Chapter 851

Su Xiaowan said.

"Well, I'll trouble Mr. Mo and his grandmother. My young lady is used to her husband's temper since she was a child. She hasn't changed for so many years... Thank you for your husband." The housekeeper said that he thought Su Xiaowan's proposal was very good, and he had to explain it to the first lady. In fact, he was afraid to see the first lady.

After all, he pays attention to giving money to children.

Over the years, he knows what has happened to the first lady. She has been gifted since she was a child. However, he knows that as a woman, it is more difficult to gain a foothold in a financial group than to ascend to heaven.

At that time, Zhu's group was also presided over by some shareholders. Although these people were worried about their husband's existence, they couldn't see women clearly.

So, I have been knocking with my husband in private.

It was precisely because he knew the means of these people that he did not let the young lady go on the road of no return in order to protect her.

Unexpectedly, the young lady got angry and married a

Fortunately, over the past few years, it has been a happy and bitter experience, and some things have already become a thing of the past.

During this period of time, she just came back from abroad with this boy. It is said that she is planning to settle here.

So the old man took him to find his grandson's kindergarten.

I didn't expect my grandson to know himself.

The old man was happy for several days.

Looking at the child in front of him, no matter what he did or did, he had a kind of master's original style. He liked it.

"Mr. Mo, I'll trouble you a lot."

"It's OK. I like him very much." Su Xiaowan touched the boy's head, but the boy looked at her very

seriously. "Little sister, a man's head can't be touched casually."

Su Xiaowan was attracted by his cute energy. She looked at her and seemed to depict his future child in her heart.

Probably, it should be as lovely as her.

Feng Yan didn't want to take a child with him. After all, it wasn't his child, but he looked at the woman at that end who had held the child tightly in his arms.

"Let's go."

Su Xiaowan looked at the child at that end, and he thought he particularly liked it.

The child took a look at Su Xiaowan, and now he took another look at Feng Yan, which gave birth to some fear. After all, Feng Yan was a little fierce. He didn't want to be his father. He was smiling every time.

He was just a child in kindergarten, and he was immediately frightened and cried by the man in front of him.

"What are you crying for?"

Su Xiaowan embraces the child at that end and looks at Feng Yan at the moment, "what are you doing to her so fiercely?"

"I just think he's a little annoyed when he's crying."

The man's tone suddenly weakened.

Su Xiaowan put her arms around the child.

"Children are like this. You were like this when you were a child."

"... what's your name, baby?"

"My mom calls me boss."

"Boss? The name is so domineering. "

"I think so, too. But outside, my little sister can call me Xiao Lin. my father's surname is Lin... little sister, who is your uncle?"

"....."

When Su Xiaowan heard this, she almost laughed. Now she saw Feng Yan's black face, which could turn into black charcoal.

Call her sister, call her uncle?

Feng Yan just wants to throw the child out of the car.

He is too busy.

"Are you happy, Su Xiaowan?"

Su Xiaowan feels that the man seems to blow up. He is a cold man, and now he is like a jealous husband.

"What do you care about with a child? He doesn't know anything."

Feng Yanqi grasped the steering wheel. If he was his own son, he would beat his ass.

Su Xiaowan looked at the child, "he is my husband. Although a little older, but a good man, not a bad guy, you don't have to be afraid of him

"But he is so fierce. Will he beat you? Little sister, you look so good. Why do you take a fancy to him? "

The next second, that line of vision is so ferocious stare at him.

Su Xiaowan looked at Feng Yan helplessly. This child... Really met his opponent.

"He's very kind and won't beat me. Besides, I like him very much."

The man's face softened.

Su Xiaowan can't help laughing when he looks at a man with a small stomach. He's just like a child who hasn't grown up.

When the boy heard this, he was relieved. In fact, he didn't see the tall man clearly. After all, at the beginning, he was too tall, and his eyes were a little terrible, so he didn't dare to see it.

Now he's sitting in the back seat, and all he can see is the man's side face and the back of his head.

It's not clear what he is.

However, the little sister said that she liked him very much, which should be the same as her mother liked her father.

"Gulu Gulu --!"

An untimely voice interposed in the carriage.

"Are you hungry?"

The boy held his stomach and looked at her pitifully. "Just now, my mother was very angry that I took my grandfather's money. She drove me out without giving me lunch. Alas, my mother was tough hearted. In fact, she saw that my grandfather was ill in the newspaper and wanted me to see him. Fortunately, I didn't follow her. My father told me, You'll lose out if you don't talk hard. "

That boy is a talker. At least, Feng Yan thinks so.

The whole car, originally very quiet, just listen to her a person there chattering.

He is now more and more hope, Su Xiaowan belly is a girl.

If it's a girl, then he can probably tolerate her quarreling, but if it's a boy... It's too noisy.

"Shall we take you to dinner? What would you like to eat? " Su Xiaowan asked him back.

In a soft voice, anyway, it was gentler than when he was in front of him. Feng Yan's psychology suddenly became unbalanced. Su Xiaowan had never asked him what to eat in such a soft voice. She's so nice to a guy she just met for a few minutes?

It's su Xiaowan. Looking at the boy at that end, this boy is totally different from Zhu Lin. Zhu Lin has a fat head. Although he is only 20 years old, he is like a nouveau riche. Moreover, when he is fat, his facial features are not outstanding. He thinks that his parents are very good-looking, but he is very ugly.

But this child has beautiful eyes, big black and white eyes.

I feel like I want to steal home when I talk so soft and cute.

The boy's eyes look out of the window. He just came back to China during this period. His mother is very busy with work, and his father is very busy with work. He has almost no time to go out with her. She also has a sister, who just got married this year and has settled abroad.

Mom said she would seldom come back.

Therefore, she was the only one left in the family. In addition, he went to kindergarten this year. The kindergarten was ordered before he returned home. The next day, his mother sent him directly to the kindergarten.

Two point and one line life, where there is time to go out.

He looked at the restaurants at the other end and pointed to an old man over there. "I want to eat... KFC, OK?"

"Yes." Su Xiaowan looks at the child and says to Feng Yan to stop.

Probably because today is the weekend, there are a lot of people.

The sun is very warm. Today's sun is very big. It seems that it can dispel the boredom of winter. So when you look at the car, there are many.

Feng Yan that luxury car finally found a position, "still don't get off."

It's fierce.

"Feng Yan, your tone is too fierce. Can't you speak softly?"

"I'm used to it."

"Do you want to use this tone when you talk to your children in the future?"

"... I'll try to change it."

"You can't hurt him now. He's pathetic. He hasn't even eaten KFC."

Su Xiaowan got out of the car and was just about to pick up the child, but he thought about the child in his stomach, "Feng Yan, you hold him."

Feng Yan took a look at the child. Xiao Lin Lima shook his hand. "Little sister, I'm five years old. I'm a man. I don't need my uncle... Brother to hold me."

"Good boy, let's go in."

Feng Yan is the first time to come to such a place. After sweeping the app for a long time, he didn't come out with any fame. He has a great reputation.

Su Xiaowan was afraid that Feng Yan would suddenly open the potential of upstarts, "I'll have some."

With that, seeing Su Xiaowan, he took his mobile phone, scanned the QR code on the dining table, and sat there to order.

Although there were many people, the delivery speed was very fast. Su Xiaowan ordered a tube and sold some hamburgers and French fries.

She didn't know what Xiao Lin wanted to eat, so she bought a little of everything.

"When will you?" Looking at the meals she served, Feng Yan didn't like fast food. Although he had been abroad on business before, he couldn't get used to them, so he never ate them.

"Before I knew you, I used to eat it." At that time, every time Su Xiaowan found a new part-time job, she would always take Xia Yanran to have a good meal. Sometimes, with less money, they would eat KFC.

After all, you can save money, eat enough, and satisfy your cravings.

Such a thought, she thought of Xia Yanran.

A while ago, Xia Yanran called her and said that she had a good life with him now, and that she had been pregnant for six months.

Su Xiaowan originally wanted to go back to see her, but now he's pregnant, and his position is not stable, so he said to her that he would get together next year.

All of a sudden, when I think about it, I find that time goes by so fast that many things have not been so long.

"... Su Xiaowan, what's good about this kind of junk food!"

At the moment, Xiao Lin gnaws at the drumstick, "uncle, this kind of junk food is delicious. If it's not delicious, how can so many people come to eat it? They're not stupid..."

A line of sight so stare over, at the moment Su Xiaowan see that white drum face suddenly low down, "I'm wrong, uncle, no, brother..."

Chapter 852

Finish saying, continue to gnaw oneself drumstick again.

"Don't be afraid of him. He hasn't eaten these before, so it's not delicious. I think it's delicious, too." Su Xiaowan rubs Xiaolin's hair. He is wearing a little gentleman's suit. Now he is sitting on Su Xiaowan's side. To outsiders, they seem to be a family.

Su Xiaowan stares at the food all over the table, only to find that in fact she orders a little too much.

She took a hamburger and was afraid Xiao Lin couldn't eat it. She took a look at Feng Yan and handed it to him.

"I don't like it."

"I want you to feed him."

“.....”

"If he can't eat it later, he will be responsible for eliminating it. Don't waste food."

"You want me to eat what he left over?" Feng Yan's face was very blue. At the moment, his eyes were staring at the man.

To look at the little guy, where the head down gnawing chicken legs.

He is very popular, very regular and clean.

It's just that he can't bear to eat the rest of a child's food.

Su Xiaowan holds the hamburger. The hamburger is a little big. For a five-year-old, he can't eat it. "I broke it off here. He can't eat so much. Moreover, the child doesn't know how much he wants to eat. Anyway, when he gets to this position, don't give it to him."

“.....”

"After your child is so big, you have to feed him, just for a while, don't you want to?"

“.....”

Feng yanzhuan looked at the boy at that end, "come here."

"Brother, it's good for me to sit here with my little sister."

Xiao Lin is still a little afraid of the man in front of him. Although he claims that he is not afraid of everything, he is not his own brother.

Just a few minutes.

Moreover, he always felt that his brother was so fierce that he wanted to kill people in his eyes.

Su Xiaowan thought that Feng Yan would be very rude to feed. Unexpectedly, his action was very gentle.

In the end, as Su Xiaowan said, Xiao Lin was fed one by one. He didn't know how much he ate. Feng Yan took back his hand when he saw that he was about to be half late.

"All right, almost."

Su Xiaowan silently looked at Feng Yan with a faint smile in his eyes.

"Wow, this family is so beautiful..."

"How handsome! The baby is lovely, too. "

Xiaolin looked at the head of a few people taking their photos, now jumped down from the stool, "little sister, can't take."

"You are so cute, my sister wants to keep it for a long time!"

"But my mommy said I was her own baby, you can't shoot."

The girls looked at his serious face and deleted the photo very happily.

"Your parents must be very happy."

"..." Xiaolin looks back at Su Xiaowan and Feng Yan.

Are they misunderstood.

His parents are in the company.

Su Xiaowan took a look at the time. It was past lunch time. Now she put on her coat for the boy. "We should send you home, or your mother should be worried."

"But I want to go to the bathroom."

"Feng Yan, take him to the toilet."

Feng Yan took a look at the boy. He didn't expect that there were so many things about a boy.

Probably because Feng Yan fed him just now, Xiao Lin was no longer afraid of him and reached for the man's hand.

The palm of a man's hand is as big as his father's.

But it seems warmer than his father's, because every time he holds his father's hand, his father's hand is super ice.

"Brother, I grow up so big, you are the first person to feed me."

"....."

"My mother always said that boys can't be used to it and learn to be independent. Since I can eat by myself, she has never fed me... Unexpectedly, you are the strange brother who feeds me today."

“.....”

"Thank you, brother, so that I can be a child who hasn't grown up for a day."

The boy suddenly let go and went inside.

In her body, it seems to see Zeng Jin's own.

Feng Yan didn't know why he suddenly had a feeling of empathy, which was very magical.

Since he was a child, he has always taught himself that he is a man and can do anything by himself. Since he was almost his age, he went to study outside on his own

However, people like them are eager for warmth.

I hope someone can do warm things for them.

Warm yourself with warm things.

Then he met Su Xiaowan.

Met someone he wanted to protect for life.

But girls, will also protect her, protect his fragile heart, not hurt.

They are mutual.

Warm each other, close to each other, will become each other's dependence.

Su Xiaowan felt that there was something wrong with the two men as soon as they came out. It seemed that Feng Yan was much better for him.

Can the friendship between men be established by going to the bathroom?

It's amazing.

Xiaolin was sent to the address given by the housekeeper, who was welcomed by granny Hua who took care of Xiaolin's daily life.

The boy waved to them, "goodbye, brother and sister."

Su Xiaowan and Feng Yan didn't stay in that villa much, but looking at the luxurious villa, they were better than others. Even more imposing than the Zhu family.

Just now she thought Xiao Lin was too poor. Now

My heart is full of paste.

"What are you thinking?"

"Did you know that long ago?"

"What do you know?"

"What else can it be? Just now I thought I said something. When poor Lin died, you were laughing. Did you think I was super stupid..."

The man suddenly blocked her lips.

The attack was a little fierce, and Su Xiaowan was immediately overwhelmed by the kiss.

Until she let go, Su Xiaowan took a breath.

"I don't think you're stupid. I just think you're cute."

"....."

.....

Su Xiaowan returned to the villa, Chen Liangliang heard that he came back, early in the door waiting.

During this period of time, I don't know whether she really wants to open up or how, anyway, she is trying to please herself.

But due to one thing or another, Su Xiaowan has no way to open her heart.

I always think weasels pay New Year's greetings to chickens.

"Well, she's tired. Go and have a rest, too."

"But... Brother, I have something to tell you."

"What's the matter?"

Although Feng Yan didn't have much affection for the man in front of him, he was his sister.

"I think... I applied to a school, I thought for a while..."

"You decide for yourself."

The man doesn't seem to be interested in his idea at all, and he doesn't want to listen to his own words.

Chen Liang Liang just looked at the figure of the man at the other end and grasped it with his fist.

How can Feng Yan know that the school she applied for is Youcheng university.

Chapter 853

She thought about it these days. If she just wanted to go back with them, first, she had no reason. Second, even if she had a reason, Su Xiaowan would not agree.

Feng Yan only listened to Su Xiaowan.

In this way, they expose their own ideas and give them a time to prepare for themselves.

So, at the suggestion of that man, she directly applied to Youcheng University.

She was originally a master's degree student, and now she wants to study for a doctorate directly. She has published many papers, and has been admitted by Youcheng University in advance.

As long as you wait another month, you can get the application form. At that time, she will have a reason to go to the secluded city.

When Xiaoxiao ran over, he only looked at the place, leaving Chen Liangliang alone.

"Miss, second master, he..."

"Go and give me the bath water. I want to take a bath."

"Good."

.....

Su Xiaowan picked up her things and saw the ring at the other end. She took a look at the man at the other end. Did she forget the ring because there were too many gifts for Feng Yanmai?

The ring is designed according to the style she likes. She likes it very much, and they are leaving soon. It's not suitable to stay here.

She stuffed the ring into her bag.

After a while, she felt exhausted.

It's not because of how expensive these things are, but because she doesn't want to discard some things when she changes her life in this place.

Think, after their own life, you can see again.

So I'm going to pack it all back.

After all this, it's almost evening. After taking a bath, Su Xiaowan goes out to explain the suitability of some shareholders. During this time, because Mo Nanjue is not in Hong Kong City, the consortium he should be responsible for is now leaderless.

Therefore, Feng Yan decided to entrust the consortium to Mo Heng.

Mo Heng has managed the company for so many years, and many things are easy to do.

In addition to Mo Heng's current identity, those people also respect him very much.

Mo Heng stood there, and naturally he didn't want to accept it. He didn't come here for money, he just owed Mo Liting.

A while ago, in his spare time, he went to his hometown.

Only then did I know that the whole place at home has changed, completely different from before. The big change is completely different from when I was the first. It's not the place I remember.

Therefore, he could better understand Feng Yan's determination to leave here.

"Second master, I'm in charge of the Consortium for the time being, but you and the students can't throw this consortium directly to me! When you come back, the consortium will be in your own hands. "

.....

Su Xiaowan took a bath. When she went out, she smelled the fragrance of roses. She opened the door of the room and looked at the maid who was planting roses there.

"Where did this come from?"

"It was picked from the courtyard. Miss Chen said that the flowers would wither soon, so we all cut them off and put them in the room as decorations. Don't you like them?"

This beautiful flower is just picked, and it is very beautiful.

"If you don't like it, I'll take it for you."

"Put it here."

"Good."

When Su Xiaowan came back this time, she felt that her home was empty and Xiao Wang was not there. It seemed that the people who had been chatting with her before had disappeared into the villa, so she was unaccustomed to it.

"When did Xiao Wang leave?"

"On the day you were in hospital."

"And all her things?"

"Yesterday her mother came to help her take them all." What did the maid think of? "We really didn't expect that Xiao Wang looked like an innocent little girl on the surface. I didn't expect that he was so bad behind his back that even you dare to hurt him. I heard that there have been many such incidents in their home before! Maybe it's just the trend. In the future, my little grandmother should be more careful not to be attacked by those... "

"Thank you for reminding me. I'm a little tired. Help me close the door when you finish."

"Good."

It's a living room, but it's connected to Su Xiaowan's bedroom, but it's separated from the master bedroom.

Su Xiaowan's hair was a little wet, but he didn't know what was going on. When he smelled the rose fragrance, he felt uncomfortable.

But the thought that they will return to the secluded city tomorrow seems to fill my heart with heat.

Feng Yan sent him a text message to let her go to bed first. Su Xiaowan had taken a bath early, and now her hair is almost dry.

She lifted the quilt.

On the last night in this place, I didn't expect that she was alone in the empty room?

But coming here seems like a dream, which is sweet and bitter.

Up to now, it seems much sweeter to think of those people and things.

She thought of meeting Mo Lao for the first time, of meeting Mo nanjue for the first time, of meeting Yu Yin for the first time, of

But over and over, it was disturbed by a face.

She didn't fall asleep after all.

After a look at the time, it's still early.

She changed her clothes and went downstairs to find the housekeeper.

When he went downstairs, housekeeper Mo didn't know where he had just come back from. He just ran into her.

"Young granny, haven't you had a rest so late?"

"Housekeeper, it's very kind of me to tell you something."

The housekeeper followed Su Xiaowan to the rest room on one side.

Su Xiaowan tells the housekeeper of her doubts. The housekeeper frowns when he hears the words.

The housekeeper sighed. She chose all the people one by one. He knew who the little girl was. Like Su Xiaowan, he believed it had nothing to do with him.

But that day, Xiao Wang himself admitted it.

"Young granny, I just came back from there. That... Xiao Wang... Committed suicide in the detention house and died on the way to the hospital."

what?

"How could that be?"

"The doctor said it's depression. It's been a while. Xiao Wang often asks for leave to see a doctor because of her health. Here's her medical record." The housekeeper took the diagnosis reports out of his bag.

After all, everything is about evidence, and no one can casually put these things on one person.

They also found evidence before they sent Xiao Wang to the Public Security Bureau.

In Xiao Wang's account, he received a large amount of money, which came from Zhu Lin's account.

The evidence is solid. No matter how good the relationship with Xiao Wang is, no matter how much I believe in her character, I can only marvel at this moment. This woman's hiding ability is really good.

These reports are also pulled down from the hospital by the housekeeper. There are time and cases on them.

So it can't be wrong.

Su Xiaowan looked at the medical record cards and frowned tightly.

Is it really her?

"Is she in the hospital now?"

"Her mother is gone, and according to the tradition of their hometown, she will be taken back for burial."

"Please help me with her affairs."

"Little grandma, she did this to you..."

"I always feel that I'm right. She's not like that. I believe in her." Although in black and white, the evidence was put in front of her eyes little by little, but she still remembered that at that time, she saw her for the first time.

Careful, afraid that they do not do well, and scolded look.

If she is vicious, how can she be bullied?

If she earns money in this way, how can she get to this point?

It's just, if he didn't do it.

The man hiding behind his back is really mean and vicious.

Housekeeper Mo sighed, "don't worry, I'll keep an eye on this."

"I'll trouble you to take more care of things here in the future."

"Don't worry about that."

.....

Chen Liangliang finished his bath and came in with a smile. "Sure enough, as you think, Su Xiaowan

asked someone to check Xiao Wang's affairs as soon as she came back. Fortunately, the young lady was wise and took everything into consideration. Xiao Wang committed suicide in the detention center."

Chen Liangliang spreads night cream on her face. She gently turns her face in circles. Now she looks at the woman in the mirror with a proud smile.

He committed suicide.

It's fast enough.

Xiao Wang, hearing their plan, couldn't stay.

As a maid in the Mo family, the pressure is naturally much greater than that in other places. Xiao Wang, who just came in, is bullied everywhere and plans to quit several times.

But because of the poverty of his family, he has been holding his breath.

As a result, her condition is getting worse and worse

The only one she was worried about was her relatives. Her mother was a widow. When her father was working in the factory in the early years, he was stirred in by the machine and there was no body left. Although she took some compensation, the factory covered up the sky and gave them no compensation at all.

And her mother, now in her hometown, lives on her meager income.

Chen Liangliang covered his late frost cover, "OK, don't mention this matter again. Have I packed up my things?"

"It's all packed up, but just now I found such a suit in your clothes. I don't know whose it is."

"Suit?" Chen Liangliang looked at the suit with a smile. She was inexplicably familiar. She reached for the suit and saw a word on the other side.

—Mo.

"Is it Mo Er Ye's clothes? I'd like to see you have many of these styles. "

It's his.

On the clothes of Mo's master, there are the words symbolizing the identity, and the style of this dress is not what Mo Nan Jue would wear, so there is only one person.

It's just, how could it be in his room?

"This dress was found in my closet?"

"Yes, it's piled under the sweater. I just turned it out when I was just finishing it."

"What's the matter with you, miss?"

Chen Liang Liang's hands touched the suit, his brows locked.

Who put it in his room?

"Maybe it's the maids who accidentally gave them the wrong ones when they were washing clothes. I'll send them back..."

Chapter 854

"No, I'll return it myself." Chen Liang Liang held the suit and had an idea in his mind.

He couldn't get close to Feng Yan. He was very close, but smelling the smell of his clothes was already...
Luxury.

"Good."

"I'm tired. Go down first."

"Yes."

Xiaoxiao closes the door for Chen Liangliang, and then goes out. When she goes out, she sees a woman at the end, the nurse.

The nurse looked at her strangely, "Aunt Chen, why haven't you slept yet?"

"I get up and have a drink."

"It's very cold here. Don't freeze it if you wear so little."

The nurse at that end looked at Chen Liangliang's door and nodded, "you should go to bed early, too."

.....

Su Xiaowan went back to the bedroom and remembered the key that Mo Lao had given him before.

She ran to the closet and turned over her clothes, which had been put in her pocket before, but she didn't remember that she had put them in that pocket. Just when she thought that she had lost the key, she suddenly found the lost key in the partition of the closet.

Although I don't know which door can be opened by this key, Mo Sheng wanted this key so much. I'm afraid there should be a deep secret in it.

However, she has no interest in wealth and money. It's not convenient to put this key on her.

Su Xiaowan decided to give the key to Feng Yan. After all, it was his father's.

Keep the best for him.

Su Xiaowan took the box, put the key in his bag, then lifted the quilt and climbed into the bed.

It's just that I haven't been waiting for anyone for a long time.

In a daze, I fell asleep.

She dreamed of him again.

It was his back. She recognized it at a glance.

"Xiaowan, don't you want to see me at a glance? You don't want to know the end of my time... "

Suddenly in front of Su Xiaowan stood a man covered with blood, unable to see his face clearly.

But... Terrible.

She was scared to wake up directly. When she woke up, the man was holding her and didn't know when Feng Yan would come.

She was so sleepy that he didn't know when he came back.

She reached out and attached her hand to him. The cold hand told of the terrible environment just now, but now the warm embrace of the man in front of her had swept away all her fears.

Sunlight swept in, from the floor to the bed.

She suddenly opened her eyes. The man seemed to wake up earlier than her. At the moment, Jun's face was close to her, and the burning breath came. A pair of black eyes were staring at her, "Su Xiaowan, home."

In fact, Su Xiaowan always felt that he forced Feng Yan to go back. After all, this place is his home.

But now, he saw hope in men's eyes.

Watching the man's deep plan, Su Xiaowan hugged her neck, "when did you come back last night?"

"The little lazy pig said that when I got home, I fell asleep first. I didn't even know when I came back?"
The man bowed his head and kissed the girl's hair. "OK, get up."

Su Xiaowan is in high spirits. This place is an indispensable part of their life, but there is no place where they have lived since childhood to make people feel more at ease.

But now Su Xiaowan has been holding his neck, chin against the man's shoulder.

"Don't want to go back?"

"Yes, but I want to hold you." Su Xiaowan's hand tightly does not let go, "Feng Yan, you are really warm."

The man's eyes fixed on her small face teasingly, "since you want to hold it, do something else."

The next second, the lip was blocked by him, and Su Xiaowan's voice was blocked in his throat. At this moment, the man's hand was around her waist, and his body was suddenly close to him.

A wolf who hasn't had meat for a long time can't stand any temptation.

Grab her lips, so easy to capture the man's restless heart.

Su Xiaowan didn't expect that he would suddenly do this. When she reacted, she had been tightly pressed on the bed by Feng Yan.

But when he wanted to kiss, suddenly the woman pushed her away.

"What's the matter?"

"A little nauseous."

"....."

Su Xiaowan looked at the man's face, "I'm sick because I'm pregnant, not because you kiss me..."

"I know."

"... how do you know?"

"The driver told me last night."

"Driver, do you mean Xiao Xu?"

"Well."

Xiao Xu's wife has just given birth to a baby recently. She knows that. It's just that these two men discuss women's issues

How do you think it's a bit obscene?

"This is... What..."

"File." The man suddenly took the thick books and put them directly on the floor to prevent Su Xiaowan from reading them again.

Su Xiaowan didn't pay attention either. She got up at the moment. "I'll go to wash first. Before we leave, let's go to see Mo Lao before we leave."

"Can you?"

"... of course I can." Su Xiaowan didn't know what he meant. He shrugged his shoulders and went to the bathroom to wash.

Feng Yan picked up several books on the ground and looked at the words on them.

What is the treasure book of pregnant women? What should pregnant women pay attention to

He pursed his lips and stuffed the books into his suitcase.

The news that Su Xiaowan and Feng Yan are going to return home makes many people puzzled, but after all, no one dares to say anything about the decision made by the second master of the Mo family.

"We'll have a young master or a young lady when the young granny comes back next time."

The Housekeeper on one side said.

Mr. left too early to receive the good news, so he left directly.

Housekeeper Mo watched them get on the plane. His eyes were full of laughter. Now he looked at Mo Heng.

"Ah Heng, you have put it down. Why do you insist on it?"

"I don't like her, and you can't make me like her."

"Forget it. It's up to you. No wonder you can't find a wife in your life. You're such a bad temper. Who can

stand you?"

Here, Feng Yan just left, suddenly a person rushed over.

"Housekeeper Mo is not good. The young master has an accident --!"

This letter Yan's plane has gone, Mo Heng at the moment looking at Mo housekeeper, "good end of what's going on?"

"In spite of the high tide, Da Shao drove a speedboat to chase Da Shao's grandmother. As a result, the boat was knocked over by the waves. Now... People haven't come up yet."

When housekeeper Mo knew the news, he almost fainted. When he called Feng Yan, he couldn't get through.

"Forget it, that little girl can't bear the time. Mo Yi, take a group of people here to listen to my command. I'll take a few people to see what's going on."

"You must bring the young master back."

"Naturally."

Mo Heng frowned. Mo nanjue had always listened to advice superficially. She thought she could be willful at other times. During this time, she thought

As a result, for another woman

Mo Heng some hate iron does not become steel, now got on the plane, flew to the island.

.....

Su Xiaowan leaned on Feng Yan '

The man's hand fell on her shoulder. If it wasn't for her enthusiasm, maybe... He was hidden in the drum, and didn't know anything?

"Now think about it, all the impulsive things I do are because of you."

"My luck." The man's lip fell on her forehead.

The plane goes through the clouds, and Su Xiaowan can see the bright sunshine through the window.

They're leaving.

Back to where they grew up.

I don't know how long I've been flying. Anyway, it's dark outside. When Su Xiaowan wakes up, he finds himself lying on the bed.

My clothes have been changed.

She looked at the familiar bedroom, where she had all the memories of him and Feng Yan.

From the first time they were sent to this bed, their fate began.

Feng Yan finds out that she is disguised and doesn't expose her

Feng Yan knew the rumors and didn't push her away.

Knowing that she was injured, Feng Yan secretly took the ointment and applied it to him.

Feng Yan will protect her from crying.

Feng Yan will make longevity noodles for her.

Feng Yan will secretly arrange gifts in the middle of the night. Although she is very straight, she is also moved.

A lot of things seem to have passed for a long time, but still very clear.

"Crying?"

The breath on the man's body comes to her face. Su Xiaowan has no time to wipe away her tears. Now she faces her face.

"It's not crying, it's moving."

"Moved by what?"

"I think I'm lucky to marry you. I'm moved to cry." Su Xiaowan's mouth is hard.

The man reached out and touched her head, "fool."

Su Xiaowan shrunk his nose, and suddenly thought of something, "mom said pregnant women can't cry, I can't cry, and I can't be moved."

Su Xiaowan has told Mrs. Feng about her pregnancy. Mrs. Feng is naturally very happy.

She has been looking forward to it. I don't know how long it has been. Since she learned about Su Xiaowan's pregnancy, she has recovered more than half of her illness.

But because he was too old to take a long-distance flight, he had to tell Su Xiaowan what to pay attention to on the phone.

Feng Yan's eyes are fixed on Su Xiaowan's stomach. She is still very thin. She doesn't grow meat at all. She seems to be much thinner than before. Although she doesn't say she can't eat, this child

There seemed to be jealousy in his eyes.

Su Xiaowan got up and went to the bathroom. After a brief glance at the bedroom, it didn't change at all.

Same as before.

Along with their own slippers, although they are new, but the style is still that one.

She just went to the bathroom, suddenly Feng Yan took her hand and went out.

As soon as I opened the door, all of a sudden, flowers came down from my head.

"Welcome to the little granny home."

Chapter 855

In the bright living room, there are many people standing at the moment, headed by the housekeeper uncle, with Aunt Li standing beside, Fengyi.

As before, no one has changed.

And the original living room, decorated with a lot of flowers, the whole living room are decorated with vitality.

Su Xiaowan was stunned when he saw the people he had not seen for a long time, but Mo Sheng was very familiar with everything around him. Some people are like this, even if they haven't seen each other for a long time, but when they meet again, they will be very kind.

"Young granny, you are pregnant now. You can't cry all the time. Come on, wipe."

Ear, is Aunt Li's concern voice.

Su Xiaowan looks at them, tears can't help but stay at the moment.

"Do you like it?"

The man at the other end stood in front of him, as if he wanted to see all the little things on her face. In his hand, he was holding a bunch of roses.

Now it's in front of him.

"Su Xiaowan, welcome home."

My heart missed a beat.

She raised her eyes and looked at the perfectly contoured face. Tears kept falling down.

She didn't know how much he had put into it. He was so busy.

Clearly, the person who should prepare these should be her.

Clearly

So many Mingming, but now, she only has tears left.

"Feng Yan..." the woman rushed into his arms, "you said you would not let me cry in the future, and you made me like this..."

Feng Yan hugs her tightly. He knows that she always wants to go home and return to this place. Maybe this place has their memories. Here, they seem to have roots.

"Thank you."

Su Xiaowan's voice was choked.

"Just like it."

"Yes, very much."

Su Xiaowan looked at the rose in her hand. She didn't know why. She didn't have a good impression of the rose, but it was sent by Feng Yan. She immediately felt very pleased. She held the rose in her arms.

"Aunt Li, please help me find a vase. I want to insert it."

"Good." Aunt Li took the bunch of flowers.

At this time, Aunt Li suddenly thought of something, "young grandma, are you hungry?"

Hungry?

"A little bit."

She didn't eat much on the plane because she was sleeping. I don't know how pregnant women like sleeping so much. It's clear that she has a big stomach now

"What would you like to eat?"

"I want to eat everything Aunt Li makes."

.....

Su Xiaowan has been jet lagged for several days when she comes back home. It seems that she is not very comfortable. Feng Yan did not enter Feng's company. During this time, she went out early and came back late. Su Xiaowan knows that he wants to start a new business.

According to Feng Yan's ability, Su Xiaowan was naturally relieved of him.

It's just that she would always ask him.

I don't regret it.

But every time the man digs off the topic, Su Xiaowan doesn't ask why.

These days, Aunt Li has been taking care of her. When she knew that Feng Yan was still alive, Aunt Li didn't know how happy she was.

In her opinion, these two people, very hard together, the result has not been a sweet day for a while, but

Fortunately, they all came back safely.

Su Xiaowan is raising her baby at home. She often receives mysterious express delivery. All the things she sends are needed by pregnant women. She doesn't have the name of the letter, but she doesn't know why. She always feels that she can guess who it is.

Soon, Shen Xiaobei also came to see her. Shen Xiaobei is now in the internship period, and he is busy. The last time he went to Hong Kong City, he didn't say a few words to Su Xiaowan, so he was called back by his mother. Now he managed to get rid of her mother and ran here

Naturally, I don't want to go back.

"Aunt, let's go out and have a look? It must be boring to stay at home

Su Xiaowan also wanted to go out to buy some things, just in time, the two hit it off.

It rained on the day they came back. It didn't stop until today.

The sun is just right. It's sunny now.

It's like the smell of spring comes all at once.

Even the air seems to be getting better in this weather.

Two people bought a lot of things, just ready to eat, the result, but don't know how, unexpectedly met

Shen Xiaobei is also the first time to encounter such a thing. At the moment, he is watching the crowd flow, and all the people outside are running towards the inside. Even the old shopkeeper has left her things and ran out of the door.

The scene was chaotic for a time.

Shen Xiaobei looked at the people one by one. They almost fell down when they were hit, but the dark people outside ran towards them. She held a figure in a panic.

"What's the matter?"

"The door was blocked by the gangsters. We couldn't get out. Those gangsters had just directly cut people. A woman's husband over there was cut, so we ran upstairs quickly."

One side of the woman holding his side of the child, now looking at Su Xiaowan and Shen Xiaobei, coagulation mind.

She just came from that place. She wanted to go shopping and take her son home. But who knows, the group of people were stationed at the door. The eagle pattern on their wrists was very deep.

Ordinary people's home, where dare to offend those people.

However, the emergency door was blocked by those people, there was no way to leave.

And running upstairs

That blind alley, how can you run away.

"Wuwuwuwu, I want my father..." the boy at that end was crying. At this time, people were crowded and everyone was very nervous.

Shen Xiaobei and Su Xiaowan were directly pushed aside because all the people upstairs were driven down. It turned out that they had already entered the top floor at the right time.

Now we have directly put these people in the hall.

"What are you doing... Be careful."

Shen Xiaobei protects Su Xiaowan. After all, Su Xiaowan is pregnant. If anything happens, her uncle will blame her. You know, this child is the hope of the whole family.

"Xiaowan, are you ok?"

Su Xiaowan shook her head, because the crowd was too crowded, so at the moment her hand was protecting her stomach, and the things she had bought were directly knocked to the ground because of people coming and going.

"Don't push..."

Voice just fell, just looking at a head, a burly man came in with a gun.

"It's said that the old fox's good looks are here. Brother Qian, I think there are so many women here. Which one is it?"

The man, who was called brother Qian, just looked at the man at that end. Now he was staring at the women.

"Let's split those without kids."

He doesn't believe it. Shen can't show up this time. He can't swallow his breath after robbing his goods.

Su Xiaowan holds her cell phone and wants to make a phone call. Shen Xiaobei covers for her. At the moment, they are leaning against the wall, "... OK?"

"No signal, no call at all."

Su Xiaowan tried several times, but the phone couldn't get through at all. The next second, a hand-made knife fell in front of her. "I dare to tell you the news and take out my mobile phone."

The knife went to the woman's face. Shen Xiaobei wanted to fight against them, but he was pushed to the ground by the man in the Uniform suit.

"Smelly girl!" The man at that end slapped the woman hard.

"What are you doing?"

"I warn you, be honest with me and stay here. I'll wait for someone. If I want to live, I'll tell you my

name."

They only came for the sake of that woman. As for Shen Jin's woman, the group of rubbish under his hands only knew the name of that person, but up to now they have not found the appearance of that person.

"What's your name?"

Shen Xiaobei took a look at Su Xiaowan, then said coldly, "Gu Sheng."

"And you?"

"Gu Yu."

"....."

"....."

One by one, he asked, but none of them was the name in his heart. The man on one side looked at the group of people, "brother Qian, could it be that we came at the wrong time, that Shen Xiaobei has already left --!"

Shen Xiaobei.

Probably because he called his own name, so Shen Xiaobei immediately reflected it. His soft eyes fell on brother Qian.

Are they looking for her?

But these people don't know each other.

Who are they?

That money elder brother smoked a cigarette, cold sneer nose, "check! She must be here. "

Shen is so cunning that even his women are so cunning.

But there must be her.

There can be no mistake.

"But..."

"No one will admit it, just kill me one by one --!"

In the crowd, hearing this sentence, in a moment, everyone began to boil.

They just come here to go shopping, but now, all of a sudden... It's the way it is now, and maybe they have to die.

"I... I have an ID card. This is my name."

A woman with a girl rushed over. Now, under the test of life and death, everyone will choose to live.

The girl in her arms cried miserably, but when she saw brother Qian, she was so scared that she threw herself directly into her mother's arms and didn't dare to look at them any more.

"Brother Qian, the ID card is real."

Brother Qian waved, and the woman was taken to one side for examination. Everyone held their breath. At the moment, everyone's heart was hanging.

People at that end looked at the woman at that end and thought she was safe. They took out things from their pockets to prove their identity.

To prove his identity, this is to look for people here. Su Xiaowan looks at the people one by one and goes to one side.

A big burly man waved to her, "you... Come over there."

"I'm talking to you!" Su Xiaowan was scolded by the man at that end, and now he came up reluctantly.

"... you come here."

Chapter 856

The people around Su Xiaowan were soon rushed to the other side, while there were only four or five people around her holding her head.

Although I don't know what the relationship between those people and Shen Xiaobei is, these people are not good people.

"And yours?"

"I didn't bring it."

Su Xiaowan honest mouth, she did not bring ID card, but, Shen Xiaobei must have brought, because today Shen Xiaobei driving car.

But these people came for her. If something really happened, Xiaobei couldn't get away from her.

"What do you have to prove your identity?"

"... I came with her, and we can testify to each other."

The man at that end sneers at their tacit understanding coldly, "who knows, have you covered up each other?"

"By the way, I have my ID in my car. Why don't you come with me and get it?"

They are just for Shen Xiaobei. Anyone else has nothing to do with them.

In fact, it took them a lot of time just to check their identity. That Shen Zhen is very effective. If they drag on like this, they will definitely give him time to prepare.

So they just want to make a quick decision.

Get that woman out of them.

Su Xiaowan just wanted to go with Shen Xiaobei, but she was motioned by Shen Xiaobei's eyes. At the moment, she still held her head and watched Shen Xiaobei leave.

I feel uneasy and hesitant. I always feel like something big is going to happen, but

"To be honest, stay here for me. Your friend went to find his own identity card. You'd better think about how you can prove it. At that time, the remaining suspects are all suspects. Brother Qian won't be soft handed."

A few women on one side trembled and seemed to feel the sudden death.

Su Xiaowan lowered her head and looked at some pairs of shoes in front of her. After she was pregnant, she felt that her body was not as good as before. If she had been, she could really think of a way. But now, she is full of paste, holding her knees and her arms tightly.

Why do you feel a little numb.

How to contact Feng Yan.

Only when Feng Yan comes, there will be a way out.

They can be saved.

The coolness on the floor tiles made Su Xiaowan tremble. Those people turned off the heating in the

mall, and now the whole place is shivering.

"I tell you, between you, who asked Shen Xiaobei to stand up for me? Don't think that what we said just now is to scare you. Do you know who we are? We're from the hunter gang. Against us, we just don't want to live. "

Su Xiaowan raised her eyes, "the police will not let you go."

"Oh, you little girl, it seems that you want to fight against us."

.....

On the other hand, Feng Yan knows that Su Xiaowan is out today. In order not to disturb his interest, he sends a text message. However, after staring at his mobile phone for a long time, he doesn't return the message.

"Mr. Feng, you must drink this cup."

Feng Yan took a look at Feng Yi. Feng Yi received the order and immediately picked up the wine cup, "Mr. Xu, I'll give you this cup!"

On the other hand, Feng Yan was just going out to make a phone call with his mobile phone.

But it wasn't long before the phone rang.

It's Gu Jinzhou.

Wen Sheng goes out with Feng Yan, vaguely hearing the words "bar", "singing" and "get together" on the phone.

He just came back to the secluded city. He was very strange to many things here, even to Fengyi.

But the people here are not difficult to get along with, so he likes this place.

"Remember to pick her up later!"

He naturally knows who she is.

Feng Yan arrived at the appointed place, not far away from that place. Now the tea was ready. The man sitting at that end, wearing a white cashmere sweater, was still the same as before.

But this time there was no Lu Shimian in the box, but there were a few more people he didn't know.

Gu Jinzhou looked at the Feng Yan who came in, "I've made an appointment with you several times. If I

have a daughter-in-law, I want to accompany my daughter at home. Now I'm willing to come out?"

His words, as before, with a joke, have not changed for a long time.

with clear articulation and a mellow and full tune.

Feng Yan didn't answer. He sat down beside her at the moment. "This sentence is most suitable for Lu Shimian."

Gu Jinzhou took the tea from one side. He knew that Feng Yan didn't drink recently, so he didn't dare to drink. Several people sat in the box, all of them were pure tea.

"You see, I know that your house is under strict inspection. All I give you is tea, but you must have drunk just now. Don't rely on me for this wine."

"Is that what I am?"

"Why don't you? You are willing to stab your brother twice for your daughter-in-law's sake."

"... you're not too young. Don't mix with men all day."

Gu Jinzhou, "... I'm not like you. I get married as soon as I come up. Besides, as a single dog, I can play any way I want. I'm not like you. I have to check the post when I go back after a drink."

"It's sweet."

The man sipped a cup of tea. Now, because of the mention of this person, there seems to be a layer of tenderness floating on his eyebrows.

That's what Gu Jinzhou seldom sees on a man's face.

"Feng Yan, you are finished!" The man at that end looked at Feng Yan's face that fell in love. She had heard something about him and her.

That little girl, went to Mo's home in Hong Kong City alone, and brought out the man in front of her.

He admired such a girl for her courage and courage.

He and Feng Yan knew each other a long time ago. On weekdays, he was a man who could not agree with each other, but when he came to the girl, he spoiled her everywhere and listened to him.

"Well, single dogs don't want to see you show their love again. Come on, have a cup of tea... Let's have a toast to Mr. Feng. This is always a busy man. On weekdays, not everyone can see it."

As we all know, this young master is a wife slave.

Feng Yan was not annoyed by their teasing. He seemed to enjoy it. When he mentioned Su Xiaowan again, the tenderness of his eyes was so tender that several big men were stunned.

These people, rich and powerful, want a woman, more choices.

Tall, thin, poor, lovely

As long as they want, there can be a lot.

But Feng Yan was different from them. He just listened to Gu Jinzhou quietly. He didn't smoke or drink. He just took a cup of tea.

It's like... Nothing to do with him.

After a few cups of tea, a few men went out with their mobile phones, while Feng Yan leaned to one side. At the moment, listening to Gu Jinzhou talking about Lu Shimian, a lot of things happened during this period, both in him and in Lu Shimian.

Maybe... Brother in need, even the experience is very similar.

"You don't know that kid..."

Suddenly the door opened and a man came in with a mobile phone. "You don't know. Something's wrong!"

"What's the matter?"

"The shopping mall under the control group was occupied by lawless elements... Look, this is my friend from the police, the first piece of information photographed outside. Now the lawless elements are so rampant that they dare to..."

The man opened the video so much that the screen of his mobile phone fell into the hand of the man beside Feng Yan.

"Shit..."

Gu Jinzhou was also attracted by this voice. This group is under Feng family.

That's what happened.

Feng Yan's eyes stare at the figure. The next second, he takes the mobile phone from the man directly.

He will frame the picture, now with the naked eye, so locked the person at that end.

He can't be mistaken. It's Shen Xiaobei.

Today, Shen Xiaobei and Su Xiaowan went together. Before she came out of the door, the temperature rise at that end called.

"Young master, I can't get through to my grandmother..."

"Now go and control the group immediately."

Before Wen Sheng spoke of him again, the phone at the other end hung up, and he didn't dare to hesitate. He drove the man directly.

Just after Valentine's day, the atmosphere of the whole shopping mall has not dispersed. Many decorations on the wall have not been taken down.

Su Xiaowan squats there. She purses her lips. Until now, Shen Xiaobei hasn't come back. She doesn't know what's going on, but the leader here doesn't feel that something is wrong.

She can only estimate that Shen Xiaobei is OK now.

The urgent heart is occupied by tension, and now I can't remember it at all.

The man in front of Su Xiaowan is holding a handmade knife and facing her.

And the same treatment, is the other several with no ID card can firm identity.

"Brother Qian, Shen Kan hasn't appeared up to now. Is it true..."

"Asshole!" On one side of the hall, loud voices came, and men's angry voices came one after another, which shattered the hearts of the women present.

Most of the people who come to go shopping are women, because before they came, those who used to go shopping with their girlfriends and husbands were directly in love, so now they are old and weak women and children.

"Brother Qian..."

One side of the hand some nervous looking at the end of the money brother, money brother is a violent person, temper has always been bad, but now they are a grasshopper on the ship, no one can leave who.

"Where's the girl with the identity?"

Brother Qian Ning eyebrows, at the moment looked at those people, found that one less.

"I'll see."

Because I went to get my ID card, the army was basically in this hall, only one person was photographed, and Shen Xiaobei went to the underground parking lot.

After all, it seems that Shen Xiaobei is a woman with no strength to bind a chicken. They don't care about her ability at all.

But when a man ran past, he found that the man with Shen Xiaobei had disappeared.

On the ground, there was only a pool of blood left.

Realizing that something was wrong, the man immediately called brother Qian, who angrily hung up.

"Asshole, I was run away by that smelly girl!"

"Is that Shen Xiaobei?"

"Otherwise! So many of us can't take him alone, asshole -- "

"No, she's also with Shen Xiaobei. These two people are in a group --!"

Chapter 857

A brother's whereabouts are unknown, but the blood all over the ground has already alerted them.

At the moment, brother Qian was angry and pulled the man over directly. "It's you!"

Just now, she noticed this woman. When everyone lowered their heads and didn't dare to make a sound, he was the only one who just yelled with them.

Just now, the trace of being slapped by that man was clearly seen.

"Where is Shen Jin?"

Brother Qian, originally came for Shen Zhen. Shen Ken won't show up now, but his brother is missing now. Therefore, Shen Zhen is definitely in this place now. He is hiding in the dark.

That old fox, he defends so tightly, didn't expect to give this man a chance.

"If you don't say it, I'll shoot you."

Shen Jin.

Su Xiaowan remembers this man, Shen Jin, who met at a banquet before. He is Shen Qi'er's brother.

But just now, Xiao Bei and he

"I'm asking you something!" The man with the knife forced her so tightly. At the moment, Su Xiaowan's eyebrows were fixed and the blade was sharp. At this moment, all her eyes were taken away by the knife in front of her.

"I don't know Shen Jin."

"No? If you don't know her friend who will save you, don't think I don't know what's in your mind. I'll tell you that all the people here are mine. As long as he comes in, he will die -- "

"Brother Qian, I don't think we need to talk nonsense with him at all. Shen Kan didn't know how he got mixed up with the police and killed so many of our brothers. We can't swallow this breath. We can't catch his woman easily. We can't let her go and take revenge for our brothers!"

One side of the hand clenched his teeth, looked at her viciously and said, there is a posture to swallow her alive.

Su Xiaowan's face was scratched by brother Qian.

A stabbing pain made her eyebrows frown tightly, but the next second, it seemed that the pain disappeared in that moment, because the cold blade continued to fall on her cheek, probably because the cold blade had been pressing her face, so now her face was numb.

"I don't know Shen Ken, and I'm not his woman. I advise you to let me go as soon as possible, or my man won't let you go."

"What a tough woman." Brother Qian looked at this woman, and he had never seen such a hard spoken person. In order to survive, those women all begged her for mercy one after another. Only this one in front of him, as long as he told her the whereabouts of Shen Zhen, maybe he was in a good mood and could let her go.

But obviously, there is no such opportunity now.

"Brother Qian is not good --!"

Outside the hand rushed in in a hurry, at the moment looking at the scene in front of him, regardless of the others.

"Brother Qian, outside..."

The man attached to brother Qian's ear. Su Xiaowan didn't hear exactly what he said. He just heard something coming and brought a few people and so on.

"Keep an eye on her, I'll go and have a look!"

Brother Qian was worried after all. He lost his knife and went out in such a swagger.

However, brother Qian didn't figure it out after all. He just looked at the man at that end before he took a few steps.

How did he come?

"Young master, this is my grudge with others. You should have no right to intervene."

"We're just here to ask you for someone."

The woman's words, still cold, clearly standing in front of him is a little girl, but the aura is pressing, at this time, there is a kind of unspeakable oppression.

Around this woman is a higher woman. In fact, all the oppression comes from her.

It's daunting.

She only brought a few people here.

But it's murderous.

"Brother Qian, we never break into the river with them. Even the smoke is a powerful woman. Now we shouldn't split our face with them. Since they want to take someone away, let them take them away. Anyway, we just want a Shen Xiaobei."

The man on one side said.

Brother Qian looked at the man at that end. He always felt that this little master was neither male nor female.

In fact, he has never met this man. Today is the first time he has met. I heard that the little Lord is a mute.

Now it seems that he hasn't said a word. It seems that what he said outside is very correct.

They belong to the underworld, but this mysterious family m never interferes in any side.

They don't break the law. They are quiet and law-abiding.

They're not the same people.

But now they don't have plump wings. At this moment, it's definitely not the time for them to fight against each other. He can sell face to her. In this case, maybe he will have the chance to ask them for help in the future.

"I don't know who the young master wants?"

The man seemed to point at random, and now Brother Qian followed the line of sight and immediately saw the man at that end.

He's here for Shen Xiaobei?

The man of one side coagulates eyebrow, "money elder brother, how to do now?"

A Li sees the woman at that end. Her face is bleeding. Although she is holding her hand now, she can see that the knife mark should be very heavy. That's why it's so now

Brother Qian looked at this group of people's aggressive appearance, he thought, he finally caught this opportunity, but now if you let her go, then it is equivalent to the mouth of fat, so fly?

However, they put a lot of effort into this plan.

However, now I know what this girl looks like. Since they can't wait for such an opportunity today, maybe they will have another chance.

It's better to sell them face first.

In the future, they may really need their help. After all, I heard that the young master had a clan emblem in his hand. It is said that behind the emblem is a treasure map.

The reason why no one has swallowed up this mysterious clan for so many years is that some people are afraid of the clan emblem in her hand.

No one knows how powerful they are.

So they dare not act rashly.

"Since the young master is a person, I will sell him face. The young master can take people away, but..."

"If you need help in the future, please help me a lot!"

Yan looked at the man, his eyes too greedy.

I want to take this opportunity to get their help.

It's really a good calculation.

"Qian Zhong, you are really smart in your calculation, but our young master is saving you now."

"How do you say that?"

"I'm afraid you don't know who you hurt this woman, do you?"

Money heavy smell speech, how can he not know, this woman is not Shen Xiaobei, Shen's old face is good.

"That one is the wife of the young master of Feng's family. In the secluded City, you should have heard of Feng's family."

Seal your home.

"If the young master knows how you treat his wife, I'm afraid that you and your brothers may die today."

The hand of that head opened his mouth, and now Qian listened again, with a look of surprise.

Clearly, this woman is Shen Xiaobei. She has something to do with Shen Zhen. How can she suddenly change from Shen Xiaobei to the wife of a young master of Feng's family.

As far as he knows, Shen Xiaobei is only a university now.

"Qian Zhong, you'd better consider whether we'll take it or you want to wait for the young master of Feng's family to take it away."

Qian Zhong naturally knows the young master of Fengjia. In the secluded City, who doesn't know Fengjia.

Moreover, during this period of time, the Mo family in the port city also sent out a message that the young master of Fengjia was the young master of their family.

These two families are big families.

Qian thought again. Now that he's talking about it, he can't let people go.

"The little Lord saved my life. I'm sure Qian Zhong will remember it."

Su Xiaowan didn't expect to meet Yan here. She remembered that Yu Yin said last time.

Yan saved her last time.

The knife cut her cheek. Su Xiaowan followed and looked at the crowd.

"You saved me twice, thank you."

Su Xiaowan smiles at Yan. The man in front of her is his sister, who has the same blood as him.

"Miss Su, please get on the bus. We'll take you back and help you with the wound."

"No, I'm fine. I'm waiting for my husband to come and pick me up."

One side of the assistant saw the little Lord's eyes, now immediately understand the little Lord's intention.

"Miss Su, this money is not easy to make. He is not willing to give up. This place is not safe. Let's take you back!"

"Thank you."

Su Xiaowan has been used to saying nothing. Looking at her now, although it's not a short time, she feels that for a long time, she doesn't feel the same as before.

Su Xiaowan doesn't like Lian Yan, but she likes and envies Yan.

First impressions are important. Just like, first impression, she has a good impression on the girl in front of her.

She got into the car.

But found that the car, in addition to the driver, only they.

A Li follows them. Today, she is wearing a mask to avoid Su Xiaowan's recognition.

They got into a car and drove away.

She didn't expect that in such a short time, she met Su Xiaowan. What's more, they came back to the secluded city.

.....

"Shen Jin, I know it's you."

At the moment, the woman is looking at the man in a hurry. She wants to catch up with him, but she sprained her foot when fighting with him just now.

"What are you! You provoked this matter. Now it's not only me, but other people who are locked up in it. Have you ever thought about it? There, and my aunt Shen Xiaobei watched the man walk away without looking back. She angrily picked up the stone from the ground.

"Shen Ken, I'm really wrong about you. I didn't expect you to be such a person."

She almost blew up. She had never felt so confused and helpless. Her mobile phone couldn't get through, and she didn't know where this ghost place was. Now there was no way to contact Feng Yan.

Chapter 858

She hesitated. She didn't know what happened to Su Xiaowan. She wanted to stand up, but her leg seemed to be broken. She nearly fainted in pain.

She gave her leg a vicious blow, which didn't work at the critical moment.

After a few minutes, Shen Xiaobei didn't wait for Shen Ken, but the temperature rose.

"Wensheng, where's Xiaowan?"

"Little grandma, she should be OK."

"What do you mean it's nothing? Where's my uncle? "

"The young master has gone to see the young granny. Are you all right, young lady?"

"Where are the people upstairs?"

"Don't worry, young master won't let them go." Wen Sheng looked at the man at the other end and said, "Little Miss, do you really need to send you to the hospital now?"

Shen Xiaobei couldn't move at all. At the moment, he looked down and stretched out his hand. "My feet are crooked. You can help me."

"Oh, good!"

Wensheng is about the same age as Shen Xiaobei. At the moment, a fragrance is close to him. In this life, Wensheng has never been so close to a woman.

For a moment, he was too nervous.

"Are you cold?"

"No... No."

"Then why are your hands shaking so much?"

"I'm not quite used to the temperature of the secluded city."

This is also true. Although the temperature in Hong Kong City is much lower than that here, it's quite dry there. Even if the temperature is more than ten degrees below zero, it's not as cold as that in Youcheng.

Shen Xiaobei looked at the thin clothes of temperature rise, "it's damp and cold here. You have to wear more clothes. It must be cold if you wear so little."

"I'll add clothes when I get home."

At the moment, Wen Sheng has blushed. He has never been cared by girls.

.....

The car was driving slowly, but suddenly it braked suddenly!

Su Xiaowan didn't know that the driver suddenly braked and dashed forward. She thought her head would suffer, but the next second, her hand touched Yan's arm.

His eyes were on her. He just looked at his hand and held her tightly. The distance was so close that Su Xiaowan seemed to see the throat knot of Yan.

But in a second, the driver at the other end turned around.

"Young master, are you all right? I'm sorry, just now because there was a car emergency turning.

"Nothing."

Su Xiaowan looked at the woman in front of her. She had a very beautiful face. The speculation in her mind disappeared in an instant.

How could he suspect that the man in front of him was a man!

The car drove slowly.

Su Xiaowan sat upright and wanted to say something, but he felt as if he and she were too unfamiliar, "Yan, how are you doing recently?"

Yan's eyes slightly, pulled her hand, on it, wrote a word - Ann.

Su Xiaowan feels that he seems to be full of worries.

It seems very unhappy.

"Your mother..."

"Young master, the hospital is here."

Su Xiaowan's words were interrupted. At the moment, the driver at the other end had come to help her open the door. Su Xiaowan's face was blowing; The cold wind, the pain.

I went to the hospital.

In the back, in a car, a man just sat there.

"That's her?"

"Yes, as like as two peas in the picture, it is a mistake."

The man leaned back in the back seat, holding the pile of photos handed by the driver.

Lian Yan's daughter.

She just looked out of the window.

"Mrs. Lian, she..."

"This girl, married to Feng Yan?"

"Yes."

He just looked out of the window, only looking at the figure of the woman at that end gradually away,
"Feng family, what about her?"

"Good."

Good.

The man's hand held the photo tightly

Deep night, the car is hidden in the dark after all.

Su Xiaowan check out, but did not see the speech, but saw Feng Yan.

Su Xiaowan's face has just been drugged and covered with thick gauze, which is basically the size of her face.

The pale face fell into Feng Yan's eyes at the moment.

Feng Yan received the news that Su Xiaowan got into a car. He thought she had been taken away. He was in no hurry. He contacted Feng Yi and asked her to turn the city over and find out the people.

But unexpectedly, Feng Yi tells her that Su Xiaowan is in the hospital now.

He kept coming.

And that's what happened to her.

That poor innocent little eyes, let his original gas, all scattered completely.

"Feng Yan, you are coming!"

Su Xiaowan rushed into the man's arms. Of course, she didn't rush over because she was worried about the baby in her stomach, but she was light footed.

The man put his arms around her waist.

"Su Xiaowan..."

She seemed to know what she wanted to say. She put her arms around him and said softly, "I'm sorry to worry you, but I'm ok."

Feng Yan has a clear understanding of the incident. In fact, she can't be blamed for it. After all, who would have thought that such a sudden incident would happen.

"It's nothing. It doesn't hurt now." The sword has no eyes. It's painful to be scratched like that. But now I've taken the medicine and I feel much better. The doctor just took care of his taboo during this period. Although the wound is not deep, it's on his face. Su Xiaowan is still afraid of leaving scars.

The rest of the pain or something, it really doesn't hurt much.

"I'm also to blame for my bad luck. Who knows that such a thing can happen. Besides, it's still for that disgusting Shen Kan." Su Xiaowan thought of the heavy money before.

"What's the matter with the legs?"

"Of course not. I was scratched by that bastard. Everything else is fine."

While Su Xiaowan was there showing him his legs to prove that he was ok, the next second, he was hugged by Princess Fengyan.

"What are you doing? There are so many people here!"

"I hold my own wife. It's none of other people's business."

"....."

The man held her and walked out. Now Su Xiaowan looked at him and said nothing.

Get in the car.

"Next time, don't leave the phone unanswered."

"... the signal over there is blocked, no signal."

"Who brought you out just now?"

"Yes... Do you remember that I saved a person before... The girl I told you was very good-looking. She brought me out today."

"She sent you to the hospital, too?"

"Well, I didn't expect her to leave..." Su Xiaowan suddenly thought of his relationship with Yan. He always wanted to tell Feng Yan, but he was delayed for such a long time. "Feng Yan, she... Is my sister, kiss."

The man was driving, turned around, and his eyes fell on her

Feng Yan knows that Su Zheng is not his real father, but Su Xiaowan's mother Nanyin has already passed away.

In those days, because of Su Xiaowan, she went to know that her mother jumped off a building and committed suicide. At that time, a lot of things about Nanyin were published in the unscrupulous newspapers.

However, now listening to Su Xiaowan's words, Feng Yan has a bold idea in his heart... Isn't Nanyin Su Xiaowan's biological mother?

"Before your accident, I... Found my mother."

Chapter 859

"I was as surprised as you when I knew the news. In my memory, I didn't remember my mother's attitude towards me, but my grandmother was very good to me. Before, I was still thinking about revenge for my mother. In the end, I found that I had nothing to do with the su family. At that time, I thought I was ridiculous. You should have met that lady once, When I left that time, she stopped you for me... "When Su Xiaowan mentioned that person, her heart was still very sour. No one didn't want to be spoiled by his mother, no one didn't want maternal love, even she was the same.

She thought that one day, her mother could protect her and accompany her

I don't know when I will come to the end of my life.

As she grew older, she felt that many things were inferior to the people around her.

When she didn't meet Lian Yan, she probably didn't expect it.

However, since knowing that person is around, she can't help thinking of her.

"You mean Madame Lian?"

"Do you think it's amazing to find her by mistake... But she has a new family. She is the one who gave birth to her younger sister. No wonder I thought she was as good as she was at first sight before. You said it's amazing that blood relationship is not in the same place, but there is something that leads me to meet her and get to know her freely."

Su Xiaowan looked at the front, calm attitude, "before, I was very jealous of her, until now is still jealous, but people always have to look forward, he gave up me, is her loss, right?"

"I have you now enough, you are my family, the only one, no one will take away." She seemed to be persuading herself, and her voice was firm at the moment.

There is no real empathy in this world.

However, at this moment, they are one, Feng Yan can feel her mood.

He pulled the car aside and put his arms around her.

"Su Xiaowan, I will never give up on you, never."

"Well, I know."

Su Xiaowan didn't cry. She knew that it was meaningless to shed tears. Holding Feng Yan in her arms, she thought, it's good to have her in this life.

But the heart will also be angry to think, do not recognize do not recognize, she did not have her, also very well.

.....

Before Su Xiaowan returned home, Feng Yan had taken him for a long time and had a good time.

Of course, because her face was hurt, Su Xiaowan only ate some liquid food.

After filling in her stomach, she was in a better mood. She was not in a bad mood and didn't want to interfere with her emotions and affect her baby.

"Why are you looking at me like that?"

"Are you in a better mood?"

"Well, they all say that the stomach is close to the heart. As long as you are full, all the sadness will disappear." Su Xiaowan hugged his stomach, "in fact, I am not sad, just... If my child, I will not deny him." After all, Mo had to take Feng Yan back from such a long distance.

Feng Yan looks at the woman's strong face. She knows that she is lying.

But at this moment, she was not exposed.

If he wants his mother's approval, he can help her solve it.

On the way home, Su Xiaowan wanted to eat an apple. She just saw the fruit stand outside and asked Feng Yan to stop.

Feng Yan watched Su Xiaowan get out of the car quickly, and then went to the fruit stall to select the fruit.

When the temperature rises to find them.

She just watched Su Xiaowan bending over and carrying an apple, while Feng Yan stood aside and gave her a bag. Occasionally, they would say a few words. If not, the man's eyes were all on him.

Fengyi was sitting in the car, looking at the two people outside.

"I said that the young master must be OK, gone --!"

"... do you think the second master is a fool now?"

"What do you say?"

"If I hadn't seen it with my own eyes, I would not have believed that the second master would be so gentle. He has a habit of cleanliness. In the past, he would never buy things from the stall..."

Today, life is so hot, probably because of the existence of this woman.

"Well, you've done all the things the young master told you?"

"That's natural. I can't let the man who moved the second master again."

That luxury car, so stable to stop there, attracted a lot of owners to stay.

After all, it's not a problem to buy that luxury car, which is limited in the world, directly from the whole stall. Is that kind of person experiencing life?

Feng Yan's eyes fell on the woman's side face, she was very serious in the selection of apples.

Life, in fact, is full of fireworks.

Chai mi you Yan Jiang vinegar tea.

He doesn't think that buying these things in his capacity is a sign of lowering the price. On the contrary, he thinks that such a life makes them close to ordinary couples.

Love a person, can accompany her, appear in the senior club, also willing to accompany her, appear in the roadside stall, as long as she smiles, will be satisfied

They are just like ordinary people, living the small life they want.

Will quarrel, will blush, will be happy, will be warm

I'll be worried because I can't get through to her.

She'll be happy with a phone call.

Here, Su Xiaowan bought ten apples for each person in the villa.

The apples here are very big and fresh. They were transported by the couple from other places and loaded with a full truck.

Before leaving, the aunt specially installed one more for her.

"Take it. It's fate to meet you in this cold weather."

She received the kindness of the stranger, immediately moved to tears, but they met by chance, but in their body, feel the warmth of winter.

"Thank you, auntie."

Sitting in the car, Su Xiaowan looks at the couple at the other end. At the moment, they are tidying up their stalls. The uncle is the first to find the money in the apple pile and wants to chase it out. However, Feng Yan takes the accelerator and drives away long ago.

"The apple is so sweet."

Su Xiaowan took a bite of the apple and his nose was sour.

The man's hand suddenly fell on the woman's face.

"Su Xiaowan, I said no crying."

"I didn't cry. I was just moved by the care of strangers." Strangers can be so, but relatives, but extremely indifferent.

She couldn't accept such a gap.

But after tonight, she won't think about it.

When Su Xiaowan came home, he saw that the light in the living room was still on. As soon as he went in, he suddenly heard the sound of hasty footsteps.

Shen Xiaobei had been waiting at home for a long time. Looking at her face, she was angry and wanted to rush to settle accounts with them.

"Your face..."

"What happened to your leg?"

The two voices spoke in unison.

Chapter 860

"I'm ok, but I sprained accidentally. It's all my fault. If I hadn't pulled you out, I wouldn't have met these things." Shen Xiaobei looks at Su Xiaowan and looks at her with a little apology. She has just learned about this in Fengyi. Those people are here to take revenge on Shen Kan.

I don't know how to know her relationship with Shen Ken, so I'm going to take her as a threat to Shen Ken. I want to catch her and let Shen Ken appear.

But this group of people, thousands of calculations, but miscalculated, how can Shen Kan because of her, into the net.

"Well, I have nothing to do with it. That person didn't use much effort just now, and I've been relieved for a long time. And who can be sure about this kind of thing? Those people retaliate. Even if we don't go out, they can find opportunities. It's just..." what did Su Xiaowan think of, but at the moment, looking at so many people, he directly changed the topic, and he still thought that he would ask her next time when there was no one.

"Have you eaten yet?"

"Not yet."

"That's just right. I'm a little hungry again. Feng Yan, let's have dinner."

Feng Yan nodded and helped Su Xiaowan to the restaurant. Fengyi had already told him the whole story, so after dinner, Fengyan sent Su Xiaowan upstairs and told her that he wanted to go to Shen Xiaobei.

"You can tell her, don't keep a straight face." Su Xiaowan looked at her, "Xiaobei is smaller than me. Don't bully people and cry."

"... I know. You go to bed first."

When Fengyi told Shen Xiaobei that she was going to the study, Shen Xiaobei was suffering. Although she knew it would not be hidden for long, she didn't know how to say what she wanted to say.

In fact, she didn't know about Shen Kan. She didn't know about his enemies outside. Today, it was the first time that she met those people.

"Uncle."

Shen Xiaobei pushes the door in, but the door is not closed. Then she sees the man standing at the end, dressed in a black suit. She walks over. In fact, she is afraid of Feng Yan.

Because she didn't know what Feng Yan wanted to do, she was very flustered.

"Sit down."

Shen Xiaobei is even smaller than Su Xiaowan. With her beautiful face and no makeup, she looks more tender now. Facing her uncle, who is several years older than her, Shen Xiaobei's heart is beating all the time

"Uncle, what can I do for you?"

"Are you still in touch with him?"

He didn't say who he was, but he didn't know why. At this time, Shen Xiaobei suddenly realized who he was.

Holding his hands tightly, Shen Xiaobei shook his head.

"I've broken up with him."

Feng Yan stood there, looking at the person who was talking at that end, he naturally found some, but those things... Were hidden too deep, he was afraid that his sister's only daughter would be hurt.

If anything happens to Shen Xiaobei, I'm afraid her mother can't accept it.

"How much do you know about Shen Ken?"

Shen Xiaobei is silent. It's about him. If you know something, you know something. But if you say you don't know it, you don't know it.

At that time, Shen Kan was taken into the detention center. The police said that he would be prosecuted soon, but soon they heard the news of his escape.

Then, the man seemed to disappear. The police said they had caught him.
