Chapter 731

A Li's hand shook.

"Miss Ali, please come over, sir."

So soon?

A Li looks at Su Xiaowan, and her heart is uneasy. She says softly.

"I'll take you out of here later, but it's a remote place. You'd better find a friend to pick you up."

This place is a quiet place for recuperation. For so many years, although Mo Sheng did not often come back here, once he came back, he would live in this place.

But also, over the years, no outsider has ever come in.

That's why a li felt that this was a big deal.

A Li took out her mobile phone and handed it to her, "you remember whose phone, call him now, you let him come near yun'an resort."

Remember whose phone?

Su Xiaowan only remembers Feng Yan's, but Feng Yan's mobile phone has been in Feng's home. Now she doesn't know that there is no electricity.

Seeing the woman's hesitation, the knock at the door kept coming one after another.

"So, can you drive?" Ali doesn't want to delay any more.

"Yes." Although Su Xiaowan hasn't driven for a long time, her driving skills are fairly good.

"Well, here are my car keys. Here you are."

A Li takes out her car key from one end, hands it to Su Xiaowan, and then gives her a special medicine injection.

"But this medicine only works for one and a half hours. Don't delay too long."

Sure enough, when the medicine hit her leg, Su Xiaowan felt very relaxed, and the leg finally had strength.

She stood up from the wheelchair, did not walk for a long time, just stood up for a moment, still some unbelievable.

"This is my dress. You put it on first." Ali took her clothes from the cloakroom. It was a hooded sweater, jeans and a hat.

"You are about the same size as me. You should be able to hide from the men at the door, but don't talk to them. These people are the servants of my adoptive father. They can directly identify a person by listening to his voice."

"Why are you helping me?"

"I saved you. How could I have the heart to watch you die? In fact, my adoptive father's nature is not bad, but he was hurt a long time ago, so he is full of hostility to people. But he is a good man. Presumably, he thinks I saved you at the beginning, so he is worried about it. " A Li's eyes are bright and sincere. "He saved my life. My adoptive father probably thinks I shouldn't help others..."

Adoptive father's overbearing possessiveness is very strong, probably because Aunt Li was robbed before, so he paid special attention to her things.

"Thank you. I'll repay you."

"I don't want you to repay me. If you live well, I will be very happy." Before the master said, the doctor is no regrets, so absolutely can not covet those patients' thanks.

Saving people doesn't need to be rewarded by others.

Su Xiaowan looks at a Li. In fact, she hates this place. But now, she thinks that this place is not all bad people. In fact, there are many good people.

A Li's room behind, is a small garden, a li in order to hide people's eyes and ears, will she go to that small garden.

"You can go to the parking lot along that road. The red car over there is mine. Just drive that car out. They won't stop you."

"But... I drove the car away. How can I give it back to you?"

"It's OK. Just park your car by the side of the road. If you have the key, I have a spare key."

"Thank you."

Chapter 732

"You're welcome. I'm selfish to help you. I don't want my adoptive father's hands to be stained with blood."

Li sighed as she spoke.

Mo Sheng's life, because of Aunt Li's business, in fact, he does not live like a ghost.

All my life, I've been thinking about such a thing.

A Li doesn't know what it's like to like someone, but in her opinion, as a bystander, she doesn't want to see her adoptive father go on like this.

When is the time to repay each other.

Let go, that's what Mo Sheng should do now.

My adoptive father spent almost all his life in hatred.

All her thoughts, even her own life, are nothing but revenge.

It seems to support her. It's the only thing.

Too much obsession.

But Aunt Li has been dead for such a long time. If Aunt Li is alive, she probably doesn't want to see her adoptive father live in this environment.

But others can't, and dare not.

The adoptive father seemed to be the one who supported her.

She saw with her own eyes that her adoptive father became more and more cruel and heartless

Obviously, at the beginning, the adoptive father was not like this.

He will laugh, just like a child talking about those happy things with her.

But now he is full of disguise.

I can't see the joys and sorrows.

A Li revived, patted Su Xiaowan on the shoulder, "you go quickly, I will deal with the rest."

"But when I'm gone, won't he blame you?" Su Xiaowan looks at a Li. She hasn't seen the adoptive father

she said, but it sounds like a powerful role.

But the man found himself, and now he's gone.

So will this girl suffer because of her own affairs?

"I was raised by her. She won't do anything to me. You can rest assured."

Ali said calmly.

Su Xiaowan nodded, "then I'm going. Today's business, thank you. By the way, I don't know your name."

"My name is Ali, pear of pear flower." There is a warm smile on the girl's face.

Ali.

Nice name.

"Ali, thank you. I'll go. See you later."

Finish saying, hold that key, run toward that end.

Today, what she did for her, she kept in mind.

In the future, I will definitely repay her.

A Li was relieved to see Su Xiaowan's figure go away. As soon as she turned her head, her neck suddenly hurt. The next second, she fainted.

"Go after it!"

Brother Chen takes a look at the woman in his arms. Ali has been a kind girl since childhood. He lives among them, but he still keeps his kind heart.

But they are too cold-blooded, a lot of things can not be changed because of one person, that is their belief and respect city for many years of mission.

Even if it's wrong, we should stick to it.

Su Xiaowan didn't run a few steps, but was stopped directly by the burly men.

The man blocked her way.

"Miss Su!"

"Miss Su, please come with us --"

The man at that end did a please action. Su Xiaowan pinched the key in her hand. Finally, she had to follow them.

It's a remote yard.

I don't know why, it always gives people a very familiar feeling in this place. Without time to see other things, Su Xiaowan is taken to the front of a room.

"Come in, please."

The man at that end knocked on the door, listening to a simple entrance. Soon, the door was pushed open, and his attitude was still respectful.

If it wasn't for meeting those fierce men first, Su Xiaowan really felt that she was here as a guest.

Now, there is no road ahead, so Xiaowan sticks to her head and goes in.

Chapter 733

In the room, a faint smell of sandalwood filled the air.

At that moment, Su Xiaowan finally reacted. Her eyebrows were tightly wrinkled together. At Mo's house, she smelled

It's like that bad old man's house. That's the smell.

Before, she always thought it was medicinal fragrance, but now it seems that it's not... It's a kind of sandalwood, very fresh and not pungent.

From entering the door as like as two peas, she is more familiar with the furnishings in the house. The display and objects are almost exactly the same as those of Mojia.

Who is this man

Su Xiaowan steps forward, but she is very worried. Obviously, if it's the bad old man, he doesn't need to see himself in such a way. Ali says that her adoptive father doesn't know herself because she meddles in her own business and saves herself, so she finds herself and wants to kill herself.

But she was almost sure that this man had something to do with the Mo family.

Probably because Feng Yan is the Mo family, so Su Xiaowan is so bold to go to the dangerous zone.

She wanted to find out who the man was.

"You are a brave little girl." Mo Sheng saw Su Xiaowan for the first time. The girl has been in her sight since she came in. She never left.

He was thinking about the girl's ability to stay at Mo's for such a long time.

Su Xiaowan's steps stopped, and she heard an old voice.

But looking around, there was no one.

Who is this man?

"Who are you?"

"You don't need to know who I am. You just need to know why I came to you."

"....."

This is really arrogant. Su Xiaowan pursed her lips at the moment, probably because there was no one in front of her.

Mo Sheng stood there, looking at the little girl at the moment, and there was not much taste of a lady.

On the contrary, it seems rough.

"Sit down, let's talk slowly." Su Xiaowan went to a place and saw that there was a position in that place. At the moment, there was a kind of tiger head stool like the one in the TV to judge prisoners.

Su Xiaowan had no other way. If she didn't come out, she couldn't leave at all.

The smell of sandalwood is getting stronger and stronger, which makes Su Xiaowan a little uncomfortable.

She covered her nose, looking at the empty place in front of her, she didn't sit down after all.

"If you have something to say, just say it."

Mo Sheng looks at the little girl, and the corners of her mouth are crooked. Over the years, those people are afraid of their own identity, and they don't know how many people are talking with their heads down.

Once upon a time, there was a little girl who was not afraid of death and dared to talk to him so directly.

"Do you know that your life is in my hands now?"

"I know." Su Xiaowan has always known that his life is not in his own hands, "but I also know that my fear is useless."

Oh.

Mo Sheng sneered.

This is the first time for the little girl who is not afraid of death.

It seems that there is a new born calf is not afraid of tigers.

Through the surveillance camera at that end, I saw the girl standing there with her waist.

I don't know where the confidence comes from.

How dare you talk to him like that.

"Sir, if you have something to say, you won't come to me for no reason and let me chat with you?"

Su Xiaowan stood there quietly, waiting for no sound.

At the moment, I feel a little flustered.

After all, the stranger, who couldn't see anything, seemed to follow her every move.

Just now, Ali said that she didn't want her adoptive father's hands covered with blood.

Presumably, this man is still a murderer.

Su Xiaowan lowered her head and thought carefully.

Now, Feng Yan won't come to save her. After all, he doesn't even know who he is.

She can't count on him either.

She laughed at herself in silence, but soon recovered her clear eyes.

Let's see what he's going to do first!

After all, Su Xiaowan has met many difficult people.

"... ha ha..." Mo Sheng smiles. Now he leaves his bedroom and walks towards the front.

Before long, Su Xiaowan saw the old man in front of her.

The old man is about fifty years old, and his hair is a little white, which is no different from those kind-hearted grandfathers outside.

Wearing a suit at home, the whole person is no different from ordinary people.

However, his eyes are like a sharp weapon, directly shot at her body.

It's like a net for catching prey.

That kind of eyes, sharp and full of a sense of distance.

Su Xiaowan looked at the person who appeared. She thought that she had met this person in Mo's family, but now she thinks about it, and there is no such person.

Who is he?

Now, it seems that this person didn't come to her because Ali saved her.

There must be something else in the middle.

I don't know where the sixth sense comes from. Anyway, Su Xiaowan thinks it's not easy.

"Little girl, you and the old man of Mo family lie in this way?"

The old man of Mo family?

It's the bad old man.

He still knows that man?

Su Xiaowan raised her eyes to the old man.

I don't know why, when he said those words, Su Xiaowan saw the fierce in the man's eyes. Although she quickly recovered to the original state, it was as fast as a flash, and she was easily captured by Su Xiaowan.

"Who gave you the courage to stare at me like that?"

Don't be angry.

For such a long time, these people under my hand never dare to look him in the face, and this girl is

really not afraid of death today.

Su Xiaowan pursed her dry lips, "Sir, why can't I look at you when you stand in front of me?"

The man said that he seemed to be an emperor. He couldn't even see it.

In him, Su Xiaowan saw arrogance and invincibility.

In this place, she is not familiar with the people in this place. She also came here for the sake of Fengyan. The rest of the people are not in her sight at all.

But she has been here for a long time. She has never seen a little bit of this person in the newspaper.

Who the hell is he.

There are countless questions in my heart that can't be answered.

Want to step forward, but the bodyguard directly stopped her, will he and her far away.

Mo Sheng's eyes are fixed on Su Xiaowan, and the girl is also looking up and down.

If people outside want to see themselves, he will definitely dig out their eyes.

He thought, this smelly girl who is not afraid of death must dig her eyes later!

His eyes went from top to bottom until he saw something.

Chapter 734

The eyes of the falcons were unbelievable.

She... Has that key.

Su Xiaowan said that the key was in the necklace, because many brands of necklaces are decorated with keys, so when she got the key, she was afraid that she would lose it and hung it in her neck as a pendant.

The key is very small. It looks good as a pendant.

Su Xiaowan saw the man's eyes staring at her chest. She looked down and saw the key. Her brow was wrinkled. When she lifted it up again, she looked at the man's cold eyes. Her whole body was chilly. This person's eyes were too terrible, even worse than that bad old man's.

I thought it was an old man, but now... It seems that he doesn't look at her again, but at the key

The key is kept by the old man himself. Is he related to the old man?

She thought that the old man seemed to have been captured by Mo Liting, and this man... All around here is the same as Mo's furnishings. Is that old man also related to Mo Liting?

It seems that only such a relationship can make sense. Otherwise, why do you need to lock people in that place?

Freedom is also restricted.

Mo Sheng stared at the necklace, his thoughts fell into meditation, he thought that in this life, the dead old leader would take the key that they have been fighting for for countless years and go to the earth.

But unexpectedly, the dead old boss gave the key to a humble little girl.

How much magic does this little girl have.

Unexpectedly... Let him even Lili refused to give the key, so easy to give her?

The man's eyes have been staring at the key. Once upon a time, he had to fight for the key, but he didn't see it. He just heard from others

Unexpectedly, it is just a common key.

The reason why it's not common is probably that the key contains the family badge.

At the beginning, after my father gave the key to Mo Liting, Mo Liting kept it in his hands for so many years.

When I was young, I only saw one side, but that side, until now, in fact, my memory is a little fuzzy.

It's like when I first saw the key, no one came out.

"Your necklace is good."

Su Xiaowan reaches for the key of the necklace.

Mo Sheng tentatively opens his mouth and sees that little girl's appearance of vigilance. He thinks, maybe this little girl doesn't know the function of the key at all, otherwise, Mo Liting is such a precious thing. She even takes her as a pendant and hangs it around her neck to show off?

You know, in order to have a look at the key, I begged my father for a long time, but my father didn't agree. Even when I was in Mo Liting's hands at that time, she didn't get a chance to have a look.

At the moment, Su Xiaowan felt uneasy because of the people's gaze at this time.

Not because of the old man's momentum, but because the old man's eyes are too uncomfortable

"But the pendant of your necklace is a little ugly. It doesn't match your necklace at all."

"....."

Sure enough, I have a crush on her key.

Su Xiaowan twisted her eyebrows and didn't know what to say.

Wait for her.

"I have a custom-made pendant here. Would you like to have a look?"

Then, before Su Xiaowan's reaction, a bodyguard level figure took a box from the other end and got it directly in front of Su Xiaowan under Mo Sheng's sign.

"Give it to her."

Chapter 735

The bodyguard at that end opened the box, took out the key and put it directly into Su Xiaowan's hand.

Su Xiaowan took the cool thing.

She didn't know what the old man was going to do. When she took it in her hand, it turned out to be a key.

It's just that.

The design of this key is very unique. The top part is a totem of a dragon. In the eyes of the dragon, there is a big diamond inlaid, which is very shining.

It's a bit dazzling.

The diamond, too, is quite a few carats.

If you look at the diamond, you can see that it's valuable?

"What does that mean?" Su Xiaowan raised her eyes and looked at the person at that end. She didn't know what plot was in front of her. How could she give her the key?

In fact, take a closer look, there are some big differences between this key and the key in the neck.

"This key is a high-level customization. It can open any door here. In the future, it belongs to you."

Belongs to her?

Open anywhere here?

Is it difficult to give this place to her?

At the end of the day, is there such a good thing?

I don't know why, this key is just a key, but it weighs a thousand pounds in his hand.

Like... This key is the key to Pandora's door.

"I don't want that." Su Xiaowan refused and gave the key to the bodyguard directly.

The man was furious.

"Why not?"

"Why did you send me?" They are just strangers. They only know each other for a few minutes.

It's not that he hasn't seen her lavish. He just wanted her life, but now he wants to give her something?

No one can understand this call.

Mo Sheng smiles and looks at the little girl at the moment. A little girl can't see her own things.

"I need a reason to give you a gift?"

"You don't need any reason to send me things, but I don't accept things from strangers. Thank you for your kindness."

Su Xiaowan looks at Mo Sheng at the other end. The man makes him feel familiar. In fact, Mo Sheng is not worried that Su Xiaowan will recognize him.

No matter twins or as like as two peas born out of their own family, Mo Sheng and Moore Ting, though they are similar in appearance, you are not exactly the same as they say.

What's more, it has been going through many years, and many things have become different because of the traces of time.

It's just like that Mo Liting experienced a big fire. In fact, the degree of burn is not the same as before.

He has also seen the photos of Mo Liting. Over the years, he has changed and become submissive. He doesn't like him.

Like a coward.

Like this scene, Mo Sheng already knew it.

"I won't give it to you for nothing."

The man's eyes were fixed on her. He didn't know why. At this moment, Su Xiaowan was afraid.

This man is much more difficult than that bad old man.

"A key, a life, you choose."

At this time, the comatose a Li was tied to a pillar at one end. Although it was just a one-sided relationship, Su Xiaowan saw the girl's face at a glance.

It's really Ali.

This man actually tied up Ali.

"What do you mean?"

"That's what you see, a key, a life, you choose!"

Chapter 736

Su Xiaowan looks at the man in front of her in disbelief. She thinks she has heard the wrong thing.

Just now Ali said that this man is his adoptive father.

But now?

This man let people take thick rope, bind a Li there, even threaten her with life!

Who the hell is this!

"You still have one minute to think about it?"

When Su Xiaowan's thoughts are confused, the man opens his mouth.

"She regards you as her beloved father. How can you do that to her?" Because she didn't want the man's hands stained with blood, Ali would let her go.

All this is because of respect and love for the man in front of us.

But what did the man do to her?

Su Xiaowan looks at the girl at that end. Maybe Mo Sheng has given her medicine, so she has been in a coma.

She didn't know how she would react if she woke up and saw such a scene?

How desperate should it be

That kind of feeling, just like someone who has been proud of himself, stabbing her heart with a knife, a knife is fatal.

You take him as a father, but he doesn't take her as a daughter.

"She should be punished for betraying me! I didn't bring her back from the orphanage to fight me." The man's tone was cold, as if the man in front of him had nothing to do with him.

Su Xiaowan thought that except for the bad old man, probably no one would be so bad.

But now it seems that the man in front of us is too cold-blooded.

That bad old man is at least for the sake of Fengyan. At least he is a little human, but this man... Is not human at all.

If there was a little bit, her daughter would not be so tied.

What does she deserve.

When Su Xiaowan thought of Ali's simple face, he was not happy. She has never experienced her father's care since she was a child. She is the same as Ali.

"You don't deserve to be her father at all." Su Xiaowan saw Su Zheng's existence in this man.

She suddenly thought of a lot of things.

She thought of being abandoned by her parents and what the Su Zheng family had done to her.

Mo Sheng just laughed, "I gave her the ability to live, so she naturally should pay her all, this is fair."

"Sir, your kindness has changed."

The kindness of that time is now treated in this way?

I don't know who changed? Or, in fact, it's the most original idea in this person's heart.

"I don't want the key, I want her!"

She didn't want any keys.

It was this man who somehow wanted to give it to her.

At this time, most people will choose people, almost without hesitation.

Mo Sheng's steps slowly towards her.

The man's behavior, she felt has reached the point of madness.

Although he seems to be trying to control his emotions, at this time, she can feel the man's feelings, can feel his temper.

"What are you doing?"

Approaching step by step, Su Xiaowan stepped back in fear.

"Little wild cat, are you afraid now? What's my courage to teach me the lesson I've been preaching in front of me just now? "

Su Xiaowan felt uneasy. From the man's eyes, she felt the breath of aggression.

But she did not dare to be timid, for fear that her timidity would make the man more arrogant.

"I'm not afraid. I just sympathize with ALI for having a father like you. If it were me, I would rather die in the orphanage than be used by you now."

Chapter 737

Mo Sheng's eyes fell on her, saw the girl's beautiful face flashed fear, but still pretended to be strong on the surface.

He suddenly thought of a man.

The girl in my memory, the first time I saw him, was the same.

At that time, he was standing in the yard roasting rabbits to eat. When the girl was taken home by Mo Liting, she had nowhere to go and didn't know how to appear in the backyard.

In this way, he met her.

The girl was about twenty years old. He still remembered that she was wearing a long white dress.

Looking at him holding a bloody rabbit, he looks pale with fright.

That looks as like as two peas.

Jolie's courage is very small, she is afraid of the black, afraid of snakes, afraid of insects, but sometimes, like a giant of steel, not afraid of anything.

For people like them, the family will not allow a person without background to become a wife, but her appearance has become a mole on their brothers' minds.

Thinking of Jolie, Mo Sheng's expression has changed a little. It seems to be a lot more gentle. When Mo Sheng thinks that Mo Liting has no way to know Jolie's mind, he is even more proud.

That secret, he'll take to the grave.

And this time, she is his, no one can rob her, he also does not allow others to rob.

Su Xiaowan sees the man's line of sight. She doesn't know why. At this moment, she suddenly feels that the man is looking through her.

The eyes are complicated.

I don't know what I'm thinking.

Su Xiaowan doesn't dare to be careless. She pays attention to a Li at that end at any time. A Li has a bodyguard standing beside her. She originally thought that she would rescue people from the top first, but they can't escape because they don't know each other well. Finally, it's estimated that the situation will be as bad as it is now.

Mo Sheng's thoughts slowly pulled away from the previous thoughts.

He looked at the woman's eyes, did not expect that this little girl is a righteous.

"You want to save her?"

"Of course, otherwise I would not stand here and tell you that."

"It's no use for me to be emotional. Do you have any other way?"

"I..." Su Xiaowan pursed her dry lips, "Sir, the most important thing between people is trust. People here

trust you so much and compare you to their belief, but you don't regard them as human beings at all. Will they still be so loyal to you after a long time?"

As soon as the words came out, the bodyguards immediately lowered their heads.

"Sir, this little girl is talking nonsense. You are very kind to us --!"

Seeing this, Su Xiaowan feels that these people must have been brainwashed. He can even treat his daughter like this, not to mention them.

"Little wild cat, you are very smart, but... This intelligence is not used in good places."

"... sir, I really can't understand your words about abducting and trafficking in Mojiao. If you have something to say, you may as well say it directly."

"You don't want to save her? Do you want to leave here safely?" The man threw out the olive branch.

"You have something I want. Will you give it to me?"

"Of course, if you don't want to, it's none of your business for me to discipline my daughter."

"You just say what you want."

"I want this key in your neck! Would you like to give it to me?"

In the neck.

She was really interested in her own key.

But the key is not her thing. She has no right to give it to her!

She held the key around her neck. "It's not mine."

Chapter 738

"I don't think you want to give it."

"Sir, this key is really not mine. I have no right to decide whether to give it to you or not." Su Xiaowan looked at him. Now he thought that this man should have nothing to do with the old man.

After all, this man... Is a bad man.

"What if I have to?"

Mo Sheng's eyes locked her tightly, as if it was a net to catch insects, which could eat her directly.

"You look like a reasonable person. A person with such status as you should disdain to rob?"

Mo Sheng at the moment is like chewing a fly, this little girl quickly occupied the upper hand, originally even if he was going to rob hard, now it seems, it is like bullying her.

"How do you know I despise it?"

"If you want to rob it, you will do it long ago. You won't tell me that. What you want is me to give it to you." Su Xiaowan's eyes showed a clear light. Now she looked at Mo Sheng, holding her key. "Before, I didn't know what was good about this key, and I didn't take it seriously. But now you want it so much, it must be that this key is more valuable than the one in your hand. If this key is mine, I have to consider it, not to mention, This key is not mine, and I can't give it to you. "

"The attitude is very tough. I hope you can be so tough later."

"....."

Then, two burly bodyguards appeared in front of Su Xiaowan.

"Lock her up with ALL, when we can figure it out, and then let them out."

The two bodyguards took a look at the owner of their house. In fact, at this time, they didn't know why the owner died.

After all, the host is a bloodthirsty and indifferent person. Today, it's the most they have seen him say.

If in the past, just grab the things in his neck.

For the rest, we need to scrap some words.

Up to now, this woman has made the master angry, but the master still let her go?

Just locked up?

Although my heart was full of doubts, the bodyguards did not dare to delay. They carried Su Xiaowan's two arms and took them away, regardless of whether they agreed or not.

Su Xiaowan was relieved.

She thought she was going to die there today.

Now it seems that she escaped.

When Mo Sheng watched Su Xiaowan being taken down, he walked to the room on one side.

This place as like as two peas, as like as two peas, are even alike in the air.

In the past, when my father was alive, he always liked to smoke sandalwood at home. At that time, she felt that the smell was bad and pungent. Even in the best sandalwood, the taste was very hard to accept, but my father had an indescribable obsession with sandalwood.

Later I learned that it was because my father had a woman he liked, and that woman liked the sandalwood.

He hated it.

Hate father betray mother, a man with family, must be responsible for the family, not to mention, at that time, they were only three or four years old, memory, only parents quarrel, and mother's weeping every day.

The worse her mother's health, after all, she did not survive a few years and left them, while their father was always around the woman.

After that, I only knew that the woman had a daughter, five years younger than them.

Chapter 739

However, at that time, his mind was not on the matter of his father and mother.

So he chose to go abroad.

I don't know whether to escape or because of something.

A few years later, he returned home because he received news that his father was critically ill.

After returning home, he learned that his brother Mo Liting had inherited his father's company over the years. Mo Liting was a smart man and was valued by his father since childhood. It didn't take him many years to set up his own company and become independent from his family's company.

Mo Liting is known to almost everyone in Yucheng.

He was originally a fool. Since childhood, he lived under the protection of his elder brother. Although he was a twin, he was not as good as his elder brother. Everyone said that his elder brother was the one who most resembled his father.

And he's weak.

Almost everyone said that he would not be a great success.

His father also gave all the shares of the company to Mo Liting, leaving him only a villa.

He had no interest in the company and wanted to live for himself.

At this time, Jolie appeared in front of her.

She is kind and simple, like an angel.

He used to think that Jolie would be his. He was alone.

"Sir, I have news about what you asked me to check last time." At this time, a man ran in front of him, probably for a long time, so panting.

"Say --!" The man's eyes are deep, take back the memories before, and look serious to the bodyguard at that end.

"Mrs. Chen's niece... Is still alive. This is Miss Chen's information. There was no blatant adoption procedure in the Chen family at the beginning... But Mrs. Chen said before when she went out with her friends that this Miss Chen was adopted, but there are two daughters in the Chen family. Now we haven't determined which one is Mrs. Chen's niece."

Chen family.

Mo Sheng took the information from the bodyguard and opened it.

A bright smile, into his line of sight.

It turned out to be her.

"Keep going. In three days, I want to know the specific person."

"Yes."

.....

And the Chen family.

Chen Xiaoxiao had a car accident. All the phone calls from the hospital came home. It was Chen Liangliang who answered the phone.

"Wrong number."

Hung up the phone, Chen Liang Liang stood in front of a maid, that maid is just the person who answered the phone.

"This kind of fraud call, you also believe."

The maid frowned, but the nurse just said clearly that Chen's little ID number and address, and the hospital urged the payment, saying what to hurry up to let the family pass. Otherwise, the hospital will turn Chen Xiaoxiao to the general ward, not to cure her.

After all, she's just a maid in the family. She doesn't know how to deal with it. Her wife went out to play mahjong and her husband went to the company.

Only Chen Liangliang was left at home, so he called Chen Liangliang immediately.

Unexpectedly, after Chen Liang answered the phone, he told her that

"I..."

"Pay attention later. My time is precious."

Chen Liang Liang took a look at the maid. Just at this time, a maid was cleaning up her wife's room, and a lot of little things about Chen came out of it.

"What is this?"

"The lady said that she would get rid of all the things of the eldest lady to save her trouble."

Chen Liangliang didn't take it seriously at first. During this period, her mother obviously didn't treat Chen Xiaoxiao the same way as before. Now when she does this, it's not really to sever all relations with her.

"Well, take it and lose it."

"But... Miss, here is a jade pendant..."

Chapter 740

"What jade pendant." Chen Liangliang looked at the woman's stammering appearance and wondered.

When the maid was just packing, she saw the jade pendant. Now she didn't know where it was. Now she stretched out her hand and turned it for a long time before she came out of the box. The jade pendant she had just seen was "this one. I don't know whether it's the first lady's thing or the lady's thing."

Because before she left home, she asked her to clean up all the things of the eldest lady. She said that she was very angry because she saw them.

Since the first lady was driven out of the house by her wife, she took a lot of medicine and always said that her heart was uncomfortable and she couldn't sleep well at night.

Naturally, they also understand that, after all, the children raised by themselves, though heartless, have some kind of friendship.

Mr. Wang told them not to offend his wife during this period of time, so they were obedient to his wife during this period of time. At this time, naturally, they would not let his wife get stuck.

What the lady says is what she says.

Naturally, she didn't dare to delay. When her wife left, she immediately went to clean up all the things about the first lady in her room.

The jade pendant is very transparent.

In the light, as if there was a piece of gold in the jade pendant, she took it, looked at it carefully, and found that there was nothing in the jade pendant.

Although Chen Liang Liang didn't have much research on jade, he also saw that this jade pendant should be valuable.

The maid on one side naturally saw the jade pendant. She just looked at it from a distance and was shocked. "Er... Miss, this jade pendant..."

"Say what you have to say."

Maids have been working at jewelry counters for a period of time before. When they first started their job, the supervisor needed to assess them every day in order to make them have the ability to distinguish between genuine and fake jewelry.

The content of the assessment is related to the works of those design masters.

In order to get this job, she worked very hard and read a lot of books, so she can't help but know something about this line.

She had seen the jade pendant at least three times before.

Because of the jewelry work experience, he knew a lot at a glance.

Many things, big and small, some relatives will look for him.

Before she saw the jade pendant, she was not sure, but now, with the light, the maid was almost sure that she had seen it before.

"If I haven't seen this jade pendant, it should be the design work of the famous designer Yu 30 years ago,

which is the only one in the world. As soon as it appears, it becomes the target of many people. "

YU ?

Because that designer has passed away for many years, Chen Liangliang is not familiar with anyone who has studied this major.

But when she took the jade pendant, she thought it was different.

Don't look at the small one, but it has temperature change.

Moreover, the temperature changes very fast. At this time, with the temperature in my hand, it has turned into red at the moment.

Yes, it's red.

"It must be the work of Yu designer, fire --!" The maid screamed loudly.

Yu designer's works, she has never seen, but read a lot of introduction in the magazine.

But with the passage of time, and Yu designer has passed away, so what jewelry he still has under his hand, we don't know.

Only the fire.
