparked, and she heard it.

Mo Yan is in a hurry.

"Xiaowan, I..."

"Why do you do that?"

"Xiaowan elder sister... I didn't mean to hurt you. It was... My younger sister really couldn't afford to go to school. I had no choice but to... Promise Chen Xu."

"If you need money, you can borrow it from me."

"I'm... I'm afraid you won't lend it to me."

"If you don't tell me, how do you know I won't lend you? In this world, you are not the only one who is short of money. If you have your own hands and feet, can't you make money by your own hands? Or do you feel that you don't need to pay any legal price to hurt others at will? Can you live in peace of mind? Today, I hurt my hand. Maybe you don't pay the price. Have you ever thought about what would happen

if you lost your life? "

Mo Yan was frightened when she heard that. She pulled Su Xiaowan's clothes. Su Xiaowan was very kind to people on weekdays, so she wanted to be moved by her feelings.

Trying to get out of this dilemma.

After all, girls are soft hearted.

"I'm sorry, Xiaowan. I really didn't think so much. I was just blinded... I just wanted to let my sister go to school. I have been working outside since I was a child because I didn't have money at home. I don't want my sister to go on my old way. Chen Xu found me and put me in the production group."

Su Xiaowan frowned. In fact, she didn't want to think about the bad side of everyone, and she didn't want to think about it. Anyone's approach is profitable.

She just wants to live purely.

But it seems that some things, in the face of money interests, are so ignored.

"So, what happened that day was that you deliberately wanted to get my attention?"

In fact, Mo Yan just came in at that time, so the costumes in charge of the group performance couldn't touch the leading role at all. That day, it was also an accident.

Su Xiaowan was waiting outside for Feng Yan's call, but a girl stood there crying.

Su Xiaowan herself has just come out of school. Not long after that, she thought of her experience when she was alone in the company.

So let her be responsible for her own fashion designer.

But I didn't think it would be like this.

All of a sudden, she felt that her kindness had been used by others. If it wasn't for hearing such things today, she would still be kept in the dark.

Not sure, she was laughing at herself.

"I'm sorry, little Wan. I... Chen Xu said that I should arouse your idea. That's why I thought of this method..."

Su Xiaowan looked at her. He was really young, but why was his heart so bad? She also had a life without money in her hand. She had a hard life.

But when people are alive, they can create a better future with their own hands. Why should they touch such things.

"Do you think I'm easy to bully?" Su Xiaowan suddenly asked, which made the woman's eyes tremble.

"I'm... no, Xiaowan. I'm really... Sorry, I didn't mean to hurt you. Can you spare me this time? I won't dare to do it again." Mo Yan raised her eyes and only looked at the sharp line of sight sweeping towards her.

She knew that she had cheated her and didn't ask for her forgiveness, but she only hoped that she would not throw herself into the Public Security Bureau

"I really can't be sent to the Public Security Bureau, sister Wan, please..."

Standing in the distance, several men frowned and saw the scene at that end.

They have been paying attention to the people around Su Xiaowan, but they didn't think that they were cheated by this little girl.

"Or I'll go up and beat that little girl up?"

"Don't you? Have you forgotten what the young master said? "

"But what? The girl is in a hurry. Won't she beat the little granny? "

"If she does it, we're rushing up!"

"That's what we say when the young granny asks!"

"Heroes save beauty!"

"Then you may think that your life is too long. If the young master knows that you have saved her woman, you can't be sure. You are almost there!"

"Young master is lovely and jealous." One side of the people to add oil and vinegar said.

"... boss, what do you think?"

"They are not as weak as you think, OK?"

As far as he knows, Su Xiaowan is very good at fighting people... So, they don't do it casually until the critical moment.

The men nodded, "yes, the girl you like is definitely not an ordinary person."

Sure enough, Su Xiaowan didn't let them down.

Just looking at her holding the little girl's mobile phone, who made a phone call, not long after the police came over, took the little girl away.

Su Xiaowan looked at Mo Yan, expression inclined to indifference, "some things, not a sorry can make up for the trauma it brings, you do wrong, should accept punishment, and, the injured person is not me, you should apologize, is not me."

With that, she turned around and left. Just now, she took her mobile phone and called Chen Xu. For the convenience of positioning, she had already called the police.

When Su Xiaowan came out again, he saw several men staring at her at the door.

The eyes are strange.

I hesitated whether I should go there or not, but suddenly I saw those men turn back, "ah, this tile is good, go and find out where I bought it..."

Su Xiaowan went back to shaqing banquet with doubts.

He was stopped by director Liu.

Liu Dao drank a little more and saw Su Xiaowan come out, "Xiaowan, come here!"

Liu Dao reaches for her to come and sit down. Su Xiaowan thinks Liu Dao wants to drink with him. Before he sits down, he listens to her.

"Is she all right?"

Who's doing well?

Su Xiaowan's face was muddled. What he said today was a bit confusing.

"Yu Wei, how are you these years?"

Chapter 525

Old lady Yu?

Su Xiaowan only met old lady Yu once. Because she is old, she basically doesn't participate in many activities. Occasionally, she only talks on video.

But most of them are skills to guide her.

Yu Meng is also worried about the old lady's health, so that she has been cultivated abroad and doesn't have to worry about the company.

As for private affairs, Su Xiaowan only saw them on the Internet.

Mrs. Yu is a powerful person. She started her own company and worked hard in her own business. She just retired a few years ago.

But also attended a lot of games.

I heard that in the early years, I worked harder in my career.

Some people on the Internet say that she has 365 days a year, with a maximum of five days off.

Yu Meng said that she was pregnant at the beginning, but she was still working hard.

Her husband could not bear that his wife had been busy with work, regardless of the family, so he divorced her.

Finally, the husband cleans himself out of the house.

When Su Xiaowan remembered that time, Liu Dao said that he had seen himself in the competition.

Take a closer look, actually, director Liu and Yu Meng look... A little like each other.

Is it difficult to

Is Liu Dao Yu Meng's father, the man who went out of the house?

Those things about Mrs. Yu were more than ten years ago. It is inevitable that a lot of things have gradually precipitated with the passage of time.

There is not much writing about this man on the Internet.

Therefore, we only think that Yu Wei is a strong woman, and the man who is oppressed by Yu Wei, we only think that he is a soft eater, and no one cares about him at all.

Now that I think about it, it seems that director Liu pays more attention to her than others.

"Director Liu... You and Mrs. Yu... Are..."

She was surprised and surprised.

I didn't expect that Mrs. Yu's husband should be director Liu

Besides, director Liu and Mrs. Yu should be ten years old.

Liu Daoyin was a little drunk. He was holding the wine bottle with a look of depression and sadness. Su Xiaowan could not hold his tottering body for several times. "Be careful."

"I'm fine." Liu took his glass and took a sip.

I don't know how to say things before, "you are really like her. When I saw you, I thought I saw her when I was young.

She was my teacher's daughter. When I was 20 years old, I met her. At that time, she was already very famous. I don't know why I caught up with her. At that time, I felt that I was the happiest man in the world. We went on a date and went to the cinema together. She went to work and I accompanied her, I don't know when it began to change... Probably... "

Liu Dao looked at Su Xiaowan, but he didn't know how to say a lot. At that time, love was simple and pure. It was most comfortable for two people to live together and make an appointment for a lifetime.

And after marriage, for old lady Yu, maybe she is devoted to her career. She seems to have no spare time to manage love.

She is a career oriented woman, and will not be easily entangled by her children's private affairs.

And Liu Dao, at that time, there was no way to understand her, the two people will gradually go away.

"It's also that we are not predestined. I can't go into her world, and I'm young. I think all my honors are due to her. Men's self-esteem is very strong, no one can stand their own things, it depends on the wife.

At that time, she was already a dazzling pianist, but I was still a humble poor student. Although I had several opportunities to get it, I later learned that it was all because of her fame... "He laughed, and his mind still had the appearance of her appearing in front of him.

Then many years later, he went to the present, every time the heroine, there is her shadow.

Their love, in fact, was not optimistic at the beginning, he is a man who is nothing, and she has already had a career that she can run for a lifetime.

Everyone says they won't be together for more than a year.

But he doesn't believe in evil.

They had been together for more than a year, and he took her by the hand and said with pride, "you see, we've been together for a year..."

Can be happy momentum has not been a few days, and so on, it is the divorce agreement.

He loved her, otherwise, he would never like her.

But I didn't think the result would be like this.

He is younger than Yu Wei. The 20-year-old man's longing for love is far more than the 30-year-old Yu Wei.

Yu Wei said that he was naive and immature. She said that she didn't like men around him. He went to start a business and work hard... But it seems that all he got was because of Yu Wei's personal influence.

He is a man, a man in his twenties, with terrible self-esteem.

He began to indulge in smoking and drinking, began to play life... But now I think, maybe it's because they are not dazzling enough, so they separated.

Their divorce case caused a sensation in the piano industry.

At that time, those men were waiting for Yu Wei's divorce, and even some tycoons openly wrote love letters on huge LEDs

In fact, if he does not want to separate or divorce, there are thousands of ways.

But in the end, he signed.

"She and I, after all, I am not worthy of her... She is too good, such a woman, should have a better man to accompany, not me... Men have inferiority complex, just like now, I still feel that she is superior, but I am... Nothing."

I can vaguely remember the scene of the first meeting at that time, and I fell in love at a glance.

After that, there is no one else in my heart.

Liu Dao took a sip of wine and looked at Su Xiaowan's green and astringent face. The more he looked, the more he looked. He laughed sarcastically, "look at me, I've drunk a little too much, and I'm beginning to talk nonsense."

"Do you still love her?"

"At this age, what else do you love?" When Liu Dao said this, he got up and left with the bottle.

Su Xiaowan looked at his back and didn't know when he felt sorry for Liu Dao.

When two people start not to walk in the same direction, they seem to go farther and farther away from each other.

A lot of people are like this. They don't know why they will be separated.

Sometimes even I can't figure out why to separate.

But it's separated... There's no way out.

Over the years, Mrs. Yu never remarried after her divorce, and director Liu never remarried. In their life, there was no stranger to participate in the future life

And now Liu Dao, a successful career, is no longer the man who relies on women to make a difference.

And old lady Yu, the past few years should also prove that her efforts are worth it.

They have already stood at the peak of their career, they are enough to match each other, but they still miss each other, even there is no one to share the joy in the end.

Miss, that is a lifetime.

Maybe, it's the time to get to know each other. Maybe, later, they will be happy.

So will Feng Yan and she come to this one day?

There is no reason, no separate words, so naturally left

They won't, she thought.

The moment they met, just like old lady Yu, one was high above the others, and the other was like stones that could be seen everywhere on the roadside.

It's just that the result of the role change is different.

She knew that Feng Yan was superior, so she wanted to be the shining diamond as much as she could, the stone that could be strong enough to withstand pressure and not be broken.

All of a sudden, she wanted to seal it.

She doesn't like to drink or socialize, which seems to have nothing to do with her.

Just thinking about it, the cell phone suddenly rang.

It's Feng Yan.

"Waiting for you at the door."

doorway.

Su Xiaowan ran out in a hurry. Many people around her drank too much. From time to time, someone was helped out. When she went out, a girl was saying this to another girl.

"There are Mermaid tears on that beach. My friend saw them!"

"... really? Shall we see it later? I heard that there are lovers over there. Would it be embarrassing for us to go there? "

"There's something embarrassing. It's rare for many years. I want to see it."

"That's fine. Let's eat first and then go after dinner."

Mermaid tears.

Isn't that where the film was made?

Su Xiaowan saw Feng Yan's car.

The car is very low-key parking there, she looked at the side of the old woman is selling corn, ran to buy a, and then, a bit of stick, got into the car, fasten the seat belt.

"Have you been waiting long?"

"Just here."

"Have you eaten yet?"

"Not yet."

Su Xiaowan side Mou, sighed, this letter Yan's disposition, she always knew.

"I know you must not have eaten. When you are busy, you don't even care about anything. Fortunately, I bought corn at the door just now."

Su Xiaowan took out the hot corn from his bag and said, "here --"

Su Xiaowan's head was a little dirty. She shook her head, "I don't know! Feng Yan, I can't look directly at you now. You must have led me astray. Wuwuwuwu..."

"Men and women love each other. What is there to be shy about in front of me! Anyway, I'm all yours."

Seeing his serious appearance, it seemed that all the things he said had nothing to do with him. Feng Yan's psychological quality was strong. Even if he said that, his ears were not red.

If it goes on like this, Su Xiaowan will pounce on it.

Feng Yan didn't wear that human skin mask today. He was too handsome. His ascetic face, under the dim light, made people imagine

Su Xiaowan's eyebrows frowned, "you also said, I am a beautiful girl, now you bring into this, you are not happy to say."

"Pretty girl?"

"Am I not a pretty girl?" Su Xiaowan's eyes with a warning, that means, think about it and then answer.

"Yes."

When Su Xiaowan heard that, she just picked her eyebrows and laughed happily. She just wanted to say something. Suddenly, the phone rang. It was the old lady's phone. What did she say.

It's probably a blind date.

"Xiaowan, how are you recovering?"

"Mom... Old lady, I'm recovering very well. I've been discharged."

Su Xiaowan took a suspicious look at Feng Yan. Seeing that Feng Yan didn't speak, she was afraid that the old lady would say something about blind date.

But sometimes the reality is like this, the more you don't want to come, what will come.

Su Xiaowan listened to the voice of the other end. The old lady was so quick that she made a direct appointment with others.

It's an upscale club.

"I know that you are a public figure now, and the location is very hidden. Don't worry about that scum man. He is just like his father. You dare to pursue your happiness. If he dares to stop you, how can I

teach him a lesson?"

"... er." Su Xiaowan looked at Feng Yan with a guilty heart, and saw that he was still keeping calm. The sound insulation effect of this mobile phone is very good. I guess Feng Yan didn't hear it.

Otherwise, if you hear it, how can you be so calm.

She said, "I know."

"Then you have to go tomorrow. That man is good and has a bright future. He is not a little better than the scum man in my family."

Su Xiaowan is sentimental. Is there such a saying about her son's mother?

"By the way, Xiaowan, I sent some soup to your home. I'll drink it by hand later. I made it myself. If you like it, I'll make it for you tomorrow."

"... old lady, I can't finish it. I don't have to cook it every day."

"We owe you our family. I don't want to recognize that son-in-law anymore. It's you who did such a thing. I want to kill him! Don't worry. I'll help you to settle this matter when he leaves the hospital. "

Guilty of holding a mobile phone, Su Xiaowan does not know what to say, the result of mobile phone was seized by Feng Yan.

"I'll deal with the matter of Fengche myself. It's getting late. You should have a rest early."

With that, he hung up at one go.

Su Xiaowan stares at him dully and hangs up the phone, "did you... Hear that?"

"Don't worry about Fengche. I won't make him feel better."

"... er..." that's not what she wanted to ask.

Just want to ask, did he hear what he said in front of him?

If you hear... Are you going to scold her

But suddenly the man reached out and touched her head.

Without saying anything, Su Xiaowan was scared to death.

"Feng... Feng Yan, I have something to tell you."

"Well?"

Su Xiaowan looks at Feng Yan. She can't see Feng Yan's expression, but she always feels that from his expression... He doesn't know.

"We'll have curry later, OK? I haven't had curry for a long time. I want to eat the one on the other side of Ligu road. "

"That's what you're going to tell me?"

"Well, people are iron, rice is steel, and eating is a big deal."

"Good."

Because of the old lady's phone call, Su Xiaowan suddenly thought about the last birthday party, "by the way, there's something I want to ask you."

"Well?"

"It was at the old lady's birthday party last time that my gift was changed into a stone by Su Qiqi, but why did old lady Gu say that stone was a diamond? Really? But I think that stone is a very common one

Su Xiaowan said a lot, originally she wanted to ask for a long time, but if it wasn't for Gu Che, she couldn't have fainted directly.

So that when I wake up, I'm busy with finishing work here, and I forget all of a sudden.

But where Su Xiaowan said energetically, as a result, someone directly gave a word, "that old lady's eyes have always been bad."

Not good?

Su Xiaowan's eyes narrowed tightly. She took a sip of the mineral water and puffed her cheeks. She still doesn't confess to her.

Still pretending to her here.

"Did you make Mrs. Gu do that?"

"I'm not familiar with the old lady, and I'm a scum man in their eyes now. They always hate scum men."

"... that's strange. Is that really a diamond?"

Su Xiaowan thought for a while, but couldn't figure out what to come. After all, she thought about it, and it was useless. She didn't catch Feng Yan.

However, at that time, because of this matter, for no reason more than a blind date.

When Su Xiaowan thought of a blind date, she had a big head. She didn't even think about how to tell Feng Yan.

Su Xiaowan looked at a lot of people carrying cameras at the other end, and they were running to the hotel at the other end. Maybe it was about the green banquet that he informed the media.

Su Xiaowan is afraid that they will see him, "Feng Yan, you drive first."

"Where do you want to go?"

"Go to the beach over there. It's said that you can see blue tears, which are the tears of mermaids. At night, you can see the blue light on the sea. Moreover, they say that if lovers see it, they will live forever." Su Xiaowan hasn't seen blue tears. She thinks it's late now. It's just right to go there and have a meal when she comes back.

After all, she hasn't dated Feng Yan for a long time.

"White head to always between me and you two things, repose in this non-existent microorganism body, also cheat you such a little girl."

"... Feng Yan, I find you are too straight. If I hadn't been blind, you would have died alone." Su Xiaowan looked at a lot of people at that end, "and, it's not a microorganism, it's blue tears. I've seen pictures on the Internet, very beautiful."

"Blue tears is a kind of microorganism that lives in the sea. When the waves beat and stimulate, it will produce blue light. The blue eyes that leave the sea can only survive for dozens of seconds. As the energy disappears, her light will also lose, and her life will end. Is this our love?"

what?

Su Xiaowan only saw the picture, which was taken by a famous camera. The picture spread quickly at that time.

Just now, the little girl told me that she wanted to see blue tears.

But now that she has been granted such a popular science, she doesn't want to see it.

"Bah, bah, bah, just now I thought it was very romantic. You said that, it was not romantic at all. You are just throwing cold water on me."

The man looked at her frown, suddenly came a sentence, "between us, without the help of external force, can also grow old."

Finally, Feng Yan drove to the beach.

However, Su Xiaowan refused to come out. She didn't want to see any blue tears now. She didn't want to see any blue tears at all.

"Are you sure you don't?"

"I don't want to see it. I don't even want to see it. Let's go to dinner. I'm so hungry."

Su Xiaowan really didn't even have curiosity. She played with her mobile phone with her head down.

Two people had dinner.

On the way home.

"Where are you going today?"

"I haven't been there for a long time. I've just finished the green work today, so I have to go back. Besides, my mother cooked some soup for me just now. I'll go back and drink the soup first. After they go to bed, I'll see you later."

With that, Su Xiaowan muttered, "do you think it's exciting to have an affair?"

Feng Yan really wanted to pry her head open to see what she was thinking all day long.

When the car was not far from Su's home, Su Xiaowan got off.

She ran into Su's villa, very quiet.

Aunt Lin knew that she would come back this evening and stood at the door waiting for her.

Now I watched her come, "Miss, how did you come back?"

Su Xiaowan came by herself, panting.

"I took a taxi."

"Why don't you let the driver stop at the door? Look at you, you are sweating."

"It's OK. More exercise is good for monitoring. I don't have time to exercise in recent filming..."

"You're not fat, miss."

"I'm fat. I can't see the meat because it hides."

Su Xiaowan takes aunt Lin's hand and two people come into the door talking and laughing. Shen Yin and Su Qiqi don't sleep. They probably see the news of their killing on the Internet, so they wait for her here on purpose.

"Su Xiaowan, do you still have the face to come back?"

Su Xiaowan doesn't want to pay attention to them. She asks aunt Lin to take the soup from the old lady and prepare to carry it upstairs.

But Su Qiqi couldn't bear that she didn't pay any attention to her. She went up and knocked over her soup and scalded Su Xiaowan.

These ceramic products are broken at once.

The sound startled Su Zheng upstairs.

"What are you arguing about?"

"Dad, Su Xiaowan has made me black all over the Internet now. She is as calm as if nothing happened. Look at her and stare at me."

Chapter 527

Su Zheng is looking at Su Xiaowan. These days, life in the family is not peaceful.

Su Qiqi's affairs also made him unable to look up outside.

"Xiaowan, how can you say that you are all sisters? This time, it really shouldn't be like this..."

That speech is full of partiality, that means, let yourself apologize to her.

But why should she apologize?

People who do wrong things don't apologize, and blame others with peace of mind.

Su Xiaowan's eyebrows slightly raised, she looked at Su Zheng, in front of a stranger, "Dad, I also want to calm down, but you have to ask, what did she do, this matter, make such a sensation, she has no responsibility?"

"What did I do? It's not all you. I have nothing to do with Tang Xiao. Those news are not all sent by you

on the Internet. You want to drive me out of the cast... I finally became a daughter..." Su Qiqi was very excited. She was shot by Su Zheng's eyes, and then she closed her mouth.

Su Xiaowan looked at Su Qiqi and said, "do you think I'm so capable?"

"Who are you?"

"That day at the banquet, the jade pendant you gave to old lady Feng was given to me by her before. You stole my jade pendant and offered it to Buddha. What do you think of this old lady? What's more, who is Tang Xiao? If you don't do anything, why do people have photos of you and her? Although the financial resources of the he family are not as good as those of Feng family, they are also dignified people. They can let it go and let you go? "

Su Zheng listened and looked at Su Qiqi, "is what Xiao Wan said true?"

Shen Yin listened to Su Xiaowan's words, "the jade pendant was bought by me and Qiqi. Don't talk nonsense."

Su Xiaowan had no stage fright on her face. She straightened her back. "Although old lady Feng is old, she doesn't even know what she sent out. Besides, Su Qiqi cursed old lady Feng at the banquet. Compared with this old lady, she doesn't know."

"I... dad, listen to my explanation. I don't know that jade pendant was given by the old lady. If you know, I won't give it to her... Su Xiaowan, you all know that I gave the jade pendant. Why didn't you tell me earlier? You are deliberately hurting me!"

"I hurt you?" Su Xiaowan looked at her and said, "I did harm to you when you cursed the old lady?"

"I..."

"Pop."

Su Zheng threw a slap directly on her face, "Su Qiqi, I really underestimate you."

Shen Yin doesn't think Su Zheng will slap her. She just wants to help Su Qiqi, but Su Zheng scolds her.

"It's you who spoil her so much that she is lawless and thinks that she is at home. No one dares to do anything with her! Now they have gone to other people's houses without law, and dare to curse the old lady Feng in other people's houses. "

"Dad, I'm confused, that's why I talk nonsense."

"I'm confused! I think you do it on purpose. I think your life is too long. "

Su Zheng went upstairs in a huff.

Su Xiaowan watched Su Zheng go up and followed him.

Downstairs, Su Qiqi holds Shen Yin, "Mom, I really don't know... I know I'm wrong, and I'll never dare again."

Upstairs.

"Dad."

"Xiaowan, she certainly didn't mean to do what happened just now. If you know old lady Feng, explain to her more. If old lady Feng doesn't get angry, let her go and apologize."

Even if she hit Su Qiqi, she was still in front of him and spoke for her.

Su Xiaowan stared at him, "Dad, you have white hair."

Chapter 528

Su Zheng's mouth was dry. He never thought that Su Xiaowan had such a sentence.

"It's hard to avoid having white hair when you're old."

Su Zheng is a man who is afraid of being tough when he is soft. If you try to be tough with her, you won't get any good.

"Dad, I'll take the scissors and cut it off for you. This white hair blocks dad's handsome face --!" Su Xiaowan said.

Su Zheng smell speech, nodded.

Su Xiaowan thought he would refuse, but he didn't think about it. He would nod his head and agree. All those thoughts in his heart were snuffed out by her. He ran to get the scissors and helped Su Zheng cut off the white hair.

And, inadvertently, I saw the red mark under the collar of Su Zheng's shirt

Su Xiaowan is not unconscious. Such marks must be made by women. Moreover, if you look carefully, there are nail marks of women.

Aunt Lin said that during this period of time, Su Zheng has been sleeping in the study, Su Zheng is also Shen Yin, and has been quarreling.

But Su Zheng is very strange these days. He never paid attention to his clothes in the past, but now he

seems to pay more and more attention to dressing.

Shen Yin doesn't like to keep her nails, so she basically cuts them flat.

Sue, is there a woman out there?

This is her first reaction.

"All right?"

Su Xiaowan cut two hairs at once. One hair was tightly held in his hand, and he handed the other white hair to him.

"Well, Dad, you see, the white hair is still silver! It's going to be all white soon. "

Su Zheng took the white hair and looked at it carefully.

It's really old.

"Dad, I'll go to bed first. I'm tired these days."

"OK, but you can help with the situation in July. You and she are sisters too. They live under the same roof. Don't be too stiff."

"I see."

Su Xiaowan went back to her bedroom and locked the door. She decided to find a lock changer tomorrow and change all the doors and windows here.

Su Xiaowan found a bag, put the black hair into it, and then called Cheng Weiwei.

"Wei Wei, please check for me. What's su doing recently?"

"Young granny, did he bully you again?"

"No, I just suspect that he seems to have someone outside."

Cheng Weiwei, "this man does not cheat."

"... there are exceptions."

"Oh, I forget that our young master is also a man..." Cheng Weiwei joked.

"Feng Yan is right beside me, and I'm driving hands-free --!"

Cheng Weiwei's heart clattered, "ah... Young master, I didn't mean it, I just said it casually... Young grandmother, you must save me."

Su Xiaowan grinned. Although Wei Wei is a boy, she is actually a girl. "Your young master said that you should commit crimes and make contributions. In ten minutes, you must find out."

Before Su Xiaowan finished, he immediately hung up.

Su Xiaowan holding the bag, it seems that... Contains countless secrets, she wants to touch, but dare not touch.

In this short ten minutes, Su Xiaowan thought a lot.

ten minutes later.

Su Xiaowan receives a call from Cheng Weiwei.

"Young granny, as you think, Sue is raising a woman outside. She lives in an apartment along the sea. She's about thirty years old, and she's pretty."

"Along the sea? Is that the house Shen Yin bought? "

"How do you know? It's the property Shen Yin bought a few years ago. "

Jinwucangjiao also hid her in the house under the name of Shen Yin.

If you want to say Su Zheng is bold, he is really big.

At the beginning, I guess it's the same way to hook up with Shen Yin.

"Young granny, why don't I send this to Shen yin?"

"No, Shen Yin is so smart. Sooner or later, he will find out."

Shen Yin is suspicious. Su Zheng has been sleeping in her study these days. She can turn a blind eye to her. But if Su has a woman outside, which threatens her position, she will not sit back and ignore her.

Moreover, even she found out that she didn't believe Shen Yin and didn't know anything about people who had been sleeping together for so many years.

However, that woman is probably a powerful person who has made so many marks on him by colluding with a married man.

Even if Shen Yin doesn't pay attention to that woman, sooner or later she will come.

.....

The next day.

Su Xiaowan wakes up naturally after sleeping. Last night, Su Xiaowan sneaks out of the door and follows Feng Yan to his apartment.

There was a lot of sunshine outside. At this moment, although the curtain was covering, I could feel that it was already getting better.

She took a look at the time on her mobile phone, only to find that it was not too early, and Feng Yan had already awakened.

I'm leaning over there, looking at things with my cell phone.

"Why don't you call me?"

"What are you doing today?"

Don't say, if you don't ask this, Su Xiaowan really can't think of what's wrong with her. Now, she has a sentence in her head.

I'm going on a blind date.

"I really have something to do today. I won't have lunch with you today. You'll remember to make some food for yourself later. I'll come back to accompany you in the evening."

Su Xiaowan touched her nose. Instead of staying in bed, she climbed out of the warm bed. Just after washing, the old lady called again.

"The address is sent to your mobile phone, you don't have to go too early, go later, let him wait more, so that he will pay attention to you later."

"....."

Su Xiaowan can't laugh or cry. She takes a look at the man lying on the other side. Is it really good that he is being dug up like this?

Her mother-in-law really broke her heart.

.....

Although Su Qiqi can't go out these days, Shen Yin doesn't know where to help her find out where the young master of Ning family is dating Su Xiaowan today.

It's a famous club in Jiangcheng.

She had been waiting on the road early. She had searched the picture of Ning Jingzhi on the Internet. She was very handsome and tall. In addition to her family's wealth and status, she immediately became interested in this man.

Ning Jingzhi never had a girlfriend. I heard that he taught one in the University, but later, they couldn't do it either. For some specific reason, nothing was found at that time.

Su Qiqi, wearing a mask and sunglasses, stood looking back and forth.

According to the address, Su Xiaowan takes a taxi to a decorated club.

In fact, she didn't really plan to go on a blind date today. After all, she and Feng Yan are very good. What do you need to go on a blind date.

However, other people have made an appointment for him. No matter what, he has to come here. Otherwise, it's not very polite.

Before coming to the restaurant, Su Xiaowan deliberately painted a very ugly make-up. As a result, as soon as she got out of the car, she saw the woman standing there.

Su Qiqi.

She twisted her eyebrows, this is just when the club, inevitably people come and go, but the people are rich.

Are you ready to lose your son-in-law?

Chapter 529

Su Xiaowan doesn't want to see her, and doesn't want to care what she wants to do. She carries her bag to go in.

Su Qiqi saw the eye-catching man in the club. He was wearing a white suit and sat there. At the first glance, she recognized him as Ning Jingzhi.

She congealed to coagulate eyebrow, oneself waited so long at the door, also didn't see the car, but didn't expect, this Ning Jing straight unexpectedly already inside.

Moreover, she clearly saw that Su Xiaowan also went in.

She must be late to go now.

She can only call and complain to her mother.

Su Xiaowan has never seen a picture of the other party. When she walked into the club, she looked around. For these men, she was blind.

In this eyes, except for Feng Yan, the rest of the people are almost the same.

Ning Jingzhi's eyes soon recognized her. Grandma showed him a picture a few days ago, but today, it seems that she is different from the person in the picture.

Su Xiaowan was dressed in a black suit. She was old-fashioned and conservative. Her makeup looked old. At first glance, she thought she was a woman in her thirties.

When the line of sight is opposite to her, Ning Jing thinks she recognizes herself, but she takes out her cell phone and makes a phone call there.

It's Mrs. Gu.

"I told him to wear a white suit, didn't you find it?"

"No, there are many people in white suits here..." Su Xiaowan called.

But never thought, she will see Su Zheng here, Su Zheng is wearing a suit.

And Su Zheng was followed by a woman, who was holding his arm. They were intimate. She recognized who it was.

... is Su Zheng's distant cousin in his hometown.

This cousin is not in the name of Su Zheng. It's said that it's the sister of the old lady. Because of the difficulty in childbearing, she got one outside.

Now, I'm only about 30 years old.

I've never been married. I live in my hometown.

Most of Su's relatives live there, and Mrs. Su lives with her father. The reason why she didn't come here is that Shen Yin refused to let her come.

But at that time, Shen Yin coaxed Su Zheng around. Naturally, Su Zheng would not let the old lady come to live.

But now

Su Xiaowan saw Su Zheng. Naturally, Su Qiqi also saw him standing at the door.

Su Xiaowan stopped. She looked at the end and stood there in a lively posture.

Su Qiqi didn't expect that she would meet her father and another woman here. During this time, her mother had already said that her father was indifferent to her.

She didn't take it seriously. After all, she never thought her father would cheat.

Only when he saw Su Zheng holding the woman did he know that there was someone outside Su Zheng.

She is a violent temper, to see such a scene is naturally unbearable, directly rushed to the end of the man ran.

When I saw the woman at that end, I was stunned.

She didn't expect that the woman Su was outside was... Su Yuwei.

Su Yuwei is Su Zheng's cousin.

The woman was not the same as she had been at home in the past few years. She was wearing a foreign-style skirt, and her face was well maintained, but she felt like a sick beauty.

I'm sorry to see that.

She was thirty years old, and her skin was white. With her melon face and big eyes, she was many times more than Shen Yin. Her mother came in and lost sleep for a long time because of her own affairs.

Therefore, it is inevitable that they have aged a lot during this period of time.

Su is just seeing Su Qiqi. He is stunned. He has been with Su Yuwei for a long time. A while ago, Su Yuwei came from her hometown. His mother called him to take care of her.

Su Yuwei had been in love with herself, so she left. A man couldn't stop such a woman, so naturally, she took care of her in bed.

During the time with Su Yuwei, Su Zheng's heart has become younger, and even has fewer nightmares.

Su Yuwei is gentle and considerate, and understands men's needs. She doesn't look like Shen Yin. Now she is old and has no interest at all.

He was tired of seeing this face for a long time, so when Su Yumo came, he hooked up with her.

However, he has been very low-key, so long, she is careful Yiyi, did not expect to meet Su Qiqi here.

"Seven seven, why are you here?"

"Dad, I should ask you that! Didn't you say you were going on a business trip today? Why are you here now and still with her?" Su Qiqi's world outlook has been overturned. Even if she is found by herself, she still keeps a pathetic look and nestles up to Su Zheng.

It was as if I had bullied her.

"What? She doesn't like him. She's called aunt --!"

"I think you're going to let me call her mother!" Su Qiqi was so angry that she pulled the woman and slapped her in the face.

"You don't want to order your face, even if you have a married man to seduce you!"

Su Yuwei was slapped, immediately tears fell down, Su Zheng saw to be distressed, at the moment embrace her, "Su Qiqi, apologize to her!"

"You want me to apologize to him? Why should I! I'll tell mom about it

Su Zhengqi's straight teeth, at the moment looking at Su Qiqi, grabbed her wrist, "I want you to apologize to her."

"Dad, are you going to hit me now for this woman? Is she willing to be someone else's junior

"Su Qiqi, apologize to her."

"I don't think so!"

Su Yuwei looked at him. When Su Zhengzheng was about to hit her, she stopped him. "Ah Zheng, don't let your father and daughter have a estrangement because of my business. It's my fault."

"Since you know you're wrong, you're so bright. You're in such a place with a man with a wife, and you're so intimate. If I don't see you, when are you going to quit?"

"I..." Su Yuwei was so pathetic. After su Qiqi slapped her white skin, she was very red. Now she looked at the woman with high toes. "Qiqi... Your father and I are not what you think, or I'm not familiar here. Your father just helps me."

Su Qiqi sneered, "Su Yuwei, don't think I don't know what's on your mind. My mother is Mrs. Su one day, so don't think about it..."

Pa -!

"You hit me again!"

Su Qiqi covers her face and looks at Su Zheng. She grew up in Su Zheng's hands. Before, when she felt loved by her father and Su Xiaowan was nothing, she didn't know how cool she was.

But now, the father slapped himself in front of so many people, because of this woman.

"Ah Zheng, what are you doing? There are so many people! Don't make it difficult for you because of me. Go and explain it to her quickly. Don't make my sister-in-law sad at that time. "

As soon as Su Zheng mentions Shen Yin, she is flustered. For so many years, she has had enough of her.

Other wives are dedicated to helping their husband, she is good, all day long is his natural and unrestrained.

In recent years, Su Qiqi has been taught nothing.

"What to do for her! I was going to divorce her. Does your face hurt? "

"I'm all right, cousin. It's all my fault... If I don't come, you won't quarrel. I'd better go back!"

"Ouch

Su Yuwei suddenly ran to the end of the trash can and vomited. Su was worried and ran over, patting him on the back, "what's the matter? Have you been vomiting lately? "

"I'm... I'm pregnant."

what!

"Really?"

Su Zheng always wanted to have a son to inherit the incense. He didn't have any hope, but he didn't expect

"Well, it just came out a few days ago. It's yours."

"So I'm going to be a father?"

Su Zheng is so happy that he seems to have seen the child in Su Yuwei's stomach. It's a boy.

Su Yuwei nodded shyly.

She naturally has her own abacus in her heart. Since she was a child, she loved her cousin. At that time, her cousin was the most outstanding and promising person in their village.

She thought that when he came out of the small mountain village, he would take her out with him, but she waited and waited, but did not wait for her cousin to come back.

She was not born to her mother. In such a village, when she was 18 years old, she would be betrothed to others. But how could she marry a casual man so wrongly.

She said she didn't agree with her mother, so she went to the old lady.

At that time, the old lady knew that Su Zheng's wife had given birth to a daughter, and she was very angry. The old lady was so angry that she gave birth to two sons in her life.

But... She didn't wait.

The old lady likes her very much and thinks that she is a Wangfu. In the early years, Mr. youlao came here to set up a stall. Her mother counted her life for her. The master said that she was Wangfu's and didn't know how to be known by the old lady.

The old lady convinced her mother and promised him that she would be her daughter-in-law one day.

But she waited and waited for the news that Su Zheng had married another woman.

She couldn't sit still. She went to the old lady.

Can just know, that woman can be more powerful than the previous wife, let Su Zheng don't contact with the old lady.

And her time, also so wasted.

Now she is 30 years old. In that village, she is either looking for a divorce or dying alone all her life. Therefore, she plans to fight once.

Come to the city.

Found Su Zheng, she firmly believes that Su Zheng will be taken by her, sure enough, Su Zheng not a few days, with her.

She also sent a message to the old lady.

The old lady was overjoyed.

In fact, the old lady doesn't like Shen Yin either. She has long wanted to divorce Su Zheng. After all, from the old lady's point of view, if Shen Yin is in Su's house, she can't live with her son all her life.

He is old and wants to enjoy his happiness for a few days, but he has no chance.

So, I hit the abacus on myself.

Su Xiaowan stood at the other end, looking at the two people at the other end. All of a sudden, a voice of banter came from behind.

Chapter 530

She was startled, because she was looking hard, and suddenly she made a sound. She was so timid that her heart was thumping.

"Little sister, who are you looking for?"

Su Xiaowan is particularly resistant to the strange man she chats with, especially when she looks back at the man, she doesn't want to talk to him.

But listen to him.

"I'm Ning Jingzhi --!"

Su Xiaowan looked back in amazement at the man in front of her.

The height is about 180 as Mrs. Gu said, and she is wearing that white suit.

He just said he was Ning Jingzhi?

It seems that all the features are the same as what Mrs. Gu said. Just now, it seems that I saw this man for the first time.

She was stunned.

"Hello... I'm Ning Jingzhi."

Ning Jingzhi continued to introduce himself.

Su Xiaowan said, "Hello, I'm Su Xiaowan. I'm sorry to have kept you waiting."

"I've just arrived, too. Let's sit over there --!"

Ning Jingzhi opened a box alone, which made Su Xiaowan feel a little conflicted at the beginning. I don't

know if it was because of that little sister's joke or something

She didn't even dare to enter the door. "Otherwise, it's better to be outside. It's a little stuffy inside."

Ning Jingzhi has already taken off her suit and put it on one side of the chair. Looking at her contradictory appearance, she can't help laughing. This girl is really cute.

"You and I are public figures. Eating together in the hall will lead to unnecessary misunderstanding."

Su Xiaowan's expression was obviously relaxed.

Yes, although she is not famous now, if she has dinner with a strange man, and this man is no one else, she is Ning Jingzhi.

Although the richest man in Jiangcheng is Fengjia, the famous Ning family in the North District is also one of the few rich families. Ningjingzhi is also rich and handsome. With this status, she is the husband candidate that all women dream of.

If I have another affair with him, I really don't want to live.

Besides, if Feng Yan knew, she would be broken.

Although there are few people who will recognize themselves when they dress up as they are now, Feng Yan knows for sure, because just now she lied to him that he should wear formal clothes for this job.

Although she added makeup later, Feng Yan is not a fool... He will definitely break her leg.

It's still in the box.

She stepped in. According to the observation for a few minutes, Su Xiaowan couldn't see through the man. Although he felt frivolous at first, he is serious now.

Does that little sister, perhaps, just a name?

Is she thinking too much?

Su Xiaowan heard old lady Gu say that Ning Jingzhi likes gentleness and gentleness. It's better to be a woman who has a common topic. She doesn't really come to have a blind date with him.

So in order to avoid embarrassment later, she chose the old-fashioned suit. According to Feng Yan's preference, such a man must like the good-looking type. But now it seems that she has seen her own photos, so after spending such a make-up, she seems to have a little disrespect for others.

Moreover, it seems that there is not too much expression in ningjingzhi's eyes. Originally, he thought

that when ningjingzhi saw himself, he could show his dislike and disdain, because such people as them have never seen any women, but it seems that his eyes are calm.

She felt that she was thinking too much.

"Mr. Ning, I have an audition later, so let's make a long story short."

What she said was that she was doing this for the role, and she didn't want to talk to her here for a long time.

Anyone with a clear eye should be able to hear it.

In the distance.

Fengyi is still in a state of consternation. Today, Fengyan even said that he would invite himself to tea.

It's more weird than winning the lottery.

But until I saw the person sitting at that end, because it was a box, but because the glass was transparent, so the people inside had a clear view.

"... young master, this man is Ning Jingzhi, the famous King of diamonds in Jiangcheng. He is a woman who will bow down under his pomegranate skirt. How can our young grandmother be with him?"

"Tut, is this not a blind date?"

As soon as he finished, he only received a sharp look. Feng Yi closed his mouth in fright, but looked at the two people at the other end, "young master, I guess... But although Ning Jingzhi is not as handsome as young master you, from a woman's point of view, he is mature and steady, and has a good market. If our young grandmother can't stop her charm all of a sudden, it's very likely that you will fall in love with Ning Jingzhi, and... Young master, you are very fierce to her sometimes. I think young grandma likes that kind of gentle type.

You don't know, now warm man can be popular, is the kind of all the time to you, all the time care about you, women eat this set"

Voice did not fall, just looking at the end of the face changed.

He swallowed a mouthful of saliva. "I... I'm just talking nonsense. I'm sure you're the girl's favorite."

He finished, looked at the expression of Feng Yan, this shouldn't ah, all said this, how still a face calm and self-confident looking at the woman.

The eyes seemed to say, look, the woman I love is different from others.

If Fengyi is not timid, I really want to feel Fengyan's head to see if he has a fever.

I just watched him sip his tea.

"Young master, young granny cheated on you, don't you go to arrest people? How about having tea here? "

What's good about this tea? It's not a young master's temper. If it's changed to the past, it must be a lunge, standing in front of Ningjing and embracing Su Xiaowan.

My woman, how dare you live?

But now, he's sitting there indifferent.

On the other side.

Su Xiaowan didn't expect that Ning Jingzhi was funny. What he said was not the same person as the person he thought.

I always thought that people like him were at least serious, but I didn't expect that he would still tell cold jokes.

Su Xiaowan was very amused by him. "Mr. Ning, every time you go on a blind date, you tell a cold joke to a girl? It's really different. "

"Miss Su, too, is different from what I imagined. She is also the only one who has listened to all my cold jokes."

Su Xiaowan is like pouring a basin of cold water on himself when he says this sentence. What does it mean? It's different from what he imagined.

Listen to all his cold jokes?

She just thought it was funny and wanted to know the end.

Ah ah, won't let him misunderstand anything?

Su Xiaowan doesn't like to muddle with emotion, and doesn't say that she likes Feng Yan no matter what he looks like.

She said straight to the point, "Mr. Ning, I don't want to beat around the bush. I don't like blind date very much. I don't think we can have a chat for more than ten minutes to feel that each other is good. Today's blind date is not my wish... In fact... I have someone I like. I like him very much and he likes me

very much. I'm sorry to delay your time, I hope you can forgive me, too. "

Ning Jingzhi's face can't see happiness, anger, sadness and happiness, but at the bottom of his heart, something suddenly broke.

"So I was rejected?"

"Mr. Ning, you will find someone who is willing to listen to your cold jokes."

Ning Jing looked at her straight, "you haven't tasted radish, how do you know you don't like radish?"

Su Xiaowan's eyebrows are fixed. Is this really

She's made such a mess of herself, won't you let her go?

"But I prefer green vegetables. I'm allergic to radish."

Su Xiaowan felt that when he said this, he would not say anything more, but who knows, he was laughing.

"You are so cute --!"

what?

What lovely ah, this is to refuse you, refuse to understand!

"Master Ning, I have something else to do, so I'll go first..."

It doesn't make sense. Just run.

Su Xiaowan thinks that even Feng Yan can handle such a difficult person, let alone Ning Jingzhi.

As a result, he never thought that he would give himself such a sentence.

"The hot pot here is delicious. Are you going to try it? Will your vegetables bring you to eat the health hot pot that you can't even eat with money? "

Feng Yan doesn't like spicy food very much, so the hot pot has always been forbidden in the villa. She hasn't eaten hot pot until now, except that she secretly ate it on her back when she went outside last time.

She just moved up the butt down again, "that... He will bring me to eat."

"Oh, it's estimated that we can't eat today, because we are the 20th. This store only makes 20 hot pot at

a time."

what!

Su Xiaowan likes hot pot best. Originally, she wanted to go out quickly. Later, she would ask Wei Wei to come over and have a meal here.

Anyway, Feng Yan will not know.

But who knows, there is such a scene.

When Su Xiaowan came in, she looked at the waiter at the other end and gave her a sign. She remembered that it was 20. The waiter said something to her, but she didn't pay attention to the details. Now in retrospect, most of them don't remember.

She had never been to such a place, and she did not know whether what she said was true or false, or whether it was just a lie.

But she wants to eat hot pot.

At this moment, no one can understand the psychology of eating goods.

Feng Yi was sitting at the other end, hoping there was a monitor at the moment. But according to her expression, she was still there to broadcast, "this young lady was going to leave, why did she sit back now..."

All the way to the other end of the hot pot, Fengyi suddenly realized, "my little grandmother even wants to have dinner with her. This must be his routine. All men of this age are bad. My little grandmother has simple feelings and must be cheated. My God... What do I see? He helps my little grandmother to bring food... This is an attempt, an attempt, young master, You're green headed... "
