

good evening 751

Chapter 751

Mo Sheng's face reveals an obscure smile. It's the first time I've seen her like this.

I don't know why, but I feel uneasy.

But soon, Su Xiaowan knew what his intentions were.

News came from home that Su Xiaowan had an accident.

.....

When Mo Sheng arrived at home, the maid stood crying and was crying, "I don't know what's going on. Miss Su fainted. I just touched her body and there was no temperature."

This is the first maid to find Su Xiaowan fainting.

Su Xiaowan is locked up in this place by Mo Sheng and has always been concerned. After all, Mo Sheng didn't want his life, so they dare not claim it at will.

But just now, the maid went in to deliver water and found Su Xiaowan lying on the ground.

In a hurry, he immediately contacted Mo Sheng and called the doctor.

"In the case of hunger or fatigue, hypoglycemia may occur in the human body, and dizziness, palpitation, fatigue, sweating and other symptoms may occur. In severe cases, syncope may occur. Generally, timely supplement of sugar is enough. You don't have to worry too much, sir!" As soon as the doctor finished speaking, he saw the man standing at the end and gave a shriek.

Mo Sheng looked at the woman lying on the bed. The girl was lying there with a pale face. She didn't know whether she was dead or alive.

"Sir, the girl in the room is in stable condition. Have a good rest..."

"You can't die."

Su Xiaowan lay on the bed, listening to this sentence, his face stiff.

As expected, he was an inhuman old man. Now it seems that he is much worse than that bad old man.

She just woke up and heard this sentence.

She frowned tightly and didn't think that she would faint because of intestinal discomfort.

She wanted to take the maid who came in to deliver water, exchange clothes with her and run out.

After all, Ali has been sent out. The man just now seems to have a close relationship with her. She should be OK.

Just now, a package of acupuncture needles fell out of Ali

Unexpectedly, she fainted because she hadn't eaten for a long time.

But now she's out. Although Su Xiaowan keeps her eyes closed, she can feel the cool wind coming here. It's much better than that copper wall.

.....

Mo Liting knew about Su Xiaowan three days later.

"It's not easy to meet an interesting girl."

Mo Heng stands at one side, "that wench looks at float impetuous, disappeared also."

"Are you prejudiced against her?" Mo Liting listened to Mo Heng's cold mouth and couldn't help saying.

"I just don't think she's suitable for young master! The eldest miss of the Chen family is considerate and can take care of people. If the second master is with her, she will be happy. "

Mo Liting looks at his painting, Chen Liangliang.

At first, he felt the same way.

Chen Liang Liang is gentle, generous, beautiful and capable.

It's the best help.

Although family status is not as good as Mo's, it's enough to be nice.

Can he this period of time, suddenly feel that girl is also good.

Maybe he was biased against her from the beginning, so he ignored her good

That girl, pure like a piece of white paper, enthusiasm full of sunshine, like her

He couldn't help being soft hearted.

"Where's ah Yan?"

"The second master has been running to the hospital all this time. I don't know if he is ill."

Chapter 752

"You call ah Yan to come back. I have something to tell him."

Mo Heng stood there, "if you have anything, just tell me."

"There's really something you need to do! Find that girl. "

"....."

"Mo Heng, you have been with me for so many years, and you don't have a day to live for yourself. Do you regret it?"

"Never."

"When you find that girl, go back to your hometown."

"Sir, what are you talking about? My life is yours. My life is for you." Mo Sheng is as old as he is. Listening to this sentence, he kneels down directly.

"Mo Heng, you are just too stubborn. I know how much time I have left! In my whole life, I feel that it's stolen every minute of my life. God is very kind to me. Let me find him before I die. That's enough... I've dragged you down for half of your life. In the future, it belongs to you. You are no longer my shadow, you are you. "

"Sir, if you say something nice, you will live a long life. The doctor also said that you are in good health recently. Don't think so much. Things will get better and better."

"Last night, I dreamed about her."

When he talked about that person, the corners of his mouth bent. Although he soon recovered to the original state, Mo Heng knew that that person was the softest place in her heart. Even if he just mentioned it, it was warm.

"You must have had these dreams because the young master has been making trouble recently. You can't really say that we've been looking for your wife for so long, but she doesn't have a clue. Maybe she's still alive!"

"Mo Heng, don't lie to me any more. I'm not a teenager, and I don't have the ability to bear it. At my age, half a foot is stepping into the loess, and I'm dead. For me, there's nothing I can't mention. Fortunately, ah Yan is back, otherwise, I don't even have the face to see her."

With that, the old man began to cough heavily. He was not in good health. A while ago, Su Xiaowan accompanied her to talk, as if things were better. But these days, he was either sitting there painting or cutting branches outside.

Don't talk to others, just silence. Even today, I suddenly said these words to him.

"Sir, you are tired. I'll help you to have a rest."

Mo Heng helped Mo Liting to bed, but he didn't expect that Mo Liting didn't wake up again.

Su Chen came in a hurry to check the condition of moliting.

Just shaking my head.

"Sir, he..."

"Yesterday was good. Today I can't get out of bed. I can't even eat. I can only get some nutrient solution..."

"I'm afraid it won't last a few days, sir."

And here, Feng Yan got the diagnosis report of the hospital.

He was hypnotized

Su Yan saw the diagnosis report in his hand, "this is not my judgment alone. I think you should go back and ask your old man about the rest!"

Su Yan's eyes reveal sincerity. He just looks at Feng Yan and turns to leave.

"Dr. Su, the patient of 1102 is in a hurry to be discharged, but she didn't pay for the operation."

1102 ?

Chen Xiaoxiao?

"Is she well?"

"Not yet! I didn't even remove the gauze. I don't know what happened. I just want to leave the hospital. I can't persuade you! "

"I'll see."

Chapter 753

Feng Yan almost raced back.

He wants to know whether the woman in his dream really existed.

But in the door, but listen to housekeeper Mo scold the maid inside, and then, rushed out in a hurry.

"Second master!"

Housekeeper Mo stayed up all night, and his face was not very good. He was nearly 40 years old. Although he was a few years younger than molting, the tossing things in recent days probably drove him crazy.

"Second master, you can count it. Master, he..."

Feng Yan didn't have much affection for his father, just like a voice told him subconsciously.

"What happened to him?"

"The master can't do it. The doctor said that he has been in bad health for the last two or three days. The doctor said that he couldn't survive the new year, but didn't expect..." I didn't expect to survive the new year, but in the end

With that, he just looked at the man at the other end and sighed. A maid came out of the room, "housekeeper Mo, it's not good. The master vomited again --!"

Smell speech, originally angry want to go with Mo Li Ting theory, but now just rigid stand there man, for a moment, unexpectedly don't know how to do.

It was only a while ago that I saw that he was full of spirit, but now... Suddenly he was very ill?

"What are you doing? Go and call Dr. Su quickly."

"Yes, I'm going."

Housekeeper Mo took a look at Feng Yan. "Second master, please feel free. I'll take care of my husband. During this time, you'd better go home and accompany him more."

Then he ran into the room without waiting for Feng Yan to say anything more.

Inside, the sound of Kuang Kuang came continuously, which showed that he was in a panic.

In a few minutes, Su Chen came with a medicine box and saw the man standing there

Then he ran in.

He stood there in a daze for a few seconds, and finally followed closely.

In that room, there was a faint smell of sandalwood, which was very familiar, but it seemed that the smell in the middle was not the one before.

Feng Yan saw the panic crowd standing there, and the man lying there.

Although the head is blocking the screen curtain, you can see that the thin appearance is completely different from what you saw a few days ago.

Like... A serious illness, all of a sudden cost too much energy.

He even drinks the medicine, is others tough feed into.

"How much of a drink, sir."

But the man at that end was tough and said, "I don't... cough..."

Feng Yan listened to her voice, which was different from before. Now the voice color is very rough, as if at any time

I coughed like this and ordered a room full of sandalwood.

The man stood on one side, and no one noticed Feng Yan, because everyone's eyes were focused on him, as if now she was the object of all people's attention.

It needs to be held in the palm of the hand.

He went to the side of the sandalwood, opened the antique sandalwood box, took the lid, and crushed a piece of sandalwood directly.

The sandalwood, which used to have some fire, was extinguished in an instant.

"Second master, the old man said he couldn't put it out. He would be angry if he couldn't smell it."

It's all like this. I'm still angry.

Feng Yan's eyes fixed on the sandalwood in front of him. "If he wants to ask, he says that I put it out. If he wants to be angry, let him be angry with me."

Chapter 754

"But..." the maid wanted to stop talking. At last, the maid urged her to let him go. Then she hurried over with her things.

Feng Yan looked at the head full of people, just ready to turn around, a person so hit him.

"Second master." The bodyguard was startled, where he thought he would bump into the man in front of him.

Now I can't help getting nervous.

"What's the matter?"

Seeing him in a hurry, Feng Yan asked at the moment. He didn't know how to ask this sentence suddenly.

"There's something urgent... I'll call sir." The bodyguard naturally knows the principle of confidentiality, and not everyone can say about it. Looking at Feng Yan at the moment, he is not willing to say anything.

Feng Yan looked back at the crowd at that end. Now, there are other things on his mind.

"Come out with me."

"....."

The bodyguard is just like the monk of Zhang Er. He can't figure out what he is going to do.

After all, these two masters are so cold to everyone.

As well as to the old man, is also a pair of indifferent look.

But now

The bodyguard swallowed his saliva. At this time, he didn't care. After all, Feng Yan told him to go out. What could he do.

"Second master."

"He asked you to look into something." A man's straight talk.

So direct, let bodyguard have for of don't know what to do, "I... second master."

The bodyguard was staring at, for a moment completely unbearable, he became tough for a few seconds, and finally hesitated.

"It's about Miss Su. Do you really want to hear it?"

Miss Su?

"Say --!"

Feng Yan doesn't know anything about Miss Su or Miss Chen.

I don't even know who she is.

But at the moment, I always think it's strange.

"It's the woman the young master brought back during the Spring Festival."

Afraid that Feng Yan didn't know, the bodyguard explained. He dropped his eyes and thought about it carefully. It seems that the second master can only do it now.

After all, that gentleman's younger brother is not an ordinary person.

He had heard some of the old people's stories before. Although these old people have retired now, it's hard to avoid hearing so few gossip.

"The old man was worried about Miss Su and sent me to check her whereabouts. Now she is... Arrested."

"Who?"

"It's... It's Mister's brother."

younger brother?

Why didn't he know that his father had a brother?

"Second master, you said now..."

"I know about it."

With that, the man turned and left, and then the bodyguard was numb, which

I see. What do you mean?

He felt his head and finally told housekeeper Mo about it. Of course, he also told him about what he blurted out to Feng Yan.

Smell speech, Mo housekeeper sighed one breath lightly.

"You send some people over. If the second master doesn't save people, you'll save them. Remember to ensure Miss Su's safety. Otherwise, the master will not forgive you. "

"Yes."

When Feng Yan went out, suddenly someone at the door was looking for him.

"It's them who can't get rid of you unless they know you."

Feng Yan followed the voice of the other end and looked at several people at the other end. As far as he was concerned, he was strange to the extreme.

But from their eyes, they saw a hot spark, as if... It was the woman they saw that day.

"Ah Yan, it's really ah Yan..." the old lady couldn't sleep after su Xiaowan said that Feng Yan was still alive.

Chapter 755

If you don't see people with your own eyes, you can't believe them.

After all, he raised his own child, and he really raised Feng Yan as his son.

So, dragging his tired body, he came here and inquired for a long time before he found this place.

However, this place is not so easy to find. Rich people have many rules, and they say that this is not the dialect here, so they are almost sent to the Public Security Bureau.

Fortunately, Feng Yan just came out at this time.

The old lady is time to run past, since childhood, this child is sensible, he is also very good to her.

Respect, love.

For such a long time, the person she talked about was Feng Yan. Now that she saw the real person in front of her eyes, how could she resist not hugging him.

Feng Yan was held in a warm embrace. The embrace was warm to the extreme, like the warmth that I haven't felt for a long time.

At that moment, even some reluctant to push away.

If it had been before, this man would have been thrown out by his subordinates, but now, he even indicated with his eyes that Wen Sheng should not act rashly.

"It's really ah Yan... My ah Yan..." the old lady burst into tears. She felt that at this moment, everything was complete.

There are also Feng Xinling and Shen Xiaobei. Of course, the old man is sure to come back.

Almost all the family came.

They had been flying for several hours, but they were already very tired, but the old lady had to come because of her discomfort.

They had no choice but to let him.

Chest, as if wet with tears.

"Ah Yan, where's Xiao Wan?" Feng Xinling comes up and looks at her brother at the end. It's not clear how long she hasn't seen him, but every time she sees him, there is always warmth in her heart.

All these years, they are the two elders that Feng Yan took care of, and the two elders also told her about Feng Yan's life experience.

But no matter what, he has always been her brother and will not change.

Feng Yan's heart felt convulsive, like the symptoms of a heart attack. Many pictures appeared in his mind.

He pressed his head uncomfortably.

"What's the matter? Ah Yan..." The first one to feel something wrong was the old lady. At the moment, the old lady raised her eyes and looked at Feng Yan's uncomfortable appearance.

Wensheng stood up and said, "second master, what's the matter with you? Are you all right? "

The man's eyes fell on the woman in front of him for a few seconds, and then he only looked at the man's lips.

"Ma --!"

Old lady Feng was so excited that she grasped his wrist.

"Ah Yan, I'm Mom --!"

She seems to go back to that time when Feng Yanci called her mother.

And the man's eyes look behind him.

"Dad, sister --!"

Smell speech, a few people all show happy smile, but also just so a second, then listen to Feng Yan's voice.

"Mom and Dad, sister, you wait for me here for a moment, I'll go --!"

Then the temperature rise is still in consternation, watching Feng Yan jump on the sports car.

Then the car sped away.

He grasped the reverse disc, and now his brows were locked together.

All kinds of pictures flashed in my mind, especially... Su Xiaowan.

That face, with his dream face constantly overlap.

He sped up, almost like Biao.

Su Xiaowan, I won't let anything happen to you!

Chapter 756

Su Xiaowan watched the door open and immediately closed her eyes.

She felt several people approaching, then quickly put down her things and went out.

Su Xiaowan opened her eyes again and looked at the things at the head of the bed. The light at the head of the bed was weak, but she also saw the wall clock.

It's already seven twenty-five.

She's been lying in bed for hours, unable to move, not even to open her eyes.

The light is so stiff lying there, the whole body nervous.

She is also racking her brains to think about her plan.

In the past few hours, she also heard the villain tell her men to come to check their situation regularly.

But just now she heard the maid say that 7:30 is the meal time. At this point, they all go to eat.

If you miss this time, you won't serve the meal.

Su Xiaowan looked at the clock so little by little to move, in the heart uneasy.

She touched the pendant in her neck. Fortunately, the pendant is still there.

Just as she was convulsing to get out of bed, suddenly the door opened.

She felt her heart thump.

She was not sure who came in.

Clenched his fist, so hard lying under the quilt, I don't know who it is.

But he can be sure it's not a maid.

Mo Sheng walks and looks at the woman on the bed.

Just a look, brow locked.

He saw the pendant in the woman's neck.

Su Xiaowan only felt that the footsteps were getting closer and closer, because he closed his eyes, so he felt his other feelings, especially sensitive.

All of a sudden, the pendant in her neck was held by someone. Almost instinctively, she reached out and grasped the key directly.

The key chain was originally just a luxury brand. Su Xiaowan thought her family's clavicle chain was beautiful at that time, so she bought it.

The chain is thin, which can stand the man's pull. I don't know when the chain at one end will open.

The chain just broke.

And Su Xiaowan, holding the key.

"Why not?"

Su Xiaowan listened to the voice and knew he couldn't put it on.

She simply opened her eyes and sat up, holding the key in her hand. She was very angry.

"I thought you were a man of no choice, but I didn't expect that you would like to do this kind of furtive thing." When she said it, she was angry. Her angry face looked lovely.

"Sneaking? What do you say about me? "

"Isn't it? If I don't get the midnight watch, I'll take advantage of my coma and grab it Su Xiaowan looked at the old man in front of him, "I thought you were a person who disdained to do so. It seems that I think you are the best one!"

"Oh, you little girl, your mouth is very smart."

Su Xiaowan looked at the disdain on the man's face. She was very angry. "You've broken my chain. What else can I say?"

I've been caught. I'm so proud. I've never seen such a person.

Thanks to her age, I don't know what to say!

"It's just a broken chain."

Su Xiaowan is holding the key pendant. In fact, she can't understand the person in front of her. She thought he didn't care about it, but now it seems that he can do anything if he is in a hurry.

Now, Su Xiaowan has no idea what to do.

Hesitated for a few seconds.

Chapter 757

When Su Xiaowan had no other thoughts, he thought about the big deal.

"Do you know why I want this key in your hand?"

Su Xiaowan raised her eyes, and now her eyes were fixed on the speaker.

I always feel that this person is mysterious, as if I know a big secret.

"It seems that he didn't tell you the origin of the key when he gave it to you."

The origin of the key?

Su Xiaowan looked at him, and the old man gave her the key without hesitation.

Now I am looking at the man in front of me, so eager to get this key.

In the middle

The man took a step closer.

"Actually, the key is mine."

Su Xiaowan looked at the man in amazement. After that, she showed a sarcastic smile at the corner of her mouth. "Sir, I'm not a three-year-old. You don't have to make up a story to cheat me."

"Don't you believe it?"

"The key doesn't belong to me. I have no right to believe you. The old gentleman gave it to me. I just keep it for him. I don't have the right to decide. But what you just did is really hard to wait for elegance."

He wants to return things.

Mo Sheng looked at the man at that end, "what I want will never fail, little girl. Believe it or not, I'll kill you."

"You don't have to waste your time. I won't give it to you. Even if you kill me, I won't give it to you. What's stolen is stolen. Even if it's stolen, it will be robbed one day."

At that moment, he seemed to see her.

She said, Mo Sheng, I've got someone I like in my heart. Even if he doesn't like me, I like her. In my life, I can only hold a man in my heart. I'm sorry.

"What's stolen will be taken away? Who told you, what I want, I always have a way to keep it in my hands. "

"All things have spirit. In this world, what we pay attention to is fate. What is yours is yours. What if you don't ask for it? I believe that your status, you have a way to make it in your hands, but you will not be old, will not die? When you die, can this thing follow you? "

In front of this person, too paranoid.

Mo Sheng looked at her, angry.

"How dare you teach me?"

"I'm not teaching you a lesson. I'm trying to reason with you. Am I wrong?"

"Stubborn, do you think I really dare not do anything to you?"

"What will you do to me? I have always believed in your means. You want my life, that's what you say. But I always believe that since you can bring Ali from the orphanage and find someone to help me see a doctor, it shows that there is a little soft place in your heart, which has not been swallowed up by your

cruelty. But you are too paranoid, no matter what others say, Will only comply with your own ideas, in short, you do not let go of the people, only you, you do not feel tired? Is it interesting to live like this all the time? "

"What do you know! Don't tell me who you think you are

"I don't know anything, but I know that it's not easy for people to live. We should cherish the people around us, and don't live in pain."

"I don't need you preaching yet."

Suddenly, someone called at the door.

"Sir --!"

The man looked at her and said, "it seems that he has recovered. Then roll into the dark room for me."

In fact, Mo Sheng doesn't know why he is so tolerant to the girl in front of him.

Mo Sheng walked out, and now the bodyguard at that end was close to him.

"Mrs. Qiao's niece is Chen Liangliang."

"What did you say?"

Chapter 758

Chen Liang Liang is a woman. He knows her very well.

"Confirmed. Moreover, this is as like as two peas of Miss Chen's past, which is to be pulled by hand. It is exactly the same as the material we have shown.

"Because of the current debt of her family, Miss Chen wanted to sell the jade pendant. We paid a lot of money to buy it back."

Jolie is dead, and Jolie's family has long passed away.

Now, the only thing they can know is the jade pendant.

This is the only token between them.

"Although Miss Chen, she is... But I think she also wants to marry into the Mo family because of her extreme desire to contact the plight of her family." As a bodyguard, I naturally know men's concerns. After all, in my husband's mind, Mrs. Qiao is a warm and virtuous woman, but the lady they are looking for is... Cruel and cruel.

It's totally, one heaven and one earth. It's hard to accept.

"Miss Chen loves her parents very much. Chen's parents are also kind-hearted people. It must have been because of love that she lost her head. After all, I'm afraid we can't be indifferent to who is responsible for this."

What kind of family is this Mo family? It's a big family that many people dream of. Although Chen Liang Liang's family is also in business and has some small money, no one will dislike more money anyway. In particular, the second master of Mo family is so handsome that I'm afraid that a woman wants to marry him.

But when Miss Chen came into contact with them, they knew more or less about this woman, cruel, resourceful and resourceful

Completely unconvincing, this woman is Mrs. Joe's niece.

By such a say, Mo Sheng is thought of what, "find out why Mo Li Ting chose her?"

"This... Has not been found."

"Waste."

Mo Liting, who is so careful, will never choose a person so easily, especially Chen Liangliang, who is just an ordinary business man.

"I'll find out as soon as possible, sir."

"Just... During this period, Miss Chen..."

"Don't act rashly. Send someone to protect her."

"Yes

After the bodyguard left, Mo Sheng held the jade pendant, which he and Jolie had chosen for the child before he was born.

Jolie had no brothers or sisters, but grew up with her mother's sister.

So, that child, Jolie, is like her own child, from time to time to buy her things.

That jade pendant, crystal clear, in the night, scattered blue light.

After all, the ten Chen family's property may not be as valuable as the jade pendant in front of him.

It's priceless.

The designer at the beginning, but he spent a lot of time talking.

In this world, it is unique and valuable, which can be valued by these auction houses at present.

And it's also the pinnacle of this designer.

He took things into his study, study, there is a picture of him and Jolie.

How about Mo Li Ting with her? Up to now, there is not even a group photo.

He touched the woman in the picture with his finger. For so long, they were all old, but she was the only one who had never changed.

Knock, knock.

Chapter 759

"Sir, the second master of the Mo family is coming!"

The night was deep, and the curtain, which was half open, could see the darkness outside.

Su Xiaowan is sitting in the room, embarrassed. He is going to be sent back to the airtight place. If she doesn't run now, she has no chance at all.

She listened that there was no movement outside. Now she crept down to the bed. Now she went to the other end and locked the door gently.

Then, ran to the window.

Her floor is on the second floor, but it's not low. In addition, she's not sure how deep it is.

No matter what, she can't stay here to die.

The obsessive man, who knows when he ran out of patience, does not know how many times things like today will happen.

She opened the window, but she was afraid that she would fall down and die. She tore a lot of sheets and hung them on her from the foot of the bed.

She carefully climbed out of the window.

Want to jump down, suddenly the living room in a hurry of footsteps, there are voices of discussion one

after another.

Is there a guest?

What does she do now?

Fortunately, the wall on that side has a place to settle down. Su Xiaowan holds the quilt cover tightly against the wall and moves little by little.

Anyway, she can't get out of her own house. After all, she has many people and many eyes.

In the end, Su Xiaowan couldn't make it. She had to go to the other end.

At this time, Su Xiaowan found a dark room.

No matter what happened, I opened the window directly. Fortunately, the window wasn't locked.

At this moment, I'm curdling my brows and crawling in little by little.

It's a closed study.

The study was very quiet. Now I looked around with my eyebrows. In fact, there was a little insecurity in the dark place. After all, it was because this place was not my own.

He didn't know what to do.

This place should be the villain's study.

Su Xiaowan frowned and moved little by little. At this time, Su Xiaowan saw the picture on the desk.

That picture, with the light outside, can be seen clearly at the moment. It's a man and a woman.

But in fact, it's not very transparent.

At the moment is just confused to judge whether it is a man or a woman.

He took the picture and went to the window at one end, trying to see it carefully.

Suddenly I saw someone talking outside the door.

"All of a sudden, how did Mo's family come here? It's not prepared for such a sudden visit."

"Isn't that old man coming to test us?"

"Isn't that man very dangerous? If things happened in those years... I've been hiding for such a long time, isn't it because one day you can..."

"Shh."

.....

The voice was intermittent, and Su Xiaowan listened quietly. For a period of time, in fact, she heard them talking about this person. After all, she was not familiar with this place, so she didn't know who this person was.

But the conversation just now, Su Xiaowan will not stop wrong.

That man just said, Mo family.

So all this makes sense.

Listen to what they mean, you can feel their fear of the Mo family.

Awe and a little provocation.

And the man, the tone of his voice

Chapter 760

And this jade pendant, the old man tried every means to get.

She thought of the sandalwood, thought about everything here, similar to the Mo family.

At this moment, the doubts in my heart were solved all at once.

Well, this place can't stay any longer.

Su Xiaowan put down the photo, then looked through the window and climbed out again.

After all, the sheet is not long, so a few short tied together, bearing capacity is not strong.

.....

a living room.

Because of the sudden arrival of the second master of the Mo family, the atmosphere of the whole place felt like facing the enemy, and the atmosphere was frozen to the extreme.

At this time, especially, the housekeeper and bodyguard of this place are ready with weapons.

"What do you want to do, sir?"

Feng Yan came from eleven people. After all, she didn't have the element of fear. At the moment, she twisted her eyebrows and looked at this person with a fierce look. It's funny.

"Put them down and get out!"

Mo Sheng is not the first time to deal with her, but I don't know why. At this moment, I feel that the person in front of me is different from what I saw before.

The man before, he didn't have so much smoke.

But his face was as like as two peas, and at this time, he saw it.

At that time, Jolie was still there, asking her who the child would look like.

Originally, he was like this child, a girl.

However, I didn't expect to have a son.

"What is the so-called matter that Mo Er Ye suddenly came to visit?"

"You don't have to go around the corner like this. She's not alone!"

People?

It was for her.

This Mo family, after all, can not escape a word, that is love.

His father is, so is he, and so is the son who is not the Mo family.

Is this a spoony.

"Miss Su is serving me with delicious food. Mr. Mo might as well sit down first."

"Where is she now?" Feng Yan came by himself. He was very uncomfortable in such a place.

Especially when I came into the living room, it was full of sandalwood fragrance.

This sandalwood as like as two peas is not the same. He knows it as if he were a smelling fan.

In front of this person... Has a similar feeling.

"Young man, what are you doing in such a hurry! I don't know how to eat Miss Su. Do you want to hear a story? " Mo Sheng sitting on that stool, seems very idle, it seems that such things, he has already met, do not know how many times, such a picture, do not know how many times.

He didn't kill that man last time. In fact, he had a premonition about this time.

What's more, he has already figured out what to say in this meeting.

The man in front of him, dressed in a black suit, seemed to be running.

That face, in fact, has his general taste, also Jolie's appearance, boys are more inclined to mother.

That's what Jolie told him.

Jolie would be happy to know that her son is so old now.

"I'm not here to hear stories." Feng Yan's eyes are very cold. He doesn't come here to talk to the man in front of him, but to find Su Xiaowan.

She has always been the least daring. Now she is caught in this place by this man, and I don't know what happened.

"You might want to hear it?" Don't be a good inducer.
