

good evening 611

Chapter 611

Immediately, the doctor was called to help her see a doctor.

Lian Yanhe stood at the door.

"Since she is your friend, you should know that she has a husband."

Yan naturally knows, and it's just that Su Xiaowan likes him very much.

Like a person is not hidden, the great experience of all the love concern, give him, there is no surplus left to others.

"Even if you like her, you should think more about her."

My eyes are as deep as ever. I don't know if it's because I've been seen through by Lian Yan. But standing there all of a sudden, I don't have any expression at all. I'm afraid that I will reveal my emotions.

Lian Yan seems to be unable to understand the child, but she knows that she did not understand the child a long time ago.

Fortunately, after su Xiaowan's inspection, there was no problem.

Lin Kai came out, "madam, Miss Su is in good health, but she's not in a good mood. I'm not sure what I'll be like when I wake up."

"What do you mean by that?"

She was not sure what it would be like to wake up.

"Miss Su has been cooperating with my treatment these days, and her mood is gradually under control. What happened today?"

Lin Kai clearly remembers that Su Xiaowan was fine a few days ago.

Yan's eyes suddenly fell on Lian Yan. At this moment, his eyes are bright, and he seems to see a hole in Lian Yan.

Just now, Su Xiaowan and Lian Yan were together.

Even the smoke was staring at, she was used to the big scene, now naturally not because of their two eyes, and let her give birth to a bit timid.

"She heard something happened to the young master of Feng's family."

After spending a few days with Su Xiaowan, Lin Kai naturally knew the status of the young master of Feng's family in her heart. "No wonder he would..."

Yan lay for a few days and didn't know what happened to Su Xiaowan. After he woke up, he was kept there for further treatment. Until now, he knew that something had happened to Feng Yan.

Even smoke sighed, "is also a girl for love, you take good care of her."

Lin Kai nodded, "don't worry, madam. I will take good care of Miss Su."

Even smoke does not like people, so even if the heart is not worried, and finally did not say anything, went to the bedroom.

The bedroom was heavy and dark.

Lian Yan takes out a picture from the drawer, which has been several years. In the picture, the woman's head is on the man's shoulder, with a smile on her face.

At that time, who ever thought that they would encounter these things.

She touched the person in the picture. "She's back. When will you be back?"

More than ten years ago, Lian Yan fell in love with a man.

A poor man.

She is a noble. She grew up shouting golden spoon when she was born, but that man is a cold killer.

At the time, someone wanted him to kill himself.

But he was soft hearted.

Let her go.

After that, when she went out again, she met the injured man and saved him. Maybe he was the first man who didn't listen to her, so it was different from her.

In the process of getting along with each other, the heart secretly allows.

This matter, of course, was soon known by her parents, who despised him as a poor man, and she was destined to marry a powerful, at least equally powerful man.

But she didn't want to break up.

Chapter 612

Later

Even Yan's eyes were deep, staring at the only picture. He was silent and didn't even like taking pictures. This one, she was willing to say anything.

She doesn't know what Su Xiaowan will look like when she wakes up, and whether she can't accept the fact immediately.

Ask her if she regrets it?

She will definitely regret it.

Instead of this, I shouldn't have told her at the beginning. If I did, I should wait until her condition is better.

This night, even smoke basically didn't sleep much.

Over and over again, this man appeared.

I don't know whether it's dead or alive.

.....

Lin Kai was standing there, motionless.

For a long time, Yan has never talked to them much, and her relationship is not far away. But since childhood, Yan grew up with them. Although she sympathizes with his experience, Yan looks like this. In fact, she has told Lian Yan many times that it may be autism.

Autism to a certain extent, they are indifferent to everything.

It shows her attitude towards Su Xiaowan.

It seems to be different from autism.

Lin Kai is a psychological counselor who specializes in psychoanalysis. She has seen countless patients and can quickly understand their thoughts. It can be said that she has never understood this person.

"It's no use waiting here. Go and have a rest. I'll take care of you here."

Lin Kai's tone was soft. She was a soft girl. She was very gentle to others except Liancheng.

The words were still motionless.

Lin Kai looked at her, "if you want to be so worried, you can wait inside. Standing here is like a bodyguard. There is no shortage of you."

Inside?

Yan has known the difference between men and women since he was a child. Even if he likes Su Xiaowan, he can't enter her room without her permission.

He took a look at Lin Kai. At last, he stepped up and left.

Lin Kai looked at her. She didn't know why. She always felt that her eyes were full of restraint, like... The way men treat women.

After thinking about it, she slapped herself on the head.

She must have been crazy to think like that.

At this moment, someone was whistling behind him.

She looked at Liancheng standing at the other end and set a white eye at him.

He was just about to lift his feet to enter the house, but he was blocked by Liancheng, "I said, what's the situation now? I'm going out here to take a call? How can it be like this? "

Even Cheng just answered a phone call, and only then did he know about it.

"It's not you. I have nothing to answer! It's not that you don't know who your wife is. How can you just let her and Xiao Wan get along with each other? "

Although his wife said something, Xiao Wan fainted after hearing about Feng's family.

But after Lin Kai thought about it, why did his wife say such a thing to her? The cause didn't match the result.

The more I think about it, the more strange it gets.

So, there must be a secret here.

Now think about it carefully, I'm afraid the lady's eyes dodged when she said it, so she must hide it again.

But she didn't know what she was hiding.

After all, what's the secret in the lady's heart? How dare she ask in person.

"I can't control this. Hey, Lin Kai, how can I help you? If I hadn't come here today, you would have gone on a blind date with me instead of her that day..."

Lin Kai covered his mouth and dragged him to the corner of the wall. "Can't you be a little lighter with your big mouth? It's just trying to kill me, isn't it -- "

Where is this place? This Liancheng is on purpose.

As a result, the dead man bit her hand.

In a rage, Lin Kai stepped on Liancheng's feet angrily. "You're a dog, you bastard!"

With that, he turned and entered the room.

Liancheng's mouth is crooked with a smile, this Lin Kai is relying on his own dare not to do anything to him, so it's lawless, he doesn't believe that he can't cure her.

When he was going to go in with Lin Kai, he was stopped by the bodyguard at the door.

"Madame, you are not allowed to go in!"

"Why?"

"I don't know. If you have any questions, you can ask your wife."

Even city where dare to ask what madam, the foot is trampled on of ache badly, can only leave at the moment.

But the foot just moved a step, it hurt.

This smelly girl, even under such a cruel hand.

Next time, we must give her a good education.

He went back to the room.

Yan searched on his mobile phone about the young master of Feng's family.

But nothing.

It must have been sealed.

That night, the old lady and the old man came to oucheng. The old lady didn't like this tropical city.

She is afraid of heat, and Jiangcheng is warm in winter and cool in summer, which is her favorite place, but here... Walking around, it's a pile of sweat.

They arrived at the hospital as soon as they arrived.

Because the surveillance was hacked, we can't find out who took Feng Yan away, but it should be inseparable from the Ou family.

Two people plan to go to Ou family at dawn and ask for someone.

It's enough to say that other people can't find the territory of the Ou family, but Fengjia is a famous family after all, so at this time, they immediately found the territory of the Ou family.

The old lady could sit there at home and cried out anxiously that the old man would go now.

She was worried about Feng Yan at home. She didn't get a good sleep.

Even if it's just a squint, it's a nightmare.

The old man couldn't beat her. At last, he had to take her first.

This is a forest.

Because it's at night, it's hard to see clearly, and it's even harder to predict what will appear in the forest.

Fengyi looked at the location on the map, "old man, otherwise you and the old lady are waiting here. Don't go there. I'll go to explore the way first."

Before the old man finished, the old lady could not sit down.

"Fengyi, he is my son. No matter what, I will bring him back. Old man, if you are afraid of death, you just stay here!"

"He's also my son. Naturally, I'll be responsible for him. But Fengyi is the only blood in laofeng's family. If something happens when you follow us in, how do you plan to explain it to laofeng in the future?"

"I..."

Fengyi is the son of the old housekeeper of the Fengjia family, and they grew up watching.

"Old lady, old man, I'm fine. I'm worried about you too. Young master, I'm not sure if you two go."

The Ou family is mysterious.

Even the location of the election is very hidden.

It's said that the Ou family has been in a disadvantageous position with a clan emblem, but they are all covetous.

Chapter 613

The old lady sat aside and couldn't help crying.

"Poor ah Yan, I haven't had a peaceful day."

Feng took out some paper towels and wiped the old lady's tears. "Have you found Xiao Wan?"

"No news yet."

But the voice did not fall, but listen to Fengyi's mobile phone ring.

Feng Yi answers the phone.

"A few days ago, someone saw the young grandmother at the clinic, and checked the clinic... It was related to the Ou family."

Ou family controls almost all the shops in oucheng.

On hearing this, the old lady burst into tears.

Almost fainted.

.....

Lin Kai stayed up all night and stayed in Su Xiaowan's room all night. He was afraid that when Su Xiaowan woke up, something would happen to him.

She met a lot of patients.

If you are psychologically vulnerable, you will not want to commit suicide.

Now Su Xiaowan hasn't woken up, so she's not sure what will happen to her.

But that night, Su Xiaowan didn't wake up.

But she woke up in the morning.

Lin Kai was the first to find out when she woke up. She went to her and asked, "how's it going? Do you still feel bad? "

Su Xiaowan's expression is particularly calm, she first shook her head, and then stood up from the bed, "Lin Kai, how are you here?"

Lin Kai looked at her, and there was not a trace of sadness in his eyes

She touched her head. If it was as she thought, it would be a good thing, but it remains to be seen.

"You have a fever. It's been burning all day and all night."

Smell speech, the girl reached out to touch his forehead, "really quite hot."

"Fortunately, it was found in time, otherwise it would definitely burn pneumonia!"

Lin Kai handed over the cold medicine, but she had a fever. It's true. I don't know what happened last night. Suddenly, she was very hot.

She used many ways to cool her down.

Su Xiaowan obediently used the medicine. During this period, Lin Kai talked to her a lot, but he didn't see anything unusual about Su Xiaowan. Just at this time, her phone rang.

There's something wrong with the clinic.

I don't know where a group of people came from. They started to make trouble in her clinic.

She has to go.

"Xiao Wan, there's something urgent at the clinic. I'll go back first. If you want something, you can find someone outside!"

"Well."

Su Xiaowan nodded cleverly.

Seeing Lin Kai go out and see two men standing outside, is she locked up here?

She can't get out?

Eyes drooped, leaning on the bed, a force to shed tears.

.....

Su Xiaowan was found to have killed herself by cutting her wrist when she was smoking at noon.

A large area of blood red on the bed, red really, see even smoke heart.

Just now, Lin Kai said that Su Xiaowan was OK. She just relaxed, but in a twinkling of an eye, she saw such a scene.

Her character, too much like her.

Stubborn, determined things, ten cows will not pull over.

She held her slender body, as if the girl would disappear at once. She stared at her, "you girl, just force me to soften my heart again!"

In fact, she didn't know where Feng Yan was.

A group of people were sent to look for him, but there was no news at all.

His little boy slept with his daughter. Even yanben wanted him to die in his own hands, but it seems that someone has been hiding with them all the time. In Europe, there are people she can't find.

"Come on!" Lian Yan shouts the people outside and sends Su Xiaowan to the hospital.

After some rescue, fortunately, people are rescued.

Chapter 614

Lian Yan never thought that this girl was so stubborn.

Su Xiaowan woke up in the afternoon. She even had a cigarette beside her and saw her wake up with tea and water. But Su Xiaowan didn't say a word.

Even Yan looked at her and knew that she was not in a stable mood and was not impatient. "You have a good rest. I'll come back to see you tomorrow. If you want to talk to Lin Kai, I'll ask her to come."

Lin Kai is as old as Su Xiaowan, and both are girls.

Both of them share the same topic, and Lin Kai is a psychologist. Therefore, Su Xiaowan has more contact with her, and she has no opinion.

Lian Yan saw that she didn't speak and turned to go.

"Are you really my mother?" Her voice was hoarse and feeble.

Lian Yan stopped and nodded.

"Do you love me?"

"... of course." Su Xiaowan is the flesh that falls from her body. She is pregnant in October. There is no one else around her, only her.

We got through the cold and warm together.

She is an unfilial daughter. If she hadn't gone her own way, her parents wouldn't have.

But for that man, she gave everything, but she was left behind.

I didn't even protect my daughter.

Lian Yan loves Su Xiaowan. This kind of love is beyond love and affection. If she had not disappeared, even Yan would not have fallen ill in order to find her.

At the beginning, she was carried away when she was just born. She didn't even get out of confinement, so she looked for her all over the world.

After a rain and a serious illness, he was almost blind.

It's not easy to find a needle in a haystack. It's impossible to find an unborn baby.

She didn't have any marks on her body, let alone any birthmarks. She just saw her when she was born, and never saw her again. She couldn't recognize her at all.

"But I don't feel the slightest bit of your love, madam." Su Xiaowan's voice was low and hoarse, like something stuck in his throat. He couldn't say how loud it was. "There is no emotional foundation between you and me. You haven't done anything to me except to give birth to me. Even if I have blood relationship with you, I can't regard you as my family."

"You are in a bad mood now. I won't argue with you."

"My mood is very stable now, and my brain is very clear. I can tell who is good to me and who is bad to me. It's my business with Feng Yan. Now he... I don't want to live."

"So you're going to die with her, aren't you?"

Lian Yan is going to be very angry with him.

"I love him. What's the fear of dying together? I've never been afraid of death. If it wasn't for him, you can't see me now. In my life, there won't be a second Feng Yan to hurt me. I know it in my heart. " Su Xiaowan's eyes were red. "If I had known this, I would not have left him. I would have been with him all the time and be his wife."

"You..."

"So you're going to give up everyone around you and follow him? The dead man? "

"You just think that I died more than 20 years ago. Anyway, you should not feel too bad."

Her words, let even the anger of smoke burning.

It's her who can easily light her own flame.

Her temper is the combination with him and herself.

What's bad is inherited.

"How do you know you won't suffer?"

"You never came to me in the future? isn't it? If you had come to me, maybe none of this would have happened... I was used as a tool to earn profits. When I was desperate, Feng Yan didn't dislike me, spoiled me, loved me and made me lose my temper. But where are you, mother? " Su Xiaowan couldn't hold back her tears. "I've never been wronged. I don't have relatives. In my life, I'll have a Fengyan."

Chapter 615

Even smoke standing there, she knew that she was not a qualified mother, she also felt guilty and sad, but after all, it seemed that she could not make up for it.

Su Xiaowan is very hostile to her.

Lian Yan looks at her, but she can't watch her die.

For that man, even if he likes it, how can he go with her!

She has to keep her alive.

"You are pregnant for three weeks. Whether you want to take the child with you to find him or live, you can choose. But I hope you can think carefully. After all, there is no room for regret."

Pregnant?

For a moment, the girl who originally hung her head raised her head, and even the smoke looked at her red eyes, frowning tightly.

Is he really pushing too hard.

However, since we have planned to leave him, why worry about whether we are going to live or die?

It's not better to cut the mess quickly.

"You're lying to me."

"Just go out and look it up."

Lian Yan didn't stop her from going out for an examination. Su Xiaowan went to many hospitals and clinics, all of which had been checked and got the same result.

—She's pregnant, three weeks.

Lin Kai was afraid that something might happen to her, so he followed her all the time. Seeing that she was holding the diagnosis report, even Yan had a good relationship with hospitals in Europe. More than half of the hospitals in Europe were even family members, so he would give Lian Yan face, so he didn't need to worry about the lies.

It all depends on Su Xiaowan's determination. These days, Lin Kai has been following her every step of the way. He hasn't even slept well. "Xiaowan, this is the most remote corner of the European city. No matter how powerful she is, she can't buy every hospital, can't she? Our wife is a family with a small business. She may be better than the ordinary family... "

Su Xiaowan doesn't know what Lian Yan does, but she doesn't believe Lin Kai's idea of doing small businesses.

Otherwise, why does Yan encounter those things every time?

Today, Yan came with her.

When Lin Kai said it, he said, "do you mean it, Yan?"

Before the words came, her mother had taken care of Su Xiaowan's situation and nodded.

If cheating can keep her alive, then he will.

The appearance of Su Xiaowan is like a shining light in his life. He doesn't want to turn off that light. His identity is doomed to be unable to protect her. He just hopes that Su Xiaowan can live happily.

But these days, Su Xiaowan is worried every day.

"Xiaowan, so you are pregnant now. Don't think about some unhappy things. Shall I take you to eat?"

"I don't have much appetite."

"Well, if you don't want to eat, you have to take care of the child in your stomach, right? Just now, the doctor also said that you are too weak and need to eat more nutritious food. After all, the child is Fengyan, and you hope he will be well, right? In a few weeks, we can see the size of the fetus! "

Su Xiaowan looks at the B ultrasound.

Now, I can't see anything. It's just black.

In her stomach, did she really have Feng Yan's baby?

When Su Xiaowan went out of the door, he knew that it was almost Christmas. On the way, there was the smell of Christmas.

Time goes by so fast.

At that time, she also agreed with Feng Yan that she would spend Christmas with him, but in the blink of an eye, there was no one.

She killed him.

Chapter 616

Lin Kai looks at Su Xiaowan and stares at the Christmas tree.

European city has a strong Christmas atmosphere. Around, there will be Christmas ornaments. Because the time is approaching day by day, so there are many ornaments on the road.

Girls naturally like these things from the heart.

It's rare to see Su Xiaowan show a liking for this thing. Lin Kai seems to peep into it.

With something you like, you can ease your sadness.

"Xiaowan, if you want to like it so much, we will come out at Christmas, OK? You don't know. Christmas in Europe is beautiful. There will be carriages, elk and jack-o-lanterns on the streets. If you are lucky, you can get presents from Santa Claus! "

Lin Kai said as if he could really see the scene of Christmas day in front of his eyes.

But a person's Christmas, she did not want to.

She is still wilting, interested in nothing. It's raining heavily around her, which seems to increase her sadness.

"I want to go home."

During this time, she didn't want to leave.

It's just that the person who even smokes can appear when she is alone. The typical one is being imprisoned.

She lost her freedom.

Let alone this street, it's hard to leave Linkai's home.

That day, when she left the hospital, the first thing she did was to go to the hospital to find Feng Yan.

But those people said that Feng Yan was dead.

It's true. It's dead.

The attending doctor told her.

At that moment, Su Xiaowan still remembered his mood.

It's like stabbing a knife in my heart. I can't feel the pain even in the dripping blood

Later, she fainted.

It was the doctor who saved her.

After waking up, Lian Yan told her that Feng Yan's body had been taken back by Feng's family.

So, she desperately wanted to go back to Jiangcheng.

But even the smoke did not give her the opportunity, travel will be followed, she is a woman, simply can't run away.

After that, she came to Linkey's house.

It's not much better. Lin Kai's house is full of people who even smoke.

For the sake of the baby in her stomach, she can't be tough and ignore everything.

"Well, I'll take you back!" Lin Kai winked at the words, and they took Su Xiaowan to the apartment.

This is Lin Kai's apartment. Su Xiaowan has lived here since she was discharged from hospital.

When she got home, Su Xiaowan went to her room. She always stayed in her room in silence. Once she stayed, she could sit all day.

I don't know what I'm thinking.

I can't even eat.

Lin Kai looked at her back and sighed.

Since she met Su Xiaowan, her mood has been very low. In recent days, although she is also using drugs to treat her mental illness, her "pregnancy" has made a lot of progress not smooth.

Linkey had never seen a man resist to this degree.

She had no way of prying into her heart.

There's no way to treat her inner trauma.

"Although she's alive, she's dead now. She's a walking corpse. Now she's breathing with her baby in her stomach. On weekdays, she can take some medicine to make her pregnant. But ten months later, where can I find a baby for her?"

Just born baby, how can give up.

Lin Kai also knew that Yan couldn't speak, and she didn't prepare what she would say. At the moment, he looked at his watch and said, "it's going to be dinner. You just stay here with her for a while. I'll buy some food."

Chapter 617

She was worried that something might happen to Su Xiaowan, so she had to treat people as if they were dead. She was afraid that something might happen to her.

However, Lin Kai can't cook, so every time she has a meal, she will invite someone to buy it. These days, the takeout they have been eating is actually her own.

Su Xiaowan didn't take a few mouthfuls at all. She forced her to take those mouthfuls.

Every time I took a few mouthfuls, I just vomited.

Lin Kai felt uncomfortable, so she didn't give her the medicine for pregnant vomiting every time. She was very worried about Su Xiaowan's health. No matter whether she had children or not, she would not be able to survive.

But no one is her. She can't avoid that knot, so there's no way.

After Lin Kai left, Yan walked toward Su Xiaowan's bedroom.

Su Xiaowan is sitting on the sofa facing the window, quietly.

It's like back when I first saw her.

But even if it's just her back, I feel sad from her.

She was crying.

Even in front of them, she never cried, but now, her trembling shoulders were shaking badly.

She didn't know why her mother paid so much attention to her. She always felt that there was a secret in it, but in his heart, it was fortunate.

Fortunately, mother's hand did not reach her.

Keep her alive.

He also told himself, don't let himself continue like this, he and she are doomed to be impossible, and now, every step he takes will only bring her doom.

Around him, all covered with thorns.

I don't want to pull her in.

But he just couldn't control himself.

I can't control myself, I want to care about her, I want to see her heart more

Yan has not been interested in anything in her life so far, but she seems to be the only one who can meet but not ask

Su Xiaowan heard the footsteps and thought it was Lin Kai.

Every time Lin Kai comes in, she always brings food for her. She is very grateful for Lin Kai's helping her stay here at this time, but she knows that she will leave sooner or later.

She's going home. She's going home.

"I'm not hungry, Linkai. You can eat --!"

I didn't hear anything, but I saw a man in front of me.

Girls are beautiful. It's true.

But today, she seems to be in a bad mood.

He took out his book and wrote three words on the paper.

I'm sorry.

Su Xiaowan's eyes fixed on the three words. She knew that Lian Yan didn't tell her life experience.

Maybe she was born with other men outside, so she couldn't make it on the stage, which also led to Lian Yan's fear that she would threaten her status, so she sent a lot of people to watch her?

That's about it.

Anyway, she didn't believe Lian Yan was an ordinary woman.

But, in front of this girl, is her half sister.

She looks so beautiful. No wonder when I first saw her, I felt like I wanted to protect her.

She wiped her tears and didn't want to let her weakness fall into other people's eyes. In fact, she didn't want to cry. They said that she couldn't cry when she was pregnant. She would be blind when she cried, but she just couldn't control herself.

"Yan, you didn't apologize to me." On the contrary, she is the one who is sorry.

If she doesn't show up, maybe all this is good.

"You can't cry when you're pregnant," Lin said

Yan listened to her eyes and wrote these words on the paper.

"I don't cry anymore." Su Xiaowan wiped tears, now here, she has no other friends, "but can you do me a favor?"

.....

Feng Yan has been imprisoned in this place for several days.

Since he was in good condition, he has not seen anyone else in this place, but the room is intelligent and needs fingerprint identification. Even the person responsible for preparing meals for him outside has not been seen at all.

Chapter 618

Suddenly the door opened.

A few big men came in from outside.

Feng Yan's injury hasn't completely recovered. In the past, it was easy to deal with these people, but now

"Welcome back, young master."

The man at that end stood there respectfully and spoke slowly.

Feng Yan knows who these people are. As early as a few years ago, these people found themselves, but at that time, they didn't get close to each other.

The man's eyebrows show anger, his right hand turns the ring on his finger, and his thumb rubs the carving on it, again and again.

If it wasn't for this time... They couldn't have brought themselves to this ghost place by this means.

In fact, care is no different from imprisonment.

The bodyguard holding the breath, looking at Feng Yan silent did not speak, to two less, they dare not use too strong posture, after all, is their master.

"Er Shao, the young master is waiting for you."

The faces of the bodyguards were solemn, as if they were tight.

Feng Yan was silent and did not speak.

"Er Shao!"

.....

Chinese style retro building, but it looks gloomy, around, can not see a trace of vitality, the corridor next to the bushes, are almost dry.

But there are many bodyguards, but there is no sound at all.

There are several within a few meters.

One by one, he saw himself coming and called him Er Shao!

Feng Yan stepped into the restaurant of the villa, where the atmosphere was tense.

On the dining table, a man of mixed race has yellowish hair, cynically playing with a spoon in his hand, and no extra expression on his face.

It's K.

In a moment, the man at that end listened and looked at the door.

See Feng Yan coming in.

To be honest, Feng Yan is not the same as a few years ago. Even after the car accident, he felt that his whole life had changed, as if he was more ruthless.

You can't find a man's heart at a glance.

"Second brother, don't blame me for bringing you back like this. It's really that the old man fell ill recently and missed you so much. That's why I came here specially." Mo Jue Nan looked at the people at that end. They were half brothers. They didn't look like each other very much. Feng Yan's temperament was more inclined to his father. For example, when he was cold and heartless, he said, "but I didn't expect that you should be like this for a woman! I almost died on the operating table. If I hadn't arrived in time, you would have gone to see Yama now! "

Only looking at Feng Yan's fist clenched.

But just as he held hands like this, Feng Yan realized that he couldn't use his strength.

"Second brother, your hand is useless. Don't waste your efforts..."

The gloomy eyes stare at the man in front of them.

His hands are broken?

A few years ago, when he was dealing with K, K had been calling for his second brother. He went to check this man, but he didn't find anything behind him.

It's as if this person just appeared for no reason.

But he's good at martial arts. He's a man of martial arts.

Every time that man saw him, he would call his second brother.

Yelling for him to go back... He just thought it was a prank.

Later, the man began to take it seriously.

"My father gave you time. He also said that he would take you back at all costs. Now the deadline has come. Now is the time for you to go back."

Mo Jue Nan looked at the man standing there. He was cruel and fierce. At this time, he was most like his father. He walked over and patted him on the shoulder. "There are so many people here, you can't escape. Moreover, your hands are useless. If you appear in front of her, you can't protect her. Don't do these meaningless resistance. What your father wants is your sincere obedience."

Chapter 619

Mojia, the world's richest man, is a global business tycoon.

But the identity is mysterious and special, which has almost reached the point of covering the sky with one hand.

Feng Yan, however, is a child of the Mo family living in exile.

A few years ago, when Feng Yan went abroad, K met him. Almost at the first glance, he recognized that the man's temperament was extraordinary and similar.

So he followed him for months.

Later, by chance, he learned that this was the son his father was looking for.

He reported the matter to his father.

The father ordered, after all, to bring people back.

It's the same as he expected.

.....

"You dare to touch her

The man's eyes became deep. It seemed that he didn't show too much emotion just now. When he mentioned this woman, his aura was different.

It's just like my father.

Monange laughed.

"Second brother, you are a smart man. Don't fight against your father for a woman. If your father wants to deal with her, you can't stop him. His father has given you three years, and you can't wait. Now he's too old. He can't rest assured for so many years. He has left a huge consortium waiting for you. So, you'd better go back with me!"

Mo Nan Jue glanced at the bodyguard beside him. "If you don't go back with us, we will take you back. You may not know the means of your father, but I remind you that father's patience is limited. Maybe he will threaten you with women and give in obediently."

Men have a firm attitude.

"After all, fathers do that a lot."

Mo Nan Jue's face can't see a trace of happiness and anger, several bodyguards at that end are holding guns.

Feng Yan sneered and looked at the people around him. There was no one standing beside him. What kind of existence was this European consortium? For so many years, he did not find any clues. It can be seen that it was mysterious and cautious.

"If you really want to do her good, come back with us. I don't want to take you back in a tough way."

The man threatened.

"Come on, I'll show you a man!"

Feng Yan stood still.

"Don't regret it if you don't go!"

.....

The atmosphere of Christmas is so strong that Su Xiaowan originally planned to leave on this day.

European city's Christmas scene is very big, even if it is still in the daytime, there have been a lot of motorcades and carriages, fierce, there are still people in the street dressed up as Santa Claus giving gifts.

According to Lin Kai, it's going to be a day and a night.

Su Xiaowan looked at her watch from time to time. She managed to get rid of Lin Kai, got rid of her bodyguard, and chose a secret position, but she couldn't wait to speak.

Suddenly, I caught a glimpse of a row of luxury cars.

It's very arrogant.

It is probably because the color of the car and the carriage complement each other, so it seems that someone deliberately designed it.

"Wow, this car is... So handsome! Is it the most expensive ty in the world! A while ago, someone photographed the car with hundreds of millions of dollars -- "

"Who has done so much to invite such an expensive team?"

"....."

Looking around, Su Xiaowan found that these cars are all of the same brand, and all of the appearance is the same.

I don't know what caught her eye.

So full of standing, until someone hit her, Su Xiaowan instinctively protect his stomach.

"Sorry..."

On one side of the car, a window was open, and the man was sitting in the window, valiant.

I lost weight.

Much thinner than before.

Chapter 620

"Guess if the man hit her on purpose!"

Mo nanjue looks at Feng Yan and stares at that figure. He suddenly opens his mouth. He doesn't know when he takes out his gun and aims at Su Xiaowan.

The wind forbids. At this moment, I can hardly hear any noise outside.

But the voice also fell down a few seconds, Mo Nan Jue's gun fell into Feng Yan's hand, the speed was very fast.

Almost, just for a moment.

The two bodyguards sitting in the car immediately took out their guns and aimed at Feng Yan.

But everyone's face was solemn and tense, and the atmosphere was tense to the extreme.

He didn't expect that his left hand could react so fast. Even if his right hand was useless, he couldn't hold the gun, but one hand could take the gun from his hand. Moreover, he was in full view of the public.

No wonder my father insisted that he go back.

This is indeed a rare talent.

But at the moment, Mo nanjue asked them to put down their guns, "do you know who they are facing?
Not yet

The bodyguard in the driver's seat took a look at the man in the co driver's seat and reluctantly put down his gun.

"She's really tender, but she's much more beautiful in the world. Why fight for such a woman and point a gun at your brother's head? As far as I know, no one likes murderers!" Mo Nan Jue's eyes were fixed on the woman outside. In this psychological war, he was not Feng Yan's opponent. "Even if you came to her side, are you sure you can avoid so many bullets? If my father wants her to die, there are ten thousand ways. If you want her to die without a burial place, you can try to see if we are bluffing you. Maybe at the moment when you get off the bus, the person at that end has got the first hand, and the girl seems to be a kind girl. "

Father!

The man in his mouth, who is holy.

It seems that when he mentioned this man again, there was a little bit of fear in Mo nanjue's eyes.

"You think I'm afraid?"

"You are so confident, just like your father."

All of a sudden, the crowd at the other end began to riot. Su Xiaowan was startled. At the moment, the people at the other end didn't know what to say to him.

"I warn you, if you touch her again, I'll blow your head!"

"I don't deserve to die. If you think her life is the same as mine, just try!"

Mo Nan Jue looked at her. A few years ago, he tried countless ways, and could not find any reason to let him go back.

But a few years later, he fell into the hands of a woman.

Sure enough, no man can escape a love word.

"You are just a useless person now. Although you can barely protect yourself, are you sure that she will want to live with you? As far as I know, you like her, but she doesn't seem to like you, otherwise, you won't have an accident on the viaduct around the city! "

The veins on the back of a man's hand are getting deeper and deeper.

"It's good for a woman like this to be cold for a few days. If you run to her like this, I don't know that people don't care about you at all! Listen to my elder brother and go home. My father doesn't want to deal with others. He just wants to take you back. The father will soon have his 60th birthday. If you go back, you can celebrate with him. When he sees you, maybe he will get better. "
