Chapter 571

Sheng Wan's eyes have been staring at the man. When Shen Xiaobei said this, his handsome face was suddenly gloomy, as if the original Jiao Yang had been covered by dark clouds and eroded away.

At first, a pair of men's eyes, Sheng Wan was stunned. Under the dazzling light on his head, it was shining. He only looked at a piece of delicate clavicle exposed at the collar of a man's shirt. A pair of eyes seemed to reflect the river of stars. It was almost impossible to move his eyes.

Such men, even in the entertainment industry, are rare.

Even more popular than those stars.

Sheng Wan likes a male star named Gu Jinzhou very much, but at present, he thinks that this man is much more handsome than Gu Jinzhou.

The carelessness of the fundus of the eye, but reveals the strength of the cold and careless.

Of course, she did not dare to see more.

Because the look in a man's eyes is a little scary.

Shen Xiaobei thinks that ah Ken won't go, but she hears the moment that the door is closed, and she also feels incredible. She jumps out of the quilt and takes a look at the door.

"Is he gone?"

Sheng Wan nodded.

She was relieved.

Lying on the pillow, ah chin didn't do anything just now, but it was enough to make her gasp and feel very depressed.

Sheng Wan looks at Shen Xiaobei sighing on the bed, "Xiaobei, is this... Your boyfriend?"

Shen Kan is only in his twenties. Shen Xiaobei just went to university. At the end of this semester, he will be a sophomore soon.

Although they are from the same school, Sheng Wan doesn't know Shen Xiaobei and Shen Xiaobei doesn't know Sheng Wan because of different departments.

Between them, it was because that day, when Sheng Wan came here to look for a job, she knew that

because she was a student of that school, she finally chose herself among so many nurses.

Listen to Sheng Wan ask, Shen Xiaobei lift eyes, boyfriend?

"No

If not, why did the man's eyes look like this just now?

Although Sheng Wan wanted to say something, at this moment, he chose not to say anything, but quietly calculated in his heart.

She doesn't have any classes these days, so she decided to brush more sense of existence here.

"Xiaobei, it's so late. You'd better rest early."

"Well, Wan Wan, just go to bed earlier. I won't hang up the water today."

"Good."

.....

The ward at one end is not as quiet as it is now.

Cheng Weiwei looks at Su Xiaowan sitting at the head of the bed. Her condition is getting worse and worse. In just two days, she has already started not to know her.

I have to ask many times every day who I am.

"Xiaowan, it's dark. We're going to sleep. Don't be afraid. I'm here to take care of you."

Su Xiaowan's eyes slightly lifted, in front of this person extremely gentle, in her gentle advice, Su Xiaowan finally lay down.

Cheng Weiwei helped her cover the quilt, "you sleep first."

"Why don't they come to see me?"

Cheng Weiwei is a nurse, but so far, there is no one else in her ward except the doctor.

"He... They are in a bit of an emergency. They have come here again. Don't worry. They will arrive tomorrow."

tomorrow.

Su Xiaowan is still hanging water, these days, in order to appease her mood, so when the doctor infusion, add a little composition of sleeping pills.

Yesterday, I had a general examination.

Su Xiaowan confirmed that... Has hereditary psychosis.

When Cheng Weiwei came out of the ward, the old lady was still standing at the door. Just now, Su Xiaowan's mood was out of control, so the old lady didn't dare to go in. She was afraid that her appearance would stimulate her mood.

"Did you sleep?"

"The little grandmother has gone to bed, old lady. It's getting late. Please go back and have a rest. I'll just watch it here."

The old lady sighed and followed Feng.

I don't look very well.

"Where is Feng Yan?"

Chapter 572

Doctor's office.

Because of Su Xiaowan's situation, they worked out plans all night. Under such circumstances, they have gone beyond the normal limit.

No matter conservative treatment or radical treatment, they dare not make decisions without authorization.

Cheng Weiwei also has a heavy complexion. Since that day he called Feng Yan, there has been no news.

Now she doesn't know whether Feng Yan and Feng Yan are alive or dead.

The old lady didn't dare to talk nonsense.

But Cheng Weiwei doesn't dare to make up her own mind. After all, it's such a big thing. She naturally knows that a few years ago, her mother jumped because of mental problems.

If it's not handled properly, she... She doesn't dare to think about it.

And several people who stood at the door to protect Su Xiaowan were also remorseful.

"I should stare at my little grandmother so that nothing will happen."

Cheng Weiwei comes out and listens to them.

"Well, what's the use of saying that now! It's better to find a way to minimize the harm. "

One side of the burly man, all of a sudden, like a lost spirit of the ball, at the moment looking at Cheng Weiwei, "Weiwei, then how to do?"

Thinking about the accident a few years ago, they would not send people to a mental hospital, but now in the hospital, although it has been arranged on the second floor, it is inevitable that there will be danger.

After all, the accident came all of a sudden, and no one knew if it would happen.

"In any case, we should pay close attention to the movements of the young lady during this period. By the way, let someone come and seal the windows and sharp things. Don't send them in."

"What about the needle?"

"... or go and get some nurses." The unborn man standing there said.

"I can't. now the young grandmother's situation is that she can't get in touch with strangers at all. She's very resistant. I'd better watch her, but all the things she sent in during this period have to be checked carefully."

"Yes."

Inpatient Ward.

Shen Yin didn't expect that she had a car accident and didn't die. She was arranged in an intensive care unit, and Su Qiqi was lying there.

"Mom, you're awake at last!"

Su Qiqi was dying of anxiety. The hospital said that her mother might become a vegetable if she didn't wake up during this period of time. Fortunately, she opened her eyes during the dangerous period.

"Where's your father?"

"Dad, they are taking care of Su Yuwei. They haven't woken up yet. The doctor said that the situation is not very good." Su Qiqi accompanies Shen Yin these days, "Mom, how are you now? How can you and dad have an accident? "

At that time out of the car accident, they are together, think of the car accident, Shen Yin's eyebrows tightly wrinkled.

The car was coming towards them. There was no taboo at all. It was meant to kill them.

It's not soft at all.

"Seven seven, help me to see your father."

"Mom, you'd better not go. I was driven out by Su Yuwei when I went yesterday."

"I'm so arrogant that I'm still Mrs. su."

Although Shen Yin was in a coma, she didn't suffer much trauma in the co pilot's seat. She just got hit on her head. Now she has been lying for so long. After the doctor's examination, she only said that she has a slight concussion and can get out of bed and walk around.

Su Qiqi helps her to Su Zheng's ward and looks at Su Yuwei. They are busy taking care of Su Zheng. Shen Yin is angry for no reason.

Su Yuwei thought Shen Yin couldn't wake up. As a result, she woke up.

Fortunately, I stood in front of myself.

Now that she has no children, she thought she must have failed this time. Who knows, Su Zheng had a car accident, and God gave her another chance.

Naturally, she wanted to hold it firmly.

So here the tea bearer is waiting on this man.

"Wei Wei, it's not appropriate for you, an unmarried woman, to stay in my husband's ward and brush his body for feeding? I'll call a special nurse for these, so you don't have to worry about them. "

There are other people in the room. At the moment, the hospitals think Su Yuwei is the man's wife. After all, after so long, this woman has been taking care of a man here. Ordinary people will think that way. But who knows, as soon as the woman comes in, she suddenly says this.

Everyone's eyes changed when they looked at Su Yuwei.

It's Xiaosan!

Su Yuwei is aware of the look in the eyes of the people around her. This Shen Yin says it on purpose.

She couldn't lift her head.

At the moment, Su Yuwei didn't get angry, because the old lady was there.

As soon as the old lady heard this, she naturally came out to do justice to her.

"We ah Zheng are divorced from you. What else do you want to do? Do you think you have done enough harm to ah Zheng? You are such a shameless woman. If it wasn't for you, how could we have had an accident? "

"Mom, he and I haven't signed a divorce agreement. How can we get divorced? I know you don't like me, but is it right for you to let a woman in my family, take care of my husband and force us to divorce? "

"... I don't want to talk nonsense with you. Anyway, I don't want to see you. Get out of here!"

"Mom, I'm going to stay and take care of my husband."

The next scene, even the doctor can not understand, but, this is the ward, the doctor unbearable mouth, "if you quarrel, go outside to quarrel."

The old lady didn't speak any more.

Shen Yin sits there and looks at Su Yuwei. How cheeky is this woman? She hasn't left until now.

The old lady stared at her with hostile eyes, but in the end, she was also an old lady, and her body was not as strong as before.

Not long after that, I went to have a rest.

.....

Detention house.

Shen Yan did not expect that what she was waiting for was not Shen Xiaobei, but the cold words of the prison guard.

"What did you say?"

"If you move the people who seal your family, you will not be willing to give up. Now the Internet is talking about your affairs. The judge's sentencing will also consider the people's will. You can't escape the punishment!"

"What about my husband?"

"Your husband is an accomplice, and naturally he will be punished."

Shen Yan sits down on the ground. How did she expect that she would be so miserable? It's clear that those people are not dead, but

What should we do now?

Shen Yan is just a peasant woman who hasn't read much. She doesn't know any law, let alone ask others to defend her.

Is it just a matter of waiting to die?

She can't wait to die.

"You ask the lawyer to tell my daughter that I have something important to ask her, and I must tell her myself."

"Her lawyer has said that she doesn't want to see you."

"Then you ask her, about her life experience, does she want to know?"

Chapter 573

Naturally, the C.O. didn't pay any attention to her. The lawyer who came just now has already said that her client won't come back later.

Shen Yan is locked up in the detention center, because she hasn't filed a public prosecution, so she can only stay here. She hasn't seen her husband for three days.

Since her husband was taken away, there has been no news.

She lived in a detention house with a few thieves, several people now know Shen Yan's crime, has already stood in the United Front, "I really don't think you can even kill your own daughter."

"I didn't kill anyone."

"If it wasn't for your daughter's early discovery and recovery of her life, she would have died long ago. Everyone was born in October. Why are you so mean? I'm also a mother. If it wasn't for my daughter's starvation, how could I steal."

"Elder sister, don't talk to such a woman who is devoid of human nature. No one will look up to her even if she is alive. She is just a social scum. I feel sick living with her."

Shen Yan listens to their conversation. She looks at her hands. For money, she doesn't hesitate to attack

her daughter.

But she also wanted to save her son.

That is the child that oneself conceive in October, how can not feel distressed.

As for Shen Xiaobei, if she hadn't bought her back, she would have died long ago. She should have done everything for their family.

But she knew that during this period of time, her life in Jiangcheng was very good. It was said that she was taken care of.

.....

When Su Xiaowan woke up, there was a man sitting at the head of the bed. The handsome face of the man made her jump out of the bed.

These days, it's Cheng Weiwei and the doctors and nurses in white coat.

Cheng Weiwei said that she was ill and needed to see a doctor in the hospital.

In fact, she didn't feel sick, but sometimes her mind was always in a mess, but it didn't hurt. She would come up with many pictures of the past, but she couldn't remember what they were.

Feng Yan's injury was not good at all. He just came here to recover his consciousness. When he came, the doctor bandaged him and gave him some anesthetics.

There is a sleeping potion in the anesthetic, so I don't know how I fell asleep at the head of the bed.

But there is his consciousness.

Because he was afraid of Su Xiaowan's accident, he immediately opened his eyes when Su Xiaowan jumped out of bed.

"Xiaowan."

Su Xiaowan looks at him with conflicting eyes. She doesn't know why there is always a mustard in her mind about good-looking people. She doesn't want to get close to them.

Almost instinctive.

Feng Yan looked at her and wanted to walk over, but he stopped her.

"Who are you? Why are you here? "

"I'm Feng Yan, your husband."

Husband?

Although Su Xiaowan's brain is confused, when the man says this, suddenly an ugly man appears in her mind.

She stepped back subconsciously.

"You're not."

Feng Yan reached out and took out two red books from his pocket. He opened the page and said, "I am."

That picture is what she looks like, and another one is what he looks like.

Su Xiaowan naturally knows what it is.

It's just

"You're not him. This picture is p's

Su Xiaowan murmured to himself, "I clearly remember that he... Didn't grow up like you."

Chapter 574

When Cheng Weiwei comes in with breakfast, she looks at Feng Yan with a frustrated face, and Su Xiaowan who stands there and can't be trusted.

"Well, Xiaowan, I've had breakfast. This is your favorite steamed stuffed bun with crab roe. I bought several kinds of them, but I only got them after waiting in line for a long time."

Cheng Weiwei has more than ten kinds of big and small bags in her hand. She bought a very rich breakfast, which is more than enough for them.

Su Xiaowan has been hungry for a long time. During this time, she can eat and sleep. She doesn't know why these people always say that they are sick. But looking at the thing that Cheng Weiwei is carrying in the hand.

"Why did you buy so much?"

"These are new flavors. I don't know which one you like, so I bought them all."

Su Xiaowan frowned, "Weiwei, it's not easy for my husband to earn money. In the future, don't buy so much. I can't finish it."

Cheng Weiwei takes a look at the man at that end. The doctor says that at this time, don't correct Su Xiaowan's mistakes, because it will only stimulate her, not benefit her condition.

She nodded. "I see. I'll buy as much as you eat next time."

"Weiwei, it's very kind of you." Su Xiaowan put a steamed bun in Cheng Weiwei's bowl, but the man standing there still didn't move. At the moment, she leaned over and asked softly, "who is that man? I don't know what my husband is."

"....."

"My husband is not so handsome, he is like that, can be a star directly!"

Cheng Weiwei, "... Er... Maybe I went to the wrong ward and recognized my wife wrongly."

"Can my wife admit her mistake? Then he certainly doesn't love his wife. She's going to cry to death. " Su Xiaowan took one of his favorite steamed stuffed buns with crab roe, and then looked back at him, looking at him staring at himself all the time. He didn't know what to do, "that... Did you eat it?"

It's just being polite, but who knows

"No

This person said no, she is sitting there eating, naturally also embarrassed to say other words.

"Then why don't we eat together?"

"Good."

Su Xiaowan, "!"

She's just being polite.

Feng Yan comes and sits down. Cheng Weiwei is eating with Feng Yan for the first time. She is a little nervous, but it seems that the young master's attention is not on him.

Because, looking at Su Xiaowan clip a shrimp bun to him, "you try to see, this taste is very good, delicious."

He likes shrimp.

The man looked at her gallant appearance, now the original loss swept away.

But what she didn't know was that Su Xiaowan didn't like it. She had just tasted it and thought she didn't like it.

The man picked up his chopsticks and took a bite of the bun.

After all, Su Xiaowan didn't like it. Now she asked, "how about it? Is it delicious? "

"Not bad."

A heart, can be put down.

At the end of the meal, Su Xiaowan's eyes are all focused on Feng Yan. The man's behavior is expensive, but his temperament is cold.

But that kind of cold, as if in their own side, and do not feel.

It's strange anyway.

In fact, he ate a steamed bun, that is, the one he used to clip. After eating that, he never moved his chopsticks again.

"Well... Are you full?"

"Full."

"You're full with just one?" Su Xiaowan looked at the steamed stuffed buns she had solved, and immediately felt that a girl had such a big appetite, which was a little scary.

"It's over. If my husband knows, he will not want me..."

Chapter 575

"No

The voice was loud, because it was not with Feng Yan, so he suddenly put in a word, let Su Xiaowan side head, suspicious eyes.

"How do you know?" Su Xiaowan looked down at his stomach and muttered, "men don't all like good figure. I've gained two pounds. If it goes on like this, he won't want me."

"He doesn't want you. It's his loss."

Su Xiaowan put down his chopsticks, "but I ate so much, sooner or later I will eat him down. I don't think I could eat so much before..."

All of a sudden, her back was tightly held, and she was startled.

Qianli's eyes flashed with fear, "what are you doing? I said I'm not your wife. Let me go."

She saw that he didn't release his hand at all. She bowed her head and bit him hard on the arm.

Until blood donation filled her mouth, the man was indifferent.

"I'm really not your wife. You just let me go." Su Xiaowan struggled. She tried whatever she could.

She began to become irritable, because of the lack of security, her eyes began to be confused, even her palms began to sweat

"Young master --!" Cheng Weiwei comes out to meet Su Xiaowan. In recent days, because she is in an unstable mood, she has been paying attention to her situation.

Now, at a time like this, she shouldn't have appeared.

But she noticed something wrong with Su Xiaowan and immediately let Feng Yan let go.

Only looking at Su Xiaowan squatting on the ground, holding his head, while crying, "Weiwei, why hasn't Feng Yan come to me, does he want me?"

The man standing there was hit by such a sentence in his heart.

Feng Yan.

She still remembered his name, but at this time, she did not know him.

"Feng Yan..."

Soon, the doctor came. Several women pressed Su Xiaowan on the bed. The doctor took a needle and stuck it on the woman's arm.

"I'm not sick, why give me an injection... It hurts... Feng Yan, why hasn't Feng Yan come yet..."

Feng Yan wants to come forward, but Cheng Weiwei holds him back. "Young master, these days young grannies are like this, and they will be fine soon."

Feng Yan watched the woman on the bed fall asleep. He just wanted to hold her and tell her that she missed her.

every hour and moment.

However, when holding her, her condition... She fell asleep.

When she was asleep, she was much calmer and softer than before.

He went over and blew the wind on her arm, where the needle was very deep and there were many big and small needles.

"Feng Yan, I want to blow. I'm in pain..."

The man's action has not stopped, so gentle man, Cheng Weiwei is the first time to see.

She was moved.

"These days, she has been like this. The doctor said that the tranquilizer can make the little grandmother's condition relieved, so..."

Cheng Weiwei later went out with Feng Yan.

"Young master, young granny's situation is good and bad now. Don't worry about her. You can rest assured that she will be fine after a sleep..."

"I never blame her. I hate myself."

.....

Feng Yan sat at the door in the dark.

His mind is full of what happened between them.

And the teeth on the arm.

She cried out to him in despair, like Feng Yan.

When she pushed the door in again, Su Xiaowan woke up.

Su Xiaowan looked at the man coming in and immediately fell on his arms.

"Feng Yan, where have you been?"

"You..."

Chapter 576

Feng Yan was excited.

He seemed to feel that he was dreaming at this moment, even the wound on his body didn't hurt.

He hugged her. "I'm sorry I'm late."

Su Xiaowan missed him.

Every cell thinks about him.

Smelling the smell of men, she felt that all this was true.

She wanted to cry, but she didn't know why she couldn't cry all of a sudden.

My heart is full of unspeakable grievances.

But the next second, Su Xiaowan directly pushed him away. She stood far away, her eyes with the elements of reluctant and parting. Now looking at the man in front of her, her eyes were clear and clear, and her tears still couldn't stop flowing down.

"Where have you been these days? Why can't I get in touch with you? "

Feng Yan's lips moved, opened his mouth and said, "... My brother may still be alive. I got some clues. I went to find him during this time. However, something happened on the way, so I couldn't get a call from my mobile phone."

Sealed off?

So, he couldn't get through the phone these days. Did he go to find his brother?

He knew that Fengli couldn't or lacked in Fengyan's life. Fengli saved her. If it wasn't for Fengli, there would be no Fengyan standing beside her now.

She didn't care about Fengli at all. She was just afraid of such a day. When she opened her eyes, she couldn't see Fengyan or hear any news from Fengyan.

"Do you know I'm worried?"

"Xiao Wan, I'm sorry, my brother. He gave me my life. I can't turn a blind eye to him."

"You owe him, you go to him, it's understandable, I'm not angry about these..." Su Xiaowan's voice is a bit hoarse, "but Feng Yan, why don't you tell me what you do, do you know how many times I called you? When I'm afraid, I think it doesn't matter even if you're not around me. It's enough to hear your voice, as long as you're safe... But there's no way to realize such a small wish. Even when I was pushed down the stairs and thought I would die, I was worried about you. "

"I know. I'm sorry."

It seems that in addition to this sentence, he really does not know what to say to make up for, "after, I will accompany you, OK?"

As soon as the man's hand touched her, she threw it away.

"Feng Yan, have you ever thought that I'm just a woman, and I don't have the strength to support myself. I know you plan strategies, but I'll be afraid. I don't have a sense of security. If you don't say anything, I'll think about it. Girls just like this. They are suspicious. When they think about it in the end, they are afraid that it will come true. I'm afraid what happened to you outside, I'm afraid that one day, what I'm waiting for is not your phone call, but someone telling me that you are dead.

You said that husband and wife are united, we are community. Before, I thought you were right, but now, I feel like a fool.

What husband and wife, but I rely on you, constantly rely on you, and you are always an independent individual, I'm tired, even if I love you, I know you love me, but I can't stick to it.

I'm worried about you, but I'm even more worried that I'll hear bad news about you one day. I think we're separated. You're dead or not. There's no contact between us any more. I can't hear any news from you. Just thinking about this, I feel relieved. "

She said it with a sad smile.

"Are you going to leave me?"

Chapter 577

"Yes, let's separate. I'm not making trouble out of nothing, but a clear decision."

Su Xiaowan looks at the man in front of her. Once upon a time, this man would take root in his heart for such a long time. When he was thinking about him, there was nothing bad about him.

It's all his good friends.

Actually, today, she listened to the nurses talk about her illness.

It's mental illness.

Although it was early, she was not sent to a mental hospital, how could she be cured of this disease... If she could be cured, her mother could not have been so serious at the beginning, and even lost her life in the end.

She had seen the moment of the attack, and no one knew her.

Even his own daughter wanted to be strangled.

It can be seen that if Feng Yan saw what he looked like, what would he look like?

He knew she loved her.

If in the past, they could face it together, even if they were born, old, sick and dead, but now the people who have changed like this are not like people and ghosts are not like ghosts, but she dare not continue to stand in front of him.

It's probably the best way to end this.

The atmosphere suddenly became dull. Su Xiaowan looked at Feng Yan, "Feng Yan, I've thought a lot these days, so I know what my decision is now. Feng Yan, you can do what you want to do in the future. No one will come back to hinder your decision, and you don't need to explain to anyone."

The man was stunned. As a result, he still can't swallow it.

It's like I swallowed a stone in my throat. I can't swallow it, but I feel blood coming out of my throat.

"Is that your idea?"

"Well, I've thought about it for a long time."

"Good!" The man at that end suddenly said a word, but hearing the words, Su Xiaowan felt lost.

But Mingming, this is the result she wanted, but at this moment, when she heard Feng Yan say so, it was a little

"I give up!"

The dowry breathed a sigh of relief, she looked at Feng Yan, "that's good, always pestering that is the behavior of the scum man, I still hope we can get together and break up."

"Su Xiaowan, from today on, we'll have a good life."

"....."

"I know that in my life, only you are indispensable. Before, it was my fault. I didn't consider your mood. I will change it. This will only be the last time."

"But I don't want to forgive you this time."

Su Xiaowan told himself that he should be ruthless and not be so caught by him.

"Apart from separation, you can punish me whatever you want! Xiao Wan, I said that since I intend to be together, I don't want to say separation easily. Since I have identified you, I have decided to spend my life with you. "

"You are obviously threatening me."

"I'm not threatening you. I'm reviewing my own mistakes."

"But I don't see that you have to review yourself at all. You are still as overbearing and powerful as before. Even if you bow your head and apologize, it will make people feel like I made a mistake!"

Knock, knock.

Just then, all of a sudden, the doctor came.

The doctor saw the two people standing inside, and now he twisted his brows, "... Young master, it's time to hang up the water!"

Su Xiaowan has been hanging on sedatives these days.

The doctor shuddered.

"Come in."

Su Xiaowan looked at the doctor coming in and Feng Yan standing there, "if you don't go out, I won't hang up!"

"... be obedient. I'll buy you something."

Then, looking at Feng Yan, he went out.

At the door, Cheng Weiwei takes a bag of archives and hands it over.

"This is the DNA test that the young grandmother did a few days ago, and the results have come out."

Chapter 578

The man opened the file bag and looked at the test results at that end.

——The parent-child relationship is not established.

The name is Su Zheng, Su Xiaowan.

Now I think of what Su Zheng did to Su Xiaowan. It's something that a biological father would do.

"Where's Su Zheng?"

Cheng Weiwei lowers her head. Before she comes out of this door, Feng Yan's mood is not very good, and she doesn't know why, but now.

"Mr. Su has been in the hospital these days. He had a serious car accident. Although he recovered his life, he became a vegetable!"

Become a vegetable?

Feng Yan goes to Su Zheng's ward. Shen Yin is quarreling with a woman in it. A nurse grabs an old lady. "Old lady, how can you get these things in the hospital! These are forbidden. What if there's a fire? "

The old lady was carrying a bamboo basket with candles and tinfoil.

"What's the matter with you, little girl? You've made all the things I bought. My son is lying in it now, no different from a dead man... What can I do if I don't ask God to worship Buddha?"

The nurse has caught the old lady three or four times. Every time she is burning incense and worshipping Buddha in the corridor and burning paper. I don't know how many times she has been complained.

The security was also alarmed.

The authorities have long attached great importance to this matter.

"If you do that again, our hospital will take compulsory measures."

"How can you be like this? You can't cure my son, and you won't let me ask for Buddha. My son is the pillar of my family. If something happens, what can we do in the future?"

The old lady plays a rogue, which is invincible. The little nurse has just graduated at most. She looks at the old man kneeling on the ground.

"If you burn these things in the hospital, you can't afford it!"

"How could I be on fire? I'm going to die!"

The little nurse had no idea with the old lady. She was very angry. "Old lady, these things are not allowed to be brought in. Next time I find them, I will react with them."

"You little girl, can't I ask God to protect my son?"

"If everyone is like you, why should the hospital come! Everybody just go and ask for God's protection! "

"You... You smelly girl --!" As soon as the old lady gets angry, she wants to reach out and hit someone. Cheng Weiwei receives the young master's instruction and immediately goes forward and holds the woman's hand.

"What are you doing?"

"Our young master asked you to come over --!"

"What young master, I don't know him!"

The old lady is a typical bully. When she meets someone who can be bullied, she will not feel sorry. She wants to kick her feet. However, if she looks more powerful than herself, she has already become a rabbit. How dare she say a word.

The old lady was tall when she saw the man in front of her.

Especially this appearance, is also particularly handsome, also don't know is the boy over there.

"That... Young master, are you looking for me?"

"I ask you, who is Su Xiaowan's father?"

Su Xiaowan?

Does this person know Su Xiaowan?

"Who are you?"

"You don't care who I am, just answer my questions!"

"... Su Xiaowan is my granddaughter, of course, my son's daughter --"

Cheng Weiwei stood aside and carefully reminded, "old lady, I advise you to think about it. Since we have come to you, we naturally come with evidence."

Evidence?

Is it su Xiaowan's family?

Chapter 579

But I can't. when I picked up this girl from that broken hospital, she didn't dress very well. At first sight, she was a child of a poor family.

How can you have such rich relatives?

unable.

"What's the matter with you? You all said that Xiaowan is my granddaughter. What else do you want?"

Cheng Weiwei looked at the old lady. She couldn't do without suffering.

"Here are 10 million, enough for your future life!"

The man looking at the other end took out a card.

The old lady is very smart. Now she looks at the man in front of her. Now her son has something wrong and no one can rely on her. Shen Yin controls the family's money. These days, together with the expenses of hospitalization, she is wasting money every day.

The old lady's heart is bleeding.

She was immediately attracted to money.

"What do you want to ask?"

"Who are su Xiaowan's biological parents?"

The old lady's face changed, but looking at the card in the man's hand, she was not moved. It was fake. She was weighing Su Xiaowan's value in her heart. Naturally, it was less than ten million.

"That gentleman, in fact, Xiaowan was brought back from the orphanage by me. She was abandoned by her parents. My daughter-in-law was in a bad mood, so I adopted her back. If it wasn't for me, she would have died long ago. The poor child was left outside in the winter. When I saw her, she almost died in the orphanage." Naturally, the old lady would not be stupid enough to say that she stole Su Xiaowan back.

She avoided the incident and said it was an orphanage.

Smell speech, man's complexion is heavy.

I thought

But now this ending is far beyond what he thought.

"The orphanage?"

"... Er, it's been demolished for a long time now. I'm an old lady, and I don't remember!" In short, even if you go to check, you can't find anything.

The old lady ran to get the card and left happily.

"Young master, how did you give her the card? The old lady always bullies and oppresses her because she is an old man. She always tells her what to do with her."

"Bullying her, no one can run away!"

Cheng Weiwei stood there, looking at Feng Yan's face is not good, a piece of dark, her concentration, just now, she heard also have for the big surprise.

"Young master, young grandmother, if she knows..."

"Hold on first."

"Yes."

.....

Su Xiaowan went to the previous clinic when there was no one. She wanted to see her examination results a few days ago, but unexpectedly, the doctor told her that the equipment had been renovated recently, and it was estimated that it would take next month to do the tests one by one.

Back in the ward, Lin Zhenzhen called her.

"Xiao Wan, yesterday's play was a big hit --!"

Su Xiaowan suspiciously turns on his computer, and sure enough, he sees that all the contents of their play are on the hot search.

"This..."

"You can take good care of yourself. I'll take care of all the latest things."

"Thank you, Zhenzhen."

After su Xiaowan's play was broadcast, it immediately received great attention. No one thought of the great potential brought by this new man.

In a gorgeous palace, the woman looks at the girl on the TV.

She has a strong aura that can't be ignored.

"Young master is because of this girl, so three times four times will run out." The housekeeper stood there and said.

The woman sitting there has deep eyes.

Her name is Lian Yan.

Chapter 580

Lian Yan's eyes fixed on the woman's glance and smile.

A deep frown.

It's so similar.

It's like looking in the mirror.

Once upon a time, that face was in front of my eyes, but now, it has all changed.

"Where is she?"

"Jiangcheng."

Even the smoke didn't ask any more, and the housekeeper couldn't understand the woman's mind at all. He lowered his head and didn't speak any more.

He had been with his wife for many years, but he had never seen her look like this.

Who is that girl?

Not long after that, the maid ran over and yelled, interrupting the conversation between the two people in front of her.

"Ma'am, miss has been on hunger strike for a week! How to feed her to eat all refuse to eat, go on like this, the body can't bear

"Then make her hungry."

The woman spoke coldly.

"But..." what else did the maid want to say? The housekeeper gave her a look, and then she closed her mouth.

She's just a servant. Naturally, she can't talk back to the master. It's just that she's not reconciled to the

young lady.

Yan is very kind to her servants. Although she has a mild attitude, she won't embarrass them. At that time, she just came here to serve the young lady, and her hands were hairy and irritable, which made her unhappy. It was Yan who spoke for her that made her stay here all the time.

So, for Yan, the maid is grateful.

She took a look at the lady at that end. She didn't know why she was so cruel to her own daughter.

But as a woman, she knows that if she doesn't eat all the time, she can't carry it.

The maid bowed her head and said nothing. Instead, she went to Yan's room.

She went to the kitchen and stole some steamed bread.

The door should be closed like the cells in the TV series, but the environment is a little better.

She didn't understand why a girl should be treated like this. Even if she ran away and needed to be punished, it shouldn't be this way.

Girls are so delicate that they can't bear these hardships.

"Are you all right, miss?"

There was no sound at that end.

You can only see the scene through the gate. The girl's long black hair is in a mess, and her clothes are dirty now. Since she was brought back that day, she has been locked up here and has not been released.

At first, she had some food every day, but these days... She didn't touch the water. She was preparing to die.

"Miss, I've got some steamed bread for you. People are iron and rice is steel. Living is the most important thing. Anyway, you can find a way to get out if you want to survive. It's not worth it if you starve here!"

But the other end is still indifferent.

"Miss, if you listen to my advice, madam's temper is like this. If you take it easy with her, she will let you out when she's angry. It's not a good way for you to go on a hunger strike all the time. If there's something wrong, then... Do you have the heart to let madam fight against Norda's family alone?"

That girl's Amber pupil slightly raised, at the moment it seems that the words, poke in her heart.

But not long after that, the eyes hanging down again.

The maid said a few words there, but in the end, she didn't see that eye again.

Miss is a poor person. I heard that it was because she took medicine in her womb that she became dumb.
