

good evening 891

Chapter 891

She asked her mother, her mother said, those things, she is not clear.

Originally, she didn't want to know much about her uncle. After all, she had never touched him and had no memory. Even if she knew, she might forget it after a while.

But every year when uncle's memorial day, Dad would always drink a lot of wine, shut himself in the room, a close is a day.

For her, uncle is not important, but father is very important.

Finally one year, on uncle's memorial day, she rushed into her father's bedroom, regardless of mummy's obstruction.

She heard about her uncle.

After listening, I thought I would forget it, but I didn't expect that I would remember it for so many years.

"Dad, are you looking for a killer these days?"

During this period of time, she always asked her mother where her father had gone. Her mother said she had done something important.

Now she suddenly remembered that the most important thing for her father

It's uncle.

My father said that if it wasn't for my uncle, there would have been no one in their family.

At that time, my uncle was very capable. I heard that working abroad was very smooth. But they lived in this small town. At that time, my father had no skills and it was very difficult to support a family of three.

And because my father was cheated of a lot of money, the family almost starved to death.

It was uncle who knew about it and made a sum of money from abroad that helped them solve their difficulties.

Later, my uncle was so busy that there was no news. After that, they heard the news about my uncle's death

Although it was like bad news, let father down.

Later, my father went abroad for a period of time. Later, my father didn't seem like a father. Listening to my mother, it seemed that he changed his name.

But girls are too young to remember these things.

"Well."

He admitted that he didn't hide anything from girls.

"That aunt... Dad is with her today... Is that aunt a murderer?"

"... yes."

"But that aunt is very kind. How could she be a bad person?" In the girl's heart, she has seen a lot of bad people. The image of bad people in her heart is ferocious and brutal. But just now she met the aunt. Her face is full of tenderness. It doesn't look like the killer in the TV series.

Is there something wrong.

"If you know people, face and heart, then you have to open your eyes wide. In this world, people are either kind or good, or evil or bad."

Yuan Hao holds her, and soon they come to their apartment, which my father bought a few years ago. It's said that it's in the name of Mommy.

"Well, I won't go up. Go up yourself."

"Dad, are you going out again?"

"Well."

"Are you in danger?"

"Dad is an adult. He knows these things well. You are going to have an exam soon. You can concentrate on the exam."

"But Dad, I can't bear you, and Mommy misses you very much."

"... after a while, dad will come back to see you. OK, go upstairs by yourself."

The girl still wanted to say something, but looking at Yuan Hao's determined attitude, she carried her schoolbag and went in.

She ran upstairs and looked at her father downstairs from the window.

But dad didn't win long ago.

Yuan Hao stops a car and goes to the hotel, just looking at Lian Yan who checks out.

Chapter 892

These days, although they lived here, they opened two rooms. In the evening, they even avoided smoking.

Yuanhao is also worried that he will be exposed. After all, many things are different between him and his younger brother. In particular, there are many things that he can't know. He talks and makes mistakes, so Yuanhao is also waiting.

The old love of the company revives and the company takes the initiative.

But it happened that he waited until the refusal of Lian Yan.

This was unexpected.

He hurried over and stopped Lian Yan, "Lian Yan, you listen to my explanation."

"Yuanhao, we have made it clear at the beginning, so you don't need to explain anything to me now."

"The child really belongs to me. After you left me, I drank too much and didn't control myself. That's why... I didn't expect that... It was my first thought, but now I still like you. If you want to be with me, I'm willing to separate from the child's mother."

Lian Yan's eyes are fixed on the man in front of her, a man in his forties. Now, he looks much older than his actual age. Although he tries his best to dress up as he was, she is very strange when she listens to these words.

Yuan Hao, whom he knew, was not such a person.

He is kind, gentle, for their beautiful family, will continue to struggle.

Even in the past few years, all she thought about was his kindness.

Later, those domestic violence, those insults, those... Until now, he said that he was willing to abandon his wife and daughter for her... She always felt completely different from the people she knew before.

It's not the same.

"Yuanhao, do you know what you're talking about? Since we have broken up, no matter what you do, it

has nothing to do with me. We are not young any more. We are more responsible for many things. Now that you have a wife and children, you should treat them well instead of changing your mind. Yuanhao, do you remember what I told you at the beginning, what kind of people I hate most? "

Yuanhao stood there, he couldn't say it at all, because she never participated.

"You see, you don't remember anything. You don't even remember what the person I hate most is like. Are you sure we can go back to the past again? What's the point? In the future, you can have a good life, and I will have a good life, too. "

Lian Yan was dragging her luggage. She didn't come alone. When she came, there was a housekeeper. Now the housekeeper was dragging her luggage.

"Lian Yan, do you really want to be so heartless?"

"Yuanhao, this is different from me. I was with you at the beginning. We were the closest people to each other, but now... Dare you say that you really like me as before?" Lian Yan stopped the housekeeper. She liked it when she was young. It was a lifelong love. After all, it was her deepest position. In her heart, she had been thinking about it for so many years.

But when all these facts were put in front of her, she didn't feel as desperate as she had been.

"A couple for life, do you remember?"

Lian Yan sees Yuan Hao's stunned body. She looks back at the housekeeper and says, "take my things to the car. Go to the car and wait for me."

"But madam..."

"Nothing."

When the housekeeper saw Lian Yan and Yuan Hao, she saw everything about his wife all these years. It was clear that this man was the one she was thinking about. But he didn't understand why his wife was so

Chapter 893

Get rid of people.

But madam always has her own ideas. She will have ideas about her own affairs.

He just lowered his head to take things away and went to the car.

"Yuanhao, today, we'll make our words clear... I don't like you any more. Don't chase me any more. Let's take those things as if they were young and ignorant. Let's go. At such an old age, a girl is most eager for

her parents' love. Go back and accompany her. "

Yuan Hao stood there, listening to the woman's words. If he didn't know that his brother's death was due to the woman in front of him, maybe all this, he would feel that the woman in front of him was beautiful and kind.

But the man is dead, he died in a foreign land, and his bones are still cold.

He can remember that when his parents knew the news, his mother almost died of a heart attack, and his father also stayed in the hospital for several days. The family cared more about his brother than he did.

My younger brother is young and sensible, and he has made a fortune outside, which is the pride of his parents.

Holding a scholarship, studying abroad, and looking for a decent job outside, it's a good time to live in the future.

But it all disappeared.

The expectation of his parents, the white hair people sending the black hair people, all these have become an invisible shackle. Looking at his parents growing old, as a family leader, he can't let such a life die outside.

Because of the death of my brother, my parents suddenly changed into Alzheimer's disease.

No way, he can only pretend to be his brother every day and continue this lie.

Until now, he felt like Yuanhao.

If it is not his wife and children, he has no way to give up, he will dress up perfectly.

However, I didn't expect that everything carefully arranged at this time would come to nothing.

"I remember."

"Since you remember it, you should remember that I said at the beginning that we should leave each other respectable and do not demand it."

"But..."

"Yuanhao, you don't like me either. Do you remember how you beat me every time you got drunk? If it wasn't for me, I would have died long ago... It's very good now. Cherish the woman who is good to you and your children. In the future, you will be happy. It's not too early. I'll go back first. I have to deal with

the affairs in the company early in the morning. "

Not even the cigarette ends.

Yuan Hao stood there, looking at the beautiful figure. Her words were full of separation.

There is no trace of concern.

It doesn't laugh.

Yuanhao, the woman you like, the woman who gives her life for her, you see how hard she is!

You must be very lonely down here. I'll let your daughter and woman come to see you soon.

You wait.

I will take revenge for you.

I'll help you arrange everything, so that you can have a comfortable life for the rest of your life

Yuan Hao did not go back with Lian Yan, but went back to stay in the hotel.

He knew that Su Xiaowan was in this place.

The assistant came up quickly, "Mr. Yuan, what can I do for you?"

"What's wrong with what I asked you to look up?"

"This is all about Su Xiaowan."

In fact, there is no need to check at all. He lived with Lian Yan for a short time instead of Yuan Hao at that time. Su Xiaowan looks very similar to Lian Yan.

Chapter 894

"Go down." Yuan Hao's eyebrows are tightly wrinkled together. Even Yan suddenly draws a clear line with him. He has no defense now.

However, according to Yuan Hao's nature, he will never continue to entangle.

However, Lian Yan has to pay something for his brother.

We can't let him die so easily.

Since you can't even smoke here, let's start with Su Xiaowan

Su Xiaowan stayed in the hotel all night. Although she thought she would be tired and couldn't sleep, she didn't expect to sleep well all night.

When entering the room yesterday, Su Xiaowan checked all the places inside and outside, and all the places that should be locked were locked.

Fengyi said that he had hired several bodyguards and would protect them secretly.

So it's hard for Xia Chenyan to get close.

Su Xiaowan received a message from Feng Yan. He knew something about last night.

"Don't act rashly. I'll be right here."

It's more than five.

At the moment, Su Xiaowan looks at the number on her mobile phone and connects the phone without thinking about it.

It's Fengyan.

"What's the matter with you?"

The other end didn't speak.

"There's something wrong with me here. Remember to stay in the hotel first and don't run around."
Feng Yan was hit by a car.

Because I was driving very fast, I noticed that there was a collision between the two cars. Although I stepped on the brake in time, I also suffered a lot of impact, and the airbags popped out.

"... well, I'll wait for you. Don't worry. Slow down."

Feng Yan had a car accident before, so Su Xiaowan's heart is a thorn.

She was afraid that he would continue to have an accident.

What's more, pregnant people always think too much.

"Good."

Su Xiaowan hung up the phone. She felt a little hungry. Last night, she wanted to lead someone out first. But just now Feng Yan's care made her flinch. She had to wait for Feng Yan to come back and say.

Feng Yi came in and knocked on the door.

Su Xiaowan looked through the cat's eye at the man at the other end and saw that it was Fengyi that opened the door.

"Little grandma. This is the breakfast I just bought. "

"Thank you."

Su Xiaowan took the breakfast. At the moment, someone knocked on the door, "who is it?"

Fengyi walked over and saw that he was a stranger. He had seen all the bodyguards he was looking for last night. Moreover, he had closed the door and asked people to protect him secretly. The key was that the man at the door was carrying breakfast.

So, he thought it was the staff in the hotel.

"Did grandma call the hotel service?"

"No Su Xiaowan had a conflict in her heart because of what happened yesterday, so when she got up, even if she was hungry, she didn't ask for breakfast.

"Could it be Xia Chenyan?"

Su Xiaowan said suddenly.

"....."

"Maybe he will know where Xia Chenyan is." Su Xiaowan thought to open the door now, but he was stopped by Fengyi.

"Little grandma, I'll come."

Feng Yi stood at the door and opened it. "What's the matter?"

Obviously, the man didn't expect that there was a man in it. He was carrying breakfast. "Excuse me, does Miss Su Xiaowan live here?"

"What's the matter?"

"Well, just now a gentleman ordered a breakfast for Miss Su in the restaurant and asked me to deliver it."

"Sir? What does that gentleman look like? How old are you? "

"I'm about forty or fifty years old. I don't remember what she looked like. Is that Miss Su here?"

Chapter 895

"Give it to me."

In her forties, Su Xiaowan listened to this sentence, and it was obvious that she had excluded this person for a long time.

After taking the meal, Su Xiaowan looked at the breakfasts. In fact, they were all for her.

Besides, it's all things he doesn't like to eat.

All of a sudden, Su Xiaowan thought of the dinner that night.

Xia Chenyan knows what she likes, and she doesn't eat much of these things.

Who is this man.

"I'll have someone look it up."

"Good."

Soon, the surveillance photos came from the other end.

"Who is he?"

Su Xiaowan didn't know her at all. Fengyi explained, "it's a guest who stayed here a while ago, but... How could he suddenly send breakfast to his little grandmother. We haven't seen this person since we checked in last night. "

Because it's just a monitor, she can't see the person's appearance at all. It's just the fuzzy face. She can be sure that she doesn't know him.

Dizzy, as if in front of this is a mystery, how there is no way to solve.

"I'll ask someone to check his identity now. Don't worry. Maybe it's Xia Chenyan's smoke bomb."

"Well... Has Feng Yan come?"

"The young master's phone didn't get through, but Wen Sheng said that he was on the road. Maybe he came in the morning, and there was a bit of traffic jam on the highway."

"Well. I'll wait for him. I'll have breakfast. "

Fengyi soon found out that the man in the bar was the boss of a small company with a simple background.

"I can't say it's because I know the identity of the young granny. I want to climb the line of the young Granny and cooperate with the young master."

"But our coming here is very hidden. Besides, how did he know that I was Feng Yan's wife? What's more, he delivered breakfast and so many things. It's reasonable to say that he should not show up? It's as if nothing happened. "

Fengyi also felt puzzled. At the moment, he frowned, "let's wait until the evening to see what he is going to do."

However, that person from day to noon, all a strength to send her food.

Meticulous, it's not like flattery.

It feels... Weird.

But they soon found another news.

Feng Yan is in hospital.

"Where was he hospitalized?"

"It's the city hospital."

"Then let's get there."

Just now Feng Yan secretly called Feng Yi. She knew that. Su Xiaowan was so worried that she just wanted to go to the hospital.

But as soon as I went downstairs, I met a man.

Fengyi recognized him at a glance.

"Xiaowan..." the man called her name intimately. Su Xiaowan was stunned.

"Do you know me?" Su Xiaowan didn't notice who the man was. She just felt that the man was strange and she had never seen him before.

However, he called his name Xiaowan and faced the man in front of him. At the moment, Su Xiaowan

was a little hoodwinked. After all, he had no impression of the man in front of him.

"Young granny, the young master is waiting for us..." Fengyi at that end is not familiar with the man in front of him, but he has been around Fengyan for so many years, and his ability to recognize people is very strong.

At this time, but also do not want to do too much entanglement with them.

"Let's go." Su Xiaowan did not pay attention to the man in front of her, but followed Feng Yan and left directly.

Where Yuan Hao was left behind, he was very uncomfortable at the moment. Sure enough, these two people are the same kind of people. It's very difficult to get into their hearts.

Chapter 896

However, if you just give up, then your brother

no way.

Yuan Hao drove and followed.

Su Xiaowan went to the hospital and inquired about it before he knew that Feng Yan was operating in the operating room. Because of the scratch on his arm, he needed to sew it up.

The rest of the place, now just do a general examination, but the physical examination report has not come out.

Su Xiaowan was standing there. She was pregnant after all. Just now she was tossing back and forth with the doctor in charge. Now she was standing there, and she was already panting.

And Yuan Hao, he just follows himself.

Many things that Su Xiaowan didn't think of were actually his help, such as the ward.

Ward was originally a very urgent need. In addition, it was a sudden accident. Just now, Feng Yi went to ask about it. He said that there was no ward, but he was hit by a car after all. Moreover, he had to be hospitalized if his arm was sutured.

But the one who lived in the hospital was not serious. Fengyi went to many people and showed his sincerity, but no one wanted to.

In such a small town, there is no VIP ward at all. This hospital is very old.

The per capita income of the whole city is not high, and the very rich people have already gone abroad

or developed in other cities.

Therefore, the IP ward for the hospital, can only be a waste of space.

But the inpatient department of the hospital is very small, so there are even fewer people to take in. Su Xiaowan thought that if there was no ward, he might as well send it to Youcheng overnight. However, it suddenly snowed heavily.

It seldom snows in this city, but if it snows, it's very heavy snow. Just for a short time, the whole city is covered with a thick layer of snow. Fengyi just told her.

The roads are blocked because of the slippery snow.

When Su Xiaowan was at a loss, the man appeared in front of him.

This made her have to get to know the person in front of her again.

"I just want to help you, no other ideas."

The man's tone was kind. He didn't know why. He seemed to see something different in his eyes.

Yuan Hao looks at Su Xiaowan. This is the first time that he stands so close to her and looks so carefully.

In front of her, this girl is her brother's own daughter. Even though she is bleeding, half of her blood is from the yuan family.

"Thank you."

"You're welcome..." Yuan Hao looked at her, "... I..."

"If you have anything to do, just say it." Although there are many good people in the world, Su Xiaowan always finds it strange that this person repeatedly wants to get close to her.

"Xiao Wan, I'm your father."

For a moment, the whole place was quiet.

That sentence, like fireworks, exploded in their ears.

Her eyes were full of disbelief, doubt and

"Young granny, young master is out --!"

At this time, Fengyi suddenly called her, and she ran to Fengyan's hospital bed in a panic.

Feng Yan woke up with worry in his eyes, "run slowly."

"What's the matter with you? Didn't I ask you to drive slowly? Why are you always disobedient? "

"..." Feng Yan's brow was originally tightly wrinkled, but now it suddenly stretched out, and seemed to like listening to her scolding her very much.

Su Xiaowan just wants to jump into the man's arms tightly. He doesn't know why.

It's probably the man behind... Her father.

When she knew the news, she was not moved. On the contrary, she was afraid.

"I'm fine. Why are you crying? Worried that I would die and become a little widow? "

Chapter 897

"Bah, bah, bah, if you dare to talk nonsense, I will never talk to you again."

"Well, well, I won't say it. I'll live a long life and stay with you all the time."

For the patient in Feng Yan's ward, Su Xiaowan didn't know whether the patient was discharged or something, because when they came, the person had disappeared, and the rest was the clean ward, which was old but very tidy.

It's like someone came here to clean it up.

One hundred days of injury.

Su Xiaowan is pregnant, so Fengyan naturally won't let him stay here all the time. Soon, Fengyi will send her back to the hotel.

"What do you do?"

"I'm fine. Don't worry about me."

"I'm fine, too. I'll be here with you." Looking at those wounds on Feng Yan's body, Su Xiaowan felt very distressed.

She was afraid, afraid that if she left him a little, she would have something else waiting for her.

She can't afford anything else.

"You can't help me if you're here. Be obedient and go back first."

"I can't help you." Su Xiaowan mouth hard, but thought of himself now, "I can accompany you to talk, also can accompany you to eat, accompany you... They can do I can do, I am not a disabled now, I can pay attention to it."

"Where did you sleep that night?"

"Let Fengyi buy me a sofa later, and I'll sleep on it."

"... young granny, I had people go to the furniture market just now. It's closed because of the heavy snow."

"....."

"Be obedient. You haven't closed the road yet. Go back first. Don't you like hospitals all the time? It's going to be uncomfortable to be here so long. "

"... I'll go back first. I'll see you tomorrow. What do you want to eat tomorrow? Tell me. I'll bring it back to you tomorrow."

After thinking about it, Feng Yan felt that she didn't want to come up with something. She probably wouldn't go.

"Just like you."

"Well, I'll go back first, you go to bed early..."

Su Xiaowan gave him a kiss on the face and then left with Fengyi.

When she went out, she saw Yuan Hao.

"It's cold. This is the milk tea I just bought for you. Warm up!" The man didn't know how long he had been waiting at the door. Now she was standing there. She looked at him in his thin clothes and didn't know how much snow there was.

She thought, if she doesn't come out today, will this person be waiting for him all the time?

When she was a child, Su Xiaowan thought that if she had a father, it should be like this.

But now, she doesn't need to. After all, she has long been a child.

Don't worry about the so-called family affection.

She has a baby in her stomach and Feng Yan, and all this has been completed.

"I appreciate what you have done for my husband, sir." Su Xiaowan's cold voice, probably because with Feng Yan together for a long time, she learned Feng Yan's cold attitude towards strangers, "Feng Yi, you deal with this matter, we should bear it ourselves."

"Yes."

Yuan Hao stood there. Like that person, she was not the object that could be moved by a single sentence. They were both inhuman, just like that even if they had made enough preparations for reunion, they had no effect.

And the character of their family is definitely not like that. They are kind and honest people. Even if their parents know that their brother is because of that woman, they never say that they want that woman to pay for it.

Chapter 898

Then there is no doubt that the source of such cold-blooded ruthlessness originated from the woman and her family.

Yuan Hao is holding that cup of milk tea. He can't just forget it.

Feng Yi took out a check from his pocket. There was no price on it. For him, what money could solve was nothing.

Get ready to sign your name and spend money on the man in front of you.

"Xiaowan..." the man didn't take the money and rushed to that end.

"This is the milk tea I just bought. It's so cold that I'll catch a cold."

"Thank you, but I don't like milk tea."

After pregnancy, she knew that eating those things was bad for her child, so she stopped touching them.

Besides, she didn't like milk tea very much. She used to think life was too hard and she needed a cup of milk tea to sweet her heart.

Now, she lives happily every day. She doesn't need the sweet feeling any more.

"What do you like, I'll buy it for you next time."

Yuan Hao stands there awkwardly opening his mouth. At this time, he seems to be trying his best to understand her.

Su Xiaowan felt that this man was not going to ask for money.

She didn't feel that the man in front of her had taken a fancy to her, because in his eyes, he didn't look lustful. Instead, he looked like

Among them, the feeling that she can't understand is tinged.

Let her a moment, forget oneself should sit in the car action.

"Sir, our young grandmother is still pregnant and needs to go back to rest. You can take this check. If you still need it, you can contact the president's office at any time. This is my business card."

Fengyi went over and opened the door.

Yuan Hao wanted to say something else, but his brow was thoughtful because of those words.

I'm pregnant.

The baby in his belly is the grandson of his brother.

There is nothing wrong with a child. His existence is a gift from God.

Just like his brother was not wrong at the beginning, they should not bear it.

And the only one who did wrong... The only one who did wrong.

Is it right or wrong for her to do so?

As if at this moment, his reason for persisting was gone.

But when his mind was clear, Yuan Hao held the milk tea in his hand.

They are right.

But there are also implications.

She must take advantage of their existence in order to revenge the heartless woman.

When the door closed, Yuan Hao couldn't see the woman's expression in the glass.

He just watched the girl leave.

Turn around and throw the cup of milk tea into the dustbin.

Fengyi is driving. At this point, there is no traffic on the car, and the road is smooth.

"By the way, Fengyi, have you asked him to take care of him?"

"Please, don't worry. That nurse has been doing nursing work for more than ten years. It's recommended by the hospital. People can't be wrong."

"Well."

She pursed her lips and leaned there, outside. The place was so changeable that it was very different from when she came back.

Just now that person's words, let her up to now at the thought of this matter, the brow has not loosened.

"Are you still thinking about that man?"

"He acted strangely. First he sent me breakfast, then he found us a ward, and then he bought me milk tea... I always thought he came for me."

It's like a very purposeful approach.

But he is not that kind of close relationship, giving people a sense of host.

But Su Xiaowan didn't know him.

"Yuanhao came back from studying abroad. After he became a student abroad, he returned home to start a business through the national high salary employment policy. His company is not here. He just submitted a migration application recently. What he studied abroad is chemical research, but strangely enough, he began to involve nothing and even cross a field more than 20 years ago, He has opened a factory... If he continues to work in this field, he will have much more money than being the boss of a small company. "

The voice of Fengyi came slowly, and Su Xiaowan listened, "Fengyi, you send more people to guard Fengyan..."

The voice did not fall, at the moment in front of the car suddenly flashed a white sports car, that sports car so stopped in front of them.

Su Xiaowan was startled.

"Little grandma, the car in front of us stopped us on purpose."

The car, as long as they go which way, will stop which way.

There's no way to avoid it at all.

"Pull over!"

Su Xiaowan looked at the car, the car is aimed at them, she thought of a person.

"But..."

"I was waiting for him to come. Besides, he has been very good at driving. Now that he is stopped like this, I don't want to take risks with my baby. He won't do anything to me. If he wants to do something to me, there are countless ways."

"Yes."

After all, it's just the two of them now. If something really happens, they will be held responsible for their death.

The car just stopped.

Su Xiaowan sat in the car and watched the car in front of him stop.

In the car, a man came out.

That man's face, familiar and strange.

But when he walked in, she recognized it all at once.

Livis as like as two peas.

The man at that end was wearing a white suit, like a tuxedo... I don't know where he just came back from.

Just watching the man at the other end knock on the window.

"Little grandma, he..."

"He is Xia Chenyan."

Xia Chenyan?

Feng Yi looked at the man in front of him. He was almost the same as Xia Chenyan.

If you pass by on the street, you will never recognize this man as him.

Xia Chenyan's face is completely different from before.

"Young granny, you want to get off?"

"Fengyi, if I don't come back in five minutes, you should call the police immediately... Besides, don't tell Fengyan about this." Su Xiaowan found a bag of things from his pocket. "This is luminous pollen. The pollen on the flower can shine at night. I pierced the bag. This pollen can be used as dog feed. If he takes me away later, if you don't find me in five minutes, call the police immediately..."

After all, she didn't know what Xia Chenyan was going to do.

"This..."

"I saw it at Grandma's grave when I went back that day. I didn't expect it would be useful today."

This luminous pollen, people's sense of smell is completely invisible, but dogs can, dogs nose sensitive.

When they were young, there were a lot of children in that place, and few people got lost. So adults would embroider luminous pollen sachets on their clothes. No matter how far they went, they could be found by their dogs.

Chapter 899

That day, she saw these flowers in front of her grandmother's tombstone, and Su Xiaowan picked them back. She knew how to deal with these flowers from her childhood. Su Xiaowan wanted to make a sachet for the children, but she didn't expect to use it first.

"Xia Chen's words are full of tricks. I'm really worried, young granny, or I'll go with you."

"If he wanted you to go with me, he would not choose such a moment. Now I think that Fengyan's accident is mostly related to him."

"But..."

"Don't worry, I have a sense of propriety. I won't take any risks or do anything to irritate him."

"Then you must be careful."

After Fengyi finishes speaking, Su Xiaowan has already pushed the door out. She looks at the man under the night light. She tried to hide her identity before, but now she suddenly reveals what she wants to do.

"I said I thought I was wrong when I saw you coming out of the hospital just now."

The first sentence of that man was this sentence. Su Xiaowan pursed her lips. Looking at him at the

moment, she suddenly felt that the man's eyes were full of sharpness. It seemed that she was chatting in a leisure mood, just to cover up.

Su Xiaowan didn't leave the car, but Fengyi didn't hear anything. He just felt that the man was strange.

But I can't say exactly what's weird.

"So Dr. livis is not afraid of a corpse, he stopped my car to make sure it's me?" Su Xiaowan stood there, the wind was cool at night, I don't know if it was because of the cool feeling he was feeling or because of the environment.

She was shivering with cold.

She didn't wear much, but no matter how much she wrapped, it was still too cold.

"... I haven't seen you for a long time. I'll be as eloquent as before. I remember that I cured your nominal sister-in-law, but your benefactor, did you talk to her like this?"

"The wise don't talk in secret. Why do you talk with a mask after you've been with me for so long? I know it's you, Xia Chenyan. "

There were no waves in livis's eyes. Su Xiaowan felt that the man's city was getting deeper and deeper. She didn't see anything in her eyes at all.

"Xia Chenyan? It's a familiar name, as if you mentioned it in front of me? Yes? Is this man your old friend

"... Xia Chenyan, since I got out of the car, I just want to make it clear to you, not to stand here with you to blow the cool wind and talk nonsense."

"... are you swearing?"

"If it's a dirty word, I've scolded you countless times in my heart."

"Does that prove that you think about me all the time?"

"... since you have nothing to talk about, move your car and I'll go back to sleep."

The man at that end laughed and saw Su Xiaowan's back. "I found an interesting thing these days. Is your mother still alive?"

Su Xiaowan steps pause, "I'm afraid to disappoint you, she already died."

Her tone with thin cool, like that person has nothing to do with himself, at this moment, if not for that moment that man, she would not stop.

However, it is precisely because of his pause that Xia Chenyan is more sure of the importance of this person in her heart.

The man smiles, as if he had already come to a conclusion at the bottom of his heart.

"You really don't want to know the physical condition of cigarettes?"

"Should I care?"

"If it's my mother, it's natural for me to care. Don't you think so?"

"It seems that your investigation is indeed very detailed."

We've found out about cigarettes.

So, what does he want to do?

The man just smile, the tip of the brow with more or less a few months of ingredients, those happy ingredients in this moment seems to be so tightly locked with him.

"She is not in good health. She has worked hard for many years and accumulated a lot of sequelae. Oh, by the way, if she doesn't have a good rest after childbirth, she can't have children in her life..."

Su Xiaowan pursed her lips, "tell me what to do with this? My mother died long ago. You should talk to her daughter about that. "

"Her body won't last a year."

"... if there's nothing else, I'll go back. In the future, I hope we don't meet again."

Her stomach didn't know how to feel uncomfortable. Her hands were covered uneasily. She didn't seem to know whether it was her reason or something. It was a little painful.

Su Xiaowan originally thought that according to Xia Chenyan's character, most of them would take her away, but it seems that he didn't do the things she did in advance.

It's different from Xia Chenyan before.

She got in the car, "Fengyi, drive quickly."

"Yes."

Feng Yi stopped, stepped on the gas and sped away.

Livis stood there, looking at the woman who had passed away. He had already died once.

For death, it's not terrible.

The mobile phone in the pocket rings. It's Lian Yan's assistant.

"Dr. livis, my wife just came back and suddenly fainted. Please come and see her."

"Good."

Livis got in the car and headed for his destination.

People come and go in the villa. It seems that the pillar of the family suddenly collapsed, involving many people's thoughts.

If other things are excluded, livis admires this woman.

I admire her for taking up such a big family by herself.

Without waiting for him to enter, he watched a tall man come out.

The man had a coquettish face, which was feminine.

"Little... Young master, madam is ill. Please go in and see him."

Ever since Yan suddenly became a boy from a girl, the servants in the villa dare not have any other ideas except for being shocked.

Because, they found, that soft nono's young lady, now that piece of exposed face, looks terrible.

A Li came with Yan. She was dragged by him. A Li's face was estranged. If you look carefully, you can still see the kisses inside her neck.

Red is too much.

Last night, by this man as an antidote, eat all, that man sleep for nothing, she did not say, but also as if he took advantage of the general, angry she particularly angry.

Although a Li married him, they respected each other like a guest. They never went beyond the rules. They even lived in separate rooms. If she had not been drugged by the client yesterday, he would not have touched her.

But who knows, the man who took the medicine, just like the dog, holding her to gnaw.

I almost couldn't get out of bed today.

Later, when I heard that his mother was ill, the smelly man dressed her and came here with her in his arms.

There was no place for her to spread fire. For a moment, she even forgot to beat him.

Chapter 900

"Young granny, please advise the young master. Madam, she has not been in good health for a long time. She has not been able to sleep well at night, and she has not asked us to tell the young master, for fear of causing trouble to the young master."

Ali took a look at the man, but she couldn't persuade him.

She took the bag and went straight in.

She has met Lian Yan. She is a gentle woman. Since ancient times, the relationship between her mother-in-law and daughter-in-law has never been easy to get along with. Ali is also worried. Although she is not really married to Yan, he brings himself to see her parents.

She naturally wanted to make a good impression on her.

However, she was uncomfortable everywhere. Because of this, she was the first to find something wrong with herself.

It's her consolation. Don't be nervous. She won't eat people.

I don't know why, just a few words, has put her original tension down, she felt that this person in front of her, very good.

She has no mother, never. She is eager to be loved by her mother, to be recognized by her adoptive father, and to live for others all her life.

As for now, in order to revenge, close to the man.

I thought I could walk away, but who knows

But even if there was resentment in her heart, she never hated Lian Yan. On the contrary, from her body, she felt the long lost maternal care, but now it was totally different from the last time I saw her.

Last time, Lian Yan was wearing a blue Qipao. She curled her hair and had a sense of tranquility.

But now, she looks haggard, as if

"Madame, she's been like this these days?"

"No, that's what happened when I just came back."

"Where was Madame just now?"

"Just went to talk business."

That's it when we come back from business?

She went over, took a towel on one side and wiped the woman's face. Her face was tightly wrinkled. I don't know if her forehead was covered with sweat because she had a nightmare.

"If only the young master was as good as the young granny. Madam, although she didn't say it, she missed the young master very much."

Even the things about Yan and Yan were clear to Ali during this period of time. Most of the things that the maid didn't know were clear to her.

She didn't speak, she just wiped the woman's body.

"Have you changed your clothes?"

"Madame loves to be clean. She changed it an hour ago."

The people who take care of her have been around her for a long time, so they know every life style of Lian Yan.

She loves to be clean and has a little habit of being clean. She always has a high demand on herself. Therefore, even in old age, she still keeps a good figure all these years. There will be no extra weight or a fine line on her face.

She's a woman with a lot of self-control.

"Go and turn up the air conditioner."

"But the lady said it was uncomfortable."

"She's sweating so much and the temperature of the air conditioner is so low that even if she wakes up, she will catch a cold. Just turn up the temperature. If something goes wrong, I'll take care of it. "

"Yes."

With this sentence, the maid immediately turned on the air conditioner.

The temperature was raised.

A Li had studied medicine. When she wiped a woman's body, she found something wrong.

Skin color is not right, but she is just a simple observation, can not find the source.

"What medicine did madam take these days?"

Lianyan's illness came so suddenly that he fell ill all of a sudden. Moreover, it was not a cold or a fever.

But she was very hot.

The maid thought about it. She didn't know what Ali meant when she asked.

"I took a lot of medicine, including traditional Chinese medicine and Western medicine, which were all prepared by Dr. livis."

"livis?"
