

### **181 LU XIAOYU IS GOING TO SCHOOL!**

The military schools were good news to Lu Shu. Practitioners were no longer of little significance, but they were now incorporated into a single organization where everyone could specialize in their own talents, forming an integral part of society.

In school, everyone would be able to learn the art of magic, assassination, alchemy, kendo, martial arts, intelligence, formation and tactics, and weapons forging. During free times, they could exchange ideas and even gossip about which female practitioners were prettier. Or everyone could have a meal together, watch a movie, or even fall in love...

The feeling was like being presented a detailed image of the future practitioner life, and one would finally understand just how interesting a practitioner life was in the modern city.

The objective was for everyone to be brought closer to the mysterious and holy ways of training.

### **182 RICH SOUP RESTAURAN**

Lu Shu made a trip to the police station and everything was going smoothly. The other party was patient and kind in contrast to the last time Lu Shu was here. Addressing Lu Shu as 'bro', the other party was especially passionate.

Since Lu Shu had an account and a house, the person labeled Lu Xiaoyu's household register as 'unregistered due to loss of household migration documents or past the validation date' and directly recovered it under their house.

Lu Shu was stunned, you can do that? At that time, he had an envelope inside his pocket and inside it was some money which he offered the person. But the other party said there was no need...

Lu Shu saw that the other party had no intention to accept it and kept it away. That was 10 thousand dollars! Lu Shu's hand was sweaty from holding the envelope...

Leaving the police station, Lu Shu looked at the account book- Lu Xiaoyu, female, siblings relationship.

### **183 A BAD FEELING**

At this moment, Li Yixiao looked at little fury, "Is this the one from the remains?"

Lu Shu was wary, "What about that?"

"There's no need to worry. Mutated intelligent animals are in abundant now so this one is insignificant," Li Yixiao then said softly, "Hey, I don't think you know this but after realizing that recruiting practitioners is impossible, many rich people have turned their sights onto these intelligent animals. Eating magically-enhanced food while keeping intelligent pets, the middle east tyrants are now playing with intelligent leopards and lions!"

"Wow, that's fierce. Are they practitioners?" Lu Shu was stunned. Human beings are really tough. He thought that these mutated intelligent animals would have a better life but in the end, they had become a new prey for humans.

### **184 WASTED STUDYING!**

School bag, pencils, eraser, pen, stationery box, as well as the textbooks for the second year of middle school, these were what Lu Shu prepared for Lu Xiaoyu.

He was pestering Lu Xiaoyu to follow him to the supermarket which Lu Xiaoyu stubbornly refused.

In the past, one of Lu Xiaoyu's favorite things to do was to go to the supermarket with Lu Shu. Lu Shu would push the shopping cart and Lu Xiaoyu could sit inside. But she

had grown out of it.

At that time, Lu Shu would frequent Luo Cheng's largest supermarket to buy groceries as there were often times when their groceries were cheaper than outside. The bread would also be on discount when nearing towards 9pm every night and Lu Shu would occasionally buy a few to satisfy Lu Xiaoyu's greed.

The both of them would go there to buy cheap groceries and brought their own bags as the plastic bags in the supermarket cost 30 cents each.

### **185 LU XIAOYU'S FIRST DAY OF SCHOOL**

Li Yixiao never mentioned that Lu Shu was a student and neither did Lu Shu. Although he looked young, he was dressed maturely. And the main point was that Li Yixiao brought them!

Previously, Lu Shu had exemplary results and didn't stay in school. So the students' affair office never had any interactions with him and it was normal that other teachers did not recognize him.

But this time, it was a problem for both Zhang Haitao and the director... But what could they say?

But they immediately thought that Lu Shu must be a daoyuan student, why else would Li Yixiao step up for him?

The students' affair director was stunned. Wait, the name Lu Shu sounds very familiar...

Lu Shu wasn't too concerned as he had Li Yixiao backing him. And he only wanted to settle Lu Xiaoyu's admission quickly, "Mr. Zhang, I shall leave Xiaoyu with you. Do you need me to do anything else?"

"Where are your parents?" Zhang Haitao asked Lu Shu.

### **186 LU XIAOYU'S FIRST DAY OF SCHOOL**

Yeah, why was she sitting here?

Lu Xiaoyu started wondering if it life was unfair or she was lacking morals...

No, it was because of Lu Shu!

Lu Shu was on the way home and was feeling quite relaxed. In the past, he had to attend school while Lu Xiaoyu relaxed at home. It was the other way around now, he could be at home while Lu Xiaoyu went to school!

Hahahaha, hahaha. Lu Shu felt cheerful upon thinking of this.

Just then, Lu Shu was interrupted.

"From Lu Xiaoyu's distress, +99+99+99..."

Lu Shu sighed, so much distress?! But why was he rather glad...

Coughs, he shouldn't be like this, at least not show it in front of Lu Xiaoyu...

And elsewhere, Lu Xiaoyu was in class sitting there expressionlessly. Her fat politics teacher was puzzled as he looked at Lu Xiaoyu. She was too eye-catching, "Is this the new student?"

Lu Xiaoyu looked at him expressionlessly and continued to think about her life...

## 187 PARENTS

Zhang Haitao stood at the doorway of sophomore class 3, "Where's Lu Shu from your class?"

Everyone looked curiously at the teacher, "The daoyuan students are still on a break..."

Zhang Haitao was agitated, didn't he say that I could find him just by coming up...

At this moment, he suddenly remembered that he had Lu Shu's number and scrolled through his address book and called, "Hey? Lu Shu! Quickly come to school to bring your sister back. She's hit someone on her first day of school!"

Lu Shu started laughing bitterly. Wow! All my worries came true!

But he was also curious. Lu Xiaoyu had always listened to him and if he said to not be violent, she definitely wouldn't lay her hands on others... Oh no, little fury! No wonder Lu Xiaoyu brought little fury!

These days in school, Lu Shu would study physics and chemistry or look at updates on the golden foundation website in the morning, thus having little interactions with his classmates.

## 188 TWO PEOPLE'S WORLD

All the parents were enraged upon hearing Lu Shu's words, "What is this child saying?! Just because there's no one to teach you at home doesn't mean you can be so insolent!"

Lu Shu shook his head, "To me, the ones without good upbringing are you guys... Although Lu Xiaoyu made a mistake, she definitely shouldn't be expelled. And a hundred apologies would be too demeaning so I wouldn't let her do that. The main

priority now should be to sending the children to the hospital instead of getting delayed here."

"To be honest, if not for my house squirrel's magical abilities, the subsequent events would be a group of girls grabbing him around," Lu Shu said calmly, "That's the situation I'd imagine."

Little fury was happy hearing Lu Shu said that it's magical, but Lu Shu shot a glance at little fury and it immediately yielded...

And Lu Xiaoyu's eyes were lit after hearing Lu Shu. Having someone to protect you felt... very good...

### **189 WREAK HAVOC**

Lu Shu was very stubborn, so stubborn that he would never do the things he deemed wrong. And for the things he deemed right, even if many people said it's wrong, he would still do them.

Some people said that in the adult world, there wasn't right or wrong but only benefits.

But since Lu Shu was still young, he felt that there was a clear line between kind and evil, right and wrong.

There were many ways for Lu Shu to get stronger. For example, he could defame a celebrity, or purposely find faults with others, or even to agitate those that were kind to him.

Not to mention that the 'life lessons' he sent on the golden foundation forum was always buried, even if they didn't, he wouldn't randomly find faults with others.

What was the point in living in this world? How far could a powerful, despicable and unreasonable villain go?

### **190 BROKEN TRUS**

The sun had set and the daylight was finally engulfed in darkness. Lu Xiaoyu looked as if she received the most satisfactory answer, swinging her legs at the edge of the roof.

It was a long time since the two of them last had a serious conversation and once it started, it was unstoppable.

"Jiang Shuyi told me that the heavenly network is building military schools. At that time, all the daoyuan students would be admitted there and I reckon that the management would be very strict. I might even have to stay in school and who knows when I can come home." Lu Shu said.

Lu Xiaoyu was stunned, "Everyone has to go? What about university?"
