

good evening 861

Chapter 861

But what she knows is that Shen is not what she appears to be.

She had doubts in her heart, but how could she find clues as a woman.

Shen Xiaobei forgot how she got out of the door. Anyway, the next morning, she packed up and said she was going to study abroad.

It's not a one night decision to apply for studying abroad, but a long time ago. She is about to graduate, but she suddenly doesn't know what to do after graduation

After all, she had no interest in business, but for a while, she couldn't find what she liked, so she decided to go on to graduate school.

Shen Xiaobei's decision makes Su Xiaowan full of doubts.

I was fine yesterday, but after such a night, I said I wanted to go abroad?

Feng Yan must have said something to her!

Feng Xinling is a strong woman, but now she has found her daughter, and her whole heart is on her. Although she doesn't want Shen Xiaobei to leave home, she is her own daughter. She also hopes that Shen Xiaobei can learn more at this age.

Now I decided to go abroad with her.

Although old lady Feng didn't give up, it was not good to see the children's mind had been determined, and to stop them any more, "Xiaobei, then you should take good care of your mother."

How old is Feng Xinling? Although she is recovering from a serious illness, she has been in a wheelchair for so many years and her body is not as good as before.

It takes a long time for us to slow down the toss and toss.

Naturally, the old man also loves his daughter. Su Xiaowan looks at the old man with her head down. Although she is not saying anything, she inadvertently sees old lady Feng's eyes turn red.

Feng didn't speak, but he didn't look good.

"Grandparents, I'm not going to come back. Two years will soon pass."

Besides, she doesn't go abroad immediately and won't come back.

After all, her studies here are not over. She can only go there after she gets her diploma.

"When I come back next time, the baby in my aunt's stomach will be able to walk."

Several people looked at Su Xiaowan's stomach, as if all people were looking forward to it, and Su Xiaowan was suddenly shocked.

After dinner, Su Xiaowan took Feng Yan to the bedroom.

"Did you bully her last night?"

"Bullying?" The man said softly, "am I such a person?"

"Xiaobei is staying well here. What country do you want all of a sudden?"

"I have nothing to do with her going abroad."

If change to do before, Su Xiaowan that temper also won't break casserole to ask in the end.

But I don't know what happened. Feng Yan's words seemed to roar at her.

"Why are you so fierce?"

Su Xiaowan's eyes suddenly turned red.

That pitiful vision so stares at Feng Yan, the next second, can fall tears.

Feng Yan didn't know what to do. Now he wanted to go over and hold her. Although he was a little flustered by this inexplicable emotion, his mother had talked about the changeable emotions of pregnant women.

He has to bear more.

But Su Xiaowan suddenly stepped back, "don't think I'll forgive you if you hug me. It's not easy for the family to get together. You have to let her go out of the country!"

As she said, she didn't know what she tripped over, so she sat on the ground so heavily.

Although the carpet was well laid, Su Xiaowan's buttocks still hurt. How did she know she was so stupid? She had a quarrel with him and let herself fall.

Chapter 862

Just, who knows, "had a fight" just, she unexpectedly quarreled herself to the hospital again.

Su Xiaowan wants to cry without tears. After a series of examinations, she looks at the incandescent lamp on her head and thinks about what happened just now.

She suddenly felt a little stupid.

Of course, neither of them dared to disturb the family because it was a little late and they didn't want to worry about it.

Of course, compared with her irrational behavior just now, she is more rational now, and her mood is gradually calming down.

Her hand covered her stomach and she had gone through parting.

I don't want to lose anyone.

Life is capricious, the next second, I don't know what will happen, but it is like this, every minute, every moment, are precious, many things in this world, come suddenly, go suddenly.

Naturally, she doesn't really get angry with Feng Yan. She just thinks that sometimes, if she can't make a decision about her own affairs, maybe Shen Xiaobei will regret it one day?

Like a person, there is nothing wrong.

Young girl love, come quickly, but if you want a lifetime, that one, but not that moment of joy so easy.

She still doesn't know what they said that night, but after thinking about it, isn't she interfering with Shen Xiaobei's decision?

She is not a strong person, for the people and things she cares about, she wants to make it all develop in a good direction.

"Madam, it's good that it was delivered in time. You don't have any problem, but you have to stay in bed for a while. The fetus is a little unstable. Are you feeling better now? I heard it was a fight with my husband? "

Disturbed by the sudden words, Su Xiaowan recovered.

She was a little ashamed. After all, they didn't really fight.

"There was no quarrel. I accidentally stepped on my foot and fell."

The doctor laughed. Just now, I didn't know where the nurse was gossiping. I heard that his wife and

husband were quarreling. After all, it was midnight. When the two came, the man's face was not good, so I thought about it all at once.

"Then you must be careful in the future. It's a dangerous time..."

Su Xiaowan's hand fell on her stomach. She didn't dare to press it heavily. She just put it lightly on her stomach.

He was just a little bit. He didn't even have a heart beat. It was only a short period of time in her stomach, but he could feel as if he had been carrying on blood for a long time.

It can even interfere with her emotions.

She suddenly thought of the man.

Is it true that the person who gave birth to her was in the same mood as her in the past ten months.

However, it should be much better than her.

After all, even smoke is the kind of strong woman's temperament, tough up, perhaps men can only be willing to bow to the downwind.

She suddenly wanted to know who that man would be?

Is the man who made her willing to give birth to a baby for him still alive? After all, in her opinion, if she is not willing to give birth to that man, there are countless ways to make her not exist in the past ten months.

But she survived.

No matter what happened in the middle, it can at least prove that the woman is afraid of her, or... There is a trace of hope that she will survive?

It's about late at night.

Naturally, Su Xiaowan didn't want to stay in the hospital. He had come to the hospital secretly. If he was in hospital, his family would have to worry to death.

Feng Yan couldn't resist her and naturally agreed that she was discharged.

But I didn't think that I would meet someone here.

Chapter 863

It's Lian Yan.

When she appeared in the middle of the night, she was still wearing a dress, but her well maintained face was full of worries. It seemed that she had just appeared at a banquet, and now, with the help of the servant, she stood not far away from them.

It's not the first time Feng Yan has seen her.

He saw it on the highway a few years ago.

But at that time, I didn't know that the woman who blocked him in front of him would be the mother of the woman I loved.

He's still holding her like that.

But I can feel the stiff hand of the woman in my arms.

His eyes fell on the woman in the distance. Looking at her appearance, he probably knew that Su Xiaowan was hospitalized, so he came in a hurry.

Even a woman like Lian Yan, with her own reserve, has been a trained lady since she was a child. Even if she encounters something ugly, she can probably stand there and show her most decent side.

But now, her embarrassed appearance is different from that of ladies.

Feng Yan doesn't intend to contact her, because he can feel Su Xiaowan's emotion and say that he doesn't care if it's all fake. A girl like her is the one who longs for a sense of security, especially... Maternal love.

But now.

There's nothing to say.

What can I say to a daughter who has left her daughter behind.

He has always been the hardest man.

But suddenly the woman in her arms pulled his tie and spoke in the voice of only two of them.

"Feng Yan, I want to talk to her."

"What can I talk about?" He was as overbearing as before. Su Xiaowan knew what he meant and was obviously afraid that she would get hurt.

After all, in this case, she is the victim.

He must have understood her mind.

Su Xiaowan's hand tightly pulled her tie, as if, that can give her enough sense of security.

"I don't know, but I think it's necessary to make it clear. Otherwise, she will come to me every two or three days, which will cause trouble to our lives. I don't want to let irrelevant people interfere with my emotions any more."

Just now the doctor said, let her take good care of, can't be very happy and sad.

"You forgot what the doctor said just now?"

"I didn't forget." Su Xiaowan's eyes fixed on him, "I'm in a calm mood now. There's nothing like talking about this topic in a calm mood now. You see how much she seems to love me, but do you believe it? "

"I will not for her false face, regardless of their own body, if she is sincere, will not deliberately make me sad."

In Su Xiaowan's mind, he probably has long attributed Lian Yan to the weasel's New Year greeting to the chicken, but he has no good intentions.

"Don't worry. If you're worried, you'll come with me, but you can't talk."

But the man didn't seem to hear him at all, so he held her in front of Lian Yan.

Wan Wan, I have something to say to you. It is estimated that Feng Yan is around, so even if Yan wants to reach out and touch her hand, he can only give up.

"What does Mrs. Lian want to say to my wife?"

"Mr. Feng, I have something to say to Wan Wan alone. Can I..."

"No, ma'am, just tell me what you have to say. There's no secret between me and him, and there's nothing he can't hear." Su Xiaowan leans in the man's arms, her tone is cold, with alienation and parting.

"I... how are you?"

"Good."

Just now, she heard from her subordinates that Su Xiaowan was living in the hospital because she had a quarrel with Feng Yan, so she stayed in the hospital and became pregnant. Her fetus was unstable because of the quarrel.

When she heard this, she was furious.

Although she also told herself that now all this has returned to the track, Su Xiaowan lives very well, she should not bring danger to her.

Chapter 864

More than 20 years have passed. What else can't be tolerated.

Those in the early days of so desperately heartrending grief, but also with the memory of time, already full of holes, anyway, she also misunderstood.

She didn't want to have a relationship with herself.

Let's forget it.

Why... Make two kids like this.

The words are like that, Su Xiaowan is like that.

These days, she came here to attend a banquet to discuss business. Originally, she didn't need him to show up, but she thought that there was Su Xiaowan in this place. She hadn't seen Su Xiaowan for a long time, so she volunteered and came directly by herself. Probably in my heart, I can't put it down.

How could she possibly have a baby in October.

Her eyes fell on the flat stomach of the woman. After she was pregnant, it was the first time she saw her.

Instead of being thin, she gained some weight, but the scar on her face was very clear at this time.

Two people quarrel, also started?

"Mr. Feng, you are a man. She is pregnant. Do you still fight with her? Do you think she has no support, so you bully her hard, and she won't say a word? "

Even Yan's tone was aggressive. The maid didn't expect her to say such words. After all, the maid didn't know Su Xiaowan's identity.

But she judged from her clothes that the man in front of her was a man of status.

But Lian Yan's tone is like a mother-in-law role for her daughter

But Mrs. Lian's daughter is Miss Yan.

Who is this woman?

Lian Yan is about her age. Although she has been helping in the kitchen all these years, she knows something about Lian Yan.

At the beginning, even for the sake of a man, Yan tried his best to marry him.

Gave up the family marriage.

But in the end, I don't know what happened. The man left her, and she was pregnant soon after.

When she was pregnant in October, she loved her daughter deeply. She never did anything that might threaten her. She played the role of a good wife and mother.

Not long after the birth of her daughter, even the cigarette supported the family.

She is tall and gorgeous. Naturally, some men are willing to be her ministers.

But over the years, no man has been able to enter her.

Those pursuit, those money temptation, never let her move, everyone said, that man took her whole heart, she will not fall in love with anyone.

Her nature became thin and cold, and her means became cruel. In order to support a family, a mother in charge, under the aggressive of those men, she must be better than men.

She almost watched her become what she is today.

Even Yan is only interested in her career. Especially when she is so old, she is only interested in her career. She has never heard of a girl who is different from her, let alone a woman who has a little relationship with her

After all, when I had only one daughter, there would be no more men.

Hearing this, Su Xiaowan gave a cold smile. What she said just now was really like her own mother came to help her get justice.

But she was wrong.

She doesn't have a complicated relationship with her mother-in-law and doesn't need to fight with her mother-in-law because of one thing.

She doesn't have a husband who uses violence against her. Her husband is very kind to her

Not to mention her husband raising a third child outside. She lives very well. She has a caring husband, their children and kind-hearted parents.

She didn't have the family conflicts that others might have.

Chapter 865

Therefore, there is no need for a person with such an identity and his banner to help her to seek justice.

The more so, the more ridiculous she felt.

She really wanted to ask what kind of identity she used to say that.

"Mrs. Lian seems to be a little lenient. I can't tolerate others to teach me how to treat my wife."

Lian Yan's eyes fixed on her, motionless, as if she felt that as long as she retreated a step, her daughter would be bullied.

Originally, I thought that Feng Yan would be her lover. After all, how nice the dog man was to her. Although there are many disputes among rich families, if Su Xiaowan meets a lover, she is blessed.

In the future, I hope they can live in harmony with each other and support each other all their lives.

It's not that she didn't persuade Su Xiaowan, but she had a firm attitude at that time. As a past person and a close relative, how could she be willing to suffer.

But if she didn't come to the hospital today and see such a picture, how could she believe it and look away.

Of course, it's not the first time she's lost sight.

It seems that when we look at men again, we have never looked right.

Those hidden in the depths of their memory all of a sudden ran out.

That year, when she was in love, she confessed to her seniors, but at that time, she didn't look very good, but her family had good conditions, and she was almost spoiled by her family.

At that time, she might be several years younger than Su Xiaowan.

More than her indulgence, more than her coquettishness, more than her indifference.

In school, there are too many gentle people, and most men like that kind of woman.

Gentle, understanding and pleasant.

And none of this has anything to do with her.

Her senior, naturally, did not like her.

Although she was hiding her identity in school, she said angrily at the moment when she was rejected, "if you dare to refuse me, let my cousin find someone to beat you!"

Later, she was with him as she wished.

It can't be said that there was not a trace of happiness in those years. At least, when she fell in love, she really ran to get married.

After four years of College talk, she will soon face a long-distance relationship. Even Yan didn't have any interest in the work arranged by her family. She wanted to live with this man all her life, even if she wanted to give up her status in her life, she didn't care.

She did, too.

She is a man of no choice, for this man, gave up the family marriage, for her, she can willingly live in a rental house of more than ten square meters, eating pickles every day.

Be a housewife at ease.

These she is willing, after all, that man she really like, also really want to be with him, regardless of gain and loss.

Probably, she also has some rebellious elements towards her parents, because from childhood, she likes to sing the opposite tune with her parents.

That man, when he was at school, worked very hard. After living with her, he really wanted to go out and work hard for her.

He said that he would go abroad to work hard for a period of time.

She raised her hands in favor, and without thinking about it, she sold all her valuable things and went abroad with her.

Even if she has no relatives in the future, if she meets the right person, she doesn't need to worry about it.

Their relationship is very warm.

He took care of her in every detail. They were just like an ordinary couple and had a good time every day.

She was afraid that she would become his burden, so she went out to work. After working abroad for several years, with her intelligence, she soon became a manager in a large company.

The income is increasing day by day.

But she never told him about her work outside. She was afraid that he would think more.

I don't know when. He's addicted to alcohol.

Chapter 866

He never used to smoke or drink.

Moreover, I don't know when to start, his character became different from what she imagined.

He's no longer like him.

He would hit her from time to time.

I would scold her from time to time.

Later, beating and scolding became a two-day affair.

A tiny bit as like as two peas in the face, he changed all his behavior.

He became strange and terrible.

Become, let her unbearable, but also did not touch her.

When drunk, it's not her who shouts.

She thought later that she had been cheated. She had been cheated by the man in front of her.

She is a proud woman, no matter before or now, plus, she and he did not marry, with a job that money, she can leave him freely.

When she went back to China alone, there were some ways to make him unable to find her.

Later, when she knew that she had his child, she thought about beating him.

After all, it's her fault that doesn't have to be borne by her baby.

But

Children have a lot of lives.

No matter how she wanted to banish her, she was so rooted in her stomach, and the arrival time of the child was just when they were affectionate. Most of her heart was still reluctant to part with her or the man.

Later, I couldn't hear from him

The man did not know where he had gone, what he had done, whether he was alive or dead, all became unknown.

Is there any reluctance in my heart?

Naturally, there are.

She went to bear so much without any reason, and now she has become such a life situation, most of the reasons are attributed to him.

When she went back with her child, her parents were furious when they found out. When her father went abroad to look for him, the plane crashed and died.

After learning the news of her father's death, her mother was in poor health and soon went with her

At that time, she was only twenty-five years old. When she was alone in the middle of the night, she hated him.

Now, the child in her stomach has become the one who can talk and get angry. Her heart is full of her, and the memories of hating him have all gone with time.

If not forced by the situation, she naturally wants to be an ordinary person and live with her.

But she also knew that Su Xiaowan had a thorn in her heart. There was no way to cross the gap between them.

Just like at this moment, Su Xiaowan's parting eyes deeply hurt her heart.

"Mr. Feng, women are used for pain. If you are kind to her, she needs to be in such a place?"

"In what capacity does Mrs. Lian question that I am not good to my wife?"

Lian Yan stood there, looking at the tall man in front of her, in what capacity

Nature is the mother of the child.

However, she did not dare to say.

Su Xiaowan looks at Lian Yan's appearance. She has told herself silently in her heart that it's no big deal not to lose.

However, looking at the emotion in the woman's eyes, her heart was still stabbed.

"Thank you for your concern, but my wife and I don't have much friendship. In the future, just be a stranger."

Su Xiaowan's voice is weak, but it is like a needle into a woman's heart.

Stranger

"Feng Yan, I'm a little cold. Let's go home."

"Good!"

Her lips closed one by one. She watched the man leave with her in his arms. She wanted to say something, but she didn't know what to say. Now she took out a book from her bag and put it into Su Xiaowan's hand when they were about to leave.

Chapter 867

"This is what I'm looking for pregnant women to pay attention to. When you are pregnant for the first time, you certainly don't understand a lot of things. I have written them by hand..." in my hand is a thick notebook.

Su Xiaowan looks at Feng Yan and wants to give the book back to her.

"There will be special medical staff in the villa to take care of my wife's daily diet, so don't bother to even care about my wife. These things should be left to your own daughter!"

"Wan Wan, I don't have any malice, I just feel..." Lian Yan said in a worried tone. Although it's late at night, there are still a lot of people around, most of them in the emergency department.

The people came and went, and Su Xiaowan was held by Feng Yan, which attracted a lot of people's attention at the moment.

Su Xiaowan looked at her, did not wait for her to finish, directly interrupted her, "take it, you will not pester us in the future?"

"OK, I'll take it. Please don't pester us any more."

Su Xiaowan didn't look at her. She pulled the man's bow tie and hinted that he would leave.

Lian Yan watched them leave, and his eyes stopped.

Her eyes seemed to follow them away.

Su Xiaowan's words are very clear. In the future, she doesn't want to be involved with her.

But because of this, she was even more reluctant.

Don't you think they'll never see each other again?

The maid could feel the woman in her arms as if she was suffering from some great stimulation and stepped back.

"How are you, ma'am?"

"I'm fine. Go back." Even smoke interest is not high, by the maid so helped her out of the hospital.

"You are not well recently. Would you like to see Dr. livis for you?" During this period, Lian Yan's physical condition is not good, probably because of a lot of things during this period of time, unable to sleep at night, resulting in poor rest, the last meeting, directly fainted in the conference room.

"No, I have nothing to do. Don't tell other people about today's business. Not even a housekeeper. "

The maid nodded. Naturally, he would not spread these things about the master.

After all, she is an outsider and has nothing to discuss.

In this family, the most taboo is talking about the host's affairs.

Even smoke sat in the car, suddenly saw a familiar figure, she was so stunned.

And then, watching the man come to him.

Under the light, the man in memory came to him.

"Even smoke."

His voice was as hoarse as ever.

Even smoke so staring at him, at the moment, the heart mixed feelings.

.....

Su Xiaowan looked at the notebook in her hand. She didn't know why Lian Yan did it and what she wanted to do.

"What do you say she does? To make up for her indifference to me all these years? "

"What do you think?"

"It's strange. I told myself not to care, but I was a little angry."

Su Xiaowan didn't open the notebook. She was afraid that no matter how much she read, she would not be able to sleep tonight.

"If you don't care, how can you be angry?"

Su Xiaowan put the notebook on her lap, "that's why I hate this kind of myself. Feng Yan, it's clear that she is the one who did the wrong thing, but she feels at ease, and I feel sorry for her."

Chapter 868

Now in her opinion, she is the unfilial descendant who does not respect the old man and spills her anger on her mother.

"If you don't see her, we won't see her in the future. That's why we are angry with ourselves."

"I'm sleepy. I want to go home."

The next day, Su Xiaowan took Shen Xiaobei to the airport.

Feng Xinling is going to finish what she's doing. She's going abroad with her daughter. This time, Shen Xiaobei is going to find the house first.

"Aunt, it's very cold. Go back and have a rest first."

"I see you go in and go back."

Although there is a big difference in seniority between them, Shen Xiaobei is the same age as her, and they have a lot in common.

As soon as she left, Su Xiaowan became a person again.

It's not true to say that you are not lost. " Well, I'm an adult. It's so cold. Don't think I didn't know you went to the hospital last night. I was going to sneak away by myself. Who knows you got up so early to see me off? " Although the news last night was small, Shen Xiaobei had a friend who was practicing in

the hospital. She was her best friend and naturally knew Shen Xiaobei's identity.

She was on the night shift last night.

Interns have nothing to do, nothing to do, go out to stroll, you see Feng Yan.

Originally, she did not know Feng Yan.

But a while ago, Shen Xiaobei went out with Su Xiaowan and made a circle of friends. When she saw the man, she recognized him immediately.

He also made a video of Shen Xiaobei.

It's hard for Shen Xiaobei not to know.

Fortunately, nothing happened.

So, she didn't tell her mother and grandmother about it. In the morning, she made a reservation for an early flight, thinking about going to the airport by herself.

Who knows, when they get up, they just sit downstairs and wait.

In front of the old man, Shen Xiaobei doesn't dare to say anything. Since his uncle intentionally conceals it, he doesn't want to be the bad man. Moreover, recently, grandma's condition has not been stable. She is afraid that she will be worried, so she chooses to avoid talking about it.

Now it's all delivered to the airport. Although she scheduled to take off in the morning, she came here early because of the early time, no traffic jam and unimpeded. In fact, she came here a little earlier.

"It's OK. I'm just pregnant. Besides, he's just a little bit. He won't cause me any burden. The doctor also told me to go to bed early and get up early."

Feng Yan, who was standing there, didn't say a word. He seemed to have been on the same front with Su Xiaowan for a long time.

"When you go out, be safe."

"I know, uncle, then I'll go first, aunt, goodbye..." Shen Xiaobei wanted to say something to Su Xiaowan, but the cold uncle's eyes, although they didn't say it, were full of let her go quickly

She can't understand.

On the way back after seeing Shen Xiaobei off, Su Xiaowan was already hungry. Feng Yan took her to the breakfast shop and ate hot wonton.

She had a good appetite and ate two big bowls.

This night, the person's affairs, mutual tacit, after that, no one in the initiative to mention, and the notebook, also by Su Xiaowan casually put on the shelf, did not move.

Until a few days later, Su Xiaowan saw a piece of news on TV.

It's about the heirs of that mysterious family.

What's the meaning of the news? The mysterious family, which rarely appears, is in turmoil. The heir is in danger. The reason behind it is that... The lady Lian is in poor health

Chapter 869

Su Xiaowan looked at the inspection report that he didn't know if it was taken secretly.

Big difference?

When I saw her a while ago, she was still fine. How come now

I don't know how to remember that woman.

I remember the little things before.

Feeling upset, she reached for the remote control and was ready to turn off the TV series.

But suddenly, I saw a familiar figure.

It's him.

That doctor livis, how could he suddenly be around Lian Yan?

Her finger Leng in there, did not turn off the TV, so straight looking at the screen, and finally for a new message.

It was not until the maid asked her to have dinner that Su Xiaowan got up from the sofa at that end. At this time, she was watching the TV screen. It was already other programs.

The figure just now, even she began to doubt whether she really saw it, or whether she saw it correctly.

"Young granny, what's the matter with you? Is there something wrong with your body? "

"It's nothing. Just do your work."

"Well, what can I do for you?"

Su Xiaowan ate a lot during this period.

After eating, she was going to go online to buy some things. After all, she has to do some homework for her baby's things, but she is a little tired when she turns on her mobile phone. Sure enough, recently she has done nothing, and the whole person has begun to live more and more like a pig.

She's not lying in bed now. She went to her study and found a book about movies.

I saw a play on the Internet a while ago, and she thought it was very promising. She had spare money in her hand, and she knew something about it before, so she was ready to invest in the play.

However, it is essential to finalize the signing process. Although she is about to enter the follow-up preparatory stage, she doesn't have to worry about it, but she is also busy. Originally, this period is a good charging time, so she plans to read the book at home and the script by the way.

Maybe the sound inside the room was much lighter, so Su Xiaowan's ear sensitivity was also greatly improved.

She heard a voice on one side.

"The little granny has rested."

"Yes, I know." It's Aunt Li's voice.

Aunt Li didn't know who she was calling. Su Xiaowan didn't hear the voice of the man at that end, but soon she heard the movement at the door.

"Move here, move gently, our wife is still resting upstairs!"

It seems that each thing is very heavy, like furniture, but I can't see what it is. Because the outer package of that thing is very big, I guess the furniture is because it looks very heavy and needs several people to move it.

All the things in this villa are complete when you come in. Even the guest rooms are complete. How can you buy so many?

"Don't knock!"

Aunt Li was watching for them over there, fearing that it might bump into them.

Su Xiaowan didn't know what they were up to. Just as she wanted to go downstairs, her mobile phone suddenly vibrated.

It's a strange number.

During this period, many work calls came in, many of them were unfamiliar numbers, so Su Xiaowan didn't think much about it, until after she answered the phone, the annoying voice came from that end.

"Sister in law, I'm Liang Liang."

Chen Liangliang?

Although Chen Liangliang said that she had accepted her ancestors, she felt that her parents had supported her for so many years, so she did not plan to change her name.

Chapter 870

The people of the Mo family don't care about her changing her name. Moreover, Mrs. Qiao is no longer here. It's not easy for the family to have such a single child. Therefore, no one said anything against it.

In other people's mouths, he even said that Chen Liang Liang was affectionate and righteous. He was not a parent who had money and forgot to raise him for so many years.

Chen Liangliang got Mr. Mo's shares, and now he's worth tens of millions.

Su Xiaowan didn't know what she wanted to do when she called all of a sudden. Since they came back from abroad, they haven't contacted Chen Liangliang. Subconsciously, she has forgotten this character.

But this phone call will remember all the things you don't want to remember.

"What can I do for you?"

That end of Chen Liang Liang can not hear anger, tone is still with hospitality, "sister-in-law, are you still blame me?"

"What's your fault?"

"It's normal for you to blame me. If I were you, I would feel uncomfortable. I've always felt guilty about what happened before. Sister in law, would you forgive me a lot?" Chen Liangliang's voice came from that end. Su Xiaowan didn't want to talk nonsense with her. She just felt that these words were meaningless.

Especially now that she is still pregnant, she doesn't want to hear anything disturbing.

"Chen Liang Liang, if you have nothing to do, I'll hang up first."

"Wait..." Chen Liang Liang's eyes are deep, "sister-in-law, I have something to ask you for help."

“.....”

help?

"Well, I'm in the public security bureau now, because... Yesterday, my classmates from the online school had a dinner together. As a result, some hooligans in the society wanted to take advantage of my friends. I didn't hold back for a moment, so I beat them... It's not convenient for you to come and pick me up now? I'm a stranger here. I really don't know who to look for. Sister in law, are you and brother in the secluded city?" Chen Liang Liang chatters on, Su Xiaowan is not particularly interested, follow the key words in this sentence.

Chen Liangliang studying in secluded city?

Although she heard that Chen Liangliang wanted to study abroad at that time, she really didn't pay attention to where she was going. After all, she didn't tell Chen Liangliang how much emotion she had. They were just strangers, especially Chen Liangliang's arrogant temper. They were destined to be friends.

They say that long is a strange relationship.

It's like a distant relative who won't take the initiative to make a phone call for 800 years.

"If it's not convenient for you, I'm thinking of something." Chen Liang Liang pursed his lips. In fact, he didn't know how important the call was, because during this time, she had been thinking about what kind of method they should use to meet this time. It was not deliberate.

"I see."

Since Chen Liangliang has called, if she turns a blind eye to it, maybe she will make an issue about it again. After all, she is Feng Yan's cousin.

Not to think about other things, Su Xiaowan said.

The other side obviously didn't expect her to say that.

Chen Liang Liang, who has been hung up, is angry.

When kedun, there is no place to vent.

After all, when she was outside, she always kept a gentle and lovely appearance, except when there was no one in private.
