Chapter 701

"What can I do for you?"

The familiar voice, a listen to know who.

Chen Xiaoxiao doesn't want him to see him like this. Maybe she can meet all the people, but only the one in front of her

She said it eight hundred times in her heart, but she didn't want to see him.

But this is the case in the world, many things are so coincidental.

Now, it's unavoidable.

Chen Xiaoxiao looked back and looked at the man in front of him with a smile. He seemed to have just come back. Because of the dew, his clothes were wet.

"Su Yan, what a coincidence!"

What happened?

Wen Yan, the man's face sank, looking at the big bag in Chen Xiaoxiao's hand, "you didn't come here to find me?"

"Of course not." Chen Xiaoxiao's eyes seem to have stars. The stars are shining. She reaches out to lift the hair scattered on her face, hangs it behind her ears, and then carries the box in her hand. "Su Yan, when we broke up, we said that we were separated, and we will never be together again. It's on the road. It's better not to say hello. Do you forget?"

"Then why are you here? Don't tell me, don't you know this hospital is mine? "

"... my mother is in hospital. I'll give her something. Su Yan, this hospital belongs to you. Then you must know how to get to the inpatient department? I've been looking for it, but I haven't found it! "

Chen Xiaoxiao lied and didn't make a draft. When he said it, he didn't feel happy.

Smell speech, just looking at the man's face changed, with him for so long, Chen Xiaoxiao very understand this man.

For her part, he must have believed it.

"I'll let you take you there!"

"... no, I think they are very busy. I'd better go by myself."

If someone takes her, she's running away?

Su Yan takes a look at Chen Xiaoxiao. He knows that recently, Chen Xiaoxiao is pursuing Mo nanjue

I can't tell what I feel about her in my heart. Maybe he doesn't know how to love, and I can't feel it all my life.

Being with Chen Xiaoxiao can be regarded as Yingying yangcuo.

Until the breakup, he felt that it was just her playing a child's temper.

But now looking at her, he seems to know later that there is no future between them

Su Yan points with his fingers, and Chen Xiaoxiao immediately drags his luggage away.

When he can't see, Chen Xiaocai drags his suitcase and goes out towards the place where he used to be.

Just as soon as she went out, she was hit by a car. She didn't expect that the car would suddenly hit her. All of a sudden, she just sat down on the ground. Fortunately, the man braked in time, and Chen Xiaoxiao didn't fly.

Her heart beat as if she could jump out of her mouth.

She was about to yell, but she got off the car alone.

It was mo nanjue.

"Are you all right?"

Mo nanjue came here to take medicine, because he was looking for Su Xiaowan's whereabouts. He had an old disease.

He didn't want to worry, so he drove to the hospital.

But maybe it's because I haven't slept well for a long time, which is just a little bit worse

Chen Xiaoxiao's eyes have been staring at him. He didn't expect to brush so much sense of existence in front of Mo nanjue. Mo nanjue even looked at her with such strange eyes.

She was slightly disappointed, but not much disappointed.

After all, she knew her position from the very beginning. She wanted to be with Mo nanjue. She could rise to the sky by virtue of your status as a teenager of Mo family. Her parents would also be proud of her, so she would not have to be bullied like this.

But now, Chen Liang Liang will marry Mo Er Ye. This Mo family, the person in power, is Mo Er Ye.

Even if she got married, she didn't have any status at all in the end, and she was crushed to death by Chen Liang.

"Do you know me?"

"I don't know." Chen Xiaoxiao got up from the ground, she suddenly thought of something, "Sir, you almost hit me just now, you don't want to leave like this?"

The man took a card out of his pocket and handed it to her.

Chen Xiaoxiao impolitely took the card down, she can finally find a place to live.

"Thank you, sir. Don't worry. I'll keep my mouth shut today." With that, he happily dragged the suitcase away.

Leaving Mo nanjue standing in the same place, he thought that the woman looked very familiar, but he couldn't figure out who it was.

The cell phone rang in my pocket.

"Da Shao, in the list of new servants, I found a man named Yu Yin! I've seen all her grades. It's... Grandmothers and grandmothers. "

Because Yu Yin has never lived in a villa, in addition to a few people around him, there is only the old man.

At the beginning, he and Yu Yin have been living outside, never living in an old house. Yu Yin was not liked by her father, and she didn't want to be wronged, so she bought a house outside.

Until they broke up, Yu Yin did not step into the villa.

How

"Go and bring people to my room. I'll be right back. "

Don't care about his discomfort, now he drove back. On the way back, don't worry about his clothes. He was ready to clean up before going back.

After all, this is their first meeting this year. They used to go to him by themselves, but they didn't expect her to come to them.

.....

Su Xiaowan met the familiar old man in the yard. Today, he was wearing a camel coat, still sitting in a wheelchair, cutting branches.

"When did you go back yesterday?"

The old man gave him a squint and began to cut again.

"Are you angry?"

Su Xiaowan felt that the old man didn't want to talk to him.

She leaned over and said, "I came to see you yesterday."

"I'm afraid you can't wait to stick to him and think about me."

"... are you really angry?"

This temper is really like someone.

Su Xiaowan murmured in her heart that if she knew a little about this place, she would soon be able to confirm his identity, but now she didn't think about it at all.

Seeing that he ignored her, Su Xiaowan snatched the scissors from her hand. "These jobs are all done by maids. What do you do? Isn't it cold?"

"....."

Mo Liting watched Su Xiaowan trim the branches with scissors, because yesterday, she gave him her gloves, so now, she doesn't wear gloves at all, and her fingers are red with cold.

But she did not stop a little, but has been pruning, her action is not very skilled, cut several times to cut off a thick branch of the trunk.

"Clumsy."

"... I'm not proficient at that. When I'm proficient, I'm sure I'll cut better than you!"

Chapter 702

"You little girl, the cowhide is very big. How much strength can you have with your thin little figure?"

"... you are not right. Since ancient times, women have been able to withstand half of the sky, and you may not be better than me in the beginning. I just learned this. When I learn the trick, you will praise me next time you see me! "

"You little girl, you have such a thick skin. You are not ashamed to say such a thing!"

"If I want to be shy, you really don't have a speaker." Su Xiaowan cut the branch. "If you meet someone like you again, you will be angry with each other!"

Su Xiaowan make complaints about Moore Ting tun.

Moliting, "..."

"You really don't believe it. If you meet such a person when you go out, you will know that there are few lovely little girls like me

"....."

Moliting looked at the girl's blushed face. In the sunlight, he seemed to see the person of that year.

Is it fate?

He Mo family's person, all cannot escape such disposition wench?

He thought of the time when she ran into his arms on the first day. At that time, she was almost as old as her, and seemed to be much smaller than her.

Where she stood, her face was also crimson to denounce him.

"I don't care who you are. Anyway, you bumped into me. You have to apologize to me."

.....

"Why are you looking at me like this?"

"Did you wash your face today?"

"... washed!"

"How come there's eye droppings in your eyes?"

"... what?" Su Xiaowan's hands occupied some of the soil because of pruning branches. Now she can't

wipe her eyes with her hands. She can only speak to Mo Liting, "it's too cold. If you don't have anything to do, go inside. I'll certainly help you to cut these branches."

With that, he covered his face and ran away.

Moliting looked at the little girl, the corner of his mouth hooked, he didn't know why he was sitting here, he had been sitting since the morning.

Soon, the housekeeper came. Outsiders were not allowed to enter the place. Yesterday, the little eyed maid was driven out because she broke in and disturbed her husband.

But it was only one night later that the maid died.

Of course, such a thing, there is no need to alarm Mr.

"It's time for breakfast, sir."

"Push me in."

The housekeeper pushed moliting's wheelchair and looked at the scissors in his hand. "You can't stand these things because it's so cold and you get up so early."

"Do you think I should sit at home and die?"

"That's not what I mean, sir. I just..."

"The little girl took care of LAN Yi and took good care of her. She came here for a Yan, so she would not leave so easily..."

Care?

The housekeeper thought that he had heard wrong. Is this still the bloodthirsty and cold gentleman he knew? Why do you feel more and more different.

It's like there's a little more smoke on my body.

It's not so cold.

He didn't know that little girl had such magic power.

Su Xiaowan ran to the bathroom and looked in the mirror, but she didn't see anything on her face, let alone any eye excrement.

Only then did she know that she had been cheated.

When I came out, I saw a police car at the door. Now a maid pointed at her.

"She was with her that night, and she knew better than we do."

Chapter 703

Seeing Su Xiaowan coming out, the maid immediately opened her mouth to the policeman at the other end and said, "angel is a new maid. She has just come one day. I don't know much about this person. Comrade police, why don't you ask her! Angel lived with her that night, and she should be the person we know the most

With that, the maid ran away.

This Mo family, most taboo secretly gossiping.

She is not familiar with iquier, but the police stop her asking questions.

She had never seen such a big battle.

Just a person here was stopped by the police, she was afraid that she would say the wrong thing and provoke right and wrong, so she just wanted to push it to others.

The police watched the women around them run away, but it was not easy for them to meet such a woman. They came here today to check things, so they couldn't leave empty handed.

Seeing Su Xiaowan coming out, he went straight to her.

"Do you know angel?"

Angel?

Su Xiaowan nodded.

"Did you see her last night?"

"Yes, I have."

"When?"

"She lived with me last night."

Su Xiaowan didn't know how the police came to the door suddenly. She looked at the policewoman anxiously, "what's wrong with her?"

"She's dead."

"Dead? How come? She was fine last night? "

"This morning, we received a report that her body collided with a fishing boat and was picked up near the lake. According to eyewitnesses, she threw herself into the lake."

"Commit suicide in the lake?" When Su Xiaowan listened to this, she was inevitably surprised.

Although she didn't like her very much, she just threw herself into the lake one night?

"The autopsy results will come out in the next few days. We temporarily judge that the time of death is about 12 o'clock last night."

12 o'clock?

The policeman took out a notebook and a pen from his bag. "Do you know what happened to her recently?"

"I'm not sure. I just met her yesterday. I don't know much about her other situations."

"And who did she clash with last night?"

At this time, Butler LAN suddenly appeared.

"You go ahead and I'll take care of the rest."

"Oh."

Su Xiaowan looks at housekeeper LAN. Although she thinks that the Mo family is inhumane and drove her out like this last night, maybe her suicide in the lake has something to do with them.

But looking at housekeeper Lan's appearance, she didn't think it had something to do with them.

Did iquier commit suicide in the lake?

She's not a vulnerable person in any way.

"Comrade police, this way, please."

Steward LAN just found out that Akil was dead.

I was shocked when I learned the news.

Yesterday, she let people drive her out of the door, but today, she came across something like this. It's not hard to imagine that she wanted to start against the Mo family.

"Who are you?"

"I'm the housekeeper who controls the maids here. I know something about iqil."

Housekeeper LAN didn't hide it, and told the police all about it.

Police heard, closed the notebook, "you said I understand, follow-up further investigation, I will always inform you here."

"Thank you, comrades of the police. We are also very shocked by this incident. However, it is our Mo family who went out, hoping to get a fair result."

"It's natural."

Chapter 704

When Chen Liang Liang saw the news, it was already in the afternoon.

She looked at the news with her mobile phone, and immediately recognized the one with mosaic, but there was still a clear corner of the dress.

It turned out to be Mo's maid.

Also, in the middle of the night, so close to Mo's home, how could it have nothing to do with Mo's home.

But because she is the maid of the Mo family, the response is a little big.

Once released, it is now fully in the headlines.

Those hot search content, are, pressure, depression and so on.

After all, the police are offering suicide.

But only Chen Liang knew that she had killed him.

Although she didn't really want to kill people, she did kill them.

But I didn't expect that the man handled the matter so well that even the police couldn't find a trace

She was a little more timid to the man hiding behind.

Such a person, she really can pull him off in the end?

Chen Liangliang sat there with her pillow in her arms. From childhood to adulthood, she had never been unable to get what she wanted.

It was this feeling that made her conceited.

Knock, knock.

Chen Liang Liang raised his eyes and watched the door open. Her mother came to her with a bird's nest soup. "What are you thinking? So obsessed? "

"I'm going to the hospital soon? I'm a little afraid that I can't get along with my new colleagues. "

Chen Liangliang resigned when he came back from abroad. Originally, he wanted to devote himself to Mo Erye. But now, Mo Erye seems to have no preference for him. It's a long way, and she can't spend everything on it.

I heard that Mr. Mo likes women with successful careers.

Her family affairs can't compare with others, so she can only be a successful one.

So, she dragged her father to help her find a hospital.

Fortunately, she came back from studying abroad, and had many successful cases under her hand. Her resume was very beautiful, and the hospital recruited her out of the ordinary.

Just wait until the doctor's license comes down next year, so she can take the position of director.

Mrs. Chen put the bird's nest soup in her hand. "Liang Liang, since childhood, has been a favorite child. I'm sure I can get along well with them."

Chen Liang Liang liked to listen to her mother's praise. She took a sip of bird's nest and said, "Mom, my sister has been away from home for a day. She hasn't before..."

"She has done this to you, and you still think about her. I didn't know that she bullied you like this before, but now I know that I can't watch her bully you like this any more. Don't worry. If mom is alive, he won't bully you."

"Mom, my sister didn't bully me."

"Even if you are so kind, you blame me for bringing this murderer's daughter home." Mrs. Chen's words were full of apologies. At this time, she didn't think so much.

At the beginning, he had no children and was very anxious. Although her husband does not say it on the surface all the time, people of their age all have children. It's a lie to say they don't envy them.

She has known her husband for seven years. In the past seven years, her husband has always been good to her, but gradually she finds that her husband is good to her, and it seems to be disappearing. And the success of men in their career, outside do not know how many women miss.

She caught it several times.

She's had dozens of fights with her husband.

But his husband had to.

Because the elder of the family has been urging the children, he wants to have a child with others, so that he can give an account to the elder.

How can she tolerate raising children for others.

Seeing the marriage break up, it's coming to an end.

But she calmed down and didn't want to give up the marriage.

Over the years, her husband has been very kind to her.

It can be said to be meticulous.

If you change another one, it's impossible for such a man to obey himself.

She heard that it is more effective to ask for children in the temple.

So I went there specially and sincerely asked for my son.

At that time, a master host saw her and said a word to her.

Do more good, good and evil will be rewarded.

On her way home, she saw an orphanage where a child was taken apart to pick up a ball.

She is very beautiful, is that kind of looks like a princess, but now because of the dust, so her face is covered with mud.

The little boys stood in front of her as if they were bullying her.

The girl's eyes were red when she cried. When she went by, she was arguing with them, and her face

was red. "You're talking nonsense, my father is the best person."

"The dean said, your father is a murderer, your mother ran with the rich, you are the murderer's daughter!"

"I'm not. My father is a good man. My mother just went out to work."

"Then why are you with us homeless children?"

"I..."

The girl wanted to cry because she couldn't speak.

Now she's holding the ball. "You can't talk about my dad."

"Murderer's daughter, we don't want to play with you!"

"....."

Chen Liangliang saw her mother's absent-minded appearance, and she frowned.

In fact, she knew in her heart that her mother had a love for Chen Xiaoxiao.

That kind of love is not family affection, but it can be regarded as miss.

After all, it's impossible to live together for so long without any emotion.

But as a daughter, Chen Liang Liang only hopes that his parents will put all their thoughts on her.

"Mom, is my sister's dad really a murderer?"

"Why do you ask all of a sudden?"

Chen Liang frowned and said, "you have never said anything about your sister's father. My sister should miss her father very much. After all, it's her own father with his blood flowing on her body."

Mrs. Chen obviously didn't want to talk about it any more. "You drink the bird's nest quickly. It's going to be cold."

"Yes."

Seeing that his mother didn't want to say it, Chen Liang Liang didn't ask for it.

Anyway, Chen Xiaoxiao's fatal weakness, she already knew.

Now that she can't see her at home, she already feels very satisfied.

.....

When Su Xiaowan saw housekeeper LAN, it was three o'clock in the afternoon.

"Steward LAN."

She stood there and stopped the busy woman.

Housekeeper LAN looked at Su Xiaowan at the other end, "what's the matter? What can I do for you

"About angel..."

"The Mo family doesn't care about a humble maid."

The implication is that they have nothing to do with angel's death.

"What else do you want to ask?"

"No more."

"Mo's family has a great career, but it's not a place where right and wrong are not separated. We're not cruel hands. The police will give her justice when it comes to aqi'er."

Chapter 705

Housekeeper LAN looked at Su Xiaowan and thought about the care of the old man. He coughed and said, "the second master needs someone to serve him. You can go there later."

Su Xiaowan is still thinking about aqi'er and hasn't listened carefully to housekeeper Lan's words.

After housekeeper LAN left, Su Xiaowan was stopped by a man.

"Is this your file?"

Su Xiaowan looks at the man at that end holding a resume, which is the application form filled in by his own name.

Although when she came in, she said that in order to change her current state and prevent her "husband" from finding herself, she changed her current name Su Xiaowan

"It's mine."

"Come with me, then." The man also promised for a long time to inquire about this person, although the information is so written, but the woman came in and changed her name.

He is easy to find

"Where to?"

Su Xiaowan has some conflicts. The Mo family in Nuo is full of crisis. What she can't see is even more terrible. Although angel's affairs have nothing to do with Mo's family, many opaque affairs are pressed to death by Mo's family.

This is a man eating place

"You'll know when you go."

"Wait a minute." Su Xiaowan looked at the man. Although there were a lot of Mo family members, it was hard to see several men in such an inner courtyard. She had never seen this man, so she could not help resisting the man's leaning in. There was no one else in this place. If anything happened, it would be useless for her to shout, "you and I have never known each other. I walked with you so easily. If anything happened, Who is responsible? "

"What can happen? Do you have delusion of victimization? "

"At least I have to talk to housekeeper LAN." Although the place is big and people are worried, she feels that housekeeper LAN is a good person when she comes into contact with housekeeper LAN.

"Don't tell housekeeper LAN. It's the young master who wants to see you."

"Little or big?"

What does Mo nanjue want from her? Moreover, he certainly did not know that she was su Xiaowan, otherwise the man would not ask her these things with Yu Yin's qualifications.

"Just follow me. I'm a young man. I can't stay here much longer."

It's probably what he said... So Su Xiaowan's vigilance is much less.

"Let's go!"

"This way, then."

"Where are you taking me, so mysterious?" Su Xiaowan looks at the path at one end.

She felt as if the man was afraid of dying of light.

"I know you also want to see the young man, but the anger in the old man's heart has not dissipated. The young man is worried that the old man will be angry with you when he knows about your existence. Now the young man's wings are not yet full. He is afraid that you are in danger and he can't save you."

"....."

What a mess.

His subordinates know Yu Yin, but he has never seen Yu Yin.

So I don't know what it looks like.

Su Xiaowan listens to the words of his subordinates, and Yu Yin's face appears in her mind. She thinks about Yu Yin's words at that time.

She was married and divorced, and the marriage was not long.

I was kicked by the scum man.

Now listen to this man say so, is it difficult to

Is that scum Man Mo nanjue?

If so, the world is too small. She thought about the words of Monan Jue again. Monan Jue should like her, but how... Is it the old man who obstructed them and let them separate?

If so, it makes sense.

Su Xiaowan followed his men across a bridge and came to Mo nanjue's villa.

"Go in, young master. He thinks about you every day."

Every day.

Mo Nan Jue is not a spoony.

Su Xiaowan stepped in. She had been here before, so she was no stranger. She quickly found Mo nanjue's study.

There was a knock on the door.

Listen to the low voice from that end.

"Come in."

She reached for the door.

The room was dark, but the light was enough to see the man at the end.

The man is very formal, a black suit, standing there straight, careful appearance, as if rarely watching him wear so formal.

Monan Jue in memory is not a person to be entrusted.

Not as good as Feng Yan.

"Are you still alive?"

Mo Nan Jue saw the people clearly. He had created a good atmosphere, because Su Xiaowan came in and all disappeared.

"Thanks to you, I'm still alive!" If it wasn't for that day, would she come in so painstakingly?

Although Mo nanjue was surprised that Su Xiaowan was still alive, she was still relieved.

He didn't want Su Xiaowan to die.

"Where did you go that day?" That day, he almost turned the place around. He thought Su Xiaowan was more or less unlucky, but he didn't expect

"Young master, now you should ask, why am I here?"

Pop.

The light came on all of a sudden. Su Xiaowan's eyes were stimulated by the glare of the light. She was blind for a moment, but soon recovered. Her eyes were fixed on the flowers carefully arranged behind Mo nanjue.

The big and small flowers in the back are neatly arranged.

She didn't know how many.

No wonder when she came in, there was a pungent smell, which almost devoured her

It has to be said that she finally knows why Mo nanjue can't catch up with Yu Yin.

Su Xiaowan really admired Mo nanjue for staying here.

"Where is Yu yin?"

Monan is a smart man. He guessed it all at once.

"So, are you really sister Yu's ex husband?" Su Xiaowan thought that she had guessed correctly.

Are they really... Zeng's husband and wife with divorce certificate?

"She told you that?" Compared with her shocked mood, Monan Jue was obviously more calm.

"Sister Yu didn't say anything. I guessed it." Su Xiaowan saw him and sighed, "elder sister Yu deserves you. It's so extravagant. Fortunately, you're divorced."

Yu yinzhang's small jasper is a little fresh appearance, with a kind of gentle and independent temperament.

But Mo Nan Jue's words are more impetuous. He doesn't know what to love or not. In her opinion, Mo Nan Jue is not worthy of Yu Jie.

Thinking of Yu Jie's sad appearance every time she mentioned it, Mo Nan Jue certainly hurt people.

"Su Xiaowan! Believe it or not, I'll make you never see him again

"I know you have this ability, but you can't even bear what I've said. Have you ever thought about sister Yu's mood in recent years? As a divorced woman, her life should be more difficult than that of a divorced man, right? Especially your father has to give her a warning from time to time! "

"You say my father went to her again?"

"I don't know if I've found it or not, but judging from me, I must have found it." Su Xiaowan said faintly, "who is your father? You should know better than me. Sister Yu can't meet the standard of his daughter-in-law. I don't think he will see you and her still connected."

"... you know father better than I do."

"That old man... I don't like your father very much."

Mo Nan Jue looked at her. He had never said these things to a woman, even in the face of Yu Yin.

She always thought that she would solve the problem, so he could take Yu Yin home. When the time is right, everything will be a foregone conclusion.

But carefully speaking from Su Xiaowan's words, he has always been self-determined and ignored the

life of Yu Yin in recent years.

It is impossible for a divorced woman to marry well.

And a divorced rich and powerful man is not the same, more women will choose her.

"I used to look down on you."

"Emotion is always a fan of the game. Just as you look at me and Feng Yan, you think it's very simple, but I don't think so." Su Xiaowan sighed, "there is no real empathy in this world. If you don't know me, I don't know you. Even the closest lover, I'm afraid, won't understand what you've done. So, if you want her to understand you, stand beside you and fight against the difficulties between you and him, you can't hide something from her, and, It's no use thinking about it every minute in your heart. You have to take action to let her know that you haven't given up on her and you haven't given up on each other. "

Mo Nan Jue stood there, for feelings, he touched for the first time.

I don't know what I will do, and I dare not act rashly.

But today she said that, maybe all this

"All right, I'm going."

"Where is she?"

"If you really want to find him, you can't miss him."

Su Xiaowan's voice disappeared in the air.

Then the figure gradually disappeared.

She walked towards the house. She didn't know why. After learning about Mo nanjue and Yu Yin, she was always worried.

I don't know why there are such worries.

But she knew that the two of them still had hope for each other.

She went back to the kitchen, but couldn't find anything to help.

In the end, I could only stand by and watch them cook.

Three meals a day, she just stood there watching and learned a lot.

Until the afternoon, Su Xiaowan was suddenly taken to Fengyan's villa by a maid.

"... this is..." of course, Su Xiaowan knows that this is Feng Yan's villa, but he always feels strange when he is brought here all of a sudden.

"Housekeeper Lan said that there is no work you can do in the kitchen. In the future, you will be responsible for the food and living of the second master."

"I'm in charge of the living of... Second master? Really? "

"That's what housekeeper LAN means. Housekeeper LAN should have told you so long ago, don't you know?"

"I..." seems to have such a thing, "I know, I almost forgot, thought housekeeper Lan was joking!"

The maid looked at Su Xiaowan and sympathized with him. You know, the second master is the most picky. I don't know how many maids have been driven out.

"The second master has a bad temper. This is the note written by his assistant. You must memorize it. The next thing is your nature."

Chapter 706

Su Xiaowan has a feeling of being hit by the lottery.

Not really.

It's like... A dream.

Once you open your eyes, you will find that the dream is false

"Hey, what are you doing here?"

"No, I know..." just happy.

The maid thought she was timid. After all, although the second master didn't often appear here, he was the most difficult person to deal with in the Mo family. They didn't see the old man on weekdays, but they met a lot with the eldest young master and the second young master.

Compared with the second master, in fact, they prefer the young master.

After all, the young master is not so serious, and he is not so difficult to serve.

"Don't worry. If you do well, the second master won't target you. Just pay attention. I'll go first. Remember to recite this information well."

"Well."

Su Xiaowan took the thick book, which was his latest favorite.

Just like before, I don't like junk food, love spicy food, love perfume, and love spicy food.

Many, many, if you don't know him, maybe it will really make her angry.

It's no wonder that when the maid left just now, she tried to enlighten him.

After closing the book, Su Xiaowan realized that even though she hadn't seen each other for such a long time, in her heart, all the things she didn't like were engraved on her heart.

I can't put it down.

She was really fooled by him.

I can't forget him.

"What are you still doing? Clean up the second master's bedroom!"

Su Xiaowan was stunned and looked at the person in front of him.

The man looks a little fierce, staring at her, is also expressionless.

From the door to now, Su Xiaowan found that Feng Yan was a man of the same color, and she, among so many men, seemed out of place.

Su Xiaowan was taken directly to the second floor and bedroom by the man beside her.

It's her first time here, and she's a stranger to everything.

But his breath, he will not forget.

"What are you doing? Hurry to clean up, especially the bathtub inside. Don't have any dirty things... And under the sofa here, you have to clean up well."

Originally, he did all the work, but today the young master left a little late, so he didn't have time to clean up. Just now wentezhu told him that the second master would come back later, where did he come from and clean up.

As it happens, housekeeper LAN arranged for someone to come in.

All of a sudden, he solved his urgent need. This kind of work should be done by a new comer.

Su Xiaowan was stuffed with a rag in her hand, and now she was pushed into the bedroom by the man with her eyebrows fixed. "You don't want to be lazy, I'll check later."

"....."

Su Xiaowan knows that no one can offend her now. She still thinks it's not true. After all, it's Feng Yan.

Fortunately, the old man didn't know who he was, otherwise, how could he allow housekeeper LAN to arrange himself beside Feng Yan.

But in order not to be driven out, Su Xiaowan began to wipe the bathtub in front of him.

The bathtub is clean and it's easy to handle.

Next, is to deal with the bedroom hygiene.

Feng Yan's life has always been very particular about everything. When he lives with him, he is actually taking care of himself.

She likes to be messy because she has a sense of security.

But Fengyan has a high demand for life, so he basically helps to clean up every time.

The bedroom is not dirty either. Su Xiaowan changes the sheets and covers, and the man at that end comes in.

Take hands, wipe the dust on the table, but different from what he thought, although the time was shorter, Su Xiaowan really wiped it all over.

The man didn't seem to find her mistake. He looked at him with a swagger.

"It's clean. Come on, go out quickly. These two masters don't like women staying in his room."

In the middle of her walk, Su Xiaowan suddenly heard this sentence and looked back, "you... According to your words, I'm the first woman to enter the second master's bedroom?"

The man looked at her and thought, "... So to speak."

After hearing this, Su Xiaowan was elated.

Did not expect, so long, he is still the same as before, not close to women.

But it seems that this man seems to know a lot.

Su Xiaowan took the quilt cover and said, "have you been with the second master for a long time?"

"What do you want to do with this?"

The man looked at her with a feeling of resistance, as if he wanted to see something else from her face.

But Su Xiaowan is an actor in the end. She can put it in and out freely. Now she pouts, "according to what you just said, I'm new here, and I don't know much about the track. I'm afraid... I'm afraid I can't do it well."

"The second master is not a cannibal. Why do you think he is so bad? Just memorize the notes Xiao Yu gave you just now. "

"But I'm so stupid that I can't write down a lot of things. You've been following the second master for so long. You must know a lot about him. Would you like to reveal something to me? So that I can be on guard? " Su Xiaowan saw the man at that end, not moving dark, unable to understand his mind, "if I offend the second master, I think you will be very difficult to do it!"

It's true that one more person, for him, is just to help him share some of the work in hand.

That's different.

If she makes the second master angry, she will be driven out. In the end, it will be him.

This man is a man of understanding.

Su Xiaowan explained some matters needing attention one by one.

"And food and so on, the second master was seriously injured a while ago, so... Some..." the words were not finished.

"He's badly hurt?"

The man looked at her, "you seem to care about the second master."

"Of course, the second master is my reborn parent. He gives me all my wages. Of course I care about him. Is it hard to do that? Don't you care about him?" Su Xiaowan was so absorbed that she felt that the people of the Mo family were really hard to deal with.

When a man hears it, it seems to be so.

"The young master's injuries are mainly the sequelae of the traffic accident, and some brain problems. I

don't know exactly what they are, but these things can't be eaten by the second master. He has a slight headache, which will attack every night. In addition, he will go to his bedroom in the evening, and don't hang out casually."

"... why?"

"Why do you say so much? I want you to do it for your own good. Don't get fired at that time, then you will cry!"

"Oh, I see. Thanks for brother Li's reminding."

"You give me smart, don't trouble me in time."

"Brother Li, don't worry. I've been smart since I was a child. I've been a maid since I was 16 years old. I promise I won't let my second master lose his temper."

"Just make sure you don't make a fool of yourself."

"Yes."

"Hurry down to prepare the meal. The second master will come back to eat later."

"The second master's food... Isn't it prepared in the kitchen?"

"The second master can't get used to those dishes. He's allergic to them every time he eats them."

"... allergy?"

"It's not acclimatized."

"Acclimatized?"

"Do you know how to cook in Youcheng?"

"... yes."

"The second master only likes to eat the food of Youcheng, so you will be responsible for the food of the second master in the future."

"But... This is not... Did your second master live in the secluded city before..."

Brother Li got close to him. Su Xiaowan thought he could hear some secrets. But the next second, he was knocked on his head. "You dare to talk about the master's gossip behind your back. Do you think your life is too long?"

"... don't worry, I'll keep my mouth shut."

It seems that Feng Yan's taste has not changed, but... Why are good people hypnotized?

"OK, go to the kitchen quickly. Do you want to wait for the second master to be hungry?"

"I'm going."

Su Xiaowan has been busy in the kitchen. She doesn't know what to prepare for Feng Yan. In fact, she wants to give him everything, but now that she has such an opportunity, she can't do it.

She remembered the first time she made porridge for Feng Yan

Yes, porridge.

Still, the kitchen has everything.

That brother Li is still there monitoring her, as if she would steal.

.....

"Xiaolan has arranged for the people." Mo Heng stood aside and said.

These days, it's getting colder and colder. The climate outside is not suitable for Mo Li Ting to go out. So today, Mo Heng didn't let him go out again.

On weekdays, he takes care of all the flowers and plants in the yard.

In fact, he is so precious that the flowers and plants, the land, as the people around him, all know clearly that it was carefully cultivated by her, just like those flowers and plants that she planted.

Now, as like as two peas, the more than 20 years, the courtyard is still the same as before.

But just yesterday, Mo Heng saw that the little girl was cutting those flowers with scissors, and Mo Liting didn't stop her. On the contrary, it seemed that she had some temperament.

In all these years, he has never heard of or seen anything.

"Sir, I don't understand... Why should she appear beside the second master? If the second master remembers something, then all our previous efforts are in vain? "

"Mo Heng, I think in this world, besides him, you should know me best, but now it seems that you can't even compare with a little girl."

Mo Heng stands there, he naturally knows who he is in Mo Li Ting's mouth. For 20 or 30 years, some things have been covered by the dust, but sometimes, a word can still bring people forward. Just, this old man, is praising that little girl?

Over the years, even my son has not been praised.

"Ah Yan found the murderer?"

"The second master doesn't seem to have any eyes yet."

"... then help him."

"But... Sir, he... Do you really want to let the second master know who moved the hand?"

In fact, that day, Mo Liting asked him to check people.

As a result, it's easy to find out.

Chapter 707

"What should come will come."

Moreover, even if he does not want him to come, will he be willing to let go of this breath?

Mo Liting knew decades ago that he would not get the benefits of being kind to others.

On the contrary, it will only make people feel that he is afraid and afraid.

Mo Heng stood there, "Sir, we let him go at the beginning. I didn't expect that he had the ability to make a comeback in just a few years."

"Don't forget, his last name is mo."

Mo Heng looked at Mo Liting and thought that the man and Mo Liting grew up together, and they were brothers of the same father and mother.

But these years, it is clear that they are brothers, and Mo Liting is willing to let him go, but this man

This person, forgiveness and tolerance, is really no way to let people directly go back.

There's no turning back.

Hopefully, this time

forget it.

Anyway, everything is life.

When Mo Heng goes out, he looks at Mo Liting sitting at the window, thinking about something.

This has been the case for many years since my husband was disabled and unable to walk.

People outside all say that Mo Liting is a bloodthirsty and cold-blooded man with no feelings, but they know that Mr. Mo's feelings are heavier than anyone else.

Otherwise, how can you tolerate constantly hurting your brother.

Otherwise, how can a woman who doesn't love herself so much.

It's a robbery.

There's no escape.

He closed the door quietly, and now the housekeeper came with his things.

"Things will come in later."

"Sir, he..."

"Think of something old, let him alone!"

"Is it..."

The housekeeper wanted to say those three words, but at last he just sighed.

"But Mo Heng, I heard that you let Xiao Lan arrange that girl beside the second master?"

"Well, sir's idea."

"What my husband has done recently... Is really hard to guess." The housekeeper shook his head. "If my husband had made it clear, maybe today would not be like this."

"Don't mention the past. It's all over. By the way, go to see the girl and take care of her. Don't let others bully her."

"What are you doing to that little girl?"

"Mr. rare is kind-hearted. Today, I watched her smile. He always said that only a woman with the right

family can be worthy of the second master. But you don't know that he hates the right family."

a marriage between families of equal social rank.

These four words are chains.

Once upon a time, my husband suffered such hardships. Up to now, in fact, other people don't know. Don't they know?

a marriage between families of equal social rank.

Never in your dictionary.

Love has no borders, no age difference, no other... If two people fall in love, then everything is not a problem.

It's just that they don't understand what Mr. right now is thinking.

"... that's true. I'll see her."

Then the housekeeper took the food in his hand and walked to one side.

Here, Su Xiaowan is cooking porridge.

The man saw that she was about to finish, and now he came to see what she was doing, and he saw a pot of porridge.

"Don't tell me, you are preparing for the second master?"

"Yes."

"Su Xiaowan, are you trying to kill me? You don't know, the second master hates porridge the most

Brother Li is not nearly angry. At the moment, he hates not to give this pot of porridge to one pot. What's wrong with it? Why should he make porridge?

Blame him too. I should have found out just now.

"Here comes the second master, ready for dinner --!"

Brother Li listened to the voice of the door, and now he was staring at the pot of porridge. Now it's too late to prepare new porridge. If the second master hasn't come yet, it's OK to redo it, but now, absolutely not. But if he carries that pot of porridge, then he's... Finished.

He's finished.

He thought that housekeeper LAN really found a helper to help him, and he could make Jiangcheng dishes. He was just a servant of conscience.

But now he looked at the pot of porridge, only felt that it was a basin of cold water, directly poured her heart cold.

"Now what? You are really going to kill me -- "

"You say that the second master doesn't like porridge?"

Su Xiaowan frowned and looked at brother Li as if he were an ant on a hot pot, circling around him, stamping his feet there from time to time.

I don't know what to do.

"Nonsense. Last time, a maid cooked a bowl of porridge for the second master in order to save trouble. The second master didn't drink a mouthful of porridge. That day, wentezhu said that the second master didn't eat anything all day. After that, we won't even prepare porridge for the second master for breakfast. Don't you mean to kill me when the second master cooks this thing this evening?"

"..." after hearing this, Su Xiaowan frowned. Would he be so resistant?

But in the past, he said that it was delicious.

Is it hard to say that at that time, because he liked her, he loved her?

Do you have a filter?

Now

She didn't think so much at first, but now that brother Li said so, she has learned from the past. Now Feng Yan's attitude towards her is too cold, and her fate will be the same as other maids.

In that case

With the help of Yu Jie's information, he managed to come here, but failed?

Su Xiaowan wanted to hit herself on the head, and she did the same.

"It's no use killing yourself now. We're both finished."

Brother Li said in disgust.

"... brother Li, there may be a remedy."

"What else can you do? What else can you make of this porridge?"

"I can make some desserts, and this porridge can be made into seafood porridge. I remember that the second master likes seafood very much. Maybe, with his favorite seafood, he won't hate this porridge!"

"How do you know that the second master likes to eat seafood? I remember I didn't tell you that!" A lot of things, in fact, people outside are not clear.

Second master has many taboos. If others want to know, they can only know about it.

"I... did you forget what you just told me?"

Actually, it was discovered at the dinner party a while ago.

That night, although he finally broke up because of his appearance.

But she knew that Mr. Mo didn't like seafood. She heard that Mr. Mo was allergic to seafood, but she saw seafood at the dinner that night.

Therefore, one of the three people must love to eat.

And she also knew that Feng Yan liked to eat before.

"Well, you dare to make up for it. Anyway, if anything really happens today, we'll pack up and leave together."

"You don't want to be so pessimistic. Maybe there will always be room for things. These two masters haven't eaten yet! I can't say I like it very much after eating it! "

"Oh, you are a fool."

"Brother Li, I call it pleasure in pain."

Chapter 708

That Li elder brother looked at her one eye, she still painstakingly makes fun of, he almost worried to die good.

He looked at the pot of porridge and showed his sleeve, ready to help her. After all, they are grasshoppers on a boat now. Anyway, when Su Xiaowan is driven out, he will never get any benefit.

He's old and young, but he's counting on his salary. Although his wife has a job, no matter where she

goes to work, it's not as good as the one in Mo's family.

Even if I am a little maid here, it can be said that I can catch up with the salary of white-collar workers outside.

Moreover, the Mo family is well paid. If they are really dismissed, where can they find such a good job.

Su Xiaowan looks at Li Ge cleanly washing the dishes. After washing, she cuts all the dishes neatly. The skill of cutting the dishes is very good.

A piece of shredded potato is cut to the standard of a chef.

"Unexpectedly, you still have two brushes, brother Li."

"I often work for my daughter-in-law at home. These things are small cases." In terms of the strict screening system of working as a maid here, brother Li must be able to come here after thousands of choices. For many people, this is an opportunity that can not be met.

"There are not many good men like you now."

Brother Li took a look at Su Xiaowan. Su Xiaowan was beautiful, but she saw everything on her resume. She was divorced.

I'm a poor woman after all.

Originally, he wanted to say something else, but now he restrained himself and reminded him, "it's late. The second master has a bad temper. You move quickly."

Su Xiaowan didn't know why brother Li's face suddenly changed. Anyway, in her eyes, she seemed to see a trace of pity in his eyes.

Of course, she didn't want so much at this time.

I just thought that maybe brother Li felt that she was going to be swept out of the house soon, so I felt extremely sympathetic.

Su Xiaowan didn't delay any longer because there were several voices urging her at the door. She made a quick dessert and then processed the seafood.

But after it's done, it's an hour later.

When she came out with something, she was shaken.

"What's the matter with you? The new comer doesn't know anything. Li Cheng, how dare you put her in

the kitchen? Besides, what kind of food do you think the second master can deal with casually, just one dish? "

Brother Li dares to be angry.

Su Xiaowan looks at the man at that end and preaches that she doesn't know this person, so she doesn't know who this person is, but she should be more powerful than brother Li.

Otherwise, brother Li would not dare to say.

Su Xiaowan looked at him, "anyway, I'm a new comer. If I really delay the second master's meal, I'll be expelled. However, if I delay my business because of your preaching, you can explain it to the second master yourself?"

"You... You little girl, who do you think you are. Will the second master listen to you? "

"Although I don't have any status, I think the second master is also a person who can distinguish right from wrong. If he doesn't know right from wrong, then I really don't want to work here!"

When Feng Yan came over, she saw Su Xiaowan's back. She stood there, upright.

He looked at that end of the man because of her words, and was angry red.

"You dead girl, you don't shed tears when you don't see the coffin."

Chapter 709

The hard back, as if through the tunnel of time and space, was rigidly engraved in his heart.

It's like this figure is very familiar. He knew it a long time ago. He wanted to go over and see who the man was, but suddenly Wen Sheng came over and stood respectfully in front of him, blocking his sight, "second master, we have found the murderer!"

The man's deep eyes gradually withdraw and fall on Wen Sheng.

The two men looked at each other and left directly.

Su Xiaowan didn't know that Feng Yan was standing behind her just now. She was kind, but it didn't mean that she was bullied by others.

She won't offend others if they don't.

"It seems that there are quite a few people who bully others on the second master's side!"

Li Ge stood there, pulled her clothes, "OK, you fight with him for a life and death, the last one is you,

don't say it."

"But it's not that I'm aggressive. I want to calm down." She didn't want to say anything to him, but she just wanted to send it to Feng Yan as soon as possible.

It's hot, after all.

But who knows, this man has to find fault.

What can he do.

"After all, this seafood porridge should be drunk while it's hot, but he won't let me leave. Anyway, when the crime comes down, we can't delay it."

Just as the man was about to speak, a bodyguard came at the door, "brother Lin, the second master has gone out."

"It's all you, wait for me!" The Ringo gave her a vicious warning, and then ran out in a hurry.

After Lin Ge left, Li Ge looked at her and sighed, "what are you doing? In the future, you have to look up to others to help you talk. It's good for you to offend people directly. It's up to you in the future! You'll remember to please him or his wife. His wife is here... "

"Isn't the second master the biggest one here? Even if you want to please him, just please him."

"... do you find something wrong with your brain? Ah, is housekeeper LAN going to quit me, so he sent you to harm me! "

"....."

Because Feng Yan leaves, her seafood porridge can only be shelved. Originally, brother Li asked her to pour it out, but Su Xiaowan thought it was shameful to waste food, so she secretly put the seafood porridge in the refrigerator.

Brother Li took her to the servant's room, where she was alone.

She doesn't have a mobile phone yet. She still has some pocket money in her hand. She wants to get a mobile phone card and buy a mobile phone one day when she has a rest. It's also convenient for her to contact Jiangcheng.

After all, they are very worried about Fengyan.

Thinking about it, Su Xiaowan went to sleep.

I thought he would not fall asleep, but I didn't know if he was too tired today. After taking a bath, he fell asleep with a pillow.

When she was sleeping, she couldn't tell the difference between the southeast and northwest. Suddenly, a person stood at the door and knocked, as if the house was going to collapse.

Su Xiaowan reluctantly walked over and opened the door.

It's brother Li.

Brother Li looked at her sleepily.

"No dinner! Get ready

"The second master is back?"

I don't know what time it is, but it's dark enough outside the window.

Where did he go? He came back so late.

But now is not the time for him to think about these things.

She followed brother Li to the kitchen.

The lights are bright, just waiting for her.

Chapter 710

But now, in cooking, it's too late. When Su Xiaowan was not with Feng Yan before, he knew that he would forget to eat if he had anything on weekdays.

When she was with him, she wanted to feed him every day so that he would not go hungry.

But now this life has begun again. He is a man of indifference when he works.

Thinking about the seafood porridge in the refrigerator just now, she rushed to take out the pot of seafood porridge.

Just ready to heat, but suddenly, brother Li's hand directly held her.

"You are crazy and dare to eat these things for the second master! I don't think my life is too long, do I?"

"

"... what's wrong with this thing? I just put it in, and I just cooked it. Brother Li, it's too late to cook new things. It's going to be early in the morning. If I cook some indigestible food again, my second master will

have a bad stomach. Isn't that even worse? "

This porridge doesn't even exist overnight.

Moreover, it doesn't take much time to put it in. After all, you need to wait for the porridge to cool completely in the refrigerator.

Smell speech, Li elder brother also hesitates, "can this still eat bad how to do?"

"If you're worried about eating bad, I've cooked so much anyway. Shall I eat first?"

"You... You dare to eat the second master's food?"

"But aren't you worried about the second master's eating?" Su Xiaowan looked at brother Li's tangled appearance, "besides, this evening's only me and you, even if I eat, you don't say how others will know!"

"The second master has finished taking a bath, so hurry to take the food!"

"....."

Su Xiaowan and brother Li looked at each other, looking at the man coming in at the moment, "what are you doing? Hurry to send them to the second master!"

"Yes."

At the moment, even if they are so bold, they can't eat in front of this person at this time.

Brother Li is afraid of being involved, so he doesn't dare to send it, so the final list can only fall on her.

Of course she wants to go.

Carrying things happily went to Fengyan's bedroom.

Su Xiaowan stood at the door and knocked.

Inside, there's no response.

The door didn't close. As soon as she knocked, it opened.

She stood at the door, not entering, not entering.

At last, he yelled at the door, but there was no reply.

Su Xiaowan was afraid that the seafood porridge would be cold, so she pushed the door in regardless of

anything.

It's not the first time for her to come, but she was still impressed by the size of the room. However, she didn't find Feng Yan after looking around.

At the door, brother Li has been looking around, as if searching for Su Xiaowan's whereabouts inside, but after several times, she hasn't come out.

I can't worry about it.

I tried to rush in several times, but I had no guts.

"What's the matter?"

Feng Yan came over after taking a bath and looked at a man standing at her door, wincing and looking forward.

There are a lot of servants here. Of course, he doesn't know all of them.

"Er... Er Ye." Brother Li saw the man at that end. He suddenly appeared behind him. He was so scared that his whole heart was shaking.

Li Ge is usually in charge of the kitchen, but he has little to do with the second master. The second master's diet is in charge of the night before, and he is actually a little Luo Luo.

"I'm... I'm here to deliver dinner to the second master."

"Ready?"

"OK... OK." Brother Li doesn't care about Su Xiaowan any more. He just slips away.

Then push the door in, a faint smell of seafood.

Then a sweet smell ran into his nose.
