

good evening 841

Chapter 841

At the banquet just now, Su Xiaowan heard the rich ladies talking about this man.

There is no lack of disdain and helplessness for this man. Although the conditions of Mr. Zhu's family can't catch up with those of Mo's family, they can be regarded as covering the sky with only one hand in Hong Kong City. Especially, he doesn't treat women as women at all.

Zhu Lin wanted to reach out and touch the woman's face, but she bit her hand directly.

At this moment, Zhu Lin woke up immediately after he was drunk.

Su Xiaowan saw him release his hand, just wanted to escape, and even figured out where he should run, but the man at that end grabbed her wrist fiercely.

"Help

Every time Su Xiaowan shouts for help, someone will show up, but today... She remembers that a few days ago, he told Feng Yan that he didn't need those people to guard her all the time, even if there were so many disasters.

But now looking at this man, I really want to slap myself.

It's too late for a man to cover her mouth.

This is Mo's family, not his own. Although Mo Liting has some friendship with his grandfather, who knows who won't face him now.

Zhu Lin's original interest all disappeared, now looking at the woman, all the hatred fell on the woman's head.

He reached out and slapped the woman in the face.

Su Xiaowan didn't have any strength at all. She used all her strength to shout for help. Now she was slapped hard and fell forward.

That hard stone, let her feel very painful, too late to say other, the next second, Zhu Lin seized her clothes.

"It's a good way to meet and refuse, but I don't like it. I warn you, don't talk nonsense later, otherwise, I want you to live or die."

Before the words came down, I just looked at the maids at that end.

Zhu Lin didn't directly separate himself from them when they spoke.

"This bitch wants to seduce me, but I don't like it."

Several maids frowned and looked at the woman who fell to the ground. "Oh, my God, it's the second daughter-in-law!"

Second daughter-in-law?

Zhu Lin's brows were even more wrinkled. Unexpectedly, he was still a married woman.

He is a cleanliness addict and is not interested in other people's wives.

In fact, he didn't know what the second master of Mo family was, but he had heard some outside. Of course, he didn't think about that at the moment.

Zhu Lin stood there, still a dead pig, not afraid of boiling water.

I don't know that disaster is coming.

"Don't you hurry to call the second master... And you hurry to call the doctor."

The situation was so serious that the maids couldn't be the master at all. They just looked at the man at the other end and immediately helped Su Xiaowan to the main house.

Su Xiaowan is in a daze and has a sore cheek. At the moment, she is supported by the servants to have a rest.

Although she is not fragile glass, but in the end is a girl, was used with ecstasy, plus was slapped, at the moment where can stand.

"Oh, my God, the second daughter-in-law is bleeding..."

One of the maids exclaimed, and now Su Xiaowan had passed out.

Feng Yan came to see this scene.

He picked up the woman on the sofa and said, "Wen Sheng, catch the culprit. If anything happens to Su Xiaowan, kill him directly --"

The man just strode to the other end.

hospital.

"Second master, fortunately it was delivered in time, and the child was saved."

children.

Feng Yan only felt that he was hallucinating.

"How is she?"

"The second daughter-in-law was slapped, CT showed that the tympanic membrane was perforated, but you don't have to worry too much. She will recover within 3-4 months, but there may be ear pain and hearing loss during this period of time... What's more, you should pay more attention to the fact that now the daughter-in-law, the child in her belly, is still unstable, so you should pay more attention to it in the future..."

Before the doctor at that end had finished, he looked at the man at that end who had led into the room.

She frowned. People like him cared so much about their wives. She had been a doctor for so long, and she had never seen anyone like that.

Other men, many of them are concerned about their children.

She turned her mouth and looked at the figure inside, showing some envy.

The doctor has given Su Xiaowan some medicine on her cheek, but there is still a constant buzz in her ears.

But the pain, or let him pain can only lie on the bed.

She didn't wake up. Maybe the overpowering drug hasn't completely subsided up to now. Now she's lying there like this. It's unbearable.

The man's eyes become deep, now let the people on the side to take care of, he immediately went back to the villa.

Temperature rise has locked Zhu Lin in a small room, but Zhu's family is such a grandson.

Master Zhu has been waiting in the villa.

When looking at Feng Yan's fierce appearance, he looked like the Shura in hell, with the fierce air of death.

Zhu Lin was brought out, and now he was kicked in the lower abdomen by Feng Yan.

Zhu Lin had no leeway to fight back. He just got such a kick. In fact, up to now, he knew what they said about the character of the second daughter-in-law.

She even said that the young lady of Mo family seduced herself?

This is not to make it clear

He is the first time to see Feng Yan. This man's temperament and others are far more than his own.

People with a clear eye can see that she was lying just now.

Being locked up in that dark room, he only felt that his life was so pinched by him.

The second master of Mo family is cruel. He will kill himself.

"Brother Mo, I'm wrong. I don't dare any more. Please let me go. I swear I won't dare any more."

"Ah Yan, I watched your father grow up. Do you have to give me some face? My grandson is the only child of my family. If you really want to deal with him, then I'll be dead. "

The man smell speech, a pull over the man, think of Su Xiaowan encounter all this, she would like to put his face together a few fists.

She did the same.

That Zhu Lin is beaten have no backhand leeway, at the moment so shout own grandfather.

Mr. Zhu looked at his grandson being beaten like this, with no face on his face. "Ah Yan, this is my grandson of the Zhu family. How to deal with it? I don't need your Mo family's intervention. I watched your father grow up. Even if your father was alive, he would give me face more or less. This matter, I will educate him, everyone has the opportunity to make mistakes, he is still a child in the end, how much to leave him a way to live

Chapter 842

"Life? I'm afraid Mr. Zhu doesn't know how your grandson fooled around outside. I'm afraid you don't know your grandson at all. "

"Ah Yan, you'll give her a way to live. I'm sure she won't dare in the future."

"No? I think he has a lot of courage! Today, if it wasn't for Mo's family, my wife would not be able to live. "

If it wasn't for Mo's family, if it wasn't for too much noise, it would disturb the servants of the villa.

So maybe what he sees now is

Wen Sheng has told him almost everything about Zhu Lin outside. Zhu's family is relying on their power. Up to now, he has been pressing Zhu Lin to death for a long time, and has never dared to disclose anything.

If we don't teach him a lesson today, I'm afraid he will be more arrogant and unscrupulous in the future.

Zhu family is such a grandson. He has always been a treasure.

If someone took him back today, I'm afraid that Zhu Lin would just cry a few words in front of him, and he would be merciful and let him go.

Feng Yan didn't want to do anything to help the tyrant. Su Xiaowan encountered these things. As her husband, it's necessary to seek justice for her.

"Since Master Zhu can't educate his grandson, I don't mind helping you."

"Temperature rise!"

Zhu Lin was so scared that he grabbed his grandfather's leg. If he couldn't keep his grandfather, he would be finished.

This man, he has seen the murderous spirit on his face. He will definitely kill himself. Just now he did this to his wife

Besides, when he was brought in, he heard that the lady was bleeding.

He didn't move her at all, and he didn't know how weak she was, so he bled.

Presumably, now this man must blame himself for his bleeding.

"Grandfather, please help me. He will really kill me. Before my parents died, they told me to be filial to you. If I die, no one will be filial to you again..."

Wen Sheng looked at him and said, "a grandson like you has lost the face of Master Zhu."

Zhu Lin trembled with anger.

"Master Zhu, because of your grandson, my wife almost had a miscarriage, perforation of tympanic membrane... If these things happened to your wife, what would you do?" He has heard something about Master Zhu.

Why Mo Liting respects this old man is only because of his character.

Master Zhu has always favored his wife.

The old man sighed. If it had been on his own, I'm afraid Zhu Lin would have died more than ten times.

"Temperature rise, take people down."

The old man saw that his grandson had been taken down, and he didn't speak at the moment.

It was not until the man at that end was taken away that Master Zhu focused on Feng Yan.

"You are like your father."

It's a pity that his son is so excellent, but he is born with such a useless thing.

Master Zhu patted the man on the shoulder. "Ah Yan, if you want to know something about your mother, you can come to me... There are still some things about your mother in my family. As for that boy, who is from my Zhu family, you can teach me any way you want, but... Remember to save your life for me. I grew up watching him, I didn't expect to be obedient in front of me and live as a second ancestor outside. I really have no face... "

"When your wife is better, let her come with you. I'll give her a punishment."

Master Zhu is not unreasonable. This time, his grandson did something wrong.

Moreover, Feng Yan is quite right.

In fact, Zhu Lin didn't know that he really didn't care about those things, but because for such a long time, he had been quiet in the death of his wife, and now he didn't accept the departure, so he didn't want to care about his affairs at all.

"Well, if the old lady is here, she will scold me again..."

Master Zhu was helped to leave.

In the end, he is old. He is in his eighties. One day he lives is one day he earns back.

Before the old woman left, she told him to live a few more years and take good care of her grandson.

Now, maybe the old woman has known her frustrated grandson for a long time.

.....

Su Xiaowan was in a coma until the middle of the night, mumbling to himself.

The man's hand so tightly grasped it, "don't be afraid, it's all right."

His warm palm seems to be able to ease the coolness of her body bit by bit.

Slowly, the girl's heart slowly calm down.

Chen Liangliang in the villa, heard the news from Xiaoxiao, angrily smashed his cup on the ground.

"Didn't you say there would be no mistake?"

Smile sipped lips, is her negligence, where think that Zhu Lin is useless.

She lowered her head. "Sorry, miss. I didn't expect that Su Xiaowan was drugged and struggling. Zhu Lin was really fierce. He was just a decoration..."

"You still have time to quibble. You'd better think about how we can get out."

"Miss, when I went to see Zhu Lin, I put on my make-up. She won't recognize me, and she won't know that we set up this bureau. Can you rest assured?"

Smile will spend a lot of makeup, what kind of can.

That's why she valued her at the beginning.

"It's better, or we'll fall short of everything."

"Don't worry. This time it's my negligence. I promise I won't make such a mistake next time. I heard that Su Xiaowan is still in the hospital now. Miss, I heard from those servants that Su Xiaowan and the second master seem to be going back soon. If they go back."

"What do you want to say?"

"Of course, it's to have a good relationship with them. If you can, you can go back with them. As the saying goes, the moon comes first when you are near the water. Only when you really get to the second master's side can you have a chance to take his place... "

"What should I do?"

"Now that Miss Su is ill, you have to show your tenderness and consideration. When the sick patient's mouth is the most in his mouth and he is the most vulnerable, if you want to get close to the second master, you have to please Miss Su first."

"You want me to please her?"

"Miss, if you can't bear it, you'll make a big plan. You can't be impulsive. At this time, you'll be impressed by the second master."

"Really?"

"That's nature. That's what we call love and love."

One side of the woman took a book from one side, "you see, my books are ready for you."

"Do I have to cook for her myself?"

Chapter 843

"Naturally, this can reflect your consideration."

"But I can't eat what I make."

"The more so, the more you can show your sincerity. You can do whatever you can tomorrow. I believe the second master will be happy."

.....

Yu Yin didn't expect that he would meet Mo nanjue as soon as he went out.

Wearing a black suit, I don't know how long I have been waiting at the door.

But what she could be sure of was that he was waiting for her here.

That pair of beautiful eyes, flashed a trace of tension, she intends to leave here, that is, do not want to have more entanglement with him, but, last night's fireworks, she naturally saw.

Last night, it was probably his happiest day.

"Where are you going?"

In fact, Yu Yin didn't bring anything. First, she was afraid of the scene. Second, she didn't have anything.

She borrowed several thousand yuan from Su Xiaowan. After all, she left in a hurry, and she didn't take any money. In addition, now she runs away, it's absolutely impossible for her to go back to her home to get money.

Although she didn't think about what she would do next, she could only do it step by step.

She just wanted to say something, suddenly only feel a dark in front of her eyes, people so directly fell

into the man's arms.

She didn't know anything else after that.

When Yu Yin wakes up, she finds herself in a strange room, which is not the Mo family.

It's not Monange's villa anyway.

Because Mo Nanjue's villas have similar things in common, but they don't have them here.

Yu Yin suddenly opens her eyes. Although she is extremely sleepy at the moment, when she reaches out her hand, she feels the metal handcuffs on her hand

One of her hands was locked on the bed.

What is this for.

She jumped out of bed in fright, but because of the back of one hand, she couldn't move or get out of bed at all.

She got up and saw the man on the sofa. The man listened and looked back.

Looking at the panicked woman at the moment.

"Awake?"

The tone, with a faint, but his eyes filled with a fierce force.

Yu Yin's clothes have been changed. At the moment, thousands of yuan of cash on the table are just put there.

A piece of money a piece of money to tell her crime.

The man suddenly got up and came over. At the moment, he was standing on her bed. He bent down and held the finger on the woman's chin. Because of his touch, Yu Yin could feel the coldness of the man.

Now it's daybreak outside. It looks like it's been a night, and he... Seems to have been up all night.

"Yu Yin, I used to be too used to you."

Yu Yin shrinks her neck in fear. She has never seen such a Monan Jue, and it is because of this that she is afraid.

There was a bloodthirsty coldness in his eyes, as if he could lift it alive.

She is so unreservedly exposed in front of her.

Her hand pinched his chin so hard that she forced the woman to look up at him.

"What do you want to do?"

"No more?" The man's voice is low, he is overbearing, but gentle to her.

It was the first time that she liked and fell in love with a woman. She was afraid that she would not do well, and he knew that he was not good enough, but anyway, he wanted to treat this feeling well.

Although, Mo did not agree, but now his father has passed away, they will be happy in the future.

But why did she do it?

When he looked at the money on her, God knows how she felt at the moment.

Although the maid beside Yu Yin said that Yu Yin is very clever these days, something seems to be wrong. It is because she is too calm that she is looking at something with her computer from time to time.

He was so curious to check.

Just know, this period of time, what is she planning.

Although the heart is still don't believe, because her melancholy sound, also like his.

He can feel ah, cold invincible around, only her body is warm.

He just guessed about her plan.

Just because the party was too boring, he stood at the door and waited. He knew that she didn't want to see her during this time.

So I always keep my sense of being the lowest.

However, he has put himself so low. Why did he wait until the result was so low?

He didn't sleep all night, afraid that the woman lying in bed would wake up and run.

In this way, she would never find him again.

He was afraid.

It was the first time he was afraid that a person would disappear in your life and never appear again.

In the past, he always felt that even if Yu Yin left himself, he was always around his sight. He would not leave his sight. In this way, as long as he wanted to see him, he would see him.

However, he is not so determined now.

"What on earth do you want to do?" Yu Yin feels that the man in front of him is full of haze in his condescending figure. That kind of haze is like the first time I saw him at the corner.

"Imprison you." The man's eyes are cold, and his lips are open and close, but there is no emotion at the moment. "Yu Yin, from now on, you can't leave me."

Captivity?

The woman's face stiff for a while, the sound of imprisonment, so that all her original thoughts, stop there.

She knew that the moment she saw her last night, she knew there was no way to escape.

However, I didn't expect that it would be imprisonment.

Her eyes just stare at him, as if he was just looking at a joke, but looking at the man's cold eyes, can not show a trace of gentleness, it is not like her at all.

"You can't do that, monsignor. I'm not qualified to do that. "

The man's hand suddenly so hard, at the moment from the pocket took out the recorder, threw in front of her, "Yu Yin, I am not used to you more and more stupid."

"What do you mean?" Yu Yin only felt that when she was in this moment, she didn't have much bottom in her heart, especially when she looked at the recorder.

This recording pen is a gift from his father, so that she can be careful of everything outside.

She was a law student and knew the importance of retaining evidence.

Evidence is a weapon that can surprise an opponent.

It's also a chip to protect yourself.

"What do you mean? Yu Yin, do you really think I will believe what the maid said? Are you too naive?"

Your voice, even if I close my eyes, can recognize, you can't escape, also can't escape

Yu Yin's heart trembled for a moment, and she looked at him like this, "Mo nanjue, although the recording is fake, everyone saw her on your bed. What else do you want to say?"

She didn't know that she was wrong. She just looked at her for a few seconds and immediately drew back her sight. She suddenly forgot that the man in front of her was mo nanjue.

"Do you want me to show you the surveillance?"

"... what kind of monitoring?"

"In my room, I installed monitoring. If you want to see how you are under me, I don't mind watching it again with you."

"Shameless!"

Yu Yin looked at him, only looked at the woman's face with a sneer, and then released her chin, "take good care of yourself here, and don't use any crooked brain, you are worthy of my means, Yu Yin, you can't escape."

"But I don't like you, I don't love you, I think you are disgusting. Do you want me to stay here?"

The man's back is so stiff.

People suddenly turned back, "Yu Yin, do you have to say something that makes me angry?"

"It's true. Believe it or not

Yu Yin looked at the man at that end, only to see that the man's anger had collapsed to the extreme at the moment, squeezing out word by word from his mouth, "Yu Yin, then you can watch carefully, how you fall in love with me."

"....."

That pair of eyes stare at her, almost from her eyes, stare out the same.

Yu Yin could not escape, but unexpectedly, she turned and walked out of the door.

The door was shut completely.

Yu Yin fell on the bed, looking around at the moment, now, she really can't escape?

But is she going to stay here?

Yu Yin is weak lying on the bed, the cold wrist is like a cold sword, stabbing her wrist.

She had a fever after all.

Insomnia day and night, to the moment, all in vain, after all, launched a high fever.

"What's the matter?"

"Young granny should be sent to the hospital at once! It's 39 degrees... "

It's an island, private island.

Originally, Mo nanjue thought that if Mo Liting didn't agree, he would live here with Yu Yin and get rid of everything in the world.

I didn't expect that they would come back here in such a way.

Everything on this island is carefully arranged by Mo nanjue. Just a while ago, he knew that Yu Yin was still alive, so he had his assistant arrange it.

"Bring the doctor here."

"The medical equipment in the villa is certainly no better than that in the hospital. You can rest assured that the people in the hospital are all our people, and the grandmothers will not disappear."

The man thought about it and looked at the flush on the woman's face. After all, he couldn't bear it.

"Take people to the hospital first, and send a few more people."

.....

The sun came in, and the French windows were full of shadows.

When Su Xiaowan woke up, he was in the hospital. The smell of disinfectant was all around him. Although it was extremely light, at this moment, it was probably because he was ill, so he was very resistant to the hospital.

On the edge of the soft bed, a girl was sitting there with a thermometer. When she woke up, her beautiful face came close to her.

"Are you awake? What about? Do you feel uncomfortable? "

Chapter 844

Chen Liangliang came here early in the morning. This is the earliest day when she got up. It's always someone else who comes to serve her. Where can I get it? I need to get up so early to do these things.

Chen Liangliang cooked for Feng Yan for the first time. Even before, she didn't cook for Feng Yan so carefully. She pretended to do it to others.

But this time, in order to show her sincerity, she did it herself. In order to cut vegetables, she almost cut off her fingers.

Her hands, now have been hot up the bubble.

Moreover, in order to show her enthusiasm, she didn't even draw makeup. At the moment, the face without makeup seemed even younger. Su Xiaowan didn't recognize it at first sight.

Su Xiaowan's eyes looked around, but he didn't see Feng Yan at the moment.

"You are looking for the second master. The second master has something to do, but he should be back soon."

Su Xiaowan's eyes fell on the woman.

Wearing a white sweater, her hair is tied up today and looks very fresh. Because of this, she is not the same as before.

How to say it's different?

Probably now she has no attack power.

But her voice was recognized by Su Xiaowan.

"What are you doing here?"

"It was the temperature rise that let me in. I... I came to see you. Last night, Mr. Mo told me everything."

"I didn't expect that... I was wrong before. In the future, I will never have the wrong idea. I'm sorry, I was too stubborn before, but I won't now. Would you like to forgive my ignorance?"

Chen Liangliang knows that she will be hot faced and cold buttocks. In fact, she and Su Xiaowan are both people who don't deal with each other. This kind of don't deal with each other is that they don't want to know each other when they see each other.

But Xiaoxiao is right. He loves his family.

If Su Xiaowan is not hostile to her, then all this will be easy to do. When she sees that the woman

doesn't speak, all the words she wanted to say are overturned in her heart.

"I cooked chicken soup for you. You must be hungry. Would you like some? I'll boil it before dawn, but it's delicious. "

Chen Liangliang took his thermos, and now he unscrewed it. There was a strong smell of chicken soup.

The next second, Su Xiaowan felt disgusted.

She got up, filled the bathroom and vomited.

Chen Liangliang sat there, frowning. Her chicken soup was not greasy. All the ingredients were made according to the practice in the villa.

It doesn't make sense. It makes her vomit.

She put down the thermos and filled it into the bathroom, only to see Su Xiaowan retching.

"How are you? Don't you like chicken soup? "

Chen Liang Liang was uneasy.

Her eyes looked at the reflection in the woman's mirror. Did she say that Su Xiaowan was pregnant.

In fact, since recently, she has felt something wrong. Su Xiaowan is ill, so she didn't hang up.

She has seen his CT, the ear canal has been inflamed, according to the truth, should let her cure the inflammation, and infusion, is the best way.

After all, people are in a coma, and they can't take medicine at all.

But she didn't see it when she came in.

"I'm fine." The woman pulled away her hand and looked at the woman at the moment. "I've learned your kindness, but I want to rest now."

She hasn't investigated what happened in the yard yet

The whole Mo family, hostile to themselves, except for her no one else.

But now there are not enough clues, she can't make a conclusion casually.

After all, this is Feng Yan's sister.

She'll find evidence for sure.

"Then you have a rest first, and I won't disturb you. By the way, the soup is good for your health. Drink more. I put a lot of herbs in it."

Seeing Su Xiaowan's indifferent expression, Chen Liangliang was not in the mood to stick to her cold ass, took her clothes and left. But in the middle of the walk, she suddenly turned around and said.

"The second master punished that man last night. It turned out that Xiao Wang in the villa secretly wanted to collude with Mr. Zhu. Mr. Zhu fell in love with you, and then Xiao Wang came up with this move. He thought that the two talents would collude to lure you. Fortunately, you're OK. Mr. Zhu heard that he was half paralyzed by the second master, And Xiao Wang was sent to the Public Security Bureau... "

The door was shut.

Su Xiaowan frowned and looked at the door.

Xiao Wang.

Xiao Wang is Fengyan villa. She takes care of her food. She is quick at work. No matter what she does, she always tries to help others. In the eyes of the servants, she is a bully. Su Xiaowan also saw these people bullying her at that time.

That's why I sent people to my villa. Xiao Wang is very kind to her and thinks of her in everything.

Su Xiaowan squinted. If someone else did it, she would probably believe it.

But Xiao Wang... Definitely not.

But now, she has no way to leave the hospital, and even feels sick. She doesn't eat anything bad.

Chen Liangliang was standing in the nurse station. At the moment, she was worried as soon as she came out of Su Xiaowan's ward.

If Su Xiaowan is pregnant

Originally, a woman is already very difficult to deal with. If Su Xiaowan is pregnant, then... Is even more difficult to deal with.

"Who are you looking for?"

The little nurse came up and said.

Chen Liang Liang pointed to the ward at that end, "I'm the lady's sister. I want to ask how is my sister? I think she's always nauseous. Do you want to send a doctor to see her again

"It's normal to vomit. That lady is pregnant. Can she not vomit? You just buy more sour things to prepare... "

Chen Liangliang walked out of the hospital, and the words of the nurse flashed in his mind.

Pregnant.

It's really pregnancy.

Why... Didn't the child die?

Su Xiaowan's life, why so good.

.....

Feng Yan didn't know where to find a nurse. He was chipping an apple for her now, and the temperature rising on one side was standing there. Even up to now, he had never seen Feng Yan.

"Where is Feng Yan?"

Wen Sheng hasn't accepted the name yet. After all, he has been shouting for the second master and saying something about Feng Yan.

He didn't respond at all.

"Temperature rise."

"Go back to the young lady. The second master will go out and do something. He will be back soon. You can tell me if you need anything."

"Where is the Little Wang in the villa now?"

"Young granny, if you ask her what to do, that little girl is a white eyed wolf. Thanks for your kindness to her, if she hadn't colluded with Zhu Lin, you wouldn't be lying here now."

In addition to the sometimes buzzing ears, Su Xiaowan really has nothing to do with it, but she feels sick in her stomach. When she asks the doctor, the doctor just smiles at her, which makes her a little at a loss.

"Wensheng, go and bring Xiaowan. I have something to ask her."

Chapter 845

"Second young grandmother, I have interrogated all those who should be interrogated. She has admitted that she did all of them. I have sent them to the Public Security Bureau."

"She admitted it? You're not going to be the one to make a move, are you? "

"Little grandma, I didn't... the young master never let us use a knife or a gun. Maybe the little girl knew that Zhu Lin had lost her hand, so she was afraid that the responsibility would become greater, so she admitted it."

Admit it... But Xiao Wang is not like that at all?

Don't you know people clearly? Cheated again?

It shouldn't be.

"Second young granny, would you like an apple?"

"... no, Wensheng. Go out with Wang Ma first. I'm a little sleepy. I want to sleep for a while."

"Well, if you need anything, just call me. I'll be at the door."

Su Xiaowan thought, but he didn't know how to fall asleep.

When she woke up, the door was just opened, and the man was wearing a black suit with an amazing face.

Spirit is very good, at the moment Su Xiaowan is so dull looking at him.

Feng Yan rushed to his bed directly. At the moment, his slender fingers fell on the woman's face. His black eyes were deep and spoiled. "How about that? Is there anything else wrong? "

Su Xiaowan shook her head. "The ointment in this hospital is very effective. I can't see it after I put it on. Now it's not red."

"Well."

The man's hand so fell on his face, looking at her at the moment, "I'm not good, did not protect you."

"It's my own negligence. I thought I could deal with him with my own Kung Fu? Feng Yan, do you know what I was thinking at that time? "

"I regret what I said to you that day. I can't meet some bad people in Mo's family."

"When you get well, we'll go back."

"Good."

Su Xiaowan now, there is no way to travel, after all, still pregnant with a child.

She doesn't know how Su Xiaowan feels about her children. Will she like them?

"Why are you staring at my stomach all the time?"

Su Xiaowan looked at him and touched his stomach at the moment. "I ate too much today, and I didn't know I could eat like this. But when I didn't like eating before, I thought the food was terrible. Now I think the food is delicious. Feng Yan, I don't want to be fat."

"It's better to be fat."

"... that's true. If I'm a little fatter, that kind of man can stay away from me."

"... don't worry, there won't be another time."

"I heard Wen Sheng say that you disabled people?"

"Well, he's cheap."

"Although... Feng Yan, I'm not helping him to make a crime. I just think that he may become disabled and can only remember this mistake for a while, but it can't be said that he will remember it all his life. I don't know. Please don't know that some people will become psychopathic if they are in the dark all the time... That is, those who play with women and don't treat women as human beings..."

"So, what do you think you should do?"

"I think it should be handed over to the police. After all, she intended to do something wrong with me."

"... I'll deal with it. I'm sure I won't let him go too far."

"... it's like you're in charge of your son."

"If he were my son, I would have killed him long ago, and I could have kept him alive?"

"Feng Yan, I suddenly feel that you have a violent invasion, and your future son won't be killed by you?"

"... you're not born." He reached out and touched the woman's stomach. She was only ten days pregnant and could not show anything at all. At the moment, it seemed that the child in his stomach had already heartbeat again.

"Don't touch my stomach..."

"Su Xiaowan, how about we have a baby?"

"Have a baby?" Su Xiaowan looked at that pair of black deep schemes, and now he was staring at the man at that end, "... Why did you suddenly say this?"

"You don't like it?"

"No, I just think this kind of thing should be left to fate. It's not that you can have it if you want to be born... It all depends on fate."

In fact, Su Xiaowan can't express her feelings. Don't you want to live?

It doesn't seem to be.

Want to have a baby? But he was afraid of Feng Yan. He didn't want to live.

Although she has talked about this topic before, after all, now, with her naked eyes, Feng Yan has become more and more busy.

She's so busy, she can't help anything, just have a baby?

Always feel, as if deviated from her original intention, said to carry all the waves together, how can now just put those things on her?

"If I told you now that you were pregnant, would you be happy?"

"Pregnant? Feng Yan, what are you joking about? How can there be such..." The next moment, Su Xiaowan suddenly realized something. She woke up today and felt sick. Then she asked the doctor. The doctor just laughed, as if she didn't have any disease. Now Feng Yan said so.

Her hand immediately covered her stomach. "You mean I'm pregnant?"

"Well."

Su Xiaowan was so stunned. At the moment, she hugged Feng Yan for a long time. "Feng Yan, I feel like I'm dreaming now."

"....."

When he came back to his senses, Su Xiaowan looked at the man at that end, "were you just testing me?"

"... I'm afraid you don't like it."

"Why? She's our child. How can I not like it? "

"But I was going to say I didn't like it, so aren't you going to tell me?"

"Wait until you find the right opportunity."

"Feng Yan, you are really sultry. No wonder those doctors look at me strangely and stare at my stomach all the time. I should have thought of that. I'm really stupid."

"... it's not too late to know. Congratulations, mom to be."

"Congratulations, dad to be."

.....

Yu Yin is locked up in the hospital until she wakes up. It's still the lock that keeps her locked.

Mo nanjue asked a nurse and sat there all the time, chipping the apple. It seemed that he was a chipper, but in fact he was just watching him.

Yu Yin doesn't know what's going on in the main house now, but at the moment, she's groping in this place on her back, and she just can't live like this.

"Young granny, you can take good care of yourself. You will faint only when you are weak. Don't worry. If you hang this bottle of nutrient solution, you will be better than half. Master Mo is very worried about your health."

"..." Yu Yin looks at other places. At the moment, there is a needle on the back of his hand. But just because of this, the cold trap at the moment hurts across his bones.

He just looked out of the window at that end and looked at the clouds outside. One moment, he moved over and one moment, he got there.

Just enjoy it.

"Do you eat apples?"

"I don't eat." No matter how the nurse handed it to her, she didn't eat a bite.

Although their attitude is very good, Yu Yin also knows that she shouldn't care about it with them. After all, they just obey Mo nanjue, but Mo nanjue is not there, and her wrist is baked by the handcuffs. How can she be in a good mood?

Now just look at the view outside.

"Isn't the young granny feeling well?"

One side of the nurse saw Yu Yin did not speak, deeply afraid of what happened, after all, Mo nanjue explained, he should stare at her, the first is not to let her hurt himself.

"I'm fine."

"Why don't you have a problem with your own body? The most important thing is to keep fit. "

The nurse's words reminded him at once.

Yes, if you don't take good care of your body, no matter what, you can't carry it.

If she wants him to leave this place, she can only eat and drink enough.

She took the apple on one side and took a bite.

"I want to eat."

"I'm going to get ready."

The man at that end was very happy. She knew that she would be able to get the money soon, because the young master of the Mo family said that anyone who persuaded her to eat would be rewarded heavily.

Yu Yin saw the nurse run out, and now she got up. She twisted the handcuffs several times, but she didn't move.

Now she has a kind of pet like herself, locked in bed.

She hated the feeling.

She was probably still feverish, so it was very hot. She took the water and poured it down.

It didn't take long for the water to get out of shape.

Yu Yin wants to go to the toilet, but there is no way to leave at this moment. She sits in a dilemma on the bed until the door at the other end is opened. At this moment, a person comes in, and he thinks it's a nurse.

"I want to go to the bathroom --!"

Mo Nan Jue coldly looks at the person who thinks that end, at the moment seeing the woman's figure that end swaying left and right.

"Don't you have a hard mouth?"

The familiar voice knows who it is as soon as you hear it. Now Yu Yin frowns tightly.

"I want to go to the toilet, monange."

"Please."

Please.

Yu Yin is a stubborn temper, in fact, they are stubborn temper, otherwise, it is impossible for two people to open so long, no one will go to who.

No doubt, it's just thinking that the other side can lower its head.

Yu Yin would rather this moment than go on.

She just pulled the quilt and lay down.

Then he closed his eyes, no matter what expression on the man's face at the moment.

She won't give up.

"Do you want to go to the bathroom or not?" The man had been waiting for her to take a soft, but did not expect that the girl would not say, now so lying there, like a corpse.

So his hand pressed on her shoulder.

Yu Yin frowned, stretched out a hand and pinched the back of his hand. Although the girl's strength was not as good as that of the man's, what's more, Mo nanjue didn't use much strength at all, but Yu Yin seemed to vent. The woman's nails hadn't been cut for a long time, so she directly reached out and pinched the back of his hand.

All the way to Yu Yin, he felt that he was already very hard, but the man's hand still didn't let go.

If he pinches it like this, his hands will bleed.

The heart is very uneasy, the woman directly released the hand, "Mo Nan Jue, you let go!"

Chapter 846

"Why not

"... your bones are too hard. Can't my nails hurt?" Yu Yin goes too far. She doesn't like Mo nanjue's way of scheming, as if everything is under his control.

Clearly tell yourself, now she, don't like her. But I don't know why, at this time, it seems that she can't let go of that hand. In fact, she can just bleed, and then look at her indifferently.

Tell him he doesn't like her at all.

But I don't know why, I can't say it.

She is so light looking at her, the fluctuation of the fundus of the eye, actually betrayed her mood.

"Don't let me go, I'll pee in your bed."

Mo Nan Jue has a habit of cleanliness. She can't help threatening at the moment.

At the moment, looking at the key in the man's hand, he opened the handcuffs.

She had the key.

Yu Yin just wrote down the appearance of the key. She only looked at the hand at that end and quickly opened the handcuffs. The next second, the breath of men came. She raised her eyes. Now she looked at the person at that end and was ready to bend down to hold her.

"Who wants you to hold me? I'm not broken."

The woman stretched out her hand and pushed him away. She glared at him and opened her mouth coldly. She is like this. She doesn't ask whether she likes it or not, but she likes to make decisions for her.

Her heart is full of anger, now even talk with a gun.

However, as soon as she got out of bed, her feet touched the ground like this, her legs softened and she almost fell on her knees.

Fortunately, the man hugged her so tightly.

"If a woman's mouth is too hard, it will make people feel absolutely unlovable."

"... who's going to make you feel cute? If you let me go, I'm not disabled."

However, the man turned a deaf ear and hugged her so hard.

Yu Yin is too stiff to move.

The next second, I don't know how long a man's legs are, I am put on the toilet.

And the man at the other end just stood at the door.

"Mo nanjue, are you obscene? When I go to the toilet, you are still looking at me at the door."

"Haven't you seen me?"

She suddenly thought of the past.

At that time, Mo nanjue couldn't see. He just came to a new environment, and his eyes couldn't see. He bumped and broke his knee, and asked Yu Yin to smear her.

Although Yu Yin admits that this man is very handsome, older than the boy in the school, he unconsciously stands out the most.

At that time, although it was only the first sight, no matter what, she fell into the man in front of her, like when she was caught by the man.

Of course, he would not admit that it was love at first sight.

It's just, he's got a lot of brutality in him.

That's something he rarely sees.

He didn't know the identity of the man in front of him, but looking at his ordinary clothes, he was probably a poor blind man.

She has been a kind person since she was a child. She looks at the poor blind man covered with blood, looks at the blind man's bumping, and doesn't know whether she will be hit by a car in the end.

I meddle in this business. I can't get rid of this man until now.

At that time, all things of Mo nanjue needed to be taken care of by himself.

Including going to the bathroom.

She watched the man mention this matter without changing his face. On the contrary, her face became hot all of a sudden. She felt like the source of heat, burning on her face.

I've never seen such a shameless person.

"What do you think? How red is your face

"Close the door, you stand here, how do you want me to go up!"

Yu Yin stares into her eyes, and now her eyes are questioning.

She just went to the toilet. The man was standing close to the door. How could she get out.

"I'm not the same as you. I have this habit."

"Monan Jue, if you were not blind, I was afraid of you... I was not as abnormal as you."

Mo nanjue smiles and looks at her. At the moment, Yu Yin looks at the man. He doesn't know how to look at her. He always feels that the man's smile in front of her makes her... Confused.

Almost immersed in them, unable to extricate themselves for a long time.

When she came back, she knocked her head desperately.

Yu Yin, wake up.

"You're not going out yet!"

Mo Nan Jue took a look at the bed in the bathroom. It was a small square window, and there was no other place that could lead to the outside. At this moment, he was not ready to tease him any more, so he turned and closed the door.

Yu Yin was startled by the sudden sound of closing the door.

But at the moment, people are gone, she naturally has no worries, she was really holding for a long time.

When she finished going to the toilet and put on her pants, suddenly the door opened. She was startled.

This time, the person standing at the door was the nurse just now.

"What are you doing?"

"The young master said that you are weak, for fear that you will faint in the bathroom. Let me pay attention at any time."

Anytime.

Just to supervise her.

Yu Yin's eyes are heavy. If she takes care of the patient very much, does it need to be like this?

"Young granny, go back to bed and lie down first. I've already cooked your favorite food. Only when I'm full can I have strength."

"I don't want to eat it."

Yu Yin wanted to eat, but suddenly she felt full. She passed the nurse and didn't go back to the hospital bed.

This place can't even have a small window.

She seems to be locked in a cage, so she can only see a little sunshine through the little window.

Here, it's like a cage.

Yu Yin stood at the window, only to see the distant scenery, even under what is not clear.

She can only see far, far scenery from her angle.

It's a sea.

The blue sea is very calm. The next second, she responds that this is not a port city.

The weather in the port city is already full of snow. Even with the sun, the sea will not be so calm. It will definitely freeze.

So where is this?

Is it difficult for this Mo Nan Jue to take her to a place she doesn't even know for fear of her running away?

In Yu Yin's heart, there was some uneasiness.

She wanted to see more, but the nurse blocked the window on the other side.

The window here is actually a French window.

It was last night that this place was sealed up.

It was Mo Nanjue's idea to seal it. As for why it was sealed, they, as servants, didn't know why.

In fact, people who are sick are in a bad mood. It's good for them to have a look at the scenery outside.

This is also a place where many people set up their health care in resorts and other places.

But the young master of his family was very good. He locked people in such a place directly, even a ray of light would be taken away.

"What is this place?"

The nurse at the other end squinted and didn't answer directly, "young grandma, you are making us a servant. If the young master knows, he will blame me for not taking good care of you."

Yu Yin didn't get angry, but she couldn't get rid of her mother's care at her age.

This Mo Nan Jue must have been on purpose. He deliberately found such a person. He knew that she had a good temper, so he deliberately made her hold back.

"I don't want to eat."

"Eat some food. My little grandmother hasn't eaten anything since last night. Haven't you tasted my craft yet? Try it. Maybe you'll like it. "

"I don't have much appetite."

"It's normal for you to have no appetite now, but I cooked some chicken soup for you."

"I don't want chicken soup."

After drinking too much water, some people will want to go to the toilet. Yu Yin doesn't want to go to the toilet so often.

She was very angry just now.

Besides, isn't he supposed to be locked up?

Then lock up and starve to death.

"Young granny, didn't you just say that you wanted to eat? This person is iron, rice is steel, even if you have gas in your heart, but why can't you live with your own body? You are sick. You are suffering, and you can't torture the young master. Why do you embarrass yourself? "

Naturally, the nurse also heard about Yu Yin and Mo nanjue, but she didn't comment too much, but she took Mo nanjue's salary. Anyway, she wanted to say something for the young master.

The young lady was the only woman brought back by the young master. I heard that the whole island

was decorated for her.

Even though she didn't know why she had to resist her husband with such an attitude, like a choking pepper, she just saw her husband's low eyes.

"Little grandma, just listen to me and eat something."

But the nurse, however, put the bowl in her hand, "you try first, maybe you will like it."

In front of me is a bowl of rice, a few small dishes.

They are all my favorite dishes.

Needless to say, I also know who told me that although she didn't really want to eat, she had to eat enough to have strength to deal with Mo nanjue.

She can't faint any more. She has a fever any more.

"Please go out."

"....."

"Then you must eat all the food." The nurse looked at her helplessly, but she couldn't get over it in the end.

With a sigh, he pushed the meals one by one to a position closer to Yu Yin. After finishing these, he got up and closed the door.

Yu Yin looks at the dishes and touches her shriveled stomach. She has to work hard first.

When she tasted the first bite, she suddenly looked at the dishes in disbelief.

Why, it's a little ripe

Like who did it for her?

Those long lost memories, for a moment, fell on her heart. When her memory overlapped with all this, the door opened so untimely.

She seems guilty and wants to put down her chopsticks immediately, but the next second she thinks that the food is made for him. Why doesn't she eat it?

Chapter 847

Yu Yin raises her eyes. It's not others who come in at the moment, but... Doctor.

The doctor looks very sweet, probably just as she graduated. Now she is wearing a white coat and her hair is spread over her shoulders. There is a kind of intellectual beauty.

"Are you awake? What do you think? Would you like to arrange an examination for you? "

"No But Yu Yin saw the handcuffs on her hand and thought, "I need to have an examination. Now I'm still a little uncomfortable."

"..." the doctor was a little confused about the sudden change of women's attitude. After all, the appearance of resistance just now has been accepted so quickly?

"I'll arrange it first."

When the doctor turned around, the corner of his mouth was hooked, and on his face, he had a kind of doting smile.

This little girl of Mo Nan Jue seems to fit her eyes.

She came with Monsignor.

It's also for Mo nanjue.

Yu Yin's arrangement soon came down. The nurse was also concerned about Yu Yin's body. After all, she just woke up, but Yu Yin was against everything and was not willing to cooperate with the examination. Now she said that she would go for the examination herself, which saved her a lot of lip and tongue.

Yu Yin was placed in the examination room.

The handcuffs were finally removed.

She wanted to find doctors to help, but those doctors, like they can't hear any words, are checking him like a puppet.

She was so frustrated.

Mo Nan Jue was soon known about this, he rushed to the examination room.

The door opened, Yu Yin came out, and now his face collapsed.

He finally let go of his heart. Mo nanjue felt that he was ill, and that he was very ill. Now he did not dare to sleep too much at night. He was afraid that the woman would run away from him.

He sealed the window because she watched Su Xiaowan climb down the high floor.

He was afraid that Yu Yin would do the same.

"Let's go."

"... Mo nanjue, when are you going to torture me? If I don't like you, you can't let me go..."

The man is not angry, but it is because of this not angry, she thinks he is more terrible, even if he is angry at the moment, then at least she can clearly judge his happiness and anger.

But men don't show it.

The man went over and pulled her into his arms. Now he took her into the door.

That's how I let her go.

Mo nanjue loosened his bow tie and sat in the sofa beside him, "just finished the inspection? Are you hungry? "

"I'm not hungry. I don't want to eat your food, either

Yu Yin tone tough mouth, but soon, that end even sent up a table of dishes.

She didn't know what was going on. She was very hungry. She had a big bowl just now.

She didn't find that her appetite was getting bigger. She only thought that her digestion was so good because she didn't have enough to eat these days.

After all, she had been checking for a long time, and she felt that what she had eaten had not been digested for a long time.

The delicious food on the table is more abundant than before.

The smell came to my face.

The stomach does not strive to make a sound of grunting.

Yu Yin covers her stomach.

Monan Jue is just a worm in her stomach. This man will know what she seems to do, but no matter what, she can't admit defeat at this time.

"Monsignor, you let me go." She no longer went to see the delicious food, and now she came to the

man at the other end, with a low voice.

"Give me a reason?"

The man's eyes are indifferent. At the moment, he raises his eyes and looks at the woman's eyes. At this moment, he can feel her chest undulating because she is angry.

"Before, we agreed that if one of them didn't love each other, we must let him know in advance. I admit that I liked you before, but now I really don't like you. I don't know why I don't like you. Maybe I didn't like you before. When I was lying there for examination today, I suddenly thought, if at that time, I didn't know you had money, Will it save you? " Yu Yin watched Mo nanjue staring at her in her spare time, and she continued, "you probably don't know? I knew you were a rich man from the first sight

"At that time, you were carrying a watch of tens of millions. I learned about it in the magazine. So, I approached you deliberately because you had money. Otherwise, who would be willing to give a blind man who didn't have any money to carry his shit and urine? Do you really think I was idle? Although you do bring me a lot of happy memories, I am a girl and more sensitive than you. Do you know why I choose to leave without saying goodbye when you express yourself? It's just that I suddenly feel that it's meaningless. It's like I've reached the highest level in playing games

And then it turns out, that's all. Later, you were more rich and powerful than I expected. I thought, since you like me, I'll try my best to live with you for the rest of my life. After all, people like me don't have a high or low level. If they are lucky enough to take a judicial examination and become a lawyer, they will not have a bad life. But my husband thinks that's all. Who doesn't like money, I've had several kisses. None of those men can match you.

So I came back to you and married you.

I thought I could be a rich wife, and I would not worry about food and clothing in the future. As you said, you would treat me well, and you didn't cheat me. At that time, I was like a salted fish. I didn't have to worry about what I eat every day, but I got the certificate of secretary smoothly... I seem to have got everything I have, and I began to look forward to the future and the other half more.

Your family is too complicated. I just want to live a good life and help my husband. In your status, there is no shortage of women. Why should I be imprisoned and locked here? Even so, I don't like you. You are a man. You can afford to let go. I admit that I used you at that time, but I was still young, For money blinded eyes, but also just because one is vanity, so will do wrong

Mo Nan Jue coldly stares at that chattering mouth, he wants to block up, let her not say again.

Even if he wants to tell himself that it's not true, but... In those years, he didn't do the same thing as him. He was indifferent and didn't pay attention. He also knew about the blind date.

So, she's only good to him because of?

Yu Yin looks at Mo nanjue at the other end and looks at herself coldly. At this moment, she only feels that her back is cold. She has already said that she is like this? Can Mo nanjue remain indifferent?

He didn't believe it.

How can a man whose eyes are always above the top just like this

"Monan Jue."

Yu Yin's hand is tightly clenched. She feels that it's cold in the room. She can only hold her fist to cheer herself up.

Maybe they should not have met before.

In this way, are there not so many setbacks waiting for them?

She would rather marry an ordinary person and live an ordinary life.

But it's not like that.

From birth, they can't be.

For a long time, the anger on the man's face dissipated. At this moment, Yu Yin looked at him and felt uneasy.

"Take care of her."

The man suddenly stood up and was about to go out.

"Yes, young master."

Yu Yin, who was standing on one side, thought that he could wait until what he expected in his heart. Even if he didn't expect, what he said just now was enough to make him angry. However, his expression was indifferent and his tone was light. He just said a word to the person at that end to take care of her.

"What do you mean, monsignor?"

"Yu Yin, you are so naive."

So, those words, to him, are nothing at all?

How could she forget that it was mo nanjue. Once Mo nanjue decided something good, ten cows could not be pulled back.

It's a dead end.

It seems that she can only think of other ways to get out of here.

She looked at the sumptuous meal, walked over, sat there, a force to their own folder dishes.

Mo Nan Jue saw her sit there obediently eat rice, then also no longer say what.

Yu Yin's words are a blow to his heart.

The blow is enough to shock people.

Although on the surface she seems to be very don't care, but only he knows, in the heart dripping blood.

He has been asking himself, don't like him, why still want to keep her in his side?

However, there is no answer to this question.

As he walked out of the door, he saw the doctor again.

The woman just looked at him with a smile on her lips.

"Upset about her?"

She seemed to see the man's mood at a glance.

"I guess I'm right? Do you know how she begged us just now when she was checking? " Sure enough, the man who was going to leave stopped at the moment.

The man's eyes were heavy, listening to her.

"Let's call the police. She said she was kidnapped..."

"But don't worry, we didn't hear it."

"... don't provoke her."

The beautiful woman raised her eyebrows slightly at the moment, "if you are going to listen to what I said..."

"Sorry, I don't have time."

"... it's no wonder that a man like you can't keep her heart."

"What do you want to say?"

"I can help you... After all, women know women best. Maybe I can help you persuade her to stay with you?"

"You don't have that ability."

The woman was speechless by him, but she was not angry. She kept the arc of her mouth.

"How do you know if you don't try? She's so locked up by you now, I'm afraid that her resistance will only be higher. "

"....."

"Since you don't want to hear it, I won't say it." The woman stroked her hair and said, "I've chased you all the way. Don't you really give me a chance?"

Chapter 848

"Well, here's her test report. The rest will come out tomorrow."

The doctor gave her a piece of information. Seeing that he was a stranger, he didn't want to be near him any more.

Anyway, it's only a matter of time before she can convince him.

The reason for persuading him can also be the woman inside.

Looking at him, he must have been in love for a long time.

After the woman left, Mo nanjue separated the report, which was full of medical titles. He couldn't understand it at all, only saw the final conclusion.

good health.

The information is closed.

Yu Yin stayed in that room, his own range, only the bed.

In addition to going to the bathroom, the nurse will help her to open the handcuffs, the rest of the time, she can only lie in bed.

Every time Mo nanjue appeared, Yu Yin said a lot of things he hated.

She figured out that since she could not escape, it would make her tired of him.

One day, he will let himself go.

She didn't believe it. Mo nanjue was so tolerant.

But unexpectedly, he didn't get angry at all every time. Instead, he ate with her every day.

The days returned to normal. If it wasn't for the nightmares, Yu Yin would have given up running away.

These days, she had nightmares again. When she got up, she was sweating.

Finally, one afternoon, he knew that Baron Morange was leaving the island.

She felt that this day was her best chance.

She got the key in the nurse's hand, changed into her own clothes while she went out, and ran out.

Because he was handcuffed, Mo Nan Jue removed the person who was watching at the door.

But unexpectedly, in the middle of running, she ran into a person.

It's the last doctor.

Although Yu Yin was sure that no one was looking at him, he didn't expect that he would be transferred to a doctor.

"You want to run away?"

Yu Yin's hand tightly clenched into a fist. During this period of time, she did not mention that she wanted to escape. After all, after the test that day, he knew that all the people here were his people.

They can't betray Monan Jue in order to help her.

However, in front of her, the doctor had already seen through her thoughts. How could she not be nervous?

"I..."

"Can I have two minutes?"

"....."

"As long as you give me two minutes, I'll help you get out."

Is there such a good thing?

Yu Yin told herself that she couldn't believe him. After all, she didn't think it would be so simple for this person. Besides, this woman is Mo Nanjue's person. She won't help him at all. Maybe she just wanted to delay time.

"I'll give you my mobile phone, and I won't sell you out. As long as you give me two minutes, I want to talk about monange."

"If you don't believe me, I can take you out first."

café.

"What would you like to drink?" The woman's finger fell on the menu. She didn't break her promise. She took herself out of the birdcage.

"Plain water."

"Two glasses of water, please."

The waiter took a look at the tightly packed woman. This place has been open for tourism during this period, so people from all over the world will come here to see the sea.

"You have something to say."

"I am the sister of monange." The words suddenly appeared in the flat land. At this moment, the noisy place suddenly became quiet.

At this moment, if it's not because Yu Yin really heard it, even she thinks it's fake. It's just because she heard it wrong at this moment.

"....."

Sister?

He knew that Mo Nan Jue was not born to Mr. Mo, but she didn't know who his parents were.

Although Mo always let himself see their photos, but just a glance, the man put things away directly.

For Mo Lao, Mo always hates himself. Although it may have nothing to do with her, in her opinion, her father's mistakes are totally disgusting.

"You have been with him for so long, you should have known that he is not the Mo family." The woman

at that end spoke with a light tone. She didn't worry. She seemed to be waiting for Yu Yin.

When she said this, there was not much depression in women's eyes.

"Yes."

"I still remember that my father told me that I was going to have a younger brother... It was an afternoon when I just came home from school. My father came to pick me up to see my mother... But I didn't expect that we would have a car accident on the way... In order to protect me, my father protected me. I was saved by a kind-hearted person passing by. I was in a coma for a year and almost became a vegetable, But when I woke up, I didn't remember anything. The trauma of the car accident affected my memory... Recently, my adoptive mother told me that I was not their child, so I came back... I found the photo of Mo Lao marrying my mother, and then I found nanjue... "She vomited word by word and mentioned these things again, It also exposed the trauma in her heart.

Yu Yin's eyes stare at her, so on, she really looks like Mo nanjue.

In particular, the mouth.

Yu Yin met Mo nanjue's mother. At that time, Mo nanjue showed her picture to him. In front of her, the woman looked more like the lady.

She thought that there was only one person she was sorry for, but now it seems that because of her parents, she almost died.

All of a sudden, she wanted to go back to her hometown and find out what happened in those years.

She couldn't believe that her parents would kill.

"I heard your name is Yu."

Yu Yin raises her eyes.

"Yes."

"Your father is Yushan? Is that right? "

Yu Yin's hand tightly grasped the cup that just came up, "yes."

"I remember your father."

Yang yanru's eyes fixed on her, as if to see something from her eyes, but at this moment, nothing can be seen, "when did you know?"

"What do you know?"

"About your father, and my father?"

"....."

"Don't be nervous, I won't do anything to you! If I want to do anything to you, I'm afraid he won't give up either. "

Yang yanru spoke coldly.

"It's Mo Lao." Yu Yin opened her lips, and then she added, "I believe my father is not like this."

Mo Lao said that his father was jealous of Mo nanjue's father's achievements, so he had evil thoughts.

His father is a scientific research personnel, and Yu Yin's father came from the same school. They are both rivals and friends.

In her memory, her father was busy and her mother was busy. In fact, she was the only one in her life.

However, he did not believe that her father could do these things.

Her father, in her mind, is a great hero.

As a child, her father taught her to love the weak and teach her to read and be a man. But for her father, she could not have saved Mo nanjue at that time.

"Do you know who called before the accident? My father got out of control because he answered your father's phone call. Finally... "

"And that phone is your father."

In these words, her father's crime was directly given to death.

Yu Yin clenched his fist, "two minutes has come. I'll go first."

"When I look at you for the first time, I think you are very suitable for that boy. He was born with the same temperament as my father. He is indifferent and speechless. If there is a girl around him, he can talk more. However, these days, I know your surname and the things that happened in the past and now. Uncle Yu, I've seen him, and you are very much like her."

The woman at that end said, "it's just because I know about you that I feel that you are no longer suitable for him. He is my younger brother. For her sake, my mother hides all the sadness and pain in her heart. For her sake, we should protect him when we lose our lives. He is the hope of our family. I

don't want you to destroy him."

I don't like her. She ruined him.

Yu Yin at the moment, just feel like a lump in the throat, she can't say a word.

"So you're going to let me go?"

"I can see his heart for you. I don't want to see him cling to his obsession. I think he doesn't know about his parents now, and I hope you can keep it secret. Don't let him know about it. Nanjue, he... I think he has been worried for a long time. In the future, he will meet someone who is thousands of times better than you. Therefore, it's also a kind of accomplishment for you to let each other go. "

Yu Yin doesn't want to become so embarrassed at this time. At least, she wants to keep her face. At least, at this moment, she firmly believes that her father has done nothing wrong.

However, those words, word by word ruthlessly in their own heart, there is no room for resistance.

Poke her in the heart.

"Here's a million. After you go out, you will need money. I don't have much money in my hand now. This is all my savings. If..."

"No, I have both hands to support myself. Since I choose to leave, I won't come back again. Good horses don't have to go back, do they? You don't have to believe me

"If only you could think that."

Soon, a man dressed like a fisherman came, and now he stood at the other end, "are you miss yang?"

"Yes."

"Is she the one who is going to leave?"

"Well, you are responsible for taking her out of the island, and all the money here is yours."

They seemed to have talked before they came, so the man took the money and took her away immediately.

Yu Yin doesn't doubt Miss Yang any more.

She knew that she would take her out.

As for the future, let's go.

And Yang yanru sat there, looking at the figure so far away from her sight, until she couldn't see it.

Soon, a message came from the mobile phone.

It's an appraisal report. It was made for Yu Yin a few days ago.

Chapter 849

She ordered the physical examination report.

Show - pregnancy.

She held her cell phone and wanted to chase it out, but in the middle of it, she suddenly stopped.

She knew how much mo Nan Jue liked Yu Yin. If he had another child, I'm afraid he would never let her go.

But in the middle of them are... Human lives.

But in the end, the child in his stomach is his blood relatives, and she can't let the blood of the Yang family show.

She finally ran after her.

To leave the island, you have to leave from a plank road. This fisherman was due to the rainstorm a few days ago. He passed through the island and had a rest here because of the big waves.

It's sunny today. Naturally, he wants to go back. There is only one way to go back.

However, when she got to that place, the ship had already gone, and she could not forget the edge.

She's gone?

Is it God's will?

Yang yanru is going to drive back to the hospital, but halfway through, she receives a phone call.

"Dr. Yang, young master Mo suddenly came back. He was very angry... You come back quickly."

Although she had expected such a situation, she was worried after all.

That's her brother.

She drove like she was back in the middle of summer that year.

That day, the car was driving smoothly on the road. My father said that he wanted to go to the florist first and buy some flowers for Mommy

She is also very happy, she has always wanted a brother or sister, after all, the school children have a brother or sister, she did not.

But I didn't expect that today, my wish came true.

She's still imagining waiting for her brother or sister to be born. What is she playing with him

But Dad suddenly got a call.

Seven or eight year old children, where know adult things, only know that the father after the phone is very angry, that is, she has never seen a gentle father so angry.

Then all of a sudden, a big truck rushed towards them.

Father wanted to step on the brake, but the car couldn't stop.

Later, she only knew that she was in pain, her legs were in pain, and there was blood on her forehead

Father's hand, from warm to cold.

Bang!

She hit someone, too.

"Miss, are you ok..."

A man ran down and knocked on the woman's door, but he didn't wait for the woman to move the window.

She just passed out.

I still don't know anything.

.....

Su Xiaowan stayed for two days before she left the hospital.

Feng Yan has already told him about Yu Yin. Although he is worried about Mo nanjue's drastic actions, Feng Yan is right. It's a matter between them. It's hard for others to interfere.

Of course, she also heard Feng Yan say that Mo Nanjue didn't sleep that night about the maid.

Because after Yu Yin left, Feng Yan captured Nan Nan.

Yuyin is the only one who does it... After all, the hero doesn't suffer from immediate losses. With the means of the second master of the Mo family, can Nannan be dishonest.

Knowing the news, Su Xiaowan fell into meditation.

"Not going home? Where are you going? "

"Take you to see someone."

"Who is it?"

The man reached out and touched her hair, "before I leave, I want to get something. The grandfather has what I want in his hand. Don't worry, just meet and go home soon."

Su Xiaowan soon met the old man of Zhu family. He was a little older and his legs were not very convenient.

She thought that she was just an ordinary old man, but when she knew that he was Zhulin's grandfather.

Suddenly, the first impression completely changed.

What Zhu Lin has done to her doesn't mean that she is in hospital now, and this man's affairs can be regarded as non-existent. Moreover, what Master Zhu wants to invite them?

But Master Zhu was still smiling. Looking at the two people coming in together, the girl stood in front of her intact, she was relieved.

The more he thought about the crime, the more ashamed he felt that he was sorry for others.

"Your mother used to be good friends with my big girl. At that time, she used to come to my house to play. She left all these things here. I don't know if they are important to you. Now they are returned to their original owners."

Feng Yan knew that Master Zhu had a daughter.

When he mentioned his daughter, Zhu felt sad. He had a lot of money in his life, but he also made a mistake.

value the male child only.

Thinking about his son inheriting the family property, in fact, his son, in terms of qualification, where can he compare with that girl.

That girl is most like him, regardless of temperament, even smart and strong, is the same.

It happened that they were born to one mother, but their qualifications were quite different.

His daughter, who has been in and out of the market with him since childhood, would not have given such a large group to her son if it had not been for the confusion caused by those shareholders.

The old lady was right. In fact, what he said was that he had a son preference in his heart.

He hurt the little girl's heart. As a result, in a rage, she married someone else and moved out of the old house. Up to now, she doesn't even know where she is.

He went to see her, but the girl locked him in the guard and didn't want to see him at all.

And my son, who has shouldered such a heavy responsibility, is not expected to do business. In the end

It's all his sin.

Make it all the way it is now.

Su Xiaowan stood there, watching Feng Yan take over the things in the old man's hand.

"Would you like to stay for lunch?"

Master Zhu is the only one in the villa now. Because of this period of time, he thinks a lot about it, but it's all his own evil, and he doesn't expect Zhu Lin any more.

What about boys!

He is not worthy to be a member of the Zhu family.

When Mr. Zhu was young, he was also a man of the hour in shopping malls. Originally, his company group was involved in the whole Hong Kong City, but because the younger generation didn't have much talent, they couldn't live at home, and now they can only be second.

It's the Mo family, and Mo Liting is his son-in-law candidate.

He originally wanted to marry his daughter to him, after all, such a man, means to turn the tide, is a real hero in the market, unfortunately, already have a place.

Mo Li Ting likes a woman. At that time, she was a sensation in the whole city. Why do you say that!

It's said that for the sake of a woman, he made the originally cold port city open roses all night.

Chapter 850

The winter temperature in Hong Kong City is very low, which is more than ten degrees below zero. This kind of temperature is not suitable for the growth of such delicate roses. But it is said that because the woman likes roses, he opened all the roses in Hong Kong city overnight.

He has always liked Mo Li Ting. Up to now, even if this young man goes ahead of himself.

At that time, he was still abroad, and the cadres came to his funeral.

Such a man, so far away from his line of sight, he is sorry.

But a generation of heroes left after all.

He didn't know it until he returned home.

When he was young, he met with Mo Liting many times. So after his grandson was arrested, he looked at Feng Yan's face. Although he was sad about Mo Liting's leaving, he was the second Mo Liting.

"I'm too poor to eat alone as an old man. You two must have never eaten either. Why don't you stay for dinner?"

Su Xiaowan looked at the quiet place and saw a white photo.

It's a posthumous photo.

"This is my son, this is his wife, the parents of my frustrated grandson, and this is my wife... Cough, they are all gone. I'm the only one left in such a big mess, little girl. Last time, it was my fault. I didn't discipline my grandson well. Don't worry, it won't happen again, My grandson can't escape the punishment of the law because of me. He should be convicted of whatever crime he should be convicted of. "

Su Xiaowan originally thought that the old man would say a few words to beg her in front of him.

But I didn't expect that this old man should be so open-minded.

Inevitably, she likes the old man a little more.

"Feng Yan, I'm a little hungry. Let's eat here."

She stretched out her hand and pulled the man's clothes. Feng Yan looked at her. He had no idea where to eat. He thought Su Xiaowan didn't want to stay here for a moment, but he was willing to

"Good."

Master Zhu was so happy that he ordered the kitchen to cook more dishes.

In Master Zhu, Su Xiaowan saw Feng's parents.

He just wanted to go back, just because he wanted to accompany the two old people. Mo Liting had already left. She didn't know whether Mo Liting felt the warmth of children around him at the moment when he left. However, people had already left, and the answer was no longer important.

Now, we should cherish those who are still around us.

"Sit down and I'll see what's going on in the kitchen." It's rare for the Zhu family to have a guest. All of a sudden, he seems to be full of vitality. The housekeeper is very happy to see Master Zhu happy.

After all, it has been a long time since the Zhu family was so busy.

Su Xiaowan followed Feng Yan and visited the Zhu family.

Although the Zhu family is not as big as the Mo family, she is also a prominent figure in Hong Kong. Looking at the photos, she said, "I didn't expect that the old man is still nostalgic."

With so many photos, it can be seen that the family must be very warm before the old man.

"Who is this?"

It's a picture of the whole family. The photos of three people I saw in the living room just now are not taken by the whole family. But if it's a picture of the whole family, it must be taken by the whole family.

The woman in this picture has a heroic face. He looks like the old lady.

"It's Zhu Lao's daughter."

"And where is she? Why haven't you seen him all the time? "

Looking at Mr. Zhu, he was totally empty. There was no anger at home. The words in the living room withered. I don't know how long it has been.

"It's said that Mr. Zhu attached great importance to her at the beginning, but because she was a girl, she couldn't inherit the group, and the shareholders in the company didn't agree. So he chose his second son, Zhu Lin's father. His father didn't know anything about business, but because of Mr. Zhu's pressure, he was elected president. Finally, the eldest lady married directly, He no longer has contact with the Zhu family. "

"... preference for boys over girls?" Su Xiaowan listens to Feng Yan's words, which can be regarded as a general idea.

So, because the group didn't give Miss Zhu a cent, Miss Zhu felt that she was not treated by her parents

Also, when she was 20 years old, Miss Zhu followed her father to the meetings of various business tycoons. Originally, she was cultivating in front of her family, but all of a sudden, all this was actually paving the way for her brother.

If you change to yourself, you can't accept such things at all.

Su Xiaowan suddenly thought of something, she covered his stomach, "Feng Yan, you tell me honestly, you will not favor sons?"

"Maybe."

"What?"

"I like my daughter, especially the best. She looks like you, so I will spoil her more..." Feng Yan said, scraping her nose, but now she was held by Su Xiaowan.

"You can't value men over women, and you can't value women over men. No matter whether they are men or women, you should love them. Children are the most sensitive." Su Xiaowan said seriously.

At the moment, Feng Yan looked at her serious appearance and hooked her lips, "but I don't want him to be a boy."

His tone was a bit coquettish.

"... so, Miss Zhu, won't come back till now?"

"Maybe she was hurt. Before Master Zhu went to see her, she had been avoiding her."

"Well, if it was me, I couldn't accept it. Who thought I would be... However, Master Zhu got his punishment, and Zhu Lin became like this..."

After finishing their meal at Zhu's house, they went out together. But at the door, they met a child.

It's a boy.

The long carved jade is very soft and cute. At the moment, the child just stood there, as if talking to the bodyguard at the door.

But as soon as I saw Su Xiaowan and Feng Yan running out, suddenly the boy rushed directly to them.

Feng Yan suddenly blocked the man at that end, his eyes were quick and his hands were quick.

Therefore, the child went straight to Feng Yan's arms.

The boy saw a beautiful sister and wanted to let her take him in, but unexpectedly, he was looking at a tall man in front of him.

He frowned.

"Go away."

The beautiful boy, seeing the man's fierce eyes, grabbed Su Xiaowan at the moment.

"Beautiful sister --!"

Su Xiaowan looks at Feng Yan's angry face. He also knows that Feng Yan is worried about himself, which is why he is so nervous.

However, the child is so beautiful and has a sweet mouth.

"Baby, why are you here? What about your parents? "

The boy just looked at Su Xiaowan at the other end, and had to say that the young lady beside the fierce uncle was really beautiful, even better than her mother.

"This is my grandfather's house."

"Grandfather?" Su Xiaowan takes a look at Feng Yan. Just now Feng Yan said that he is the only one left in Zhu Lin's parents, so who is this.

"Who is your grandfather?"

"My grandfather's name is Zhu Hai, and my mother asked me to see him."

At this time, the housekeeper heard the movement of the door, came out and looked at the man, woman and the little child. Of course he knew the child.

It's the second child of the first lady.

A while ago, the old man went to the kindergarten to see him. He looks like a young lady.

"Young master, why are you here?"

"Shh, Grandpa housekeeper, I'm here to return my grandfather's things. It was given to me by my grandfather before. My mother said she couldn't take it. Let me return it to him." The boy took a card out of his hand. It was a gold card.

The housekeeper also dare not accept this card naturally.

"Did the young lady find out?"

"Housekeeper grandfather, my mother also washed my clothes for me, and found out immediately, and said that if I accept this card, I can't go home in the future. Although I like grandfather very much, I still want to go home. My mother is very kind to me, and I can't betray my mother."

Boys do not look very small, but speaking, it is a set.

Su Xiaowan looked at her and said that the child was her mother's intimate little cotton padded jacket. That's right. It's all cotton padded jacket.

"But... Now that my husband is resting, this card... Otherwise, you put it here. If you need it, you are looking for me?"

"... it's no good. I don't want this card. My mother said that if a child had so much money, he would be abducted by human traffickers. Human traffickers would select those rich children. If I don't have money at home, I'm safe. Housekeeper grandfather, please take the card and exchange it for grandfather. And if grandfather comes to kindergarten to see me in the future, Never come in the afternoon, because my mother is not very busy at work recently. It's my mother who comes to pick me up... "

Feng Yan listened to the child's nonsense, what does her family have no money.

You know, the gentleman that Miss Zhu married at the beginning was second only to the noble of the Zhu family. Over the years, Miss Zhu has been regarded as the number one strong woman in the market.

The profit is several times more than that of Zhu group.

What a little liar.

The boy then looked at the beautiful little sister, but after thinking about it, he scratched his head and said, "Oh, I don't know how to go home!"

The housekeeper, holding the card, was silent at the moment. It's reasonable that they should send people directly to their home. However, the eldest lady is not in the mood to see them, but she is worried that the child's life is in danger on the way. Now, the eldest lady and her husband are not allowed to go home. If anything happens again, In this way, we can't say anything in the future.

"This..."

"If not, we'll send it. Anyway, Feng Yan and I are going back. You can give us the address and we'll send the child back for you."
