

good evening 591

Chapter 591

When Su Qiqi was sent to the hospital, after the doctor's examination, he said that his head was damaged.

Shen Yin heard the news and came in a hurry, but he didn't expect to hear such words.

"You mean... My daughter might have been fooled?"

The doctor pushed his eyes and nodded, "it's possible, but everything has to wait until the patient wakes up."

Where can Shen Yin think of this situation.

She appeals to nobody, but she can only wait for Su Qiqi to wake up.

Su Qiqi had a dream.

Dream, is still the haunted woman.

She didn't know why she always dreamed about her.

Even, sometimes, the woman will gently touch her face and call her daughter

Su Qiqi was scared to death by that man.

But I can't wake up.

When she saw the woman jump from the upstairs, she was covered with blood.

It's so red that it's shocking.

As soon as the scene changed, she appeared in the mental hospital again.

She said a word to the woman sitting on the sofa.

—You are so pathetic that you don't even know who your own daughter is.

The woman's eyes were as dark as ashes.

"What are you talking about?"

"Su Xiaowan is not your daughter at all. I heard from Grandma. Do you know why she hates you? If it

wasn't for your money, how could grandma let dad marry you? All this is my mother's! "

"No..."

Then the woman jumped from her body and from the upstairs.

Su Qiqi was scared to death, and the whole person was shaking.

Such a bloody scene, let her completely forget to breathe.

.....

Su Xiaowan went to the identification department again. She is very sober now.

The results can be obtained, is still such an answer, dripping, and even said that people have no place to say the rest.

She came out with a woman who came to identify Xiao San's illegitimate son. Looking at the result of the above identification, she was very happy.

Su Xiaowan grabbed her arm and asked, "how long did it take you to make this identification?"

The woman looked at her and replied honestly, "a week, it's not written. Come and get the identification results a week later."

A week.

But she has been waiting for a month.

She droops eyes, in the heart probably already clear, at the moment the facial expression returned to the room, listen to Feng Yan is making a phone call.

"I don't know where I'm going!"

Man's voice with anger, Feng Yan temper is very good, in front of her, rarely have such a tone.

Su Xiaowan also did not like Feng Yan to speak to others with the tone of ordering others. In private, he told him many times.

But this time, I don't know why I was so angry.

Feng Yan's eyes stare at Su Xiaowan who comes in and immediately hangs up.

Looking at her indifference, she went over and hugged her.

Su Xiaowan was a little shaken by this sudden action, but later, the warm embrace made her nostalgic and even nostalgic.

However, Su Xiaowan's eyes dropped, and she saw Feng Yan's hand, which had just dropped, bleeding

She hurt him again, without knowing it.

Such a thing is undoubtedly hard for her to accept.

Her hand held his arm, but the man easily struggled away.

"Hungry? I'll send you something to eat? "

Chapter 592

Before the words were heard, Su Xiaowan suddenly jumped into his arms.

The whole man suddenly froze. Su Xiaowan gently put his hands around his back and buried his face in his arms. There was a pleasant smell on him, which was very reassuring.

Feng Yan was stunned by the sudden embrace. He looked down at the active woman. This was the first hug Su Xiaowan had given her since she entered the hospital for so long.

All of a sudden, he felt that his body was stiff, a little stiff and afraid. All this was his own illusion.

"What's the matter with you? What's wrong? "

"I want to hold you all of a sudden!"

Su Xiaowan leaned in his arms. She wished she was just a normal person, a normal person who could live with Feng Yan from the beginning to the end of her life. But why did she do that?

Why do you have such a disease, why torture her, and him?

Close to his heart, Su Xiaowan said a word in his heart.

——Feng Yan, I love you so much.

Love is my hobby.

How much love, how much pain.

It was more painful than letting her die immediately.

She was afraid that she would become a nuisance bit by bit, let that nuisance permeate into his life bit by bit, and let his patience disappear bit by bit.

It took a long time for the girl to get out of her arms.

"Feng Yan, it's still early anyway. Let's play games."

play a game?

These days, Su Xiaowan has been fighting with him almost every day. When she is sober, she is indifferent to her. When she is sick, she holds a knife and says she wants to die

He didn't fully understand her emotions. He didn't even know what she wanted to do when she suddenly wanted to play games.

"What do you want to play?"

Su Xiaowan showed an approachable smile at him, turned around, took a box from the cupboard, poured out the pieces of jigsaw puzzle, which was a mess.

"Jigsaw puzzle, I just got it from the nurse! It can exercise the brain

Feng Yan looks at the jigsaw puzzle on her bed. He doesn't know what she is going to do all of a sudden. But if she wants to do the jigsaw puzzle, he will be satisfied.

"It's a big house. The little nurse didn't finish it for three days, so she gave me this puzzle to play with."

"Feng Yan, you are so smart that you can spell it all at once?"

"I'll try."

"This is the manual!" Su Xiaowan looked at Feng Yan, who had already started, and handed over the manual.

There are thousands of pieces in all, which have already piled her bed in half.

"No The man's head was down and his voice was low.

This face is full of concentration and charm, which makes people's mind attracted by him. Su Xiaowan is so fascinated that she looks at his face quietly.

He has perfect facial features that can make all the girls scream. The lines are carved. The deep eyes under the sword eyebrows are full of her, the high nose

Such a man is undoubtedly suitable for the best woman.

On the body, should not have a trace of miscellaneous Chen to dye.

Su Xiaowan lies on the bed and looks at his action. She doesn't move a moment, but commands next to him.

Before long, I just looked at Feng Yan and fainted.

Su Xiaowan looks at the man sleeping on the bed. There is sweat medicine on it, colorless and tasteless.

It was Ning Jingzhi who brought it to her.

She reached out and stroked Feng Yan's cheek, from eyebrows to mouth, trying to keep all this in mind.

Taking the medicine box from one side, Su Xiaowan reaches out and tears open the man's sleeve.

Just look at that

Chapter 593

The arm was dripping with blood, and the blade was very deep. Because it had not been bandaged, it was a bit bloody.

The more she looked, the more distressed she felt.

This obnoxious Feng Yan must have deliberately upset her.

Tears whirling, do not know when the eyes wet.

She took out gauze from the medicine box and wrapped it gently for him. Maybe if she left, Feng Yan would be OK.

Even if we go back to the previous inhuman Feng Yan, it's better to be hurt by her now.

But can she let go of the man who can hold up the sky for her?

Su Xiaowan takes out a divorce agreement from the quilt. She asks Ning Jing to make a series of clauses on it. She doesn't want any money or anything.

Just hope he's safe.

She took out lipstick from her dressing mirror and gently touched Feng Yan's thumb. When she was about to press his hand on the divorce agreement, suddenly, her wrist was caught.

Su Xiaowan only feels a little ice in his eyes.

Ning Jing said frankly that the power of this Mongolian medicine can be down to ten cows.

And, for people, they can sleep all day and all night.

For fear of causing harm to Feng Yan, she chose to put it on the puzzle.

"Feng..."

The lip was suddenly blocked.

The man held her on the lips, put his hands on her back and put her in his arms.

Hold her tight, press her lips and kiss her.

Su Xiaowan's heart with this sudden kiss, and fear.

Later, Su Xiaowan only felt that the man's strength was getting lighter and lighter. She was stunned, and the man fainted again.

But this time, he held his hands tightly, and Su Xiaowan couldn't separate his fingers at all.

It seems... On purpose.

But he was so dizzy that he didn't realize it at all.

Su Xiaowan looked at the divorce agreement. She held out her thumb and index finger and pressed two marks on the two people's names.

Then, he put it beside him.

He bowed his head to kiss Feng Yan's forehead.

Finally, he walked away without looking back.

She knew that if she continued to stay, she would not give up, but looking at his injured arm, she could only turn her head, dried her tears and opened the door.

"Young granny, where are you going?"

"It's a bit stuffy in the room. I'll go out and have a look."

The bodyguard at the door is always on guard.

"Young master, he..."

"He's tired and asleep these days. Don't call him. Let him have a rest."

"Yes."

Su Xiaowan is swaggering out of the hospital, but did not expect, did not wait for others, but wait for the girl.

"Yan, what's the matter with you?"

Yan's body is full of blood. After seeing her last time, Su Xiaowan felt that she was not an ordinary person.

Because she saved herself last time, Su Xiaowan took her to the place agreed with Ning Jingzhi.

Ningjingzhi will be here soon.

Looking at the two people who are close to each other.

"Who is she?"

"My friend."

Ning Jing took a look at the man at the other end. He was very angry, but because Su Xiaowan said he was his friend, he reluctantly let her get on the bus.

"Master Ning, I'm really troubling you."

"It's OK, I like to clean up the mess for people!"

"....."

Su Xiaowan supported the girl. The whole girl was leaning on her. She could feel the fire of the girl's body. It seemed that she could light her whole body at once.

"Yan, can you hear me?"

Chapter 594

Ning Jing looks at the woman behind her in the rearview mirror.

The woman's facial features were beautiful and clean. Except for her pale face, a pair of black and white eyes fell on the woman beside her. Just now, he clearly saw her red eyes.

Ning Jingzhi doesn't know why she helped her.

Against Feng Yan, he has no chance of winning.

But seeing her appearance, it seems that I want to fight once, even if I just want to get her out of that "cage".

"He didn't embarrass you just now, did he?"

Referring to Feng Yan, Su Xiaowan's heart is still aching, "No."

"Are you reluctant?"

"Of course, I'm reluctant to part with him. He is the best person in the world who treats me best. In the future, I won't meet anyone who treats me as well as him." She said it with a smile on her lips.

I thought that in this life, she and he would be together, and nothing could separate them.

"Then why do you have to go?"

Su Xiaowan's eyes are crooked, and his expression is somewhat incomprehensible. "People like him always have a dead brain. If they decide a thing, they can't change it. If I don't go, it will only make him more paranoid. No matter what the cost, they have to cure me. But if we just stick to it a little, we can get through it, I will never leave him alone, but I can't help it. I don't know when I will hurt him or when I will do something to make him feel cold. I can't control my mood. My illness will only worsen and can't be cured." Su Xiaowan said calmly, "I like this... Do you regret helping me?"

Ning Jing looked at her straight, "who said I regret it! Don't worry, I will help you, but... This girl... "

Ning Jing straight eyebrow tip suddenly a lift, looking at a few cars behind.

I realize it's not good.

"Xiaowan, fasten your seat belt, Feng Yan is coming + --!"

what!

Su Xiaowan turned around and looked at the car that followed them. Her hands clenched into fists and her eyes fixed on the back

Bang!

Ningjingzhi is not a professional Racer after all. Those people just stepped on the accelerator a little and

hit their car directly.

The car in front is in the middle.

Ningjingzhi can only step on the brake.

Before Su Xiaowan responded, the door was opened.

A man with blonde hair stood in front of her.

Not Feng Yan

The blonde man looked at the woman in the car, then at another one beside Su Xiaowan, with a deep brow.

"What do you want to do?"

"Madame, please go back to be a guest!"

be a guest?

Su Xiaowan grabs words, where does she know what madam, "I don't know you, also don't want to go back with you."

"You little girl, our wife is very noble. If you can condescend to let you see one side, it's because your ancestors burned incense --!"

Su Xiaowan holds the words and looks at Ning Jingzhi who is dizzy in front of him.

Her little hand was so nervous that she didn't dare to speak freely. These people didn't come for her, so they came for words.

Last time that man chased her, this time, there were so many cars. Even Su Xiaowan felt that these people didn't look so fierce, but they were strangers. What's more, she clearly saw the guns in the hands of those people outside.

It's a gun.

"I warn you, don't mess around, my husband won't let you go --!"

The blonde man laughed, as if laughing at her stupidity.

The man said something she didn't understand to several people behind the head, and then faced her.

"Since you don't have the courage, don't be a hero here --" Then he stubbornly grabbed her by the wrist and pulled her out of the car.

Su Xiaowan pulls the words, but is pulled out by that man's one hand, she a hand does not have the chicken's strength woman, where can rival these men.

"I warn..."

She fainted when she was knocked on the back of her neck.

After that, she didn't know anything.

Lian Yan came out of the car. She heard the housekeeper say that she had received the speech, but she didn't think that she would meet this girl here.

"Madame! Why did you get off the bus? "

"What's the matter with her?"

"This little girl looks too beautiful, I haven't tasted from the East..." the next second, the woman took out her pistol, straight to the blonde man.

"Ma'am, this is..."

The man originally thought that the elegant demeanor of that woman was his favorite type. After all, he had never tasted the taste of such a woman, especially the look in his eyes. Although he was frightened, it was firm.

So, pretending to take people back, even if it is in captivity, it is enough for him to be happy for a while.

Bang!

The sound pierced the eardrum, the man's shoulder was severely hit by a gun, the man fell to the ground.

"Don't do such a thing in the future!"

Lian Yan said it to the housekeeper.

When the housekeeper heard this, it was still rare. The lady was so angry that she took it seriously. All these people gave their lives to the lady. Life and death were decided by the lady alone.

It's just that... My wife has always been very kind to them, treating them as family members, but I didn't expect to shoot them today?

The housekeeper looked at the dizzy woman again.

Who is she?

"Take her back!"

"This... Madam, the castle can never be occupied by outsiders, if..."

"J, are you questioning my decision?"

"I'm afraid, madam. I'm just worried about your safety."

"What danger can a child with bigger fart bring me?"

"Madame, have you forgotten that a baby almost killed you?"

J's eyes were deep. Now he blurted out. Sure enough, even Yan's face changed greatly. "J, it seems that you are old and confused too!"

That baby, almost destroyed the whole castle.

Because Lian Yan was soft handed for a while, he brought the baby into the castle to raise him. He was tricked by the enemy and almost died.

"Madame, I'm for you!"

But Lian Yan goes over and orders the man to carry Su Xiaowan into her car.

In other words, it was arranged to be in another car.

J and a group of subordinates were stunned.

In the car.

Lian Yan looked at the girl who fainted, her hand gently stroked the girl's cheek.

More than 20 years.

Since she left her side, it has been a long time for her to forget time. For so many years, she is like a walking corpse.

And clearly, just at a glance, she could recognize that it was her daughter.

"Ma'am, there's Feng's car in the back --!"

Chapter 595

Even the smoke touched the soft hair of the girl around.

It's her daughter.

She thinks of her all the time.

Since she was stolen, she never thought that she would see the child again in her life.

But she showed up.

Originally did not want to disturb her peaceful life, their life is too dirty, her life, ordinary, as long as she is happy, even if she just looked at her far away, it is enough.

"Know what to do!"

"But ma'am, the other party seems to have come prepared."

Lian Yan's eyes are deep, and the power of Fengjia, in Jiangcheng, can be said that he covers the sky with one hand.

The background of Fengyan is not just the Fengjia people.

It's just that she couldn't find anything.

But the more that happens, the more wrong it is.

It's too clean. On the contrary, it makes people feel that there is a hole in it. It's just that someone has deliberately covered it with a layer of white cloth.

Even smoke's eyes through the window, saw such a scene.

The whole party was so mighty that the motorcade stopped on the overpass. Fengyi took the bodyguards to get off the car and surrounded the overpass inside and outside in a circle.

Su Xiaowan felt a lot of pain in her back neck, but being in that environment made her feel sick in her stomach and wanted to vomit.

She opened her eyes.

Looking at the well decorated car, I looked at it, and then I knew what I was in.

I have a hand on me.

She sprang out of her seat in fright.

Then, he gave a warm look to a woman.

"You... Who are you?"

After su Xiaowan got sick, she felt that her reaction was very slow. She had to think about a lot of things for a long time. Some things, naturally, she forgot.

But just now that scene, enough in her life, felt a hard stroke.

"... where's my friend?"

Lian Yan looks at Su Xiaowan and wants to say "Mom", but it's stuck in her throat all the time.

"They're all fine."

be nice with yourself.

Su Xiaowan's eyes fell out of the window. Now she looked at the cars. They were Fengyan's, and she recognized them at a glance.

Because she saw Fengyi.

The girl's face suddenly changed, even if it was not in the middle of the night, but at this time, looking at the people on the road, there was a cold feeling.

It's him.

I didn't expect it to be so fast.

"You want to stay?"

Su Xiaowan hesitated for a moment and stared at the woman. She was wearing a cheongsam with blue embroidery. She couldn't see clearly what was embroidered on it.

Her skin light, painted light makeup, but also can not stop the original tenderness of women.

Who is she?

Why, stay?

It seems that she can easily see what she thinks.

"You hesitated, indicating that you want to leave!"

Su Xiaowan looks through the glass at the man coming out of the car. Ning Jing says that the sweat medicine needs to sleep at least all day, but now it's less than an hour at most.

How did he wake up.

"Who are you, ma'am?"

"Since you want to leave, I can help you!"

Su Xiaowan looked outside, but it was completely airtight.

"I can't go away. No one can stop what he wants to do!"

"How do you know if you don't try?" Lian Yan's eyes stare at her, "if you want to stay, open the door and run to him, if you want to go, I'll take you!"

"But why believe you?"

"You have no choice but me. Don't worry, I won't hurt you. I just think you are kind-hearted. There is no one in my family who wants to invite you back. Besides, aren't you good friends with my daughter?"

good friend?

"Are you Yan's mother?"

Lian Yan nodded.

But she... And Yan... Have no resemblance at all.

"Now it's up to you to choose."

"I... I'll go with you, but you... Can't hurt him."

When she was chased just now, she also knew the identity of these people. Although she had never seen such a person in Jiangcheng, she was afraid that Feng Yan would suffer a loss if she really moved.

Lian Yan smiles, "why don't you worry, will he hurt us?"

"....."

"Maybe, this man is more cold-blooded than you think!"

"... No."

Because she is in this car, Feng Yan will be afraid.

He was like this, because she saw the man outside the car frowning tightly.

She tried to reach out and smooth his tight frown.

.....

Outside the car.

"Young master, just now Mr. Ning's car was here. Mr. Ning fainted. Now he has been sent to the hospital. However, I can't find her in the car. Now there are only a few cars on the ring expressway. The identity of the people in them is still uncertain --!"

Feng Yi's eyes were fixed on Feng Yan's left hand.

There's blood all over the left hand.

When he found the young master, he was lying on the bed. After the doctor diagnosed him, he knew that he had taken Mongolian medicine.

But the man woke up biting his teeth.

Of course, it's also self mutilation, so that the wound is inflamed, and the pain is not good, then the consciousness is restored.

He saw the lipstick on his hand and the divorce agreement around him.

fly.

It's rare to see young master like this.

"Go and find out!"

"Yes."

Fengyi with people began to come to check.

Su Xiaowan's eyes were deep, "what should I do?"

Even the smoke does not hurry to pull the back seat of the car, which is a storage cabinet like space, "can only be wronged you hide here."

Su Xiaowan is very thin, so it's just right to hide.

No sooner had she hidden it than the door at the other end was opened.

Feng Yi looked at the woman in the car. Although there were many people in the city, he was surprised that there was no way to confirm the identity of such a group of people.

Especially the woman in the car.

The whole body's temperament is full of a sense of distance.

He didn't know how to remember.

The Ou family?

It is said that the family is mysterious. No one has ever seen the real person in power. They keep a low profile. It is said that the person behind this is a woman.

Although the outside world has a strong sense of curiosity about them, they never leave the European city, just occupy the territory of that side.

"This gentleman, we are anxious to go back. What can I do for you?" The speaker is a driver.

Feng Yi took a look at the woman and finally bowed his head.

"Our young lady is naughty and lost. That's why our young master is in such a hurry. I'm really sorry for delaying your journey."

Fengyi came to Fengyan.

He shook his head at him.

"Young master, those people... Seem to be from Ou family. I saw the family emblem on the driver's hand! There's a woman sitting in it

"Young master, just now there were several cars driving from here. We have traced them to..."

"Get in the car --!"

When the car started, Su Xiaowan got out of the car. At the moment, she was lying on the window,

watching the man preparing to get on.

She is going to leave. Now, I don't know if there is any chance to meet her. Her tears are flowing inexplicably. There is a sad atmosphere in the whole person.

Then, looking at Feng Yan's bloody hand!

Chapter 596

With one pupil, she wanted to get out of the car.

But it was held down.

"Since you are going to leave, you should not go down now!"

"But he's hurt!"

"Once you get off the bus, do you think about the consequences? If you want to, then you go out, I won't stop you! However, that also means that in the future, you will never leave. "

"I..."

She tried her best to leave. If she continued to stay in this way, he would only be hurt more seriously.

Next time, it's not the injured hand, it's the life, the life-threatening life.

But she wanted to go down and hug him.

She didn't want to leave Fengyan, not at all.

No one wants the sun above his head to escape from his sky, no one wants to one day, his life into a dark, hand out.

She is, so is he.

They are each other's suns.

In that bleak life, become each other's dependence.

From mud to fake road.

It's all the same.

"You like him very much?"

Su Xiaowan's hand is pinching her leg. It seems that only the pain can make her feel the same pain as him. She can feel her soberness.

She doesn't want to get hurt again.

I don't want Fengyan to have such a situation again. I don't want to sacrifice with blood.

She took her eyes back and looked back into the car. She murmured to herself. She didn't know why she said that to a stranger.

"If you don't like him, why marry him?"

In her heart, only like, will be willing to marry that man.

Also because of love, love, so, Su Xiaowan will leave without hesitation.

Lian Yan's eyes fixed on her, as if she saw another self.

Stubborn, for a man, give up too much.

But she didn't want to let her go this way again.

In particular, people who don't want the family to be closed have something to do with her daughter.

Since it's broken, it should be completely broken.

"There are so many good men in the world, you just don't meet better ones."

"I can't touch it."

Lian Yan listened to Su Xiaowan's voice of despair.

"I can't see what's good about that boy. There are more handsome, gentle and golden men than him. Although he's a family member, he just looks like that. I don't think you need to be hanged in a tree because you are so attractive -- "

"... er..." Su Xiaowan's sadness was less. She didn't know what the woman was going to say to her, so she suddenly rose to such a conversation level?

"How old is he older than you?"

"Three years old."

Three years old.

"I don't like older girls very much. It's better to find a younger girl like you to pet you and tolerate you. For example, he is three years older than you. Speaking of words, there must be a generation gap and he will be older and die earlier than you. It's not good for old men. When they are older, they have more bad habits. Moreover, when she is with you, do they restrict you everywhere?"

The atmosphere is a little strange. Su Xiaowan thinks that this woman has misunderstood Feng Yan.

It seems that he doesn't like Feng Yan.

"Madam, in fact, I separated from him, not because he was bad, but because he was so good that I didn't deserve him."

Su Xiaowan once said to Feng Yan that even if they separated one day, they would not say bad things about each other.

It's true that they didn't come to today because of each other's bad.

It's because

Even smoke sighs silently in the heart.

This girl is in love.

But it doesn't matter. She'll make her forget this man.

The man in charge of the family is not worthy of his daughter.

"How can you not be worthy of him? You are beautiful in age and have a successful career. I've seen your TV series and I'm very good. You have a good temper..."

Su Xiaowan was praised to be at a loss.

"Ma'am, you are really good at praising people. Besides him and my grandmother, you are the third one to praise me!" The amber eyes turned, as if showing the girl's mood.

But even smoke suddenly heard the meaning of the girl's words.

Third?

So her parents never boasted?

Lian Yan's eyebrows are deep, and her investigation of Su Xiaowan is not deep enough... It seems that she must complete the investigation again.

At that time, after the woman took her daughter away, she had a serious illness and almost died.

Later, because of family disputes, she was forced to take her children back

Su Xiaowan lowered her eyes and mentioned her parents, which made her feel uncomfortable.

"Thank you today, madam."

The car was driving slowly. In the strange place, even the air was not the same at all. "Madam, thank you for helping me. Just put me down here!"

"You are a little girl, penniless. You'd better go back with me to save my daughter thinking about you all day long. Maybe I'm old and I like the bustle at home. My daughter can't speak since she was a child. I can't find someone to accompany her when I want to speak. It's just that you are a little girl. I like you very much. Let's go back to live with me for a few days."

Think about it.

Su Xiaowan suddenly thought of Yan.

"Where is she?"

"In the back of the car."

"Is she... OK?"

"It's nothing. It's just skin injury. This girl grew up under my protection. She didn't know the danger outside. She always wanted to make friends, so she tried every means to leave home."

Su Xiaowan also wanted to ask why she was so badly injured, but she didn't know how to ask when she looked at Lian Yan.

On the body of words, with secrets.

And the woman in front of her was the same. Even she felt very familiar, as if she had seen her somewhere.

But she couldn't remember.

What's more, it's clearly my mother. Why is she in the car behind me while she's sitting with this lady?

These days, she always feels that many people can't remember. She even forgets some things that she has done before.

See Su Xiaowan droop eyelids, curly eyelashes covered her eyes, now even smoke want to reach out to touch her.

"Xu is old, but I hope to see more young people like you. When I talk to you, I even feel young."

"You are not old."

"I'm old. I've got gray hair."

When the woman speaks, Su Xiaowan looks at her. In fact, her hair is dyed chestnut, so she can't see any white hair.

People are young and energetic.

She is more beautiful than most women, and when she talks, she is very gentle, so she has a kind taste.

"Madam..."

"Call me auntie. I'm about your mother's age." The woman suddenly mentioned her mother and saw Su Xiaowan's eyes, "by the way, are you thirsty?"

Chapter 597

I just watched the woman take out a delicious sour plum juice from the box and give it to the girl beside me.

"I made it myself. Try it!"

The driver in front looks at this scene. It's the drink of the lady. When the lady is in a good mood, she will cook and make some things by herself, but the things she makes will never be eaten by others.

Even a young lady has never been qualified.

But now... To a woman on the road?

Still a stranger.

He just watched Su Xiaowan open the bottle cap and take a drink.

It tastes sweet.

That's the best sour plum juice she's ever had.

Even, there is a return to sweet.

Full of mouth.

"Is it good?"

Su Xiaowan nodded, "well, it's delicious."

"Drink more. I have a lot more here." The woman pointed to the box of sour plum juice. She had learned a lot of cooking skills for her a long time ago. Unfortunately, after she was born, she had no use at all. Her life changed completely because she lost Su Xiaowan.

Su Xiaowan saw the lady's eyes staring at him. Thinking that there was something on his face, he reached out and wiped his mouth.

Lian Yan realized her gaffe, she said.

"We live far away from home. It may be a long time. If you are bored, there is TV and music in the car..."

"Thank you."

She is a person who never talks much to strangers, but now she has a special liking for the person in front of her.

Maybe it's because the person in front of you is Yan's mother.

When the car calms down, Su Xiaowan looks at the strange street and suddenly realizes. She really left Fengyan and looked at the street outside the window. It seemed that even the plants were different.

Will she have a chance to see him again in the future?

Su Xiaowan's heart is clenched tightly. Even though she has imagined it countless times in her heart, it's not so real, uncomfortable and unbearable.

Back and forth in my mind, it's all Feng Yan and her daily life.

All of a sudden, it hurt her head.

She finally fainted.

Lian Yan looked at the girl in his arms, "drive faster!"

"Yes."

The driver stepped on the gas and headed straight for his destination.

It's raining outside. It's hard to walk on the wet road, but under the rain, the cars are rushing on the road.

Water splashed all over the floor.

The car to pick up ningjingzhi was stopped, and the driver was scared by the huge car in front of him.

He was pulled out of the car and looked at the person in front of him. "I really don't know what's going on. Just now on the ring expressway, someone gave me 1000 yuan to send people to the hospital. I really don't know what's going on."

Feng Yan looks at the man in the back of the car, his brows locked.

Ning Jingzhi was hit on the head and now he is unconscious.

entice one 's opponents to leave their vantage ground.

"Young master, I'll go after them immediately!"

Fengyi with a party, back on the ring highway.

However, the clues of those people were broken after they got off the ring expressway.

"Arrange the bus. I'll go myself!"

"But... Young master, this is K's territory in Europe city. You used to... I'm afraid..."

Feng Yi hesitated, but he saw that Feng Yan had already got on the bus.

"I'll go there myself. You can deal with the company's affairs for the time being!"

"Young master, you..."

Fengyi voice did not fall, Fengyan has been driving away.

It rained heavily. I don't know how, but Fengyi didn't feel at ease.

Europe city.

It's a young master's nightmare.

Chapter 598

Feng Yi frowned.

At the beginning, in those years abroad, no one knew what the young master had experienced.

Even if he stayed with him for so many years, he would never know.

But just because of this, the experience of Fengyi was just from the perspective of others.

Just, at the beginning, he knew.

One person is K.

But there is no way to know about K, who he is and who he is.

That year, when Fengyi met Fengyan, he was injured all over. At that time, Fengyan was treated abroad, but fengzhengting didn't let him go. On the contrary, he wanted to kill him.

At that time.

He asked him.

"Fengyi, am I a coward?"

After that, Feng Yan changed.

Fengyi has never seen such Fengyan again! Feng Yan began to show indifference and indifference to people, and his whole body was full of the smell of killing.

To put it simply, he is no longer the child who left behind.

And turned into the cold to a certain point of the walking dead.

But since he met Su Xiaowan, everything seems to have changed. He is happy with the change of the young master and does not want him to become a walking corpse.

Feng Yi hesitated. Finally, he could only tell the news to Feng's old house.

After hearing the news, Feng's black and white eyes flashed with anger.

But it's fleeting.

"Since I can't stop it, I can only do so!"

Old lady Feng sat on one side with deep brows.

"What a sin! Ah... "

Old lady Feng sat there sighing.

In my heart, there is a secret that can't be solved. It's buried deep in my heart, as if I can't walk out.

Feng Xinling recovered and was able to get out of bed and walk by herself, packing up and going back.

Did not leave the hospital, watching a man blocking her way.

It's Shen Ken.

To be sure, ah Kan.

The man took a DNA test report and threw it to Feng Xinling.

Shen Zhen has been here for several days, but he hasn't met Feng Yan. Feng Yan is Shen Xiaobei's uncle. If he leaves the test report to Feng Yan, I believe he won't stand by.

But Feng Yan is not here.

Therefore, he had to come to fengxinling in person.

After reading the report, Feng Xinling's eyes were deep and bright. "Where is my daughter now?"

Shen Zhen walked towards the ward.

Feng Xinling watched Shen Kan stop in front of a ward, and now she looked inside along his line of sight.

I saw a girl with an oxygen pipe.

Lying there weak.

Feng Xinling went to open the door first and had a good look at her child. However, the door couldn't be opened. "What's wrong with her?"

"Leukemia."

Feng Xinling's mind clattered for a while, and it was only after a few seconds that she finally recovered.

"What did you say? Leukemia? "

"Without the right bone marrow, she will die."

Shen Kan talks about this. How can Feng Xinling not understand that her daughter is still alive, but she has leukemia.

"Has the right bone marrow been found?"

"No

No,

Feng Xinling's whole body was cold and clear. She finally saw her daughter, but

Feng Xinling holds her wrist.

"I'll do bone marrow matching --!"

Shen Kan looks at Feng Xinling. He probably has no mother and doesn't love his children.

Suddenly his head began to ache again.

Finally, he fainted directly.

When Chen Er came over, he looked at Shen Ken who fainted.

He took Shen Kan back directly.

.....

Feng Xinling immediately went to the clinic and said she was going to do bone marrow matching.

The doctor knew Feng Xinling. The last time she matched her bone marrow, master Feng told him to change the result. Now... He doesn't know what to do.

"Madam, you've just recovered. You're not suitable for surgery!"

The doctor wanted to admonish Feng Xinling. After all, this letter is also for Mrs. Feng to have a good rest.

For a stranger, it's not worth it.

"Last time you have done the test, the test results, is not match, your information is still here!"

Feng Xinling remembers the test she did at that time and looks at the photo.

Just, the girl's face inside is a little familiar. When you think about it carefully, isn't this the girl who saved her a while ago?

"It doesn't matter by any means. I'll ask you to help me find someone these days, at all costs."

The doctor was stunned for a moment.

At all costs?

The girls in this room have something to do with Feng's family?

Now the nurse came to change the dressing and went back to the office, looking at the fengxinling sitting there.

"Madam Feng, are you discharged?"

"Is the girl in 1203 awake?"

"Not yet? She's so pathetic. She was nearly killed by her family. Now she's lying on the bed alone. If she hadn't had a boyfriend to take care of her, maybe she would have... "

"Boyfriends?"

"Yes, Gao Gao Shuai has been with her all the time! He's very handsome, but he's cold and never talks to us

The nurse recalled the little girl and the man bit by bit, the girl is already critically ill, but her boyfriend has always been around.

There are many such things in hospitals.

However, it seems that they always feel that they are different from others.

.....

The counselor took a look at Su Xiaowan's case and frowned.

It's difficult.

thorny.

This is a mental illness, not a simple psychological problem. A little relief may make the patient feel better, but this is a mental illness. I don't know when the mental condition will be worse.

"Madam, I'm afraid..."

At this time, the doctor in the bedroom ran out.

"Madam, the young lady has a high fever and has been calling you..."

Lian Yan stood there, frowning.

"Get rid of his fever quickly!"

"... then you..." the doctor originally thought that she could go in and see her, but after all, for so many years, the lady's appearance to the young lady was always extremely indifferent.

It's like treating them the same way.

But people are different from each other, especially the people inside. But my wife's children have blood ties that can't be cut off.

"I have something else to do. Send more people to take care of me!"

"Yes."

Su Xiaowan wakes up. Listening to the movement at the door, the maid on one side first finds her.

"Ma'am, this lady is awake --"

Because Lianyan took care of her just now and told her as soon as she woke up, the maid called Lianyan as soon as she woke up.

Everyone watched as even the smoke came into the room.

Everyone was surprised.

How can this woman be more important than Miss?

Chapter 599

Black and white eyes with a bit don't know where the panic, but looking at the emergence of even smoke, Su Xiaowan and restored calm.

"If you're too tired, take a rest. If it's OK, just stay at home!"

"I'm not tired."

This period of time, she basically spent a lot of time on sleep, she is really not sleepy, the only thing is

the heart is uncomfortable, but after sleep, she will dream.

The person in the dream is Feng Yan.

It's not that she doesn't want to see him. She's just afraid that she won't give up and regrets her decision.

She didn't want to do something she regretted, and she didn't want to make herself hesitant. In this way, she would only make herself more miserable and make him more miserable.

She told herself that there was no turning back.

That's it.

She had to carry it on her own.

But... Why do you feel so tired.

"Auntie, what's the matter with Yan?"

Lian Yan's gentle eyes suddenly recovered, "he's nothing, just skin injury, don't worry about him, after a few days!"

In a few days?

Su Xiaowan raised her eyes and looked at the maids around her with no expression on her face.

She always feels strange, but she can't say it again.

Lian Yan's eyes were fixed on her. In fact, her family did not have this kind of disease.

But she didn't know if he had

"Madam --!"

Someone at the door called Lian Yan. Lian Yan took a look at Su Xiaowan, "I've got someone to prepare dinner for you. Later, you can follow her to eat!"

"Well."

Su Xiaowan looked at the maid standing there. The maid gave her a cold look. After Lian Yan left, she took her downstairs soon.

Su Xiaowan looks at the dishes on the table.

"This is... Are there any other guests?"

There are so many dishes that the whole table is almost full.

Besides, it's a long dining table.

Originally, there were two positions, and the other one was obviously added later, which was particularly abrupt.

"....."

The maid set the chair for her and stood aside without answering her.

Su Xiaowan looked at them and looked at the things in front of her.

Although she is hungry, but... The master is not here, what does she look like sitting there?

Hesitated for a long time, finally found himself standing there seems strange, because the maid's eyes like to eat him.

Finally, I could only sit down with the sign of the man's eyes.

After that, what she was saying and asking became her own one-man show.

only.

"With such a long table, how can they talk when they eat?"

"Madame hates talking at the dinner table. It's impolite!"

Later, I can't talk more.

Su Xiaowan looked at the table which is about two meters long. The whole family should not sit tightly. Is it easy to get in touch with each other?

Eat their own, just take a form, why sit together to eat?

What a strange man.

Study.

"These are the materials of her growth?"

"Yes, ma'am. It's just that Miss Su followed her grandmother to the countryside for a while. I can't remember many things in detail during this period! Miss Su's grades are very good... "

Lian Yan's hand gently touched the information.

As if, there is the whole life she lost.

She's not a good mother, even now.

"She was pushed out and married by Su Zheng after she graduated from university?"

"Yes, it seems that he was going to marry another daughter of Su Zheng, but Su Zheng didn't have the heart... So..."

Even the smoke smell speech, the facial expression changes greatly.

No one can kick his daughter like a ball, and no one can buy and sell her as a commodity.

She won't allow it.

The housekeeper stood there, thinking that his wife wanted to check whether the woman who lived in her house was safe.

After all, not all people can live here.

But he didn't know why Lian Yan's sudden insistence came.

"Madam, you..."

"This girl's life is too hard, and it's very similar to me. Since I've brought her home, I'll take care of her in the future. Those who bully her can't run away!"

The housekeeper was shocked.

I don't know why the lady suddenly said something.

"Madam, you have been neglecting things outside for so many years. For someone you just met, isn't it..."

"If I save her and interfere in her life, I won't give up!" Lian Yan locked the information in his cupboard, and now he twisted his eyebrows, "don't publicize this matter to the public. In addition, her condition is very serious. These days, she secretly went out to find some doctors to take a look for her, but make sure she is safe!"

"That young lady, she..."

"She must be allowed to live!"

"Yes

"By the way, where is Liancheng in these days?"

"Even young master is in Europe city!"

"Let him come and tell him... To introduce a girl to him." It's easy to forget someone. In Lian Yan's opinion, even if Su Xiaowan has fallen in love, she is mostly cheated by Feng Yan.

If there is a man better than Feng Yan, then all of these things will take a turn.

What's more, Liancheng is a child she has seen since childhood.

No matter where they are, they are far higher than ordinary people, especially their age. They are younger than Feng Yan.

The housekeeper gasped.

Liancheng is the adopted son of Lianyan's elder sister. It can be regarded as a genius.

In recent years, I have been pursuing my dream without worrying about family affairs.

The housekeeper wanted to say if he had added too much emotion to a stranger.

It's not my wife's character.

Even, I feel that my wife has an unspeakable emotion towards this girl.

Lian Yan went downstairs and looked at the girl sitting there.

"Why not? Don't you like it? "

"Auntie, I like it very much, but... You didn't come down. It's not polite for me to eat here!" These dishes are all my favorite.

Even yannu glared at the maid at that end. She sat down quickly, took chopsticks to pick up the dishes for her, which were all her favorite food, and put them in her bowl. "It's like being at home. You're Yan's friend, and you're about my daughter's age. I take you as my daughter's, so you're welcome!"

"Thank you, Auntie!"

Although the dining table was very quiet, Su Xiaowan even felt nervous because she was sitting close to Lian Yan. It was her first time to have dinner with someone. Especially that guy, he's a stranger.

She originally adhered to the principle of eating more and talking less.

But

Even smoke seems to have been with her to find topics to chat, between two people, where there is a little strange feeling, like a long time to know the same.

"By the way, what do you think of this place?"

"Very good!"

"You can live here as long as you like. I have a nephew who came back from studying abroad. You can get to know him later..."

Chapter 600

"Cough..."

Listening to Lian Yan, Su Xiaowan almost got a grain of rice stuck in his throat.

Lian Yan reached out and patted her on the back.

"What's the matter? Are you all right? "

"Auntie, are you kidding? Feng Yan and I..."

"Since you are going to separate, do you want to live a lonely life? Even if you die alone here, you just can't live with yourself. A family like Fengjia will not marry for you all his life? "

Su Xiaowan pursed her lips.

She didn't think so much.

Maybe I didn't expect the future.

Leaving Fengyan was just a decision at the moment. Although she thought about it carefully, she didn't think about it at all.

"He..."

"He won't, even if he loves you, he will never be allowed to marry for you."

Hearing this, Su Xiaowan lowered her head to eat.

Like a lump in my throat, I couldn't say anything to refute for a moment.

She felt selfish.

It's clear that she has to leave Feng Yan, but in the end, when Lian Yan says so, she wants to step back.

"You are still young. Many things are not as simple as you think. My nephew is also a good man. If you contact him more, you will like him. There are so many good men in the world. Why insist on such a man?"

This silly girl, who does not like well, just like Feng Yan.

You should know that Feng's family has made countless enemies outside, and the hidden secrets behind her are what a girl can bear.

I'm afraid that Yan can't protect herself, let alone protect this girl.

Fortunately, they were separated, which saved her from interfering.

Fengjia couldn't protect her, so she had to come by herself.

However, she can't look around for her.

The only thing is to find a backer and entrust her to him, but with selfishness, I hope I can see the child all the time.

So Liancheng is the best candidate.

In her opinion, love can be cultivated slowly, and when the time comes, it will turn into love.

Mainly, she didn't want her life to fall on her.

Since she left such a big mud, it's good to have a happy life from now on. Anyway, she has already imagined everything, and she doesn't need to bear all this.

"Feng Yan is different from others to me."

"What men are good at is lies. They coax your heart in front of you. If there is a conflict of interest, they will kick you. You are young and simple. You may not have seen such a thing. But I have seen that after Deceiving a girl's body and mind with rhetoric, they kick her for their own interests, And that girl... Her body and mind are all on the man who talks so much, and finally... She dies with her child

Dead?

Dead with the baby

In vain, Su Xiaowan's chopsticks stopped and her eyes fixed on Lian Yan. Maybe there was a lot of anger in her words, but there was also a sense of sadness sweeping all over her body.

As if those things were her experiences.

It seems very close to her.

"There is not a word of truth in a man's mouth. He treats you well, but do you know who he is? If one day, he stands opposite to you, can he show mercy to you? Xiaowan, you are not against him now, so you don't think it will happen, but what is impossible in this world? "

Stand on the opposite side.

She and Feng Yan?

Why stand on the opposite side?

"Maybe there will be such a day, and then you will give in foolishly and let him succeed blindly?"

"But auntie, there are good people in the world. Feng Yan is not like that..."

"But what you see on the surface is good? As the saying goes, it's not nonsense to know the face but not the heart. If my daughter wants to be with a man I don't like, I will be very cold. "

"But..."

"Do you think adults have a bad eye? Not as good as you? "

"But I'm not young. I'm 24 years old. I can tell who's good and who's bad, who's good and who's bad for me. Auntie, I know you're worried about me, but I'm not as weak as you think. Although Feng Yan and I are separated, we may not have any relationship in the future, but I don't regret today's decision, and I don't think he has to pay something for me, From the beginning, I planned to be with him. I didn't covet anything in him. It's just that he is good to me, very good, very good. I like him and want to be with him. "

The girl's voice is loud.

Up and down in this room.

Several maids around were stunned. This was the first time that someone dared to talk back to his wife. If it had been before, she would have been dragged out to feed the wolf.

Madame's means are cruel. It's the same to everyone.

No one ever dares to say these words to his wife. They come here to work with their heads in their hands.

"What if your mother advised you to leave?"

Mother?

"My mother is dead, she is a desperate woman for love, I believe she will understand me."

"If you are the same as her, it's really silly. Otherwise, you can talk to my nephew. In a week, you can help my aunt. He's in his twenties, and she doesn't even have a woman. Her mother is afraid that he likes men..."

I don't think it's easy to help.

"Just get along with him for a while and see if he likes men or women for me!"

"... but auntie, I..."

"The food is cold. Eat it quickly."

After eating, Lian Yan went to his study and called Lian Cheng.

After explaining some things, he went to Yan's bedroom.

"How's it going?"

"Still have a fever..."

Even smoke stood at the door, looking at the end of the people, more than 20 years, the results of all this, it seems that there is no change, she is ashamed of the child.

But she couldn't help it. He was chosen, but it was his life.

I can't get rid of it.

In the days to come, she will make up for it.

But the only thing is to make up, because she can't do anything else.

"Take good care of him these days. The maid who takes care of him will stay with him. Don't go out! If there are guests outside, it's not good to infect others! "

"Yes..."

.....

Su Xiaowan just knew that this is oucheng.

In this city, I don't know how many mysterious rumors she has heard before.

It's a tropical city. It's normal temperature all year round, and there's no snow.

But I heard that one year, the whole city of Europe was covered with snow. It wasn't because of abnormal weather, but no one knew who had the ability to make the whole city full of snow.
