

good evening 601

Chapter 601

That year's events, up to now, are widely spread.

Besides, there is a mysterious family here... However, Su Xiaowan knows very little about it. Up to now, he has forgotten the name of the mysterious family.

Su Xiaowan is sitting in the pavilion to enjoy the cool. This is a villa with antique flavor. The environment is very beautiful, and even the air is different.

However, after getting along with them these days, I always feel that these maids have no expression at all.

It's like a cold machine.

She hasn't seen Yan these days. When she asked the maids, no one told her.

Here, in addition to Lian Yan who can talk to her, other people seem to regard her as air. These people are really like machines, cold.

The colder you are, the more you want to be Fengyan.

I don't know what he's doing.

These days, she's here for treatment.

Although the situation is still bad, it seems that emotions can be controlled a lot.

She doesn't know if she can be cured by the doctors here, but she is very cooperative.

She did whatever the doctor told her to do, without any complaint.

She is eager to become Su Xiaowan and return to Feng Yan.

The psychiatrist came over and followed another woman today.

That woman is very beautiful. She is too beautiful to be moved. She looks very small. She has a childlike face. She should be young.

"Miss Su, this is Lin Kai, an authority in the field of psychology. I have already told her about your illness. From today on, she will be in charge of your future affairs."

"You don't think she's young, but what she learns is above my level. She's a very professional person!"

Lin Kai came over and looked back and forth at her. She had heard that her wife had brought a girl back. Originally, she thought who had such great ability to let her "follow her advice".

Even, I heard that my wife has spent a lot of time on her.

He also introduced Liancheng to her.

Now it seems that this woman is just a little better looking, and there is nothing different about the rest.

"Do you believe me?"

"Er... What do you believe?"

"Believe I can cure you!"

"I believe it."

Lin Kai narrowed his eyes and looked at the girl's firm eyes. I don't know why, he always saw a familiar shadow on her.

And this familiar shadow comes from the lady.

Lin Kai took out a piece of information from his bag, "this is the other party whose wife wants you to go on a blind date, even young master! Madam, I think you can know more about him before you meet, so please let me sort it out. "

Su Xiaowan didn't answer. In her opinion, she didn't want to go on a blind date with master Lian.

She only has Feng Yan in her heart, and the others have nothing to do with her.

"No, I don't want to see it!"

"Miss Su, this young master is the perfect man in the eyes of all the girls in oucheng. Don't you care?"

"So you like him, too?"

Hearing the speech, Lin Kai realized that he was almost beaten by the routine. He said with a dry smile, "I have someone in my heart for a long time, but I'm not interested in young master Lian. The person I like is 100 times better than young master Lian."

"But you just said that even the young master is a perfect man. How can any man compare with him?"

In fact, Lin Kai is about the same age as Su Xiaowan. She has been a genius since she was a child, and she

has excellent grades, so she has jumped many levels. Even though she is young, her learning is not inferior to those older people.

So at a young age, he is already a leader in that field.

"Every radish and vegetable has his own love, but I don't even have the slightest interest in the young master. The person I like, I don't know if you've heard of him. His name is ningjingzhi! Here, this is a picture of him, isn't he handsome... "

Lin Kai said, looking for the picture in his pocket.

Su Xiaowan recognized it at a glance.

Ningjingzhi.

She likes Ning Jingzhi?

"Unfortunately, there is not much news about Ning Jingzhi on the Internet. A while ago, I heard that he had a girlfriend."

"He hasn't yet."

"... how do you know?"

"I know him."

"Really? Do you know him? "

"It's true."

Lian Kai to Ning Jingzhi, that is not to mention a lot of want to know about him, pestered Su Xiaowan asked a lot of questions.

Of course, the only cost is there.

Su Xiaowan is allergic to mangoes. On the day of blind date, she ate a lot of mangoes in the morning.

And then, very quickly.

She thought that the lady was also for her own good. She had not seen her husband since she lived here.

Probably left.

And the wife also seems to have a kind of hostility to men.

If she doesn't go, it seems that she can't say much.

It's not very polite.

"Or I'll wait until you're good..."

"No, auntie, I'll be fine!" Su Xiaowan wrapped up and got into the car.

café.

Liancheng was forced to have no choice but to come here for a blind date. However, when she saw the strangely dressed woman at the appointed place, she only showed one eye.

Although it's just an eye, he recognized it at a glance. After all, he grew up with Lin Kai. Lin Kai's parents used to be Lian Yan's right-hand assistants. Unfortunately, Lin Kai was raised by Lian Yan after a car accident more than ten years ago. Although she has been studying abroad for so many years, she has been his follower since childhood, I can recognize it myself.

"Lin Kai, what are you doing here?"

Lian Yan is a blind date with a woman.

Say what, make sure to marry her home.

Liancheng has a good leather bag, and his image is also quite distinctive. In addition, he came here today and dressed up specially, so he looks even more handsome.

For all my aunt's requirements, even the city is sure to implement.

"Forced by the situation, do you think I want to go on a blind date with you? I can't look up to you if you don't... Anyway, you just stay here and drink me coffee, so much nonsense!" Linkai saw the camera on one side.

He thought, who is Su Xiaowan?

Why does the lady pay so much attention to her?

"What are you pretending to be?"

Lin Kai has tried his best to reduce his sense of existence, "I warn you, don't speak, your mouth doesn't speak, isn't it? I have to shut your mouth, don't I? "

With that, Lin Kai has already started. She grew up with Lian Cheng and has no taboo about many things.

This scene was photographed by all the people over there.

"Madam, Miss Su just wiped the mouth of young master Lian!"

Chapter 602

Lian Yan was in a good mood when she received the call.

Originally, she was still thinking about how to let Su Xiaowan untie her heart knot and forget the man from her life.

Now it seems that she is satisfied enough to talk to others.

In her opinion, Liancheng suits her best.

Moreover, even the character of the city, I also know, if later wronged, she can help her out.

The most important point is that she can see her anytime and anywhere, and she doesn't have to think about other reasons to keep her.

"Come back! Let them talk alone. "

"Yes."

The man at that end immediately packed up and left the coffee shop when he was attacked by the cigarette.

Lin Kai was relieved to watch the man at the other end leave.

Lian Yan is the master of her life from small to large. No one dares to disobey her. If Lian Yan knows that she is going to mention Su Xiaowan's blind date, she will die.

The weather in Europe city is very hot, wearing a headscarf, she can't sweat all over for a long time.

Now he immediately took off his turban and threw it on his seat. "Oh, it's so hot."

Liancheng looked at the woman in front of him. He was still out of the situation. "No, Lin Kai, what are you pretending to be?"

"Who's pretending to be a ghost? It's just that someone doesn't look up to you and entrusts me to count."

"You don't like me?" Lian Cheng squinted, "can't you love me secretly, so come for her?"

"... your face can be bigger. Miss Su has someone in her heart, so she doesn't want to come here for a blind date."

"Since I don't want to, why don't I make it clear to my aunt at first."

"Who is the lady? We can refuse whatever we decide."

"So it is." Liancheng thought of his aunt's order this morning, "but... I didn't see her, and I don't know if it's my favorite type. This aunt wants me to chase her. You screwed it up for me. How can I tell her?"

"... I've said that people don't like you. There's someone in my heart. I'd rather tear down ten temples than destroy a marriage. Even in the city, you won't even let married young women go?"

"She's married?"

"It's not far away anyway."

"But how could this aunt..."

Lin Kai also felt strange. For so long, his wife was cold to everyone, but she was very different to Su Xiaowan.

"I can't guess my wife's mind, but she's my friend now, so don't even think about her."

"Do you think I'm jealous because I pay too much attention to her?"

Linkai's temper blew up.

He slapped the table and said, "Liancheng, do you think your face is inlaid with gold? Everyone likes you."
"

"But you don't seem to be able to help others casually. When did you become so warm-hearted?"

"That's because... It's none of your business!"

Lin Kai thought about the girl in the car, went to the front desk, packed some things, and then went to the car.

It turns out there's no one in the car.

They changed their clothes here just now.

She looked at the post it note on the seat.

"Kaikai, I went to the hospital, and my face was so miserable."

Lin Kai remembered that she was too sensitive. It was hot and the air conditioner was not on in the car just now. It must be

It's really my fault.

Su Xiaowan went to the nearest hospital. Fortunately, when she went out, she even gave her some money for cigarettes.

She bought ointment and hung a bottle of water, which was better.

When you come out, listen to the movement from that end.

"No.1 emergency room just sent a patient. It was a traffic accident in Shancheng district. Call Dr. Li quickly."

Chapter 603

Su Xiaowan was frightened by the posture of several people in front of her. She looked at the people who were devastated, and even their clothes were out of shape.

It turned out that the huge accident was caused by the drunk driver, who knocked down all three cars.

The driver was killed on the spot.

And a car that was hit, because it hit the fuel tank, instantly caught fire.

Fortunately, there are passers-by around to help, only to pick up a life.

However, the skin is also not clear, flesh and blood.

The doctor pushed the car and sent them in from the door. Su Xiaowan's eyes were fixed on the man who couldn't see his face clearly. His eyes were focused on the man's hand.

A ring slowly fell into her eyes.

Her heart thumped, almost without reflection.

That's their ring.

She won't admit it.

Su Xiaowan can't care about her discomfort. She catches up at the moment, but the doctor stops her and doesn't let her have a look at it at all.

"Who are you? Now we are going to have surgery. Please wait outside!"

The door cut her off. She felt cold all over in vain, like something could push her to hell quickly.

It was an unexpected result.

Su Xiaowan looked at the cold door and grasped the nurse at that end, "... Who's in it?"

"We don't know much about this. It's all from the highway. You can ask the police over there about specific things!"

police.

Su Xiaowan ran to the police in a hurry and learned the name of the man in the hands of the police.

It's a stranger.

Her heart just let go.

Fortunately, I was wrong.

not so bad.

"What? Do you know him? "

"I don't know."

"Well, this traffic accident is the most serious I've seen in my career for so long, and I don't know..."

When Su Xiaowan left, he listened to the policeman at that end chatting.

I don't know why, even if I know that the person in front of me is not Feng Yan, but I'm still not sure.

It's like... Something is holding her heart tightly. It's too hard to suppress.

There is also a sense of inexplicable want to cry.

Lin Kai finds the lost Su Xiaowan nearby and looks at her with red eyes. "What's the matter with you? How did you cry? "

"I don't know why. It seems that when I think of something sad, my tears can't stop flowing down!"

Lin Kai saw her with a frown. Her condition was not as good as it seemed on the surface. It was all

disguised by her.

In fact, she didn't get better. On the contrary, she couldn't control her emotions.

Lin Kai touched Su Xiaowan's head and said, "Xiaowan, don't always think about the past. The more calm you are in the pain of the past, it will only make you more miserable."

The pain of the past.

Su Xiaowan raised eyebrow, "but the past is not painful."

The time she spent with Feng Yan was the best she had ever felt.

Lin Kai sighed. For a while, she couldn't get out.

She touched her head. "Actually, you still want to be with him, don't you?"

Su Xiaowan's eyes looked at the street at that end. She still wanted to be with him?

Yeah.

Of course she would.

"He and I have nothing but each other."

When Lin Kai saw Su Xiaowan, he wanted to say, how about breaking up? The next one will be better.

Why insist on a person, this world, is not to say, such a man.

But I heard her say so.

In fact, Su Xiaowan is only 24 years old. In her opinion, her life experience is not much. Although she is young, it is undeniable that her experience is more than Su Xiaowan.

She has seen all kinds of people, many people with status and status, but no one has ever said such a thing to her.

In her opinion, even if she likes Ning Jingzhi, if this man deviates from his original intention, or hurt her, she will leave without hesitation.

Cut off her enthusiasm.

But when she saw a little girl, she was shocked to say that in front of her.

I can't even say what I said before.

"Well, since you like him, let's get well cured and go back to find him. My clinic is in front of me. I'll show you around."

"Well."

.....

Seal your home.

Old lady Feng is restless these days. She can't eat and sleep. She always feels that something is pressing her heart. Even if she just squints for a while, it's a nightmare.

"I always feel that something is going to happen, old man. Has ah Yan found it?"

Mr. Feng sat there with a slight twist on his face.

These days, he is not like this.

"Don't worry. This is such a big place in Europe. Where can't you find a person?"

"But I just don't feel good in my heart. Ah Yan is impulsive. You know that. Ah, I'm afraid that ah Yan will do something extreme."

The old lady sighed as she spoke. At the end, she didn't know what she was saying. "At the beginning, I brought him back. I said I would protect him all my life. He is my own son. I don't allow him to miss anything."

Old man Feng stared at her, "you old lady, what are you talking about?"

The old lady wiped her tears and said, "look at me, what are you talking about? Ah Yan has been sensible since childhood, where we need to worry."

"Have you contacted Xinling?"

"I was going to tell you about it. A Ning came with the news that she found the child!"

children?

"It's in that hospital. Let's go there sometime."

"What are you waiting for? Go now --!"

Feng family father and wife immediately let the driver take them to the hospital, saw the weak girl.

Girls are small and thin.

Old lady Feng almost looked at the girl for the first time and cried.

This is what Feng Xinling looked like when she was a teenager. Now Shen Xiaobei looks like this too. She is definitely her granddaughter.

Shen Xiaobei still can't accept this matter. Ever since she woke up, Feng Xinling has been taking care of herself.

For her, where she wants to get, she will be involved with the Fengjia people.

It's a family she doesn't even dare to think about.

"Girl, don't be afraid. I'm grandma and he's grandfather. We're all good people..."

Although old lady Feng's son disappeared, it made up for her many years' worries. In those years, her daughter gave birth to a child. Halfway through the hospital, she heard that the child was dead.

I almost passed out.

Chapter 604

Later, the old man finally told her all those things.

Knowing that her adopted son had done all this, the old lady was seriously ill.

At the beginning, she was soft hearted and brought the child back to her home, but unexpectedly, the child became such a terrible person. It's something she never thought of in her life.

Feng Xinling and Feng Li are all related to him.

For such a long time, she has been blindfolded in her bones. Now the truth has come to light. All of this makes her unable to accept. For a moment, she feels that her world has collapsed.

And the person who causes the consequences of all this is himself.

The farmer and the snake, that is to say.

Old lady Feng felt sorry for Shen Xiaobei, and even left tears when she looked at her.

But Shen Xiaobei was right.

"It's grandma. She's so happy!"

Grandma.

Shen Xiaobei is not used to this kind of address.

In her opinion, her family is estranged. She has never felt warm in many places since she was a child, especially in the face of his mother's death.

She has long been pessimistic.

But now, with the sudden intimacy, she always feels uncomfortable everywhere.

Feng Xinling looked at her, "don't be afraid, we won't let go of those who hurt you. This is grandma. She won't hurt you any more..."

Maybe it was the woman's words that calmed her down.

Shen Xiaobei nodded.

Old lady Feng looked at Shen Xiaobei's unspeakable cleverness. She thought of her other son.

Her face was full of sadness, and she could only wipe her tears in silence.

This night, the old lady's hair seems to be how much white.

And this one.

Under a mysterious villa, Lian Yan stood there and heard the news from his subordinates.

"What did you say?"

"Young master Feng had a car accident on the road. Now he was burned all over. Now he is in the hospital..."

Burns, hospital.

"Miss Su went to the hospital today, but they didn't see each other!"

He continued.

Unexpectedly, Feng Yan actually came here, which was unexpected to her. But just because of this, she couldn't relax.

"The Fengs are coming, too?"

"No, only the young master of Feng's family."

Even smoke's mouth slightly raised, sneered, "a person dare to come alone, the courage is quite big!"

The man didn't know why Lian Yan was so hostile to Feng's young master. On the contrary, he had seen his wife for the first time in such a long time.

"Where is Xiaowan now?"

"To Dr. Linkey's office."

"Go and get her back!"

"... good."

When Su Xiaowan saw Lin Kai's huge office environment here, she was envious.

She sat there watching TV.

Just in time, the video broadcast is the play in which she plays.

Thinking about the events at that time, Su Xiaowan still felt warm.

But before long, Lian Yan sent someone to bring her back.

Yan hasn't woken up yet. Even if Su Xiaowan goes to the bedroom door, he can't get in at all.

But she had to go back to her room.

I don't know why, I always feel that this place, like any rules and regulations are imprisoning her.

But she seemed to have nowhere to go.

.....

The old lady knew the news the next day, but she didn't think about it. Before someone picked him up, she miraculously disappeared.

She and the old man went to the hospital in Europe.

"You say my son is gone?"

"Madam, the young master is seriously injured. He will never leave by himself. Someone must have taken him away..."

Chapter 605

"What?"

The old lady almost fainted again, but the old man put his arms around her in time to avoid a tumble.

They managed to find Feng's whereabouts in the European city, but who knew they would wait for such a news.

"Don't worry, old lady. We've locked people in, but..."

"Just what?"

"They seem to be from the Ou family." The man at the other end pursed his lips. "The Ou family has always been mysterious. Although they live in oucheng, they have concealed their address over the years. Behind this is a woman with a surname of Lian. It seems that she is not very old. But we haven't found out what the Ou family does and what the power behind it is. We don't dare to ask for people openly, let alone the young master and the people of the Ou family, There's nothing to do with it. "

"However, after the young lady disappeared that day, the young master sent someone to track down the expressway around the city. On the way, he met the Ou family. The young master's people stopped their car. I don't know if it was because of this that angered the Ou family. But our people haven't found the rest yet, but I always feel that someone deliberately directed the spearhead at the Ou family, Everything is strange... "

"Continue to investigate, no matter whether the person is taken away by Ou family or not, I must be there!"

"Yes, sir."

The scene suddenly became cool, leaving only the old lady and the old man.

The old lady is sitting on the sofa, sleepless at the moment.

"I brought him back, and now he's missing again. It's all my fault."

"No matter who he is, since he is my son, he has always been my son. I will bring him back safely."

"Old man, I don't believe you, but if this Ou family is close to a Yan..."

"Impossible. The Ou family has nothing to do with them. Don't think about it. Go to bed early."

"How can I sleep? I'm like ah Yan now. Ah Li is already like this. I don't want to. Ah Yan is also..."

"He will not."

It's not going to be another isolation.

He won't allow it.

But now fenglaozi's heart is beating drum, fengjiawai, is not without enemies, if enemies come, then Fengyan

But he's the head of the family.

Even if I feel afraid, I can't show my feelings at all.

No one is perfect. In his life, he never thought that he would encounter such a thing.

He had a good time all his life.

But when it comes to old age, it's just a luxury to spend it in peace.

.....

Lian Yan didn't expect that Feng Yan was missing. Originally, she thought about it all night. She felt that her cabbage had been arched by a pig and couldn't swallow it.

In addition, Su Xiaowan ate less at dinner, which was obviously something on her mind.

She wanted to have that Feng Yan beaten.

But the man disappeared.

There was no place for his anger.

In the morning, Su Xiaowan still went to Lin Kai's clinic for diagnosis and treatment.

After about an hour of treatment, Lin Kai took Su Xiaowan and asked her to talk about Ning Jingzhi.

In fact, she knew very little about Ning Jingzhi. She asked him for help that day. Later, she asked Lian Yan how Ning Jingzhi was.

Lian Yan said that the injury was not serious and he had already sent the man to the hospital.

What's more, Ningjing was discharged from hospital.

But Lin Kai is here to pester her about Ning Jingzhi. She doesn't know much about Ning Jingzhi, so she can only tell him what she knows.

"I've heard all you said. Can you tell me something private?"

"... private? But I don't know him very well, I just have a kiss

"What? Blind date? You're still dating her? Xiao Wan, I'm so jealous of you... "Lin Kai is a careless girl, with no heart.

It's a bit like Xia Yanran.

After such a long time, I don't know how Yan Ran is getting along with Master Lu?

It should be very good.

After all, I haven't seen Mr. Lu's scandals on the Internet during this period of time. I think Mr. Lu has returned to the right path.

"Xiao Wan, do you have his number?"

"... I left my cell phone in the hospital before."

"... it seems that he and I are destined to have no fate! Ah..."Lin Kai said with a sad face.

Su Xiaowan doesn't know what kind of emotion a girl has for a man she hasn't met. She has never had this feeling for anyone. The only thing she has is Feng Yan. Therefore, she doesn't know what love at first sight is.

Just thinking about all this, when Lin Kai said these words, there were pink bubbles around him.

It was a pink bubble that she had never known before.

"Lin Kai, if there is a fate, we will see each other again."

Lin Kai was lying on the table, feeble. It seemed that when she mentioned this person, she was full of self-confidence. All of a sudden, she was ashamed.

"But he never knew that there was me in the world --!"

Su Xiaowan leaned over, "but who knows who he will meet in his life? Maybe you'll meet at the next corner? "

"Really?"

She holds Lin Kai's hand, "I believe that people who have fate will always want to meet."

Even after countless setbacks, even after all kinds of tribulations, as long as they can meet, all these are fate, destiny.

People are just approaching with doomed steps.

Lin Kai wanted to say something else, but his cell phone rang.

It's from Liancheng.

"What for?"

"What do you say? You came to have a blind date with me for someone else that day. Now my aunt called me and asked me to go to her house for dinner. What do you say if I wait? I didn't even see anyone that day... "

Lin Kai glanced at Su Xiaowan, "aren't you good at lying without blinking an eye? Do you want me to teach you this?"

"... anyway, I missed the trap, so I said you told me!"

"You..." Lin Kai was almost angry by Lian Cheng. If it wasn't for his cell phone, he would be pulling his ear at the moment. "Lian Cheng, do you think that if your wife knew you cheated her that day, she would not let you go?"

"I was forced by you. You've been a tigress since you were a child. I'm a gentleman. I don't care about you."

"Who do you say, Tigress, Liancheng? I tell you, you don't want me to see you. Once I see you, I'll beat you --" Lin Kai angrily hung up his cell phone.

Su Xiaowan looked at her angry look, "what's the matter with you?"

Looking at Su Xiaowan, she thought of it. "That... Madam said that she invited the dead man to have dinner at home. I couldn't help thinking about my blind date with Liancheng! Xiaowan, only you can help me. You don't know if my wife is angry, then I will be put into a small dark room. "

Chapter 606

She has heard countless people say that Lian Yan's temper is bad, but in her contact, Lian Yan is especially kind to her.

"It's not so exaggerated, is it?"

"Why not? I'll tell you, madam can even be cruel to her own daughter, not to mention people like us who have no blood relationship with him." Lin Kai pretended to recall a lot of things at the moment. "I remember one year, Miss offended her wife because of something. She stood in the cold lake all night, but she didn't feel soft to her... It's better to be found when she fainted, otherwise, she almost drowned in the lake. There was another time, I remember that the young lady broke the vase that she liked. As a result, she whipped several whips, and the wound was bleeding and purulent. Finally, the lady gave up... Oh, by the way, another time, the lady said... "

Lin Kai was very excited when he said it, as if the person who felt the same way was her.

It was as if all those things had something to do with her.

"So, when we see you at my wife's house again, my wife is very considerate of you sometimes. Everyone is shocked. Before, some people joked that you are my wife's illegitimate daughter!

But later, we thought that the wife was so serious to her own daughter. If she was an illegitimate daughter, she would not give any good looks at all. The wife's heart is harder than a stone, and she has a bad temper. "

Su Xiaowan listens to Lin Kai.

every single word or phrase.

Frowning.

She has come into contact with her these days, but she is not like this at all.

When it's cold, I will give her quilts and buy her new clothes. The clothes in her cupboard are all prepared for her by my wife. In addition, my wife will teach her a lot of things

Although it was only a few days, she felt warm as the sun.

"The lady you mentioned is a little different from the lady I have met. I feel that this lady is kind and approachable these days. Moreover, before she acts, she has a kind of gentleness. She is very kind to me, even better than my mother to me!"

"So, this is the strangest part. Maybe you are soft and cute, and your wife loves you."

"But isn't Yan more lovely and beautiful than I am?"

Lin Kai was so said, nodded, Yan is the most beautiful girl she has ever seen, that kind of beautiful inside with Yin Qi, anyway very good-looking, but, Yan is a mute, also can't say a few words with him.

"There is no way for outsiders to enter this place, but the lady brought you back in person, which is enough to prove that you are different from others, but I don't know exactly what the difference is."

Su Xiaowan pursed her lips. "In fact, do you have any misunderstanding about her? Although this lady said that she was always taut every time, I know that she was a knife mouthed bean curd heart. She didn't say that she didn't care about words, but she just didn't know how to express it. That night, I watched her standing at the door of words, accompanying her for five or six hours. What's more, although she said she was cruel to strangers, she didn't embarrass anyone. She even said that the dismissed maid had paid a lot of money for settling down

Lin Kai frowned and looked at Su Xiaowan.

In such a long time, she was the first one to protect his wife.

"Has Madame given you some soul soup?"

"What? Maybe you're a big fan. I can see it clearly. Madam is not as bad as you think. She's a good man..."

"In fact, madam, it was not like this before! In the past, everything would be shown on her face. Now, she feels very tolerant. Even if she is angry, you can't see through her. "

Lin Kai's memory, the earliest time, the wife is not like this.

"Is it hard to be hurt by a man?" Lin Kai covered his mouth before he could speak.

"Shh, madam's private affairs hate to be discussed. You don't want to live!"

Su Xiaowan's amber eyes flashed, "it's just... My guess."

"That's a good guess."

"....."

Is that true?

However, Su Xiaowan is not a gossip, but she had guessed what Lian Yan said to her that day, but now it seems that she really is.

Just as she was daydreaming, suddenly even the smoke called her.

At the moment, the man at the other end was startled.

Especially Linkai.

"Xiaowan, you must have been asked to go back to Liancheng. What should I do? Last time I was fooling around outside. This time I have to help. What can I do if I go on like this? I'm going to waste, Xiao Wan... Help me! I don't want to die yet. I haven't seen Ning Jingzhi yet... "

Su Xiaowan frowned.

"It's not as serious as you think, but... You have to give me the phone number of Mr. Lian first, and I'll talk with him."

Lin Kai smell speech, clapped his head, "how I almost forget this."

Then he immediately took out his cell phone from his pocket and found Liancheng's phone.

Su Xiaowan looked at the note on the mobile phone.

——A hateful turtle in a green hat.

I couldn't help laughing.

"You and young master Lian..."

"Stop, I don't have anything to do with him. He's a pain in the neck, you know? I've always pretended to be good in front of adults since I was a child. Besides, you don't know that every time he makes trouble, I have to bear the blame for it. I don't know how much I've been scolded for it. He's good. Now he's grown up and has a good reputation... "

"Then you asked me to go on a blind date with him before, didn't you push me into the fire pit?"

"Er... Actually, his conduct is good, and he knows the root of it. If he can bully you, I can teach him a lesson for you! In fact, he is also very handsome, not so unbearable. "

Su Xiaowan listened to Lin Kai's praise.

This wench, in the heart likes who, actually she all does not know.

However, she also knows her temper. Now she will not admit it. People who have fate will naturally be together without the promotion of others.

Su Xiaowan dials the phone.

Even Mr. Lian is a gentleman. It's not hard to string words with her.

And even give her advice.

When they went back, they even wanted to let them talk alone and cultivate their feelings. But in the afternoon, they woke up.

This boy has never had a good life system. She is very good at giving birth and supporting her, but she never thought that he has many disasters and diseases. It seems that colds and fever are common.

At the dinner table, Su Xiaowan woke up listening to Yan, her eyes blinked, "that... Aunt, can I go to see him?"

Chapter 607

Even smoke originally thought they can contact more, toward the end of Liancheng make eyes.

Liancheng naturally received Lian Yan's eye signal, but

"Aunt, I haven't seen Yan for a while. I miss her very much."

Lian Yan just wants to break his nephew's head and see what's inside.

She hinted like that, but he

At present, we can only promise to let them see the speech.

The serious illness has just recovered, and Yan's face is not good, but when he looks at Su Xiaowan coming in, his eyes suddenly light up.

He wanted to hold the paper beside him excitedly.

But looking at Liancheng who came in, he stopped again.

"Ah yo, my little Yan is more and more lovely... Come on, let me have a good look..."

Liancheng walked to half, was forced to retreat by Yan's eyes, but Yan never liked others to touch him, the little girl had a strong temper, and immediately withdrew her hand, "you little girl, I haven't seen you for several years, I don't even know your brother!"

"Are you all right?" Su Xiaowan just ignored Lian Cheng, walked over and touched the forehead of touch speech very naturally, "seem not to burn."

On the other hand, Liancheng felt that what he saw in front of him was a frightening scene.

I like Su Xiaowan very much?

I really don't understand. Does my aunt like Su Xiaowan and Yan?

Is this woman really the illegitimate daughter of her aunt?

Anyway, Liancheng's heart is beating at the moment.

Before long, the phone rang, immediately found an excuse and went out.

But Su Xiaowan continued to sit on Yan's bed. Although Yan was a girl, everything in the room was dark.

It's hard to imagine that this girl still likes it.

If you want to talk about this lovely face, you should have pink dolls, princess dresses and so on. But there is a depressing atmosphere in his room.

She thought of what Linkey had said.

"Would you like some water?"

Yan shook his head.

Taking the paper from one side, "Why are you here? Did she embarrass you? "

Su Xiaowan understood who she was referring to.

Lin Kai said that the relationship between her and her wife is not particularly good. Up to now, she doesn't call her mother. Sometimes, she calls her wife just like them.

It's pitiful to think about it.

"No, ma'am is helping me. Besides, she came here for your company. She is worried about your health."

The words are really beautiful. Some of them look like half blood.

The skin is very white, even the eyes are amber.

Wen Yan frowned.

Company?

Obviously, he didn't believe it.

"You are very well. Don't get hurt again. Madam is very worried about you. She has been taking care of you day and night these days. You are a big child. You should learn to be considerate of her."

No more words.

Su Xiaowan see some helpless, also, such a long time entanglement, can't because she a few words, so easy to say.

However, Yan wakes up. She originally wanted to leave here. After all, it's not a matter for her to live here for a long time. Other people are not related to her.

"You're lying down for a while."

Words very obedient lie down, but the hand has been holding her clothes, "don't worry, I don't go now, you sleep!"

It took me a long time to fall asleep.

Looking at Yan's sleeping face, I envy him.

Maybe her parents are worried about her all the time, but what about her? Even if you're afraid to die outside, no one will know.

She took her hand and left the bedroom.

But as soon as the door closed, the words at the other end immediately opened their eyes.

Yan didn't know what Lian Yan meant by bringing her back, but he absolutely didn't allow her to be a little dangerous.

When Su Xiaowan came out, he listened to Lian Yan talking to Lian Cheng.

"If Yan is a girl, do you think I will give you such a good chance?"

"Aunt, that Su Xiaowan is an ordinary person. Why do you want me to marry her?"

"Xiaowan has a good character, a good temper and a good appearance. I like her very much. You will like her if you have been in touch with her for a long time."

"But I can't force her to do something emotional. She doesn't seem to call me very much."

"Then try to make her like you."

Su Xiaowan stood there, she never liked to eavesdrop on others, but she listened to Lian Yan's words, but she didn't know why, Lian Yan must let Lian Cheng chase her?

Liancheng didn't know what was in her aunt's mind. For so many years, no one could see through her mind. What's more, she had never seen such a concern for a girl.

Some are even better than them.

She thought about it and couldn't understand it, so at the moment, she threw out a question in her heart, "aunt, I can't figure out after all that the girl has nothing to do with us. Why do you have to let me marry her? There are many good tempered girls in the world. If you meet one, do I have to marry one? If I don't understand, I won't be able to sleep tonight. "

Lian Yan was slightly displeased.

She doesn't want to say more, but these children are old and have their own opinions now. If they don't come up with a reason to persuade them, they probably won't listen to her all their lives.

"I know her mother. I have a close relationship with her mother. At that time, it was her mother who saved your life. You should know how to thank her for saving your life."

In Lian's family, if it's a man, it's a lifetime brother. If it's a woman, it's a good marriage.

But if it's a man or a woman, it must be married. That's the order.

It won't change for a lifetime.

Mother?

A dead friendship.

Liancheng stood there, suddenly saw Su Xiaowan at that end, "Su Xiaowan --!"

Before the words fell, Lian Yan turned around and looked at the girl standing there.

"Did you hear that?"

She doesn't seem to be evading, and there's no reason to keep hiding.

"Auntie, do you... Know my mother?"

Su Xiaowan is so resistant to Liancheng.

I'm afraid the two have colluded with each other for a long time.

It's just that she doesn't know.

But she must let Liancheng marry her. Liancheng will obey her orders, but Su Xiaowan won't.

Although she is soft tempered, she is also rebellious. Therefore, she must have enough reasons to persuade her and move her.

"Your mother would be very disappointed if she knew that you were always thinking about Feng Yan? She only wants you to live a safe life, and doesn't want you to marry into such a complicated family. "

Su Xiaowan looked at her, "but grandma said that Feng Yan is a good man. My mother has never seen Feng Yan. Why don't she like him? And I'm not with him anymore. Can't you think about it? "

Chapter 608

"Your mother is not her. There is someone else. Su Zheng is not your father at all. If that bastard hadn't sold you to Fengjia, you wouldn't have been involved with that short-lived ghost."

"Don't say that to him. Feng Yan is not a short-lived ghost! Madam, I thank you very much for helping me, but Feng Yan is very kind, and I don't allow others to say that about him. He treats me very well, and it's lucky for me to know him. Moreover, if my biological mother knows, she will feel that Feng Yan is a good person and support my decision. "

"You child, do you have to hit the south head to turn back? If your mother knew it, she would be very angry with you. "

Lian Yan hopes that Su Xiaowan can let go of all this and live a good life arranged with her. In this life, she has no need to be afraid for the rest of her life.

Lian family is such a close relative.

Su Xiaowan is the only blood of Lian family.

Over the years, Lian's family has suffered countless devastation. In her generation, there are no brothers and sisters except her and her sister. Her sister is infertile, and she

Therefore, even with the word "Lian Jia", Lian Cheng and Yan are not even family members.

"Auntie, I don't know what kind of person my mother is, but if she thinks about me and worries about me, she won't be disappointed with me. Moreover, since she doesn't want me, why should I give up the person I like because of her words?" Su Xiaowan pursed her lips and insisted, "when I meet him again, I never thought I would like him so much."

"You... You don't want your mother, and you want to be with him?"

"Auntie, since you know my mother, she should know that I'm here now, but she didn't come to me."

"She... Has some things to deal with. She will come right away when she deals with her own affairs."

Su Xiaowan shook his head paranoid, "but if Feng Yan knows I'm here, he can't wait to come here. It's been more than 20 years. If she wants to find me, she has plenty of opportunities, but she hasn't come to me. If I didn't hear the conversation between you and the young master today, I'm afraid I don't know that my mother still lives in this world."

"She... Has her problems."

"Everyone has his own difficulties. Since he intends to give birth to me, he should be responsible for me, shouldn't he? Since you don't come to me, you must not want me. For someone you haven't met, you want me to give up. Why Su Xiaowan shrunk her nose. In fact, she doubted Su Zheng, but never doubted that Nan Yin was not her mother.

Because grandma is very nice to her.

In this world, if the mother and grandmother choose one, she will not hesitate to choose grandmother.

If the biological mother and Feng Yan choose one, then she will not hesitate to choose Feng Yan.

It's a decision in my heart.

"You..." Lian Yan was so angry that her heart contracted fiercely. If the person in front of her was not her own, she would have hit it.

Liancheng stood there, looking at Lianyan's expression.

The more he looked, the more he felt something was wrong.

Why is aunt so angry?

It's like

Moreover, I don't know why, he always felt that when Su Xiaowan spoke, he was quite dignified, and even in the momentum, he was far too much pressure on Lian Yan.

Even the smoke is rare, with such temperament.

Like... Gentle.

"You like him so much? I like it so much that I can't even recognize my mother? "

"I like him, like the kind, he also loves me, is the most love me, no matter what I do wrong, I am sad, accompanied by my side only he, even if he is busy, in the last resort, he will accompany me, with him

together, I am very happy, every day is looking forward to the arrival of tomorrow, if not for me... I will not leave him."

"You... Why are you so stubborn?"

"Love is stubborn."

"He's not the only good man in the world?"

Su Xiaowan stood there, "but he is the only one who loves me the most. Do you think young master Lian is very good, indeed, he is good, but do you think he loves me the most? I don't think it's because he's afraid of you that he obeys what you say. But we are all human beings, not slaves who obey you. Sooner or later, even the young master will meet someone he likes in his heart. If that day comes, where will you leave me? "

"He won't have anyone to like."

"But auntie, you are not him, how can you conclude that in the future life, even the young master will not meet people who want to protect?"

Even smoke listen to these words, every almost angry back to breath.

No one could make her so angry.

No one can stab her heart with a knife like her.

"What if Feng Yan died?"

what?

"What did you do to him?"

"There are more people who make enemies in this letter than you think. They won't let him go without me."

what!

Su Xiaowan's heart clattered. At that moment, she just felt a fire rising in her chest and burned herself.

How could that be.

"You must have heard about the serial traffic accidents a few days ago. Feng's son is among them..."

hospital.

Su Xiaowan suddenly thought of the ring she saw in the hospital that day.

"You talk nonsense. Feng Yan will be fine."

"I don't have to lie to you."

Looking at Lian Yan, Su Xiaowan's tears flowed down. That day, she should have thought of it. She rushed to the hospital in a hurry, but in the middle of it, she suddenly fainted and fell to the ground.

Liancheng picked her up.

"Aunt, this..."

"Go and call the doctor."

"Yes."

Su Xiaowan had a nightmare. This time, she finally saw the source of the nightmare. Her mother pinched her neck, "why not you, why, who are you! Where on earth is my daughter..."

At a loss as like as two peas in memory, Nan Yin's face is a sad look, and it seems to know what is at once, and is overwhelmed with tears.

My eyes are red.

"You are a dead girl. No wonder I feel that you are not like him at all when I was born. They still say it's not his child. I don't believe it... Hahaha, it's really not my child."

"... I'm so worried about you. You're not worth it. You're not worth it."

"....."

When Su Xiaowan wakes up, she looks at her needle and pulls it out. She wants to get out of bed, but she doesn't notice. She even stands beside the bed.

Her eyes were heavy on her.

Chapter 609

"You can't change the result if you go. He's dead and there's no bones left." Lian Yan looked at her. Once upon a time, he saw his own appearance on her face.

Her parents didn't like him, but she knew he was the best.

No one can feel it.

But now I met such a thing, the first reaction is to think that no matter what way, we should separate her.

No matter who is good, she will never allow it.

"You're bullshit When it comes to people at the bottom of his heart, Su Xiaowan's words are fierce.

All of a sudden, I remember what I heard when I fainted.

It seems to be true.

Even at this time, she wants to feel that these things are fake.

"Even if he doesn't die, I won't let him live!" Lian Yan's tone is very serious. When talking about this topic, there is no room for return.

"You... What are you doing?"

"I am your mother! You're even family! "

Mother.

Even the family.

"What are you talking about?" Su Xiaowan thought he had heard it wrong. When he was listening to this sentence, his heart suddenly tightened.

Lian Yan doesn't intend to hide it, because up to now, she has figured out a lot of things.

Su Xiaowan, she will never let her go.

You have to stay with her.

People outside are like monsters. Su Xiaowan has been outside for more than 20 years. Now that she has met her, she can't let her go.

"I'm your mother."

Lian Yan's eyes become gentle. She wants to go over and hold Su Xiaowan's hand, but Su Xiaowan retreats in horror.

Su Xiaowan looks at Lian Yan, pushes back to a safe distance, and then stares at her. Her eyes begin to

become unbelievable.

Is this person in front of you her mother?

No way. How many times has she seen her.

"Xiaowan."

Su Xiaowan only felt a splitting headache, and her mood began to get out of control. When she listened to the woman calling her name, her face turned white, and it was hard to accept that the person in front of her was her

She squatted on the ground, in front of her mother?

Lian Yan looked at her, she walked over, squatted on the ground and patted her shoulder, "I know, it used to be my fault, but this time I'm here to make up for you, you believe me, I won't hurt you, it's all for you, what kind of Fengyan, shall we forget him?"

"I don't want to, you don't want to say it again!"

She collapsed to the point where she fainted to the ground.

When Yan wants to come, he listens to the housekeeper saying that Lian Yan calls Su Xiaowan to come.

At this moment, he twisted his eyebrows, got up from the bed, dressed and went to Lian Yan's room. He happened to watch Su Xiaowan fall to the ground.

Speech is almost instinctive run past, in even smoke call people, the girl on the ground picked up.

"What are you doing?"

Lian Yan watched him pick up Su Xiaowan. In other people's eyes, this word is a girl.

"Mom, I know you don't like her, but she's my friend and I won't allow you to hurt her."

Even the people who smoke are clearer than anyone else.

In this person's eyes, there is no family.

Even if she died, she would not shed a tear.

Is a cold-blooded and heartless person.

Bring Su Xiaowan back, although Su Xiaowan said nothing to her, but she didn't believe it at all.

Sure enough, she rushed to see Su Xiaowan fainted, probably even smoke to start.

Chapter 610

Lian Yan's eyes are deep.

Yan is not a mute. At the beginning, the gang almost poisoned her. Fortunately, they found her in time and saved her life. But after that, she didn't allow him to speak.

In order to distract those people's suspicions and let them live.

And over the years, he has never spoken, and has always been so, gradually, even if she almost forgot, words can speak.

For a long time, Yan is a girl's image in front of him. Suddenly, he looks at the tall man in front of him and shakes his mind.

In fact, he has grown up. He is much older than when he brought it back.

Yan is an orphan. His parents abandoned him in the orphanage.

I met him when I was frustrated.

At that time, she thought he was a girl, because he was so beautiful, but after taking him home, she found that he was a boy.

All these years, she kept him alive as a girl.

After so many years, I gradually feel that he is really a girl.

But he is very tall. Although he is thin, he is much worse than other girls. Just like now, he is holding Su Xiaowan.

If the average girl, even if the other party is thin, it is impossible to hold up.

"What do you want to do if you don't put people down?"

"Mother, I said that I can't do anything beyond the limit of my endurance."

"You're not going to listen to me, are you?"

"Mother, I've had enough of these years. She's my friend. Even if you do anything to me, I can bear it, but she can't! Since people are brought by me, it's up to me to bring them out. "

"Stop, put the person down, who allows you to hold her!" Even smoke block in front of the speech, speech tall and powerful, although she is not thin, but standing in front of her, or quite oppressive.

"She's my guest. Now she's in a coma. Take her out. If something happens, can you be responsible?"

Yan's eyes are fixed on Su Xiaowan. He must take people out, regardless of the method.

Never let Su Xiaowan suffer in such a place.

Who knows when mother will kill her.

Mother's means, she has not seen.

"Besides, there are the best doctors here. Do you think it's safe outside? If I want to move her, I don't have to wait until now! I like this girl very much, and I want to open it. Over the years, I put my responsibility on you and let you encounter things that don't belong to you. It's my fault. Since you like this girl, let her stay with you. "

Stay with her?

Words at this moment, the hand still did not wipe open.

"Or do you think that if I don't agree with you to go out, you can walk out of this gate safely?"

Lian Yan's eyes are heavy.

"But she doesn't belong here."

"It is not, I has the final say, if she does not want to stay here, that is, if I close her, I will let her stay." Even smoke good voice good spirit, "in your heart, I promise you things, how ever talk does not count?"

"Send someone to your room, and I'll go to the doctor to help her, so you can rest assured?"

He didn't say no, but he didn't say yes.

But Lian Yan knew that his silence represented agreement.
