

good evening 741

Chapter 741

The design of fire originated from Yu designer's daily life. At that time, he was about thirty or forty years old. Because his wife divorced him and drank all day, he had become a drunkard.

But one day, he suddenly saw a bunch of sunshine.

The sunshine comes from the frozen river.

There is another inspiration for this.

Yu designed this jade pendant.

Jade pendant itself seems to be a very common thing, but the wonder is that it will change into various colors with the temperature.

If the temperature goes down, it turns blue, like the color of the sea.

At this moment, looking at the jade pendant changing color with the temperature rising, the maid nodded in surprise.

Seems to be telling the incredible time in front of us.

She never thought that she would see such things at this time, and thought that it would be worthwhile to die in her life.

Chen Liang Liang looked at the things in his hand. At the moment, he looked at the maid at the other end, the maid who was cleaning up. "Is this from my mother's room?"

"Yes, miss."

But as far as she knows, her mother doesn't have a habit of collecting such things. Her mother doesn't like to wear jewelry, so her father won't give her such things even on anniversaries.

Even if it was bought by my father, this thing is so magical. Moreover, looking at the appearance of the maid, the value is probably much higher than many things on the market. My father was just a poor man at that time. How could he afford these things.

Chen's parents started their own business and started their own company. Unlike many second-generation rich people, they hardly stayed at home one day in the early years and kept running outside to do business.

So, later, there was no time to have children at all. After that, I couldn't conceive

So why is this thing here?

Is it Chen Xiaoxiao?

But isn't Chen Xiaoxiao's father a murderer? She had heard it from her mother.

Now she's frowning. She has to look into this thing.

"Well, I'll put this thing here first, and you can clean up the rest. My mother has been in a bad mood recently, and you are smart recently. If you have anything to say or not, I don't have to tell you."

"Yes, miss, we know."

Chen Liang Liang didn't like to be called Miss Er, so all the maids knew that they called him miss in front of him.

Chen Liangliang took the jade pendant and went to his room.

She began to take out her notebook and search the jade pendant on the Internet.

According to the word "fire" said by the maid, I went to check it.

But because of a long time, many things were not found, but she saw a piece of news.

It's related to the Mo family.

That Yu designer is a designer hired by Mo's company at a high price.

I don't know why. At the moment, Chen Liangliang feels like there is a box in front of him, waiting for him to open it.

Chen Liangliang holds the jade pendant. No matter what, she will find out.

Just then, the door rang.

"Miss, we have your express."

"Bring it in." Chen Liangliang didn't go out much during this period of time, because she always had nightmares these days, dreaming that the woman who was killed by herself came to her door.

Although she looks calm on the surface, she is in a state of confusion.

The maid brought in the express, and now she looked at Chen Liangliang sitting there, but she didn't

dare to continue to look at him, so she left.

Chen Liangliang lowered his head and didn't notice the maid. Now he took the package and opened it.

Chapter 742

Now I saw the bloody fingers inside.

"Ah She screamed, and the express package was thrown on the floor.

Hearing this, several maids came in at the other end, "what's the matter with you, miss?"

Look at the bloody things, those girls are also little girls. They don't know what to do. "I'll call someone."

Soon, the man at the other end called the police.

After the police identification, they found that it was not a real finger, but a simulated finger, and the blood on it was not human blood, but pig blood.

It's a prank at first sight.

But the express package, there is no number, can not find who sent the express.

"What's this... You must find out that what you sent today is not true. Who knows if you will send me a real one tomorrow? As a girl, I can't stand such a prank."

Chen Liangliang stood there crying. She didn't believe in mischief. She was definitely warned.

Now it's just a fake finger. She's scared to death. If it's true, she can't be scared to death.

"Ma..." Mrs. Chen came and stood beside her and patted him on the shoulder.

"Comrades of the police, you must help us to investigate this matter clearly. We have not offended anyone here. Who will send this kind of thing if it's good? It's going to be spread. Others are adding fuel to it. They don't know what to say about our family!"

"Naturally, Miss Chen doesn't have to worry. Does Miss Chen remember what the maid who just sent the package looked like?"

The surveillance inside the villa was hacked for a few minutes, so they speculated that the man might have been in the villa.

The only problem is the package.

"I don't remember." Chen Liangliang didn't think about it at all. Of course, he didn't know that there

were people who came to her house so blatantly to deliver it to him.

"I just looked at the man's back. She walked very fast." What did the maid think of, she said.

"Do you remember any features?"

"Characteristics? I didn't notice. The maid felt that everyone's eyes were focused on her, and she was at a loss. "Her clothes are the same as ours, her height is the same as ours, and her hair seems to be the same as ours..."

"Mrs. Chen, we'll find out about it."

"Well, please."

After the police left, Chen Liangliang was so scared that he didn't slow down.

At this moment, suddenly a dizziness, people directly dizzy in the past.

Liang Liang Before Mrs. Chen could hold her daughter, she watched Chen Liang fall to the ground.

Immediately, it was sent to the hospital.

After inspection, there was an excess of ether

"How can there be such things at home?" Mrs. Chen was puzzled, but fortunately, her life was not in danger.

It's just a coma.

.....

In the car.

"Young master, according to what you said, Chen Liangliang has already lived in the hospital --!"

A woman in the housemaid's uniform of the villa has not been changed yet.

A few days ago, they found out something about Su Xiaowan, which has something to do with Chen Liangliang.

Shao Zhu is a man who is jealous of evil, so he can't just sit by.

But Chen Liangliang didn't go out for several days.

This is the last resort.

"You take care of it."

"Yes."

The woman got out of the car quickly, and the other number waited for a while before getting on.

"What about people?"

Chapter 743

"I'm sorry, young master. I haven't heard from you yet."

"There's no news. What are you doing here? You're not going to find it."

That helps ideal to say what, but see a speech that piece of black paint face, at last a lot of words, all was swallowed by him.

Who took this Miss Su.

He went to the Mo family, but the Mo family was peaceful and there was no trace.

But it's hard to find a person in the vast crowd.

Especially people like Su Xiaowan who just came here.

But after all, it's the people who are on the top of my heart. No matter whether there's news or not, I have to live and die

He didn't dare to think about what to say next.

.....

Su Xiaowan doesn't know that Yan is looking for her. In the dark room, she is holding a Li who is unconscious. She is very hot and seems to have a fever.

"Ali... Can you hear me?"

She and she are just friends of Ping Shui, but the girl's friendship comes quickly.

In today's world, people are complex, so Su Xiaowan is not a casual heart to heart person, but I don't know why, when I met Ali, I was attracted by her simple kindness.

In her, she thought of someone.

Words.

Su Xiaowan couldn't tell what it was like to talk about her. She was probably jealous. After all, her mother chose her but abandoned herself.

But I feel that my mother should choose her. After all, such a girl seems to have no attack. If I know that my mother has a daughter, I don't know how to cry.

No one wants to share their maternal love and share their share.

If you put it on yourself, maybe you can't accept it for a while.

"Mom..." Ali felt that she was in a warm embrace, and her childhood memories were basically gone.

But I don't know why, she will at this time, dream of childhood.

Of course, her first memory was only in the orphanage, so what she dreamed of was only in the orphanage

"What's your name?"

A girl about her age stood in front of her. When Ali first entered the orphanage, she didn't know anyone and liked to be alone.

It's her second day here.

Ali shakes her head. She has no name.

"How old are you?"

A Li shakes her head. She can't understand this person's words. She just raises her eyes and stares at the girl in front of her.

She is very beautiful, with red lips and white teeth. She is wearing a small pink skirt. Although the skirt is a little old, it is very white and tender against her skin. It looks like... Steamed buns.

Guru Guru Nagetto.

Ali is hungry.

She rubbed her stomach awkwardly, because she was not familiar with the place, so she didn't eat at noon. After all, she had no friends.

The children in the orphanage all look fierce. Ali is very thin and easy to bully. When the children look at him, they always stare at him with fierce eyes.

That's why Ali is sitting here alone.

The dean said that her parents had gone far away. She didn't know what the far away place was, but before, when they went out, she would always wait for them at the door.

So, this time, she also sat at the door.

The girl did not know where to take out a bun and handed it to her

Although a Li doesn't know the girl in front of her, she knows baozi.

Yes.

It's just, Mommy said, you can't eat from strangers, nor can children.

"You can't talk? Can't you hear the sound?" The girl pointed to her mouth and then to her ears.

A Li stares at the girl's action and shakes her head doubtfully.

Chapter 744

The girl looked at her sympathetically, "what a pity."

She broke off one side of the steamed bread and put it into her mouth, then half of it into Ali's mouth.

"Eat, just like me."

When ah Li saw her eating steamed bread, she was already very hungry. Now she was stuffed into her mouth. As a child, she had been greedy for a long time.

She opened her mouth and bit the steamed bread.

Wow, that steamed bread is so soft. It tastes sweet.

"Is it delicious?"

A Li is holding the steamed bread and gnawing at it.

She didn't understand the words here, and the girl didn't speak clearly, so she didn't know what she was talking about.

Half of the steamed bread was soon finished. Although Ali was hungry, she had a small appetite. I'll be

full after a few bites.

A Li knocks on the girl standing at the end and only looks at the girl with a sweet smile towards her. The smile is like the warm sun in spring, which makes people unable to move their eyes.

In the next few days, the girl saved a lot of delicious food for a Li every time. In a few days, a li felt that her stomach had risen, which was different from before.

In the next few days, they seem to be more familiar with each other, and sign language will be used to replace any words they have.

The girl's name is Miaomiao.

She said her father was in jail.

And her mother ran away.

Every time she said it, she would tell her in tears.

"My father is wronged. He is not a bad man. I know he is the best man in the world."

The girl was only one year older than him. In fact, they could not tell how much that age was.

Ali stood there, patting her on the shoulder, using what she thought she could understand.

"Miaomiao, when we grow up, we will find them. Don't cry."

In fact, Ali didn't quite understand the meaning of her words.

But she cried.

A child of three or four years old is born with the ability to comfort others. It seems that as a companion, if she doesn't pat him on the shoulder, she will only cry more.

After that day, they became more intimate, like twins.

However, over the past few days, Ali has exposed her ability to live.

She is only three or four years old. Compared with the children in the orphanage, her life is not a little worse.

In the words of the president, "Ali's ability to take care of herself is almost zero. You can't even tell what you can eat from what you can't eat. "

At first, they thought that she was just a fool, and even invited a doctor to see her. However, after diagnosis, they found that she was just not gregarious, that is to say, she was introverted and couldn't adapt so quickly.

Those adults naturally understand this child. After all, he is a small child. Such a child is a huge blow to his young mind when he experiences these things.

As an adult, you may not be able to adapt to the taste of being abandoned.

What's more, a child.

Therefore, such an important task is entrusted to Miaomiao by the president.

Although Miao Miao is young, she is very sensible and takes care of a Li as her sister.

Two people sleep in a room, familiar with each other, it seems that only to her, Ali will not have hostility.

One comes and two goes, all things are handed over to Miaomiao alone.

Every day to help her wash her face, every day to teach her to brush her teeth, like the existence of Miss sister.

Beautiful get along with, let them temporarily forget their parents, as if with a partner, even the days are very fast.

However, the other children in the orphanage were still out of tune with them, and even began to bully Miaomiao.

"Your father is a murderer! You are a bad boy --! "

Chapter 745

"Your father is a murderer! You are a bad boy --! " A tall boy lost an empty bottle on Miaomiao. The thin girl stood in the severe winter like a tumbler.

"My father is not! Don't talk nonsense Miaomiao always thinks that her father is the best father. She has never been the kind of person these people say. She is five years old. After the Spring Festival, she can go to kindergarten after a while.

Dad promised.

Because of the age of kindergarten, Miaomiao knows everything.

She understood the look in those people's eyes, understood that their father was a murderer

But her dad is the best dad ever.

"Yes, your mother ran away with someone else!"

"My father is not." Miaomiao stood there, very angry at the boys.

She has lived in a warm and harmonious family since childhood. Her parents are very friendly to her. Her father and mother love each other. How can her father be a murderer.

She forbade these people to talk nonsense.

She wanted to rush past, but the group of people did not know where to find a lot of empty bottles, hit her.

"Like your child, if she has the blood of crime, she shouldn't live. Let's kill her --!"

Miaomiao had been beaten several times, and now his head was hit and bleeding.

"Hahaha, we hurt the villain --!"

"We're throwing more and killing her."

"No beating!"

Ali ran over and saw the scene at the moment.

So many people bully Miaomiao.

In the orphanage these days, Miaomiao has been telling him not to talk to the boys in the orphanage, because these people are very bad, they will bully people.

She didn't believe it at first, but now it seems that the more she bullies the less.

A Li sees Miaomiao's head injured by these people, and she doesn't care about anything else.

At this time, Ali picked up the bottle on the ground and beat the tall boy fiercely.

The girl is still young, of course, she was pushed to the ground by the tall boy without beating so many times.

"And you little mute, you'll be killed by him sooner or later when you're with her."

A Li was pushed to the ground by him and didn't cry. She immediately got up and threw a bottle on the boy.

"How dare you hit me --" The boy was hit on the head by the bottle, and now he was angry.

He picked up the bottle on the ground and was about to hit Ali. How could Ali be succeeded by her? She bit the boy's wrist viciously.

"You little mute is a madman --"! Wuwuwu... "

Girls bite very hard. Even if boys are trying to show off their abilities, they are just as old as them. Now that they are bitten like this, they have already cried for their parents.

The boy begged for mercy only when the sun set that day.

"I'm wrong. I'm sorry --!"

"Your apology is not sincere at all." A Li feels the mouth, she suddenly thought of her father.

When she was young, her father always told her not to let others bully her. If others want to bully themselves, bully them back.

But, she is too weak, if her strength is bigger, maybe she can beat him down with one fist.

Give him a good lesson.

"I don't dare to bully people any more. Please forgive me."

"Hurry up, someone is driving to the orphanage outside --!"

Chapter 746

At this time, there are always a lot of people standing around the orphanage, because the arrival of people means that someone will come here to adopt a child.

They all want to find foster parents and leave the place.

"I'm wrong, Miaomiao, but can I apologize to you later?" The tall boy was watching those people run out at the moment. He was afraid that he would not have a chance. Now he also ran out.

Miao Miao looks at a Li, "I'm ok. Go ahead. Maybe they can choose you."

Ali shook her head. When she came that day, she was examined by a doctor.

She has a heart attack.

At that time, the doctor sighed and said to the Dean, "it is estimated that no one will adopt such a

child..." because what the doctor said was the same as what they said, so she listened very clearly.

Sick children are not wanted.

At that time, Ali watched TV with her mother and saw a news that the sick child had been abandoned.

Although she refused to admit it, there was always a feeling in her heart that his parents didn't want him because she was ill.

Although, his father is very kind to her.

Ali shook her head, took out her tissue from her pocket and wiped her forehead.

She saw the blood, but it was dry now, but the wound looked big.

"I'm going to tell Grandma Dean."

"It doesn't matter to me. Didn't panghu apologize just now? It's ok... "

"But he hit someone. It's no use just apologizing."

Miaomiao looked at her and just laughed, "you bit him hard just now."

"But I bite because I can't beat him. My father said that I can't just be bullied. If others want to bully me, then I will be more powerful than others, so that they can't bully me."

Miao Miao's eyes stare at her, "it's the first time that I saw you say so many words. At first, I thought you were dumb."

"My father said, don't talk to strangers, and I don't understand you a bit."

"Your father is right."

Two people there said this, not long after, they watched the car coming in.

It's a couple. The woman is very beautiful and the man is very tall.

The girl is holding a boy in her hand, the boy who hit them just now.

The boy has changed his clothes. He doesn't look like he was swaggering just now. He's just cute.

Their children here are like this. They have learned to disguise themselves for a long time, and others can't see through them. But as children in the orphanage, they know it at a glance.

"My aunt and uncle will definitely have a headache in the future. They even brought the fat tiger home."

After panghu was taken away, several children were adopted one after another.

The rest are either malnourished or look ugly.

Only Miaomiao, who is beautiful but has a bad life experience, and Ali, who is not in good health, are left.

A Li also likes such a day.

One day, the weather is fine, a Li came to this place for some time, the Dean called her into the room, handed her something.

"When you come here, you carry it around your neck. It should be left by your parents. Come on, grandma Dean will wear it around your neck."

Ali put on a pendant in a daze.

It's a jade pendant. It's a dog.

But she doesn't belong to a dog. Dad said she belongs to a mouse, which is the kind of little mouse.

Chapter 747

But she likes dogs.

"Thank you, grandma Dean."

"Take care of yourself. Don't lose it."

"Well."

Children don't know the value of that thing, but adults naturally know that this jade pendant looks like a valuable treasure.

Most of them are heirloom.

The child, brought by the police, said that his parents were gone.

Such a small child, coupled with poor health, mostly makes the old man sad.

She hoped that they would all grow up safely, at least not to suffer any more.

The sun is very strong. Ali is lying on the lawn in the sun, looking at the sky at the moment.

She was drawing to the sky.

"Miaomiao. Do you think this cloud looks like a dog -- "

Miaomiao is sitting there painting. Her painting level is not very good, but it is a whim during this period of time that she wants to record a lot of things here.

So I asked the dean for this album.

"Wow, as like as two peas." I want to paint.

A Li sat up and looked at the brush in Miao Miao's hand. Although she didn't draw well, she had a general appearance.

"Miaomiao, is dog your zodiac?"

Miao Miao raised her eyes, "how do you know?"

"I peeked."

A Li is smiling, looking at the girl at that end at the moment, suddenly thought of something, "Miaomiao, you close your eyes."

Miaomiao doesn't know what Shuishui is going to do, but during this period, Shuishui is much more active than before. She likes this kind of water very much. In addition, many children have left the orphanage, leaving them to depend on each other.

Although she was envious, she still felt very happy to be here with ALL.

Shuishui takes off her jade pendant from her neck and hangs it in Miaomiao's neck.

"Well, you can open your eyes!"

Miao Miao opened her eyes and saw the pendant in her neck.

"What's this..."

"I don't know. The dean's grandmother said it was mine."

"What are you doing for me?" Miaomiao said that he would take it off.

"But I'm not a dog. It's no use coming."

"But... I heard that the jade pendant only has one master. If you give it to me, it will be angry."

Ali took the jade pendant, put it in the palm of her hand, and closed her eyes for a few seconds. Muttering, I don't know what I said.

Then he opened his eyes.

"Well, I have told him that it will take you as its master in the future --!"

Miaomiao, "..."

"Miaomiao, the dean's grandmother is looking for you --!"

Miao Miao handed her picture book to a Li, "help me draw the rest."

"Good --!"

However, after a Li finished the painting, he didn't wait for Miaomiao.

Later, I learned that Miaomiao had been adopted.

.....

Chen Xiaoxiao's dream is very strange. She dreams of an orphanage, which is very shabby and hideous.

She didn't know where she was left at the moment. She only knew this place when she saw a few words of the sweet orphanage.

She knew she was an adopted orphan, but she didn't know which orphanage she was in before.

She has never had such a dream in such a long time.

It's a black and white room.

Inside, there is an old woman.

"Miaomiao, there is an uncle and aunt who wants to adopt you."

"Grandma Dean, I don't want to go back with them."

"Why? Don't you want to get out of here? Now they are living a good life. Now they have gone to school. The schools in the city are much better than here. If you follow me... "

"But I'm gone. What about water?"

"The child has a bad heart. There were several people who wanted to adopt him, but her body is..."

"Grandma Dean, Shuishui is my best friend. I can't leave her behind."

Chapter 748

"Silly boy, such an opportunity is precious to you."

The dean's eyes are full of worry. These two children are growing well.

If a family doesn't get sick and has a clean foundation, how can we not find an adopted family.

In fact, before they come here to adopt their children, they will get a photo album. In that photo album, there are photos of these children.

Many couples come to the orphanage with photos and want to adopt the two children, but after all, they are about to become a family. I hope the child will be treated well. The dean will tell them what they know about the child.

Many couples shake their heads after hearing about the two children. If they are healthy, they should have been adopted long ago.

In the orphanage, the younger the child is, the greater the chance of being taken away. Because she is young, she doesn't know anything. But when she is old, she knows a lot of things, so she will not be close to her adoptive parents.

"I want to be with water."

The Dean frowned and sighed, "the couple just want to adopt a child. What's the situation of Shuishui now? You know, Shuishui, she..."

Half way through, the dean said nothing more.

Although Miaomiao is still young, she has already understood some things.

Miaomiao is also responsible for Ali's latest medicine.

"Grandma Dean, I don't want to leave the water."

Just at this time, a young woman came in, looking at the child at that end, she heard at the door.

The so-called Shuishui child actually saw the right eye when he came here. Unfortunately, he had heart disease.

"Mrs. Chen."

Mrs. Chen walked over. She had a beautiful face and delicate makeup. She looked like a rich lady.

"Little girl, you go back with me, your friend, how about I pay for her to see a doctor?"

"Can't you take her back with you?"

"My husband and I can only adopt one child."

This is the adoption rule. Each couple can only adopt one.

In fact, it is also to prevent these children from being given up again.

"Miaomiao, you can go back with your uncle and aunt. The dean and grandma will take good care of the water."

"But..."

"Miaomiao, don't you want to save water?"

"If I go back with you, will you save her?"

"Of course."

In the flustered operating room, people come and go. The light on Chen Xiaoxiao's head is dazzling. She seems to see someone pacing in front of her, "scalpel!"

"Doctor, the patient's signs are stable."

"....."

"....."

The scalpel didn't know where it went. Chen Xiaoxiao fainted again.

.....

Su Xiaowan and a Li are locked up in a dark room. They can't tell when. From time to time, someone will bring them food.

But a Li is so dizzy that she can't feed much food at all.

"I want to see you, sir!"

Su Xiaowan looked at the maid who came in. The maid was carrying something. At the moment, she looked at Su Xiaowan, "is our husband what you can see when you meet?"

"What about her? You don't care whether she's alive or dead? "

Su Xiaowan points to the girl in her arms. Ali has been talking in her sleep. She doesn't know what happened.

Anyway, the body has been very hot.

The maid took a look at a li with scarlet cheeks and put down the dishes.

Then he ran out.

She ran to the other end of the room and knocked on the door.

Brother Chen came out to look at her in a panic.

Chapter 749

"Brother Chen, the young lady is still suffering from a high fever. She hasn't woken up yet."

Brother Chen's face sank. He tied the man. Although he didn't expect Mo Sheng to do it, he did. He used Ali as a weight to exchange what he wanted.

In brother Chen's heart, since Aunt Li brought him to this place, he took Mo Sheng as his example and always worked hard towards him. Mo Sheng would listen to whatever he said.

Never disobeyed him.

But this time, such a thing was beyond his expectation.

Mo Sheng's ruthlessness is far beyond his imagination. Lian Ali, the child he raised by himself, is no less intimate than his own.

I always thought that Ali was the same as Aunt Li. After all, Mo Sheng would show kindness to strangers. They thought that Mo Sheng wanted to protect people when he brought them back.

But now it seems that even so many years have passed, many things have not changed.

For example, Mo Sheng's indifference and ruthlessness.

"I asked you to put the medicine in the food? How come the fever hasn't abated! " After all, people are locked up by Mo Sheng. No one dares to disobey Mo Sheng when he says one is one and two is two.

Therefore, they can only take the lead. After all, Ali grew up with him and he can't watch her die.

"I put the medicine into the meal according to what you said, but the young lady was in a coma all the time and didn't take a bite. I'm afraid it will burn down like this, young lady..."

"You call the doctor and I'll talk to your husband!"

"Yes."

The maid ran to the door in a hurry.

Brother Chen went in to change his clothes, and then went to Mo Sheng's room.

But the housekeeper told him that Mo was born.

Brother Chen took the doctor to the room where Ali was locked.

When the door opened, Su Xiaowan saw the light outside the corridor and realized the long lost sunshine outside.

Brother Chen takes a look at the two women on the ground. Su Xiaowan holds a Li, whose pale face seems to disappear at any time.

"Come and show her."

The doctor was so cold that he took his bag in a hurry.

Kneeling on the ground.

The doctor is from outside, because Ali is skilled in medicine and is very skilled, so there is no need to invite other doctors outside.

Doctors rarely see such a scene, even the hands are shaking at the moment.

"When did she start to have a fever?"

The doctor reached out and tried the girl's forehead. It was so hot that he took the thermometer. It was almost 38 degrees.

"These days." Su Xiaowan didn't know exactly when.

She's been in this place for at least two days.

"Why did it take so long for me to come here?" The doctor frowned, never seen such a serious high fever, "she must be sent to the hospital now, in such a fever, but even the lung will burn out, you here airtight, air circulation, and then go on like this, you will soon have a high fever."

"What are you doing? Give me a hand and send me to the hospital!"

The maid took a look at the elder brother Chen standing there and saw that he did not speak, "elder brother Chen!"

"Get someone to drive."

Brother Chen walks over and holds up the girl who was on Su Xiaowan's leg.

"When you come back, I'll explain myself. Now I'll pack up the lady's things and go to the hospital at once."

The maid took a look at Su Xiaowan at the other end. This place is used by them to detain the subordinates who made mistakes. Because it's not airtight, it's called "Heaven shouldn't be" and "earth doesn't work".

"What about her?"

Chapter 750

"It's none of my business whether she lives or dies!"

Su Xiaowan originally wanted to go with her, but when she listened to this sentence, she staggered angrily

Sure enough, there is no good man here except Ali!

She angrily watched the door close. Now she was sitting on the ground. Her knees had been numb. She didn't know how long she had been pillowed by Ali.

I hope Ali is OK.

After all, if it wasn't for herself, she wouldn't be.

Su Xiaowan reaches out and touches her neck. Her hand holds the key, which is full of secrets. At the same time, it also makes her think hard.

When the old man gave her the key, he didn't take it seriously.

But this villain just gave people the feeling that such a broken key seems to be

Su Xiaowan's brows were tightly locked together and couldn't stretch.

She has to get out of this place as soon as possible.

But now, it's a question of how she can get out.

Su Xiaowan looked at this place. There were walls on all sides, but there was a toilet in another place. But there was only one toilet in the toilet, but there was nothing in it.

There are no windows.

To run, there's only one door.

Su Xiaowan looks at the food on the ground and has a plan.

She gulped at the food and stuffed the rest of it into her mouth.

.....

Dark night, the moonlight, a man standing in front of a tombstone, so quiet standing, do not know how long this action has continued.

"Tell me what's good about him! I've been thinking about it for more than ten years. I'm so much better than him. Why do I choose him in the end? "

Man's voice with helpless, but there is a kind of speechless doting.

Probably only at this moment, facing the person in front of you, will you put down all the burden.

He is mo Sheng, just pure Mo Sheng.

"I saw your son a while ago. He looks like him! The more you look, the more angry you are! Ali, do you think I'll kill him? "

Ear, is the whistling wind.

Winter wind, cold too much, like a knife in his heart, he has always believed that there are gods in the world, and Jolie has always been there, otherwise, at that time, he will catch the little rabbit, why not kill him.

Let him be the queen.

But I still want to save his life. It's not him at all.

"I come to see you every year, but your heart is always on him, you heartless smelly girl!"

His reply is still the wind.

He stood there, not very sad.

Because they are destined to meet.

It's just a matter of time.

Maybe when he got older, he didn't see anything as sharp as before, but for Jolie, he thought about it all his life.

Soon, a bodyguard came up.

"Sir."

"What's the matter?"

"Miss a Li was taken to the hospital by Shen Chen!"

That hand saw Mo Sheng didn't speak, "miss a Li had a high fever, the doctor said that she was about to burn out the body organs, Shen Chencai made his own decision and took people out."

"When did you start to help him out?"

"I'll... I'll be punished."

Mo Sheng Eagle Falcon's eyes took a look at Jolie's tombstone and walked down the mountain.

"Where's su Xiaowan?"

"Miss Su behaved strangely. She ate all the food she didn't eat before, and even ate all the leftovers before."
