Chapter 651

"What nonsense! This is the father's own son. Everything he does is for the young master. " The housekeeper standing on one side couldn't help making a sound. In fact, he also wanted to save this woman. If she said that, she would be thrown out to feed the wolf.

"You keep saying that you will choose the future life for him. Did you ever ask him that what she wants is the life you choose for him?"

The old man at that end was angry, holding the crutch in his hand. No one could make her so angry. He had been alone for decades, and he had never been so angry as today. However, the girl who was not afraid of death touched his mood.

"That's how I get along with him. You are an outsider. I don't want to explain to you."

Su Xiaowan can't help but get angry for Feng Yan. No one wants a father to treat him like this. Even if the father, who seems to be very concerned about him, plans everything for her. She knows that Feng Yan is unique. What he wants to do is something that has been carefully considered. But just now, the man beat him with a crutch.

If she had not appeared, the crutch would have hit Feng Yan severely, "do you think he is a son? In my opinion, he can't compare with the bodyguards around you? "

"Oh

The man sneered. At the moment, several bodyguards immediately stepped forward and grasped Su Xiaowan's shoulder.

"Respect our master."

Su Xiaowan was held down by two people and couldn't move at the moment.

Mo Li Ting's eyes fixed on the little girl.

That little girl is young and vigorous. After all, she is a little girl.

"You little girl, you don't shed tears when you don't see the coffin." Mr. Mo's voice was from far to near, but Su Xiaowan still couldn't see the man's face. "Take the man down and lock him up!"

Shut up.

Mo Heng thought that this little girl could not live.

Otherwise, according to the old man's temper, for the first time he saw such a person who was against him, and even was riding on the head by a woman, how could he tolerate this woman.

But the old man said, shut up.

That was to save her life.

Su Xiaowan was taken down like this. She didn't know what happened after that.

It's just that I was taken into a room.

She was hit with a crutch, and her back hurt. So when she was locked in, Su Xiaowan fainted because of the pain.

His men immediately reported the matter to the old man.

The old man frowned. He had bad legs and could only sit in a wheelchair. Now Mo Heng was standing beside him.

Mo Heng, not Mo Liting.

People like them as like as two peas are always wanted to be his life, so the family will help him pick a man who is exactly the same as him. Moheng is the one who comes for him.

They have been together since childhood, and even Mo Heng seems to have forgotten how long he has been.

The age is quite the same, except for Mo Heng's healthy legs, even his appearance is roughly the same, but because Mo Liting doesn't go out, his skin is very white and tends to be pale.

"Old man, for so many years, such a little girl who is not afraid of death has not met many opportunities."

There are not many people who are not afraid of death.

Except for her, it seems that no one around Mo Li Ting talks to him like this, but that person has enough right to do so because he is allowed.

Relying on Mo Liting's kindness to her, she can be unscrupulous.

But Su Xiaowan is not.

If she is lawless, she will lose her life.

Mo Li Ting is sitting there. This little wild cat looks soft, but I don't know when it will stretch out its claws and give you a good grasp.

Especially the little girl at the party.

"Where's the boss?"

"I've been punished, and now I've been sent back!" Mo Heng couldn't help mentioning Mo nanjue, "in fact, young master, he... All the things in the world, the most taboo word is love. But if you move love, you want to forget it. Unless you don't love at all, how can you stop it?"

"In recent years, although the relationship between men and women outside is chaotic, I have checked that he has not done anything that goes beyond the rules. He seems docile and obedient, but in fact he is a rebellious child. He brings people back today, which is nothing but..."

"In Mo's house, no small moves are allowed."

"What are you going to do, little girl?"

"I was going to keep her, and the Mo family doesn't lack a pair of chopsticks. Let's keep them --!" Mr. Mo was a little tired. He turned his wheelchair and stopped halfway. "Let people take good care of her."

"Yes."

This old man is actually a softhearted person, but he is not good at expressing himself. If he really wants to do something to that little girl, she will die long ago.

When Su Xiaowan woke up, she had a gentle look in her eyes. The woman was beautiful and looked at her tenderly, "are you awake?"

Su Xiaowan didn't know why she was lying in bed. Now she looked at her and remembered.

What old man of the Mo family locked her up.

She wanted to get out of bed, but was held down, "your spine is seriously damaged, you'd better lie here to rest, during this period of time, it's better not to move, otherwise, serious up, but to do a wheelchair! But don't worry. I'm the doctor who's here to take care of you. I'm sure I'll cure you. "

what?

Su Xiaowan is not a doctor, but at the moment, she does have a little pain in her back.

"Where is Feng Yan?"

"What is Feng Yan? There is no one here named Feng Yan. "

"You two young masters."

When the woman heard about her relationship with the young master today, she glared, "I thought you would ask the young master! After all, for your sake, the young master has been punished by the old man for ten times today! "

Ten sticks!

She was beaten like this with one stick. If she had ten sticks, wouldn't it be

Sure enough, the old man was a madman, even his own son.

"Has your master ever beaten your second young master before?"

"... I don't think so, but maybe there is. The second young master just came back a few days ago. However, he doesn't know us very well, and he has always lived outside. Today, he came back specially because of the Chinese New Year. Anyway, in the villa, just this once today, it's no wonder that the master doesn't like others to disobey him, but the young master vowed to die, The old man is also impatient, only then can hit the person

"If you are in a hurry, you can do it?"

"In fact, the old man loves the young master very much. Even if you don't block it, the old man won't really do it." That woman opens a way, tone in can hear, to that old man's awe still have adoration feeling.

Chapter 652

Please, Su Xiaowan has been beaten. Is it still fake.

But Su Xiaowan knew that it was useless to fight with her. "I'm locked up here now?"

The woman hesitated and looked up at Su Xiaowan's face, which was not grown up and didn't look aggressive. She also thought that if such a pretty girl was locked up here, it would be... But it was the order of the old man.

In this place, the old man has the final say.

No matter what, they all obey the old man.

But... When the man came, the housekeeper said that she was an unusual person. Although he didn't say where the unusual place was, anyway, since the housekeeper said so, and he heard about her, the old man could save her life, she was really an unusual person.

"Miss, you are hurt. The old man just wants you to rest here."

Rest in peace.

It's just, well said.

Su Xiaowan turned over. Anyway, she is a wounded and can't get out. Moreover, if she goes out, she may never see Feng Yan again in her life, and she can't go out either.

Although she was locked up here, Feng Yan was also here. Although she didn't know what happened to him, she would definitely take him back.

The woman looked at Su Xiaowan and turned her back. She simply explained the problems that Su Xiaowan needed to pay attention to, so she didn't have to let her rest and left.

This is a secluded yard. Su Xiaowan listens to the footsteps of the woman leaving. She turns over and faces the door.

Today, she did something unexpected.

Back pain, tell her it's true.

And Fengyan is really here.

However, what did the old man do to Feng Yan? Why did Feng Yan look at himself with such strange eyes? That kind of eyes made Su Xiaowan feel uncomfortable.

Maybe the medicine on her body worked, and she went to sleep.

Before long, a doctor came in.

She came at the order of the old man.

To do B ultrasound for Su Xiaowan.

What she brought was a simple B-ultrasound instrument, which went back and forth in Su Xiaowan's stomach, but, strangely enough, she didn't see anything in her stomach.

The old man said that she has been pregnant for three months, but... The child of three months has been formed, even if it is less than three months, it should not be like this.

She's not pregnant at all?

This kind of cognition made her tell the housekeeper immediately. The housekeeper was a loyal man, and she also told Mo Liting immediately.

"Not pregnant?"

"Yes, that's what the family doctor said."

The housekeeper stands aside, Mo Liting is looking at the video of Su Xiaowan at the banquet today. At the moment, she is looking at Feng Yan's side with deep eyes.

I took that one.

Mo Heng has benefited from this fight. In Mo Liting's opinion, Feng Yan is not too young. It's time to change to Mo family. Mo family has a single family, and Mo nanjue is not his own child

At the beginning, Mo nanjue's mother saved herself at a banquet, so he was kind to her.

I always wanted to repay this woman.

But there was no chance.

However, Mo nanjue's mother took the initiative to find him, saying that she wanted to protect him. Then he knew that Mo nanjue's biological father had been assassinated because he had offended others. She had been pregnant for more than three months.

Even if she wanted to go with her husband, she couldn't bear the baby in her stomach.

In Ningcheng, the only one who can protect their mother and son is himself.

At that time, he only wanted to repay his kindness, so he got rid of public opinions and married people. Of course, the war was very big and he was named Mo family. Even if someone wanted to move them, he had to weigh whether he was their opponent again.

Mo nanjue's mother had only his father in her heart, and she had only that man in her heart, so they were only husband and wife in name.

respect.

Before long, Mo nanjue was born.

And his mother, who was sick of yearning, died.

He treats Mo nanjue as his own son, holding him in his hand and giving him everything he has. However, Mo nanjue contradicts everything he has given him. He is clever on the surface, but rebellious in fact.

Since he was sensible, he has been singing the opposite tune with himself, and even likes a

He wanted to give it all to monange.

It's a pity that Mo nanjue

"Old man, I'm afraid Miss Su didn't mean to deceive us. You see, she instinctively stroked her stomach when she got up. It's not pretending. It must be that someone cheated her in order to hide it from her."

One side of the psychiatrist said.

"Look after her first, but don't let her out of the villa."

That little girl is not high in the sky and wide in the sea. Just stay here.

"Yes."

.....

Feng Yan didn't know how he came to this place. When he pushed the door, he suddenly realized what he was doing.

When did he be so loving? To a woman, he even said that she was someone else's woman.

He turned to go, suddenly the woman turned over. For a moment, Feng Yan thought she was awake.

Ghosts and spirits came over and looked at the sleeping face under the night light. The beautiful eyebrows were tightly twisted together. It was obvious that it was because of the unstable sleep.

Feng Yan's eyes fixed on the face, but he seemed to have seen it somewhere, but he had a strange feeling.

He raised his hand and gently pushed away the broken hair on the woman's cheek, staring at her.

He doesn't know what happened to him.

Over the past few months, Feng Yan has been looking for a woman all the time. In his dream, the woman helped him with the ring, but he couldn't see her face clearly.

He didn't have an engagement, but when he woke up, he saw the ring.

The ring on his hand is really on his finger.

Feng Yan's hand was just ready to move away, but the next second, she was held tightly by Su Xiaowan,

as if because she felt the temperature brought by the warm fingertips.

He was flustered by this sudden action, and it seemed that he couldn't explain why he was here.

But instead of waking up, she continued to sleep.

Hand was suddenly held in her arms, he tried to pull away his hand, but afraid to wake her up in deep sleep.

"Don't move!"

In the dream, Su Xiaowan holds Feng Yan domineering, she is only in the dream.

The man looked at her sleeping face. He didn't know why. His heart was in a mess, but he didn't want to separate when he was caught by her.

What a ghost.

Chapter 653

In front of this woman, in the end is who, why can easily interfere with her emotions.

When he reflected what he was doing, Feng Yan clenched his lips tightly. The next second, he pulled his hand away from her arms.

She's big brother's woman.

What are you doing! Is it because she helped him block it? The man's eyes fixed on her bedside cupboard, and immediately got up and left.

He is really

The girl sleeps very deeply, at the moment also didn't notice the man's movement.

Wen Sheng stood at the other end, and now he saw the man coming out. It seemed that his face was more heavy than when he went in.

"Young master, you..." Wen Sheng chased the man's steps, but saw the man leave quickly. Wen Sheng didn't know what happened, especially when the young master came here just now, he already felt strange.

Just looking at the young master's dark face, Wen Sheng's original words were all swallowed.

The young master seems to be angry.

Can good end of how angry? What did the woman do to the young master? Wensheng followed Feng Yan to the main house. At the moment, he just watched the man turn around and go to the study.

And in the dead of night, when the temperature rises downstairs, listen to what those people are saying, "did you hear that? The young master was beaten ten times by the old man

"What? Ten sticks? Is that still alive? "

The old man always has a heavy hand. If he goes down with ten sticks, then

"Tiger poison doesn't eat son! How can the old man beat the young master to death

"Yes, after all, the old man still loves the young master." The maid nodded, "but why do you want to beat the young master? The young master hasn't been making girlfriends outside recently. There's no report on the news

There are a lot of news about Mo nanjue. Even the people in the villa are used to it. The old man also turns a blind eye. After all, he dotes on the young master.

But these maids seldom heard of things like being beaten.

"Because the young master took the woman home!"

"That woman?"

The maid, who agreed, nodded her lips. At the moment, she took a look around. Because she was a little far away, some maids in the villa didn't know about it.

"Keep your voice down. If it comes to the ears of the old man, we'll be finished."

"Sister LAN, what's the matter? It's so mysterious."

The maid called Lan Jie pulled the maids aside. "I heard from the people who worked here before. There was a woman I liked very much before the young master. They secretly got their certificates outside. But when they took them home, the old man didn't agree and separated them..."

Wensheng stood there, listening to the man at the other end.

Is the woman I brought back today the young master's wife? But how strange, the young master's woman, how suddenly rushed to protect the second master?

"It's been many years. People who knew these things before went to the old man, and everyone was afraid of him, so no one dared to talk about it. I can't tell anyone what I told you today. "

"No wonder the old man kept that woman. I thought it strange, but now sister LAN is right."

Chapter 654

The more Wen Sheng listens, the more gloomy his face becomes. The young master seldom loses his mind because of a woman. If he knows that the woman he is interested in is now the young master's wife, I'm afraid

Fortunately, as long as they spend the new year, they will leave.

Four days at most.

The old man is a person with a strong family concept. It's like celebrating the new year. There must be an atmosphere for the new year and the family must be in place.

So, this new year, they all came back.

Originally, it would not have been such a big show, but this year, because Feng Yan came back, he did things much more lively than in previous years for the sake of making a scene.

As a result, Mo nanjue made such a fuss that he still didn't eat the new year's Eve dinner.

At night, fearing that Feng Yan was hungry, Wen Sheng ordered the kitchen to prepare meals, but when he pushed the door in, Feng Yan was in a meeting.

"Who did the acquisition of Wendigo? Why does the acquisition with such a low profit point appear in my hands The man's eyes are heavy, now is the video conference, because the man's words, at the moment that originally do investment director forehead sweating.

"Dumb?"

After waiting for a long time, no one spoke.

Finally, it was a manager who opened his mouth in full view of the public.

"Young master, this... All the projects near Wendigo have stopped because of Wendigo's poor management. The original generation of residents are suing Wendigo because of Wendigo's chemical pollution. The court will adjudicate that Wendigo will definitely face huge compensation in a few years' time. At that time, they will be insolvent and bankrupt, Although the profit from the acquisition of windigo is very low, a new temple fair has recently been built near windigo. The central area is windigo company.... "

The best advantage of Wendigo company is that Wendigo is the center of the whole temple fair. Before, because Wendigo company has been occupying this piece of land, it refused to sell it. As a result, the

temple fair area originally divided by the government has been reduced. With such a reduction, the whole planning seems extremely unreasonable, and the flow of people at the temple fair is very low.

.....

In the past few months, Feng Yan has increased the speed of territory expansion and acquired one enterprise after another at the fastest speed. Although those enterprises are on the verge of bankruptcy, they have acquired them at the lowest price. According to Feng Yan's business mind, the enterprises in his hands have been constantly rising. It took only a few months, All those enterprises on the verge of bankruptcy are well managed. It can be said that they are faster and more utilitarian than the old man.

Wen Sheng wants to say something, but he also knows that his advice is useless. He can only put things down quietly and leave the study.

After the meeting, Feng Yan stood at his window, where he could still see Su Xiaowan's place. He didn't know how, so he looked at that end.

It seems to be looking through the glass window.

It's just, it's too quiet.

On this night, Mo nanjue, who had been hit by ten sticks, could only lie on the bed. The assistant beside him said silently, "young master, why are you suffering? It's not that you don't know the old man. Why do you have to fight with him to bring back the second master's woman to annoy him... Look at your own injury... "

"How is she?"

He was beaten ten times just now, and Mo nanjue just woke up.

Chapter 655

"Miss Su is OK. I didn't expect that the old man let her go."

The assistant frowned and doubted what he said.

We can all see what Mr. Mo looks like.

At the beginning, if Mr. Mo had not interfered in the affairs of the young master and miss Ning, now the young master would have all the children

But don't let that woman go.

It's incredible.

"So, she is different..." Mo Nanjue lay on the bed, ten sticks didn't kill him, but he couldn't move.

The assistant didn't know why Mo Nan Jue had to bring the woman back, but the young master had his own reasons for doing things, so he didn't say anything. He just obeyed the young master's orders and paid attention to the movement of the yard where the woman was.

When Su Xiaowan woke up, her back was very painful. She struggled to get up from the bed. As soon as she got up, her arm was touched by something.

She looked down suspiciously and saw a ring.

Take a look, her eyebrows slightly raised.

It's Feng Yan's wedding ring.

At that time, in order to be afraid of Fengyan Zhaofeng DVD, she bought it for self-defense.

Although it's not very expensive, she bought it with her own salary, and Fengyan didn't dislike its low price. She always took it with her.

When I bought it at that time, the shop assistant said that it could be engraved.

So she had YW engraved.

Y stands for Feng Yan.

W stands for Su Xiaowan.

Feng Yan's ring appears on his bed, so it also means that Feng Yan came last night? Just as she was about to get out of bed, suddenly the door was opened.

It was the same woman who came in yesterday.

"Miss Su, you can't get out of bed before you recover."

Su Xiaowan looks at the men at the door and guards at the door, just like yesterday.

How did that letter come in? These men are obviously old men.

Su Xiaowan does not know what's going on. She wants to ask something from this woman, but she can't ask anything. She doesn't know whether she really doesn't know or she doesn't know.

In the afternoon, the woman left and a woman in uniform came.

never go to the temple for nothing.

Su Xiaowan thinks this woman is a little strange when she comes here.

"Miss Su, don't be nervous. If the old man wants to do something to you, you can't live till now." The doctor quickly saw that Su Xiaowan was different and took the lead in speaking.

"Why shut me up if you don't want to do anything to me?"

Now she's like a prisoner, looked at as a mortal without any freedom.

"The old man is for your own good. If you haven't recovered, it's better to take good care of yourself here."

"I'm not a hypocritical person. I can stand such a little hurt. I just want to leave here with my husband. It's against the law for him to keep me shut up like this

The doctor's face was heavy. She wanted to say something to enlighten her, but this woman was much more stubborn than she thought.

No one can survive in master Mo's hands.

She's the only one.

"Miss Su, when you trade with our young master, you have no freedom. If you are willing to be his puppet, you'd better listen to him. After all, in this place, even the young master must listen to him." Looking at Su Xiaowan's expression, the doctor said, "the young master has been beaten ten times by the old man for you. Now he is lying on the bed. Even if he wants to save you, he has no strength."

Chapter 656

a young master? Mention that Mo nanjue, Su Xiaowan's heart is still full of gas.

Clearly, she is his puppet.

She didn't expect monange to save her.

The doctor stared at Su Xiaowan's expression and saw a myriad of changes on her face.

But for a moment, he didn't know what Su Xiaowan was thinking, so he could only continue to say, "the second young master is the life of the old man. He won't let him go back with you. You are dead."

I'm not going back.

what do you mean? She thought of Feng Yan's strange eyes and the old man's words that day.

The old man also vowed that day. It's as if they had expected everything.

"What have you done to him?"

The doctor didn't say anything, just a smile, and then, under Su Xiaowan's gaze, took the ointment, "Miss Su, do you need me to help you?"

Su Xiaowan evades the doctor's touch. She frowns tightly. What has Feng Yan experienced! The doctor didn't ask. Since her words had been brought, there was no need to say more about the rest.

"Mo's territory is full of traps. Miss Su still stays in the manor. Don't go out for a walk." Seeing Su Xiaowan, the doctor said.

Take a look at the silent Su Xiaowan, get up and leave.

Before she left, she saw the food on the table and did not move.

"People are iron, rice is steel, and you are smart. Hunger strike will only hurt your own body. Mr. Mo will not treat you differently because of your hunger strike."

Mr. mo.

Su Xiaowan doesn't have a good feeling for this Mo master at all.

Even if he was Feng Yan's father, he couldn't cover the sky with such a hand.

After the doctor left, suddenly the door opened. It was the girl before, and now several maids were following her.

"Miss Su, I'm afraid you're bored, so I brought you some books."

After that, the woman asked the maids to put down their things. Then Su Xiaowan saw these books.

Fairy Tales?

It's all fairy tales.

She's so old that she shows him fairy tales?

Su Xiaowan really thinks that the people in this place are strange. She just wants to leave here as soon as possible, but she can only walk around the manor and can't see Feng Yan at all.

She is holding the ring in her hand. Feng Yan's ring has been put into her pocket. In order not to be noticed, Su Xiaowan doesn't say anything.

The woman's name is Xiao Ai.

In her twenties, she just entered Mo's family. She was very strict and never spoke in front of Su Xiaowan. But she is good-natured, even if Su Xiaowan cold face to her, she is still very kind to show two teeth to her smile.

Over time, Su Xiaowan did not know how to face her.

She is not a bad tempered person, and, as you know, she just obeys orders. The one who really annoys her is Mr. mo.

The rest of them just listen to Mr. mo.

Why throw all your anger on them.

"I borrowed these books from the second master's study! In this yard, the second master loves reading books.... "

Su Xiaowan was lying down, but suddenly listening to the second master, he turned over and said, "what are you talking about? Is this... His book? "

"Yes, do you want to see it?"

Su Xiaowan had doubts about shangxiaoai's eyes, but he nodded.

"Look, I'll get you some food."

Little love said and walked out of the door.

Chapter 657

On this day, Su Xiaowan was sitting there reading fairy tale books. She thought that she would never catch a cold when she was such a big person. But she never thought that the book was very good-looking. Even after reading it, she was very sleepy.

When Xiao Ai comes in, she looks at Su Xiaowan lying on her desk and falling asleep.

She made a quick call to assistant Wen.

After hanging up the phone, Xiao Ai takes a look at the woman lying there. She is Wen Sheng's distant cousin. When she comes here to work, she thought that the second master had someone to take care of his food and clothing. After all, the second master doesn't believe others.

But in order to avoid the old man's eyeliner, little love himself came in.

You need to go through many levels to be a maid here.

Xiao Ai was almost not employed.

However, the employed person needs to start with washing and cleaning first, and the first day she came in, she was arranged for a training.

Xiao Ai thought that she could have a chance to come to the second master, but who knows, she came to Miss Su.

When the consul saw that she had just arrived, other people didn't want to do the job, so it fell on him.

Although Miss Su was cold tempered, she found that she was not.

It's easy to get along with.

She thought, take good care of her, after some days, Miss Su left, then she can go to the second master to take care of.

But who ever thought, today Wen Sheng told her that the second master's ring was missing.

She doesn't know what ring the second master has, or why the big man should wear, but listening to Wen Sheng's tone is definitely not a simple thing.

But on second thought, why is the ring missing, on Miss Su's side?

Miss Su hasn't seen the second master these days.

Xiao Ai is very worried. She arranges the books and looks at the people standing at the door. If she wants to come, she has to support them first.

As soon as Wen Sheng receives the phone call, he immediately tells Feng Yan that they go to Su Xiaowan's other hospital in the dark.

The other courtyard is just an ordinary villa with only two floors.

Because of the distance from the main house, I didn't meet anyone else along the way.

The people at the door have let Xiao Ai go. Now Feng Yan is walking towards the inside, familiar with the way.

"Young master, I've asked Xiao Ai to look around, but I didn't find the ring you said. Did it fall somewhere else?"

Other places?

Feng Yan has been to so many places and has looked for them one by one.

So he could conclude that she had the ring.

"Go to the door and guard it!"

Wen Sheng was stunned for a moment, but then nodded and ran to the door. In fact, Wen Sheng didn't know much about what happened before Feng Yan, but he could see that the young master was a little unusual to this woman.

It's so different.

Feng Yan walked into the room. Inside the room, a woman's fragrance came from her face. It was not the kind of rich and deep fragrance. It was sweet and refreshing.

He doesn't like women, but it seems that the taste of her is not annoying. He even thinks that he is hot somewhere.

Down in the heart of restlessness, the man's line of sight in this room. But no ring was found.

The sight fell on her.

Is it on her?

He didn't know why the ring was in his hand, but it might have something to do with him. So, subconsciously, he felt that the ring couldn't be lost.

Chapter 658

But when he found out, his ring disappeared.

Feng Yan didn't pay too much attention to anything. He was in the villa, and rarely went to hang out, either in his study or in his bedroom.

But those two places have been searched, and nothing has been found.

The man's eyes fell on her again. The woman's face was lying on the table, her red lips were tightly pursed, and her hair fell on both sides. She was wearing a loose sportswear and could not see her figure. But that night, he had seen her white waist and

Thinking of the scene he saw that night, his stomach became hot.

He never had any extra thoughts on this aspect, but within a few minutes, he had such thoughts on the woman in front of him? Suddenly, Feng Yan seemed to be seen through, a little flustered. He coughed softly. Of course, he knew that the medicine was too heavy for her to wake up.

Just walked into the woman's side, listening to her whispering something.

"A Yan, happy new year."

Because of the distance and the lightness of Su Xiaowan's words, Feng Yan only heard a few words, Nian, Kuai, le

Thinking it's new year, maybe she said happy new year.

But he obviously heard a few words in front of him, saying happy new year to Mo nanjue?

Being locked up in this ghost place, I'm worried about how stupid this woman is.

Feng Yan suddenly lost interest, he is not interested in other people's women, even if this woman has a little different influence on him now.

Feng Yan didn't know about Mo nanjue's past, but most of them still heard some news. Mo nanjue had a woman he liked long ago, but she didn't know why and disappeared.

Just these days, Mo Nan Jue appeared with her at the new year's Eve dinner, so he thought that their relationship would be brilliant.

But he did not understand why the woman suddenly wanted to block the stick for him.

Now, instead of staying in the room, he turned and went out. Wen Sheng guards at the door, looking at the dark face of Feng Yan, a look to know what is going on.

Xiao Ai takes a look at Wen Sheng, and doesn't dare to look up at Feng Yan. Thinking about the people in the inner room, she runs in now.

"Second master, if it's not here, it may be somewhere else. Don't worry, you can find it. I've arranged for someone to look for it."

"Well." As soon as Feng Yan was ready to leave, he suddenly heard the sound inside. A bang disturbed his steps.

Looking back, Xiao Ai ran out anxiously at the moment, "second master, it's Miss Su who fell down."

"How did the good man fall down..."

Xiao Ai's tone was a little worried. "I wanted to make her sleep more comfortable, and I wanted to carry her to bed, but..."

As soon as he went in, he saw the woman on the ground. He didn't hurt anything. Now he is still sleeping.

He went over and picked up the man.

Then he put her on the bed and took a look at Su Xiaowan's knee, which turned red.

"Second master, I'm finished. The old man sends people to see Miss Su every day. If I see Miss Su's leg injury, I'll be scolded..." Xiaoi has a straight heart, and he doesn't think about anything else.

She just saw that Su Xiaowan's knees were red.

Chapter 659

Wensheng saw Xiaoi worried. He wanted to pick someone up by himself, but he didn't think that he had a hand faster than him.

Only looking at the figure, first picked up the woman on the ground.

That man is the second master.

It's said that the second master is not close to women, but now

Xiao Ai was a little stunned. Even at that moment, she felt that the cold-blooded atmosphere of the second master was gone, leaving only tenderness.

Tenderness?

Such adjectives, to describe the second master?

Xiao Ai has heard about the second master. Recently, the second master has been fighting against the public opinion and is staring at the huge pressure to take over everything of the group. Many people are not convinced. I heard that the second master cut off a person's finger at the party again

Others say that the second master killed people.

Although Xiao Ai has never heard Wen Sheng say anything, she also has feelings. Wen Sheng is very careful in front of Feng Yan.

She called it fear in private.

But now, holding a woman.

"Go and call a doctor."

The man didn't look back. The cold voice came over. At the moment, Xiao Ai saw Feng Yan with her back to her. Her eyes were fixed on the woman's slightly red knee. She twisted her eyebrows. When the hot body was close to him, he already realized that something was wrong.

Wen Sheng took a look at the woman on the bed. "Er Shao, just a fall. Let Xiao Ai apply some ointment. If the old man knows that you are still with her so late..."

Voice did not speak, just listen to Feng Yan mouth.

"She has a fever."

fever

When the temperature rises, the blush of the woman on the bed is not normal. The climate here is strange. The temperature is high and low. It is probably because of outsiders, so it is not suitable at the beginning. In addition, the room is very warm, but the door is open in and out. It is cold outside, and there is no way to avoid the cold air running in.

"I'm going to call the doctor."

Wen Sheng's brow wrinkled, but now, he can only go to see a doctor.

After all, this man was made unconscious by their medicine. If anything happened, not only the old man would blame him, but also the young man would not stand by.

It's just that the young master is very kind to her

"Second master, you go back first. I'll take care of Miss Su." It's the first time for Xiao Ai to get along with Feng Yan. She feels that the man is cold and hard to breathe. She just wants to get rid of him as soon as possible.

Although she was also afraid that if Miss Su had something to do with her, she would not be able to get away from it. But if other people knew that these two masters were staying with the young master's woman, it would be more... It was estimated that anything bad would come out of the yard.

For the sake of the second master's face, it's better to send people as soon as possible.

"Get the temperature up." Man low astringent eyes, it seems that did not listen to little love's words.

Small love Leng for a while, but still as soon as possible to make the temperature higher, she had some fear with the second master in a room.

After Xiao Ai left, he and Su Xiaowan were left in the room. This was not the first time that Feng Yan looked at her so quietly. She didn't know why. She always felt that she should know the woman in front of her.

It's like knowing that even if it's just a hair, it's her.

That kind of inexplicable feeling, very uncomfortable.

Even, it's manic.

Chapter 660

This kind of mood is getting deeper and deeper, almost devouring him. The man's eyes are staring at the woman. She is wearing a pink dress today, and her figure curve is fully displayed.

Fragmentary hair pillow pillow, now slender neck now exposed in front of his eyes.

Looks refined, but also because sleep, more of a quiet atmosphere, like a fairy general dust.

The red lips tightly pursed, as if to seduce him to commit a crime, the woman's mouth murmured, could not hear what, but the lip flap moved.

Hold her heart.

He wanted to kiss her.

blamed.

Feng Yan felt that he was really bewitched by this woman. When he held her just now, he felt that she was soft and filled his heart.

He gets up irritably and slams the door out at the moment.

He was never a man seduced by women.

On the wine table, it's not that no one will give a woman to him. He won't touch any of them. What's more beautiful than her, more beautiful than her, and more sexy than her is, how can he treat this woman differently?

Is it hard to be successful because she blocked him for a while?

Guilt?

Feng Yan left the other hospital in a hurry and went to his bedroom.

He opened his papers, but his mind was full of the beautiful voice of the woman.

He closed the document angrily.

A call was made to a person.

"Check someone for me."

"Young master, you say!"

"The woman Mo nanjue brought back."

When Xiao Ai came out, there was only Su Xiaowan left in the room, but Feng Yan didn't know where he had been for a long time.

Wensheng called the doctor. It's one of them.

Fortunately, the outside is very cold, few people, only to avoid a group of people's eye liner, here.

"Where is the second master?"

"I left. I don't know when I left. Maybe I went back to work."

Wen Sheng knocked at the woman on the bed. "During this period of time, the second master has been here except that night. Have you seen him the rest of the time?"

Little love shook his head, "no, I saw him once tonight. What's the matter? You suddenly asked? "

Wen Sheng waved his hand, and he just guessed, but he was strict, and he knew what to say and what not to say.

I thought about it and left.

In the dark, a man in black was drowned in it.

Soon, I went to the main house.

"The second master went to Miss Su."

There was no change in the expression of the old man sitting there, as if he had thought about it for a long time.

The man as like as two peas with his face is more emotional than he.

Mo Heng spoke.

"You go down first."

"Yes, sir."

The man left the house at once.

No one knows that as like as two peas in the room, two are the same.

But he didn't regret it.

Loyalty to Mo's family is his mission.

And the second master is the lifeblood of the master, so for the sake of the second master, all this is worth it.

"Master, or I will come forward and drive her out?"

Moheng thought as like as two peas, but he could not guess his mind.

Even after so many years, he still couldn't guess a bit.

"Where's the boss?"

"... the young master is still recovering."

Don't know why, Mo Liting suddenly changed the topic, Mo Heng can only honest answer.

"You go and see him."

"....."

"Yes."

Mo Heng has been obedient to him for so many years, so he will do whatever he wants.

Just, when walking out, Mo Heng heard the sigh of the old man.

This world, the most depressing is a word, love.

Love words hurt the most, sad.

Even in so many years of time, maybe years will hide some things, but also can not change a lot of things.

He suddenly understood something.
