Chapter 881

Cemetery.

Su Xiaowan suddenly thought that one day, she was lying in Feng Yan's arms and said.

—"My grandparents are warm-hearted people. Now they are buried in that place. There are only two of them. If they quarrel, they don't know who to talk with. They are so lonely..."

"Is this Fengyan investment? When did it happen? "

"The day after you and the young master came here, the young master went back to make a plan and made an in-depth investigation. After that, he has been working on this project. Now the funds have been in place. You see, there are some factories over there. The factories are mainly engaged in light industry without any pollution. Now they have been put into production, People who used to work outside have come back here one after another. "

"There is another piece, which is ready to be developed and made into souvenirs for tourists to make in the factory."

Feng Yi talks about their project, and Su Xiaowan knows about it from Feng Yi.

She had just said a random sentence, did not expect that the man really put her words in the heart, and, paid the action.

The children who stay here like her are very poor.

More pitiful than her.

Because she didn't have her parents' thoughts, she always thought that they didn't exist, but those children were different. They were sensitive and vulnerable. Even if they were studying hard, the children who came out from the deep mountain could not realize their ideals without knowing how many times they worked hard.

Su Xiaowan knows the hardships.

"And there, the young master plans to build the school. He will hire teachers from Youcheng at a high salary, and the tuition fees of students are all free... He is building a university here, which can directly cultivate talents and also serve the local people."

Su Xiaowan put her hand on her stomach. Even after many years, she was still warm when she remembered what he had done for her.

No one knows how grateful she is at the moment.

It's from the bottom of my heart.

He told his children.

Your father is a good man. In the future, you must be the same as him.

There was no movement in my stomach until now, but I suddenly thought that I had heard his words and moved subconsciously.

Did the baby move?

Su Xiaowan's knowledge of pregnant women is still in the process of learning. It's the first time for her to be in a hurry. She holds her stomach in her hand and thinks whether she was too nervous just now and heard wrong?

Sure enough, the second time, he did not move?

What a naughty boy.

Don't know it's going to be a boy? Or a girl?

But whatever it is, she likes it.

I hope that he grows up safely and healthily. If he is a boy, he should have the sense of responsibility of Fengyan. If he is a girl, I hope she is kind.

The car slowly out of that road, the mountain more and more far, the car on the road more and more.

In the past, there were a few cars scattered here, all of which were driven back by people who worked outside during the Chinese New Year. But now, cars are running around on the road.

In fact, as long as we work hard, many things can be changed.

A man was standing on the top of the mountain.

He watched the car leave.

Is still familiar with the back, those in the past, how are no way to put down, but the first to say good to her, a lifetime of people, but already holding other people's hands.

Chapter 882

Yan thought Su Xiaowan would see what they had before, but he overestimated Xia Chenyan's position in her heart.

Yes, now, the child who broke Fengyan may not remember this person named Xia Chenyan in his whole life.

The man's hands clenched into fists.

He was not reconciled.

Unwilling to send the woman away, he forgot everything between them.

Why let him a person live in hell, and they, so beautiful and brilliant.

Xia Chenyan turned and walked towards the two tombstones.

The car soon arrived at the local hotel, because it was too late, so they planned to stay here for one night and leave directly tomorrow.

Feng Yan called in the evening and told him that he would come to pick her up tomorrow.

"Get busy with your work. I can do it myself."

"Be brave."

"I didn't try to be brave. I'm serious." Su Xiaowan holds the mobile phone, and the voice of that person comes from that end, with hoarseness, "Feng Yan, I used to be alone, not as vulnerable as you think. Moreover, we have a long life together, and we have time to see grandparents in the future. You can do your work well, and don't be distracted. He and I will go home safely. "

"Did he bother you today?"

"No, I had two bowls of rice tonight."

Su Xiaowan suddenly thought of something, "so late, where are you now, have you eaten yet? Why is it so noisy? "

Su Xiaowan heard someone calling for Feng Zong, a man of course.

"There's a tender. I've dealt with it with Wen Sheng."

"Drinking?"

"After a drink, the other temperature rises stopped me."

"What about dinner? Have you eaten yet? "

"I didn't eat it."

"I knew that." When Su Xiaowan used to be at home, Feng Yan would go home early even if he had a party. If he didn't have dinner, she would help him cook something.

But now, she has no skills.

There's no way.

"You wait!"

Su Xiaowan suddenly hung up, then took out his cell phone and turned on the phone for ordering.

It suddenly occurred to me that Feng Yan didn't tell him where he was just now.

She called again and said fiercely.

"Where are you now?"

"By the side of the road."

"... I'll say the exact address."

"You hotel." Isn't that near Youcheng university?

Su Xiaowan hung up, took out his mobile phone and ordered two meals. Of course, he did not forget that there was another one to help him block the temperature rise of wine.

The man standing outside smoking suddenly got on the phone.

"Hello? Hello, is this Mr. Feng Yan? I'm a takeout! "

Feng Yan just stood outside, looking at the man driving the battery car, he couldn't get past.

"I'm Feng Yan."

The delivery clerk looked at the tall and powerful man in front of her. She was not a local, just came from other places, so she didn't know the man in front of her. She just felt familiar, but only so far.

"Hello, this is your meal."

The delivery man handed the meal to Feng Yan, who ate it for the first time.

He took the bag and watched the delivery boy gallop away. He seemed very worried.

Look at the meal in hand. It's still hot.

And there was a sentence on the bag.

—Please take out little brother in the premise of ensuring safety, early delivery Oh!

He immediately thought of Su Xiaowan's phone call.

Su Xiaowan watched the order delivery complete.

Chapter 883

I called directly.

"Have you got food? Much faster than I expected... "

"Well."

"Don't underestimate this. I used to eat their delicious food when I was in college. By the way, I also bought one for Wensheng. The two of you have the same food. I went to bed first. I was a little sleepy after walking all day. Good night."

The sound of that end is just the sound of doodle.

Feng Yan looks at the meal in his hand.

Probably, in this world, the only person who can still think about whether he is hungry or not at night and whether he is comfortable is her.

Husband and wife should support each other, cuddle with each other, share honor and disgrace with each other.

This life, with her, very complete.

However, he still did not give Wensheng Wensheng Wensheng's meal, but called Wensheng a Manchu and Han banquet.

Wen Sheng drinks a few glasses of wine, and suddenly a Manchu and Han people are waiting for him, flattered.

He knew that the young master was very kind to him.

He ate happily, and now he packed the rest.

When he came out, he looked at Feng Yan sitting on the dining table of the hotel restaurant, eating a box lunch.

The eyes of the temperature rise almost fell out.

He has just had a full meal of Manchu and Han people. Many of the dishes at that table have never been eaten by himself. Because he has just come to Youcheng, he has not adapted to many tastes. However, the dishes at that table are delicious, and many of them have never been eaten by himself.

But now

Wen Sheng hurried past. He thought Feng Yan was strange today. When he walked past, he saw that Feng Yan was eating delicious with a box lunch.

Young master... Can't it be because I haven't seen my little grandmother, my brain is broken?

"Young master..."

"Are you ready?" The man suddenly raises an eye, the temperature rises to looking at that oil tut tut meal, immediately Leng for a while.

The temperature rise was a little overwhelmed by his brain circuit. Did he feel that the meal he had just had was a little... Was it the last supper?

But the young master doesn't look like that?

He hasn't done anything wrong lately.

"Talk... Talk well, the person in charge over there said that he would get the design out as soon as possible..."

"Well, you can get off work."

"... young master, I just ate..."

"How does it taste?"

"Wonderful. But I can't eat so much on my own. I haven't eaten a lot yet, so I'll pack... Do you want me to order some dishes for you when you eat like this... "

"You can go when you're full."

"....."

Don't disturb me when I eat. Wen Sheng really doesn't know what to say.

"Take your time. I'll go first."

Temperature rises run with their tails between them.

Chen Liangliang didn't expect that she would meet Feng Yan here. She first thought that she was wrong. After all, this man is eating a box lunch, which seems to be more than 20 yuan at most.

Chen Liang Liang never touched this kind of rubbish when she was at Chen's house. She felt that it was not hygienic and not up to grade.

This man, however, ate two portions by himself.

Like a starving migrant worker, he is handsome. Even after eating two boxed meals, he has a noble atmosphere. So, she just stood there for several seconds and did not dare to make a conclusion.

"Liang Liang, why are you still here? Come in quickly!" When Ellie and she came to the school party today, the man told him not to act rashly. Chen Liangliang had nothing to do in the school, so he followed.

Chapter 884

Youcheng university graduate students are generally divided into two kinds, one is rich at home and good grades, there is a dead study.

But she belongs to the third category.

"Ellie, I see an acquaintance. You go in first. I'll come later." Chen Liangliang interrupted his train of thought because of Ali's sudden appearance. Fortunately, the man was still eating there. At this moment, he walked towards her.

Ai Li looks at the person at that end. She hasn't seen Feng Yan, so now she looks at that person and looks at Chen Liangliang. She pulls her, "Liang Liang, do you know that person over there?"

"No, but I think that person looks familiar."

"It doesn't look like a famous brand when eating a box lunch of no high grade, but it looks good. Maybe it's the prince in the hotel..." said Ellie.

Prince?

Chen Liang Liang looked at the man at that end, "I'll go and have a look."

"To deal with this kind of man, the easiest thing is to go to the box honestly and stay there. I'll call him in to accompany you."

Seeing that Chen Liangliang is interested, Ellie flatters her and says that she has told her father about Chen Liangliang. Her father supports her very much. In this world, it is better to find a long-term meal ticket than anything.

She has to hold Chen Liangliang's thigh.

Chen Liang Liang took a look at her and said nothing more. Maybe he thought that this man was the kind of wine accompanying man in the hotel. After all, Feng Yan had no reason to be here at all. Moreover, he was still here for lunch.

This is a complete price reduction.

But it wasn't long before Chen Liang watched Ellie run in crying.

"What's the matter with you?" Chen Liangliang frowned.

Ellie's face is full of grievances. She has offered a price of 200000 yuan for one night, but the man has been eating boxed lunch with a cold face. In the evening of 200000 yuan, it's a price that can't be exchanged by a cowherd. Normal people can't earn it for several lives, but she has pasted her dowry.

Ellie had a bad temper. When he finished, he watched the man continue to eat. He reached out and knocked the lunch box to the ground.

Obviously poor to death, to eat lunch box, but the man turned a blind eye to 200000 money.

No wonder they are so poor.

She cried and said, "the man who doesn't know what's going on, almost hit me for a bowl of boxed rice!"

"Fortunately, the staff in the hotel came out and saved me."

"I'm so angry that you said that man was sick."

Of course, a lot of things have not been said by Ellie. She can still think of the man's eyes and his aura.

"Forget it, since they don't want to."

"But don't you like him?"

"I don't like people like that."

The person she likes is the best in the world. She doesn't like the cowherd who accompanies her.

I only like him because of his face.

That's because it looks like Feng Yan's face.

A woman has her own physiological needs. She is now at her age and will soon be 30 years old. When she was young, Chen Liangliang also fell in love. During this period of time, because Feng Yan kept his body like jade, she was afraid of him.

But in the end, she didn't even touch a finger of Feng Yan.

She also wanted to be wild.

Seeing a similar looking man, I thought that if I can't get a genuine one, it's good to get a fake one. If today Ellie brings that man back, then he doesn't mind wrapping him up.

Chapter 885

After all, she still has money to support a man.

But just now, when Ellie cried and said that, she was really angry.

But even a cowherd is so tough.

She said it, but she couldn't swallow it in her heart.

"I'll go out. You don't have to wait for me."

Ellie nodded, this period of time with Chen Liangliang out, almost all he paid in advance, if she is a man, will not hesitate to chase her hand.

Now, I'm going to pay for it.

Feng Yan was going to pick up Su Xiaowan today. He was dressed in casual clothes instead of a suit.

It looks like a college student in his twenties.

Tall figure, wrapped in a black coat, at the moment just ready to go out, suddenly in front of a woman blocked him.

"A million, you and I for a year."

She opened her lips, not because she was drunk, and her consciousness was very clear. At the moment, looking at the other end of the road, she felt more conquered.

"A million?"

Feng Yan thought he had heard wrong. He didn't feel much about his sister.

At that time, when he knew that his sister was still alive, he didn't like her very much. After all, he and she were the marriage object designated by the old man.

But he doesn't like the Philistine in Chen Liangliang.

When I knew that she was his sister, I only felt that the world was so small that I had to go around, and this person appeared in front of me again.

"My friend should have told you just now that even if you don't eat or drink, you can't earn so much money. If you accompany me for a year, you can rest assured that we will not interfere with each other."

Now Chen Liang Liang is totally different from the woman in front of him.

At this moment, she is more arrogant, holding a check in her hand, ready to take care of her intention.

So that's what this woman really is.

He suddenly thought of the old man.

Is it right or wrong to go all out to get him back?

Maybe a woman like him shouldn't live in Mo's family, but after this woman signed the legacy that the old man gave her, he didn't want to be nice to her any more.

"It's a million. You've never seen so much money in your life, have you? I tell you, as long as you serve me alone this year, I promise there will be more benefits waiting for you. "

Is such a person really his sister?

Feng Yan had some doubts.

However, this man was found by the old man. I don't know what method to use. Most of the time, it should be correct.

"Chen Liangliang, you come here to study, to support men?" The man's face is very black, at the

moment like an elder's mouth way.

Chen Liangliang frowned. She wanted to put money into the man's hand. If the man didn't agree, she would give him more money.

The desire to conquer in her heart has come out. A Fengyan doesn't want to touch her, and a cowherd dares to.

She doesn't believe that if she gives him more money, she can't take him.

As a woman, how can she not know the trick of lust.

But that man

She immediately shook her hands. She was always in front of Feng Yan. Chen Liangliang was a gentle woman. She didn't dare to speak loudly. She was a lady in everything she did.

Chapter 886

Chen Liang Liang feels that he knows a man's mind very well.

She has followed her father since childhood.

I don't know how many men I've met. Her father is just a layman. When she used to socialize outside, her mother worried about her father's cheating outside, so she called her to go with her.

At that time, the father with a oil bottle was not looked up to by others.

However, after Chen's company became bigger, more and more women would climb up. Even if she sat there, there would still be women sticking up. Her father, who was just an ordinary man, whose mother was getting older and older, could not compare with the light and beautiful women who had been living for so many years, Even if these men marry themselves, they don't really regard her as a treasure.

When she didn't see Feng Yan, she thought that her father would marry her to someone who might be fat, old or

But how did not expect, Mo family will suddenly come.

When people are frustrated, they suddenly give you a hope, just like when you are about to starve to death, there is a bowl of hot rice in front of you, when you are about to die of cold, suddenly someone gives you a warm dress.

She saw the man, the man who was going to be her husband.

Handsome, as if the whole world, she is the only one left, dazzling.

love at first sight. But for so long she had never understood the man's mind.

Before, it was clear that they had reached the point of marriage, and the man did not refuse her, but he always kept a cold attitude.

It's like anyone can be her wife.

She didn't like the feeling of being out of control. It was like a moment when all of a sudden there was nothing left. She was very clear about her mind and his mind.

As like as two peas, she thought, if she met a man who was exactly the same as him, she would not love him if he had no money.

The answer is yes.

But, is that kind of superior conquest like, is not because of love, is not indispensable.

Just as men like to conquer women, so women like to conquer men.

"Cousin, you misunderstood me. I'm playing the truth adventure with my classmates. I lost just now. This is their punishment."

Although Chen Liang Liang's brain is blank, only her reason is left. She has always been a person who is not surprised by honor and disgrace. In front of outsiders, with a shelf, no one can guess what kind of person he is.

Truth or Dare.

"I'm sorry, cousin. I seem to be playing too hard."

Since Chen Liang Liang became his cousin, Chen Liang Liang's relationship with him has been very cold, and he has not adhered to himself as much as he always did and maintained a proper kinship.

Feng Yan twisted his eyebrows. "It's getting late. Go back to school early."

"Good."

Chen Liangliang watched Feng Yan go to the side of the car, which is a black Porsche, limited edition.

Chen Liangliang has seen it in magazines.

Men are gone.

There is no trace of nostalgia.

She clenched her fist. For a moment just now, she thought that he could send her back with great compassion, thinking that they could go furthe

Chapter 887

"Liang Liang, what's the matter with you? What did he say to you just now? Did he scold you? Why are you so afraid of him... "

Ellie did not know when to appear in front of him, Chen Liang Liang held the check in his hand, "nothing, I want to go back to school."

She is in a bad mood.

"Then I'll go back with you. Today's friendship is meaningless."

.....

Su Xiaowan slept for a while, and suddenly felt a little cold. She got up and found that the bedroom window was not closed, and it was raining heavily outside.

It's very heavy. It's raining. She doesn't feel sleepy, so she's sober. Now she's sitting on the sofa.

If you sit, you will be hungry.

She called the restaurant of the hotel. Fortunately, the restaurant was not closed at this time. She ordered a few dishes and hung up.

I wanted to call Feng Yan and ask him if he's home, but looking at this time, it's very late, and I think I'll go to bed early.

She didn't call Feng Yan, so she had to contact Wen Sheng.

During this time, she added the number of temperature rise.

Wensheng sent her a message back soon.

"Little grandma, I have something to tell you!"

Looking at the text message sent by Wen Sheng, Su Xiaowan was stunned for a moment, and seemed to think that it was quite big.

"You said

"Today, the young master sat alone in the dining room after our dinner. It's the kind of box lunch that costs tens of yuan a cent, and he ate two portions by himself. Young grandma, do you think something is wrong with the young master... I just thought about it. Today, the young master seems to have nothing wrong with it. This is the only thing he does, but he talks to me normally when he goes there, When I eat that box lunch, I stare at me like I want to compete with him... What I don't understand most is that the young master ordered a table for me, but he ate the box lunch himself. Now I feel a little sorry. Young grandma, would you like to call him and ask him what's wrong? "

Wen Sheng tells Su Xiaowan all his doubts.

Today, he went back and forth and couldn't figure out what was wrong. After all, at this time, Su Xiaowan was the only one who knew Feng Yan. He thought Su Xiaowan had fallen asleep, but now Su Xiaowan took the initiative to send a text message to himself, and he was even more sleepless.

He always felt the calm before the storm.

Although it's different from the time when I was at Mo's, I have a lot of human feelings here.

"He likes to eat box lunch, you don't think too much, early rest."

Su Xiaowan listened to Feng Yan's abnormal actions, which may be difficult for others to understand, but in his opinion, everything is silent.

What's more, she clearly said to give Wensheng a share. Does he want to be so overbearing? She didn't cook the meal.

Can't anyone else take a bite?

However, the heart was suddenly warm, at this time, just feel full of like.

"Baby, I love your father more and more."

Ding Dong.

"Hello, I'm the hotel attendant. Your meal is here."

At the door, someone is ringing the doorbell.

Su Xiaowan from the cat's eye to see a woman wearing Hotel clothes, pushing the dining car, also did not think much, directly opened the door.

"Thank you."

"Take your time."

The waiter pushed the dining car in and spoke respectfully to her.

"Where do you eat?"

"Put it on the table. I'll wash my hands and come."

"Good."

Chapter 888

The woman put the meals on the table as she told her and pushed the car away.

When Su Xiaowan came out, he saw dishes on the table.

And these dishes.

I didn't order it myself before.

There are about ten dishes.

It's a special dish in the small town. It's not available in other places because it's adapted to local conditions.

It's impossible for Feng Yan to know these dishes, because she never said it.

Although they came to this place with her before, they didn't have time to eat local food.

Su Xiaowan's eyebrows were tightly wrinkled. She saw the rose on one side.

The rose looks very beautiful.

She suddenly realized something and ran to open the door. Now she saw the empty corridor.

Fengyi lives next door to him. Listening to the motive in her room, she just opens the door and looks at Su Xiaowan who appears in front of her. It seems that she is looking for someone.

"Young granny, what's the matter with you?"

"Fengyi is like Xia Chenyan."

Fengyi naturally knew who Xia Chenyan was, but she suddenly said that she still had a rose in her hand.

"Young granny, you..."

"Just now, I was a little hungry and ordered some dishes, but the dishes I sent were not my orders. Besides, I ate these dishes when Xia Chenyan and I came here before..."

Memories are flooding out.

I don't know whether it's true or false. She doesn't know what kind of atmosphere she is in.

"Young granny, don't worry. I'll go and have a look."

"Wait a minute, Fengyi. Don't go. We're checking out now. I don't want to stay here."

"Good."

They didn't bring anything when they came, so when they left, they just wanted to leave. At this time, Su Xiaowan felt that the nightmare she had last time was terrible.

She's pregnant now and doesn't want to go through that.

It's raining hard. It's raining harder than before. I don't know how much. They don't have umbrellas with them. In addition, there is no underground parking lot in this hotel. The car is parked far away. Pregnant women can't get wet because if they have a cold, they can't use cold medicine, and Fengyi doesn't dare to use it casually.

"Young granny, I'll buy an umbrella. You wait for me here."

"Well."

Because this place is full of people, Su Xiaowan doesn't have so many terrible emotions just now. Just now, she felt like she was under the control of that person at any time, like a fish in the pool, pinched by someone, like suffocating at any time.

But also because of this sudden thing, she suddenly realized clearly.

Xia Chenyan, definitely not dead.

He was right beside him, waiting for that person to come out suddenly and take his life at any time. At that moment, she thought a lot of things. Is she still dealing with Feng Yan?

He's not here for revenge.

She was scared.

She covered her stomach.

"Little sister, can you buy a bunch of flowers?"

A girl came up to her with a flower basket in her hand.

Su Xiaowan looked at the girl at that end. The girl who suddenly appeared actually scared her.

But because the girl's voice was soft and delicate, he didn't think much about it. At the moment, he looked at the things in the flower basket and thought that the child might think it was too late to sell the flowers, so he would appear in front of him.

"How much is it?"

Chapter 889

This is the tone, more and more strange.

"Nothing. Go down to dinner."

Lian Yan is not a young girl in her twenties. Just a few sweet words will coax people back. Now she has gone through all kinds of men. Now she is a human or a ghost, and she can see it at a glance.

But in front of this person, her discrimination, and not so keen.

The man took a look at the back of the cigarette, and his fist held it tightly.

When she was at home, there was a man in the family who had been watching his every move, so she wanted to come out, but now, even the cigarette couldn't trust her completely.

So, what should he do?

Only in this way can we regain his trust and

"What are you still doing?"

"I'll be right here."

The man was wearing a black suit, and now he twisted his eyebrows and soon showed a bright smile.

Lian Yan didn't know what she was talking about. In fact, her feelings over the past few decades have faded with time.

She is probably not reconciled, not reconciled to so many years, she encountered so many things, and finally ended up in such a situation.

Thinking about being with him is different.

They chose a restaurant close to the hotel. They didn't even want to eat the food in the hotel, so they chose a home style restaurant.

Because it's very late, there are only two of them in this place now.

It's like a long time ago.

If something had not happened at the beginning, maybe they would have already had grandchildren.

Even smoke is not afraid of hardship.

"Lian Yan, what's the matter with you today? If I don't do well, you can directly say, "I don't want to have any more barriers between us."

"Yuanhao, I've thought a lot these days. We're not what we were when we were young. When I separated from you, I already made the decision to separate. Although I sent someone to look for you because I couldn't find you in recent years, today you appear in front of me. I don't think I have the same feeling for you... Yuanhao, Now the burden of the family is on me, and I can't do the same as I did at the beginning. I'll accompany you to do what you want to do. Since the end has been drawn at that time, let's say goodbye. "

"Don't... What do you mean you're with me these days?"

"See your heart."

"So, now you see clearly, you're going to kick me off?"

"You don't have a good life now. It turns out that we are better apart than together. Why are we together?"

"You like me?"

"That was before, a long time ago, I like you very much, I can do anything for you, but now... My affection for you is just a long lost friend."

"Friends?"

"Yes, just friends. These days, because I'm with you, I'm more sure..."

"Dad, what are you doing here?"

A girl, who was about a teenager, came in with a schoolbag on her back.

She had a young face, a school uniform and two ponytails.

So the girl ran to Yuan Hao.

Chapter 890

"Dad, where have you been during this period of time? Why can't I find you all the time? Mom said that you've been away on business..."

The girl's sweet and greasy voice lingers around Lian Yan.

At the moment, Lian Yan looks at the man in front of him in panic. He wants to shake off the girl's hand, but he is tightly grasped by the girl, "Dad, what's the matter with you?"

"I'm not your father."

Even smoke looked at her, such an outcome, she had already realized, after all, so many years, so many things have happened, no one is the same dust.

But fortunately, she was not sad.

"I'll go back first." Before the food was served, I watched even the smoke leave the place.

Yuan Hao wanted to chase her, but she was held tightly by the girl in front of her, "Dad, what's the matter with you? Why do you look at me so strange? Tomorrow is my uncle's memorial day. If you don't come back, mom and I don't know what to do..."

Mentioning his brother, Yuan Hao's brow is stained with hatred.

"Xiao Tao, what did I tell you when I left? I'll tell you, even if you see me outside, don't call me dad, just be a stranger."

"Dad, I don't know... Why don't you let me call you dad when you are my dad?"

"I... don't you say you listen to what I say? That's how you listen to me now?"

The girl was so fierce, at the moment the tears drop by drop.

"Dad, I miss you very much. When I passed here after school, I saw you. I forgot everything for a moment. Dad, I was wrong. I will never call you again. I will treat you as a stranger..."

"Go home quickly. Don't tell your mother about seeing me today. I will go to your uncle's memorial day tomorrow, so you don't have to worry about it."

Yuan Hao finished, ready to leave the restaurant.

After all, the girl was reluctant to give up Yuan Hao and chased her out, but she didn't catch up with her. She fell in the middle of the run.

Yuan Hao was going to chase Lian Yan. After all, he had to explain to her clearly, but looking at the girl behind him, he was his own. Even if he was cruel to her, he could not get rid of the blood relationship.

He went over and picked up the child. "I'll take you home."

"Dad, did I delay you?"

Yuan Hao holds her in his arms. He doesn't know why he looks at the girl. He feels that he has gone too far. But he has been planning for so long, and many things have come to the end. He has put a lot of effort into finding this woman, but now all this

"Niu Niu, do you remember what I told you about my uncle?"

"Uncle..." the girl has been in junior high school. Now she is in the third grade of junior high school. She is not as confused about many things as when she was a child. She clearly remembers what her father said to her at that time.

"I remember." The girl nodded, "my father said that my uncle was killed, but because there is no evidence, that villain has been out of the house. For so many years, you always want to help my uncle get revenge, so that my uncle can be at ease."

At that time, she was very curious, because from his birth until now, he had never seen his uncle, maybe when he was young, but until she had memory, only the cold tombstone was left.
