

good evening 551

Chapter 551

Su Zheng now wants to fly to Su Xiaowan.

The man just called himself and said that he would meet in advance.

But if you want to meet, you have to get the jade pendant.

So, Su Zheng just called. Su Zheng remembered that the jade pendant had been around Su Xiaowan's neck these days.

"Xiaowan, Dad's legs just couldn't move. Can you come and take dad to the hospital? Dad is in the company now --!"

Can't move?

Su Xiaowan didn't know what he was trying to do, "Dad, I know."

No matter what, Su Xiaowan will not be so silly in the past.

She called Cheng Weiwei and asked her to go for herself.

Shen Yin got the result and went to the company immediately.

Just, was stopped by the female assistant at the door, she a look, is not before that. Before, Sue was socializing outside. She was afraid that he would hook up outside, so she paid the female assistant to stare at him and report every move to her.

But I didn't expect to see you for a few days. Su Zheng changed all the people.

"You can't go up --!"

The woman stopped Shen Yin immediately.

Shen Yin's eyebrows are full of anger. Now she doesn't even shout. She comes up and tells her, "do you know who I am? Dare to stop me --"

This female assistant is a newcomer, but I've heard about Shen Yin for several days. I heard that she is a powerful person. When Mr. Su first came to the company, he followed her all the time.

In recent years, it has been converging.

The assistant, who had just left the office, heard that the lady was sitting in front of the boss's eyes,

reporting the whereabouts of the boss at any time.

This man, if he lacks freedom, is like a bird in a cage. If he is a man who loves his wife, he will probably be willing to hold him up. But Su Zheng is not such a man. Naturally, he wants to escape from the cage.

I heard that there are women and children outside the boss.

What's more, when she went in with water to her husband just now, he seemed to be discussing the divorce agreement with the lawyer... Before that, the female assistant must have been in awe of Shen Yin, but now... She is not afraid of the woman who is about to be driven out of the house by Su Zheng.

"This is the boss's order. No one is allowed to enter. You'd better leave as soon as possible. Otherwise, I'll ask the security guard. I don't think you want to lose face."

Security? exclusion.

When did she become a person who can only be described by these words?

"I'm not leaving today --!"

It's noisy outside. Su Zheng thinks it's Su Xiaowan, but when he comes out, it turns out to be Shen Yin.

"What are you doing here?" He thought that he would be rich soon. As soon as Su Xiaowan arrived, he could take her jade pendant and go to that place to find the man. But when he saw Shen Yin, he was in a bad mood.

"I have something to tell you."

"If you have something to say, I don't want to see you. Just get out of here!"

Get out of here?

If Shen Yin had ever heard such words before, sure enough, the man's favorite is himself. Seeing Su Yumo has no children, he is not with her, but in the company, so he knows how much he loves money.

Women are almost dispensable in his life plan.

Shen Yin's current mood, probably has a kind of feeling to experience Nan Yin.

"Are you sure you want me to talk to you here?"

"Don't think I don't know what you're up to. I won't remarry you."

"You don't want to talk about Su Xiaowan? If... Let her know that you are not her real father at all, do

you think... "Before the words fall, Su Zheng is like a monkey, jumping up and down.

"What are you talking about?"

At this moment, Su Xiaowan will come back to him right away. If she knows, she won't give him the jade pendant obediently. Then he has done so much and it's all in vain.

"Do you know what I said is true or false, or do you think I should just throw the evidence in your face before you dare to admit it? This Nan Yin has been worn for you all her life... "

Pop.

Sue was reaching out and slapping her in the face.

"Su Zheng, you hit me again?"

What Shen Yin can't stand most is men's hands.

But Su Zheng did it more than once, and her poor eyes immediately burst into tears. Looking at Su Zheng, Su Zheng felt upset. In addition, she was in the company. Many employees could not help but see that.

Don't make a fool of yourself.

In essence, Sue didn't want to put all her family affairs on the table and be known by them.

This company is not big, but when those people gossip, they can say anything. He doesn't want to be the talk of others.

He drags Shen Yin to the outside. Shen Yin, a woman, has little strength. Being dragged like this, she can only stagger along with him.

"What? Are you afraid now? It's no wonder that you've always been very indifferent to Su Xiaowan. You knew for a long time that Su Xiaowan was not your daughter, Nan Yin. I'm afraid you just went crazy because you knew the news? "

Shen Yin's words were like a rope, which made Su Zheng's heart beat hard.

Speaking of Nan Yin, Su Zheng seems to have lost his appearance in his memory.

Do you like her?

Probably at the beginning, no man didn't like Nanyin, a gentle woman with social status.

But at what time, it seems that their mentality began to change.

About that day, Nan Yin took him back to see his parents.

For the first time, he tasted the door closed. For the first time, he knew that there was a scene beyond his control in his proud life.

He was the most hardworking and progressive person ever since he was a child of other people's family in the village.

He had a good life. He was admitted to a university that the villagers couldn't imagine. He knew that his life would be better and better. But when he came to the city, his life seemed to be different from what she imagined.

People in big cities are different from those in villages.

And he, dressed simply, is despised by others. As long as there are large-scale activities, he can't go up at all, because there are too many people who are better than him.

Where he lost his luster.

Until I met Nan Yin.

That all pursue of women, now has become their own, she began to focus on the light.

Mother knew the news and gave her advice behind her back.

If you want to cheat her into bed, it's better if you have children. In this way, even if the parents in the south don't want to, they have to get married.

Chapter 552

They calculated like this, but the daughter didn't know anything.

However, no matter how much Su Zheng wanted to have children, she couldn't get pregnant.

Until one day, she finally had a baby.

Sue is thinking, now raw rice cooked mature rice, even if the two old women don't want to, Nan Yin will marry himself.

But I didn't expect that the child was lost when he was eight months old.

Nanyin is very thin. When she was eight months old, she didn't have a big stomach.

On the contrary, it is the same as the average person for three or four months.

But the child flow, gave them unprepared heavy hammer.

Su Zheng didn't come across such a thing. At that time, she wanted to tell Nan Yin the truth, but her mother didn't know where to hold a child.

It's also premature.

That's what my mother said at that time. No one wanted the child. It was her blessing to be raised by us.

Children are so small that they can't tell who they look like.

Nan Yin also said several times that the child was not like him, but later there was no following.

After that, in order to prevent Nanyin from seeing her appearance, she was directly passed on to the old woman.

He successfully got all of Nanyin's family. With the status of a woman, he became one of the rich people in Jiangcheng. His career is booming, and there are many women around him.

Originally, no one knew about it. After all, the mother didn't know where to pick up the girl. Over the years, with the improvement of the legislation, he was afraid that the child's parents would come to him. At that time, he would have to face a lawsuit.

And Nanyin is really crazy because she knows about it.

It's not because he connected Shen Yin into the door that she broke down

"Su Zheng, are you afraid? You can hide it deeply enough. No wonder you can push Su Xiaowan out to get business benefits for you. "

At this time, Su Zheng saw the car and a man came out from that end.

That man is either someone else or Cheng Weiwei, who disguises herself as a man.

Cheng Weiwei came over peacefully. Of course, as soon as she got out of the car, she saw two people at that end.

In order to prevent Shen Yin from saying anything amazing, Su Zheng drags her onto the road.

But Cheng Weiwei, who comes here slowly, has a good view of them.

But her face was particularly calm, "Mr. Su."

Su Zheng saw the man coming, "who are you?"

"I'm Xiaowan's assistant. Xiaowan has something to do. Let me come here." Cheng Weiwei is right.

But this changed Su Zheng's face.

What do you mean you can't leave.

"But I think Mr. Su's legs are very sharp. It's not as serious as Xiaowan said. He has to go to the hospital."

Su Zheng is so said, angrily stare at Shen Yin, if not for him, how can he stand here.

"I... I'm in a hurry to find Xiao Wan. Can you let her come?"

"I'm sorry, Mr. Su. Xiaowan has an interview today. She has to attend. As you know, reporters outside like to write nonsense, especially for actresses who have no backing. Although Xiaowan is still a new actress, there are many people staring at her outside! As his father, you should think about her more or less!

If you want to go to the hospital, get on the bus and I'll see you off! "

This words, let Su Zheng unable to tell, but go to the hospital is not his original intention.

"Mr. Su, why don't you get in the car? Is it easy to walk on your legs? "

Sue is waving her hand.

"Since my daughter won't come, I won't bother you. My leg doesn't hurt before. I'll talk about it later."

Su Zheng has no problem. If he really goes to the hospital, he will not beat himself in the face.

Cheng Weiwei listened to what he said and left without looking back.

Instead, Shen Yin stares at him. He and Su Zheng have been together for so long, where can't see her careful thinking.

"Su Zheng, does Su Xiaowan have something you want?"

"Shut up."

Su was ablaze with anger. As like as two peas, she decided to go to the jade shop and buy a jade that was exactly the same and went straight to the man.

But Shen Yin was willing to give him a chance. As soon as he got on the bus, Shen Yin immediately got into the co pilot's seat.

"Su Zheng, you can't get rid of me."

Su is trying to throw people out directly, but Shen Yin, how can he be willing.

However, it seems that a big man would not notice the woman's Pendant. When he looked at the Shen Yin, he said, "what does Su Xiaowan's jade pendant look like?"

Jade pendant?

Shen Yin's eyes flashed slightly. She suddenly thought of Su Xiaowan's words last time. The jade pendant was given to him by the old lady.

So, now Su just wants to make jade pendant?

"How do I know?"

"Shen Yin, you don't want to divorce. I can give you a chance. Shen Qingtian is afraid to know that after you give him the medicine, he won't help you any more... Do you think you are still charming, or do you think that when other men are like me before, they are a fool?"

How can Shen Yin not hear this? She herself destroyed Shen Qingtian's chance. Now she's going to beg him, and he won't help.

If she wants to find a man now, she must not be Su Zheng. Her position and power are probably in the lower reaches of Su Zheng.

And she would not do anything. If she left Su Zheng, she would die.

Today, she came with the test report to threaten him.

"Then you won't divorce me?"

"If you listen to me, we can still be like before."

"What about Su Yuwei?"

"I'll give her some money to leave."

This result is exactly what Shen Yin wants.

Shen Yin doesn't say that Su Zheng is disgusted with other women when she sleeps.

After all, she was also a junior. If she really hated and disgusted, she could not be a junior.

She used to be a junior, but now she hates junior.

Su Yuwei, a woman, can't let her stay by her side.

Because she could be the second one at any time.

As like as two peas, the car stopped at the jade store, and Shen Yin took the money and got off and went straight to buy a identical one.

Unexpectedly, as like as two peas.

"Where are you going?"

"You'll know later."

He drove about an hour to that place.

Shen Yin looked at the desolation outside, "what do you bring me here for?"

Is Sue going to kill him here?

It can be seen that Su Zheng took the mobile phone and began to make a phone call.

"I have arrived."

"Put it in the trash can over there and I'll give you the money."

.....

Su Xiaowan did have an interview here. After that interview, she received a phone call from the old lady.

"Xiaowan, can you go to Ningjia now?"

Ning Jia?

Ning Jingzhi was a blind date with her a few days ago, and old lady Ning, a few days ago, said that she would be recognized as a granddaughter.

But Ning family, she is not very familiar.

"Xiaowan, you didn't say anything to the young master of Ning family that day, did you? Today, nangshu

said that her grandson doesn't eat or drink these days. When he comes back, he will be shut in the room without saying a word... If he goes on like this, he will starve to death. "

No eating, no drinking?

This Ningjing straight hunger strike?

Has anything to do with her? No, Su Xiaowan didn't say anything that day. Is it because she is too weak to bear such words?

"I'll go and have a look. Don't worry."

Su Xiaowan is carrying a bag. The old lady asks someone to pick her up and goes directly to Ning's home.

Old Naning saw her with tears and a runny nose. "Xiaowan, you can count it."

"Granny, what's the matter?"

"I also just know that this boy keeps himself at home and never comes out. Do you think he has a brain problem?"

Ning Jingzhi has been smart since he was a child. If he has brain problems, he certainly doesn't exist.

"Granny, are you sure nothing else happened to him?"

"This young lady, our young master has been locked in the room since he came back. He hasn't come out, and I don't know what's wrong. Now he doesn't go to many jobs..."

This should be ningjingzhi's home. Ningjingzhi doesn't live with the old lady. I can guess something from the old lady's appearance.

"Is he upstairs?"

"Yes, miss, I'll take you up."

Su Xiaowan comforted the old lady, "don't worry, I'll persuade him."

Su Xiaowan followed the maid upstairs, but the maid pointed to the door, "Miss, the young master's room is there, but the young master said, don't want anyone to disturb me, I won't go there, save her upset."

As soon as the maid finished talking, she slipped away with oil on her feet.

Su Xiaowan, "..."

Su Xiaowan is here now, and because of herself, she goes to knock on the door.

"That... Young master Ning, are you ok?"

As soon as the voice came out, the man opened the door.

"It's you."

The man's eye ground takes a bit tired, see this Su Xiaowan of time Leng for a while, "how did you come?"

Su Xiaowan was relieved to see Ning Jingzhi standing in front of her. Just now, she thought that she had made people want to die.

"Do you want to taste radish now?"

Radish

"Er... No, young master Ning, don't get me wrong. It's the old lady who is afraid that you will be upset at home alone. Let me advise you." Su Xiaowan saw Ning Jingzhi, with a mild tone and attitude. He was deeply afraid that an carelessness might touch other people's hearts.

take things too hard? Ning Jing straight brow tightly wrinkly once.

"Don't you think you've turned me down, I'm in my room, starving and dying?"

"Isn't it?"

Ning Jingzhi looked at Su Xiaowan with a smile in his eyes. "Although I like you, I can't do anything that threatens women."

"Then why don't you go out all the time? Don't you let the maid disturb you

"These days, I'm discussing the plan, but I can't think of it. I feel hungry, which can make my brain turn faster."

It turned out to be a misunderstanding

“

Chapter 553

"Who is that vegetable?"

Huh?

Su Xiaowan raised her eyes. She thought she was listening.

What kind of vegetables?

"Is it Feng Yan..."

Her eyes widened.

For a moment, the wind was messy.

How would he know?

She always thought that she and Feng Yan were very low-key, except for those who knew each other, no one else knew.

Is it difficult? Last time, did Feng Yan tell Ning Jing?

Just as she was about to say something, she suddenly listened to the footsteps behind her. Looking back, she saw that the old lady and some maids were gesturing to them.

Hearing the sound of the door opening at that end, the old lady had been paying attention to the movement upstairs.

At this moment, as soon as the door opened, he rushed over with people, "you bear child, on purpose --!"

Su Xiaowan felt as if she had been rescued in an instant.

She didn't know what to say to Ning Jing at first! The last time she refused was quite straightforward, so at this time, Su Xiaowan felt embarrassed.

Fortunately, the old lady came.

It eased the current embarrassment.

Ning Jingzhi looks at Su Xiaowan. In fact, he didn't expect that his grandmother would call Su Xiaowan over. His eyes are low with light in them.

"On purpose..."

Because when he talks, his eyes are straight at Su Xiaowan, so when Su Xiaowan hears the words and raises his eyes, their eyes inevitably collide.

Su Xiaowan was shocked by the man's low voice and some unabashed eyes.

Is it difficult to

"Cough..." Su Xiaowan coughed. Knowing that it was not suitable to stay here for a long time, she looked at the old lady, "grandma, since he has nothing to do, I will go back first."

This old lady Ning came from Su Xiaowan's age. After her last blind date, Su Xiaowan told her that she didn't like Ning Jingzhi. This forced her to turn things around is not sweet. Of course, the old lady understands this.

However, this own grandson's eyes, is not a little... Would like to hang on others!

Who let himself be the grandmother of this smelly boy!

Although it's a little bit unkind, he doesn't believe in love at first sight. His grandson still has charisma. He can't be sure if he can get in touch with others. Maybe he can like it.

"Xiaowan, if you don't go back after dinner, it's so late, and you've come all the way here. You can't go back hungry. I'll let this smelly boy send you after dinner?"

having dinner?

Su Xiaowan waved her hand to refuse.

But the old lady took her hand and said, "when the food is ready, just like your own family, you can eat whatever you like!"

Su Xiaowan looks at the dishes on the table.

It's called... Help yourself?

This is too casual.

There was no way. Looking at the old lady's eyes, Su Xiaowan couldn't refuse. She thought, just finish the meal as soon as possible.

Before long, Ning Jingzhi also sat down.

It's just her opposite position. She seriously suspects that Ning Jingzhi is intentional.

At the dinner table, the old lady kept helping her with the dishes, "Xiao Wan, this fish is delicious. Try it!"

Fish?

In fact, Su Xiaowan doesn't like fish, because she can't make fish bones. When she was a child, she was stuck by fish bones, so she doesn't want to eat at all.

But under the caress of the old lady's eyes, she could only eat.

But it was not until the end of a fish that she suddenly realized that she was stuck by the fishbone.

She couldn't laugh or cry. She bowed her head and could only eat with all her strength.

Grandma said that she was stuck by the fishbone. She would like to order, take a bite of rice and swallow it directly.

But she ate a few mouthfuls of rice, a few mouthfuls of vegetables, and the fishbone was just like a rammed stone, which could not fall down.

"Xiaowan, eat slowly. If you like it, eat more --!"

If you eat more, she might die at the dinner table.

Su Xiaowan coagulates her eyebrows. Now she wants to drink some vinegar. Looking at the sour vegetables, she thinks of her chemistry.

——Neutralization reaction.

Then a force to eat the end of the pickled cabbage.

But after a meal, her stomach was full to death. Even the burping was the smell of pickled cabbage, but the fishbone stuck in her throat could not be eliminated.

She was almost in tears.

Fortunately, the driver at the door came up to ask, Su Xiaowan just escaped the bad news that Ningjing straight sent her, but Ningjing straight has been following him.

"Master Ning, you don't have to give it away --!"

"The driver is Feng's family member, so the vegetable that makes you fidgety is Feng Yan!"

There was no doubt about her words, as if her heart had already recognized it as a fact.

Su Xiaowan is a light one Lin, she to the sentiment, always does not like to drag mud and water, since likes a person, then is wholeheartedly, is not looking at in the bowl eats in the pot.

"Yes."

"Why him?"

Why him?

No one has ever asked her such a question, and even she herself is a little confused by it.

"Because he is very good, so good that I feel that I suddenly have hope and sustenance in my life. I want to live a long life with him, marry and have children."

"But you haven't tried the taste of radish. How can you know that this radish is not as good as that green vegetable in your heart?"

"Master Ning, I have only one heart. If I give it to him, I won't give it to others. You are very good. The person who understands you will think that you are the best. But in my heart, he is the only one for me. He is the best person for me. No one can match him." When Su Xiaowan said it, his eyes were crooked.

Mention him, a lot of things, as if fireworks, blooming in her eyes.

"I didn't expect your taste to be so strong?"

Su Xiaowan's expression is flat, and her tone is calm. "Master Ning, everyone has shortcomings, but some people's shortcomings are exposed in front of others, and some people choose to learn to hide. Feng Yan is just an ordinary person. Although he is not as handsome as you, what I like is his heart, transparent and clear."

With that, he walked away without looking back.

Ningjing straight hindsight reaction come over, this wench... This is turning a corner to say that he has his watch!

In the car.

She called Feng Yan, but he didn't answer.

She called Fengyi, which is the same.

Where on earth have these two gone?

There are very few cases where we can't get through, especially now it's almost the end of the day.

Are you still in a meeting?

Cheng Weiwei called her and said something about Su Zheng.

Although Su Xiaowan had known for a long time that Su was lying to him.

But unexpectedly, Shen Yin is also there.

"Young granny, they just went to the countryside, and now they just come back..."

"Don't follow them. Come back."

"Yes."

But the voice just fell, but listen to the voice of Cheng Weiwei.

"Little grandma, your father had an accident!"

Chapter 554

hospital.

When Feng Yan arrived at the hospital, Feng Xinling had woken up. The nurse was saying this to her. Looking at the man coming in, she picked up her things and left.

"Ah Yan, here you are."

Feng Yan wore a beige shirt today. He was originally white, and his straight trousers had a special flavor.

Feng Xinling doesn't know how long she hasn't seen him.

More and more mature and steady, some like a Li's feeling.

In my memory, the little brother who stuck to them now can help them keep out the wind and rain.

Feng Yan's face was still scarred.

It looks like it hurts.

His mother gave birth to Feng Yan when she was in her forties. Among them, Feng Yan was the youngest. In addition, when she was young, she was weak and sickly. All of them were protected by their brothers and sisters. But now, he is protecting them.

Think about it. She feels sorry for him.

"Ah Yan, I'm sorry, I didn't mean to hide it from you --!"

She was also sober some time ago. As for how to be sober, even she didn't know, but she always felt that she didn't want to wake up and accept the reality.

Until that day, she watched a girl standing in the woods. She wanted to run to her.

Suddenly her legs moved, but when she ran downstairs, she fainted exhausted.

When she woke up again, she was completely awake.

Most of the time, people just pretend to be stupid, even pretend that they believe it is true

"Sister, you don't have to apologize. In fact, I already guessed it when I went back that time." Before that time, he thought that Fengxinling might have remembered something. He sent more people to protect the sanatorium, but he didn't expect that Fengxinling would go out by himself.

Feng Xinling felt sorry. After all, it was because of her own reasons. But when she heard about the child again, she had no way to think.

She forgot to call Feng Yan and even lost her thinking ability.

"I'm sorry to worry you --!"

When Feng Yan arrived at the hospital, he had already asked the doctor about Feng Xinling's condition. The doctor said that he was only frightened and recovered well.

But if it's a mental problem, you still need to wait for Feng Xinling to wake up and have a good check.

In fact, most of Feng Yan also guessed the situation of Fengxin Caragana.

Otherwise, Shen Nanshan couldn't cheat people directly with one phone call, so he informed his parents by phone.

It wasn't long before Mrs. Feng and the old man arrived. Mrs. Feng had obviously cried on the road, and her eyes were too red.

"Mom, Dad!"

Feng Xinling looks at the two old people at the door. In order to pursue the happiness that has long passed, she ignores her family.

My father is old, even my mother is old.

It's not the two people I remember.

All of a sudden, eyes moist.

The old lady ran over, and the two of them were in a group.

"You child, as soon as you leave, there's no news. Do you know that your father and I will be worried to death, you girl..." the old lady finally put away her tears, and all of a sudden, all of them came down again. Although he was a man, he couldn't help it, but at the end, he was a man, just standing by and wiping his tears.

Feng Yan closed the door and left the room for the three of them.

At the gate, Fengyi stood there.

"Shen Nanshan was reported by Shen Kan."

Shen can report?

Chapter 555

"Why?"

"The police didn't say that, but Shen Ken was involved in Shen Nanshan's affairs before, and most of them can't escape the responsibility. The police will also prosecute... However, I also found the telephone records of Shen Nanshan and Feng Zhengting today, and the telephone content has been restored."

"The fox must be anxious to find cooperation, but unfortunately, he chose a person who can't help himself."

Not long after, the old lady cried out, "you bastard, you also hide from me, causing me to cry every night, you dead boy!"

Although the old lady beat Feng Yan with her fist, she was reluctant to give it a beating.

She was so happy today that she soon wiped away her tears. "Old man, I'll go back and make some soup for Xinling later."

The old man took a look at Feng Yan. "Take care of her here, but don't hurt her any more."

"Don't worry."

After the old man left, Feng Yan took a look at the sleeping man, "who sent her here?"

"It's a student. He sent the man and left without time to thank him. "

student?

"What are the students doing there?"

"Maybe it's Caifeng. There's a scenic spot called lovers peak over there. A lot of art students will come to Caifeng there."

"Send more people to guard, and don't make any mistakes again!"

Feng Yan suddenly thought of something, took out his mobile phone, and found that his mobile phone had no power.

He just wanted to borrow Fengyi's mobile phone, but Fengyi's phone rang. When he answered the phone, his eyes were deep, "young master, someone just said..."

"Say what."

"Someone has seen the young master in Elvis."

what!

At first, Feng Li helped him to escape, but he sank to the bottom of the lake. Later, they went to salvage it, but they didn't find the body.

At that time, some people said that it was because the lake led to the sea and was not salvaged. Maybe the body had already washed into the sea along the river.

No matter how big the sea is, even if a person is not dead, he can't find it at all. Fengjia sent a lot of people to salvage it. Finally, the old man ordered him not to search any more.

Because keep looking, originally the heart of despair will only give birth to hope, but the greater the hope, the only thing left is disappointment.

The old lady didn't know how many times she fainted every time she heard the news.

The old man is worried about the old lady's health. It's better to accept the news of death than to accept the pain of losing his son

Later, the Feng family didn't look for it, but Feng Yan sent someone to look for it.

A rotten body was found in a bend of the river.

The man's white clothes are his elder brother's, and his DNA can't be detected any more. With a wave of

his hand, the old man let him live in peace.

Until now, Feng Yan never thought that he would hear the news.

"Right away."

When Feng Yan left with Feng Yi, Su Xiaowan just arrived at the hospital.

Because the hospital called her, Su Zheng had a serious car accident and needed to sign for an operation.

She didn't want to come at first, but the doctor scolded her at that end and made her bloody.

She just came here because she couldn't stand it.

Ran to the emergency room, the doctor looked at her wearing a mask.

He is also your father. Your attitude is not right. The person who gave birth to you, even if it is wrong, is also for you

For her good?

"Auntie, if the man lying in it sold his own daughter for his own sake, do you still think he did it for his daughter?"

Chapter 556

The doctor obviously didn't think Su Xiaowan would say such a thing. She was in her thirties and had a happy family. She was also a mother.

In her opinion, which of the parents around her is not the one who loves her child.

I want to give all I have to my children.

In her opinion, even if the parents do something that is hard for the child to accept, it is for his good. At this critical moment of human life, as a daughter, she should stay by her parents' side instead of being as cold and heartless as she is now.

But she said that

"Dr. Chen, there is a shortage of type O blood in the blood bank. Now the patient is in urgent need..."

Type O blood?

Su Xiaowan stood there, her eyes coagulated, listening to the nurse follow the doctor, the situation

seemed to be very urgent, but she only stayed there.

The man in there was Su Zheng. The nurse said that he had type O blood

Nanyin is type a blood.

And she is type B blood, when the college entrance examination, she checked her own blood type, is type B blood.

And according to genes.

Parents are a, O blood type, children can not appear, B blood type.

When Dr. Chen heard this, "immediately contact the blood bank of other hospitals to ensure the safety of patients!"

With that, the little nurse rushed out, and Dr. Chen took the danger notice, "Miss, no matter what your father had done to you before, I hope you can put down your prejudice and let us treat you first. Your father's car directly hit the railing because of a flat tire, and his joints were squeezed..."

Su Xiaowan can't remember how she signed on that piece of paper. Anyway, her brain is full of Su's blood type o.

A long time ago, at that time, there was an activity in the school, which said that it was for the sake of harmonious relationship between children and their parents, so let them know their parents' birthdays, blood types, favorite things

At that time, she also called Su Zheng.

In the past, grandma would talk about her mother, but she would never talk about Su Zheng. But when she mentioned her mother, grandma would always cry. As time goes by, Su Xiaowan would not mention it.

But this school assignment, she is a person of nature is nonsense make up, so, called Su Zheng.

At that time, his attitude was excellent.

I told her everything about myself.

She also remembers that what she wrote on the paper was type B.

That word is her own hand to write up, can't be wrong, but now, reality is almost mercilessly slap her.

After she finished signing, she went back to Su's house to look for the hair she had done last time, but

she couldn't find it all over the place.

Her things, really taken away?

.....

Su Xiaowan called Feng Yan, but she still couldn't get through. She had to go to the hospital alone, but she met someone on the way.

The black car just stopped in front of her. The man in the back seat was about forty years old, but his clothes were a little more expensive, so he pulled down his age.

"Miss Su, get in the car --!"

That man is Feng Zhengting.

Feng Yan showed her the photos. Although they were not very similar to the people in the photos, they were still a little bit stereotyped.

What did he want to do when he suddenly came to find himself?

Naturally, Su Xiaowan would not be so stupid. He would get on the bus directly.

There are many people here, and she doesn't believe that this man will drag her directly from the street to the car.

"I'm sorry, sir. I have something urgent to do!"

"Miss Su, please get in the car" The driver had already come down, and Su Xiaowan immediately stepped back. She looked around. This place, adjacent to the city center, was crowded.

But it's not easy to get rid of this man.

"Sir, just say what you want to say. I don't like beating around the bush --!"

The man at that end smiles, but her eyes are so deep that she can't see anything clearly. I don't know if it's this man who is too deep in the city, or if it's her way of doing too shallow.

"I know. Come and make a deal with Miss Su."

Deal?

What do you want to do with her! But now these two men are standing in her way. Where did she run? It's killing.

Besides, this damned Feng Yan didn't answer the phone.

On the other side.

"What's the matter with Feng Zhengting? Why did he suddenly come to look for his little grandmother?"

They pay attention to the movement of that end all the time.

"What shall we do now? If we are exposed, isn't that a drag on the young master? "

"If you look at it again, maybe the young lady has her own way to get away. We don't need her!" The man at that end has deep eyes and looks directly at the person at that end. He is afraid to miss any scene.

"I think it's better to call the police. How is Feng Zhengting..."

Zizi!

All of a sudden, a handsome locomotive is rushing towards them. The speed is very fast. If you are not careful, you will die under the wheel.

"You are blind --"

The two men were so frightened by his car that they bounced away. They just watched the car stop in front of Su Xiaowan.

The man at the other end was wearing a helmet and could not see who it was, but Su Xiaowan felt that the figure in front of her was a bit like Feng Yan... She felt a burst of joy.

She didn't ask anything and climbed into his car.

As soon as the man turned the gas, the car left at top speed.

And the two people in the distance, "what's going on? Who is he --! "

"I don't know. Hurry up!"

"Is it the young granny who asked for it? I think she got on the bus happily... "

This is the first time that Feng Zhengting has been robbed from his hands.

"Sir, I don't know who it is"

"Son of a bitch, don't you hurry to chase me!"

Originally, he wanted to take Su Xiaowan back to cure his son. Although Fengche recovered his life, he couldn't do that.

I don't know what this damned Feng Yan did to him. Now his hand is useless. He can't do that. He's just a useless man.

Looking for countless doctors, there is no way to cure.

That's why he wants to take risks. It's Gong Xuemei's idea. The person who answers the bell still needs to remember the person who answers the bell.

Originally, I wanted to bring people through Su Zheng. As a result, the damned man tried to cheat himself with something, and had an accident.

So, he couldn't bear it.

Here comes Su Xiaowan.

As a result

The car followed the locomotive for a long time, but the four wheels were no better than the two wheels. If the car went around a few traffic lights, there would be no shadow.

The driver stroked his forehead and looked at the person sitting behind him at the moment. "Sir, the car was driving too fast and didn't catch up!"

"Son of a bitch."

The locomotive took Su Xiaowan around, and she was about to vomit.

The car behind them was thrown away by them.

"Feng Yan, I didn't expect you to turn on the car... So handsome!"

Chapter 557

Su Xiaowan gets out of the car. She really doesn't know that Feng Yan is so powerful. There is nothing that Feng Yan can't do.

She picked to pick eyebrow, the man that oneself choose can be poor where go.

It's like the joy that will bring you at any time.

However, when the man got out of the car and lifted the helmet, her smile suddenly froze in place.

It's not Feng Yan.

Yan looked at Su Xiaowan's dim eyes, and his heart was suddenly drawn. He didn't know why he felt like this.

For this girl who only met once.

He wanted to speak, in front of her, but looking at the girl did not look forward to the appearance, he knew that for her, he was just a passer-by, in her heart can not afford much waves.

But she did not know, for him, from that time on, his life, only exists in this person, is on the top of his heart.

It's someone who wants to protect his life.

He took out a pen and paper from his pocket and wrote a sentence on it.

"Don't you know me?"

Su Xiaowan is staring at him. She feels as if she has seen this person somewhere. However, she has seen too many people during this period, and she is not the one who can remember everyone at a glance,

At this moment, looking at the words in his hand, he immediately remembered.

After all, in her memory, he was different.

It's the girl who saved in the supermarket last time. But this time, he doesn't look so pathetic. He is taller than her in a black motorcycle suit and black sports shoes, so he looks like a handsome young man, if it's not the words he wrote on the paper.

She almost felt that the man in front of her was a man.

Her mouth rose, her eyes twinkled, and she held him by the wrist.

"Yan, you look so handsome today. I didn't recognize you all of a sudden --"

Words.

The name came out of his mouth. It sounds good.

Even though he hated the name, he even once felt that it was a shame for him.

But at this moment, he thought the name was really nice. She looked at the girl holding her wrist and said excitedly, "Yan, you can turn on the car. It's so handsome. I haven't seen a girl driving this kind of car yet --"

The motorcycle beside her, she stood there, almost waist high, and a neat motorcycle suit, although broad, but his figure is enough to support.

Su Xiaowan thought that a while ago, there was a rich and handsome man in the cast. He wore a motorcycle suit every day to show off his figure. However, he was not tall and rustic. He didn't look handsome at all. Now it seems that he is not as handsome as this girl.

"You have a good figure. You look good in everything you wear. Unlike me, if you wear such clothes, it will be nondescript."

Yan's eyes fixed on her, with dotting, he listened to her words, as if no one had spoken to him for a long time, and I don't know why, her voice is really beautiful.

Let people all of a sudden indulge in it, like feel in a dream..

"Are you hot?"

Yan wrote such a sentence on the paper.

Su Xiaowan found that her forehead was sweating, and her hair was stained with it. Although it was near the end of autumn, autumn tiger was still very hot.

I heard it was going to snow a while ago, but these days, the temperature has returned to the previous temperature, too hot.

She quickly took the napkin out of her bag.

Then very natural tiptoe for him to wipe the forehead.

Who doesn't like good-looking girls.

Although Su Xiaowan is a girl, everyone has the instinct to protect the weak. She looks at the person who is taller than her, but in her heart, she still regards her as the pitiful one at that time.

Yan looked at her actions, and no one had done this to him.

He was stunned. Until Su Xiaowan spoke, he slowed down.

"Yan, why are you right there?"

Yan mentioned pen and wanted to write. He came to her specially, but he was afraid that she could not accept it, so he changed it to writing.

"I happened to pass by and came to see you!"

"You helped me. Shall I treat you to dinner?"

"You helped me last time," he said

Su Xiaowan looks at Yan and doesn't know if he feels that he can't speak. It's a pity that such a beautiful girl can't speak.

With regret in my heart.

Su Xiaowan looked at the sky is not early, today tossed all day, she did not eat, at this moment, see speech, she must not let him go back empty stomach.

At this moment, holding his hand, "let's go, we thank people here. We all want to invite them to dinner."

Thank you?

Listen to this sentence, is that what Uncle Chen said? They are very clear about people who have no relationship and what they like, especially, they don't like to be in debt?

This is Yan's first contact with the outside world. Last time, he ran out because he was fond of playing. As a result, he met a bad man and almost died. Since that time, his mother has locked him at home.

For the first time in more than 20 years, he sat in such a restaurant like a normal person.

"You order --!"

Su Xiaowan handed over the recipe in front of him. Although this shop looks ugly, Su Xiaowan and Xia Xiyan used to come here frequently.

She felt that the food here had a sense of family.

Yan waved his hand, where would he order, and pushed the recipe to her.

He didn't write, but somehow, Su Xiaowan could understand him.

"Do you have any taboos?"

Yan shook his head.

"Then I'll order anything."

Su Xiaowan ordered some of the dishes they used to eat before. Looking at the dishes coming up, he didn't know how to suddenly sound Xia Xiyan.

She didn't know what was going on out there.

How are you with Master Lu?

Yan looked at her eyes, she wanted to ask him, are you sad?

But only one second later, the girl's eyes were raised, showing the stars, which were the most beautiful eyes he had ever seen.

"Yan, don't you like the food here?"

Yan shook his head.

"Although the shop here is small, it tastes good. I used to eat with my friends."

friend?

So she just thought about friends?

Yan bowed his head to eat, and the way he ate was also pleasing to the eye. Su Xiaowan saw that he ate slowly, and thought, there is no such beautiful girl.

It's just what all girls want to be!

Yan raised his eyes, looked at Su Xiaowan, and immediately lowered his head to eat.

She doesn't eat fast or slow, but the table manners are very good.

Chew and swallow.

Yan looked at her eating. In fact, he felt that the food here didn't suit his appetite. It showed that he was so happy. He wanted to taste it here, so he almost lowered his head to eat. He didn't know why, and suddenly felt the food in front of him.

It's delicious.

In particular, he felt that he wanted to treasure the pictures that he thought so.

In that place, she ate by herself.

Those people did not dare to eat with him, because their mother had a very serious hierarchy. Even if their mother was not there, they did not dare to go to the table.

When talking to him, they all lowered their heads. Up to now, he didn't recognize the faces corresponding to their names.

That cage, he didn't want to go back.

In the name of going to the bathroom, Su Xiaowan paid, ordered a wonton and packed it.

Back to the seat, see the speech has eaten.

"Are these dishes not to your taste?"

Yan shook his head and wrote on the paper, "the food is delicious, but I don't have a big appetite on weekdays."

They didn't order much, but they didn't finish.

"Yan, do you eat so little every night?"

Yan nodded. In fact, he ate less every meal.

When girls are together, what they talk about most is the body.

Just now I saw Yan didn't move her chopsticks to eat a few mouthfuls, but she ate a bowl of rice, and the gap came up.

Although Su Xiaowan is not fat, sister Zhenzhen says that being a star can't be satiated. She has to starve and be thin. Only in this way can she have a sense of camera.

"Aren't you hungry?"

He wrote on the paper that he had forgotten the feeling of hunger.

Su Xiaowan saw that sentence, and immediately felt distressed for her.

Have forgotten the feeling of hunger, that is not hungry numb?

"Although being thin is good-looking, being healthy is really good-looking. If you are hungry, you should eat.

Starvation alone is bad for your health. Even if you lose weight, it will rebound. Lose weight scientifically.

"

Soon, the waiter at the other end brought the packed things to Su Xiaowan.

"Here, I packed a small wonton for you. If you are hungry later, you can eat it."

Su Xiaowan handed over a bowl of packaged wonton. At the moment, she didn't answer, so she put her hand into his hand.

"This little wonton is delicious. Don't look at such a small bowl.

I came here early today. Before I came to eat in the middle of the night, I didn't have any. This is made by the old lady. She used to open this shop. At that time, she didn't have a place to eat. But now she's old. She only makes limited wonton every day. Her wonton has thin skin and lots of meat. It tastes so fast. If you don't eat it, you will regret it. "

Su Xiaowan pointed to an old man at the other end. He was about sixty years old. Now he came out of the door with crutches.

It seems that even walking is a little slow, not so agile, but the old lady is working hard all her life, giving everything to her children and family.

When the light falls on them, Su Xiaowan suddenly thinks that it's too late. She takes out her mobile phone from her pocket.

There's no electricity.

"Yan, where do you live?"

He stood there, motionless.

It took him several days to come to this place and find her.

There's no place to live.

"You don't know where you live? Or did you not find a place to live? "

Chapter 558

Su Xiaowan saw him write on the paper, "I'll take you back."

Er

Su Xiaowan originally wanted to protect her from going back. After all, such a big thing happened last time. Such a girl, in the middle of the night, must not be safe.

It turns out... He protected it?

"It doesn't matter to me. It's late now. If you're a girl out, your family must be worried. I'll take you back. I know this place very well."

Just looking at Yan scratching his head, he thought, "I just came here and haven't found a place to live."

Naturally, Su Xiaowan can't leave people here directly, so she is going to take the speech to the apartment downstairs of Feng Yan.

Still sitting on her handsome locomotive, "you are a girl, why do you want to learn this?"

Su Xiaowan thinks that most girls want to be beautiful.

Never seen a girl like to drive such a car, running on the road.

What's more, her baby face looks like a desire for protection, which is obviously not suitable for her.

Yan thought about it, he was in that place, no one spoke, so he began to learn a lot of things.

For example, learning to drive a racing car, a locomotive, an airplane... Learning all kinds of things that he can't do. He thought that one day, if he ran away, he could have another choice.

He did wait until that day.

He was learning to fly a helicopter when he ran. Uncle Chen didn't expect that his skill would be so good all of a sudden. He relaxed his vigilance and escaped.

"To protect myself, to protect the people I want to protect."

"I didn't expect you to look younger than me and have a strong sense of responsibility."

Yan drove to the apartment under her guidance.

Apartment is fingerprint identification, in order to facilitate access.

Therefore, Su Xiaowan is going to let Yan input his fingerprints.

"I'll stay one night and leave." Write the word on the paper.

Yan knows that according to the ability of those people to hunt down, he can't escape. He will be found by them very soon. Moreover, he can't input fingerprints, which will bring danger to himself.

He can bring danger himself, but he doesn't want to hurt her any more.

Where does Su Xiaowan know about him? In her opinion, it's embarrassing to think that girl, but this place is empty and she doesn't live.

"Don't worry. I don't live here either. I live upstairs. If you need anything, just go upstairs and find me."

But looking at Yan's fingers, the skin between his fingers was either scratched or broken.

It can't be entered at all.

She didn't know what had happened to him and why his fingers were hurt like this.

But thinking about the burly man last time, "did that partner look for you last time?"

Although that person is dead, there can not be only one such person.

With her hand hurt like this, she couldn't help thinking.

Yan's hand was hurt by his mother.

In order to teach him his fault, his mother whipped him with a whip. The wound on the palm of her hand was much better.

But fingers, don't know what to touch, fingers began to peel.

And then it became like this

"No. It's my skin allergy recently. "

He did not adapt to the environment when he came here, and a lot of rashes appeared on his skin.

Su Xiaowan opened his clothes and looked at the red rash.

"Have you seen the doctor"

She thought it couldn't be too serious. She had it in her arms, in her neck and on her body.

Now it's autumn, autumn water shortage, dry skin, easy to peel.

Or I'll buy her some medicine later. It's even worse to drag on like this.

Su Xiaowan first put the key into her hand, for him, now this person is her friend, friends need help, she naturally is to do her best, also want to help.

Besides, he doesn't live in this place.

Empty is empty.

"Take this key. If you want to go out, you can go out with me. The fingerprint identification downstairs is very strict. Only the key can't be opened."

Because Feng Yan lives with her, the defense system is very powerful. Only their fingerprints can get in here.

The man nodded.

Although Su Xiaowan doesn't live here, she has moved a lot of clothes here before. Although she lives upstairs, she also has her clothes here. She doesn't wear them very much.

So she went to the cloakroom and looked for her pajamas, and, of course, underwear.

"I don't know how big you're wearing, but your a-cup should be the same. These are all new and have just been washed. Don't worry about wearing them."

Then, a set of underwear and a nightgown were put into Yan's hand.

"There's the shower, here's the bedroom. It's late. You should wash early and go to bed early."

But she was just about to leave when he caught her by the wrist.

Watching him write on the palm of his hand.

"Where are you going?"

Su Xiaowan thinks he is acting like a spoiler.

She really can't stand girls' coquetry. She finally knows why every time she acts coquetry towards Fengyan, Fengyan is helpless.

Because... It's so protective that I don't want to refuse him.

"You wash it. I'll go down to the drugstore and buy some medicine for you. I'll be back soon."

"You can't do without taking medicine on your arm. Now it's late. I'll go to the drugstore to buy some medicine and take you to the doctor tomorrow."

Su Xiaowan finished and ran out.

The man was standing there, and it was the first time anyone was worried about his wound.

.....

Su Xiaowan ran to the drugstore and bought the medicine. On the way back, she met Cheng Weiwei.

Cheng Weiwei couldn't get through to her, so she had to wait for her here.

Seeing her medicine coming out of the drugstore, she immediately got out of the car and ran to her, "little grandma, how did you turn off your mobile phone?"

Er... She almost forgot that she made an appointment with Cheng Weiwei at the hospital.

She forgot everything when she met with Yan.

"My cell phone is dead."

"It scared me to death. I thought something happened to you!"

In the hospital, Cheng Weiwei did not find anyone, but the doctor said she signed.

The handwriting is indeed Su Xiaowan's.

But looking around, I just couldn't find anyone.

"Young granny, are you sick?"

Su Xiaowan looked at the bag in her hand. "It's not me. It's a friend of mine. Do you remember that I told you last time that I saved a beautiful girl. Today, it's good to have her. Otherwise, it's not me; I really had an accident, and that Feng Zhengting suddenly came to me... "

Su Xiaowan tells Cheng Weiwei what happened to Feng Zheng.

"If the young master knows, he will not let him go."

Speaking of Feng Yan

"Did you call Tong Feng Yan?"

Cheng Weiwei makes a call in front of Su Xiaowan, and the result is the same.

No response.

Chapter 559

It's the same with the fiefs.

"Didn't the young master come back?"

Su Xiaowan shook her head. "I can't contact him all day today. I don't know where he has gone. Wei Wei, I'm afraid something may happen to him. You have a wide range of ways. Help me find him."

At this time, Su Xiaowan did not know who else she could go to for help.

"Young granny, don't worry. I'll help you to find the young master. I'll let you know if you have any news. You should be careful. That fengzhengting doesn't deal with the young master. Although you are in front of outsiders now, it doesn't matter. But this time fengzhengting comes to you, it must have some purpose."

"Well, I know."

"Young granny, you hurry in, charge your mobile phone and keep in touch at any time."

Cheng Weiwei drives away. Su Xiaowan looks at the night.

care-laden.

I don't know why. Her eyelids are a little sharp.

Fortune on the left eyelid, disaster on the right eyelid

She jumps on the right eyelid.

She went upstairs and opened the door, but she heard something inside. When she opened the door, there was no one in the room.

"What's the point? Are you there? "

In the dark, Uncle Chen looked at the young master who was tied up in front of him and sighed. They couldn't get in at all, because the local defense system was too strong. He found the young master's address, but he couldn't get in. He even found the hacker attack system, which was useless.

This place is equipped with fingerprint identification, and fingerprint identification is only available to the owner.

So they came in with Su Xiaowan.

When Su Xiaowan pressed the fingerprint, it actually automatically copied the fingerprint on their device, and they had a way to break through their system.

Make a virtual cover up, just come in.

"Young master, why are you suffering? If your wife knows that she can't live, you don't know her temper. If she wants to deal with her, do you think you can protect her?"

Yan's eyes are sour. That's the only thing he wants

But it's near, but far away.

He can't protect her, not even himself, let alone others.

He hates himself.

Mother's method, he has seen since childhood, has ever given other people the opportunity of life, as long as the mother thinks it is wrong, will root out this mistake.

No one can persuade.

"I want to say goodbye to her." The man wrote this sentence on the paper.

The attitude is firm.

Uncle Chen watched him grow up from childhood. This child is stubborn and will not say anything to others. He hides it in his own heart.

"You can't speak either. Let's go back first. You can write what you want and I'll give it to her."

"I'll give it myself!"

"Young master, if you delay like this, your wife will come soon. If you don't want to see her again, you can continue to be willful."

Yan's hand held tightly, he never hated his identity so much.

If only he wasn't her.

Is it possible to just let your heart go.

"Young Lord, this is your mission. Since you were born, it belongs to you."

Although Uncle Chen also felt pity for the boy in front of him, he couldn't help it. Everything was fate.

No one can change the fate.

Su Xiaowan searched all over the bedroom, but found no one.

Even in the bathroom, I saw the clothes that had not been changed.

Is it hard to... Go?

.....

Su Xiaowan searched all over the apartment, but no one was found.

She ran home, and Feng Yan was not there.

The house is empty. There is no temperature at all.

She charged her cell phone and turned it on now. There was nothing else but the missed call from Cheng Weiwei.

Feng Yan's phone still couldn't get through.

Su Xiaowan didn't sleep much that night. She was lying on the sofa all the time. As long as her mobile phone suddenly vibrated, she immediately took it to have a look.

But in addition to SMS reminders and news messages, there is no sealed phone.

Not even a text message.

She has written many messages, but it seems that she didn't even read them.

Su Xiaowan began to worry.

In the early morning, she received a call from Cheng Weiwei.

"Little grandma, I can't find where the young master is..."

"I see."

.....

Feng Xinling couldn't sleep. In the hospital, even if it was quiet, she still couldn't sleep.

She felt flustered.

Probably during the day, Shen Yuanshan said that his daughter was still alive

She began to think that even after a few minutes' sleep, she would dream about the child.

She told herself that she should not hold too much hope, because it has been more than 20 years and there is no news at all.

She went out in a dress.

Because it was late at night, there were only a few nurses on duty in the nurse station at that end.

"The girl over there is so pitiful. She's only a few years old. She's got leukemia. Ah... She's so beautiful. Today she took a woman to the hospital."

"Good people are not rewarded."

"It seems that her parents don't want to treat her. Today, when I went to change her needle, her mother kept asking me how long I could live if I didn't treat her. She even said that she would go ahead of time to cheer the monk. You said how cruel the mother is. She's not dead yet, so it stimulates her in front of her. I think his brother is wearing a famous brand. He obviously prefers boys to girls. "

"There is everything in the world, but it's only her pity that she was born in such a family."

"Well, if she can't find a match, she won't live long."

"But even if the match is found, her mother won't help her with the treatment."

The nurse sighed and saw Feng Xinling, "Madam Feng, how did you come out? It's daybreak outside. Catching a cold is not good for your recovery."

"Is the person you just mentioned the little girl who sent me here today?"

Just now, Feng Xinling heard about the girl from the nurse.

The girl, though weak, was the one who carried herself on the stretcher. If she hadn't been sent to the hospital in an emergency, she would have

"Yes."

"She saved me. Now that she is in trouble, I want to help her too. Would you please take me to see her?"

"Mrs. Feng, the girl is also stubborn... Mrs. Feng took care of her and asked us to help her cure her, but the girl didn't want to die... So, you'd better not pass. Now, her mother is here, and you will certainly beat you hard. Today, Mrs. Feng has given 500000 yuan, although the little girl doesn't want to die, But

they were all taken away by her mother. Her mother didn't plan to see a doctor for her after she took the money, but planned to buy a house in Jiangcheng... "

"This family values boys over girls..." the nurse wanted to say something more, but she looked at the woman, dressed in plain clothes, and now she came towards them.

"Why can't my daughter leave the hospital?"

Chapter 560

The nurse took one look at the woman and another at fengxinling.

Because Shen Xiaobei's condition is at stake now. First of all, it has issued an order that this person should be cured. Even if she can't be cured, she should at least stabilize her condition.

But they are all working together, but her mother, has been standing in the way.

Not even willing to do bone marrow matching.

Originally, the girl's younger brother said that he would do bone marrow matching for the girl, but the woman refused to do it. She said that after bone marrow matching, she would be in poor health and become disabled in the future

Anyway, the boy was scared to death.

In fact, they really worry too much. Even if they are lineal relatives, they may not be able to match their bone marrow, but it's the first time that they have met such wonderful parents.

Even if you don't live your daughter, you have to force others not to save her.

I can't understand their psychology.

"Mrs. Shen, your daughter's condition is in a stable stage now. It's not suitable for her to leave the hospital at this time!" The attitude of the nurse was excellent.

Although she had dissatisfaction in her heart, she didn't show it on her face at all.

Shen Yan heard that she came from the countryside because Shen Xiaobei fainted today. The police found her home and called her.

They were picked up by the police.

Where does Shen Yan know that Shen Xiaobei has leukemia? If she had known, she would not have left her.

This leukaemia is fatal. It won't be long before you die young.

In their village, there was a boy who had leukemia and lived for more than a year. Finally, he died.

Where she thought, her daughter, can also get leukemia.

Shen Xiaobei has been doing all kinds of dirty work for her family since she was a child. Every time she works, her money will be handed over to her.

They don't have any jobs in the village. During this period of time, they don't know what Shen Xiaobei went out to do. Anyway, he would send them a lot of income every month.

They don't care where the money comes from.

As long as you have money to spend.

But who knows, the day of enjoying well hasn't come yet. My daughter has leukemia. What do you need? Bone marrow donation.

As soon as the hospital comes, these people let themselves do bone marrow matching and say that the bone marrow matching rate between relatives will be relatively high.

Shen Yan is not willing.

In her opinion, it's not about money, it's about life.

She heard that this thing is fatal. Bone marrow matching can't be done. At the beginning, the young man in the village did bone marrow matching, but they didn't match.

One died, the other had nephritis.

Not long. Dead, too.

Say what's infected.

So, how can Shen Yan dedicate her life to a stranger? For her, Shen Xiaobei is just his money making tool.

She raised her for such a long time, originally wanted to ask her to repay something, but now it seems that the reward is not enough, as long as it doesn't drag them down, thank God.

But she wanted to leave the hospital, but these people refused to give her a chance.

"Why do you people like this? I don't want to be treated. Why do we have to be in the hospital? My

daughter has a hard life and can't find a match. Can't she even realize her wish to go home? I don't want her to die in a cold Hospital... "

"Mrs. Shen, the person inside is your daughter. She is only 20 years old now, and her life has just begun. Moreover, she just has leukemia. As long as she has the right bone marrow matching, she can survive."

"She's been waiting all day, and you haven't found a bone marrow match. I can't afford it. I have to take her away tonight!"

Feng Xinling watched the woman walk past in front of her and to the nurse's station. She should not be very old and her legs are neat.

Even say, the spirit spirit is very sufficient.

In her face can not see a trace of sadness, on the contrary, seems to have a bit of happy appearance.

The little nurse standing beside her couldn't see the man clearly in front of her. "She must have taken the money. Now she's afraid that other people will go back and think about leaving quickly. How can she have such a mother?"

She can't help but think that it's not worth it for that girl.

That girl has a lot of backbone, but this mother is really the best.

"So far, no one has been found to match?"

"Yes, I've searched all the hospitals in Jiangcheng, and all the people who entered the bone marrow matching system have been deleted one by one, but no one can match her. The little girl is only 20 years old. She just went to university, and now she can only sit there waiting to die... Ah, if the mother is so tough and wants to take her back, we can't stop her, In the end, he had to take him back... However, if you can't find a matching person, the final result will be the same as that of discharge... "

"May I see her?"

At the moment, the woman was arguing with the head nurse over there, so she had no time to manage them. The little nurse nodded.

Shen Xiaobei's ward is on the same floor as her, but in different positions. One is in the north and the other is in the south. The little nurse leads her.

I just watched Shen Xiaobei talking to that girl in the ward.

The speaker is Ann.

Ann knew about Shen Xiaobei, and immediately ran over. But just now her mother refused to let Ann see Shen Xiaobei. Ann had been waiting at the door for a long time. She saw her mother go out, and then she sneaked in.

Shen Xiaobei didn't fall asleep when he slipped in.

She couldn't get through to Shen Jin and was very worried.

But Ann looked at her, her hands are hanging drops, weak lying there, today when he came, he listened to the nurse said her things.

Her mother didn't plan to treat him.

"Beibei, it hurts!" Looking at Shen Xiaobei's hand pricked a lot of needle eyes, almost can't see the back of her Guanghua hand clearly.

Ann didn't expect that her friend would have such a disease, because she had never felt that Shen Xiaobei was full of strength before. She never thought that she would have such a disease there.

Shen Xiaobei pursed his lips. "I'm ok..."

In fact, she only knew today that she had leukemia

"I'm really OK, Ann. Don't cry" Shen Xiaobei looked at the lively An'an and suddenly burst into tears. She felt a little blocked in her heart. In fact, she didn't say she was very sad just now.

Mother said she would be taken out of the hospital and died.

In fact, she was not surprised by the result.

Even if she wanted to go to school, she would not give her money. What's more, such an operation would bring down the family.

She was abandoned.

Although the heart is sad, but also seems to be numb, there is no feeling.

But Ann came and cried.

She didn't feel like she was alone in such a dilemma. She had friends.

"Beibei, where's your brother? What does your brother say if she doesn't treat you? "

She met Shen Xiaobei's mother for the first time, but knew that Shen Xiaobei had a brother.

"He..."

An an feels something from Shen Xiaobei's reaction, especially after seeing his mother. Shen Xiaobei's mother is just a rural woman, but Shen Xiaobei's brother, who was called in during the last military training, are all young talents.

"An an, he's not my brother. I... Live in his home. He said I should go to school..."

In fact, Shen Xiaobei doesn't know how Shen can find himself and offer such good conditions.

It's not that she hasn't read the news, saying that those female college students are taken care of by others. However, Shen Zhen is very polite. She has never done anything that he doesn't like.

Ann naturally believes in Shen Xiaobei's character, probably because of her friends, so she trusts him unconditionally.

"Beibei, no matter what, I'll accompany you. I'll go to him, and he will surely save you --!"

Then Ann rushed out in one breath.

Feng Xinling, who was standing there, looked at the girl lying on the hospital bed. She didn't know why. As soon as she shed tears, she felt depressed and uncomfortable, as if her heart was strangled.

"You help me contact the bone marrow matching test."

"Madam, it's not good. You're not in good health yet, and... The bone marrow matching rate is more likely to be successful among relatives. I'm afraid your health is..."

"Maybe, I deserve it! One more person, one more chance. What's more, she saved me

The little nurse was stunned for a moment, but Feng Xinling said so. At the moment, she contacted the inspection department over there to prepare for the operation tomorrow morning.

It's almost early in the morning now. When an an ran out, Gu zhexin's car suddenly appeared in front of her.

"An an, Shen Xiaobei..."

"Gu zhexin, take me to a place now --!"

She immediately gets into Gu zhexin's car. An an doesn't want to say anything now. She just wants to find Shen Xiaobei's brother.

She knows Shen Xiaobei's address. She sent her a birthday present last time.

But that's the address.

"It's a rich area, one of the best in Jiangcheng. It's all the property of Shen family. What are you doing here?"

Shen family.

Ann frowned and jumped out of the car. But as soon as she got out of the car, she looked at a large number of police. She ran to ask.

"What happened, the people here?"

"Taken away for investigation."

what?

Take the investigation.

An'an suddenly remembered the news she saw today. Now she thought about it. She took out her mobile phone from her pocket and searched the news with her mobile phone.

It's just that after she watched the news... She was stunned.

Shen Ken, I've been arrested

What should we do now?

Shen can't help, can't you just let Beibei wait to die?

.....

The next day.

Before dawn, Feng Xinling had an examination. The examination results would take three days to come out. As soon as she came out, she looked at Su Xiaowan.

She knows her.

It's the girl Feng Yan brought last time.

Su Xiaowan is walking into an examination room with a file bag in her hand. She takes a deep breath, but she still goes in.
