Chapter 681

That person is not others, it is Wen Sheng. Wen Sheng walks towards the stage in full view of the public. He can feel the momentum of those who are gnashing their teeth in the end and seem to swallow him up.

I don't know what the young master is thinking. Wen Sheng can't see the young master's mind more and more now.

Su Xiaowan has never met this man. The man is wearing a black suit. The style of the suit is slightly rigid. She just came here and doesn't know who this man is.

Maybe she did, but she didn't put it on her. She looked around and didn't see Feng Yan.

Did she hear it wrong?

Su Xiaowan lowered her eyes. She recalled the deep male voice just now in her heart. But for a moment, the voice in her brain suddenly disappeared, and she couldn't judge it.

Mo Nan Jue's hand was still holding the card. At the moment, his upright body leaned back slightly, and he was slightly lazy. His face looked as if he felt like a king in the world.

Chen Xiaoxiao and Yao Zhizhi look at the man at that end. Chen Xiaoxiao doesn't know him, but complains, "who is this man? How dare you fight with master Mo?"

Yao Zhizhi was very happy.

This Su Xiaowan can't get that necklace, she is the best.

If she doesn't get it, Su Xiaowan won't get it.

"Congratulations, sir!"

The hostess at that end originally wanted to interview Wensheng, but Wensheng just took things off the stage and didn't give them the chance to interview at all.

The price of the first auction item is so high that everyone is looking forward to the following things.

However, as long as Mo nanjue raises his card, someone will take the lead, set off the price to the highest point, and then let Mo nanjue eat it.

It's like it's intentional.

Su Xiaowan saw several different people come out to take the things on the stage. Even she could see it. Yu Guang glanced at Mo nanjue and said, "have you offended anyone?"

"There is one who offends."

Don't South Jue meaning to have to point to of see one eye upstairs, carelessly of openings.

Su Xiaowan didn't see Feng Yan all the time, so the whole banquet was bitterly. Hearing this, she gave a cold hum, "deserve it!"

Mo nanjue, "..."

Just at this time, Mo nanjue took a picture, which was looted to 30 million.

It's just that Su Xiaowan threw a basin of cold water on him.

"This painting is fake --!"

"How do you know?" Mo nanjue likes this painting very much, because she always likes this painter. Today, she also heard that this painting will be auctioned here, so he came here.

What brings Su Xiaowan here to see Feng Yan is an excuse.

"Because the real pair is in Fengjia."

"How can you tell that the painting in Feng's house is true and that in my hand is false?"

Mo nanjue, who was fooled, was a little angry.

"If you don't believe it, you can invite experts to come and have a look. It's boring here. I'll go out for a breath."

Su Xiaowan got up and looked at the words in Mo nanjue's hand.

This painting was painted by old lady Feng. The original painting of this painting is at Feng's home. Su Xiaowan has seen it many times and can't be wrong.

When old lady Feng was young, she liked to draw.

And he has a lot of research on paintings.

Feng Yan once said that she had studied with a great master in painting for a long time before becoming a teacher. When she was a lawyer, she encountered many things and had no way to solve them. So she had to use that pen to put these things on paper.

The painting was put on the Internet by my colleagues. In the end, it suddenly exploded. Feng Yan was not very clear.

This painting was originally for Feng and her first son.

FENG。

She took it in the name of the old man.

As soon as Su Xiaowan stood up, she received Yao Zhizhi's angry eyes, which made her feel a little depressed.

This woman... Who did she invite?

Those eyes were not angry at Mo nanjue, and they seemed to swallow her alive.

For a time, the scene was warm. I don't know whose thing was photographed again. Now there were bursts of warm applause.

Su Xiaowan's departure, for many people present, did not care.

As she was on the boat, as soon as she got to the door, Su Xiaowan faced the cold wind.

At the moment, before she went out, she was suddenly pushed behind her back. Su Xiaowan almost fell down.

She staggered forward quickly, only to stabilize, quickly look back at the head of the culprit.

Yao Zhizhi has changed his clothes. At the moment, he is wearing an elegant black dress. His delicate facial features look very different. In Su Xiaowan's eyes, he is like a proud peacock.

The whole body of this woman is full of jealousy and arrogance.

As early as after he appeared at the banquet, Yao Zhizhi's eyes basically fell on her.

Su Xiaowan frowned tightly when she saw her. It was mo nanjue who provoked her back. But now, it must be impossible to find Mo nanjue, because Mo nanjue is so far away from her that she can't call her at all.

She's a little bit reluctant to go out now.

Right now.

"What on earth do you want to do?"

"That's right. With this face, people are really seduced. Mr. Mo really listens to you." Chen Xiaoxiao suddenly appeared with a sneer, standing in front of Su Xiaowan in high-heeled shoes, with a high look, which made Yao Zhizhi's gaze deeper.

Chen Xiaoxiao is because he knows Yao Zhizhi's mind. Now he deliberately comes here to add oil and vinegar.

In fact, she knew Yao Zhizhi's mood in her heart.

Su Xiaowan looked at the woman who suddenly appeared. She was the one who was reluctant just now.

However, she said that don't listen to her?

Is the woman blind?

Su Xiaowan didn't know what they were going to do. Their current position was actually very hidden. During the whole banquet, all eyes were focused on the stage, and these places under the stage were all dark corners.

So, she's standing here with these two women, and no one will know what's going on.

In order to avoid causing some trouble for herself, Su Xiaowan just wants to leave here.

"I have something else..."

"Today is a charity dinner for foreigners. All the guests come here with their products. I don't know what Miss Su brought?"

Lot?

Su Xiaowan was a little confused when he was said that.

When she came here, she didn't bring anything. She came with Mo nanjue. She didn't know where she came from.

My mind is not on it at all.

Chen Xiaoxiao takes a look at Yao Zhizhi. He seems to have guessed Yao Zhizhi's mind. He takes a look at Su Xiaowan from top to bottom. "Just like her, what can she do?"

"Miss Su and Mo Shao are not married now. When master Mo came, he brought a necklace, but I don't know what Miss Su brought? You look so beautiful. You must be a happy person. You won't come empty

handed, will you Yao Zhizhi's words were sandwiched behind Su Chen Xiaoxiao. Although there was no coercion, Su Xiaowan could not say a word for a while.

She and Monan Jue appear together, but they are nameless. Monan Jue brings a necklace, but she doesn't have anything, but she appears here for free.

But now, she's really not prepared for anything.

"Oh, the ring on your hand is so bright --!" Because of the close distance, Chen Xiaoxiao saw the ring on her hand at a glance.

Su Xiaowan has a wedding ring.

She said so, instinctively grasped the fist, not to show him.

Yao Zhizhi's eyes became more and more envious, but she had excellent control ability, and soon recovered to her former appearance, and could not see a trace of emotion.

"If you really don't have anything, why don't I borrow it from you? You can't lose the face of Mr. mo. all the people present today are dignified people. If you embarrass Mr. Mo, I think it's impossible for you to occupy Mr. Mo's mind. "

The dead baron.

"Miss Su, I heard that you can play the piano. Why don't you go up and give us a performance? Miss Su, this is a charity dinner. All the income tonight is for charity. For charity, are you sure you would like it? "

So, this is the one waiting for her?

"You don't want to lose face like this, do you?"

Yao Zhizhi's eyes stare at her, even if the distance is a little far away, but Su Xiaowan sees the calculation in her eyes.

"I..."

Her voice did not fall, at this time, suddenly the spotlight fell on her, do not know how, that end of the hostess came towards her.

Su Xiaowan stared at it, her eyes staring at the gorgeous woman with a strong perfume.

"Are you Miss Su who is going to play the piano?"

"..." Su Xiaowan doesn't know what this woman is going to do. Yu Guang looks at Yao Zhizhi and Chen

Xiaoxiao and immediately retreats to one side. As she stands there, she seems to understand that this is a game.

She was chosen for the game.

She allowed the hostess to hold her hand there. "Do we want to hear Miss Su play a song?"

Below, there was applause.

Among those people, there are many who watch good plays.

After all, she was brought by monange.

"Good."

Su Xiaowan at this time, she has no way to refuse, but just play a song, she has nothing to dare.

What's more, if she stands on the stage, she should be able to find Feng Yan's position at a glance.

"Miss Su is really cool, so..."

"Then I'll take her to change first!" Chen Xiaoxiao suddenly stood up and grasped her hand intimately at the moment. "Today, Miss Su and I had a misunderstanding and wanted to apologize to her, but we couldn't find the opportunity. This time, thank you for giving me this opportunity to apologize to Miss Su..."

Chapter 682

Su Xiaowan was frightened by this sudden action, but soon, Su Xiaowan had the upper hand. She had a big hand. She grabbed Chen Xiaoxiao's hair, and Chen Xiaoxiao screamed, and her hand released Su Xiaowan's hand.

Taking advantage of the situation, Su Xiaowan directly dragged her hair to the position just now.

"Su Xiaowan, you are crazy --!"

Chen Xiaoxiao keeps screaming. She hasn't suffered such humiliation since she was a child. This damned woman

The woman glared at her.

Because of the move, Su Xiaowan was unprepared, so her cheek was scratched by Chen Xiaoxiao's nails.

It's tingling.

There was a knock at the door, probably to remind her to go out.

Su Xiaowan glared at Chen Xiaoxiao fiercely, then released her directly. Just now, the woman turned on the hot water tap, ready to burn her to death.

And she was almost scalded.

But for her timely response, she would have been disfigured.

Su Xiaowan turns around and kicks Chen Xiaoxiao's knee. The woman's foot softens and falls on her knees.

"You moved me today. Do you think Baron Mo can let you go?"

Chen Xiaoxiao took several mouthfuls of water, and she was about to vomit. She leaned against the cold wall and looked at Su Xiaowan. She thought that this woman was a little terrible at this moment.

Maybe it's also because of her words.

Mo Nan Jue's method is well-known in the circle. Just now, he was just in a rage, and his brain was blank. He only wanted revenge, so he did such a thing.

"Don't frighten me. I'm not a big one either!" Chen Xiaoxiao gasped for breath. At this moment, although his mouth was reluctant, his legs were shaking in place.

Obviously, I'm afraid to step forward now.

Su Xiaowan looks at Chen Xiaoxiao's face with deep anger, jealousy and reluctance.

With that sentence, Su Xiaowan approached her again, "if you don't want this beautiful face, you can try it!"

"You... Don't think I'm afraid of you."

But even though she said so, her leg still stepped back.

Su Xiaowan sees this and looks at herself in the mirror. She is no less embarrassed than him.

If you go out like this, you can imagine what they just did in it.

"Chen Xiaoxiao? I remember your name Su Xiaowan twisted her hair and looked forward to it. She looked down at Chen Xiaoxiao.

Lazy to say anything to her, Su Xiaowan turned and left, leaving Chen Xiaoxiao sitting on the ground in

silence, not knowing what she was thinking.

About when the door opened, Chen Xiaoxiao burst into tears.

The tearing cry soon disturbed the maid in the corridor.

But Su Xiaowan didn't sympathize with her and quickened her pace.

In fact, she was wet. Now the cool air in the corridor made her sneeze. Fortunately, Baron Mo saw her.

"Where have you been?"

"Where else! The woman you've got --! "

Su Xiaowan gives Mo nanjue a fierce look. In fact, this is the culprit. She doesn't know what's good about Mo nanjue. In her opinion, she can't even compare with Feng Yan's finger.

"To change clothes --!"

Said, Mo Nan Jue also does not care whether she agrees or not, drags her to leave directly.

In a hidden place, Su Xiaowan suddenly sees a figure, but Mo nanjue drags her too fast to see

She seems to have seen a woman.

But

The clothes fit very well. In Su Xiaowan's opinion, they seem to be made for her. It's like Mo nanjue knows that he will be bullied.

Su Xiaowan's eyes were fixed on Mo nanjue.

"Can I see him again today?"

"Hard to say!" Mo nanjue was still calm. In her eyes, it seemed that he didn't care about him at all.

"... Mo nanjue, what kind of man are you Su Xiaowan is going mad. She has been fooled by him for many times. She should not have believed him if she had known

However, the only chance seemed to be his.

What should she do?

"Well, people don't want to see you. What can you do?"

"Why don't you see me?"

"Maybe he doesn't like you anymore --!"

dislike?

Su Xiaowan's heart suddenly shrank. She remembered what the old man said. Although she didn't know the truth, there was no fire without wind. Was it hypnosis?

So, she didn't know him?

Even today to see themselves bullied, but also blind?

Or... In fact, he is angry!

Angry that she left without saying goodbye, angry that she left him in the hospital

Su Xiaowan was going to leave with Mo nanjue. It seems that she can't see many opportunities in her eyes. In such an environment, she seems to be only disappointed except disappointed

If she can't see him today, will she still have a chance to see him?

He's leaving tomorrow

Until she saw the figure at that end, a black suit and coat wrapped the man's strong body, and the beautiful mold was engraved in her heart. I don't know how long it has been

Su Xiaowan's eyes widened in shock. When she saw the man again, Su Xiaowan's hair was still wet, and her eyes were also wet. Now, she must be super ugly.

Therefore, Feng Yan did not even look up at her.

But she looked at him like this, but she didn't know what to do for a moment. Her heart was beating wildly. Her eyes had been on him. She had just changed a dress, but now, her image must be very bad.

She didn't want him to see her so bad.

All of a sudden, the gunfire left her almost no room for thinking.

The crystal lamp in front of her was suddenly pierced by the gunshot. At this moment, it slipped from Su Xiaowan's head. All of a sudden, the whole party was filled with women's screams

It's a mess all around. I don't know how many people hit her shoulder at the moment.

The gunfire was all around, like a stereo.

Her whole heart is constantly improving, her heart rate is accelerating.

Just looking at the dark, an infrared drifts around like this, and the next second, it aims at the person at that end.

And the position just now is the position of Fengyan station.

She didn't know where the courage came from. Suddenly, she rushed towards the person at that end. With a bang, everything around Su Xiaowan stopped.

She clearly smelled the smell of her body, also smelled the smell of blood in the air.

At the moment of fainting, Su Xiaowan's face showed a gentle smile.

"OK..."

Fortunately

Feng Yan was knocked to the ground by a man. He held her slender figure in his hand and listened to her low murmur.

Fortunately

Chapter 683

She wanted to hold him by the shoulder, but suddenly a gunshot pierced the glass beside him, and the glass fell. Feng Yan hugged her, as if worried about her injury.

That one after another gunfire cycle, temperature rise do not know where to go, maybe it was scattered by the stream of people.

But he clearly knew that this ambush was aimed at him.

Who is it? Maybe he has touched the interests of these people, so he wants to take his life

"How are you?"

Because in the dark, Feng Yan didn't know what she was doing now. She only smelled a smell of blood, but he didn't know whose it was.

Just now, when the glass fell, he hurt his arm. Feng Yan was in pain and held her

I don't know why, the temperature of women is gradually decreasing.

It was dark all around, but she was the only one around him, and the screams of women came and went, but at this moment, he seemed to hear nothing.

Just want to hear her voice.

But for a long time, he didn't hear anything. Feng Yan held her and was ready to get up. However, the crowd was in a mess and ran into his arm, but he didn't let go.

Until a shot hit his arm, blood gushed out. A woman bumped into him. Feng Yan's hand trembled and he was knocked down heavily. But at the moment of falling to the ground, he fell to the ground first.

Because he was shot, his arm was numb, his fingers were loose, and he felt that the gravity of his body did not decrease

Later, he realized that the shot had a sleeping effect. He couldn't lift his arm, but he was going to sleep

The arm was numb and unconscious. It felt like someone was breaking off his arm, but it did not.

In the dark, a woman grabs a man's arm, but she can't lift it. Finally, a tall man moves away.

"You know what to do!"

"Yes, miss."

Su Xiaowan has nearly passed out. Now, she is unconscious and is carried on her shoulder.

On deck.

The man at that end directly threw the woman into the sea

Killing people is painless to them.

A stabbing pain swept all over her body. Su Xiaowan felt that there was something in her chest, surrounded by cold water. Struggling powerlessly, Su Xiaowan plunges into the current.

Gradually sink into the bottom of the water.

When Wen Sheng saw Feng Yan, he held a woman in his arms.

If it's hugging, it's more like this woman hugged him.

However, the woman seems to have been hurt

"Young master --!"

Wen Sheng called Feng Yan several times, but the man didn't respond at all.

At this moment, he had no choice but to order people to take them back first.

As for Mo nanjue here, watching Feng Yan be taken away, and together with a strange woman.

But Su Xiaowan is missing.

"Young master, no one..."

Because of the attack, many people have been injured. Many of them are lying on the ground and have no response.

"Look for it again --!"

Where can su Xiaowan go!

.....

Soon, the police came along with the doctor.

However, before and after being sent to the ambulance, Mo nanjue can not find Su Xiaowan.

"What about surveillance?"

Chapter 684

It's cold.

Su Xiaowan felt that she was about to die.

Because she couldn't move her whole body, and even said that she was constantly sinking, her feet seemed to be directly entangled by the seaweed in the sea.

I can't move now. I don't even have the strength to struggle.

She thought of the gunshot just now in her mind. I don't know if Feng Yan was any good

Chest, there is a strong smell of blood, it seems that immediately can spray out.

She knew she was going to die.

But now the only thing in my heart is Feng Yan.

She was worried about him.

.....

All night, the people of the Mo family came in and out, and almost broke the door.

This incident has alarmed Mr. mo.

Mo Liting knew what happened tonight, "you mean, a woman blocked a shot for a Yan?"

Mo Heng stood there and nodded. It was inconvenient for Mo Li Ting to walk, and it was not suitable to appear in public, so Mo Heng helped him.

"Yes, sir."

"That girl?"

Just now that girl was taken away by Mo Nan Jue. According to Mo Nan Jue's temperament, she would definitely take people to the banquet place.

And that girl's mind to Feng Yan, how can he not know.

"No, it's Chen's daughter, Chen Liangliang, the one you wanted the young master to go on a blind date with before." Mo Heng said, looked at Mo Li Ting's expression, saw her eyebrows deep, brown eyes reveal a trace of disbelief.

"That girl didn't go there?"

Mo Heng's face sank for a while, "the young master has taken the girl over, but... I don't know where the girl has gone. Now I haven't found anyone. Maybe I'm too scared to hear the gunshot, and I'm hiding somewhere!"

Hide.

It's not like her character at all.

This girl

"No, sir. Just now Dr. Su said that the bullet that hit the young master was poisonous --!"

"What?" Mo Heng looked at the man in the room, only looked at Mo Liting and waved, "you go to see, I don't allow him to have an accident."

Feng Yan is the life of the old man. Now, he doesn't need anything else in his heart. There is only one thing.

"Yes."

Mo Liting pushed a wheelchair and turned on the light in the room. Since he was disfigured, he didn't turn on the light, because when he turned on the light and was exposed to the sun, he felt sick.

At the head of the bed, there's a picture.

In that picture, it's a man and a woman.

The man's appearance is very similar to him, and the woman in the photo, leaning on his shoulder, shows a sweet smile.

Perhaps people have been late, many things, he actually forgot a little, only, the woman's smiling appearance, has been engraved in the heart.

On the deck, Mo nanjue's eyes were fixed on the black surveillance video. He had looked for the whole place. There was no su Xiaowan's whereabouts. Even the surveillance video was completely blacked out.

Is this shooting really aimed at Feng Yan or Su Xiaowan?

She brought people back. Naturally, he will bring people back.

However, there is no whereabouts of Su Xiaowan.

"Isn't it being thrown into the sea?"

Because all the wounded had been sent to the hospital, but there was no su Xiaowan in the hospital. On the ship, they searched all the places, almost several times, but they also couldn't find him.

Now, the only thing I haven't found is the vast ocean in front of me.

Smell speech, Mo Nan Jue's vision is deep, this is the result that he does not want to see most naturally.

"Maybe it's hiding somewhere!" A man on one side said.

"Find a way to restore the surveillance video as soon as possible, and send some people over!" Mo Nan Jue orders a way.

He can't believe, that wench meets such thing, will abandon Feng Yan, oneself a person hide.

"What's the situation with a Yan?"

"Dr. Su is in the rescue, the situation is unknown."

.....

New year's atmosphere has not been, the whole yard, are dressed very festive.

When Chen family knew about Chen Liangliang, they immediately came to Mo family, which Mo Heng personally received.

"Mr. Mo, how is my daughter?" Mrs. Chen looks at Mo Heng, full of worry. Chen Liangliang is her proud daughter, and she never needs to worry about it. But now, she says that her life and death are uncertain.

She was scared to death.

He immediately called his husband to come.

And at the same time, Chen Xiaoxiao came along.

Chen Xiaoxiao was also at the banquet, but although he was slightly frightened, he immediately followed Mrs. Chen when he heard about Chen Liangliang.

Chen Liangliang is her sister, but she is not her own.

Chen Xiaoxiao is a child adopted by the Chen family. Naturally, her status is not as important as Chen Liangliang's in her parents' mind.

"Mrs. Chen, please don't worry. Miss Chen is all right. She just woke up."

Mrs. Chen a listen, heart this just put into the voice, "that I see her."

Mrs. Chen can sit there. Now she just wants to see her daughter. Chen Xiaoxiao sees her mother. She is also frightened at the banquet, but her mother turns a deaf ear to her.

Sure enough, they are different.

"Xiaoyu, take them there --"

"Yes."

Compared with Mrs. Chen, who was sitting on one side, Chen Hongyu was more calm. Since Mrs. Chen left, Chen Hongyu kept observing Mr. mo.

Mr. Mo was the best in laws candidate in his mind.

In this city, the Mo family is in charge. Although they run a small company, they are quite different from Mohist. No one will think they have more money. Of course he is.

Chen Hongyu has always hoped that his daughter can marry the leader of the Mo family. But after the last time Mr. Mo talked about it, he didn't follow it any more. Now, his daughter is about to be 26 years old. This promise has never been fulfilled. Even today, his daughter blocked such a shot for the second young master.

He always felt that he could not let his daughter get close to him for no reason.

"Mr. Mo, it's fate that my daughter saved your son this time. But my daughter has been held in my arms since she was a child. Now... I'm afraid she won't get married so well after that."

Chen Hongyu knew that if he didn't say it today, he would have no chance to say it later.

In fact, Mo Heng doesn't like the Chen family. He thinks that these people are too utilitarian. He puts everything on his face. Every time he talks with them, he always asks questions or wants some benefits.

I don't know why Mo Liting married them.

"Naturally, Mr. Chen doesn't have to worry about it. What he promised before is still in effect. When they are better, I will arrange it as soon as possible and strive for their marriage this year."

After hearing this, Chen Hongyu gave up.

"Listen to Mr. Mo say so, my this heart, put into the belly."

Chen Liang Liang, who is in the room, wakes up very early and sees his mother coming. At the moment, she shed a few tears. Mrs. Chen always dotes on her. It's not pleasant to watch her shed tears.

But Chen Xiaoxiao stood there, looking at her pretending, "it's just that she scratched the skin, as for --!"

"Xiao Xiao, how can you say that about your sister?" Mrs. Chen was in a bad mood when she heard someone say that, but she was not at home, so she could only lose some temper and said nothing more.

"I'm telling the truth. I just scratched a little skin. I don't know what happened to her. She was so poor that she was in a coma for a day and a night."

Chen Liangliang took a look at Chen Xiaoxiao and wiped his tears secretly. "Mom, it's me who worries you. I'm sorry. I know I shouldn't ignore myself... But when I see someone injured, I can't think of anything. You know I'm a doctor. I can't ignore it. I'm sorry..."

Mrs. Chen gently patted her daughter's shoulder, "silly girl, do you know who saved this time?"

Chen Liang Liang looked up innocently.

Chen Xiaoxiao is full of jealousy. She originally wanted to find the second master. Even if she didn't find anyone, Chen Liangliang saved the second master of the Mo family.

When the Mo family came, they proposed marriage to the second master of the Mo family.

The object of marriage promotion is Chen Liangliang.

She had planned to cut off her beard half way, but who knows, people are not as good as heaven.

However, the identity of the second master is mysterious. How did Chen Liangliang know?

We can see his expression, and it doesn't seem to know.

Is it difficult or not?

"It's the second master of the Mo family, the family who came to the family last time."

"Mo Er ye?" Chen Liang Liang is showing his disbelief, looking at his mother at the moment, "Mom, are you wrong, Mo Er ye... How could it be him?"

"This is Mo's family. How can I make a mistake? It's fate. It's destiny."

"What's the fate? I think Chen Liang Liang knew who the other party was early on, and deliberately threw himself on others, thinking about their mutual commitment --!" Chen small sour said.

Chen Liang Liang's mind, she has seen, although Chen Xiaoxiao is not a good person, but Chen Liang Liang's mind, is not the surface to see such docile.

She saw Chen Liangliang kill the stray dog in her family and lied that she did it.

Originally, she really regarded her as her own sister. She thought the family was really good. She took her out of the orphanage and gave her food and drink. But after that, she saw him clearly.

"What are you talking about? Go out and don't disturb your sister's rest here!" Mrs. Chen is now looking at Chen Xiaoxiao, full of discomfort, do not want to see her.

Chen Xiaoxiao took a look at Chen Liangliang and did not stay any longer. After all, she and them were outsiders.

Chen Xiaoxiao walks out of the room and looks at the luxurious place. Will Chen Liangliang be the hostess here?

So what will she do in the future?

Chen Xiaoxiao is in a hurry to find the second master's room, but he runs into a man.

"It's you --!"

Chapter 685

Su Yan looks at the woman in front of him, who can imagine that the person hidden in his memory is his young favorite.

He didn't expect to meet Chen Xiaoxiao here. In his memory, Chen Xiaoxiao was not from this city. He thought they would never meet again after they broke up.

However, fate is always so fond of joking.

"Ah Yan, why are you here?"

Chen Xiaoxiao wakes up from a trance and looks at Su Yan in front of him. He is totally different from the poor boy a few years ago. He seems to have become a successful person in those big companies.

She and Su Yan went to university abroad together. They are classmates of the same class.

Her sister Chen Liangliang is good at medicine, so Chen Xiaoxiao doesn't like to be compared by him. She chooses a major that she is not good at.

She took great pains to get into that school, but after she went to school, she could also feel the huge difference.

Su Yan is their monitor and takes good care of her. Su Yan is gentle and considerate. All of a sudden, she captured her heart far away from home. The four years with her were Chen Xiaoxiao's happiest days.

However, four years passed, and she had to go home. Her parents would never allow Su Yan to marry her, so she had to break up with him and return to her parents.

But now in such a place to see him, Chen Xiaoxiao a little unbelievable.

"Dr. Su, I'll go with you to get the medicine --" Suddenly the door opened and the temperature rose out of it, which interrupted their conversation.

Dr. Su?

This is the Mo family. Without any status and nepotism, how can you be the doctor of the Mo family? Besides, should it be for the second master?

Su Yan takes a look at Chen Xiaoxiao. For him, a lot of things he paid when he was young are hard to recover.

Break up is break up.

It's like broken glass. It's hard to recover. That's how he and Chen Xiaoxiao do. When they know that she dislikes the poor and loves the rich, Su Yan knows that they can't.

Su Yan said nothing more. He took a medicine box and left with the temperature rising.

Chen Xiaoxiao looks at Su Yan's back, grabs the maid beside him, "who is he?"

"Doctor Su, you don't know Su Yan?"

"He..."

"Dr. Su is very powerful. There is no disease that can't be cured..."

Chen's little world seems to collapse. She seems to

After coming back, Chen Xiaoxiao also went on blind dates everywhere. The other party was rich and powerful, but they didn't like their family. But those who had no money and power didn't like themselves

So far, she doesn't even know what to do.

But in just a few minutes, she saw Su Yan.

In the past, Su Yan's good thoughts for her were all in his mind.

Temperature rise feels something wrong with Su Yan.

Thinking of the woman just now, she must not be a maid. When he came out, Su Yan was talking to him.

Although he has just followed the second master, he is really familiar with Su Yan.

Naturally, he knew that when Su Yan graduated four years ago, he went to bring people back when he was drunk abroad.

"Is that the woman who dumped you?"

"Wensheng, how come you are more than a woman now!" Su Yan is not in a good mood, probably because of Chen Xiaoxiao's appearance, his tone is slightly irritable, "now you should worry about the second master's affairs, not mine."

"The second master is my admiration, and you are my brother." Wen Sheng said, "Su Yan, don't be confused any more. Let that woman hurt you once. Like this kind of woman who dislikes the poor and loves the rich, you can hide for me as far as you can. I don't want to look at you any more. People are not like people and ghosts are not like ghosts."

Wen Sheng saw the man standing there talking to Mr. Mo, and immediately recognized him, "that woman seems to be with Chen Zhihong. She is the daughter of the Chen family. No wonder she doesn't like you."

Su Yan glances at Chen Zhihong. Without saying anything more, he gets on the bus and goes directly to the hospital.

In fact, Feng Yan's life is not in danger, but he has been poisoned. Now we have to find out what the poison is before we can prescribe the right medicine.

When Mrs. Chen found Chen Xiaoxiao, she stood still and looked very ugly.

"That's your sister's stuff. Don't think about robbing her. You are a sensible child, or I won't take you out of the orphanage. What are the words you just told your sister? How sad she should be. You like to care with your sister since you were a child and don't like us to treat her well. But she is my own daughter who was born in October, I don't want you to be a stumbling block for my daughter when I give you status. Don't even think about the second master of the Mo family. It's your sister's man. "

Chen Xiaoxiao looks at the woman in front of her and talks endlessly. If it wasn't for her parents, she would be much happier than before.

But now, she's not happy at all.

Every day I think about how to seduce the rich. Even she doesn't know who she is living for!

Chen Liangliang doesn't matter, but Mr. Mo asks her to take good care of her injury here. After leaving, Chen Liangliang is happy to hear the news.

She saw Feng Yan's photos and fell in love.

Although it was dark that day, she could feel his broad and strong chest when she leaned against him.

Late at night, Chen Liangliang was able to get out of bed long ago. She wanted to see Feng Yan and got out of bed with a piece of clothes.

When he got to the door, Chen Liangliang felt uneasy. He wanted to open the door. After all, as long as he was well, they would be engaged. At that time, he would be the hostess of the Mo family

But the hand is not yet on the doorknob, and now the temperature rises.

"Miss Chen."

Chen Liang Liang showed a delicate appearance, especially because of the late night, now even more pitiful.

"How's the second master? I heard that he was seriously injured. He was injured because of me. I want to see him. Is that ok? " Chen Liang Liang looked at the temperature rise, eyes full of worry.

But Wen Sheng sincerely refused, "Miss Chen, the second master is infected with a very serious virus, which will infect you. You haven't recovered yet. You'd better go back to your room first. When the second master recovers, I'll meet you!"

It's not that Wen Sheng hasn't checked the charity dinner. He has a feeling that he can't tell the truth about the woman in front of him. He always feels that it's strange there, as if everything is too coincidental.

virus

"How can I get infected with the virus?"

"The bullet was toxic, simple, and not life-threatening."

The bullet is toxic.

Chen Liangliang's eyebrows tightly wrinkled for a while, she saw the temperature rise blocking the door, he is unable to break in, turned back to his room.

Now I took out my cell phone and called the man.

But the phone can't get through. It's an empty number.

Chen Liangliang found someone to check the number, but it turned out to be the number of a death penalty prisoner, who is still serving his sentence in prison

At the beginning, this person called her, said he was willing to give her such an opportunity and asked if she was willing to cooperate.

Thinking of the second master of the Mo family, Chen Liang Liang knows that he has only one chance.

After all, this man is not easy to get close to.

So, I agreed.

But now? He even drugged him. Even now he doesn't know what the poison on the bullet is!

Chen Liangliang feels as if she has been taken advantage of. Now she doesn't know what to do. If the second master knows, isn't she an accomplice?

The next day, Chen Liangliang asked his mother to take her back.

As for her current situation, she felt that she had to go home and calmly think about how to deal with it.

In the past three days, Mo nanjue has been searching all the places on the sea. There is no su Xiaowan's whereabouts.

Three days later, if he was really left in the water, he should float up, but along the coast, there was no news from Su Xiaowan.

It's like disappearing into the world.

"Da Shao, surveillance video is restored --!"

"Where is it?"

Soon, the crew took the surveillance video, but the restored surveillance video did not see Su Xiaowan's whereabouts. Instead, he saw a familiar face.

She's back.

Beside her, there is a woman who is small but tall. If she didn't see it from the surveillance video, she would think it was a man.

It's just that when it happened, these two people disappeared.

Is Su Xiaowan related to them?

"Young master, I urge you to go back, saying that I have something important to tell you."

Mo Nan Jue was stunned. I'm afraid it's a matter of asking for a crime.

He copied the video, got in the car and went home.

.....

The person Yu Yin follows is a big woman, but standing in front of her makes her feel very small in front of him.

"In fact, you don't have to worry. The doctor said that she just had some water in her abdomen. It's OK."

Yu Yin is the woman she met at the wharf a few days ago. She came here to find Mo nanjue. She saw the news of Mo nanjue on the news a few days ago, and she wanted to have a sneak look.

However, on the dock, because she was a stranger, she was bullied and her bag was robbed by the gang. Just when she thought she could not escape the disaster, the girl appeared in front of her eyes.

She helped her beat away the men who had done wrong to her, but after getting along with her, Yu Yin knew that she was a mute.

She's really cute. She's partial to Japanese style. She's very sweet, but her eyes are cold enough, like... A beast.

She doesn't like to talk, and Yu Yin doesn't know whether he can write or not. Anyway, up to now, he hasn't said a word, but shows a trace of warmth to the woman lying there.

Chapter 686

As a woman, she can't understand the girl's mind.

She looks younger than she is, but she is sophisticated and worldly.

Yu Yin even said that she didn't know the girl's name.

All I know is that his group of subordinates call him little Lord.

She didn't know what the status of the girl was, but she should have status in terms of her manner.

Yu Yin stood outside with her, blowing the wind. During this time, because of the new year and the snow, the temperature of the city became colder.

She thought that when she left, it seemed that the snow was so heavy.

It seems that the temperature is colder than it is now. It's the kind of chilling cold. I'm thinking that a doctor will come out of it now.

"Young master, Miss Su has passed the critical period and will wake up soon."

Yu Yin looks at Yan walking in. In fact, she doesn't know Su Xiaowan well. Thinking that the woman inside is not in danger, she goes back to her room.

She originally wanted to see Mo nanjue, but that day she met that incident in the harbor. Her leg was hurt a little and her movement was not convenient. She was limping.

Fortunately, Yan Ren is very good. He brought her back and arranged his own affairs one by one, so that he didn't need to worry about any other things.

Yu Yin returns to the room and closes the door. She hasn't paid attention to the news of Mo nanjue for a long time.

Because every time I see the news of Mo nanjue, it makes him very angry.

I thought it would be better to put it down. Two people are separated and never see each other again. After a long time, they will not think about other things. As time goes on, they will be replaced by other things.

I don't think about him.

But she worked so hard for a year, stopped, but his name was still in her mind. When she opened and closed her eyes, they were all men's faces.

Only then did she know that she was really trapped and couldn't extricate herself any more.

Can let her turn head to beg him to come back, she naturally is also unwilling.

If a good horse doesn't want to look back, she can't lower her head even if she likes it any more.

So she wanted to come back secretly.

But it's hard for Yu Yin not to pay attention to him.

She turned on her mobile phone and searched for the latest entertainment news. Sure enough, at the top of the entertainment news, she saw the name of Mo nanjue.

It's a picture of a charity dinner a few days ago.

Just, Yu Yin saw a familiar face in that picture, her hand trembled, how could she not recognize that face.

It's the woman lying there.

New love of Mo nanjue?

One by one, she saw Mo nanjue holding Su Xiaowan's hand. In the photo, she even saw two people

kissing

It's not like it's fake.

Yu Yin holding the mobile phone, palms out a little sweat, at the moment looking at the distance.

She and Mo nanjue are probably finished

I don't know how the moon appeared tonight.

Yan sat by the bed, staring at the girl on the bed, he thought that when he saw her again, she would hate, would want to kill her.

But when she had only one breath left in front of him, he couldn't do it.

He knew it all, a few days ago.

Su Xiaowan's disappearance, let even smoke square inch chaos.

In all these years, he had never seen a cigarette like this.

Even the smoke of the soul, let speech had doubt. On the one hand, he also sent people to look for Su Xiaowan's whereabouts, on the other hand, he went to investigate the reason why Lian Yan did so.

In the night a few days ago, Yan inadvertently learned the secret.

It suddenly dawned on him that the inhuman treatment he had received was just a substitute.

And the person who should have borne this is actually Su Xiaowan.

He was taken as a chess piece.

Being fooled in the hands of others, there is no room for resistance at all. He foolishly thinks that his mother just wants him to become a talent... He desperately wants to make Lian Yan happy and achieve his impossible tasks again and again.

In the past few decades, he has never lived for the sake of tobacco. He has no thought, just like a puppet.

To live for revenge, you can't even be a man yourself.

His anger, he wanted to destroy all this.

But when he was looking at Su Xiaowan, he was ruthless.

"Why you." Man's low voice, with hoarse, if you don't listen carefully, you can't hear.

For more than 20 years, one of the few times he spoke to an outsider, he seemed unable to recognize his own voice.

Until he finished speaking, his throat was very dry and uncomfortable, and his words came out of his mind.

The man's hand stroked the woman's face, bit by bit from her face to her neck.

A demonic voice flashed into his mind.

Strangle her and it's all over. Nothing can hurt him any more

But when she felt her weak pulse, she pulled away her hand.

"Su Xiaowan, I owe you."

He knew that he had fallen on this woman.

If at the beginning, she did not save him, perhaps, all this will not happen.

But from beginning to end, never regret medicine.

When it happens, it exists.

If he owes her a life, give it back to her. From then on, everyone owes nothing.

He turned and went out.

"Young master!"

"Find out who threw her into the sea."

She saw them throw Su Xiaowan into the sea with her own eyes.

If it hadn't been discovered in time, I'm afraid it would have been impossible for the great immortal to save it.

The man was stunned for a moment. He followed him for many years, but he never knew that the young master could speak. Moreover, his voice was so

But at the moment, he can only go to finish what the little Lord told him.

Yan looked at himself in the mirror, and his curly hair was almost to his shoulder. Although he wore this kind of big sweater, he could hardly remember whether he was a man or a woman.

Now, he has torn his skin, and he doesn't need to be this person at all.

The cell phone in my pocket rings.

You can imagine who it is.

But Yan didn't want to take it.

Let it ring.

Late at night, the figure stood there for a long time without leaving. In the bleak winter, there was no grass.

He just stood there alone, as if the four seasons had nothing to do with him.

Take the light of mobile phone, shining on the man's face, only the weak light, can see the pain in his pupil.

Probably no one knows how lonely he is inside.

For more than 20 years, he felt that this winter was very cold.

And the only woman who can warm him doesn't belong to him.

But I can't get rid of her.

.....

When Su Xiaowan woke up, she was in a room with a woman beside her.

She thought she was caught in the Mo family again, but she didn't know the woman in front of her.

And the furnishings in this room are not the furnishings of the Mo family.

"What's the matter with you? What's the trouble? "

Yu Yin puts down her things and looks at her. Although she is a little envious, anyhow, Yan saves herself. Now Yan asks her to help take care of this woman. She agrees. Naturally, she is duty bound.

She has a clear sense of gratitude and resentment. Moreover, after being separated for such a long

time, Mo nanjue never came to him. She broke up by herself, and no one else had to wait for her for a lifetime.

If Mo nanjue likes her, she is not a small hearted person, and will certainly bless her.

"My name is Yu Yin."

"I..." she found that her voice could not speak at all. As soon as she opened her mouth, it hurt badly.

"Three days ago, you fell into the water and your lungs were infected because you drank some sea water. But after a few days' rest, you can speak normally."

Yu Yin calms her down.

Fall into the water.

"You... Saved me?"

"Well." Yu Yin tells Su Xiaowan what she has been taught.

After hearing this, Su Xiaowan realized that it was when Yu Yin was going out to sea that the boat hit her and saved her.

But why did she fall into the sea

No, Feng Yan.

"I..." Su Xiaowan anxiously wanted to confirm, but there was no voice in her voice.

"Don't worry. Your vocal cords are still damaged. Don't speak in your voice for a while and have a good rest."

But where does Su Xiaowan have time to think about other things? She sees a volume of paper and takes it to write a few words on it.

—When you saved me, was it just me?

Yu Yin doesn't know why she said that, but she was the only one who saved her.

By chance, she and Yan saw Su Xiaowan who was left behind and saved her.

"Only you."

Then Su Xiaowan lay there for a long time without moving.

—Can you show me the social news?

Yu Yin doesn't know what Su Xiaowan is going to do, but she still takes her mobile phone. Because Su Xiaowan's fingers are still stiff, Yu Yin helps her slide her mobile phone.

A few days before and after, Su Xiaowan did not see any news reports about that day.

Such a big thing happened that day. There can be no news.

But there was no news.

Su Xiaowan can only lie down if he can't contact others.

Because she had no other way.

Fortunately, the care of Yu Yin made her recover soon.

That day, Su Xiaowan searched Mo nanjue's affairs on the Internet, and inadvertently opened the mailbox that he had not used for a long time.

There are a lot of unread messages.

Click on the mail, looking at the photo above the mailbox, a very simple landscape map, and there are many in a row.

It doesn't look like a mistake.

It's one letter a day, fixed time.

She was lost in thought.

Type a few words on the keyboard and send them.

"What do you want to do with this?"

Although I didn't think about what he would send immediately, maybe the news would sink into the sea, but the other party's e-mail came soon.

"Are you well?"

Su Xiaowan frowned and continued to type a few words on the keyboard.

"Who are you?"

The other side never recovered.

Su Xiaowan looked at the email, lost in thought, who knows she was hurt?

Chapter 687

Su Xiaowan's eyes were fixed on the screen in front of him. The news never came back.

Then she suddenly thought of something. She had not contacted Fengjia for more than half a month. Fengjia must be in a mess now.

Fortunately, she remembered the phone number of Feng's old house and dialed it directly.

It's Shen Xiaobei.

"It's Xiaowan's phone!"

Shen Xiaobei takes the phone to the old man's room in a hurry. It happens that several people are there. They haven't found Su Xiaowan's whereabouts for more than half a month. They are all in a hurry. All of a sudden, the phone calls and everyone's heart falls.

Listen, she called. She didn't believe it. After all, if there was any news, she would have called long ago. She didn't call until half a month later.

Until Su Xiaowan's voice came from that end, several people were relieved.

Su Xiaowan told them everything here.

"Do you think ah Yan is still alive?"

"Ma, it's true."

Old lady Feng was hurt because of Feng Yan. Now listening to the news that Feng Yan is still alive, she feels that the pain in her heart has been relieved a lot.

"Just alive..." the old lady murmured.

She had been afraid to be sorry for the person entrusted to her, but now she was relieved.

Thinking of the time when the woman appeared in front of her eyes with Feng Yan in her arms, it seemed as if she had been like yesterday.

But decades have passed.

If it wasn't for such things, maybe even she would have forgotten that ah Yan was not born of her own.

Su Xiaowan listened to the old lady's voice, very light, with hoarse, like sick.

Just now Xiao Bei told her that old lady Feng's health condition is not very good, and it's going from bad to worse.

"Mom, you must take good care of your body. According to the doctor, Feng Yan is most worried about you. If he knows that you treat his body like this, he will be worried. You don't want him to worry, do you?"

Su Xiaowan was afraid that the Fengs were worried about Fengyan's situation and didn't tell them all about him.

Only the city they are in now.

"I see. You take good care of me. I will take good care of myself."

"Happy new year, mom!"

"Good, good..."

Su Xiaowan talks to them for a few words. Yu Yin reminds her that she has dinner before she reluctantly hangs up.

Fortunately, now a heart has been put down, no need to worry.

Yu Yin's cooking is very good, and Su Xiaowan found that her series of dishes are basically spicy.

She has been in touch with Yu Yin for some time. She is the only one who has not seen other relatives of Yu Yin.

In her words, her parents died and she just divorced. She contracted a ship here to go to sea.

When Su Xiaowan came here, he knew that there were many rivers and ports.

Many people rely on this, but Su Xiaowan also soon found that Yu Yin's hands are not the calluses that fishermen should have.

In fact, Su Xiaowan did her homework because she made that play before. The fishermen who eat by the sea all the year round have long-standing calluses on their hands and have a fixed posture when eating

But none of these things can be found in Yu Yin.

Even Yu Yin said that fishing outside all year round is the same.

Now it's time to catch in winter, but I don't see Yu Yin busy.

Chapter 688

Su Xiaowan doubted Yu Yin's identity. However, during this time, Yu Yin didn't do anything to hurt herself. Instead, she took care of herself. She felt that she was a gentleman with a mean heart.

But she always has a knot in one's heart, don't know why, Yu Yin so don't say a cent of cheat oneself, exactly is to do what.

And those letters, also do not know who that person will be

"Isn't the food to your taste?" Yu Yin sees that Su Xiaowan doesn't move a few mouthfuls of rice and asks.

Su Xiaowan was dazzled. "The food is delicious. You are a good craftsman."

"In the past, when my mother was there, she specially taught me, thinking that I could cook food for my husband in the future. I didn't think that I hadn't learned much. When my mother left, even my husband left me."

Yu Yin is telling the truth. At the beginning, when she was with Mo nanjue, her parents didn't agree with her, but she was adamant. She felt that if she missed this man, she would never have the feeling of heart beating faster in her life.

She secretly stole the evidence from her family and went to go through the formalities with Mo nanjue.

But as soon as I got the certificate, my mother knew about it.

Originally wanted to go back to explain, but she did not wait to go back to explain, her parents had a car accident.

And because of his father's business, Mo nanjue was also taken back.

She dares to go to the hospital alone, but what she waits for is the news of her parents' death

Her world collapsed.

She still remembered that day, as soon as she saw off her parents, monange's father came to find him.

He said that he was not worthy of Mo nanjue. For Mo nanjue's status, he needed to find a gentle, virtuous, knowledgeable woman. The most important thing was to match her.

The only thing she had left was mo nanjue. How could she let go of his hand? But Mr. Mo took him to the hotel. When she saw the scene of Mo nanjue opening a room with a woman, her hands trembled and she didn't know what to do.

It was just after they got the certificate, her parents were still cold, but he came to open a room with others

She thought he could see a man clearly enough, but she turned it over and over and was blinded.

It's too late to repent, but there's no way to start over.

Her parents have gone.

Yu Yin's family is not a rich family, but a scholarly family. Her parents are university professors, and she grew up without food and clothing.

But that day, there was nothing.

She didn't sleep all night, until the next day at the door of the hotel, waiting for a long time, but no one.

When she got to the phone, she called Mo nanjue and asked him to come out, but Mo nanjue refused. In her opinion, she felt guilty.

He immediately asked for a divorce, and then in a fit of anger, he sold his house and went to another city.

She has always had a clear sense of gratitude and resentment, and has always believed that some things can not be forced.

Even in the next six months, she had been repentant.

But no matter how she forgets, there is no way to eliminate the thorn rooted in her heart.

Now, Mo Nan Jue has a woman he likes, but he never forgets that man and has no interest in other men.

"Sister Yu."

Su Xiaowan saw that Yu Yin's face became pale. She held Yu Yin's hand. "It's all over. He doesn't cherish you. In the future, there will always be someone who will hold you in his hand. Your parents certainly hope so."

In fact, listening to Yu Yin talking about her parents, she was very envious.

Growing up, she didn't feel her mother's care, the only one was her grandmother.

Grandma taught him to read, write and be a man.

All her participation, there is only one woman left.

She suddenly thought of Lian Yan.

The woman who is still beautiful and charming.

Such a woman is her mother.

But she would rather not know that there is such a mother in her life.

She thought, it's enough to have a grandmother in this life, even if the grandmother left, but one day, they will meet.

"Look at me, what are you talking about? The food is going to be cold. Eat it quickly."

"Well."

Su Xiaowan and Yu Yin have a meal. They have their own thoughts.

Su Xiaowan has gone out with Yu Yin several times these days to inquire about Feng Yan, but he can't find a chance.

The news newspapers never mentioned anything about the Mo family.

Yu Yin lives in a big house with two bedrooms and one living room.

Two people in the house, but also slightly empty, on this day, Su Xiaowan saw the Mo recruitment ads.

It's for maids.

She had thought that she could not find a chance, but when she saw such news, she thought it was a pie from God.

At present, Su Xiaowan wants to sign up.

However, she has no ID card, not even an ID card.

When she came here, it was mo nanjue who brought her here. She didn't take anything. It was difficult to prove who she was.

If the Fengs come out, she is afraid that her lies will be exposed.

There is no one to discuss here, so Su Xiaowan can only talk about it with Yu Yin.

As for Su Xiaowan's going to Mo's, Yu Yin has known for a long time.

But I never thought that she would use this method.

Isn't that a one sentence thing?

"Here's my ID card and academic certificate, or you'd better take it and give it a try."

Su Xiaowan looks at the certificate and Diploma in her hand. Yu Yin gives her things without asking. This trust makes her feel at a loss. "Why don't you ask why you want to go to Mo's house? That's all for me. "

"I believe in you. Since you've come back, there's nothing to doubt, isn't there?"

Su Xiaowan was very grateful. She held Yu Yin in her arms. "Thank you, sister Yu. If it wasn't for you, I really didn't know what to do."

"Go ahead."

Today is the last day of the registration deadline. Su Xiaowan takes Yu Yin's certificate and rushes to the registration place.

The person who had planned to leave was stunned when he saw this woman again. It seemed that he had seen this person somewhere, but he didn't.

Su Xiaowan had her hair cut before she came here. Because she had been in that place for a while, she was afraid that these people would recognize her, so she disguised herself.

"I'm here to interview the maid!" Su Xiaowan was running breathlessly, and now he held the person who was going to leave.

The man looked at her up and down, she was really beautiful, at least in such a short time, several men's eyes on her.

"What's your name?"

"Yu Yin, my name is Yu Yin."

"How old are you?"

"25. "

"Why are you here?"

Chapter 689

This is basically the question that all interviews ask.

But Su Xiaowan knows that this is different from an ordinary interview.

Why do other interviewers come here? Most of them want to see the excellent conditions of the interviewers from their words.

But this is recruiting maids, and the famous Mo family, certainly can not be treated like an ordinary interview.

Fortunately, Su Xiaowan made full preparations before she came.

But at this time, she was still a little nervous.

She grabbed her clothes. "In fact, my husband and I divorced a while ago. He went out to find Xiao San, and even a Xiao San conspired with me to get rid of my family property. Now I'm still fighting a lawsuit with him, but he and that Xiao San drove me out of the house. I have no place to live. Looking at your recruitment information, it says to provide housing, so I want to see me..."

It's true that Yu Yin is divorced.

But she made up the rest.

Su Xiaowan knows that it's not easy to enter Mo's home. After all, those people just looked at her eyes from the original twinkle to silence.

When she came here, she met a lot of luxury cars on the road. Presumably, the news this time made the whole city turbulent.

During this period of time here, she is not unaware of the influence of the Mo family. The place where those rich ladies can earn a lot of money is naturally not to say that they will admit her.

By the time she came, she had realized that she would meet the situation in front of her.

So, when Su Xiaowan said it, she was in a pathetic mood.

It's a pity.

Sure enough, those people were still worried about this, because Su Xiaowan was too beautiful, and it was stipulated that these maids should not be too good-looking. Although they were very interested in

this woman, they would not ignore the orders from the top.

After all, it's the choice to work, not the choice of the young granny.

But listening to what she said, they got rid of a lot of worries.

They are all married. Naturally, even if they are beautiful, the young master can't take a fancy to her. A family like Mo family wants a divorced woman.

But he is so beautiful that his husband still looks for Xiao San.

I'm blind.

A group of people came together to interview, of course, there are women. Housekeeper LAN is responsible for the training and audit of maids. In Su Xiaowan's words, she thought of her original experience.

She also met slag man and was cheated by slag man.

"Do you have any children?" Housekeeper LAN looked at the person on the resume and looked at many certificates, which met their recruitment needs.

Although I haven't done it before, it's easy to use. As long as I'm careful, I won't make mistakes.

"No

Now I took the board.

"In that case, go back and clean up, and come here tonight." Housekeeper Nalan waved his hand. Recently, the villa is really short of people. However, when I came here today, I didn't find many smart people. They are all rich families. They want to go to Mo's house.

The two young masters of the Mo family are unmarried.

There are a lot of rumors, big and small, but those rich people are not afraid. After all, if you climb up the Mo family, you can say that it will be windy and rainy.

"Here's the address. Call me when you arrive and I'll come out to pick you up."

"Yes, thank you."

Su Xiaowan got a business card and saw the group get on the bus. Although she has been in the old house for some time, she has never seen the housekeeper.

But I haven't seen her. If I have, she probably won't be admitted.

Su Xiaowan breathed a sigh of relief, looking at the sun gradually toward the west, she was a little excited, hoping to hurry to the evening. In this way, she can see Feng Yan.

At present, Su Xiaowan went to Yu Yin's home by bus and told her about it.

She didn't have anything to clean up. When she came, she didn't have anything. When she left, she had nothing to do.

"I'm so happy for you." Yu Yin is a few years older than her, but it's not much worse. It's just that she seldom sees her smile on her face. Every time Su Xiaowan sees her, she feels worried.

But Yu Yin doesn't want to say that, so she can't ask for other people's secrets.

However, as long as Yu Yin is willing to say, Su Xiaowan is certainly willing to listen. Moreover, Yu Yin saved her and is her savior.

"Sister Yu, thanks to your help, if it wasn't for you, I wouldn't even have a chance to get in! I'm bound to help you in the future! "

Seeing Su Xiaowan's happy appearance, Yu Yin feels bitter.

If she had her courage, maybe there would be so many things between them.

My heart is blocked by something. It's very uncomfortable.

But it soon returned to normal.

"Hurry up. This kind of rich family is very particular about time. If you go late, maybe they will embarrass you."

"Well, I'll go first. Goodbye, sister Yu."

Yu Yin watched Su Xiaowan get into the car, and her mobile phone rang.

It's a strange number, but whose is it? She knows very well.

She didn't speak at that end. She told the people at that end what happened today.

"Xiao Wan went to Mo's house."

Yan listens to the phone. During this time, he calls every day to ask about Su Xiaowan. At first, the assistant contacted her, and then he talked to himself.

But these days, he wants to ask himself.

The other side was quiet for a while, listening to a male voice coming from the other side, "our little Lord knows, Miss Yu, thank you very much."

.....

Su Xiaowan arrived at Mo's home. It was already dark.

She handed the card given by Butler LAN to the security guard at the door. The security guard looked at her and said, "I'm a little familiar with you."

"I'm more popular."

Su Xiaowan said humbly, at this time, a black luxury car stopped at the gate, the window rolled down, is a beautiful woman's face.

"Miss Chen, here you are!"

The security guard called a face and looked at the woman at that end.

Chen Liangliang would come to see Feng Yan every night, so the security guard basically knew her. She showed an innocent smile, and the security guard just felt that she was all crisp.

Open the door immediately.

Su Xiaowan looked at the woman, who she had never met, at least in such a period of time, she did not know.

"Who is she?"

The security guard stood back to Su Xiaowan and took a look at her. He didn't think much of her. After all, maids are servants. What's the same with this kind of rich family? He glanced at Su Xiaowan who was dressed vulgarly. "She's the master you need to serve in the future."

"....."

Master?

Su Xiaowan squinted. Did Mo nanjue chase her wife back?

Sure enough, a child can be taught.

Chapter 690

Su Xiaowan followed housekeeper LAN to a villa she liked. Before she came to this place, she realized that all the maids lived in this place.

She wanted to hear about Feng Yan, but she didn't dare to ask so quickly and openly in front of the maid.

But because the questions were not detailed, they could not come up with anything at all.

But the only thing you can be sure of is that no one is sick in this villa.

Su Xiaowan seems to have got a peace of mind pill. After several days of restless sleep, she is suddenly enlightened.

After all, that shot hurt her a lot.

But for Yu Yin, she would have lost too much blood and died in the sea.

Because Su Xiaowan can't do anything else, and at night, the kitchen needs hands, so housekeeper LAN arranges her into the kitchen.

"You go to the kitchen to help. Remember, don't talk about other people's private affairs. There are many rules in this family. If you want to work hard here, you have to know nothing!" When housekeeper LAN sent her into the kitchen, he took care of her.

"I see. Thank you."

"Xiaohong, she'll take it with you later. During this period, let her adapt first."

"Good."

Xiao Hong takes her to the kitchen first, but because of the shortage of hands on the table, Xiao Hong is called to help.

So Su Xiaowan had to go to the kitchen to get familiar with it.

When she entered the kitchen, she smelled a thick medicinal meal and looked at the woman at that end suspiciously.

It's the woman in the luxury car just now.

"You all have to look carefully. If the heat is not in place, it will affect the use. Please watch it for me."

"Yes, Miss Chen."

As for Chen Liangliang's explanation, several maids did not dare to say anything. She said one is one, and the other is two.

Chen Liang Liang took a look at Su Xiaowan standing at the door and left on high heels.

The maids watched Chen leave, and now they stood there whispering, "do you think Miss Chen has a play?"

"Look at her. She's a hostess. It's lunch and dinner."

"We do it every time, but she takes advantage of it."

"Yes, it looks simple and kind, but it's just a scheming bitch."

"How do you say that?"

"You don't know!" The maid looked at Su Xiaowan at the other end, "look at the door."

"Me?"

"It's you." The maid looked at Su Xiaowan with high spirit, then pulled the maid mysteriously, "you don't know how rich this woman's love history is!"

"You know that?"

"Of course, I met her when I was a maid in the Xu family. At that time, she chased the young master of the Xu family."

"What? Is that Xuzhou that is crazy to play with women? "

"No, it was the same routine at that time. I came to Xu's house to cook for master Xu and make models for him. I wish I lived in Xu's house. Fortunately, master Xu is a man who lives in flowers all the year round, so he is not pinched by her careful thinking. But there is no woman around him. Maybe he will be taken down by her way. "

"Do you think the second master is a fool? The second master's dinner hasn't moved at all these days. He's eating with the eldest young master. Chen Liang Liang wants to marry into Mo's family, but he still has a long way to go! "

Second master? Su Xiaowan stood there, listening to their comments. Their voices were not big or small, but they came into her ears and were printed on her heart.
