

## good evening 631

### Chapter 631

Shen Xiaobei's lips opened and closed. The woman listened to the sentence and stared at her with shocked eyes.

disrobe?

She put her arms around the children in her family. She was used to being rude. Now she was just a little shocked, and then she looked fierce again, "what are you doing! You hurt my son, and you're still braving here! What's the matter with the world? "

But the woman watched Shen Xiaobei approach step by step. Shen Xiaobei knew that he couldn't be too kind to bear child. He did something wrong today and hid behind his mother. Then what happened in the future!

What she didn't want to worry about was their aggressiveness.

"Didn't you hear me? You are wearing my clothes now! Take off --! "

The boy looked up and saw Shen Xiaobei in front of him. He was scared and cried.

Crying children have sugar.

He has always been like this. Every time he was wrong, as long as he cried, his mother would buy him sugar and delicious food. So today, when he bumped into someone, he chose the same way as before.

Cry.

"What are you doing? What's the matter with you? You hit us and made us undress!"

"Ma'am, as you said just now, I gave you 3000 yuan for this dress, and you accepted it. We made a deal. Naturally, this dress belongs to me. What's the matter? Want to charge? There are so many people watching it

But the passers-by obviously stood on the child's side. An old man stood up and said to Shen Xiaobei, "you can't let people take off their clothes. What does it look like in public?"

But Shen Xiaobei was still standing there, motionless.

When the woman saw that the situation was not right, she gave the 3000 yuan to Shen Xiaobei, "we don't want the money for clothes. My son was hit by you, and he must have been injured. You can go to the hospital with me for examination!"

This is what Shen Xiaobei said.

"Well, I'll go to the hospital. My little aunt is a pregnant woman. Now the fetus is unstable. I don't know if there's anything wrong with being hit by your child."

The woman looked at Su Xiaowan's flat stomach.

"Don't scare me here. She's not pregnant at all. I think you're just trying to steal money!"

"Your family just got pregnant and had a big stomach?"

Shen Xiaobei couldn't help getting back at her.

"That's not what you say."

"That's OK. Check the surveillance and see who hit who. That's OK."

The woman finally nodded. She was very sad. Not everyone could check the monitoring of the shopping mall. She didn't believe she had such ability.

Su Xiaowan stood there, listening to the woman's words, she also knew that her mother loved her child, and it was not easy to conceive in October, but she spoiled too much, and could not even tell right from wrong, that was wrong.

"Xiaowan, don't be afraid. If your uncle is here, you won't be bullied like this!" Shen Xiaobei takes a look at the woman at that end and angrily opens her mouth.

At this moment, he went to make a phone call.

She beat no one else. Of course, it was her mother. Feng Yan was not at home during this period of time, so Feng Xinling was in charge of the group. Of course, Shen Xiaobei also said everything obediently.

It's no one else that worries us. Naturally, it's su Xiaowan.

"How about Xiaowan?"

"Aunt, she said she was OK."

"Beibei, you stand there now and take good care of Xiaowan. I'll come and take her to check right now!"

When Shen Xiaobei wanted to say something else, the phone of Xinling was cut off.

But before long, I was waiting for the person in charge of the mall.

## Chapter 632

The woman was startled by the battle in front of her. In particular, the responsible persons bowed to the humble woman in front of her.

Shen Xiaobei looked at the medical staff and stood there to take care of her.

"Xiaowan, go check it first, I'll come to you later --!"

"Well."

People are called by fengxinling, and there are also a group of medical staff who are specially set up by the group to prevent accidents.

Seeing Su Xiaowan and the medical staff go away, Shen Xiaobei looks at the expression on the woman's face and stares at the moment.

"Go and transfer the surveillance to this lady. The lady of the province says that we are bullying people --"

"Yes."

That woman's brow tightly frowned for a while, at the moment saw that several men in security uniform appeared, hugging their children, "don't be afraid, you don't have to apologize for what you haven't done!"

The boy nodded guilty.

In fact, he was scared.

Shen Xiaobei looked at the child. Now she was submissive and hid behind the woman. Her eyes were fixed on the child. "Your teacher didn't tell you that if you lied, would your nose grow at night?"

The boy is only six or seven years old. He is not tall. Shen Xiaobei saw his mother carrying his schoolbag just now. It is estimated that he just came after class.

Near here, near a primary school.

Most of his stature came out of the school just now. Judging from his stature, he looks like a freshman or a sophomore.

"Mom!"

Boys in the second grade this year, because the family conditions are good, and the family preference for boys, grandparents are holding him in the palm of their hands to grow up.

Even if he did something wrong, he was right. That's what grandma told him.

Therefore, relying on the family as a treasure, they are used to acting recklessly outside.

When Shen Xiaobei was the first to work and study, she tutored primary school children. She felt that the children she met were angels.

Although a little skin, but there is no child in front of him, lying with his eyes open.

Lin Kai had been waiting for a long time in the milk tea shop, but he didn't expect to see Ning Jingzhi here.

Ning Jing is wearing a suit and seems to be talking about things here.

Never thought that it would be such a chance, such an opportunity, can really be in front of their own time, even if they have nearly emerged in the mind of a variety of words, but also a moment all faded.

She stood there, afraid to step forward.

"Two little girls bully a child!"

"It looks quiet. It's really..."

"It's still noisy! I heard he was blind... "

Lin Kai heard the comment from the other end, what blind man... Child, girl's.

Lin Kai just made a phone call to both of them, but he didn't answer any of them. He was afraid that something might happen to them, so he went to them immediately.

On this side, a group of people followed the security guard to the monitoring room.

Within minutes, the woman saw the picture.

It was his own son who ran into it.

The woman immediately changed her words, "I was not good just now. I didn't know the whole story, but it must have been the child's carelessness. You don't have anything to do with it, or you can forget it!"

forget it?

Good idea.

Shen Xiaobei stood there, "forget it? You want to be beautiful. "

"What do you want?"

"Make him kneel down and kowtow to my aunt later --"

.....

On this side, Su Xiaowan obviously felt that there was a person standing in front of him, who had a cold sense of oppression.

"What can I do for you?"

"No, ma'am, just lie down later. I'll give you a detailed examination!"

By her side, although she was a woman holding her, she heard that woman talking, but now she deliberately kept it from her?

### **Chapter 633**

Because she can't see anything, but her ears are very sensitive.

So, she can be sure.

In front of me, there was definitely one person standing.

They are close enough, even if they can breathe, but why does the woman holding her lie to her?

The woman took a look at Su Xiaowan, then at Mo nanjue, holding Su Xiaowan's hand and shaking slightly.

"Ma'am, lie down here and I'll give you a general examination."

But the woman didn't move, just stood there.

"Ma'am, please lie down and I'll give you a general examination!"

The woman's attitude is still respectful, but her heart is particularly nervous, whether it's for Su Xiaowan or the man who suddenly points a knife at her.

It was a sharp hand-made knife. The blade was shining. With a little movement, it could directly poke into her waist. Moreover, there was no one here. She was a doctor. She knew the consequences of the poke. If there was no timely treatment, she would die.

No one wants to die, especially when it's in danger.

She thought a lot and just wanted to live.

So, at this time, she chose not to talk about a man.

This man is here for his wife.

She knew it at a glance.

"Madame."

Su Xiaowan pursed her lips. "Who are you?"

The man at that end spoke slowly. It didn't seem surprising that she already knew her existence, "the person who came to find you."

The voice was low, slightly heavy.

"Do I know you?"

Su Xiaowan is not familiar with the sound.

"I'll meet you later!" Mo nanjue said, looking at Su Xiaowan in his spare time, "please sit down. Are you not tired standing all the time?"

Su Xiaowan heard the sound of the stool moving. The next second, her legs touched something hard, probably a chair.

But Su Xiaowan stood there indifferently, and moved to one side in conflict.

Looking at her behavior with guard, the man's eyes slightly smile, "do you think I'm a bad guy?"

"... sir, you've come all the way to me, not to chat with me?" Su Xiaowan's voice with indifference, "say your purpose."

"What a smart woman."

Mo Nan Jue's hand turned the ring in his hand and laughed.

The smile made the doctor at the other end look stunned, even forgetting the danger in front of him.

The man's eyes fixed on her, "I like a smart woman like you."

"... what are you going to say?" Su Xiaowan's listeners are at a loss. She doesn't know where she was taken, but now she can't see anything. It's a strange place. If she runs away, she can't run away.

The woman around him may be his accomplice.

Especially in front of this man, all is in detour, she did not know he said is true or false.

"I like you very much. Why don't you follow me?"

"... what?"

The man's eyes show a smile, but there is no trace of lip temperature, "I lack a wife, and you are just right."

wife?

Su Xiaowan felt as if he had heard something absurd.

"I'm married!"

"I know, and I know your husband just passed away a while ago!" The man said calmly, "I'm anxious to urge marriage at home. It's better to choose one I like than to find one I don't like. Don't you think so?"

Su Xiaowan's heart only wants to say three words.

neuropathy.

"I'll give you money, a lot of money, OK?"

Su Xiaowan felt that she was going crazy. She had never seen such a person before. "Sir, I don't like you and I won't like you!"

"But I think you will"

## **Chapter 634**

Su Xiaowan felt ridiculous. She covered her stomach and said, "I'm pregnant!"

"Just right, I like to be a father!"

"... psycho!"

The man's eyes moved, and he was not in a hurry to refute. Instead, he was in a stable mood and just laughed, "now I'm more convinced that you are the most suitable person for me. In a few days, I'll ask someone to pick you up."

“.....”

"Don't bother to check me. When you should know who I am, I'll tell you." Mo Nan Jue went to Su Xiaowan's side, pressed Su Xiaowan's shoulder, "when I'm a woman, I won't treat you badly!"

But Su Xiaowan is very disgusted with his sudden approach.

He reached out and pushed him away.

The man's eyes stare at, not slow mouth, as if all this is in their expectations, "I give you time to prepare, this month, I'll pick you up, take you home, when the time comes, you want to know everything, I tell you, how?"

“.....”

The man saw that she did not speak, and continued to add a dose of medicine, "remember to give me obediently at home and wait, otherwise, your baby in the stomach, it is estimated that you can not stay!"

"What do you want to do?"

"Think it over. After all, there are not many men like me who like to be a father!"

The man looked at her deeply, looked at her angry face, lowered his head in her face side said.

Su Xiaowan felt that at this moment, she really wanted to beat the man who was taken for granted. Before, she was very resistant to seeing a doctor because Feng Yan was gone. What if she saw the world?

She didn't find it interesting at all.

But at this moment... She is eager to cure her eyes.

Instead of standing there at the moment, as if he were a clown in the eyes of others.

"What's your purpose?" In front of this person, she absolutely did not know, whether it was the smell or the way of speaking, after all, in this world, such self righteous people, she really did not meet a few.

Even if it is met, most of the heart will have an impression, but in front of this, she can't think of any.

"I'll take you home at the end of the month, and all your doubts will be answered, including... The person in your mind."

The one in my heart?

Feng Yan!

Su Xiaowan raised her eyes in amazement. She didn't know where the man was now, but just wanted to ask, she listened to the woman at that end and said, "you scared me to death, madam. Are you ok? Just now this man held a knife against me and told me not to speak. I'm sorry, madam... "

"He's gone?" Su Xiaowan asked.

"Yes."

"What does he look like?" Because he couldn't see the man's face, Su Xiaowan was very upset, especially the man he said just now

"I..."

"Can you draw?"

"Yes."

"Please draw it for me --"

The medical staff thought about it, took a pen and drew a picture on it. She learned painting part-time as an undergraduate, so the painter was ok, just

It seems that looking at his own picture, it doesn't seem to highlight the man's temperament.

But in the end, he handed the paper to Su Xiaowan.

It didn't take long for Linkai to find him.

"Xiaowan, are you ok?"

Su Xiaowan shakes her head and hands Lin Kai a piece of paper with a portrait of a man he doesn't know.

"Who is this?"

"A strange man, but I want to find him."

"That's easy. After scanning into the computer, there will be face recognition. Put this on the network, and someone will know him."

**Chapter 635**

In the information age, nothing can be hidden.

However, when the notice appeared on the Internet, and even said that the major media for several days, there was no trace.

They were all puzzled.

The other side's background and position are not small at first sight, otherwise, how can they be concealed? Can you escape so many people's eyes?

After all, even if you don't go out, the police also have your fingerprint recognition and face recognition, but the person on the notice seems to be immersed in the bottom of the sea.

"Xiaowan, you will stay at home at the end of this month. Anyway, the security system of Fengjia is famous. I always think what he said is strange! You must not go

Su Xiaowan told Lin Kai everything, so Lin Kai also knew the man's plot.

Lin Kai has told Lian Yan about this. This man is very mysterious. He can't even get close to Yan. It can be seen that things are not as simple as they think.

They were deeply afraid that someone knew Su Xiaowan's identity and wanted to take people away, so they made such a bad decision.

"Well."

She also felt that the other side was not a good person.

However, for a person like her, what does the other party want to get from him?

Moreover, he said those strange words, she is really like a monk Zhang Er, nothing clear.

"Like this kind of man, most of the nerves have problems, it is estimated that he has a crush on you, so he wants to scare you first!"

"I don't think he has a crush on me."

She still remembers the tone of that person's voice. At that time, she was so angry that she ignored a lot of things.

Now in retrospect, most of them think that this person is cold... Even when they say let her be his woman, it is also a kind of cold posture.

"Men these days, who knows what they think. I tell you, I've met many abnormal men. They look well-

dressed on the surface, but behind their back... If they can say it like this, most of them have some brain problems. Even if normal people talk about love and want to get married at home, no one will like to be a father to others?"

Lin Kai is a psychological counselor. Although she is young, she has met many people. Of course, she won't tell Su Xiaowan about Lian Yan, so she avoids these things. "Especially for men, isn't that wearing a green hat on their heads? They can't stand this... Er, Xiao Wan, you can't go anyway. It's not as simple as we think. The more I think about it, the more I feel scared. "

Lin Kai said, while checking Su Xiaowan, "your eyes have recovered well during this period of time. After a while, they will be all right."

Not long after Lin Kai left.

Su Xiaowan is lying on the sofa, night is coming, but for him, it's all the same. At the end of the month, there is about a week left.

She tossed and turned, unable to think of the purpose of this man.

In the last week, Su Xiaowan was in a muddle every day, staying at home, either sleeping or listening to music. She felt very uncomfortable.

Fortunately, the end of the month is coming.

It's near number one.

"I said, that man must have lied to you, mostly bragging about how powerful he is! There are only three hours left and it's 12 o'clock. " Lin Kai ate the orange and watched the pointer go up bit by bit.

Su Xiaowan is not sleepy. These days, Lin Kai is worried about her condition, so he depends on her to sleep with her.

Soon, three hours.

## **Chapter 636**

Lin Kai came to the conclusion that, thanks to their daily anxiety and fear, the old lady had not even had a sound sleep for several days. Now it seems that the man did it on purpose.

In order to make them flustered and know Su Xiaowan's current status, they did it on purpose.

"I can't believe a man's words these days, but the danger has finally been relieved. Xiao Wan has lost the atmosphere of celebrating the new year. It's about to celebrate the new year. I haven't even gone out to have a look."

There are only a few days left to celebrate the new year.

Since that day after going out, Lin Kai has not thought about going out to play. After all, Lian Yan asked her to take good care of Su Xiaowan. What happened last time has made her very sorry.

"Xiao Wan, I'll take a bath first. Remember to help me warm the bed." Lin Kai is also nervous. Up to now, he is finally relieved.

Lin Kai is going to take a bath with his clothes. Su Xiaowan is doing the rehabilitation treatment of glasses. This is a brand new intelligent machine that Lin Kai brought back from abroad.

Everyone would like to see Su Xiaowan be able to receive treatment.

Lin Kai can wash to half, suddenly inside the villa power, Lin Kai body too late to dry, deeply afraid of Su Xiaowan what happened.

He came out in a hurry and ran into a woman in the villa.

The next second, the electricity is coming.

Lin Kai then saw who was coming and looked at the bright light. Now Lin Kai asked, "what's the matter?"

"Miss Huilin, it's tripped." The maid was holding a package, but she was also nervous. No one thought that she would suddenly trip out at night.

I just put on my clothes and got up.

tripping operation?

Lin Kai looked at the sudden drifting rain outside and thought that it was probably because of the rain that he suddenly tripped.

But now, looking at the package in the woman's hand.

"What is this?"

"The name of the little grandmother is written on it. It was sent by the security department just now. It is estimated that it was the package that was missed this morning."

"Give it to me."

"Good."

The woman delivered the package and went down to have a rest. After all, it was late at night now, and

no one thought about the package to other places.

As soon as Su Xiaowan was asleep, Lin Kai came in with the package and didn't wake her up. He put the package aside and went to sleep by himself.

In the morning, when Shen Xiaobei came to call Su Xiaowan for dinner, he saw the express package.

Su Xiaowan seldom does online shopping and seldom has shopping enthusiasm.

So, the sudden appearance of the package... Made her frown.

Su Xiaowan woke up in a panic. Her eyes were different from before. This time, she felt that there was light in front of her eyes, which was very dazzling.

She rubbed her eyes and looked at Shen Xiaobei beside her.

Shen Xiaobei, dressed in a white dress and now with her hair scattered, sits by her bed and stares at a certain place. She doesn't seem to realize that she wakes up.

Her pupils shrank slightly, as if she didn't even realize it. She would suddenly see it.

"Xiaowan, you wake up. Go down to eat. Today is all your favorite food..."

"Beibei, I can see it!"

what?

Shen Xiaobei was surprised, staring at her at the moment, and the joy flashed from her face, "really?"

"Well."

She seemed certain that she could see it all.

This kind of good news, Shen Xiaobei will not be alone to share, immediately went to call someone.

### **Chapter 637**

Linkey was the first to come.

Su Xiaowan's eyes were suddenly blind because of the thin retina and continuous crying. It's not that she can't be cured.

During this period, she was very cooperative with the treatment, so it was not unexpected that she could see it.

Old lady Feng stood there and couldn't help wiping her tears. "Xiao Wan, it's hard for you!"

"Mom, I'm fine!"

It was not until this time that she found out that both Mr. Feng and Mrs. Feng were old, and the speed of aging visible to the naked eye did not seem to have the same spirit as before.

In fact, she is not the only one suffering.

Fortunately, after Lin Kai's examination, everything was normal. Su Xiaowan really recovered very well. There was no other reaction.

However, Mrs. Feng also raised doubts.

"This little Wan is going to be three months soon. How come she doesn't show any feelings at all and doesn't react at all?"

See her eat, although eat less, but her appetite is small.

Some time ago, everyone's mind was in Su Xiaowan's eyes. It seems that no one would ask her about Su Xiaowan's pregnancy. Even if they did, some of them easily avoided the topic.

Lin Kai hesitated, "it's estimated that the child loves Xiaowan, so she can't bear to torture her. Everything is normal for the fetus. Xiaowan's weight gain is also within a certain range. Madam, you don't have to worry."

The old lady's heart is in her stomach.

Lin Kai finished, wiping a sweat for himself.

Lian Yan asked her to stay by Su Xiaowan's side. Fortunately, she knew some medical skills, so they also believed in her.

It's just, after these ten months, where will she find a child for her?

It's a lie that needs countless lies. The more you say it, the more uncomfortable you feel.

"Xiao Wan, what do you want to eat? Mom's going to make it for you? Would you like some black chicken soup? Or do you want to eat yesterday's... "

"Don't bother..."

The old lady ran out and Shen Xiaobei looked at her. "Xiaowan, please let Grandma do it. Grandma is as out of her mind as you recently. Now it's the Spring Festival. In the past, her uncle was there, but this

year... These days, she has been busy and unwilling to rest. It's no use persuading her several times, so my grandfather let him go, If you get busy, you may forget. "

Su Xiaowan covers his stomach.

In fact, after three months, the baby in the stomach has not moved at all, just like it doesn't exist.

Lin Kai gave Su Xiaowan drugs for amenorrhea, so she hasn't been here for three months.

Lin Kai takes a look at Su Xiaowan. The phone rings in her mobile phone. Now she knows who it is.  
"Xiaowan, Beibei, I'll go to answer the phone first!"

"Well, you go. I'll accompany Xiao Wan."

Shen Xiaobei sat with her for a while and then went to class.

Su Xiaowan lies on the bed and sleeps vaguely. When she wakes up, she looks at the package on the floor of her room.

She went over, took the package over, and wrote her name.

But she didn't buy anything. Who sent it to him?

Su Xiaowan took a hand knife and cut open the package.

Inside, it's empty. There's only one envelope.

She opened the envelope. Inside the envelope was a CD.

Su Xiaowan took the laptop and stuffed the CD into the computer.

Inside, there's only one video.

### **Chapter 638**

I don't know what I'm feeling. It's like a box in front of me, which is about to solve all the secrets. It attracts her and opens the video.

The video was taken secretly, only a man's back was seen.

But, almost at a glance, you can see who that person is.

It's Feng Yan.

Su Xiaowan sits up straight and stares at the computer screen tightly. In the camera, except for the

man's back, the rest are all noises. He doesn't know who is talking.

When listening to the familiar voice, Su Xiaowan almost played from one hand.

It's Feng Yan.

If it's just a figure, then she's really not sure, but the voice, can't be wrong... Su Xiaowan repeatedly watched the video, the video screen is not long, only a few seconds.

In the end, it seemed that someone had caught the camera secretly, so the video was cut off.

The picture just stops on the back. Su Xiaowan's eyes don't move. He just looks at the person at that end. He is haunted. He doesn't know how many times he has appeared in his dream.

Su Xiaowan holds her finger and her face turns pale. Her hand was a little warm, but now it's cold.

It's Feng Yan.

Absolutely.

And, it's not the previous video, she can be sure.

Feng Yan is still alive!

As if the moment of joy hit her, she severely pinched his face, with a pain to release.

It's true!

She seems to be crazy as eager to find the sender on the express, but called in the past, the end only said, is a courier site.

She watched it over and over again, but she didn't see anything from the video. She was so anxious that she wanted to cry.

Over the past few months, all the results are different from what she expected, which is totally unacceptable to her. Because of this, when facing many things, Su Xiaowan chose to curl up in her shell like a tortoise.

She can't stand any more blows.

But over and over, she did not find any clues, she lay in front of the computer, tears inadvertently flow down.

last.

Su Xiaowan took the CD-ROM out of the computer and found the words on it.

"Come and be my wife when you think about it. I'll give you what you want!"

And the address is the mother and son of a large group, not in English.

Su Xiaowan input the words one by one on the computer, and then translated them. It's the name of a port, the wharf in Jiangcheng.

It's three o'clock.

She didn't know whether it was today or not, but it was already half past two. Su Xiaowan didn't think about it any more and went out in her clothes.

Because it's near the new year, there are many people in the port. Su Xiaowan doesn't know who that person is, because he can't see anything that day. Although he has the face recovery technology of network scanning, there is still a certain difference between him and a real person.

Su Xiaowan stood in the harbor, her mind thumping, even at this time, she was afraid that she would be fooled again.

"Miss Su, my husband has been waiting for you for a long time!"

A young man stood in front of her and called her now. Su Xiaowan didn't think much and followed him.

This is a cabin.

In the cabin, everything was in order. Inside, there was a man standing.

Su Xiaowan only saw his broad back, but could not see the man's face clearly.

### **Chapter 639**

The man heard the sound and turned around.

To the eye, he has a beautiful face, delicate facial features and three-dimensional clear. His eyes are thick black. The whole person feels mature and steady.

She finally knew why there was no news about the person scanned in the picture.

Because it doesn't look like it at all.

The figure in that picture is not the same person as the person in front of us.

The man in the picture is inclined to the kind of demons, but the man in front of him is inexplicably familiar.

"I've come. Now you can tell me where the man on the CD is?"

Su Xiaowan doesn't want to stay here much. After all, she doesn't like this man and doesn't want to get along with him.

But he never happened to appear in front of her, as if all these things were under her control.

"No hurry." The man's eyes are clearly smiling, but Su Xiaowan is not aware of a trace of temperature. She finally knows the doctor's psychological activities that day.

Su Xiaowan came here alone. When she came, she didn't tell anyone.

So, at the moment, he was staring at me with nervous tension and pale face.

"What did I think about what I said before?"

To be his woman!

"No way."

"Such a ruthless refusal? Don't think about it any more? " The man's eyes fell on Su Xiaowan and raised his hand to look at his watch. "I'll give you another five minutes and think about it carefully."

"I will not marry you." Su Xiaowan spoke word by word.

"It seems that you don't want to keep the baby in your belly." When the man said it, his eyes were burning, as if he could see through Su Xiaowan.

Su Xiaowan frowned. Soon, a doctor came in, "young master, you are ready!"

Su Xiaowan looks at the person who appears. She wants to run, but the door is blocked. She just looks at the woman step by step and clenches her hands into fists.

This place is not a box at all. It's a ship.

She's on the boat.

Su Xiaowan's face became pale, and her face was in a cold sweat. Looking at the man at that end, she didn't know his identity, but she could know that he was not an ordinary person.

"I said that if I give you five minutes, you will have five minutes. I advise you to think about it."

think.

Su Xiaowan's hand fell on his stomach. At the moment, his nerves were tense. "What do you want?"

"I want you to be my woman!"

"... I don't know you."

"I know you enough." Mo Nan Jue's tone is steady, "in fact, feelings, who knows when fate will come. When I see you, I think you should be my woman."

"....."

Pervert! Narcissism, arrogance.

Su Xiaowan has never met such a person.

"Three minutes left." The man looked at his watch and looked down at Su Xiaowan.

"Two minutes left."

.....

Time is very fast. It seems that one minute passed easily. Su Xiaowan never thought that time could be so fast

"Anyway, if you want to marry me, we will have our own children sooner or later! This child, don't worry about it... "

"... do it!"

Su Xiaowan watched the doctor at the other end come towards him, protecting his stomach.

## **Chapter 640**

Forced no way, Su Xiaowan's back against the wall, hard let her heart up and down.

Looking at the several women who came in, Tong Yi came towards her in white Mandarin coats and things in his hands.

There was no expression on those women's faces.

Mo Nan Jue looked at the woman's pale face at that end, and his tone was not slow, as if he were a spectator.

"Is it so hard to say yes? It seems that you don't intend to keep the child in your heart

Of course, he would not really do it to her.

I just want to try her.

"Let's do it!"

"Yes, young master."

He just watched the doctors approach Su Xiaowan and take a needle tube from the box. The needle tube was made in advance. Su Xiaowan didn't know what was in it.

The doctor at the front is a woman. "Miss, you don't have to be nervous. Just relax. It doesn't take a few minutes. We are all medical professionals. We have been working for many years. We guarantee that you will have no pain at all. You can rest assured and have a good sleep..."

What is a sleep? That's human life. Although she is only three months old, why can she deprive the child of her life with such indifferent words?

What's more, she's her mother. Why are these people.

"You go away!"

"Miss, it's always like this for the first time. Don't worry, it won't hurt soon. You are still pregnant now, so you can't be too nervous. Otherwise, your child will not be able to survive without us"

That sentence, almost all her psychological defense lines were defeated.

Su Xiaowan is in a dilemma, protecting her stomach. Even if she knows some Kung Fu, she is not their opponent at all for so many people.

Besides, she has children in her stomach.

Doctors have long said that the fetus is unstable.

She can't make a big move, otherwise, the child will be lost.

She lives, just want to let her live together

"You tell them to go away!"

Su Xiaowan has nothing to do. Her eyes are fixed on the man above.

But I saw that man still, as if all this, even if he was about to kill a person, it had nothing to do with him.

"It's up to you."

Su Xiaowan pursed her lips. She had no way back.

"I promise you!"

Su Xiaowan's eyelashes trembled.

As soon as the words came out, the doctor at the other end stopped. Now he looked respectfully at Mo nanjue, "young master, we are outside. If you have something, please call us at any time."

With that, the man went straight out.

At this moment, only Su Xiaowan and Mo nanjue were left in the room.

Su Xiaowan looked at those people and saw Mo nanjue's smile at the moment. She felt that she had been cheated.

He did it on purpose.

"You did it on purpose?"

"You are a soft hearted woman." There was a string of emeralds hanging on his hand. The emeralds didn't look like men's belongings. On the contrary, they looked like women's.

Little by little, he fiddled with his Emerald Pendant. "If you are soft hearted, you will compromise step by step."

"So, if you're right in the beginning, I'll compromise?"

"At first, I thought that women are heartless, but now it seems that some people have a heart, for example, you are one of them." Mo Nan Jue's mouth showed a smile, "what should I do? I like you more and more

"....."

Pervert.

Su Xiaowan has never seen this man before. Even if he only met once, he can remember him.

After all, a face that can't be easily forgotten.
