

good evening 91

Chapter 91

At that time, Mingming Feng said that she was the one to marry, but in the end, she let Su Xiaowan marry.

It is clear that she likes Lu Li, but she is hooked up by Su Xiaowan.

How charming is Su Xiaowan?

Su Xiaowan was in a daze and got on the phone. "Su Xiaowan, you mean woman, you must have done it on purpose. You'll never know about your brother in your life!"

Su Xiaowan heard his brother and opened his eyes.

But the phone's off.

The timbre is Su Qiqi's.

She can clearly identify it.

So Su Qiqi knew about his brother long ago? That night, Su Xiaowan didn't sleep all night. She thought about the time when she had passed out and what it was like to wake up. She lost two relatives in one day

That night was full of ups and downs. After all, I couldn't close my eyes.

Su Qiqi called Nanyi, "Nanyi, you come out to drink with me."

"What's the matter with you?"

The noisy bar is very noisy. It's not true that someone comes up to talk, but Su Qiqi turns a deaf ear, holding her cell phone and drinking wine while complaining, "it's not su Xiaowan, you know, she robbed my man."

"That bitch again."

Nanyi gritted her teeth, "don't worry, Qiqi, I will help you out. Just that bitch, I will let her go."

.....

Su Xiaowan didn't even eat in the early morning, so she got up and went to Su's house.

Su Qiqi didn't sleep all night last night. She had a drink with Nanyi. She came home very late. She just

went to bed in the morning. As a result, Su Xiaowan patted on the door and disturbed her dream.

Disheveled hair appeared in front of Su Xiaowan, but also a few more complaints. Looking at Su Xiaowan who appeared in front of him, suddenly the young lady's temper came up.

"What do you want to do early in the morning?"

"I ask you, where's my brother?" Su Xiaowan holds Su Qiqi's collar. Her eyes are very red. She didn't sleep all night. She is no better than Su Qiqi.

"You are crazy. How can I know where your stupid brother is?"

It's a coincidence that Su Xiaowan is here. Shen Yin and Su Zheng are not here today.

The maids in the villa are all downstairs, and they don't know what's going on in the room. Su Qiqi is caught by her, and she can't open it.

As soon as the dead woman met her brother, she was just like a lost soul. She could do everything.

"Let me go!"

"Su Qiqi!"

"I really don't know, you let go!" Su Qiqi looks at Su Xiaowan with red eyes. She pushes her away.

But this damned woman knows Taekwondo. She's stronger than her.

She didn't look like a liar. According to Su Qiqi's character, if she knew her brother's whereabouts, she would have taken it as a handle and asked her to do this or that.

She must be too sensitive.

"If you lie to me again, I'll break your hand."

She threatened.

She released Su Qiqi and turned to go, but Su Qiqi saw the glittering diamond ring on Su Xiaowan's wrist.

In just a few days, Su Qiqi has been paying attention to luxury goods. If this ring is right, it should be the "Crystal Love" that swept the world a while ago.

This is the only one in the world.

I didn't expect to be in Su Xiaowan's hands now.

She quickly grasped Su Xiaowan's hand, "where did this ring come from?"

Looking at Su Qiqi's jealous look, "where else can I come from? Of course, it was sent by the young master."

"Why did he give you such a valuable ring! Su Xiaowan, did you seduce him! Don't forget, that's my man She almost yelled.

Because the heart is not reconciled, not reconciled extremely.

Su Qiqi was intimidated by Lu Li last night. She felt that she should give up, and Feng Yan should belong to herself. Why should Su Xiaowan occupy it?

Chapter 92

"Su Qiqi, it was you who asked me to marry for you and forced my father to die. Now what do you want?"

Su Qiqi thought of the man who appeared in the villa that day. He was full of mystery. He wanted people to take off the mask and have a look at him, but he would not look bad just by looking at his figure.

"You take me back to the villa, I want to cultivate feelings with Feng Yan."

"How can I help you?"

"I will help you find out where your brother is."

"You think I'll believe it?" Su Xiaowan looks at her. Su Qiqi's words have no credibility for her. She runs all the way here.

"Su Xiaowan, no one can help you except me. Don't you think that Dad will take the initiative to tell you this? Or do you want to ask him face to face as you did last time? You can see the attitude last time. Dad won't tell you. "

If you grasp a person's weakness, you can easily force her to do anything. For Su Xiaowan, that silly boy is her weakness.

As long as you hold on to the people Su Xiaowan cares about, Su Xiaowan will be obediently captured.

"Don't you want to stay in that villa? As long as Feng Yan likes me, you can go back! You won't lose on this deal. "

Su Xiaowan was impressed by this sentence.

The main Feng Yan likes Su Qiqi, so she can withdraw completely.

But I don't know why I always feel a little blocked in my heart. Su Qiqi reaches for her ring and says, "this ring is mine. You give it back to me."

Su Xiaowan drew back her hand. "Su Qiqi, don't go too far."

"Su Xiaowan, do you like Feng Yan? This ring is given to his wife. The wife he wants to marry is me. Whose ring is it? Don't you want to give up? Su Xiaowan, that's my man. You'd better not like him, or you'll bear the consequences. "

Su Xiaowan is stunned. Do you like it? She didn't feel this about Feng Yan, but her eyes locked Su Qiqi's face, and her fingers were hurt.

"This ring is waiting for you to be a wife."

If Feng Yan knows, he will be angry. She can't give it to her casually. If she wants to return it to Feng Yan.

"In a few days, it's the graduation ceremony. You can borrow it from me and I'll give it back to you when it's over." This is a valuable diamond ring, just one.

Su qiqitian wants to be in the limelight. She wants to be noticed. This ring can make her the focus of the school for a time.

"Give it or not." With that, Su Qiqi is about to break her ring. The ring fits her finger very well. When she breaks it, Su Xiaowan feels that her finger is about to break.

"Su Qiqi, I said I'll give it to you when you become a wife."

"Su Xiaowan!" Su Qiqi looks at Su Xiaowan's back and gnashes her teeth.

This Su Xiaowan, now on the list of Fengyan, is really unable to deal with her.

Su Xiaowan went to the company.

She drove by herself. She drove a very low-key car. A while ago, Feng Yan bought it specially for her because she needed to inspect the structure of the house for interior design. Once she came back, she couldn't always rub against other people's cars.

After one or two laps, he found a parking space. Just as he was ready to back into the garage, a brand-new BMW sports car suddenly rushed up from behind. Su Xiaowan immediately stepped on the brake.

This car is a new one. She hasn't started it yet, but the other party, without looking at her, drives directly into the parking space.

After parking, Xia Yi stepped out of the driver's seat in high-heeled shoes and saw Su Xiaowan with the window open. "Yo, you've bought a new car. It's not cheap! How many men did you sleep for? "

Chapter 93

How many men did you sleep with?

Su Xiaowan's eyebrows slightly raised, this southern art, his private life chaos, now also slander others.

She just wanted to learn something quietly here and be able to support herself.

But this Nanyi, just like how much I owe her. Every time I see her, I never give her a smile. Moreover, I saw the parking space first.

She hated such a person. When she put on the reverse gear and stepped on the accelerator, the car quickly went back towards Nanyi. Nanyi was shocked and fell to the ground in seven centimeter high heels.

"Designer Nan, what are you doing on the floor? How dangerous you would be if I didn't see you when I reversed my car -- "

Nanyi didn't expect that Su Xiaowan would come here on such a rampage. "Su Xiaowan, you are on purpose."

"South designer, you say your car and my car, which is crashworthy?" She didn't contradict her because she knew it was useless.

All of a sudden, she continues to step on the accelerator. Nanyi looks at Su Xiaowan's car, and it's going to hit her own BMW. This BMW is the car she just changed. It costs a lot of money just to repair it. Besides, she doesn't want her new car to be hit.

"What are you doing? Su Xiaowan, stop right now -- "

Su Xiaowan looked at the woman sitting there and said, "give me back the parking space, otherwise, I'll hit --!"

"You... You dare to bump, I'll call the police!"

Su Xiaowan's car still didn't stop. He stepped back a few meters and looked at Nanyi's shocked face. "Stop."

Nanyi takes a look at Su Xiaowan's car and stomps on it. Her high-heeled shoes break and she falls to the ground.

She awkwardly get up, now sit back in the car, give up the position.

She originally wanted to embarrass Su Qiqi, but she didn't expect to get into trouble.

Su Xiaowan watched Nanyi's car go out and heard her say.

"Su Xiaowan, don't be proud too soon."

Su Xiaowan watched the BMW drive far away. In fact, there are many parking spaces here. It's nothing to let one, but Su Xiaowan just doesn't want to give it to Nanyi.

Moreover, Nanyi seems to be late. She takes a look at her watch, closes the door and goes to the company building.

Su Xiaowan sat in front of the computer. As soon as it was turned on, Nanyi had already accused her in front of the manager, "manager, you want to make the decision for me. You see my legs are like this. If you don't make the decision for me today, I'll go upstairs to find the president and let the president judge."

Who is Su Xiaowan? The manager is full of thunder.

"Nanyi, you are not new to the company. Xiaowan works hard and has a good personality. There must be some misunderstanding between you."

"Misunderstanding, are you talking for him? She's so arrogant that she won't see you in the eye soon. Manager, I'm alone today, and it will become... "

He has always turned a blind eye to Nanyi. The design of Nanyi is very good. After all, the manager hopes that his performance will be better.

"Manager." Nanyi is not willing to speak.

"It's just a parking space. You'll work hard in the future. When the time comes, the company will become bigger and stronger, just a few parking spaces. I'm afraid you won't have a car to park."

"Well, I still have a meeting. Nanyi, you can do your work, too. This advertisement design plan should be designed as soon as possible, and it will be used in a few days."

"....."

The manager is gone.

Nanyi looks at the people in the office and stares at herself. She feels embarrassed.

"Some people don't work hard, and they are better than those of us who work hard. After all, they just work hard in bed."

Chapter 94

She said softly.

"What do you mean?"

"What do I mean? The manager is protecting you so much. Did you even hook up with the manager? It's just an ugly person with plastic surgery who thinks that he is... "

Pop.

A glass of water splashed on Nanyi's clothes. Nanyi wore a tight skirt, which was white, and immediately stuck to her. Many people gloated.

Nanyi is very coquettish, relying on her own beauty, boasting in the company, all say she has a background, dare to be so arrogant.

We all look at it in our hearts, but we dare not fight with her.

"Designer Nan, I have a husband. Please don't make fun of my reputation. My husband will be angry."

husband.

No, I forgot.

"Your poor husband, do you know that you collude with the boss in the company?"

A loser?

If Feng Yan knew... He would be very angry.

"My husband loves me very much, and I love him very much. I won't do anything wrong to him, designer Nan. I haven't done anything. Please don't slander me casually."

"Su Xiaowan, you..."

Nanyi is so angry that she seems to be a clown. Now she wants to catch Su Xiaowan and slap her.

"Designer Nan, I saw you with Mr. Liu at the 4S store a few days ago. I don't know if I have a bad look in my eyes. I'm wrong." Su Xiaowan's voice is very light, but Nanyi can hear it clearly.

"Su Xiaowan, don't spill your guts."

Mr. Liu is a man with a family. His wife is a powerful woman. She is also in this company and can be seen when she looks up and down.

"I'm afraid that I'm going to blow my mouth out of things that the southern designer hasn't done?"

Nanyi was stunned there. She was choked at the moment and didn't even have the ability to reply. She did hook up with Mr. Liu, the old man in the investment department, a man who has been more than 50 years old. This BMW was sent by Mr. Liu. A few days ago, they went to the 4S store to pick up the car.

Mr. Liu's daughter is about her age.

"Su Xiaowan, you wait."

Su Xiaowan sat at her desk, Chen Ge gave her a thumbs up, "this time, Nanyi estimated to be able to stop for a while."

She's the only one in the whole office.

Su Xiaowan stretched out her hand to type, but her fingers hurt. She pinched her fingers. Su Qiqi was really cruel.

"Little cute, you will go out with me to have a look at the overall design of the house. Please remember to contact the supplier and confirm the quotation to the investment department." Brother Chen is also very busy during this period of time, but basically there is a place to learn, or give her opportunities.

"Well."

.....

After work, Su Xiaowan went to the hospital first.

Grandma is joking with Aunt Li. As soon as she enters the door, she hears grandma's happy laughter. It seems that she hasn't seen grandma so happy for a long time

She hoped that grandma would always be happy, healthy and accompany her forever.

"Here comes the little granny." Aunt Li was the first to find Su Xiaowan standing at the door.

"Grandma, Aunt Li." She came in and gave a sweet cry.

"You girl, didn't you tell your grandmother that there was nothing wrong? If only you could spend more time at home with Feng Yan. " I don't know what kind of enchantment soup Feng Yan poured on grandma. It's Feng Yan who makes grandma open and shut up. Feng Yan... Su Xiaowan is a little jealous.

It's clear that grandma hasn't seen Feng Yan. How can she like him so much?

Who is her granddaughter.

"Feng Yan doesn't need to be with her. Grandma needs to be with her." Su Xiaowan looks at her grandmother.

"You child, how can you have a baby if you don't stay with him more?"

Chapter 95

aby?

Those three words seemed like hot potato, which made Su Xiaowan's face immediately full of blush. She had never thought that her always serious grandmother would say this to her.

"You don't have to be shy, Aunt Li told me, silly girl, you are not young. When grandma was so old with you, she was pregnant with your mother."

"Grandma, I'm with Feng Yan..."

She doesn't know how to say it. She can't say in front of her grandmother that nothing has ever happened between Feng Yan and her. What Feng Yan likes is a man.

But these in front of grandma said, how much is not right, she thought of Aunt Li, looked up, will look at Aunt Li, for help.

But who knows, Aunt Li has a deep smile on her lips, and she says, "young grandma, I've watched you run out of the young master's room several times. Don't admit it. You can have a baby for the young master now. The young master is 26 years old. Now he has a first child, and he will have a second child in a few years..."

At the moment, Su Xiaowan just wants to bury her head in the earth. In the eyes of the old people, how can she come out of Feng Yan's room and have a baby?

At last, Su Xiaowan blushed and even spoke in a coy voice. "Grandma, Feng Yan and I haven't thought about it yet."

"Then we'll have a good discussion this evening."

"Young people are thin skinned. Grandma is a passer-by, you know. But it's a big deal to have a baby. You have to mention it if he doesn't say it, you know?"

Su Xiaowan was embarrassed. For the first time, she didn't want to stay in the ward.

She doesn't know anything.

She doesn't want to have a baby with Feng

.....

When there was no one in the ward, Su Xiaowan lay down on her grandmother, as if she had been a child. Her grandmother was her oldest relative. She grew up in the countryside with her grandmother, who watched her grow up.

"Grandma, they all say I killed my mother? Really? "

The old man touched her head, her hair was very soft, with a faint fragrance, very calm, "fool, don't you believe in yourself?"

Su Xiaowan buried her head and absorbed the familiar taste of her grandmother. She couldn't remember what happened that day?

I don't remember at all.

I only know that when I wake up, my brother is gone, and my mother is dead... Her world suddenly collapses, and they all say that they are murderers.

"Xiao Wan, if you can stay with Feng Yan, you must make him fall in love with you." Grandma spoke with great care.

Half of her foot has entered the Loess Plateau. Now the most worried person in the world is Su Xiaowan.

For her, the disturbance of marriage replacement was a happy event. At least she didn't have to worry about it.

Under the protection of Fengjia, maybe Xiaowan will be fine!

"Grandma, why do you always say you want someone to protect me? Will I be hurt in the future?" When she was very young, grandma said in front of her, as if the arrival of that day would be a disaster for her.

"Half of grandma's foot is going to step into the loess. The person I can't let go is you. Things like this one may happen many times in the future..." Su Xiaowan covers grandma's mouth.

"Grandma, I won't allow you to say that. You promised to accompany me all the time." Su Xiaowan looked at her grandmother in bed, her eyes moist.

Chapter 96

Grandma is already 70 years old. Her hair is gray. When she went with her, she was totally different. She got old all of a sudden.

People seem to be in a moment, suddenly changed, you simply can't grasp a little bit.

"Xiao Wan, grandma wants to accompany you more."

"After that, don't say such words. I will protect my grandmother. There won't be such a thing in the future." Su Xiaowan is not willing to mention it.

"Fool."

When the sun came into the room, grandma touched her hair and patted her on the shoulder.

"Go back early to accompany Feng Yan."

"Grandma, I want to be here with you."

"You're here. Grandma can't sleep. She's coming to talk to you. Xiao Xu will come over later. I'm much better. You don't have to worry too much. Go back quickly. Now that you've got a family, it's not good to stay at home. Other people will gossip. If I tell you, go back and think about it. Feng Yan is a good man. If he can like you, Grandma can close her eyes even when she's dead. "

The driver also came up to urge her to go back. Su Xiaowan reluctantly took a look at her grandmother and told her what to pay attention to before she went back with the driver.

Sitting in the car, Su Xiaowan closed her eyes wearily and fell asleep.

The car stopped at the villa. The driver was just about to call her to get off, but she fell asleep.

Call the young master quickly.

Feng Yan looked at the woman in the back seat of the car and bent over to pick her up. She was dazed. Su Xiaowan's eyelashes trembled. She felt that the man's powerful hands touched her body. Her instinct was a little bit resistant. But when she opened her eyes, she saw a familiar face. She shrank to him. "Feng Yan, it's so cold."

This wench, is not any man to hold him, all want to go to other people's arms.

But the thought of her calling her name made her mouth tick.

The deep eyes locked tightly on her cheek until she saw the red ring on Su Xiaowan's hand.

"Where did she go today?"

The driver said honestly, "in the morning, my little grandmother went back to Su's house and covered her fingers all the time when she came out. I didn't pay much attention. Later, I drove to the company by myself..."

Therefore, the injury was caused at Su's home.

When the driver finished speaking, he felt that Feng Yan was releasing a strong drive, which spread in the air in an instant.

"Cold --!" Su Xiaowan is confused. She only feels cold around her. She feels warm in her arms and wants to be close to her.

Smell speech, Feng Yan took her into the room, Aunt Li out also looked at Su Xiaowan red swollen fingers, "this little grandmother's fingers how? Why is it so red? "

"Call a doctor."

"Good."

The doctor came slowly with a medicine box. At the moment, he looked at the woman in Feng Yan's arms. He was closing his eyes and was silent. He didn't dare to lift his feet. He took a sneak look at his young master. He didn't notice him when he looked at the woman in his arms.

"Young master?"

"She hurt her finger. Come and show her."

Su Xiaowan's face was close to his chest, as if there was something cold on his fingers, but after it was painted, he felt a lot of pain.

"Pain --!"

"Not yet!"

"Yes."

Feng Yan's palm gently stroked Su Xiaowan's back, as if to comfort her. The doctor kneeling there didn't dare to be too strong. He had already used the most gentle action, and she felt that it was like lingchi at the moment.

Only looking at the man's gloomy face, I really don't know who dares to touch the young grandmother.

Su Xiaowan sleeps heavily until she is put on the bed, but she doesn't wake up. She feels the warm quilt

and buries it.

Feng Yan looks at the woman on the bed, pulls the quilt for her and turns to go out.

"If you dare to move her, you look tired of living. Teach her a lesson and let her know who shouldn't move."

Chapter 97

"Yes."

For the first time, Fengyi captured Fengyan's ruthlessness in men's eyes.

Fengyi once felt that after experiencing such a thing, the young master's happiness, anger and sadness would not be easily revealed in the eyes of outsiders, but since the young grandmother appeared, the young master changed.

Will be angry, will be happy, will be angry with others for the sake of young grandmother... These in the past, will not exist.

I don't know whether he should be happy with the change or worried.

"Young master, today someone in the company is spreading rumors that the young grandmother was taken care of. Moreover, it is said that today... The young grandmother was bullied." Today, the group needs a meeting, so Feng Yan didn't go to FY group and didn't know what happened there.

The man's eyes are heavy, listening to the following.

Fengyi just heard some rumors. Now she took a look at Fengyan. "It's like a designer. She also said... You're a loser."

A loser?

He's so dignified that he's called a loser!

"Go and clean it up. I don't want to see this woman again. Keep an eye on her in the company."

The next day, Su Xiaowan woke up early. When she got up to wash her hands, she found that her fingers were greasy. She took a look at Su Qiqi's red fingers yesterday and got better miraculously.

Last night, she was in a daze. She felt as if someone was by her side. Could it be Feng Yan?

Can't, Feng Yan is so busy, how can she pay attention to her fingers.

But yesterday... Did someone really hold her?

That warm embrace, like the person who often appears in the dream

Su Xiaowan never stops sleeping. After that, she took sleeping pills for a while, and then, in this way, she usually won't wake up in the middle of the night. So she went to see the doctor, and the doctor didn't give any treatment plan, so the disease is getting longer and longer.

Su Xiaowan was awakened by a short message.

She failed in the subject, 59 points

There was no sleep.

Su Xiaowan's other grades are all good, but she can't mention the math. Now she is a senior, because her score was too low in the past, and she is in danger of failing at any time.

But she just can't... so, she can only brush the questions at home, wait for the next time to take the exam again, but this time the requirement is higher, must take the exam more than 90 points to level the score line.

For Su Xiaowan, this is a height that can not be reached at all. Her achievements have been hovering between 60 and 75.

It's impossible for her to advance by leaps and bounds, so she asked for a week's leave and was ready to burn the boat.

She continued to look at the problem, looking at the computer, the teacher's analysis of the problem.

Until the man's approach, she didn't notice. Feng Yan passed the study and looked at her holding her cheek, worrying there.

All of a sudden, push the door in.

Su Xiaowan was immediately flattered, just like a primary school student, "Feng Yan, why are you here?"

The man came over and looked at the blank paper in her hand, as well as the test papers. The scores on them were terrible and high.

Su Xiaowan's advanced mathematics is up, so she has to take the exam again. In a few days, she has to go to school to take the exam again.

Su Xiaowan's brain is so low that she is about to get under the table. She doesn't dare to let Feng Yan see it. She still drags the pieces of paper and doesn't let go.

Because of shame

"Feng Yan, don't look..."

Chapter 98

Man chatting with leisure, staring at her low head of the cerebellar pouch melon, "why can't you see?"

"I..." before, she threatened that she had a high IQ in front of Feng Yan, but now this reality is not hit her face?

She is a person who wants face.

"... I made a mistake this time, you know? That is, one out of ten times may go wrong." She explained shamelessly.

"Hands off..."

"Don't..."

"Do you want to hang up?"

Hang up?

This word touched Su Xiaowan's nerves all of a sudden.

"Feng Yan, you can't curse me like this. It's evil." She immediately stood up and covered Feng Yan's mouth.

The moist lip fell on the palm of her hand. The next second, she realized what she was doing. She immediately released her hand and sat down with a bang.

"Cough... That Feng Yan, I didn't mean it just now."

At one time, the scene was ambiguous. Feng Yan felt the touch of the girl's palm, which was like cotton.

At the moment, her hand is tightly covering her face. It's very close, as if they kiss indirectly

Su Xiaowan's ear root has been hot and dry. Now she moves her test paper and pushes it to Feng Yan.

"This is what I just made."

She didn't dare to look up, and suddenly felt like a student, accepting the teacher's severe criticism, she didn't dare to move, she was very good, because just now... She was also a bit of a wild goose, and she didn't know how she could do such a move.

I'm going to be stupid to death.

The man's ten lines at a glance, soon saw Su Xiaowan's mistake.

"These questions are wrong."

Su Xiaowan's face was covered. The man just took a superficial look and pointed out his mistake. Su Xiaowan looked at the title on the paper and said, "how can it be wrong? I've calculated it twice."

Wrong?

"Your formula is not right..." Su Xiaowan looked up and listened to Feng Yan's explanation. His voice was very low and beautiful.

It's like being pregnant.

All of a sudden, she understood what it was like to be a Star chaser.

She couldn't help feeling her heart beating, and didn't know what he was talking about.

The sexy lips were slightly open, patient and serious.

Finally, the man looked at her, "do you understand?"

"That's how I look?"

Men's eyes are full of time, as if with special magic.

Su Xiaowan is stared at by Feng Yan. She is embarrassed and takes a look at Feng Yan. She has just been away from work. She is full of imagination. All her attention falls on Feng Yan. She has no idea what he is talking about.

"Can you say it again? This time, I'm sure I won't stray

Under his guidance, she is now brilliant. "Feng Yan, what you said is much easier to understand than what this teacher said. It turns out that it can be done with such a simple step. I also used so many formulas and wrote wrong numbers."

Su Xiaowan was so embarrassed that she was embarrassed.

She felt that Feng Yan seemed to know everything, but she was very poor.

In a low voice, "Feng Yan, do you think I'm stupid?"

"Everyone's strengths and strengths are different."

Su Xiaowan tooted his mouth and thought about it seriously. "I used to stay in school and thought I was quite talented. Now when I come into contact with the society, I find that everyone is smarter than me."

"Just be yourself."

She just looked up and made herself... It was like being her father.

"Looking at me like this, you want to sleep with me?"

Su Xiaowan's eyes staring at him, face hot, she felt some blood toward his head, "Feng... Feng Yan, I don't, just think you are good, if I knew you earlier, maybe I don't have to hang up, also don't have to review this review that."

After a while, Feng Yan looked at her, "we get married!"

Chapter 99

"Keke..." Su Xiaowan sprayed all her saliva on the screen in front of her.

Her hands trembled, the cup directly poured, and the water, so quickly wet the man's shirt, white shirt suddenly printed the man's chest.

Su Xiaowan wants the tissue to wipe, but the man's eyes are anxiously staring at her, ignoring his embarrassment at the moment, looking at Su Xiaowan's beautiful red lips.

His expression is too focused, there seems to be no extra expression on his face, and he looks calm, as if he is talking about the weather today.

But Su Xiaowan looked at him in disbelief for a moment. She even stepped back and distanced herself. She even pinched her own flesh. It's true.

In the study, it was so quiet that their breathing could be heard clearly.

Instead of urging, he waited for her to speak.

It seems that the waiting time between the two people is extremely long, which is a sense of urgency that Su Xiaowan has never had.

It seemed that after a long time, Su Xiaowan pulled away from his eyes and broke the silence. He looked at him with uneasy eyes. "Feng Yan, are you uncomfortable?"

"... No."

"Then I feel like you have a fever. It's not light."

Su Xiaowan wanted to reach out to test his forehead, but he pressed his wrist, "don't want to?"

"....."

He slowly close, Su Xiaowan felt a strong pressure, the next second, she felt that her whole waist was going to be crushed, "Feng... Yan, my waist is going to be broken."

Across the man, I only felt that I heard a slight voice

.....

In the evening, Su Xiaowan lay there stiff and didn't dare to move. The doctor said that she wanted to lie on a hard bed, but there was a hard bed in Feng's house. So Feng Yan lifted her mattress. Now she has several hard beds, so she can't move them.

Maybe she has been studying all day. She is too sleepy.

I fell asleep gradually.

When Feng Yan came in after taking the plaster, she had fallen asleep with her face on her side.

She was lying there with a soft quilt covering her calf. She pressed more than half of it by herself. Maybe it was because of the hot weather, so the household clothes were lifted up by her.

She was afraid to show a big piece of white and tender skin, beautiful waist, all the way clear lines, Feng Yan only feel hot and dry, she strode to turn on the air conditioner.

He attached an ice bag to her waist.

Quiet and serene.

Feng Yan leaned down and looked at her eyebrows and eyes tightly. Then she went to her red lips. The man's fingers crossed her eyebrows. The girl's eyebrows were curved. Her skin was very delicate and she could hardly see any pores. In her dream, she was not sleeping well and looked like she was frowning tightly.

He put his finger between her eyebrows.

Su Xiaowan.

Fortunately, they have a long way to go.

All night long, Su Xiaowan dreamed that Su Qiqi married Feng Yan, then divorced, and finally married herself

She almost couldn't open her eyes when she got up in the morning.

She is Su Xiaowan. How can she marry Feng Yan?

The person Feng Yan wants to get married is Su Qiqi

What did Feng Yan really know? That's why you're testing her?

Even now, Su Xiaowan did not dare to take the initiative to ask the previous thing, the man, should not say anything?

After all, she did not dare to mention it for fear that her lies would be exposed.

She dialed a number to Su Zheng, and the phone was picked up several times later, "hello?"

Chapter 100

"Dad..."

"Xiaowan, are you still used to it? Last time, dad didn't mean to scold you. You know, Qiqi she... Don't worry. In the future, Dad won't treat you like this. You should be good. In Fengjia, it's not like home. You need to think twice about what to do and what not to do. "

"Dad, if I am... I am found by Feng Yan that I am not..."

"Xiao Wan, Dad, there are still some things to do here. I'll hang up first. You should treat Feng Yan well at Feng's home."

"Dudu, Dudu..."

Su Xiaowan was hung up. She didn't seem to know what she was calling for. She was confused and uneasy. She was thrown on the sea and couldn't find the driftwood. She had to drown.

In addition to Su Zheng, she didn't know who to talk to. She thought about calling Xiyan again and again, but she finally lost her cell phone.

Even she couldn't understand herself. She didn't know why she cared so much about Feng Yan's words. She didn't know whether she liked that feeling.

But in her life, she didn't want to touch those two words.

Because one injury is enough.

But when Feng Yan said that they were married, she was moved. She wanted to have a family, but if that person was Feng Yan

She was afraid to step forward.

After all, he belongs to Su Qiqi.

If she robbed Su Qiqi, what's the difference between her and Su Qiqi.

Su Xiaowan took the mobile phone and lazily closed her eyes.

"Su Xiaowan... We get married..."

Su Xiaowan mumbled and rubbed his head, "no, I don't want to hear it. Feng Yan, shut up and don't say any more."

She said, blocking her ears.

Why does this sentence haunt me all the time.

Su Xiaowan is full of energy and knocks her head hard on her hard bed. She thinks she must be crazy. How can she start to think about Feng Yan

Suddenly, a hand tightly hold her head, Su Xiaowan forehead a heat, lift eyes, only looking at the head of Feng Yan.

For a moment, she realized that it was not an illusion.

The man's sharp eyes almost shot her through.

She felt guilty and timid. Suddenly, she was a little dazed. Feng Yan's eyes were fixed on her. She didn't know if Feng Yan had heard anything.

"Feng... Feng Yan, you haven't gone to work yet!"

Her eyes softened as she gazed at him, like a thin layer of mist, with a smile she couldn't understand.

That kind of feeling, as if I had seen it a long time ago

"Why didn't you agree yesterday?"

Refuse to

Not to marry him?

Her voice was hoarse and seductive.

"I... I didn't say no, just... Um..."

Her voice did not fall, directly sealed the lips, suddenly the fragrance let people suddenly can not refuse, just want to ask for more, more

"Feng... Feng Yan..."

She trembled all over and didn't know what the letter was going to do.

She stood up to her front teeth and didn't dare to open her mouth.

Su Xiaowan is flustered and uneasy. At the moment, she wants to push her away, but the man's body is still.

"Hiss..."

Her waist suddenly good pain, at the moment, eyes staring big, immediately tears, she wiped his mouth, "Feng Yan... Never seen you like this!"

"How am I?" He pressed step by step, and Su Xiaowan's cells suddenly had no resistance.

"You... You look like a rascal now." The palm of the man's hand slowly fell on her, wrapping her cheek.

"I've been a hooligan to you?"

Su Xiaowan held her breath and looked at him, "why not be a hooligan..."
