

good evening 541

Chapter 541

"Not bad."

Shen Qingtian's industries in recent years are mainly concentrated in foreign countries. Although he has only returned in recent years, it is still a bit difficult to stand in the invincible position because of the great competition in this place.

Shen Yin grins flatteringly, probably deliberately boasting in front of Su Xiaowan, "when I asked Xiaowan to sign a contract with your company, I could take care of her more. Signing a contract with my own company is better than those outside. If you are bullied, you can still help..."

"....."

Su Xiaowan couldn't help throwing the bowl. Of course, she did the same, "I've eaten well."

"You didn't eat much. You didn't eat well. You didn't move a mouthful of rice. It's not the way to lose weight. Come on, Shen Yu, give miss a bowl of soup."

Shen Yu quickly took the bowl and gave her a bowl of soup.

Su Xiaowan looks at the bowl of soup. Shen Yin wants to eat this meal today. There must be something famous in it.

She looked at the greasy soup and didn't want a sip.

This Shen Yin, has been let her eat vegetables, but looking at her chopsticks, actually did not move a few.

"Auntie, I don't like soup. You are so tired recently. You should drink more soup to make up your body." With that, Su Xiaowan pushed the soup to Shen Yin's side, and no matter what she was saying, she went upstairs directly.

She doesn't want to be running a fake family.

It's too bad.

Shen Yin's face suddenly stiff in place, Su Xiaowan so don't give face, let her immediately some annoyance.

But because Shen Qingtian is here, she doesn't dare to say anything more. She smiles with her face, but she has two sides at the bottom of her heart. This Su Xiaowan will look good at her sooner or later.

Shen Yin turns her eyes, looks at Shen Qingtian and scoops a few spoons of soup for him. "Xiaowan has always had a problem with me. She thinks I robbed his father, so no matter what I do, she doesn't like me. Qingtian, if it wasn't for you, she would turn the table towards me, but I do these for her good."

Shen Qingtian looks at him, takes the bowl of soup and drinks a few mouthfuls. He doesn't come here to listen to Shen Yin's family routine. At this moment, his eyebrows are slightly wrinkled and a little impatient.

"It's getting late. I'll go first."

Shen Yin doesn't care, "OK, be careful on the way."

Shen Qingtian just stood up, but suddenly dizzy, Shen Yin let Shen Yu support him, "what's the matter?"

"A little dizzy." Shen Qingtian's hand is pressed on his head, and his body has not been very good. Therefore, for the moment, he has no doubt.

"Qingtian, I think you'd better have a rest at my house first, otherwise I don't trust you to drive back. If something happens, I can't tell your mother."

Shen Qingtian only felt that he had a bad headache. After a while, he didn't have much strength. He didn't know why he was suddenly like this. He was not in good health since he was a child, but he had never been like this.

Soon, his brain had no ability to think.

He was supported by the two women and didn't know where to go. Anyway, he didn't have the ability to make his own decisions.

It's like a puppet.

Listen to them in a daze.

"Is it all arranged?"

"Madam, you can rest assured that the medicine is very powerful. No matter how strong her willpower is, it's useless. I thought Su Xiaowan would never take it. So I put all the medicine on the bottom of the bowl. I saw her hand touch the bottom of the bowl just now. Now I must be hungry and thirsty."

Shen Yin helps people to the bedroom next to Su Xiaowan, turns to knock on Su Xiaowan's door.

But after several knocks, no one answered.

"What's the matter? Is the dose of your medicine too large for her to faint? "

Shen Yu was so said, is also the same frown, "impossible."

Shen Yin twisted the doorknob, but the door lock didn't lock. Her eyes were slightly stunned, and her eyes were filled with joy. Immediately it was dark, and she couldn't see if there was anyone.

But no matter what, the environment in front of her is enough to make her feel that God is helping her. When it gets light tomorrow, it will be a foregone conclusion.

Su Zheng must be protecting the fox spirit in the hospital now, and the whole villa is only her own.

Shen Qingtian is a member of his mother's family. In the end, it must be better to do more than less. When Shen Qingtian gets hold of him, even if Su Zheng doesn't want him or her, she can go back.

"Help people in quickly --!"

"Yes

The two women thrust the man in and helped him to the bed.

The two men in the dark carried a big man on their shoulders and sat panting at the head of the bed.

Shen Yin hasn't done any heavy work in recent years. Now she's very tired just carrying someone.

But Shen Yu is strong and strong.

"Oh, I almost forgot there was something stewing in the kitchen!"

"Then you don't want to see it."

Shen Yu ran out. Shen Yin wanted to sit up from the ground, but he broke his leg for a long time.

Not to mention the station.

Now I beat my leg to get up, but suddenly the door closed.

"Shen Yu, I haven't come out yet --!"

As a result, she didn't wait for Shen Yu's voice. Because of Shen Qingtian, the maids in the villa let them finish their meal and gave them a day off.

So now there are only four of them in the villa.

The other two are in this room, so Shen Yin thinks it's Shen Yu.

But Shen Yin goes to the door, only to find that the door is locked.

"Shen Yu --!"

Shen Yin twists the doorknob. The door is really locked. She calls Shen Yu's name, but no one answers.

She immediately sensed something was wrong.

The lights on one side.

The light lit up this small place for a moment. Now it was wandering around, where was su Xiaowan's figure.

It's very kind of that girl to bite them back.

She clenched her fist. If Su Zheng came back tomorrow and found that she was with Shen Qingtian, then she could not say clearly.

She patted on the door in an attempt to make it heard.

It doesn't work.

Shen Yin droops her eyes. She's in a hurry. She doesn't even take her cell phone. Just now, she was afraid that Shen Qingtian would wake up and leave his cell phone next door.

Right now.

Shen Yin has done everything in her life, but she never thought it would be carried on such a thing.

In fact, this matter has nothing to do with Su Xiaowan. After she got on the bus, Su Xiaowan found that something was wrong with her. She felt hot and dry all over.

It seems that Shen Yin wants to swallow her up, but she is drugged.

Fortunately, the driver is a woman.

"Girl, are you ok? Why is your face so red? "

"I'm fine, master. Can you drive faster? I'm still in a hurry to see my husband! " Su Xiaowan doesn't know how much medicine Shen Yin gave her.

She felt confused. Her eyes were beginning to be confused. She pinched her leg hard, which made her wake up a lot.

But soon, he got confused again.

Even she didn't know how to go upstairs. She leaned against the wall and dialed Feng Yan's phone, but she didn't get through. As soon as the door opened, she smelled the man's smell, and Su Xiaowan rushed up.

It's both pro and anti Feng Yan.

Feng Yan hasn't taken off his clothes yet. As soon as he entered the room, he was pressed down by the force. Before he could see who it was, the overwhelming kisses came.

If it wasn't for the taste of a woman, Feng Yan would have kicked her away.

"Su Xiaowan..."

The other party's kiss is too warm, Feng Yan suddenly noticed something wrong with her.

In the past, Su Xiaowan was not so enthusiastic in love affairs. She was shy and only begged for mercy even when she got to bed.

But now.

Under the light, the woman's Scarlet cheek reflected in the man's eyes. Now she twisted her eyebrows and reached for his forehead. Her body was very hot, which was much higher than the temperature of his palm.

"You have a fever?"

"Xin Gan Bao, I've been drugged... It's so hard."

Take the medicine?

Su Xiaowan came pitifully and padded her toes. She was not short at first, but in the eyes of this tall man, she could not kiss Feng Yan without padding her toes.

When she got the soft lip, she was as happy as if she had sugar when she was young. "It's so sweet. What did you eat today?"

Feng Yan looks at her, sweet?

This girl's provocative Kung Fu is becoming more and more powerful now.

Su Xiaowan saw that Feng Yan didn't have any expression, and then he went to kiss him again. "I'm so

sick... It's hard to get back. You don't kiss me?"

The man's eyes fixed on her, who did it, you can imagine, in addition to the few in her family, can't think of others.

She was drugged!

The man's eyes became cold, but when he looked at the woman at that end, he changed into another appearance again.

The man's palm pressed Su Xiaowan's back of the head and deepened the kiss.

This letter has been abstinent for two weeks, so I can't bear it.

A while ago, Su Xiaowan was ill. During this time, she was busy at work. He didn't even have the chance to get along with her alone.

Every day, I rely on the mobile phone video to solve the pain of Acacia.

If a man doesn't drive meat, he can endure it for several years.

But once the meat was opened, it would be fatal to bear it now. For Feng Yan, it would be fatal. Moreover, Su Xiaowan is still seducing him like this. How can he keep the beauty in his mind and remain indifferent.

What's more, this woman is still her own little wife.

Feng Yan pressed her against the wall and bowed her head to kiss her lips.

"Sweetheart, your mouth is so cool --!"

The man's lips gradually fell on her face.

From the living room to the bedroom, Su Xiaowan was about to fall apart.

She had collapsed on the bed.

Her medicine has just passed, now she is wringing her eyebrows, and her blushing face is now full of shame. She looks at Feng Yan with coquettish eyes.

"You don't know, let me --"

Chapter 542

Feng Yan pointed to all kinds of crimes on his body, "I don't have much..."

Su Xiaowan raised her eyes to see the sky.

She did all this just now?

So Feng Yan is much worse than her.

"I didn't mean to..."

"Well, I forgive you."

After that, the man took a kiss and sealed it with a kiss.

It's a long night, but people in some places don't sleep all night.

Su Yuwei looks at the woman standing in front of her. The woman she bought in Su's house is called Xiaoshui, the maid she just hired.

At the beginning, in order to enter Feng's home, Su Yuwei didn't make any consideration. Looking at Su's recruitment, she immediately contacted Xiaoshui.

Xiaoshui is younger than her. She is the sister of her distant cousin. The family condition is not good. She works outside early.

But most of them are not on the stage, and she didn't want to do it for a long time. No, when Su Yuwei first came to Jiangcheng, her distant cousin called and asked her to find Xiaoshui.

It's said that Xiaoshui has been working in Jiangcheng for two or three years, and has married a rich man in the local area. Let's find her and find a place to live.

But when she saw the little water, it was not as she imagined.

Small water in a restaurant dishes, hand is also poor, she married a husband, at first, she thought she paid a rich man, after all, small water enough has been angry with the work, trying to rely on men to change their destiny, she grew up in a bad family, also led to her, very want to have a stable family.

So I'm in a hurry to get the license with others.

Who knows, it was a fake rich second generation. The man was in debt and was waiting for the woman to help him pay back the money. As soon as he got the marriage certificate, he immediately showed his true colors.

Those debt collectors come home every day to collect debts, but the man runs away and can't even get

a divorce.

As a woman, he has no power to bind a chicken, so he has to go back to work to pay back the money.

After that, she met Su Yuwei.

Su Yuwei is beautiful, even if she is older than her, but her charm still exists. There is still a kind of tenderness of Jiangnan women.

Su Yuwei's appearance saved her.

Help her out of the original place, also get a rich reward

This time, Su Yuwei said that as long as she became Mrs. Su, the housekeeper would be her own choice. Thinking about the beautiful life in the future, Xiaoshui would be full of vitality.

Xiaoshui went out and looked at the faces of so many people. Of course, she could understand who was in favor of the situation.

Now Su Zheng and Shen Yin are going to divorce. Moreover, just now she clearly saw Su Zheng and the old lady in the hospital. The old lady and Su Zheng are by Su Yuwei's side.

In addition, if Su Yuwei had not helped her, she would still be carrying dishes outside.

Therefore, whether it is in love or reason, I should help Su Yuwei.

"Is everything done?"

"Well, elder sister, don't worry. When Mr. Chen goes back tomorrow, he will be very angry to see Shen Yin and his younger brother staying in Su Xiaowan's room."

Xiaoshui is also delivering food that day. Listening to Shen Yin and Shen Yu's plot, they are going to let Su Xiaowan and Shen Qingtian cook cooked rice.

In order to find shelter, Shen Yin finds her brother.

In order to benefit his brother, at the moment, he did not hesitate to pull Su Xiaowan.

And their plot is known by themselves. Originally, Su Yuwei wanted to expose Shen Yin's true face, but that day she went to find Su Xiaowan. Su Xiaowan didn't say that she wanted to stand on her own front.

Therefore, to help Su Xiaowan, she feels that time is losing money. Originally intended at the critical moment, pull Su Xiaowan into his camp, but did not expect, Su Xiaowan in the drug attack, ran away.

So they shut Shen Yin in Shen Qingtian's room.

"I've done a good job this time. Don't worry. As long as I become Mrs. Su, I'll benefit from you."

"Sister, what are you talking about? If you hadn't helped me at the beginning, I would have been dragged down by that ugly man now! You are my rebirth parents, I do things for you, are willing Small water that mouth, can be sweet, coax Su Yuwei that is very happy.

"But elder sister, you're not in good health now, so you'd better take good care of it. This woman's abortion is equivalent to having a baby. If you don't take good care of it, it will do great harm to your health!"

Su Yuwei thinks about the child who has been in her stomach for several weeks. It's the meat that falls from her body. She seems to be used to covering her stomach, but now she has nothing in her stomach. She is inevitably lost.

After all, she is in her thirties. In the village, a woman of her age has two children.

But Su Yuwei thinks it's worth it. Children can have it again, but there is only one chance. If you miss it, there will be no more.

"Don't worry, I won't make fun of my body. Su Zheng can't let me do it for him!"

"Sister, if you don't like him, why do you have to stay with an old man?"

"You don't understand that a woman like me, no matter how rich and powerful she is, doesn't look up to me. He, though not rich and powerful, is enough for me to live a stable life for a while. When I'm old, I should think about my future life. I don't want to end up in a lonely and helpless situation."

"But Shen Yin is not easy to deal with. Now, you have another child missing in your stomach. She has a daughter in her hand. At least, she is the seed of her husband."

"If you don't tell me, I've forgotten Su Qiqi."

"Sister, what are you going to do?"

"Look at what sue is going to do tomorrow. I'm thinking about what I'm going to do. Give me a hand and I'll go to the bathroom..."

"Good."

Night gradually deep, finally suyuwei also because too tired. I went straight to sleep.

Squint for a while, wake up looking at Su Zheng, "how, what do you want to eat?"

Su Yuwei is unaccustomed to Su Zheng's accommodation all of a sudden. "Cousin, you've been here with me all night. My sister-in-law will definitely have an opinion on me. I don't have anything to do. You can go back. Doesn't the company still have something to deal with? Don't worry, I'm not a clinging person, and I'm not trying to destroy your family... "

"Yu Wei, don't worry. I'll go after it to the end"

"Cousin, don't check. The child is gone. I really don't want to destroy the relationship between you and your sister-in-law... I'll go home after a while. Don't worry."

The old lady came in with her things and heard Su Yuwei say, "Yuwei, you are stupid. My old lady is here. You can't go anywhere.

Don't worry, our family will give you an explanation. If a good child says no, there won't be. I don't believe it! "

The old lady's words made Su Yuwei continue to cry, "I'm sorry for the Su family. I also know that the child is very important to my cousin. It's my fault that I didn't protect her..."

Looking at Su Yuwei's crying, the old lady quickly took a paper towel to wipe her.

Su Zheng also comforted, "Yuwei, don't cry, it's bad for your eyes --!"

The old lady is too angry to go, "ah Zheng, now come back with me, what kind of aphrodisiac can Yuwei take? It's not your wife who dares to kill your children in your own home so blatantly, that's to kill you. "

This sentence is really cruel.

Naturally, the old lady knew that her son wanted a son to inherit the family property. Otherwise, she would not take the property with her. Su Zheng was a daughter, so she would give it to others cheaply in the future.

It must be unrealistic in such a traditional place as the Su family.

The old lady's words hit him all of a sudden, and Su Zheng was speechless.

"Why does Shen Yin follow you? Don't you know? At the beginning, she attached to you because you were rich. I didn't look up to her at all. I secretly got all the certificates from you. I turned a blind eye to her. I thought that she could give birth to a son for us Su family. As a result, I didn't feel proud and gave birth to a daughter. If it wasn't for your disobedience, could it be like this? "

"Ma."

"Don't call me mom. You've been a girl ever since you were a child. If a woman treats you a little better, she thinks she likes you. Shen Yin doesn't know her roots. It's like Yu Wei. I watched her grow up when I was a child. She adores you and has never been married, but you stinky boy..."

"Old lady, don't make it difficult for you because of my business. It's my fault to make everything happy at home. It's my business... Cousin, don't go back to quarrel with your cousin. This matter has nothing to do with your cousin..."

Su Yuwei was crying again. The old lady comforted her. At this moment, she had just miscarried, and she couldn't help herself, so she alerted the obstetrician.

"You don't want to be well, do you? Now stop the tears

Although the doctor is used to abortion, but in the end this has not seen which even the body do not want, so desperate cry.

"And so is your husband. Originally, your wife was in a bad mood. Don't stimulate her all day long."

The doctor is a woman in her fifties. It's hard to avoid talking about Su Zheng at the moment.

They are not young. Now that they have done such a big thing, the doctor can't see it.

The doctor looked at Su Zheng. Although many years had passed, it seemed that he had seen this face somewhere.

At this moment, a maid came over with a pot of nutritious soup. Su Zheng asked them to take care of Su Yuwei that day.

Not the one before.

"Why are you here? What about the water

"Yesterday, my wife didn't know what was going on, so we had a day off. Sister Xiaoshui had already returned to her hometown."

to be on holiday?

"What's the good vacation?"

"I don't know. Madam said that she would entertain the guests at home and let us all leave."

Chapter 543

Shen Yin didn't sleep that night. The only thing left in the quiet room was the sound of her own footsteps.

Although Shen Qingtian was only drugged by them, he would not do anything to her.

But she thought about it and couldn't figure out how a su Xiaowan could lock herself in this place and avoid Shen Yu.

Especially Shen Yu.

Shen Yu suddenly ran out and said something was boiling. The next second, the door was closed and he didn't hear what he was shouting.

I'm afraid Shen Yu has something to do with it.

Shen Yu is her person. She is also the most trusted person in this Su family except Su Qiqi.

But did not expect, will be put together by her.

Shen Yin sits in front of Su Xiaowan's dressing mirror and looks at the man lying on the bed. The light has been on all night. Now it's daybreak outside, and she doesn't notice it.

Su Xiaowan's drawer is closed. Shen Yin's legs are sore after sitting all night. Suddenly, she wants to get up and go to the bathroom. However, she bumps her knee into the drawer, which is very painful.

She looked at the culprit, the drawer was locked, but there was a bag from the inside, something like a food bag coming out of the drawer.

Shen Yin grew up in the countryside. At that time, she earned money by working and read some books. At that time, she was lucky to learn some skills from an old locksmith.

Especially such a small lock, for her, it is not difficult.

She took a clip from her hair and put it over there. Once she twisted it, the lock would open.

Shen Yin opens the drawer. There is nothing in it except a bag... A hair.

Shen Yin looks at the hair and doesn't know why Su Xiaowan wants to lock a hair in the drawer.

Is it Su Zheng's hair?

She remembered that a few days ago, Sue was talking to the maid about buying some potion to get rid of the grey hair

And Shen Yu told her that day that she saw Su Xiaowan cutting Su Zheng's white hair intimately

Originally, she didn't feel anything. Su Xiaowan flattered Su Zheng just to let Su Zheng protect her. She had seen such scenes of father daughter harmony before.

But now looking at the hair in front of her, she suddenly opened up.

This Su Xiaowan is holding Su Zheng's hair, is it difficult to... Doubt that he is not Su Zheng's child?

In fact, Su Zheng didn't know much about Su Xiaowan's feelings. She didn't care about Su Xiaowan's affairs. When she was a child, Su Xiaowan was sent far away and couldn't get in her way.

But in recent years, this girl appears more and more in her life. Even if she doesn't want to see her, she can't avoid the influence of this girl.

Especially during this time.

When Shen Yin looks at Su Xiaowan, she will easily think of the influence of Nanyin. Her whole pregnancy is under the shadow of Nanyin.

Therefore, she hated and envied Nanyin.

Nanyin has a good family and noble temperament, just like a princess.

Such a woman, is a man will not easily let her go.

As for the question of whether Su Zheng loves Nanyin or not, she didn't want to think about it before, but after thinking about it carefully now, she should not love it.

If you love her, how can you be willing to send your daughter to the countryside, regardless of years. It seems that after she and Su Zheng are together, Su Chenchen is the one he mentions most.

That Su Xiaowan, as if in Su Zheng's life, does not exist at all.

However, during the years when Su Xiaowan was around, Su Zheng didn't treat her very well. Otherwise, he sometimes deliberately embarrassed himself. Why didn't he tear it down and turn a blind eye instead.

He even sent Su Xiaowan to the ugly bed. Although the family wanted Su Xiaowan to marry, no matter who the letter was, he would not be willing to push her into the pit of fire.

consider others in one's own place.

If it was her own, she would never let Su Qiqi marry that ugly man.

She thought a lot about what happened before.

Su Zheng is in the habit of talking in his sleep at night, so she hears a lot of things that Su Zheng tells her in his dream.

But for Su Xiaowan, even in his dreams, he didn't even say a word about this man.

She remembered that Su Xiaowan seemed to have type O blood, and Su was type A blood

Is it difficult to

Nanyin was not her own enemy at the beginning. Susie hated her to the bone.

At first, I heard that Nanyin had a relationship with Shen Nanshan.

But it was all written in a lacy newspaper, and they didn't admit it.

But if it's only fake, why does Susie help her deal with Nanyin for some groundless words?

As she sat there, she forgot the pain in her legs. She held the hair in a transparent bag in her hand and looked at the comb in front of the make-up mirror. It happened that there was a hair left on it.

They were put into the transparent bag together. Now that she found them, it was up to her to prove whether her guess was correct.

Before she had finished packing, suddenly the door was kicked open.

She turned and looked back. The old lady of the Su family and Su Zheng were standing there.

Looking at the man lying on the bed, Mrs. Su rushed in angrily, "ah Zheng, look what she's doing behind your back! How old are you? You even collude with men who are not three or four. Do you think our Su family is a bully? You damned woman. "

"Mom, that's my brother. It's not a man of no three no four. It's not what you think!"

"You dare to say that you are shameless!"

Mrs. Su slaps Shen Yin's face directly, and half of her face turns red. "That's how she started to hook up with a Zheng in our family. We a Zheng didn't have the brains to be cheated by a woman like you for so many years. Now I can see your face clearly! You're going to sign me a divorce right now. It's better than going out of the house. Our family needs face. "

Shen Yin can't help laughing when she listens to old lady su.

What is heart-shaped simplicity.

If it's simple, how can you calculate your wife?

This mother and son are more dangerous than jackals.

I'm afraid that in addition to Su Yuwei's calculation, there is an old lady's idea in this matter.

Otherwise, how could it happen?

When he was with Su Zheng, he knew that Su Zheng loved money.

But I didn't expect that they had this idea now.

"I clean my body out of the house? I have done so much for this family, accompanied him to lose my youth, now let me clean out? Su Zheng, what am I supposed to do? "

"Do you still want to get the compensation from ah Zheng for the dirty things you did? You're really calculating. I tell you, it's impossible -- "

Chapter 544

"Those who know the truth should go out quickly. Otherwise, if there are too many people waiting for you, you will not be able to hang on your face, and you don't want to be criticized by others when you are too old? Even if you don't have a face, our family will have a face. "

Old lady is a strong person, she did not like Shen Yin, because Shen Yin occupied Su Zheng, occupied his son.

Let oneself so many years, having a son is the same as not having a son.

It's called a

Although the people in the village said that the sons who didn't have much ability were all filial, and she clearly gave birth to a son who had ability, but this daughter-in-law never let her son come to see her.

She lives like a lonely old man. In the village, no one knows how to talk about herself behind her back.

So, she wanted to change the one who was obedient and easy to control.

Not as strong as Shen Yin.

Originally, the old lady still wanted to think that she didn't know how to drive people out. As soon as she came back, she was surprised. This big problem can be solved without much effort.

Now, no matter who the man in the bed is, she can drive Shen Yin out as long as she bites this point.

When she thought about it, she was full of energy.

"Old lady, is your Su family ready to bully others now?"

"What else do you have to say if you get the stolen goods together?"

"I just helped my brother to rest, and I didn't do anything harmful. How can I ask someone to take the stolen goods and get them? Old lady, I know you don't like me, but do you have to do this to me? "

Sue was standing by without saying a word.

But the old lady's eyes are sharp. Now she has seen the femininity of this place, especially the photo of Su Xiaowan at the head of the bed.

You can imagine who owns this room.

"Help him to rest. Do you need to help him into Xiaowan's bedroom? Isn't there a room outside? You dare not admit it

"There was, but it wasn't Su Yuwei who lived there? Xiaowan didn't live here last night. Apart from this bedroom, I don't know where to let my brother lie? Is it hard to say that Su's family has a big business, and my mother's family will come to sleep in the living room at night? What should other people think about it? I'm also thinking about the Su family... "

It's Shen Yu who looks at the woman coming out before the words fall.

"Don't cheat me, madam. You know that if you give Miss Shen medicine, your husband can't accommodate you. You are helpless. You want Mr Shen to help you, so you give Mr Shen medicine, saying that you want to... Say that you want to cook mature rice with her, so that he can help you all the time... Why you stay in Miss Shen's room, You wanted to use this opportunity to kill two birds with one stone and slander the young lady in front of your husband. In this way, you can also drive the young lady out together... "

"Shen Yu, you talk nonsense --"

"Madam, we have been found. Don't try to be brave and admit your mistake."

Shen Yin stands there. Sure enough, the result is the same as she thought. Shen Yu, the person she brought from her family, is also bribed by them.

"Why are you doing this, and what good have they given you?"

Shen Yu stood there, staring at her, "madam, I just can't see it. I don't want you to make mistakes again and again. Mr. Shen has been given a lot of medicine. I'd better send him to the hospital first..."

Chapter 545

Su Yuwei is a powerful person. At least, Shen Yu thinks that this seemingly innocent woman with a delicate voice behind her back is so scheming.

Just last night, the little water found himself and made his stand clear.

She was brought by Shen Yin. Naturally, she didn't want to betray Shen Yin, but the fact is that no matter how powerful Shen Yin is, how can she shake so many people with one person's strength?

How could she hold her present position, not to mention her present position as housekeeper, or even her own position.

Xiaoshui brings Su Yuwei's words to her.

Moreover, Su Yuwei is more generous than Shen Yin and gives her 100000 yuan. After the event, she is still the housekeeper of the place.

Shen Yu is short of money. Her husband and children are all in the countryside, waiting for her to live with the salary she is working here. Moreover, her son is going to marry a wife soon. The 100000 yuan is the bride price that the girl said at home. Before she was in the countryside, where could she earn a salary? Except for the daily expenses, she left 1000 yuan a month, which is more.

Shen Yu also worked outside. He worked piece work in those factories, but even if he didn't sleep or eat, he would get 80 or 90 yuan a day at most.

Later, she and her husband took their savings and contracted a piece of land to grow corn.

But that year, there was a drought, and all the corn seedlings died at the beginning.

After that, she drags Shen Yin to help find a job. Shen Yin tells her about her family and wants to help her.

She's been here less than a year.

But her son is 24 years old, and there are suitable girls talking about marriage. As a mother, she naturally hopes that her son will have a good home.

But people are realistic. The matchmaker said that it is unrealistic for the girl's family to ask for a gift of 100000 yuan.

Her husband is still working on his own land there. He can't get anything in return except to invest

money in it for a month.

And her son, who just finished college, has no income.

So the whole family, old and young, only have their own, but also with a lot of money, including food and shelter.

Originally, Shen Yu wanted to advance the fulcrum with Shen Yin and give the marriage of that family.

After all, a 24-year-old boy is old. She and her husband agree that they should start a family first and then start a business. When their son gets married, the couple try to earn some money and buy them a house outside.

With her current income, in the struggle for a few years, the down payment of a house should be able to get down.

After all, the house price in a small county is not as high as that in Jiangcheng.

She mentioned it to Shen Yin many times, but Shen Yin had a lot of things to do during this period, and she didn't have enough money. She just made a promise, but she never gave her money.

In addition, during this period of time, everyone's wages are decreasing. Although she is not comfortable, in the end, she needs this job. Although her salary is a little less than before, she has calculated that she can get a salary of 100000 yuan by the end of this year.

But the ideal can't keep up with the change. Who ever thought that Su Yuwei would appear and Shen Yin's position would be in danger.

But Su Yuwei was more generous than her and gave her 100000 Yuan directly.

This 100000 yuan is what she may lack.

Even if she lost her job now, 100000 yuan is enough for her to decide her son's marriage. Therefore, she chose to stand beside Su Yuwei.

If she was not really short of money, Shen Yu would not be so determined.

After all, Shen Yin helped her and let her in here.

But no way, in her heart, or his son is more important.

"You... Shen Yu, you speak with your conscience. If it wasn't for me, would you be able to stand here now?"

Shen Yu doesn't dare to look at Shen Yin. Now he looks at the old lady at that end, "Sir, what I say is the truth, old lady, I dare not lie! Miss Su's child is also her wife. She asked me to put medicine in Miss Su's breakfast. She is afraid that her status will change because of this child, so she wants to get rid of that child. I still have a recording! "

At this time, Shen Yu took out the recording in full view of the public.

In fact, her recording is just to avoid responsibility. When Shen Yu worked in the factory before, she encountered many intrigues.

Because the output is based on piecework system, some people steal their own output. In fact, she does a lot every time, but in the end, they take away a lot one by one.

The output is linked to the salary. At first, she thought that she might have done too little, but later, because she was idle and bored, she calculated the output of today's production every day.

But that's how it went on. The next day, she found that her output was less.

Because there was no monitoring in the factory, she couldn't make sense.

Even the executives didn't believe what she said. They just looked at the production on her hand and asked her to find out the evidence. They didn't have any evidence at all.

Later, she learned to be smart. Every day, she would record videos, voice, take photos... And save all the evidence.

This also made her form a habit, so after Shen Yin asked her to do such a thing, she also knew that it was against the law, so she left evidence.

"... does Su Yuwei think I can't get rid of this child?"

"... since now I has the final say in this Su family, Su Yu Wei wants to squeeze me away with this child. She is dreaming!"

"....."

The sentence by sentence conversation came out from the other end of the mobile phone, Shen Yin's expression changed instantly. She didn't expect that she led Shen Yu into the door, but she was also pushed into hell by her hand.

She rushed over crazily and grabbed Shen Yu's hair. "Shen Yu, you bitch --!"

"Madam, what are you doing? I just don't want to see you make mistakes again and again. If you look back, it's also a child's life..."

"Enough --!" Su is listening to the voice of the sentence, originally standing there did not speak, now also can't help.

Shen Yin looks at Su Zheng, "ah Zheng, it's not like this. She wronged me, not me..."

"Now, what else do you have to say?" The old lady stood there, looking at Shen Yin, with her own dignity in her words.

At the beginning, Shen Yin told her so. At the beginning, the old lady came to ask her for money, but Shen Yin wronged herself for stealing his money.

She didn't nearly die of anger at that time.

This tone, after so many years, she has always remembered.

"Ah Zheng, this matter has nothing to do with me..."

"Forget about it."

Sue was suddenly speaking.

forget it?

As soon as the old lady heard it, could it be that Su Zheng still had an old love for Shen Yin? "Ah Zheng, that's your child. It's this damned woman who made you have no son!"

"Ah Zheng, you can't be bewitched by her any more."

Shen Yin's lips trembled, "Zheng, do you really believe that I didn't do it?"

Su Zheng's eyebrows tightly wrinkled, the whole person with cold temperament, she avoided Shen Yin's hand, "Shen Yin, I don't care about this matter with you, now pack up your things, get out!"

what!

"I've already signed the divorce agreement. We'll get the divorce certificate sometime."

Su Zheng takes out a piece of paper from her bag and hands it to her. Shen Yin looks at the words on it, divorce agreement

Her face as like as two peas ago was white.

But, at the beginning, she moved in happily, but now... She was driven out.

She was so angry that she fainted.

Mrs. Su looks at the woman lying on the ground. This voice is really tactful. It's clear that she's only one step away from being swept out of the house. Now, it's like this.

"Ah Zheng, I think she's just pretending."

Su Zheng wants face, he can't let Shen Yin just lie here, can only hold people up, "Mom, I have seen her true face, won't be cheated by her, I'll send her to the hospital first, wait for her to wake up, I'm asking him to sign, don't worry, I know what I'm doing!"

What else did Mrs. Su want to say, but at the moment, listening to Su Zheng's words, she could only shut up.

He is stubborn. He decides what she is saying. Now that she has said this, she will stop.

Su is looking at the man lying on the bed, calling Shen Qingtian's assistant and asking someone to take him back.

.....

hospital.

Su Yuwei knows that Shen Yin is in this hospital right now, and she has also heard about those things just now. She is sitting there drinking soup.

"Yu Wei elder sister, you can rest assured, this gentleman is very determined, will definitely divorce with that Shen Yin."

"For fear that Shen Yin would shed a few tears, Su Zheng's heart softened." Especially now Shen Yin is here for treatment, and Su Zheng is there, but she doesn't come here, which is enough to make her uneasy.

But Su Zheng's side, because can't find out what illness, so at the moment the doctor is doing a general examination for Shen Yin.

Soon, the results came out.

"Sir, your wife's health is very good, but after she was put on the ring, there was some gynecological inflammation..."

Sheung Wan?

"What ring?"

"Your wife has been in the ring for more than ten years. Don't you know that she is in the ring?" The doctor was a little stunned when asked. After the woman got on the ring, she was easy to get gynecological diseases. She had seen many examples in the hospital for so many years.

But at this moment, is the husband a little too surprised.

Su Zheng didn't know that Shen Yin was on the ring. He suddenly thought of many things. At that time, because Su Qiqi was a girl, he wanted to have a son.

But Shen Yin refused to live.

Finally, after physical examination, I found that I had asthenospermia

Chapter 546

At present, Su Zheng went to have a physical examination and came to the conclusion that he was very healthy.

There's no asthenospermia.

He looked at the woman in the ward and knew that he had been cheated for more than 20 years.

It's not that he can't have children, it's the voice that makes him mistakenly think that he can't have children.

At the beginning, when he came to the hospital with Shen Yin for examination, knowing that he had asthenospermia, he no longer forced Shen Yin to have a child, and even he was twice as good to Su Qiqi.

After all, it was a hard child.

Therefore, it also led to Su Qiqi's arrogance and lawlessness.

Su Zheng is now full of fire, thanks to his consideration of the old love, originally wanted to give her a million, now it seems that a woman like her should live and die on her own.

At the beginning, is Shen Yin in his side, instigate her to South Yin dare to go out.

For Nan Yin, men like her. She has a good family background, a good figure, a beautiful person, and a well-educated lady.

But after getting her, I knew that it was just a woman who had been played many times.

He likes virginity, and Nan Yin is arrogant. He never learns to please him in bed. As time goes by, he gets

tired of it.

So he fell in love with Shen Yin.

Although this woman can't compare with Nan Yin, she can understand her various needs. Moreover, she is a smart person.

So, after Nan Yin is driven out of her home, she leads Shen Yin into the door.

Nan Yin was already crazy at that time, and her life changed greatly when she was driven out. Finally, she could only be sent to a mental hospital

Su Zheng immediately contacted his lawyer and amended the divorce agreement.

It wasn't long before the lawyer came with something and the bad news.

"Sir, Kangrong group filed an application for compensation to the court today, saying that you have guaranteed \$10 million to Zhang Guodong, and now you need to give compensation --"

"When did I sign a guarantee contract?"

The lawyer took out a piece of paper, which was a copy. "Sir, this is a copy, and the original is still in the hands of Kangrong group. Zhang Guodong borrowed 10 million from Kangrong group. You are the guarantor, and the words you signed on it have been checked by someone. It's your handwriting..."

"What

Sue was looking at the words on it, but it was his signature, but the title was a guarantee.

"There must be something wrong. Isn't Zhang Guodong the boss of Lixin group? How could it be... "

"Lixin group was declared bankrupt a few days ago. The new capital was Kangrong group. Lixin group was originally insolvent and was annexed by Kangrong group. Zhang Guodong himself, in his own name, borrowed money from Kangrong group and owed Kangrong group 10 million yuan. However, now he has run away and found that Zhang Guodong's remittance is in your account, Now Kangrong group has directly sued you and the company. The court will come to our company to make an evaluation soon. If the evaluation value is less than 10 million, you need to take other things to offset. The money in your account will be frozen today. "

Su Zheng couldn't help being rude. He was so smart that he was put on the spot.

Zhang Guodong is a new investor that Su is looking for a few days ago.

It's the boss of a group.

He also met this man in the bar that day. Of course, he was introduced by others. The introducer was one of his classmates.

New life.

Su Zheng now has difficulty in capital turnover. He wants to get some investment, so he decided to move out some shares and look for investors to sell them.

But his small company shares, those big boss where rare.

But that day, after he talked with Zhang Guodong, Zhang Guodong was very interested in his shares, so he signed it drunkenly. He originally wanted to meet him in a few days and talk about it in detail.

After signing, the man gave him back 500000 yuan for next month

But I didn't expect

I fell in love with him.

And a lawsuit.

Su Zheng soon received the news that the funds had been frozen.

Mobile phone tips, let the lawyer also see.

The lawyer looked at Su Zheng, thought about it and continued, "Sir, now the employees of the company are protesting, asking when your salary will be paid... And... There is something urgent in my hometown, so this is my resignation letter!"

Sue is holding the man's resignation letter.

Oh.

It's always true that trees fall and monkeys scatter.

But now, he seems to have no way. Originally, he just had no expenses on hand, but now he has directly compensated the whole company.

He couldn't find anyone to help.

Even the classmate who introduced him before couldn't get through.

"Su Zheng, have you offended anyone? It's better to ask the person behind us than to come to us! In

your face, it's OK for me to lend you 12000 yuan. If you ask me to lend you 10 million yuan, even if I sell my company, I can't take it out.... "

Behind the scenes?

So who is doing all this behind his back, waiting for him to drill in?

Su Zheng has no choice but to call Su Xiaowan.

"Xiaowan, you save dad --"

Su Xiaowan is looking for her hair at home. She has just come back. Aunt Lin is at home. Just now aunt Lin said that this morning, Su Zheng caught Shen Yin and Shen Qingtian in her room.

Su Xiaowan is so smart that he must understand Shen Yin's trick immediately.

Last night, Shen Yin was so attentive. I'm afraid it was originally designed for her, but I don't know how to make mistakes

No, it shouldn't be Ying Ying Yang wrong.

"Xiaowan, now... Dad owes 10 million, can you help dad find a way?"

"Dad, I really don't have so much money..."

"Then you go and ask Master Feng. He will help you in your old days."

"Dad, it's not that I don't help you. Even if I go to see Feng Yan, I can't see him face to face... Even if I do, he won't help me. What's Feng Yan's character? Dad should know better than me..."

Sue hung up and he was down in the dumps.

How could he have thought that all this would leave his hands in such a way.

He has worked hard.

Su Xiaowan hung up and immediately called Feng Yan.

"Heart and liver..."

"What? Miss me? "

"Just to ask you, Su Zheng, he..."

"He owes ten million as a guarantee. Do you want to ask me if I have something to do with him?"

Su Xiaowan Ning eyebrow, "I asked is not this, I want to tell you, if he calls you, you don't lend him money."

"Do you love my money?"

"I love you very much. No one's money comes from strong wind. He always does this. When he encounters such a thing, he will only ask others for money."

Chapter 547

Sue just hung up and got a call from a stranger.

"Who are you?"

"I can give you 50 million."

Money?

Listen to this word, the man's eyes suddenly bright, "you... Want to give me money?"

He doesn't know the person on the other end of the line.

Therefore, when listening to the news again, I was undoubtedly surprised. In the end, I didn't believe it.

Probably at this time, Su Zheng was desperate, but this phone call gave her a chance again.

Now Su Xiaowan doesn't give him money. He originally wanted to call for Feng Yan, but he just thought of Su Xiaowan's words and gave him a blow.

When he used to be Fengyan's father-in-law, he might be able to get money from him, but now... Su Xiaowan is driven out of Su's house. I don't know where he touched the man's scales. If he calls, it's not the muzzle of a gun.

Now, naturally, he does not dare to offend Feng Yan, but he knows other people besides Feng Yan.

Those who used to be fair friends would not lend him such a huge sum of money.

He is like a headless fly, but at this moment, it is like something suddenly has a turn for the better.

He was stunned, waiting for the man at that end, almost holding his breath, for fear that he had heard the wrong thing.

"Ding."

Not a few seconds, suddenly his SMS reminder, he came to the 20 million fund reminder.

20 million.

It's true. 20 million.

But he thought of just guessing the lawyer's phone, "now you transfer 20 million to me, I can't move."

He was worried. The money belonged to him, but today his account was frozen. He could only watch it.

"I can help you with your case, but I have conditions."

"What do you want?"

"I heard that your daughter has a jade pendant on her body. Take this jade pendant to the address I sent you tomorrow evening. I'll call you immediately for the rest of the money."

Jade pendant?

He didn't know.

"Wait a minute, you said my daughter has jade pendant... Why don't I know? You are not mistaken, our family seven seven seven hate jade this kind of thing, she thought vulgar

"I'm talking about your other daughter."

Small bowl?

Because Su Zheng knew that Su Xiaowan was not his own, he thought it was su Qiqi when this man asked him.

But he said it was su Xiaowan

Jade pendant?

Su Zheng is in memory. She doesn't seem to have seen much jade pendant, because he didn't buy anything for Su Xiaowan.

But... He seems to remember.

That day, Su Qiqi and Su Xiaowan seemed to quarrel over the jade pendant.

Yes, the jade pendant is from the old lady.

.....

When Shen Yin wakes up, she is lying on the bed alone, while the nurse is hanging water.

Su Qiqi originally went to block ningjingzhi, followed him all the way to other provinces, but who knows, he called halfway, saying that Shen Yin was hospitalized.

Rushed to the hospital, this just found the sound of Shen on the bed.

"Mom, where's dad? Why are you here alone? "

Shen Yin, it's runny nose and tears.

She told Su Qiqi the whole story.

"So, it's the woman... I'll find her!"

"77, now your father will not believe us in anything he says. If you go now, it will only make him hate us more. Mom is OK." Shen Yin wakes up to now, thinks thoroughly.

Su Zheng is like a slip of smoke. If he leaves, he can't catch him.

What's more, she just heard from the nurse that he had a general examination this morning.

Just now, when the doctor told her about Sheung Wan, he also said that Su Zheng was surprised.

She understood.

Chapter 548

Now she has no way back.

If you want to hold on to Su Zheng, it's just a dream.

She suddenly realized that she took a bag out of her pocket.

"77, you take this to the laboratory and ask them to compare the results to me as soon as possible."

"Ma, what's this? Whose hair? "

If she didn't see the long hair, she certainly didn't know what the short hair was. The long hair was too black.

The short one, however, was like that of a man who was nearly 40 years old. Because his hair was not

black, it was slightly white.

This is good. How can my mother want this comparison result.

"Don't ask, do as I say."

Su Qiqi looked at the woman on the bed and took the thing. She believed that her mother was a decent person, so she went to the laboratory immediately.

The results come out in three hours.

It's dark outside. Su Qiqi takes the result and goes to Shen Yin.

Shen Yin is actually nothing, just because of emotional excitement, so the lack of blood supply to the brain, just fainted.

At this moment, after hanging up the water, he was already conscious, and even got out of bed, ready to leave hospital. That divorce agreement had been torn up by her for a long time.

Sue was just about to dump himself. He had a dream.

Shen Yin can come to this day step by step, and she doesn't rely on her brain.

Although she thought Sue was involved in the old woman's death.

But no matter what, she has no evidence, just relying on Su Zheng's dream talk, it can't be regarded as evidence at all.

Su Qiqi pushes the door in and sees Shen Yin standing there.

"Mom, the result comes out --!"

The file bag hasn't been opened yet. Now I directly tear it open. There is an identification form in the bag. The result shows that the kinship relationship is not established, and the parent-child relationship is not established

Anyway, it doesn't work.

"No one else has seen the result except the doctor?"

"No, I didn't meet anyone just now. When I got the result, I came to you. Mom, whose DNA match is this? It's not me and Dad, is it

"Of course not."

"What do you want this DNA test for?"

If it's irrelevant, she really can't figure out why her mother wants to do it and what identification results she has to make.

"With this, your father can't ask us!"

"Dad?"

Su Qiqi suddenly thought of something, it's hard for her to be so smart. Now she is said that this hair is really his father's, so in addition to her long hair, so... "Mom, is Su Xiaowan not his father's daughter?"

"Well."

Su Qiqi stood there. Su Xiaowan was not her father's daughter. In fact, she was shocked.

Su Xiaowan was born by Nan Yinsheng... Su Qiqi suddenly had a little pain in her brain. She felt that many pictures flashed in her mind.

"I know that Su Xiaowan is not my father's child at all. Auntie Nan, don't think you can tie my father's heart with a child --!"

"....."

"... if I hadn't heard the phone call from grandma and Dad that day, I would have been blindfolded by you! I'll tell my mother when I go back now! He said that Su Xiaowan is not his father's child. Let his father drive Su Xiaowan out! "

"I don't know who your daughter is. I just thought, if I were you, how could I fall in love with a man like my father? You are a famous piano queen. Do you know what people are talking about now? I'm waiting for you to come out and marry you! "

"You are really beautiful. Even I am a woman. Unfortunately, you are destined to stay here for the rest of your life."

"Have pity on your mother and your daughter. I don't know if you are involved."

"Oh, by the way, and your stupid son, I guess he is just like you. He can only be a fool in his life. In fact, it's good to be a fool, at least he's carefree."

"Do you think we don't know about yourself? Don't think you've let Mrs. Su's position out now. Let it go. My mother is kind-hearted and doesn't care about you. She loves my father. You can't see that a woman like you can give my father a green hat... "

Who's talking.

Why suddenly feel her neck ache badly, as if someone pinched her neck, as if let her gasp.

"What are you talking about! Su Xiaowan is not... "

"Poor man, I still don't know who my daughter's real father is."

After that, the force of gravity pushed her away.

After that, she seemed to faint on the road.

When he was rescued and woke up, he was in the hospital, and his mother's soft eyes were staring at her, asking questions.

"Mom, I suddenly fainted on the road a few years ago. Did something happen before that?"

Shen Yin remembers a few years ago. At the beginning, Su Qiqi finished the exam and said that he was found fainting in the middle of the road.

He rushed to the hospital and found that everything on Su Qiqi was pinched.

At that time, the news of single women being violated on the social news was very popular. Shen Yin was afraid that Su Qiqi would also encounter such a thing. She was afraid that she would wake up and her self-esteem would be unbearable.

So, before she wakes up, Shen Yin makes a decision to erase this part of her memory.

So far, Su Qiqi has never mentioned it to her.

But the doctor also told her that she might remember this memory at any time.

Shen Yin hesitated, "I don't remember what happened a few years ago. Qiqi, please help me to go through the discharge procedures. It's too uncomfortable to lie here. I want to go home."

Su Qiqi's mind is very confused. Looking at Shen Yin, she can only ask nothing and go out to go through the formalities.

.....

Su Xiaowan can't find her own things. She knows that she must have been taken away, but she's not sure who it is.

Is it Shen Yin or Shen Qingtian?

Or Su Zheng? Su Yuwei?

But at the moment, Su Xiaowan took things, took Aunt Lin and left here.

"Where are we going, miss?"

"Auntie Lin, I can't stay in that place any longer. I'm afraid things like yesterday are happening. Next time I won't be so lucky. They want to fight for a man. It's nothing to do with me, and I don't want to participate in it. I've worked so hard for so many days, but I still can't catch Su Zheng's handle... I've taken on a job these days, but you can't stay there. "

Chapter 549

Su Xiaowan told Feng Yan about Aunt Lin, so she directly took people to Feng's villa.

Aunt Lin looked at such a big villa, which was many times bigger than the Su family. It took her a long time to drive around to the door. Until she got off the car, she was surprised at what she saw.

I haven't seen such a villa on TV.

"Miss, this is..." there are well-trained bodyguards at the door, standing there like door gods.

The expressionless face made Aunt Lin a little afraid.

"Aunt Lin, don't be afraid. This is Fengyan's home."

"Feng Yan? Do you think this is the home of the young master Feng

"Well."

"What are you doing here, miss? The young master of that letter is not a good man. Such a man, who sweeps you out of the house, doesn't know you are good. A man like him is not worth your tears. Let's go... "

"Aunt Lin, you misunderstood. I brought you here today to find you a job."

"Get me a job?"

Aunt Lin now knows her own situation. The Su family is in a mess. She can't work there.

"Yeah, just like what you did at Sue's, you can do it."

Originally, Su Xiaowan wanted to let Aunt Lin enjoy her life. After all, when she was old, she didn't want

her to continue to fight for her life.

But she was afraid that Aunt Lin would not accept it. After all, Su Xiaowan had given aunt Lin money before, but she didn't accept it once. Instead, she gave it to herself.

So I want to seal the house, let aunt Lin take care of her, don't let her too tired, also can give her some money.

"But I can do everything I go. Why am I here?"

Before sealing the house, she said so on the Internet that Aunt Lin was willing to go in.

Su Xiaowan even told aunt Lin about himself and Feng Yan.

After listening, aunt Lin was even more blinded.

"So, you and the young master of Feng family are actually acting?"

"Well." Su Xiaowan continued, "moreover, I'm afraid Su Zheng takes me as a tool to trap money, and wants to ask for things from Feng Yan through me. Aunt Lin, you don't know. Last time he secretly made tens of millions with Feng Yan, but he still hasn't paid it back. He always thinks so, but whose money is not earned desperately, right?"

"Miss, you're right. He's a mosquito. He sucks your blood."

They have seen through Su for a long time.

It's a pity that Miss Nan is quiet. No one can say that.

"So, aunt Lin, you live here well. If you have anything to do, you can go to Aunt Li or uncle housekeeper. The people who seal the house are very kind and take good care of me. They are not as good as those people outside. I think they are the best people."

"But I'll... I'll... Don't give them any trouble."

"How can you be in trouble? You are my relative. I have a bite to eat, and you won't go hungry. You can rest assured that you will just do your own job as you did in the Su family before, and you won't be given money in vain."

Su Xiaowan was about to break her tongue. Aunt Lin agreed.

Aunt Li knew about it and immediately came to the door when she heard the news.

"Young granny, you can count it. I'm looking forward to a long neck."

"Aunt Li, I'm a little busy these days, so I didn't come to see you, but I'll move back in a while."

Chapter 550

"This family is going to be lively again."

These days, because Su Xiaowan moved out, even Feng Yan also moved out.

Aunt Li has long felt that she is not used to this lonely home.

Su Xiaowan said that he was happy and almost forgot the business.

"By the way, Aunt Li, this is my aunt. I'll ask you later."

"Where is this? Your relatives are our relatives. Don't worry, we will take good care of her."

Aunt Li and aunt Lin are of the same age, so when they meet, they are not strangers at all. After chatting about family customs, they forget Su Xiaowan.

.....

Su Xiaowan didn't stay there long, so she went to the apartment.

Of course, before Aunt Li left, she made soup for her.

As she drank the soup, she sent a message to Feng Yan, "when will you come back? If you don't come back again, I'll drink it all up --!"

Before long, a few words came to the hair.

Little greedy cat.

Su Xiaowan looked at the man at that end. There was a time interval. "Are you busy? I will not disturb you any more. Don't worry, I won't drink all the soup. I'll heat it for you when you come back! "

Sanatorium.

The man's tenderness suddenly became cold again, "when did it disappear?"

The nurse shook his head, "I just... Mrs. Anning said that she wanted to have porridge and asked me to cook a little. I didn't think so much. Mrs. Anning's condition is getting better these days, and her speech is quite normal. I also..."

Fengyi stood there. Just now they received the news that Mrs. Anning had left. They put down tens of

millions of cases and rushed over. As a result, they saw from the surveillance that Mrs. Anning had left here alone. They didn't know what was going on. The surveillance around the sanatorium was hacked.

This matter is not as simple as it seems.

"Don't worry now, young master. We'll certainly find someone."

"What's wrong with her these days?"

The woman shook her head. "No, Mrs. Anning is in a very stable mood these days. Even she used to talk about children's affairs, but now she doesn't talk about them anymore... By the way, I remember Mrs. Anning said she was bored a few days ago. She asked me to buy her a mobile phone..."

"Why didn't you report it?"

"You said that as long as your wife wanted anything, she would spare no effort to satisfy her. I..."

"Where is the cell phone?"

The man opened the drawer, but went round and round, but he didn't find anyone. "Strange, it was here before..."

Feng Yan frowned, "where's the cell phone number?"

"I thought that my wife didn't need to call, so I didn't do it for her. My wife used wireless internet here. A few days ago, she was watching TV series with her mobile phone..."

"Fief, trace IP --!"

I don't know why. Feng Yan always thinks that this matter has something to do with Feng Zhengting.

Fengche got out of danger and recovered his life.

But my hands are broken.

I've been trampled on by myself, and now I don't even have the strength to hold a pen. These days, Feng Zhengting is in Jiangcheng, and has always been in order.

Even in the face of such things, there is not a trace of conflict, but more calm to the extreme.

Things like this don't happen at all.

But now that his sister is missing, he doesn't think so anymore.

"Also, immediately determine the present position of Fengzhengting."

A dilapidated warehouse.

Feng Xinling looks at the man in front of her. It's Shen Yuanshan.

His brother.

At the beginning, he took great care of his younger brother. He said in front of her many times, I don't know how good his younger brother is. But when Feng Xinling saw Shen Yuanshan, he was disliked by Shen Yuanshan's unabashed eyes.

"Sister in law, it will be my brother's Memorial Day in a few days. Aren't you going to go home with me?"

In the past, he used to cheat her in this way. For a while, Feng Xinling was so deceived by him that she fell into his strangeness.

Shen Yuanshan gave her medicine every day, which was not to treat insomnia, but to make her insane.

After that, she was imprisoned.

"Shen Yuanshan, you don't have to be hypocritical. I won't be fooled by you!"

Shen Yuanshan received a call from Feng Zhengting and came here instead of him.

It can not be regarded as a substitute, but also for oneself.

This Fengxin Caragana is Fengyan's treasure. Fengyan made him like this. Now he wants to kill him.

But how can Feng Yan rely on himself.

"I won't be fooled. You're here too. I know my sister-in-law wants to know about your daughter. In fact, I held your daughter at the beginning --!"

At the mention of her daughter, as expected, Feng Xinling was even more excited, "what are you talking about! Where is she now? "

At the beginning, everyone said that her child was dead, but when she was giving birth, she obviously felt someone talking in the ward and the baby crying.

The child cried, how can die.

However, the anesthetic was too heavy for her to lift her head, open her eyes, or even stop it.

That is his child, she was born desperately, originally in order to keep his blood, he has gone, that is her only child in this world.

But when she woke up, the doctor said, the child is dead.

Such news is undoubtedly devastating news. Feng Xinling can't accept it all of a sudden. Even after seeing the dead child, she went crazy.

Shen Yuanshan looked at the crazy woman, "sister-in-law, if you want to know where your daughter is, I can't tell you, but... I have conditions."

"You said

"Let Feng Yan marry my daughter!" Originally, Shen Yuanshan didn't want to marry Shen Qi'er to Feng Yan. At the beginning, the incident was so noisy that Feng Yan didn't like her daughter at all.

But I can't help it. It's said that in the hands of the Feng family, there is a treasure of great value. If we can master the secret, then we will be the heirs of the Feng family in the future. If Shen Qi'er gives birth to Feng Yan's son, then that Feng family is just the son of the Shen family.

Just thinking about it, he thought it was wonderful.

His daughter?

Feng Xinling knows that Shen Yuanshan has a daughter, who was older than her daughter at the beginning, but she was not very pleasant when she was a child.

At that time, when Feng Xinling went to their house, the child liked her skirt and insisted on taking it off for her.

Even if she couldn't get it, she would rather take a knife and cut her skirt.

.....

Anyway, there are all kinds of things, so Feng Xinling doesn't like this child at all.

Her brother won't like it.

"What do you think, sister-in-law? I'll let you see your daughter right now. After all these years, you also want to know what she has become, right? Is it as beautiful as you... "

What else did Shen Yuanshan want to say? All of a sudden, a group of policemen came into the shabby warehouse. They were from the armed forces.

"Fengxinling, since you dare to call the police --"

Feng Xinling doesn't know how she came to the police. Is it her brother who called her.

"Shen Yuanshan, now you are suspected of illegal kidnapping, illegal money laundering, illegal fund-raising... Are you coming by yourself, or are we going to arrest you?"

Shen Yuanshan was frightened. No matter how powerful he was, he had never seen so many people.

Hands began to shake.

"You dare, you talk nonsense --"

Shen Yuanshan was driven by himself to deal with a daughter. During these days, he has recovered well. It's no problem to deal with a woman. Moreover, he has the handle of Fengxinling. Fengxinling doesn't dare to do anything to him.

But who knows, she called the police.

"Feng Xinling, I've been arrested by the police, and your daughter can't live --!"

what!

Feng Xinling wanted to step forward, but he was caught by the wrist by the police, "madam, please calm down. It's obvious that he wants to escape us and is ready to find a hostage!"

Shen Yuanshan naturally couldn't escape. So many people almost surrounded the whole warehouse.

In the police car.

"Eagle, is it worth it that you put yourself in it?"

Shen Kan sat there with handcuffs on his hand, and his face didn't change at the moment. "I've been lying around him for so long, and I haven't caught any trace of him. If it wasn't for today that he couldn't bear to bind people, I'm afraid I wouldn't have had this chance to find his criminal evidence."

"Eagle, but you're in jail. You'll have two or three years' probation."

"Everything is organized."

"By the way, the last time I heard Chen Er say that you have split personality, is it true or not?"

When it comes to split personality, men's pupils are deep.

"Don't worry, we'll find the best doctor to help you after a while --"

Today, Shen Xiaobei was worried about Shen Kan, so she came here secretly. Unexpectedly, Shen Kan came with a man. When she arrived at the old warehouse, there was no one.

This is in the middle of the mountain, the driver refused to come up, so she climbed up, but when she was in the middle of the mountain, looking at your roaring police car, she always felt something was wrong.

Shen Kan's eyes are fixed on the outside, but she is looking at the timid girl standing there. Why did she follow her!

He wanted to get out of the car, but he was pressed by the colleague, "Eagle, if you do this, it will be very difficult for us. Do you know that girl?"

"....."

"You'd better not go down. Shen Nanshan has set up such an enemy outside. If you know that this woman has something to do with you, she is more dangerous."

Shen Xiaobei ran to the mountain, only to see a woman fainting on the ground, and there was no one around.

"Auntie, are you ok?"

.....

Lin Zhenzhen called her and said there was an interview in the afternoon.

It's about the interview of the play, and the interview manuscript has been sent to her mailbox.

She was just about to open the interview draft, but suddenly her mobile phone called. She thought it was Lin Zhenzhen, but she didn't read it, so she answered it directly.

As soon as the voice came out, Su Xiaowan found out that it wasn't.

It's Su Zheng.

"Xiaowan, it's dad!"
