

**good evening 691**

**Chapter 691**

"But I heard that Miss Chen is very good at medicine! Is Miss Chen responsible for the second master's illness? "

"What does it have to do with Miss Chen? Otherwise, Dr. Su would have been poisoned long ago."

"Shh, you're not going to die!" Listen to her say that dead word, several maids are scared to death by her.

You know, you can't ask this question in this family.

Don't mention this word in Mr. Mo's dictionary.

The maid who spoke also realized what she said and looked at the door with a guilty heart. Now she looked at the woman who was staring at them with her eyes fixed on her.

"What are you doing there to scare people?" The maid who spoke looked at Su Xiaowan's graceful figure and her beautiful face. Even a woman saw it, she felt very envious.

The ordinary maid's clothes on her didn't make her look inferior at all, but promoted her temperament. It seemed that so many people didn't fit in with her. She was like a fairy in the world.

"She's new here. You'd better talk less and do more. Don't drive you out when steward LAN knows."

The maid was reminded and immediately lowered her head to do her own business. She has the old and the young, so it's not easy for her to have such an opportunity. Naturally, she doesn't want to waste it.

Although Su Xiaowan tried her best to be patient, she didn't go forward to ask, because she knew that if she went up to ask, these maids would treat her differently. The most important thing for her to work here is that she couldn't think of her master.

Just now, housekeeper LAN took care of her. Now, if she asks about Feng Yan, she has not passed her internship, so she can't take such a big risk.

After all, she managed to get in and couldn't just be kicked out.

But she suffered a lot.

It's just a step away, but I feel that there is a milky way between them, so I can't cross it.

"Why are you still standing there? Come here and watch the medicated food. Don't burn it. It's for the second master to drink."

The maid was bossing at her.

Su Xiaowan walked towards the medicated food.

I don't know why. My feet weigh a thousand pounds.

It's hard to lift.

She told herself in her heart that she must not cry, otherwise everything would fall short.

But she didn't hold back at last, and was first discovered by the maid beside her, "what's the matter with you? What tears do you shed? When the housekeeper comes, I think we are bullying you! "

Because Su Xiaowan is a new comer, the maids are not very nice to her because they are old people.

Su Xiaowan wiped his tears, he did not know how his tears fell down, "is smoked by medicated food, medicated food taste a bit heavy."

The maid sniffed it and frowned, "Miss Chen will be greedy and give us this kind of work to do. You can watch it carefully, or you will be scolded. A few days ago, a new maid was driven away by Miss Chen."

"Miss Chen, is she the second master's girlfriend?"

Su Xiaowan asked carefully.

No one knows the complexity of her mind at the moment.

The maid said with a greedy smile, "you think too much. It's just miss chen's wishful thinking. The second master doesn't like her. It's just... Miss Chen saved the second master's life. The master intends to let them get married. The second master always listens to him, I'm afraid..."

## **Chapter 692**

"I'm afraid what?"

"I'm afraid Miss Chen is going to marry into the Mo family. It's just around the corner. After all, the Mo family is all decided by the master. The second master's marriage is just a matter of the master's words."

It's the dead old man again.

"Ah, your medicated meal is going to be burnt. Turn off the fire quickly."

Su Xiaowan turned off the fire in a hurry. Fortunately, the fire was turned off in a timely manner. The medicated meal was just right.

"Thanks to your good luck, otherwise you will be swept out of the house. I tell you that you can be careful when you work in Mo's house. If you don't pay attention, you will be easily driven out."

It's probably because Su Xiaowan's tone is very good, so the maid's appearance of bossing and bullying at first has gradually improved a lot. Now she reminds me kindly.

"I see. Thank you for reminding me."

"What's the matter? I'll help you if I can."

The voice did not fall, is looking at the head of the original lead Su Xiaowan to come over, looking at Su Xiaowan in front of the medicated food, frowned, but soon stretched out, "medicated food is good, you take it up to the second master!"

With that, Xiao Hong squinted and looked at the other maids lowering their heads.

"Yes."

Su Xiaowan happily took the side of the chopsticks, and now began to scoop up the medicated meal and put it in the bowl in front of him.

Standing there, other maids silently mourn Su Xiaowan. The second master has a bad temper. This bowl of medicated food will not be eaten. Miss Chen will not let her go if she doesn't eat it.

Xiaohong is in charge of the kitchen. According to the truth, Xiaohong should give it to the second master. But a few days ago, after a maid was driven out by Miss Chen, Xiaohong has been shirking her responsibility. Fortunately, other maids here are very smart and dare not take over this matter.

But today the new one

After all, it's just a new comer. There's no need for her to offend Xiaohong. After that, she'll have a hard time. Everyone is very wise, and no one is talking about anything else.

Only watching Su xiao'e go out with the medicated meal, can you look at me? I'll look at you, and then I'll go on with my work.

Xiaohong doesn't tell her the way, but just points the way for her. Fortunately, Su Xiaowan knows Feng Yan's house.

She walked through the woods, only to see an old man sitting in a wheelchair.

It's the old man I saw last time.

She took the medicated food and went over. Today, the old man is building flowers and plants in the garden.

It's already winter. Even though it snowed a while ago, it hasn't melted. Now some of the flowers and plants have been bent.

And the winter is very cold, the old man did not wear gloves, one hand holding the scissors, where a piece of paper cutting.

Su Xiaowan looked at the picture and couldn't bear it. The old man was so bad that he didn't want to go out, and he was treated as a gardener.

Especially on such a cold day, if you want him to work out so late, you can hardly treat him as a human being.

Yes, Mr. Mo doesn't treat them as human beings. For him, they are only ants.

Su Xiaowan took the medicated food and went over. The old man was still immersed in his own world and didn't find him.

Only when Su Xiaowan's finger touched him did she feel surprised, but it was too late to pull her hand away.

Just looking at the small gloves rigidly put on his fingers, "you are old, it's so cold outside, how can you do without gloves?"

It's the girl.

She didn't die.

Mo Liting had already known about that day. Mo nanjue had been looking for Su Xiaowan's whereabouts, but he didn't find anyone.

"You don't know me when you look at me like this?"

"You have changed."

"Yes, my new hairstyle. Is it nice?"

"Ugly."

"Well, you old man don't know how to boast? How can I be so plain? I'm ugly. "

"I haven't seen you for a long time. How can I put on this dress? Have you come here to be a maid? "

"Oh, don't mention it. I nearly died a few days ago. If I hadn't met a kind-hearted person, I would have died. You wouldn't have seen me."

"Almost dead? What earth shaking event have you had? "

Su Xiaowan sighed, "it's all the trouble caused by the eldest son of this family. It almost killed me. Fortunately, I won't mention it when I come back with my life. It's so cold here. You wait. I'll cut the medicated food with you after I deliver it."

"Cut it together?"

"Yes; There are so many people and great power. You can cut so many branches by yourself, and I don't know when to pick them up. Anyway, I have nothing to do. I'll help you after I deliver the medicated meal! "

Although she wanted to see Feng Yan and talk to him, it was not clear in a few words. Now she thought that as long as he was safe.

Just look at him.

After all, the old man is weak and easy to get sick in this winter. If he gets sick, the dead old man won't let anyone see him. If he dies in this place, then

She was afraid to think.

"Medicated diet? To whom? "

"Second master."

"Second master? Didn't you say that the second master was your husband last time? It's not easy to find a chance to see him. I don't want to talk to him more? "

"When did I tell you that the second master was my husband? Why don't I remember?" Su Xiaowan doesn't seem to have this episode in her mind. She remembers saying that she came here to find her husband

But did she say that the second master was her husband? I don't remember very much.

"Yes, of course. If you don't, how can I know?"

"So it is." Su Xiaowan said with a smile, "but you can't tell anyone about it. If the old man knows that you are chewing your tongue, maybe he doesn't know how to deal with you!"

"..." is he so bad?

He didn't know.

"Your medicated diet is going to be cold."

"Oh, I'll send it to him first. If you want to make it too cold, go back first. I'll help you solve it here."

With that, the girl ran away.

Moliting looked at the gloves on his hand. He was the first one who dared to be so bold in so many years.

He hooked the corner of his mouth. It happened that housekeeper Mo came and saw such a scene.

He has been following moliting for so long, and has never seen

"Master, you..."

"Push me back."

"Yes."

Su Xiaowan runs to deliver the medicated meal and hears that Feng Yan is in the study.

She knocked on the door, listening to a voice inside.

It's very neutral.

Hastily push the door in, looking at the man sitting there is lowering his head, do not know what to write.

Serious, just like before.

Staring at him unconsciously, I forgot the time.

### **Chapter 693**

The man was sitting there and didn't even notice her coming in.

Knock, knock.

Su Xiaowan was still standing there, suddenly listening to someone knocking at the door behind him.

She looked back and saw the woman in the black dress standing not far behind her at the door. This

person was Miss Chen they just said.

Chen Liangliang.

Su Xiaowan doesn't know who Chen Liangliang is, but the woman who can satisfy the bad old man must be one of the best in terms of money and other things.

But I don't know why. She has only met this person before. She hasn't even said a word. Maybe she feels the woman's high posture.

Chen Liang didn't notice the maid at that end. She was staring at the man with all her eyes.

Even now, she still can't see through the man.

She is about to become his fiancée, but in his eyes, there is no trace of warmth.

Even every time when facing her, full of strange and indifferent.

But at the first glance, Chen Liang fell in love with the man in front of her. At the first glance, she felt that the man in front of her should belong to her.

Chen Liang Liang has a high vision since childhood. Almost all the women of her age have talked about marriage, but she has been just playing.

She wants to marry into a rich family.

But I couldn't find the right person.

Before the second master, she also pursued other men, but they were too unbearable.

In her opinion, a man should be successful in his career and an idol he worships.

But the rich second generation, who are about her age, can't hold their hearts at all and don't play enough.

As time goes by, she can only play with them. It's too early for her to get married.

But the second master is not the same. He is about the same age as those people, but there are no bad rumors about him in his private life. Although he is a little bit violent, he has his own shortcomings. After all, no one is perfect.

Now that she has chosen her, she can endure such shortcomings.

And in her opinion, it was not true. Although he was cold tempered, he was not violent at all.

What she likes most is that he is not close to women.

In this way, she can completely belong to herself.

But when she was just about to walk past, she saw the woman standing in the way at the door blocking the road in front of her.

She turned her eyes on her. I didn't know that this woman who didn't know what to do had no eyesight.

But when the eyes touch a woman's beautiful face, she always feels a little familiar. After staring at it for a few seconds, her mind suddenly changes.

That day, the woman who saved the second master.

Why isn't she dead?

She was thrown into the sea

Although I don't know why the woman appeared here, the sixth sense of the woman knows that the woman is not here at all. She is just a maid.

She said that she didn't come here specially because she knew about it.

She Yu Guang took a look at the second young master of the Mo family at that end, and saw that the man still lowered his head to deal with his work. I don't know about it.

But now, in front of this woman, she can't leave her here. It's a time bomb.

"Give me something. Go out and do your own business."

Hearing the words, Feng Yan raised his eyes.

Just looking at the woman at that end, her brow wrinkled.

Again, Chen Liang told Wen Sheng not to let her in.

So many times. What's the matter with him.

"Bring it here."

#### **Chapter 694**

"Well, I'll take it for you." Chen Liang stands in front of Su Xiaowan and blocks her completely. Feng Yan can't see who is at that end. Then he just looks at Chen Liang and grabs Su Xiaowan's medicated food.

The woman's fingernails are very long, which directly cuts the back of her hand. Su Xiaowan only feels a pain in the back of her hand. She looks at the medicated food falling into Chen Liangliang's hands, and the medicated food is full, so she spills some out.

Some of them fell directly on Chen Liangliang's hands. Chen Liangliang looked at Su Xiaowan disgustedly, "you see, you are really clumsy. Don't hurry down!"

"Miss Chen, your hands are wet. You'd better wipe them first. If you can't do this kind of rough work, I'll do it."

With that, Su Xiaowan is going to get the medicated food. After all, this is one of the few opportunities to get close to Feng Yan.

She came here for Fengyan. Other people and things have nothing to do with him.

But who knows that woman suddenly stretched out her feet. Before she took a few steps, Su Xiaowan was tripped by the feet suddenly stretched out. One of them didn't stand firm, and her brain was buzzing. She immediately realized that it was her intention.

She suddenly raised her hand, stretched out her hand and directly grabbed Chen Liangliang's wrist.

If you want to fall, make a fool of yourself.

Chen Liang Liang tripped her on purpose, and she would not make herself a laughing stock.

Chen Liang Liang naturally did not expect that Su Xiaowan would hold her. She tried her best to shake off the woman's hand, but she caught her to death, this damned woman!

In order to prevent her from falling down with her, Chen Liang immediately had to keep her pace. Fortunately, Su Xiaowan was not heavy, so she stood firm.

Finally, Su Xiaowan also staggered a few steps, but did not fall down. On the contrary, Chen Liangliang was much more embarrassed, because the medicated food was scattered on Chen Liangliang's back and skirt.

He was particularly embarrassed.

"What's the matter with you?"

"Miss Chen, I said this kind of work. I'll do it."

"Get out!" Feng Yan has a headache because of their noisy voices. He doesn't like her at all, and now he doesn't like others.

"Second master, it's this maid who doesn't have eyes. Look what she's made of me. You must make up your mind and fire her!"

Feng Yan looked at the maid at that end and couldn't see the woman's face clearly, because she lowered her head.

In other people's eyes, it seems that Su Xiaowan knows that he is wrong, but Su Xiaowan is thinking about how to stay.

Feng Yan did what he said. He must have been angry just now. This woman doesn't know his temper at all. If she goes on like this, he will be even more angry. She is really going to be killed by her.

She really wanted to ask her to say less.

"You're not from my mo family. Why should I decide for you?"

Feng Yan's words remind Chen Liang of his identity, but in Su Xiaowan's ears, he hears something else.

"Second master, I'm sorry, I was short of breath just now. Don't be angry. I'm just worried about your body. You've been poisoned before, and your body hasn't been well conditioned. This medicated diet is a prescription that I can't easily get. It's very effective, but..." Chen Liangliang is familiar with a man's temper. This man can't fight against him like this, otherwise, he will suffer losses.

Feng Yan reached out and touched his forehead. It was very sour. These days, he had nightmares all the time. In the dream, someone pointed a gun at her.

But all of a sudden, the person who appeared stood in his way.

But that man... Can't match Chen Liangliang.

When he woke up, Wen Sheng told him what happened that day. He said that Chen Liangliang had been shot for him regardless of his life. But Chen Liangliang was injured in his arm. At that time, although it was dark and he could not see anything, he clearly felt that the person who helped him block the bullet was in the back

But in addition to Chen Liangliang, the scene did not find the woman in hand, and Wensheng said he had been holding Chen Liangliang when he fainted.

But he is the client, the more he thinks about it, the more he feels that something is wrong.

Even in my dream, I often repeat the picture there, but I can't see what the person looks like.

"She stays. Get out of here!"

"I won't care about today's affairs with you. You can be more careful in the future. Go out first and I'll serve you here!" Chen Liang's high command.

But the voice did not fall, but listen to the man's voice, "you do not understand me? I told you to get out of here! "

"... second master, you let me..."

"Do you want me to say it a third time?"

"..." Chen Liangliang's pitiful eyes fixed on the man at that end and immediately shed tears. "Second master, i... what did I do wrong?"

"I'll let you out!"

This is all for the sake of this. If Chen Liangliang doesn't go out, she feels that she has lost all her face. Especially in front of this woman, she feels her tears and runs out crying.

In the room, only Feng Yan and Su Xiaowan were left.

Su Xiaowan raised her eyes. There was a bright light in her amber eyes. She thought he didn't remember, and she would spread her anger on him. Unexpectedly, he left her.

It's incredible.

"Feng... Second master, thank you just now."

"Monange has been looking for you. Where have you been these days?" Feng Yan put down the pen in his hand. He saw the woman just now, so he recognized her.

"..." did you mean to keep her?

What does it matter for Mo nanjue to find her

A basin of cold water poured directly on her body, making Su Xiaowan's face change for a moment.

"What's your question?"

"I... I have nothing to do with Monsignor."

"A fight?"

"I said I had nothing to do with him."

It doesn't matter?

That party red crown a fury for beauty, also say what doesn't matter!

"Because he didn't photograph the necklace for you, so he quarreled?"

Necklace? What necklace? Basically speaking, Su Xiaowan is in a state of muddle.

"....."

Just watch the man open the drawer, take out a box from one side and open it.

Inside is a water drop necklace.

Maybe women's sensitivity to jewelry is at fault.

So she recognized at a glance that it was the water drop necklace coaxed to the extreme.

It turned out that she did not hear it wrong at that time. It was Feng Yan's voice.

"Why did you film it?"

Su Xiaowan said this to him, for a time, even the appellation is less, as if two people have been familiar with the extreme, do not need these.

The man's eyes looked at the woman's face. In fact, she was not so good-looking. Why did Mo never forget her?

## **Chapter 695**

But Su Xiaowan didn't wait for Feng Yan to speak, but he listened to Feng Yan's mobile phone ring.

The man took his cell phone and answered.

It's a temperature rise call.

"Second master, there was new progress in the shooting that night. We caught a suspect and found the gun that night from his home. We matched the model..."

Wen Sheng's voice came from that end. Feng Yan looked at Su Xiaowan standing there, "where are you?"

"Ice City warehouse."

"I see."

Su Xiaowan only listens to Feng Yan's shallow tone and doesn't know who he is calling.

But as soon as the phone hangs up, Su Xiaowan looks at Feng Yan and takes the clothes aside, as if she is going to leave.

"Are you going?" Su Xiaowan looks at Feng Yan, but he's not looking at himself. It's so late. His posture seems to be going out.

Besides, he also noticed Feng Yan's look on the phone just now.

But it was so late that he had to go out. She was afraid that the road was not safe.

After all, the shadow of his last car accident is still in her mind.

Feng Yan stopped and stared at her. He seemed to stare at her suspiciously for several seconds, with strangeness and alienation in his eyes.

"Clean up here."

With that, the man left with the key.

Su Xiaowan looks at Feng Yan's back as she leaves. Her eyebrows droop. What Feng Yan looked like just now is that she really doesn't know her

Are you really hypnotized?

Outside the window, it suddenly rains heavily. Su Xiaowan is worried about Feng Yan and runs out in a hurry. But Feng Yan's car has already been driven out. Where can she find it.

Together with the old man he met just now, he also disappeared.

Is it because it's raining that the old man let him go back to the house?

Because he didn't know where the old man was, Su Xiaowan couldn't find him.

It was raining heavily. When she was walking around in the yard in a maid's dress, she was stopped by housekeeper LAN.

"What are you doing here in such a heavy rain?"

"I... I can't find my way."

To Su Xiaowan's innocent eyes, housekeeper LAN just shook his head, "you follow me, I'll take you to your place."

"Thank you, housekeeper LAN."

In winter, it's very dark. After walking in the yard for a few minutes, it will be completely dark. Fortunately, the street lights are still on.

Su Xiaowan lives with a new maid. The girl's name is Ai Qier. She is younger than her and she is careless. In the evening, Su Xiaowan was lying on the bed, because there was a road outside her. She could hear the movement on the road. When she came here just now, she noticed that several cars came out of the road.

But after waiting for a long time, I didn't hear the sound of the car coming back, so I began to worry.

"How many times have you turned over? Can't you sleep? "

Su Xiaowan apologized and said, "I'm not used to changing places. Am I disturbing you?"

"It happens that I can't sleep either. Why don't we have a chat?"

You can't bring a mobile phone with you when you come to this place. The mobile phone will be distributed uniformly. They are all contacted by people in the villa. But they are still on their first day of employment, so the mobile phone hasn't been given to them yet.

There is no mobile phone at night. For Ai Qier, she is not used to it at all.

She said, without waiting for Su Xiaowan to refuse, she directly sat on the bed, "say, do you see a strange old man here today?"

## **Chapter 696**

"Strange old man?"

"Yes, I just walked around the yard and looked at an old man in a wheelchair. All his faces were disfigured and ugly. His face was covered with scars. Such a person didn't stay at home and appeared outside to scare people.

He is also wearing a black coat. His hand is the same as his paw. I don't know who the old man is. He even cut branches there this winter. Maybe he has some brain problems or he is a bad guy. When I left today, I lost a gravel on him. Fortunately, I ran fast and he was lame. He didn't catch up with me... "

Listening to Ai Qier's complaints, Su Xiaowan immediately contacted the old man in the yard.

No wonder the old man said that other people are not like himself, no one will take the initiative to get

close to him, and they all want to be far away.

Don't know why, Su Xiaowan listened to her words in the heart is not taste.

Disfigurement is not his intention, and he doesn't want to be bullied by others.

Even he didn't want to be the talk behind other people's backs.

Just like Feng Yan at the beginning, although Feng Yan was not really disfigured, the old man was real. The scar was bigger than Feng Yan at that time. I don't know how much it involved the whole face.

Plus legs can't walk, an old man of such an age, don't care for him, even who saw, have to go to bully.

Is this still human?

It's probably because of her inner desire to protect. In just a few minutes, Su Xiaowan's previous understanding of this woman has been renewed, and her good feelings have fallen into the abyss.

Su Xiaowan thought about it and suddenly said, "aiqi'er, don't go to the yard in the backyard. I heard it will be haunted there!"

"What?" Angel nearly fell out of bed in fright. "Haunted? Really? What I see today will not be... "

"When I was helping in the kitchen today, I was listening to those people talking about strange things that always happen in the backyard. Sometimes I see a child in the backyard, but the child can't speak, so they don't dare to go again in the evening. What you see today will not speak. Will you tell them... "

"Oh, I remember that I wanted to call him at that time, but he didn't look back. It's too terrible. No wonder people said that Mo family couldn't come, and I wouldn't come if I knew..." the more she thought about it, the more scared she was. She was lying on the bed and pulled up the quilt, and didn't dare to make any more noise.

Su Xiaowan lay there with a slight lift of her eyebrows.

She knows fear, too.

Lying on the bed quietly, Su Xiaowan looks at the ceiling. Before long, suddenly the door is kicked open, and housekeeper LAN rushes in with a group of people.

"Arrest her."

The maids who came in looked very fierce, and directly lifted the woman lying on her head from the bed. Angel was already afraid, but suddenly she was lifted up and scared to urinate.

"Injustice has its head and debt has its owner. I didn't mean to offend you today..."

But the next second, iquier felt the heat of those women's palms, it was hot. It's not a ghost.

When she came back, Butler LAN had already stood in front of her.

"Throw people to the back mountain!"

"What are you doing?" Angel looked at steward LAN, and his panicked heart calmed down.

"I told you when I came in, don't touch the owner's things. If you steal, I won't keep you. Take the men away

### **Chapter 697**

"What's stealing? I didn't steal. Don't blame me! Let go of me

"There's no hard evidence. Shall we come back to embarrass you? What are you doing to take people away? If you disturb the old man, can you afford to offend him? "

"I've told you that it's nothing to do with me. I didn't steal anything. You can search it!"

"Will you hide what you've stolen?"

"I didn't steal it!" Ai Qi Er was wronged for the first time. At Mo's house, when she came in, someone told him that she couldn't tamper with the owner's things. How could she make such a mistake? Moreover, her family was not short of money and didn't need to do such a thing.

Housekeeper LAN took a look at her. It's not important whether she stole something or not, but it's true that she offended the master. If she only stole something, she might still have a life.

I'm afraid I offended my master

"Take people out if you steal or not! What are you doing! Throw people out. "

"What are you doing! Let go of me Aiqier can block so many people by herself. She is directly grasped by the wrist and has no backhand at all.

Su Xiaowan looks at Ai Qi'er being pushed out, but she still doesn't know what's going on. What's so good about stealing?

Then housekeeper LAN stood there and patted him on the shoulder, "you can sleep at ease."

Then he went to take the person and left directly, and angel's cry became lighter and lighter, and disappeared in the corridor.

In such a few minutes, Su Xiaowan was basically led by the nose. When she came back to herself, she knew that aiqi'er had been taken out because she had stolen the owner's things.

But today, iquier didn't touch the owner. How could she be identified as stealing?

Even if it's stolen, chase the thief and get dirty!

But I think that Al Qi'er said that just now, old man, this Mo family has a big business, how can he have trouble with a maid.

Su Xiaowan is not sleepy now.

She sat up, dark room, now quiet terrible, there is no sound outside, after the rain, appears more quiet.

.....

Ice warehouse.

"Young master, that man... Took poison and died!"

The temperature rise came out in a hurry.

The man's eyes heavy, followed the temperature went in.

The man has fallen to the ground. The test shows that he was poisoned before he was caught. He obviously knows that he can't live any longer, so he came here with a will to die heart.

"Young master, I found this in him." Su Yan checked the man. He was out of breath. The poison he took was the most powerful poison. There was no way to save him.

There is a birthmark on a man's arm.

But it's not a birthmark. There's a word in it.

It's a tattoo.

But because the time is too long, the mark has been very vague. For example, he deliberately washed it off, but he couldn't wash it off. Instead, he tattooed it on the original basis.

"I remember the earliest time I saw a similar icon in a foreign newspaper, which is a sign of a group of dead men! But this man engraved tattoos on the original basis. Maybe he offended his master before, was driven out by his master, and went to serve another one. Only in this way can he explain why there are two layers of tattoos on his arm. "

Su Yan looks at the tattoo and opens his mouth.

The dead.

"Well, the clue that I finally found is broken again! I can't sleep a day without finding this person. Young master, you said that you could design such a scene in such a rigorous banquet, and you got into it unconsciously. This man is too powerful! " Wen Sheng stood there hating himself for his failure. He managed to find this man, but he died again.

It's like there's no clue.

"This man was at the party from the beginning."

### **Chapter 698**

Feng Yan's words stunned Su Yan and Wen Sheng.

At the beginning of the party... They checked, but the men at the party were all elites in the industry.

But if we can plan this shooting case, the identity and status of this man must be no different from that of the Mo family.

Mr. Mo really offended many people when he started his business.

But now, the Mo family is in the middle of the day. No one dares to plan such a thing in such a grand way, especially those at the banquet

"Second master, do you have doubts in your mind when you infer that?" Wen Sheng looks at Feng Yan and asks with doubts in his heart.

"I want to know who it is and what's up with you!"

"....."

"Keep going."

"Yes

"What's the matter with Chen Liangliang?"

Wen Sheng took a look at Su Yan. "When Miss Chen was brought back to Mo's home with you, she was sure that she was injured on her arm. Doctor Su was in charge of bandaging that night. She didn't endanger her life."

Su Yan nodded, "I saw her injury that day, but her arm was just scratched. According to my many years of experience, the wound would be healed in three days. However, what is puzzling is that she left Mo's house the next day and went to the nearest hospital for treatment, but the wound was suddenly infected. She stayed in the hospital for a week and was discharged."

Wensheng continued to say, "during this period, she also let people take the diagnosis report to the old man."

Feng Yan's eyes were deep, listening to what they said.

"Go and have a good look at Chen Liangliang."

"Yes."

.....

But at the moment, Chen Liangliang has encountered a headache.

She was driven out of Mo's home, and on her way back, she ran into someone because she was driving too fast.

She is standing on the road, now with a mobile phone, don't know what to do?

The man lying on the other side was dripping with blood. She was not sure whether the man was dead or not.

She is the first time to encounter such things, a time of panic, she scared some like lost soul.

Just now she was thinking about Feng Yan, but she didn't expect to run out of the trees.

Want to step on the brake is too late, straight hit.

She was driving so fast that the man was directly hit by the car.

On such a cold day, Chen Liangliang is frozen.

She wants to call her parents, but from a very young age, she is a good girl in the eyes of her parents. If she calls back, what will her parents think of her in the future?

She wanted to call the police, but if she killed someone, she would have a lawsuit.

So how can she marry into the Mo family?

If she gets involved in a lawsuit, she will never get involved with the Mo family again

Just when she was absolutely right, the phone in her hand suddenly rang.

It was a strange number, and she didn't know who it was, but at the moment, it seemed that she had found the signal for help and picked up the phone.

"Chen Liang Liang!"

It's a changed voice. It's the man.

Chen Liang Liang holds the mobile phone. He has seen the means himself.

Even the second master dares to calculate. He must be a big man.

"I don't care who you are, I hit someone, you have to help me deal with it!"

That sneer, "Chen Liang Liang, why do you think I will help you?"

"You and I use each other, you have my handle, you can better control me."

"That's really a handle." The old voice said, "however, Chen Liang Liang, the murderer pays for his life. He who knows you can't let others carry the black pot for you?"

## **Chapter 699**

"If you want me to marry into Mo's family, then I must have no stain!"

"There are more innocent women than you. It's easy for me to find a woman I can control. Do you think I need to take risks for you?"

Chen Liang swallowed a mouthful of saliva. She didn't know who the person at that end was, but she could be sure that the person over there was not easy to deal with.

But only she can save herself.

That's her only chance.

"You won't take risks for me, but don't forget that the second master is guilty of me. If you are looking for a woman, you have to continue to design a way to get close to the second master. How do you know that the second master won't doubt this time and will give you a second chance?"

"Are you threatening me?"

"It's not a threat, it's cooperation! When it's done, you get what you want, I get the man I want, killing two birds with one stone. It's just a dead man. Isn't that a matter of lifting a finger for you? You should

know in your heart which is more important now. "

"I did choose the right person."

That end suddenly hung up, and then not long after, Chen Liangliang received a text message, let her leave first, this person they will deal with.

Chen Liangliang dares to stay there more and just wants to leave this ghost place as soon as possible. Fortunately, there is no monitoring in this place, so even if she escapes, no one will know.

After that, Chen Liang was no longer worried. After all, the man was so powerful that there were thousands of ways to deal with a dead man

The man at that end hung up and leaned back on the leather seat. For decades, his hair was gray.

He looked at the picture, in which the woman was leaning on her shoulder with a sweet smile.

So a scene, so far in his heart, for a long time did not forget.

Now I can still think of a scene many years ago. At that time, they were innocent, but they never came to this step.

He held the picture tightly.

"Brother, you should take back what you owe me!"

He still has a picture on hand.

It's Fengyan.

I didn't expect him to find his own son.

Looking at the man in the photo, he looks very similar to the woman in the photo, especially the eyes

The more he looked, the more angry he was.

Ruthlessly tear up the photos of Feng Yan.

Moritin.

This is a long time ago damned man.

"Baby, don't worry, I will help you to get revenge!"

Under the light, the old man's face was murderous. Now a man came in from the door, dressed as a housekeeper.

"What can I do for you, sir?"

"Go to this position and clean things up."

The housekeeper saw the position from Chen Liangliang. Just now, Mr. Chen said something in the text message.

"Do you really want to help Chen Liangliang?"

"Why not help?"

"That Chen Liang Liang is not a good person. I think she mostly wants to let her marry into the Mo family by our hand. This person is very thoughtful. Don't be cheated by her, sir." The housekeeper is a little worried. Over the years, he has watched this man come to his present position. He is sympathetic to him.

At that time, such a good brother, now in such a situation, no one expected such a result.

For the sake of a woman, the twin brothers turned against each other and now they want to meet each other.

He didn't want to see them fratricidal, but he couldn't stop them.

The worst person is Chen Liang.

Chen Liang Liang is a psychiatrist. He knows his husband's temper well, and he is still adding fuel to it.

"I have a sense of propriety."

"I wish you knew. I'll go down and deal with it first."

.....

Before Chen Liangliang went home, he washed the car.

Still in the dark, the car washer didn't find any blood on the car.

She washed the car and went home.

At the door, I met Chen Xiaoxiao.

"Xiao Xiao, it's so chaotic outside. You'd better come back early in the future. Not every place is as safe as Mo's home."

Chen Xiaoxiao took a look at Chen Liangliang, "show off what! Are you sure you're at Mo's with Mr. Mo?"

"... what do you mean by that? I'm a fiancée with him. Who am I with if I'm not with him?"

"I haven't written a word yet! You should be shameless to regard yourself as your fiancée. You like to stick to others so much!" Chen Xiaoxiao said impolitely. She just came back from Suyan's hospital. She didn't expect that Suyan's hospital was so big, and it was all controlled by him

Only now did he know what Su Yan meant when he told her about regret. She was so blind that she mistook pearls for dust.

What's the use of regret? If the rabbit doesn't eat grass beside the nest, it's impossible for her and Su Yan Ye.

So she is full of fire now. As it happens, Chen Liangliang wants to show off her things there. She really doesn't want to hear them.

"Xiao Xiao, how can you say that? This matter was agreed by Mr. Mo, but not by me..."

"Put away your disgusting face."

"Xiaoxiao, I don't think I've ever treated you badly when you are in my house. Why do you talk with a gun in your mouth?"

"If I don't give you a slap, I will give you a slap."

"Xiao Xiao, I'm really going to be sad when you say that."

"Ah, Chen Liangliang, you think everyone will eat you. If it wasn't for your crying and gossiping in front of my mother that day, my mother wouldn't beat me. No one knows what you are like better than me. You make me feel sick. When I see you stay away from me in the future, I have a bad temper. Maybe one day I can't help it, so I'll do it directly!"

"... PA!"

Chen Xiaoxiao hasn't finished. Suddenly, a slap just flashed towards her. She was beaten up. Now she looks at Mrs. Chen in front of her.

"Xiaoxiao, you really let me down!"

Chen Liangliang looks at Chen Xiaoxiao. She doesn't like her. It's better to let her mother drive her out, but it's not good to resist her in this way, so

"Ma."

"Don't call me. I'm not as vicious as your daughter. I've raised you for so many years. I don't want you to do anything to me in the future. I just hope you can be a little kind, but what about you? Sure enough, the dog can't change eating excrement. It's a cheap bone in the bone. It's useless how to cultivate it the day after tomorrow! "

"... mom, don't say that about Xiaoxiao. Xiaoxiao didn't mean it."

"You still speak for her. What did she do to you just now! My poor daughter must have been bullied less by her since she was a child. I'm so blind that I raised a white eyed wolf. " Mrs. Chen held Chen Liangliang in her arms. "I knew I shouldn't have brought back your murderer's daughter. I thought I was kind to you and you could become a good man in the future. Now I'm wrong!"

## **Chapter 700**

Chen Xiaoxiao has never been here. I don't know that her mother, who is gentle, considerate and polite to others, is talking to herself with such a tone at the moment.

She knew that she had been picked up by them, and she knew very well from childhood to adulthood.

But she didn't know her own parents were so miserable.

Her father was a murderer

"Mom, what are you talking about?" Chen Liang Liang accepted his mother for a while, looking at Chen Xiao, whose face changed greatly at the moment, "Xiao Xiao, don't listen to my mother's nonsense."

"I don't know where you are now if I hadn't brought you out of the orphanage! Chen Xiaoxiao, if you are not grateful, you dare to bully my daughter! "

Mrs. Chen looked at Chen Xiaoxiao, raised her hand impolitely, and slapped her face.

Chen Xiaoxiao listened in a daze until the slap woke her up.

"Mom, what are you doing? Xiaoxiao didn't mean it. What are you doing beating her for?"

Chen Liang Liang did not expect that his mother, who was so kind that she could not bear to trample on an ant, slapped Chen Xiao so much.

"From today on, I don't have your daughter. Clean up and get out!" Mrs. Chen, with a heavy complexion, left this sentence and was ready to pull her daughter away.

"Mom, Xiaoxiao really didn't mean it. You'll drive her out and let her go to a girl's house."

"You don't have to be so kind. You want me to be driven out, and you have to be so pretentious. Aren't you tired?" Chen Xiaoxiao watched the mother and daughter sing and make peace. Although she didn't know what role Mrs. Chen played in this matter, Chen Liang must have done it on purpose.

It's not a day or two for Chen Liangliang to think about driving herself out. She has planned for her many times in her heart, but she is forced to put off again and again.

Now, she has climbed up such a big branch of the Mo family. Naturally, with strong backing, she feels that she is in the way of her eyes, so she has to drive herself out.

"Chen Xiaoxiao, you really don't know what's wrong! Get out of here! Don't get in my way. "

Mrs. Chen took her daughter and left without looking at her.

At the moment, Chen Xiaoxiao looks at the smile on the corner of Chen Liang's mouth, and he forgets her with a proud look in his eyes.

She clenched her fist like a lost dog at the moment.

Chen Xiaoxiao never expected such a day.

Soon, the servant packed up her things and left them in front of him.

Servants naturally know who is the one to listen to in this family. Now they are cold faced, "madam, I want you to go quickly. If you don't go, we will do it!"

"Madam said, let you hand in the key to the car in the yard."

Looking at the maids one by one, Chen Xiaoxiao does not hesitate. She takes out the car key from her pocket. The car is not her own. She is the adopted daughter and does not ask them to buy anything for her.

But Mrs. Chen was afraid that she would disgrace her, so she lent her own car to drive.

The name on the driving license and vehicle registration certificate is Mrs. Chen herself.

"And you have a bank card. Let's take it out with you! This is the money of the Chen family. My wife said that we should forget the previous money and take out the rest. "

Chen Xiaoxiao took out a card from her bag and handed it to the maid without hesitation. Then she left the villa with her box on the ground.

Seeing Chen Xiaoxiao leave, the maid immediately went back to her room and reported the matter to Chen Liangliang.

Chen Liang Liang sat on the bed, his mouth hooked.

"I see. Go down!"

"Yes, miss."

After waiting for the maid to leave, Chen Liangliang leans on the bed. Chen Xiaoxiao's eyesore is finally solved.

Now, it's Mr. Mo who gives her a headache.

Or be known by that person, that Mo Er Ye doesn't like her at all, so she may be an abandoned chess piece.

For her, getting such an opportunity is beyond her imagination.

She never wanted to have such a day. Although she was arrogant, she knew that it was impossible for her family affairs to reach Mo Er Ye.

I didn't expect that person to have such a way.

But that person is not a good person. If she wants to keep her position, she must kick him out immediately after the success, otherwise, all the success will fall short.

Chen Liang Liang leaned over and frowned. She thought of the woman she saw today. If it goes on like this, it won't be long before Mo Erye knows it clearly.

How do you get rid of her? How to get close to Mo Erye?

Chen Liangliang lay there and suddenly fell asleep. Today, such a thing made her exhausted and confused. Chen Liangliang was woken up by a phone call.

She picked up the phone.

It turned out to be Chen Xiaoxiao's good sister.

"Liang Liang, why doesn't your sister answer her phone? Is something wrong? We're going to the bar. "

"My sister, she... Xiaoqi, my sister made my mother angry and was driven out of the house..."

The woman at that end suddenly changed her face.

"Xiao Qi, if my sister comes to you, you will let her stay for one night. She has no relatives. Her biological father is in prison, and her mother runs away with others. It's very pitiful. I'll try to persuade my mother again..."

"I... I know."

Xiao Qi hung up and left his cell phone aside.

Her contact with Chen Xiaoxiao was originally due to the relationship between Chen Liangliang and Chen Xiaoxiao. Otherwise, Chen Xiaoxiao had a lot of bad temper and lived like a rich family, so she would not be willing to serve her.

But she never knew that Chen Xiaoxiao was a fake daughter.

Chen Xiaoxiao dragged his suitcase here. In the middle of the walk, it rained. Chen Xiaoxiao didn't bring an umbrella. He was drenched.

be thrown into a panic.

She didn't have any real estate under her hands. At the beginning, Mrs. Chen didn't regard her as a family at all, because Chen Liangliang had several real estate in his hands, but she didn't have any.

This is discrimination.

Chen Xiaoxiao has known for a long time, but she hasn't said it all the time, and she doesn't care about it. Now it seems that Mrs. Chen didn't want to treat her as a daughter at all from the beginning, just because she didn't give birth to Chen Liangliang at that time, so she adopted her

I heard that at that time, because they had not been pregnant, Chen's parents asked a lot of people. Later, they went to the temple and asked about it. The abbot told them that they had to do more good to get rid of Gifford.

Now, they went to the orphanage.

And then among so many people, she was chosen.

Not long after she came to this house, Mrs. Chen became pregnant

Of course, these words are also heard by her subordinates, and their authenticity needs to be studied.

But now, it seems that she really has no place to go.

The smaller the rain, the bigger it is. It's already very cold in this kind of weather. Now it's raining, and it's even colder.

Over the years, Chen Xiaoxiao has made several friends.

She called her best friend and wanted to stay overnight, but the man at the other end didn't answer the phone

She grew up again, and other people responded the same way.

Chen Xiaoxiao frowned. She had no money in her hand, so she couldn't stay in a hotel.

She didn't know what to do.

It was probably the first time in her life that she was in such a mess

Chen Xiaoxiao found a KFC. She used to dislike this kind of fast food, but now she can only find such a place.

She looked at the end of the tramp, thought, probably soon, he will become like this.

She lay on the table, especially embarrassed, and buried her head under her arms.

It's ridiculous that Chen Xiaoxiao will live like this one day

The mobile phone in the pocket rings, but Chen Xiaoxiao doesn't want to answer it. He wants to be calm, escape from this environment, and just stay on his own for a while.

In a daze, Chen Xiaoxiao fell asleep.

She dreamed that when she was young, Chen Liangliang was still young. At that time, she was a kind and lovely girl.

I don't know when it started to change.

She dreamed that when they were in high school together, Chen Liang Liang played with a social sister. When she was seen by her teacher, she slandered that she was herself. She was only with her sister to help herself out of the misery

Chen Xiaoxiao fell asleep and suddenly cried until she was awakened by a man.

It's the police.

"Show me your ID card!"

The policeman is very business like.

Chen Xiaoxiao sleeps in a tight circle, but she takes out her ID card from her pocket.

The police took a look and looked at her carefully. Then they gave her back her ID card.

"What are you doing here?"

"I... I can't find my way home."

I can't find my way home.

There is probably only one reason why Chen Xiaoxiao can't find his way home at his age.

retarded.

The policeman took a look at his colleagues and made eye contact.

Look at the woman over there again.

"Come on, we'll take you back!" Just now, there was an address on the ID card, and the police can't say that all the people are here, so naturally they have to take them back.

Go back

Can you go back to that place by yourself? It's impossible.

"Police comrades, could you please send me to another place? There is no one in my family. My parents have gone abroad to travel. I just met a robber and robbed my money. I have no phone bill..."

"Address."

"Here it is."

Chen Xiaoxiao showed the address just taken to the police.

Now look at the police.

"Let's go."

Soon, the car arrived at Suyan's hospital.

The policeman put her down. They talked with her just now and found that she was not mentally

retarded.

She has a clear mind.

So they put her down and left.

Chen Xiaoxiao looks at the place, and she doesn't know where to go. In fact, it's not her intention to come here. She's not ready to leave until the police leave. She doesn't want Su Yan to see her in such a mess.

But suddenly a voice came.
