

good evening 621

Chapter 621

"As long as you come back with us, your woman, I promise you'll be safe!"

Feng Yan was unmoved, and the gun in his hand was raised over his head, facing him like this.

Mo Nan Jue looked at him and comforted him, "in fact, why are you in a hurry? If your father dies, everything belongs to you. It's up to you to decide which woman you want. What's the rush? "

"You haven't seen your father's way. If he knew you were for a woman, he would never let her go! It's a mercy to leave a whole body. If you want to have her pierced with pinholes, you can have a try like this..." It seems that the sad thing is mentioned, and Mo Nan Jue's expression changes slightly.

But it soon returned to normal.

Feng Yan's eyes stare at the woman, want to rush down to embrace her, but K said, not just a threat.

He knew the man's crazy ways.

It's Christmas outside, the Christmas she's been looking forward to.

He said that he would prepare a gift for him, but now everything has changed.

All of a sudden, a smell permeated the whole carriage. When Mo Nan Jue came back, he immediately knew what it was. Looking at Feng Yan, he had fainted.

"Who told you to do it!"

The driver lowered his head and said, "it's my husband's order. No matter what method you use, you must take people back. This medicine is also given to me by my husband!"

"You..."

"Da Shao, you may not be able to play psychological warfare with these two young people because they are stubborn. Anyway, our goal is to take people back. As long as we take people back, the rest is about our husband's business. It has nothing to do with us!"

The reason why they came here is tacit.

However, Feng Yan is a stubborn person.

I said it several times, but it didn't make sense.

"Let's go!" Mo nanjue took the lead in saying to the driver, "go and buy her a present."

"Yes."

That line of luxury cars, so with her retrograde.

When Su Xiaowan watched the luxury car leave, he felt his heart pumping. It was like something was telepathic. In a moment, something seemed to disappear.

She gave a self mocking smile.

Now these days, I'm getting more and more nervous.

.....

"Who's in this car?"

The several bodyguards but complexion Chen Chen, directly stop her, "please leave."

Seeing the cars getting farther and farther away, it seemed that the Christmas atmosphere around them had suddenly dissipated.

He said he would spend Christmas with him.

Su Xiaowan was just about to leave when suddenly a man rushed in front of him.

"Miss, this is a Christmas present. I wish you a merry Christmas --"

It's a man in Santa's costume. He can't see what he looks like. Lin Kai said that in this place, Santa will give out gifts, so Su Xiaowan didn't take it seriously. She just said thanks and left.

She was waiting under the tree, but she didn't wait for anyone, but she was waiting for a cigarette.

It was Lian Yan who came to pick it up himself.

The bodyguards around her surround her. Su Xiaowan has no way to leave. At the moment, she looks at the people who come down from the car.

She knew all of a sudden that she might have been found.

In fact, she is too risky.

Lian Yan looked at her and she gave in.

"If you want to go back to Jiangcheng, I'll take you back. I don't want to leave the child alone, do I? Do you know that it's dangerous for a woman to ride in a car

Su Xiaowan instinctively stroked his stomach.

"I'm not so coquettish. I used to come here alone, and I've never been on a coach."

Chapter 622

Before she met Feng Yan, she supported the family by herself. She did everything by herself, so there was nothing she couldn't do.

She is not coquettish, can eat bitter, also not afraid of bitter.

Even smoke looked at her, in the heart is not taste, she is so indifferent to say, the more let her feel all this extra cold, uncomfortable too much.

I feel sorry for her. I feel sorry.

Feng Yan's news, I also sent someone to check, but the result is still like this.

Although we need to see people in life, we need to see corpses in death.

But it's true... Reality is not so easy to find.

She has read Su Xiaowan's materials and knows that she has not lived well these years. People in that family are constantly squeezing her and using her to get benefits.

"I'll take you back --!"

"What's your idea again." Su Xiaowan looked at her with some resistance. Anyway, she didn't believe that Lian Yan would really send her back.

After all, she would not have come up with such a way to send her back.

"I won't hurt you, Xiao Wan --!"

Su Xiaowan is forced to get into the car by a woman beside Lian Yan. Sitting there, she suddenly thinks that if she didn't get into the car that day, it would not be like this.

She regretted that it was her who wanted to die.

"To Jiangcheng --!"

Here, Feng's family found Lian Yan's address, and Lian Yan received a call from the villa in the car.

"Someone's coming to pick you up."

Lian Yan looks at Su Xiaowan's unfocused eyes. It's just a man. Does it make her like this? How much weight does that man have in her heart, heavier than himself?

Su Xiaowan's eyes are staring at the front, neon wine green, busy street, a lot of people, but empty as if nothing.

Feng Yan is gone, so is her heart.

Now the only thing she wanted to do was go back to that place and stay with him.

These nights, Su Xiaowan has been washing her face with tears. Although she can't control her emotions every time, she always tells herself not to cry.

But I just can't help it.

Now, she wants to cry again.

Sitting in the car, Su Xiaowan didn't know where the cigarette was going to take her or who she was talking about.

Until I got off the bus, I saw old lady Feng.

Su Xiaowan's tears flowed down directly and went straight to them.

"Mom."

That sound of mother, let even smoke in the heart of slowly rising jealousy, she wanted to listen to her call a mother, but never wait.

And now, watching her pounce into a woman's arms and yell at her mother.

Su Xiaowan never cried in front of her, pretending to be very strong, but as a mother, she would rather watch her cry than live like this.

Old lady Feng hugged Su Xiaowan and said, "Xiaowan, you've suffered a lot these days. Now it's OK. Mom will take you home!"

Old lady Feng is also sobbing. It took them a long time to find the news when they came here. Looking at Su Xiaowan, they are much thinner than before, and they are distressed.

"Ah Yan, he..."

There is no way to accept the news of Feng Yan's death, even now.

At this moment, the old man Feng went over, and the old man over 50 years old was also regarded as a person of great surprise.

Lian Yan's men said just now that they are here to ask for help.

"What can I do for you if you want to give me a humble home?"

Chapter 623

The old lady stood there, holding Su Xiaowan's hand, "where's my son?"

"Son?" Lian Yan stood there, looking at the woman at that end, "is Mrs. Feng looking for the wrong person? How do I know where your son is? "

"You don't know where my son is?" Old lady Feng was angry. Her son and daughter-in-law were all on her side. She had not checked, "why is my daughter-in-law here?"

"I just asked her to be a guest here. As for the whereabouts of your son, I don't know."

Su Xiaowan stood there, her eyes staring at her all the time. Her words completely broke her expectation of her mother.

She didn't know what she thought of smoking, or how she could easily say it at this time.

Be a guest

guest!

Also, the existence value of a person like her is as dispensable as a feather.

"If you don't believe me, I won't stop you even if you take someone to search it!"

Even smoke generous incomparable, this matter has nothing to do with her, of course, she is sitting upright, without a little guilty ingredients.

Feng took a look at his old lady, who shook her head.

She was too honest to see a trace of guilty in her eyes.

"Recently, some people have been aiming at our family, intending to stir up disputes between us. They are fighting with each other to gain profits.

Mr. Feng, you are a smart man. I don't need to talk about these things. You should also be aware of the reasons why I didn't do it, right? If you don't believe it, you can go inside and search it. I have no choice

Fengyi stood there, and the Ou family had no grudge against Fengjia.

One is based in Jiangcheng and the other is in Europolis, where eight strokes can't reach one side.

"As far as I know, the second son of Feng family has already..."

"Shut up The old man Feng was very angry. Obviously, it was hard for everyone to accept this.

I don't seem willing to accept the bad news.

"Since I'm not here, I'll leave that letter."

"Xiaowan, don't be afraid. Mom will take you away."

Su Xiaowan stood there and was taken away by the old lady Feng.

Lian Yan looks at the figure she left. It's OK to leave.

"Ma'am, miss, he..." a maid came in a hurry, "Miss, he vomited blood."

.....

When Feng Yan woke up, he was in an airtight room, surrounded by excessive black.

But he could detect a man inside.

He sat up from the bed, the sound of the other end rang, and then the light came on.

It was an old man who was nearly in his twilight. He was wearing a black suit and full of energy. Feng Yan met many people, but it seemed that this one was different from others.

He can't tell where it's different.

He looks younger than his father, but he is much more serious.

"It looks more energetic than before. It seems that Fengjia is good for you!"

The man looked at him with a little warmth in his eyes.

But in a flash.

Feng Yan felt that his legs were heavy. He wanted to get out of bed and found that he couldn't move at all.

"What have you done to me?"

"When you figure it out, I'll let you out of bed!"

With that, the man walked away.

Then a housekeeper came in, kind-hearted.

"Second young master, you don't have to struggle any more. You are my husband's blood and bone. My husband can't let you stay outside all the time... Your biological mother is not Feng's wife, and your biological father is not the master of Feng's family, but my husband... At first, your mother was ill after you were born, leaving you alone..."

From the housekeeper's words, we know that Feng Yan's biological mother entrusted her to Feng's family before she gave birth to her

And his father, who only knew about his existence a few years ago.

.....

He's a bastard!

"My husband knew that you didn't come back willingly, so he made this bad decision. The woman around you, my husband also knew that she was not worthy of you because of her low status. The reason why my husband kept her alive was for your sake. If you were entangled with her, her end would be... My husband is a man of no choice."

That's all the housekeeper said.

He looked at Feng Yan's angry face.

"Your right hand is useless. Even if you punch, you can't hurt me at all!"

The man seemed to see Feng Yan's action at a glance.

"You are a smart man. Mr. Wang values your strength very much and intends to let you inherit everything from him. If you get all this from Mr. Wang in advance, Mr. Wang can't handle you! When I say that, do you understand? "

The housekeeper opened his mouth with a smile.

As soon as he came in, he knew that the man was extraordinary.

"You should have a good rest first. You can consider what I said. After all, according to the current situation that you are unaccompanied, it's your husband who has taken advantage of you."

Feng Yan has a deep brow.

This place is full of jackals, tigers and leopards. It's like cannibalism. It's like this housekeeper.

At first glance, it is a smiling tiger.

He hasn't found out the identity of the man yet, so he shouldn't act rashly. He is right. According to the current situation, it is difficult for him to protect Su Xiaowan.

Like anyone's gun can be on her head, he can only watch!

When housekeeper Mo went out, he looked at the old man sitting there. "Sir, I told him that the young master looked very angry, but you forced him to accept this, too..."

The old man turned his jade finger, and his eyes were shining.

"Did the doctor get in touch?"

"It's already at the door."

"Let him in."

"But this... Is too cruel to the young master. He..."

"Mo Shang, are you in love with him?"

"I just think that it's a little bit... If Mrs. Yu knew, she would be distressed."

"I was obsessed by a woman for his good. All the people in this group are covetous for doing great things. It's easy for them to know that there is such a woman. You say..."

"Is Sir protecting her?"

"Mo Shang, you talk too much."

The man stood up on crutches. His legs and feet were not good. He was nearly killed in an explosion. After he was rescued, it was like this.

"I heard that little girl is pregnant?" In the middle of the walk, he suddenly turned around.

"Yes... Yes. That's what the young master said

"It's my mo family's flesh and blood when I get people back."

On the way home, Su Xiaowan suddenly lost her sight.

Old lady Feng was in a hurry to send people to the hospital, only to know that it was because she cried too much, her cornea was damaged, and she was temporarily blind.

In other words, I don't know when I can see it.

When old lady Feng found out, she cried directly.

On the contrary, it was su Xiaowan who cried a lot, but there was no response. She was calm and comforted her there.

"Mom, I'm fine, really..."

Lying in the hospital bed, Su Xiaowan felt uncomfortable everywhere. Old lady Feng finally decided to take her home.

.....

A month later.

The whole chaebol has undergone earth shaking changes. It is said that the two young masters have come back.

With the momentum of thunder, he directly gathered everything in his hands. His means were more powerful than that of the superior gentleman.

On the basis of no one to rely on, Feng Yan quickly gathered some people, and the forces under him suddenly grew, and those people were willing to serve him.

Mo Nan Jue was slightly surprised to hear the news.

It's just a month.

This is the 60th birthday of Mr. mo.

The surrounding atmosphere of happiness is strong, and the big word Shou is placed in the middle, which can be seen at a glance.

The whole hotel is Mo's, full of round tables, the door, full of bodyguards, a lot of people, but very quiet, no sound.

Feng Yan came to a group of people, and then Mo Nan Jue met him.

The existence of Feng Yan naturally caused other people's dissatisfaction.

"Just a bastard! I'm still here to brag! "

The man at the other end pointed the gun directly at him.

Feng Yan sits on the throne with contempt in his eyes. In the past month, he has basically made everything clear in this place.

"Don't you forget that you still owe me a finger?"

"You..."

"If Uncle Chen's gambling with the company's funds is spread to other people, I don't know if it can be solved by one finger?"

Someone else represents who this is, he knows.

Everyone here knows.

Mr. Mo brought people back. Unfortunately, this son is not appreciated at all.

"It's just a waste. I can't even pick up a chopstick."

The man didn't have a chance to say the next sentence at all. He heard the chopsticks banging on the table, "waste?"

"Isn't it? I'm your elder! Even if you take some money to gamble outside, what's the matter! It's amazing for you to yell at me here, isn't it! I'm going to ask my elder brother in person! "

Then, looking at Feng Yan, he quickly picked up the hand knife and put it on the man's neck.

He had the knife in his right hand.

"Even if it's a useless hand, it's enough to deal with you like this!"

The man was scared, "you can't... You can't do this to me!"

Then I just watched the man at that end fall into the man's hand with a hand knife.

"Ah, what do you want to do! I'm wrong, I'm wrong... "

Feng Yan looked at him and laughed scornfully. He dropped his hand knife on the ground. Just now he wanted to cut his hand, but he didn't know why. There was a voice in his heart telling him.

Ah Yan, you can't do illegal things. I don't like it!

All of a sudden, the nature is gone.

"Take the man down, don't let me see him again!"

.....

Feng Yan doesn't know how much headache he has. During this time, he seldom has a headache.

With a bunch of people to leave.

But Mo half blocked the way. He saw all the scenes just now.

"Ah Yan, how can you..."

"Since you brought me back, I have no choice. Thank you for bringing me back and choosing my way for me." The man's voice is low and deep. It's like the voice from hell at the moment.

Mo Nan looked as like as two peas at the dark man. Only a month later, the man became the same as his father.

For a woman, I really want to fight against my family.

Sure enough, Xiao He was defeated by Xiao He.

Chapter 624

This month, Su Xiaowan gradually accepted the reality that her eyes could not see.

She also knows that Feng's family has been looking for people, so she doesn't want them to worry about themselves.

But after searching for a whole month, he searched almost all the surveillance and all the places. However, Feng Yan disappeared as if he did not exist in this world.

I can't find anything.

Although Mrs. Feng has been comforting her, she knows in her heart that she is just as worried as her.

A few days after her return, she received a mysterious gift, a plush toy.

I don't know who sent it.

And she couldn't see it. She could only listen to old lady Feng's description of her appearance, but there was one more girl in the family.

Shen Xiaobei.

It's Feng Yan's niece.

He was also the exiled child of Feng's elder sister.

She is pure and kind, chirping around her to accompany her and relieve her boredom.

Until, one afternoon a month later.

The worker who had planned to build the road suddenly fished out a body in a river.

The various characteristics of the corpse indicate that the man is Feng Yan. The police quickly told Feng's family about it, and Su Xiaowan, who was standing at the stairway, heard it.

Su Xiaowan, who knew the news, fainted directly.

Su Xiaowan woke up after lying down for three days.

When I wake up, it's an old lady's cry.

Her heart a tight, instant that moment, always feel that all this is not true, the old lady cry, on behalf of what, can imagine.

But she... Dare not accept such a thing!

The old lady saw Su Xiaowan wake up and wiped her tears. "Xiaowan, how do you feel?"

Su Xiaowan is pregnant, so they don't want to bring her bad mood and make her sad.

For the sake of Fengyan, they even cried blind, and they were distressed.

In love with Feng Yan, naturally also love this girl.

When Mrs. Feng said it, she cried again. Even if she couldn't see anything, she could feel it all. It seemed that after she couldn't see anything for a while, she was very sensitive to everything around her.

"That man..."

The old lady also knows that she can't hide it. It seems that it's better to know earlier than to drag on like this all the time, give hope and teach a basin of cold water.

"It's a Yan's. It's a match with a Yan's DNA. It's... It's the enemy who is fighting for family feudalism who brought people out. People have been caught, and he admits it all..."

God knows how shocked I was to hear that.

How hard it is to accept.

At that time, she didn't see the body. She was still expecting

But now, reality slapped her hard.

Su Xiaowan has a stomachache. She lies on the bed with a pale face.

The old lady immediately found something wrong with Su Xiaowan and called for the doctor.

The doctor was arranged by Lian Yan. Knowing Su Xiaowan's condition, he came in and looked at Su Xiaowan's pale face and immediately sent her to the emergency room.

After some inspection, it can be regarded as a life, but Su Xiaowan's condition is very bad, and her life is in danger at any time.

Her will to survive is so weak that she doesn't want to live any more

When the old lady knew Su Xiaowan's situation, the pain of losing her son was still in her heart, and she can't leave now.

A normal person can't accept the news, but Xiaowan

Shen Xiaobei looks at the girl inside. He doesn't know why. His heart aches badly.

Chapter 625

When Shen Xiaobei turns around, he looks at a woman.

The woman was very fashionable and out of place with the white hospital. It was a strange face. She looked like she was in her thirties and had good skin care.

Her eyes had been fixed on the ward where her aunt stayed.

When I looked carefully again, a doctor suddenly came to the woman. She didn't know what to say before she turned and left.

But there was a little bit of... Worry in her eyes.

It's like the mother's concerned eyes when she is in the hospital bed.

But that man

Shen Xiaobei wants to go after her, but she is stopped by old lady Feng.

"Beibei, you can help your aunt to buy some nutritious porridge. You know what she likes to eat, you can also buy some. When Xiaowan wakes up, you can drink it."

These days, because Su Xiaowan's mood is not very stable, so old lady Feng takes care of herself.

"Good --!"

When Shen Xiaobei came down the stairs, he saw a familiar figure. It looked like Shen Zhen's back. He rushed out.

But when I turned the corner, I lost it.

Shen Xiaobei stood at the intersection of the hospital, watching the cars coming and going, and felt like the stars in the sky.

She pursed her lips. She had been discharged from hospital for several months. In these months, she went to school normally. After class, she came back to Feng's home, but she never met Shen Zhen again.

Chen er said that Shen Ken turned himself in.

She hoped that he could bear the mistake. If he did wrong, he was wrong and should be punished. But she went to prison to visit her, but those people said that he didn't want to see her.

I don't know if I still hate her.

Shen Xiaobei rushed to the porridge shop.

Su Xiaowan likes porridge very much recently. She bought it once, but only once. She ate everything clean.

It's a century old shop. It's owned by an old couple. It's very popular in Jiangcheng.

Shen Xiaobei bought porridge and went back to the hospital.

At this moment, in the ward, grandfather, grandmother and mother are all here.

They're talking about my uncle's funeral.

Maybe it's going to be done in three days, so that my uncle can live in peace, while my aunt is lying there, and no one can see what she looks like, but Shen Xiaobei knows that she is crying.

Although silent, but it affects everyone's heart.

It's hard to get married with a lover.

Although vigorous, but the end difficult white head, yin and Yang separated.

Her heart is also carrying, very uncomfortable, depressed want to cry.

There was a heavy rain outside the window, which flooded the whole Jiangcheng city. But it was sunny at the funeral three days later.

The sun is shining high.

That day, Su Xiaowan wore a black dress and attended Feng Yan's funeral.

She could see no one but listened to the wailing and weeping, standing there and bowing to them.

As if, so you can paralyze their own nerves.

Old lady Feng looked at her like this, and her heart was dripping blood. Su Xiaowan didn't sleep for three days. After knowing the news, she didn't close her eyes.

She knew the pain in her heart, but she couldn't say a word.

The old lady's hair turned a lot of white overnight. The white green silk made her look a lot older. It happened to them that people with white hair sent people with black hair.

Old lady Feng felt that she had never done anything wrong in her life, but she didn't know why God wanted to make people. She just felt that these things happened to her!

Chapter 626

"Boss, our young master is living well. Is it a curse that they hold a funeral here?" His name is Yu Yuan, with a handsome face. Sitting in a car, he is staring at every move at that end. They are ordered by the old man to pick up Su Xiaowan and go back to his old house.

They didn't say what it was, they just asked them to take people back. That's what the old man did. He

just gave orders, so they just had to carry them out.

He came with his elder brother. He thought that he was just taking a woman back. It was very simple.

However, after several days, I didn't find a chance to start.

Su Xiaowan was either followed or accompanied in the hospital.

"What do you know?"

He was blasted a chestnut by his boss, and the Yu Yuan was there, looking at the thin woman, "she's really pathetic!"

"Pity me, don't talk about things in the old man's house. If you don't want to die, I want more!"

"Big brother, this is not the old castle, but the old man's eye liner can hear it. I just feel..."

"Hold back any dissatisfaction!"

"Oh Yu Yuan suddenly had a bad stomachache. He curled up there and turned pale. "Boss, I'm going to die of acclimatization if I don't take people back."

Yesterday, he ate a bowl of porridge here. When he went back, he vomited and diarrhoea. He nearly died. After examination, he knew that it was a cold in the stomach.

But he is a specially trained bodyguard. His physical fitness is very good. How could he be made like that by a bowl of porridge.

But it was the bowl of porridge that made him doubt his health again.

This place, no more than their family, came here and was scared by the climate.

The weather is changeable.

It's still very hot in the morning, and there will be thunder and rain in the afternoon.

"Oh, I can't hold it. I have to go to the bathroom!"

The man at that end jumped out of the car and went straight to the bathroom.

All day long, Su Xiaowan was in a muddle. Although she tried to hold back her emotion, she fainted in the afternoon. The first person she found was the man who had just gone to the bathroom.

At the moment, the man immediately called his boss.

The man is older than Yu Yuan, so he seems more mature and steady. At the moment, looking at the woman who is lying down, if he takes her away so directly, he won't sit back and ignore her.

But if they don't take it away, they obviously stay here for too long. I can't bear Yu Yuan's health. If it goes on like this, the old man will send someone to come soon.

"Big brother, there is no one around. It's a good time for us to start!"

"What's the hurry? You're bringing people back now. Do you think Fengjia can give up?"

"What about that?"

Didi Didi.

All of a sudden, the mobile phone rang. Yu Yuan took a look at the incoming call.

"It's the young master's!"

"First."

Yu Yuan goes to one side to answer the phone. At this time, Su Xiaowan wakes up, looks at the man at the end, nods, thanks him, and leaves directly.

When Yu Yuan came back from the phone, he saw his boss sitting there. Obviously, there was no woman just now.

"Boss, what about the woman?"

"Gone."

"Gone? Why don't you stop her? "

The boss frowned, "what does the young master say?"

Chapter 627

"The major said... He would come and take the people back in person. Let's not interfere yet!" Yu Yuan is also a monk who can't figure it out.

When he heard the phone call suddenly, he heard it intermittently, but the words were still clear.

The old man stood there, hesitated for a moment, but finally decided to follow the instructions of the young master.

Hold on.

Su Xiaowan didn't expect Lin Kai to come.

Wearing a white dress, Lin Kai came to Jiangcheng for the first time. His wife called her to take care of Su Xiaowan.

Lin Kai was born for the Ou family. Her parents have been working for the Ou family all their lives. No matter how good Su Xiaowan is with her, she can leave the Ou family to protect her. How much

She thought of last night, even if she smoked.

To protect Su Xiaowan is to protect the Ou family.

Although it's just such a simple sentence, she can't help thinking about what the weight is.

When you think about it, even cigarettes are really different to her.

That kind of different degree is more important than words.

She is a woman. When she was a child, she had heard about Lian Yan. Although it was just a conversation between adults, she was smart since childhood. Now she wants to come

In Lianyan, there was a man who liked very much.

That man abandoned his wife, and even, for her sake, his wife abandoned everything in the family. What happened in the next year, the family did not know.

I only know that when Uncle housekeeper found her, she almost broke down and almost died. Fortunately, uncle housekeeper found out in time, saved her life and took her back

Later, no one talked about his wife. Some of them were just old people talking about his granddaughter in order to educate their children not to be as stupid as his wife

Lin Kai has not heard much since he grew up.

But the man is said to be an outlaw.

His wife also lost a child for him

Probably, Lin Kai guessed that Su Xiaowan was the child.

Before that, Lin Kai had never seen a worried expression on his wife's face, but this time she suddenly came back, worried.

It's not the same as before.

"Don't be so sad. Think about the baby in your stomach!"

"Well, I know."

Lin Kai didn't know until today that Su Xiaowan was blind.

She sympathized with her experience, but it was also painful.

Su Xiaowan is her only friend. She can't see her friend get hurt at all. She can't see her friend have such a bad mood.

Lin Kai hugged her. She knew that she was pretending to be strong. Her red eyes clearly cried, but at the funeral, they didn't shed a tear.

Feng Yan will be worried, she said.

So she didn't cry.

Feng Yan's funeral was small and secret. There was no media report. His close relatives were mourning.

Su Xiaowan can't see the specific scene, but she is not deaf and can hear any sound.

In a day, then a person, there will be no more.

When I go out, I smell the air.

Such a day is the same as when she first came to Fengjia and met him.

It's wet.

"Xiaowan, I just have an academic seminar recently. I want to practice in Jiangcheng for a period of time. Can I live in your home during this period?"

"Well."

It's not that Lin Kai is greedy and cheap, but his wife took care of her and wanted to protect her.

Chapter 628

Day by day, the new year is coming.

The villa is decorated with lanterns and colorful decorations.

Lin Kai said that he had never seen Jiangcheng's new year, and he was an orphan, so he wanted to stay and spend the new year with them.

Lin Kai said that she was pathetic, but in fact she was not so pathetic. Her parents loved her and cared for her very much. If it wasn't for the car accident that took their lives, Lin Kai would be much happier now.

However, she was used to being alone, and did not like to use sadness to set off her pity. She was optimistic, but now, it seems that this is the only way to stay.

Mrs. Feng likes Lin Kai very much, and she is very young. She is about the same age as Su Xiaowan and Shen Xiaobei, so she wants to stay and talk to Su Xiaowan.

And their family just encountered these things, the original heart of the trauma is not good, also want to be lively.

Lin Kai had thought of many excuses, but as soon as he said it, people immediately agreed.

She has been accompanying Su Xiaowan all this time. Su Xiaowan looks at her eyes from the beginning of conflict. With Lin Kai's company, she is not in conflict at all.

But Linkai can always find that she is still hiding there secretly crying, although not in their face.

During her stay here, Lin Kai basically found out the situation here. For her, in Jiangcheng or oucheng, it's no different.

"Xiaowan, let's go out and have a look. I heard that there seems to be a lantern festival today? I haven't seen the lantern yet

There is a sea in Europe, but there is no lake nearby. There is no place like Jiangcheng with small bridges and flowing water.

Shen Xiaobei nodded, "I want to see it, too."

Shen Xiaobei grew up in Jiangcheng, but he has never seen Lantern Festival.

"Xiaowan, shall we go and have a look?"

In fact, Su Xiaowan has never seen the Lantern Festival. She didn't live here since she was a child. She was led outside by Lin Kai and Shen Xiaobei.

The surrounding environment is the festive red of Chinese New Year. There are many people on the street. They all get together to go shopping and buy new clothes.

There is a traditional custom in Jiangcheng. On the first day of the new year, you need to wear new clothes to visit your uncle's house

So, basically at this time, everyone will buy new clothes.

Su Xiaowan's eyes can't see clearly, but she slowly recovers. But Lin Kai will explain everything she meets along the way.

For example, what's on sale over there, and what clothes are people wearing over there.

At the end of the day, Lin Kai thought, "I don't have any new clothes yet! Shall we go shopping? "

It's still early. Shen Xiaobei takes a look at Su Xiaowan and sees that she says a good word. They take her to the store.

Su Xiaowan's clothes are regularly sent at home, and there is no shortage.

So it's all Lin Kai who is picking, listening to the voice seems very happy.

She sat aside, her mouth ticking.

"Husband, this dress must look good on you."

"Of course it looks good when you choose it for me. I'll wear it when I go out later. "

There are two people talking around, a man and a woman.

Listening to their sweet conversation, Su Xiaowan drops her eyes. She suddenly thinks of the new clothes she bought for Feng Yan.

Shen Xiaobei looked at Su Xiaowan's mood, she pulled her clothes, "still uncomfortable?"

Lin Kai picked a dress casually. She didn't want to buy clothes, but she just wanted to make su Xiaowan happy.

"Xiaowan, I've bought it, but it's still early now, or we'll have a cup of milk tea and so on?"

The time of Lantern Festival is 8:30 p.m. and it's just over 7:00 p.m. now it's hard to get in. It's a small temple fair type. It's about buying tickets.

But the ticket center doesn't start until seven forty.

Chapter 629

Su Xiaowan nodded. During this time, although she was not in a good mood, she didn't want her emotions to infect them.

They went to the milk tea shop and ordered a cup of milk tea. Su Xiaowan missed Xia Yanran a little.

I don't know how she is.

There's been no news for a long time.

Su Xiaowan has not called her, but her mobile phone number has changed, so she can't be contacted.

"I'll go to the bathroom." Su Xiaowan's voice is a little light.

Recently, she doesn't like to talk very much. Either she is silent or she is sitting in a daze. Sometimes she can't say a word all day.

"Then I'll go with you."

Su Xiaowan's eyes are not very good, so Shen Xiaobei is almost inseparable. Because of the care of her grandmother, she has to take good care of Su Xiaowan during this period, and she dare not be careless.

"Well."

Her voice is a little soft, looking for Shen Xiaobei's hand, now tightly grasp, two people went to the bathroom.

But where to know, because this milk tea shop is too close to the scenic spot, the toilet is almost full.

Shen Xiaobei where to rest assured, Su Xiaowan crowded in so many people, she led upstairs.

Upstairs is a large shopping mall with a lot of people. Shen Xiaobei is even more careless. Because it's near the end of the year, so now people come out to buy new year's goods or new clothes.

A child with ice cream directly bumps into Su Xiaowan. When Shen Xiaobei reacts, Su Xiaowan has already hit him on the ground.

"What are you doing?" Shen Xiaobei looks at Su Xiaowan being knocked down on the ground, and immediately pulls the person up. Su Xiaowan is a pregnant woman. Although she doesn't show her heart, no matter what, before her grandmother goes out, she has to explain everything, and she can't miss anything.

In particular, the child is still

Shen Xiaobei naturally knows Su Xiaowan's suffering. Lin Kai says that this child is her only spiritual

sustenance. Without this child, maybe Su Xiaowan has been with her uncle for a long time

Don't look at her. It seems that she doesn't feel sad on the surface. If such a person keeps his emotions in his heart and doesn't speak them out, the pain will accumulate deeper. Waiting for a certain degree will directly crush her.

At that time, she could not imagine the consequences.

"Xiaowan, are you ok?"

Shen Xiaobei checked Su Xiaowan around. Fortunately, he didn't see any blood.

The doctor said that Su Xiaowan is still in danger and may have a miscarriage at any time.

"I'm fine." Su Xiaowan covered her stomach. When she fell just now, it was her most instinctive reaction.

But she didn't have any other feelings, except for a little pain in her buttocks, nothing wrong with her stomach.

"My brother is stronger." Shen Xiaobei touches Su Xiaowan's stomach. They all want Su Xiaowan to have a boy, so that they can protect her instead of her uncle.

Then, before their conversation was over, a harsh voice came.

The boy cried, "you pay for my ice cream, you pay for my ice cream..."

Shen Xiaobei listened to the boy's voice and frowned. She didn't like children very much.

Especially this kind of kid.

At this time, the baby's mother came.

"What's the matter, baby?"

"Mom, she broke my ice cream. Look, I can't bear to eat it. She broke it."

The mass of ice cream on the ground and Su Xiaowan's clothes are very dazzling.

Then look at Shen Xiaobei's fierce look. The mother holds her child in her arms.

"Is it fair for you two adults to bully a child?"

Chapter 630

When the woman made such a noise, all the passers-by looked at them one after another.

Shen Xiaobei takes a look at the child hiding behind the woman. There are many bear children every year, and it seems that there are many this year.

It's true that a bear child is a parent of any kind.

Originally, I thought Su Xiaowan was OK. The bear boy came to apologize. After all, it's a happy day to go out today. Who wants to make a bad mood.

Moreover, Su Xiaowan doesn't want to worry about this with him.

But who knows, this man actually depends on them.

Shen Xiaobei's temper is very soft, but although she is soft, it doesn't mean that others can bully her casually.

Su Xiaowan is her aunt. She has a big stomach now. She has to take it out for her anyway.

She showed her sleeve and went forward to talk with others. But because she didn't know what she was talking about, Shen Xiaobei was caught by Su Xiaowan's hand just a few steps away.

"It's OK, Xiao Wan. I can handle this. Don't worry."

Shen Xiaobei stands aside protecting Su Xiaowan and sees the woman at that end shouting.

"You broke the ice cream my son just bought, even if you hit my son. What's your peace of mind? Two adults bully a child. How old is he? Do you know? "

After all, the child was crying there, and the child's mother was standing there, yelling and yelling. Others thought that they had bumped into the child.

"Auntie, you are not at the scene at all. How do you know that we bumped into him? Maybe he bumped into us?"

When the child heard that, he looked into Shen Xiaobei's eyes. His ice cream had been knocked out by them. If his mother knew that he had hit someone again, she would beat him and would not buy him ice cream any more.

So she immediately took her mother's clothes and cried there.

When the woman looked at her, she bowed her head and comforted her son, "don't be afraid, son, mother is here! You just tell mom who hit you, didn't she? "

The boy nodded his head there. When people around him looked at Su Xiaowan and Shen Xiaobei, and then at the mother and son, they were all talking to them.

"My son has never cheated. He said you ran into him. What else can I say! I just bought my baby's clothes. It cost more than 3000 yuan. You have to pay for them! "

"OK, clothes with you, three thousand, right? Here it is!"

Shen Xiaobei takes out a check from her pocket. It's the first time that she gives it to her. She doesn't use it much outside.

The woman got 3000 yuan and looked up at the two women again. She was not a small family, and she had seen a big scene.

At this moment, I saw this woman give them the money very forthright, as if I saw a business opportunity.

"He was hit, and I don't know if his hand was hurt. I have to go to the hospital for examination. My family is such a treasure. If anything happens, you can't afford to pay for it."

Shen Xiaobei finally saw favoritism. No wonder such a mother can teach such a child. Seeing the child in his mother's arms, Shen Xiaobei clenched his fist.

"What? You still want to hit people? "

The people around me are pointing. Now they are wringing their brows. They are staring at them carefully at this time,

"I bought his clothes just now, and now they are mine. Let him take them off first, and then we'll settle the following accounts."
