

good evening 811

Chapter 811

"It's because I know what she is that I know her ghost thoughts. Liang Liang, you are always so kind. Some people have a face and a heart. It's a pity that I saw the wrong person at the beginning."

Chen Xiaoxiao listened to the father's slander.

As a father, she didn't expect to see her that way.

Probably because she was not born. If Chen Liang Liang had done such a thing and had such an experience, it might not have turned out like this.

Chen Xiaoxiao didn't want to stay here.

She came here today to get her hukou.

"Father, from now on, whether I live or die has nothing to do with you. Thank you for your years of nurturing. I can only kowtow to you."

With that, the woman knelt on the ground and kowtowed several times.

Chen Liang Liang did not expect that Chen Xiaoxiao should be so hard up.

In his opinion, Chen Xiaoxiao is an unruly young lady, relying on the protection of the Chen family, bullying.

But now she seems to be different from before.

As if, there are some... Heroism.

Chen Xiaoxiao kowtow, only feel heavy, her face expressionless, picked up from the ground that printed her a person's household register paper, disheartened.

The more you care about a person, the more you will be hurt.

This is her retribution.

She abandoned Su Yan, who was so kind to her. Now what she encounters is retribution.

Chen Liangliang looks at Chen Xiaoxiao's back when he leaves. There is a trace of worry in his amber eyes. Of course, the worry is not about Chen Xiaoxiao's future life, but the fear that the secret will be completely exposed.

Chen Liangliang stood there, and his parents always stood on her side.

She is only in her twenties, and a lot of experience is not enough. At this time, she has no way to make her own ideas for such a big thing.

Chen Liangliang stood there and said it all over again.

"You mean the Mo family mistook you for the niece of that lady? That's why I let you stay at Mo's? "

"Well."

"And Chen Xiaoxiao is the real niece of the Mo family?"

"Ma, do you remember this?" Chen Liangliang took out the jade pendant from his pocket.

"This is Chen Xiaoxiao." Mrs. Chen naturally remembers that at the beginning of the jade pendant, she felt proud. With the temperature perception, when she came out of the orphanage, Chen Xiaoxiao had such a pendant on her neck.

"When Xiao Li cleaned up the room that day, I didn't do anything, but do you remember when I came back with a ten million check?"

"Remember, your father's company encountered a little trouble, you said you sold all your jewelry..." Mrs. Chen naturally knew about it, because the Chen company encountered a little problem at that time, there was no movable capital, left and right, and she didn't get much money.

Later, Chen Liangliang came back with a check saying that she had sold all her jewelry.

But they were all so happy.

Feel that their daughter sensible, will learn to share the burden on their shoulders.

Therefore, it is also from this matter that they feel that only their own daughter is considerate. Even if other people's daughters are raised so much, they are not their own.

"That day I sold my hand gesture and this jade pendant, but a few days later, I went to Mo's house, the housekeeper Mo, and gave it back to me, saying a lot of strange things.

Chapter 812

I didn't pay attention at that time, but now I think it's mostly because I blocked the jade pendant at that time, but the Mo family didn't know how to see the jade pendant, so they found me... Mom and Dad, I came back today because... it's really small... After all, it's her family. I want to explain the misunderstanding clearly and let Xiaoxiao go home as well... "

Chen's parents were shocked by Youwei's speech.

But soon, Chen's father rejected Chen's idea.

"Liang Liang, how could that smelly girl have anything to do with the people of the Mo family? Her father was a prisoner of death. I went to investigate at that time, and I couldn't be wrong."

"Maybe it's a mistake. Maybe, Dad, this jade pendant can't be bought by anyone."

Chen Fu took a cigarette and lit it.

Because Chen Liangliang went to Mo's house, he didn't know how the people in the shopping mall knew about it. Everyone thought that they were going to have a relationship with Mo's house soon. Those who didn't like themselves threw olive branches with him and wanted to cooperate with him.

These days, people come to the home, is also in an endless stream.

If... Thinking that he just scolded Chen Xiaoxiao out, it's obviously impossible to ask him to come back now.

It's someone else's daughter, not your own

Mrs. Chen naturally thought of the respect of those rich wives these days. She knew that it was just because she had a little relationship with the Mo family.

But if

"Why don't we make a mistake? Anyway, the people of the Mo family don't say it clearly. We don't know. As for Chen Xiaoxiao, she doesn't know the existence of the jade pendant at all... Even if he knows it later, it won't change anything. Who will believe her? Liang Liang, during this period of time, you can get in touch with the second master more. One day, even if it comes out, If you take the second master, the Mo family will still be our Chen family. "

"But, mom, would it be unfair to Xiaoxiao?" Chen Liang Liang's eyes were fixed. Although at the moment, Mrs. Chen said this, she was happy.

"Let your mother bring her some money tomorrow." What Chen's father said naturally agreed with Mrs. Chen's proposal.

In the eyes of the Chen family, interests are above everything else.

Chen Liang Liang has lived with them for so long, how can he not be clear!

With the help of her parents, she naturally became a lot more bold.

"Mom and Dad..."

"Liang Liang, you can rest assured to do what you want to do. Your parents will always be your strong backing."

Chen Liangliang got the support of his parents and drove back.

But unexpectedly, before she was happy, she was directly hit by a truck.

The fire is full of colors.

Chen Liangliang knew that she could not escape.

In the distance, a man was standing there, and Chen Li was looking at the colorful picture. There was no car around him at the moment, but soon the traffic came.

Someone was shouting for help.

"Little master --!"

The man just took a look and sat in the car.

Chen Li takes a look at the man at the other end. The driver who caused the accident has already driven away. He doesn't know why the young master can't get along with this woman. Unexpectedly

However, this is not his concern.

Chen Li drives back.

But looking at the plump woman who had finished packing and stood there, "little Lord, do you really want to leave her by your side?"

"....."

"I think... But is she a little ugly?"

Chapter 813

Noticing Yan's eyes, Chen Li's chest heaved and closed his mouth quickly.

Although the fat girl is very fat, she seems to be pretty good

However, it seems that there is no merit in life other than good people.

For example, cooking is bad.

I can't talk yet.

It's boring.

I don't know why the young master let her stay? Sure enough, a woman's heart is like a needle.

Chen Li takes the trunk to the car, and Ali gets on.

In the car, the man's cold, wantonly in this car, there is a sense, a li felt that he entered the morgue.

The heating in the car couldn't warm her body. When she came in, she trembled.

But it soon recovered.

She did not look at the man around, the car gradually away from the villa.

He didn't know where to take her, although he didn't want to leave. After all, her home is here, and Mo's is here. If he left here, he didn't know when he would come back.

However, at the moment, she did not say a word.

Because she seems to have no right to choose, now she has become the passive one.

They are married.

Just yesterday.

A red card, on the desk where she woke up.

It's her marriage certificate.

He didn't think that she would really marry him, and even said, not just said, that she really applied for a marriage certificate.

But since yesterday, she hasn't seen this man. Instead, Chen Li just called and asked her to pack.

As for where to go, Chen Li did not mention, she did not ask.

Chen Li is driving. Ali doesn't know where he is going, but she still sees the villa of Mo family.

Moreover, unfortunately, she saw Su Xiaowan and Feng Yan.

Women's wrists tightly hold their hands, two hands a moment cold.

Her eyes twinkled twice, afraid that she could not help exposing her emotions. Now she turned her head and suddenly looked at the man.

In fact, Yan is looking out, but because he is suddenly staring at by the people on the side, the two people's eyes meet unexpectedly.

From his eyes, Ali saw love.

It's a hidden deep love, but even if some things are hidden well, they will be discovered eventually.

For example, his gender.

For example, at this moment.

But at the moment, Ali did not move, dark away.

Yan likes Su Xiaowan. She didn't realize it today.

But, at that time, he didn't think that way. Now, if you think about it carefully, I'm afraid this man and his lover can catch up with the second master of Mo family.

She lowered her eyes. No one knew what he was thinking at the moment.

Chen Li looks at the man in the rearview mirror and drives slowly.

At this moment, I just feel that at that moment, in the car, it seems very embarrassing.

But the young master came to Hong Kong City just for Miss Su's sake. Before he left, he wanted to have a look, which is reasonable.

But it seems that the young master is too kind to Miss Su.

But even if Miss Su looks beautiful, both men and women have a very good first impression of beautiful people.

However, the woman sitting beside him, no matter what it is, can't let the young master keep her, or even take him to his wife

You know, over the years, the young Lord has been surrounded by all kinds of men.

When the car arrived at the airport, Ali knew that he was going to take her home.

She frowned and the air pressure was low.

She went to one side, playing with her mobile phone, looking at her boarding pass, she regretted

Feng Yan and they know about Chen Liangliang an hour later.

Driving to the hospital, Chen's parents have been waiting at the door for a long time.

Chen's father saw Feng Yan coming. For a moment, he felt as if he had met the man who was very surprised. Feng Yan's aura was very strong.

That strong, like all people in front of him, are very small, only he, tall and straight, in this quiet corridor, appears different.

"Second master, why are you here?"

"How's it going?"

"Just signed the operation risk notice, the doctor said that the situation is very serious, but he will try his best to rescue..." Chen's father took a look at the woman standing next to Feng Yan, who was very small and charming.

"It's all my fault. She came home to see us, and I told her to go back in the middle of the night..." Mrs. Chen stood there and scolded herself. She was her daughter. She had to spend a lot of effort to give birth to Chen Liangliang.

Dying on the operating table, he said that he would take Chen Liangliang down.

She had a narrow vagina. At that time, it was painless, but when it came to her, it didn't work at all.

The child's head is very big. The doctor cut the bottom of her in a mess so that Chen Liangliang could survive.

At that time, she only remembered that she couldn't bear the pain. She was still there begging the doctor to let her keep her child, even if she died, she wanted her to survive.

.....

It is said that those who survive will be blessed.

She kept looking forward to it in her heart. At that moment, everything seemed to pass in her eyes. There was nothing more important than Chen Liangliang.

That's the mother.

Mrs. Chen was crying. Looking at the woman's tears, Su Xiaowan took out her tissue from her pocket and handed it to her.

I don't know why, she is a little... Envious.

I've seen too many mothers, guarding their children, even if they won't be rich in the future, but my mother just hopes that they will live safely.

But... What about her mother?

"Thank you."

Mrs. Chen looked at the woman in front of her with tears in her eyes.

"She will be safe." With such a good mother praying for her, she will be safe.

At the bottom of my heart, I didn't like Chen Liangliang. It seems that at this moment, there is no more than half.

"My Liang Liang has been struggling since he was a child... If I hadn't been nine at the beginning..."

Chen Fu listened to his words and went to him. Now he patted her on the shoulder. "Well, our daughter must be OK."

"Well."

Su Xiaowan pulled Feng Yan's clothes, Feng Yan looked at her, "tired?"

"No, it's late now, and it's cold here. I'll buy some hot tea. I don't know when I'm going to wait today. By the way, I'll buy some daily necessities."

"I'll go with you."

"Well."

The parents of the Chen family saw Feng Yan leave. At the moment, Chen's father looked at his wife angrily, "this Mo Er Ye has always been suspicious. You must pay attention to what you say."

Chapter 814

Roadside, the atmosphere of the new year, gradually a lot of light, but the atmosphere of Valentine's day, very strong.

Su Xiaowan is so busy that she really forgot that it's almost Valentine's day.

There are more working people on the road. In those office buildings, the lights are bright now, and many people are working overtime.

In such a night, the silence around seems to have changed all of a sudden, everyone is running because of life.

Hand in hand, a man's palm is warm like the warm sun in spring.

"What's the matter with you? You look worried? Are you worried about her? "

Feng Yan looked at her with no haze on her face. "I don't like Chen Liangliang very much."

"But she didn't seem to think so."

Chen Liangliang likes Fengyan. Anyone can see it, but no one has ever mentioned it.

"I've asked the lawyer to get all the papers ready. When she's out of danger, we'll go back."

"Good."

A pair of black eyes full of doting, head down to kiss her lips.

In the distance, a photographer just caught a picture.

Beautiful men and women, like a beautiful landscape.

Today, their magazine originally wanted to find a picture in line with this theme, but for a long time, it didn't take such a beautiful picture. It seems that it can't find a little bit in this busy port city.

"It's finally over today." He used to be a new type of photographer just out of school. He didn't find a suitable one all day. He thought that when he went back to the magazine, he would be scolded. Unexpectedly, he bumped into such a picture.

He looked at the photo in his pocket with satisfaction.

When Su Xiaowan and Feng Yan come back from shopping, Chen's parents are sitting on one side of the seat. Chen's father holds his wife and meets Feng Yan.

"Mo Er ye, you are so far away that you don't have to come here specially."

"How is she?"

"Out of danger, thank goodness."

Mrs. Chen did not dare to say anything in front of this man, because Feng Yan's eyes were too oppressive. She thought they had left long ago. Who knows, this man actually went to buy things for them.

Now I'm carrying big and small bags.

The more Mrs. Chen looked at Feng Yan, the more frightened she was.

She gave her husband a quiet look.

Her husband has taken care of himself a lot just now, but now seeing Feng Yan's enthusiasm, Liang Liang is right.

If it's irrelevant, Feng Yan doesn't have to come.

After all, Liang Liang is his fiancée. He has never said it to anyone, and he has never admitted it himself.

Mrs. Chen looked at Feng Yan in her eyes. Naturally, she was caught.

"Madame, do you want to talk to me?"

"No... just looking at the second master's appearance reminds me of Liang Liang when I was a child."

Chen's father was there to sweat for his wife.

But it's a relief to hear her say that.

"Liang Liang is a hard-working girl. When we met him, we almost died... For so long, I treated her as my own daughter. Now that she is ill, it's like a piece of meat has fallen from my heart... Look at me, second master, it's not too early. You can go back first. We'll just stay here. It's Liang Liang Liang's good fortune to know you."

.....

"You don't think it's that simple?"

"I just don't think it's right there, but I can't say anything. I don't know if I think too much." Feng Yan leaned there. There were only two of them left in the carriage.

Chen's parents tried hard to let them go. It didn't seem very good for Feng Yan and her to stay there. So he asked Mo Heng to call several people to protect them secretly.

He took her downstairs.

Now it's late at night, and Su Xiaowan doesn't feel sleepy. She feels very awake.

"Well, don't think about it. Your father is such a careful person. He won't make a mistake. In fact, I wish she was your sister. In this way, she won't dare to do anything else."

Su Xiaowan looks at Feng Yan with bright eyes.

"Are you jealous?"

"Of course, you're mine. I'll be jealous if people think of you." Su Xiaowan into her arms, "before, I was really afraid that you would be robbed, and I, can only look at, but powerless..."

Such days, every day and night, are a kind of torture to her. She was afraid that when she woke up, everything would become out of his control.

"There won't be any more. Don't worry."

"I believe you, and I know you are the best to me."

The man's hand held her tightly.

"Then you should know how to do it."

"... I love you."

"Again."

"Don't say a good word twice."

"Su Xiaowan, I love you."

Two people drive back, Mo Laogang passed away, the villa is still cold, Feng Yan has a lot of things today, there is a video conference.

It's about handing over the whole Mo family group to Mo nanjue.

Su Xiaowan did not disturb her, and went back to her bedroom.

Just ready to take a bath clothes, but suddenly saw a jewelry box on the table.

She went over and opened it.

It turned out to be a ring.

It's beautiful

Is Feng Yan going to give it to her?

Although Su Xiaowan likes the ring, she also wants Feng Yan to give it to her in person.

She put the ring back in the box.

After a bath, he went to bed.

After a long day, she was a little tired.

Su Xiaowan closed her eyes and fell asleep.

She had a dream.

In my dream, it's a woman.

Even smoke.

"I'm not your mother, and you're not my daughter. We'll see each other later, and we'll be strangers."

"I regret having you."

"....."

Su Xiaowan uncomfortably opened his eyes to smoke, out of sight, is the dazzling light.

She left the light on.

She wanted to get up and turn off the light, but she felt so sleepy, unable to move and dizzy.

Then, he fell into a deep dream.

This time, she dreamed of a girl.

The girl suddenly turned into a handsome man, elegant suit, tall body appeared in front of him.

He

Suddenly, a light was shining in his eyes.

It turned out to be the ring just now.

Su Xiaowan wanted to speak, but he couldn't speak at the moment. He was blinded by the light in front of him.

After waking up again.

Yes, it's Feng Yan's eyes.

"What's the matter? Have you had a bad dream

Su Xiaowan wiped his eyes vaguely, "have you finished the meeting?"

"Well." Su Xiaowan wants to get up, but Feng Yan holds her shoulder down and says, "sleep."

"Why don't you sleep?"

"Take a shower. You go to bed first."

"I'll wait for you. Hurry up."

Chapter 815

When Feng Yan came out after taking a bath, she said that she would wait for him. She had already fallen asleep.

.....

Chen Liangliang saved his life.

But after a hundred days of injury, she couldn't get out of bed, just lay there.

Chen father looked at his daughter, distressed, one side of Mrs. Chen is also holding a tissue to wipe tears.

"Liang Liang, what do you think? Is there anything else wrong? "

"I'm ok. I just feel a little pain. Mom and Dad, how long did I sleep?"

"Not long ago, you had a car accident last night. The police called home and almost scared your mother and me to death. Fortunately, you're OK."

A car accident.

Yeah, the truck was coming straight at her.

"Dad, did you catch the driver who caused the accident?"

"I haven't caught it yet. It's a suburb. There are no surveillance cameras around. That damned bastard hit you and ran away."

"Liang Liang, don't worry about it. The police will definitely catch people. You can take good care of yourself."

Chen Liangliang dropped her eyes. She took a look at Mrs. Chen. She wanted to confess something in her heart, but after thinking about it, she didn't say anything.

About her previous bump, that man is dead, and no one will know about it.

Why should she tell more people about it now?

"Liang Liang, you don't know. Last night, the second master of the Mo family came."

"Mo Er ye?"

"Your father and I think you can't be wrong."

"Then he... Mom and Dad, you didn't say anything?"

"Don't worry. Don't you know who your father and mother are? But Liang Liang, the second master of the Mo family brought a little girl with him yesterday. It seems that they are very affectionate and want to replace them. It's not a simple thing. "

As soon as Mrs. Chen's voice dropped, suddenly there was a knock on the door.

The three looked at each other.

Then a man came in.

"Miss Chen wakes up. What do you think? Is there anything else wrong? " Mo Heng came in.

Still a black suit.

Although he is only a stand in, Mo Li Ting has left him enough money, and now his position has not been reduced by half.

Mr. Chen has been in touch with her for a while, and naturally knows Mo Heng clearly.

"Mr. Mo is here. Please sit down."

"The second master asked me to have a look. How does Miss Chen feel now?"

Chen Liang Liang pursed his lips. "It's much better."

"It's a hundred days of hard work. You should rest a lot."

"Well."

Mo Heng with the doctor to understand the condition, not where to stay for long, then left.

Chen's father took a look at Mrs. Chen and angrily helped her sleeve. "After that, you don't talk much. I'm afraid you'll let it slip. It's about the lives of three of our family."

"What are you afraid of? Even if Liang Liang is not miss of Mo family, Chen Xiaoxiao is my daughter who has been raised by me for so many years. Will she ignore us?"

When Mo Heng came out of the hospital, he ran into a woman.

The woman was in a hurry, wearing a mask.

"Sorry --!" The woman bowed her head and was in a hurry.

Mo Heng just looked at the flustered woman and got into the car.

And Chen Xiaoxiao, with his ID card, is hanging the number there.

Today is her maternity day.

She almost forgot.

She wrapped herself up tightly for fear of catching a cold. The weather has become very fast these days, and the temperature difference between morning and night is also very big.

Several of the women who came in for registration all caught a cold.

She sat on the stool over there, waiting for the nurse to call her name.

Take out the mobile phone from your pocket and find out the B-ultrasound picture of that day.

She took the B-ultrasound picture and looked at it carefully.

It's just a point that can't be seen clearly, but the doctor said, that's her.

It's amazing that such a small one can grow up in the end.

"Husband, I'm hungry. I want to eat buns and cakes..."

"OK, I'll buy it for you after the inspection."

Around, a couple of husband and wife, will her in the middle.

But she didn't feel lonely.

She was there, too.

It's in my stomach.

After Chen Xiaoxiao's physical examination, the baby is very healthy, so she is ready to go back to her rental house.

But in the middle of the walk, I passed a school.

The pupils in the school are doing morning exercises.

Chen Xiaoxiao has forgotten many things before. She seems to have such a person in her memory, but she just can't remember.

She also felt like she was in her own imagination, especially when she was pregnant during this period of time.

"I saw my friend who played with me when I was young yesterday. You don't know how much he changed. He was totally 18 years old. I still remember that when I was young, I played the best with him and we were the best friends. I didn't expect that after I went to the city to study and separated from him in a school, There's no contact... When I was a child, I liked to finish rubber band dancing with him... And folding cards..."

"I still remember how to jump rubber band..." a girl was dancing square grid on the ground in the distance.

"....."

Step by step, Chen Xiaoxiao was full of thoughts.

The next second, to listen to the girl's exclamation.

"Help, is there anyone? Someone fainted --!"

.....

Chen's parents went back to collect their clothes and left a nurse to take care of Chen Liangliang.

The nurse was just found yesterday. Today is her first day at work.

It seems that it has been done for quite a long time.

Chen Liangliang couldn't find any mistakes in her care. Originally, she was very fond of picking out mistakes for the people who took care of her. However, this one seems to have no mistakes at all, so she has no fun.

"Where is your hometown?"

"In the secluded city."

"Secluded city? That place is far away from here. How do you want to work here? "

"I heard that the salary in Hong Kong is relatively high, so I came here. Miss Chen, would you like to wipe your body today?"

"Wipe it."

"Then I'll put some water for you."

Chen Liangliang looked at the nurse at the other end, took the basin and went to the wash room.

This place is a VIP ward. Mo Heng changed it for him.

Mo's family is lavish, and a ward is easy for them.

The empty ward, at the moment, Chen Liangliang is lying there.

Long time no ring mobile phone, suddenly ring.

Chen Liangliang just hurt her leg, but she didn't hurt herself. She turned over, took her cell phone and connected the phone.

"Hello."

The phone suddenly hung up.

Just looking at a text message on that phone.

—If you don't want to be defeated, just listen to me. I'm sure you are the one standing next to that

man.

Who sent it?

Chapter 816

Chen Liang Liang looks at that sentence, wringing eyebrows at the moment.

She dialed the phone again, but it didn't get through.

Whose phone is this?

Chen Liangliang felt a little cold in his back.

Because he saw the following sentence.

—Of course, you can not cooperate with me, but your things, presumably, will be announced to the public within a day. Do you dare to gamble.

How dare you gamble.

It's like a shackle, locking Chen Liang's heart.

.....

Chen Liang Liang is going crazy.

In front of this short message, I can't find a clue. At the moment when the nurse came in, I watched Chen Liangliang's anger.

She didn't have any extra expression. She held the water indifferently. "Miss Chen, will you brush your body now?"

"No

"Oh, well, let me know when you want to wipe it."

Chen Liang Liang made a phone call to the person at that end, but he didn't expect that the person couldn't find a clue.

.....

"You push me out!"

"Yes." That nurse also didn't say anything, by Chen Liang Liang's temper, drooping eyes dark, but soon

returned to normal.

She pushed the woman out to the garden.

"Miss Chen, I need to take you..."

"No, I want to be alone."

"Well, if you need anything, please call me. I'll be right over there."

The nurse stepped down.

He went to the dead corner on one side and called the man on the other side.

"Young master, everything goes according to plan."

"Keep an eye on her."

"Yes."

"There's nothing to do in the future, so you don't have to call me."

"Yes."

When Chen Liangliang went back, he met Chen Xiaoxiao at the other end.

Wearing a medical suit, there was a man standing beside him. They seemed to be arguing with each other, but Chen Liangliang didn't hear them because they were a little far away.

And the man standing in front of Chen Xiaoxiao, with his back to her, can't see his appearance at the moment.

But Chen Liangliang has studied luxury goods since childhood. In front of her, the man is wearing a high-end customized suit. Although he is only a figure in the back, she can judge that he is no more than 30 years old.

When did Chen Xiaoxiao know such a man?

Judging from his clothes alone, he will be worth more than 100 million.

"Miss Chen, it's cold outside. Let's go first."

Chen Liangliang takes a look at Chen Xiaoxiao. It's not suitable to talk to Chen Xiaoxiao now. Moreover, it may make things worse.

Anyway, when Chen Xiaoxiao is pregnant, all her thoughts must be on that child. As for other things, it's better to take one step at a time.

After all, she was a little confident.

At the end of the corridor, Chen Xiaoxiao looks pale at Su Yan who appears in front of him.

"Why are you here?"

"Don't you see that? I have a cold

"Come here."

"Su Yan, I said it's over. Why are you still pestering me! You are so boring. Do you think that if you have money now, I will choose you? Who gives you confidence? "

"Chen Xiaoxiao, dare you say it again."

"Su Yan, no matter whether you have money or not, I don't like you. Do you understand what I say?"

"Chen Xiaoxiao, how are you? If I'm in charge of you, I'll give you my last name!" Su Yan left in a huff.

One side of the nurse just passed by, holding the tottering Chen Xiaoxiao, her thin body, it can be said that the wind can be blown away.

"Is he the father of your child?"

Chen Xiaoxiao's face was stiff. It seemed that she was a little scared when she mentioned that night again.

"No But still firmly said these two words.

"And the father of your child? He didn't know you were in hospital? "

"He... He's dead."

Looking at the woman beside her, the nurse showed some sympathy. She thought that she was abandoned by a man when she was unmarried. Now it seems that she is also a miserable person.

"The child in your stomach... Are you going to keep him?"

"Well."

"Miss Chen, I see you are about the same age as me, so I have to remind you that... In the future, you still have your own life, but if you are dragged down by a child, it will be difficult to find a good family in the future."

"Thank you for your reminding, but I've decided to give birth to him. No one knows what will happen in the future, right?"

Chen Xiaoxiao enters the bedroom.

She sat on the bed, thinking about the picture of herself fainting.

She couldn't help touching her neck... But it was empty.

There should be something here!

.....

Chen Liangliang thought about it in the hospital. He lost sleep all night. The next day, he left the hospital in a hurry.

He was picked up by the Mo family and went to the Mo family villa.

After going back, I knew that Feng Yan and Su Xiaowan would leave this place tomorrow.

She was the last person to know the news.

His legs were inconvenient, so he had to rely on a wheelchair.

Probably with the jade pendant as a safeguard, she became more arrogant.

It's like there's nothing to be afraid of.

However, when she came in, she saw a few people at the end gathered together.

"Second master, the young master finds Miss Yu, but Miss Yu is struggling on the road because she is hiding from her parents. Miss Yu is hit by a car. The doctor says the situation is very serious. Maybe... She can't survive."

what!

Su Xiaowan, who was standing there, held Feng Yan's hand? It's not easy for Mo nanjue to find Yu Jie. If he suffers from parting again, he will be crazy. "

They are going to leave here tomorrow. Why did such a big thing happen all of a sudden.

When Chen Liangliang was pushed in, his mobile phone suddenly shocked.

—Find a suitable opportunity to introduce me to Mo's family.

Only so short words, but the voice of the speaker is still so arrogant.

She touched her right hand to hide her uneasiness.

Raised eyes, looked at the head of the nurse, saw her eyes have been staring at the head.

I was relieved.

But the person on the other end of the phone clearly knows everything about the Mo family.

Even more than she knows.

The right opportunity.

She had a plan in mind. Since she didn't know who the man was, she had to print him first.

As for how to bring it out.

There's a good solution right now.

"Now the young master is on his way back with Miss Yu. Su Yan is ready, but I'm afraid... Su Yan is not proficient in this area. He delays his time again and again. If he doesn't have full assurance, I'm afraid..."

"I know a friend who might help you!"

Chapter 817

A clear voice, in the temperature rise voice just fell, inserted in.

We noticed the woman at the door.

Chen Liangliang was hit by a car, lying in bed these days, in fact, she can't eat anything at all. She was thin originally, but now, she looks skinny. Her whole body is like a card that can run when the wind blows.

However, the poor appearance made many men's eyes fall on her.

The woman's eyes, however, have been falling on the person at that end.

He is looking forward to the day when Feng Yan can speak to him gently

"Where is the man you know?"

The man's eyes are cold, flashed a trace of resolute fierce.

"In Hong Kong City, he has just returned to China these days, but I don't know where he lives. I'll ask his address later."

"Wensheng, you are going to pick him up now. Where's Mo nanjue now?"

"We should be back to the city in three hours."

"Then within three hours, get the doctor and ask him to save people."

"Yes, I'll go right away."

Chen Liangliang frowned, her eyes twinkled, and there was a little tension in her eyes. She was a liar just now. She knew where he was!

If he knows it now, he is using him.

So... Will many people know about her bumping into others before? If she wants to marry into the Mo family at that time.

It's even more difficult.

These three hours, for Chen Liangliang, is a kind of torture, she is holding a mobile phone, sitting in her room.

But half an hour later, she received a text message.

It's the address of a hotel.

Everything is really under the control of that person. It seems that he knows everything clearly.

Chen Liangliang was worried, but he sent the address to Wen Sheng.

When the dust settles, she will know who that person is.

Su Xiaowan has a headache. She wants to walk in the garden, but looking at the plants, some of them have been pulled out of the soil.

The flowers, which used to be in good bloom, are now left with only stumps and the garden is in a mess.

"Little Granny!"

"What is this for?"

"Back to my little grandmother, when my husband was alive, he would repair the yard every year. This year, construction has not started yet. I wanted to have a rest this weekend."

"Trimming?"

"Yes, my husband used to draw sketches and design them by himself. This year, I'm going to invite a designer to come outside and ask him to repair them again. These flowers and trees can't stand the cold. They have to be replaced every year to keep their original shape."

"I think the previous one is very beautiful. I don't need to find other designers to design it. Just follow the draft of Mo Lao's design."

There were three deaths.

For the first time, the body died and the heart stopped beating.

The second time, it was a funeral, a farewell to the world.

The third time, is forgotten by all the people in the world

In recent days, little by little from here, she always thinks of Mo Liting.

The man who looks cold on the surface but is hot in the heart.

And his bit by bit, in fact, with his departure, and slowly disappear

For example, the flowers and plants he loves.

I don't know what's going on. Since his death, those flowers that used to be blooming are dead and withered.

As if, those flowers and trees are also psychic.

Su Xiaowan thought of that day when she met Mo Lao here. What happened is still fresh in her mind, but... Things are different.

But in also can't see mo old.

She turned around and saw the slowly coming Feng Yan.

"How's it going? Did anyone get it? How's sister Yu? Feng Yan, you are talking! "

"You ask so many questions at once, which one should I answer first?"

"Then you answer one by one. I'm not in a hurry. I'll listen." Although he said so on the surface, in fact, Feng Yan could clearly see the worried eyes of women.

"Wen Sheng has brought people here, and the people from Mo nanjue's side will be there soon. I have also asked other doctors. If anything happens, there will not be anything unpredictable."

"Well, Feng Yan, I wanted to go back, but now... Sister Yu has been very kind to me before. Can we go back in a few days?"

"Well."

"Then I'll wait for them at the door."

"I'll go with you."

Su Xiaowan ran to the other end and suddenly ran into a man.

The man was warm in his arms, but as soon as he ran into him, Su Xiaowan moved away from his sight, leaving only the man's obscure and strange eyes.

Feng Yan just took a look at him, and then followed the shadow.

And the man over there put his hand in his trouser pocket, and his face was flowing.

After so long, she has not changed at all.

"lvis—— ! "

Su Xiaowan, when they get to the door of Mo's house, they see the car coming.

Mo nanjue was the first to get off the bus. At the moment, he just watched Yu Yin lying on the stretcher and being carried down.

She just lay there without expression.

It was as like as two peas at Su Xiaowan's body.

I don't know what happened to Yu Yin, but she was more affected than before.

"And the doctor?"

"In it."

"Get the men in now!"

Compared with before, Mo nanjue seems to be less decadent than before, and Su Xiaowan doesn't dare to stand there to delay. At the moment, she is retreated by one of her subordinates and almost falls down the stairs.

Fortunately, Feng Yan protected her in time.

However, the woman's waist, or an extra hand.

That hand is very wide, and Su Xiaowan saw the man's eyes, just for a second, he felt that the eyes were very familiar.

But soon, the man looked away.

"It's snowy. Watch out for the slippery ground!"

Then, he followed the stretcher at that end and went in together.

In addition to Feng Yan standing in the same place, there is Su Xiaowan.

Su Xiaowan just looked at the man's back in a daze. She was nervous because the voice of the words was familiar, but... He had never seen his face before.

"Enough?"

Then, the man's handsome face came up to him.

Su Xiaowan was startled. Before she could see the person clearly, she almost fell down again.

Fortunately, at this moment, Feng Yan's hand tightly hugged her waist.

"What are you thinking absent mindedly?"

"Nothing... Nothing. Let's go in and have a look at sister Yu."

Su Xiaowan pursed her lips, tugged the man's hand, and the two quickly walked in.

Chen Liangliang knew that the man was coming, so he let the nurse push her out, but the nurse didn't know where to push her.

"Where is this?"

"I'm sorry, Miss Chen. I just came here and I'm not familiar with this place... I'll go and see if there are people around here and ask them to help me lead the way."

Even though Chen Liangliang was angry in her heart, she did not dare to send it out now. Who knew that this woman would lose herself here in a fit of anger.

But she was in a hurry. She didn't even take her cell phone.

The nurse took a look at him, ran to a turbulent place at that end, and left her here alone.

This place is a corridor entrance. Chen Liangliang's leg was injured and he was sitting in a wheelchair. Even if he wanted to leave this ghost place now, there was no way.

After all, she had no way to go up.

Chen Liang Liang is holding a wheelchair and stares at his leg at the moment.

It's so inconvenient.

The nurse went to one side. She found this place just now. No one in the villa would come to this place.

It's a dead end.

I don't know why the young master didn't let her see her true face, but he didn't dare to follow his orders.

After all, my life is just for the young master. No matter what, the young master is respected by her.

She finished all this and sent a short message to the young master at that end.

.....

When they arrived at the place, someone ran out and said that sister Yu's illness had been saved.

Just now, the doctor went down with a needle, and Yu Yin's finger moved.

"Great --!"

"And the doctor?"

"The doctor has gone."

When Su Xiaowan went in, he only saw Mo nanjue and a few maids at the other end. But the man just now... Didn't know where he was.

"How about sister Yu, Mo nanjue?"

"The doctor said it shouldn't take long to wake up."

"That's good." Su Xiaowan looked at the woman in the hospital bed, and now she was staring at her. "This time, you treat her well, don't let him be wronged any more."

"Certainly."

Su Xiaowan went over and patted him on the shoulder, like a friend. Now she twisted her eyebrows and stretched out. She knew that Yu Yin was ok, and she was happier than anyone else.

After all, sister Yu is so good.

It shouldn't end like this.

Su Xiaowan looked at the man at that end. He was dark at the moment. During this time, he must have not slept well because of the depression.

"You also go to have a rest for a while. Don't wake up, sister Yu. You're tired. When the time comes, you'll give him a patient to take care of you."

"There's a maid watching here. I'm not at ease. I'm here too. You can go and squint for a while."

"... thank you."

"You're welcome. It was sister Yu who saved me. I took her as my own sister."

"Yu Yin, please."

Mo nanjue did not seem to have a good rest, because she had been worried about Yu Yin. A while ago, Yu Yin's death made her depressed for a long time.

So I didn't sleep well at all. In recent days, I got the news that she was still alive and went to her place nonstop.

All day long, there is no rest at all.

With these words, Mo Nan Jue got up and wanted to go. At this moment, he was still faltering.

She looked at the maid, "you go to see him, don't faint, no one found."

"Yes."

Su Xiaowan was just about to sit down when suddenly a man came into the room.

Chapter 818

That person so over the end of Feng Yan, "this Miss Yu's condition has now been controlled, but, this Mo family young master... Should go to see a doctor, otherwise, that string will break sooner or later."

Su Xiaowan looked at the man at that end, "are you?"

"Young granny, is Miss Chen's friend, please come to see Miss Yu..." one side of the maid explained.

"So you are the doctor."

Su Xiaowan looked at him, dressed in a white Hooded Coat, and seemed to be a bit rebellious.

In particular, men's eyes.

Like a pool of deep water, so fell in her eyes.

No matter how you look at it, you can't see through this man.

"Cough..."

Su Xiaowan takes back her eyes and looks at Feng Yan at the other end. The man's eyes just now still feel familiar. But because of Feng Yan's cough, she suddenly calms down. It should not be her, because her face is not him at all. Now, even her voice is not like him.

The man looking at the other end shook hands politely.

"Hello, I'm livis."

After all, people held out their hands, and Su Xiaowan was embarrassed not to. However, before she reached out her hand, she was directly held by someone. Then, she looked at the man at the other end and just frowned and held the man's hand.

This person is not others, but Feng Yan.

"I'll trouble you about Yu Yin."

The man's face froze for a while, but soon returned to the previous flow, that camouflage excellent face, so once again fell on the woman at that end.

Su Xiaowan is tightly held by Feng Yan's hand, and is protected by him at the moment.

"It's natural. Chen Liang Liang's friend is my friend."

The man's eyes with indifference, looking at the man lying on the bed, "but the patient is not awake now, if this young lady has the experience of nursing vegetative people, she can stay, if not, don't mix in here."

"....."

It's a mix up.

Su Xiaowan smell speech, amber eyes staring at him, don't know what he means?

You think she's in the way here?

"Young granny, you and the second master go to have a rest first. We are here." These maids are all proficient in medicine. Although they don't learn very well, they should have common sense.

Comparatively speaking, it is much more professional than Su Xiaowan.

Then, looking at the man at that end, he took out a tube of medicine from his medicine box, "the patient needs a real needle now. Excuse me, this lady and this gentleman, go out first and wait."

Su Xiaowan looked at the man at the other end, "let's go out first."

Su Xiaowan dragged people out directly.

Walking out of the door, Su Xiaowan looks at Feng Yan at the other end. She thinks about it and thinks something is wrong.

"Feng Yan, this doctor... You don't have a very familiar feeling?"

Like... Xia Chenyan.

"That's why you've been staring at him?"

"... what keeps staring at him? I'm not. "

"I've seen it all. You just lost your mind because of him."

"... I was thinking. I just thought that the doctor was very aggressive when he spoke. Did you find that he was very polite to others besides his aggressive tone towards us? Did you offend others before? That's why they targeted us like this!"

Feng Yan, "... I don't have it."

"That's strange. I've never seen this man before, but you just didn't know if you noticed his eyes... It seems that he is as gentle as jade, but his eyes are very deep, like hiding a secret."

"Su Xiaowan!"

"Well?" Interrupted train of thought, lift a Mou at the moment, so stare at him to see.

"You have observed it very carefully."

Su Xiaowan pursed her lips. "I just don't think it's right, so I look at him more."

"So, you admit that you look at him more. I just stood in front of you. You look at me more than the person inside."

"... you are being unreasonable."

Su Xiaowan raised her eyes and said, "Feng Yan, I just don't want anything to separate us. That's why..."

"Fool!"

See her aggrieved appearance, the corner of the man's mouth hook a smile, low head, toward her forehead kiss.

"No matter what happens, I will protect you and never part again."

"But I hope you get hurt too, Feng Yan. Have you checked his information? Don't we really know each other? "

"Yes, I have. I'm an outstanding foreign medical researcher. I can say that I'm Chen Liangliang's master."

"Oh."

"What? Are you not satisfied with the answer? "

"That's not true. Maybe there are too many things in the past few days, so I'm a little confused. However, at the moment, let's stabilize sister Yu's condition. It seems that the doctor has some ability. When she comes, sister Yu seems to be better. I really hope that she can wake up at dawn tomorrow."

.....

night.

Su Xiaowan went to bed early.

She was waiting to ask about Feng Yan's ring, but she was delayed by the day. At night, after dinner, she turned the book in bed and went to sleep.

The room is dark.

It seems to smell the smell of some flowers. It's different from the sandalwood in Mo's old room before. It's like the aroma of roses.

It's very fragrant.

But it's not that pungent smell.

Suddenly she came to a tree.

Under that tree, the rose actually grew full of branches, full of blooming roses.

And at the other end, there was a man.

She thought it was Feng Yan. She ran over and saw a face she couldn't forget.

"Xiao Wan, long time no see."

Her heart was stunned. After such a long time, she seldom dreamed of this person again.

"I miss you so much."

"....."

She suddenly opened her eyes, and there was only her left in the empty room.

Then she heard the gurgling water in the bathroom.

Feng Yan is taking a bath.

She hugged the quilt tightly.

How could she dream about Xia Chenyan?

It's a strange dream.

However, it is very real.

I don't know how it feels.

However, after su Xiaowan wakes up, she doesn't see Feng Yan coming out of the bathroom. Su Xiaowan gets out of bed.

I just feel a little soft in my legs.

But it seems that there is no way to support her body, almost fell to the ground.

What happened to her?

Why are your legs so soft.

She endured the numbness of her legs, went to the bathroom door, knocked on the door, "Feng Yan, are you in it?"

There was no reply.

Su Xiaowan was suspicious and knocked again, but no one answered.

"Then I came in."

Chapter 819

Su Xiaowan pushes the door to go in, but finds that the bathroom is empty, where there is someone.

Except for the tap, it's always on.

She suddenly remembered that she had forgotten to turn off the tap just now.

She turned and walked out, smelling a faint fragrance again.

It's the same smell as the dream.

She pouted her legs and walked towards the door. When she opened the door, she saw only a few maids coming towards her with things.

"Young granny, you wake up. Young master asked us to send you some fruit to eat!"

"Did you see anyone come to my room just now?"

"No, it wasn't when the bodyguards were patrolling just now. I also met the bodyguards who changed their posts just now. I didn't hear them talk about it. What's the matter with you? Has anyone been to your room? "

"No, maybe I've been a little weak lately."

"You don't feel well? Would you like to see a doctor? By the way, the doctor in charge of Miss Yu is really good. Just now when we were delivering meals to the students, Miss Yu was still awake for a while! "

"Awake?"

"But I took the medicine and fell asleep again."

It's amazing.

"Young granny, would you like him to come and show you?"

"No, I'm fine. Give me this. By the way, where is Feng ER ye now?"

"The second master is in his study. He has something to deal with. Let you have a rest first."

"Well."

Su Xiaowan closed the door with the fruit tray.

Fingertips touching the other end of the fruit plate, probably because the outside temperature is very cold, so the edge of the fruit plate, very cold.

Su Xiaowan put the fruit tray on the table and looked out at the window.

She always felt there was something wrong.

But... This place has been patrolled all this time. Because Mo has just died, the security system is still very tight, for fear that someone might break in on the pretext of Mo's death and be unpredictable to the owner.

In principle, if they say no, they will certainly not.

Sitting there eating a few pieces of fruit, Su Xiaowan suddenly stood up, stepped on the carpet and tripped her over.

Su Xiaowan fell a piece of shit.

Knee bone, came the piercing pain.

so painful.

What happened to her today?

Su Xiaowan frowned and struggled to get up from the ground. Although the carpet was soft, she could not sit upright when she sat up.

Helpless, can only limp, toward the end of the bed.

I want to lie down first.

All of a sudden, the phone at the head of the bed rang.

Su Xiaowan didn't see who was calling at the other end of the line, only heard the alarm.

She moved over and picked up the phone.

"Hello

"Still up?" The voice of that end is far away, but at this moment, in the quiet bedroom, it is like a spring breeze. At this moment, Su Xiaowan forgets the pain of his knee and just holds his mobile phone.

"... you called to ask me if I was asleep?"

"Well

"Feng Yan, I had a nightmare. Just now I got up and fell, and my knee was broken. I'm so sad. Are you finished?" Su Xiaowan looked at his knee, which had swollen up.

She felt too sad.

He reached for his hand and touched his knee, tearing it out of her mouth.

"Bang --!"

The next second the door was pushed open, Su Xiaowan was startled and turned back.

Just looking at that end of the man just standing at the door.

Su Xiaowan some confused looking at the head of the people, dusty, the man's hairstyle has been a little confused.

"You..."

His study is quite far from here.

How did she get here so fast?

Su Xiaowan looks at the man at this end and looks at her directly. At the moment, Su Xiaowan notices the medicine box in his hand.

"What's the matter?"

The man's breath is a little urgent. I can see it at the moment. He just came here.

"Nothing's wrong. I fell just now and my knee was bruised."

Su Xiaowan looked at him, looked at the man carrying the medicine box, now came to his side.

The man's deep eyes looked at her knee, and the bedside lamp fell on her broken knee.

"It's nothing. It's bleeding!"

Su Xiaowan originally thought that he was making a fuss, but he just wanted to complain with her. He immediately put down what he was doing and ran to her.

Su Xiaowan doesn't want to make a big deal out of his worries.

After all, it's just a scratch.

It's just that she wrestled herself. No wonder others.

The man's brow tightened, now bent down, took off her shoes, and took his medicine box.

Take the disinfectant out of it.

"Hiss --!"

"Pain?"

"Not bad."

She laughed and leaned over, "why did you come here all of a sudden? I've dealt with this little thing myself."

The man took a cotton swab, the strength on the hand is very gentle, at the moment lift eyes, "that doctor small white face let you so haunted?"

"..." Su Xiaowan couldn't say anything for a moment. "It has nothing to do with him. I just went to the

toilet and fell because my leg was numb. Who made the ground on your side so hard?" Not all the carpets covered the whole room. After all, this used to be the place where Fengyan lived, where a big man lived. There was no carpet at all.

These carpets were put in because Su Xiaowan lived here.

Girls like hairy things.

But boys don't like it.

Although the housekeeper also asked him if he wanted to cover all the places with carpets, Su Xiaowan felt that her hair had fallen off a lot, which was inconvenient to clean, and she just simply arranged it.

The man looked at the carpets on the floor. When he closed the house, the rooms were all decorated by Su Xiaowan. She liked hairy things.

He dropped his eyes and pressed his hand on her head. "Well, tomorrow I'll have our room carpeted."

"Don't be so extravagant, I..."

"What do you do when you fall?"

"How often can I wrestle?"

"Be careful." At this time, all of a sudden, Feng Yan took out a shining necklace from his pocket.

Su Xiaowan looks at the exquisite necklace.

It's like a drop of water. It looks exquisite and dazzling.

She looked up at the man in surprise, handsome and perfect face, "this is for me?"

"Like it?"

The water drop necklace is inlaid with diamonds one by one.

The workmanship alone is very fine.

If you don't look carefully, it's just a drop of water.

But if you look carefully, it's diamond in the shape of love, one by one

"Why did you suddenly think of giving me a necklace?"

Only looking at the end of the man turned on the phone, pointing to the day above.

Chapter 820

Valentine's Day.

She forgot all about it.

"Did you just go out and buy it? It's a lie to say anything in the study, isn't it? "

"I bought it a long time ago."

"How early is it?"

"Before I remember you, I suddenly went out with Wen Sheng one day and saw this necklace."

"I don't know why I bought it..."

Su Xiaowan looked at the necklace. The necklace radiated dazzling light, and her eyes were slightly sour. Now, fortunately, all of these did not let them bear the pain of parting.

"But do you know what a drop of water stands for?"

"What?"

"Warm into the water, heart like water." Su Xiaowan, holding the necklace at that end, is laughing now.

"It seems that you have been hinting to yourself at that time that you should be calm. No wonder you refused to take care of me when I chased you."

"That's because I thought you were my elder brother's woman. As a man, I didn't have to compete with my elder brother for a woman."

"... did you like me at that time?" Su Xiaowan continued.

There is a posture of breaking the casserole to the end.

At the moment, the man pursed his lips and coughed in a soft voice.

Awkward way, "I just think you are different from others, but as for whether you like it or not, I don't know."

"... in fact, at this time, you clearly know that what I want to hear is not this sentence. Girls like to listen to good words. You can tell lies to deceive me. After all, we are together now. You only know what you

thought in the past, and others won't know. Why don't you make me happy?"

Su Xiaowan looked at him and said.

"But I know that you will break the casserole and ask to the end. You can't hide a lie for a lifetime."

"You are quite self-conscious. Yes, you are older than me. You must be older than me in the future. When I can't turn my head around, I'll bring up the old story again. You don't know what you lied about at the beginning, and you'll show up all of a sudden. Then I'll be even more angry." Su Xiaowan jumped into the man's arms, "then you bring it to me."

The man at that end, with dotting eyes, took the water drop necklace and brought it into her neck.

Su Xiaowan touched the necklace, "is it beautiful?"

"Good looking." He did not lie at the moment, a pair of black eyes so determined to look at her.

Two people look at each other with four eyes.

Even if it had not been like just met, but in her body, it was still the same as before.

"I asked about necklaces."

"Not as good as you."

"Now I've learned how to make people happy. It seems that I'm well trained."

Su Xiaowan's eyes stare at him, thinking that today is Valentine's day.

She leaned over and gave him a kiss.

"But I didn't get you a present."

"I forgot."

Su Xiaowan blinked, looked at the man's face, came close, hot lip wind just came.

"As long as you are by my side, it's the best gift."

"I will always be by your side, forever, forever."

That night, the original nightmare has long gone, in the embrace of Feng Yan, only feel that the night is long, but with people can not say the peace of mind.

.....

Chen Liangliang didn't expect that she would stay in this place for a whole night. When the nurse found her, she was almost furious.

"What's the matter with you?"

"I'm sorry, Miss Chen. I went to find someone yesterday and accidentally touched the mechanism of the villa. This morning, I was found by the bodyguards in the villa and released..."

I'm sorry on the nurse's face.

At the moment, facing Chen Liangliang's face, I can't tell the taste.

Chen Liangliang wanted to get emotional, but now several maids came, and she just put up with it.

"Come and push me."

Along the way, Chen Liang Liang knew that the man had excellent medical skills.

On the contrary, it didn't embarrass her.

Instead, he was given a ladder.

I don't know how many maids in the villa worship him.

"Where is he now?"

"The miracle doctor left a few patches of medicine, saying that there was something important at home that he needed to go back."

"Back?"

"Yes, don't Miss Chen know?"

Chen Liang Liang naturally didn't know. He didn't even know who he was. How could that person call her and inform himself.

The maid looked at Chen Liangliang and suddenly thought of something.

"But before the doctor leaves, let me give this to you."

Chen Liangliang looks at the thing in front of him.

It's a portfolio.

"He gave it to me?"

"Yes, the miracle doctor also told me to hand it to you in person. It said that it was an important academic record for you. It also said that there was some medicine that could help your legs. I didn't find you just now, so I brought it here now."

"I see." Chen Liangliang took the portfolio. What does this man want to do?

After waiting for someone to leave, she pushed the wheelchair forward and locked the door.

Then I opened the portfolio.

Inside, it turned out to be a small... Monitor.

What he wants to do.

——Chen Liangliang, although you played tricks this time, no matter what, you helped me. I've always had a clear sense of gratitude and resentment. If you helped me, I won't treat you badly.

This is a monitor. If you find a chance to install it in the room of the person you want to know, it will help you.

The man.

Chen Liangliang frowned.

Hold that monitor.

.....

Rare, when Su Xiaowan wakes up, Feng Yan is still by his side.

These days, although they all refused to inherit the legacy, Su Xiaowan still asked Feng Yan to deal with everything here before he left.

In particular, the current situation of Mo nanjue has no way to take into account the affairs of that group.

She wants to leave the peace of mind, also want to let mo old can put down that a worry.

Go to the sky.

The sun came in slowly, with warmth. It's a rare good day.

There is no snow in the harbor these days.

The weather is also much more mild. She seems to be a Hong Kong resident. She is not as uncomfortable as before. Moreover, she has adapted to the food here.

Su Xiaowan opens her eyes. Feng Yan is beside her. She sleeps soundly. Her domineering arms confine her waist.

She turned, her face closer to his chest, the man's strong chest, now feel hard.

Su Xiaowan reached out and touched the man's face with his fingertips, from his thick eyebrows to his chin.

The man who has fallen asleep, has faded the day's cruel hegemony.

It's like a very ordinary, ordinary husband.

Probably in a high position, Su Xiaowan is eager to return to the moment of peace.

It's like a husband or wife.

During the day, they fight with each other outside for their dreams. At night, they return home and continue to live their warm little days
