

good evening 901

Chapter 901

"He is a famous doctor of medicine. He came back from abroad. A while ago, his wife was in poor health. She went to her clinic and took a pair of medicine. She said she was much more comfortable. Then she hired him to be a family doctor. Do you know her

livis? When she studied medicine with her master, she had heard of this man.

But, a few years ago, this livis died because of an accident.

The news of livis's death was not exposed to the public, but Shifu knew that this man was his brother, so he received the news very early.

So this livis is fake?

"Bring all that medicine."

The maid thought that Ali was going to give Lian Yan medicine, so she went to get it in a hurry.

There is no problem with western medicine, but all of them are drugs that can cause side effects. Although there is no written prescription for these side effects, Ali knows that clinically, such drugs should not be taken more.

Long term use of the body will be in an excited state, people are prone to mental confusion, and even... Death.

And traditional Chinese Medicine... She doesn't know what's here. She has to take some and check it.

Of course, she didn't feed even the cigarettes. She poured the bowl of medicine directly into the bathroom, went to the medicine residue, wrapped it, and then went out of the door.

"I've already fed the medicine. Don't give it to my wife today."

"Yes."

Lian Yan had a dream. In the dream, she went back a long time ago.

She was only in her twenties when she met him.

Every bit of their relationship was so beautiful that she engraved it on her heart one by one, but soon after that, all the things that the man became bad were printed on her heart, which made him gasp.

Suddenly, two men as like as two peas were found in their dreams.

She was scared.

I don't know if that person is really him.

"Who are you?"

"Lian Yan, I'm Yuan Hao. Don't you remember me?"

"Lian Yan, I'm Yuanhao!"

"... who are you?"

But in my dream, how could I speak? I just felt that at that moment, she didn't know how to struggle. A fierce man wanted to eat her whole body, and another one... Was as gentle as ever to shield her from the wind and rain.

The fierce man suddenly turned into a wild animal.

Open your mouth to her.

She was in a hurry.

I want to wake up, but I can't open my eyes.

A Li took the medicine and looked at the man who had been in the car for a long time. She knew that there was a shackle between them. On the surface, she didn't want to get close to Lian Yan, but when she received the call, she came in a hurry.

People have feelings.

Besides, I've been keeping it for so many years.

"How is she?"

In front of her, he always talks, not a mute.

Ah Li was angry when she saw her, and didn't want to talk to him, especially now she still looks like a maid.

"You won't see for yourself how she is."

"I was wrong about what happened last night, but you have a chance to turn me down."

"You..."

She felt that she really wanted to cut off the tongue of the man in front of her. If she could not speak, she would not speak.

Look at what she said, it seems that Ali has to do something like that with him.

"Take me back."

A Li sat there and didn't want to say anything more. At the moment, she just frowned and leaned to one side.

Words did not say anything more, at the moment a luxury car parked steadily there, with a Li just passing by.

Chapter 902

There was a man sitting in it. He looked very young. Although the car had just driven away, he still saw that several men at that end respected him very much.

Is that livis?

It seems that in addition to him, no one else seems to have such a great influence in this villa.

"Do you know the doctor?"

"I don't know."

The man just glanced gently and said.

incognizance?

Then why should I prescribe these medicines for my wife?

A Li full of doubt, but at the moment in looking at the man, suddenly thought of his anger.

She didn't want to talk to him.

Close your eyes and go on sleeping.

The car soon arrived at home. Without waiting for him, Ali jumped out of the car and ran to his room. The man looked at the woman's back.

The fragmentary flowers of last night, the woman's milky skin, at the moment, all of a sudden raised his long lost desire.

That girl, cheat him.

What do you mean by saying that you can't get out of bed? This pair is running so fast now. What do you mean by treating him as a monster?

Even he didn't realize it. At the moment, the corner of the man's mouth was hooked.

A Li came home and contacted the Research Institute immediately.

The research institute is a birthday gift from her adoptive father. Its value is unpredictable. She is the boss behind it.

Over the years, a Li has been working in the hospital, but not often to manage those.

After all, she won't either.

She hired a special person to take care of the company, and every year, she would receive a very high amount of pirun.

It has been shelved for so many years.

"Boss, why did you call me all of a sudden?"

"There's something for you to help with the identification. At eight o'clock tonight, I'll send you the address and you'll send someone over."

"Good."

The first sentence did not say that this research institute originally listened to Ali. They did what Ali said.

eight o'clock.

Pear dressed neatly downstairs, from the yard to find a car, gallop away.

Yan was working at that time, and the housekeeper came up to tell him that Ali was out.

"I asked her where she was going, but she didn't say. It's so late that this girl is not safe outside. Look... "

"Go and import the car's navigation into my phone."

"Good."

Then he looked at Yan and took the key and went out.

The appointed time is not early or late, Ali soon arrived at the cafe.

"Boss, I'm a."

"Is there not enough money in the Institute now? Why are you recruiting high school students? "

The man frowned, obviously said to be a high school student, not happy.

"Boss, I've graduated from college for many years."

"... I'll have a look at your ID card."

The man honestly took out his ID card. Ah Li saw that he was bigger than himself.

Without exclamation, how does this man maintain his skin? His skin is so good

"This helps me identify it as soon as possible. I need to know the result at eight tomorrow." She thought of her own business, took out the residue of traditional Chinese medicine from her bag and handed it to her.

The man sniffed, "boss, there are addictive drugs here..."

"... drugs? Are you sure? "

"Of course, I've been engaged in this industry before. I've seen a lot of them, and I can't be wrong. The taste is drugs. Taking a small amount of them can relieve the symptoms of the body. But once they are eaten, they will become addicted, and the subsequent damage to the body organs can be said to be very serious. Within a month, the patient may be fatal or become a vegetable."

"Fatal? Then there's a way out? "

"If you take a small amount of it, you need a certain amount of time to quit. You can recover in a year or months. But if you take more, you can't quit. You have to wait for death."

"Boss, don't you take this medicine? It's contraband. Not everyone can get it. "

"I look like I ate it?"

"That's not true. If you eat it, I'm afraid you won't be so energetic so late."

"You continue to do this test for me. By the way, where do you live?"

"My home is in the community on the other side of Lin'an road. Boss, you don't have nowhere to go? Do

you want to live in my house? "

"What are you testing at home?"

"My family has a research basement."

"There are books on this, too?"

"Of course there is."

"Now take me to your house."

"Boss, that's not good."

"... overtime allowance."

"The boss is wise."

Chapter 903

Outside the cafe.

A black car stopped there and watched the woman get on the man's car and follow him.

Then, I watched Ali go to the man's home.

Don't know is out of what mind, speech so opened the car door, walked out.

"I'm sorry, sir. You're not the owner. You can't go in." The security guard at the other end stopped him.

"I'm with the man who just went up."

In front of strangers, she would not like to talk, but I don't know why, now he will speak.

"Well, you can go in."

This is a private luxury residence. Although it can't catch up with every inch of land and money, it's expensive.

It's a place to live.

Speech went to the elevator, at the moment so looking at the elevator stop floor.

He did not hurry to go in, now on the twentieth floor.

The twentieth floor is a duplex apartment, and the place is extremely luxurious.

Yan stood at the door without knocking.

Inside.

"Is this your lab?"

A Li looks at that small research room, at the moment coagulates brow, "isn't it, this also calculate small?"

"What's the accuracy of your detection here?"

"Boss, you can't look down on me so much. This place is mine. I spent a lot of money to buy it. It has been used for many years. The accuracy rate is at least 95%."

"Forget it, now you can only be a living horse doctor. Next time, I'll give you some money to buy some new equipment."

"Really? It's very kind of you, boss

At the moment, the man at that end was excited and excited. Ali took her things and went into the research room.

In the research room, as soon as we went in, everyone recovered their cold attitude, and no one bothered anyone.

Soon, the results came out.

It's really toxic, as he said.

She took the test report and said, "thank you today."

"The boss is polite to me. It's just that I thought our old meeting was a 45 year old middle-aged woman. Now it's strange to see that the boss is younger than me."

"It's strange? Although I'm younger than you, I've seen more than you. You don't have to send me so late. I have to go home. "

"Take your time, boss."

Just out of the living room, ready to go to the porch to change shoes, suddenly that end of the doorbell rang.

"Who will come back in the middle of the night?"

At the moment, the a at the other end went by. Just as he was about to open the door, he suddenly looked at the stranger at the other end of cat's eye.

"Who is this man? Is he a drunkard at night?"

"Boss, you'll go out later. You'll go out when the drunk is gone."

Although this place is owned by rich people, there will be a lot of eccentric people. Ali walks over and takes a look at the person in the cat's eye. After only one look, everything in her hand falls off.

"Boss, what's the matter with you? Do you know him? "

"I... my husband."

"Ah? Why is your husband here? Is it coming to... Is it coming to catch the traitor? "

It's not that bad. Once it's said, it's really big.

Now the man at the other end just stares at Ali, "how do I know? How did he come with me?"

A Li is very angry. Naturally, she is still angry. She picks up the things on the ground and opens the door.

The speech didn't expect that person so smooth and steady stand in front of oneself.

Different from what he imagined, he didn't say anything else... It was like her husband's panic in catching a adulterer. On the contrary, Ali took a look at herself and turned to the elevator.

"Goodbye, boss."

Boss

Yan took a look at the man at that end. At the moment, he followed Ali to enter the elevator. As a result, the woman shut him out of the door directly.

When he went downstairs, Ali had been out of sight for a long time.

.....

A Li went directly to the old house, even the smoke still didn't wake up, just the person beside her, is that livis is injecting something to him.

A Li has always been a person who has something to say. Now she has exposed the true face of this

person, so she can't keep him.

"Pa --!" The document in his hand was lost in front of the man.

Livis's eyes were fixed on Ali.

It seems that there is no element of tension, on the contrary, he is still continuing the work in his hands.

A Li walked over, pulled out the thing in his hand, and then threw it on the ground.

"What on earth do you want to do to your wife?"

Her tone was angry. In her opinion, as a doctor, she could not do anything harmful to human life.

That is intolerable by moral law.

"Who are you?"

"You don't care who I am, but I'd like to ask you what you want to do with Mr. livis's name, and now you're sitting here doing some outrageous things!"

Livis's face was a little incomprehensible.

But at this moment, it seems that there is not much tension.

It was as if the day had come, as he had imagined.

This little girl in front of me.

"You know that?"

"Of course I know that although Mr. livis is mysteriously mistaken in the medical field, I have known him since I was a child. He is much older than you."

Because there was a lot of noise, it disturbed other people in the villa.

At the moment, the housekeeper comes in and looks at the confrontation between Ali and livis.

"Young granny, what's the matter?"

"He's not livis at all. She poisoned his wife. That's why she got worse and worse."

"....."

what?

A Li handed over her things, and now she was staring at his every move. Fortunately, there were a lot of people here, and she felt that this person could not do anything more. "The ingredients of those Chinese medicines he prescribed have been tested. Please see for yourself."

Housekeeper Mu opened the test report, and it was written clearly in black and white. He didn't know the words, so he read it at a glance.

"You... How dare you..."

Housekeeper of course believes in a Li. No matter what it is, a Li won't cheat them because of these things at this moment.

Besides, this is the young master's woman.

It's for sure.

"Ha ha ha..."

The man at that end suddenly laughed loudly, "it's a pity that you are still late."

"What do you mean by that?" Ali knew what the man had done to his wife, but now she could imagine many things she didn't know at all.

After all, I don't know what the doctor did to his wife?

What is late

"She'll never wake up. You're not late. What is it?"

He's not avoiding it.

"What did you say?"

Ali walked over and grabbed his clothes. "Why are you doing this? Madam, I have no grievance against you. Why do you do this? "

Chapter 904

Livis was directly grabbed by a woman, and he pushed the person out.

A Li didn't expect that she would push herself to the ground.

"You..."

I didn't say anything. I just watched a shadow fall in front of him. The man acted very fast and directly knocked her down so hard.

It's the words.

Livis was hit hard, and now he won the lottery.

"You..."

"Who told you to do that!" The voice of the voice is loud.

Everyone present except Ali was surprised.

It's unacceptable for them to change from a young lady to a young master, but now the young master can speak

Livis covered his mouth. At the moment, he smelled the smell of blood donation. There was a fishy smell in his mouth.

He just spit out the smell.

"Who asked me to do it? Why should I tell you? "

Another fist went up.

Livis's skill is not as good as words. Although words are always regarded as girls, he has a special person to train him.

Fast and hard.

"Hey, if you hit him like this, he'll die..." although a li felt that such a fist was a way to get rid of hatred, but the strength of her fist was too strong. How could normal people bear it.

"It doesn't matter if he's dead, but his wife hasn't woken up yet. I don't know what the whole person has fed his wife. If he's dead..." ah Li stopped.

At the bottom, everyone knows what she's going to say.

Now that the doctor has seen his wife for such a long time, sometimes even the maids are present, they don't know what the doctor has injected into her.

The man's fist is down.

"Put people in dungeons."

"Yes."

Dungeons are for the wrong use of others.

The room cooled down again. The atmosphere at the moment can be regarded as... Like frozen snow.

"What are you going to do?" A Li didn't know what he heard when Yan was at the door, but he must have heard most of it, otherwise he wouldn't have hit him like this and beat people to death.

"You are very worried about her and pretend to be cool. If your wife knows that you have put down your prejudice, she will be very happy."

If Lian Yan didn't like the child, he would have been able to raise half of it and throw it out.

However, she has been raised in the side, the best to him.

Even this big Nuo group, when it comes to gifts, has been in contact with them.

This friendship has always been known in my heart.

It's just that Ali doesn't know what he cares about.

"You go out."

He gave an order of expulsion.

A Li looked at her one eye, "go out to go out."

I don't think he's bored.

She still finds him annoying.

She went out, the rest of the people naturally followed, looking at the woman on the bed.

He said, late

He didn't want to ponder over what it meant.

"She's the one you want to see, isn't she?"

Su Xiaowan.

The one who is thinking about her and him.

The woman on the bed was still motionless, just as she was now.

He stood there and said nothing more.

.....

Su Xiaowan had a dream in which Lian Yan died.

She was so frightened by the nightmare that she woke up straight away.

Looking at the time, it was morning. Su Xiaowan thought of Feng Yan and got up to wash and change clothes.

Although she wanted to make some porridge for him, she overslept. Now she is making it. It must be too late.

Su Xiaowan called Fengyi.

Let her prepare some porridge for herself, and prepare to go out.

At the door, I still met the man of last night.

"What do you want to do?"

She asked directly.

"Xiaowan, i... i... I have a phone to talk to you. Is it convenient for you?"

Yuan Hao struggled all night last night, but at last he thought, just once.

Success or failure, just once.

"What do you want to say?"

"Let's go down to the coffee shop and talk."

Yuan Hao made an invitation.

Su Xiaowan didn't think much. She nodded and followed her to the other end of the corridor.

But at a turning, suddenly the tip of her nose was tightly covered.

People just passed out.

"Isn't your ecstasy harmful to your health?"

"Don't worry, sir. It's harmless. I asked the doctor and said that pregnant women would not hurt themselves if they used it. Moreover, I used very little and diluted a lot. You can rest assured."

"Take the people to the car and arrange the rest."

"Yes."

In fact, Su Xiaowan was fascinated by them not because she didn't know anything, but because she knew everything, but her body couldn't move.

At the moment, she was carried by two people.

Then something hard came up against her shoulder.

After that, I don't know if the overpowering drug began to work or what, so Xiaowan lost consciousness.

.....

Speech here received a phone call, is even smoke inside the mobile phone.

"Ten o'clock, the workshop area of the bank. I'll wait for you."

That voice, he is not familiar with, but this person spoke, and did not beat around the bush.

The relationship between the two seems very familiar.

"I'll go out."

A Li is drinking water, suddenly looked at the speech, answered a phone call, and then in a hurry to go, "is there something wrong with madam?"

"No

"Well, you go and come back early." A li in her eyes, at the moment the tone of plain mouth.

Finish saying, want to go toward own room.

But in the middle, listen to the man at the other end.

"Why don't you ask me where I'm going?"

"It's none of my business where you go."

In other words, "..."

He looked at the time, said nothing more, and walked towards the door.

A Li thinks that this period of time, he is strange, as for so strange... She can't say.

"Ouch

A Li drinks a mouthful of orange juice, and suddenly feels sick. She puts down her glass and runs to the bathroom to vomit.

She didn't spit out all her bile.

Realizing that something was wrong, Ali's face froze.

She didn't do any contraception that night. She won't have it so soon?

She was holding the bottle of orange juice, and now Yu Guang was watching the production date of that end.

Shit, it's overdue.

However, she finally put a heart into her stomach.

.....

Yuan Hao is standing on the crest of the storm. Now, she should come.

Because he sent a picture of Su Xiaowan.

Therefore, even if the cigarette is not willing to come, it will certainly come.

It's time for today's event to come to an end.

The cell phone in my pocket rings.

It's his daughter.

"Dad, I got a letter."

Chapter 905

Got the letter?

Yuan Hao is wringing his brow. His letters are basically collected in the company and will not be sent to his home.

"Who sent it?"

"I don't know. I didn't write my name, but just now the people in the post office said that it was a letter from a long time ago. Because of their negligence, it was sent here today. Besides, we have moved, haven't we? It took them a long time to find our house... Dad, it seems that they sent it from abroad. "

That girl's voice is shallow, let Yuan Hao's heart a tight at the moment.

Abroad.

"Open it up."

"May I open it? But mom said, "I'll open it when you come back."

"You open it and read it for Dad to listen to."

"Oh, good."

The girl obediently opened the envelope, now frowning, he is now junior high school, all the words are basically known.

But just because of this, when you see the words on it, the only thing left is shock.

"Dad, it's from my uncle."

Uncle.

"What does it say?"

"Uncle said... Uncle said that he is now working in the Research Institute and has developed a batch of new drugs, waiting for him... Uncle said that he will test the drugs with his own body, and he also said that he may die..."

"What did you say?" Yuan Hao listened to the girl's voice at that end.

"Dad, I'll send the letter to you on wechat."

"Good."

It wasn't long before Yuan Hao saw the letter.

The letter was written by my brother himself.

It's very clear.

Brother, when I wrote this letter, I had signed a contract with the Research Institute and decided to test the medicine. I am still young and may or may not be able to carry it. These are unknowns, but my teachers are too old. If they try the medicine, maybe... Don't worry, my teachers will try their best to rescue me... If they die, thank you, Come to a foreign country and help me make it clear to that girl.

.....

Brother, I've decided to get married.

If I go out alive this time, I'll take her home.

She is a very gentle girl. She has suffered a lot for me. I want to give her a good life. If the drug test is successful this time, I can get a prize for project research and development. I have been in the preparation studio. After a while, I will spend money... If I die unfortunately, she will not like it

Brother, take care of your parents.

I know you won't forgive me for making such a hasty decision, but I've been thinking about it for a long time. I don't regret this decision.

Even if I die later, I will not regret it.

.....

Yuan Hao stood there, shocked.

His younger brother... Was not killed by that woman, but tried his own medicine... He was not rescued in the end.

In order to be afraid of taking responsibility, the foreign research institute told him that in order to make money and support his family, his younger brother

This is the letter.

Twenty years late.

For 20 years.

He did not hesitate to

What the hell is he doing now.

If the younger brother knew that the woman was pregnant, could he write down these easily?

To think about it, he was very confident about his batch of medicine, but he didn't expect that he would die because of it.

Yuan Hao stood there, his face changed greatly.

"Here comes a car, sir --"

"What about the girl?"

"It's still in there."

"Tell him to come out. I have something to tell him."

"But..."

"Yes." The man didn't know what Yuan Hao was going to do. At the moment, he could only go in and bring the people out.

Su Xiaowan woke up long ago.

When she woke up, there were several men looking at her. She was pregnant, so she didn't dare to fight with some men. She just waited for a long time, and didn't wait for the gentleman they said to come.

She couldn't do anything about it. She wanted to get something out of their mouths.

But unexpectedly, those people are very strict and can't ask anything.

Now, a man came and said that her husband asked her to come.

Su Xiaowan is here now. He can't escape, so he follows them.

Yuan Hao stands at the tuyere.

When Su Xiaowan walked past, he felt chilly.

"What do you want to do?"

She didn't have a good face for her kidnapper.

Now she asked, frowning.

"I'm your uncle."

She said.

Uncle?

All of a sudden, there was another uncle. Su Xiaowan was at a loss.

His eyes fixed on him, as if to see a trace of the rest of the expression from his face, but his tone was very smooth.

"I know. You are full of doubts now, but don't worry. I will tell you everything I know."

What a mess.

Su Xiaowan didn't know what this person was going to do, so she suddenly talked to her.

What are you talking about, uncle?

But when he mentioned Lian Yan, she seemed to understand.

Yuan Hao told him all those things one by one.

After listening, Su Xiaowan had no expression.

"So you're trying to catch me to come here and die with him?"

"Before that, I thought so. After all, he did harm to your father. That's my brother, the hope of our family, but because of him, it's all ruined."

Yuan Hao thinks that the reason why his younger brother has an accident is that Miss Lian Yanda has a temper and spends too much money too quickly. In order to support her, his younger brother works day and night, and only then

"....."

"I want to apologize to you, because my wrong judgment involved you, but your father's business... He died in a foreign land. If anyone else could not accept a living person, he would die like this. Your father is a good man. Since he was a child, he was kind-hearted and went abroad with public money..."

Su Xiaowan thinks that these people really think that they have something to do with themselves. When

they need him, they will tell him that they are their own relatives. When they don't need her, they can't even find anyone.

He didn't know what kind of emotion to use in front of him, but at the moment when he knew all this, he still kept his original expression, as if for a moment, these things were not absorbed completely.

She felt that she was pregnant, as if her reaction had become a lot more sluggish.

The man at that end is still chattering, as if there are thousands of words to tell him, but Su Xiaowan for the stranger in front of him, although they are related by blood, but I don't know why, still can't believe so quickly.

"These are your father's things. Take them back."

He insisted on such a long time and told her that he had retaliated against the wrong person. Now that innocent woman, because of himself, he felt that he really had no face to face the little girl in front of him.

Su Xiaowan listened until a man appeared in front of him.

It was a young man, a little familiar.

Chapter 906

Yuan Hao looked at the tall man in front of him, naturally did not see anyone's shadow from him.

"Are you all right?"

Yan did not answer Yuan Hao's words, but looked at Su Xiaowan.

Su Xiaowan looked at the man for several seconds in succession, then responded and shook her head.

Yuan Hao saw that man didn't pay any attention to himself. Since he received his call, Lian Yan naturally asked her to come. Originally, he wanted to make it clear to Lian Yan, but now, it seems that Lian Yan doesn't want to see him.

Did she really put it down?

If you put it down, then it's OK. My younger brother has passed away and she doesn't know it.

Just at the beginning, they ended up like this.

Anyway, she made it clear to herself.

Yuan Hao takes a look at Su Xiaowan, says nothing more, and turns to leave.

Yan stood there and didn't know what had happened to them just now, but now that the man left, was the matter settled?

Yan's eyes stare at Su Xiaowan. She doesn't see any scars on her body. Moreover, her expression is very calm.

Even Yan didn't know about the relationship between Yan and Yuanhao. When he came here just now, he just investigated Yuanhao's details.

It's just the boss of a small company.

However, how can such a smart person, with so many details, not know anything?

This man... Is the one who has been waiting for so many years.

"Let's go."

Su Xiaowan raised her eyes and looked at the man at that end. The man was tall and tall, giving people a sense of distance.

But there is a sense of familiarity.

She did not know where the familiarity came from.

"Mrs. Lian asked you to come."

She didn't follow her, "thank you for coming to save me, but I've already called and asked someone to pick me up. I'm sorry that you didn't come here in vain."

Su Xiaowan called Fengyi just now. Fengyi said that he would come soon.

This place is very cold. Although they all say that pregnant women are hot, Su Xiaowan has been here for a long time, and it's windy all around, so she feels chilly.

The speech listens to her tone estrangement, in the heart does not know is what feeling.

But I think about cigarettes.

"She's sick. It's serious."

Su Xiaowan's steps stopped.

She didn't speak.

She saw Lian Yan a few days ago. She is very healthy and lively.

So at this moment, she doesn't believe it.

"Probably the last time you see her."

"... I saw her the other day. She's fine."

"She was poisoned by a doctor. Now it has not been analyzed what poison it is. If you don't want to go, don't force it."

Yan doesn't intend to tell her her identity. For him, paying attention to her silently is enough.

As for whether she is male or female, it doesn't matter.

Su Xiaowan looked at his steps, and the baby in her stomach kicked her again.

She twisted her eyebrows.

Should I go and see her!

She said goodbye at the beginning. What's the difference between her and her?

"I'll go with you."

To see her is to let yourself down.

.....

Su Xiaowan got into Yan's car and didn't expect to see a Li at the door.

A Li has not been able to get through to her since she left in the morning, so she hurried to the old house. As a result, they said that they didn't come back at all.

"Where are you going..."

She saw Su Xiaowan coming out from that end.

She suddenly pause, see the man around hold her hand, "go!"

"Oh."

Su Xiaowan looked at them and remembered where the familiar feeling came from. The last time she

saw a Li, she saw her.

"Miss Su."

The housekeeper knew Su Xiaowan. He didn't expect Su Xiaowan to come. He thought Su Xiaowan was still hating Lian Yan, but he didn't expect

"You came to see Madame, didn't you?"

"Come in, please."

Su Xiaowan, led by the housekeeper, went to Lian Yan's bedroom.

His face was withered.

That's what it looks like.

"Madam has been poisoned, and now her life and death are uncertain..."

She didn't expect to be like this in such a short day.

She walked over and didn't know what was leading her forward. She just stood there.

Around, there are many doctors doing the examination.

She thought of Mo Lao, of grandma, of grandfather

In the heart is like a hard thing to smoke, unable to extricate themselves.

"Ma'am... Gone."

Suddenly, I don't know who said it. Next, the whole place was quiet.

Gone

That tears can't help falling down, she just stood there, as if... Just now everything is just an illusion.

"I beg your pardon

The doctor also tried his best, but did not expect that the virus spread too fast, early in the night, it invaded the lungs of even smoke, organ failure, cardiac arrest.

So she knelt down and her legs softened.

Holding the cold hands.

There was a sadness in her chest, which almost swallowed her up. She didn't expect that... This is really the last side.

Finally... The side that sent her away.

I don't know if she had already felt that she was coming, so when she stepped in, she left peacefully.

The housekeeper stood there, trying to tell her that it was not easy these years, but... She couldn't say.

Maybe, in this way, she will feel better.

Maybe, that's what the lady wants.

Su Xiaowan also met the poisoned man, livis

Livis stood there, totally different from him at that time, haggard.

"I didn't expect to see you again."

Su Xiaowan's red and swollen eyes stared at him, "why? Why do you do this? She is an innocent person. Why can't you let her go? "

"How can she be innocent!" He suddenly laughed, and his sad eyes seemed to think of something. "At the beginning, Lianyan's family swallowed up my family. My parents couldn't afford to get sick because of the bankruptcy of the company, and I was completed in this field. Do you think she is innocent?"

"... is that why you hurt her?"

"Of course not, Su Xiaowan. I'm not Xia Chenyan. Xia Chenyan died when he saved me a few years ago. Over the years, I've been struggling. I can think of his pain when he left every moment. I planned for a long time to help him revenge. Later, I learned that you were the daughter of that woman... It's just a pity, I don't see your heartbreak. "

"Lunatic."

Su Xiaowan fell into a warm embrace when she fainted.

She woke up again in the arms of Feng Yan.

All this seemed like a nightmare. She really had a nightmare.

However, they are all real, because her tears really exist.

"Feng Yan..."

She hugged the man, and the man also hugged her very tightly.

"It's OK. I'm here."

Livis is crazy.

He was sent to a mental hospital and escaped the law.

Lianyan's funeral was held three days later.

Few people attended because Lian Yan was afraid of Xijing.

Yuan Hao burned those letters to her.

"You and he must have met each other. If you have some words, you don't need me to do the narration..."

Su Xiaowan stands there with Feng Yan.

The setting sun sets against the sun.

Unspeakable Pathetique.

.....

A few months later, Su Xiaowan gave birth to a son.

When giving birth to him, almost dystocia, but fortunately, finally he was born smoothly.

Su Xiaowan gave him a nickname, Yanyan.

It is similar to the pronunciation of Lian Yan.

Everyone knows her mind, but she can't let go after all

She took her child to Lianyan's graveyard, just as she was looking at a woman with a big stomach.

Yes, pear.

She's pregnant.

"Miss Su, can you wait a moment?"

Su Xiaowan is standing there.

"There must be a lot of things you already know."

Su Xiaowan nodded.

From daughter to man.

Of course she knew.

"You treat him..."

"I won't rob him of anything. I think it's what she expected. I'm very grateful to him, from the bottom of my heart. He... Took too much, and I'm sorry. " Su Xiaowan knows all this and knows that Yan will bear it for him.

She was grateful and remorseful.

Those who are too heavy in the past, little by little to put aside, she knew, even smoke, words, how much they paid for her in the end.

"... he didn't blame you." Never.

This person is not good at words, but she knows very well that she has been around him for so long.

"Ali, thank you. You must be happy." She was a sincere wish. The last time I saw her, he felt that words were different to Ali.

"Yes."

For the rest of my life, it's all because of him.

Now, she has already put everything down and lived her own life with him.

Although Yan is busy, she also takes time to accompany her. She is very happy and content.

"How many months are you now?" Look at her big belly.

"Five months."

A Li who can think of, that night, she unexpectedly had pregnancy.

Besides, it was only four months later that I found out.

She was so careless that he took advantage of her.

But she likes him.

I'm willing to give birth to him.

.....

Chen Xiaoxiao remembers everything when he was a child and finds Chen Liangliang. Of course, Chen Liangliang has been sent to prison.

He was sentenced to life imprisonment. When he went in, Chen Liangliang had been tortured by the prisoners. His face was full of injuries, and his arrogance was gone in the blink of an eye.

When a man is dying, his words are good.

"And the ring?"

Chen Liangliang knew that she would never go out again. Her life was over.

I honestly gave it to Chen Xiaoxiao.

Then one day.

A Li saw Chen Xiaoxiao, because Chen Xiaoxiao recognized the birthmark on a Li's hand and gave her the ring back.

However, a Li did not find Mo's home. She is very satisfied with her life now.

A few months later, Ali gave birth to a girl.

(The End)
