

good evening 581

Chapter 581

These years, when the wife is harsh to the young lady again.

The depressed environment in which the young lady lived as a child led to her lack of speech, and even her dislike of crowded places.

Every time miss is alone in the room reading.

Her life is very simple, every time after three meals a day, is reading, she is different from girls, girls like to talk about clothes, cosmetics and so on, all are not interested.

It seems that in Miss's life, I can't find anything else I like.

But a few days ago, suddenly miss ran out.

No one thought Miss would do such an earth shaking thing.

To this end, his wife was furious, sent a lot of people to find her.

In fact, after knowing that Yan ran away, the maid hoped that she would not be caught.

She even went to ask for the signature for the young lady, hoping that the young lady could avoid that group of people.

Although the young lady didn't say anything, judging from this escape, she wanted to escape here. Maybe she was repressed in such an environment for too long, so long that people knew later that she would resist.

She also knew that miss was rebellious.

Everyone knows that.

However, we all dare to be angry.

Someone was calling her at the back. The maid stood up and put the steamed bread on the iron gate. "Miss, I'll go and see you tomorrow."

Then he trotted away.

Listening to the footsteps, Yan slowly raised his head and looked at the steamed bread on the iron gate. He didn't know how to walk past.

I took the two steamed buns and ate them.

When he was young, it seemed that because he didn't speak, his ears were very sensitive, much better than ordinary people's hearing.

And the two people who were close came to collect the tableware.

"Miss, you haven't eaten a bite. If you go on like this, how can you bear it?"

"I don't think Miss wants to live any more."

"The lady is so strict with the young lady. I don't know if she was born to her or not, but she didn't care about the young lady."

"I just heard Xiao Chen, who was waiting on his wife, say that his wife is going to Jiangcheng."

"Jiangcheng? What's the good thing about going so far? "

"I don't know, but I heard it's a tourist city over there. Maybe my wife has gone on a tour."

"....."

Jiangcheng.

Why did mother suddenly go to Jiangcheng?

Mother is not a person who likes to go out.

Words thought of what, eyebrows tightly wrinkled together.

Is it

Late at night.

Yan took out the key he had hidden and opened the door.

In fact, he has already got the key, but he just doesn't want to live. It's the same everywhere.

Familiar with the way to avoid a lot of eyeliner, leaving the castle.

.....

Su Xiaowan looked at the daily newspaper, Feng Zhengting encountered a car accident on the road, hemiplegia.

Gong Xuemei, sitting in the co pilot's seat, although she recovered her life, she became a vegetable.

It is destiny.

Su Xiaowan frowned and put down her cell phone.

Because she heard someone come in.

It was Feng Yan who came in.

Feng Yan carried a bag of things and put it on the head of her bed.

"Why are you here again?"

"Don't want to eat?" These days, it was Feng Yan who helped her with the meal. After dinner, Feng Yan sat in her ward to read the documents.

Every day.

They didn't talk much. They just sat quietly.

"... the hospital has a canteen. I will buy it myself."

She felt that the man in front of her must have been sent to torture herself.

He didn't care when he said that.

Chapter 582

With him, even if she wanted to fight, she couldn't fight at all.

I feel like I'm making trouble for nothing.

She covered the quilt, the body's discomfort so that she did not want to show in front of him.

She didn't know how frightening her mental disorder was, but in her mind, there was always a picture of her mother pinching her neck and gasping for breath.

She's timid. She's afraid.

I'm scared to death. I'm afraid that one day Feng Yan will run away when he sees what he looks like

If there is such a day, she would rather he left now.

It also saved her from finally breaking her heart

It's the end of the field.

Su Xiaowan fell asleep under the quilt. The effect of tranquilizer was far more than she thought. She thought she would not be able to sleep at this time.

But just the idea, she sleeps more than anyone else.

Half a sound later, the man opened her quilt.

It is probably only at this time that Su Xiaowan is not like a hedgehog covered with thorns.

Still gentle.

He sat at the head of the bed, gently soothing the girl's hair.

He is not afraid.

I'm afraid that girl will slip away from her fingertips. I'm afraid that another day, Su Xiaowan

He gave the girl a kiss on the forehead and spoke in a low voice.

"Xiao Wan, I'm not afraid!"

The girl's eyelashes quiver in her dream.

She had a dream.

I dreamed of that scene.

Suddenly, her mother rushed over and pinched her neck, "Su Xiaowan, why! Why... "

She couldn't say a word when her throat was pinched.

"Why do you all lie to me, my child! Where are my children

"My child was killed by you, my child... You killed my child, you... Su Xiaowan, I have been supporting you for so many years. Why do you want to do this, why..."

She fell into a deep sleep.

I can't wake up.

The scene in the dream is too real, but she can't wake up.

She wanted to scream, but she couldn't.

She suddenly opened her eyes and looked around in horror, "don't kill me, don't kill me..."

Hearing this, Feng Yan put down all his papers and ran to the bedside, "Xiao Wan, what's the matter?"

"Don't come here. I'm wrong. Don't kill me..."

The girl looked at the man in horror. She pulled her quilt and said, "I'm wrong. Don't kill me..."

"It's OK. You just had a nightmare. Come here, boy." The man coaxed in a low voice.

Feng Yan has learned about Su Xiaowan's illness. She has had several attacks, but every time she wakes up, she will forget the course of her illness.

Once, she ran out and scratched passers-by.

After that, Feng Yan almost looked at him.

I moved my office to her.

"Don't kill me..."

"Darling, I won't hurt you. Just come here and I'll hold you." The man's steps slowly close, at the moment will hold her in his arms, "it's OK, I have been, don't shoot..."

"Wu Wu Wu..." the girl burst out crying.

It was not until a long time that I went to sleep crying.

Feng Yan sees her appearance, handsome face congeals.

Anyway, he's going to cure her.

.....

Ning Jingzhi heard about Su Xiaowan's illness and rushed to the hospital to see her.

Unexpectedly, he was stopped at the door by Feng Yan.

"Young master Ning seems to care too much about my wife."

Chapter 583

The man's tone is deeply possessive.

He has heard about Feng Yan and Su Xiaowan before.

"But what if I want to

"Don't you understand?"

Feng Yan's tall figure and cold temperament make Ning Jing aware of the fierce anger.

"The possessiveness of Feng Zong is really strong, but. As far as I know, you and your wife have been divorced for a long time. Besides, it's Xiaowan who called me. Please let me know. "

Is Su Xiaowan on the phone?

Feng Yan's eyes were fixed, looking at the man in front of him. He was wearing a black suit, and his hair seemed to have just been done.

The more he looked, the bigger the fire.

Why did Su Xiaowan come to her?

"After all, it's easy to get tired of eating vegetables. If you try radish occasionally, it might taste better! Do you think so, Mr. Feng? "

Ning Jingzhi looked at Feng Yan's face and suddenly became dark.

Just then, the door opened.

Su Xiaowan, dressed in a suit that fits the patient, opens the door at the moment.

Su Xiaowan is also listening to the door movement, just ran to open the door, see ningjingzhi and Fengyan, she thought Fengyan long gone away, where think Fengyan at the door.

I also met Ning Jingzhi.

Two people, it seems that also met.

Besides, Feng Yan's face is not good.

Su Xiaowan's heart gave birth to a feeling of being caught cheating by her husband. She didn't know how she could be so light on the surface under Feng Yan's sharp eyes.

"Master Ning, come in quickly --!"

Ning Jing picks an eyebrow at Feng Yan.

Feng Yan wants to enter, but Su Xiaowan closes the door directly.

He was almost black and blue.

He screwed on the doorknob and locked the door.

Ning Jing is looking at the ward of high-end VIP and Su Xiaowan, who has gained a lot of weight. It seems that there is no way for him to contact the person on the phone.

yes.

She was called to help by Su Xiaowan.

Su Xiaowan told him about himself on the phone.

He was a bit surprised when he received the call, but after hearing Su Xiaowan's illness, he felt that his steps were heavy.

"Really?"

"Well, I've decided."

Every time she goes to bed, she always feels that half of her memory is gone. In order to prevent her from being silly or having a mental attack, she makes some drastic actions to hurt the people around her.

So Su Xiaowan bought a camera.

Of course, they only say that they are idle and bored and want to take some pictures.

No one knows what she's shooting.

And the camera really made her reexamine her illness.

She's crazy.

That crazy memory, when she was awake, she couldn't remember at all.

And she did hurt Feng Yan in her behavior.

No wonder, these days Feng Yan suddenly left hand to eat.

It turned out that she hurt her right hand.

Thinking of this, Su Xiaowan's heart is like a knife. She wants to help Feng Yan apply ointment after he falls asleep. But this man, because of his illness these days, doesn't close his eyes at all.

Stay by your side.

I didn't even deal with my own hands.

Today, she managed to persuade people to go out for a while, but she didn't expect that she was caught.

Outside the door at that end, someone is talking.

You don't have to think about who it is.

Outside.

"Open the door!"

"Young master, someone has been asked to look for the key. Don't worry." The dean's forehead was in a cold sweat. He was afraid of offending the man in front of him.

Chapter 584

The man smell speech, directly kicked the door, the door answered and fell for a while, but soon, restored to the original.

These doors are custom-made from abroad. The Dean was very distressed when he saw them.

"Don't worry, young master. I'll get the key right away."

Su Xiaowan looked at Ning Jingzhi, and naturally they heard the movement of the door.

"Master Ning, I choose to let you help me, which may bring you some... Bad influence. If you refuse, I don't ask for it."

"Since I'm here, I'm not afraid. I just thought you were tired of eating vegetables and wanted to taste radish. Now it seems that I'm still in love with you."

"Master Ning, you will find a better woman. I have a place in my heart. I can't forget the man outside in my life. I believe you can't like a woman who has a place in your heart even if you really like it. However, I also remind you that Su Qiqi is not suitable for you."

"Is that your sister?" Ningjingzhi is naturally entangled by Su Qiqi these days. No matter where she is, this woman will appear. "However, as a sister, you should praise your sister a lot in front of me. How can you dig the wall in front of me?"

"Master Ning, I think you are a friend, so I don't want you to fall into the pit of fire. There are many good girls in the world. If you open your eyes a little, you can always find the most suitable one. If you can't find it, it's just that the time is not ripe."

But the door fell down with a bang.

Su Xiaowan looks at the man in shock.

Even Ning Jingzhi was also shocked by Feng Yan's action.

Feng Yan strides in like this, and seems to have regarded himself as the master.

Su Xiaowan looked at him. The ground was in a mess. If Ning Jing hadn't stood far away, the door would have hit him. "Feng Yan, you said I had the right to make friends. What do you mean now?"

"I don't have the right to stop you from making friends."

"What are you doing?"

Su Xiaowan points to Feng Yan's crime.

"Young master Ning came to see you. How can you not even invite someone to drink a cup of tea?"

Feng Yan went over and took Su Xiaowan in his arms to declare his sovereignty.

Ningjing straight as a man, how can't understand this overbearing possession of Fengyan.

He just laughed, "Mr. Feng, some things belong to you, but not to you. Have you ever heard of this sentence?"

"I only know that as long as it's engraved with my name, no one else can point it out."

Ningjing straight smell speech, lip angle hook hook.

He wanted to say something, but he was motioned by Su Xiaowan's eyes, and finally he didn't know.

"Then I'll go first."

"Good."

After Ningjing went straight away, Su Xiaowan struggled out of his arms, "a childish ghost."

Of course, she was accusing him of what he had done.

I think it's naive.

Su Xiaowan angrily looked at the door, she wanted to stay here, obviously couldn't get down at all.

"I'm going to be discharged."

"You're not well yet. I'll change the ward for you."

In this way, Su Xiaowan was assigned to another ward by Feng Yan.

But the days are still the same as before. Su Xiaowan can't go out.

Until another day, she met a man in the corridor.

"You are su Xiaowan."

The woman is very capable, with short hair and a black windbreaker.

Chapter 585

Su Xiaowan looked at the woman in front of her for the first time.

Women's eyes are very gentle, probably the kind that can drip water.

Lian Yan's eyes are fixed on Su Xiaowan. For more than 20 years, she has been imagining what this girl will look like. Now after seeing it, she feels a little unreal.

Want to touch her face, want to see all her really.

She has grown a lot.

It's much thinner than in TV.

"Do you know me?"

Su Xiaowan thinks that it's not good to face a person, after all, they all call their own names, if they leave directly.

"It's really you. I saw your play on TV the other day, and I read it wrong for myself."

Su Xiaowan also heard that the play had a great influence in the ward, but because she had been locked

up in the ward during this period of time, occasionally a nurse would talk to her about the progress of the play, but because of Feng Yan's presence, she only talked in private when Feng Yan was not there.

But most of them, Su Xiaowan also saw them from the Internet.

She is still a new person. Although she is hot, she has not been exposed. Even if the reporter wants to dig her true face, she has been hiding in such a place, and she can't find it at all.

Besides, Feng Yan will certainly put more obstacles in his way.

Like this, it's the first time for Su Xiaowan to walk on the road and be named.

"You did a good job." The woman suddenly took her hand.

Su Xiaowan is so big that there is no one else except someone close to her who has praised her. In front of her, the person she has never met holds her hand and praises her for her wonderful work.

For the first time.

I don't know what's going on, but there is a sense of pride in my heart.

"Thank you."

Lian Yan doesn't want to let her emotions dominate. She doesn't want to scare her away.

Now, knowing that she is alive safely, I have no wish.

"I'm still in a hurry to see a doctor. You need to refuel later."

"Well, thank you, auntie."

Lian Yan is deeply afraid of her emotional exposure. For the first time in such a long time, she can't control the situation.

Therefore, we have to flee.

Sitting in the car, the housekeeper looked at Lian Yan's face, but she couldn't see her face because she was wearing sunglasses.

"What did the doctor say, ma'am?"

Even smoke pushed glasses, "nothing, go back."

Car toward the end of the airport, at the moment even smoke looking at the tall buildings on the huge

LED screen is broadcasting the news.

It's home news.

Feng's group was merged into Mr group, and Feng Yan was in charge of it.

But that outside rumor, the appearance ugly man, suddenly becomes handsome natural and unrestrained appears in front of everybody.

At this time, a press conference is being held.

"Mr. Feng, I heard about your affair with a popular female star. I wonder if it's true?"

"I have a wife."

There was a lot of noise below.

I have a wife.

When Feng Yan and Su Xiaowan divorced at the beginning, they made a lot of noise.

But how long does it take for this letter to have a wife?

"That asks young master Feng, is your face also because of that wife, so..." the reporter's sharp words, as soon as said, immediately let everyone pay attention to.

"The plastic surgeon my wife introduced me to."

The crowd was shocked.

"Young master Feng, the effect of this recovery is good."

Lian Yan looks at the news, Feng Yan

On her way here, she saw all the news that Su Xiaowan appeared.

This damned man abandoned her little Wan!

Chapter 586

Lian Yan knows everything about this Fengjia.

In the past few years, Fengjia has not been as quiet as it seems.

fight both with open and secret means.

In particular, the adopted son, who has been abroad in recent years, has also committed crimes.

She also heard that the court was closed and offended people.

Lian Yan thought that Su Xiaowan and Feng Yan had nothing to do with each other, so she didn't have to worry any more, but... When Feng Yan stood in front of people, she opened her mouth to the public.

He already had a wife, even when he had a good relationship with him.

There was an anger in my heart.

Her people, why to fengjiazao, he Fengyan, why.

"What's the matter with you, madam?"

"Back to the hotel."

"Ma'am, are we not going back?"

"I have something else to deal with."

The housekeeper didn't know Lian Yan's intention, but after so many years, he seemed to have guessed something.

But Madame hates talkers the most.

The housekeeper sent the man to the hotel, just ready to go out, received a call from the villa.

Said it was Miss who ran away.

He immediately told Lian Yan the news. Lian Yan was angry when he heard it.

"You bring them back yourself."

"But Madame, are you alone?"

They came out with no one else, only the two of them in light, just to hide their eyes and ears.

"Can't you believe my fighting skills?"

"Madam's fighting skill is the most powerful in the whole Yanjing city. I naturally believe that madam can protect herself, but if there are too many people on the other side, we will die..."

"If you stay, it's just another corpse. Maybe it can't help me. Instead, it's on my back

When she said that, the housekeeper only sighed that the degree of his wife's venomous tongue was the same as that of that year.

His wife's life is a legend. Lian Yan is the most powerful and noble little princess in Yanjing city.

Fighting skills are so few that almost all men bow to her.

I heard that when I was young, I chased a man who was a gangster for half my life. Unfortunately, I was dumped.

After that, he disappeared for a year. When he came back, his character changed greatly.

"What are you doing here! If anything happens to her, you know the consequences! "

"Yes."

The housekeeper is one of the few who knows that the young lady is actually a young master.

I also know that the young master must have run away for that woman this time.

.....

When Su Xiaowan looked at Feng Yan's face on TV, her mind began to be confused again.

She thought the face inside was horrible.

He took his cell phone and smashed it on the TV.

Because it's the TV in the corridor. In the distance, some people are happy to see what the young master wants to say about his little wife.

But who knows, a psycho smashed the TV for them.

"You are insane. What kind of TV are you smashing? You are destroying public property!"

"Yes, there is something wrong with this man."

"....."

They pointed at her one by one. Su Xiaowan squatted on the ground in fear, "I didn't, not me..."

"Go to the mental hospital for neuropathy. Don't run out to frighten people. Today you smash the TV

with your mobile phone. Next time you smash people!"

"That's right. Psychosis is crazy. Who will know..."

"What about the woman's family? You don't want him, do you? "

Su Xiaowan hid there helplessly and weakly, holding her head in her hands, "sorry, I don't know..."

"Just say you don't know. Lose money quickly!"

"That's right. It's hard for you to break a TV set here. I still want to watch TV!"

Chapter 587

Her ears were buzzing like flies, and the voices of those people covered her ears.

Who can help her

All of a sudden, a warm embrace closed her.

"Who are you trying to help her out?"

"Nowadays, when did the hero who saved the beauty become a woman?"

Su Xiaowan only thinks that the taste of the person around her is different from others and that she can rely on.

She subconsciously thought it was Feng Yan

How she wishes that person was Feng Yan.

A woman looks at a tall woman in beautiful dress, embracing Su Xiaowan. She can't help shouting.

At this time, everyone was angry because they were waiting in line to see a doctor. They were worried that there was no place to get angry. Su Xiaowan's doing these things made her ignite the anger of the people around her. Now seeing her go like this, they were afraid that the culprit would run away. They were afraid that they would have to bear the responsibility themselves.

"Hey, you man, she has damaged public property and wants to lose money!"

The vision of the speech is cold to sweep to that woman who talks.

The woman shrunk her neck and didn't dare to speak again.

"What are you doing? If you leave, who will pay for the TV? You can't go! There's no monitoring here.

What if the hospital says we broke it later! "

When the woman said that, several women felt very right, "you can't go! What if it's up to us to wait. "

Yan looked at the woman in her arms, took out a stack of money from her pocket and gave it to the nurse.

That nurse also listened to so many people's movement to run, the result was stuffed with a pile of money.

In the distance, Mrs. Su followed Su Qiqi and stood there. She saw such a scene.

Su Qiqi's face was cold. For such a long time in this hospital, Su Xiaowan was in the high-end ward. He heard that he was ill, but his father's condition worsened. He wanted to ask Su Xiaowan for money, but he found it several times, and the bodyguards didn't let him see him.

Now she looks like she's out of her mind.

"Grandma, this Su Xiaowan, should not be as insane as her dead mother?" Su Qiqi stares at Su Xiaowan. She doesn't know who the tall woman is. Anyway, she doesn't know.

"If you have time to watch other people's gossip, you'd better go to see your father more. Now your father looks like this, but it's not all because of your mother!"

Old lady Su has no time to take care of her. Now that she has money, Su Qiqi and Shen Yin have to please her.

There is no such attitude as before. I can't accommodate her.

"Grandma, how can you say that? Why did dad become like this? Does it have nothing to do with you? If you hadn't brought that fox spirit home, there wouldn't have been so many things. My father would not have divorced my mother at all. How could my mother have a car accident with him... "

"You dead girl, my son is so hurt by you, you dare to talk back to me! I'm just a son. "

"He's still my father. Don't I want him to be ok? Grandma, you really want my dad to get better, just to take out some money and see a doctor for him. "

"I'm not dead yet! You start to calculate my pension. "

"Grandma, to be honest, where did you get this black card from?"

"It's up to you!"

The old lady took her thermos and went straight away.

Su Qiqi looked at the old lady. She didn't know who gave her the black card.

The Su family has no money to afford a black card.

Chapter 588

On the seat in the backyard of the hospital, Yan sat there, looking at the girl with her head down and saying nothing.

Memory of her, smile, face has two dimples, eyes squint, like the eyes have stars.

The bell like laughter kept him in mind for a long time.

Now, with her eyes down and her face down, she has no brilliance. What has happened to her these days

He wanted to talk to her and poke her with his hand, but in the end, the hand didn't lift up.

All the way to the man who suddenly appeared.

It's the young master of Feng's family.

The man she was with last time.

Men come with big strides, as if glowing at their feet.

He just looked at the words, then bent over to pick up the girl who was sitting there. He only looked at the girl struggling in his arms. He raised his head in horror. When he looked at the face of Feng Yan, he gave up the struggle and locked the whole person back in his arms.

"Thank you very much."

There is no superfluous words. Yan listens to Feng Yan's thanks and just looks at them leaving. He reacts later. Su Xiaowan is taken away.

He clenched his fist. For the first time, he was so angry.

For the first time, I began to hate my identity.

When did he begin to know that he was a boy, when he was about a few years old, he went to kindergarten

"Young master, it's time for you to go back."

I don't know when the housekeeper appeared. I know that I can't escape.

In such a large sphere of influence of his mother, how can he fly out.

Sure enough, he escaped for three days and was found again.

"Why do you need it! Your identity is not suitable to appear in front of that girl. Don't you let yourself suffer? How can you understand the love between men and women in this world... "

Yan looked at the head of the training education housekeeper, the world of love, he does not understand?

But he's twenty-four years old.

I'm twenty-four years old. I'm an adult.

What's so difficult about those things

"Young master, my wife is very angry about your escape. Why don't you come back with me? If you annoy your wife, you may not be able to leave your room for the rest of your life. "

The housekeeper knew what was in the child's mind.

But love, so for him, is luxury.

The identity of the young master cannot be found.

How could he be with that woman?

Feng Yan gently puts Su Xiaowan on the hospital bed. The girl's hand holds her clothes tightly and refuses to let go.

"Don't be afraid, I'm here!"

Listening to these words, she began to burst into tears.

In fact, Su Xiaowan has now regained consciousness.

She also knew what had just happened.

The man gently patted her on the shoulder, "don't be afraid, they don't know about you. You're just sick. We'll leave the hospital when the disease is over."

"Besides, this hospital belongs to me. It doesn't matter if you throw it or smash it. Don't feel guilty. "

At this time, Fengyi knocked on the door.

"Young master, I have brought you back."

Fengyan indicated that Fengyi should go out first.

The man immediately closed the door.

Su Xiaowan was a little tired crying, lying in Feng Yan's arms like a obedient kitten.

Compared with she said is to leave, at the moment of Feng Yan but love her this appearance.

Su Xiaowan twists her eyebrows. Feng Yan's breath makes her nostalgic.

But she's sick too often.

High makes her feel abnormal.

He's a psychopath.

Chapter 589

Feng Yan coaxes the girl in his arms to sleep and then goes out of the door.

Outside, the two women bowed their heads and were there admitting their mistakes to the feudalism.

"It's not me that you want to apologize, it's our little grandmother." Feng Yi looked at the two men without expression.

The two women knew that they could not afford to offend each other. At least, they knew when the bodyguards who brought them up brought them up from the clinic.

"We have eyes, we have eyes..."

The door suddenly opened, the two women heard the movement, now turned back, looking out at the man, valiant.

At first glance, it's aristocracy. Obviously, they can't get along with ordinary people like them.

At a glance, it's almost covered with light.

This person should be the gentleman he said.

The two women were the ones who scolded the most fiercely just now. Seeing the man coming out at the moment, they immediately went up and explained, "this young master, just now we have no eyes. Is she OK

"If it's OK, will I invite you over?"

Smell speech, those two women were startled.

That is to say, the women in it

"Young master, we were just..."

Feng Yan obviously didn't want to hear, "Feng Yi, take people down, you know what to do..."

After hearing this, Fengyi immediately asked people to drag them down.

.....

Su Qiqi had a nightmare lying on the bed. These days, she was so busy that she didn't sleep much.

Today, it was not easy for the old lady to make trouble for herself, so she went to bed early.

It's just that she had a dream about Nanyin

Nan Yin is very beautiful. She's pure and refined, but her appearance is not su Qiqi's type.

The picture turns to a strange room.

The woman was sitting there knitting.

But Su Qiqi walked over and didn't know what to say. She came up and pinched her wrist. Even in her sleep, she felt too real.

She was pinched and woke up from her dream.

The familiar environment, but no longer sleep.

Thinking about it, it seems that it is because Nan Yin's Memorial Day is coming, so I dream about her.

But why do you have such a strange dream.

In fact, Su Qiqi has never seen Nan Yin several times. Even if there is an intersection between the two people, it is not enough to say that he and Nan Yin... Will have a dream relationship at night.

She felt more and more terrible in the room.

At the beginning, when Nan Yin was driven out of the house, it seemed that she was living in this room.

The more she thought about it, the more frightened she was. She turned on the lights.

I didn't sleep for a while until daybreak.

But it wasn't long before the sound came from the door.

"What time are you still sleeping? Get up and wait on your father!"

It's Mrs. su.

Because the Su family is in such a mess, all the maids are dismissed by Mrs. Su because she has no money. Now they have to do everything by themselves.

Su Qiqi sees in the eye, the gas is in the heart.

I had to quarrel with Mrs. Su several times, but Shen Yin advised me many times.

Although she couldn't swallow her breath, now sue is like this, and she has no place to reason. Besides, she is not a boy, so old lady Su doesn't like herself at all.

Therefore, she can only be bullied.

Su Qiqi finished washing and went to the hospital.

As it happens, after a consulting room, listening to the doctor there said.

"Ah, what's the matter with Su Xiaowan? How come he hasn't come yet..."

Chapter 590

Because Su Qiqi heard the three words, he stopped at once.

Look up, in front of the identification department.

Identification department? Su Xiaowan?

Probably this name for her, enough to attract all her eyes.

There are two people speaking inside, one is a woman, the other is a man.

"Why does the name of Su Xiaowan sound so familiar to me..."

The speaker was a man in his thirties. He was coming out with a cup, but in the middle of it, he suddenly stopped.

Su seven seven originally saw a person come, want to leave, but listen to the person of that end open mouth.

She stood at the door, now the corridor is very quiet, so can hear the voice of the other end, very clear to hear this sentence.

"I came to do DNA testing a while ago. I've been doing it for almost a month, and I haven't come to get the report..."

The woman was sorting out a month's file, so she happened to find the information of this file.

The man put down the cup and went over to look at the name.

"No wonder I'm so familiar! Just file this information. Master Feng has sent someone to take it away! "

"Master Feng? It's not the letter I thought of, is it As soon as the woman heard it, she raised her eyes and thought she had heard it wrong. But looking at the man's expression, it didn't seem that she thought too much.

"Are all the rumors on the Internet true? Young master Feng and this Su Xiaowan leave for divorce? "

They didn't expect that the young master of Feng's family was so handsome, even if it was the whole one, it was a pleasant existence.

When I watched the live video that day, all the women below went crazy.

Everyone felt that they had a chance to marry into a rich family, but who ever thought that at the end, Feng Yan said that he had a wife

Everyone's hopes were dashed again.

There are only a few talented young people like Feng Yan in Jiangcheng. Originally, people were afraid of Feng Yan's appearance, so they didn't dare to think about him. But when they saw that he was handsome and rich, even if he was a second married man, they all wanted to break their heads and enter Feng's home.

She also watched the live broadcast that day. Although she was not a flower maniac or a Star chaser, the young master of Fengjia could be called a god man.

The man shook his head, apparently not interested in such gossip.

Su Qiqi looks at the woman at that end and puts the file bag in a back kitchen.

Eyes are deep.

What does Su Xiaowan do? Is it related to Feng Yan?

The more she thought about it, the more curious she felt. She even felt that if she didn't know about it, she would not be able to sleep all night.

While the two men went out to eat, Su Qiqi went to the door. He wanted to go in, but the door was locked.

She doesn't have a key. She can only do it.

Until the evening, she saw the room with a light on and no one in it.

Go to the cabinet at the other end, take out the key from the drawer at one side, and then take out the file with Su Xiaowan's three words and open the file bag.

In the file bag, the name is familiar again.

However, the result was unexpected.

When Su Qiqi was discharged from the hospital, it rained. She didn't take an umbrella and was drenched in the rain.

In a trance, a picture flashed in front of her. The next second, a car ran towards her.

She was so excited that she fell to the ground.

He hit his head on a stone and fainted.
